Aug 23 19  H  Public Act . . . . . . . . . 101-0447
HB 00006

20 ILCS 2310/2310-431 new

Amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Requires the Department of Public Health to establish women's health clinics throughout the State to provide affordable health care for women. Requires the services provided at the women's health clinic to be offered at an affordable price and to include specified services, including women's health examinations, pregnancy confirmation, prenatal care, labor and delivery services, postpartum care, family planning examinations and birth control services, and care for sexually transmitted diseases and infections.

Fiscal Note (Dept. of Public Health)

The legislation does not specify the total number or geographic locations of women's health clinics so there is no way to calculate the costs for the State to establish facilities directed to provide the following services: annual women's health examinations, pregnancy confirmation services, prenatal care, labor and delivery provided by an obstetrician, postpartum care and support, family planning services, sexually transmitted disease care, doulas and childbirth consultants and childbirth education and breastfeeding care. The best example to look at is federally qualified health centers (FQHCs), where all of this care is already provided, except for labor and delivery (which needs to be done at a hospital due to the need for surgical/anesthesia services). According to the federal government, the costs of FQHCs in Illinois in 2017 were $968,572,482. This figure does not include the costs for construction or obtaining building spaces, or any of the costs for the more costly care involving child birth, including surgical care, infant resuscitation teams, etc.

Land Conveyance Appraisal Note (Dept. of Transportation)

No land conveyances are included in this bill; therefore, there are no appraisals to be filed.

State Debt Impact Note (Government Forecasting & Accountability)

This bill would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Pension Note (Government Forecasting & Accountability)

HB 6 amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code in a way that does not impact any State pension fund.

Correctional Note (Dept of Corrections)

There is no fiscal or population impact on the Department.

Judicial Note (Admin Office of the Illinois Courts)

This legislation would neither increase nor decrease the number of judges needed in the State of Illinois.

Balanced Budget Note (Office of Management and Budget)

Please be advised that the Balanced Budget Note Act does not apply to this bill, as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Housing Affordability Impact Note (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Home Rule Note (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

Aug 23 19  H Public Act . . . . . . . . . 101-0448
New Act

Creates the Vocational Academy Opportunity Act. Creates 2 vocational academies, one located in Cook County and the other in a downstate county, which shall be residential institutions. Provides that each academy shall be a State agency, funded by State appropriations, private contributions, and endowments. Provides that the academies shall be governed by a single Board of Trustees for the collective operation and oversight of the academies. Provides for the membership of the Board. Specifies the duties and powers of the Board. Provides that each academy shall be empowered to lease or purchase real and personal property on commercially reasonable terms for the use by the academy.

Fiscal Note, House Floor Amendment No. 1 (State Board of Education)

House Bill 27 (H-AM 1) would increase the Evidence-Based Funding (EBF) gap to adequacy. EBF provides funding to two existing laboratory schools. Based on the fiscal year 2019 EBF calculations, the Final Adequacy Target for the two existing non-residential laboratory schools, adjusted for regionalization, averaged nearly $10,700 per student. This fiscal note assumes that each new vocational academy would have an average student enrollment of 250 students per grade or 750 per school. Based on the FY19 EBF calculations mentioned above, the estimated state resources needed for the EBF formula would be $7.2 million for each vocational school to be funded at 90% adequacy for a total of $14.4 million. The bill does not provide a mechanism for the new school districts to receive a Base Funding Minimum from EBF for the new vocational schools. This bill would also impact EBF Tier funding amounts received by other school districts in the future as a result of reduced enrollment for a school district that has a pupil enroll in one of the new vocational academies. The bill also has an inconsistency with the definition of "Average Student Enrollment" in Section 18-8.15 of the School Code. This estimate does not include construction costs nor the operational costs of housing students in a residential facility as the bill authorizes the school districts to use a cost recovery fee for these costs. The fiscal impact to the Illinois State Board of Education's operating budget cannot be determined at this time but there will be operational costs to comply with the provisions of House Bill 27 (H-AM 1).

Fiscal Note, House Floor Amendment No. 2 (State Board of Education)

House Bill 27 (H-AM 2) creates the Vocational Academy Opportunity Act and four public vocational academies which shall also be residential institutions. The bill provides that each academy shall be its own school district and funded as a laboratory school from the Evidence-Based Funding (EBF) formula. The local capacity percentage for these new vocational academies in the EBF formula would be set at 10% in the absence of local tax resources. House Bill 27 (H-AM 2) would increase the EBF gap to adequacy. EBF provides funding to two existing laboratory schools. Based on the fiscal year 2019 EBF calculations, the Final Adequacy Target for the two existing non-residential laboratory schools, adjusted for regionalization, averaged nearly $10,700 per student. This fiscal note assumes that each new vocational academy would have an average student enrollment of 250 students per grade or 750 per school. Based on the FY19 EBF calculations mentioned above, the estimated state resources needed for the EBF formula would be $7.2 million for each vocational school to be funded at 90% adequacy for a total of $28.8 million. The bill does not provide a mechanism for the new school districts to receive a Base Funding Minimum from EBF for the new vocational schools. This bill would also impact EBF Tier funding amounts received by other school districts in the future as a result of reduced enrollment for a school district that has a pupil enroll in one of the new vocational academies. The bill also has an inconsistency with the definition of "Average Student Enrollment" in Section 18-8.15 of the School Code. This estimate does not include construction costs nor the operational costs of housing students in a residential facility as the bill authorizes the school districts to use a cost recovery fee for these costs. The fiscal impact to the Illinois State Board of Education's operating budget cannot be determined at this time but there will be operational costs to comply with the provisions of House Bill 27 (H-AM 2).

HB 00158

35 ILCS 5/901 from Ch. 120, par. 9-901

Amends the Illinois Income Tax Act. Provides that, from February 1, 2020 through January 31, 2021, the amount transferred from the General Revenue Fund to the Local Government Distributive Fund shall be: (i) 8.5% of the net revenue realized from the tax imposed on individuals, trusts, and estates, and (ii) 9.355% of the net revenue realized from the tax imposed on corporations. Provides that, from February 1, 2021 through January 31, 2022, the amount transferred from the General Revenue Fund to the Local Government Distributive Fund shall be: (i) 9% of the net revenue realized from the tax imposed on individuals, trusts, and estates, and (ii) 9.57% of the net revenue realized from the tax imposed on corporations. Provides that, from February 1, 2022 through January 31, 2023, the amount transferred from the General Revenue Fund to the Local Government Distributive Fund shall be: (i) 9.5% of the net revenue realized from the tax imposed on individuals, trusts, and estates, and (ii) 9.785% of the net revenue realized from the tax imposed on corporations. Provides that, beginning on February 1, 2023, the Treasurer shall transfer each month from the General Revenue Fund to the Local Government Distributive Fund an amount equal to 10% of the net revenue realized from the tax imposed on individuals, trusts, estates, and corporations during the preceding month. Effective immediately.

Fiscal Note (Dept. of Revenue)

Although increasing the Local Government Distributive Fund (LGDF) diversion rate would have no effect on gross corporate or individual income taxes, there would be a decrease to the amount deposited into the General Revenue Fund and a corresponding increase to the amount deposited into the LGDF. Because the diversion rate would increase in February of each calendar year for four consecutive years beginning in 2020, the additional amount of money deposited into the LGDF would increase gradually for each of the next several fiscal years.

HB 00465 (CONTINUED)

Replaces everything after the enacting clause. Amends the Illinois Insurance Code. Provides that a contract between a health insurer and a pharmacy benefit manager must: (1) require the pharmacy benefit manager to update maximum allowable cost pricing information and maintain a process that will eliminate drugs from maximum allowable cost lists or modify drug prices to remain consistent with changes in pricing data; (2) prohibit the pharmacy benefit manager from limiting a pharmacist's ability to disclose the availability of a more affordable alternative drug; and (3) prohibit the pharmacy benefit manager from requiring an insured to make a payment for a prescription drug in an amount that exceeds the lesser of the applicable cost-sharing amount or the retail price of the drug. Contains provisions concerning the inclusion of prescription drugs on a maximum allowable cost list, State licensing requirements for pharmacy benefit managers, and other matters. Makes conforming changes to other Acts. Amends the Managed Care Reform and Patient Rights Act. Provides that a health care plan shall apply any third-party payments for prescription drugs. Makes changes to provisions concerning the denial of coverage for emergency services. Amends the Illinois Public Aid Code. Provides that the Department of Healthcare and Family Services may enter into a contract with any third party on a fee-for-service reimbursement model for the purpose of administering pharmacy benefits. Requires the Department to ensure coordination of care between the third-party administrator and managed care organizations as a consideration in any contracts established. Amends the Freedom of Information Act to exempt from disclosure certain information pharmacy benefit managers are required to provide under the Illinois Public Aid Code. Contains a severability provision.

House Floor Amendment No. 2

Deletes reference to:
215 ILCS 134/65

Adds reference to:
5 ILCS 140/7

Adds reference to:
215 ILCS 134/10

Replaces everything after the enacting clause. Reinserts the provisions of House Amendment No. 1, but with the following changes: Further amends the Illinois Insurance Code. In a provision concerning contracts between health insurers and pharmacy benefit managers, provides that such contracts must require pharmacy benefit managers to: (1) update maximum allowable cost pricing information at least every 7 calendar days; (2) provide access to its maximum allowable cost list to each pharmacy or pharmacy services administrative organization, as defined, subject to the maximum allowable cost list; (4) provide a process by which a contracted pharmacy can appeal the provider's reimbursement for a drug subject to maximum allowable cost pricing; and other matters. Regarding a drug on the maximum allowable cost list, requires pharmacy benefits managers to ensure that: (i) if a drug is a generically equivalent drug, it is listed as therapeutically equivalent and pharmaceutically equivalent to certain rating standards; (ii) the drug is available for purchase by each pharmacy in the State from national or regional wholesalers operating in Illinois; and (ii) the drug is not obsolete (rather than requiring a drug to have at least 3 or more nationally available, therapeutically equivalent, multiple source generic drugs with a significant cost difference and be available for purchase without limitations by all pharmacies in the State from national or regional wholesalers). Permits the Director of Insurance to examine a pharmacy benefit manager's designee, representative, or other specified persons (rather than any individual) about the business of the pharmacy benefit manager. Contains provisions concerning the denial of a pharmacy benefits manager's registration application or the suspension or revocation of a pharmacy benefits manager's registration. Defines terms. Further amends the Managed Care Reform and Patient Rights Act. Makes changes to the definition of "emergency medical condition". Removes changes made to a provision concerning the denial of coverage and payment for emergency services provided without prior authorization or an approved plan. Further amends the Illinois Public Aid Code. Makes changes to certain reporting requirements imposed on the Director of Healthcare and Family Services. Requires a pharmacy benefit manager to make certain disclosures to the Department of Healthcare and Family Services upon request. Requires a pharmacy benefit manager to make certain written disclosures to a pharmacy provider or pharmacy services administrative organization. Defines "pharmacy services administrative organization." Requires the Department to adopt rules establishing reasonable dispensing fees for fee-for-service payments in accordance with guidance or guidelines from the federal Centers for Medicare and Medicaid Services.

65 ILCS 5/8-12-24 from Ch. 24, par. 8-12-24

Amends the State Finance Act. Creates the Financially Distressed Cities Fund. Amends the State Revenue Sharing Act and the Illinois Income Tax Act. Provides that the Treasurer shall monthly transfer to the Financially Distressed Cities Fund an amount certified by the Department of Revenue equal to: (1) the amount that would have been distributed under the State Revenue Sharing Act to all financially distressed cities if the Treasurer had transferred to the Local Government Distributive Fund a sum calculated using 0.10% of the net revenue realized from the tax imposed by the Illinois Income Tax Act upon individuals, trusts, estates, and corporations during the preceding month; and (2) subtracting the amount distributed to all financially distressed cities from the Local Government Distributive Fund. Provides that the Department of Revenue shall monthly allocate an amount from the Financially Distressed Cities Fund that shall be paid to each financially distressed city. Amends the Financially Distressed City Law of the Illinois Municipal Code. Makes the law applicable to both home rule and non-home rule municipalities. Provides that a State agency or unit of local government may also render technical assistance to a municipality's Financial Advisory Authority as the Authority may request. Provides that the State shall not reduce revenues or impose additional costs affecting a financially distressed city affecting the municipality unless it is consistent with the Financial Plan and Budget in effect. Provides that State mandates enacted while a municipality is designated as a financially distressed city that would cause the municipality to incur costs are not valid or enforceable during the period when the municipality is under the financially distressed city designation. Effective January 1, 2020.

Fiscal Note (Dept. of Revenue)
As written, this bill would have no income tax revenue impact, nor would it have any impact on the General Revenue Fund. Although it appears that the intention of the bill is to provide more funds to "financially distressed cities" by transferring money from the General Revenue Fund to the newly created Financially Distressed Cities Fund, the formula used to determine the amount of that transfer does not accomplish this. For any amount of money to be transferred to the Financially Distressed Cities Fund, the formula needs to be based on a percentage greater than current Local Government Distribution Fund (LGDF) diversion rates (for fiscal year 2020, the LGDF rates are 6.06 percent of net individual income tax receipts and 6.85 percent of net corporate income tax receipts). The percentage used in this bill is 0.10 percent.

New Act

105 ILCS 5/27A-5

30 ILCS 805/8.43 new

Creates the Seizure Smart School Act. Provides for legislative findings and defines terms. Requires the parent or guardian of a student with epilepsy who seeks assistance with epilepsy-related care in a school setting to submit a seizure action plan with the student's school. Provides that a delegated care aide shall perform the activities and tasks necessary to assist a student with epilepsy in accordance with the student's seizure action plan. Requires training for school employees and delegated care aides. Requires that an information sheet be provided to any school employee who transports a student with epilepsy to a school-sponsored activity. Provides that a school district may not restrict the assignment of a student with epilepsy to a particular school on the basis that the school does not have a full-time school nurse and a school may not deny a student access to the school or any school-related activity on the basis that the student has epilepsy. Provides for school employee protection against retaliation, immunity, and rights under federal law. Amends the Charter Schools Law of the School Code to make a related change. Amends the State Mandates Act to require implementation without reimbursement.

House Committee Amendment No. 3

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Makes a change to the legislative findings. Changes the definition of "delegated care aide" to mean a school employee or paraprofessional who has agreed to receive training in epilepsy and assist a student in implementing his or her seizure action plan and who has entered into an agreement with a parent or guardian of that student. Limits the definition of "school employee" to include, among other persons, a person who is employed by a school district or school as a principal, administrator, guidance counselor, or teacher. Provides that the training of a delegated care aide shall include consultation with the student's parent or guardian and may include consultation with an epilepsy educator approved by the Epilepsy Foundation of America and training for school employees must be provided annually through approximately one hour of self-study review approved by the Epilepsy Foundation of America or by an epilepsy educator approved by the Epilepsy Foundation of America (rather than requiring training for school employees and delegated care aides to be provided by a trained health care provider with an expertise in epilepsy). Removes a provision requiring the principal of a school to coordinate the training of all delegated care aides. Provides that, if applicable, a seizure action plan (rather than an information sheet) must be provided to any school employee who transports a student with epilepsy to a school-sponsored activity; makes a conforming change. Requires a school employee to be in compliance with the training provisions of the Act in order to have immunity. Adds an effective date of July 1, 2020.

House Floor Amendment No. 4

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill as amended by House Amendment No. 3 with the following changes. Provides that the definition of "school employee" may not be interpreted to require a school district, charter school, or nonpublic school to hire additional personnel for the sole purpose of the personnel to serve as a delegated care aide. Provides that if a student has been managing his or her epilepsy care in a school setting before the effective date of the Act, the student's parent or guardian may (rather than must) sign and submit a seizure action plan with the student's school. Provides that it is the responsibility of a student's parent or guardian to share the health care provider's instructions on the student's epilepsy management during the school day. Removes a provision requiring the seizure action plan to include the treating physician's, advanced practice registered nurse's, or physician assistant's instructions on the student's epilepsy management during the school day. Provides that a student's parent or guardian is responsible for informing the school, in a timely manner, of any changes to the student's seizure action plan and emergency contact information. Provides that the principal of a school shall facilitate the school's compliance with the provisions of a student's seizure action plan (rather than ensure that the school has at least one delegated care aide present and available at the school during all school hours and during school-sponsored activities). Provides that the training for school employees must be fully consistent with the best practice guidelines issued by the Centers for Disease Control and Prevention. Provides that the training of a delegated care aide must be provided by a licensed health care provider with an expertise in epilepsy or an epilepsy educator who has successfully completed the relevant curricula offered by the Centers for Disease Control and Prevention (rather than include consultation with the student's parent or guardian and may include consultation with an epilepsy educator approved by the Epilepsy Foundation of America). Makes other changes. Effective July 1, 2020.

House Floor Amendment No. 5

Removes a provision requiring training for school employees to be provided annually through approximately one hour of self-study review approved by the Epilepsy Foundation of America or by an epilepsy educator approved by the Epilepsy Foundation of America.

Replaces everything after the enacting clause. Amends the Children and Family Services Act. Provides that whenever a child is placed in the custody or guardianship of the Department of Children and Family Services or a child is returned to the custody of a parent or guardian and the court retains jurisdiction of the case, the Department must ensure that the child is up to date on his or her well-child visits, including age-appropriate immunizations, or that there is a documented religious or medical reason the child did not receive the immunizations. Provides that whenever a child has been placed in foster or substitute care by court order and the court later determines that the child can return to the custody of his or her parent or guardian, the Department must complete, prior to the child's discharge from foster or substitute care, a home safety checklist to ensure that the conditions of the child's home are sufficient to ensure the child's safety and well-being, as defined in Department rules and procedures. Provides that at a minimum, the home safety checklist shall be completed within 24 hours prior to the child's return home and completed again or recertified in the absence of any environmental barriers or hazards within 5 working days after a child is returned home and every month thereafter until the child's case is closed pursuant to the Juvenile Court Act of 1987. Provides that when a court determines that a child should return to the custody or guardianship of a parent or guardian, any aftercare services provided to the child and the child's family by the Department or a purchase of service agency shall commence on the date upon which the child is returned to the custody or guardianship of his or her parent or guardian. If multiple children are returned at different times to the custody or guardianship of the parent or guardian, requires aftercare services to commence on the date upon which the last child returns home. Amends the Abused and Neglected Child Reporting Act. Provides that when a report is made by a mandated reporter to the statewide toll-free telephone number established under the Act and there is a prior indicated report of abuse or neglect and a prior open service case involving any member of the household, the Department must, at a minimum, accept the report as a child welfare services referral. Requires a child protective services investigation if the family refuses to cooperate or refuses access to the home or children and if the facts otherwise meet the criteria to accept a report. Provides that beginning one year after the effective date of the amendatory Act, and every 2 years thereafter, the Auditor General shall conduct a performance and compliance audit of the Department of Children and Family Services to determine whether the Department is meeting the requirements under the amendatory Act. Provides that upon completion of each audit, the Auditor General shall report its findings to the General Assembly. Requires the Auditor General's report to include any issues or deficiencies and recommendations.

House Floor Amendment No. 2

Provides that within 2 years after the audit's release, the Auditor General shall commence a follow-up performance audit to determine whether the Department has implemented the recommendations contained in the initial performance audit. Provides that upon completion of each audit, the Auditor General shall report its findings to the General Assembly and the Auditor General's reports shall include any issues or deficiencies and recommendations.

Further amends the Abused and Neglected Child Reporting Act. Provides that when a report is made by a mandated reporter to the statewide toll-free telephone number established under the Act and there is a prior indicated report of abuse or neglect, or there is a prior open service case involving any member of the household (rather than there is a prior indicated report of abuse or neglect and a prior open service case involving any member of the household), the Department of Children and Family Services must, at a minimum, accept the report as a child welfare services referral.

Provides that before a sentencing order is entered by the court for a minor adjudged delinquent for disorderly conduct by transmitting or causing to be transmitted in any manner a threat of destruction of a school building or school property, or a threat of violence, death, or bodily harm directed against persons at a school, school function, or school event, whether or not school is in session, in which the minor made a threat of violence, death, or bodily harm against a person, school, school function, or school event, the court may (in the introduced bill, shall) order a mental health evaluation of the minor by a physician, clinical psychologist, or qualified examiner, whether employed by the State, by any public or private mental health facility or part of the facility, or by any public or private medical facility or part of the facility.

In the amendatory changes to the Juvenile Court Act of 1987, provides that neither the physician, clinical psychologist, qualified examiner, or his or her employer shall be held criminally, civilly, or professionally liable for performing a mental health examination before the court enters a sentencing order for a minor adjudicated delinquent for a disorderly conduct violation of making a threat of violence, death, or bodily harm against a person, school, school function, or school event, except for willful or wanton misconduct.

Amends the Unified Code of Corrections. Provides that in imposing a sentence for an offense that requires a mandatory minimum sentence of imprisonment or probation or conditional discharge of 2 years or more, the court may sentence the offender to probation or conditional discharge or other non-imprisonment sentence it deems appropriate instead of to a sentence of imprisonment or to a lesser sentence of imprisonment, probation, or conditional discharge than the minimum sentence of imprisonment, probation, or conditional discharge provided for the offense if the court finds that the defendant does not pose a risk to public safety and the interest of justice requires the non-imposition of the mandatory sentence of imprisonment or a lesser sentence of imprisonment, probation, or conditional discharge. Provides that the court must state on the record its reasons for not imposing the minimum sentence of imprisonment or a lesser sentence of imprisonment, probation, or conditional discharge. Provides that if the defendant has been charged with an offense involving the use, possession, or discharge of a firearm, the court may not deviate from a mandatory minimum sentence or probation or conditional discharge requirement, unless it is the recommendation of a presentence investigation and there is clear articulable evidence that the defendant is not a threat to the public safety. Amends the Downstate Public Transportation Act, the Metropolitan Transit Authority Act, the Local Mass Transit District Act, and the Regional Transportation Authority Act. Provides for free fares for veterans with disabilities, reduced fares for other veterans, and free fares for specified high school students on days when school is in session on public transportation. Provides for a continuing appropriation beginning in Fiscal Year 2020 to cover the free and reduced fares. Effective immediately.

Fiscal Note (Dept. of Transportation)
RTA currently has a Free & Reduced Fare program for seniors, students, and disabled.
IDOT subsidizes $17.5 million out of the road fund (approx. 15% of the total proposed losses in revenue). IDOT does not have access to ridership numbers so is unable to project how the proposed legislation that calls for free rides for seniors and veterans with 70% disability, half fares for veterans with 30-70% disability, and certain high school students who meet eligibility requirements would increase the costs. Many veterans might take advantage of this program. Estimates for projected fare losses to include additional categories of ridership will need to be provided by the service boards. Collectively, the estimated FY19 revenue losses to the RTA attributable to eligible free and reduced fares is approximately $113 million. Actual revenue losses to the service boards to provide additional fare reductions will significantly increase the current amount from $113 million in FY 19. To reimburse the RTA (service boards) 100% of the proposed revenue losses that includes don't include that additional categories of ridership will take at least $95.5 million. The Road Fund does not have the cash. For the Downstate Transits Districts, the data needed to provide a fiscal cost is not available. Most of the recipients have no data to support a fact-based estimation of financial impacts. Disabled veterans covered in the new law, for example, are riding under the existing disabled free ride program but are not tracked separately or are using VA-sponsored transportation. Unfortunately, there are too many unknowns to speculate on impacts to ridership, service delivery, and the associated financial implications. Information that we have extrapolated provides an estimated financial implication totaling $4,698,498. We do not have much confidence in that number. The Road Fund does not have the cash to support this program.

   Fiscal Note (Dept. of Transportation)
      The Illinois Department of Transportation (IDOT) currently has a contract with a consultant to analyze the stop data
reported by the various law enforcement agencies in the state. IDOT then published the final report annually. To continue
reporting the data after July 1, 2019 would require a new contract with a consultant. The estimated cost of this contract for
each year is $168,000, Of that amount, 80% ($134,400) would be reimbursed by the NHTSA and the other 20% ($33,600)
would be the state match. To cover the contract for 3 years (until 2022) would be a total cost of $504,000 of which
$100,800 would be the state's share of the cost.

May 31 19 S Rule 3-9(a) / Re-referred to Assignments
Amends the Unified Code of Corrections. Provides that a committed person who is at least 50 years of age and who has served at least 30 consecutive years of imprisonment in a Department of Corrections institution or facility may petition the Department for participation in the Pathway to Community Program, which is a 5-year pilot program within the Department of Corrections. Provides that a maximum of 15 males and a maximum of 15 females may be selected for the Program. Excludes from the Program persons convicted of first degree murder of a peace officer or firefighter and sexual predators. Establishes eligibility requirements for the Program. Provides that before a participant is selected for the Program, the petitioner shall successfully complete an atonement and restorative justice program prepared by the Department. Following completion of this program of atonement and restorative justice, the Department shall notify the victim and the family members of the victim of the petitioner's offense and to afford them the opportunity to participate in the Department's final selection process for the Pathway to Community Program. Up to $1,000 of trauma-informed victim services or trauma-certified professional therapy shall be provided by the Department to family members of the victim of the petitioner's offense. Provides that optional participation by family members of the victim of petitioner's offense shall be provided by the Department at no cost to the family members of the victim. Provides that time served in the Program shall be credited toward time served on the sentence. Provides that the Program is terminated 6 years after the effective date of the amendatory Act.

Correctional Note (Dept of Corrections)
The impact of this legislation on the Department will depend on how many offenders would be accepted into and complete the Pathway to Community Program, how many offenders would receive executive clemency, how many staff are needed to meet the requirements outlined in this legislation, how victims and their families respond, and how fiscal needs will be met. Therefore, the fiscal impact on the Department is unknown. The correctional population impact is also unknown since program participants must petition for Governor clemency to receive an early release from prison based on their progress through the program. Also, though participants may be released from prison before their expected parole or mandatory supervised release date, the end date of their supervised release period does not change, leaving the offender under the jurisdiction of the Department for the entirety of their sentence. Second, House Bill 2400 does not specify the components of an atonement and restorative adjustment program. The Department does not currently operate such a program. In addition, Department efforts are presently focusing on evidence-based programs. Therefore, an atonement and restorative adjustment program would have to be created, or acquired, and this will result in costs for program development and/or acquisition. Staff would have to develop a research design necessary to implement a program with a potentially high success rate for older offenders who have been incarcerated for many years, and then develop and study the specific components. Among many undertakings, staff would have to be trained; selection criteria and methods would have to be developed; policies would be written; means to measure if offenders have demonstrated reform, changed behavior, remorse, and the ability to socialize; renunciation of criminal activity and gang affiliation would have to be identified; and outcome measures would have to be constructed. Moreover, this legislation specifies that offenders must participate for 5 years; however, there is no indication in House Bill 2400 as written for the justification for mandating that time period. The costs for these responsibilities, as well as costs for acquisition of licensed curriculum and supplies, if available, are unknown at this time. Third, House Bill 2400 stipulates that, following completion of this program of atonement and restorative justice, the Department shall make an exhaustive effort to find and notify family members of the victim of the petitioner's offense and to afford them the opportunity to participate in the Department's final selection process for the Pathway to Community Program. This presents numerous logistical problems for Department staff. Records are very old, and documents may not identify victims by name or where to contact them after more than 30 years. Department staff currently struggle to get victim information from the courts. Many victims' families would have to be contacted, and if found, may not want to participate in any activities with the offenders, relive the memories, or even be identified at all. Many victims want absolutely nothing to do with their offenders. Correctional staff do not treat victims; there are no staff to perform any necessary therapeutic services to victims. If the victims refuse this service, the Department is unsure if it would be mandated to withhold the program if a victim chooses not to participate. Despite efforts made by centralized program staff, as well as the facility staff, Victim Services is already inundated with work related to assisting the victims of Illinois' 39,000 inmates and 27,000 parolees. Current Victim Services staff would not be able to assist in meeting House Bill 2400 provisions. The Department estimates this program would need to be implemented in two facilities, one for males and one for females. The Department also estimates two additional staff members would need to be employed at each facility where Pathway programs are implemented, one to assist in Victim Services and one to assist in the administrative tasks of the program. Staff are estimated at an annual cost of $100,000 each for salary and benefits. Fourth, House Bill 2400 provides that up to $1,000 of trauma-informed victim services or trauma-certified professional therapy must be provided by the Department to family members of the victim of the petitioner's offense. Insurance policies of the family members of the victim of the petitioner's offense or family members' financial resources shall first be used to pay the costs of these services or therapy. Optional participation by family members of the victim of petitioner's offense would be provided by the Department at no cost to the family members of the victim. The impact of these fiscal constraints on the Department cannot be identified until the program is implemented, though the number of victims this legislation may address is unknown, and potentially quite large. Therefore, the fiscal impact on the Department is unknown. The correctional population impact is also unknown as offenders are not eligible for early release until granted clemency by the Governor based on petitions filed and an offender's program progress, a process that cannot be initiated until more than 5 years after enactment. The Department currently lacks the resources, training, curriculum, victim information, and funding to enact this proposal.

House Floor Amendment No. 1

Deletes provision that the Department of Corrections may enter an order releasing and discharging a participant in the Pathway to Community Program from mandatory supervised release if it determines that he or she is likely to remain at liberty without committing another offense.

Requires the State Board to adopt rules.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Fiscal Note (State Board of Education)

HB 2668 is estimated to have a fiscal impact of $15.1 million on the General Revenue Fund budget for the Illinois State Board of Education. This assumes approximately $80,000 to $100,000 in operational costs for one position to coordinate the child opportunity zone functions with school districts, community-based providers, other state agencies, local officials, community colleges, and other adult education and workforce training providers. The position would also complete required reporting. It also assumes $15 million in grant funds would be appropriated to the Illinois State Board of Education to make funding available to provide assistance and supports to the child opportunity zones.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Changes the definition of "child opportunity zone" to mean a coordinated system of early childhood education (rather than a site at or near a school that provides early childhood education). Provides that, subject to appropriation, the State Board of Education, in cooperation with regional superintendents of schools, school districts, and other State and community agencies (rather than only the State Board), must develop child opportunity zones as a means to deliver comprehensive and coordinated social services in this State (rather than delivering them at or near schools in this State) that are related to specific community needs and that will ultimately increase student performance in schools in the community. Provides that in addition to funds appropriated by the General Assembly, the State Board may use funds appropriated by the General Assembly for other grant programs to implement child opportunity zone programs. Makes other changes.

Mar 29 19  H  Rule 19(a) / Re-referred to Rules Committee
HB 02691

New Act
Creates the Retention of Illinois Students and Equity Act. Provides for legislative findings and a definition. Provides that, notwithstanding any other provision of law to the contrary, a student attending an institution of higher learning in this State who is deemed an Illinois resident for tuition purposes and is not otherwise eligible to receive federal financial aid shall be eligible to apply or receive assistance under the State financial aid programs, including any student aid or benefit funded or administered by the State, a State agency, or any public institution of higher learning, including, but not limited to, scholarships, grants, awards, stipends, free room and board, tuition waivers, or other financial or in-kind assistance.

House Committee Amendment No. 1
Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Makes changes to the legislative findings. Provides that a student who is an Illinois resident and who is not otherwise eligible for federal financial aid, including, but not limited to, a transgender student who is disqualified for failure to register for selective service or a noncitizen student who has not obtained lawful permanent residence, shall be eligible for State financial aid and benefits. Provides that, to ensure equity, success, and the retention of Illinois residents, a student who is an Illinois resident may not be subject to any caps on grant assistance available under the Monetary Award Program other than those required by State law. Provides that the eligibility requirements for any student aid or benefit funded or administered by the State shall be interpreted to promote the broadest eligibility for students who are Illinois residents in accordance with State law or policy. Makes other changes.

Fiscal Note, House Committee Amendment No. 1 (IL Student Assistance Commission)
The scholarship and grant programs that ISAC administers are subject to appropriation. Thus, making more students eligible to apply for these programs (which HB 2691 does) will not automatically add to their cost. However, funding additional recipients would either require additional appropriations or shifting dollars from other low-income students who are currently eligible. Based on limited available data, including estimates provided by advocates for the bill of the number of undocumented Illinois students, approximately 3,500 students may become newly eligible for the Monetary Award Program under HB 2691, as amended, adding about $9.0 million in annual demand for the program. Without additional funding, adding new recipients would require shifting dollars from other recipients. This projection incorporates estimates of the number of undocumented Illinois students, transgender students who may be required to register for Selective Service, and students who are currently ineligible for MAP because they have used the program to help pay for at least 75 credit hours but have not yet attained junior status. This estimate could be low for several reasons. Overall demand for funding could increase in future years as additional students apply. Also, ISAC does not have adequate information to estimate the potential increase in demand for smaller grant programs (which are also subject to appropriation) or any increases in demand for ISAC-administered programs attributable to students who receive in-state tuition rates because of their military or veteran status.
