Senator Hunter, for what reason do you seek recognition?

SENATOR HUNTER:

Pursuant to Senate (Rule) 4-1(e), I move that Senators Harris, Lightford, Plummer, Van Pelt, and Wilcox be allowed to participate and vote remotely for today's Session.

PRESIDING OFFICER: (SENATOR HOLMES)

Is there any discussion? If not, the question is, shall Senators Harris, Lightford, Plummer, Van Pelt, and Wilcox be allowed to participate and vote remotely for the April 21st, 2021 Session Day pursuant to Senate Rule 4-1(e). All those in favor, say Aye. Opposed, Nay. In the opinion of the Chair, the Ayes have it. The motion carries, and Senators Harris, Lightford, Plummer, Van Pelt, and Wilcox are allowed to participate and vote remotely for the April 21st, 2021 Session Day. Senators, for those of you participating remotely today or in the future, we have a few tips to make this process more efficient and transparent. When you're speaking or voting, you must have your camera on so the

Senate and those watching can verify your identity and vote intention. The Senate will not record a Member's vote if the Member's identity and intention has not been verified. When voting, please wait until your video comes up, then clearly, and with sufficient volume, state your name and your vote. The Chair will then state your vote for the record. We will be voting on the Agreed Bill List later today. If you'd like to file a vote intention slip, please do so by noon today and submit to the Secretary. Committee on Assignments, please come to the Well of the Chamber. Committee on Assignments. Will the Senate come to order? Mr. Secretary, Committee Reports.

SECRETARY ANDERSON:

Senator Cunningham, (Vice) Chairperson of the Committee on Assignments, reports the following Legislative Measures have been assigned: Refer to Agriculture Committee - Floor Amendment 1 to Senate Bill 2474; refer to Education Committee - Floor Amendment 1 to Senate Bill 810, Floor Amendment 3 to Senate Bill 814; refer to Executive Committee - Senate Bills 1770 and 2042 {sic}, Floor Amendment 2 to Senate Bill 820, Floor Amendment 2 to Senate Bill 825, and Floor Amendment 2 to Senate Bill 828; refer to Higher Education Committee - Floor Amendment 1 to Senate Bill 661 and Floor Amendment 1 to Senate Bill 662; refer to Insurance Committee - Committee Amendment 3 to Senate Bill 1672; refer to Licensed Activities Committee - Floor Amendment 1 to Senate Bill 965 and Floor Amendment 2 to Senate Bill 1732; refer to Revenue Committee - Floor Amendment 1 to Senate Bill 855 and Committee Amendment 1 to Senate Bill 1983; refer to State Government Committee - Floor Amendment 1 to Senate Bill 2459, Committee Amendment 1 to Senate Bill 2469.

Senator Peters.

SENATOR PETERS:

Senate Bill 64, it -- it allows restorative justice options for victims, like -- and has support from the Illinois Coalition Against Domestic Violence and CAASE, so that they're able to get some healing in the court process. And I ask for an Aye vote.

PRESIDING OFFICER: (SENATOR HOLMES)

Is there any discussion? Senator Barickman, for what reason do you seek recognition?

SENATOR BARICKMAN:

Questions of the sponsor.

PRESIDING OFFICER: (SENATOR HOLMES)

Sponsor indicates he'll yield.

SENATOR BARICKMAN:

Yeah, you moved on me. You moved on me. Not my question. Thank you, Madam President. Senator, let's start this off. I guess tell me about these restorative justice practices. Who are the individuals? I'm looking for the -- the language in them. Who... The -- the -- Senator, the facilitators who conduct these practices, what are -- what are the qualifications of these individuals? Are they licensed? What's their background? Tell me some more about them.

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Peters.

SENATOR PETERS:

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

28th Legislative Day

The qualifications -- so this comes from -- with the support of the Cook County judges. The qualifications are -- look -- it's a program from the judges, from the courts, to support it -- support victims and folks to be able to be made whole. So this is a decision made by the court.

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Barickman.

SENATOR BARICKMAN:

Right. Okay. So I understand this is a -- this would be a new process that is designed to create some collaboration among crime -- potential defendants and victims and I think the bill says stakeholders. But these aren't organic, right? These aren't just people meeting in their -- in people's living rooms? The bill talks about facilitators as an individual who convenes these. And I'm looking to understand the background of the facilitators? Are they licensed? Are they -- are they therapists? Are they prosecutors? Are they attorneys? Like, who are these people?

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Peters.

SENATOR PETERS:

This is administered by a restorative judge -- a restorative justice court. A judge is the one facilitating and administering this process.

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Barickman.

SENATOR BARICKMAN:

So -- so these are judicial proceedings? Or these are out-of-court proceedings?

PRESIDING OFFICER: (SENATOR HOLMES)

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

28th Legislative Day

4/21/2021

Senator Peters.

SENATOR PETERS:

These are judicial proceedings and they're not brand-new. They actually currently exist. This is just to make sure that people feel like they are secure in restorative justice court and that we can have a clean and fair -- fair process specifically for victims who want to make sure that they're entering into a healthy process.

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Barickman, did you have more questions?

SENATOR BARICKMAN:

I do. Yeah, thank you, Madam President. Okay. The -- when these -- when these -- tell us more about, I guess, who participates in these collaborations? Who are the parties that participate 'em -- in them and what's being discussed -- what's being discussed there?

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Peters.

SENATOR PETERS:

So victims who've experienced abuse and pain can choose to go into a restorative justice court with the person who's perpetuated that pain and for them to find some mediation with each other. So the only way this process works is by making sure that all parties feel whole in the making of the process.

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Barickman.

SENATOR BARICKMAN:

Do -- do -- is it only the victim who gets to initiate this process? In other words, if a victim wants to do this, do they

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

28th Legislative Day

4/21/2021

have that discretion? Can anyone else force a victim to...? So this only occurs at the discretion -- the election of the victim? The victim has the sole discretion to choose to participate in this?

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Peters.

SENATOR PETERS:

Yes. This is -- this requires the victim and the person to be in agreement to go to restorative justice court. The main piece here is that you can't force the victim to come into something in terms of restorative justice without them supporting and having buy-in. Because what's important here is, again, this is a bill supported and driven by victims like the Illinois Coalition Against Domestic Violence, like sexual assault survivor organizations. So, just to repeat one more time, because I know you were having some discussion here, I want to say, again, it has the support of victims' rights organizations and that -- the fact of the matter is, they have to have buy-in to get in -- to -- to -- to be able to do restorative justice court.

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Barickman.

SENATOR BARICKMAN:

There's a -- there's a privilege component to these collaborations that I think - my understanding - gave some pause in committee. Is this creating a new privilege, meaning -- I -- I think some think of privilege as the ability for individuals to meet with their lawyer, discuss things that remain confidential, or privileged. Is that same concept being extended here? And, if so, to whom? Because I'm trying to -- again, this isn't just a

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

28th Legislative Day

4/21/2021

lawyer and a victim; this is a group of people. And so I'm trying to understand that privilege piece.

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Peters.

SENATOR PETERS:

Yeah. So victims want to have privilege in this process. So victims who are in restorative justice, they want privilege in this process to ensure that the defendant who's -- who is engaging in it is engaging in it in a real and wholesome way with the victim. So, at the end of the day, to repeat this, because it's so supported by victims, or survivors, of assault and -- and pain and hurt, that they want to have trust in the process and they want to trust that the person they're engaging with is going to be honest and real with them. So to -- to sort of reiterate this, we want to make sure that people, particularly victims, can have faith in the process itself.

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Barickman.

SENATOR BARICKMAN:

Okay. Thank you, Madam... Thanks to the bill sponsor. Thank you, Madam President. No further questions.

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Tracy, for what reason do you seek recognition?

SENATOR TRACY:

Thank you, Madam President. To the bill, please.

PRESIDING OFFICER: (SENATOR HOLMES)

To the bill.

SENATOR TRACY:

We heard this bill in Judicial {sic} Committee and it -- it

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

28th Legislative Day

4/21/2021

did have some very compelling aspects of it. The witnesses -- or the -- the -- some of the witnesses had been victims, and certainly the merit was that someone, as part of their healing process after they'd been victimized, especially in a sexual assault, that this restorative justice event would advance their healing process. And it is true that several advocacy groups against domestic violence or sexual assault do support the bill. However, when I visited with my local agency against sexual assault and domestic abuse, I - they -- they brought the bill to my attention - I said do you -- have you ever felt like many of the sexual predators, the perpetrators in a sexual assault or domestic abuse situation, are manipulative, that they're manipulative and they feed on tormenting their victims continually even as they apologize? And they said, "Absolutely. By far, most of them." Also, imagine a situation where you have a privileged communication and a perpetrator confesses to another crime as part of this event, this restorative justice meeting, and there's a mandated reporter there. What is the result then? This bill has merit, but it's just not ready to go into law. I -- I think there's many aspects that still need to be worked on. And so, at this point, I would urge a No vote. I think that a manipulative perpetrator can further do damage to his victim unless we tweak some of this language and process that this bill seeks to address. So, with that, I would urge a No vote.

PRESIDING OFFICER: (SENATOR HOLMES)

Is there any further discussion? Seeing none, Senator Peters, do you wish to close?

SENATOR PETERS:

So I say this as a survivor who grew up in an abusive

household, as a victim, which I think is an important piece here, that when we think about the restorative justice process, this is entirely laid out to make sure that countless organizations, when it comes to domestic violence and sexual assault, support this, and at the end of the day, I want to make people who are survivors of abuse and of violence be able to be made whole. I ask for an Aye vote, especially a bill that has such -- the unique support from so many people who are survivors of this pain. Thank you.

Thank you, Madam President. To the bill. I would note that...

PRESIDING OFFICER: (SENATOR HOLMES)

To -- to the bill.

SENATOR TRACY:

To the bill - that I would note that the Pro-Family Alliance and several other groups of that nature did oppose. They -- they thought for this type of end-of-life measures that it preserves a great deal of -- more validity when two signatures are required, much like as when we do a will and the process. So I just would note that. Thank you.

SENATOR ROSE:

Thank you. And I rise in -- in opposition. I hate to do that 'cause I'm -- have a great deal of respect for the -- the sponsor. But just because, you know -- I mean, it's like -- yeah, two states -- she says we're the last two states in the country. Well, there's a reason why you have these witness slips. Because once you are done, you're done. There's no taking that back. So you better make sure that the document that people are making the decision to pull the plug on is the right document and it's been done properly and it's been done in the right state of mind of the individual before they -- when they're executing it. The reason you have the witness is, is so someone can put eyes on the person who's signing the form and say, yes, they are of sound mind and body. They are executing this as -- as their wishes, not because they're somebody that, unfortunately, has Alzheimer's or somebody who has dementia or somebody who has something else, but because they are of sound mind and body. You know, this kind of reminds me of, you know, lemmings running off a cliff. You know, just because forty-eight other states have done this, doesn't make it the right thing to do. And, you know, at the end of the day, the medical provider making -- has got to -- that's going to pull that plug has got to know that this is the actual wish of the person. And the way they know that is by having a piece of paper in front of them that was witnessed, where the witness can say, "yes, this is this person's specific intent. This is their wish and they are of sound mind and body." And I just -- you know, I frankly don't care what everyone else has done. I'm not going to run off that cliff. So, thank you, Madam President.

SENATOR BARICKMAN:

PRESIDING OFFICER: (SENATOR HOLMES)

Sponsor indicates she'll yield.

SENATOR BARICKMAN:

My -- my -- more of a point than a question, Madam President. My -- my view on this issue and the work that I think the sponsor has done relates to the question of how individuals make choices about life-sustaining treatments performed to them. My view is that individuals should have the right to make those types of life decisions. The sponsor's legislation, I think, makes it easier for those individuals to make those choices, and as a result, I intend to vote Yes. Thank you, Madam President.

SENATOR McCONCHIE:

Let me just say that I agree with the previous speaker in that I do believe people in this very difficult point in life need to have the opportunity to be able to make decisions. In my -- my

Master's degree program, we studied end-of-life issues and we talked about the -- the things that can come up and what -- what types of pressures sometimes may be on people when they're making decisions. I believe that it is fundamentally necessary to have a witness just simply verify. I am unaware of any circumstance in which the witnessing of -- of this is serving as an impediment to someone exercising their own freedom and right to be able to determine how to have life-sustaining treatment or not. And as a result on that, I would encourage a No vote, despite all the good work the sponsor's done in -- in all the other aspects of this bill. Thank you very much.

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Feigenholtz, would you like to close?

SENATOR FEIGENHOLTZ:

I would. Thank you. And I appreciate all of the comments that my colleagues on the other side of the aisle have made. And I just want to clarify a few things. This is a voluntary document. If -- if it is not filled out, all life-sustaining treatment is given and provided to the patient. Currently, this POLST form can only be executed between the patient and their doctor or health care provider. It currently just removes an additional witness. And I'm sorry if I was not clear when I brought that to your attention. This is for people who are at home, who are very terminally ill, who do not want to be resuscitated, who have decided that the last thing they want to remember is not having their ribs cracked or other life-sustaining things that will make no difference in the outcome of their life. And it is a private document between them and their health provider, who is actually with them. So that additional witness remove -- in removing them,

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

removes that barrier when the surrogate is enrolled in hospice. I hope that that clarifies some of the concerns. I know that this is very difficult subject matter. Keep in mind, though, that a patient cannot complete a POLST form on their own. It is only valid when the patient and their healthcare practitioner execute it together. It simply removes that additional third person. It does -- it does not force them. This is not -- there's no mal-intent. It's actually a voluntary document that will actually have someone's wishes be respected, not violated. I would appreciate your support.

...President. Senate Bill 139 is an initiative of Toni Preckwinkle and the Clerk of Cook County, and it's also supported by clerks around the State of Illinois. It allows a person that is currently married to request a certified copy of their marriage license with nongendered identifiers and allows both parties to a prior marriage who are still currently married to ask the clerk to update their gender identifiers to a new gender, making the change permanent if desired and technology permitting. I'm happy to answer any questions. Basically, you can go from "bride" or "groom" to "spouse".

Madam President, Members of the General Assembly, that last bill that we had just passed is one of our staffers' first bills, but the story behind our staffer today is that Miss Ward was a young lady who had graduated from college not knowing what she wanted to do with her life. She chose to go to law school after the fact. And I'm proud to see her today with her first bill passed. And -- and it's just really a great story, 'cause she comes from a long line of family members back in the south suburbs that really, truly helps people and really, truly cares about people. And I think it's just a great testament to her family that she's here today, working on behalf of the Illinois State Senate and the people of Illinois. I just want to give her a round of applause on her first bill.

Yes, Madam President. Thank you. Student parents are a growing population nationally. More than one in five college students identify as a parent. In Illinois, our best estimate now is about fourteen percent of all students are parents, but, unfortunately, that's a rough estimate, based on what little -- little data we know. This bill would -- would require public community colleges and universities in the State to collect data about students who are also parents, because we want to better understand the needs of student parents at our institutions of higher education. The amendment to this bill was added in order to address privacy concerns raised by IBHE and the ICCB. I ask for an Aye vote.

disease or cancer covered by the existing pension code to revert to an occupational disability in order to seek care. There are far too many newly retired firefighters who develop what we know to be job-related disease and cancers. This would allow them to temporarily forgo their pensions and revert to an occupational disability, thus receiving an appropriate medical coverage to fight their disease, if they do so choose. When reverting the occupational status, most members would be taking a reduced benefit, less than their pension calculation. The City is the only one who had some opposition to it. We did explain to them in committee there's only a handful of retired firemen that actually do this. I will attempt to answer any questions.

Senator, would you like to explain your bill?

SENATOR CROWE:

Thank you, Madam President. Senate Bill 338 provides the administrator of the Illinois State Treasurer with the ability to enter into an interagency agreement with the Secretary of State and the State Board of Elections to compare information to locate owners of unclaimed property that is valued at two thousand dollars or less. The data match provision with the Secretary of State and the State Board of Elections is similar to a current program with the Department of Revenue for unclaimed property at the same value.

This bill also requires business associations that have no unclaimed property to report -- to submit a report to the Treasurer's Office of no property. It also provides that virtual currency is considered unclaimed if five years have passed without an indication of interest in the property, and expands its jurisdiction to include tax-exempt retirement accounts. I'm happy to answer any questions.

SENATOR BARICKMAN:

Thank -- thank you, Madam President. Just for the Body, we heard this bill in committee, and while it incorporates a number of good concepts, I think the concerns at the committee level were the requirement of a new mandate on business. What this legislation proposes is more bureaucracy, more reports, and more mandated duties on businesses. And as a result, we had some concerns in committee and some -- and as a result, I'm urging a No vote on the Floor. Thank you, Madam President.

I would, yes. Thank you, Madam President. This bill, Senate -- Senate Bill 590, requires a county to authorize a site under its control to display a container to be used for the disposal of medical sharps. It makes it optional for a municipality to do

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY  
REGULAR SESSION

that as well. The amendment amends the Environmental Protection Act so that these sites are considered household waste drop-off points so that each site is not required to obtain a permit for this. And I -- I wondered if there are any questions on this.

PRESIDING OFFICER: (SENATOR HOLMES)

Is there any discussion? It appears Senator Barickman. For what reason do you seek recognition?

SENATOR BARICKMAN:

Madam -- question of the sponsor, Madam President.

PRESIDING OFFICER: (SENATOR HOLMES)

Sponsor indicates she'll yield.

SENATOR BARICKMAN:

Senator, I think there's a question about the mandate that may exist on counties versus municipalities. Can you explain the different treatment and where there may be a mandate versus where this may become permissive, I guess, in nature? Could you explain that for us?

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Glowiak Hilton.

SENATOR GLOWIAK HILTON:

Thanks for that question. I'm really happy to explain this. We had worked and worked with those who are interested in the bill to find out exactly what to do with it. And we worked on this so that at least one place, one authorized site per county, would be taking the disposed mental -- medical sharps. So it -- but we decided it would be optional for municipalities to do it, but it would be allowed under the EPA so that these sites could be considered household waste drop-off points.

Senator Barickman, do you have further questions?

SENATOR BARICKMAN:

Yes. Thank you, Madam President. So why the disparity, though, between making something permissive for the municipalities but mandating it upon the counties? Why -- why have you distinguished between the two?

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Glowiak Hilton.

SENATOR GLOWIAK HILTON:

I appreciate that question too. Because we -- we, in discussing this with many people who are interested in the -- that kind of question, we figured if each county has one drop-off location that that would be at least one place for people to put sharps that would be out of the household waste stream and not make it mandatory for each municipality to do that on their own.

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Barickman.

SENATOR BARICKMAN:

To the bill, Madam President.

PRESIDING OFFICER: (SENATOR HOLMES)

To the bill.

SENATOR BARICKMAN:

Thank you, Madam President. I guess I just call into question the -- the mandate that is being imposed here upon county governments that is distinct from an option, maybe, that municipalities may have. I'm sorry we didn't have a chance to talk about this bill before the Floor debate. But I -- I guess I'd also add - and, you know, maybe you'll discuss this in closing - I believe there's a program in Illinois called the P2D2 Program,

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

28th Legislative Day

4/21/2021

which is a State fund for which local units of government can apply for funds to create disposal containers in their communities. I'm aware of that program only because it was an initiative of high school students from within my district some years ago, from Pontiac High School. It's called the Prescription Drug Disposal {sic} (Prescription Pill and Drug Disposal) Program. I believe that fund today has dollars in it available for communities to utilize for these purposes. And so, to me, rather than mandating upon them to do that, this might be the -- the existing program may be a suitable carrot for those communities who are interested in -- in that. So, for the bill's purpose, I would urge a No vote, simply based, not on the merit -- not on the -- the intent of the sponsor, but because of this mandate that would be placed on, especially, downstate communities who would not have the choices that some of our municipalities would have under this language. The mandate's concerning to me, and as a result, I'd urge a No vote. Thank you.

PRESIDING OFFICER: (SENATOR HOLMES)

Senator Glowiak Hilton, would you like to close?

SENATOR GLOWIAK HILTON:

That the -- that program that you're talking about I think, perhaps, only refers to prescription drugs, not sharps. So this has to do with sharps. And -- and I know that a lot of municipalities do have these locations where people can drop off their used prescriptions and they will take that and dispose of them, but most of them say they do not take sharps. And that's the problem here. So I saw a need for this because we have a -- a drive for people to come and drop off things like used paint and -- and paper and sharps, and what happened was we had truckloads

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

and truckloads of these boxes of sharps because people had no place to put them. So I saw a need in our community and thought that we should be able to fulfill that need by at least allowing a place in each county for people to be able to drop off their used hypodermic needles and other sharps. So that's why I did it. I urge a Yes vote. It is -- I do have sponsors on both sides of the aisle, and I would appreciate your Yes vote. Thank you.

SENATOR CUNNINGHAM:

Thank you, Madam President. Senate Bill 603 amends the Chicago (Firefighter) Article of the Pension Code. It's designed to correct an inconsistency between the Code and the City ordinance on retirement age. Sixty-three is the mandatory retirement age for firefighters in Chicago, and right now, the Pension Code is aligned with that. However, firefighters who are trained and work as paramedics are allowed to work after the age of sixty-three because of the shortage of paramedics. What this bill would do, would allow those paramedics to continue to participate and pay into the firefighter's pension after they reach the age of sixty-three and continue to work. I know of no opposition. Would be happy to answer any questions and would appreciate the Chamber's support.

Mr. Secretary, are there any Floor amendments approved for consideration?

SECRETARY ANDERSON:

Floor Amendment No. 1, offered by Senator Collins.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Collins, to explain your amendment.

SENATOR COLLINS:

Thank you, Mr. President. Senate Bill 605, as amended, requires every school district, charter school, alternative school, or any school that receives public funds to develop an absenteeism and truancy policy that must be communicated to students and their parent and -- or guardian on an annual basis.

PRESIDING OFFICER: (SENATOR KOEHLER)

SENATOR MURPHY:

...you, Mr. Chair -- Mr. President. As amended, this bill amends the Condominium Property Act to allow a condominium board to introduce or amend its bylaws, the plat, the declaration, or any other documents that they might have recorded on the condominium property, to provide that the majority of the condominium board can be made up of unit owners who occupy their units as a primary residence. So it would require that if you are running for office in a condominium complex that you must be -- reside as the primary residence in that property. You don't have to have a majority of those that do, but you would have to reside in the property, and it's permissive. So I'm happy to entertain any questions.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Bennett, to explain your bill.

SENATOR BENNETT:

Thank you, Mr. President. 1693 creates the Illinois Industrial Biotechnology Partnership Act. Essentially what it's trying to do is recognize that Illinois is in a unique position to lead the bio-renewable industry and capitalize on the success that we've already had. But one big hurdle that we face is, in bio-renewable advancement, is the large capital investment required to build a pilot program and facility. States like Iowa and Minnesota, but even New York, have already set up venture capital funds to allow for this growth. What this bill would do was -- is create an actual partnership, which is basically a -- a receiving -- that's what I'm looking for -- a receptacle, I suppose, for State grants through DCEO that we could then put in money as -- as we're -- as it's available to create grants for -- biotechnology workforce development grants. Maximum of one million dollars. This, again, does not put any money into those grants at this point, but creates the receptacle for that. I would ask for your Aye vote.

Thank you, Mr. President. 1697 is a compromise from the public universities' original request to exempt our public four-year institutions from the Grant Accountability and Transparency Act, GATA. While they understand the original intent of GATA, it has frankly become overly burdensome, placed a significantly under

intent, and we had a discussion offline about this. And I just -- I -- I want to talk through a couple things. Number one, I -- I think we need to take pause with legislation like this, because, number one, this is the proverbial camel's nose under the tent. Where do we draw the line here with -- with government getting involved in business? And two, I think it's important that -- that we clarify exactly what the language of this bill does. This language does not mandate that somebody -- that they say what their sexual orientation is; this is just saying that you can report it if you want to. So a couple concerns about that is, number one, there may be several people on boards that are -- have a different sexual orientation that choose not to talk about it because they don't think it's the proper place in the business field to be talking about that in the first place. I understand, too, from the language that part of the intent is for data collection to make sure that the LGBTQ community is properly represented in the business -- in -- in the corporate world, which I understand that, but this is not a mandate. This is rather just putting some -- some pressure to say it's okay to bring that out and say what you are -- or what sexual orientation you are. So if it's -- if it is not mandated and it's for data collection, how do we not know that the LGBTQ community is not already properly represented and they just don't want to talk about it 'cause they don't think it's the proper place to talk about their sexual orientation in the business world? As I spoke to you, Senator, offline, I think this is a step in the wrong direction. I think if people in 2021 want to come out in the business world and say whatever their sexual orientation is, great. I don't think we should be putting pressure on them to do so if they don't want to.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator -- Senator, are you finished with your comments?

SENATOR ANDERSON:

Yeah, I was just waiting for people to quiet down. As I said, Senator Jones, in -- in our conversation, I think one of the biggest things we can do to help the LGBTQ community, the -- the so-called racial divide that we have in our country, is we need to simply stop talking about it. We need to treat each other as human beings and not what color our skin are {sic}, not what creed we are, not what sexual orientation we are, and treat each other as humans. Things like this are causing more of a divide than anything else, especially in the business world. Business is business. If you want to come out and talk about your sexual orientation, great, I don't care. But let's not try to force people to do something that they don't want to do. Thank you, Mr. President.

Thank you, Mr. President. Yes, Senator Anderson - Senator Anderson - thank you for the -- your comments. And, yes, we did talk offline. I believe you can't heal unless you do talk about it. Some things you do need to talk about. We changed the law a few years ago to add gender and minorities to these reports. What we're doing with this legislation is just expanding that. This is not required. This legislation does not require anybody to out themselves, just those persons who self-identify. This legislation will help us move forward and, hopefully, you know,

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Hastings, to explain your bill.

SENATOR HASTINGS:

Thank you, Mr. President. Senate Bill 645 amends the Employee Sick Leave Act by removing a line that exempts airline employees from coverage. This change permits airline employees to use already earned sick time to care for sick family members. It does not create any entitlement to sick leave or any additional entitlement to sick leave. This bill came to me from a -- a constituent who had fallen on some tough times. And sick leave, according to her company policy - that falling under the Railway Labor Act - it did not allow her to take that sick time for a family member. Taking sick time for a family member is afforded to every other class of employee in the State of Illinois except for airline employees and railway workers, and that was by a narrow carveout that took place in a previous General Assembly. This bill seeks to remedy that situation. And I'll answer any questions, Mr. President.

SENATOR ROSE:

So, thank you, everyone. There's a reason why and, as laudable as the goal here is, there are some issues that we can't solve that, frankly, require the federal government to solve. I asked the sponsor at the hearing how you defined an "Illinois resident". And it's really based on duty station. Well, here's the problem. You could have a duty station of O'Hare Airport, but live in Miami and you catch a -- hop a flight up, you get on and you go. You could actually -- within the airline community, there is the opportunity, if you've got childcare issues, you can swap flights. So, if you live just north of the Illinois border in Wisconsin and your normal duty station is Milwaukee, but you swap enough flights out of O'Hare because you've got childcare issues, this could now cover you even though you're not an Illinois resident. All this goes to say, that this is a very real problem. But it's a very real problem that requires a federal standard so that it applies applicably whether you live in Illinois, Wisconsin, or Florida. There's another issue here and it's -- it's -- I'll be -- I'll be clear. I'm not -- I will be absolutely clear that it's a potential issue. But there's a very potential problem with the Dormant Commerce Clause of the United States Constitution that this would violate, because -- exactly because we are -- attempting to apply Illinois law to residents of another state. And so, even though on the face of it, that's not the application, if and when one of these other items happens, you could run into a serious constitutional impediment, and then all we've done is made a false promise to these people. So I want to be clear: The goal is laudable. Frankly, this does need a solution, but it does need a solution at the federal level so it's applicable across the United

States of America. And the reason -- and this is it - think about this, folks - the reasons there are two sectors that are exempt, railroading and the airline industry, is because the employees are absolutely mobile on any given day of the week in multiple states and, frankly, countries, in the United States and around the world. Again, this is why the federal government has, I believe, exclusive jurisdiction. I also believe this will cause a Dormant Commerce Clause problem - but, again, at the end of the day, that's not my area of expertise. I freely admit that. But, really, you know, it needs a solution; unfortunately, we are the wrong venue to solve this problem. So I'll be voting No, unfortunately, but I appreciate everyone's indulgence in explaining why. Thank you.

PRESIDING OFFICER: (SENATOR KOEHLER)

Is there further discussion? Senator Hastings, to close.

SENATOR HASTINGS:

Thank you, Mr. President. First, let me address the distinguished attorney from the Champaign-Urbana area as to his interpretation of the Dormant Commerce Clause. I'd also like to acknowledge the -- the highly esteemed, distinguished other attorney from Champaign, who probably gets more business. Thank you. I want to -- I want to address a few things. Number one is the -- you know, the good -- the distinguished Senator from the other side of the aisle, he had spoke about the federal government and this requires a federal government fix. Well, where the federal government fails to act, the power resides in the State's hands to help encourage the federal government to pass a federal law, just like other states in the country have done on a myriad of different issues. That's the -- I just want to make sure we respond to the first point. And to your second comment towards

the Dormant Commerce Clause, our federal circuit court, the 7th Circuit Court, in Hirst versus SkyWest, Incorporated, which was decided in 2018, the 7th Circuit Court upheld state regulations of labor rights for airline workers. I want to make sure that's very clear to everybody in this Chamber who may be wavering on the other Senator's point of view. It's the case law, which has been determined by our Circuit Court in the 7th Circuit. But what's most important here is this, is that every other working-class man and woman in the State of Illinois can use their sick leave for their family time, to take care of someone in need, whether that's a senior citizen, whether that's their kid. I'm going to tell you a story, just a vignette, quick story, 'cause I know we're -- we have other things to do today. But there's a lady in my district, a lady in my district whose husband suffered from renal failure, from renal failure, and this was pre-COVID - pre-COVID. He went in; he had to get his dialysis treatment. She could not take time off when he had to get his treatment. Her daughter comes home from Spain, after COVID has kicked in to full swing. She comes home and he is on -- he has to go get dialysis. So the company where he has to go get the dialysis, they don't have the ability or the protocols at the time to deal with COVID. They just don't. He's got to go to a hospital. The hospital over-dialyzes {sic} him. He says, "I'm not leaving the hospital because I -- I -- I feel -- I don't feel healthy. I don't feel like I can continue with the day." No, going to discharge you because -- "We have to discharge you because we need the hospital beds here at the hospital." About twenty minutes later, he falls off the examination table and he dies. He dies two weeks later. In all that time, all that time, where the company was denying her her

sick time that she could have used for her husband, her husband, that precious time, if it would have been given to her where she was compensated for it, not forced to take nonpaid leave, she would have that time back with her husband, with her husband. He's dead now. There ain't no -- that's not -- she's -- he's not coming back. That's why this law is important. The airlines have various flight attendants on reserve in the event that they need to help offset someone calling off. Every other company in America's able to figure it out. They should be able to figure it out too. This is for working-class people who -- who deserve the same rights as every other class of citizen in the State of Illinois. And that's why I'm going to urge an Aye vote. It's for those people who literally go to work every day and show their love on their airline to other people. It's a darn shame when those airlines don't show the love back to them. I ask for an Aye vote, Mr. President. Thank you very much.

SENATOR HUNTER:

Thank you, Mr. President. This bill requires community benefit reports to be filed by all nonprofit and public hospitals and requires hospitals to make their annual community benefits public -- plan publicly available and easily accessible. The bill requires inclusive {sic} of a description of activities a hospital is undertaking to address health equity, reduce health disparities, and improve community health in a hospital community benefits plan. I know of no opposition and I would ask for an Aye vote.

Thank you, Senate -- Senate -- Mr. President. So, with the amendment, it becomes the bill. It is a result of negotiations with the National Immigrant Justice Center, the Illinois Council {sic} (Coalition) for Immigrant and Refugee Rights, the Cook County State's Attorney, and many Illinois immigration practitioners. It requires designated certifying officials to provide written notice to requesters explaining why an individual does not meet the criteria for a victim of -- of qualifying criminal activity. It reduces the certifying agency's time to respond to an appeal from sixty days to thirty business days. Additionally, requesters need to not exhaust administrative remedies with designated certifying officials before seeking equitable relief in the circuit court for a completed certification form. Really what this bill does is

brings more transparency for someone who has applied for that certification. Makes the agency have to respond to why or why not they're not getting that document. SENATOR PETERS:

Yes. Thank you. Senate Bill 2129 allows prosecutors, at their discretion, to motion to resentence a defendant in the interest of justice and gives the court the discretion to resentence to a lower -- lesser term of imprisonment. It preserves the rights to -- established by the Rights of Crime Victims and Witness {sic} (Witnesses) Act and allows the court to consider postconviction factors, including prison disciplinary records, evidence of rehabilitation, and reduction of a risk to society due to age or physical condition. SENATOR McCLURE:

Yes, Mr. President. Can the victim of the crime veto the ability for the State's Attorney to look for a lesser sentence for this -- this person who's already been convicted?

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Peters.

SENATOR PETERS:

It is in line with the Rights of Crime Victims and Witnesses Act, so the judge can determine based off of that and the petition made by the prosecutor. And, to repeat, this is a -- at the discretion of the State's Attorney of what -- of the county that they represent. It is not a universal project.

Thank you, Mr. President. Just for clarification, so the answer is no. A victim can't say, "Madam Prosecutor/Mr. Prosecutor, I don't want this person to be resentenced." The victim can't -- does not have power to do that? Just for clarification.

SENATOR McCLURE:

Thank you, Senator Peters. Mr. Secretary, I'd like to speak to the bill now.

PRESIDING OFFICER: (SENATOR KOEHLER)

To the bill.

SENATOR McCLURE:

So this is a situation where -- we hear a lot of testimony in this building, from survivors of sexual assaults, for example. And they talk about how traumatic it is to have to do the sexual assault kit. They talk about the revictimization that exists in their mind when they're experiencing this. They talk about that same revictimization when they have to go through a trial and they have to testify against the very person who did unspeakable things to them. They then have to participate in a sentencing hearing and again face that same person. At what point do these victims have the right to stop being revictimized? At what point can a person, after going through so much, on some of the most horrific crimes any of us have to see as former prosecutors or as current prosecutors, at what point do they have peace to say, "Okay, this is the sentence; I can live with that"? The victims deserve peace. And, unfortunately, this bill causes them to potentially be revictimized over and over and over again. And guess what, they can't say, "No, I don't want this person to get a lesser sentence, because of what they did to me." We have to be very careful with our victims these days. We've got a very severe crime problem. It's across the entire State, including here in Springfield. There's already a process right now where the Governor, which he's been doing quite frequently, can commute sentences. The -- the

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

28th Legislative Day

4/21/2021

Prisoner Review Board reviews these sentences; they make parole recommendations. The Governor can pardon. There's a process to do that. And this Governor has been doing that very frequently. What I don't want to do is to cause these victims to get in any more pain. It would be different if the crimes were limited. So murder, violent sexual assault were taken off the table. It would also be different if there was an additional component where the victim could say, "No. I am done. I deserve the right to live in peace myself. And I'm not going to go through another sentencing hearing and be retraumatized." At some point, we need to start sticking up for these victims, and I think we can do that with this bill. Because of that, I encourage a No vote. Thank you, Mr. President.

PRESIDING OFFICER: (SENATOR KOEHLER)

Is there any further discussion? Seeing none, Senator Peters, to close.

SENATOR PETERS:

I would just like to say, I had a bill earlier today, supported by every victim group in the State, that was pushed by survivors and I care deeply about victims and survivors and what they think and that's why I pushed that bill and pushed that green button. I'm not here to have people who just decide to preach about survivors and victims, but they can't press a green button when they bring a bill. Mind you, the sponsor of this bill is a survivor of sexual -- the -- the advocate is a survivor of sexual assault. So I ask for an Aye vote - because I'm not here for talk, I'm here for action. And for any of us who's had to live through pain and trauma and not talk about it, we know what it's like to be a victim and how to stand up and walk forward. So, please, for

STATE OF ILLINOIS

Senator Tracy, that's concurrent jurisdiction that we already have. So what -- what the -- what the bill does is makes sure that we -- we allow for that current jurisdiction for -- for the -- the -- for the zoning for manufactured housing.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Tracy.

SENATOR TRACY:

And as I look at this analysis, the bill also would present -- preempt home rule powers of a municipality. Correct?

SENATOR SIMS:

Senator Tracy, yes. On a concurrent basis, that is correct.

PRESIDING OFFICER: (SENATOR KOEHLER)

SENATOR TRACY:

And the reason I'm asking is, is our analysis still indicates that the Illinois Municipal League opposes this legislation for that -- those reasons. And I'm -- I'm not recalling if, in committee, we actually heard testimony from the Illinois Municipal League, but I'm wondering if you have had conversations with them and if they've told you why they oppose your legislation.

SENATOR SIMS:

Senator Tracy, no, I have not talked to the Municipal League about -- about that. But, however, as -- as you know, I'm willing to talk to anyone. But, as we -- as I mentioned, this is concurrent jurisdiction and that's -- that's -- the -- the purpose is allow

I just want to speak to the bill, Mr. President.

PRESIDING OFFICER: (SENATOR KOEHLER)

...bill.

SENATOR BARICKMAN:

Thank you, Mr. President. Here's -- here's the concern that I have as I read the -- the bill. The concern is that local communities, municipalities, counties around the State have a set of zoning rules. We empower them to make those decisions locally and this legislation would -- would seem to take away the power of those local communities to make those decisions. As a result of that, I would urge a -- a No vote. Thank you, Mr. President.

PRESIDING OFFICER: (SENATOR KOEHLER)

Is there further discussion? Senator Sims, to close.

SENATOR SIMS:

Thank -- thank you, Mr. President, Ladies and Gentlemen of the Senate. I think it's important to note that zoning ordinances that have been placed -- have been put into place have been -- have been drafted specifically on the -- the change of aesthetics or the -- focused on the aesthetics of the manufactured homes.

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY

That is why this legislation has been drafted, so that we can have that concurrent jurisdiction and make sure that a -- a municipality cannot simply bar or prohibit a manufactured home, which is oftentimes affordable housing, from -- from being used in a municipality. So while I understand and I -- and I respect my friends on the other side of the aisle, however, the -- the reality is that this -- this provides for an affordable option for individuals who choose it. And this -- the -- the ability for -- for this concurrent jurisdiction allows for the -- for this to be an appropriate use of this authority. I'd ask for an Aye vote, Mr. President.

business, or organization may not spoof a caller's information or otherwise misrepresent the origin of a telemarketing call unless the person, business, or organization has the right to use the name and phone number displayed. Maybe we've all experienced this. We're trying to prevent it. Requires telephone solicitations placed in a manner other than by a live operator to immediately disclose identity and the purpose of the call and prompt the recipient of the call to consent to the solicitation. I'm happy to take any questions.

SENATOR MURPHY:

Thank you, Mr. President. As amended, because this changes the effective date, but it provides that for the taxable year 2020, the maximum income limitation under the senior citizens assessment finance {sic} (freeze) homestead exemption would be raised to seventy-five thousand dollars for counties with less {sic} than three million inhabitants, which is currently sixty-five thousand. For taxable year 2021 and thereafter, the median {sic} income limitation under the senior citizen exemption {sic} (assessment) freeze homestead exemption is seventy-five thousand dollars for all counties, which would be currently sixty-five thousand. So, there is one opposition to this, the Illinois Municipal League, that filed a slip late. But other than that, I know of no opposition.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Stadelman, to explain your bill.

SENATOR STADELMAN:

Thank you, Mr. President and Members of the Senate. What 2278 does is, for counties who have enacted a referendum that uses sales tax dollars to pay for mental health services and addiction services, this requires the formation of a mental health board to help administer those funds. I think you can argue that if a county passes a referendum, that mental health advocates and professionals should be included in the decision-making process in

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

28th Legislative Day

how those funds are to be used. This follows a similar requirement regarding use of our so-called 708 boards that more than fifty counties across the State use, to use property tax dollars for paying for mental health services. They are required to form this mental health board. This simply mirrors that language and require those counties, again, that use sales tax money for mental health services and addiction services to form this mental health board so they can help make sure that the board's intent that these services go for mental health programs are enacted. I'm happy to answer any questions.

Thank you, again. There were stories in the newspaper over the last few years about how the Department of Children and Family Services was transporting youth in care wearing metal shackles. That story made it around the world, actually. I had friends in Europe emailing me about it. I know the Department has done a great deal of work on this. And sometimes it's worked and sometimes it hasn't, because they've put this in rule, or procedure, actually. But today, what I'd like to do is indulge

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY  
REGULAR SESSION

you and ask you to vote for this bill so that it can be statutory and that it is clear that, as we move forward, we're going to prohibit the use of restraints on youth in care during transport that is arranged by the Department of Children and Family Services, and it will require a process for the use of soft restraints. It requires the Department to prepare an individualized trauma-sensitive transport plan for kids who are being transported from psychiatric hospitals or residential treatment centers that -- and collaborate with caseworkers and clinical treatment professionals. I'd appreciate an Aye vote.

PRESIDING OFFICER: (SENATOR KOEHLER)

She indicates she will yield. You need to hold that real close to your mouth.

SENATOR SYVERSON:

Senator, we -- we talked about this in committee and -- and -- and maybe you could just help answer this. The question that was raised when -- when we talked in committee about in those cases when they're dealing with some of the most violent individuals who are a danger to themselves or to others in transporting, without them being able -- the use of -- of restraints, what is the plan for those individuals in those particular cases when you're transporting the most violent of -- of those individuals?

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Feigenholtz.

SENATOR FEIGENHOLTZ:

STATE OF ILLINOIS  
102nd GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

I think the general belief, Senator Syverson, is that any child that is that ill shouldn't be transported. And it would require a clinical event, and that once that child was able to be transported, it likely would be by a medical professional and it would be the -- a physician and an ambulance driver, not a DCFS worker or the Department, who would be responsible for making that decision.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Syverson.

SENATOR SYVERSON:

So, in those particular cases, we're not saying that there may not be a need for that; it just would not be handled by DCFS. DCFS would work with some other -- either law enforcement or other medical professionals to help transport those -- those particular individuals.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Feigenholtz.

SENATOR FEIGENHOLTZ:

DCFS caseworkers are not trained to handle children who have those kind of psychiatric behavioral health problems, Senator. They're not. It -- that -- when children are in that kind of a situation, they need to be with medical professionals who know how to handle it and who can manage the transport. Do you understand what I'm saying? So they're the ones who will decide to use...

PRESIDING OFFICER: (SENATOR KOEHLER)
