SB 01784    (CONTINUED)

115 ILCS 5/14 from Ch. 48, par. 1714

Replaces everything after the enacting clause. Amends the Illinois Public Labor Relations Act and the Illinois Educational Labor Relations Act. Provides that an employer is required to furnish the exclusive bargaining representative with a complete list of the names and addresses of the public employees in the bargaining unit at least once each month. Provides that the employer shall not discourage employees or applicants from becoming or remaining union members or authorizing dues deductions, and shall not otherwise interfere with the relationship between employees and their exclusive bargaining representative. Provides that the employer shall refer all inquiries about union membership to the exclusive bargaining representative, with certain exceptions. Provides that the employer may not disclose certain personal information with respect to any employee, except to that employee's exclusive representative. Contains provisions concerning the collection of dues. Amends the Illinois Pension Code. Prohibits the disclosure of certain personal information regarding participants and members. Makes other changes.

Correctional Note, House Floor Amendment No. 1 (Dept of Corrections)
There is no fiscal or population impact on the Department of Corrections.

Land Conveyance Appraisal Note, House Floor Amendment No. 1 (Dept. of Transportation)
No land conveyances are included in Senate Bill 1784 (H-AM 1); therefore, there are no appraisals to be filed.

State Debt Impact Note, House Floor Amendment No. 1 (Government Forecasting & Accountability)
SB 1784 (H-AM 1) would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Balanced Budget Note, House Floor Amendment No. 1 (Office of Management and Budget)
The Balanced Budget Note Act does not apply to this bill as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

This legislation would neither increase nor decrease the number of judges needed in the State of Illinois.

Pension Note, House Floor Amendment No. 1 (Government Forecasting & Accountability)
There is no discernible fiscal impact associated with SB 1784, as amended by HA 1.

Fiscal Note, House Floor Amendment No. 1 (IL Educational Labor Relations Board)
In the event Senate Bill 1784 (H-AM 1) passes and becomes law, it is not expected to have any measurable fiscal impact on the Illinois Educational Labor Relations Board.

Housing Affordability Impact Note, House Floor Amendment No. 1 (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

House Floor Amendment No. 2
Makes changes to the bill as amended by House Amendment No. 1 by providing that certain references to dues of a labor organization also include other payments to a labor organization. Makes a technical correction to change a reference from "employee" to "participant". Provides that certain provisions of House Amendment No. 1 concerning the disclosure of information by a pension fund or retirement system do not apply to a labor organization or other voluntary association affiliated with a labor organization or labor federation (in House Amendment No. 1, a labor organization or an exclusive representative).

Amends the Biometric Information Privacy Act. Changes the term of "written release" to "written consent". Provides that the written policy that is developed by a private entity in possession of biometric identifiers shall be made available to the person from whom biometric information is to be collected or was collected (rather than to the public). Provides that an action brought under the Act shall be commenced within one year after the cause of action accrued if, prior to initiating any action against a private entity, the aggrieved person provides a private entity 30 days' written notice identifying the specific provisions the aggrieved person alleges have been or are being violated. Provides that if within the 30 days the private entity actually cures the noticed violation and provides the aggrieved person an express written statement that the violation has been cured and that no further violations shall occur, no action for individual statutory damages or class-wide statutory damages may be initiated against the private entity. Provides that if a private entity continues to violate the Act in breach of the express written statement, the aggrieved person may initiate an action against the private entity to enforce the written statement and may pursue statutory damages for each breach of the express written statement and any other violation that postdates the written statement. Provides that a prevailing party may recover: against a private entity that negligently violates the Act, actual damages (rather than liquidated damages of $1,000 or actual damages, whichever is greater); or against a private entity that willfully (rather than intentionally or recklessly) violates the Act, actual damages plus liquidated damages up to the amount of actual damages (rather than liquidated damages of $5,000 or actual damages, whichever is greater). Provides that the Act does not apply to a private entity if the private entity's employees are covered by a collective bargaining agreement that provides for different policies regarding the retention, collection, disclosure, and destruction of biometric information. Replaces everything after the enacting clause. Amends the Pediatric Palliative Care Act. Repeals a provision that made the Act inoperative on and after July 1, 2012. Makes changes to the legislative findings. Provides that the General Assembly finds that each year, approximately 1,500 (rather than 1,185) Illinois children are diagnosed with a serious illness (rather than with a potentially life-limiting illness); and that community-based pediatric palliative services have been shown to keep children out of the hospital by managing many symptoms in the home setting, thereby improving childhood quality of life while maintaining budget neutrality.

Requires the Department of Healthcare and Family Services to develop a pediatric palliative care program (rather than a pediatric palliative care pilot program) under which a qualifying child may receive community-based pediatric palliative care from a trained interdisciplinary team and may also choose to continue to pursue aggressive curative or disease-directed treatments for a serious (rather than a potentially life-limiting) illness under the benefits available under Article V of the Illinois Public Aid Code. Defines a qualifying child to be a person under the age of 19 (rather than 18) who is enrolled in the medical assistance program under the Illinois Public Aid Code and who suffers from a serious illness (rather than a potentially life-limiting medical condition). Requires the Department to apply to the federal Centers for Medicare and Medicaid Services for a State Plan amendment to implement the program. Requires the Department to implement the State plan amendment within 12 months of the date of federal approval. Prohibits the Department from drafting any rules in contravention of this timetable for program development and implementation. Removes all provisions concerning application for a federal Medicaid waiver program authorized under the Social Security Act. Expands the list of serious illnesses (rather than medical conditions) that render a person eligible for pediatric palliative care to include any other serious illness that the Department determines to be appropriate. In a provision concerning authorized providers, provides that at a minimum, a participating provider must house a pediatric interdisciplinary team that includes: (i) a physician, acting as the program medical director, who is board certified or board eligible in pediatrics or hospice and palliative medicine; (ii) a registered nurse; and (iii) a licensed social worker with a background in pediatric care. Requires all members of the pediatric interdisciplinary team to meet criteria the Department may establish by rule, including demonstrated expertise in pediatric palliative care (rather than requiring all members of the pediatric interdisciplinary team to submit to the Department proof of pediatric End-of-Life Nursing Education Curriculum (Pediatric ELNEC Training) or an equivalent). Expands the list of reimbursable services offered under the program to include any other services that the Department determines to be appropriate. Requires the Department, in consultation with interested stakeholders, to establish standards for and provide technical assistance to managed care organizations, as defined in the Illinois Public Aid Code, to ensure the delivery of pediatric palliative care services. Contains provisions concerning reporting requirements and criteria a case manager must meet for demonstrated expertise in pediatric palliative care.

Amends the Environmental Protection Act. Provides that in the event of an ethylene oxide leak a facility shall issue a notice with specified information immediately upon discovery to all affected property owners and local government within 2,500 feet of the leak site. Provides that the amendatory Act's provisions apply only to an owner or operator of a sterilization source using one ton or more of ethylene oxide in a rolling 12-month period of sterilization or fumigation operations, and do not apply to beehive fumigators, research or laboratory facilities, or sources such as hospitals, doctors' offices, clinics, or other facilities for which the primary purpose is to provide medical services to humans or animals.

House Floor Amendment No. 2
Senator John F. Curran  
SB 01852  (CONTINUED)

Replaces everything after the enacting clause. Amends the Environmental Protection Act. Provides that no person shall conduct ethylene oxide sterilization operations, unless the ethylene oxide sterilization source captures 100% of all ethylene oxide emissions and reduces ethylene oxide emissions to the atmosphere from each exhaust point at the ethylene oxide sterilization source by at least 99.9% or to 0.2 parts per million. Requires that, within 180 days after the effective date of the amendatory Act or prior to any ethylene oxide sterilization operation for any source that first becomes subject to regulation after the effective date as an ethylene oxide sterilization source, the owner or operator of the ethylene oxide sterilization source shall conduct an initial emissions test. Sets forth criteria for the test and requires certain information concerning the test be submitted to the Environmental Protection Agency. Requires the owner or operator of the ethylene oxide sterilization source to conduct emissions testing on all exhaust points at the ethylene oxide sterilization source at least once each calendar year (at least 6 months apart) to demonstrate compliance with these requirements and any applicable requirements concerning ethylene oxide that are set forth in either United States Environmental Protection Agency rules or Pollution Control Board rules. Provides that if certain conditions are not met the owner or operator of an ethylene oxide sterilization source shall immediately cease ethylene oxide sterilization operations and notify the Agency within 24 hours of becoming aware of a failed emissions test. Within 60 days after the date of the test, requires the owner or operator of the ethylene oxide sterilization source to: complete an analysis to determine the root cause of the failed emissions test; take any actions necessary to address that root cause; submit a report to the Agency; and restart operations only to the extent necessary to conduct additional emissions tests. Provides that, beginning 180 days after the effective date of the amendatory Act or prior to any ethylene oxide sterilization operation for any source that first becomes subject to regulation after the effective date of the amendatory Act as an ethylene oxide sterilization source, no person shall conduct ethylene oxide sterilization operations unless the owner or operator of the ethylene oxide sterilization source submits for review and approval by the Agency an Ambient Air Monitoring Plan. Requires the owner or operator of an ethylene oxide sterilization source to apply for and obtain a construction permit from the Agency for any modifications made to the source to comply with the requirements of the amendatory Act and a modification of the source's operating permit to incorporate such modifications made to the source. Prohibits a person from conducting ethylene oxide sterilization operations unless the owner or operator of the ethylene oxide sterilization source has performed dispersion modeling and the Agency approves such modeling. Prohibits a facility that is permitted to emit ethylene oxide and subject to a seal order from using ethylene oxide for sterilization or fumigation purposes. Requires specified entities to notify the Agency of any property right in sterilization technology that does not involve the use of ethylene oxide. Provides that, within 30 days after discovering noncompliance with specified requirements the Agency must post a notice on its website and notify the specified persons and entities. Requires the Agency to conduct at least one unannounced inspection of all ethylene oxide sterilization sources subject to the provisions per year. Requires the Agency to (i) conduct air testing to determine ambient levels of ethylene oxide and (ii) submit rules for ambient air testing of ethylene oxide to the Board within 180 days after the amendatory Act's effective date. Effective immediately.

Amends the Environmental Protection Act. Provides that beginning on the effective date of the amendatory Act no facility shall have fugitive emissions of ethylene oxide above zero. Provides that each facility shall be subject to regular and frequent inspections and testing to ensure that no fugitive emissions of ethylene oxide exist. Provides that inspections shall be unannounced and conducted by a third party chosen by the municipality in which the facility operates. Provides that each facility shall be subject to fence line ambient air testing, at random, once within every 90 to 120 days for a duration of 24-hour samples of no less than 6 consecutive days. Provides that the testing shall be conducted by a third party chosen by the municipality in which the facility operates. Defines "fugitive emissions". Effective immediately.

Provides that emissions test shall be paid for by the facility. Effective immediately.

House Floor Amendment No. 3
Replaces everything after the enacting clause with the provisions of House Amendment No. 2 with the following change:
Provides that "nonnegligible ethylene oxide emissions source" includes sources emitting 150 pounds of ethylene oxide as reported on the source's 2017 Toxic Release Inventory (currently, sources emitting 150 pounds of ethylene oxide annually from a stack).

Replaces everything after the enacting clause. Amends the Pediatric Palliative Care Act. Repeals a provision that made the Act inoperative on and after July 1, 2012. Makes changes to the legislative findings. Provides that the General Assembly finds that each year, approximately 1,500 (rather than 1,185) Illinois children are diagnosed with a serious illness (rather than with a potentially life-limiting illness); and that community-based pediatric palliative services have been shown to keep children out of the hospital by managing many symptoms in the home setting, thereby improving childhood quality of life while maintaining budget neutrality. Requires the Department of Healthcare and Family Services to develop a pediatric palliative care program (rather than a pediatric palliative care pilot program) under which a qualifying child may receive community-based pediatric palliative care from a trained interdisciplinary team and may also choose to continue to pursue aggressive curative or disease-directed treatments for a serious (rather than a potentially life-limiting) illness under the benefits available under Article V of the Illinois Public Aid Code. Defines a qualifying child to be a person under the age of 19 (rather than 18) who is enrolled in the medical assistance program under the Illinois Public Aid Code and who suffers from a serious illness (rather than a potentially life-limiting medical condition). Requires the Department to apply to the federal Centers for Medicare and Medicaid Services for a State Plan amendment to implement the program. Requires the Department to implement the State plan amendment within 12 months of the date of federal approval. Prohibits the Department from drafting any rules in contravention of this timetable for program development and implementation. Removes all provisions concerning application for a federal Medicaid waiver program authorized under the Social Security Act. Expands the list of serious illnesses (rather than medical conditions) that render a person eligible for pediatric palliative care to include any other serious illness that the Department determines to be appropriate. In a provision concerning authorized providers, provides that at a minimum, a participating provider must house a pediatric interdisciplinary team that includes: (i) a physician, acting as the program medical director, who is board certified or board eligible in pediatrics or hospice and palliative medicine; (ii) a registered nurse; and (iii) a licensed social worker with a background in pediatric care. Requires all members of the pediatric interdisciplinary team to meet criteria the Department may establish by rule, including demonstrated expertise in pediatric palliative care (rather than requiring all members of the pediatric interdisciplinary team to submit to the Department proof of pediatric End-of-Life Nursing Education Curriculum (Pediatric ELNEC Training) or an equivalent). Expands the list of reimbursable services offered under the program to include any other services that the Department determines to be appropriate. Requires the Department, in consultation with interested stakeholders, to establish standards for and provide technical assistance to managed care organizations, as defined in the Illinois Public Aid Code, to ensure the delivery of pediatric palliative care services. Contains provisions concerning reporting requirements and criteria a case manager must meet for demonstrated expertise in pediatric palliative care.

Senator Dale Fowler
SB 00194 (CONTINUED)

Amends the Downstate Firefighter Article of the Illinois Pension Code. Provides that a firefighter who previously participated in the Illinois Municipal Retirement Fund (IMRF) for service as a member of the fire department of a municipality and was transferred to that municipality's firefighters' pension fund upon its creation, as required under the Downstate Firefighter Article as a result of the federal decennial census of 2010, shall, for the purposes of determining the applicable tier of benefits, be deemed to have become a firefighter and member of that municipality's firefighters' pension fund on the date that he or she first participated in IMRF as a member of the fire department of that municipality, notwithstanding whether that start date was before January 1, 2011. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

Pension Note (Government Forecasting & Accountability)

SB 194 presumably deals with a situation where a Downstate Fire pension fund was created in the wake of the 2010 federal census and a firefighter who had theretofore been a Tier 1 participant in IMRF began service in the newly created Downstate Fire pension fund as a Tier 2 employee. It is unknown how many firefighters were impacted in this way.

In provisions concerning infrastructure investment and modernization: Provides that beginning in 2022, a participating utility other than a combination utility shall pay $10,000,000 per year for 5 years and a participating utility that is a combination utility shall pay $1,000,000 per year for 10 years to the energy low-income and support program, which is intended to fund customer assistance programs with the primary purpose being avoidance of imminent disconnection and reconnecting customers who have been disconnected for nonpayment and makes conforming changes. Requires specified reports to be filed with the circuit court. Provides for conditions for the transfer of a levy by a former drainage district located in a county with a county stormwater committee. New Act

Creates the Right to Shop Act. Requires a carrier offering a health plan to develop and implement a program that provides incentives for enrollees in a health plan who elect to receive a comparable health care service from a provider that collects less than the average in-network allowed amount paid by that carrier to a network provider for that comparable health care service. Provides how incentives may be calculated, distributed, and offered. Requires the carrier to file a description of the health care service incentive program with the Department of Insurance. Requires a carrier to establish an interactive mechanism on its website to enable an enrollee to request the estimated amount the carrier would pay to a network provider for a comparable health care service. Requires the Director of Central Management Services to conduct an analysis on the cost effectiveness of implementing an incentive-based program for current enrollees and retirees of the State group health benefits plan. Requires a program found to be cost effective to be implemented as part of the next open enrollment. Effective immediately.

Amends the Downstate Firefighter Article of the Illinois Pension Code. Provides that a firefighter who previously participated in the Illinois Municipal Retirement Fund (IMRF) for service as a member of the fire department of a municipality and was transferred to that municipality's firefighters' pension fund upon its creation, as required under the Downstate Firefighter Article as a result of the federal decennial census of 2010, shall, for the purposes of determining the applicable tier of benefits, be deemed to have become a firefighter and member of that municipality's firefighters' pension fund on the date that he or she first participated in IMRF as a member of the fire department of that municipality, notwithstanding whether that start date was before January 1, 2011. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

Pension Note (Government Forecasting & Accountability)

SB 194 presumably deals with a situation where a Downstate Fire pension fund was created in the wake of the 2010 federal census and a firefighter who had theretofore been a Tier 1 participant in IMRF began service in the newly created Downstate Fire pension fund as a Tier 2 employee. It is unknown how many firefighters were impacted in this way.

SB 01287

Sen. Sue Rezin and Jason Plummer
(Rep. Emanuel Chris Welch-Blaine Wilhour-Dan Caulkins)
Amends the School Code. Provides that a school board shall, upon passage of a referendum after submission of a petition signed by no less than 5% of the school district's voters in the last consolidated election, or may, by resolution, enter into a joint agreement with other school boards to share the services of a superintendent or other administrator. Provides that any savings realized by sharing services must be divided equally between classroom needs and property tax relief. Provides that a school district wishing to withdraw from the joint agreement shall obtain from its school board a written resolution approving the withdrawal and shall present a petition for withdrawal to the other member school districts within the timelines designated by the joint agreement if the school district entered into the joint agreement by resolution. Provides that a school district wishing to withdraw from the joint agreement shall submit to the voters of the district the question of whether the school district shall withdraw from the joint agreement if the school district entered into the joint agreement by a referendum vote (also provides for a referendum upon submission of a petition).

Senate Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Excludes principals and assistant principals from joint agreements to share services with other school districts. Specifies what other administrators may be shared. Provides that the joint agreement must contain clear and equitable funding formulas covering each school district's obligations and must be filed with each applicable regional office of education (rather than only the State Board of Education). Requires the State Board of Education to provide technical support as requested by the school districts or the regional office of education. Provides that shared administrator services may not alter an individual school board's authority to make decisions on behalf of a school district. Provides that if, within 6 months after passage of a referendum or adoption of a resolution, the school boards who are parties to the joint agreement are unable to reach an agreement on how they will share the services of a superintendent or other administrator, the regional office of education that has supervision and control of the school districts that are sharing services or, if more than one, the regional office of education that has supervision and control of the largest portion of the affected school districts must assist in the development of the joint agreement. Provides that a petition to enter into or withdraw from a joint agreement must be filed with the school board's secretary (rather than the applicable election authority or, in the case of multiple election authorities, with the State Board of Elections) no more than 92 days (rather than no more 10 months and no less 3 months) prior to the election at which the question is to be submitted to the voters. Makes conforming and other changes.
Amends the Department of Natural Resources (Conservation) Law of the Civil Administrative Code of Illinois. Provides that the Department of Natural Resources may implement an annual vehicle admission fee and daily access fee for entrance into Starved Rock State Park. Provides that the Department may implement a daily access fee to pedestrians and owners of vehicles who do not have a current annual vehicle sticker. Provides that the Department may establish a fee for individuals who use Starved Rock State Park without paying the annual vehicle admission fee or daily access fee. Creates the Starved Rock State Park Fund. Makes conforming changes to the State Finance Act. Effective January 1, 2020.

Senate Committee Amendment No. 1

Deletes reference to:

30 ILCS 105/5.891

Provides that the Department of Natural Resources may by rule implement a parking fee requirement for entrance into Starved Rock State Park. Provides that moneys collected shall be deposited into the State Parks Fund (rather than the Starved Rock State Park Fund) with 80% of the fees collected allocated for infrastructure purposes of Starved Rock State Park and 20% of the fees collected allocated for public safety of Starved Rock State Park. Makes conforming changes.

Senate Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the bill as amended by Senate Amendment No. 1. Provides that any parking fee requirement for entrance into Starved Rock State Park shall not apply to residents of LaSalle County. Effective January 1, 2020.

Replaces everything after the enacting clause. Amends the Pediatric Palliative Care Act. Repeals a provision that made the Act inoperative on and after July 1, 2012. Makes changes to the legislative findings. Provides that the General Assembly finds that each year, approximately 1,500 (rather than 1,185) Illinois children are diagnosed with a serious illness (rather than with a potentially life-limiting illness); and that community-based pediatric palliative services have been shown to keep children out of the hospital by managing many symptoms in the home setting, thereby improving childhood quality of life while maintaining budget neutrality. Requires the Department of Healthcare and Family Services to develop a pediatric palliative care program (rather than a pediatric palliative care pilot program) under which a qualifying child may receive community-based pediatric palliative care from a trained interdisciplinary team and may also choose to continue to pursue aggressive curative or disease-directed treatments for a serious (rather than a potentially life-limiting) illness under the benefits available under Article V of the Illinois Public Aid Code. Defines a qualifying child to be a person under the age of 19 (rather than 18) who is enrolled in the medical assistance program under the Illinois Public Aid Code and who suffers from a serious illness (rather than a potentially life-limiting medical condition). Requires the Department to apply to the federal Centers for Medicare and Medicaid Services for a State Plan amendment to implement the program. Requires the Department to implement the State plan amendment within 12 months of the date of federal approval. Prohibits the Department from drafting any rules in contravention of this timetable for program development and implementation. Removes all provisions concerning application for a federal Medicaid waiver program authorized under the Social Security Act. Expands the list of serious illnesses (rather than medical conditions) that render a person eligible for pediatric palliative care to include any other serious illness that the Department determines to be appropriate. In a provision concerning authorized providers, provides that at a minimum, a participating provider must house a pediatric interdisciplinary team that includes: (i) a physician, acting as the program medical director, who is board certified or board eligible in pediatrics or hospice and palliative medicine; (ii) a registered nurse; and (iii) a licensed social worker with a background in pediatric care. Requires all members of the pediatric interdisciplinary team to meet criteria the Department may establish by rule, including demonstrated expertise in pediatric palliative care (rather than requiring all members of the pediatric interdisciplinary team to submit to the Department proof of pediatric End-of-Life Nursing Education Curriculum (Pediatric ELNEC Training) or an equivalent). Expands the list of reimbursable services offered under the program to include any other services that the Department determines to be appropriate. Requires the Department, in consultation with interested stakeholders, to establish standards for and provide technical assistance to managed care organizations, as defined in the Illinois Public Aid Code, to ensure the delivery of pediatric palliative care services. Contains provisions concerning reporting requirements and criteria a case manager must meet for demonstrated expertise in pediatric palliative care.

Replaces everything after the enacting clause. Amends the Property Tax Extension Limitation Law in the Property Tax Code.
Provides that, beginning in levy year 2022, for taxing districts that are school districts (other than qualified school districts), "extension limitation" means 0% or the rate of increase approved by the voters (currently, (a) the lesser of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year or (b) the rate of increase approved by voters).
Provides that the term "qualified school district" means a school district that certifies to the county clerk that the district: (i) submitted a claim or claims to the Illinois State Board of Education for reimbursement of certain State mandated categoricals for the school fiscal year immediately preceding the levy year and received reimbursement for those State mandated categoricals that was less than 97% of the district's claims; or (ii) did not receive the minimum funding required for that school district under the evidence-based funding formula. Amends the School Code. Requires the State Board of Education to certify to each school district whether or not the school district is eligible for designation as a qualified school district. Effective January 1, 2021, but does not take effect at all unless Senate Joint Resolution Constitutional Amendment No. 1 of the 101st General Assembly is approved by the voters of the State prior to that date.

New Act

Creates the Hotel and Casino Employee Safety Act. Requires hotels and casinos to adopt anti-sexual harassment policies and make panic buttons available to certain employees. Prohibits retaliation against an employee for using a panic button, availing himself or herself of the protections afforded by an anti-sexual harassment policy, or disclosing, reporting, or testifying about violations of the Act. Provides remedies for noncompliance. Limits home rule powers. Effective immediately.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with provisions substantially similar to the introduced bill with the following changes: defines the terms "casino employer" and "hotel employer"; provides for the utilization of a safety device rather than a panic button; requires time off to be granted to file criminal complaints rather than sign police complaints; removes requirement that anti-harassment policies be posted in Polish; limits economic damage awards to $350 per incident; deletes the home rule preemption; provides that before a representative of employees may bring a claim on behalf of employees, the employer must be given 15 calendar days within which to correct the violation. Effective July 1, 2020.

Senate Floor Amendment No. 2

Adds a definition. Defines the term "sexual assault" to mean: (1) an act of sexual conduct, as defined in Section 11-0.1 of the Criminal Code of 2012; or (2) any act of sexual penetration, as defined in Section 11-0.1 of the Criminal Code of 2012 and includes, without limitation, acts prohibited under Sections 11-1.20 through 11-1.60 of the Criminal Code of 2012.

Amends the Suicide Prevention, Education, and Treatment Act. Makes changes concerning the findings of the General Assembly. Creates the Office of Suicide Prevention within the Department of Public Health for the purpose of implementing the Act. Requires the Office of Suicide Prevention, in consultation with the Illinois Suicide Prevention Alliance, to submit an annual report to the Governor and General Assembly on the effectiveness of the activities and programs undertaken under the Illinois Suicide Prevention Strategic Plan that includes any recommendations for modification to Illinois law to enhance the effectiveness of the Plan (instead of an annual report by the Illinois Suicide Prevention Alliance). Provides that the Office of Suicide Prevention (in addition to the Department) shall provide technical assistance to the Illinois Suicide Prevention Alliance and implement a general awareness and screening program. Provides that the program shall include an annual statewide suicide prevention conference. Removes provisions requiring the Department to establish 5 suicide prevention pilot programs relating to youth, elderly, special populations, high-risk populations, and professional caregivers. Provides that the Office of Suicide Prevention shall establish programs that are consistent with the Plan. Effective July 1, 2019.

Replaces everything after the enacting clause with the provisions of the introduced bill as amended by Senate Amendment No. 1 with the following changes: Provides that the Department of Public Health shall (rather than may) implement specified activities associated with the Suicide Prevention, Education, and Treatment Act. Removes language creating the Office of Suicide Prevention and instead, where applicable, replaces references to the Office with references to the Department. Makes a technical change to the legislative findings. Provides that the bill is effective immediately (rather than on July 1, 2019).

Amends the Code of Civil Procedure. Deletes language providing for joint and several liability in actions on account of bodily injury or death or physical damage to property, based on negligence, or product liability based on strict tort liability. Adds language providing that in such actions in which recovery is predicated upon fault, each defendant found liable is liable for only that percentage of the plaintiff's damages that represents the contributory fault chargeable to that defendant in the comparison of the plaintiff's fault with the fault of all tortfeasors whose fault was a proximate cause of the death, injury, loss, or damage for which recovery is sought. Provides that a proposal for the program must include a provision that ensures that non-electronic materials are made available to students participating in the program who do not have access to the required technology or to participating teachers or students who are prevented from accessing the required technology and that ensures that the protocol regarding general expectations and responsibilities of the program is communicated to teachers, staff, and students at least 30 days prior to utilizing an e-learning day.
