Provides that a group or individual policy of accident and health insurance or a managed care plan that is amended, delivered, issued, or renewed on or after January 1, 2024 and that provides coverage for prescription drugs shall provide coverage for vaginal estrogen, and that coverage for vaginal estrogen shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement. House Floor Amendment No. 2

Provides that a group or individual policy of accident and health insurance or a managed care plan that is amended, delivered, issued, or renewed on or after January 1, 2025 (rather than January 1, 2024) and that provides coverage for prescription drugs shall include coverage for one or more therapeutic equivalent versions of vaginal estrogen in its formulary.

Senate Committee Amendment No. 1

Provides that if (rather than if an individual's attending provider recommends) a particular vaginal estrogen product or its therapeutic equivalent version approved by the United States Food and Drug Administration is determined to be medically necessary (rather than based on the provider's determination), the issuer must cover that service or item pursuant to the cost-sharing requirement in specified provisions (rather than without cost sharing). Provides that a policy subject to the provisions shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement that exceeds any deductible, coinsurance, copayment, or any other cost-sharing requirement imposed on any prescription drug authorized for the treatment of erectile dysfunction covered by the policy (rather than on the coverage provided). Removes language providing that a policy is not required to include all therapeutic equivalent versions of vaginal estrogen in its formulary so long as at least one is included and covered without cost sharing and in accordance with the provisions.

Amends the Unified Code of Corrections. Provides that Department of Juvenile Justice personnel who are hired by the Department and who participate or assist in the rehabilitative and vocational training of delinquent youths, supervise the daily activities involving direct and continuing responsibility for the youth's security, welfare and development, or participate in the personal rehabilitation of delinquent youth by training, supervising, and assisting lower level personnel who perform these duties must be over the age of 21 and have either a bachelor's or advanced degree from an accredited college or university or have 2 or more years of experience providing direct care to youth in the form of residential care, counseling, case management, or mentoring (rather than just any bachelor's or advanced degree from an accredited college or university). Amends the Illinois Pension Code to make conforming changes. Effective immediately.

Pension Note (Government Forecasting & Accountability)

HB 2054 expands employment requirements for Department of Juvenile Justice personnel to include prospective employees who have 2 or more years of experience providing direct care to youth, in lieu of having a bachelor's or advanced degree. The bill makes technical changes to the SERS article of the Pension Code to track with the updated educational and work requirements that are being made in the Unified Code of Corrections.

According to SERS, the proposed legislation would provide eligibility for the Alternative Formula for 150 employees in certain job titles with the Department of Juvenile Justice that currently participate in the Regular Formula. SERS claims this change would result in an increase to the accrued liability of between \$35 to \$40 million, with an estimated annual increase in State contributions of approximately \$2 million per year through FY 2045.

House Floor Amendment No. 1

Provides that Department of Juvenile Justice personnel who are hired by the Department and who participate or assist in the rehabilitative and vocational training of delinquent youths, supervise the daily activities involving direct and continuing responsibility for the youth's security, welfare and development, or participate in the personal rehabilitation of delinquent youth by training, supervising, and assisting lower level personnel who perform these duties must: (1) be over the age of 21 and (2) have a high school diploma or equivalent and either a bachelor's or advanced degree from an accredited college or university or 2 or more years of experience providing direct care to youth in the form of residential care, coaching, case management, or mentoring (rather than just being over the age of 21 and having any bachelor's or advanced degree from an accredited college or university).

Fiscal Note (Dept. of Juvenile Justice)

Amends the Amusement Ride and Attraction Safety Act. Provides that the Amusement Ride and Attraction Safety Board may hire such clerical and administrative help as it deems necessary, to be paid out of an appropriation from the Amusement Ride and Patron Safety Fund (rather than from an appropriation to the Board). Removes a provision providing that the Director of the Department of Labor may promulgate rules to establish a schedule of fees for inspections. Provides that the Director, after consultation with and the consent of the Board, shall determine a schedule of inspection fees and permit fees (rather than just permit fees) for each amusement ride or amusement attraction. Provides that the Director may accept applications for a permit not filed at least 30 days prior to the first day of operation or the expiration of the permit only if the applicant applies for the permit prior to the inspection of the ride or attraction. Provides that if, upon inspection, the Department determines that an element or elements of an amusement ride or amusement attraction is in violation of the Act or any rules adopted under it, the Department may issue a correction notice to the owner or operator, allowing the owner or operator to continue operating the amusement ride or amusement attraction, but requiring the owner or operator to address the deficiency and come into compliance with adopted standards by a set deadline. Provides that, if the owner or operator does not meet the deadline established in the correction notice, the Department may issue a Cessation Order as described in subsection (b) of this Section. Makes changes in provisions concerning: insurance; penalties; contracting with an entity; injunctions to compel compliance; the Amusement Ride and Patron Safety Fund; exemptions; waivers of inspections; and employment of carnival and amusement enterprise workers. Amends the Community-Law Enforcement and Other First Responder Partnership for Deflection and Substance Use Disorder Treatment Act. Changes the Act name to the Community Partnership for Deflection and Substance Use Disorder Treatment Act. Modifies and adds definitions. Provides that A law enforcement agency, other first responder entity, or local government agency (rather than only a law enforcement agency or other first responder entity) may establish a deflection program in partnership with one or more licensed providers of substance use disorder treatment services and one or more community members or organizations. Provides that a deflection program may involve a pre-arrest diversion response and proactive identification of persons thought likely to have an untreated or undiagnosed mental illness. Provides that a local deflection program shall also include case management and restorative justice aspects. Provides that a deflection program may accept, receive, and disburse, in furtherance of its duties and functions, any funds, grants, and services made available by the State and its agencies, the federal government and its agencies, units of local government, and private or civic sources. Provides that activities eligible for funding under the Act include naloxone and related harm reduction supplies (rather than related supplies) necessary for carrying out overdose prevention and reversal (rather than overdose reversal) for purposes of distribution to program participants or for use by law enforcement, other first responders, or local governmental agencies and wraparound participant funds to be used to incentivize participation and meet participant needs. Provides that the Legislative Reference Bureau shall reassign the Act in the Illinois Compiled Statutes (to reflect the addition of local government agencies to the Act).

Senate Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes. Provides that "deflection programs" may include an officer intervention during routine activities, such as patrol or response to a service call during which a referral to treatment, to services, or to a case manager is made in lieu of arrest (rather than an officer intervention deflection response when criminal charges are present but held in abeyance pending engagement with treatment). Removes language providing that a "deflection program" may include a pre-booking diversion response initiated by law enforcement when criminal charges are possible, but the individual is diverted to case management services in lieu of charges.

625 ILCS 5/3-407 from Ch. 95 1/2, par. 3-407

Amends the Illinois Vehicle Code. Provides that a resident of this State who purchases a vehicle in another state and transports the vehicle to Illinois shall apply for registration and certificate of title as soon as practicable, but in no event less than 45 days after the purchase of the vehicle. Provides that the owner of such a vehicle shall display any temporary permit or registration issued in accordance with the provisions of the Code. Restricts the issuance of a temporary registration permit to the holder of a valid Illinois driver's license.

House Floor Amendment No. 1

In provisions concerning vehicles purchased out-of-state, requires that person to apply for registration and certificate of title no more than 45 days (rather than no less than 45 days) after the purchase of the vehicle. Provides that if an Illinois motorist who purchased a vehicle from an out-of-state licensed dealer is unable to meet the 45-day deadline due to a delay in paperwork from the seller, that motorist may obtain an Illinois temporary registration plate with: (i) proof of purchase; (ii) proof of meeting the Illinois driver's license or identification card requirement; and (iii) proof that Illinois title and registration fees have been paid. If fees have not been paid, provides that the motorist may pay the fees in order to obtain the temporary registration plate. Changes provisions concerning temporary permits to provide that the Secretary of State may grant a temporary permit or placard to operate a vehicle for which application for registration and certificate of title has been made where such application is made by the holder of a valid Illinois driver's license or identification card, or equivalent documentation (rather than made by the holder of a valid Illinois driver's license), and accompanied by the proper fee, pending action upon the application by the Secretary of State. Provides that If the person making the application is primarily a resident of a state other than the State of Illinois, that person shall provide a valid driver's license or identification card, or equivalent documentation, of that primary state of residence, accompanied by the proper fee, and one or more of the following: (i) proof of ownership or lease agreement for a residence in Illinois; (ii) proof of enrollment in an Illinois college, university, or other institution of higher education; or (iii) proof of active duty military status.

Adds a definition of "first responder" and modifies the definition of "grade of service". Provides that within 36 (rather than 18) months of the awarding of a contract to a certified vendor to provide Next Generation 9-1-1 service, a 9-1-1 system in Illinois shall provide Next Generation 9-1-1 service, except that a municipality with a population over 500,000 shall provide Next Generation 9-1-1 service by July 1, 2024 (rather than December 31, 2023). Provides that every 9-1-1 system shall be able to accept text to 9-1-1 no later than July 1, 2024 (rather than January 1, 2023). Changes the date on which each aggregator that is operating within the State must submit (rather than email) to the Office of the Statewide 9-1-1 Administrator information that supports the implementation of and the migration to the Statewide NG9-1-1 system and provides that the Illinois State Police shall make available the form to submit the information. Makes changes relating to call handling and aid outside jurisdictional boundaries agreements. Prohibits calling or texting 9-1-1 or causing a transmission, in any manner, to a public safety agency or public safety answering point (rather than placing an emergency call to 9-1-1 for the purpose of making or transmitting a false alarm or complaint and reporting information) when, at the time the call, text, or transmission is made, the person knows there is no reasonable ground for making the call, text, or transmission (removing a requirement that the person further knows that the call or transmission could result in the emergency response of any public safety agency), and makes conforming changes to the elements of disorderly conduct in the Criminal Code of 2012. Provides that the Emergency Telephone System Board shall complete and maintain a Next Generation 9-1-1 GIS database in accordance with NENA Standards before implementation of the NG9-1-1 system. Provides that the MSAG and GIS data standardizing and synchronization must reach a 98% or greater match rate, with an option of matching with ALI, before using GIS data for NG9-1-1 (rather than complete a Master Street Address Guide database before implementation of the 9-1-1 system and that the error ratio of the database shall not at any time exceed 1% of the total database). Makes changes relating to consolidation grants. Allows the cost of upgrading the Illinois State Police's call-handling equipment to meet the standards necessary to access and increase interoperability with the statewide Next Generation 9-1-1 network to be included in the Illinois State Police's administrative costs, and includes requirements relating to those upgrades. Provides that surcharge revenues received under the Act shall be made consistent with specified federal law, including specified examples (rather than may be made by municipalities, counties, and 9-1-1 Authorities only to pay for the costs associated with specified requirements). Provides that the Illinois State Police shall create uniform accounting procedures that any emergency telephone system board (rather than board or unit of local government) receiving surcharge money must follow. Provides that the Illinois State Police shall post annual financial reports (rather than the audited financial statements) on the Illinois State Police's website. Repeals provisions relating to copies of the annual certified notification of continuing agreement to be filed with the Attorney General and the statewide 9-1-1 Administrator, call boxes, and the Wireless Carrier Reimbursement Fund. Removes references to the Wireless Carrier Reimbursement Fund in the Act and the State Finance Act. Certain changes are effective immediately.

Senate Floor Amendment No. 2

In the Emergency Telephone System Act and the Criminal Code of 2012, restores provisions requiring a prohibited call or text to 9-1-1 or other transmission to a public safety agency to be made for the purpose of making or transmitting a false alarm or complaint and reporting information, and restores in those same provisions a requirement that the individual further knows that the call, text, or transmission (adding text) could result in the emergency response of any public safety agency. Provides that the residential requirements for electric vehicle parking spaces apply to all building permits issued 90 days after the effective date of the Act. Provides that all building permits issued 90 days after the effective date of the Act shall require a new, large multifamily residential building or a large multifamily residential building being renovated by a developer converting the property to an association to have 100% of its total parking spaces EV-capable (rather than a specified percentage of EV-capable spaces based on the total amount of parking spaces available). Changes the residential requirements for electric vehicle parking spaces for permits issued 24 months after the effective date Provides that all building permits issued 24 months after the effective date of the Act to be as follows: (1) for permits issued 24 months after the effective date of this Act, a minimum of 40% EV-capable parking spaces; (2) for permits issued 5 years after the effective date of this Act, a minimum of 50% EV-capable parking spaces; and (3) for permits issued 10 years after the effective date of this Act, a minimum of 70% EV-capable parking spaces. Removes language providing that an existing multi-unit residential building subject to an association that undertakes a capital maintenance, repair, replacement, or improvement project related to electrical power infrastructure shall be required to upgrade or install electrical panel capacity for dedicated branch circuits sufficient to ensure that the residential building has the power capacity to become electric vehicle capable as it relates to the space requirements. Removes language providing that a renovated large multifamily residential building that qualifies as an affordable housing development is subject to certain requirements if more than 25% of parking spaces are substantially modified. Makes other changes.

Senate Floor Amendment No. 2

Changes the definitions of "level 1" and "level 2". Provides that a tenant may install, at the tenant's own expense for the tenant's own use, a level 1 or level 2 receptacle or outlet or a level 2 electric vehicle charging system (rather than a level 1 or level 2 electric vehicle charging system) on or in the leased premises.

Senate Floor Amendment No. 3

Provides that "EV capable" shall not be construed to require a developer or builder to install or run wire or cable from the electrical panel through the conduit or raceway to the terminus of the conduit. Provides that nothing in the Act shall be construed to require that in the case of a developer converting the property to an association, no EV-capable or EV-ready mandate shall apply if it would necessitate the developer having to excavate an existing surface lot or other parking facility in order to retrofit the parking lot or facility with the necessary conduit and wiring. Establishes that an association that willfully violates the provisions shall be liable to the unit owner for actual damages and shall pay a civil penalty to the unit owner for actual damages and shall pay a civil penalty to the unit owner not to exceed \$500 (rather than \$1,000). Provides that in any action by a unit owner requesting to have an electric vehicle installed and seeking to enforce compliance with the provisions, the court shall award reasonable attorney's fees to a prevailing party (rather than a prevailing plaintiff). Provides that a landlord shall not assess or charge a tenant any fees for the placement or use of an electric vehicles charging system, except that a landlord may charge a security deposit to cover costs to restore the property to its original condition if the tenant removes the electric vehicle charging system.

Replaces everything after the enacting clause. Creates the State Entities Single-Use Plastic Reporting Act. Requires, beginning July 1, 2024, each State agency to (i) track the purchase of single-use plastics on behalf of the State agency that do not require procurement contracts for one year, (ii) establish goals on reducing single-use plastic purchases based on the information obtained from the purchase tracking, and (iii) submit a report of its findings to the Governor and the General Assembly on or before October 1, 2025. Provides instead that when a State agency is to award a contract to the lowest responsible bidder, an otherwise qualified bidder who will fulfill the contract through the use of compostable foodware or recyclable foodware may be given preference over other bidders unable to do so, as long as the bid is not more than 5% greater than the cost of products that are single-use plastic disposable foodware.

**SB 00724 (CONTINUED)**

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes: In the Interagency Children's Behavioral Health Services Act, removes a provision requiring the behavioral health interagency agreement to require the contracting State agencies to identify children with significant and complex behavioral health needs who meet certain criteria. Instead provides that the interagency agreement shall set criteria to identify children whose cases will be presented to the Interagency Children's Behavioral Health Services Team for prioritized review. Lists certain criteria that shall be included in the interagency agreement. Provides that all information collected, shared, or stored pursuant to the Act shall be handled in accordance with all State and federal privacy laws and accompanying regulations and rules, including without limitation the federal Health Insurance Portability and Accountability Act of 1996 and the Mental Health and Developmental Disabilities Confidentiality Act. Provides that nothing in the Act shall be construed or applied in a manner that would conflict with, diminish, or infringe upon, any State agency's obligation to comply fully with requirements imposed under a court order or State or federal consent decree applicable to that agency. Further amends the Children and Family Services Act. In a provision requiring the Department of Children and Family Services to adopt rules to establish a process for all licensed residential providers in Illinois to submit data, if they contract or receive reimbursement for children's mental health, substance use, and developmental disability services, provides that all information collected, shared, or stored pursuant to that provision shall be handled in accordance with all State and federal privacy laws and accompanying regulations and rules, including without limitation the federal Health Insurance Portability and Accountability Act of 1996 and the Mental Health and Developmental Disabilities Confidentiality Act. In a provision requiring the Department of Human Services to develop a Youth and Community Services Program, provides that the program is to ensure that youth who come into contact or may come into contact with either the child welfare system or the juvenile justice system (rather than who come into contact or may come into contact with the child welfare and the juvenile justice systems) have access to needed community, prevention, diversion, emergency and independent living services. In provisions listing the Department's duties under the program, removes the duty to develop a statewide adoption awareness campaign aimed at pregnant teenagers. Adds the duty to establish temporary emergency placements for youth in crisis as defined by the Children's Behavioral Health Transformation Team (rather than the Department) through comprehensive community-based youth services provider grants. Sets forth certain requirements that such temporary emergency placements must meet. Provides that, once sufficient capacity has been developed, temporary emergency placements must also include temporary emergency placement shelters provided under the Comprehensive Community-Based Youth Services program, shall be managed by Comprehensive Community-Based Youth Services provider organizations, and shall be available to house youth receiving interim 24/7 crisis intervention services. Provides that nothing in the amendatory Act shall be construed or applied in a manner that would conflict with, diminish, or infringe upon, any State agency's obligation to comply fully with requirements imposed under a court order or State or federal consent decree applicable to that agency. Further amends the Juvenile Court Act of 1987. Provides that no minor shall be sheltered in a temporary living arrangement for more than 21 business days (rather than 21 days). Provides that if at any time during the crisis intervention there is a concern that the minor has experienced abuse or neglect, the Comprehensive Community Based-Youth Services provider shall contact the Department of Children and Family Services as provided in the Abused and Neglected Child Reporting Act. Amends the Mental Health and Developmental Disabilities Administrative Act. Requires the Department of Human Services to establish and maintain a public-facing Care Portal to serve as a centralized resource for families with children who have significant and complex behavioral health needs. Effective immediately.

House Floor Amendment No. 5

Provides that temporary emergency placements for youth in crisis must be licensed through the Department of Children and Family Services or, in the case of a foster home or host home (rather than in the case of a foster home), by the supervising child welfare agency.

Senate Floor Amendment No. 1

Provides that for the purposes of computing service for academic years for any participant, one month of service means a calendar month during which the participant qualifies as an employee and contributes to the System (instead of qualifies as an employee for any fraction of the month).

Senate Floor Amendment No. 2

Changes references from January 1, 2024 to September 1, 2024.

Pension Note (Government Forecasting & Accountability)

According to SURS, the system's actuary does not recognize the actuarial liabilities associated with part-time employees; the actuary assumes all employees are full-time. SURS reports approximately 24% of active members (73,307) have some part-time service. In addition, approximately 16% of retirement claims have a part-time adjustment, and the adjustment typically impacts the final pension amount in 10% of retirement claims. Thus, while there will be no change to SURS' liabilities due to the new service accrual schedule and the elimination of the part-time adjustment (for the aforementioned reason that the actuary assumes all employees are FT employees), SURS claims more assets will be necessary to pay enhanced benefits due to the new accrual schedule and the elimination of the part-time adjustment. The amount by which payouts will increase as a result of these changes has not been provided by SURS.

House Floor Amendment No. 2

Adds reference to:

40 ILCS 5/15-112 from Ch. 108 1/2, par. 15-112

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes.

Further amends the State Universities Article of the Illinois Pension Code. Provides that beginning September 1, 2024, a provision excluding specified earnings in the determination of the final rate of earnings applies to an employee who has been employed at 1/2 time or less for 3 or more years. Adds an inseparability provision. Effective immediately.

Land Conveyance Appraisal Note (Dept. of Transportation)

No land conveyances are included in Senate Bill 1235, HA 1; therefore, there are no appraisals to be filed.

State Debt Impact Note (Government Forecasting & Accountability)

SB 1235, as amended by House Amendment 1, would not change the amount of authorization for any type of State-issued bond, and, therefore, would not affect the level of State indebtedness.

Housing Affordability Impact Note (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence and will not impact the cost of housing development in the state of Illinois.

Balanced Budget Note (Office of Management and Budget)

**SB 01235 (CONTINUED)**

Please be advised that the Balanced Budget Note Act does not apply to SB 1235, as amended by House Amendment 1 as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Judicial Note (Admin Office of the Illinois Courts)

Based on a review of SB1235 as amended by House Amendment 1, the legislation will not increase or decrease the number of judges needed in the state of Illinois.

State Mandates Fiscal Note, House Floor Amendment No. 1 (Dept. of Commerce & Economic Opportunity)

SB 1235 HA#1 does not create a State Mandate under the State Mandates Act.

Home Rule Note, House Floor Amendment No. 1 (Dept. of Commerce & Economic Opportunity)

Provides that, except for assessments made in traffic, boating, or fish and game law, or municipal ordinance violations as provided in the Act, any judgment, order, agreement, or other legally enforceable encumbrance directing a minor or his or her parent, guardian, or legal custodian to pay assessments prior to the effective date of the amendatory Act is null, void, and not collectible if there remains a balance due, including interest, penalties, or collection fees. Provides that, if the court orders community service for the minor, community service shall not interfere with the school hours, school-related activities, or work commitments of the minor or the minor's parent, guardian, or legal custodian. Provides that, one year after the effective date of the amendatory Act, the Administrative Office of the Illinois Courts shall report to the General Assembly: (1) the number of judgments, orders, agreements, or other legally enforceable encumbrances vacated pursuant to this provision in each judicial district; and (2) the total balances of fees, fines, and administrative costs vacated in each judicial district. Provides that inability to pay shall not be grounds to object to the minor's placement on a continuance under supervision. Provides that the inability of a minor, or minor's parent, guardian, or legal custodian, to cover the costs associated with an appropriate sentencing order shall not be the basis for the court to enter a sentencing order incongruent with the court's findings regarding the offense on which the minor was adjudicated or the mitigating factors. 310 ILCS 67/50

Amends the Affordable Housing Planning and Appeal Act. In provisions requiring non-exempt local governments to approve an affordable housing plan, provides that, in addition to other requirements, the affordable housing plan must consist of a description of any housing market conditions, infrastructure limitations, local government ordinances, local policies or practices that do not affirmatively further fair housing as defined in the federal Fair Housing Act, and other local factors that constrain the local government's ability to create and preserve affordable housing. Requires the plan to also include potential strategies to eliminate or mitigate the specified constraints. Provides that the plan must set forth certain benchmark goals for new affordable housing developments or redevelopments; as well as proposed timelines, within the first 24 months after the date upon which the affordable housing plan was adopted, for actions to implement the components of the affordable housing plan. Removes a provision requiring affordable housing plans from local governments to be subject to review by the State Housing Appeals Board. Requires the Illinois Housing Development Authority (IHDA) to post each affordable housing plan submitted by a local government on the IHDA website. Restores a provision providing that a non-exempt local government may not enter into an intergovernmental agreement with any local government that contains more than 25% affordable housing. Changes the filing date from January 1, 2024 to January 1, 2026 upon which an affordable housing developer or municipal resident may appeal a municipality's decision to deny or impose conditions on a proposed affordable housing development. Replaces all references to "plaintiff" with "appellant". In provisions concerning the Housing Appeals Board, provides that on and after the effective date of the amendatory Act, the Housing Appeals Board shall consist of 5 members appointed by the Governor (rather than providing that prior to January 1, 2008, a Housing Appeals Board shall be created consisting of 7 members appointed by the Governor). In provisions concerning membership on the Board, provides that initial terms of 3 (rather than 4) members designated by the Governor under the amendatory Act shall be for 2 years; and that initial terms of 2 (rather than 3) members designated by the Governor under the amendatory Act shall be for one year. Provides that the terms of members serving on the Housing Appeals Board before the effective date of the amendatory Act expire on the effective date of the amendatory Act. In the definition of "affordable housing", removes language providing that the costs of parking, maintenance, or landlord-imposed fees, as provided by a municipality's regional planning commission, are to be included in the calculation of affordable housing. Redefines "exempt local government" to mean any local government in which at least 35% of its total year-round housing units are affordable, as determined by the Illinois Housing Development Authority or any municipality with a population under 2,500 (rather than "exempt local government" means any local government in which the percentage of its total year-round housing units that are affordable is greater than the 20th percentile of all local governments, as determined by the Illinois Housing Development Authority, or any municipality with a population under 1,000). Removes the definition of "high cost housing community" or "nonexempt local government".

Provides that the Board shall include a retired circuit judge, a retired appellate judge, a current or retired administrative law judge, or a practicing or retired attorney with experience in the area of land use law or related field, who shall act as chairperson (rather than a current or retired circuit judge, appellate judge, administrative law judge, or attorney with experience in the area of land use law, who shall act as chairperson). Provides that 4 (rather than 3) of the Board members shall be selected from among certain categories. Includes an affordable housing developer among the possible selected members. Provides that at least 3 (rather than one) of the appointments shall be from a local government that is non-exempt under the Act. Provides that the initial terms of 4 (rather than 3 of the) members shall be for 2 years; and the initial terms of 3 (rather than 2 of the) members shall be for one year. Permits the following persons to file an appeal to the Board if a proposed affordable housing development was denied by a municipality or approved with conditions that in the appellant's judgment render the provision of affordable housing infeasible: (i) the affordable housing developer of the proposed affordable housing development; (ii) a person who would be eligible to apply for residency in the proposed affordable housing development; or (iii) a housing organization whose geographic focus area includes the municipality, or county if in an unincorporated area, where the proposed affordable housing development is located. ## New Act

Creates the Firefighter Training Leave of Absence Act. Defines terms. Provides that a State employee shall be granted leave from his or her State employment for firefighter training as follows: (1) on one occasion, for up to 200 hours, to participate in training necessary to obtain Basic Operations Firefighter certification from the State Fire Marshal while attending a State Fire Marshal-approved fire academy; and (2) special or advanced training annually, not to exceed 80 hours, after obtaining Basic Operations Firefighter certification from the State Fire Marshal for courses that will lead to additional certification by the State Fire Marshal. Provides that, during leaves for basic, special, or advanced training, the State employee shall continue to receive his or her regular compensation as a State employee, but, if the State employee receives compensation for basic, special, or advanced training, the State employee shall receive his or her regular compensation as a State employee minus the amount of his or her compensation for basic, special, or advanced training. Provides that a State employee who wishes to obtain a leave of absence under this Act shall request in advance for the leave of absence and may take the leave of absence only after obtaining approval from the State employee's agency.

## Senate Floor Amendment No. 1

Provides that a leave of absence may not be denied to a State employee who requests leave under the Act and who has provided notification of the leave at least 14 calendar days prior to the requested leave date. Provides that a State employee who provides less than 14 calendar days' notice of the leave may be denied leave if the State employee's agency demonstrates that the leave would create a health or safety hazard in the workplace. Provides that, if the leave is denied, written notification must be provided to the employee within 24 hours after the employee's request for leave. Provides that, once the leave has been approved, approval for the leave may not be rescinded.

## Pension Note (Government Forecasting &amp; Accountability)

Under SB 1611, as engrossed, state employees who avail themselves of a leave of absence for firefighter training will continue to receive compensation, and thus, pensionable service credit in SERS for such periods of leave. The bill states that the employee's agency can reduce his or her compensation by the amount the member is paid for the training; thus, SERS states that situations may arise where members may wish to purchase "earnings credits." The SERS Article of the Pension Code requires members wishing to establish earnings credits to pay to SERS an amount equal to the employee contribution based upon the rate of compensation paid immediately prior to the leave, plus interest at the actuarially assumed rate, from the beginning of the leave of absence to the date of payment.

Under current law, an employee who receives no compensation during a leave of absence may establish service credit in SERS by paying the aforementioned amounts, plus the employer's normal cost for the period of the leave. Inasmuch as state employees would be compensated during firefighter training leaves of absence under SB 1611, and thus would not be required to pay the employer's normal cost for the period of the leave, there would be a very minor fiscal impact upon SERS commensurate with the number of state employees who avail themselves of such periods of leave.

## Fiscal Note (Dept. of Central Management Services)

SB 1611, as engrossed, will have a fiscal impact to CMS but this impact cannot be identified at present. The maximum time allowance for training is approximately 37 days. CMS cannot gauge the participation this would generate in the state. There is the obvious loss of productivity and expertise from the employee's absence that will need to be compensated for through overtime, temporaries, etc.. Finally, it will take some time and additional resources to develop and effectuate rules for the Act and allow for software and programming changes.

## Land Conveyance Appraisal Note (Dept. of Transportation)

No land conveyances are included in Senate Bill 1611; therefore, there are no appraisals to be filed.

## State Debt Impact Note (Government Forecasting &amp; Accountability)

- 105 ILCS 5/3-3 rep.
- 30 ILCS 805/8.47 new

Amends the Illinois Municipal Retirement Fund Article of the Illinois Pension Code. In a provision concerning service credit for accumulated unused sick leave, provides that if the employee was in the service of more than one employer or regional office of education (instead of more than one employer), then sick leave days from all such employers shall be credited. Amends the School Code. Provides that beginning July 1, 2023, all regional superintendents of schools shall receive the same salary regardless of the population of the region they serve. Provides that the salary for all regional superintendents shall be equal to the middle annual salary tier. Makes a change concerning the posting of information on the institute fund. Repeals a provision of the Code that prohibits regional superintendents from practicing or from holding themselves out as practicing any other profession. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

Pension Note (Government Forecasting & Accountability)

The fiscal impact of SB 1924 is not known, as the number of employees of regional offices of education who would receive pensionable service credit for unused, unpaid sick leave from multiple employers is not known. To the extent that service credit up to one year would be provided for employees who would have previously not been eligible to combine sick leave credit from multiple employers, there would be a slight negative impact to the IMRF employer that would assume the liability associated with the additional service credit being granted.

State Debt Impact Note (Government Forecasting & Accountability)

SB 1924 would not change the amount of authorization for any type of State-issued bond, and, therefore, would not affect the level of State indebtedness.

Fiscal Note (IL State Board of Education)

The estimated fiscal impact of SB 1924 is approximately \$100,000 in fiscal year 2024 as a result of the change to the regional superintendent's salaries. The Illinois State Board of Education recommended \$12.1 million appropriation from the Personal Property Tax Replacement Fund (PPTRF) in fiscal year 2024 for all regional and assistant superintendent's salaries. If SB 1924 were to become law, the fiscal year 2024 appropriation from PPTRF would need to be increased by \$100,000 to \$12.2 million in order to fully pay all regional and assistant superintendent's salaries.

SB 1924 also amends the Illinois Pension Code to make changes to the calculation of service credit for accumulated unused sick leave. The State Board of Education cannot determine the fiscal impact to the state for the proposed changes to the Illinois Pension Code. The State Board of Education recommends the sponsors consult with IMRF and TRS regarding fiscal impact to the State regarding the proposed amendments to the Illinois Pension Code.

Balanced Budget Note (Office of Management and Budget)

Please be advised that the Balanced Budget Note Act does not apply to Senate Bill 1924, as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Replaces everything after the enacting clause. Amends the Illinois Pension Code. Provides that the Retirement Systems Reciprocal Act (Article 20 of the Code) is adopted and made a part of the Downstate Police, Downstate Firefighter, Chicago Police, and Chicago Firefighter Articles, but only with respect to a person who, on or after the effective date of the amendatory Act, is entitled under those Articles or through a participating system under the Retirement Systems Reciprocal Act to begin receiving a retirement annuity or survivor's annuity and who elects to proceed under the Retirement Systems Reciprocal Act. In the Chicago Police Article of the Code, removes a birthdate restriction on eligibility at age 55 for a 3% automatic annual increase in retirement annuity that is not subject to a maximum increase of 30% and specifies the timing of an initial increase in retirement annuity for persons who have not received the initial increase before January 1, 2023. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

Pension Note (Government Forecasting & Accountability)

SB 1956, as amended by HA 001, would grant an annual 3% non-compounded cost-of-living adjustment (COLA) to all Tier 1 Chicago Police retirees who reach age 55 with 20 years of service. This change would have a significant fiscal impact upon the pension fund. An actuarial study would be required to determine the precise fiscal impact. As of December 31, 2021, the pension fund had an unfunded liability of approximately \$12 billion, and a funded ratio of 24.9%. Regarding the expansion of reciprocal service, CGFA staff has consulted with the systems most likely to have members who would receive reciprocal annuities comprised of service with the Chicago Police, Chicago Fire, and the Downstate Fire pension funds. IMRF and SERS do not anticipate a significant actuarial cost due to bringing these funds under the ambit of the Reciprocal Act. The Cook County Pension Fund says that some increased liability is possible, but the extent of the increase cannot be known as the number of members who would receive proportional annuities between the impacted funds is not known.

Fiscal Note (Department of Insurance)

This legislation poses no impact, fiscal or otherwise to the Department of Insurance.

Provides that an occupational therapist shall refer a patient to the patient's treating health care professional of record, or to a health care professional of the patient's choosing if there is no health care professional of record, if: (1) the patient does not demonstrate measurable or functional improvement after 10 visits or 15 business days, whichever occurs first, and continued improvement thereafter; (2) the patient was under the care of an occupational therapist without a diagnosis established by a health care professional of a chronic disease that may benefit from occupational therapy and returns for services for the same or similar condition 30 calendar days after being discharged by the occupational therapist; or (3) the patient's medical condition, at the time of evaluation or services, is determined to be beyond the scope of practice of the occupational therapist. In provisions concerning grounds for discipline, provides that the Department of Financial and Professional Regulation may take disciplinary or nondisciplinary actions against a licensee for failing to refer a patient or individual whose medical condition should, at the time of evaluation or treatment, be determined to be beyond the scope of practice of the occupational therapist to an appropriate health care professional.
