to be going to 3rds. This is final action. Please come to the Floor, so we can move your bills. Today's the deadline. Okay, page 55 of the Calendar, Senate Bill 2877. Senator -- House Bill. Senator Aquino. Mr. Secretary, read the bill.

SECRETARY ANDERSON:

House Bill 2877.

(Secretary reads title of bill)

2nd Reading of the bill. No committee or Floor amendments reported.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Aquino. 3rd Reading. Senate Bills 3rd Reading, final action, page 6. Senate Bill 170. Senator Koehler. Mr. Secretary, read the bill.

SECRETARY ANDERSON:

Senate Bill 170.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Koehler.

SENATOR KOEHLER:

Thank you, Mr. President, and Members of the Senate. This bill creates the Vegetable Garden Protection Act which establishes, that notwithstanding in any other State or local government law, that any person may cultivate a vegetable garden on their private property or another private property with the owner's permission. State and local government may adopt general regulations, provided that the regulations do not preclude or specifically regulate vegetable gardens. This is -- a -- a bill that I think will help all of the folks especially during this

time of the pandemic where they want fresh fruits and vegetables and I'm happy to answer any questions.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Is there any discussion? Senator McClure, for what purpose do you seek recognition?

SENATOR McCLURE:

Mr. President, will the sponsor yield?

PRESIDING OFFICER: (SENATOR MUÑOZ)

Sponsor indicates he will yield.

SENATOR McCLURE:

Senator, I did vote for this in committee, but I just want clarification so that everyone voting on this is aware of what this does. This does limit some home rule power. Is that correct?

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Koehler.

SENATOR KOEHLER:

Yes. Thank you, for your question. Yes it does. But it does not limit a city's ability to be able to provide, you know, zoning setbacks or -- or other things that they would use to regulate, you know, their community. It just says that you cannot specifically discriminate against gardens. So thank you for your question.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator McClure.

SENATOR McCLURE:

And also, as far as the limitation of vegetable gardens, can it be any size garden? Or what -- what ability is there to limit the size of a garden in these -- in these cities?

Senator Koehler.

SENATOR KOEHLER:

Well, a community can still regulate setbacks, and, you know, structure ordinances, whatever, so they -- they -- they limit it by that. But if -- if it's allowed in terms of other reasonable setbacks and things then you can have a vegetable garden, yes. And -- and they can also regulate the height of it.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator McClure.

SENATOR McCLURE:

So -- so the height can be regulated, but the size overall, for example, the, you know, the length of it? Can that be regulated?

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Koehler.

SENATOR KOEHLER:

It can be regulated as -- yes, it can be regulated as long as it's not regulated because it's a vegetable garden. So, in other words, if there are setbacks and things like that, yes that -- that does apply. But if you say, we're not going to allow vegetable gardens, well then that's not permitted.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator McClure.

SENATOR McCLURE:

SENATOR HOLMES:

Questions of the sponsor.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Sponsor indicated he will yield.

SENATOR HOLMES:

And, I'm sorry, Senator Koehler. You know I dearly love you. This is an issue that we have seen in many committees for several years prior to this. Is this a single incident that this bill has resulted from?

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Koehler.

SENATOR KOEHLER:

I don't think the bill is a result of a single incident, but, yes, there is a single incident in which kind of garnered a lot of publicity. But again this -- this does not limit a community's ability to be able to regulate zoning setbacks, height restrictions, structures, whatever. It just says that you cannot discriminate by calling something a garden. So the height of the garden, all those things that pertain to anything else in -- in city codes is still enforceable.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Holmes.

SENATOR HOLMES:

It's my understanding that where this issue really came from was a structure that they called a hoop house, where they were

STATE OF ILLINOIS
102nd GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

trying to grow vegetables underneath it - that actually was the reason this whole incident came up is because the city was trying to limit this hoop house being erected on the property. Is that true or not still?

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Koehler.

SENATOR KOEHLER:

Well, again, that was what kind of galvanized the publicity initially on this, but I don't -- I don't think this law was written just with that in mind. This is written just to protect the rights of anyone in the State to be able to have a vegetable garden. And I'm not even going to opine on -- on whether or not this would protect or relate to that incident you're talking about. Because again, this is very clear, that communities can still regulate based on zoning, based on structures, based on all the other things in their code. They just can't say that because it's a garden, it's, therefore, illegal.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Holmes.

SENATOR HOLMES:

Thank you, Senator. And this does -- you did say, this does preempt home rule, true?

Okay. I have a couple questions of the sponsor.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Sponsor indicates he will yield.

SENATOR ROSE:

First of all, I was locked in before we heard about this house. But there's some great confusion on our side of the aisle. Exactly what kind of house is it that we're talking about? We couldn't understand. Something house, what -- what kind of house?

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Koehler.

SENATOR KOEHLER:

Senator Holmes was referring to a hoop house. A hoop house. H-O-O-P house. Okay.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Rose.

SENATOR ROSE:

So, I'm very excited to support vegetable gardening, you know, a huge proponent, I enjoy it immensely. But my question is, how or is there a difference between home rule communities and non-home rule communities? Because, right now, as I understand, this deals with zoning, but if you're home rule, you can do some things, if you're not home rule, you can do some other things. I represent mostly home rule communities, where I would think we wouldn't have any zoning of vegetable gardens to begin with. So, I don't want to suddenly be letting my people -- my people suddenly regulate vegetable gardening. So, is there a huge difference between -- is there any difference between home rule and non-home rule communities with respect to this bill?

To the bill, Senator.

SENATOR WILCOX:

So, I carried this bill last year and have come to the conclusion that this should be no different from municipalities than the ordinance on temporary signage that had to go to the Supreme Court where we had to be told you can regulate temporary signage but you can't regulate temporary signage based on the message or the aspect. And what Senator Koehler's bill does, is says municipalities you can regulate things under zoning, you just can't regulate them differently for different reasons. So, in that regard, I will be supporting this bill. Thank you.

But, I -- back to the hoop house, I just was wondering - and I'm looking at all the language and I -- I'm thinking it's accurate but in the instance of that -- of the garden problem that got all the attention in the media - does your bill allow the vegetable garden to have a hoop house?

Senator Koehler.

STATE OF ILLINOIS

SENATOR KOEHLER:

No, this bill is -- is silent to that. What it says is and -- and whether you can have a hoop house or not depends on the local ordinances and how it's constructed. So this bill doesn't -- doesn't speak to that issue per -- per -- per se, it -- what -- what Senator Wilcox just said is exactly what this bill does. It just says you can do all kinds of things in terms of your ordinances. You just can't do it to say that it -- that you're not going to allow vegetable gardens. So -- so it -- it -- it's really agnostic in terms of that particular story that we're talking about.

So the hoop house structure that was on my constituent's lawn, back lawn, there are many other similar structures in this same town that were not required to be removed. And so, this just simply standardizes what can be put in someone's yard as opposed to cherry-picking what could be and what could not be allowed in someone's yard. Very similar structures were all over in other - other people's yards. So, this merely standardizes it. The ordinances could be enforced on what could be put on people's property. SENATOR MARTWICK:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senate Bill 208 is the initiative of the Treasurer's Office. It expands the Secure Choice Savings Program Act to include employers with five or more employees, allows the Secure Choice Savings Board to establish automatic contribution increases of up to ten percent of the employees' wage as part of the default savings option, and clarifies that penalties are applicable for full years of non-compliance instead of partial years. For the employers who become

subject to this Act pursuant to SB 208, enrollment deadlines for those between twenty-five and fifteen employees shall be no sooner than September 1, 2022. And the enrollment deadline for employers with five to fifteen employers {sic} shall be no sooner than September 1, 2023. So, Ladies and Gentlemen, this bill is an expansion of what the Treasurer did a few years ago when he established Secure Choice and -- and what that is to create good retirement savings options for people whose employers do not offer that. A few years ago that was established at twenty-five or more employees. We're seeking to expand that to make sure that -- that the vast majority of our employees that are out there who are working for employers that do not have in-house retirement savings have that same access that we need. This is best practices. This is the right thing to do for the people who are working, to give them those options. It is the right thing to do for our State and for our economy, as we ensure that people have retirement savings as they reach their golden years and do not have to rely on -- on future budgets to get through in their golden years. Now, I -- I would just note that with the amendment and with -- we did an amendment on this bill and we negotiated very -- in very good faith with the business community and such the vast majority of the business community has been removed as opposition to this bill including - so, the Illinois Chamber of Commerce is no longer an opponent to this bill. The Illinois Manufacturers' Association, the Illinois Retail Merchants Association are no longer opponents to this bill. That -- that does not mean that there is no opposition, but I would suggest that it is a very small percentage of the business community because this is the right thing to do. And -- and -- and I think the vast majority of the business

community acknowledges that. I ask for a -- a favorable vote and I'll be happy to answer any questions.

SENATOR STOLLER:

Thank you, Mr. President. To the bill.

SENATOR STOLLER:

Yeah. Thank you. I really like the concept of the Secure Choice Program. I think it's a good program. And I like the idea of encouraging people to save for retirement. I also appreciate this sponsor's willingness to negotiate and exempt the smallest of businesses. That was a great change and I -- it's appreciated. It did remove some opposition, but not all. NFIB is still opposed. And my concern is that it imposes a mandate on the small businesses. It's not optional for the businesses to participate. The employee can opt out but the business cannot. And it imposes penalties for non-compliance. For that reason, I'll be a No vote and I encourage a No vote.

PRESIDING OFFICER: (SENATOR MUÑOZ)

SENATOR KOEHLER:

Thank you, Mr. President and Members of the Senate. I'm going to read just right from the bill, itself, because I think it makes it very clear what this bill does. It says, "No managed care contract shall provide for a level of reimbursement lower than the fee-for-service rate in effect for the facility at the time service

STATE OF ILLINOIS
102nd GENERAL ASSEMBLY
REGULAR SESSION

is rendered." That's the actual language of the bill. What this does is it prohibits any managed care contracts from providing a level of reimbursements for nursing home lower than that fee-for-service level. I'd like to think this is a kind of a peace of mind bill for people who run nursing homes. This is brought to me by HCCI. And I'll just give you some of the rationale, the State is seeking to double the nursing home bed tax. Without a rate floor in place, there's no guarantee that facilities will benefit from the increased tax. The latest federal regulations governing Medicare -- Medicaid managed care indicate that States are permitted to establish rate floors, and eighteen other States have adopted such measures. We ask that Illinois join those eighteen other states across the nation to establish a rate of -- a rate floor at the fee-for-service rate at the time the service is rendered. I'd be happy to answer any questions.

PRESIDING OFFICER: (SENATOR MUÑOZ)

said that, the Department has committed to making sure that that floor stays there. And so, it kind of puts us into a quandary with this -- with this issue. That being said, again, I understand what the -- what the sponsor is trying to do, and I think the Members on our side it -- it probably makes sense as a way to get some assurance for those long-term care facilities that -- that they will be paid at that floor rate. It is something though that the Department does oppose and they have concerns that it sets a precedent that could affect other contracts throughout the State. So, I just wanted to share some of those thoughts. And, again, Senator, thank you for the time you took to work through this and explain it through committee where there was an open process for everyone to discuss the issue. Thank you. Ladies and Gentlemen of the Senate, you know how listening to a song that you like takes you back to a simpler time. I'd like to take you back to 2019 and talk a little coal ash. In 1086, what we're trying to do -- and this is an initiative of the Illinois Environmental Law and Policy Center. And essentially what it does is, when we passed that bill, in a bipartisan basis, I would remind us, the coal ash bill in 2019, we at that point didn't have State rules and we assumed that the federal rules would be written first. That was not the way it worked. And so under the Coal Ash Pollution Prevention Act, when it was completed, it tried to eliminate the option for Illinois coal plant operators to avoid the requirements of State law if a future federal permit regulating coal ash ponds became available. Currently, no federal permit exists. So, under this bill - I'm sorry, I'm being distracted by these voices behind me - under -- under this bill, it would eliminate that potential loophole that would allow coal

plant operators to avoid the requirements of the State law because now, I think as of April 15th, State law now -- State law and rules now exist. So, now we can depend on that. We've tried to -- close that loophole in 1086. Thank you.

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Holmes, to explain your bill.

SENATOR HOLMES:

Thank you so much, Mr. President. I think this is probably one of the most important pieces of legislation we're going to see this day. Senate Bill 1247 actually makes changes to the Herptiles {sic} Act and it establishes that they may only be taken by hand or other methods established by administrative rule. And it changes some of the permit fees -- fees to go into the Wildlife Preservation Fund instead of the Wildlife and Fish Fund and it creates new provisions for the department to be able to invest -- investigate Herptile diseases. In addition, it clarifies some rule. It changes the statute of limitations under the Act from two years to three years for felony offenses or one year and six months for a misdemeanor offense to bring the Act in line with the Criminal Code. I would ask for an Aye vote.

PRESIDING OFFICER: (SENATOR KOEHLER)

Thank you, Mr. President, and Members of the Senate. Senate Bill 1721 will help municipalities deal with blight. Deal with these properties that are -- vacant, and tax delinquent properties that bring down neighborhood property values, and just perpetuate in this blight system. It's a chronic problem in my community and I'm sure in many of your communities as well. This bill basically does three things: it helps municipalities intervene and save these

abandoned properties earlier, allows municipalities and counties to partner with land banks to maintain and manage these properties so they can be saved, and the third major provision reduces the cap on interest rates on unpaid property taxes to twelve percent which is aligned with other government penalties. This will help encourage property owners to stay in their homes and again reduce this perpetuation of blight that we see in many neighborhoods. Happy to ask -- answer any questions.

Is there any discussion? Senator DeWitte.

SENATOR DeWITTE:

Thank you, Mr. President. To the bill.

PRESIDING OFFICER: (SENATOR KOEHLER)

SENATOR DeWITTE:

Mr. President, I understand there was a lot of discussion at committee regarding this legislation. There are some concerns on the part of some municipalities that by lowering the interest rate it may make some of these properties less attractive for investors to want to purchase. While it may be advantageous to the City of Rockford and other communities, there are many other communities in the State concerned about this legislation. Based on that fact, I would urge a No vote. Thank you.

PRESIDING OFFICER: (SENATOR KOEHLER)

Is there further discussion? Seeing none, Senator Stadelman, to close.

SENATOR STADELMAN:

Thank you, Mr. President. Appreciate the Senator's comments. I'll just add a couple of things. I believe that the twelve

percent cap will not reduce the incentive for tax purchasers to continue to participate in this process. I also want to point out the two major organizations that represent municipalities and counties, the Illinois Municipal League and the Illinois Association of Counties both representing local governments are in favor of this bill. They support what's trying to be done here, and that is increase the tax base which will improve local governments' revenue long term. Again, local organizations that represent local cities and counties are in support of this legislation. I ask for an Aye vote.

This bill amends the Department of Commerce and Economic Opportunity Administrative Code to establish criteria and guidelines for what we are calling State-designated cultural districts. And essentially what State-designated cultural districts are attempting to do is to preserve distinct historic and cultural identities of a specific geographic area. Municipalities or 501(c)(3) nonprofit organizations identified by the federal government could apply for this designation. The

designation would last for ten years, with the ability to reapply every five years. This is actually an initiative I had been working on prior to joining this Body and it is essentially a solution for communities across our State that embody a rich history but could also designate for -- could also benefit from this particular type of designation so that we can spur community-driven development, economic development that is in tourism and even more so thinking about how we come out of the pandemic and really kind of support economic recovery from that. Thank you, Mr. President. 1983 is an initiative of DCEO, but also a longtime manufacturer in Vermilion County. I think as everybody knows, the pandemic has caused our business community to make a lot of adjustments that have not worked in their favor in the last year. This is trying to address that and address that - the situation where a business has entered into an EDGE grant with DCEO and then, through no fault of their own but because of the circumstances of COVID, they're not able to meet all the requirements of EDGE. So rather than being penalized for the tax years of 2020 and 2021, if they are able to achieve at least

SENATOR DeWITTE:

Thank you very much, Mr. President. Senate Bill 2357 is an educator misconduct bill. This is an initiative of the Illinois State Board of Education. It will make multiple changes to the School Code and Criminal Code to ensure the Illinois State Board of Education has access to critical information to further support safe and healthy learning environments. It will require districts to provide identifying educator information and details about the types of misconduct they may have engaged in. Will streamline and speed up the processing of misconduct cases by ISBE. It will empower ISBE to take targeted actions on educator misconduct cases. It includes offenses included in Article 9 of the Criminal Code as those eligible for license suspensions including homicide. Requires school boards to notify TRS when an employee has been convicted of crimes defined in Section 16-106 of the Pension Code. Requires additional information to be submitted to the State Superintendent for violations of contractual continued service. This legislation passed out of committee unanimously. I would urge an Aye vote.
