705 ILCS 505/11 from Ch. 37, par. 439.11
735 ILCS 5/2-702

Amends the Code of Civil Procedure. Provides that any person criminally prosecuted and incarcerated for 30 days or longer prior to trial for one or more felonies by the State which he or she did not commit may file a petition for a certificate of innocence. Provides that the petitioner must prove that: the petitioner was incarcerated prior to trial in a prosecution that resulted in an acquittal or dismissal; the prosecution did not result in a conviction of a lesser included offense; the petitioner is innocent of the charges on which the petitioner's pretrial detention was based, or the charges did not constitute a felony or misdemeanor; and the petitioner did not by his or her own conduct voluntarily cause or bring about the charges that resulted in his or her pretrial incarceration. Amends the Court of Claims Act. Provides that a person who has been issued a certificate of innocence may file a claim against the State for time unjustly served in pretrial incarceration in a county jail. Provides that the Court of Claims shall award \$50,000 per year during which the person was wrongfully imprisoned and shall prorate that amount for a fraction of a year that the person was wrongfully imprisoned (rather than "the amount of the award is at the discretion of the court; and provided, the court shall make no award in excess of the following amounts: for imprisonment of 5 years or less, not more than \$85,350; for imprisonment of 14 years or less but over 5 years, not more than \$170,000; for imprisonment of over 14 years, not more than \$199,150"). Provides that the court shall include the number of years the person was imprisoned awaiting trial in its determination and an additional \$25,000 for each year served on parole, probation, or registered as a sex offender after imprisonment. Makes corresponding changes. Effective immediately.

House Committee Amendment No. 2

Replaces everything after the enacting clause. Amends the Court of Claims Act. Provides that the court shall have exclusive jurisdiction to hear and determine all claims against the State for time unjustly served in a county jail, on parole, on intensive supervision probation, or on the sex offender registry, when the unjustly convicted person received a pardon from the Governor stating that such pardon is issued on the ground of innocence of the crime for which he or she was convicted or he or she received a certificate of innocence from the Circuit Court. Removes language providing that: the amount of an award for unjustly served prison sentences is at the discretion of the court; the court shall make no award in excess of specified amounts for specified terms of imprisonment; and the court shall fix attorney's fees not to exceed 25% of the award granted. Requires the court to make an award of \$50,000 per year, and prorated for any partial year, during which the person was wrongfully incarcerated in a State correctional institution or in a county jail, including the time the person was incarcerated awaiting trial, and \$25,000 for each year, and prorated for any partial year, during which the person was wrongfully on parole, wrongfully on intensive supervision probation, or was wrongfully required to register as a sex offender, as well as an award of reasonable attorney's fees, costs, and expenses in the amount determined by the Circuit Court after awarding a certificate of innocence. Makes other and conforming changes. Amends the Code of Civil Procedure. Allows any person who is convicted or adjudicated a delinquent and subsequently serves any part of a sentence of incarceration in a State correctional institution or in a county jail, of parole, of intensive supervision probation, or of registration as a sex offender for one or more felonies which he or she did not commit to file a petition for certificate of innocence. Requires the petition to state facts in sufficient detail to permit the court to find that the petitioner is likely to succeed at trial in proving that the petitioner is innocent of the alleged offenses for which he or she was convicted or adjudicated a delinquent, and the petitioner did not by his or her own conduct voluntarily cause or bring about his or her conviction or juvenile delinquency adjudication. Provides that neither a guilty plea nor a confession constitutes conduct causing or bringing about one's conviction or delinquency adjudication. Requires, if the court finds that the petitioner is entitled to a judgment, the court to make a determination of the reasonable attorney's fees, costs, and expenses incurred in connection with obtaining the certificate of innocence. Provides that any person seeking a certificate of innocence based on the dismissal of a juvenile delinquency petition or an acquittal on such petition that occurred before the effective date of the amendatory Act, including a petitioner whose petition was denied solely on the basis that this Section did not formerly apply to juvenile delinquency adjudications, shall file his or her petition within 4 years after the effective date of the amendatory Act. Provides that any person seeking a certificate of innocence based on the dismissal of a juvenile delinquency petition or an acquittal on such petition that occurred on or after the effective date of the amendatory Act shall file his or her petition within 2 years after the dismissal or acquittal. Makes other and conforming changes. Effective immediately.

New Act

Representative John M. Cabello
HB 01364 (CONTINUED)

Creates the 9-8-8 Suicide and Crisis Lifeline Task Force Act. Provides that the 9-8-8 Suicide and Crisis Lifeline Task Force shall be composed of 12 appointed members and the State's Chief Behavioral Health Officer, or the Officer's representative. Provides that the 2 Task Force co-chairs shall appoint experts to contribute and participate in the Task Force as nonvoting members. Provides for meetings of the Task Force and responsibilities relating to examination of the first year of implementation and use of the 9-8-8 Suicide and Crisis Lifeline in Illinois. Requires the development of an action plan with specified recommendations to be filed with the Governor and General Assembly by December 31, 2023. Includes legislative findings. Repeals the Act on January 1, 2025. Effective immediately.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Changes the short title of the Act to the 9-8-8 Suicide and Crisis Lifeline Workgroup Act. Provides that the Department of Human Services, Division of Mental Health, shall convene a working group that includes members of the General Assembly, representatives of State agencies, the State's Chief Behavioral Health Officer, the Director of the Children's Behavioral Health Transformation Initiative, service providers from the regional and statewide 9-8-8 call centers, representatives of organizations that represent people with mental health conditions or substance use disorders and that operate an Illinois social services helpline or crisis line other than 9-8-8, including veterans' crisis services, more than one individual with personal or family lived experience of a mental health condition or substance use disorder, experts in research and operational evaluation, and any other person or persons as determined by the Department of Human Services, Division of Mental Health. Requires the Department of Human Services, Division of Mental Health, to submit a report to the General Assembly regarding the Workgroup's findings related to the 9-8-8 call system. Modifies the Workgroup's responsibilities, including removing requirements to review the recommendations and decisions of previous State-led workgroups on transforming the mental health crisis response system and that the action plan must include a plan to sustainably fund a statewide 9-8-8 call center network in fiscal year 2025 and beyond. Effective immediately.

Amends the Community Emergency Services and Support Act. Changes "responder" to "mobile mental health relief provider" throughout the Act. Provides that the Department of Human Services, Division of Mental Health's guidance for 9-1-1 PSAPs and emergency services dispatched through 9-1-1 PSAPs for coordinating the response to individuals who appear to be in a mental or behavioral health emergency while engaging in conduct alleged to constitute a non-violent misdemeanor shall promote diversion from further criminal justice involvement, including prioritization of referrals to a pre-arrest or pre-booking case management unit in any areas served by pre-arrest or pre-booking case management. Requires the Statewide Advisory Committee to continue to meet until the Act has been fully implemented and mobile mental health relief providers are available in all parts of Illinois, and allows the Division of Mental Health to reconvene the Statewide Advisory Committee at its discretion after full implementation of the Act. Provides that, if no person is willing or available to fill a member's seat for one of the required areas of representation on a Regional Advisory Committee, the Secretary of Human Services shall adopt procedures to ensure that a missing area of representation is filled once a person becomes willing and available to fill that seat. Requires each Regional Advisory Committee to identify regional resources and supports for use by the mobile mental health relief providers as they respond to the requests for services. Provides that each 9-1-1 PSAP and emergency service dispatched through a 9-1-1 PSAP must begin coordinating its activities with the mobile mental and behavioral health services established by the Division of Mental Health once specified conditions are met, but not later than July 1, 2024 (rather than July 1, 2023). Requires the Division of Mental Health to submit a report to the General Assembly on or before July 1, 2023 and on a quarterly basis thereafter on its progress in implementing the Act. HB 02458 (CONTINUED)

Amends the Criminal Code of 2012. Changes the statute of limitations for grooming to provide that when the victim is under 17 years of age at the time of the offense, a prosecution for grooming may be commenced within 10 years after the victim or the person with a disability attains 17 years of age. Changes the name of the offenses of child sexual abuse material to child sexual abuse material. Changes the penalty for grooming from a Class 4 to a Class 3 felony. Deletes references to criminal transmission of HIV in various statutes. In the Sex Offenses Article of the Criminal Code of 2012, provides a definition for "unable to give knowing consent". Provides that a person commits sexual exploitation of a child if in the presence or virtual presence, or both, of a child and with knowledge that a child or one whom he or she believes to be a child would view his or her acts, that person knowingly entices, coerces, or persuades a child to participate in the production of the recording or memorializing a sexual act of persons ages 18 or older. Provides that a violation of this provision of sexual exploitation of a child is a Class 4 felony for a first offense; and a Class 3 felony for a second or subsequent offense, or if the person has been previously convicted of a sex offense. Amends the Code of Criminal Procedure of 1963. Provides that the court may set any conditions it finds just and appropriate on the taking of testimony of a victim or witness who is under 18 years of age or an intellectually disabled person or a person affected by a developmental disability (rather than a victim who is a child under the age of 18 years or a moderately, severely, or profoundly intellectually disabled person or a person affected by a developmental disability) involving the use of a facility dog in any criminal proceeding. Makes other changes concerning the admissibility of evidence in cases involving involuntary servitude, involuntary sexual servitude of a minor, and trafficking in persons. Amends various Acts to change references from "child pornography" to "child sexual abuse material".

House Committee Amendment No. 1

Provides that the definition of "family member" in the Sex Offenses Article of the Criminal Code of 2012 includes a sibling. Provides that "family member" also means, if the victim is under 18 years of age, an accused who has resided in the household with the child continuously for at least 3 (rather than 6) months. Restores a reference to aggravated child pornography which offense was repealed by Public Act 97-995, effective January 1, 2013.

House Committee Amendment No. 2

In the definition provisions of the Sex Offenses Article of the Criminal Code of 2012, deletes in the definition of "unable to give knowing consent" that the victim could not give intelligent agreement to the sexual act. Provides that a violation of the provisions of sexual exploitation of a child by knowingly enticing, coercing, or persuading a child to participate in the production of the recording or memorializing a sexual act of persons ages 18 or older is a Class 4 felony (rather than a Class 4 felony for a first offense and a Class 3 felony for a second or subsequent offense or if the person has been previously convicted of a sex crime). Provides that in order to commit the offense of grooming, the person be 5 years or more older than a child victim, or holding a position of trust, authority, or supervision in relation to the child at the time of the offense.

House Committee Amendment No. 3

In the amendatory changes to the Criminal Code of 2012, restores the Class 4 felony penalty for grooming.

HB 02878 (CONTINUED)

Replaces everything after the enacting clause. Amends the Illinois Procurement Code. Creates a bid preference for firms that employ former coal mine employees. Makes changes in provisions concerning single prime procurement methods; the Illinois business bid preference; the veteran bid preferences; small business set-aside reporting; the award of contracts to not-for-profit agencies for persons with significant disabilities; the duration of contracts; public education programming; the application of the Code to public institutions of higher education; and not-for-profit agencies for persons with significant disabilities. Adds provisions concerning software licensing contracts. Amends the Governmental Joint Purchasing Act. Authorizes chief procurement officers to approve the award of a contract on a non-competitive basis to a not-for-profit agency for persons with significant disabilities. Amends the Department of Central Management Services Law of the Civil Administrative Code of Illinois. Makes changes in provisions concerning facility leases. Creates the Reimagining Hotel Florence Act. Provides that, notwithstanding any provision of law to the contrary, the Department of Natural Resources on behalf of the State may, pursuant to a competitive request for proposals process governed by the Illinois Procurement Code and rules adopted under that Code and the Act, enter into a public-private agreement to develop, finance, construct, lease, manage, or operate the Hotel Florence on behalf of the State. Provides for home rule preemption. Amends the Business Corporation Act of 1983. Adds provisions concerning contractor diversity reporting. Amends the State Fair Act. Exempts from the requirements of the Illinois Procurement Code procurement expenditures necessary to provide artistic or musical services, performances, events, or productions under the Act at the State Fairgrounds in Springfield. Amends the Transportation Sustainability Act. Specifies that the State's solicitations for the procurement of freight, small package delivery, and other cargo shipping and transportation services shall be subject to the Illinois Procurement Code or the Governmental Joint Purchasing Act (rather than only the Illinois Procurement Code). Amends the Public-Private Partnerships for Transportation Act. Replaces references to "transportation agency" with "responsible public entity". Defines "responsible public entity". Makes changes concerning public construction bonding requirements. Makes other changes. Effective January 1, 2024.

Senate Floor Amendment No. 3

In provisions concerning former coal mine employees, deletes references to the term "union hall". Corrects an erroneous cross-reference. Specifies that a contract entered into by a public agency for the licensing of software applications designed to run on generally available desktop or server hardware may not limit the public agency's ability to install or run the software on any of the public agency's hardware (rather than on the hardware of the public agency's choosing).

Governor Amendatory Veto Message

Recommends deleting from the Public-Private Partnerships for Transportation Act language that added counties, municipalities, and other units of local government to the Act's definition of "responsible public entity".

(Sen. Tom Bennett-Jil Tracy-Andrew S. Chesney)

415 ILCS 5/21	from Ch. 111 1/2, par. 1021
---------------	-----------------------------

Amends the Environmental Protection Act. Provides that incidental sales of finished compost do not need to be applied to agronomic rates in determining whether a person needs a permit to conduct a landscape waste composting operation at specified sites. Removes a provision requiring that no fee is charged for the acceptance of materials to be composted in order for a site having 10 or more occupied non-farm residences within 1/2 mile of its boundaries to be excepted from permit requirements.

House Floor Amendment No. 1

Representative Randy E. Frese
HB 03277 (CONTINUED)

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes:
Restores language that prohibits a landscape waste composting facility that is located within one-half mile of 10 or more occupied non-farm residences from obtaining a waste permitting exemption unless, among other things, no fee is charged for the acceptance of materials to be composted at the facility. Provides that "incidental sale of finished compost" means the sale of finished compost that meets general use construction standards and is no more than 20% or 300 cubic yards, whichever is less, of the total compost created annually by a private landowner for the landowner's own use.

Amends the School Code. Provides that the dyslexia handbook developed by the State Board of Education shall include guidelines on the administration of a universal screener and dyslexia screening, the interpretation of data from these screeners, and the resulting appropriate instruction within a multi-tiered system of support framework. Provides that the State Board of Education shall adopt any rules necessary to ensure that a student will be screened for the risk factors of dyslexia using a universal screener. Sets forth which students are required to be screened. Provides that no later than January 1, 2024, the State Board of Education shall employ at least 5 dyslexia specialists or dyslexia therapists with a minimum of 5 years of field experience in screening, identifying, and treating dyslexia and related disorders. Provides that beginning with the 2023-2024 school year, each school district must screen students in grades kindergarten through 2 for the risk factors of dyslexia using a universal screener approved by the State Board of Education. Provides that if a student is determined to be either at risk or at some risk for dyslexia after the universal screener has been administered, the school district must administer a dyslexia screening of the student. Provides that if a student's dyslexia screening indicates that the student has characteristics of dyslexia, the dyslexia intervention services provided to the student must utilize a structured literacy approach as outlined in the State Board of Education's handbook. Makes other changes.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the contents of the introduced bill with the following changes. In the definition of "universal screener", changes references to "an assessment" to "a screener". Provides that the "universal screener" shall screen for the risk factors of reading difficulties, including dyslexia (instead of the risk factors of dyslexia). Provides that students shall be screened if a student from another state enrolls for the first time in any of grades kindergarten through 2 in a school district in this State, provided that if a student's score is below 3.0 on either the listening or the speaking portion of the ACCESS for ELLs assessment, the student may be exempt from a universal screener as determined by the school's or school district's English language learner team (instead of unless the student, the student's parent, or the student's guardian presents documentation that the student meets specified conditions). Adds provisions concerning secondary review of a student. In provisions concerning the student's parent or guardian consent to screening, provides that the parent or guardian must be notified (rather than specified provisions concerning the nature of notification). Makes conforming changes.

Condemns the attacks on the State of Israel and its people and strongly implores the government of Israel to bring the terrorist organization, Hamas, to an end. Reaffirms Illinois' support and unwavering commitment to the welfare, security, and survival of the State of Israel. Recognizes Israel's right to act decisively and unilaterally in self-defense to protect its citizens. Expresses Illinois' support for Israel's right to pursue without interference or condemnation the elimination of Hamas until Hamas is permanently neutralized and public safety is assured. Conveys Illinois' most heartfelt condolences to all Israeli victims as well as their families and communities. Calls upon Illinois law enforcement to remain vigilant in protecting Israeli Americans, Jewish Americans, and all supporters of Israel from acts of crime and unlawful discrimination that tend to manifest at such times. Encourages all other American states to likewise condemn Hamas as well as any official body that refuses to recognize Israel's right to act decisively in self-defense to protect its citizens. Calls upon the United States to provide assistance to support Israel in its defense against Hamas and all other terrorist organizations that threaten its sovereignty.

225 ILCS 415/18 rep.

Amends the Regulatory Sunset Act. Repeals the Illinois Certified Shorthand Reporters Act of 1984 on January 1, 2029 (rather than January 1, 2024). Amends the Illinois Certified Shorthand Reporters Act of 1984. Provides that all applicants and registrants shall: (1) provide a valid address and email address to the Department of Financial and Professional Regulation, which shall serve as the address of record and email address of record, respectively, at the time of application for registration or renewal of a registration; and (2) inform the Department of any change of address of record or email address of record within 14 days after such change either through the Department's website or by contacting the Department's licensure maintenance unit. Provides that every application for an original licensee under this Act shall include the applicant's Social Security Number or individual taxpayer identification number. Provides that the report of findings of fact, conclusions of law, and recommendations of the Board shall be the basis for the Secretary of Financial and Professional Regulation's (rather than the Department's) action regarding a certificate. Provides that within 20 days after service of a notice of report of refusal to issue or renew, the respondent may present to the Secretary (rather than to the Department) a motion in writing for a rehearing. Removes a provision providing that exhibits shall be certified without cost. Repeals a provision concerning a roster. Makes corresponding and other changes. Provisions amending the Regulatory Sunset Act are effective immediately.

House Floor Amendment No. 1

Changes references from "federal individual taxpayer identification number" to "individual taxpayer identification number".

Senate Committee Amendment No. 1

In provisions concerning the service of notice for an administrative proceeding, provides that written notice and any notice in the subsequent proceeding may be served by registered or certified mail (rather than regular mail) to the licensee's address of record. Provides that, if in the course of the administrative proceeding the party has previously designated a specific email address at which to accept electronic service for that specific proceeding, notice may be served by sending a copy by email to an email address on record.

305 ILCS 5/5-55 new

Creates the Nonopioid Alternatives for Pain Act. Requires the Department of Public Health to develop and publish an educational pamphlet regarding the use of nonopioid alternatives for pain treatment. Provides that a health care practitioner shall exercise professional judgment in selecting appropriate treatment modalities for pain in accordance with specified Centers for Disease Control and Prevention guidelines, including the use of nonopioid alternatives whenever nonopioid alternatives exist. Requires a health care practitioner who prescribes an opioid drug to provide certain information to the patient, discuss certain topics, and document the reasons for the prescription. Requires the Department to develop a nonopioid directive form for patients. Sets forth provisions concerning exceptions, execution of a nonopioid directive, opioid administration to a patient with a nonopioid directive, and limitations of liability. Amends the Illinois Insurance Code. Provides that when a licensed health care practitioner prescribes a nonopioid medication for the treatment of acute pain, it shall be unlawful for a health insurance issuer to deny coverage of the nonopioid prescription drug in favor of an opioid prescription drug or to require the patient to try an opioid prescription drug before providing coverage. Provides that in establishing and maintaining its drug formulary, a health insurance issuer shall ensure that no nonopioid drug approved by the Food and Drug Administration for the treatment or management of pain shall be disadvantaged or discouraged, with respect to coverage or cost sharing, relative to any opioid or narcotic drug for the treatment or management of pain. Amends the Medical Assistance Article of the Illinois Public Aid Code. Provides that whenever a licensed health care practitioner prescribes a nonopioid medication for the treatment of acute pain, neither the Department of Healthcare and Family Services nor a managed care organization shall deny coverage of the nonopioid prescription drug in favor of an opioid prescription drug or require a patient to try an opioid prescription drug prior to providing coverage of the nonopioid prescription drug. Makes other changes.

House Floor Amendment No. 1

Deletes reference to:

New Act

Adds reference to:

20 ILCS 2310/2310-730 new

Removes all of the provisions of the Nonopioid Alternatives for Pain Act except for the provisions requiring the Department of Public Health to develop and publish on its website an educational pamphlet regarding the use of nonopioid alternatives for the treatment of acute nonoperative, acute perioperative, subacute, or chronic pain. Moves those provisions to the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. In provisions amending the Illinois Insurance Code and the Illinois Public Aid Code, removes language providing that the provisions apply to a nonopioid drug immediately upon its approval by the U.S. Food and Drug Administration. Provides that the Department of Healthcare and Family Services shall ensure that nonopioid drugs preferred on the Department's preferred drug list, and approved by the U.S. Food and Drug Administration, for the treatment or management of pain shall not be disadvantaged or discouraged with respect to coverage relative to any opioid or narcotic drug for the treatment or management of pain (instead of with respect to coverage relative to any opioid or narcotic drug for the treatment or management of pain on the Illinois Medicaid Preferred Drug List, where impermissible disadvantaging or discouragement includes, without limitation: designating any such nonopioid drug as a nonpreferred drug if any opioid or narcotic drug is designated as a preferred drug; or establishing more restrictive or more extensive utilization). Removes language concerning the applicability of the provisions to drugs provided under a contract between the Department and a managed care organization. Provides that the changes to the Illinois Insurance Code and the Illinois Public Aid Code are effective January 1, 2026.

Replaces everything after the enacting clause. Amends the Cemetery Protection Act. Defines "veteran" and "veterans' organization". Provides that if a veterans' organization has identified human remains of a veteran that are more than 100 years old and wishes to have a marker placed to designate the grave as that of a veteran, a cemetery authority may allow such memorialization without permission of the decedent's heirs. Provides that all costs for memorialization including the marker, its installation, and any removal of or repair to a previous marker that is damaged shall be entirely borne by the veterans' organization. Prohibits human remains from being disturbed in this process. Requires permission from the cemetery authority and compliance with the rules and regulations and any collective bargaining agreement of the involved cemetery. Requires the veterans' organization to first make a good faith effort to contact the decedent's next of kin, and if there is no response within 120 days, the process may proceed. Provides that if any heir of a decedent later objects to memorialization, the sole remedy is the removal of the involved marker at the expense of the involved veterans' organization unless the veterans' organization no longer exists or is without funds, in which case removal shall be at the expense of the heir. Prohibits any monetary damages or any other equitable relief or penalties against the cemetery authority, cemetery, or veterans' association.

New Act

Creates the Home Modification Program Act. Provides that the purpose of the Act is to establish a home modification funding system that is streamlined, effective, and administered by experts within the disability community. Provides that, subject to appropriation, the Department of Human Services shall establish a Home Modification Program to provide financial assistance to persons with disabilities for home modification projects. Requires the Department to designate a statewide association that represents centers for independent living to serve as the lead agency to administer the Program. Requires the Department to provide funding for the Program. Requires the lead agency to distribute any moneys it receives from the Department to the State's 22 centers for independent living, covering all 102 counties. Provides that the lead agency shall ensure that each center for independent living has access to at least \$105,000 to use for home modification projects, with the excess funds subject to reallocation during the 4th fiscal quarter of each year. Contains provisions concerning eligibility requirements for applicants under the Program; standards and qualifications for home modification projects; the lead agency's establishment of a Home Modification Subcommittee to provide additional oversight of the home modification projects; and an administrative fee to the lead agency.

House Committee Amendment No. 1

Expands the list of findings to include the following: nearly 3,900,000 veterans receive disability compensation payments; these veterans have sacrificed in service to their country and defense of our freedoms; and home modifications will help Illinois veterans to regain and maintain their own freedom to utilize their homes and access the world around them. Provides that older adults and veterans who have a disability, as defined in the Act, qualify for financial assistance under the Home Modification Program. Requires program applicants to have proof of disability from an agency other than a center for independent living when a disability is not obvious or readily apparent. Provides that, in addition to other local, State, and federal requirements, all contractors must follow the requirements under the Illinois Accessibility Code. Expands the definition of "home modification" to include any change to the structure of a residential home or property to create universal design. Defines "universal design" to mean any dwelling unit designed and constructed that is safe and accessible for everyone, regardless of age, physical ability, or stature. Makes technical changes.

20 ILCS 2630/5.2

Amends the Criminal Identification Act. Provides that a trafficking victim may petition for vacation and expungement of an offense (rather than shall be eligible to petition for immediate sealing) upon the completion of his or her last sentence if his or her participation in the underlying offense was proximately caused by the human trafficking (rather than a direct result of human trafficking). Provides that, if the offense is a crime of violence, the trafficking victim may petition for immediate sealing of the offense upon the completion of his or her last sentence. Provides that a petition may be prepared, signed, and filed electronically. Provides that the court may allow the petitioner to attend any required hearing remotely by audiovisual conference if the petition affirms that attendance in court would be an undue hardship or could create a risk of harm to the petitioner, and provides that the court may allow a petition to be filed under seal if the public filing of the petition would constitute a risk of harm to the petitioner.

House Committee Amendment No. 1

Provides that a trafficking victim may petition for vacation and expungement or immediate sealing of his or her criminal record (rather than expungement of an offense) upon the completion of his or her last sentence under specified circumstances. Provides that, if the offense is a crime of violence that is not a misdemeanor offense (rather than a crime of violence), the trafficking victim may only petition for immediate sealing of the offense upon the completion of his or her last sentence.

House Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill, as amended by House Amendment No. 1, with the following changes. Replaces a requirement making an offense eligible for vacation and expungement or immediate sealing if it was proximately caused by human trafficking with a provision allowing vacation and expungement or immediate sealing if the offense was a result of human trafficking. Removes an exception providing that a trafficking victim may petition only for immediate sealing if the offense was a crime of violence other than a misdemeanor.

House Floor Amendment No. 3

Provides that a petition for the vacation and expungement or sealing of trafficking victims' crimes shall (rather than may) be prepared, signed, and filed in accordance with Supreme Court Rule 9 (rather than prepared, signed, and filed electronically). Provides that the court may allow the petitioner to attend any required hearing remotely in accordance with local rules (rather than by audiovisual conference if the petition affirms that attendance in court would be an undue hardship or could create a risk of harm to the petitioner).

HB 03135 (CONTINUED)

Replaces everything after the enacting clause. Amends the Illinois Human Rights Act. Provides that after filing a complaint under the Employment Article, Financial Credit Article, Public Accommodations Article, Elementary, Secondary, and Higher Education Article, or Additional Civil Rights Violations Article, the Department of Human Rights may petition and shall be permitted to intervene as a party in the proceeding if the Human Rights Commission determines that: the Department has an interest different from one or more of the parties; the expertise of the Department makes it better suited to articulate a particular point of view; or the representation of the Department's interest by existing parties is or may be inadequate and the Department will or may be bound by an order or judgment in the action. Provides that if the Department certifies that the case is of general public importance, the Attorney General may seek to intervene on behalf of the Department in a civil action filed by a complainant in State or federal court. Requires, in various situations, a complainant to notify the Department that a complaint has been filed by serving a copy of the complaint on the chief legal counsel of the Department within 21 days from the date that the complaint is filed in circuit court. Requires a complainant who chooses to file a complaint with the Commission without the Department's assistance to notify the Department that a complaint has been filed by serving a copy of the complaint on the chief legal counsel of the Department within 21 days from the date that the complaint is filed with the Commission. Provides that a petition for temporary relief shall contain a certification by the Director of the Department that the particular matter warrants temporary relief (rather than that the matter presents exceptional circumstances in which irreparable injury will result from a civil rights violation in the absence of temporary relief). Provides that the filing of a petition for temporary relief does not affect the initiation or continuation of other specified administrative proceedings. Removes language providing that when a petition for temporary relief is based upon a civil rights violation, the relief or restraining order shall not exceed 5 days. Provides that proceedings on requests for review shall toll the time limitation from the date on which the Department's notice of dismissal or default is issued until 30 days after (rather than issued to) the date on which the Human Rights Commission's order is served on the chief legal counsel of the Department (rather than when the order is entered). Makes other changes.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the engrossed bill, and makes the following changes: In a provision regarding opting out of a Department of Human Rights investigation, requires a complainant to notify the Department (rather than the Department and the respondent) that a complaint has been filed with the appropriate circuit court (rather than with the appropriate circuit court or other appropriate court of competent jurisdiction) by serving (rather than mail) a copy of the complaint on the chief legal counsel of the Department (rather than the Department and the respondent) within 21 days from the date (rather than on the same date) that the complaint is filed with the appropriate circuit court. Provides that the 21-day period for service on the chief legal counsel shall not be construed to be jurisdictional.

20 ILCS 2630/5.2

Amends the Criminal Identification Act. Provides that a trafficking victim may petition for vacation and expungement of an offense (rather than shall be eligible to petition for immediate sealing) upon the completion of his or her last sentence if his or her participation in the underlying offense was proximately caused by the human trafficking (rather than a direct result of human trafficking). Provides that, if the offense is a crime of violence, the trafficking victim may petition for immediate sealing of the offense upon the completion of his or her last sentence. Provides that a petition may be prepared, signed, and filed electronically. Provides that the court may allow the petitioner to attend any required hearing remotely by audiovisual conference if the petition affirms that attendance in court would be an undue hardship or could create a risk of harm to the petitioner, and provides that the court may allow a petition to be filed under seal if the public filing of the petition would constitute a risk of harm to the petitioner.

House Committee Amendment No. 1

Provides that a trafficking victim may petition for vacation and expungement or immediate sealing of his or her criminal record (rather than expungement of an offense) upon the completion of his or her last sentence under specified circumstances. Provides that, if the offense is a crime of violence that is not a misdemeanor offense (rather than a crime of violence), the trafficking victim may only petition for immediate sealing of the offense upon the completion of his or her last sentence.

House Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill, as amended by House Amendment No. 1, with the following changes. Replaces a requirement making an offense eligible for vacation and expungement or immediate sealing if it was proximately caused by human trafficking with a provision allowing vacation and expungement or immediate sealing if the offense was a result of human trafficking. Removes an exception providing that a trafficking victim may petition only for immediate sealing if the offense was a crime of violence other than a misdemeanor.

Representative Tony M. McCombie
HB 02418 (CONTINUED)

House Floor Amendment No. 3

Provides that a petition for the vacation and expungement or sealing of trafficking victims' crimes shall (rather than may) be prepared, signed, and filed in accordance with Supreme Court Rule 9 (rather than prepared, signed, and filed electronically). Provides that the court may allow the petitioner to attend any required hearing remotely in accordance with local rules (rather than by audiovisual conference if the petition affirms that attendance in court would be an undue hardship or could create a risk of harm to the petitioner).

Amends the Criminal Code of 2012. Changes the statute of limitations for grooming to provide that when the victim is under 17 years of age at the time of the offense, a prosecution for grooming may be commenced within 10 years after the victim or the person with a disability attains 17 years of age. Changes the name of the offenses of child sexual abuse material to child sexual abuse material. Changes the penalty for grooming from a Class 4 to a Class 3 felony. Deletes references to criminal transmission of HIV in various statutes. In the Sex Offenses Article of the Criminal Code of 2012, provides a definition for "unable to give knowing consent". Provides that a person commits sexual exploitation of a child if in the presence or virtual presence, or both, of a child and with knowledge that a child or one whom he or she believes to be a child would view his or her acts, that person knowingly entices, coerces, or persuades a child to participate in the production of the recording or memorializing a sexual act of persons ages 18 or older. Provides that a violation of this provision of sexual exploitation of a child is a Class 4 felony for a first offense; and a Class 3 felony for a second or subsequent offense, or if the person has been previously convicted of a sex offense. Amends the Code of Criminal Procedure of 1963. Provides that the court may set any conditions it finds just and appropriate on the taking of testimony of a victim or witness who is under 18 years of age or an intellectually disabled person or a person affected by a developmental disability (rather than a victim who is a child under the age of 18 years or a moderately, severely, or profoundly intellectually disabled person or a person affected by a developmental disability) involving the use of a facility dog in any criminal proceeding. Makes other changes concerning the admissibility of evidence in cases involving involuntary servitude, involuntary sexual servitude of a minor, and trafficking in persons. Amends various Acts to change references from "child pornography" to "child sexual abuse material".

House Committee Amendment No. 1

Provides that the definition of "family member" in the Sex Offenses Article of the Criminal Code of 2012 includes a sibling. Provides that "family member" also means, if the victim is under 18 years of age, an accused who has resided in the household with the child continuously for at least 3 (rather than 6) months. Restores a reference to aggravated child pornography which offense was repealed by Public Act 97-995, effective January 1, 2013.

House Committee Amendment No. 2

In the definition provisions of the Sex Offenses Article of the Criminal Code of 2012, deletes in the definition of "unable to give knowing consent" that the victim could not give intelligent agreement to the sexual act. Provides that a violation of the provisions of sexual exploitation of a child by knowingly enticing, coercing, or persuading a child to participate in the production of the recording or memorializing a sexual act of persons ages 18 or older is a Class 4 felony (rather than a Class 4 felony for a first offense and a Class 3 felony for a second or subsequent offense or if the person has been previously convicted of a sex crime). Provides that in order to commit the offense of grooming, the person be 5 years or more older than a child victim, or holding a position of trust, authority, or supervision in relation to the child at the time of the offense.

House Committee Amendment No. 3

In the amendatory changes to the Criminal Code of 2012, restores the Class 4 felony penalty for grooming.

HR 00247 (CONTINUED)

Urges fire departments and other public safety agencies to analyze the culture of their respective department and to ensure a culture is in place that promotes training, communication, and accountability in order to help mitigate the NIOSH 5 from occurring. Urges fire departments to continue to critique their response after fires, to learn from past experiences, and to include in their culture and procedures open discussions about the NIOSH 5, studying NIOSH reports as a crew, and utilization of the Firefighter Near Miss Reporting System. Pledges to support the State's firefighters, fire departments, and public safety agencies in this endeavor. Recognizes that the continued deaths and injuries of our brave firefighters and first responders are a stark reminder of the importance of reiterating the basic concepts of firefighting and that the top five occupational factors distinctly show that a fire department's culture can lead to line-of-duty deaths (LODDs).

HB 03277 (CONTINUED)

Amends the Environmental Protection Act. Provides that incidental sales of finished compost do not need to be applied to agronomic rates in determining whether a person needs a permit to conduct a landscape waste composting operation at specified sites. Removes a provision requiring that no fee is charged for the acceptance of materials to be composted in order for a site having 10 or more occupied non-farm residences within 1/2 mile of its boundaries to be excepted from permit requirements.

House Floor Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes:
Restores language that prohibits a landscape waste composting facility that is located within one-half mile of 10 or more occupied non-farm residences from obtaining a waste permitting exemption unless, among other things, no fee is charged for the acceptance of materials to be composted at the facility. Provides that "incidental sale of finished compost" means the sale of finished compost that meets general use construction standards and is no more than 20% or 300 cubic yards, whichever is less, of the total compost created annually by a private landowner for the landowner's own use.

Provides that the amendatory Act may be referred to as the Residential Facility Safety and Support Act. Amends the Department of Human Services Act. In provisions concerning investigative reports issued by the Department of Human Services' Inspector General that pertain to allegations of resident abuse or neglect at State-operated mental health facilities, expands the list of reportable conduct to include material obstruction of an investigation by a facility employee. Requires the Inspector General to report to the Department of Public Health's Health Care Worker Registry, the identity and finding of each employee of a facility or agency against whom there is a final investigative report prepared by the Office of the Inspector General containing a substantiated allegation of material obstruction of an investigation. Defines "material obstruction of an investigation" and "presenting untruthful information". Amends the Mental Health and Developmental Disabilities Administrative Act. Prohibits mental health facilities or agencies that are licensed, certified, operated, or funded by the Department of Human Services from employing any person identified by the Health Care Worker Registry as having been the subject of a substantiated finding of physical abuse, sexual abuse, financial exploitation, egregious neglect, or material obstruction of an investigation (rather than abuse or neglect of a service recipient). Amends the Health Care Worker Background Check Act. Prohibits health care employers from hiring or retaining any individual in a position with duties involving direct care of clients, patients, or residents who has a finding by the Department of Human Services denoted on the Health Care Worker Registry of material obstruction of an investigation. Amends the Rescue Squad Districts Act, which is becoming the Emergency Services District Act on January 1, 2024. Increases the amount of the levy that a district may initially levy upon formation of the district from .20% to .40%. Provides that districts organized before January 1, 2024 may, by ordinance or resolution, increase the tax rate authorized by their organizational proposition by up to .20% (but no more than a .40% tax rate in the aggregate, including the amount levied under the organization proposition). Provides that the aggregate amount of all district tax levies may not exceed .80% (with no more than .40% authorized by the organizational referendum and .40% authorized by an ambulance service tax referendum). Provides that the board of trustees of a district may fix, charge, and collect fees not exceeding the reasonable cost of the service for ambulance services rendered by the district within or outside of the district (rather than fix, charge, and collect fees against persons who are not residents of the district and against businesses and other entities that are not located within the district). Removes a provision setting fee amounts at a rate not to exceed \$250 per hour and not to exceed \$70 per hour per ambulance worker responding to a call for assistance. Provides that the fee that may be charged to reimburse the district for extraordinary expenses of materials used in rendering ambulance services may be up to the reasonable cost of the materials. Effective immediately.

Amends the Biometric Information Privacy Act. Changes the term "written release" to "written consent". Provides that the written policy that is developed by a private entity in possession of biometric identifiers shall be made available to the person from whom biometric information is to be collected or was collected (rather than to the public). Provides that an action brought under the Act shall be commenced within one year after the cause of action accrued if, prior to initiating any action against a private entity, the aggrieved person provides a private entity 30 days' written notice identifying the specific provisions the aggrieved person alleges have been or are being violated. Provides that if within the 30 days the private entity actually cures the noticed violation and provides the aggrieved person an express written statement that the violation has been cured and that no further violations shall occur, no action for individual statutory damages or class-wide statutory damages may be initiated against the private entity. Provides that if a private entity continues to violate the Act in breach of the express written statement, the aggrieved person may initiate an action against the private entity to enforce the written statement and may pursue statutory damages for each breach of the express written statement and any other violation that postdates the written statement. Provides that a prevailing party may recover: against a private entity that negligently violates the Act, actual damages (rather than liquidated damages of \$1,000 or actual damages, whichever is greater); or against a private entity that willfully (rather than intentionally or recklessly) violates the Act, actual damages plus liquidated damages up to the amount of actual damages (rather than liquidated damages of \$5,000 or actual damages, whichever is greater). Provides that the Act does not apply to a private entity if the private entity's employees are covered by a collective bargaining agreement that provides for different policies regarding the retention, collection, disclosure, and destruction of biometric information. Makes other changes.

Replaces everything after the enacting clause. Amends the Higher Education Student Assistance Act with respect to the AIM HIGH Grant Pilot Program. Removes language referring to the program as a pilot program. Requires each participating public university to indicate that grants under the program come from AIM HIGH and to use the words "AIM HIGH" in the name of any grant under the program and in any published or posted materials about the program. Provides that each public university campus shall allow qualified full-time undergraduate students to apply for a grant, but may choose to allow qualified part-time undergraduate students who are enrolling in their final semester at the public university campus to also apply. Provides that a public university in which an average of at least 49% of the students seeking a bachelor's degree or certificate received a Pell Grant over the prior 3 academic years shall match 35% (instead of 20%) of the amount of funds awarded in a given academic year with non-loan financial aid for eligible students. Provides that a public university in which an average of less than 49% of the students seeking a bachelor's degree or certificate received a Pell Grant over the prior 3 academic years shall match 70% (instead of 60%) of the amount of funds awarded in a given academic year with non-loan financial aid for eligible students. HB 05304 (CONTINUED)

Creates the Highway Work Zone Safety Act. Establishes the Highway Work Zone Speed Control Pilot Program. Provides that the Program's purpose is to enforce the speed limits established for construction or maintenance speed zones. Requires the Department of Transportation to install and operate an automated traffic control system only when highway construction and maintenance is occurring and when workers are present. Requires the Department to conduct a public safety campaign and post signage to inform drivers about the use of an automated traffic control system that detects speeds in excess of a work zone speed limit. Requires an automated traffic control system used in the Program to undergo an annual calibration check performed by an independent calibration laboratory. Provides that the Department shall employ automated traffic control system operators to operate an automated traffic control system at a construction or maintenance speed zone. Enumerates the duties and training requirements of an automated traffic control system operator. Limits the use of a photograph or recorded image captured by an automated traffic control system. Creates a presumption that the owner of a motor vehicle that is the subject of a photograph or recorded image was operating the motor vehicle when the photograph or recorded image was obtained through an automated traffic control system. Allows the presumption to be rebutted if specified conditions are met. Grants rulemaking authority to the Department. Defines terms. Repeals the Automated Traffic Control Systems in Highway Construction or Maintenance Zones Act. Makes conforming changes.

House Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Provides that the Illinois State Police (rather than the Department of Transportation) shall establish and administer the Highway Work Zone Speed Control Pilot Program. Provides that the Illinois State Police (rather than the Department of Transportation) shall install and operate automated traffic control systems in highway construction and maintenance speed zones to detect violations of posted work zone speed limits (rather than when highway construction or maintenance is occurring and when workers are present). Provides that the Illinois State Police (rather than the Department of Transportation) shall conduct a public information campaign for the Program. Removes provisions regarding maintenance of automated traffic control systems. Provides that the Illinois State Police (rather than the Department of Transportation) shall employ automated traffic control system operators. Removes provisions regarding specified requirements, duties, and restrictions for automated traffic control system operators. Provides that the Illinois State Police may adopt rules to establish requirements, duties, or restrictions for automated traffic control system operators. Removes provisions regarding liability, defenses, and civil penalties for violations. Provides that a person who owns a motor vehicle that is identified by an automated traffic control system as operating in a construction or maintenance speed zone at a speed in excess of the posted speed limit is guilty of a civil law violation, with a fine of \$100 to \$200, with specifications regarding the fine. Provides that a person found to have committed a third or subsequent violation, and found to have failed to pay all fines and costs within 30 days, is guilty of a separate civil law violation. Removes provisions regarding administrative reporting requirements. Provides that the Illinois State Police may conduct procurement and adopt rules to implement and administer the Act (rather than the Department of Transportation shall adopt rules including rules establishing procedures for notices, hearings, and appeals). Removes the definitions of "Authority" and "Department". Makes technical and other changes. Effective January 1, 2027, except that provisions regarding procurement and rulemaking are effective immediately.

Creates the Nonopioid Alternatives for Pain Act. Requires the Department of Public Health to develop and publish an educational pamphlet regarding the use of nonopioid alternatives for pain treatment. Provides that a health care practitioner shall exercise professional judgment in selecting appropriate treatment modalities for pain in accordance with specified Centers for Disease Control and Prevention guidelines, including the use of nonopioid alternatives whenever nonopioid alternatives exist. Sets forth provisions concerning exceptions, execution of a nonopioid directive, opioid administration to a patient with a nonopioid directive, and limitations of liability. Amends the Illinois Insurance Code. Provides that when a licensed health care practitioner prescribes a nonopioid medication for the treatment of acute pain, it shall be unlawful for a health insurance issuer to deny coverage of the nonopioid prescription drug in favor of an opioid prescription drug or to require the patient to try an opioid prescription drug before providing coverage. Removes all of the provisions of the Nonopioid Alternatives for Pain Act except for the provisions requiring the Department of Public Health to develop and publish on its website an educational pamphlet regarding the use of nonopioid alternatives for the treatment of acute nonoperative, acute perioperative, subacute, or chronic pain. Moves those provisions to the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. In provisions amending the Illinois Insurance Code and the Illinois Public Aid Code, removes language providing that the provisions apply to a nonopioid drug immediately upon its approval by the U.S. Food and Drug Administration. Provides that the Department of Healthcare and Family Services shall ensure that nonopioid drugs preferred on the Department's preferred drug list, and approved by the U.S. Food and Drug Administration, for the treatment or management of pain shall not be disadvantaged or discouraged with respect to coverage relative to any opioid or narcotic drug for the treatment or management of pain (instead of with respect to coverage relative to any opioid or narcotic drug for the treatment or management of pain on the Illinois Medicaid Preferred Drug List, where impermissible disadvantaging or discouragement includes, without limitation: designating any such nonopioid drug as a nonpreferred drug if any opioid or narcotic drug is designated as a preferred drug; or establishing more restrictive or more extensive utilization). Removes language concerning the applicability of the provisions to drugs provided under a contract between the Department and a managed care organization. Provides that the changes to the Illinois Insurance Code and the Illinois Public Aid Code are effective January 1, 2026.

Replaces everything after the enacting clause. Amends the Cemetery Protection Act. Defines "veteran" and "veterans' organization". Provides that if a veterans' organization has identified human remains of a veteran that are more than 100 years old and wishes to have a marker placed to designate the grave as that of a veteran, a cemetery authority may allow such memorialization without permission of the decedent's heirs. New Act

Creates the Home Modification Program Act. Provides that the purpose of the Act is to establish a home modification funding system that is streamlined, effective, and administered by experts within the disability community. Provides that, subject to appropriation, the Department of Human Services shall establish a Home Modification Program to provide financial assistance to persons with disabilities for home modification projects. Requires the Department to designate a statewide association that represents centers for independent living to serve as the lead agency to administer the Program. Requires the Department to provide funding for the Program. Requires the lead agency to distribute any moneys it receives from the Department to the State's 22 centers for independent living, covering all 102 counties. Provides that the lead agency shall ensure that each center for independent living has access to at least \$105,000 to use for home modification projects, with the excess funds subject to reallocation during the 4th fiscal quarter of each year. Contains provisions concerning eligibility requirements for applicants under the Program; standards and qualifications for home modification projects; the lead agency's establishment of a Home Modification Subcommittee to provide additional oversight of the home modification projects; and an administrative fee to the lead agency.

House Committee Amendment No. 1

Expands the list of findings to include the following: nearly 3,900,000 veterans receive disability compensation payments; these veterans have sacrificed in service to their country and defense of our freedoms; and home modifications will help Illinois veterans to regain and maintain their own freedom to utilize their homes and access the world around them. Provides that older adults and veterans who have a disability, as defined in the Act, qualify for financial assistance under the Home Modification Program. Requires program applicants to have proof of disability from an agency other than a center for independent living when a disability is not obvious or readily apparent. Provides that, in addition to other local, State, and federal requirements, all contractors must follow the requirements under the Illinois Accessibility Code. Expands the definition of "home modification" to include any change to the structure of a residential home or property to create universal design. Defines "universal design" to mean any dwelling unit designed and constructed that is safe and accessible for everyone, regardless of age, physical ability, or stature. Makes technical changes.

Amends the Environmental Protection Act. Provides that an owner or operator of a community water supply must (rather than may) provide a consumer notice by email (if an email address is available) when replacing a lead service line or repairing or replacing water mains with lead service lines or partial lead service lines attached to them. Requires a municipality with a population in excess of 1,000,000 inhabitants to publicly post, on its website, data related to the progress it has made in installing publicly-funded lead service lines. Amends the Residential Real Property Disclosure Act. Requires the seller to disclose on the real estate disclosure form any discovered concentration of or unsafe conditions relating to lead paint, lead water pipes, lead plumbing pipes or lead in the soil on the premises (rather than unsafe concentrations of or unsafe conditions relating to lead paint, lead water pipes, lead plumbing pipes or lead in the soil on the premises).

House Floor Amendment No. 1

Provides that an affected municipality's duty to post the specified data terminates only when all lead service lines within the municipality have been replaced. Further specifies that the provisions added by the amendatory Act are not to be construed to replace, undermine, conflict with, or otherwise amend the responsibilities and requirements set forth in a separate lead service line reporting requirement in the Act. Effective immediately.

Amends the Environmental Protection Act. Provides that incidental sales of finished compost do not need to be applied to agronomic rates in determining whether a person needs a permit to conduct a landscape waste composting operation at specified sites. Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes:
Restores language that prohibits a landscape waste composting facility that is located within one-half mile of 10 or more occupied non-farm residences from obtaining a waste permitting exemption unless, among other things, no fee is charged for the acceptance of materials to be composted at the facility. Provides that "incidental sale of finished compost" means the sale of finished compost that meets general use construction standards and is no more than 20% or 300 cubic yards, whichever is less, of the total compost created annually by a private landowner for the landowner's own use.

105 ILCS 302/1

Amends the College and Career Success for All Students Act. Makes a technical change in a Section concerning the short title.

House Floor Amendment No. 1

Deletes reference to:

105 ILCS 302/1

Adds reference to:

105 ILCS 5/34-18.87 new

Replaces everything after the enacting clause. Amends the Chicago School District Article of the School Code. Prohibits, until February 1, 2027, the Chicago Board of Education from closing any attendance center within the school district that has selective admission requirements that apply to the entire student body. Prohibits, until February 1, 2027, the Board from changing the standards for admission to any attendance center within the school district that has selective admission requirements that apply to the entire student body. Provides that the Board shall not take any action, until February 1, 2027, that results in a disproportionate decrease in either the total amount or percentage of funds allocated to an attendance center within the school district that has selective admission requirements that apply to the entire student body compared to other attendance centers of comparable size. Effective immediately.

House Floor Amendment No. 3

Adds reference to:

105 ILCS 5/34-18.69

Prohibits the Chicago Board of Education from approving any school closings, consolidations, or phase-outs until February 1, 2027 (instead of until January 15, 2025). Removes a provision prohibiting, until February 1, 2027, the Chicago Board of Education from closing any attendance center within the school district that has selective admission requirements that apply to the entire student body.

Racial Impact Note (Illinois State Board of Education)

Pursuant to 25 ILCS 83/110-10 the State Board of Education does not believe HB 303 as amended would pose a racial impact as it would not change the existing procedures or operations of any attendance center within the district.

Fiscal Note (Illinois State Board of Education)

H.B. 303, as amended by House Amendment 3, would extend the prohibition on the board of Chicago Public Schools approving any school closings, consolidations, or phase-outs through February 1, 2027. It would also prohibit the board from changing admission standards for schools with selective admission requirements or from disproportionately decreasing funding for such schools. This change would not have a fiscal impact to the State Board of Education.

Amends the Laser System Act of 1997. Defines "laser installation operator", "laser safety officer", "temporary laser display", and "temporary laser display operator". Throughout the Act, refers to laser installation operators or temporary laser display operators (rather than just operators). Requires laser installations to employ a laser safety officer. Requires the Illinois Emergency Management Agency to adopt rules specifying minimum training and experience requirements for laser safety officers. Provides that, if a laser safety officer encounters noncompliance with the Act or rules adopted under the Act in the course of performing his or her duties as a laser safety officer, then the laser safety officer shall report that noncompliance to the Agency as soon as practical. Requires temporary laser display operators to ensure that each temporary laser display has a laser safety officer physically present at the setup, rehearsal, and performance to ensure that all laser systems in operation at the laser installation meet the requirements of the Act and any rules adopted by the Agency under the Act. Requires temporary laser displays and laser safety officers to maintain a policy of general liability insurance in an amount that is commercially reasonable, but not less than \$1,000,000, and that covers each temporary laser display and laser safety officer. Requires temporary laser display operators to register with the Agency prior to conducting a temporary laser display. Contains notification requirements. Makes other changes.

House Floor Amendment No. 1

Representative Brad Stephens

HB 01132 (CONTINUED)

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with changes. Provides that the definition of "laser system" includes laser projectors and laser machines, but does not include any device, machine, equipment, or other apparatus used in the provision of communications through fiber optic cable. Deletes language requiring a laser installation operator to request blanket registration approval by the Illinois Emergency Management Agency. Provides that a laser display operator shall provide updated registration information as needed (rather than within 30 days after any change to the information). Makes other technical changes.

Senate Committee Amendment No. 1

Changes the definition of "laser safety officer". Provides that each laser installation whose function is for the use of a temporary laser display shall use a laser safety officer.

New Act

30 ILCS 105/5.1012 new

Creates the O'Hare Driver Safety Act. Provides that a person operating a motor vehicle shall not stop or stand the person's vehicle on a shoulder of a highway including the highway entrance and exit ramps or on the side of a roadway within a 2-mile radius surrounding O'Hare International Airport. Establishes that a person who violates the provisions shall be subject to a \$100 fine. Limits the liability of a vehicle lessor if specified conditions are met. Requires the Illinois Toll Highway Authority to install and maintain automated traffic safety systems along traffic routes within a 2-mile radius of O'Hare International Airport. Requires all fine proceeds to be deposited into the Illinois State Police Highway Enforcement Fund. Requires the Authority to adopt rules to implement and administer the Act. Defines terms.

House Floor Amendment No. 2

Deletes reference to:

30 ILCS 105/5.1012 new

Replaces everything after the enacting clause. Reinserts the provisions of the original bill with the following changes:

Provides that a person operating a motor vehicle shall not stop or stand the person's vehicle on a shoulder of a highway along traffic routes within a one-half mile radius of: (1) the eastern entrance to O'Hare International Airport; and (2) the intersection of Interstate 90 and Interstate 294 (rather than a 2-mile radius surrounding O'Hare International Airport). Requires the Illinois Toll Highway Authority to install and maintain automated traffic safety systems along traffic routes within a one-half mile radius of: (1) the eastern entrance to O'Hare International Airport; and (2) the intersection of Interstate 90 and Interstate 294 (rather than a 2-mile radius surrounding O'Hare International Airport). Provides that language prohibiting stopping or standing within one-half mile of O'Hare International Airport do not apply if the driver of the vehicle received a Uniform Traffic Citation from a police officer at the time of the violation for the same offense. Provides that recorded images made by an automated traffic safety system are confidential and shall be made available only (i) to the alleged violator and governmental and law enforcement agencies; or (ii) in response to a lawful subpoena. Provides that a recorded image evidencing a violation of this Act may be admissible in a proceeding resulting from the issuance of a citation. Provides that proceeds from fines shall be deposited into the State Police Law Enforcement Administration Fund (rather than the Illinois State Police Highway Enforcement Fund). Removes provisions creating the Illinois State Police Highway Enforcement Fund as a special fund in the State treasury. Makes other changes.

HB 00301 (CONTINUED)

Replaces everything after the enacting clause. Amends the Higher Education Student Assistance Act with respect to the AIM HIGH Grant Pilot Program. Removes language referring to the program as a pilot program. Requires each participating public university to indicate that grants under the program come from AIM HIGH and to use the words "AIM HIGH" in the name of any grant under the program and in any published or posted materials about the program. Provides that each public university campus shall allow qualified full-time undergraduate students to apply for a grant, but may choose to allow qualified part-time undergraduate students who are enrolling in their final semester at the public university campus to also apply. Provides that a public university in which an average of at least 49% of the students seeking a bachelor's degree or certificate received a Pell Grant over the prior 3 academic years shall match 35% (instead of 20%) of the amount of funds awarded in a given academic year with non-loan financial aid for eligible students. Provides that a public university in which an average of less than 49% of the students seeking a bachelor's degree or certificate received a Pell Grant over the prior 3 academic years shall match 70% (instead of 60%) of the amount of funds awarded in a given academic year with non-loan financial aid for eligible students. Provides that each public university campus must report to the Illinois Student Assistance Commission the total non-loan financial aid amount given by the public university campus to undergraduate students in the 2017-2018 academic year or the 2021-2022 academic year (instead of just the 2017-2018 academic year), not including the summer terms. Provides that, to be eligible to receive funds under the program, a public university campus may not decrease the total amount of non-loan financial aid it gives to undergraduate students, not including any funds received from the Commission or any funds used to match grant awards, to an amount lower than the amount reported for the 2017-2018 academic year or the 2021-2022 academic year, whichever is less (instead of just the 2017-2018 academic year), not including the summer terms. Removes the repealer provision. Effective immediately.

Amends the School Code. Provides that the dyslexia handbook developed by the State Board of Education shall include guidelines on the administration of a universal screener and dyslexia screening, the interpretation of data from these screeners, and the resulting appropriate instruction within a multi-tiered system of support framework. Provides that the State Board of Education shall adopt any rules necessary to ensure that a student will be screened for the risk factors of dyslexia using a universal screener. Sets forth which students are required to be screened. Provides that no later than January 1, 2024, the State Board of Education shall employ at least 5 dyslexia specialists or dyslexia therapists with a minimum of 5 years of field experience in screening, identifying, and treating dyslexia and related disorders. Provides that beginning with the 2023-2024 school year, each school district must screen students in grades kindergarten through 2 for the risk factors of dyslexia using a universal screener approved by the State Board of Education. Provides that if a student is determined to be either at risk or at some risk for dyslexia after the universal screener has been administered, the school district must administer a dyslexia screening of the student. Provides that if a student's dyslexia screening indicates that the student has characteristics of dyslexia, the dyslexia intervention services provided to the student must utilize a structured literacy approach as outlined in the State Board of Education's handbook. Makes other changes.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the contents of the introduced bill with the following changes. In the definition of "universal screener", changes references to "an assessment" to "a screener". Provides that the "universal screener" shall screen for the risk factors of reading difficulties, including dyslexia (instead of the risk factors of dyslexia). Provides that students shall be screened if a student from another state enrolls for the first time in any of grades kindergarten through 2 in a school district in this State, provided that if a student's score is below 3.0 on either the listening or the speaking portion of the ACCESS for ELLs assessment, the student may be exempt from a universal screener as determined by the school's or school district's English language learner team (instead of unless the student, the student's parent, or the student's guardian presents documentation that the student meets specified conditions). Adds provisions concerning secondary review of a student. In provisions concerning the student's parent or guardian consent to screening, provides that the parent or guardian must be notified (rather than specified provisions concerning the nature of notification). Makes conforming changes.

Restores language that prohibits a landscape waste composting facility that is located within one-half mile of 10 or more occupied non-farm residences from obtaining a waste permitting exemption unless, among other things, no fee is charged for the acceptance of materials to be composted at the facility. Provides that "incidental sale of finished compost" means the sale of finished compost that meets general use construction standards and is no more than 20% or 300 cubic yards, whichever is less, of the total compost created annually by a private landowner for the landowner's own use.

105 ILCS 5/22-100 new

Amends the School Code. Provides that a school nurse or other designated person employed by a school district shall remove a tick from a student in accordance with guidelines issued by the Department of Public Health. After the tick has been removed, requires (i) the school nurse or other designated person to notify the parent or guardian of the student (and sets forth what the notice must state), (ii) the school to provide the parent or guardian with an information sheet from the federal Centers for Disease Control and Prevention or the Department of Public Health regarding the signs and symptoms of Lyme disease and Rocky Mountain spotted fever and testing labs for ticks, and (iii) the school to preserve the tick for 72 hours so that the parent or guardian may send the tick to a lab for testing and provide information to the parent or guardian on how to send the tick to a lab for testing (but allows the parent or guardian to give the school permission to dispose of the tick before the 72-hour time period has expired). Provides that the Department of Public Health shall issue guidelines on how to remove a tick, publish those guidelines on the Department of Public Health's Internet website, and, in consultation with the State Board of Education, provide the guidelines to school districts. Provides that a school district and its employees and agents shall incur no liability, except for willful or wanton conduct, as a result of any injury arising from the removal of a tick if the removal of the tick followed the guidelines issued by the Department of Public Health.

Effective July 1, 2024.

Replaces everything after the enacting clause. Amends the Cemetery Protection Act. Defines "veteran" and "veterans' organization". Provides that if a veterans' organization has identified human remains of a veteran that are more than 100 years old and wishes to have a marker placed to designate the grave as that of a veteran, a cemetery authority may allow such memorialization without permission of the decedent's heirs. Prohibits human remains from being disturbed in this process. Requires permission from the cemetery authority and compliance with the rules and regulations and any collective bargaining agreement of the involved cemetery. Requires the veterans' organization to first make a good faith effort to contact the decedent's next of kin, and if there is no response within 120 days, the process may proceed. Provides that if any heir of a decedent later objects to memorialization, the sole remedy is the removal of the involved marker at the expense of the involved veterans' organization unless the veterans' organization no longer exists or is without funds, in which case removal shall be at the expense of the heir. Prohibits any monetary damages or any other equitable relief or penalties against the cemetery authority, cemetery, or veterans' association.

Replaces everything after the enacting clause. Amends the Civil Administrative Code of Illinois. In provisions concerning expedited licensure for service members and spouses, provides that the military liaison's responsibilities include the management and oversight of all military portability licenses. Provides that the Department of Financial and Professional Regulation is authorized to issue a professional portability license to (1) a service member who is an out-of-state licensee and is under official United States military orders to relocate to the State of Illinois or (2) an out-of-state licensee whose spouse is a service member under official United States military orders to relocate to the State of Illinois. Provides the qualifications for a professional portability license. Provides that a professional portability license is subject to all statutes, rules, and regulations governing the license. Defines terms. Allows the Department to adopt rules to implement professional portability licenses. Amends the Clinical Social Work and Social Work Practice Act, the Marriage and Family Therapy Licensing Act, and the Professional Counselor and Clinical Professional Counselor Licensing and Practice Act. Provides that the Department shall approve all examination applications and notify the relevant testing authorities of the applicant's authorization to take the exam. Provides that approval to take the examination is not approval of the application. In the Clinical Social Work and Social Work Practice Act, removes the requirement that an applicant has one year from the date of notification of successful completion of the examination to apply to the Department of Financial and Professional Regulation for a license. Makes other changes.

New Act

Creates the Civil Liability for Doxing Act. Provides that an individual engages in the act of doxing when that individual intentionally publishes another person's personally identifiable information without the consent of the person whose information is published and: (1) the information is published with the intent that it be used to harm or harass the person whose information is published and with knowledge or reckless disregard that the person whose information is published would be reasonably likely to suffer death, bodily injury, or stalking; and (2) the publishing of the information: (i) causes the person whose information is published to suffer significant economic injury or mental anguish or to fear serious bodily injury or death of the person or a family or household member to the person; or (ii) causes the person whose information is published to suffer a substantial life disruption. Allows a person who is aggrieved by a violation of the Act to bring a civil action against the individual who committed the offense to recover damages and obtain any other appropriate relief. Provides that an individual who is found liable under the Act shall be jointly and severally liable with each other individual, if any, who is found liable under the Act for damages arising from the same violation of the Act. Allows a court to issue a temporary restraining order, emergency order of protection, or preliminary or permanent injunction to restrain and prevent the disclosure or continued disclosure of a person's personally identifiable information or sensitive personal information. Allows a civil action to be brought in any county in which an element of the offense occurred, or in which a person resides who is the subject of the personally identifiable information or sensitive personal information published in violation of the Act.

Authorizes a court to issue an order to prevent the publication of personally identifiable information or sensitive personal information if certain requirements are met. Requires any injunctive relief that is granted to contain specified elements. Deletes a provision which specified that the Act was to be construed liberally.

Amends the Property Tax Code. Provides that, beginning in taxable year 2024, no taxing district, other than a home rule unit, may levy a tax on any parcel of real property that is more than 105% of the base amount unless (i) the increase is attributable to substantial improvements to the property, (ii) the taxing district did not levy a tax against the property in the previous taxable year, or (iii) the increase is attributable to a special service area. Provides that "base amount" means the tax levied by the taxing district on the subject property in the immediately preceding taxable year, except that, if the property received a homestead exemption in the immediately preceding taxable year and is not eligible for that exemption in the current taxable year, then the base amount shall be the tax that would have been levied by the taxing district on the subject property in the immediately preceding taxable year if the homestead exemption had not been applied. Provides that a taxing district may elect to be exempt from those provisions for one or more taxable years if the exemption is approved by referendum. Effective immediately.

Provides that a dental service contractor shall not recoup a claim solely due to a loss of coverage for a patient or ineligibility if, at the time of treatment, the dental service contractor erroneously confirmed coverage and eligibility, but had sufficient information available to the dental service contractor indicating that the patient was no longer covered or was ineligible for coverage. Prohibits waiver of the provisions by contract.

215 ILCS 165/10

from Ch. 32, par. 604

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Makes a change in the definition of "prior authorization". Defines "dental carrier" as an insurer, dental service corporation, insurance network leasing company, or any company that offers individual or group policies of accident and health insurance that provide coverage for dental services. Changes references from "dental service contractor" and "insurer" to "dental carrier". Provides that beginning on the effective date of the amendatory Act, a dental carrier shall not deny any claim subsequently submitted for procedures specifically included in a prior authorization unless certain circumstances apply. Removes language providing that no insurer, dental service plan corporation, insurance network leasing company, or any company that amends, delivers, issues, or renews an individual or group policy of accident and health insurance that provides dental insurance on or after the effective date of the amendatory Act shall deny any claim subsequently submitted for procedures specifically included in a prior authorization unless certain circumstances apply. Further amends the Illinois Insurance Code. In a provision requiring contracting entities to provide notification before any scheduled assignment or lease of the network to which the provider is a contracted provider, requires the notification to provide the specific URL address where the following are located: all contract terms, a policy manual, a fee schedule, and a statement that the provider has the right to choose not to participate in third-party access (instead of the notification including all contract terms, a policy manual, a fee schedule, and a statement that the provider has the right to choose not to participate in third-party access). Requires the notification to provide instructions for how the provider may obtain a copy of those materials. Amends the Limited Health Service Organization Act and Voluntary Health Services Plans Act to make conforming changes.

Amends the General Provisions Article of the Illinois Pension Code. Defines "eligible Tier 2 member" as a member who first became a member under a retirement system or pension fund established under the Code on or after January 1, 2011 and whose service under the applicable Article is not eligible for Social Security coverage. Defines "hypothetical Social Security benefit" as the value of the Social Security benefit an eligible Tier 2 member would receive if the eligible Tier 2 member's service had been eligible for Social Security coverage. Provides that if an eligible Tier 2 member would receive a pension benefit that is less than the eligible Tier 2 member's hypothetical Social Security benefit, then the eligible Tier 2 member's pension benefit shall be increased to the amount of the hypothetical Social Security benefit plus \$1. Provides that the determination shall be made on an annual basis, and the amount of the pension benefit shall be adjusted annually. In the State Employees, State Universities, and Downstate Teachers Articles, provides that any benefit increase that results from the amendatory Act is excluded from the definition of "new benefit increase". Amends the State Mandates Act to require implementation without reimbursement by the State.

Supports home-visiting and Early Intervention programs as an essential component of our State's multifaceted approach to the opioid crisis, helping remediate many of its corrosive impacts on young children, their parents, and families, while also assisting efforts at preventing children from future struggles with substance use disorders of their own. Affirms these vital birth-to-3 services are a top priority for increased public resources, to strengthen their quality and extend their reach to more of the children, parents, and families who could benefit from them, particularly in communities of greatest need and those hit hardest by the opioid epidemic. Affirms home-visiting and Early Intervention services are an appropriate and necessary use for some of the hundreds of millions of funding coming to Illinois from the settlement of lawsuits against opioid makers and distributors, initiatives that can help meet the settlements' stated aims of boosting opioid remediation, treatment, and prevention.
