SECRETARY HAWKER:

A Message from the House by Mr. Mahoney, Clerk.

Mr. President - I am directed to inform the Senate that the House of Representatives has passed bills of the following titles, in the passage of which I am instructed to ask the concurrence of the Senate, to wit:

House Bills 1663 and 3464.

Passed the House, May 24, 2005.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Rutherford, for what purpose do you rise?

SENATOR RUTHERFORD:

Well, to wake everybody up and -- and -- considering both of us are here in the Senate Chambers right now. So, within the sound of my voice, I want everybody to welcome to the Illinois State Senate Jessica Milbauer, who is -- today is her last day as a junior in high school at Dwight and she's spending it with the Illinois State Senate. In the gallery are her parents, Jeff and Tammy, and her grandmother, Barb Milbauer. So, would all of the Senators welcome them to the Illinois State Senate?

PRESIDING OFFICER: (SENATOR HALVORSON)

Will our guests in the gallery please rise? And welcome to Springfield. Senator Brady, for what purpose do you rise?

SENATOR BRADY:

PRESIDING OFFICER: (SENATOR HALVORSON)

In case you didn't hear me earlier, I would suggest that everybody be here in the Senate Chambers as quickly as possible so we can get to our business. Senator Cullerton, for what purpose do you rise?

SENATOR CULLERTON:

Yes. Thank you, Madam President. For purposes of an announcement.

PRESIDING OFFICER: (SENATOR HALVORSON)

State your announcement.

SENATOR CULLERTON:

I just wanted to indicate in the record that there were a couple of votes where my button was inadvertently pushed the wrong way. On House Bill 873, I wanted to vote Yes; I was voted No. And on House Bill 3485, I had voted Present on that bill, because of a conflict of interest. Someone, unfortunately, pressed the button green and I would have preferred to have voted Present. Thank you.

PRESIDING OFFICER: (SENATOR HALVORSON)

Thank you, Senator Cullerton. The record shall so reflect. Senator Meeks, for what purpose do you rise?

SECRETARY HAWKER:

A Message from the House by Mr. Mahoney, Clerk.

Mr. President - I am directed to inform the Senate that the House of Representatives has concurred with the Senate in the passage of a bill of the following title, to wit:

Senate Bill 1669, together with House Amendment 1. Passed the House, as amended, May 24, 2005.

Received like Messages on Senate Bill 1701, with House Amendment 1; Senate Bill 1862, with House Amendments 1 and 2; and Senate Bill 1910, with House Amendments 1 and 3, which also passed the House, as amended, May 24, 2005.

PRESIDING OFFICER: (SENATOR HALVORSON)

If everybody could open their Calendar to page 67, we're going to be starting with House Bills 3rd Reading -- House Bill 511. Senator Hunter seeks leave of the Body, on House Bill 511, to return it to the Order of 2nd Reading. Hearing no objection, leave is granted. On the Order of 2nd Reading is House Bill 511. Madam Secretary, are there any amendments approved for consideration?

SECRETARY HAWKER:

Yes. Floor Amendment No. 5, offered by Senator Harmon.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Harmon, to explain the amendment.

SENATOR HARMON:

Thank you, Madam President, Ladies and Gentlemen of the Senate. Floor Amendment No. 5 to House Bill 511 is the culmination of a -- a -- a long and arduous negotiation. The intent of the -- the bill, as it will be amended, is to eliminate thimerosal, a mercury-based product currently being used by many pharmaceutical manufacturers as a preservative in vaccines. It -- we have reached an agreement with the drug manufacturers and -- and have worked closely with the doctors and the pediatricians with the amendment. I don't believe that there's any opposition and I would asked that it be adopted.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any discussion on the amendment? Senator Righter.

SENATOR RIGHTER:

Thank you, Madam President. Will the sponsor yield, please?

Sponsor indicates he'll yield.

SENATOR RIGHTER:

Senator Harmon, it's my understanding that, with the adoption of this amendment, the pediatricians have now dropped their opposition as well. There was some concern early on that the influenza vaccines that they were receiving from the federal government, with the original draft of the bill, would have violated State law and this takes care of that concern. Is that your understanding as well?

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Harmon.

SENATOR HARMON:

Thank you, Madam President. Yes. The pediatricians have -- have -- have worked very closely with us and have -- with this amendment will not be opposed to the bill. There are broad provisions for the Department of Public Health to issue variances, if you will, if a -- a real public health need arises.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any other discussion on the amendment? Seeing none, Senator Harmon moves the adoption of Amendment No. 5 to House Bill 511. All those in favor will say Aye. Opposed, Nay. The Ayes have it, and the amendment is adopted. Are there any other Floor amendments approved for consideration?

SECRETARY HAWKER:

SENATOR WINKEL:

Thank you, Madam President. What House Bill 2500 does is it provides a process whereby drainage districts can detach and become a part of a municipality. This is something that the Illinois Association of Drainage Districts is neutral on. This is language that's been worked out between the municipalities and the Drainage District Association, and I'll be glad to answer any questions.

Is there any discussion? Seeing none, the question is, shall House Bill 2500 pass. Those in favor, vote Aye. Opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? SECRETARY HAWKER:

Yes. Floor Amendment No. 5, offered by Senator Maloney.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Maloney, to explain Amendment No. 5.

SENATOR MALONEY:

Thank you, Madam President. Amendment 5 would require a fingerprint check to be submitted according to the requirements set by the State Police. Without this amendment, the State Police would not be able to conduct this -- would only be able to conduct a statewide record check.

Is there any discussion on the amendment? Seeing none, Senator Maloney moves the adoption of Amendment No. 5 to House Bill 2531. All those in favor will say Aye. Opposed, Nay. The Ayes have it, and the amendment is adopted. Are there any further Floor amendments approved for consideration?

SENATOR MALONEY:

Thank you, Madam President. What House Bill 2531 does is expand background checks for healthcare workers in long-term facilities to anybody who has direct access to records or patients. In the past, this has been simply nurses, but now it will include custodial people, food service people and office people. The background check will be name -- a name -- moved from name-based to fingerprint check and this will make it a possible national background check, rather than a statewide background check. I move to concur with the House in the adoption of their Amendment No. 1 to Senate Bill 57.

Motion filed by Senator Roskam.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Roskam, to explain your motion.

SENATOR ROSKAM:

Thank you, Madam President, Ladies and Gentlemen of the Senate. Senate Bill 57, as it left the Senate, had three primary elements. First, it closed the gun show loophole. Secondly, it preempted gun laws across the State, with the exception of the City of Chicago. And, finally, it has the destruction of records language that the Illinois State Police maintain after -- it lets the State Police keep the -- the records for ninety days with two exceptions. The first exception is if there is an ongoing investigation of a forcible felony or terrorism or gunrunning, or if someone attempts to purchase a firearm and they -- they are denied. That's the way the bill left the Senate. The House stripped the bill of the preemption language. So, now it just has the two elements in it. It has the closing of the gun show loophole and the destruction of records language. So, it is less controversial now and I'd be happy to answer any questions, but I'm -- I -- I -- I -- I -- I make the appropriate motion, Madam President.

PRESIDING OFFICER: (SENATOR HALVORSON)

Thank you, Senator. Is there any discussion? Senator Harmon.

SENATOR HARMON:

Thank you, Madam President. Will the sponsor yield?

PRESIDING OFFICER: (SENATOR HALVORSON)

SENATOR HARMON:

Senator Roskam, first of all, I applaud Representative Millner for his wisdom in removing the preemption portion of the bill. I think that is a vast improvement and does make a very bad bill better, but it is still a bad bill. And just recently, this last Sunday, the Chicago Tribune declared today, the day you called this bill or this motion for a vote, "Gangbanger Day in Springfield". These are folks that the Tribune accurately describes as gangbangers who rule their turf through murder and

mayhem. This is a spectacular day for them according to the Chicago Tribune. I just have to ask you the same question I asked you in committee. A man in your position in life with a such a bright future, why would you want to be the one who supports the gangbanger's legislative initiative?

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Roskam, to respond.

SENATOR ROSKAM:

Well, thank you for that thoughtful and gentle question, Senator. I, obviously, reject that characterization. You know, the federal government by contrast destroys these records within twenty-four hours. What we're doing here is, we're saying the government ought not keep lists on law-abiding citizens and that's -- that comes down to really a world view. What is your -- how does one view governance, I would argue, and should the Governor -- should the government keep lists just for the sake of keeping lists on transactions that are within the scope of the law? I say no. The federal government says -- says no and actually destroys the records within twenty-four hours. A number of us sort of rolled up our sleeves and decided to try and do something about the gun show loophole, which has been a perennial problem, 'cause right now, under Illinois law, people that go in, there is no background check in terms of purchases that are made at gun shows. This is an arena of compromise and what we've seen in the past is both sides will get up and be very animated and talk a lot about various firearms legislation and nothing gets done. So, when you roll up your sleeves and try and bring people to the table, there's a compromise to this arena, as we all know. What we have to do is balance the compromise, and my colleague has come down on the other side of the balance and I respect that. I come down on the side that says that if there are exceptions in the destruction of records language - in other words, if there is an investigation that's going on - the government should keep that information; if someone is denied that -- their ability to purchase a firearm, the government should keep that information. But we ought not keep lists on law-abiding citizens. And so that's -- that's the reason, Senator, that I've agreed to sponsor the bill and I, obviously, reject the characterization that you gave it earlier.

SENATOR HARMON:

Thank you, Madam President. To the motion: Senator, I do appreciate your work and -- and the -- I understand the notion of compromise. It's not my characterization; it's -- it is the Tribune's, to be clear. Although, I do agree with them. And these lists are a valuable law enforcement tool and I think it is unwise for us to be throwing them out. Law enforcement relies on these in -- in investigating straw purchasers and it is really the only tool at their disposal to unravel these gunrunning schemes. On the more philosophical notion of keeping lists, it strikes me as incredibly bizarre that we would sanction the keeping of lists on automobile purchases and reject them with respect to -- to handguns and firearms. If we -- if we can devise a scheme where law-abiding citizens purchase an ownership of automobiles is maintained without any invasion of privacy or sacrifice of our civil liberties, I see no reason we can't do the same with firearms. And I would urge my colleagues to think very carefully about supporting this -- this motion.

Can you explain to me why all of them, everybody who is -- has the responsibility to fight these gangbangers that Senator Harmon referenced to and the Chicago Tribune - which is quite a conservative paper and one that I'm certain you will be seeking their endorsement soon for higher office - why would everyone be -- in law enforcement be against your bill?

Senator Roskam.

SENATOR ROSKAM:

Thank you, Senator, I don't think they are. I mean, I -- I was -- I sat through those hearings in the Senate Judiciary Committee and there was not the litany in the Senate Judiciary Committee that you've described. Think some folks, after the bill came out of the Senate, have gotten -- or out of the House, have gotten a little more animated and there is some -- some opposition. You know, Senator -- or Representative John Millner is the former Chief of Police of Elmhurst and the former President of the Illinois Chief of Police Association. He's no "soft on crime" person and he's no -- he's not cavalier about what the needs are. But the balance that is made, the balance that I'm arguing for today, is to say, look, the maintenance of records on the purchases of firearms, it's in a different category than an automobile purchase, for example. The United States Constitution doesn't talk about automobiles. The United States Constitution does talk about firearms. So, we, as lawmakers, don't believe in an absolute right that there's no limitation. But what I'm suggesting, Senator, is that this is a good balance and a good compromise. Because if we reject this today -- or, actually, you're going to have another bite at the apple theoretically if Senator Cullerton moves his bill, but these bills I think are compelling because they do close the gun show loophole. Under current law, there is no closing of the gun show loophole, and under current law, unless we can come up with a compromise that both sides on this issue can -- can walk away with some kind of victory, then we'll continue to be a stalemate and we'll do absolutely nothing. Now if the timer was on, I think I would have just given a pretty good Senator Rickey Hendon answer. But the timer's not on, so it's back to you, Senator.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Hendon.

SENATOR HENDON:

Well, Senator, since you're in the Minority, you probably won't get the amount of time to speak as much as I probably will get, because I'm in the Majority and I'm a Leader and that just comes with the territory. You mentioned the Constitution. When the Constitution of the -- originally was drafted, I don't think

STATE OF ILLINOIS

we had automobiles. We had firearms and there may be something in there about cattle and horses, because that was our mode of transportation, so the founding fathers did understand mode of transportation was important. But they had firearms at that time, so maybe that's why that difference is there. You mentioned the former chief of police. Former people can say anything, you know, because they're former, they used to be, so now they change. But is the current chief of police who has that position that Representative Millner had, is -- is he in support of your bill, or she?

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Roskam.

SENATOR ROSKAM:

You know, Senator, just talking about the Constitution -- and I'll answer your question with an I don't know about the former -- former chief of police -- or the current chief of police. I -- I've not had any contact with him. But I think it is important to put this into context of what the framers were struggling with. You know, the framers -- you're right, Senator, the framers were dealing and they knew about firearms. And the framers of our Constitution, in the second amendment, said this is something that is vitally important. So I think as we -- and I'm not suggesting that a No vote on this is somehow disingenuous or -- I understand this is a compromise, and you and I have been in this arena long enough to know that when you compromise on things not everybody's happy. But we can either -- we can either say we're going to try and close the gun - I'll wait till you're done, listening - we can either try and say we're going to close the gun show loophole and come up with some sort of compromise or we can say, well, let's just keep sort of issuing our press releases and press statements and have newspaper articles lambaste us for doing absolutely nothing. I'm choosing to do something and I think thirty-seven of us - this went out of here two weeks ago with more -- more -- sort of more controversial language - thirty-seven of us said, "Let's do something." So, my invitation to people today is to join with me and to join with Senator Radogno and to join with others and say, "Come on, let's do something." But this is not an arena, Senator, as you know, where one side gets everything. We've seen the great compromises

that are coming out on other issues. We've seen great compromises that are coming out of the budget. This is a -- an..

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator -- Senator Hendon.

SENATOR HENDON:

Senator, you know, I'm one -- one of your advocates to see you leave this Chamber. I think whoever replaces you, most certainly, won't be as bright, intelligent, and have the -- the skills that you have with your -- your quick wit and your humor. So, I won't say much more that might cause you to lose and remain here and then I'll have to deal with you on a regular basis. But let me say this, I'm trying to look out for your best interest here, believe it or not. So why would you, as Senator Harmon said, carry a bill that destroys records that would allow law enforcement people to track gunrunners, to track the guns that are going to gangbangers, they're going to drive-by shooters. In the -- in the olden days, when the Constitution was framed, the only drive-by shooters were the -- it -- it wasn't the people in your -- in your local towns. Now it's your -- your neighbor. I mean, gun violence has really gotten out of hand. If gun violence was as out of control back then and -- and -- and they didn't have the protection that they had -- they had maybe one sheriff for the whole town, you know what I'm saying, a whole territory. Now you have a lot of law enforcement people and none of them, Senator Roskam, none -- you can't name one sheriff, one State's attorney, one law enforcement, one police officer, organization that's supporting your bill. They're all against destroying the records because they want to be able to track down the straw purchasers and the ones who provide the guns - the illegal gun owners. I am for the right to -- to bear arms. All right. I'd be a hypocrite to stand here and say I'm not. But we have to get rid of the illegal purchasers. We have to get rid of the gunrunners. And I think you'd be better off giving it -- this bill to one of your friends who -- who is -- we'd -- we'd rather keep around here, because they're not as bright and articulate as you are.

PRESIDING OFFICER: (SENATOR HALVORSON)

Okay. Senator, that's always in order. There are one, two, three, four, five speakers. Thank you. Senator Dillard.

SENATOR DILLARD:

Thank you, Madam President. I rise in support of this legislation. And for those of you who have ever dealt with issues dealing with firearms - and Senator Cullerton and myself deal with them almost on a daily basis in the Judiciary Committee - it's not an easy thing to balance all the interests here and I commend Senator Roskam for taking on this -- this fray. It's not easy to -- to balance things. He mentioned that preemption, clearly something that probably was not in order in this bill, is now out. I don't think we've seen the last of this issue with respect to the destruction of records. It is troublesome to me, but I don't want to be on record voting No against closing the alleged gun show loophole. Clearly, this can go down to the Governor's desk. My guess is Governor Blagojevich may use his amendatory veto on this. So we haven't seen the last of the destruction of records yet. Also, when I look at the board, in addition to Senator Roskam's name, Senator Radogno, who is certainly a more moderate Republican than probably Senator Roskam is. She's no Annie Oakley. And if Senator Radogno is comfortable with this, it makes me a little more comfortable with it. But I don't want to be on record against closing the gun show loophole. And for those of you who are all exercised about the destruction of records - and I have questions about it as well - we haven't seen the last of that. And Senator Cullerton has a bill, Senate Bill 1333, that's still alive and floating these last few days. So, between Governor Blagojevich and Senator Cullerton, my guess is we haven't seen the last of this issue. But I don't want to be on record against gun show loophole closure and that's why I'm going to vote Aye. And I thank Senator Roskam for at least having the time and -- and the gumption to take on this very difficult issue. Thank you.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Roskam.

SENATOR ROSKAM:

No, Senator. You know, I -- I said earlier in remarks that we in the United States don't -- don't recognize an absolute right to really just about anything and the courts have said that there are reasonable -- reasonable restrictions that you can place. I mean, the classic first -- first amendment example that we all learned in law school is, you -- you know, you don't have a constitutional right to yell "fire" in a theater, for example. So, I'm not suggesting that the maintenance of this data file is -- and this profile, really, that the State Police have made is unconstitutional. I -- I think though that any time it rubs up against something that is referenced in the Constitution, that our founders thought was so important to amend the Constitution to protect, that we ought to give great deference to it. So I would put it in -- in that category, but I'm not suggesting today that this -- that this file is unconstitutional.

I don't think, as we talk about compromises, compromising public safety in one way in -- in the interest of promoting public safety in another way is -- is a true compromise. I think if we all show courage and stand by our law enforcement officers, instead of standing by the Rifle Association, we can -- we can pass bills in this Chamber that -- that -- that do more for law enforcement than they do for gangbangers. SENATOR GARRETT:

Senator, I would consider you one of the best wordsmiths in the Senate and so when you talk about the balance -- balance the compromise, compromise is a key word that you keep bringing up with this particular legislation. And so -- and you've also stated that a vote against this -- or a previous Senator said a vote against this would be something that could be used - the implication was - in campaign mailers to those who believe that destroying the database is a bad idea, but closing the gun show loophole is a good idea. So, you've very cleverly been able to put two pieces together where there are strong opposition. There are those of us who want to close the gun show loophole and, at the same time, are adamantly against destroying the -- the police records on the -- those that have purchased guns. So, my question to you is, I understand where the interest and the support comes from closing the gun show loophole, but I'm not sure where the need -- who is really pushing to make sure that the databases are completely removed in the State of Illinois for those who have purchased guns.

STATE OF ILLINOIS

Thank you, Senator, for those kind compliments. The database won't be completely removed for the -- the two exceptions that I mentioned. One is, where there's an ongoing investigation of a forcible felony or terrorism or gunrunning. And the second is, if somebody attempts to purchase a gun and they're denied based on their background. You know, this -- the -- the larger context - and I think that's what you're asking about - how do these -- these two issues come together, the -- and -- is that not your question?

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Garrett.

SENATOR GARRETT:

The -- I guess a final question is, who is really promoting, what organization is behind -- the database record?

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Roskam.

SENATOR ROSKAM:

I think that was your question, so I -- I was getting to that. Let me give -- just give you a little bit of background and I will directly answer your question. Myself and I think some other suburban legislators, who have historically been supporters of firearms rights -- firearm owners' rights and so forth, began to interact with the -- the NRA and the ISRA to say, look, we want to close this gun show loophole and -- and we have a strong idea that this is something that needs to be accomplished and makes good commonsense, so let's start to negotiate. Over the course of months, the NRA began to enter into a negotiating process and the -- the profiling of individuals is something that they, as an organization, are very uncomfortable with and they put that idea on the table. They also said, look, let's -- let's destroy these records within twenty-four hours. I said, "Let's not do that. Let's extend that period of time for three months and let's have two exceptions in there." The NRA also wanted some other things in terms of the preemption language, which we passed out of the Senate, but was rejected by the House. They also wanted the, you know, the abolition of -- of the waiting period and we rejected that, and there are some other things I think my staff is whispering in my ear that I'm not recalling right now. So, it is -- it's a

STATE OF ILLINOIS
94th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

48th Legislative Day

5/25/2005

compromise, but those are the -- those are the parties, Senator. And as you know, there's been article after article after article about Mayor Daley's gun bills that come down and he attempts to move them and people give him, you know, credit for -- for advocating his position, but it's largely your side of the aisle -- I mean, some key components on your side of the aisle that reject that. You know, you may be Mayor of Chicago, but you're not mayor from downstate. So, this is an attempt to bring really a wide range of parties together for some sort of a -- some sort of a compromise and it's something that I don't think any -- you know, the -- the NRA position is, for years they said, we don't have a gun show loophole, and if we do have a gun show loophole, it doesn't need -- it needs -- doesn't need to be filled. You know what I mean? Now we're at a point where these -- these kind of a wide range of people have come together and I think it's a - - I think it's a good compromise.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Garrett.

SENATOR GARRETT:

To the motion: To the -- the comment of the -- balance the compromise, I think the compromise has been put on the table really by the NRA, and what we're being asked as -- as Senators is to go along with something that really divides us and doesn't really resolve the problems that Illinois is faced with pertaining to gun ownership. I will also say that I had the opportunity last year to sit in on the budget negotiations and this particular idea was being floated -- around as being part of the budget negotiations. And I remember thinking to myself that it should be something that the General Assembly should have the opportunity to vote on, on its own, not put into the budget or not be part of a balance compromise. The State Police was represented at that budget negotiation in Governor Blagojevich's Office and they were adamant. They were adamant that this is the wrong direction, that this the wrong course for Illinois to take, and I believe that the Governor felt the same and I'm sure he still does. So, I would just ask my colleagues to consider how important it is to make sure that we work with law enforcement, that we don't try to side with an outside special interest group, such as the NRA, to determine how we keep track of those who are

So that, time and time again, we heard the argument of how unwieldy and -- and cumbersome and -- and how bad bureaucratic nightmares would become as a result of the repeated requests by the Legislature to various agencies in government to collect and accumulate data so as to provide more accountability and some -- and some quantitative analysis for -- to prove or disprove the -- the value of the decisions that we make. We don't have those problems now. And -- and I would hate to think that someone is going to have to create a bootleg database, like bootleg CDs are created. I -- I would hate to think we're going to have to put police chiefs of large jurisdictions in concert with others in a -- in a compromised position of creating bootleg databases so that we can maintain the -- the records necessary in order to ensure that straw purchases can be averted. Madam President, Ladies and Gentlemen of the Senate, we don't hesitate

STATE OF ILLINOIS
94th GENERAL ASSEMBLY
REGULAR SESSION

to make additional demands. We never hesitate to make additional demands to provide more accountability. We demand greater data collection about sex offenders and who -- and where they live in our communities and never do we hear how difficult it is to maintain those records, how unwieldy it is to maintain those records, why those records should only have a limited short life -- shelf life. We never hesitate to ask other agencies in government to make more demands on them to collect data so that we can decide whether the choices we've made are the right choices. This is not a compromise. This is an outright -- this bill is not a compromise; this is an outright surrender. And for those of you who live in suburban communities, as I do, who've already watched a disingenuous attempt to eliminate our ability to assert local control over having higher gun standards in our communities, this is hardly a -- this is not a compromise. This is an outright surrender. There is an alternative that exists. Senator Cullerton has introduced an amendment to Senate Bill 1333, which is word for word with the -- about -- for -- with this amendment with the exception of the Hobson's choice that's created with the destruction of the database. If we don't weaken our standards for collecting information on sex offenders, if we don't weaken our standards for collecting information on other important decisions that we make, why are we weakening our standards here? That fact is obvious, but some have chosen to look past it. I don't and I urge a No vote.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Roskam, to close.

SENATOR ROSKAM:

Thank you, Madam President and Members of the Senate. And for those of you who rose and asked thoughtful questions, I appreciate it and I know there's -- this is one of those issues of the heart. I reject the -- the comparison between sex offenders and law-abiding citizens. The notion that someone who commits a heinous crime and is sexually violent to be compared and to be on a list with someone who is a law-abiding citizen going in and exercising a constitutional right, I think is a very bad comparison, and -- and the notion that they're in the same category, I reject and I would urge you to reject. Remember when this -- when -- when similar bills - just to sort of set the tone

STATE OF ILLINOIS
94th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

48th Legislative Day

5/25/2005

and set the table on this - when similar bills came to the Senate Judiciary Committee, one had to do with a similar -- a similar area of the law and I recall Senator Haine asking the witness, it was -- had to do with a making the Firearm Owner's Identification Card more difficult to obtain, and Senator Haine asked the City of Chicago witness - and I have a strong clear -- independent recollection of this - Senator Haine asked the witness, "Mr. Witness, can you tell me in the last year how many crimes were committed in the City of Chicago by people who held a valid Firearm Owner's Identification Card?" The witness paused, gulped, and said, "none". Now, there is a lot of histrionics on this issue and we can sit back and we can vote No. And, listen, I respect the sincerity of a No vote, but to sort of characterize this as -- as running roughshod over law enforcement is a mischaracterization. Some of the law enforcement folks got tweaked up. They didn't come into the -- they didn't come into the Senate Judiciary Committee. Senate Judiciary Committee in opposition had the usual folks who usually oppose the gun laws. You don't -- you didn't hear from the Sheriff's Association. You didn't hear in the Senate Judiciary Committee from the Chiefs of Police Association. We have a Senate -- or, a House sponsor, who I referenced earlier, who has a long and decorated history of law enforcement. The -- the idea that this database is going to be used for gun -- gun straw purchase investigations, I think is troublesome, and it's really troublesome based on the idea that I've heard my Senate colleague from the west side reference in other contexts and that is, are you really comfortable with the idea of the City of Chicago or somebody else knocking on the door of a law-abiding citizen saying, "What did you do? Where is your stuff? Show us your file." That's not what this is all about, and actually, the City has vehemently denied that they're doing that in -- in -- in sharp contrast to some admissions that they've made in Appellate Court cases. The bill has been well debated today and I appreciate everybody's attention and I would urge an Aye vote on the motion.

PRESIDING OFFICER: (SENATOR HALVORSON)

pass a vehicle where the driver, I believe, was above the age of eighteen and using a handheld phone as he drove down the road. Can he do that any longer in the City of Chicago or does this have anything to do with that?

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Cullerton.

SENATOR CULLERTON:

How fast was I going?

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any further discussion? Senator Righter.

SENATOR RIGHTER:

Thank you, Madam President. Will the sponsor yield, please?

PRESIDING OFFICER: (SENATOR HALVORSON)

Sponsor indicates he'll yield.

SENATOR RIGHTER:

Thank you. Senator Cullerton, I was looking through the information on my laptop and I saw that when this bill came through the Senate the first time, it was approved by a vote of 38 to 19, and we've been humming along here rather peacefully in rather bipartisan fashion here for the last hour or two, and I wonder, to break that up a little bit, if you couldn't walk through the bill a little bit more and refresh some of the recollection of some of the Members of the Senate about what this bill exactly does.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Cullerton.

SENATOR CULLERTON:

Yes. I apologize for not doing that. The bill would require that people who are under the age of eighteen, including people on an instructional permit, they would not be able to use a cell phone. And it doesn't have anything to do with hands -- hands-held or otherwise; it's just not be able to use a cell phone. There's a -- exceptions for emergencies. And the only change in the House was to say - at the request of the State

STATE OF ILLINOIS
94th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

48th Legislative Day

5/25/2005

Police - clearly, if there is a need for an emergency, that they would pull over to the side of the road and -- and be able to use the phone, and it wasn't clear. So, it's really just a technical amendment. The bill defines wireless telephone, defines the age and it provides for, as I said, for emergency purposes: a call to law enforcement agencies, healthcare provider, fire department, that sort of thing. So, that's what the bill does. Again, it's not substantively changed from when we passed it out of here and I'd be happy to take the same roll call.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Burzynski, for a second time.

SENATOR BURZYNSKI:

Thank you. And this -- thank you, Madam President. This is -- along the line of a more serious question, Senator. Just out of curiosity, how will law enforcement officials recognize whether someone is under the age of eighteen or not as they drive down the road? Or will this be a secondary offense, a primary offense? I mean, I -- I realize we started it out that way with seatbelts. So, kind of a slippery slope. So, if you could respond, please.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Cullerton.

SENATOR CULLERTON:

Actually, there are no more primary or secondary offenses in Illinois in any traffic ticket, Traffic Code violation, Criminal Code violation. It was -- that was something that was invented just for the seatbelts and we've eliminated that. As with any age requirement on highways - we have requirements that children in the backseat wear seatbelts up to a certain age; we've got booster seats up to a certain age - it's -- it's -- it is difficult for a police officer to -- to enforce it, but we do find in these -- in these areas that it's very instructional, especially for young drivers who take driver's ed, and they take driver's ed, they have the -- the Rules of the Road, explain to 'em what the law is, and they -- they tend to follow it, obviously. And -- and this is one area where dramatic statistics on crashes for young people when they first get their -- their driver's license, their rate is dramatic, and it drops dramatically with experience. The one thing that they don't need

STATE OF ILLINOIS
94th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

48th Legislative Day

to be doing when they first learn how to drive is be talking on the phone. So, that's the purpose and the theory of the bill.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any further discussion? This is final action, and the question is, shall the Senate concur in House Amendment No. 1 to Senate Bill 210. Those in favor, vote Aye. Opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 41 Yeas, 16 Nays, none voting Present. And the Senate concurs in House Amendment No. 1 to Senate Bill 210, and the bill, having received the required constitutional majority, is declared passed. Senator Shadid, for what purpose do you rise? Senator Cullerton, on Senate Bill 241. Madam Secretary, please read the motion.

SECRETARY HAWKER:

I move to concur with the House in the adoption of their Amendment No. 1 to Senate Bill 241.

Motion filed by Senator Cullerton.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Cullerton, to explain your motion.

SENATOR CULLERTON:

Thank you, Madam President, Members of the Senate. This is a very significant bill that Senator Dillard and I sponsor. It - - it -- it did pass with some objections out of here, but there was an agreement worked out in the House so as to remove all objections, and I believe it's an agreed bill among the business groups that were concerned about it. Proposal would amend the Environmental Protection Act to really provide legal authority to the Illinois EPA and for the State of Illinois to become the nation's leader in public notification when there's releases of contaminants to the environment. And, as I said, the -- the Director of EPA, Renee Cipriano, did a great job, along with Representative Holbrook, in negotiating with the business community. We had asked them -- because of this administrative order authority that was being granted to the Agency for due process, they wanted to -- we suggested to them, in the House, come up with due process protections for you. And so we have that. We allow them to appeal to the Pollution Control Board, which was a major request of the business community that's been

STATE OF ILLINOIS
94th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

48th Legislative Day

5/25/2005

granted - and we changed the standard by which the Director has the authority to order the immediate clean up, which is, again, a -- a request of the business community. So, there's a number of other minor changes, but those are the two significant ones, and as a result, we have an agreed bill. And it's a very significant bill. We will become the leader in this area. This is -- came out of a series of problems that occurred out in Representative - - Senator Dillard's district and Representative Bellock's and Meyer's, and this is a -- a -- an excellent bill in -- in response to that. Be happy to answer any questions and ask for an Aye vote.

PRESIDING OFFICER: (SENATOR HALVORSON)

SENATOR RIGHTER:

Thank you, Madam President. Will the sponsor yield, please?

PRESIDING OFFICER: (SENATOR HALVORSON)

Sponsor indicates he'll yield.

SENATOR RIGHTER:

Thank you. Senator Cullerton, it's our information over here that with the changes that were made in the House, the business groups officially now are neutral on this legislation. Can you tell me if that's your information, please?

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Cullerton.

SENATOR CULLERTON:

Yes. I should have -- I -- I -- maybe I characterized it as in favor. They're not in favor; they are neutral on it. There's no opposition to the bill.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Dillard.

SENATOR DILLARD:

Thank you, Madam President. Senator Righter, actually brought up what I wanted to bring up and that's that the business community - and they've cooperated - is neutral on this legislation. I want to thank the sponsor, like he does on so many bills, for putting in so much time on this and working through not only a cumbersome process in the Senate, but doing -- going back to his old Chamber, the House, and working the House of Representatives very well and I thank Senator Cullerton.

Thank you very much, Madam President, Ladies and Gentlemen of the Senate. House Amendment No. 1 to Senate Bill 411 retains the underlying provision of the bill. If you remember, when we passed this bill out a couple weeks ago, there's a common practice - this was brought to us by the unemployment insurance division - there's a common practice called dumping, and dumping, as we know, is utilizing certain types of business chapters or reorganizations to avoid liability of State unemployment

Senator Cullerton, on the motion.

SENATOR CULLERTON:

Yes. Thank you, Mr. President, Members of the Senate. The original bill authorized the sale of alcoholic liquors at the Illinois Pavilion, which, as you might know, is a -- is a huge facility in Chicago for athletic events. We actually have a professional indoor soccer team called the Chicago Storm that plays there and next year we're going to have the Women's National Basketball Association team, a new team, that will also be playing there. What the original bill did was to allow for the sale of liquor. Representative Saviano decided to limit, in his amendment, to limit the hours in which we could sell the alcohol. So, in the case of the Storm, the -- the soccer team, not more than one and a half hours before the start of the game and not after the end of the third quarter of the game, the liquor sales will be cut off. And with regard to the woman's basketball team, not more than one and a half hours before the start of the game and not after the ten-minute mark of the second half of the game. So, I think those are reasonable limitations and it's, obviously, designed to promote these sports teams and the attendance in the City of Chicago, which will the help the State. Those in favor, vote Aye. Those opposed will vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Madam Secretary, take the record. On that question, there are 48 Ayes, 7 Nays, 0 voting Present -- 1 voting Present. Senate Bill 478 -- the Senate concurs in House Amendment No. 1 to Senate Bill 478, and the bill, having received the required constitutional majority, is declared passed. Continuing -- continuing on Motions to Concur is Senate Bill 511. Senator Cullerton, do you wish to proceed? He indicates he wishes to proceed. Madam Secretary, please read the bill.

SECRETARY HAWKER:

I move to concur with the House in the adoption of their Amendment No. 1 to Senate Bill 511.

Motion filed by Senator Cullerton.

PRESIDING OFFICER: (SENATOR DeLEO)

Senator Cullerton, to explain your motion.

SENATOR CULLERTON:

Yes. Thank you, Mr. President, Members of the Senate. This bill is -- amends the Adoption Act, as we passed it out of here, and the -- actually, the -- the changes in the House were pretty minor. Notice -- it has to do with notice being sent to a potential father to determine whether the person's consent or surrender is required. The bill allows the court to determine that if an individual's consent or surrender is not required, then the person shall not be entitled to participate in the proceeding. It deletes the -- the current language which exempts consent or surrender if a person's indicated for sexual abuse involving sexual penetration of the mother and conception with the mother under the age of seventeen by a person five years or older. And House Amendment No. 1 creates a new subsection in which a father is not entitled to notice if the father is a family member or was over eighteen who has resided in the household with the mother continuously for one year and the mother was under eighteen, or where the father is at least five

years older than the mother and the mother was under the age of seventeen at the time of the conception. So, it has to do with notice to the father in these circumstances. And again, know of no opposition and ask for an Aye vote.

PRESIDING OFFICER: (SENATOR DeLEO)

Thank you. Is there any discussion? Senator Righter, for what purpose you rise?

SENATOR RIGHTER:

Thank you, Mr. President. Will the sponsor yield, please?

PRESIDING OFFICER: (SENATOR DeLEO)

Sponsor indicates he'll yield for a question, sir.

SENATOR RIGHTER:

Thank you. Senator Cullerton, in layperson's term, is it -- terms, is it fair to say that the House amendment basically says that this kind of consent to adoption will not be required from a father if the -- if the child was fathered by means of incest or statutory rape?

PRESIDING OFFICER: (SENATOR DeLEO)

Senator Cullerton.

SENATOR CULLERTON:

Yes.

PRESIDING OFFICER: (SENATOR DeLEO)

Senator Righter.

SENATOR RIGHTER:

Thank you, Mr. President. Does the individual have to be convicted of that offense, Senator Cullerton, and if not, then what is the standard by which that's going to be determined that consent does not need to be obtained?

PRESIDING OFFICER: (SENATOR DeLEO)

Senator Cullerton.

SENATOR CULLERTON:

The -- the answer is, they don't have to be convicted and I have to refer to the actual bill to give you the -- the standard and that -- that'll take me a second. Mr. President, maybe we could take it out of the record, so I can...

PRESIDING OFFICER: (SENATOR DeLEO)

Okay. Leave of the Body, we'll take Senate Bill 511 out of the record and come back to it. On the top of page 82 of your Calendar is Senate Bill 1119. Senator Sandoval, do you wish to

SECRETARY HAWKER:

I move to concur with the House in the adoption of their Amendment No. 1 to Senate Bill 1119.

Motion filed by Senator Sandoval.

PRESIDING OFFICER: (SENATOR DeLEO)

Senator Sandoval, to explain your motion, sir.

SENATOR SANDOVAL:

...President, Members of the Senate, House Amendment No. 1, which retains the bill as passed by the Senate, would require the ICC to consider the status of an at-grade railroad crossing as an element of a bike or pedestrian trail funded under the federal Transportation Equity Act for the 21st Century and successor Acts. This amendment was introduced due to the proposed MacArthur Street extension in Springfield that could disrupt the recently opened Springfield to Chatham bike trail. The amendment would require the ICC to consider the status of an at-grade railroad crossing as an element of a bike or pedestrian trail funded under the FTC {sic} Act for the 21st Century and successor Acts. Ask your favorable vote and adoption of this amendment.

PRESIDING OFFICER: (SENATOR DeLEO)

Thank you. Is there any discussion? Is there any discussion? Senator Burzynski, for what purpose you rise?

SENATOR BURZYNSKI:

Thank you, Mr. President. Will the sponsor yield for a question?

PRESIDING OFFICER: (SENATOR DeLEO)

The gentleman indicates he'll yield for a question, sir.

SENATOR BURZYNSKI:

Thank you. Senator Sandoval, is -- what's the underlying bill? Does the -- does the House Amendment become the bill or is there still -- or the Floor Amendment or is there something else still in there?

PRESIDING OFFICER: (SENATOR DeLEO)

Senator Sandoval.

SENATOR SANDOVAL:

Senator Burzynski, according to my information, the bill {sic} retains the provisions of the underlying bill as passed by

the Senate.

PRESIDING OFFICER: (SENATOR DeLEO)

Senator Burzynski.

SENATOR BURZYNSKI:

Okay. So, the -- so the bill, as introduced, indicated that you couldn't have a license plate cover that was either tinted or blue or even clear. Is that correct? Is that what the underlying bill did?

PRESIDING OFFICER: (SENATOR DeLEO)

Senator Sandoval.

SENATOR SANDOVAL:

Yes, Senator, the bill defines that registration plate cover is anything that's tinted, colored, painted, marked, clear or illuminated.

PRESIDING OFFICER: (SENATOR DeLEO)

Senator Burzynski.

SENATOR BURZYNSKI:

Thank you. And -- and so, then, it not only says that you cannot have one on your vehicle, but does this also prohibit the sale of that cover?

PRESIDING OFFICER: (SENATOR DeLEO)

Senator Sandoval.

SENATOR SANDOVAL:

That's correct, Senator. The -- the bill, as passed by the Senate, also prohibited the sale and advertisement for sale of registration plate covers.

PRESIDING OFFICER: (SENATOR DeLEO)

Senator Burzynski.

SENATOR BURZYNSKI:

You -- you said the bill as passed by the Senate. Have we already passed this bill through the Senate?

PRESIDING OFFICER: (SENATOR DeLEO)

Senator Sandoval.

SENATOR SANDOVAL:

This is for a concurrence, Senator.

SECRETARY HAWKER:

I move to concur with the House in the adoption of their Amendment No. 1 to Senate Bill 511.

Motion filed by Senator Cullerton.

PRESIDING OFFICER: (SENATOR DeLEO)

Senator Cullerton, to explain the motion.

SENATOR CULLERTON:

Yes. Thank you, Mr. President. I had taken the bill out of the record to -- because Senator Righter had a -- a question, and maybe I can just explain what this is all about in the big picture. This is where there's a -- a -- a person -- a person is -- is petitioning for adoption and it has to do with who gets notice. And the -- the current law -- so the scheme would be, you -- you'd be in front of a court and asking for an adoption and then the -- the question is, who is entitled to notice. The bill limits the right to notice in these certain circumstances of incest or statutory rape. And it does not require actual convictions, but it would be up to the court to determine whether or not those circumstances existed and then they could deny the -- the right to having notice go to the father in those limited circumstances. So I think that answers -- hopefully answers -- his question and be happy to answer any other questions and ask for an Aye vote.

PRESIDING OFFICER: (SENATOR DeLEO)

Thank you, Senator. Is there any discussion? Senator Righter, for what purpose you rise, sir?

SENATOR RIGHTER:
