Provides that a candidate political committee established to elect a candidate to the General Assembly may accept contributions from only one legislative caucus committee during an election cycle in which the candidate seeks nomination at a primary election (rather than limiting the political committee to accepting contributions from only one legislative caucus committee). Provides that the Act does not apply to: (i) grants, contracts, or agreements with State agencies for the primary purpose of delivering or producing goods on behalf of the State; (ii) contracts between the State and its political subdivisions or other governments or between State governmental bodies; or (iii) modifications to contractor payment by the State resulting from the generally accepted accounting principles (GAAP) reconciliation process, the Illinois Grant Funds Recovery Act, or the service provider's underutilization of contract value, as determined by the State. Provides that any contract between a State agency and an authorized service provider may be terminated, suspended, or reduced by either party to the contract upon 30 days prior written notice. Permits the State to immediately terminate a contract for social services if the authorized service provider has made material misrepresentations or material omissions explicitly prohibited under State contracting requirements. 305 ILCS 5/9A-11.2 new
Amends the Illinois Public Aid Code. Requires the Department of Human Services to conduct and regularly update a study on the early childhood workforce at least once every 3 years. Provides that the study shall: (i) describe the professional development system for the early childhood workforce and characteristics of the workforce; (ii) determine compensation levels that are sufficient to attract, support, and retain a workforce of high-quality child care providers; (iii) make recommendations to help create an accessible and well-supported career advancement pathway and estimate the providers' costs of implementing training and professional development, including the compensation levels identified in item (ii); and (iv) describe how the Department can set provider payment rates sufficient to allow providers to achieve the compensation levels. Provides that the Department shall conduct the study required by carrying out a cost of quality study or survey that the Department is currently conducting, as a requirement of its State plan under a specified provision of the Child Care and Development Block Grant Act of 1990, and utilize the information to set base payment rates.

Fiscal Note (Dept. of Human Services)
Currently, the Child Care Program purchases the completion of the Market Rate and Salary and Staffing surveys via contract through Illinois Network of Child Care Resource and Referral Agencies (INCCarra) at an estimated cost of close to $100,000. It is anticipated that adding this third study would cost an estimated $40,000 to $50,000.

Amends the Abused and Neglected Child Reporting Act. In a provision that requires the classification of all reports in the central register, provides that prior to classifying a report, the person making the classification shall determine whether the child named in the report is the subject of a juvenile delinquency action under the Juvenile Court Act of 1987 with an open placement or intact family services case with the Department of Children and Family Services or the subject of an abuse, neglect, or dependent minor action under the Juvenile Court Act of 1987. With regard to a report that the Department intends to classify as indicated, requires the Department to transmit a copy of the report with a written notice of the Department's intent to the child's attorney or appointed guardian ad litem within 45 days of the classification of the report. Sets forth similar notice requirements with regard to unfounded reports. Permits a person appointed under the Juvenile Court Act of 1987 as the guardian ad litem of a minor who has an open placement or intact family services case and who is the subject of a report or records made pursuant to the Act to have access to certain records concerning reports of child abuse and neglect. Amends the Juvenile Court Act of 1987. Provides that a guardian ad litem appointed under the Act for a minor with an open placement or intact family services case with the Department is entitled to receive copies of any and all classified reports of child abuse or neglect made pursuant to the Abused and Neglected Child Reporting Act.

House Committee Amendment No. 3

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes: In provisions under the Abused and Neglected Child Reporting Act and the Juvenile Court Act of 1987 that require the Department of Children and Family Services to provide a copy of any report it intends to classify as indicated to the guardian ad litem of the minor who is the subject of the report, requires the Department to provide the report to the guardian ad litem appointed for a minor with an open intact family services case with the Department (rather than for a minor who has an open placement or intact family services case with the Department). Provides that the Department's obligation to provide the copied report to a guardian ad litem for a minor with an open intact family services case applies only if the guardian ad litem notified the Department in writing of the representation.

Amends the Emancipation of Minors Act. Removes language pertaining to homeless minors from provisions governing: purpose and policy; jurisdiction; rights and responsibilities of an emancipated minor; petitions; and hearings. Repeals the definition of "homeless minor" and "youth transitional housing program". Amends the Children and Family Services Act. Provides that services provided by youth transitional housing programs may include a service assessment, individualized case management, and life skills training. Provides that a homeless minor is eligible if certain criteria are met. Provides that if a homeless minor voluntarily leaves or is dismissed from a youth transitional housing program prior to reaching the age of majority, the youth transitional housing program agency shall contact the comprehensive community based youth services agency that provided crisis intervention services to the eligible homeless minor to assist in finding an alternative placement for the minor. Provides that nothing in the new provisions shall be construed to require an eligible homeless minor to acquire the consent of a parent, guardian, or custodian to consent to a youth transitional housing program. Provides that an eligible homeless minor is deemed to have the legal capacity to consent to receiving housing and services from a licensed youth transitional housing program. Contains a statement of purpose.

Fiscal Note (Dept. of Children & Family Services)

These Transitional Living Programs receive funding from many sources (federal, state, local and private sources). They do not receive DCFS funding. They will serve homeless youth regardless of changes to this act. Therefore, there is no anticipated fiscal impact.

Fiscal Note (Dept. of Human Services)

No fiscal impact exists for the Department of Human Services. These services are already within the scope of the current Comprehensive Community-Based Youth Services (CCBYS) and Homeless Youth programs.

House Committee Amendment No. 1

Replaces a cross reference to the Mental Health and Developmental Disabilities Code with a reference to the Juvenile Court Act of 1987. Provides that the eligibility criteria for youth transitional housing programs include a requirement that the minor does not require placement in a residential care facility. Provides that beginning January 1, 2019, and annually thereafter through January 1, 2024, the Department of Human Services shall submit annual reports to the General Assembly regarding homeless minors older than 16 years of age but less than 18 years of age referred to a youth transitional housing program for whom parental consent to enter the program is not obtained. Provides that the reports shall contain specified information.

Aug 18 17 H Public Act . . . . . 100-0162
HB 03213
305 ILCS 5/9A-11
from Ch. 23, par. 9A-11
Amends the Illinois Public Aid Code. Adds families that are not recipients of benefits under the Temporary Assistance for Needy Families (TANF) program and that need child care assistance to participate in education and training activities to the list of family categories that are covered under the child care assistance program. Deletes a provision: requiring the Department of Human Services to allocate $7,500,000 annually for a test program for families that are income-eligible for child care assistance, are not recipients of TANF, and need child care assistance to participate in education and training activities; and requiring the Department to specify the conditions of eligibility for the test program. Effective July 1, 2017.
Fiscal Note (Dept. of Human Services)
The proposed FY18 budget restores education and training activities to the list of income eligible non-TANF families in the Child Care eligibility priority group; this is all specifically included in rules. Adding this language into statute would limit the Department's flexibility to revise and/or change eligibility criteria when necessary to comply with changes in federal regulations and/or budgetary matters.
Education and training for families that qualify is increased by approximately $37.1 million in the FY18 budget request, for total funding of $59.8 million. This amount is included even though the program is currently in the Department's rules and not in statute.

5 ILCS 100/5-40 from Ch. 127, par. 1005-40

Adds a Section concerning general rulemaking. Provides that when a Public Act includes a deadline for the adoption of rules, if an agency fails to provide first notice of its intended action before the deadline established in the Public Act under which the agency is making the rule or rules in question, then the Secretary, Director, or other chief executive officer of that agency shall appear, or in the case of a constitutional officer, that constitutional officer, or his or her designee, shall appear on behalf of the agency before the Joint Committee on Administrative Rules on second notice to explain that agency's failure to comply with the deadline. Provides that when an agency is required to implement a Public Act that does not provide a deadline by which the agency is required to adopt rules, and the agency fails to give first notice of its intended rulemaking within one year from the effective date of the Public Act to be implemented, the Secretary, Director, or other chief executive officer of that agency shall appear, or in the case of a constitutional officer, that constitutional officer, or his or her designee, shall appear on behalf of the agency before the Joint Committee on Administrative Rules on second notice to explain that agency's failure to provide first notice within one year from that effective date.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)
This bill does not create a State mandate.

House Committee Amendment No. 3

Deletes reference to:

20 ILCS 2630/13

Replaces everything after the enacting clause with provisions of the introduced bill with the following changes: In provisions amending the Department of Professional Regulation Law of the Civil Administrative Code of Illinois, includes licensing Acts administered by the Department of Financial and Professional Regulation in which convictions of certain enumerated offenses are a bar to licensure as an exception to the requirement that the Department consider mitigating factors and rehabilitation. Requires the Department, when examining certain factors, to determine whether a prior conviction will impair the ability of the applicant to engage in the practice for which a license, certificate, or registration is sought (rather than examining certain factors in determining whether to grant a license, certificate, or registration). Removes an affirmative obligation of the Department to demonstrate that a prior conviction would impair the ability of an applicant. Requires the Department to notify an applicant of a denial of a license or certificate or refuse to grant registration based upon a conviction or convictions, in whole or in part. Makes changes to the items that must be included in the notice. Makes changes to the information that the Department shall not require applicants to report. Changes various references of “new and renewal license, certificate, or registration” to “new license, certificate, or registration”. Makes changes to information the Department must report. Restores a fee to be charged by the Department, but reduces the fee from $200 to $175. Makes changes to when the Department may consider an application to make disciplinary records confidential. In provisions amending the Criminal Identification Act, removes amendatory changes concerning entry of orders and the effect of expungement or sealing records. Provides that the entity authorized to grant a license, certification, or registration shall include in its application specific language stating that the applicants is not obligated to disclose sealed or expunged records of a conviction or arrest. Provides that if the inclusion of the specific language in an application is not practical, the entity shall publish the language on its website. Removes changes to provisions concerning retention and release of sealed records. Removes the immediate effective date.

Mar 31 17     H   Rule 19(a) / Re-referred to Rules Committee

305 ILCS 5/5-5.4g

Amends the Medical Assistance Article of the Illinois Public Aid Code. In a provision permitting a nursing facility to appeal a change in its Minimum Data Set rate, provides that the facility shall be permitted to offer any and all additional documentation during the appeal hearing that is necessary to refute the State's findings (rather than the facility may not offer any additional documentation during the appeal hearing, but may identify documentation provided during the on-site review that may support a specific area of documentation deemed deficient by the Department of Healthcare and Family Services).

Fiscal Note (Dept. of Human Services)

The Department of Human Services reviews approximately 20 facilities and recoups about $2 million per quarter in overpayments. Allowing facilities to provide additional documentation at the time of appeal may result in the Department obtaining smaller recoupments of taxpayer funds - both due to the additional time the review will take, as well as, the potential for fraudulent documentation to be used to support reimbursement by a facility. In addition, current reviews are limited in number due to staffing levels. If the Department expands the number of reviews in the future to account for the changes required in this bill, the fiscal impact could be significantly larger.

Provides that prior to issuing a notice of transfer or discharge of a resident under specified provisions, an attending physician shall conduct an in-person assessment, with the findings documented in the resident's clinical record. Fiscal Note, House Committee Amendment No. 1 (Dept. of Healthcare & Family Services)
This bill will have no impact on the Department of Healthcare and Family Services.
Fiscal Note (Dept. of Public Health)
Included are three versions for the fiscal note for H83392. In speaking with bill drafters they have advised the Department of Public Health (DPH) that they are only looking for the data and it is not their intent for DPH to hire staff, (Scenario #2). Until a further amendment is finalized, DPH are basing our Fiscal Note on three different scenarios: (1) Required OHCR staffing if language unchanged (Fiscal Impact = $2,256.3; Personal Services = $1,076,952.00); (2) Hiring a program to concert federal CMS data (Fiscal Impact = $500.00); (3) Required OHCR staffing plus contractual employee required if language unchanged (Fiscal Impact = $2,756.3; Personal Services = $1,076,952.00 )

Apr 27 18  H  Rule 19(a) / Re-referred to Rules Committee
HB 03393

35 ILCS 5/205 from Ch. 120, par. 2-205

Amends the Illinois Income Tax Act. Imposes a privilege tax at a rate of 20% on partnerships and S corporations engaged in the business of conducting investment management services, until such time as a federal law with an identical effect has been enacted. Provides for the determination of the tax due; defines "investment management services". Effective immediately.

House Committee Amendment No. 1

Provides that the privilege tax shall be imposed beginning on July 1, 2017. Provides that the tax shall be imposed at the rate of 20% of the fees earned from the investment strategy of the investment manager and not from the investment itself (in the introduced bill, at the rate of 20%).

State Debt Impact Note, House Committee Amendment No. 1 (Government Forecasting & Accountability)

HB 3393 (H-AM 1) would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Pension Note, House Committee Amendment No. 1 (Government Forecasting & Accountability)

HB 3393 (H-AM 1) will not impact any public pension fund or retirement system in Illinois.

Balanced Budget Note, House Committee Amendment No. 1 (Office of Management and Budget)

This surcharge would add an undetermined increase in administrative costs to the Department of Revenue's (DOR) budget. The Department of Revenue estimates that this surcharge has the potential to raise revenues based on current activities, but due to potential impact on market behavior, DOR does not have an estimate of revenues. It is expected that the revenue would offset administrative costs.

Fiscal Note, House Committee Amendment No. 1 (Dept. of Revenue)

If it were determined to be constitutional, the Department of Revenue estimates that in the long-run, this bill would raise no new revenue for the State. Due to the magnitude of the tax, this bill would elicit a strong behavioral response from would-be taxpayers. Taxpayers would be strongly incentivized to either reclassify fees so as not to be considered “investment strategy” or to relocate the taxable activity so that it is beyond the reach of the State. In the unlikely event that this were to be implemented before taxpayers could respond, however, the surcharge could raise as much as $1.7 billion for a full 12 months of implementation.

Housing Affordability Impact Note, House Committee Amendment No. 1 (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Judicial Note, House Committee Amendment No. 1 (Admin Office of the Illinois Courts)

The proposed legislation would neither increase nor decrease the number of judges needed in the State.

Home Rule Note, House Committee Amendment No. 1 (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

(Sen. Julie A. Morrison and Pat McGuire)

325 ILCS 5/7.4 from Ch. 23, par. 2057.4
Amends the Abused and Neglected Child Reporting Act. In provisions concerning abuse and neglect investigations involving a school employee, provides that if the Child Protective Service Unit has not conducted an investigation involving an allegation against a teacher or school employee within 3 weeks of the initial report to the Department of Children and Family Services, the school administrator, upon notification of the investigation by the Unit, may either place the teacher or employee on paid administrative leave or separate the teacher or employee from the alleged victim so that there shall be no contact between the 2 individuals during the course of the investigation. Provides that if the investigation is not completed within 3 weeks after notification to the school administrator, the administrator may, in his or her sole discretion, return the teacher or employee who is under investigation to his or her assigned position and assignments.

House Committee Amendment No. 1
Replaces everything after the enacting clause. Amends the Abused and Neglected Child Reporting Act. Provides that the Department of Children and Family Services may recommend that a school district remove a school employee who is the subject of an investigation from his or her employment position pending the outcome of the investigation; however, all employment decisions regarding school personnel shall be the sole responsibility of the school district or employer. Provides that the Department may not require a school district to remove a school employee from his or her employment position or limit the school employee's duties pending the outcome of an investigation.

Amends the Illinois Procurement Code. Provides that an expatriate corporation shall be considered a non-resident bidder for purposes of the Code. Provides that no business or member of a unitary business group shall submit a bid for or enter into a contract with a State agency under the Code if the business is an expatriate corporation. Defines "expatriate corporation". Amends the Illinois Income Tax Act. Defines "foreign tax haven". Amends the General Provisions Article of the Illinois Pension Code. Requires the Illinois Investment Policy Board to make its best efforts to identify all expatriate companies and include those companies in the list of restricted companies distributed to each retirement system and the Illinois State Board of Investment.

Fiscal Note (Dept. of Revenue)
This bill would have no impact on State income tax revenue. Since the Illinois Income Tax Act is already a territorial based taxing system, a corporate inversion transaction is not a State Income tax avoidance scheme. Under current law, the Illinois Income Tax Act taxes U.S. companies only on their domestic income derived from Illinois business activities but does not tax foreign income. As a result, the bill does not provide a remedy to any State income tax planning.

New Act

Creates the Tuition Reduction Act. Beginning with the 2017-2018 academic year, requires each public university located in this State to reimburse its full-time resident undergraduate students a portion of the tuition charged in the form of a grant applied directly to a student's financial aid account. Provides that to determine the per-pupil grant amount, the university shall calculate the difference, if any, between the current fiscal year's aggregate appropriations to the university and fiscal year 2015's aggregate appropriations to the university and divide that amount by the number of students enrolled in the previous academic year. Provides that 50% of this calculation then equals the per-pupil grant amount, to be awarded to currently enrolled students to reduce their tuition costs (unless the current fiscal year's aggregate appropriations to the university are equal to or less than fiscal year 2015's aggregate appropriations). Requires each university to annually report updated estimates of the total amount in grants awarded in an academic year to the Governor and the appropriate committees of the General Assembly. Effective immediately.

Fiscal Note (Illinois Board of Higher Education)

House Bill 3447 directs each public university in Illinois to calculate a per-pupil tuition grant reimbursement for its full-time resident undergraduate student population. The formula for this calculation is the difference between the current fiscal year's (Fiscal Year 2017) aggregate appropriations to each university and the Fiscal Year 2015 aggregate appropriations. In the absence of a definition for "aggregate appropriations" the Illinois Board of Higher Education assumes the term includes all direct operations and grants appropriations that are not restricted; this does not include restricted funds such as student financial aid, capital projects, research, retirement contributions, and other purposes. Under current fiscal conditions, there will be no per-pupil grant awards since the difference between Fiscal Year 2017 and Fiscal Year 2015 is less than zero.

House Floor Amendment No. 1

Replaces everything after the enacting clause with provisions of the introduced bill with the following changes: Provides that the terms of the Act only apply to appropriations to public universities for operations. Changes the year with which to compare a university's appropriations from 2015 to 2002. Provides that the tuition grant shall be determined by dividing the differences in appropriations by the number of students enrolled on the 10th day of the previous academic year (rather than divided by the number of students enrolled in the previous academic year). Provides that if the General Assembly increases funding for each university for 4 consecutive years, the Board of Higher Education shall report to the General Assembly on whether or not the Act should be repealed. Effective immediately.

New Act

815 ILCS 505/2Z from Ch. 121 1/2, par. 262Z

Creates the Geolocation Privacy Protection Act. Defines "geolocation information", "location-based application", and "private entity". Provides that a private entity may not collect, use, store, or disclose geolocation information from a location-based application on a person's device unless the private entity first receives the person's affirmative express consent after complying with specified notice requirements. Provides exceptions. Provides that a person whose rights are violated may recover: (1) liquidated damages of $1,000 or actual damages, whichever is greater; (2) reasonable attorney's fees and costs; and (3) other relief, including an injunction, as the court may deem appropriate. Provides that a violation of the Act constitutes an unlawful practice under the Consumer Fraud and Deceptive Business Practices Act. Provides that the provisions of the Act may not be waived. Contains applicability language. Makes a corresponding change in the Consumer Fraud and Deceptive Business Practices Act. Effective immediately.

House Floor Amendment No. 2

Provides that "geolocation information" means, inter alia, information that is sufficient to determine or infer the precise location, rather than merely the location of a device. Provides that a private entity need not obtain a person's affirmative consent after that person's initial consent unless the terms previously agreed upon have been materially changed. Removes the private right of action and provides that a violation is also a violation of the Consumer Fraud and Deceptive Business Practices Act. Provides that only a State's Attorney or the Attorney General may enforce violations of the Consumer Fraud and Deceptive Business Practices Act. Provides that the Geolocation Privacy Protection Act does not apply to Internet, wireless, or telecommunications service providers; cable or video service providers under Article XXI of the Public Utilities Act; or a person licensed as a private detective pursuant to the Private Detective, Private Alarm, Private Security, Fingerprint Vendor, and Locksmith Act of 2004. Provides that the provisions of the Act may not be waived. Contains applicability language. Makes a corresponding change in the Consumer Fraud and Deceptive Business Practices Act. Effective immediately.

Senate Floor Amendment No. 4

Replaces everything after the enacting clause and reinserts the engrossed bill with the following changes: provides that agreements created or modified after the effective date of the Act that do not comply with the Act, rather than all agreements that do not comply with the Act, are void and unenforceable. Removes an exception to the applicability of the Act for cable service providers. Adds an exception for public utilities, alternative retail electric suppliers, and alternative gas suppliers and for political committees. Provides that a violator, other than an individual, has 15 days within which to rectify a violation before an enforcement action may be brought. Provides that only the Attorney General or a State's Attorney may bring an action to enforce the Act.

Senate Floor Amendment No. 5

Removes a provision under the Geolocation Privacy Protection Act that provides that only a State's Attorney or the Attorney General may enforce provisions of contracts as void under the Act; and instead provides that an agreement that is void and unenforceable under the Act does not give rise to a private right of action under the Act.

Fiscal Note, House Committee Amendment No. 1 (Office of the Comptroller)

HB 3486 (H-AM 1) will have no direct fiscal impact on the Office of the Comptroller. Therefore, there would be a negative fiscal impact on consumers.

The Illinois Department of Financial and Professional Regulation anticipates HB 3486 (H-AM 1) to have a fiscal impact of $207,238 based off costs projected for additional staffing needs.

Senate Floor Amendment No. 2

Makes changes regarding the filing of reports with the General Assembly and the Commission on Government Forecasting and Accountability.

Nov 29 18   H Sent to the Governor
Amends the Illinois Procurement Code. Requires bidders to obtain an equal pay certificate before a purchasing agency may issue a contract to the bidder. Provides for the Department of Employment Security to issue the certificates. Specifies information to be included in an application for an equal pay certificate. Requires bidders to comply with the Equal Pay Act of 2003, Equal Wage Act, Illinois Human Rights Act, and Title VII of the Civil Rights Act of 1964. Amends the State Finance Act to create the Equal Pay Certificate Fund. Provides for moneys in the Fund to be used to administer the equal pay certificate requirements.

Fiscal Note (Dept. of Employment Security)

Fiscal Overview for HB 3539 is as follows: (1) Initial Start Costs = $7.5 million to $11 million to develop a fully functioning Equal Pay Certification platform, which includes an online application component, an interagency connection to the Department of Human Rights, and a revenue collection component, as well as 6-10 full-time equivalents for the creation and establishment of rules, policies, procedures, etc., for reporting, appeals, and adjudication. We derived this estimate based on our startup experience with our Adeptia Work Opportunity Tax Credit system. We believe a similar effort will be needed to develop the Equal Pay Certification platform; (2) Ongoing Costs $1.5 million to $3.5 million to administer the Equal Pay Certification program annually. Approximately 12-16 full time equivalents would be needed to administer and manage the day-to-day operations of this program. This estimate includes the cost of hiring a program administrator, administrative assistant, technical assistance specialist, IT contractors, and wage and hour investigators to implement the provisions of the bill, as well as an office to handle administrative appeals. The vast majority of the ongoing costs would be salaries, fringe benefits, one-time expenditures, and other ongoing operating expenses (lease space, technology hardware and software, telephones, etc.); (3) Revenue = $1.25 million to $3 million from application filing fees annually. The bill requires that revenues from the application fees are deposited into the Equal Pay Certification Fund, a special fund created in the State Treasury to help cover the costs of administering the program. Based on these assumptions, revenues from this program will not be sufficient to cover the costs of the program. (NOTE) The cost and revenue estimates provided herein are based primarily on our experience implementing the Adeptia WOTC technology platform and administering programs related to the Department of Employment Security. Specific costs estimates are difficult to estimate without more specific program structure and input from other State departments, such as the Chief Procurement Offices for General Services, Higher Education, Transportation, and Capital Development, as well as the Department of Human Rights. It is also important to emphasize that current federal funding guidelines do not authorize the State to use federal funds to subsidize the cost of this Equal Pay Certification program.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

HB 03540  Rep. Litesa E. Wallace

305 ILCS 5/9A-11 from Ch. 23, par. 9A-11

Amends the Illinois Public Aid Code. Requires the Department of Human Services to provide child care services to all children who are eligible for assistance and are: (A) under age 13; or (B) under age 19 and (i) are under court supervision or (ii) have physical or mental incapacities as documented by a statement from a local health provider or other health professional. Effective July 1, 2017.

Fiscal Note, House Floor Amendment No. 1 (Dept. of Human Services)

HB 3540 (H-AM 1) requires the Department of Human Services to provide services to all children who are eligible for assistance and are under age 13, or under age 19 and are under court supervision or have physical or mental incapacities as documented by a statement from a health provider. This language is not needed as these populations are already eligible under administrative rule. The bill also removes language authorizing the Department to lower eligibility thresholds, create waitlists, raise copays and other actions to manage the program and control costs. Putting these eligibility requirements in statute and taking away the Department's management tools will limit the State's ability to manage and control costs of the program when the state lacks fiscal resources to support higher caseloads. Due to the removal of language authorizing the state to manage the costs of the Child Care Program the Department is unable to determine the fiscal impact of HB 3540 (H-AM 1).

Fiscal Note (Dept. of Human Services)

HB 3540 does not have a fiscal impact to the Department of Human Services.

Mar 31 17  H  Rule 19(a) / Re-referred to Rules Committee
HB 03735  Rep. Deb Conroy-Silvana Tabares, Gregory Harris, John C. D'Amico, Michelle Mussman, Jaime M. Andrade, Jr., Carol Sente and Elgie R. Sims, Jr.

Amends the Unified Code of Corrections. Provides that it is an aggravating factor in sentencing that the defendant committed a crime of violence or criminal damage to property in a woman's health clinic or on the real property comprising the clinic or who intimidates persons attending the clinic or physicians or nurses at the clinic performing services at the clinic. Defines "woman's health clinic" and "crime of violence".

State Debt Impact Note (Government Forecasting & Accountability)
HB 3735 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Judicial Note (Admin Office of the Illinois Courts)
This legislation would neither increase nor decrease the number of judges needed in the State.

Housing Affordability Impact Note (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Pension Note (Government Forecasting & Accountability)
HB 3735 will not impact any public pension fund or retirement system in Illinois.

Correctional Note (Dept of Corrections)
HB 3735 has a corrections population impact of 3 offenders and a fiscal impact of $144,100 over the first ten years after enactment.

Home Rule Note (Dept. of Commerce & Economic Opportunity)
This legislation does not pre-empt home rule authority.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)
This legislation does not create a State mandate.

Balanced Budget Note (Office of Management and Budget)
The fiscal impact of this bill is estimated to be minimal but depends on judicial utilization of the factor described in House Bill 3735 in increasing penalties. The fiscal impact is also dependent on the number of offenders convicted of crimes whose sentences would be eligible to be increased under House Bill 3735. Due to the uncertainty in judicial utilization of the newly proposed factor in House Bill 3735 and low number of offenders anticipated to be affected by House Bill 3735, the fiscal impact of House Bill 3735 is minimal.

Land Conveyance Appraisal Note (Dept. of Transportation)
The Illinois Department of Transportation has determined that no land conveyance is necessary for this bill.

Fiscal Note (Dept of Corrections)
These enhancements would result in an increase of 3 offenders with $144,100 in additional costs over the first ten years after enactment. However, the impact of this legislation is dependent on how many arrests take place, how offenders would be prosecuted and sentenced to prison, and how judges would use factors in aggravation to increase penalties. Therefore, the full impact of this legislation is unknown.

Provides that a subsequent failure to pay within 5, rather than 2, years of a prior conviction is a Class 3, rather than Class 4, felony.

Fiscal Note (Capital Development Board)
The Capital Development Board (CDB) estimates a fiscal impact of approximately $1,800,000 annually associated with additional software and staff to monitor construction sites and enforce the new requirements contained in this legislation. The annual cost includes approximately 8 employees to handle all aspects of this bill. Each employee would cost CDB approximately $200,000 after factoring in the personal services, pension, social security, group insurance, travel and required software licenses. A new software platform for tracking the man-hours requirement would also need to be developed, which has an estimated cost of up to $200,000 annually.

Land Conveyance Appraisal Note (Dept. of Transportation)
The Illinois Department of Transportation has determined that no Land Conveyance is required for this bill.

Judicial Note (Admin Office of the Illinois Courts)
This legislation would neither increase nor decrease the number of judges needed in the State.

State Debt Impact Note (Government Forecasting & Accountability)
HB 3750 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Housing Affordability Impact Note (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Correctional Note (Dept of Corrections)
HB 3750 has no fiscal or population impact on the Department of Corrections.

Pension Note (Government Forecasting & Accountability)
HB 3750 will not impact any public pension fund or retirement system in Illinois.

Fiscal Note (Dept. of Natural Resources)
Loss of both license sale revenue (hunting/fishing) and federal reimbursement funding totals approximately $96,095 annually. This estimate does not include the annual impact by retired officers. The Illinois Department of Natural Resources' Wildlife and Fisheries divisions DO NOT receive General Revenue Funds from the State of Illinois. Revenue for conservation work, aquatic habitat enhancement, fish stocking and research is generated by the sale of licenses, stamps, permits and other fees. Eroding the pool of funds available by making hunting and fishing privileges free to certain classes of hunters and anglers would continue to reduce the Department's capacity.

Balanced Budget Note (Office of Management and Budget)
In total, estimated revenue to the state would be reduced by more than $100,000 annually if House Bill 3750 were to become law due to less revenues in hunting and fishing license sales and federal reimbursement. According to the Department of Natural Resources, the loss of hunting license revenue for active police officers is estimated at $37,000 annually. This includes an estimated $12,000 directly from license revenue, plus $25,000 in federal apportionment funding. Additionally, the Department of Natural Resources estimates the loss of fishing license revenue for active police officers to be $59,095 annually. This includes an estimated $33,450 due to the loss in license revenues plus $25,645 in lost federal apportionment funds. Based on active police officers, the estimated loss in revenue would be $96,095. House Bill 3750 includes waivers for both active and retired officers, however at this time the fiscal impact can only be estimated for active law enforcement officers. As such, the fiscal impact of House Bill 3750 is likely to be greater than the above estimates due to the non-inclusion of retired law enforcement officers in the estimates. According to the Department of Natural Resources, conservation work, aquatic habitat enhancement, fish stocking, and research is funded by the sale of licenses, stamps, permits and other fees. Reducing the pool of funds available by making hunting and fishing privileges free to certain classes of hunters and anglers would reduce the capacity of the Department of Natural Resources to fund these duties and if continued could require reductions in service or general funds to support these functions.

Requires the Committee to prepare and publish in a central publication information obtained through the audit and evaluation process established by the Committee, but not before performing certain tasks, including the development of: (i) a process and statistical method of outcome analysis and research that targets DUI recidivism as a measure of the treatment or intervention effectiveness of each DUI service provider; and (ii) a standardized method or process by which a court may consult and collaborate with a DUI service provider whose program of DUI treatment or intervention services fails to meet or adequately address the needs of clients residing within the court's judicial circuit. Amends the Illinois Vehicle Code. Adds a requirement concerning DUI treatment review surveys. Effective immediately.  
House Committee Amendment No. 1  
Deletes reference to:  
20 ILCS 301/5-10  
Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes:  
Removes a provision that requires the Department of Human Services, upon request, to provide DUI service providers licensed by the State and any court, as defined, with copies of identification and arrest data the Department receives from federal, State, and local law enforcement agencies. Redefines "DUI" to mean a conviction under a specified provision of the Illinois Vehicle Code (rather than to mean driving under the influence of alcohol or other substances which may cause impairment of driving ability). In provisions concerning the DUI Service Provider Effectiveness Program Exploratory Committee established in the introduced bill, provides that vacancies on the Committee shall be filled by individuals possessing the same membership requirements as the original appointee whom the replacement is taking the place of (rather than in the same manner as the original appointments). Makes changes to provisions concerning: (i) absent and substitute members; survival analysis studies; the collection of information for survival analysis studies and outcome analysis and research studies; an auditing and evaluation process to be developed by the Department in order to verify information on the resources provided by DUI service providers and included in the central publication; and other matters. Requires the Committee to dissolve upon submitting its report to the General Assembly and the Department of Human Services as required in the provisions of the introduced bill. Permits the Department to modify, add, or remove information collected and published within the central publication as well as modify the auditing and evaluation measures used in analyzing such information for the central publication upon the dissolution of the Committee. Effective immediately.  
Fiscal Note (Dept. of Human Services)  
The Department of Human Services currently funds DUI services from the Drunk and Drugged Driving Prevention Fund. For every dollar that the Department has to divert to support the driving abstract fee, a corresponding dollar of service will need to be reduced. Without additional revenue streams, the Department will have no choice but to reduce services. During FY16, the Department funded approximately 6,600 risk assessments and risk educational programs at a cost of $884.0K. If the Department has to fund 6,600 driving abstracts at $12 each, the cost would be an estimated $79,200. This would decrease available service dollars by 9% and would reduce the number of assessments and educational programs available to an estimated 587 individuals. The costs associated with this proposal are estimated based on the Department's current income eligibility guidelines. If these income thresholds are not maintained, then the Department would be responsible for additional individuals that would not qualify for State funded Addiction Treatment Services under the current rules.

Replaces everything after the enacting clause. Reinserts the introduced bill with changes that include the following. Makes changes to the list of information that must be included in a notice of denial if the applicable State agency refuses to issue a license to an applicant. Specifies that the applicable State agency shall consider certain factors and evidence to determine whether a prior conviction will impair the ability of the applicant to engage in the position for which a license is sought. Makes changes to reporting requirements. In provisions amending the Illinois Lottery Law, provides that the Department of the Lottery may grant a license to a person convicted of a felony where such conviction will impair the person's ability to engage in the licensed position when a period of 5 years after the conviction or 3 years since release from confinement, whichever is later, has elapsed without a subsequent conviction. In provisions amending the Criminal Identification Act concerning the effect of expungement or sealing records, provides that the entity authorized to grant a license shall include, in an application for licensure, specific language stating that the applicant is not obligated to disclose sealed or expunged records of a conviction or arrest; however, if the inclusion of that language in an application for licensure is not practical, the entity shall publish on its website instructions specifying that applicants are not obligated to disclose sealed or expunged records of a conviction or arrest (rather than applications for licensure must contain specific language which states that the applicant is not obligated to disclose sealed or expunged records of conviction or arrest). Removes provisions relating to the retention and release of sealed records. Removes provisions amending the Emergency Medical Services (EMS) Systems Act. In provisions amending the Dietitian Nutritionist Practice Act concerning applicant convictions, provides that when reviewing, for the purposes of licensure, a conviction of any felony or a misdemeanor directly related to the practice of the profession of an applicant, the Department of Financial and Professional Regulation shall consider the applicant's successful completion of sentence. In provisions amending the Illinois Horse Meat Act concerning applicant provisions, provides that the Department of Agriculture shall not require applicants to report certain information and shall not consider certain criminal history records (rather than certain information shall not be requested, inquired into, or considered) in connection with an application for a license under the Act. Makes changes to grant eligibility. Amends the Home Repair and Remodeling Act. Provides that "residence" means a single-family home or dwelling or a multiple-family home or dwelling containing 6 or fewer apartments, condominiums, town houses, or dwelling units, used or intended to be used by the consumer as his or her dwelling place (instead of "by occupants as dwelling places"). In the home repair consumer rights pamphlet, replaces notice language concerning lien waivers with the following: "Illinois law requires that, before payment, your contractor give you a sworn statement which lists: (1) all the persons or companies your contractor hired to work on your home and their addresses; and (2) the amounts previously paid, the amounts about to be paid, and the total amount owed after the payment to these persons or companies. The sworn statement should be fully completed, signed, and notarized. When the contractor's sworn statement lists an amount due or to become due to a subcontractor, or when a subcontractor gives you notice of an amount due to the subcontractor, you must retain sufficient funds to pay that subcontractor. Subcontractors give the contractors lien waivers when they are paid. Ask your contractor for copies of these lien waivers. If your contractor tells you he or she needs a payment from you in order to pay subcontractors, you have the right to pay the subcontractors directly."

House Committee Amendment No. 1

815 ILCS 513/10

Replaces everything after the enacting clause. Amends the Home Repair and Remodeling Act. In the home repair consumer rights pamphlet, replaces the revised notice language relating to lien waivers with the following: "Before you pay your contractor, understand that the Mechanics Lien Act requires that you shall request and the contractor shall give you a signed and notarized written statement (known as a "Sworn Statement") that lists all the persons or companies your contractor hired to work on your home, their addresses along with the amounts about to be paid, and the total amount owed after the payment to those persons or companies. Suppliers and subcontractors have a right to file a lien against your home if they do not get paid for their labor or materials. To protect yourself against liens, you should demand that your contractor provide you with a Sworn Statement before you pay the contractor. You should also obtain lien waivers from all contractors and subcontractors if appropriate. You should consult with an attorney to learn more about your rights and obligations under the Mechanics Lien Act.". States that the pamphlet language is informational only and is not a substantive enforceable provision of the Home Repair and Remodeling Act and does not affect substantive law under the Mechanics Lien Act.

New Act

Creates the Wage Lien Act. Provides that a lien exists on an employer's property for the amount of unpaid wages owed to an employee. Defines terms and includes provisions concerning creation of the lien; exemptions; notice; limitations; recording of the lien; enforcement; other claims on the employer's property; successor obligations; and construction.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)
This bill does not create a State mandate.

Fiscal Note (Dept. of Labor)
The Department of Labor currently lacks expertise in the filing and enforcement of liens. With passage of this bill, the Department will need to add a minimum of three full-time staff to devise and implement new lien procedures, research, file, and process the liens. Also, two additional attorneys preferably with lien recovery experience are needed to review for enforcement sufficiency and to represent the Department at hearings. Additionally, two administrative law judges with lien recovery and or Uniform Commercial Code expertise would also be needed to handle the increase in administrative hearings. Administrative costs include postage, filing fees, office supplies and new employee IT equipment and licensing. Currently, according to the Cook County Recorder of Deeds, recording costs for liens range from $25.00 to $32.00. The Department estimate that if we had this additional staff the number of liens that we could theoretically record would be around 1,000 to 1,500 per year.

Fiscal Impact = $1,038,336 (7 Headcount = $972,336; Administrative Costs = $66,000)

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)
Does not create a State Mandate.

30 ILCS 500/30-40 new
Amends the Illinois Procurement Code. Provides that for any project under a construction contract, the contract shall require that, to the extent practicable, at least 10% of man-hours performing construction services be performed by individuals who reside in areas of poverty. Requires the Department of Central Management Services to annually release a list of areas of poverty that meet the requirements.
Fiscal Note (Dept. of Transportation)
The Illinois Department of Transportation (IDOT) estimates a fiscal impact of approximately $6,000,000 annually associated with additional software and staff to monitor construction sites and enforce the new requirements contained in this legislation. IDOT has on average 850 active construction contracts every year. The workforce needed for each construction project is driven by the volume, nature and complexity of work which results in a variable workforce that can change from day to day at each project. This will result in the need for daily monitoring of the workforce at each project site to assure compliance with the legislation. Based on the number of projects and how widespread they are throughout the State, there is potential need for 50 staff to enforce compliance. Each employee would cost IDOT approximately $120,000 after factoring in group insurance and other benefit costs. Additionally, there is not a standard software application to capture and monitor such data, so something will have to be custom developed at a potential cost of $100,000 to $300,000. Annual maintenance for the system is estimated at $25,000.

Governor Amendatory Veto Message

Recommends the following changes to provisions added to the Credit Card Marketing Act of 2009: Expands the list of legislative findings to include a finding that there is value to the citizens of Illinois in investigating the availability and accessibility of information provided by credit card issuers to better understand factors in the accumulation of student credit card debt and factors mitigating the amount of credit card debt a student faces after graduating. Expands the membership of the College Student Credit Card Marketing and Debt Task Force to include a representative of a credit card issuer. Requires the Task Force to conduct a study that may examine any of the listed factors as determined to be necessary and available by the Task Force (rather than requiring the Task Force to conduct a study that specifically examines all of the listed factors). Expands the list of factors the Task Force may examine to include the following: (i) agreements between credit card issuers and higher education institutions or organizations affiliated with the institutions; (ii) evaluation of the effectiveness of the Credit Card Marketing Act of 2009; (iii) other state actions taken to address the marketing of credit cards to students and the accumulation of student credit card debt; and (iv) other factors the Task Force deems relevant regarding student credit card debt within the consumer credit card market. Requires the Task Force to report its findings on or before December 14, 2019, at which time the Task Force shall be dissolved (rather than on or before December 14, 2018, at which time the Task Force shall be dissolved). Recommends changing the repeal date for all of the added provisions to January 1, 2020 (rather than November 1, 2019).

Apr 13 18   H   Rule 19(a) / Re-referred to Rules Committee
HB 05104

(Sen. Elgie R. Sims, Jr., Michael E. Hastings and Mattie Hunter)

Amends the Unified Code of Corrections. Deletes provision that the Department of Corrections shall require the committed person receiving medical or dental services on a non-emergency basis to pay a $5 co-payment to the Department for each visit for medical or dental services. Provides that if a Department facility maintains a commissary or commissaries serving inmates, the selling prices for all goods shall be sufficient to cover the costs of the goods and an additional charge of up to 10% (rather than 35% for tobacco products and up to 25% for non-tobacco products). Deletes provisions that the Department shall notify the Attorney General of the existence of any proceeds which it believes should be applied towards a satisfaction, in whole or in part, of the person's incarceration costs. Deletes provision that of the compensation earned for work assignments, a portion, as determined by the Department, shall be used to offset the cost of the committed person's incarceration.

Correctional Note (Dept of Corrections)

The total impact of HB 5104 would result in a budget reduction of $59,000,000 over ten years. The reduction in operating funds will also impact the offender population as the elimination of funds described under the bill currently provide a direct quality of life benefit to incarcerated persons. Therefore, the impact of this proposal on the Department of Corrections is not limited to budgetary concerns, but will also negatively impact those it seeks to assist.

House Floor Amendment No. 1

730 ILCS 5/3-12-5

Restores provision that if a Department of Corrections facility maintains a commissary or commissaries serving inmates, the selling prices for all goods shall be sufficient to cover the costs of the goods and an additional charge of up to 35% for tobacco products and up to 25% for non-tobacco products. Restores provisions that the Department shall notify the Attorney General of the existence of any proceeds which it believes should be applied towards a satisfaction, in whole or in part, of the person's incarceration costs. Restores provision that of the compensation earned for work assignments, a portion, as determined by the Department, shall be used to offset the cost of the committed person's incarceration.

House Floor Amendment No. 2

Restores that notwithstanding any other provision to the contrary, any person committed to any facility operated by the Department of Juvenile Justice is exempt from the co-payment requirement for the duration of confinement in those facilities.

House Floor Amendment No. 3

Replaces everything after the enacting clause. Amends the Unified Code of Corrections. Deletes provision that the Department of Corrections shall require the committed person receiving medical or dental services on a non-emergency basis to pay a $5 co-payment to the Department for each visit for medical or dental services. Provides that neither the Department of Corrections nor the Department of Juvenile Justice may require a committed person or person committed to any facility operated by the Department of Juvenile Justice to pay any co-payment for receiving medical or dental services.

Governor Amendatory Veto Message

Recommends reducing from $5 to $3.90 the co-payment for non-emergency medical or dental services for persons committed to the Department of Corrections or the Department of Juvenile Justice (rather than prohibiting the Department of Corrections and the Department of Juvenile Justice from requiring a committed person to pay a co-payment for medical or dental services).
