Executive Summary

The following report outlines waivers of School Code mandates that school districts have requested since the last report, which was transmitted in September 1998. Pursuant to Section 2-3.25g of the School Code (105 ILCS 5/2-3.25g), these requests must be sent to the General Assembly for its consideration before May 1.

The report is organized by subject area and by school district. The General Assembly may disapprove the report in whole or in part within 30 calendar days after each chamber next convenes once the report is filed. This is done by a joint resolution. If either chamber fails to reject a waiver request, then that request is deemed granted.

Section I summarizes the 52 requests received for waivers of

2052

JOURNAL OF THE

[Apr. 26, 1999]

School Code mandates for consideration by the General Assembly, which are presented alphabetically by topic area. The largest number of applications received seeks waivers from Section 27-6 of the School Code regarding the requirement for daily physical education (14 requests). In one instance (Warren CUSD 222 on page 6), the school district is proposing that physical education become an elective course at the high school level. The General Assembly has both approved and denied similar requests.

The report also contains two requests addressing topics that the General Assembly has not previously considered. One school district is seeking to permit its current principal to assume the position of district superintendent without having acquired the necessary two years of administrative experience required for the superintendent endorsement (see page 1 of the report). While this request would affect administrative certificate requirements, it is being sent to the General Assembly since it does not appear to violate the waiver law's prohibition against requests addressing teacher certification. In the second request, a district would like to extend the maximum lease term of school property from 25 years to 50 years (see page 2 of the report). The General Assembly may wish to review both of these requests to determine whether they are in keeping with the intent of the waiver law, given their indirect connection to school improvement.

Eleven school districts submitted requests seeking relief from the limitation of administrative costs established in Section 17-1.5 of the School Code. P.A. 90- 653, effective July 29, 1998, allows a school district to submit such a request only when the circumstances for exceeding the cap are beyond the control of the district and when the district has exhausted all available remedies to comply with the

law. The waiver application must specify the amount, nature, and reason for the relief requested, as well as all the remedies the district has exhausted in its attempt to comply with the 5 percent limitation. (The State Superintendent of Education has recused himself from consideration of WM198-1090-1 due to past service in the district).

Four other districts submitted applications addressing limitation of administrative costs. Two of these requests were returned because the districts would qualify to waive the cap by a two-thirds vote of their respective boards, and two were withdrawn since the districts could not identify specific reasons for the requested relief.

The report includes two requests to waive Section 21-9 of the School Code pertaining to the number of days a substitute teacher can teach during the school year. Oak Lawn CHSD 218 and Prairie-Hills ESD 144 (see page 9 of the report) seek to employ substitute teaching staff in any one school year for more than the 90-day limit established by statute. This is being called to the General Assembly's attention since it may address certification issues. Teacher certification laws and rules cannot be the subject of waivers or modifications under Section 2-3.25g of the School Code. Previously, the General Assembly approved three such requests (in spring 1997 and fall 1998), but it disapproved a similar request submitted in spring 1998.

Section II of the document includes two appeals of determinations made by the State Board of Education (see page 11 of the report). One district has appealed the State Board's determination that its request pertaining to charter school funding is ineligible since the statutory requirement is a directive to the State Board not a mandate on school districts. A special education cooperative submitted the second appeal. In returning the request as ineligible, the State Board relied on the General Assembly's decision in Senate Joint Resolution 28, adopted November 12, 1997, that "special education

cooperatives are ineligible to apply for waivers under the existing language of Section 2-3.25g of the School Code." The special education cooperative's request addressed the number of days for which a substitute teacher could be employed in a school year.

This document also contains three additional sections beyond what is required under Section 2-3.25g of the School Code. Section III of the report lists the 79 requests for modifications or waivers of State Board of Education rules and modifications of School Code mandates that the State Board has approved pursuant to authority granted to it in Section 2-3.25g. Section IV describes 14 requests that have been returned to or withdrawn by the petitioning entities.

Section V shows all the requests submitted, organized by Senate and House district. In addition, the requests received are summarized by subject area in a table following this Executive Summary. Complete copies of the waiver requests for the General Assembly's consideration have been made available to legislative staff.

This is the eighth report submitted pursuant to Section 2-3.25g of the School Code, which requires that the State Board of Education compile and submit requests for waivers of School Code mandates to

the General Assembly before May 1 and October 1 of each year.

JOURNAL OF THE

[Apr. 26, 1999]

Applications Transmitted to the General Assembly

Administrative Certificate

Rosemont ESD 78 - Cook/**Expiration: 1999-00 school year WM199-1134 - Waiver of School Code** (Section 21-7.1(e)(4)) request to allow the current principal to serve as the district superintendent even though he lacks the required two years of administrative experience for the superintendent's endorsement.

Content of Evaluation Plans

Palatine CCSD 15 - Cook/**Expiration: 2002-03 school year WM198-1088 - Waiver of School Code** (Section 24A-5) request to allow the district to eliminate the required ratings for the teacher evaluation program and replace them with ratings of "meets district standards" or "does not meet district standards." The district also requests to extend the evaluation cycle from two years to three years for those teachers who elect to develop professional growth plans,

Driver Education

Antioch CHSD 117 - Lake/**Expiration: 2003-04 school year WM199-1149-2 - Waiver of School Code** (Section 27-23) request to allow the district to charge a reasonable fee not to exceed \$300 of students who participate in driver education courses.

Rockford PSD 205 - Winnebago/**Expiration: 2003-04 school year WM199-1167-3 - Waiver of School Code** (Section 27-23) request to allow the district to charge a reasonable fee not to exceed \$110 of students who participate in driver education courses.

General State Aid and Average Daily Attendance Calculations

Rockford PSD 205 - Winnebago/**Expiration: 2002-03 school year WM199-1167-2 - Waiver of School Code** (Section 18-8.05(F)(1) and Section 18-8.05(F)(2)(a)) request to allow the district to count the attendance of students enrolled full time in much the same way as the attendance of students enrolled part time is counted, claiming 1/6 day for each class period of at least 50 minutes attended by a student (up to a maximum of six classes per day).

Lease of School Property

Niles SD 71 - Cook/**Expiration: 2002-03 school year WM399-1193 - Waiver of School Code** (Section 10-22.11(c)) request to allow the district to increase the maximum lease term from 25 years to 50 years in order to stimulate growth in the community and provide greater revenue to the district.

Length of School Term

Granite City CUSD 9 - Madison/**Expiration: 1999-00 school year WM199-1172(renewal) - Waiver of School Code** Section 10-19) request to allow the district to adopt a school calendar that is shorter than the required 185 days specified in Section 10-19 of the School Code. This would be accomplished by eliminating emergency days and lengthening the remaining school days proportionate to the number of emergency days the district used during the school year, regardless of whether all five emergency days have been taken.

Limitation of Administrative Costs

Pecatonica CUSD 321 - Winnebago/**Expiration: 1998-99 school year**

WM198-1089 - Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district maintains that actual administrative expenditures for FY98 were at a reduced level due to the employment of an interim superintendent. Documentation by the district indicates that by using FY97 administrative expenditures and increasing this amount at a rate of 5 percent annually, the proposed FY99 administrative expenditures would not exceed the legislatively mandated cap.

Deerfield PSD 109 - Lake/**Expiration: 1998-99 school year WM198-1090-1 - Waiver of School Code** (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district has experienced a steady growth in enrollment (5.4 percent per year over the last 11 years) that has necessitated additional support services and personnel. In addition, health insurance premiums have increased 18 percent due to market conditions and claims. (The State Superintendent of Education has recused himself from consideration of this request due to past service in the district).

Braceville ESD 75 - Grundy/**Expiration: 1998-99 school year WM198-1092 - Waiver of School Code** (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district needs to employ an additional bookkeeper to assume the duties of the permanent bookkeeper, who is on a leave of absence due to severe illness.

Raccoon CCSD 1 - Marion/**Expiration: 1998-99 school year WM198-1103 - Waiver of School Code** (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. During the 1997-98 school year, the superintendent served as principal and transportation administrator, with a portion of his salary and benefits being charged to the Transportation Fund. For the 1998-99 school year, a principal was hired who will serve as the transportation administrator. Therefore, 100 percent of the superintendent's salary is now budgeted to the Education Fund, causing the increase to exceed the 5 percent cap.

St. Joseph-Ogden HSD 305 - Champaign/**Expiration: 1998-99 school year WM199-1107-2 - Waiver of School Code** (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to an excess in a line item (Executive Administrative Services) on the administrative cost worksheet that is beyond its control. In 1997-98, the district hired an interim superintendent, which it shared with another district, at a salary level that was significantly less than half of what it was paying its previous superintendent, who was employed full time. In order to retain that individual, the district increased his salary to an amount that is still less than half of the previous superintendent's salary. In addition, the district has had to budget for the purchase of two new copiers to be used by both its instructional and administrative staff.

Joliet PSD 86 - Will/**Expiration: 1998-99 school year WM199-1152 - Waiver of School Code** (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances

beyond its control. In 1997-98, the district received grant funds

2056

JOURNAL OF THE

[Apr. 26, 1999]

and was able to hire several new employees for its technology program. These employees, however, only worked for a portion of that school year, so the expenditure for salaries was lower than the amount budgeted for 1998-99. In addition, the district hired an instructional supervisor to oversee staff development tied to implementation of the Illinois Learning Standards.

Barrington CUSD 220 - Lake/**Expiration: 1998-99 school year WM199-1158 - Waiver of School Code** (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to unfilled or under-filled positions that have now been filled. In addition, the district erroneously reported certain special education and administrative costs in the previous year, causing the 1998-99 increase to exceed the 5 percent limit.

Brooklyn USD 188 - St. Clair/**Expiration: 1998-99 school year WM199-1164 - Waiver of School Code** (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. Due to the inability of the district to find a replacement principal late in the 1997-98 school year, the superintendent assumed the duties of the principal. In the 1998-99 school year, a full-time principal and an interim superintendent were hired, which will cause the district's costs to increase beyond the 5 percent limit.

Peoria PSD 150 - Peoria/**Expiration: 1998-99 school year WM199-1166 - Waiver of School Code** (Section 17-1.5) request to allow the district to waive the limitation of administrative costs in order to fund an assistant superintendent's position. The need to establish the position was identified in a 1994 independent review, but the position was not filled until the 1998-99 school year.

Rockford PSD 205 - Winnebago/**Expiration: 1998-99 school year WM199-1167-4 - Waiver of School Code** (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to a federal desegregation lawsuit that requires it to budget expenditures which are not within its control. Compliance with the federal desegregation order requires staffing allocations for specified positions, causing costs to increase beyond the 5 percent cap.

Pleasant Valley SD 62 - Peoria/**Expiration: 1999-00 school year WM199-1182 (renewal) - Waiver of School Code** (Section 17-1.5) request to allow the district to waive the limitation of administrative costs. The renewal will allow the district to continue implementation of a policy enacted in 1993 that provides for raises of 10 percent each year for up to three years preceding the retirement of a full-time staff member who has been employed by the district a minimum of 25 consecutive years. This will affect the salary of the district superintendent for the next two years. The district maintains that since this is a contractual issue, it creates

circumstances beyond the control of the district and prevents it from staying with the 5 percent limitation.

Non-Resident Tuition

Rankin SD 98 - Tazewell/**Expiration: 2003-04 school year WM199-1154-1 - Waiver of School Code** (Section 10-20.12a) request to allow the district to charge 54 percent of its per-pupil tuition to those students who are not residents of the district. The waiver would allow the district to attract a sufficient number of students to

maintain its enrollment and offer regular instruction without combining grades.

Parent-Teacher Conferences

Beach Park CCSD 3 - Lake/**Expiration: 2002-03 school year WM198-1080 - Waiver of School Code** Section 18-8.05(F)(2)(d)(1)) request to allow the district to dismiss classes one hour early four times during the school year in order to schedule three-hour-long parent-teacher conferences in the evening of each early dismissal day, and to count these days as full days of pupil attendance.

Rockton SD 140 - Winnebago/**Expiration: 2003-04 school year WM399-1115-1 - Waiver of School Code** (Section 18-8.05(F)(2)(d)(2)) request to allow the district to schedule four, three-and-one-half-hour-long evening parent-teacher conferences in lieu of two full days for conferences. Each evening conference would be scheduled after a full day of pupil attendance and would be counted as a half day of attendance.

Gibson City-Melvin Sibley CUSD 5 - Ford/**Expiration: 2003-04 school year WM399-1132-1 - Waiver of School Code** (Section 18-8.05(F)(2)(d)(1)) request to allow the district to schedule parent-teacher conferences in the evening following full days of student attendance twice in a five-day period and to count those evening conferences as one day of pupil attendance. One day during that week would be a non-attendance day for students and staff.

Murphysboro CUSD 186 - Jackson/**Expiration: 2001-02 school year WM199-1141-2 - Waiver of School Code** (Section 18-8.05(F)(2)(d)(1)) request to allow the district to schedule four evening parent-teacher conferences for the high school, to accommodate its 4-block schedule, and to count those four conferences as two of the 176 days of attendance required pursuant to Section 10-19.

Cartersville CUSD 5 - Williamson/**Expiration: 2001-02 school year WM199-1177 - Waiver of School Code** (Section 18-8.05(F)(2)(d)(1)) request to allow the district to schedule two separate evening parent-teacher conferences after regular full days of school. The two conferences will be counted as one full day of pupil attendance, with the day following the final conference scheduled as a non-attendance day for students.

Physical Education

Warren CUSD 222 - Warren/**Expiration: 2003-04 school year WM198-1087-1 - Waiver of School Code** (Section 27-6) request to allow the district to provide physical education activities to students in grades kindergarten through 6 for 30 minutes twice a week due to inadequate facilities.

Warren CUSD 222 - Warren/**Expiration: 2003-04 school year WM198-1087-3 - Waiver of School Code** (Section 27-6) request to allow the district to provide physical education activities on less than a daily basis to students in grades 7 and 8 who are academically at risk, in order to provide extended Title I reading and math services for up to five periods per week.

Charter Schools

Elk Grove Township CCSD 59 - Cook/ **Expiration: 2003-04 school year WM199-1113-1(A) - Waiver of School Code** (Section 27A-9(f)). The district is appealing the State Board's determination that its original request was ineligible for consideration. The district sought relief from the arrangement under which the State Board is to withhold funds from a district and pay these funds to a charter school if the State Board charters that school. It is the State Board's position that this provision of the School Code establishes a requirement on the State Board, rather than constituting a mandate on an affected school district.

Substitute Certificates

Sangamon Area Special Education District - Sangamon/**Expiration: 2002-03 school year WM399-1128(A) - Waiver of School Code** (Section 21-9). JOURNAL OF THE

[Apr. 26, 1999]

Listed below are several categories of requests that have been returned to school districts or other entities. Some of these districts sought permission for actions that were already permissible under the law or rules. Other requests were returned because they were ineligible under the law (e.g., mandates not found in the School Code; applicant is not a school district).

ALREADY PERMISSIBLE BY LAW/RULE

Limitation of Administrative Costs

Germantown Hills SD 69 - Woodford
WM198-1091 - Waiver of School Code (Section 17-1.5). The district requested to be allowed to waive the limitation of administrative costs. The district, however, would qualify to waive the limitation by two-thirds vote of its board.

Richmond-Burton CHSD 157 - McHenry
WM198-1095 - Waiver of School Code (Section 17-1.5). The district requested to be allowed to waive the limitation of administrative costs due to circumstances beyond the control of the district. The following amendment was offered in the Committee on Commerce and Industry, adopted and ordered printed:

AMENDMENT NO. 1

AMENDMENT NO. 1. Amend House Bill 1061 by replacing the title with the following:

"AN ACT concerning soft drink beverage distribution."; and by replacing everything after the enacting clause with the following:
"Section 1. Short title. This Act may be cited as the Soft Drink Industry Fair Dealing Act.

Section 5. Definitions. As used in this Act:

"Distribution agreement" means any contract, appointment, agreement, course of dealing, or arrangement, express or implied, whether oral or written, for a definite or indefinite period, between a supplier and a distributor pursuant to which the distributor has been granted the right to (i) directly or through a cooperative or

association of which the distributor is a member, bottle or can one or more soft drink beverages or process soft drink beverage concentrate into beverage syrup, and (ii) sell, distribute, or deliver such soft drink beverages or soft drink beverage syrup under trademarks owned or licensed by the supplier.

"Distributor" means a person in this State who (i) directly or through a cooperative or association of which the person is a member, bottles or cans one or more soft drink beverage or processes soft drink beverage concentrate into beverage syrup, and (ii) sells, distributes, or delivers such soft drink beverages or soft drink beverage syrup under trademarks owned or licensed by a supplier.

"Distributorship" means a business relationship between a supplier and a distributor established pursuant to a distribution agreement. Except as otherwise expressly provided in this Act, the term "distributorship" does not include a partnership, joint venture, corporation, limited liability company, or other entity owned in whole or in part by a supplier.

"Good cause" means the material failure of a distributor to comply with essential and reasonable requirements imposed upon the distributor by a distribution agreement or bad faith in the performance of a distribution agreement. The requirements may not be discriminatory either by their terms or in the methods or effects of enforcement as compared with requirements imposed upon other similarly situated Illinois distributors. The requirements may not be inconsistent with this Act or in violation of any law or regulation. The failure of a distributor to assent to any amendment, modification, or change in the terms of a distribution agreement that impairs, restricts, or eliminates, in whole or in part, the distribution or delivery rights of a distributor under the distribution agreement shall not constitute good cause.

"Good faith" means honesty in fact and the observation of reasonable commercial standards for fair dealing in trade.

"Person" means a natural person, partnership, joint venture, corporation, limited liability company, or other entity and includes heirs, assigns, successors, personal representatives, and guardians.

"Soft drink" means a non-alcoholic, carbonated beverage made from a concentrate, syrup, or other beverage base.

"Soft drink products" means ready-to-use soft drinks, whether in bottles, cans, or other containers and soft drink beverage syrup for use in servicing fountain equipment and cup vending machines dispensing soft drinks.

"Supplier" means a person engaged in the manufacture or marketing of soft drink beverage concentrate, syrup, or other soft drink beverage base for use in the preparation of soft drink products sold under trademarks owned or licensed by such person.

Section 10. Legislative declarations; construction; variation by contract.

(a) The General Assembly makes the following findings and declarations:

(1) Distributors of soft drink products in the State of Illinois have been and are required to make substantial capital investments in plant, property, and equipment in order to fulfill

their obligations under distribution agreements. Distributors must rely upon the continuing right to sell and distribute soft drink products to recover their investments and to obtain a reasonable return on those investments.

(2) Distributorship relationships in the State of Illinois vitally affect the general economy of the State and the public's interest in the fair, efficient, and competitive distribution of soft drink products.

(b) The purposes of this Act are to promote the public's interest in the fair, efficient, and competitive distribution of soft drink products by regulation and by the encouragement of suppliers and distributors of soft drink products to conduct their business relations toward these ends by:

(1) protecting distributors against unfair treatment by suppliers in the negotiation, revision, renewal, and cancellation of distributorships and distribution practices;

(2) assuring that distributors are free to manage their business enterprises;

(3) assuring suppliers and the public of continuing service from distributors able to devote adequate efforts and resources to the processing, bottling, canning, distribution, and delivery of soft drink products as to which they have been granted a distributorship; and

(4) providing distributors with rights and remedies in addition to those existing by contract or at common law.

This Act shall be liberally construed and applied to promote its underlying purposes.

(c) Any contract or agreement purporting to waive or vary the provisions of this Act, or purporting to preclude the application of this Act to any distributorship subject to this Act is void and unenforceable to that extent.

(d) This Act provides distributors with rights and remedies in addition to those existing by contract or common law and reaffirms rights and remedies provided by contract or common law.

(e) In accordance with Section 1.31 of the Statute on Statutes, the provisions of this Act are severable. If any provision of this Act, or the application of any provision of this Act to any person or circumstance, is held invalid, such invalidity shall not affect other provisions or applications of this Act which can be given effect without the invalid provision or application, and the application of this Act to persons or circumstances other than those as to which it is held invalid shall not be affected thereby.

Section 15. Cancellation and alteration of distributorships.

(a) No supplier, directly or through any officer, agent, employee, or representative, shall:

(1) cancel, fail to renew, or otherwise terminate a

distribution agreement without good cause to do so;

(2) unilaterally impose any amendment, modification, or change in the terms of a distribution agreement;

(3) fail to exercise good faith in the negotiation of any amendment, modification, or change in the terms of a distribution agreement, engage in retaliatory conduct against a distributor

for the exercise of a legal right, or otherwise fail to exercise good faith in its dealings with a distributor;

(4) discriminate in pricing, fees, charges or other terms of the distributorship against any distributor that withholds its assent to any amendment, modification, or change in the terms of a distribution agreement;

(5) restrict or inhibit, directly or indirectly, the right of free association among distributors for any lawful purpose;

(6) fail, without good cause, to offer a distributor the right, within its geographic territory, to (i) directly or through a cooperative or association of which the distributor is a member, bottle or can any new soft drink beverages introduced by the supplier and process any new soft drink beverage concentrate into beverage syrup, and (ii) sell, distribute, and deliver such soft drink beverages or soft drink beverage syrup under trademarks owned or licensed by the supplier or offer a distributor such right on terms and conditions less favorable than such right is offered to any other distributor of the supplier, including any distributor owned in whole or in part by the supplier.

(b) No supplier who, pursuant to a distribution agreement, has granted a person the exclusive right in a generally defined geographic area to (i) directly or through a cooperative or association of which the person is a member, bottle or can one or more soft drink beverages, or process soft drink beverage concentrate into beverage syrup, and (ii) sell, distribute, or deliver such soft drink beverages or soft drink beverage syrup under trademarks owned or licensed by the supplier, shall, directly or through any officer, agent, employee, or representative, enter into an agreement authorizing, permitting, contemplating, or providing for the exercise of any of such rights in the same geographic area by any other person.

Section 20. Notice of cancellation.

(a) Except as hereinafter provided in subsection (c), no supplier may cancel, fail to renew, or otherwise terminate a distribution agreement unless the supplier furnishes prior notification to the affected party in accordance with subsection (b).

(b) The notification required by subsection (a) of this Section shall contain (i) a statement of the supplier's intention to cancel, fail to renew, or otherwise terminate the distribution agreement, (ii) a complete statement of the reasons therefor, including all data and documentation necessary to fully apprise the distributor of the reasons for the action, and (iii) the date on which the action is intended to take effect. The notification shall be in writing and sent to the affected distributor by certified mail not less than 90 days before the date on which the supplier intends to cancel, fail to renew, or otherwise terminate the distribution agreement, and shall provide the distributor a reasonable period of time, in no event less than 60 days from the date of delivery or posting of the notice, within which to cure any claimed deficiency. If the reason for cancellation, nonrenewal, or other termination is nonpayment of sums due under the distributorship, the notification shall be sent not less than 30 days before the date on which the supplier intends to cancel, fail to renew, or otherwise terminate the distribution agreement, and the distributor shall have 30 days from the date of

delivery or posting of the notice within which to cure the default. If the deficiency is cured within the applicable period, the notice shall be void.

(c) The notice requirements of this Section shall not apply if the reason for cancellation, failure to renew, or other termination of a distributorship agreement is:

(1) an assignment for the benefit of the distributor's creditors or similar disposition of substantially all of the assets of the distributor's business;

(2) the insolvency of the distributor or the institution of proceedings in bankruptcy by or against the distributor; or

(3) the dissolution or liquidation of the distributor.

Section 25. Transfer of business assets and stock. No supplier, directly or through any officer, agent, employee or representative, shall:

(a) unreasonably withhold or delay its consent, if requested by a distributor, to any assignment, sale, transfer, or other disposition of all or any portion of (i) a distributor's business, assets, or stock, or of the beneficial ownership or control of a distributor, or (ii) the stock, beneficial ownership, or control of any other entity owning or controlling a distributor;

(b) upon the death of a person owning or controlling a distributor, unreasonably deny approval of a transfer of ownership or control of the distributorship to a surviving spouse or adult child of such person;

(c) upon the death of one of the partners of a partnership operating the business of a distributor, deny the surviving partner or partners of such partnership the right to become a successor-in-interest to the distribution agreement between the supplier and such partnership;

(d) unreasonably withhold or delay its consent, if requested by a distributor, to any assignment, sale, or transfer to the distributor of all or any portion of the business, assets, or stock of any other person who has been granted the right to (i) directly or through a cooperative or association of which the person is a member, bottle or can one or more soft drink beverages or process soft drink beverage concentrate into beverage syrup, and (ii) sell, distribute, or deliver soft drink beverages or soft drink beverage syrup under trademarks owned or licensed by the supplier, where the distributor and such other person have freely negotiated such an assignment, sale, or transfer.

Section 30. Reasonable compensation.

(a) Any supplier that (i) cancels, fails to renew, or otherwise terminates any distribution agreement, or (ii) unlawfully denies approval of or unreasonably withholds consent to any assignment, transfer, or sale of a distributor's business, assets, stock, or other ownership interest in a distributor, shall (i) pay the distributor the fair market value of that portion of the distributor's business that the supplier has cancelled, failed to renew, or otherwise terminated, or (ii) pay the distributor or other aggrieved person the fair market value of that portion of the business, assets, stock, or other ownership interest sought to be assigned, transferred, or sold. Fair market value shall include, but shall not be limited to, the value of the goodwill associated with

the business, assets, stock, or other ownership interest valued hereunder, and such fair market value shall be determined without regard to any marketability, minority interest, or other similar discount or reduction.

(b) If a supplier and a distributor or other aggrieved person are unable to agree on the reasonable compensation to be paid under subsection (a), any such party may maintain a civil suit as provided

in Section 35 of this Act or the matter may, by mutual agreement of the parties, be submitted to arbitration or mediation. Unless the parties otherwise agree, the costs of arbitration shall be shared equally by the parties.

(c) No distributorship agreement may require the distributor to pay more than half the costs of arbitration or mediation or require arbitration or mediation to be conducted outside this State.

Section 35. Judicial remedies.

(a) It shall be an affirmative defense in an action between the parties to a distributorship agreement that good cause existed for a supplier to cancel, fail to renew, or otherwise terminate the distributorship agreement at issue.

(b) If a supplier engages in any of the practices prohibited by Section 15 of this Act or violates any of the provisions of Sections 20, 25, or 30 of this Act, any aggrieved distributor or other aggrieved person may bring an action against the supplier for damages sustained by the distributor as a consequence thereof, together with the actual costs and expenses of the action, including reasonable attorney's fees. The aggrieved distributor or other aggrieved person also may be granted injunctive relief, including injunctive relief against an unlawful termination, cancellation, nonrenewal, or other termination of a distribution agreement. The remedies provided in this subsection (b) are cumulative with all other remedies available to an aggrieved distributor or other aggrieved person, including but not limited to the remedies provided for in subsections (c), (d) and (e) of this Section.

(c) Upon proper application to the court, a supplier, distributor, or other aggrieved person may bring an action to determine reasonable compensation under Section 30 of this Act.

(d) A supplier, distributor, or other aggrieved person may bring an action for a declaratory judgment to determine any controversy arising under this Act or out of the distributorship relationship.

(e) If, in any action brought pursuant to this Act, a finding is made that a party has not acted in good faith with respect to any other party to a distribution agreement, an appropriate penalty shall be assessed against that party and, in addition, that party shall also be ordered to pay the actual costs and expenses of the action, including reasonable attorney's fees incurred by the other party.

(f) Any action brought pursuant to this Act shall be brought in a court of this State or in a federal court in this State vested with jurisdiction over the controversy. Venue in any such action shall be in accordance with the Code of Civil Procedure or Title 28 of the U.S. Code, as the case may be, provided that in any action brought in a court of this State, venue also shall exist in any county in which the distributorship is located.

(g) Nothing in this Act shall (i) prohibit the parties to any dispute from agreeing to arbitrate the dispute or to submit the dispute to mediation or (ii) prohibit the enforcement of any arbitration or mediation agreement in accordance with applicable Illinois law. In any such arbitration or mediation, the definitions and substantive provisions of this Act shall apply and the arbitrator or mediator may afford the remedies provided for by this Act.

Section 40. Application of this Act. This Act shall govern all relations between suppliers and distributors to the fullest extent consistent with the constitutions of this State and of the United States. All provisions of this Act which are declarative of or clarify existing law, including the provisions of Section 15(a)(3) of this Act, apply to all agreements between a supplier and a distributor whether those agreements were entered into before or after the effective date of this Act. In addition, this Act shall, to the fullest extent permitted by law, apply (i) to conduct

occurring after the effective date of this Act, whether or not such conduct relates to a distribution agreement entered into before the effective date of this Act, and (ii) to distribution agreements entered into or amended after the effective date of this Act, including any renewal of a distribution agreement in existence on or before the effective date of this Act. Renewal of a distribution agreement with a designated term or duration shall mean (i) the establishment of a new term or duration, (ii) an extension of the distribution agreement on any other basis, or (iii) the shipment of soft drink concentrate or syrup to the distributor after the expiration of the designated term or duration. Renewal of a distribution agreement that provides for a month to month, year to year, or other periodic term or duration, shall mean (i) the continuation of the distributorship into the next month, year, or other period commencing after the effective date of this Act, (ii) an extension of the distribution agreement on any other basis, or (iii) the shipment of soft drink concentrate or syrup to a distributor after the expiration of the month, year, or other period of the distribution agreement. Renewal of any distribution agreement that does not have a designated term or duration, or that is terminable at will or upon notice, shall mean the shipment of soft drink concentrate or syrup to a distributor after the effective date of this Act.
