

1 AN ACT to revise the law by combining multiple enactments
2 and making technical corrections.

3 **Be it enacted by the People of the State of Illinois,**
4 **represented in the General Assembly:**

5 Section 1. Nature of this Act.

6 (a) This Act may be cited as the First 2025 General
7 Revisory Act.

8 (b) This Act is not intended to make any substantive
9 change in the law. It reconciles conflicts that have arisen
10 from multiple amendments and enactments and makes technical
11 corrections and revisions in the law.

12 This Act revises and, where appropriate, renumbers certain
13 Sections that have been added or amended by more than one
14 Public Act. In certain cases in which a repealed Act or Section
15 has been replaced with a successor law, this Act may
16 incorporate amendments to the repealed Act or Section into the
17 successor law. This Act also corrects errors, revises
18 cross-references, and deletes obsolete text.

19 (c) In this Act, the reference at the end of each amended
20 Section indicates the sources in the Session Laws of Illinois
21 that were used in the preparation of the text of that Section.
22 The text of the Section included in this Act is intended to
23 include the different versions of the Section found in the
24 Public Acts included in the list of sources, but may not

1 include other versions of the Section to be found in Public
2 Acts not included in the list of sources. The list of sources
3 is not a part of the text of the Section.

4 (d) Public Acts 103-584 through 103-1059 were considered
5 in the preparation of the combining revisories included in
6 this Act. Many of those combining revisories contain no
7 striking or underscoring because no additional changes are
8 being made in the material that is being combined.

9 Section 5. The Statute on Statutes is amended by changing
10 Section 1.33 as follows:

11 (5 ILCS 70/1.33) (from Ch. 1, par. 1034)

12 Sec. 1.33. Whenever there is a reference in any Act to the
13 School Construction Bond Act~~7~~, or the Illinois Coal and Energy
14 Development Bond Act, such reference shall be interpreted to
15 include the General Obligation Bond Act.

19 thereof. However, the State shall pay the amount of the
20 reduction in the cost of participation, if any, resulting from
21 the amendment to subsection (a) made by Public Act 91-617 ~~this~~
22 ~~amendatory Act of the 91st General Assembly.~~

23 (h) Those persons occupying positions with any department
24 as a result of emergency appointments pursuant to Section 8b.8
25 of the Personnel Code who are not considered employees under
26 this Act shall be given the option of participating in the

1 programs of group life insurance, health benefits and other
2 employee benefits. Such persons electing coverage may
3 participate only by making payment equal to the amount
4 normally contributed by the State for similarly situated
5 employees. Such amounts shall be determined by the Director.
6 Such payments and coverage may be continued until such time as
7 the person becomes an employee pursuant to this Act or such
8 person's appointment is terminated.

9 (i) Any unit of local government within the State of
10 Illinois may apply to the Director to have its employees,
11 annuitants, and their dependents provided group health
12 coverage under this Act on a non-insured basis. To
13 participate, a unit of local government must agree to enroll
14 all of its employees, who may select coverage under any group
15 health benefits plan made available by the Department under
16 the health benefits program established under this Section or
17 a health maintenance organization that has contracted with the
18 State to be available as a health care provider for employees
19 as defined in this Act. A unit of local government must remit
20 the entire cost of providing coverage under the health
21 benefits program established under this Section or, for
22 coverage under a health maintenance organization, an amount
23 determined by the Director based on an analysis of the sex,
24 age, geographic location, or other relevant demographic
25 variables for its employees, except that the unit of local
26 government shall not be required to enroll those of its

1 employees who are covered spouses or dependents under the
2 State group health benefits plan or another group policy or
3 plan providing health benefits as long as (1) an appropriate
4 official from the unit of local government attests that each
5 employee not enrolled is a covered spouse or dependent under
6 this plan or another group policy or plan, and (2) at least 50%
7 of the employees are enrolled and the unit of local government
8 remits the entire cost of providing coverage to those
9 employees, except that a participating school district must
10 have enrolled at least 50% of its full-time employees who have
11 not waived coverage under the district's group health plan by
12 participating in a component of the district's cafeteria plan.
13 A participating school district is not required to enroll a
14 full-time employee who has waived coverage under the
15 district's health plan, provided that an appropriate official
16 from the participating school district attests that the
17 full-time employee has waived coverage by participating in a
18 component of the district's cafeteria plan. For the purposes
19 of this subsection, "participating school district" includes a
20 unit of local government whose primary purpose is education as
21 defined by the Department's rules.

22 Employees of a participating unit of local government who
23 are not enrolled due to coverage under another group health
24 policy or plan may enroll in the event of a qualifying change
25 in status, special enrollment, special circumstance as defined
26 by the Director, or during the annual benefit choice period

1 ~~Benefit Choice Period.~~ A participating unit of local
2 government may also elect to cover its annuitants. Dependent
3 coverage shall be offered on an optional basis, with the costs
4 paid by the unit of local government, its employees, or some
5 combination of the two as determined by the unit of local
6 government. The unit of local government shall be responsible
7 for timely collection and transmission of dependent premiums.

8 The Director shall annually determine monthly rates of
9 payment, subject to the following constraints:

10 (1) In the first year of coverage, the rates shall be
11 equal to the amount normally charged to State employees
12 for elected optional coverages or for enrolled dependents
13 coverages or other contributory coverages, or contributed
14 by the State for basic insurance coverages on behalf of
15 its employees, adjusted for differences between State
16 employees and employees of the local government in age,
17 sex, geographic location or other relevant demographic
18 variables, plus an amount sufficient to pay for the
19 additional administrative costs of providing coverage to
20 employees of the unit of local government and their
21 dependents.

22 (2) In subsequent years, a further adjustment shall be
23 made to reflect the actual prior years' claims experience
24 of the employees of the unit of local government.

25 In the case of coverage of local government employees
26 under a health maintenance organization, the Director shall

1 annually determine for each participating unit of local
2 government the maximum monthly amount the unit may contribute
3 toward that coverage, based on an analysis of (i) the age, sex,
4 geographic location, and other relevant demographic variables
5 of the unit's employees and (ii) the cost to cover those
6 employees under the State group health benefits plan. The
7 Director may similarly determine the maximum monthly amount
8 each unit of local government may contribute toward coverage
9 of its employees' dependents under a health maintenance
10 organization.

11 Monthly payments by the unit of local government or its
12 employees for group health benefits plan or health maintenance
13 organization coverage shall be deposited into ~~in~~ the Local
14 Government Health Insurance Reserve Fund.

15 The Local Government Health Insurance Reserve Fund is
16 hereby created as a nonappropriated trust fund to be held
17 outside the State treasury ~~Treasury~~, with the State Treasurer
18 as custodian. The Local Government Health Insurance Reserve
19 Fund shall be a continuing fund not subject to fiscal year
20 limitations. The Local Government Health Insurance Reserve
21 Fund is not subject to administrative charges or charge-backs,
22 including but not limited to those authorized under Section
23 8h of the State Finance Act. All revenues arising from the
24 administration of the health benefits program established
25 under this Section shall be deposited into the Local
26 Government Health Insurance Reserve Fund. Any interest earned

1 on moneys in the Local Government Health Insurance Reserve
2 Fund shall be deposited into the Fund. All expenditures from
3 this Fund shall be used for payments for health care benefits
4 for local government and rehabilitation facility employees,
5 annuitants, and dependents, and to reimburse the Department or
6 its administrative service organization for all expenses
7 incurred in the administration of benefits. No other State
8 funds may be used for these purposes.

9 A local government employer's participation or desire to
10 participate in a program created under this subsection shall
11 not limit that employer's duty to bargain with the
12 representative of any collective bargaining unit of its
13 employees.

14 (j) Any rehabilitation facility within the State of
15 Illinois may apply to the Director to have its employees,
16 annuitants, and their eligible dependents provided group
17 health coverage under this Act on a non-insured basis. To
18 participate, a rehabilitation facility must agree to enroll
19 all of its employees and remit the entire cost of providing
20 such coverage for its employees, except that the
21 rehabilitation facility shall not be required to enroll those
22 of its employees who are covered spouses or dependents under
23 this plan or another group policy or plan providing health
24 benefits as long as (1) an appropriate official from the
25 rehabilitation facility attests that each employee not
26 enrolled is a covered spouse or dependent under this plan or

1 another group policy or plan, and (2) at least 50% of the
2 employees are enrolled and the rehabilitation facility remits
3 the entire cost of providing coverage to those employees.
4 Employees of a participating rehabilitation facility who are
5 not enrolled due to coverage under another group health policy
6 or plan may enroll in the event of a qualifying change in
7 status, special enrollment, special circumstance as defined by
8 the Director, or during the annual benefit choice period
9 ~~Benefit Choice Period~~. A participating rehabilitation facility
10 may also elect to cover its annuitants. Dependent coverage
11 shall be offered on an optional basis, with the costs paid by
12 the rehabilitation facility, its employees, or some
13 combination of the 2 as determined by the rehabilitation
14 facility. The rehabilitation facility shall be responsible for
15 timely collection and transmission of dependent premiums.

16 The Director shall annually determine quarterly rates of
17 payment, subject to the following constraints:

18 (1) In the first year of coverage, the rates shall be
19 equal to the amount normally charged to State employees
20 for elected optional coverages or for enrolled dependents
21 coverages or other contributory coverages on behalf of its
22 employees, adjusted for differences between State
23 employees and employees of the rehabilitation facility in
24 age, sex, geographic location or other relevant
25 demographic variables, plus an amount sufficient to pay
26 for the additional administrative costs of providing

1 coverage to employees of the rehabilitation facility and
2 their dependents.

3 (2) In subsequent years, a further adjustment shall be
4 made to reflect the actual prior years' claims experience
5 of the employees of the rehabilitation facility.

6 Monthly payments by the rehabilitation facility or its
7 employees for group health benefits shall be deposited into ~~in~~
8 the Local Government Health Insurance Reserve Fund.

9 (k) Any domestic violence shelter or service within the
10 State of Illinois may apply to the Director to have its
11 employees, annuitants, and their dependents provided group
12 health coverage under this Act on a non-insured basis. To
13 participate, a domestic violence shelter or service must agree
14 to enroll all of its employees and pay the entire cost of
15 providing such coverage for its employees. The domestic
16 violence shelter shall not be required to enroll those of its
17 employees who are covered spouses or dependents under this
18 plan or another group policy or plan providing health benefits
19 as long as (1) an appropriate official from the domestic
20 violence shelter attests that each employee not enrolled is a
21 covered spouse or dependent under this plan or another group
22 policy or plan and (2) at least 50% of the employees are
23 enrolled and the domestic violence shelter remits the entire
24 cost of providing coverage to those employees. Employees of a
25 participating domestic violence shelter who are not enrolled
26 due to coverage under another group health policy or plan may

1 enroll in the event of a qualifying change in status, special
2 enrollment, or special circumstance as defined by the Director
3 or during the annual benefit choice period ~~Benefit Choice~~
4 ~~Period~~. A participating domestic violence shelter may also
5 elect to cover its annuitants. Dependent coverage shall be
6 offered on an optional basis, with employees, or some
7 combination of the 2 as determined by the domestic violence
8 shelter or service. The domestic violence shelter or service
9 shall be responsible for timely collection and transmission of
10 dependent premiums.

11 The Director shall annually determine rates of payment,
12 subject to the following constraints:

13 (1) In the first year of coverage, the rates shall be
14 equal to the amount normally charged to State employees
15 for elected optional coverages or for enrolled dependents
16 coverages or other contributory coverages on behalf of its
17 employees, adjusted for differences between State
18 employees and employees of the domestic violence shelter
19 or service in age, sex, geographic location or other
20 relevant demographic variables, plus an amount sufficient
21 to pay for the additional administrative costs of
22 providing coverage to employees of the domestic violence
23 shelter or service and their dependents.

24 (2) In subsequent years, a further adjustment shall be
25 made to reflect the actual prior years' claims experience
26 of the employees of the domestic violence shelter or

1 service.

2 Monthly payments by the domestic violence shelter or
3 service or its employees for group health insurance shall be
4 deposited into ~~in~~ the Local Government Health Insurance
5 Reserve Fund.

6 (1) A public community college or entity organized
7 pursuant to the Public Community College Act may apply to the
8 Director initially to have only annuitants not covered prior
9 to July 1, 1992 by the district's health plan provided health
10 coverage under this Act on a non-insured basis. The community
11 college must execute a 2-year contract to participate in the
12 Local Government Health Plan. Any annuitant may enroll in the
13 event of a qualifying change in status, special enrollment,
14 special circumstance as defined by the Director, or during the
15 annual benefit choice period ~~Benefit Choice Period~~.

16 The Director shall annually determine monthly rates of
17 payment subject to the following constraints: for those
18 community colleges with annuitants only enrolled, first year
19 rates shall be equal to the average cost to cover claims for a
20 State member adjusted for demographics, Medicare
21 participation, and other factors; and in the second year, a
22 further adjustment of rates shall be made to reflect the
23 actual first year's claims experience of the covered
24 annuitants.

25 (1-5) The provisions of subsection (1) become inoperative
26 on July 1, 1999.

1 (m) The Director shall adopt any rules deemed necessary
2 for implementation of this amendatory Act of 1989 (Public Act
3 86-978).

4 (n) Any child advocacy center within the State of Illinois
5 may apply to the Director to have its employees, annuitants,
6 and their dependents provided group health coverage under this
7 Act on a non-insured basis. To participate, a child advocacy
8 center must agree to enroll all of its employees and pay the
9 entire cost of providing coverage for its employees. The child
10 advocacy center shall not be required to enroll those of its
11 employees who are covered spouses or dependents under this
12 plan or another group policy or plan providing health benefits
13 as long as (1) an appropriate official from the child advocacy
14 center attests that each employee not enrolled is a covered
15 spouse or dependent under this plan or another group policy or
16 plan and (2) at least 50% of the employees are enrolled and the
17 child advocacy center remits the entire cost of providing
18 coverage to those employees. Employees of a participating
19 child advocacy center who are not enrolled due to coverage
20 under another group health policy or plan may enroll in the
21 event of a qualifying change in status, special enrollment, or
22 special circumstance as defined by the Director or during the
23 annual benefit choice period ~~Benefit Choice Period~~. A
24 participating child advocacy center may also elect to cover
25 its annuitants. Dependent coverage shall be offered on an
26 optional basis, with the costs paid by the child advocacy

1 center, its employees, or some combination of the 2 as
2 determined by the child advocacy center. The child advocacy
3 center shall be responsible for timely collection and
4 transmission of dependent premiums.

5 The Director shall annually determine rates of payment,
6 subject to the following constraints:

7 (1) In the first year of coverage, the rates shall be
8 equal to the amount normally charged to State employees
9 for elected optional coverages or for enrolled dependents
10 coverages or other contributory coverages on behalf of its
11 employees, adjusted for differences between State
12 employees and employees of the child advocacy center in
13 age, sex, geographic location, or other relevant
14 demographic variables, plus an amount sufficient to pay
15 for the additional administrative costs of providing
16 coverage to employees of the child advocacy center and
17 their dependents.

18 (2) In subsequent years, a further adjustment shall be
19 made to reflect the actual prior years' claims experience
20 of the employees of the child advocacy center.

21 Monthly payments by the child advocacy center or its
22 employees for group health insurance shall be deposited into
23 the Local Government Health Insurance Reserve Fund.

25 Section 35. The State Employee Health Savings Account Law

1 is amended by changing Section 10-10 as follows:

2 (5 ILCS 377/10-10)

3 Sec. 10-10. Application; authorized contributions.

4 (a) Beginning in calendar year 2012, each employer shall
5 make available to each eligible individual a health savings
6 account program, if that individual chooses to enroll in the
7 program except that, for an employer who provides coverage
8 pursuant to any one or more of subsections (i) through (n) of
9 Section 10 of the State Employees Group Insurance Act of 1971
10 ~~State Employee Group Insurance Act~~, that employer may make
11 available a health savings account program. An employer who
12 makes a health savings account program available shall
13 annually deposit an amount equal to one-third of the annual
14 deductible into an eligible individual's health savings
15 account. Unused funds in a health savings account shall become
16 the property of the account holder at the end of a taxable
17 year.

18 (b) Beginning in calendar year 2012, an eligible
19 individual may deposit contributions into a health savings
20 account in accordance with the restrictions set forth in
21 subsection (e) of Section 10-5.

22 (Source: P.A. 97-142, eff. 7-14-11; 97-644, eff. 12-30-11;

24 Section 40. The First Responders Suicide Prevention Act is

1 amended by changing Section 40 as follows:

2 (5 ILCS 840/40)

3 Sec. 40. Task Force recommendations.

4 (a) Task Force members shall recommend that agencies and
5 organizations guarantee access to mental health and wellness
6 services, including, but not limited to, peer support programs
7 and providing ongoing education related to the ever-evolving
8 concept of mental health wellness. These recommendations could
9 be accomplished by:

10 (1) Revising agencies' and organizations' employee
11 assistance programs (EAPs).

12 (2) Urging health care providers to replace outdated
13 healthcare plans and include more progressive options
14 catering to the needs and disproportionate risks
15 shouldered by our first responders.

16 (3) Allocating funding or resources for public service
17 announcements (PSA) and messaging campaigns aimed at
18 raising awareness of available assistance options.

19 (4) Encouraging agencies and organizations to attach
20 lists of all available resources to training manuals and
21 continuing education requirements.

22 (b) Task Force members shall recommend agencies and
23 organizations sponsor or facilitate first responders with
24 specialized training in the areas of psychological fitness,
25 depressive disorders, early detection, and mitigation best

1 practices. Such trainings could be accomplished by:

2 (1) Assigning, appointing, or designating one member
3 of an agency or organization to attend specialized
4 training(s) sponsored by an accredited agency,
5 association, or organization recognized in their fields of
6 study.

7 (2) Seeking sponsorships or conducting fund-raisers,
8 to host annual or semiannual on-site visits from qualified
9 clinicians or physicians to provide early detection
10 training techniques, or to provide regular access to
11 mental health professionals.

12 (3) Requiring a minimum number of hours of disorders
13 and wellness training be incorporated into reoccurring,
14 annual or biannual training standards, examinations, and
15 curriculums, taking into close consideration respective
16 agency or organization size, frequency, and number of all
17 current federal and state mandatory examinations and
18 trainings expected respectively.

19 (4) Not underestimating the crucial importance of a
20 balanced diet, sleep, mindfulness-based stress reduction
21 techniques, moderate and vigorous intensity activities,
22 and recreational hobbies, which have been scientifically
23 proven to play a major role in brain health and mental
24 wellness.

25 (c) Task Force members shall recommend that administrators
26 and leadership personnel solicit training services from

1 evidence-based, data driven organizations. Organizations with
2 personnel trained on the analytical review and interpretation
3 of specific fields related to the nature of first responders'
4 exploits, such as PTSD, substance abuse, and chronic state of
5 duress. Task Force members shall further recommend funding for
6 expansion and messaging campaigns of preliminary
7 self-diagnosing technologies like the one described above.
8 These objectives could be met by:

9 (1) Contacting an accredited agency, association, or
10 organization recognized in the field or fields of specific
11 study. Unbeknownst to the majority, many of the agencies
12 and organizations listed above receive grants and
13 allocations to assist communities with the very issues
14 being discussed in this Section.

15 (2) Normalizing help-seeking behaviors for both first
16 responders and their families through regular messaging
17 and peer support outreach, beginning with academy
18 curricula and continuing education throughout individuals'
19 careers.

20 (3) Funding and implementing PSA campaigns that
21 provide clear and concise calls to action about mental
22 health and wellness, resiliency, help-seeking, treatment,
23 and recovery.

24 (4) Promoting and raising awareness of not-for-profit
25 organizations currently available to assist individuals in
26 search of care and treatment. Organizations have intuitive

1 user-friendly sites, most of which have mobile
2 applications, so first responders can access at a moment's
3 notice. However, because of limited funds, these
4 organizations have a challenging time of getting the word
5 out there about their existence.

6 (5) Expanding Family and Medical Leave Act protections
7 for individuals voluntarily seeking preventative
8 treatment.

9 (6) Promoting and ensuring complete patient
10 confidentiality protections.

11 (d) Task Force members shall recommend that agencies and
12 organizations incorporate the following training components
13 into already existing modules and educational curriculums.
14 Doing so could be done by:

15 (1) Bolstering academy and school curricula by
16 requiring depressive disorder training catered to PTSD,
17 substance abuse, and early detection techniques training,
18 taking into close consideration respective agency or
19 organization size, and the frequency and number of all
20 current federal and state mandatory examinations and
21 trainings expected respectively.

22 (2) Continuing to allocate or match federal and state
23 funds to maintain Mobile Training Units (MTUs).

24 (3) Incorporating a state certificate for peer support
25 training into already existing statewide curriculums and
26 mandatory examinations, annual State Fire Marshal

1 examinations, and physical fitness examinations. The
2 subject matter of the certificate should have an emphasis
3 on mental health and wellness, as well as familiarization
4 with topics ranging from clinical social work, clinical
5 psychology, clinical behaviorist, and clinical psychiatry.

6 (4) Incorporating and performing statewide mental
7 health check-ins during the same times as already mandated
8 trainings. These checks are not to be compared or used as
9 measures of fitness for duty evaluations or structured
10 psychological examinations.

11 (5) Recommending comprehensive and evidence-based
12 training on the importance of preventative measures on the
13 topics of sleep, nutrition, mindfulness, and physical
14 movement.

15 (6) Law enforcement agencies should provide training
16 on the Firearm Owners ~~Owner's~~ Identification Card Act,
17 including seeking relief from the Illinois State Police
18 under Section 10 of the Firearm Owners Identification Card
19 Act and a FOID card being a continued condition of
20 employment under Section 7.2 of the Uniform Peace
21 Officers' Disciplinary Act.

24 Section 45. The Election Code is amended by changing
25 Sections 16-3, 17-5, 17-12, and 28-3 and the heading of

1 Article 29 as follows:

2 (10 ILCS 5/16-3) (from Ch. 46, par. 16-3)

3 Sec. 16-3. (a) The names of all candidates to be voted for
4 in each election district or precinct shall be printed on one
5 ballot, except as is provided in Sections 16-6, 16-6.1, and
6 21-1.01 of this Code and except as otherwise provided in this
7 Code with respect to the odd year regular elections and the
8 emergency referenda. The lettering of candidate names on a
9 ballot shall be in both capital and lowercase letters in
10 conformance with standard English language guidelines, unless
11 compliance is not feasible due to the election system utilized
12 by the election authority. All nominations of any political
13 party shall be placed under the party appellation or title of
14 such party as designated in the certificates of nomination or
15 petitions. The names of all independent candidates shall be
16 printed upon the ballot in a column or columns under the
17 heading "independent" arranged under the names or titles of
18 the respective offices for which such independent candidates
19 shall have been nominated and so far as practicable, the name
20 or names of any independent candidate or candidates for any
21 office shall be printed upon the ballot opposite the name or
22 names of any candidate or candidates for the same office
23 contained in any party column or columns upon said ballot. The
24 ballot shall contain no other names, except that in cases of
25 electors for President and Vice-President of the United

1 States, the names of the candidates for President and
2 Vice-President may be added to the party designation and words
3 calculated to aid the voter in his choice of candidates may be
4 added, such as "Vote for one," or "Vote for not more than
5 three".⁴ If no candidate or candidates file for an office and
6 if no person or persons file a declaration as a write-in
7 candidate for that office, then below the title of that office
8 the election authority instead shall print "No Candidate".
9 When an electronic voting system is used which utilizes a
10 ballot label booklet, the candidates and questions shall
11 appear on the pages of such booklet in the order provided by
12 this Code; and, in any case where candidates for an office
13 appear on a page which does not contain the name of any
14 candidate for another office, and where less than 50% of the
15 page is utilized, the name of no candidate shall be printed on
16 the lowest 25% of such page. On the back or outside of the
17 ballot, so as to appear when folded, shall be printed the words
18 "Official Ballot", followed by the designation of the polling
19 place for which the ballot is prepared, the date of the
20 election and a facsimile of the signature of the election
21 authority who has caused the ballots to be printed. The
22 ballots shall be of plain white paper, through which the
23 printing or writing cannot be read. However, ballots for use
24 at the nonpartisan and consolidated elections may be printed
25 on different color paper, except blue paper, whenever
26 necessary or desirable to facilitate distinguishing between

1 ballots for different political subdivisions. In the case of
2 nonpartisan elections for officers of a political subdivision,
3 unless the statute or an ordinance adopted pursuant to Article
4 VII of the Constitution providing the form of government
5 therefor requires otherwise, the column listing such
6 nonpartisan candidates shall be printed with no appellation or
7 circle at its head. The party appellation or title, or the word
8 "independent" at the head of any column provided for
9 independent candidates, shall be printed in letters not less
10 than one-fourth of an inch in height and a circle one-half inch
11 in diameter shall be printed at the beginning of the line in
12 which such appellation or title is printed, provided, however,
13 that no such circle shall be printed at the head of any column
14 or columns provided for such independent candidates. The names
15 of candidates shall be printed in letters not less than
16 one-eighth nor more than one-fourth of an inch in height, and
17 at the beginning of each line in which a name of a candidate is
18 printed a square shall be printed, the sides of which shall be
19 not less than one-fourth of an inch in length. However, the
20 names of the candidates for Governor and Lieutenant Governor
21 on the same ticket shall be printed within a bracket and a
22 single square shall be printed in front of the bracket. The
23 list of candidates of the several parties and any such list of
24 independent candidates shall be placed in separate columns on
25 the ballot in such order as the election authorities charged
26 with the printing of the ballots shall decide; provided, that

1 the names of the candidates of the several political parties,
2 certified by the State Board of Elections to the several
3 county clerks shall be printed by the county clerk of the
4 proper county on the official ballot in the order certified by
5 the State Board of Elections. Any county clerk refusing,
6 neglecting or failing to print on the official ballot the
7 names of candidates of the several political parties in the
8 order certified by the State Board of Elections, and any
9 county clerk who prints or causes to be printed upon the
10 official ballot the name of a candidate, for an office to be
11 filled by the Electors of the entire State, whose name has not
12 been duly certified to him upon a certificate signed by the
13 State Board of Elections shall be guilty of a Class C
14 misdemeanor.

15 (b) When an electronic voting system is used which
16 utilizes a ballot card, on the inside flap of each ballot card
17 envelope there shall be printed a form for write-in voting
18 which shall be substantially as follows:

19 WRITE-IN VOTES

20 (See card of instructions for specific information.
21 Duplicate form below by hand for additional write-in votes.)

23 Write-in lines equal to the number of candidates for which
24 a voter may vote shall be printed for an office only if one or
25 more persons filed declarations of intent to be write-in
26 candidates or qualify to file declarations to be write-in

1 candidates under Sections 17-16.1 and 18-9.1 when the
2 certification of ballot contains the words "OBJECTION
3 PENDING".

4 (c) When an electronic voting system is used which uses a
5 ballot sheet, the instructions to voters on the ballot sheet
6 shall refer the voter to the card of instructions for specific
7 information on write-in voting. Below each office appearing on
8 such ballot sheet there shall be a provision for the casting of
9 a write-in vote. Write-in lines equal to the number of
10 candidates for which a voter may vote shall be printed for an
11 office only if one or more persons filed declarations of
12 intent to be write-in candidates or qualify to file
13 declarations to be write-in candidates under Sections 17-16.1
14 and 18-9.1 when the certification of ballot contains the words
15 "OBJECTION PENDING".

16 (d) When such electronic system is used, there shall be
17 printed on the back of each ballot card, each ballot card
18 envelope, and the first page of the ballot label when a ballot
19 label is used, the words "Official Ballot," followed by the
20 number of the precinct or other precinct identification, which
21 may be stamped, in lieu thereof and, as applicable, the number
22 and name of the township, ward or other election district for
23 which the ballot card, ballot card envelope, and ballot label
24 are prepared, the date of the election and a facsimile of the
25 signature of the election authority who has caused the ballots
26 to be printed. The back of the ballot card shall also include a

1 method of identifying the ballot configuration such as a
2 listing of the political subdivisions and districts for which
3 votes may be cast on that ballot, or a number code identifying
4 the ballot configuration or color coded ballots, except that
5 where there is only one ballot configuration in a precinct,
6 the precinct identification, and any applicable ward
7 identification, shall be sufficient. Ballot card envelopes
8 used in punch card systems shall be of paper through which no
9 writing or punches may be discerned and shall be of sufficient
10 length to enclose all voting positions. However, the election
11 authority may provide ballot card envelopes on which no
12 precinct number or township, ward or other election district
13 designation, or election date are preprinted, if space and a
14 preprinted form are provided below the space provided for the
15 names of write-in candidates where such information may be
16 entered by the judges of election. Whenever an election
17 authority utilizes ballot card envelopes on which the election
18 date and precinct is not preprinted, a judge of election shall
19 mark such information for the particular precinct and election
20 on the envelope in ink before tallying and counting any
21 write-in vote written thereon. If some method of insuring
22 ballot secrecy other than an envelope is used, such
23 information must be provided on the ballot itself.

24 (e) In the designation of the name of a candidate on the
25 ballot, the candidate's given name or names, initial or
26 initials, a nickname by which the candidate is commonly known,

1 or a combination thereof, may be used in addition to the
2 candidate's surname. If a candidate has changed his or her
3 name, whether by a statutory or common law procedure in
4 Illinois or any other jurisdiction, within 3 years before the
5 last day for filing the petition for nomination, nomination
6 papers, or certificate of nomination for that office,
7 whichever is applicable, then (i) the candidate's name on the
8 ballot must be followed by "formerly known as (list all prior
9 names during the 3-year period) until name changed on (list
10 date of each such name change)" and (ii) the petition, papers,
11 or certificate must be accompanied by the candidate's
12 affidavit stating the candidate's previous names during the
13 period specified in (i) and the date or dates each of those
14 names was changed; failure to meet these requirements shall be
15 grounds for denying certification of the candidate's name for
16 the ballot or removing the candidate's name from the ballot,
17 as appropriate, but these requirements do not apply to name
18 changes resulting from adoption to assume an adoptive parent's
19 or parents' surname, marriage or civil union to assume a
20 spouse's surname, or dissolution of marriage or civil union or
21 declaration of invalidity of marriage or civil union to assume
22 a former surname or a name change that conforms the
23 candidate's name to his or her gender identity. No other
24 designation such as a political slogan, title, or degree or
25 nickname suggesting or implying possession of a title, degree
26 or professional status, or similar information may be used in

1 connection with the candidate's surname. For purposes of this
2 Section, a "political slogan" is defined as any word or words
3 expressing or connoting a position, opinion, or belief that
4 the candidate may espouse, including, but not limited to, any
5 word or words conveying any meaning other than that of the
6 personal identity of the candidate. A candidate may not use a
7 political slogan as part of his or her name on the ballot,
8 notwithstanding that the political slogan may be part of the
9 candidate's name.

10 (f) The State Board of Elections, a local election
11 official, or an election authority shall remove any
12 candidate's name designation from a ballot that is
13 inconsistent with subsection (e) of this Section. In addition,
14 the State Board of Elections, a local election official, or an
15 election authority shall not certify to any election authority
16 any candidate name designation that is inconsistent with
17 subsection (e) of this Section.

18 (g) If the State Board of Elections, a local election
19 official, or an election authority removes a candidate's name
20 designation from a ballot under subsection (f) of this
21 Section, then the aggrieved candidate may seek appropriate
22 relief in circuit court.

23 Where voting machines or electronic voting systems are
24 used, the provisions of this Section may be modified as
25 required or authorized by Article 24 or Article 24A, whichever
26 is applicable.

1 Nothing in this Section shall prohibit election
2 authorities from using or reusing ballot card envelopes which
3 were printed before January 1, 1986 (the effective date of
4 Public Act 84-820).

14 (10 ILCS 5/17-12) (from Ch. 46, par. 17-12)

15 Sec. 17-12. The ballot shall be folded by the voter and
16 delivered to one of the judges of election; and if the judge is
17 ~~be~~ satisfied, that the person offering the vote is a legal
18 voter, the judges of election shall enter the name of the
19 voter, and his number, under the proper heading in the poll
20 books, ~~(except as otherwise provided in Article~~ Articles ~~4, 5,~~
21 or 6) and shall immediately put the ballot into the ballot box.

22 The voter shall in like manner fold and deliver the
23 separate blue ballot or ballots pertaining to a proposal or
24 proposals for constitutional amendments or the calling of a

1 constitutional convention, if such proposal or proposals have
2 been submitted to a vote of the people at such election ~~and~~
3 ~~shall also in like manner fold and deliver the separate~~
4 ~~representative ballot provided for in Article 8A in cases~~
5 ~~where that Article is applicable.~~ The judge of election to
6 whom the voter delivers his ballots shall not accept the same
7 unless all of the ballots given to the voter are returned by
8 him. If a voter delivers less than all of the ballots given to
9 him, the judge to whom the same are offered shall advise him in
10 a voice clearly audible to the other judges of election that
11 the voter must return the remainder of the ballots. The
12 statement of the judge to the voter shall clearly express the
13 fact that the voter is not required to vote such remaining
14 ballots but that whether or not he votes them he must fold and
15 deliver them to the judge. In making such statement, the judge
16 of election shall not indicate by word, gesture, or intonation
17 of voice that the unreturned ballots shall be voted in any
18 particular manner. No new voter shall be permitted to enter
19 the voting booth of a voter who has failed to deliver the total
20 number of ballots received by him until such voter has
21 returned to the voting booth pursuant to the judge's request
22 and again quit the booth with all of the ballots required to be
23 returned by him. Upon receipt of all such ballots, the judges
24 of election shall enter the name of the voter, and his number,
25 as above provided in this Section ~~section~~, and the judge to
26 whom the ballots are delivered shall immediately put the

1 ballots into the ballot box ~~but, in the case of an election for~~
2 ~~Representatives in the General Assembly pursuant to Article~~
3 ~~8A, the official representative ballot shall be placed in the~~
4 ~~separate ballot box provided for such purpose.~~ If any voter
5 who has failed to deliver all the ballots received by him
6 refuses to return to the voting booth after being advised by
7 the judge of election as herein provided, the judge shall
8 inform the other judges of such refusal, and thereupon the
9 ballot or ballots returned to the judge shall be deposited
10 into ~~in~~ the ballot box, the voter shall be permitted to depart
11 from the polling place, and a new voter shall be permitted to
12 enter the voting booth.

13 No judge of election shall accept from any voter less than
14 the full number of ballots received by such voter without
15 first advising the voter in the manner above provided of the
16 necessity of returning all of the ballots, nor shall any judge
17 advise such voter in a manner contrary to that which is herein
18 permitted, or in any other manner violate the provisions of
19 this Section ~~section~~; provided that the acceptance by a judge
20 of election of less than the full number of ballots delivered
21 to a voter who refuses to return to the voting booth after
22 being properly advised by the judge shall not be a violation of
23 this Section ~~section~~.

1 Sec. 28-3. Form of petition for public question. Petitions
2 for the submission of public questions shall consist of sheets
3 of uniform size and each sheet shall contain, above the space
4 for signature, an appropriate heading, giving the information
5 as to the question of public policy to be submitted, and
6 specifying the state at large or the political subdivision or
7 district or precinct or combination of precincts or other
8 territory in which it is to be submitted and, where by law the
9 public question must be submitted at a particular election,
10 the election at which it is to be submitted. In the case of a
11 petition for the submission of a public question described in
12 subsection (b) of Section 28-6, the heading shall also specify
13 the regular election at which the question is to be submitted
14 and include the precincts included in the territory concerning
15 which the public question is to be submitted, as well as a
16 common description of such territory in plain and nonlegal
17 language, such description to describe the territory by
18 reference to streets, natural or artificial landmarks,
19 addresses or any other method which would enable a voter
20 signing the petition to be informed of the territory
21 concerning which the question is to be submitted. The heading
22 of each sheet shall be the same. Such petition shall be signed
23 by the registered voters of the political subdivision or
24 district or precinct or combination of precincts in which the
25 question of public policy is to be submitted in their own
26 proper persons only, and opposite the signature of each signer

1 his residence address shall be written or printed, which
2 residence address shall include the street address or rural
3 route number of the signer, as the case may be, as well as the
4 signer's county, and city, village or town, and state;
5 provided that the county or city, village or town, and state of
6 residence of such electors may be printed on the petition
7 forms where all of the electors signing the petition reside in
8 the same county or city, village or town, and state. Standard
9 abbreviations may be used in writing the residence address,
10 including street number, if any. No signature shall be valid
11 or be counted in considering the validity or sufficiency of
12 such petition unless the requirements of this Section are
13 complied with.

14 At the bottom of each sheet of such petition shall be added
15 a circulator's statement, signed by a person 18 years of age or
16 older who is a citizen of the United States, stating the street
17 address or rural route number, as the case may be, as well as
18 the county, city, village or town, and state; certifying that
19 the signatures on that sheet of the petition were signed in his
20 or her presence and are genuine, and that to the best of his or
21 her knowledge and belief the persons so signing were at the
22 time of signing the petition registered voters of the
23 political subdivision or district or precinct or combination
24 of precincts in which the question of public policy is to be
25 submitted and that their respective residences are correctly
26 stated therein. Such statement shall be sworn to before some

1 officer authorized to administer oaths in this State.

2 Such sheets, before being filed with the proper officer or
3 board, shall be bound securely and numbered consecutively. The
4 sheets shall not be fastened by pasting them together end to
5 end, so as to form a continuous strip or roll. All petition
6 sheets which are filed with the proper local election
7 officials, election authorities or the State Board of
8 Elections shall be the original sheets which have been signed
9 by the voters and by the circulator, and not photocopies or
10 duplicates of such sheets. A petition, when presented or
11 filed, shall not be withdrawn, altered, or added to, and no
12 signature shall be revoked except by revocation in writing
13 presented or filed with the board or officer with whom the
14 petition is required to be presented or filed, and before the
15 presentment or filing of such petition, except as may
16 otherwise be provided in another statute which authorize the
17 public question. Whoever forges any name of a signer upon any
18 petition shall be deemed guilty of a forgery, and on
19 conviction thereof, shall be punished accordingly.

20 In addition to the foregoing requirements, a petition
21 proposing an amendment to Article IV of the Constitution
22 pursuant to Section 3 of Article XIV of the Constitution or a
23 petition proposing a question of public policy to be submitted
24 to the voters of the entire State shall be in conformity with
25 the requirements of Section 28-9 of this Article.

26 If multiple sets of petitions for submission of the same

1 public questions are filed, the State Board of Elections,
2 appropriate election authority or local election official
3 where the petitions are filed shall within 2 business days
4 notify the proponent of his or her multiple petition filings
5 and that proponent has 3 business days after receipt of the
6 notice to notify the State Board of Elections, appropriate
7 election authority or local election official that he or she
8 may cancel prior sets of petitions. If the proponent notifies
9 the State Board of Elections, appropriate election authority
10 or local election official, the last set of petitions filed
11 shall be the only petitions to be considered valid by the State
12 Board of Elections, appropriate election authority or local
13 election official. If the proponent fails to notify the State
14 Board of Elections, appropriate election authority or local
15 election official then only the first set of petitions filed
16 shall be valid and all subsequent petitions shall be void.

16 Section 60. The Illinois Identification Card Act is
17 amended by changing Sections 4, 5, and 12 as follows:

18 (15 ILCS 335/4)

19 Sec. 4. Identification card.

20 (a) In accordance with the requirements of this Section,
21 the Secretary of State shall issue a standard Illinois
22 Identification Card, as well as a mobile Illinois
23 Identification Card, to any natural person who is a resident
24 of the State of Illinois who applies for such a card, or

1 renewal thereof. No identification card shall be issued to any
2 person who holds a valid foreign state identification card,
3 license, or permit unless the person first surrenders to the
4 Secretary of State the valid foreign state identification
5 card, license, or permit. The card shall be prepared and
6 supplied by the Secretary of State and shall include a
7 photograph and signature or mark of the applicant. However,
8 the Secretary of State may provide by rule for the issuance of
9 Illinois Identification Cards without photographs if the
10 applicant has a bona fide religious objection to being
11 photographed or to the display of his or her photograph. The
12 Illinois Identification Card may be used for identification
13 purposes in any lawful situation only by the person to whom it
14 was issued. As used in this Act, "photograph" means any color
15 photograph or digitally produced and captured image of an
16 applicant for an identification card. As used in this Act,
17 "signature" means the name of a person as written by that
18 person and captured in a manner acceptable to the Secretary of
19 State.

20 (a-5) If an applicant for an identification card has a
21 current driver's license or instruction permit issued by the
22 Secretary of State, the Secretary may require the applicant to
23 utilize the same residence address and name on the
24 identification card, driver's license, and instruction permit
25 records maintained by the Secretary. The Secretary may
26 promulgate rules to implement this provision.

1 (a-10) If the applicant is a judicial officer as defined
2 in Section 1-10 of the Judicial Privacy Act or a peace officer,
3 the applicant may elect to have his or her office or work
4 address listed on the card instead of the applicant's
5 residence or mailing address. The Secretary may promulgate
6 rules to implement this provision. For the purposes of this
7 subsection (a-10), "peace officer" means any person who by
8 virtue of his or her office or public employment is vested by
9 law with a duty to maintain public order or to make arrests for
10 a violation of any penal statute of this State, whether that
11 duty extends to all violations or is limited to specific
12 violations.

13 (a-15) The Secretary of State may provide for an expedited
14 process for the issuance of an Illinois Identification Card.
15 The Secretary shall charge an additional fee for the expedited
16 issuance of an Illinois Identification Card, to be set by
17 rule, not to exceed \$75. All fees collected by the Secretary
18 for expedited Illinois Identification Card service shall be
19 deposited into the Secretary of State Special Services Fund.
20 The Secretary may adopt rules regarding the eligibility,
21 process, and fee for an expedited Illinois Identification
22 Card. If the Secretary of State determines that the volume of
23 expedited identification card requests received on a given day
24 exceeds the ability of the Secretary to process those requests
25 in an expedited manner, the Secretary may decline to provide
26 expedited services, and the additional fee for the expedited

1 service shall be refunded to the applicant.

2 (a-20) The Secretary of State shall issue a standard
3 Illinois Identification Card to a person committed to the
4 Department of Corrections, the Department of Juvenile Justice,
5 a Federal Bureau of Prisons facility located in Illinois, or a
6 county jail or county department of corrections as follows: ~~if~~
7 ~~the person has a social security number,~~

8 (1) A committed person who has previously held an
9 Illinois Identification Card or an Illinois driver's
10 license shall submit an Identification Card verification
11 form to the Secretary of State, including a photograph
12 taken by the correctional facility, proof of residency
13 upon discharge, and a social security number, if the
14 committed person has a social security number. If the
15 committed person does not have a social security number
16 and is eligible for a social security number, the
17 Secretary of State shall not issue a standard Illinois
18 Identification Card until the committed person obtains a
19 social security number. If the committed person's
20 photograph and demographic information matches an existing
21 Illinois Identification Card or Illinois driver's license
22 and the Secretary of State verifies the applicant's social
23 security number with the Social Security Administration,
24 the Secretary of State shall issue the committed person a
25 standard Illinois Identification Card. If the photograph
26 or demographic information matches an existing Illinois

1 Identification Card or Illinois driver's license in
2 another person's name or identity, a standard Illinois
3 Identification Card shall not be issued until the
4 committed person submits a certified birth certificate and
5 social security card to the Secretary of State and the
6 Secretary of State verifies the identity of the committed
7 person. If the Secretary of State cannot find a match to an
8 existing Illinois Identification Card or Illinois driver's
9 license, the committed person may apply for a standard
10 Illinois Identification card as described in paragraph
11 (2).

12 (2) A committed person who has not previously held an
13 Illinois Identification Card or Illinois driver's license
14 or for whom a match cannot be found as described in
15 paragraph (1) shall submit an Illinois Identification Card
16 verification form, including a photograph taken by the
17 correctional facility, a certified birth certificate,
18 proof of residency upon discharge, and a social security
19 number, if the committed has a social security number. If
20 the committed person does not have a social security
21 number and is eligible for a social security number, the
22 Secretary of State shall not issue a standard Illinois
23 Identification Card until the committed person obtains a
24 social security number. If the Secretary of State verifies
25 the applicant's social security number with the Social
26 Security Administration, the Secretary of State shall

1 issue the committed person a standard Illinois
2 Identification Card.

3 The Illinois Identification Card verification form
4 described in this subsection shall be prescribed by the
5 Secretary of State. The Secretary of State and correctional
6 facilities in this State shall establish a secure method to
7 transfer the form.

8 (a-25) The Secretary of State shall issue a limited-term
9 Illinois Identification Card valid for 90 days to a committed
10 person upon release on parole, mandatory supervised release,
11 aftercare release, final discharge, or pardon from the
12 Department of Corrections, the Department of Juvenile Justice,
13 a Federal Bureau of Prisons facility located in Illinois, or a
14 county jail or county department of corrections, if the
15 released person does not obtain a standard Illinois
16 Identification Card as described in subsection (a-20) prior to
17 release but does present a Secretary of State prescribed
18 Identification Card verification form completed by the
19 correctional facility, verifying the released person's date of
20 birth, social security number, if the person has a social
21 security number, and his or her Illinois residence address.
22 The verification form must have been completed no more than 30
23 days prior to the date of application for the Illinois
24 Identification Card.

25 Prior to the expiration of the 90-day period of the
26 limited-term Illinois Identification Card, if the released

1 person submits to the Secretary of State a certified copy of
2 his or her birth certificate and his or her social security
3 card, if the person has a social security number, or other
4 documents authorized by the Secretary, a standard Illinois
5 Identification Card shall be issued. A limited-term Illinois
6 Identification Card may not be renewed.

7 This subsection shall not apply to a released person who
8 was unable to obtain a standard Illinois Identification Card
9 because his or her photograph or demographic information
10 matched an existing Illinois Identification Card or Illinois
11 driver's license in another person's name or identity or to a
12 released person who does not have a social security number and
13 is eligible for a social security number.

14 (a-30) The Secretary of State shall issue a standard
15 Illinois Identification Card to a person upon conditional
16 release or absolute discharge from the custody of the
17 Department of Human Services, if the person presents a
18 certified copy of his or her birth certificate, social
19 security card, if the person has a social security number, or
20 other documents authorized by the Secretary, and a document
21 proving his or her Illinois residence address. The Secretary
22 of State shall issue a standard Illinois Identification Card
23 to a person prior to his or her conditional release or absolute
24 discharge if personnel from the Department of Human Services
25 bring the person to a Secretary of State location with the
26 required documents. Documents proving residence address may

1 include any official document of the Department of Human
2 Services showing the person's address after release and a
3 Secretary of State prescribed verification form, which may be
4 executed by personnel of the Department of Human Services.

5 (a-35) The Secretary of State shall issue a limited-term
6 Illinois Identification Card valid for 90 days to a person
7 upon conditional release or absolute discharge from the
8 custody of the Department of Human Services, if the person is
9 unable to present a certified copy of his or her birth
10 certificate and social security card, if the person has a
11 social security number, or other documents authorized by the
12 Secretary, but does present a Secretary of State prescribed
13 verification form completed by the Department of Human
14 Services, verifying the person's date of birth and social
15 security number, if the person has a social security number,
16 and a document proving his or her Illinois residence address.
17 The verification form must have been completed no more than 30
18 days prior to the date of application for the Illinois
19 Identification Card. The Secretary of State shall issue a
20 limited-term Illinois Identification Card to a person no
21 sooner than 14 days prior to his or her conditional release or
22 absolute discharge if personnel from the Department of Human
23 Services bring the person to a Secretary of State location
24 with the required documents. Documents proving residence
25 address shall include any official document of the Department
26 of Human Services showing the person's address after release

9 who applies for such card, or renewal thereof. No Illinois
10 Person with a Disability Identification Card shall be issued

3 applicant's disability or medical history which the Secretary
4 determines would be helpful to the applicant in securing
5 emergency medical care. If a mark is used in lieu of a
6 signature, such mark shall be affixed to the card in the
7 presence of 2 ~~two~~ witnesses who attest to the authenticity of
8 the mark. The Illinois Person with a Disability Identification
9 Card may be used for identification purposes in any lawful

17 requires that a person with a disability provide such
18 documentation of disability, however an Illinois Person with a
19 Disability Identification Card shall not qualify the
20 cardholder to participate in any program or to receive any
21 benefit which is not available to all persons with like
22 disabilities. Notwithstanding any other provisions of law, an
23 Illinois Person with a Disability Identification Card, or
24 evidence that the Secretary of State has issued an Illinois
25 Person with a Disability Identification Card, shall not be
26 used by any person other than the person named on such card to

4 named on such card consents to such use at the time the card is
5 so used.

6 An optometrist's determination of a visual disability
7 under Section 4A of this Act is acceptable as documentation
8 for the purpose of issuing an Illinois Person with a
9 Disability Identification Card.

10 When medical information is contained on an Illinois
11 Person with a Disability Identification Card, the Office of
12 the Secretary of State shall not be liable for any actions
13 taken based upon that medical information.

14 (c) The Secretary of State shall provide that each

15 occupation, status, affiliation, hobby, or other unique
16 characteristics of the identification card holder which is
17 unrelated to the purpose of the identification card.

18 (c-5) Beginning on or before July 1, 2015, the Secretary
19 of State shall designate a space on each original or renewal
20 identification card where, at the request of the applicant,

13 card holder may place a sticker or decal, issued by the
14 Secretary of State, of uniform size as the Secretary may
15 specify, that shall indicate in appropriate language that the
16 card holder has renewed his or her Illinois Identification
17 Card or Illinois Person with a Disability Identification Card.

18 (f)(1) The Secretary of State may issue a mobile
19 identification card to an individual who is otherwise eligible
20 to hold a physical credential in addition to, and not instead
21 of, an identification card if the Secretary of State has
22 issued an identification card to the person. The data elements
23 that are used to build an electronic credential must match the
24 individual's current Department record.

25 (2) The Secretary may enter into agreements or contract
26 with an agency of the State, another state, the United States,

1 or a third party to facilitate the issuance, use, and
2 verification of a mobile identification card issued by the
3 Secretary or another state.

4 (3) Any mobile identification card issued by the Secretary
5 shall be in accordance with the most recent AAMVA standards.

6 (4) The Secretary shall design the mobile identification
7 card in a manner that allows the credential holder to maintain
8 physical possession of the device on which the mobile
9 identification card is accessed during verification.

10 (g) The verification process shall be implemented to
11 require:

12 (1) the relying parties to authenticate electronic
13 credentials in accordance with applicable AAMVA standards
14 prior to acceptance of the electronic credential;

15 (2) the Secretary to ensure that electronic credential
16 data is subject to all jurisdictional data security and
17 privacy protection laws and regulations; and

18 (3) the relying parties to request only electronic
19 credential data elements that are necessary to complete
20 the transaction for which data is being requested.

21 (h) Privacy and tracking of data shall be restricted by
22 implementing the following requirements:

23 (1) the relying parties shall retain only electronic
24 credential data elements for which the relying party
25 explicitly obtained consent from the electronic credential
26 holder and shall inform the electronic credential holder

1 of the use and retention period of the electronic data
2 elements;

3 (2) the Secretary shall use an electronic credential
4 system that is designed to maximize the privacy of the
5 credential holder in accordance with State and federal law
6 and shall not track or compile information without the
7 credential holder's consent; and

8 (3) the Department shall only compile and disclose
9 information regarding the use of the credential as
10 required by State or federal law.

11 (i)(1) The electronic credential holder shall be required
12 to have the holder's ~~their~~ physical credential on the holder's
13 ~~their~~ person for all purposes for which an identification card
14 is required. No person, public entity, private entity, or
15 agency shall establish a policy that requires an electronic
16 credential instead of a physical credential.

17 (2) Electronic credential systems shall be designed so
18 that there is no requirement for the electronic credential
19 holder to display or relinquish possession of the credential
20 holder's mobile device to relying parties for the acceptance
21 of an electronic credential.

22 (3) When required by law and upon request by law
23 enforcement, a credential holder must provide the credential
24 holder's physical credential.

25 (4) Any law or regulation that requires an individual to
26 surrender the individual's ~~their~~ physical credential to law

1 enforcement does not apply to the device on which an
2 electronic credential has been provisioned.

3 (j) A person may be required to produce when so requested a
4 physical identification card to a law enforcement officer, a
5 representative of a State or federal department or agency, or
6 a private entity and is subject to all applicable laws and
7 consequences for failure to produce such an identification
8 card.

9 (k) The Secretary of State shall adopt such rules as are
10 necessary to implement a mobile identification card.

11 (l) The display of a mobile identification card shall not
12 serve as consent or authorization for a law enforcement
13 officer, or any other person, to search, view, or access any
14 other data or application on the mobile device. If a person
15 presents the person's mobile device to a law enforcement
16 officer for purposes of displaying a mobile identification
17 card, the law enforcement officer shall promptly return the
18 mobile device to the person once the officer has had an
19 opportunity to verify the identity of the person. Except for
20 willful and wanton misconduct, any law enforcement officer,
21 court, or officer of the court presented with the device shall
22 be immune from any liability resulting from damage to the
23 mobile device.

24 (m) The fee to install the application to display a mobile

4 from the Department of Revenue, the Department of Public
5 Health, another State or local government agency designated by
6 the State Treasurer, or documentation as may be required by
7 the State Treasurer from a parent or legal guardian of the
8 eligible child. Notwithstanding any court order which would
9 otherwise prevent the release of information, the Department
10 of Public Health is authorized to release the information
11 specified under this subsection (c) to the State Treasurer for
12 the purposes of the Program established under this Section.

13 (1) Beginning in 2021, the Department of Public Health
14 shall provide the State Treasurer with information on
15 recent Illinois births and adoptions including, but not
16 limited to: the full name, residential address, birth

24 agreed to by the State Treasurer and the Department of
25 Public Health.

26 (1.5) Beginning in 2021, the Department of Revenue

1 shall provide the State Treasurer with information on tax

12 the State Treasurer by the Department of Revenue on at
13 least an annual basis, by July 1 of each year or another
14 date jointly determined by the State Treasurer and the
15 Department of Revenue. Notwithstanding anything to the
16 contrary contained within this paragraph (2), the
17 Department of Revenue shall not be required to share any
18 information that would be contrary to federal law,
19 regulation, or Internal Revenue Service Publication 1075.

20 (2) The State Treasurer shall ensure the security and
21 confidentiality of the information provided by the
22 Department of Revenue, the Department of Public Health, or
23 another State or local government agency, and it shall not
24 be subject to release under the Freedom of Information
25 Act.

26 (3) Information provided under this Section shall only

1 be used by the State Treasurer for the Program and shall
2 not be used for any other purpose.

3 (4) The State Treasurer and any vendors working on the
4 Program shall maintain strict confidentiality of any
5 information provided under this Section, and shall
6 promptly provide written or electronic notice to the
7 providing agency of any security breach. The providing
8 State or local government agency shall remain the sole and
9 exclusive owner of information provided under this
10 Section.

11 (d) Seed funds. After receiving information on recent
12 births, adoptions, or dependents from the Department of
13 Revenue, the Department of Public Health, another State or
14 local government agency, or documentation as may be required
15 by the State Treasurer from a parent or legal guardian of the
16 eligible child, the State Treasurer shall make deposits into
17 an omnibus account on behalf of eligible children. The State
18 Treasurer shall be the owner of the omnibus accounts.

19 (1) Deposit amount. The seed fund deposit for each
20 eligible child shall be in the amount of \$50. This amount
21 may be increased by the State Treasurer by rule. The State
22 Treasurer may use or deposit funds appropriated by the
23 General Assembly together with moneys received as gifts,
24 grants, or contributions into the Fund. If insufficient
25 funds are available in the Fund, the State Treasurer may
26 reduce the deposit amount or forgo ~~forego~~ deposits.

1 (2) Use of seed funds. Seed funds, including any
2 interest, dividends, and other earnings accrued, will be
3 eligible for use by a beneficiary for qualified higher
4 education expenses if:

5 (A) the parent or guardian of the eligible child
6 claimed the seed funds for the beneficiary by the
7 beneficiary's 10th birthday;

8 (B) the beneficiary has completed secondary
9 education or has reached the age of 18; and

10 (C) the beneficiary is currently a resident of the
11 State of Illinois. Non-residents are not eligible to

13 (3) Notice of seed fund availability. The State
14 Treasurer shall make a good faith effort to notify
15 beneficiaries and their parents or legal guardians of the
16 seed funds' availability and the deadline to claim such
17 funds.

18 (4) Unclaimed seed funds. Seed funds and any interest
19 earnings that are unclaimed by the beneficiary's 10th
20 birthday or unused by the beneficiary's 26th birthday will
21 be considered forfeited. Unclaimed and unused seed funds
22 and any interest earnings will remain in the omnibus
23 account for future beneficiaries.

24 (e) Financial education. The State Treasurer may develop
25 educational materials that support the financial literacy of
26 beneficiaries and their legal guardians, and may do so in

1 collaboration with State and federal agencies, including, but
2 not limited to, the Illinois State Board of Education and
3 existing nonprofit agencies with expertise in financial
4 literacy and education.

5 (f) Supplementary deposits and partnerships. The State
6 Treasurer may make supplementary deposits if sufficient funds
7 are available and if funds are deposited into the omnibus
8 accounts as described in subsection (d). Subject to
9 appropriation, the State Treasurer may make supplementary
10 deposits of \$50, or greater if designated by the State
11 Treasurer by rule, into the account of each beneficiary whose
12 parent or legal guardian has an adjusted gross income below
13 the Illinois median household income as determined by the most
14 recent U.S. Census Bureau American Community Survey 5-Year
15 Data for the previous calendar year. The supplementary
16 deposits shall be limited to one deposit per beneficiary.
17 Furthermore, the State Treasurer may develop partnerships with
18 private, nonprofit, or governmental organizations to provide
19 additional savings incentives, including conditional cash
20 transfers or matching contributions that provide a savings
21 incentive based on specific actions taken or other criteria.

22 (g) Illinois Higher Education Savings Program Fund. The
23 Illinois Higher Education Savings Program Fund is hereby
24 established as a special fund in the State treasury. The Fund
25 shall be the official repository of all contributions,
26 appropriated funds, interest, and dividend payments, gifts, or

1 other financial assets received by the State Treasurer in
2 connection with the operation of the Program or related
3 partnerships. All such moneys shall be deposited into the Fund
4 and held by the State Treasurer as custodian thereof. The
5 State Treasurer may accept gifts, grants, awards, matching
6 contributions, interest income, and appropriated funds from
7 individuals, businesses, governments, and other third-party
8 sources to implement the Program on terms that the State
9 Treasurer deems advisable. All interest or other earnings
10 accruing or received on amounts in the Illinois Higher
11 Education Savings Program Fund shall be credited to and
12 retained by the Fund and used for the benefit of the Program.
13 Assets of the Fund must at all times be preserved, invested,
14 and expended only for the purposes of the Program and must be
15 held for the benefit of the beneficiaries. Assets may not be
16 transferred or used by the State or the State Treasurer for any
17 purposes other than the purposes of the Program. In addition,
18 no moneys, interest, or other earnings paid into the Fund
19 shall be used, temporarily or otherwise, for inter-fund
20 borrowing or be otherwise used or appropriated except as
21 expressly authorized by this Act. Notwithstanding the
22 requirements of this subsection (g), amounts in the Fund may
23 be used by the State Treasurer to pay the administrative costs
24 of the Program.

25 (g-5) Fund deposits and payments. On July 15 of each year,
26 beginning July 15, 2023, or as soon thereafter as practical,

1 the State Comptroller shall direct and the State Treasurer
2 shall transfer the sum of \$2,500,000, or the amount that is
3 appropriated annually by the General Assembly, whichever is
4 greater, from the General Revenue Fund to the Illinois Higher
5 Education Savings Program Fund to be used for the
6 administration and operation of the Program.

7 (h) Audits and reports. The State Treasurer shall include
8 the Illinois Higher Education Savings Program as part of the
9 audit of the College Savings Pool described in Section 16.5.
10 The State Treasurer shall annually prepare a report that
11 includes a summary of the Program operations for the preceding
12 fiscal year, including the number of children enrolled in the
13 Program, the total amount of seed fund deposits, the rate of
14 seed deposits claimed, and, to the extent data is reported and
15 available, the racial, ethnic, socioeconomic, and geographic
16 data of beneficiaries and of children who may receive
17 automatic bonus deposits. Such other information that is
18 relevant to make a full disclosure of the operations of the
19 Program and Fund may also be reported. The report shall be made
20 available on the State Treasurer's website by January 31 each
21 year, starting in January of 2024. The State Treasurer may
22 include the Program in other reports as warranted.

24 to implement this Section.

Sec. 5-717. Military portability licensure for service members and service members' spouses.

(a) In this Section:

"Division" means the Division of Professional Regulation of the Department of Financial and Professional Regulation or the Division of Real Estate of the Department of Financial and Professional Regulation.

"Service member" means any person who, at the time of

1 application under this Section, is an active duty member of
2 the United States Armed Forces or any reserve component of the
3 United States Armed Forces, the Coast Guard, or the National
4 Guard of any state, commonwealth, or territory of the United
5 States or the District of Columbia.

6 "Spouse" means a party to a marriage, civil union, or
7 registered domestic partnership.

8 (b) The Department of Financial and Professional
9 Regulation is authorized to issue a professional portability
10 license to (1) a service member who is an out-of-state
11 licensee and is under official United States military orders
12 to relocate to the State of Illinois or (2) an out-of-state
13 licensee whose spouse is a service member under official
14 United States military orders to relocate to the State of
15 Illinois. The service member or the service member's spouse
16 need not reside in this State at the time of application.
17 Notwithstanding any other law to the contrary, the portability
18 license shall be issued by the Division only if the applicant
19 fulfills all the requirements of this Section and Section
20 2105-135 of the Department of Professional Regulation Law of
21 the Civil Administrative Code of Illinois.

22 (c) The portability license shall be issued after a
23 complete application is submitted to the Division that
24 includes proof of the following:

- 25 (1) The applicant is a service member or the spouse of
26 a service member.

1 (2) The applicant or applicant's spouse is assigned to
2 a duty station in this State, has established legal
3 residence or will reside in this State pursuant to
4 military relocation orders after the date of application,
5 and can provide an official copy of those orders.

6 (3) The applicant's license is in good standing and is
7 not subject to a disciplinary order encumbering the
8 license in any other state, commonwealth, district, or
9 territory of the United States or any foreign jurisdiction
10 where the applicant holds a license and practices in the
11 same profession with the same or similar scope of practice
12 for which the applicant is applying, and the applicant can
13 submit official verification of good standing and
14 disciplinary history from each of those licensing
15 authorities. For health care professional applicants, the
16 Division's review of good standing is governed by this
17 subsection, subsection (h), and all other applicable State
18 laws and rules.

19 (4) The applicant was actively licensed in the same
20 profession with the same or similar scope of practice for
21 which the applicant is applying for at least 2 years
22 immediately preceding the relocation.

23 (5) A complete set of the applicant's fingerprints has
24 been submitted to the Illinois State Police for statewide
25 and national criminal history checks, if applicable to the
26 requirements of the professional regulatory Act. The

1 applicant shall pay the fee to the Illinois State Police
2 or to the vendor for electronic fingerprint processing. No
3 license shall be issued to an applicant if any review of
4 criminal history or disclosure would cause the denial of
5 an application for licensure under the applicable
6 licensing Act.

7 (6) The applicant has submitted the application for
8 portability licensure and paid the required, nonrefundable
9 initial application fee for that profession under its
10 respective Act and rules.

11 (d) Service members or the spouses of service members
12 granted portability licenses under this Section shall submit
13 to the jurisdiction of the Division for purposes of the laws
14 and rules administered, related standards of practice, and
15 disciplinary authority. A license granted under this Section
16 is subject to all statutes, rules, and regulations governing
17 the license. This includes compliance with renewal and
18 continuing education requirements of the licensing act and
19 rules adopted during the period of licensure.

20 (e) Notwithstanding any other law, if the Division finds
21 that the applicant failed to meet the requirements of
22 subsection (c) or provided inaccurate or misleading
23 information on the application, the Division may suspend the
24 license pending further investigation or notice to discipline
25 the portability license.

26 (f)(1) The duration of the portability license is from

1 issuance through the next renewal period for that regulated
2 profession. At the time of the license's renewal, the service
3 member or the service member's spouse may apply for another
4 portability license if the military orders continue or are
5 extended past the renewal date or if new orders are given for
6 duty in this State. While the portability license is held, the
7 service member or the service member's spouse may apply for
8 full licensure by examination, endorsement, or reciprocity
9 pursuant to the service member's or the service member's
10 spouse's respective professional licensing Act or rules.

11 (2) Once a portability license has expired or is not
12 renewed, the service member or the service member's spouse
13 cannot continue practicing in this State until the service
14 member or the service member's spouse obtains licensure by
15 examination, endorsement, or reciprocity, which includes
16 completion and passage of all pre-license education and
17 examination requirements under the applicable professional
18 licensing Act and rules.

19 (g) An individual is ineligible to apply under this
20 Section if:

21 (1) the individual is disqualified under Section
22 2105-165;

23 (2) the license the individual is seeking is subject
24 to an interstate compact; or

25 (3) the individual seeks a real estate appraiser
26 license.

1 (h) All service members and the spouses of service members
2 who apply under this Section and Section 5-715 who are
3 licensed in another jurisdiction as health care professionals,
4 and who are seeking a health care professional license
5 regulated by the Division and subject to the applicable
6 licensing Acts shall not be denied an initial or renewal
7 license:

8 (1) if the applicant has a prior, current, or pending
9 disciplinary action in another jurisdiction solely based
10 on providing, authorizing, recommending, aiding,
11 assisting, referring for, or otherwise participating in
12 health care services that are not unlawful in this State
13 and consistent with the standards of conduct in Illinois;

14 (2) if the applicant has a prior, current, or pending
15 disciplinary action in another jurisdiction solely based
16 on violating another jurisdiction or state's laws
17 prohibiting the provision of, authorization of,
18 recommendation of, aiding or assisting in, referring for,
19 or participation in any health care service if that
20 service as provided is not unlawful under the laws of this
21 State and is consistent with the standards of conduct in
22 Illinois; or

23 (3) based solely upon the applicant providing,
24 authorizing, recommending, aiding, assisting, referring
25 for, or otherwise participating in health care services
26 that are not unlawful in this State and consistent with

1 the standards of conduct in Illinois.

2 Nothing in this subsection shall be construed as
3 prohibiting the Division from evaluating the applicant's
4 conduct and disciplinary history and making a determination
5 regarding the licensure or authorization to practice.

6 (i) The Department of Financial and Professional
7 Regulation may adopt rules necessary for the implementation
8 and administration of this Section.

- 7 (e) adult day services;
- 8 (f) home-delivered meals;
- 9 (g) education in self-care;
- 10 (h) personal care services;
- 11 (i) adult day health services;
- 12 (j) habilitation services;
- 13 (k) respite care;
- 14 (k-5) community reintegration services;
- 15 (k-6) flexible senior services;
- 16 (k-7) medication management;
- 17 (k-8) emergency home response;
- 18 (l) other nonmedical social services that may enable
19 the person to become self-supporting; or
- 20 (m) (blank).

21 The Department shall establish eligibility standards for
22 such services. In determining the amount and nature of
23 services for which a person may qualify, consideration shall
24 not be given to the value of cash, property, or other assets
25 held in the name of the person's spouse pursuant to a written
26 agreement dividing marital property into equal but separate

1 shares or pursuant to a transfer of the person's interest in a
2 home to his spouse, provided that the spouse's share of the
3 marital property is not made available to the person seeking
4 such services.

5 The Department shall require as a condition of eligibility
6 that all new financially eligible applicants apply for and
7 enroll in medical assistance under Article V of the Illinois
8 Public Aid Code in accordance with rules promulgated by the
9 Department.

10 The Department shall, in conjunction with the Department
11 of Public Aid (now Department of Healthcare and Family
12 Services), seek appropriate amendments under Sections 1915 and
13 1924 of the Social Security Act. The purpose of the amendments
14 shall be to extend eligibility for home and community based
15 services under Sections 1915 and 1924 of the Social Security
16 Act to persons who transfer to or for the benefit of a spouse
17 those amounts of income and resources allowed under Section
18 1924 of the Social Security Act. Subject to the approval of
19 such amendments, the Department shall extend the provisions of
20 Section 5-4 of the Illinois Public Aid Code to persons who, but
21 for the provision of home or community-based services, would
22 require the level of care provided in an institution, as is
23 provided for in federal law. Those persons no longer found to
24 be eligible for receiving noninstitutional services due to
25 changes in the eligibility criteria shall be given 45 days
26 notice prior to actual termination. Those persons receiving

1 notice of termination may contact the Department and request
2 the determination be appealed at any time during the 45 day
3 notice period. The target population identified for the
4 purposes of this Section are persons age 60 and older with an
5 identified service need. Priority shall be given to those who
6 are at imminent risk of institutionalization. The services
7 shall be provided to eligible persons age 60 and older to the
8 extent that the cost of the services together with the other
9 personal maintenance expenses of the persons are reasonably
10 related to the standards established for care in a group
11 facility appropriate to the person's condition. These
12 noninstitutional ~~non-institutional~~ services, pilot projects,
13 or experimental facilities may be provided as part of or in
14 addition to those authorized by federal law or those funded
15 and administered by the Department of Human Services. The
16 Departments of Human Services, Healthcare and Family Services,
17 Public Health, Veterans' Affairs, and Commerce and Economic
18 Opportunity and other appropriate agencies of State, federal,
19 and local governments shall cooperate with the Department on
20 Aging in the establishment and development of the
21 noninstitutional ~~non-institutional~~ services. The Department
22 shall require an annual audit from all personal assistant and
23 home care aide vendors contracting with the Department under
24 this Section. The annual audit shall assure that each audited
25 vendor's procedures are in compliance with Department's
26 financial reporting guidelines requiring an administrative and

1 employee wage and benefits cost split as defined in
2 administrative rules. The audit is a public record under the
3 Freedom of Information Act. The Department shall execute,
4 relative to the nursing home prescreening project, written
5 inter-agency agreements with the Department of Human Services
6 and the Department of Healthcare and Family Services, to
7 effect the following: (1) intake procedures and common
8 eligibility criteria for those persons who are receiving
9 noninstitutional ~~non-institutional~~ services; and (2) the
10 establishment and development of noninstitutional
11 ~~non-institutional~~ services in areas of the State where they
12 are not currently available or are undeveloped. On and after
13 July 1, 1996, all nursing home prescreenings for individuals
14 60 years of age or older shall be conducted by the Department.

15 As part of the Department on Aging's routine training of
16 case managers and case manager supervisors, the Department may
17 include information on family futures planning for persons who
18 are age 60 or older and who are caregivers of their adult
19 children with developmental disabilities. The content of the
20 training shall be at the Department's discretion.

21 The Department is authorized to establish a system of
22 recipient copayment for services provided under this Section,
23 such copayment to be based upon the recipient's ability to pay
24 but in no case to exceed the actual cost of the services
25 provided. Additionally, any portion of a person's income which
26 is equal to or less than the federal poverty standard shall not

1 be considered by the Department in determining the copayment.
2 The level of such copayment shall be adjusted whenever
3 necessary to reflect any change in the officially designated
4 federal poverty standard.

5 The Department, or the Department's authorized
6 representative, may recover the amount of moneys expended for
7 services provided to or in behalf of a person under this
8 Section by a claim against the person's estate or against the
9 estate of the person's surviving spouse, but no recovery may
10 be had until after the death of the surviving spouse, if any,
11 and then only at such time when there is no surviving child who
12 is under age 21 or blind or who has a permanent and total
13 disability. This paragraph, however, shall not bar recovery,
14 at the death of the person, of moneys for services provided to
15 the person or in behalf of the person under this Section to
16 which the person was not entitled; provided that such recovery
17 shall not be enforced against any real estate while it is
18 occupied as a homestead by the surviving spouse or other
19 dependent, if no claims by other creditors have been filed
20 against the estate, or, if such claims have been filed, they
21 remain dormant for failure of prosecution or failure of the
22 claimant to compel administration of the estate for the
23 purpose of payment. This paragraph shall not bar recovery from
24 the estate of a spouse, under Sections 1915 and 1924 of the
25 Social Security Act and Section 5-4 of the Illinois Public Aid
26 Code, who precedes a person receiving services under this

1 Section in death. All moneys for services paid to or in behalf
2 of the person under this Section shall be claimed for recovery
3 from the deceased spouse's estate. "Homestead", as used in
4 this paragraph, means the dwelling house and contiguous real
5 estate occupied by a surviving spouse or relative, as defined
6 by the rules and regulations of the Department of Healthcare
7 and Family Services, regardless of the value of the property.

8 The Department shall increase the effectiveness of the
9 existing Community Care Program by:

10 (1) ensuring that in-home services included in the
11 care plan are available on evenings and weekends;

12 (2) ensuring that care plans contain the services that
13 eligible participants need based on the number of days in
14 a month, not limited to specific blocks of time, as
15 identified by the comprehensive assessment tool selected
16 by the Department for use statewide, not to exceed the
17 total monthly service cost maximum allowed for each
18 service; the Department shall develop administrative rules
19 to implement this item (2);

20 (3) ensuring that the participants have the right to
21 choose the services contained in their care plan and to
22 direct how those services are provided, based on
23 administrative rules established by the Department;

24 (4) (blank);

25 (5) ensuring that homemakers can provide personal care
26 services that may or may not involve contact with clients,

1 including, but not limited to:

- 2 (A) bathing;
- 3 (B) grooming;
- 4 (C) toileting;
- 5 (D) nail care;
- 6 (E) transferring;
- 7 (F) respiratory services;
- 8 (G) exercise; or
- 9 (H) positioning;

10 (6) ensuring that homemaker program vendors are not
11 restricted from hiring homemakers who are family members
12 of clients or recommended by clients; the Department may
13 not, by rule or policy, require homemakers who are family
14 members of clients or recommended by clients to accept
15 assignments in homes other than the client;

16 (7) ensuring that the State may access maximum federal
17 matching funds by seeking approval for the Centers for
18 Medicare and Medicaid Services for modifications to the
19 State's home and community based services waiver and
20 additional waiver opportunities, including applying for
21 enrollment in the Balance Incentive Payment Program by May
22 1, 2013, in order to maximize federal matching funds; this
23 shall include, but not be limited to, modification that
24 reflects all changes in the Community Care Program
25 services and all increases in the services cost maximum;

26 (8) ensuring that the determination of need tool

1 accurately reflects the service needs of individuals with
2 Alzheimer's disease and related dementia disorders;

3 (9) ensuring that services are authorized accurately
4 and consistently for the Community Care Program (CCP); the
5 Department shall implement a Service Authorization policy
6 directive; the purpose shall be to ensure that eligibility
7 and services are authorized accurately and consistently in
8 the CCP program; the policy directive shall clarify
9 service authorization guidelines to Care Coordination
10 Units and Community Care Program providers no later than
11 May 1, 2013;

12 (10) working in conjunction with Care Coordination
13 Units, the Department of Healthcare and Family Services,
14 the Department of Human Services, Community Care Program
15 providers, and other stakeholders to make improvements to
16 the Medicaid claiming processes and the Medicaid
17 enrollment procedures or requirements as needed,
18 including, but not limited to, specific policy changes or
19 rules to improve the up-front enrollment of participants
20 in the Medicaid program and specific policy changes or
21 rules to insure more prompt submission of bills to the
22 federal government to secure maximum federal matching
23 dollars as promptly as possible; the Department on Aging
24 shall have at least 3 meetings with stakeholders by
25 January 1, 2014 in order to address these improvements;

26 (11) requiring home care service providers to comply

1 with the rounding of hours worked provisions under the
2 federal Fair Labor Standards Act (FLSA) and as set forth
3 in 29 CFR 785.48(b) by May 1, 2013;

4 (12) implementing any necessary policy changes or
5 promulgating any rules, no later than January 1, 2014, to
6 assist the Department of Healthcare and Family Services in
7 moving as many participants as possible, consistent with
8 federal regulations, into coordinated care plans if a care
9 coordination plan that covers long term care is available
10 in the recipient's area; and

11 (13) (blank).

12 By January 1, 2009 or as soon after the end of the Cash and
13 Counseling Demonstration Project as is practicable, the
14 Department may, based on its evaluation of the demonstration
15 project, promulgate rules concerning personal assistant
16 services, to include, but need not be limited to,
17 qualifications, employment screening, rights under fair labor
18 standards, training, fiduciary agent, and supervision
19 requirements. All applicants shall be subject to the
20 provisions of the Health Care Worker Background Check Act.

21 The Department shall develop procedures to enhance
22 availability of services on evenings, weekends, and on an
23 emergency basis to meet the respite needs of caregivers.
24 Procedures shall be developed to permit the utilization of
25 services in successive blocks of 24 hours up to the monthly
26 maximum established by the Department. Workers providing these

1 services shall be appropriately trained.

2 No ~~September 23, 1991 (Public Act 87-729)~~ person may
3 perform chore/housekeeping and home care aide services under a
4 program authorized by this Section unless that person has been
5 issued a certificate of pre-service to do so by his or her
6 employing agency. Information gathered to effect such
7 certification shall include (i) the person's name, (ii) the
8 date the person was hired by his or her current employer, and
9 (iii) the training, including dates and levels. Persons
10 engaged in the program authorized by this Section before the
11 effective date of this amendatory Act of 1991 shall be issued a
12 certificate of all pre-service and in-service training from
13 his or her employer upon submitting the necessary information.
14 The employing agency shall be required to retain records of
15 all staff pre-service and in-service training, and shall
16 provide such records to the Department upon request and upon
17 termination of the employer's contract with the Department. In
18 addition, the employing agency is responsible for the issuance
19 of certifications of in-service training completed to their
20 employees.

21 The Department is required to develop a system to ensure
22 that persons working as home care aides and personal
23 assistants receive increases in their wages when the federal
24 minimum wage is increased by requiring vendors to certify that
25 they are meeting the federal minimum wage statute for home
26 care aides and personal assistants. An employer that cannot

1 ensure that the minimum wage increase is being given to home
2 care aides and personal assistants shall be denied any
3 increase in reimbursement costs.

20 (20 ILCS 105/4.04) (from Ch. 23, par. 6104.04)

21 Sec. 4.04. Long Term Care Ombudsman Program. The purpose
22 of the Long Term Care Ombudsman Program is to ensure that older
23 persons and persons with disabilities receive quality
24 services. This is accomplished by providing advocacy services
25 for residents of long term care facilities and participants

1 receiving home care and community-based care. Managed care is
2 increasingly becoming the vehicle for delivering health and
3 long-term services and supports to seniors and persons with
4 disabilities, including dual eligible participants. The
5 additional ombudsman authority will allow advocacy services to
6 be provided to Illinois participants for the first time and
7 will produce a cost savings for the State of Illinois by
8 supporting the rebalancing efforts of the Patient Protection
9 and Affordable Care Act.

10 (a) Long Term Care Ombudsman Program. The Department shall
11 establish a Long Term Care Ombudsman Program, through the
12 Office of State Long Term Care Ombudsman ("the Office"), in
13 accordance with the provisions of the Older Americans Act of
14 1965, as now or hereafter amended. The Long Term Care
15 Ombudsman Program is authorized, subject to sufficient
16 appropriations, to advocate on behalf of older persons and
17 persons with disabilities residing in their own homes or
18 community-based settings, relating to matters which may
19 adversely affect the health, safety, welfare, or rights of
20 such individuals.

4 (iii) Seek consent to communicate privately and
5 without restriction with any participant or resident,
6 regardless of age;

10 participant or resident, or if consent is given
11 orally, visually, or through the use of auxiliary aids
12 and services, such consent is documented
13 contemporaneously by a representative of the Office in
14 accordance with such procedures;

15 (v) Observe all areas of the long term care
16 facility or supportive living facilities, assisted
17 living or shared housing establishment except the
18 living area of any resident who protests the
19 observation; and

9 Act, as now or hereafter amended; and (v) any facility
10 licensed under Section 4-105 or 4-201 of the Specialized
11 Mental Health Rehabilitation Act of 2013, as now or
12 hereafter amended.

13 (2.5) "Assisted living establishment" and "shared
14 housing establishment" have the meanings given those terms

18 established under Section 5-5.01a of the Illinois Public

7 accordance with the provisions of the Older Americans Act
8 of 1965, as now or hereafter amended.

9 (4) "Participant" means an older person aged 60 or

19 resides in a long-term care facility.

20 (c) Ombudsman; rules. The Office of State Long Term Care
21 Ombudsman shall be composed of at least one full-time
22 ombudsman and shall include a system of designated regional

13 settings, including the option to serve residents and
14 participants under the age of 60, relating to actions,
15 inaction, or decisions of providers, or their representatives,
16 of such facilities and establishments, of public agencies, or
17 of social services agencies, which may adversely affect the
18 health, safety, welfare, or rights of such residents and
19 participants. The Office and designated regional programs may
20 represent all residents and participants, but are not required
21 by this Act to represent persons under 60 years of age, except
22 to the extent required by federal law. When necessary and
23 appropriate, representatives of the Office shall refer
24 complaints to the appropriate regulatory State agency. The
25 Department, in consultation with the Office, shall cooperate
26 with the Department of Human Services and other State agencies

1 in providing information and training to designated regional
2 long term care ombudsman programs about the appropriate
3 assessment and treatment (including information about
4 appropriate supportive services, treatment options, and
5 assessment of rehabilitation potential) of the participants
6 they serve.

7 The State Long Term Care Ombudsman and all other
8 ombudsmen, as defined in paragraph (3.1) of subsection (b)
9 must submit to background checks under the Health Care Worker
10 Background Check Act and receive training, as prescribed by
11 the Illinois Department on Aging, before visiting facilities,
12 private homes, or community-based settings. The training must
13 include information specific to assisted living
14 establishments, supportive living facilities, shared housing
15 establishments, private homes, and community-based settings
16 and to the rights of residents and participants guaranteed
17 under the corresponding Acts and administrative rules.

14 (d) Access and visitation rights.

15 (1) In accordance with subparagraphs (A) and (E) of
16 paragraph (3) of subsection (c) of Section 1819 and

24 provide legal representation to any representative of the
25 Office against whom suit or other legal action is brought in
26 connection with the performance of the representative's

1 official duties, in accordance with the State Employee
2 Indemnification Act.

3 (i) Treatment by prayer and spiritual means. Nothing in
4 this Act shall be construed to authorize or require the
5 medical supervision, regulation or control of remedial care or
6 treatment of any resident in a long term care facility
7 operated exclusively by and for members or adherents of any
8 church or religious denomination the tenets and practices of
9 which include reliance solely upon spiritual means through
10 prayer for healing.

12 changing Section 5-23 as follows:

13 (20 ILCS 301/5-23)

14 Sec. 5-23. Drug Overdose Prevention Program.

15 (a) Reports.

16 (1) The Department may publish annually a report on
17 drug overdose trends statewide that reviews State death
18 rates from available data to ascertain changes in the
19 causes or rates of fatal and nonfatal drug overdose. The
20 report shall also provide information on interventions
21 that would be effective in reducing the rate of fatal or
22 nonfatal drug overdose and on the current substance use
23 disorder treatment capacity within the State. The report
24 shall include an analysis of drug overdose information

1 reported to the Department of Public Health pursuant to
2 subsection (e) of Section 3-3013 of the Counties Code,
3 Section 6.14g of the Hospital Licensing Act, and
4 subsection (j) of Section 22-30 of the School Code.

5 (2) The report may include:

6 (A) Trends in drug overdose death rates.

7 (B) Trends in emergency room utilization related
8 to drug overdose and the cost impact of emergency room
9 utilization.

10 (C) Trends in utilization of pre-hospital and
11 emergency services and the cost impact of emergency
12 services utilization.

13 (D) Suggested improvements in data collection.

14 (E) A description of other interventions effective
15 in reducing the rate of fatal or nonfatal drug
16 overdose.

17 (F) A description of efforts undertaken to educate
18 the public about unused medication and about how to
19 properly dispose of unused medication, including the
20 number of registered collection receptacles in this
21 State, mail-back programs, and drug take-back events.

22 (G) An inventory of the State's substance use
23 disorder treatment capacity, including, but not
24 limited to:

25 (i) The number and type of licensed treatment
26 programs in each geographic area of the State.

1 (ii) The availability of medication-assisted
2 treatment at each licensed program and which types
3 of medication-assisted treatment are available.

4 (iii) The number of recovery homes that accept
5 individuals using medication-assisted treatment in
6 their recovery.

7 (iv) The number of medical professionals
8 currently authorized to prescribe buprenorphine
9 and the number of individuals who fill
10 prescriptions for that medication at retail
11 pharmacies as prescribed.

12 (v) Any partnerships between programs licensed
13 by the Department and other providers of
14 medication-assisted treatment.

15 (vi) Any challenges in providing
16 medication-assisted treatment reported by programs
17 licensed by the Department and any potential
18 solutions.

19 (b) Programs; drug overdose prevention.

20 (1) The Department may establish a program to provide
21 for the production and publication, in electronic and
22 other formats, of drug overdose prevention, recognition,
23 and response literature. The Department may develop and
24 disseminate curricula for use by professionals,
25 organizations, individuals, or committees interested in
26 the prevention of fatal and nonfatal drug overdose,

4 staff, families and associates of drug users, peace
5 officers, firefighters, public safety officers, needle
6 exchange program staff, and other persons. In addition to
7 information regarding drug overdose prevention,
8 recognition, and response, literature produced by the
9 Department shall stress that drug use remains illegal and
10 highly dangerous and that complete abstinence from illegal
11 drug use is the healthiest choice. The literature shall
12 provide information and resources for substance use
13 disorder treatment.

14 The Department may establish or authorize programs for
15 prescribing, dispensing, or distributing opioid
16 antagonists for the treatment of drug overdose and for
17 dispensing and distributing fentanyl test strips to
18 further promote harm reduction efforts and prevent an
19 overdose. Such programs may include the prescribing of
20 opioid antagonists for the treatment of drug overdose to a
21 person who is not at risk of opioid overdose but who, in
22 the judgment of the health care professional, may be in a
23 position to assist another individual during an
24 opioid-related drug overdose and who has received basic
25 instruction on how to administer an opioid antagonist.

26 (2) The Department may provide advice to State and

1 local officials on the growing drug overdose crisis,
2 including the prevalence of drug overdose incidents,
3 programs promoting the disposal of unused prescription
4 drugs, trends in drug overdose incidents, and solutions to
5 the drug overdose crisis.

6 (3) The Department may support drug overdose
7 prevention, recognition, and response projects by
8 facilitating the acquisition of opioid antagonist
9 medication approved for opioid overdose reversal,
10 facilitating the acquisition of opioid antagonist
11 medication approved for opioid overdose reversal,
12 providing trainings in overdose prevention best practices,
13 facilitating the acquisition of fentanyl test strips to
14 test for the presence of fentanyl, a fentanyl analog, or a
15 drug adulterant within a controlled substance, connecting
16 programs to medical resources, establishing a statewide
17 standing order for the acquisition of needed medication,
18 establishing learning collaboratives between localities
19 and programs, and assisting programs in navigating any
20 regulatory requirements for establishing or expanding such
21 programs.

22 (4) In supporting best practices in drug overdose
23 prevention programming, the Department may promote the
24 following programmatic elements:

25 (A) Training individuals who currently use drugs
26 in the administration of opioid antagonists approved

1 for the reversal of an opioid overdose and in the use
2 of fentanyl test strips to test for the presence of
3 fentanyl, a fentanyl analog, or a drug adulterant
4 within a controlled substance.

5 (B) Directly distributing opioid antagonists
6 approved for the reversal of an opioid overdose rather
7 than providing prescriptions to be filled at a
8 pharmacy.

9 (B-1) Directly distributing fentanyl test strips
10 to test for the presence of fentanyl, a fentanyl
11 analog, or a drug adulterant within a controlled
12 substance.

13 (C) Conducting street and community outreach to
14 work directly with individuals who are using drugs.

15 (D) Employing community health workers or peer
16 recovery specialists who are familiar with the
17 communities served and can provide culturally
18 competent services.

20 organizations, substance use disorder treatment
21 centers, or other health care providers engaged in
22 treating individuals who are using drugs.

24 evidence-based substance use disorder treatment.

25 (G) Engaging individuals exiting jails or prisons
26 who are at a high risk of overdose.

1 (H) Providing education and training to
2 community-based organizations who work directly with
3 individuals who are using drugs and those individuals'
4 families and communities.

5 (I) Providing education and training on drug
6 overdose prevention and response to emergency
7 personnel and law enforcement.

8 (J) Informing communities of the important role
9 emergency personnel play in responding to accidental
10 overdose.

11 (K) Producing and distributing targeted mass media
12 materials on drug overdose prevention and response,
13 the potential dangers of leaving unused prescription
14 drugs in the home, and the proper methods for
15 disposing of unused prescription drugs.

16 (c) Grants.

17 (1) The Department may award grants, in accordance
18 with this subsection, to create or support local drug
19 overdose prevention, recognition, and response projects.
20 Local health departments, correctional institutions,
21 hospitals, universities, community-based organizations,
22 and faith-based organizations may apply to the Department
23 for a grant under this subsection at the time and in the
24 manner the Department prescribes. Eligible grant
25 activities include, but are not limited to, purchasing and
26 distributing opioid antagonists and fentanyl test strips,

1 hiring peer recovery specialists or other community
2 members to conduct community outreach, and hosting public
3 health fairs or events to distribute opioid antagonists
4 and fentanyl test strips, promote harm reduction
5 activities, and provide linkages to community partners.

6 (2) In awarding grants, the Department shall consider
7 the overall rate of opioid overdose, the rate of increase
8 in opioid overdose, and racial disparities in opioid
9 overdose experienced by the communities to be served by
10 grantees. The Department shall encourage all grant
11 applicants to develop interventions that will be effective
12 and viable in their local areas.

13 (3) (Blank).

14 (3.5) Any hospital licensed under the Hospital
15 Licensing Act or organized under the University of
16 Illinois Hospital Act shall be deemed to have met the
17 standards and requirements set forth in this Section to
18 enroll in the drug overdose prevention program upon
19 completion of the enrollment process except that proof of
20 a standing order and attestation of programmatic
21 requirements shall be waived for enrollment purposes.
22 Reporting mandated by enrollment shall be necessary to
23 carry out or attain eligibility for associated resources
24 under this Section for drug overdose prevention projects
25 operated on the licensed premises of the hospital and
26 operated by the hospital or its designated agent. The

1 Department shall streamline hospital enrollment for drug
2 overdose prevention programs by accepting such deemed
3 status under this Section in order to reduce barriers to
4 hospital participation in drug overdose prevention,
5 recognition, or response projects. Subject to
6 appropriation, any hospital under this paragraph and any
7 other organization deemed eligible by the Department shall
8 be enrolled to receive fentanyl test strips from the
9 Department and distribute fentanyl test strips upon
10 enrollment in the Drug Overdose Prevention Program.

11 (4) In addition to moneys appropriated by the General
12 Assembly, the Department may seek grants from private
13 foundations, the federal government, and other sources to
14 fund the grants under this Section and to fund an
15 evaluation of the programs supported by the grants.

16 (d) Health care professional prescription of opioid
17 antagonists.

18 (1) A health care professional who, acting in good
19 faith, directly or by standing order, prescribes or
20 dispenses an opioid antagonist to: (a) a patient who, in
21 the judgment of the health care professional, is capable
22 of administering the drug in an emergency, or (b) a person
23 who is not at risk of opioid overdose but who, in the
24 judgment of the health care professional, may be in a
25 position to assist another individual during an
26 opioid-related drug overdose and who has received basic

1 instruction on how to administer an opioid antagonist
2 shall not, as a result of his or her acts or omissions, be
3 subject to: (i) any disciplinary or other adverse action
4 under the Medical Practice Act of 1987, the Physician
5 Assistant Practice Act of 1987, the Nurse Practice Act,
6 the Pharmacy Practice Act, or any other professional
7 licensing statute or (ii) any criminal liability, except
8 for willful and wanton misconduct.

9 (1.5) Notwithstanding any provision of or requirement
10 otherwise imposed by the Pharmacy Practice Act, the
11 Medical Practice Act of 1987, or any other law or rule,
12 including, but not limited to, any requirement related to

22 for the purpose of addressing issues of applicability and
23 service system barriers.

24 (c) In cooperation with other State agencies, the
25 Department of Human Services shall develop and implement, or
26 shall continue, a resource and referral system for the State

1 of Illinois either within the Department or by contract with
2 local or regional agencies. Funding for implementation of this
3 system may be provided through Department appropriations or
4 other inter-agency funding arrangements. The resource and

7 supply of child care services.

8 (2) Providing information and referrals for parents.

22 as goals and timetables to improve quality and
23 accessibility of child care.

4 crises whose members potentially may become, or are in
5 danger of becoming, non-productive and dependent.

6 (5) Expansion of family day care facilities wherever
7 possible.

8 (6) Location of centers in economically depressed
9 neighborhoods, preferably in multi-service centers with
10 cooperation of other agencies. The Department shall
11 coordinate the provision of grants, but only to the extent
12 funds are specifically appropriated for this purpose, to
13 encourage the creation and expansion of child care centers
14 in high need communities to be issued by the State,
15 business, and local governments.

6 (10) Continuation and expansion of service programs
7 that assist teen parents to continue and complete their
8 education.

9 Emphasis shall be given to support services that will help
10 to ensure such parents' graduation from high school and to
11 services for participants in any programs of job training
12 conducted by the Department.

13 (e) The Department of Human Services shall actively
14 stimulate the development of public and private resources at
15 the local level. It shall also seek the fullest utilization of
16 federal funds directly or indirectly available to the
17 Department.

18 Where appropriate, existing non-governmental agencies or
19 associations shall be involved in planning by the Department.

20 (f) To better accommodate the child care needs of low
21 income working families, especially those who receive
22 Temporary Assistance for Needy Families (TANF) or who are
23 transitioning from TANF to work, or who are at risk of
24 depending on TANF in the absence of child care, the Department
25 shall complete a study using outcome-based assessment
26 measurements to analyze the various types of child care needs,

1 including but not limited to: child care homes; child care

6 various geographic locations. The plan shall include, but not
7 be limited to, the special needs of parents and guardians in
8 need of non-traditional child care services such as early
9 mornings, evenings, and weekends; the needs of very low income

22 on behalf of a youth in accordance with paragraph (4).

23 (2) Beginning January 1, 2024, ensure that when the
24 youth attains the age of 14 years and until the Department

3 benefits, including, but not limited to: +

4 (A) establishing an ABLE account authorized by
5 Section 529A of the Internal Revenue Code of 1986, for
6 the youth and conserving the youth's benefits in that
7 account in a manner that appropriately avoids any
8 federal asset or resource limits;

9 (B) if the Department determines that using the
10 benefits for services for current special needs not
11 already provided by the Department is in the best
12 interest of the youth, using the benefits for those
13 services;

14 (C) if federal law requires certain back payments
15 of benefits to be placed in a dedicated account,
16 complying with the requirements for dedicated accounts
17 under 20 CFR 416.640(e); and

18 (D) applying any other exclusions from federal
19 asset or resource limits available under federal law

15 (20 ILCS 505/7.3b)

16 Sec. 7.3b. Case plan requirements for hair-related needs
17 of youth in care.

18 (a) Purposes. Hair plays an important role in fostering
19 youths' connection to their race, culture, and identity. Hair
20 care ~~Haircare~~ promotes positive messages of self-worth,
21 comfort, and affection. Because these messages typically are
22 developed through interactions with family and community
23 members, it is necessary to establish a framework to ensure
24 that youth in care are not deprived of these messages and that
25 caregivers and appropriate child care facility staff are

1 adequately prepared to provide culturally competent hair care
2 ~~hairecare~~ for youth.

3 (b) Definitions. As used in this Section:

4 (1) "Hair care" ~~"Hairecare"~~ means all care related to
5 the maintenance of hair, including, but not limited to,
6 the daily maintenance routine, cutting, styling, or dying
7 of hair.

8 (2) "Culture" means the norms, traditions, and
9 experiences of a person's community that inform that
10 person's daily life and long-term goals.

11 (3) "Identity" means the memories, experiences,
12 relationships, and values that create one's sense of self.
13 This amalgamation creates a steady sense of who one is
14 over time, even as new facets are developed and
15 incorporated into one's identity.

16 (c) Hair care ~~Hairecare~~ plan. Every case plan shall include
17 a hair care plan ~~Hairecare Plan~~ for each youth in care that is
18 developed in consultation with the youth based upon the
19 youth's developmental abilities, as well as with the youth's
20 parents or caregivers or appropriate child care facility staff
21 if not contrary to the youth's wishes, and that outlines any
22 training or resources required by the caregiver or appropriate
23 child care facility staff to meet the hair care ~~hairecare~~ needs
24 of the youth. At a minimum, the hair care plan ~~Hairecare Plan~~
25 must address:

26 (1) necessary hair care ~~hairecare~~ steps to be taken to

1 preserve the youth's desired connection to the youth's
2 race, culture, gender, religion, and identity;

3 (2) necessary steps to be taken specific to the
4 youth's hair care ~~hairecare~~ needs during emergency and
5 health situations; and

6 (3) the desires of the youth as they pertain to the
7 youth's hair care ~~hairecare~~.

8 A youth's hair care plan ~~Hairecare Plan~~ must be reviewed at
9 the same time as the case plan review required under Section 6a
10 as well as during monthly visits to ensure compliance with the
11 hair care plan ~~Hairecare Plan~~ and identify any needed changes.

12 (d) By June 1, 2025, the Department shall develop training
13 and resources to make available for caregivers and appropriate
14 child care facility staff to provide culturally competent hair
15 care ~~hairecare~~ to youth in care.

16 (e) By June 1, 2025, the Department must adopt rules to
17 facilitate the implementation of this Section.

23 include, but are not limited to, the following:

24 (1) The right to be treated with dignity, respect, and

1 consideration as a professional member of the child
2 welfare team.

3 (2) The right to be given standardized pre-service
4 training and appropriate ongoing training to meet mutually
5 assessed needs and improve the foster parent's skills.

12 child as specified in the service plan.

19 heritage.

20 (6) The right to be provided a fair, timely, and
21 impartial investigation of complaints concerning the
22 foster parent's licensure, to be provided the opportunity

25 during the investigation; the right to be provided the
26 opportunity to request and receive mediation or an

1 administrative review of decisions that affect licensing

8 necessary information that is relevant to the care of the
9 child.

23 made by the courts or the child welfare agency concerning
24 the child; the right to provide input concerning the plan
25 of services for the child and to have that input given full
26 consideration in the same manner as information presented

1 by any other professional on the team; and the right to
2 communicate with other professionals who work with the
3 foster child within the context of the team, including
4 therapists, physicians, attending health care
5 professionals, and teachers.

7 manner, any information a caseworker has regarding the
8 child and the child's family which is pertinent to the

11 concerning the child's family shall be limited to that
12 information that is essential for understanding the needs
13 of and providing care to the child in order to protect the
14 rights of the child's family. When a positive relationship
15 exists between the foster parent and the child's family,
16 the child's family may consent to disclosure of additional
17 information.

18 (10) The right to be given reasonable written notice
19 of (i) any change in a child's case plan, (ii) plans to
20 terminate the placement of the child with the foster
21 parent, and (iii) the reasons for the change or
22 termination in placement. The notice shall be waived only
23 in cases of a court order or when the child is determined
24 to be at imminent risk of harm.

25 (11) The right to be notified in a timely and complete
26 manner of all court hearings, including notice of the date

1 and time of the court hearing, the name of the judge or
2 hearing officer hearing the case, the location of the
3 hearing, and the court docket number of the case; and the
4 right to intervene in court proceedings or to seek
5 mandamus under the Juvenile Court Act of 1987.

6 (12) The right to be considered as a placement option
7 when a foster child who was formerly placed with the
8 foster parent is to be re-entered into foster care, if

4 appointed by the Minority Leader of the House of
5 Representatives; and

6 (15) one member representing a statewide manufacturing
7 association, appointed by the Governor.

8 (d) The members of the Task Force shall serve without
9 compensation. The Department of Commerce and Economic
10 Opportunity shall provide administrative support to the Task
11 Force.

12 (e) The Task Force shall meet at least once every 2 months.
13 Upon the first meeting of the Task Force, the members of the

22 Section 110. The Economic Development Area Tax Increment
23 Allocation Act is amended by changing Section 8 as follows:

24 (20 ILCS 620/8) (from Ch. 67 1/2, par. 1008)

1 Sec. 8. Issuance of obligations for economic development
2 project costs. Obligations secured by the special tax
3 allocation fund provided for in Section 7 of this Act for an
4 economic development project area may be issued to provide for
5 economic development project costs. Those obligations, when so
6 issued, shall be retired in the manner provided in the
7 ordinance authorizing the issuance of the obligations by the
8 receipts of taxes levied as specified in Section 6 of this Act
9 against the taxable property included in the economic
10 development project area and by other revenue designated or
11 pledged by the municipality. A municipality may in the
12 ordinance pledge all or any part of the funds in and to be
13 deposited in the special tax allocation fund created pursuant
14 to Section 7 of this Act to the payment of the economic
15 development project costs and obligations. Whenever a
16 municipality pledges all of the funds to the credit of a
17 special tax allocation fund to secure obligations issued or to
18 be issued to pay economic development project costs, the
19 municipality may specifically provide that funds remaining to
20 the credit of such special tax allocation fund after the
21 payment of such obligations shall be accounted for annually
22 and shall be deemed to be "surplus" funds, and such "surplus"
23 funds shall be distributed as hereinafter provided. Whenever a
24 municipality pledges less than all of the monies to the credit
25 of a special tax allocation fund to secure obligations issued
26 or to be issued to pay economic development project costs, the

1 municipality shall provide that monies to the credit of the
2 special tax allocation fund and not subject to such pledge or
3 otherwise encumbered or required for payment of contractual
4 obligations for specific economic development project costs
5 shall be calculated annually and shall be deemed to be
6 "surplus" funds, and such "surplus" funds shall be distributed
7 as hereinafter provided. All funds to the credit of a special
8 tax allocation fund which are deemed to be "surplus" funds
9 shall be distributed annually within 180 days of the close of
10 the municipality's fiscal year by being paid by the municipal
11 treasurer to the county collector. The county collector shall
12 thereafter make distribution to the respective taxing
13 districts in the same manner and proportion as the most recent
14 distribution by the county collector to those taxing districts
15 of real property taxes from real property in the economic
16 development project area.

17 Without limiting the foregoing in this Section, the
18 municipality may, in addition to obligations secured by the
19 special tax allocation fund, pledge for a period not greater
20 than the term of the obligations towards payment of those
21 obligations any part or any combination of the following: (i)
22 net revenues of all or part of any economic development
23 project; (ii) taxes levied and collected on any or all
24 property in the municipality, including, specifically, taxes
25 levied or imposed by the municipality in a special service
26 area pursuant to "An Act to provide the manner of levying or

1 imposing taxes for the provision of special services to areas
2 within the boundaries of home rule units and non-home rule
3 municipalities and counties", approved September 21, 1973, as
4 now or hereafter amended; (iii) the full faith and credit of
5 the municipality; (iv) a mortgage on part or all of the
6 economic development project; or (v) any other taxes or
7 anticipated receipts that the municipality may lawfully
8 pledge.

9 Such obligations may be issued in one or more series
10 bearing interest at such rate or rates as the corporate
11 authorities of the municipality shall determine by ordinance,
12 which rate or rates may be variable or fixed, without regard to
13 any limitations contained in any law now in effect or
14 hereafter adopted. Such obligations shall bear such date or
15 dates, mature at such time or times not exceeding 38 years from
16 their respective dates, but in no event exceeding 38 years
17 from the date of establishment of the economic development
18 project area, be in such denomination, be in such form,
19 whether coupon, registered, or book-entry, carry such
20 registration, conversion, and exchange privileges, be executed
21 in such manner, be payable in such medium of payment at such
22 place or places within or without the State of Illinois,
23 contain such covenants, terms, and conditions, be subject to
24 redemption with or without premium, be subject to defeasance
25 upon such terms, and have such rank or priority, as such
26 ordinance shall provide. Obligations issued pursuant to this

1 Act may be sold at public or private sale at such price as
2 shall be determined by the corporate authorities of the
3 municipalities. Such obligations may, but need not, be issued
4 utilizing the provisions of any one or more of the omnibus bond
5 Acts specified in Section 1.33 of the Statute on Statutes "~~An~~
6 ~~Act to revise the law in relation to the construction of the~~
7 ~~statutes", approved March 5, 1874, as now or hereafter~~
8 ~~amended~~. No referendum approval of the electors shall be
9 required as a condition to the issuance of obligations
10 pursuant to this Act except as provided in this Section.

11 Whenever a municipality issues bonds for the purpose of
12 financing economic development project costs, the municipality
13 may provide by ordinance for the appointment of a trustee,
14 which may be any trust company within the State, and for the
15 establishment of the funds or accounts to be maintained by
16 such trustee as the municipality shall deem necessary to
17 provide for the security and payment of the bonds. If the
18 municipality provides for the appointment of a trustee, the
19 trustee shall be considered the assignee of any payments
20 assigned by the municipality pursuant to the ordinance and
21 this Section. Any amounts paid to the trustee as assignee
22 shall be deposited in the funds or accounts established
23 pursuant to the trust agreement, and shall be held by the
24 trustee in trust for the benefit of the holders of the bonds,
25 and the holders shall have a lien on and a security interest in
26 those bonds or accounts so long as the bonds remain

1 outstanding and unpaid. Upon retirement of the bonds, the
2 trustee shall pay over any excess amounts held to the
3 municipality for deposit in the special tax allocation fund.

4 In the event the municipality authorizes the issuance of
5 obligations pursuant to the authority of this Act secured by
6 the full faith and credit of the municipality, or pledges ad
7 valorem taxes pursuant to clause (ii) of the second paragraph
8 of this Section, which obligations are other than obligations
9 which may be issued under home rule powers provided by Article
10 VII, Section 6 of the Illinois Constitution or which ad
11 valorem taxes are other than ad valorem taxes which may be
12 pledged under home rule powers provided by Article VII,
13 Section 6 of the Illinois Constitution or which are levied in a
14 special service area pursuant to "An Act to provide the manner
15 of levying or imposing taxes for the provision of special
16 services to areas within the boundaries of home rule units and
17 non-home rule municipalities and counties", approved September
18 21, 1973, as now or hereafter amended, the ordinance
19 authorizing the issuance of those obligations or pledging
20 those taxes shall be published within 10 days after the
21 ordinance has been adopted, in one or more newspapers having a
22 general circulation within the municipality. The publication
23 of the ordinance shall be accompanied by a notice of: (1) the
24 specific number of voters required to sign a petition
25 requesting the question of the issuance of the obligations or
26 pledging such ad valorem taxes to be submitted to the

1 electors; (2) the time within which the petition must be
2 filed; and (3) the date of the prospective referendum. The
3 municipal clerk shall provide a petition form to any
4 individual requesting one.

5 If no petition is filed with the municipal clerk, as
6 hereinafter provided in this Section, within 21 days after the
7 publication of the ordinance, the ordinance shall be in
8 effect. However, if, within that 21-day ~~21-day~~ period, a
9 petition is filed with the municipal clerk, signed by electors
10 numbering not less than 15% of the number of electors voting
11 for the mayor or president at the last general municipal
12 election, asking that the question of issuing obligations
13 using full faith and credit of the municipality as security
14 for the cost of paying for economic development project costs,
15 or of pledging such ad valorem taxes for the payment of those
16 obligations, or both, be submitted to the electors of the
17 municipality, the municipality shall not be authorized to
18 issue obligations of the municipality using the full faith and
19 credit of the municipality as security or pledging such ad
20 valorem taxes for the payment of those obligations, or both,
21 until the proposition has been submitted to and approved by a
22 majority of the voters voting on the proposition at a
23 regularly scheduled election. The municipality shall certify
24 the proposition to the proper election authorities for
25 submission in accordance with the general election law.

26 The ordinance authorizing the obligations may provide that

1 the obligations shall contain a recital that they are issued
2 pursuant to this Act, which recital shall be conclusive
3 evidence of their validity and of the regularity of their
4 issuance.

5 In the event the municipality authorizes issuance of
6 obligations pursuant to this Act secured by the full faith and
7 credit of the municipality, the ordinance authorizing the
8 obligations may provide for the levy and collection of a
9 direct annual tax upon all taxable property within the
10 municipality sufficient to pay the principal thereof and
11 interest thereon as it matures, which levy may be in addition
12 to and exclusive of the maximum of all other taxes authorized
13 to be levied by the municipality, which levy, however, shall
14 be abated to the extent that monies from other sources are
15 available for payment of the obligations and the municipality
16 certifies the amount of those monies available to the county
17 clerk.

18 A certified copy of the ordinance shall be filed with the
19 county clerk of each county in which any portion of the
20 municipality is situated, and shall constitute the authority
21 for the extension and collection of the taxes to be deposited
22 in the special tax allocation fund.

23 A municipality may also issue its obligations to refund,
24 in whole or in part, obligations theretofore issued by the
25 municipality under the authority of this Act, whether at or
26 prior to maturity. However, the last maturity of the refunding

1 obligations shall not be expressed to mature later than 38
2 years from the date of the ordinance establishing the economic
3 development project area.

4 In the event a municipality issues obligations under home
5 rule powers or other legislative authority, the proceeds of
6 which are pledged to pay for economic development project
7 costs, the municipality may, if it has followed the procedures
8 in conformance with this Act, retire those obligations from
9 funds in the special tax allocation fund in amounts and in such
10 manner as if those obligations had been issued pursuant to the
11 provisions of this Act.

12 No obligations issued pursuant to this Act shall be
13 regarded as indebtedness of the municipality issuing those
14 obligations or any other taxing district for the purpose of
15 any limitation imposed by law.

16 Obligations issued pursuant to this Act shall not be
17 subject to the provisions of the Bond Authorization Act "~~An~~
18 ~~Act to authorize public corporations to issue bonds, other~~
19 ~~evidences of indebtedness and tax anticipation warrants~~
20 ~~subject to interest rate limitations set forth therein",~~
21 ~~approved May 26, 1970, as amended.~~

6 fully electric propulsion systems for airliners research,
7 development, or manufacturing, that project may receive tax
8 credit awards as described in Section 5-15 and Section 5-51 of
9 the Economic Development for a Growing Economy Tax Credit Act,
10 as long as the project continues to meet requirements to
11 obtain those credits as described in the Economic Development

18 To receive such certification, the taxpayer must be registered

22 Section 9-222 of the Public Utilities Act. The taxpayer must
23 meet any other criteria for certification set by the
24 Department.

25 The Department shall determine the period during which the

Section 120. The Department of Human Services Act is
amended by changing Section 1-75 as follows:

(20 ILCS 1305/1-75)

(Section scheduled to be repealed on July 1, 2026)

Sec. 1-75. Off-Hours Child Care Program.

(a) Legislative intent. The General Assembly finds that:

(1) Finding child care can be a challenge for
firefighters, paramedics, police officers, nurses, and
other third shift workers across the State who often work
non-typical work hours. This can impact home life, school,
bedtime routines, job safety, and the mental health of
some of our most critical frontline ~~front-line~~ workers and
their families.

(2) There is a need for increased options for
off-hours child care in the State. A majority of the
State's child care facilities do not provide care outside
of normal work hours, with just 3,251 day care homes and
435 group day care homes that provide night care.

(3) Illinois has a vested interest in ensuring that
our first responders and working families can provide
their children with appropriate care during off hours to
improve the morale of existing first responders and to

1 improve recruitment into the future.

2 (b) As used in this Section, "first responders" means
3 emergency medical services personnel as defined in the
4 Emergency Medical Services (EMS) Systems Act, firefighters,
5 law enforcement officers, and, as determined by the
6 Department, any other workers who, on account of their work
7 schedule, need child care outside of the hours when licensed
8 child care facilities typically operate.

9 (c) Subject to appropriation, the Department of Human
10 Services shall establish and administer an Off-Hours Child
11 Care Program to help first responders and other workers
12 identify and access off-hours, night, or sleep time child
13 care. Services funded under the program must address the child
14 care needs of first responders. Funding provided under the
15 program may also be used to cover any capital and operating
16 expenses related to the provision of off-hours, night, or
17 sleep time child care for first responders. Funding awarded
18 under this Section shall be funded through appropriations from
19 the Off-Hours Child Care Program Fund created under subsection
20 (d). The Department shall implement the program by July 1,
21 2023. The Department may adopt any rules necessary to
22 implement the program.

23 (d) The Off-Hours Child Care Program Fund is created as a
24 special fund in the State treasury. The Fund shall consist of
25 any moneys appropriated to the Department of Human Services
26 for the Off-Hours Child Care Program. Moneys in the Fund shall

1 be expended for the Off-Hours Child Care Program and for no
2 other purpose. All interest earned on moneys in the Fund shall
3 be deposited into the Fund.

4 (e) This Section is repealed on July 1, 2026.

16 Insurance. The personnel of the Insurance Compliance Division
17 are transferred to the Department of Insurance. The status and
18 rights of such personnel under the Personnel Code are not
19 affected by the transfer. The rights of the employees and the
20 State of Illinois and its agencies under the Personnel Code
21 and applicable collective bargaining agreements or under any
22 pension, retirement, or annuity plan are not affected by
23 Public Act 102-37. All books, records, papers, documents,
24 property (real and personal), contracts, causes of action, and

1 pending business pertaining to the powers, duties, rights, and

14 transferred by Public Act 102-37, the Department of Insurance
15 shall make, give, furnish, or serve them.

16 (c) Public Act 102-37 does not affect any act done,

19 administrative, civil, or criminal cause by the Insurance
20 Compliance Division before July 1, 2021 (the effective date of
21 Public Act 102-37). Such actions or proceedings may be

24 and responsibilities of the Insurance Compliance Division and
25 are in force on July 1, 2021 (the effective date of Public Act
26 102-37) become the rules of the Department of Insurance.

1 Public Act 102-37 does not affect the legality of any such
2 rules.

3 (e) Any proposed rules filed with the Secretary of State
4 by the Illinois Workers' Compensation Commission that are
5 pending in the rulemaking process on July 1, 2021 (the
6 effective date of Public Act 102-37) and pertain to the
7 transferred powers, duties, rights, and responsibilities are
8 deemed to have been filed by the Department of Insurance. As
9 soon as practicable, the Department of Insurance shall revise
10 and clarify the rules transferred to it under Public Act
11 102-37 ~~to~~ to reflect the reorganization of powers, duties,

14 under the Illinois Administrative Procedure Act, except that
15 existing title, part, and section numbering for the affected
16 rules may be retained. The Department of Insurance may propose
17 and adopt under the Illinois Administrative Procedure Act
18 other rules of the Illinois Workers' Compensation Commission
19 pertaining to Public Act 102-37 that are administered by the
20 Department of Insurance.

11 the judgment of conviction was vacated.

12 (K) "Seal" means to physically and electronically
13 maintain the records, unless the records would
14 otherwise be destroyed due to age, but to make the
15 records unavailable without a court order, subject to
16 the exceptions in Sections 12 and 13 of this Act. The
17 petitioner's name shall also be obliterated from the
18 official index required to be kept by the circuit
19 court clerk under Section 16 of the Clerks of Courts
20 Act, but any index issued by the circuit court clerk
21 before the entry of the order to seal shall not be
22 affected.

23 (L) "Sexual offense committed against a minor"
24 includes, but is not limited to, the offenses of
25 indecent solicitation of a child or criminal sexual
26 abuse when the victim of such offense is under 18 years

1 of age.

2 (M) "Terminate" as it relates to a sentence or
3 order of supervision or qualified probation includes
4 either satisfactory or unsatisfactory termination of
5 the sentence, unless otherwise specified in this
6 Section. A sentence is terminated notwithstanding any
7 outstanding financial legal obligation.

8 (2) Minor Traffic Offenses. Orders of supervision or
9 convictions for minor traffic offenses shall not affect a
10 petitioner's eligibility to expunge or seal records
11 pursuant to this Section.

12 (2.5) Commencing 180 days after July 29, 2016 (the
13 effective date of Public Act 99-697), the law enforcement
14 agency issuing the citation shall automatically expunge,
15 on or before January 1 and July 1 of each year, the law
16 enforcement records of a person found to have committed a
17 civil law violation of subsection (a) of Section 4 of the
18 Cannabis Control Act or subsection (c) of Section 3.5 of
19 the Drug Paraphernalia Control Act in the law enforcement
20 agency's possession or control and which contains the
21 final satisfactory disposition which pertain to the person
22 issued a citation for that offense. The law enforcement
23 agency shall provide by rule the process for access,
24 review, and to confirm the automatic expungement by the
25 law enforcement agency issuing the citation. Commencing
26 180 days after July 29, 2016 (the effective date of Public

1 Act 99-697), the clerk of the circuit court shall expunge,
2 upon order of the court, or in the absence of a court order
3 on or before January 1 and July 1 of each year, the court
4 records of a person found in the circuit court to have
5 committed a civil law violation of subsection (a) of
6 Section 4 of the Cannabis Control Act or subsection (c) of
7 Section 3.5 of the Drug Paraphernalia Control Act in the
8 clerk's possession or control and which contains the final
9 satisfactory disposition which pertain to the person
10 issued a citation for any of those offenses.

11 (3) Exclusions. Except as otherwise provided in
12 subsections (b)(5), (b)(6), (b)(8), (e), (e-5), and (e-6)
13 of this Section, the court shall not order:

14 (A) the sealing or expungement of the records of
15 arrests or charges not initiated by arrest that result
16 in an order of supervision for or conviction of: (i)
17 any sexual offense committed against a minor; (ii)
18 Section 11-501 of the Illinois Vehicle Code or a
19 similar provision of a local ordinance; or (iii)
20 Section 11-503 of the Illinois Vehicle Code or a
21 similar provision of a local ordinance, unless the
22 arrest or charge is for a misdemeanor violation of
23 subsection (a) of Section 11-503 or a similar
24 provision of a local ordinance, that occurred prior to
25 the offender reaching the age of 25 years and the
26 offender has no other conviction for violating Section

1 11-501 or 11-503 of the Illinois Vehicle Code or a
2 similar provision of a local ordinance.

3 (B) the sealing or expungement of records of minor
4 traffic offenses (as defined in subsection (a)(1)(G)),
5 unless the petitioner was arrested and released
6 without charging.

7 (C) the sealing of the records of arrests or
8 charges not initiated by arrest which result in an
9 order of supervision or a conviction for the following
10 offenses:

11 (i) offenses included in Article 11 of the
12 Criminal Code of 1961 or the Criminal Code of 2012
13 or a similar provision of a local ordinance,
14 except Section 11-14 and a misdemeanor violation
15 of Section 11-30 of the Criminal Code of 1961 or
16 the Criminal Code of 2012, or a similar provision
17 of a local ordinance;

18 (ii) Section 11-1.50, 12-3.4, 12-15, 12-30,
19 26-5, or 48-1 of the Criminal Code of 1961 or the
20 Criminal Code of 2012, or a similar provision of a
21 local ordinance;

22 (iii) Section 12-3.1 or 12-3.2 of the Criminal
23 Code of 1961 or the Criminal Code of 2012, or
24 Section 125 of the Stalking No Contact Order Act,
25 or Section 219 of the Civil No Contact Order Act,
26 or a similar provision of a local ordinance;

1 (iv) Class A misdemeanors or felony offenses
2 under the Humane Care for Animals Act; or

3 (v) any offense or attempted offense that
4 would subject a person to registration under the
5 Sex Offender Registration Act.

6 (D) (blank).

7 (b) Expungement.

8 (1) A petitioner may petition the circuit court to
9 expunge the records of his or her arrests and charges not
10 initiated by arrest when each arrest or charge not
11 initiated by arrest sought to be expunged resulted in: (i)
12 acquittal, dismissal, or the petitioner's release without
13 charging, unless excluded by subsection (a)(3)(B); (ii) a
14 conviction which was vacated or reversed, unless excluded
15 by subsection (a)(3)(B); (iii) an order of supervision and
16 such supervision was successfully completed by the
17 petitioner, unless excluded by subsection (a)(3)(A) or
18 (a)(3)(B); or (iv) an order of qualified probation (as
19 defined in subsection (a)(1)(J)) and such probation was
20 successfully completed by the petitioner.

21 (1.5) When a petitioner seeks to have a record of
22 arrest expunged under this Section, and the offender has
23 been convicted of a criminal offense, the State's Attorney
24 may object to the expungement on the grounds that the
25 records contain specific relevant information aside from
26 the mere fact of the arrest.

1 (2) Time frame for filing a petition to expunge.

2 (A) When the arrest or charge not initiated by
3 arrest sought to be expunged resulted in an acquittal,
4 dismissal, the petitioner's release without charging,
5 or the reversal or vacation of a conviction, there is
6 no waiting period to petition for the expungement of
7 such records.

8 (A-5) In anticipation of the successful completion
9 of a problem-solving court, pre-plea diversion, or
10 post-plea diversion program, a petition for
11 expungement may be filed 61 days before the
12 anticipated dismissal of the case or any time
13 thereafter. Upon successful completion of the program
14 and dismissal of the case, the court shall review the
15 petition of the person graduating from the program and
16 shall grant expungement if the petitioner meets all
17 requirements as specified in any applicable statute.

18 (B) When the arrest or charge not initiated by
19 arrest sought to be expunged resulted in an order of
20 supervision, successfully completed by the petitioner,
21 the following time frames will apply:

22 (i) Those arrests or charges that resulted in
23 orders of supervision under Section 3-707, 3-708,
24 3-710, or 5-401.3 of the Illinois Vehicle Code or
25 a similar provision of a local ordinance, or under
26 Section 11-1.50, 12-3.2, or 12-15 of the Criminal

1 Code of 1961 or the Criminal Code of 2012, or a
2 similar provision of a local ordinance, shall not
3 be eligible for expungement until 5 years have
4 passed following the satisfactory termination of
5 the supervision.

6 (i-5) Those arrests or charges that resulted
7 in orders of supervision for a misdemeanor
8 violation of subsection (a) of Section 11-503 of
9 the Illinois Vehicle Code or a similar provision
10 of a local ordinance, that occurred prior to the
11 offender reaching the age of 25 years and the
12 offender has no other conviction for violating
13 Section 11-501 or 11-503 of the Illinois Vehicle
14 Code or a similar provision of a local ordinance
15 shall not be eligible for expungement until the
16 petitioner has reached the age of 25 years.

17 (ii) Those arrests or charges that resulted in
18 orders of supervision for any other offenses shall
19 not be eligible for expungement until 2 years have
20 passed following the satisfactory termination of
21 the supervision.

22 (C) When the arrest or charge not initiated by
23 arrest sought to be expunged resulted in an order of
24 qualified probation, successfully completed by the
25 petitioner, such records shall not be eligible for
26 expungement until 5 years have passed following the

1 satisfactory termination of the probation.

2 (3) Those records maintained by the Illinois State
3 Police for persons arrested prior to their 17th birthday
4 shall be expunged as provided in Section 5-915 of the
5 Juvenile Court Act of 1987.

6 (4) Whenever a person has been arrested for or
7 convicted of any offense, in the name of a person whose
8 identity he or she has stolen or otherwise come into
9 possession of, the aggrieved person from whom the identity
10 was stolen or otherwise obtained without authorization,
11 upon learning of the person having been arrested using his
12 or her identity, may, upon verified petition to the chief
13 judge of the circuit wherein the arrest was made, have a
14 court order entered nunc pro tunc by the Chief Judge to
15 correct the arrest record, conviction record, if any, and
16 all official records of the arresting authority, the
17 Illinois State Police, other criminal justice agencies,
18 the prosecutor, and the trial court concerning such
19 arrest, if any, by removing his or her name from all such
20 records in connection with the arrest and conviction, if
21 any, and by inserting in the records the name of the
22 offender, if known or ascertainable, in lieu of the
23 aggrieved's name. The records of the circuit court clerk
24 shall be sealed until further order of the court upon good
25 cause shown and the name of the aggrieved person
26 obliterated on the official index required to be kept by

1 the circuit court clerk under Section 16 of the Clerks of
2 Courts Act, but the order shall not affect any index
3 issued by the circuit court clerk before the entry of the
4 order. Nothing in this Section shall limit the Illinois
5 State Police or other criminal justice agencies or
6 prosecutors from listing under an offender's name the
7 false names he or she has used.

8 (5) Whenever a person has been convicted of criminal
9 sexual assault, aggravated criminal sexual assault,
10 predatory criminal sexual assault of a child, criminal
11 sexual abuse, or aggravated criminal sexual abuse, the
12 victim of that offense may request that the State's
13 Attorney of the county in which the conviction occurred
14 file a verified petition with the presiding trial judge at
15 the petitioner's trial to have a court order entered to
16 seal the records of the circuit court clerk in connection
17 with the proceedings of the trial court concerning that
18 offense. However, the records of the arresting authority
19 and the Illinois State Police concerning the offense shall
20 not be sealed. The court, upon good cause shown, shall
21 make the records of the circuit court clerk in connection
22 with the proceedings of the trial court concerning the
23 offense available for public inspection.

24 (6) If a conviction has been set aside on direct
25 review or on collateral attack and the court determines by
26 clear and convincing evidence that the petitioner was

1 factually innocent of the charge, the court that finds the
2 petitioner factually innocent of the charge shall enter an
3 expungement order for the conviction for which the
4 petitioner has been determined to be innocent as provided
5 in subsection (b) of Section 5-5-4 of the Unified Code of
6 Corrections.

7 (7) Nothing in this Section shall prevent the Illinois
8 State Police from maintaining all records of any person
9 who is admitted to probation upon terms and conditions and
10 who fulfills those terms and conditions pursuant to
11 Section 10 of the Cannabis Control Act, Section 410 of the
12 Illinois Controlled Substances Act, Section 70 of the
13 Methamphetamine Control and Community Protection Act,
14 Section 5-6-3.3 or 5-6-3.4 of the Unified Code of
15 Corrections, Section 12-4.3 or subdivision (b)(1) of
16 Section 12-3.05 of the Criminal Code of 1961 or the
17 Criminal Code of 2012, Section 10-102 of the Illinois
18 Alcoholism and Other Drug Dependency Act, Section 40-10 of
19 the Substance Use Disorder Act, or Section 10 of the
20 Steroid Control Act.

21 (8) If the petitioner has been granted a certificate
22 of innocence under Section 2-702 of the Code of Civil
23 Procedure, the court that grants the certificate of
24 innocence shall also enter an order expunging the
25 conviction for which the petitioner has been determined to
26 be innocent as provided in subsection (h) of Section 2-702

1 of the Code of Civil Procedure.

2 (c) Sealing.

3 (1) Applicability. Notwithstanding any other provision
4 of this Act to the contrary, and cumulative with any
5 rights to expungement of criminal records, this subsection
6 authorizes the sealing of criminal records of adults and
7 of minors prosecuted as adults. Subsection (g) of this
8 Section provides for immediate sealing of certain records.

9 (2) Eligible Records. The following records may be
10 sealed:

11 (A) All arrests resulting in release without
12 charging;

13 (B) Arrests or charges not initiated by arrest
14 resulting in acquittal, dismissal, or conviction when
15 the conviction was reversed or vacated, except as
16 excluded by subsection (a) (3) (B);

17 (C) Arrests or charges not initiated by arrest
18 resulting in orders of supervision, including orders
19 of supervision for municipal ordinance violations,
20 successfully completed by the petitioner, unless
21 excluded by subsection (a) (3);

22 (D) Arrests or charges not initiated by arrest
23 resulting in convictions, including convictions on
24 municipal ordinance violations, unless excluded by
25 subsection (a) (3);

26 (E) Arrests or charges not initiated by arrest

1 resulting in orders of first offender probation under
2 Section 10 of the Cannabis Control Act, Section 410 of
3 the Illinois Controlled Substances Act, Section 70 of
4 the Methamphetamine Control and Community Protection
5 Act, or Section 5-6-3.3 of the Unified Code of
6 Corrections; and

7 (F) Arrests or charges not initiated by arrest
8 resulting in felony convictions unless otherwise
9 excluded by subsection (a) paragraph (3) of this
10 Section.

11 (3) When Records Are Eligible to Be Sealed. Records
12 identified as eligible under subsection (c)(2) may be
13 sealed as follows:

14 (A) Records identified as eligible under
15 subsections (c)(2)(A) and (c)(2)(B) may be sealed at
16 any time.

17 (B) Except as otherwise provided in subparagraph
18 (E) of this paragraph (3), records identified as
19 eligible under subsection (c)(2)(C) may be sealed 2
20 years after the termination of petitioner's last
21 sentence (as defined in subsection (a)(1)(F)).

22 (C) Except as otherwise provided in subparagraph
23 (E) of this paragraph (3), records identified as
24 eligible under subsections (c)(2)(D), (c)(2)(E), and
25 (c)(2)(F) may be sealed 3 years after the termination
26 of the petitioner's last sentence (as defined in

1 subsection (a)(1)(F)). Convictions requiring public
2 registration under the Arsonist Registry Act, the Sex
3 Offender Registration Act, or the Murderer and Violent
4 Offender Against Youth Registration Act may not be
5 sealed until the petitioner is no longer required to
6 register under that relevant Act.

7 (D) Records identified in subsection
8 (a)(3)(A)(iii) may be sealed after the petitioner has
9 reached the age of 25 years.

10 (E) Records identified as eligible under
11 subsection (c)(2)(C), (c)(2)(D), (c)(2)(E), or
12 (c)(2)(F) may be sealed upon termination of the
13 petitioner's last sentence if the petitioner earned a
14 high school diploma, associate's degree, career
15 certificate, vocational technical certification, or
16 bachelor's degree, or passed the high school level
17 Test of General Educational Development, during the
18 period of his or her sentence or mandatory supervised
19 release. This subparagraph shall apply only to a
20 petitioner who has not completed the same educational
21 goal prior to the period of his or her sentence or
22 mandatory supervised release. If a petition for
23 sealing eligible records filed under this subparagraph
24 is denied by the court, the time periods under
25 subparagraph (B) or (C) shall apply to any subsequent
26 petition for sealing filed by the petitioner.

1 (4) Subsequent felony convictions. A person may not
2 have subsequent felony conviction records sealed as
3 provided in this subsection (c) if he or she is convicted
4 of any felony offense after the date of the sealing of
5 prior felony convictions as provided in this subsection
6 (c). The court may, upon conviction for a subsequent
7 felony offense, order the unsealing of prior felony
8 conviction records previously ordered sealed by the court.

9 (5) Notice of eligibility for sealing. Upon entry of a
10 disposition for an eligible record under this subsection
11 (c), the petitioner shall be informed by the court of the
12 right to have the records sealed and the procedures for
13 the sealing of the records.

14 (d) Procedure. The following procedures apply to
15 expungement under subsections (b), (e), and (e-6) and sealing
16 under subsections (c) and (e-5):

17 (1) Filing the petition. Upon becoming eligible to
18 petition for the expungement or sealing of records under
19 this Section, the petitioner shall file a petition
20 requesting the expungement or sealing of records with the
21 clerk of the court where the arrests occurred or the
22 charges were brought, or both. If arrests occurred or
23 charges were brought in multiple jurisdictions, a petition
24 must be filed in each such jurisdiction. The petitioner
25 shall pay the applicable fee, except no fee shall be
26 required if the petitioner has obtained a court order

1 waiving fees under Supreme Court Rule 298 or it is
2 otherwise waived.

3 (1.5) County fee waiver pilot program. From August 9,
4 2019 (the effective date of Public Act 101-306) through
5 December 31, 2020, in a county of 3,000,000 or more
6 inhabitants, no fee shall be required to be paid by a
7 petitioner if the records sought to be expunged or sealed
8 were arrests resulting in release without charging or
9 arrests or charges not initiated by arrest resulting in
10 acquittal, dismissal, or conviction when the conviction
11 was reversed or vacated, unless excluded by subsection
12 (a)(3)(B). The provisions of this paragraph (1.5), other
13 than this sentence, are inoperative on and after January
14 1, 2022.

15 (2) Contents of petition. The petition shall be
16 verified and shall contain the petitioner's name, date of
17 birth, current address and, for each arrest or charge not
18 initiated by arrest sought to be sealed or expunged, the
19 case number, the date of arrest (if any), the identity of
20 the arresting authority, and such other information as the
21 court may require. During the pendency of the proceeding,
22 the petitioner shall promptly notify the circuit court
23 clerk of any change of his or her address. If the
24 petitioner has received a certificate of eligibility for
25 sealing from the Prisoner Review Board under paragraph
26 (10) of subsection (a) of Section 3-3-2 of the Unified

1 Code of Corrections, the certificate shall be attached to
2 the petition.

3 (3) Drug test. The petitioner must attach to the
4 petition proof that the petitioner has taken within 30
5 days before the filing of the petition a test showing the
6 absence within his or her body of all illegal substances
7 as defined by the Illinois Controlled Substances Act and
8 the Methamphetamine Control and Community Protection Act
9 if he or she is petitioning to:

10 (A) seal felony records under clause (c) (2) (E);

11 (B) seal felony records for a violation of the
12 Illinois Controlled Substances Act, the
13 Methamphetamine Control and Community Protection Act,
14 or the Cannabis Control Act under clause (c) (2) (F);

15 (C) seal felony records under subsection (e-5); or

16 (D) expunge felony records of a qualified
17 probation under clause (b) (1) (iv).

18 (4) Service of petition. The circuit court clerk shall
19 promptly serve a copy of the petition and documentation to
20 support the petition under subsection (e-5) or (e-6) on
21 the State's Attorney or prosecutor charged with the duty
22 of prosecuting the offense, the Illinois State Police, the
23 arresting agency and the chief legal officer of the unit
24 of local government effecting the arrest.

25 (5) Objections.

26 (A) Any party entitled to notice of the petition

1 may file an objection to the petition. All objections
2 shall be in writing, shall be filed with the circuit
3 court clerk, and shall state with specificity the
4 basis of the objection. Whenever a person who has been
5 convicted of an offense is granted a pardon by the
6 Governor which specifically authorizes expungement, an
7 objection to the petition may not be filed.

8 (B) Objections to a petition to expunge or seal
9 must be filed within 60 days of the date of service of
10 the petition.

11 (6) Entry of order.

12 (A) The Chief Judge of the circuit wherein the
13 charge was brought, any judge of that circuit
14 designated by the Chief Judge, or in counties of less
15 than 3,000,000 inhabitants, the presiding trial judge
16 at the petitioner's trial, if any, shall rule on the
17 petition to expunge or seal as set forth in this
18 subsection (d) (6).

19 (B) Unless the State's Attorney or prosecutor, the
20 Illinois State Police, the arresting agency, or the
21 chief legal officer files an objection to the petition
22 to expunge or seal within 60 days from the date of
23 service of the petition, the court shall enter an
24 order granting or denying the petition.

25 (C) Notwithstanding any other provision of law,
26 the court shall not deny a petition for sealing under

1 this Section because the petitioner has not satisfied
2 an outstanding legal financial obligation established,
3 imposed, or originated by a court, law enforcement
4 agency, or a municipal, State, county, or other unit
5 of local government, including, but not limited to,
6 any cost, assessment, fine, or fee. An outstanding
7 legal financial obligation does not include any court
8 ordered restitution to a victim under Section 5-5-6 of
9 the Unified Code of Corrections, unless the
10 restitution has been converted to a civil judgment.
11 Nothing in this subparagraph (C) waives, rescinds, or
12 abrogates a legal financial obligation or otherwise
13 eliminates or affects the right of the holder of any
14 financial obligation to pursue collection under
15 applicable federal, State, or local law.

16 (D) Notwithstanding any other provision of law,
17 the court shall not deny a petition to expunge or seal
18 under this Section because the petitioner has
19 submitted a drug test taken within 30 days before the
20 filing of the petition to expunge or seal that
21 indicates a positive test for the presence of cannabis
22 within the petitioner's body. In this subparagraph
23 (D), "cannabis" has the meaning ascribed to it in
24 Section 3 of the Cannabis Control Act.

25 (7) Hearings. If an objection is filed, the court
26 shall set a date for a hearing and notify the petitioner

1 and all parties entitled to notice of the petition of the
2 hearing date at least 30 days prior to the hearing. Prior
3 to the hearing, the State's Attorney shall consult with
4 the Illinois State Police as to the appropriateness of the
5 relief sought in the petition to expunge or seal. At the
6 hearing, the court shall hear evidence on whether the
7 petition should or should not be granted, and shall grant
8 or deny the petition to expunge or seal the records based
9 on the evidence presented at the hearing. The court may
10 consider the following:

11 (A) the strength of the evidence supporting the
12 defendant's conviction;

13 (B) the reasons for retention of the conviction
14 records by the State;

15 (C) the petitioner's age, criminal record history,
16 and employment history;

17 (D) the period of time between the petitioner's
18 arrest on the charge resulting in the conviction and
19 the filing of the petition under this Section; and

20 (E) the specific adverse consequences the
21 petitioner may be subject to if the petition is
22 denied.

23 (8) Service of order. After entering an order to
24 expunge or seal records, the court must provide copies of
25 the order to the Illinois State Police, in a form and
26 manner prescribed by the Illinois State Police, to the

1 petitioner, to the State's Attorney or prosecutor charged
2 with the duty of prosecuting the offense, to the arresting
3 agency, to the chief legal officer of the unit of local
4 government effecting the arrest, and to such other
5 criminal justice agencies as may be ordered by the court.

6 (9) Implementation of order.

7 (A) Upon entry of an order to expunge records
8 pursuant to subsection (b) (2) (A) or (b) (2) (B) (ii), or
9 both:

10 (i) the records shall be expunged (as defined
11 in subsection (a) (1) (E)) by the arresting agency,
12 the Illinois State Police, and any other agency as
13 ordered by the court, within 60 days of the date of
14 service of the order, unless a motion to vacate,
15 modify, or reconsider the order is filed pursuant
16 to paragraph (12) of subsection (d) of this
17 Section;

18 (ii) the records of the circuit court clerk
19 shall be impounded until further order of the
20 court upon good cause shown and the name of the
21 petitioner obliterated on the official index
22 required to be kept by the circuit court clerk
23 under Section 16 of the Clerks of Courts Act, but
24 the order shall not affect any index issued by the
25 circuit court clerk before the entry of the order;
26 and

1 (iii) in response to an inquiry for expunged
2 records, the court, the Illinois State Police, or
3 the agency receiving such inquiry, shall reply as
4 it does in response to inquiries when no records
5 ever existed.

6 (B) Upon entry of an order to expunge records
7 pursuant to subsection (b)(2)(B)(i) or (b)(2)(C), or
8 both:

9 (i) the records shall be expunged (as defined
10 in subsection (a)(1)(E)) by the arresting agency
11 and any other agency as ordered by the court,
12 within 60 days of the date of service of the order,
13 unless a motion to vacate, modify, or reconsider
14 the order is filed pursuant to paragraph (12) of
15 subsection (d) of this Section;

16 (ii) the records of the circuit court clerk
17 shall be impounded until further order of the
18 court upon good cause shown and the name of the
19 petitioner obliterated on the official index
20 required to be kept by the circuit court clerk
21 under Section 16 of the Clerks of Courts Act, but
22 the order shall not affect any index issued by the
23 circuit court clerk before the entry of the order;

24 (iii) the records shall be impounded by the
25 Illinois State Police within 60 days of the date
26 of service of the order as ordered by the court,

1 unless a motion to vacate, modify, or reconsider
2 the order is filed pursuant to paragraph (12) of
3 subsection (d) of this Section;

4 (iv) records impounded by the Illinois State
5 Police may be disseminated by the Illinois State
6 Police only as required by law or to the arresting
7 authority, the State's Attorney, and the court
8 upon a later arrest for the same or a similar
9 offense or for the purpose of sentencing for any
10 subsequent felony, and to the Department of
11 Corrections upon conviction for any offense; and

12 (v) in response to an inquiry for such records
13 from anyone not authorized by law to access such
14 records, the court, the Illinois State Police, or
15 the agency receiving such inquiry shall reply as
16 it does in response to inquiries when no records
17 ever existed.

18 (B-5) Upon entry of an order to expunge records
19 under subsection (e-6):

20 (i) the records shall be expunged (as defined
21 in subsection (a)(1)(E)) by the arresting agency
22 and any other agency as ordered by the court,
23 within 60 days of the date of service of the order,
24 unless a motion to vacate, modify, or reconsider
25 the order is filed under paragraph (12) of
26 subsection (d) of this Section;

1 (ii) the records of the circuit court clerk
2 shall be impounded until further order of the
3 court upon good cause shown and the name of the
4 petitioner obliterated on the official index
5 required to be kept by the circuit court clerk
6 under Section 16 of the Clerks of Courts Act, but
7 the order shall not affect any index issued by the
8 circuit court clerk before the entry of the order;

9 (iii) the records shall be impounded by the
10 Illinois State Police within 60 days of the date
11 of service of the order as ordered by the court,
12 unless a motion to vacate, modify, or reconsider
13 the order is filed under paragraph (12) of
14 subsection (d) of this Section;

15 (iv) records impounded by the Illinois State
16 Police may be disseminated by the Illinois State
17 Police only as required by law or to the arresting
18 authority, the State's Attorney, and the court
19 upon a later arrest for the same or a similar
20 offense or for the purpose of sentencing for any
21 subsequent felony, and to the Department of
22 Corrections upon conviction for any offense; and

23 (v) in response to an inquiry for these
24 records from anyone not authorized by law to
25 access the records, the court, the Illinois State
26 Police, or the agency receiving the inquiry shall

1 reply as it does in response to inquiries when no
2 records ever existed.

3 (C) Upon entry of an order to seal records under
4 subsection (c), the arresting agency, any other agency
5 as ordered by the court, the Illinois State Police,
6 and the court shall seal the records (as defined in
7 subsection (a)(1)(K)). In response to an inquiry for
8 such records, from anyone not authorized by law to
9 access such records, the court, the Illinois State
10 Police, or the agency receiving such inquiry shall
11 reply as it does in response to inquiries when no
12 records ever existed.

13 (D) The Illinois State Police shall send written
14 notice to the petitioner of its compliance with each
15 order to expunge or seal records within 60 days of the
16 date of service of that order or, if a motion to
17 vacate, modify, or reconsider is filed, within 60 days
18 of service of the order resolving the motion, if that
19 order requires the Illinois State Police to expunge or
20 seal records. In the event of an appeal from the
21 circuit court order, the Illinois State Police shall
22 send written notice to the petitioner of its
23 compliance with an Appellate Court or Supreme Court
24 judgment to expunge or seal records within 60 days of
25 the issuance of the court's mandate. The notice is not
26 required while any motion to vacate, modify, or

1 reconsider, or any appeal or petition for
2 discretionary appellate review, is pending.

3 (E) Upon motion, the court may order that a sealed
4 judgment or other court record necessary to
5 demonstrate the amount of any legal financial
6 obligation due and owing be made available for the
7 limited purpose of collecting any legal financial
8 obligations owed by the petitioner that were
9 established, imposed, or originated in the criminal
10 proceeding for which those records have been sealed.
11 The records made available under this subparagraph (E)
12 shall not be entered into the official index required
13 to be kept by the circuit court clerk under Section 16
14 of the Clerks of Courts Act and shall be immediately
15 re-impounded upon the collection of the outstanding
16 financial obligations.

17 (F) Notwithstanding any other provision of this
18 Section, a circuit court clerk may access a sealed
19 record for the limited purpose of collecting payment
20 for any legal financial obligations that were
21 established, imposed, or originated in the criminal
22 proceedings for which those records have been sealed.

23 (10) Fees. The Illinois State Police may charge the
24 petitioner a fee equivalent to the cost of processing any
25 order to expunge or seal records. Notwithstanding any
26 provision of the Clerks of Courts Act to the contrary, the

1 circuit court clerk may charge a fee equivalent to the
2 cost associated with the sealing or expungement of records
3 by the circuit court clerk. From the total filing fee
4 collected for the petition to seal or expunge, the circuit
5 court clerk shall deposit \$10 into the Circuit Court Clerk
6 Operation and Administrative Fund, to be used to offset
7 the costs incurred by the circuit court clerk in
8 performing the additional duties required to serve the
9 petition to seal or expunge on all parties. The circuit
10 court clerk shall collect and remit the Illinois State
11 Police portion of the fee to the State Treasurer and it
12 shall be deposited in the State Police Services Fund. If
13 the record brought under an expungement petition was
14 previously sealed under this Section, the fee for the
15 expungement petition for that same record shall be waived.

16 (11) Final Order. No court order issued under the
17 expungement or sealing provisions of this Section shall
18 become final for purposes of appeal until 30 days after
19 service of the order on the petitioner and all parties
20 entitled to notice of the petition.

21 (12) Motion to Vacate, Modify, or Reconsider. Under
22 Section 2-1203 of the Code of Civil Procedure, the
23 petitioner or any party entitled to notice may file a
24 motion to vacate, modify, or reconsider the order granting
25 or denying the petition to expunge or seal within 60 days
26 of service of the order. If filed more than 60 days after

1 service of the order, a petition to vacate, modify, or
2 reconsider shall comply with subsection (c) of Section
3 2-1401 of the Code of Civil Procedure. Upon filing of a
4 motion to vacate, modify, or reconsider, notice of the
5 motion shall be served upon the petitioner and all parties
6 entitled to notice of the petition.

7 (13) Effect of Order. An order granting a petition
8 under the expungement or sealing provisions of this
9 Section shall not be considered void because it fails to
10 comply with the provisions of this Section or because of
11 any error asserted in a motion to vacate, modify, or
12 reconsider. The circuit court retains jurisdiction to
13 determine whether the order is voidable and to vacate,
14 modify, or reconsider its terms based on a motion filed
15 under paragraph (12) of this subsection (d).

16 (14) Compliance with Order Granting Petition to Seal
17 Records. Unless a court has entered a stay of an order
18 granting a petition to seal, all parties entitled to
19 notice of the petition must fully comply with the terms of
20 the order within 60 days of service of the order even if a
21 party is seeking relief from the order through a motion
22 filed under paragraph (12) of this subsection (d) or is
23 appealing the order.

24 (15) Compliance with Order Granting Petition to
25 Expunge Records. While a party is seeking relief from the
26 order granting the petition to expunge through a motion

1 filed under paragraph (12) of this subsection (d) or is
2 appealing the order, and unless a court has entered a stay
3 of that order, the parties entitled to notice of the
4 petition must seal, but need not expunge, the records
5 until there is a final order on the motion for relief or,
6 in the case of an appeal, the issuance of that court's
7 mandate.

8 (16) The changes to this subsection (d) made by Public
9 Act 98-163 apply to all petitions pending on August 5,
10 2013 (the effective date of Public Act 98-163) and to all
11 orders ruling on a petition to expunge or seal on or after
12 August 5, 2013 (the effective date of Public Act 98-163).

13 (e) Whenever a person who has been convicted of an offense
14 is granted a pardon by the Governor which specifically
15 authorizes expungement, he or she may, upon verified petition
16 to the Chief Judge of the circuit where the person had been
17 convicted, any judge of the circuit designated by the Chief
18 Judge, or in counties of less than 3,000,000 inhabitants, the
19 presiding trial judge at the defendant's trial, have a court
20 order entered expunging the record of arrest from the official
21 records of the arresting authority and order that the records
22 of the circuit court clerk and the Illinois State Police be
23 sealed until further order of the court upon good cause shown
24 or as otherwise provided herein, and the name of the defendant
25 obliterated from the official index requested to be kept by
26 the circuit court clerk under Section 16 of the Clerks of

1 Courts Act in connection with the arrest and conviction for
2 the offense for which he or she had been pardoned but the order
3 shall not affect any index issued by the circuit court clerk
4 before the entry of the order. All records sealed by the
5 Illinois State Police may be disseminated by the Illinois
6 State Police only to the arresting authority, the State's
7 Attorney, and the court upon a later arrest for the same or
8 similar offense or for the purpose of sentencing for any
9 subsequent felony. Upon conviction for any subsequent offense,
10 the Department of Corrections shall have access to all sealed
11 records of the Illinois State Police pertaining to that
12 individual. Upon entry of the order of expungement, the
13 circuit court clerk shall promptly mail a copy of the order to
14 the person who was pardoned.

15 (e-5) Whenever a person who has been convicted of an
16 offense is granted a certificate of eligibility for sealing by
17 the Prisoner Review Board which specifically authorizes
18 sealing, he or she may, upon verified petition to the Chief
19 Judge of the circuit where the person had been convicted, any
20 judge of the circuit designated by the Chief Judge, or in
21 counties of less than 3,000,000 inhabitants, the presiding
22 trial judge at the petitioner's trial, have a court order
23 entered sealing the record of arrest from the official records
24 of the arresting authority and order that the records of the
25 circuit court clerk and the Illinois State Police be sealed
26 until further order of the court upon good cause shown or as

1 otherwise provided herein, and the name of the petitioner
2 obliterated from the official index requested to be kept by
3 the circuit court clerk under Section 16 of the Clerks of
4 Courts Act in connection with the arrest and conviction for
5 the offense for which he or she had been granted the
6 certificate but the order shall not affect any index issued by
7 the circuit court clerk before the entry of the order. All
8 records sealed by the Illinois State Police may be
9 disseminated by the Illinois State Police only as required by
10 this Act or to the arresting authority, a law enforcement
11 agency, the State's Attorney, and the court upon a later
12 arrest for the same or similar offense or for the purpose of
13 sentencing for any subsequent felony. Upon conviction for any
14 subsequent offense, the Department of Corrections shall have
15 access to all sealed records of the Illinois State Police
16 pertaining to that individual. Upon entry of the order of
17 sealing, the circuit court clerk shall promptly mail a copy of
18 the order to the person who was granted the certificate of
19 eligibility for sealing.

20 (e-6) Whenever a person who has been convicted of an
21 offense is granted a certificate of eligibility for
22 expungement by the Prisoner Review Board which specifically
23 authorizes expungement, he or she may, upon verified petition
24 to the Chief Judge of the circuit where the person had been
25 convicted, any judge of the circuit designated by the Chief
26 Judge, or in counties of less than 3,000,000 inhabitants, the

1 presiding trial judge at the petitioner's trial, have a court
2 order entered expunging the record of arrest from the official
3 records of the arresting authority and order that the records
4 of the circuit court clerk and the Illinois State Police be
5 sealed until further order of the court upon good cause shown
6 or as otherwise provided herein, and the name of the
7 petitioner obliterated from the official index requested to be
8 kept by the circuit court clerk under Section 16 of the Clerks
9 of Courts Act in connection with the arrest and conviction for
10 the offense for which he or she had been granted the
11 certificate but the order shall not affect any index issued by
12 the circuit court clerk before the entry of the order. All
13 records sealed by the Illinois State Police may be
14 disseminated by the Illinois State Police only as required by
15 this Act or to the arresting authority, a law enforcement
16 agency, the State's Attorney, and the court upon a later
17 arrest for the same or similar offense or for the purpose of
18 sentencing for any subsequent felony. Upon conviction for any
19 subsequent offense, the Department of Corrections shall have
20 access to all expunged records of the Illinois State Police
21 pertaining to that individual. Upon entry of the order of
22 expungement, the circuit court clerk shall promptly mail a
23 copy of the order to the person who was granted the certificate
24 of eligibility for expungement.

25 (f) Subject to available funding, the Illinois Department
26 of Corrections shall conduct a study of the impact of sealing,

1 especially on employment and recidivism rates, utilizing a
2 random sample of those who apply for the sealing of their
3 criminal records under Public Act 93-211. At the request of
4 the Illinois Department of Corrections, records of the
5 Illinois Department of Employment Security shall be utilized
6 as appropriate to assist in the study. The study shall not
7 disclose any data in a manner that would allow the
8 identification of any particular individual or employing unit.
9 The study shall be made available to the General Assembly no
10 later than September 1, 2010.

11 (g) Immediate Sealing.

12 (1) Applicability. Notwithstanding any other provision
13 of this Act to the contrary, and cumulative with any
14 rights to expungement or sealing of criminal records, this
15 subsection authorizes the immediate sealing of criminal
16 records of adults and of minors prosecuted as adults.

17 (2) Eligible Records. Arrests or charges not initiated
18 by arrest resulting in acquittal or dismissal with
19 prejudice, except as excluded by subsection (a)(3)(B),
20 that occur on or after January 1, 2018 (the effective date
21 of Public Act 100-282), may be sealed immediately if the
22 petition is filed with the circuit court clerk on the same
23 day and during the same hearing in which the case is
24 disposed.

25 (3) When Records are Eligible to be Immediately
26 Sealed. Eligible records under paragraph (2) of this

1 subsection (g) may be sealed immediately after entry of
2 the final disposition of a case, notwithstanding the
3 disposition of other charges in the same case.

4 (4) Notice of Eligibility for Immediate Sealing. Upon
5 entry of a disposition for an eligible record under this
6 subsection (g), the defendant shall be informed by the
7 court of his or her right to have eligible records
8 immediately sealed and the procedure for the immediate
9 sealing of these records.

10 (5) Procedure. The following procedures apply to
11 immediate sealing under this subsection (g).

12 (A) Filing the Petition. Upon entry of the final
13 disposition of the case, the defendant's attorney may
14 immediately petition the court, on behalf of the
15 defendant, for immediate sealing of eligible records
16 under paragraph (2) of this subsection (g) that are
17 entered on or after January 1, 2018 (the effective
18 date of Public Act 100-282). The immediate sealing
19 petition may be filed with the circuit court clerk
20 during the hearing in which the final disposition of
21 the case is entered. If the defendant's attorney does
22 not file the petition for immediate sealing during the
23 hearing, the defendant may file a petition for sealing
24 at any time as authorized under subsection (c) (3) (A).

25 (B) Contents of Petition. The immediate sealing
26 petition shall be verified and shall contain the

1 petitioner's name, date of birth, current address, and
2 for each eligible record, the case number, the date of
3 arrest if applicable, the identity of the arresting
4 authority if applicable, and other information as the
5 court may require.

6 (C) Drug Test. The petitioner shall not be
7 required to attach proof that he or she has passed a
8 drug test.

9 (D) Service of Petition. A copy of the petition
10 shall be served on the State's Attorney in open court.
11 The petitioner shall not be required to serve a copy of
12 the petition on any other agency.

13 (E) Entry of Order. The presiding trial judge
14 shall enter an order granting or denying the petition
15 for immediate sealing during the hearing in which it
16 is filed. Petitions for immediate sealing shall be
17 ruled on in the same hearing in which the final
18 disposition of the case is entered.

19 (F) Hearings. The court shall hear the petition
20 for immediate sealing on the same day and during the
21 same hearing in which the disposition is rendered.

22 (G) Service of Order. An order to immediately seal
23 eligible records shall be served in conformance with
24 subsection (d) (8).

25 (H) Implementation of Order. An order to
26 immediately seal records shall be implemented in

1 conformance with subsections (d) (9) (C) and (d) (9) (D) .

2 (I) Fees. The fee imposed by the circuit court
3 clerk and the Illinois State Police shall comply with
4 paragraph (1) of subsection (d) of this Section.

5 (J) Final Order. No court order issued under this
6 subsection (g) shall become final for purposes of
7 appeal until 30 days after service of the order on the
8 petitioner and all parties entitled to service of the
9 order in conformance with subsection (d) (8) .

10 (K) Motion to Vacate, Modify, or Reconsider. Under
11 Section 2-1203 of the Code of Civil Procedure, the
12 petitioner, State's Attorney, or the Illinois State
13 Police may file a motion to vacate, modify, or
14 reconsider the order denying the petition to
15 immediately seal within 60 days of service of the
16 order. If filed more than 60 days after service of the
17 order, a petition to vacate, modify, or reconsider
18 shall comply with subsection (c) of Section 2-1401 of
19 the Code of Civil Procedure.

20 (L) Effect of Order. An order granting an
21 immediate sealing petition shall not be considered
22 void because it fails to comply with the provisions of
23 this Section or because of an error asserted in a
24 motion to vacate, modify, or reconsider. The circuit
25 court retains jurisdiction to determine whether the
26 order is voidable, and to vacate, modify, or

1 reconsider its terms based on a motion filed under
2 subparagraph (L) of this subsection (g).

3 (M) Compliance with Order Granting Petition to
4 Seal Records. Unless a court has entered a stay of an
5 order granting a petition to immediately seal, all
6 parties entitled to service of the order must fully
7 comply with the terms of the order within 60 days of
8 service of the order.

9 (h) Sealing or vacation and expungement of trafficking
10 victims' crimes.

11 (1) A trafficking victim, as defined by paragraph (10)
12 of subsection (a) of Section 10-9 of the Criminal Code of
13 2012, may petition for vacation and expungement or
14 immediate sealing of his or her criminal record upon the
15 completion of his or her last sentence if his or her
16 participation in the underlying offense was a result of
17 human trafficking under Section 10-9 of the Criminal Code
18 of 2012 or a severe form of trafficking under the federal
19 Trafficking Victims Protection Act.

20 (1.5) A petition under paragraph (1) shall be
21 prepared, signed, and filed in accordance with Supreme
22 Court Rule 9. The court may allow the petitioner to attend
23 any required hearing remotely in accordance with local
24 rules. The court may allow a petition to be filed under
25 seal if the public filing of the petition would constitute
26 a risk of harm to the petitioner.

1 (2) A petitioner under this subsection (h), in
2 addition to the requirements provided under paragraph (4)
3 of subsection (d) of this Section, shall include in his or
4 her petition a clear and concise statement that: (A) he or
5 she was a victim of human trafficking at the time of the
6 offense; and (B) that his or her participation in the
7 offense was a result of human trafficking under Section
8 10-9 of the Criminal Code of 2012 or a severe form of
9 trafficking under the federal Trafficking Victims
10 Protection Act.

11 (3) If an objection is filed alleging that the
12 petitioner is not entitled to vacation and expungement or
13 immediate sealing under this subsection (h), the court
14 shall conduct a hearing under paragraph (7) of subsection
15 (d) of this Section and the court shall determine whether
16 the petitioner is entitled to vacation and expungement or
17 immediate sealing under this subsection (h). A petitioner
18 is eligible for vacation and expungement or immediate
19 relief under this subsection (h) if he or she shows, by a
20 preponderance of the evidence, that: (A) he or she was a
21 victim of human trafficking at the time of the offense;
22 and (B) that his or her participation in the offense was a
23 result of human trafficking under Section 10-9 of the
24 Criminal Code of 2012 or a severe form of trafficking
25 under the federal Trafficking Victims Protection Act.

26 (i) Minor Cannabis Offenses under the Cannabis Control

1 Act.

2 (1) Expungement of Arrest Records of Minor Cannabis
3 Offenses.

4 (A) The Illinois State Police and all law
5 enforcement agencies within the State shall
6 automatically expunge all criminal history records of
7 an arrest, charge not initiated by arrest, order of
8 supervision, or order of qualified probation for a
9 Minor Cannabis Offense committed prior to June 25,
10 2019 (the effective date of Public Act 101-27) if:

11 (i) One year or more has elapsed since the
12 date of the arrest or law enforcement interaction
13 documented in the records; and

14 (ii) No criminal charges were filed relating
15 to the arrest or law enforcement interaction or
16 criminal charges were filed and subsequently
17 dismissed or vacated or the arrestee was
18 acquitted.

19 (B) If the law enforcement agency is unable to
20 verify satisfaction of condition (ii) in paragraph
21 (A), records that satisfy condition (i) in paragraph
22 (A) shall be automatically expunged.

23 (C) Records shall be expunged by the law
24 enforcement agency under the following timelines:

25 (i) Records created prior to June 25, 2019
26 (the effective date of Public Act 101-27), but on

1 or after January 1, 2013, shall be automatically
2 expunged prior to January 1, 2021;

3 (ii) Records created prior to January 1, 2013,
4 but on or after January 1, 2000, shall be
5 automatically expunged prior to January 1, 2023;

6 (iii) Records created prior to January 1, 2000
7 shall be automatically expunged prior to January
8 1, 2025.

9 In response to an inquiry for expunged records,
10 the law enforcement agency receiving such inquiry
11 shall reply as it does in response to inquiries when no
12 records ever existed; however, it shall provide a
13 certificate of disposition or confirmation that the
14 record was expunged to the individual whose record was
15 expunged if such a record exists.

16 (D) Nothing in this Section shall be construed to
17 restrict or modify an individual's right to have that
18 individual's records expunged except as otherwise may
19 be provided in this Act, or diminish or abrogate any
20 rights or remedies otherwise available to the
21 individual.

22 (2) Pardons Authorizing Expungement of Minor Cannabis
23 Offenses.

24 (A) Upon June 25, 2019 (the effective date of
25 Public Act 101-27), the Department of State Police
26 shall review all criminal history record information

1 and identify all records that meet all of the
2 following criteria:

3 (i) one or more convictions for a Minor
4 Cannabis Offense;

5 (ii) the conviction identified in paragraph
6 (2) (A) (i) did not include a penalty enhancement
7 under Section 7 of the Cannabis Control Act; and

8 (iii) the conviction identified in paragraph
9 (2) (A) (i) is not associated with a conviction for
10 a violent crime as defined in subsection (c) of
11 Section 3 of the Rights of Crime Victims and
12 Witnesses Act.

13 (B) Within 180 days after June 25, 2019 (the
14 effective date of Public Act 101-27), the Department
15 of State Police shall notify the Prisoner Review Board
16 of all such records that meet the criteria established
17 in paragraph (2) (A) .

18 (i) The Prisoner Review Board shall notify the
19 State's Attorney of the county of conviction of
20 each record identified by State Police in
21 paragraph (2) (A) that is classified as a Class 4
22 felony. The State's Attorney may provide a written
23 objection to the Prisoner Review Board on the sole
24 basis that the record identified does not meet the
25 criteria established in paragraph (2) (A) . Such an
26 objection must be filed within 60 days or by such

1 later date set by the Prisoner Review Board in the
2 notice after the State's Attorney received notice
3 from the Prisoner Review Board.

4 (ii) In response to a written objection from a
5 State's Attorney, the Prisoner Review Board is
6 authorized to conduct a non-public hearing to
7 evaluate the information provided in the
8 objection.

9 (iii) The Prisoner Review Board shall make a
10 confidential and privileged recommendation to the
11 Governor as to whether to grant a pardon
12 authorizing expungement for each of the records
13 identified by the Department of State Police as
14 described in paragraph (2) (A).

15 (C) If an individual has been granted a pardon
16 authorizing expungement as described in this Section,
17 the Prisoner Review Board, through the Attorney
18 General, shall file a petition for expungement with
19 the Chief Judge of the circuit or any judge of the
20 circuit designated by the Chief Judge where the
21 individual had been convicted. Such petition may
22 include more than one individual. Whenever an
23 individual who has been convicted of an offense is
24 granted a pardon by the Governor that specifically
25 authorizes expungement, an objection to the petition
26 may not be filed. Petitions to expunge under this

1 subsection (i) may include more than one individual.
2 Within 90 days of the filing of such a petition, the
3 court shall enter an order expunging the records of
4 arrest from the official records of the arresting
5 authority and order that the records of the circuit
6 court clerk and the Illinois State Police be expunged
7 and the name of the defendant obliterated from the
8 official index requested to be kept by the circuit
9 court clerk under Section 16 of the Clerks of Courts
10 Act in connection with the arrest and conviction for

1 Section 160. The Department of Transportation Law of the
2 Civil Administrative Code of Illinois is amended by changing
3 Section 2705-440 as follows:

4 (20 ILCS 2705/2705-440) (was 20 ILCS 2705/49.25h)

5 Sec. 2705-440. Intercity Rail Service.

6 (a) For the purposes of providing intercity railroad
7 passenger service within this State and throughout the United
8 States, the Department is authorized to enter into agreements
9 with any state, state agency, unit ~~units~~ of local government
10 or political subdivision ~~subdivisions~~, the Commuter Rail
11 Division of the Regional Transportation Authority (or a public
12 corporation on behalf of that Division), architecture or
13 engineering firm ~~firms~~, the National Railroad Passenger
14 Corporation, any carrier, or any individual, corporation,
15 partnership, or public or private entity. The cost related to
16 such services shall be borne in such proportion as, by
17 agreement or contract the parties may desire.

18 (b) In providing any intercity railroad passenger service
19 as provided in this Section, the Department shall have the
20 following additional powers:

21 (1) to enter into trackage use agreements with rail
22 carriers;

23 (1.5) to freely lease or otherwise contract for any
24 purpose any of the locomotives, passenger railcars, and
25 other rolling stock equipment or accessions to any state

1 or state agency, public or private entity, or quasi-public
2 entities;

3 (2) to enter into haulage agreements with rail
4 carriers;

5 (3) to lease or otherwise contract for use,
6 maintenance, servicing, and repair of any needed
7 locomotives, rolling stock, stations, or other facilities,
8 the lease or contract having a term not to exceed 50 years
9 (but any multi-year contract shall recite that the
10 contract is subject to termination and cancellation,
11 without any penalty, acceleration payment, or other
12 recoupment mechanism, in any fiscal year for which the
13 General Assembly fails to make an adequate appropriation
14 to cover the contract obligation);

15 (4) to enter into management agreements;

16 (5) to include in any contract indemnification of
17 carriers or other parties for any liability with regard to
18 intercity railroad passenger service;

19 (6) to obtain insurance for any losses or claims with
20 respect to the service;

21 (7) to promote the use of the service;

22 (8) to make grants to any body politic and corporate,
23 any unit of local government, or the Commuter Rail
24 Division of the Regional Transportation Authority to cover
25 all or any part of any capital or operating costs of the
26 service and to enter into agreements with respect to those

1 grants;

2 (9) to set any fares or make other regulations with
3 respect to the service, consistent with any contracts for
4 the service; and

5 (10) to otherwise enter into any contracts necessary
6 or convenient to provide rail services, operate or
7 maintain locomotives, passenger railcars, and other
8 rolling stock equipment or accessions, including the lease
9 or use of such locomotives, railcars, equipment, or
10 accessions.

11 (c) All service provided under this Section shall be
12 exempt from all regulations by the Illinois Commerce
13 Commission (other than for safety matters). To the extent the
14 service is provided by the Commuter Rail Division of the
15 Regional Transportation Authority (or a public corporation on
16 behalf of that Division), it shall be exempt from safety
17 regulations of the Illinois Commerce Commission to the extent
18 the Commuter Rail Division adopts its own safety regulations.

19 (d) In connection with any powers exercised under this
20 Section, the Department

21 (1) shall not have the power of eminent domain; and

22 (2) shall not directly operate any railroad service
23 with its own employees.

25 Regional Transportation Authority (or a public corporation on
26 behalf of the Division) under this Section shall provide that

1 all costs in excess of revenue received by the Division
2 generated from intercity rail service provided by the Division
3 shall be fully borne by the Department, and no funds for
4 operation of commuter rail service shall be used, directly or
5 indirectly, or for any period of time, to subsidize the
6 intercity rail operation. If at any time the Division does not
7 have sufficient funds available to satisfy the requirements of
8 this Section, the Division shall forthwith terminate the
9 operation of intercity rail service. The payments made by the
10 Department to the Division for the intercity rail passenger
11 service shall not be made in excess of those costs or as a
12 subsidy for costs of commuter rail operations. This shall not
13 prevent the contract from providing for efficient coordination
14 of service and facilities to promote cost effective operations

16 services with cost allocations as provided in this paragraph.

17 (f) Whenever the Department enters into an agreement with
18 any carrier for the Department's payment of such railroad

21 maintenance funds into an escrow account. Whenever the
22 Department enters into an agreement with any State or State
23 agency, any public or private entity or quasi-public entity

7 which also is authorized to accept and administer trusts in
8 this State. The funds in any required maintenance escrow
9 account may be withdrawn by the carrier or entity in control of
10 the railroad being maintained, only with the consent of the
11 Department, pursuant to a written maintenance agreement and
12 pursuant to a maintenance plan that shall be updated each
13 year. The funds in an escrow account holding lease payments,
14 use fees, or rental payments may be withdrawn by the
15 Department, only with the consent of the Midwest Fleet Pool
16 Board and deposited into the High-Speed Rail Rolling Stock
17 Fund. The moneys deposited in the escrow accounts shall be
18 invested and reinvested, pursuant to the direction of the
19 Department, in bonds and other interest bearing obligations of
20 this State, or in such accounts, certificates, bills,
21 obligations, shares, pools, or other securities as are
22 authorized for the investment of public funds under the Public
23 Funds Investment Act. Escrow accounts created under this
24 subsection shall not have terms that exceed 20 years. At the
25 end of the term of an escrow account holding lease payments,
26 use fees, or rental payments, the remaining balance shall be

1 deposited in the High-Speed Rail Rolling Stock Fund, a special
2 fund that is created in the State treasury ~~Treasury~~. Moneys in
3 the High-Speed Rail Rolling Stock Fund may be used for any
4 purpose related to locomotives, passenger railcars, and other
5 rolling stock equipment. The Department shall prepare a report
6 for presentation to the Comptroller and the Treasurer each
7 year that shows the amounts deposited and withdrawn, the
8 purposes for withdrawal, the balance, and the amounts derived
9 from investment.

10 (g) Whenever the Department enters into an agreement with
11 any carrier, State or State agency, any public or private
12 entity, or quasi-public entity for costs related to
13 procurement and maintenance of locomotives, passenger
14 railcars, and other rolling stock equipment or accessions, the
15 Department shall deposit such receipts into the High-Speed
16 Rail Rolling Stock Fund. Additionally, the Department may make
17 payments into the High-Speed Rail Rolling Stock Fund for the
18 State's share of the costs related to locomotives, passenger
19 railcars, and other rolling stock equipment.

19 no less than 45 calendar days during the first application
20 cycle each fiscal year, unless the Agency determines that a
21 shorter period is necessary to avoid conflicts with the annual

24 fiscal year, subject to availability of funds. Upon request,
25 Agency staff shall provide reasonable assistance to any
26 applicant in completing a grant application or meeting a

5 receive a working capital advance of initial start-up costs
6 and up to 2 months of program expenses, not to exceed 25% of
7 the total award amount, if, during the application process,

3 the grants.

4 Grantees may, as prescribed by rule, be required to

17 discretion to set and adjust reasonable fees at the
18 various sites, taking into consideration various factors,
19 including, but not limited to: cost of services furnished
20 to each visitor, impact of fees on attendance and tourism,
21 and the costs expended collecting the fees. The Department
22 shall keep careful records of the income and expenses

15 Section 190. The Illinois Housing Development Act is
16 amended by changing Section 16 as follows:

17 (20 ILCS 3805/16) (from Ch. 67 1/2, par. 316)

18 Sec. 16. The notes and bonds issued under this Act shall be
19 authorized by resolution of the members of the Authority,
20 shall bear such date or dates, and shall mature at such time or
21 times, in the case of any note, or any renewal thereof, not
22 exceeding 15 years (or such longer time not exceeding 25 years
23 if the Authority shall determine, with respect to notes issued

1 in anticipation of bonds, that a longer maturity date is
2 required in order to assure the ability to issue the bonds),
3 from the date of issue of such original note, and in the case
4 of any bond not exceeding 50 years from the date of issue, as
5 the resolution may provide. The bonds may be issued as serial
6 bonds or as term bonds or as a combination thereof. The notes
7 and bonds shall bear interest at such rate or rates as shall be
8 determined by the members of the Authority by the resolution
9 authorizing issuance of the bonds and notes provided, however,
10 that notes and bonds issued after July 1, 1983, shall bear
11 interest at such rate or rates not exceeding the greater of (i)
12 the maximum rate established in the Bond Authorization Act ~~"An~~
13 ~~Act to authorize public corporations to issue bonds, other~~
14 ~~evidences of indebtedness and tax anticipation warrants~~
15 ~~subject to interest rate limitations set forth therein",~~
16 ~~approved May 26, 1970,~~ as from time to time in effect; (ii) 11%
17 per annum; or (iii) 70% of the prime commercial rate in effect
18 at the time the contract is made. In the event the Authority
19 issues notes or bonds not exempt from income taxation under
20 the Internal Revenue Code of 1954, as amended, such notes or
21 bonds shall bear interest at a rate or rates as shall be
22 determined by the members of the Authority by the resolution
23 authorizing issuance of the bonds and notes. Prime commercial
24 rate means such prime rate as from time to time is publicly
25 announced by the largest commercial banking institution
26 located in this State, measured in terms of total assets. A

1 contract is made with respect to notes or bonds when the
2 Authority is contractually obligated to issue and sell such
3 notes or bonds to a purchaser who is contractually obligated
4 to purchase them. The notes and bonds shall be in such
5 denominations, be in such form, either coupon or registered,
6 carry such registration privileges, be executed in such
7 manner, be payable in such medium of payment, at such place or
8 places and be subject to such terms of redemption as such
9 resolution or resolutions may provide. The notes and bonds of
10 the Authority may be sold by the Authority, at public or
11 private sale, at such price or prices as the Authority shall
12 determine.

13 In lieu of establishing the rate at which notes or bonds of
14 the Authority shall bear interest and the price at which the
15 notes or bonds shall be sold, the resolution authorizing their
16 issuance may set maximum and minimum prices, interest rates,
17 and annual interest cost to the Authority for that issue of
18 notes or bonds (computed as the resolution shall provide),
19 such that the difference between the maximum and minimum
20 annual interest cost shall not exceed 1% of the principal
21 amount of the notes or bonds. Such a resolution shall
22 authorize any 2 ~~two~~ of the Chairman, Treasurer, or Director
23 (or in the Director's absence, the Deputy Director) to
24 establish the actual price and interest rate within the range
25 established by the resolution. In lieu of establishing the
26 dates, maturities, or other terms of the notes or bonds, the

1 resolution authorizing their issuance may authorize any 2 ~~two~~
2 of the Chairman, Treasurer, or Director (or in the Director's
3 absence, the Deputy Director) to establish such dates,
4 maturities, and other terms within ranges or criteria
5 established by the resolution.

6 In connection with the issuance of its notes and bonds,
7 the Authority may enter into arrangements to provide
8 additional security and liquidity for the notes and bonds.
9 These may include, without limitation, letters of credit,
10 lines of credit by which the Authority may borrow funds to pay
11 or redeem its notes or bonds, and purchase or remarketing
12 arrangements for assuring the ability of owners of the
13 Authority's notes and bonds to sell or to have redeemed their
14 notes and bonds. The Authority may enter into contracts and
15 may agree to pay fees to persons providing such arrangements,
16 but only under circumstances in which the total interest paid
17 or to be paid on the notes or bonds, together with the fees for
18 the arrangements (being treated as if interest), would not,
19 taken together, cause the notes or bonds to bear interest,
20 calculated to their absolute maturity, at a rate in excess of
21 the maximum rate allowed by this Act.

22 The resolution of the Authority authorizing the issuance
23 of its notes or bonds may provide that interest rates may vary
24 from time to time depending upon criteria established by the
25 Authority, which may include, without limitation, a variation
26 in interest rates as may be necessary to cause notes or bonds

1 to be remarketable from time to time at a price equal to their
2 principal amount (or compound accredited value in case of
3 original issue discount bonds), and may provide for
4 appointment of a national banking association, bank, trust
5 company, investment bank, or other financial institution to
6 serve as a remarketing agent in that connection. The
7 resolution of the Authority authorizing the issuance of its
8 notes or bonds may provide that alternative interest rates or
9 provisions will apply during such times as the notes or bonds
10 are held by a person providing a letter of credit or other
11 credit enhancement arrangement for those notes or bonds.
12 Notwithstanding any other provisions of law, there shall be no
13 statutory limitation on the interest rates which such variable
14 rate notes and bonds may bear from time to time.

15 In addition to the other authorizations contained in this
16 Section, the Authority may adopt a resolution or resolutions
17 granting to any 2 ~~two~~ of the Chairman, Treasurer, or Director
18 (or in the Director's absence, the Deputy Director) the power
19 to authorize issuance of notes or bonds, or both, on behalf of
20 the Authority from time to time without further resolution of
21 the Authority. Any such resolution shall contain a statement
22 of the maximum aggregate amount of notes or bonds that may be
23 outstanding at any one time pursuant to the authorization
24 granted in such resolution. Such resolution shall also contain
25 a statement of the period of time during which such notes or
26 bonds of the Authority may be so issued. Such resolution shall

1 also delegate specifically or generally to the persons
2 empowered to authorize issuance of the notes or bonds the
3 authority to establish or approve any or all matters relating
4 to the issuance and sale of the notes or bonds, which may
5 include the interest rates, if any, which the notes or bonds
6 shall bear and the prices (including premiums or discounts, if
7 any) at which they shall be issued and sold, or the criteria
8 upon which such interest rates and prices may vary, the
9 appointment of remarketing agents, the approval of alternative
10 interest rates, whether there shall be any statutory or other
11 limitation on the interest rates which such notes or bonds may
12 bear (treating as if interest the fees for any arrangements to
13 provide additional security and liquidity for the notes and
14 bonds), and the dates, maturities, and other terms and
15 conditions on which the notes or bonds shall be issued and
16 sold. Any or all of such matters may vary from issue to issue
17 and within an issue. Any such resolution may set forth the
18 criteria by which any or all of the matters entrusted to the
19 persons designated in such resolution are to be established or
20 approved, and may grant the power to authorize issuance of
21 notes or bonds which are exempt from income taxation under the
22 Internal Revenue Code of 1954, as amended, or which are not
23 exempt.

24 Notwithstanding any other provision of law, and in
25 addition to any other authority provided by law, with respect
26 to mortgage or other loans made by it, the Authority may

1 require payments of principal, make interest charges, and
2 impose prepayment premiums or penalties (in addition to any
3 fees or charges made by the Authority) so that such principal,
4 interest and premiums or penalties are sufficient to enable
5 the Authority to pay when due all principal, interest, and
6 redemption premiums or penalties on any notes or bonds issued
7 by the Authority to finance or continue the financing of such
8 loans (including a proportionate share of such bonds or notes
9 issued to fund reserves or to cover any discount) and to make
10 any required deposits in any reserve funds; and any contract
11 relating to any mortgage or other loan made by the Authority
12 may provide for changes during its term in the rate at which
13 interest shall be paid, to the extent the changes are provided
14 for in order to enable the Authority to make payments with
15 respect to bonds or notes as provided in this Section.

8 (25 ILCS 135/5.04) (from Ch. 63, par. 29.4)

9 Sec. 5.04. Codification and revision of statutes.

10 (a) As soon as possible after the effective date of this
11 amendatory Act of 1992, the Legislative Reference Bureau shall
12 file with the Index Division of the Office of the Secretary of
13 State, the General Assembly, the Governor, and the Supreme
14 Court a compilation of the general Acts of Illinois. At that
15 time and at any other time the Legislative Reference Bureau
16 may file with the Index Division of the Office of the Secretary
17 of State cross-reference tables comparing the compilation and
18 the Illinois Revised Statutes. The Legislative Reference
19 Bureau shall provide copies of the documents that are filed to
20 each individual or entity that delivers a written request for
21 copies to the Legislative Reference Bureau; the Legislative
22 Reference Bureau, by resolution, may establish and charge a
23 reasonable fee for providing copies. The compilation shall
24 take effect on January 1, 1993. The compilation shall be cited

1 as the "Illinois Compiled Statutes" or as "ILCS". The Illinois
2 Compiled Statutes, including the statutes themselves and the
3 organizational and numbering scheme, shall be an official
4 compilation of the general Acts of Illinois and shall be
5 entirely in the public domain for purposes of federal
6 copyright law.

7 (b) The compilation document that is filed under
8 subsection (a) shall divide the general Acts into major topic
9 areas and into chapters within those areas; the document shall
10 list the general Acts by title or short title, but need not
11 contain the text of the statutes or specify individual
12 Sections of Acts. Chapters shall be numbered. Each Act shall
13 be assigned to a chapter and shall be ordered within that
14 chapter. An Act prefix number shall be designated for each Act
15 within each chapter. Chapters may be divided into subheadings.

26 also provide copies of the documents that are filed to each

1 individual or entity that delivers a written request for
2 copies to the Legislative Reference Bureau; the Legislative
3 Reference Bureau, by resolution, may establish and charge a
4 reasonable fee for providing copies. The additions, deletions,
5 and changes to the organizational or numbering scheme of the
6 Illinois Compiled Statutes shall take effect 30 days after
7 filing with the Index Department ~~Division~~.

8 (d) Omission of an effective Act or Section of an Act from
9 ILCS does not alter the effectiveness of that Act or Section.
10 Inclusion of a repealed Act or Section of an Act in ILCS does
11 not affect the repeal of that Act or Section.

12 (e) In order to allow for an efficient transition to the
13 organizational and numbering scheme of the Illinois Compiled
14 Statutes, the State, units of local government, school
15 districts, and other governmental entities may, for a
16 reasonable period of time, continue to use forms, computer
17 software, systems, and data, published rules, and any other
18 electronically stored information and printed documents that
19 contain references to the Illinois Revised Statutes. However,
20 reports of criminal, traffic, and other offenses and
21 violations that are part of a state-wide reporting system
22 shall continue to be made by reference to the Illinois Revised
23 Statutes until July 1, 1994, and on and after that date shall

26 agreement among all of the following: the Supreme Court, the

1 Secretary of State, the Director of State Police, the Circuit
2 Clerk of Cook County, and the Circuit Clerk of DuPage County,
3 or the designee of each. References to the Illinois Revised
4 Statutes are deemed to be references to the corresponding
5 provisions of the Illinois Compiled Statutes.

6 (f) The Legislative Reference Bureau, with the assistance
7 of the Legislative Information System, shall make its
8 electronically stored database of the statutes and the
9 compilation available in an electronically stored medium to
10 those who request it; the Legislative Reference Bureau, by
11 resolution, shall establish and charge a reasonable fee for
12 providing the information.

13 (g) Amounts received under this Section shall be deposited
14 into the General Assembly Computer Equipment Revolving Fund.

15 (h) The Legislative Reference Bureau shall select subjects
16 and chapters of the statutory law that it considers most in
17 need of a revision and present to the next regular session of
18 the General Assembly bills covering those revisions. In
19 connection with those revisions, the Legislative Reference
20 Bureau has full authority and responsibility to recommend the
21 revision, simplification, and rearrangement of existing
22 statutory law and the elimination from that law of obsolete,
23 superseded, duplicated, and unconstitutional statutes or parts
24 of statutes, but shall make no other changes in the substance
25 of existing statutes, except to the extent those changes in
26 substance are necessary for coherent revision, simplification,

1 rearrangement, or elimination. Revisions reported to the
2 General Assembly may be accompanied by explanatory statements
3 of changes in existing statutes or parts of statutes that
4 those revisions, if enacted, would effect.

18 Section 230. The Local Government Debt Reform Act is
19 amended by changing Section 17 as follows:

20 (30 ILCS 350/17) (from Ch. 17, par. 6917)

21 Sec. 17. Leases and installment contracts.

22 (a) Interest not debt; debt on leases and installment
23 contracts. Interest on bonds shall not be included in any
24 computation of indebtedness of a governmental unit for the

1 purpose of any statutory provision or limitation. For bonds
2 consisting of leases and installment or financing contracts:7

3 (1) that portion of payments made by a governmental
4 unit under the terms of a bond designated as interest in
5 the bond or the ordinance authorizing such bond shall be
6 treated as interest for purposes of this Section;i

7 (2) where portions of payments due under the terms of
8 a bond have not been designated as interest in the bond or
9 the ordinance authorizing such bond, and all or a portion
10 of such payments is to be used for the payment of principal
11 of and interest on other bonds of the governmental unit or
12 bonds issued by another unit of local government, such as
13 a public building commission, the payments equal to
14 interest due on such corresponding bonds shall be treated
15 as interest for purposes of this Section;i and

16 (3) where portions of payments due under the terms of
17 a bond have not been designated as interest in the bond or
18 ordinance authorizing such bond and no portion of any such
19 payment is to be used for the payment of principal of and
20 interest on other bonds of the governmental unit or
21 another unit of local government, a portion of each
22 payment due under the terms of such bond shall be treated
23 as interest for purposes of this Section; such portion
24 shall be equal in amount to the interest that would have
25 been paid on a notional obligation of the governmental
26 unit (bearing interest at the highest rate permitted by

1 law for bonds of the governmental unit at the time the bond
2 was issued or, if no such limit existed, 12%) on which the
3 payments of principal and interest were due at the same
4 times and in the same amounts as payments are due under the
5 terms of the bonds.

6 The rule set forth in this Section shall be applicable to
7 all interest no matter when earned or accrued or at what
8 interval paid, and whether or not a bond bears interest which
9 compounds at certain intervals. For purposes of bonds sold at
10 amounts less than 95% of their stated value at maturity,
11 interest for purposes of this Section includes the difference
12 between the amount set forth on the face of the bond as the
13 original principal amount and the bond's stated value at
14 maturity.

15 This subsection may be made applicable to bonds issued
16 prior to the effective date of this Act by passage of an
17 ordinance to such effect by the governing body of a
18 governmental unit.

19 (b) Purchase or lease of property. The governing body of
20 each governmental unit may purchase or lease either real or
21 personal property, including investments, investment
22 agreements, or investment services, through agreements that
23 provide that the consideration for the purchase or lease may
24 be paid through installments made at stated intervals for a
25 period of no more than 20 years or another period of time
26 authorized by law, whichever is greater; provided, however,

1 that investments, investment agreements, or investment
2 services purchased in connection with a bond issue may be paid
3 through installments made at stated intervals for a period of
4 time not in excess of the maximum term of such bond issue. Each
5 governmental unit may issue certificates evidencing the
6 indebtedness incurred under the lease or agreement. The
7 governing body may provide for the treasurer, comptroller,
8 finance officer, or other officer of the governing body
9 charged with financial administration to act as counter-party
10 to any such lease or agreement, as nominee lessor or seller.
11 When the lease or agreement is executed by the officer of the
12 governmental unit authorized by the governing body to bind the
13 governmental unit thereon by the execution thereof and is
14 filed with and executed by the nominee lessor or seller, the
15 lease or agreement shall be sufficiently executed so as to
16 permit the governmental unit to issue certificates evidencing
17 the indebtedness incurred under the lease or agreement. The
18 certificates shall be valid whether or not an appropriation
19 with respect thereto is included in any annual or supplemental
20 budget adopted by the governmental unit. From time to time, as
21 the governing body executes contracts for the purpose of
22 acquiring and constructing the services or real or personal
23 property that is a part of the subject of the lease or
24 agreement, including financial, legal, architectural, and
25 engineering services related to the lease or agreement, the
26 contracts shall be filed with the nominee officer, and that

1 officer shall identify the contracts to the lease or
2 agreement; that identification shall permit the payment of the
3 contract from the proceeds of the certificates; and the
4 nominee officer shall duly apply or cause to be applied
5 proceeds of the certificates to the payment of the contracts.
6 The governing body of each governmental unit may sell, lease,
7 convey, and reacquire either real or personal property, or any
8 interest in real or personal property, upon any terms and
9 conditions and in any manner, as the governing body shall
10 determine, if the governmental unit will lease, acquire by
11 purchase agreement, or otherwise reacquire the property, as
12 authorized by this subsection or any other applicable law.

13 All indebtedness incurred under this subsection, when
14 aggregated with the existing indebtedness of the governmental
15 unit, may not exceed the debt limits provided by applicable
16 law.

18 Section 235. The Build Illinois Bond Act is amended by
19 changing Section 6 as follows:

20 (30 ILCS 425/6) (from Ch. 127, par. 2806)

21 Sec. 6. Conditions for issuance and sale of Bonds;
22 requirements ~~Bonds—requirements~~ for Bonds; master Bonds—
23 ~~master~~ and supplemental indentures; credit indentures—credit
24 and liquidity enhancement.

1 (a) Bonds shall be issued and sold from time to time, in
2 one or more series, in such amounts and at such prices as
3 directed by the Governor, upon recommendation by the Director
4 of the Governor's Office of Management and Budget. Bonds shall
5 be payable only from the specific sources and secured in the
6 manner provided in this Act. Bonds shall be in such form, in
7 such denominations, mature on such dates within 25 years from
8 their date of issuance, be subject to optional or mandatory
9 redemption, bear interest payable at such times and at such
10 rate or rates, fixed or variable, and be dated as shall be
11 fixed and determined by the Director of the Governor's Office
12 of Management and Budget in an order authorizing the issuance
13 and sale of any series of Bonds, which order shall be approved
14 by the Governor and is herein called a "Bond Sale Order";
15 provided, however, that interest payable at fixed rates shall
16 not exceed that permitted in the Bond Authorization Act ~~"An~~
17 ~~Act to authorize public corporations to issue bonds, other~~
18 ~~evidences of indebtedness and tax anticipation warrants~~
19 ~~subject to interest rate limitations set forth therein",~~
20 ~~approved May 26, 1970, as now or hereafter amended,~~ and
21 interest payable at variable rates shall not exceed the
22 maximum rate permitted in the Bond Sale Order. Said Bonds
23 shall be payable at such place or places, within or without the
24 State of Illinois, and may be made registrable as to either
25 principal only or as to both principal and interest, as shall
26 be specified in the Bond Sale Order. Bonds may be callable or

1 subject to purchase and retirement or remarketing as fixed and
2 determined in the Bond Sale Order. Bonds (i) except for
3 refunding Bonds satisfying the requirements of Section 15 of
4 this Act must be issued with principal or mandatory redemption
5 amounts in equal amounts, with the first maturity issued
6 occurring within the fiscal year in which the Bonds are issued
7 or within the next succeeding fiscal year, except that Bonds
8 issued during fiscal year 2025 may be issued with principal or
9 mandatory redemption amounts in unequal amounts, and (ii) must
10 mature or be subject to mandatory redemption each fiscal year
11 thereafter up to 25 years, except for refunding Bonds
12 satisfying the requirements of Section 15 of this Act and sold
13 during fiscal year 2009, 2010, or 2011 which must mature or be
14 subject to mandatory redemption each fiscal year thereafter up
15 to 16 years.

16 All Bonds authorized under this Act shall be issued
17 pursuant to a master trust indenture ("Master Indenture")
18 executed and delivered on behalf of the State by the Director
19 of the Governor's Office of Management and Budget, such Master
20 Indenture to be in substantially the form approved in the Bond
21 Sale Order authorizing the issuance and sale of the initial
22 series of Bonds issued under this Act. Such initial series of
23 Bonds may, and each subsequent series of Bonds shall, also be
24 issued pursuant to a supplemental trust indenture
25 ("Supplemental Indenture") executed and delivered on behalf of
26 the State by the Director of the Governor's Office of

1 Management and Budget, each such Supplemental Indenture to be
2 in substantially the form approved in the Bond Sale Order
3 relating to such series. The Master Indenture and any
4 Supplemental Indenture shall be entered into with a bank or
5 trust company in the State of Illinois having trust powers and
6 possessing capital and surplus of not less than \$100,000,000.
7 Such indentures shall set forth the terms and conditions of
8 the Bonds and provide for payment of and security for the
9 Bonds, including the establishment and maintenance of debt
10 service and reserve funds, and for other protections for
11 holders of the Bonds. The term "reserve funds" as used in this
12 Act shall include funds and accounts established under
13 indentures to provide for the payment of principal of and
14 premium and interest on Bonds, to provide for the purchase,
15 retirement, or defeasance of Bonds, to provide for fees of
16 trustees, registrars, paying agents, and other fiduciaries and
17 to provide for payment of costs of and debt service payable in
18 respect of credit or liquidity enhancement arrangements,
19 interest rate swaps or guarantees, or financial futures
20 contracts and indexing and remarketing agents' services.

21 In the case of any series of Bonds bearing interest at a
22 variable interest rate ("Variable Rate Bonds"), in lieu of
23 determining the rate or rates at which such series of Variable
24 Rate Bonds shall bear interest and the price or prices at which
25 such Variable Rate Bonds shall be initially sold or remarketed
26 (in the event of purchase and subsequent resale), the Bond

1 Sale Order may provide that such interest rates and prices may
2 vary from time to time depending on criteria established in
3 such Bond Sale Order, which criteria may include, without
4 limitation, references to indices or variations in interest
5 rates as may, in the judgment of a remarketing agent, be
6 necessary to cause Bonds of such series to be remarketable
7 from time to time at a price equal to their principal amount
8 (or compound accreted value in the case of original issue
9 discount Bonds), and may provide for appointment of indexing
10 agents and a bank, trust company, investment bank, or other
11 financial institution to serve as remarketing agent in that
12 connection. The Bond Sale Order may provide that alternative
13 interest rates or provisions for establishing alternative
14 interest rates, different security or claim priorities, or
15 different call or amortization provisions will apply during
16 such times as Bonds of any series are held by a person
17 providing credit or liquidity enhancement arrangements for
18 such Bonds as authorized in subsection (b) of Section 6 of this
19 Act.

20 (b) In connection with the issuance of any series of
21 Bonds, the State may enter into arrangements to provide
22 additional security and liquidity for such Bonds, including,
23 without limitation, bond or interest rate insurance or letters
24 of credit, lines of credit, bond purchase contracts, or other
25 arrangements whereby funds are made available to retire or
26 purchase Bonds, thereby assuring the ability of owners of the

1 Bonds to sell or redeem their Bonds. The State may enter into
2 contracts and may agree to pay fees to persons providing such
3 arrangements, but only under circumstances where the Director
4 of the Bureau of the Budget (now Governor's Office of
5 Management and Budget) certifies that he reasonably expects
6 the total interest paid or to be paid on the Bonds, together
7 with the fees for the arrangements (being treated as if
8 interest), would not, taken together, cause the Bonds to bear
9 interest, calculated to their stated maturity, at a rate in
10 excess of the rate which the Bonds would bear in the absence of
11 such arrangements. Any bonds, notes, or other evidences of
12 indebtedness issued pursuant to any such arrangements for the
13 purpose of retiring and discharging outstanding Bonds shall
14 constitute refunding Bonds under Section 15 of this Act. The
15 State may participate in and enter into arrangements with
16 respect to interest rate swaps or guarantees or financial
17 futures contracts for the purpose of limiting or restricting
18 interest rate risk; provided that such arrangements shall be
19 made with or executed through banks having capital and surplus
20 of not less than \$100,000,000 or insurance companies holding
21 the highest policyholder rating accorded insurers by A.M. Best
22 & Co. or any comparable rating service or government bond
23 dealers reporting to, trading with, and recognized as primary
24 dealers by a Federal Reserve Bank and having capital and
25 surplus of not less than \$100,000,000, or other persons whose
26 debt securities are rated in the highest long-term categories

1 by both Moody's Investors' Services, Inc. and Standard &
2 Poor's Corporation. Agreements incorporating any of the
3 foregoing arrangements may be executed and delivered by the
4 Director of the Governor's Office of Management and Budget on
5 behalf of the State in substantially the form approved in the
6 Bond Sale Order relating to such Bonds.

7 (c) "Build America Bonds" in this Section means Bonds
8 authorized by Section 54AA of the Internal Revenue Code of
9 1986, as amended ("Internal Revenue Code"), and bonds issued
10 from time to time to refund or continue to refund "Build
11 America Bonds".

8 (30 ILCS 500/20-60)

9 Sec. 20-60. Duration of contracts.

10 (a) Maximum duration. A contract may be entered into for
11 any period of time deemed to be in the best interests of the
12 State but not exceeding 10 years inclusive, beginning January
13 1, 2010, of proposed contract renewals; provided, however, in
14 connection with the issuance of certificates of participation
15 or bonds, the governing board of a public institution of
16 higher education may enter into contracts in excess of 10
17 years but not to exceed 30 years for the purpose of financing
18 or refinancing real or personal property. Third parties may
19 lease State-owned communications infrastructure, including
20 dark fiber networks, conduit, and excess communication tower
21 capacity, for any period of time deemed to be in the best
22 interest of the State, but not exceeding 20 years. The length
23 of a lease for real property or capital improvements shall be
24 in accordance with the provisions of Section 40-25. The length
25 of energy conservation program contracts or energy savings

1 contracts or leases shall be in accordance with the provisions
2 of Section 25-45. A contract for bond or mortgage insurance
3 awarded by the Illinois Housing Development Authority,
4 however, may be entered into for any period of time less than
5 or equal to the maximum period of time that the subject bond or
6 mortgage may remain outstanding. Contracts may be entered into
7 that extend beyond the active term of the award, so long as the
8 contract was entered into prior to the award expiration date
9 and does not exceed 10 years.

10 (b) Subject to appropriation. All contracts made or
11 entered into shall recite that they are subject to termination
12 and cancellation in any year for which the General Assembly
13 fails to make an appropriation to make payments under the
14 terms of the contract.

15 (c) The chief procurement officer shall file a proposed
16 extension or renewal of a contract with the Procurement Policy
17 Board and the Commission on Equity and Inclusion prior to
18 entering into any extension or renewal if the cost associated
19 with the extension or renewal exceeds \$249,999. The
20 Procurement Policy Board or the Commission on Equity and
21 Inclusion may object to the proposed extension or renewal
22 within 14 calendar days and require a hearing before the Board
23 or the Commission on Equity and Inclusion prior to entering
24 into the extension or renewal. If the Procurement Policy Board
25 or the Commission on Equity and Inclusion does not object
26 within 14 calendar days or takes affirmative action to

1 recommend the extension or renewal, the chief procurement
2 officer may enter into the extension or renewal of a contract.
3 This subsection does not apply to any emergency procurement,
4 any procurement under Article 40, or any procurement exempted
5 by Section 1-10(b) of this Code. If any State agency contract
6 is paid for in whole or in part with federal-aid funds, grants,
7 or loans and the provisions of this subsection would result in
8 the loss of those federal-aid funds, grants, or loans, then
9 the contract is exempt from the provisions of this subsection
10 in order to remain eligible for those federal-aid funds,
11 grants, or loans, and the State agency shall file notice of
12 this exemption with the Procurement Policy Board or the
13 Commission on Equity and Inclusion prior to entering into the
14 proposed extension or renewal. Nothing in this subsection
15 permits a chief procurement officer to enter into an extension
16 or renewal in violation of subsection (a). By August 1 each
17 year, the Procurement Policy Board and the Commission on
18 Equity and Inclusion shall each file a report with the General
19 Assembly identifying for the previous fiscal year (i) the
20 proposed extensions or renewals that were filed and whether
21 such extensions and renewals were objected to and (ii) the
22 contracts exempt from this subsection.

23 (d) Notwithstanding the provisions of subsection (a) of
24 this Section, the Department of Innovation and Technology may
25 enter into leases for dark fiber networks for any period of
26 time deemed to be in the best interests of the State but not

1 exceeding 20 years inclusive. The Department of Innovation and
2 Technology may lease dark fiber networks from third parties
3 only for the primary purpose of providing services (i) to the
4 offices of Governor, Lieutenant Governor, Attorney General,
5 Secretary of State, Comptroller, or Treasurer and State
6 agencies, as defined under Section 5-15 of the Civil
7 Administrative Code of Illinois or (ii) for anchor
8 institutions, as defined in Section 7 of the Illinois Century
9 Network Act. Dark fiber network lease contracts shall be
10 subject to all other provisions of this Code and any
11 applicable rules or requirements, including, but not limited
12 to, publication of lease solicitations, use of standard State
13 contracting terms and conditions, and approval of vendor
14 certifications and financial disclosures.

15 (e) As used in this Section, "dark fiber network" means a
16 network of fiber optic cables laid but currently unused by a
17 third party that the third party is leasing for use as network
18 infrastructure.

19 (f) No vendor shall be eligible for renewal of a contract
20 when that vendor has failed to meet the goals agreed to in the
21 vendor's utilization plan, as defined in Section 2 of the
22 Business Enterprise for Minorities, Women, and Persons with
23 Disabilities Act, unless the State agency or public
24 institution of higher education has determined that the vendor
25 made good faith efforts toward meeting the contract goals. If
26 the State agency or public institution of higher education

1 determines that the vendor made good faith efforts, the agency
2 or public institution of higher education may issue a waiver
3 after concurrence by the chief procurement officer, which
4 shall not be unreasonably withheld or impair a State agency
5 determination to execute the renewal. The form and content of
6 the waiver shall be prescribed by each chief procurement
7 officer, but shall not impair a State agency or public
8 institution of higher education determination to execute the
9 renewal. The chief procurement officer shall post the
10 completed form on his or her official website within 5
11 business days after receipt from the State agency or public
12 institution of higher education. The chief procurement officer
13 shall maintain on his or her official website a database of
14 waivers granted under this Section with respect to contracts
15 under his or her jurisdiction. The database shall be updated
16 periodically and shall be searchable by contractor name and by
17 contracting State agency or public institution of higher
18 education.

1 and encourage the continued economic development of small
2 businesses owned and controlled by qualified veterans and that
3 qualified service-disabled veteran-owned small businesses
4 (referred to as SDVOSB) and veteran-owned small businesses
5 (referred to as VOSB) participate in the State's procurement
6 process as both prime contractors and subcontractors. Not less
7 than 3% of the total dollar amount of State contracts, as
8 defined by the Commission on Equity and Inclusion, shall be
9 established as a goal to be awarded to SDVOSB and VOSB. That
10 portion of a contract under which the contractor subcontracts
11 with a SDVOSB or VOSB may be counted toward the goal of this
12 subsection. The Commission on Equity and Inclusion shall adopt
13 rules to implement compliance with this subsection by all
14 State agencies.

15 (b) Fiscal year reports. By each November 1, each chief
16 procurement officer shall report to the Commission on Equity
17 and Inclusion on all of the following for the immediately
18 preceding fiscal year, and by each March 1 the Commission on
19 Equity and Inclusion shall compile and report that information
20 to the General Assembly:

22 SDVOSB, who submitted bids for contracts under this Code.

23 (2) The total number of VOSB, and the number of

1 an annual report to the Governor and the General Assembly that
2 shall include the following:

3 (1) a year-by-year comparison of the number of
4 certifications the State has issued to veteran-owned small
5 businesses and service-disabled veteran-owned small
6 businesses;

7 (2) the obstacles, if any, the Commission on Equity
8 and Inclusion faces when certifying veteran-owned
9 businesses and possible rules or changes to rules to
10 address those issues;

11 (3) a year-by-year comparison of awarded contracts to
12 certified veteran-owned small businesses and
13 service-disabled veteran-owned small businesses; and

14 (4) any other information that the Commission on
15 Equity and Inclusion deems necessary to assist
16 veteran-owned small businesses and service-disabled
17 veteran-owned small businesses to become certified with
18 the State.

19 The Commission on Equity and Inclusion shall conduct a
20 minimum of 2 outreach events per year to ensure that
21 veteran-owned small businesses and service-disabled
22 veteran-owned small businesses know about the procurement
23 opportunities and certification requirements with the State.
24 The Commission on Equity and Inclusion may receive
25 appropriations for outreach.

26 (c) Yearly review and recommendations. Each year, each

1 chief procurement officer shall review the progress of all
2 State agencies under its jurisdiction in meeting the goal
3 described in subsection (a), with input from statewide
4 veterans' service organizations and from the business
5 community, including businesses owned by qualified veterans,
6 and shall make recommendations to be included in the
7 Commission on Equity and Inclusion's report to the General
8 Assembly regarding continuation, increases, or decreases of
9 the percentage goal. The recommendations shall be based upon
10 the number of businesses that are owned by qualified veterans
11 and on the continued need to encourage and promote businesses
12 owned by qualified veterans.

13 (d) Governor's recommendations. To assist the State in
14 reaching the goal described in subsection (a), the Governor
15 shall recommend to the General Assembly changes in programs to

12 contractor is subject to disciplinary procedures as identified
13 in Section 50-65 of this Act.

14 (f) This Section does not apply to any contract for any

16 when its provisions may be in conflict with federal law or
17 federal regulation.

11 circumstances to both federally-financed and other
12 activities of the non-federal entity;

13 (4) the costs conform to any limitations of the cost
14 principles or the sponsored agreement;

15 (5) the costs are accorded consistent treatment; a
16 cost may not be assigned to a State or federal award as a
17 direct cost if any other cost incurred for the same
18 purpose in like circumstances has been allocated to the
19 award as an indirect cost;

20 (6) the costs are determined to be in accordance with
21 generally accepted accounting principles;

17 foreign person who would be a member of the same
18 unitary business group but for the fact that the
19 foreign person's business activity outside the United
20 States is 80% or more of that person's total business
21 activity and (ii) for taxable years ending on or after
22 December 31, 2008, to a person who would be a member of
23 the same unitary business group but for the fact that
24 the person is prohibited under Section 1501(a)(27)
25 from being included in the unitary business group
26 because he or she is ordinarily required to apportion

1 business income under different subsections of Section
2 304. The addition modification required by this
3 subparagraph shall be reduced to the extent that
4 dividends were included in base income of the unitary
5 group for the same taxable year and received by the
6 taxpayer or by a member of the taxpayer's unitary
7 business group (including amounts included in gross
8 income under Sections 951 through 964 of the Internal
9 Revenue Code and amounts included in gross income
10 under Section 78 of the Internal Revenue Code) with
11 respect to the stock of the same person to whom the
12 intangible expenses and costs were directly or
13 indirectly paid, incurred, or accrued. The preceding
14 sentence does not apply to the extent that the same
15 dividends caused a reduction to the addition
16 modification required under Section 203(a)(2)(D-17) of
17 this Act. As used in this subparagraph, the term
18 "intangible expenses and costs" includes (1) expenses,
19 losses, and costs for, or related to, the direct or
20 indirect acquisition, use, maintenance or management,
21 ownership, sale, exchange, or any other disposition of
22 intangible property; (2) losses incurred, directly or
23 indirectly, from factoring transactions or discounting
24 transactions; (3) royalty, patent, technical, and
25 copyright fees; (4) licensing fees; and (5) other
26 similar expenses and costs. For purposes of this

1 subparagraph, "intangible property" includes patents,
2 patent applications, trade names, trademarks, service
3 marks, copyrights, mask works, trade secrets, and
4 similar types of intangible assets.

5 This paragraph shall not apply to the following:

6 (i) any item of intangible expenses or costs
7 paid, accrued, or incurred, directly or
8 indirectly, from a transaction with a person who
9 is subject in a foreign country or state, other
10 than a state which requires mandatory unitary
11 reporting, to a tax on or measured by net income
12 with respect to such item; or

13 (ii) any item of intangible expense or cost
14 paid, accrued, or incurred, directly or
15 indirectly, if the taxpayer can establish, based
16 on a preponderance of the evidence, both of the
17 following:

18 (a) the person during the same taxable
19 year paid, accrued, or incurred, the
20 intangible expense or cost to a person that is
21 not a related member, and

22 (b) the transaction giving rise to the
23 intangible expense or cost between the
24 taxpayer and the person did not have as a
25 principal purpose the avoidance of Illinois
26 income tax, and is paid pursuant to a contract

1 or agreement that reflects arm's-length terms;

2 or

3 (iii) any item of intangible expense or cost
4 paid, accrued, or incurred, directly or
5 indirectly, from a transaction with a person if
6 the taxpayer establishes by clear and convincing
7 evidence, that the adjustments are unreasonable;
8 or if the taxpayer and the Director agree in
9 writing to the application or use of an
10 alternative method of apportionment under Section
11 304(f);

12 Nothing in this subsection shall preclude the
13 Director from making any other adjustment
14 otherwise allowed under Section 404 of this Act
15 for any tax year beginning after the effective
16 date of this amendment provided such adjustment is
17 made pursuant to regulation adopted by the
18 Department and such regulations provide methods
19 and standards by which the Department will utilize
20 its authority under Section 404 of this Act;

21 (D-19) For taxable years ending on or after
22 December 31, 2008, an amount equal to the amount of
23 insurance premium expenses and costs otherwise allowed
24 as a deduction in computing base income, and that were
25 paid, accrued, or incurred, directly or indirectly, to
26 a person who would be a member of the same unitary

1 business group but for the fact that the person is
2 prohibited under Section 1501(a)(27) from being
3 included in the unitary business group because he or
4 she is ordinarily required to apportion business
5 income under different subsections of Section 304. The
6 addition modification required by this subparagraph
7 shall be reduced to the extent that dividends were
8 included in base income of the unitary group for the
9 same taxable year and received by the taxpayer or by a
10 member of the taxpayer's unitary business group
11 (including amounts included in gross income under
12 Sections 951 through 964 of the Internal Revenue Code
13 and amounts included in gross income under Section 78
14 of the Internal Revenue Code) with respect to the
15 stock of the same person to whom the premiums and costs
16 were directly or indirectly paid, incurred, or
17 accrued. The preceding sentence does not apply to the
18 extent that the same dividends caused a reduction to
19 the addition modification required under Section
20 203(a)(2)(D-17) or Section 203(a)(2)(D-18) of this
21 Act;

22 (D-20) For taxable years beginning on or after
23 January 1, 2002 and ending on or before December 31,
24 2006, in the case of a distribution from a qualified
25 tuition program under Section 529 of the Internal
26 Revenue Code, other than (i) a distribution from a

1 College Savings Pool created under Section 16.5 of the
2 State Treasurer Act or (ii) a distribution from the
3 Illinois Prepaid Tuition Trust Fund, an amount equal
4 to the amount excluded from gross income under Section
5 529(c)(3)(B). For taxable years beginning on or after
6 January 1, 2007, in the case of a distribution from a
7 qualified tuition program under Section 529 of the
8 Internal Revenue Code, other than (i) a distribution
9 from a College Savings Pool created under Section 16.5
10 of the State Treasurer Act, (ii) a distribution from
11 the Illinois Prepaid Tuition Trust Fund, or (iii) a
12 distribution from a qualified tuition program under
13 Section 529 of the Internal Revenue Code that (I)
14 adopts and determines that its offering materials
15 comply with the College Savings Plans Network's
16 disclosure principles and (II) has made reasonable
17 efforts to inform in-state residents of the existence
18 of in-state qualified tuition programs by informing
19 Illinois residents directly and, where applicable, to
20 inform financial intermediaries distributing the
21 program to inform in-state residents of the existence
22 of in-state qualified tuition programs at least
23 annually, an amount equal to the amount excluded from
24 gross income under Section 529(c)(3)(B).

25 For the purposes of this subparagraph (D-20), a
26 qualified tuition program has made reasonable efforts

1 if it makes disclosures (which may use the term
2 "in-state program" or "in-state plan" and need not
3 specifically refer to Illinois or its qualified
4 programs by name) (i) directly to prospective
5 participants in its offering materials or makes a
6 public disclosure, such as a website posting; and (ii)
7 where applicable, to intermediaries selling the
8 out-of-state program in the same manner that the
9 out-of-state program distributes its offering
10 materials;

11 (D-20.5) For taxable years beginning on or after
12 January 1, 2018, in the case of a distribution from a
13 qualified ABLE program under Section 529A of the
14 Internal Revenue Code, other than a distribution from
15 a qualified ABLE program created under Section 16.6 of
16 the State Treasurer Act, an amount equal to the amount
17 excluded from gross income under Section 529A(c) (1) (B)
18 of the Internal Revenue Code;

19 (D-21) For taxable years beginning on or after
20 January 1, 2007, in the case of transfer of moneys from
21 a qualified tuition program under Section 529 of the
22 Internal Revenue Code that is administered by the
23 State to an out-of-state program, an amount equal to
24 the amount of moneys previously deducted from base
25 income under subsection (a) (2) (Y) of this Section;

26 (D-21.5) For taxable years beginning on or after

1 January 1, 2018, in the case of the transfer of moneys
2 from a qualified tuition program under Section 529 or
3 a qualified ABLE program under Section 529A of the
4 Internal Revenue Code that is administered by this
5 State to an ABLE account established under an
6 out-of-state ABLE account program, an amount equal to
7 the contribution component of the transferred amount
8 that was previously deducted from base income under
9 subsection (a)(2)(Y) or subsection (a)(2)(HH) of this
10 Section;

11 (D-22) For taxable years beginning on or after
12 January 1, 2009, and prior to January 1, 2018, in the
13 case of a nonqualified withdrawal or refund of moneys
14 from a qualified tuition program under Section 529 of
15 the Internal Revenue Code administered by the State
16 that is not used for qualified expenses at an eligible
17 education institution, an amount equal to the
18 contribution component of the nonqualified withdrawal
19 or refund that was previously deducted from base
20 income under subsection (a)(2)(y) of this Section,
21 provided that the withdrawal or refund did not result
22 from the beneficiary's death or disability. For
23 taxable years beginning on or after January 1, 2018:
24 (1) in the case of a nonqualified withdrawal or
25 refund, as defined under Section 16.5 of the State
26 Treasurer Act, of moneys from a qualified tuition

1 program under Section 529 of the Internal Revenue Code
2 administered by the State, an amount equal to the
3 contribution component of the nonqualified withdrawal
4 or refund that was previously deducted from base
5 income under subsection (a)(2)(Y) of this Section, and
6 (2) in the case of a nonqualified withdrawal or refund
7 from a qualified ABLE program under Section 529A of
8 the Internal Revenue Code administered by the State
9 that is not used for qualified disability expenses, an
10 amount equal to the contribution component of the
11 nonqualified withdrawal or refund that was previously
12 deducted from base income under subsection (a)(2)(HH)
13 of this Section;

14 (D-23) An amount equal to the credit allowable to
15 the taxpayer under Section 218(a) of this Act,

19 December 31, 2017, an amount equal to the deduction
20 allowed under Section 199 of the Internal Revenue Code
21 for the taxable year;

22 (D-25) In the case of a resident, an amount equal
23 to the amount of tax for which a credit is allowed
24 pursuant to Section 201(p)(7) of this Act;

25 and by deducting from the total so obtained the sum of the
26 following amounts:

1 (E) For taxable years ending before December 31,
2 2001, any amount included in such total in respect of
3 any compensation (including but not limited to any
4 compensation paid or accrued to a serviceman while a
5 prisoner of war or missing in action) paid to a
6 resident by reason of being on active duty in the Armed
7 Forces of the United States and in respect of any
8 compensation paid or accrued to a resident who as a
9 governmental employee was a prisoner of war or missing
10 in action, and in respect of any compensation paid to a

23 (O) An amount equal to any contribution made to a
24 job training project established pursuant to the Tax
25 Increment Allocation Redevelopment Act;

26 (P) An amount equal to the amount of the deduction

15 taxpayer, a partner of a partnership, or a shareholder
16 in a Subchapter S corporation for health insurance or

24 that taxpayer's income, self-employment income, or
25 Subchapter S corporation income; except that no
26 deduction shall be allowed under this item (V) if the

1 taxpayer is eligible to participate in any health

3 persecution for racial or religious reasons by Nazi
4 Germany or any other Axis regime immediately prior to,
5 during, and immediately after World War II, including,
6 but not limited to, interest on the proceeds
7 receivable as insurance under policies issued to a
8 victim of persecution for racial or religious reasons
9 by Nazi Germany or any other Axis regime by European

15 paragraph shall only apply to a taxpayer who was the
16 first recipient of such assets after their recovery
17 and who is a victim of persecution for racial or
18 religious reasons by Nazi Germany or any other Axis

20 the eligibility for any public assistance, benefit, or

23 for federal income tax purposes. This paragraph is
24 exempt from the provisions of Section 250;

25 (Y) For taxable years beginning on or after

11 Tuition Trust Fund, except that amounts excluded from
12 gross income under Section 529(c)(3)(C)(i) of the
13 Internal Revenue Code shall not be considered moneys
14 contributed under this subparagraph (Y). For purposes
15 of this subparagraph, contributions made by an

17 contributions made by an employee, shall be treated as
18 made by the employee. This subparagraph (Y) is exempt
19 from the provisions of Section 250;

22 is taken on the taxpayer's federal income tax return
23 under subsection (k) of Section 168 of the Internal
24 Revenue Code and for each applicable taxable year
25 thereafter, an amount equal to "x", where:

26 (1) "y" equals the amount of the depreciation

1 deduction taken for the taxable year on the
2 taxpayer's federal income tax return on property
3 for which the bonus depreciation deduction was
4 taken in any year under subsection (k) of Section

9 and then divided by 70 (or "y" multiplied by
10 0.429); and

11 (3) for taxable years ending after December
12 31, 2005:

13 (i) for property on which a bonus
14 depreciation deduction of 30% of the adjusted
15 basis was taken, "x" equals "y" multiplied by
16 30 and then divided by 70 (or "y" multiplied
17 by 0.429);

18 (ii) for property on which a bonus
19 depreciation deduction of 50% of the adjusted
20 basis was taken, "x" equals "y" multiplied by
21 1.0;

22 (iii) for property on which a bonus
23 depreciation deduction of 100% of the adjusted
24 basis was taken in a taxable year ending on or
25 after December 31, 2021, "x" equals the
26 depreciation deduction that would be allowed

1 on that property if the taxpayer had made the
2 election under Section 168(k)(7) of the
3 Internal Revenue Code to not claim bonus
4 depreciation on that property; and

5 (iv) for property on which a bonus
6 depreciation deduction of a percentage other
7 than 30%, 50% or 100% of the adjusted basis
8 was taken in a taxable year ending on or after
9 December 31, 2021, "x" equals "y" multiplied
10 by 100 times the percentage bonus depreciation
11 on the property (that is, $100(\text{bonus}\%)$) and
12 then divided by 100 times 1 minus the
13 percentage bonus depreciation on the property
14 (that is, $100(1-\text{bonus}\%)$).

15 The aggregate amount deducted under this
16 subparagraph in all taxable years for any one piece of
17 property may not exceed the amount of the bonus
18 depreciation deduction taken on that property on the
19 taxpayer's federal income tax return under subsection
20 (k) of Section 168 of the Internal Revenue Code. This
21 subparagraph (Z) is exempt from the provisions of
22 Section 250;

23 (AA) If the taxpayer sells, transfers, abandons,
24 or otherwise disposes of property for which the
25 taxpayer was required in any taxable year to make an
26 addition modification under subparagraph (D-15), then

1 an amount equal to that addition modification.

2 If the taxpayer continues to own property through
3 the last day of the last tax year for which a
4 subtraction is allowed with respect to that property
5 under subparagraph (Z) and for which the taxpayer was
6 required in any taxable year to make an addition
7 modification under subparagraph (D-15), then an amount
8 equal to that addition modification.

9 The taxpayer is allowed to take the deduction
10 under this subparagraph only once with respect to any
11 one piece of property.

12 This subparagraph (AA) is exempt from the
13 provisions of Section 250;

14 (BB) Any amount included in adjusted gross income,
15 other than salary, received by a driver in a
16 ridesharing arrangement using a motor vehicle;

17 (CC) The amount of (i) any interest income (net of
18 the deductions allocable thereto) taken into account
19 for the taxable year with respect to a transaction
20 with a taxpayer that is required to make an addition
21 modification with respect to such transaction under
22 Section 203(a)(2)(D-17), 203(b)(2)(E-12),
23 203(c)(2)(G-12), or 203(d)(2)(D-7), but not to exceed
24 the amount of that addition modification, and (ii) any
25 income from intangible property (net of the deductions
26 allocable thereto) taken into account for the taxable

1 year with respect to a transaction with a taxpayer

15 that person's total business activity and (ii) for
16 taxable years ending on or after December 31, 2008, to
17 a person who would be a member of the same unitary

20 included in the unitary business group because he or
21 she is ordinarily required to apportion business
22 income under different subsections of Section 304, but

22 Program Act, an amount equal to the deductions that
23 were disallowed under Section 280E of the Internal

17 (e), the amount by which addition modifications other
18 than those provided by this subparagraph (E) exceeded
19 subtraction modifications in such earlier taxable
20 year, with the following limitations applied in the
21 order that they are listed:

22 (i) the addition modification relating to the
23 net operating loss carried back or forward to the
24 taxable year from any taxable year ending prior to
25 December 31, 1986 shall be reduced by the amount
26 of addition modification under this subparagraph

1 (E) which related to that net operating loss and
2 which was taken into account in calculating the
3 base income of an earlier taxable year, and

4 (ii) the addition modification relating to the
5 net operating loss carried back or forward to the
6 taxable year from any taxable year ending prior to
7 December 31, 1986 shall not exceed the amount of
8 such carryback or carryforward;

9 For taxable years in which there is a net
10 operating loss carryback or carryforward from more
11 than one other taxable year ending prior to December
12 31, 1986, the addition modification provided in this
13 subparagraph (E) shall be the sum of the amounts

15 of this subparagraph (E) for each such taxable year;

16 (E-5) For taxable years ending after December 31,
17 1997, an amount equal to any eligible remediation

26 (E-11) If the taxpayer sells, transfers, abandons,

3 addition modification under subparagraph (E-10), then
4 an amount equal to the aggregate amount of the
5 deductions taken in all taxable years under
6 subparagraph (T) with respect to that property.

7 If the taxpayer continues to own property through
8 the last day of the last tax year for which a
9 subtraction is allowed with respect to that property
10 under subparagraph (T) and for which the taxpayer was
11 allowed in any taxable year to make a subtraction
12 modification under subparagraph (T), then an amount
13 equal to that subtraction modification.

14 The taxpayer is required to make the addition
15 modification under this subparagraph only once with
16 respect to any one piece of property;

17 (E-12) An amount equal to the amount otherwise
18 allowed as a deduction in computing base income for
19 interest paid, accrued, or incurred, directly or
20 indirectly, (i) for taxable years ending on or after
21 December 31, 2004, to a foreign person who would be a
22 member of the same unitary business group but for the
23 fact the foreign person's business activity outside
24 the United States is 80% or more of the foreign
25 person's total business activity and (ii) for taxable
26 years ending on or after December 31, 2008, to a person

1 who would be a member of the same unitary business
2 group but for the fact that the person is prohibited
3 under Section 1501(a)(27) from being included in the
4 unitary business group because he or she is ordinarily
5 required to apportion business income under different
6 subsections of Section 304. The addition modification
7 required by this subparagraph shall be reduced to the
8 extent that dividends were included in base income of
9 the unitary group for the same taxable year and
10 received by the taxpayer or by a member of the
11 taxpayer's unitary business group (including amounts
12 included in gross income pursuant to Sections 951
13 through 964 of the Internal Revenue Code and amounts
14 included in gross income under Section 78 of the
15 Internal Revenue Code) with respect to the stock of
16 the same person to whom the interest was paid,
17 accrued, or incurred.

18 This paragraph shall not apply to the following:

19 (i) an item of interest paid, accrued, or
20 incurred, directly or indirectly, to a person who
21 is subject in a foreign country or state, other
22 than a state which requires mandatory unitary
23 reporting, to a tax on or measured by net income
24 with respect to such interest; or

25 (ii) an item of interest paid, accrued, or
26 incurred, directly or indirectly, to a person if

1 the taxpayer can establish, based on a
2 preponderance of the evidence, both of the
3 following:

4 (a) the person, during the same taxable
5 year, paid, accrued, or incurred, the interest
6 to a person that is not a related member, and

7 (b) the transaction giving rise to the
8 interest expense between the taxpayer and the
9 person did not have as a principal purpose the
10 avoidance of Illinois income tax, and is paid
11 pursuant to a contract or agreement that
12 reflects an arm's-length interest rate and
13 terms; or

14 (iii) the taxpayer can establish, based on
15 clear and convincing evidence, that the interest
16 paid, accrued, or incurred relates to a contract
17 or agreement entered into at arm's-length rates
18 and terms and the principal purpose for the
19 payment is not federal or Illinois tax avoidance;
20 or

21 (iv) an item of interest paid, accrued, or
22 incurred, directly or indirectly, to a person if
23 the taxpayer establishes by clear and convincing
24 evidence that the adjustments are unreasonable; or
25 if the taxpayer and the Director agree in writing
26 to the application or use of an alternative method

1 of apportionment under Section 304(f).

2 Nothing in this subsection shall preclude the
3 Director from making any other adjustment
4 otherwise allowed under Section 404 of this Act
5 for any tax year beginning after the effective
6 date of this amendment provided such adjustment is
7 made pursuant to regulation adopted by the
8 Department and such regulations provide methods
9 and standards by which the Department will utilize
10 its authority under Section 404 of this Act;

11 (E-13) An amount equal to the amount of intangible
12 expenses and costs otherwise allowed as a deduction in
13 computing base income, and that were paid, accrued, or
14 incurred, directly or indirectly, (i) for taxable
15 years ending on or after December 31, 2004, to a
16 foreign person who would be a member of the same
17 unitary business group but for the fact that the
18 foreign person's business activity outside the United
19 States is 80% or more of that person's total business
20 activity and (ii) for taxable years ending on or after
21 December 31, 2008, to a person who would be a member of
22 the same unitary business group but for the fact that
23 the person is prohibited under Section 1501(a)(27)
24 from being included in the unitary business group
25 because he or she is ordinarily required to apportion
26 business income under different subsections of Section

304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(b)(2)(E-12) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents,

1 patent applications, trade names, trademarks, service
2 marks, copyrights, mask works, trade secrets, and
3 similar types of intangible assets.

4 This paragraph shall not apply to the following:

5 (i) any item of intangible expenses or costs
6 paid, accrued, or incurred, directly or
7 indirectly, from a transaction with a person who
8 is subject in a foreign country or state, other
9 than a state which requires mandatory unitary
10 reporting, to a tax on or measured by net income
11 with respect to such item; or

12 (ii) any item of intangible expense or cost
13 paid, accrued, or incurred, directly or
14 indirectly, if the taxpayer can establish, based
15 on a preponderance of the evidence, both of the
16 following:

17 (a) the person during the same taxable
18 year paid, accrued, or incurred, the
19 intangible expense or cost to a person that is
20 not a related member, and

21 (b) the transaction giving rise to the
22 intangible expense or cost between the
23 taxpayer and the person did not have as a
24 principal purpose the avoidance of Illinois
25 income tax, and is paid pursuant to a contract
26 or agreement that reflects arm's-length terms;

1 or

2 (iii) any item of intangible expense or cost
3 paid, accrued, or incurred, directly or
4 indirectly, from a transaction with a person if
5 the taxpayer establishes by clear and convincing
6 evidence, that the adjustments are unreasonable;
7 or if the taxpayer and the Director agree in
8 writing to the application or use of an
9 alternative method of apportionment under Section
10 304(f);

11 Nothing in this subsection shall preclude the
12 Director from making any other adjustment
13 otherwise allowed under Section 404 of this Act
14 for any tax year beginning after the effective
15 date of this amendment provided such adjustment is
16 made pursuant to regulation adopted by the
17 Department and such regulations provide methods
18 and standards by which the Department will utilize
19 its authority under Section 404 of this Act;

20 (E-14) For taxable years ending on or after
21 December 31, 2008, an amount equal to the amount of
22 insurance premium expenses and costs otherwise allowed
23 as a deduction in computing base income, and that were
24 paid, accrued, or incurred, directly or indirectly, to
25 a person who would be a member of the same unitary
26 business group but for the fact that the person is

1 prohibited under Section 1501(a)(27) from being
2 included in the unitary business group because he or
3 she is ordinarily required to apportion business
4 income under different subsections of Section 304. The
5 addition modification required by this subparagraph
6 shall be reduced to the extent that dividends were
7 included in base income of the unitary group for the
8 same taxable year and received by the taxpayer or by a
9 member of the taxpayer's unitary business group
10 (including amounts included in gross income under
11 Sections 951 through 964 of the Internal Revenue Code
12 and amounts included in gross income under Section 78
13 of the Internal Revenue Code) with respect to the
14 stock of the same person to whom the premiums and costs
15 were directly or indirectly paid, incurred, or
16 accrued. The preceding sentence does not apply to the
17 extent that the same dividends caused a reduction to
18 the addition modification required under Section
19 203(b)(2)(E-12) or Section 203(b)(2)(E-13) of this
20 Act;

21 (E-15) For taxable years beginning after December
22 31, 2008, any deduction for dividends paid by a

26 dividends paid;

1 (E-16) An amount equal to the credit allowable to
2 the taxpayer under Section 218(a) of this Act,
3 determined without regard to Section 218(c) of this
4 Act;

5 (E-17) For taxable years ending on or after
6 December 31, 2017, an amount equal to the deduction
7 allowed under Section 199 of the Internal Revenue Code
8 for the taxable year;

9 (E-18) for taxable years beginning after December
10 31, 2018, an amount equal to the deduction allowed
11 under Section 250(a)(1)(A) of the Internal Revenue
12 Code for the taxable year;

13 (E-19) for taxable years ending on or after June
14 30, 2021, an amount equal to the deduction allowed
15 under Section 250(a)(1)(B)(i) of the Internal Revenue
16 Code for the taxable year;

17 (E-20) for taxable years ending on or after June
18 30, 2021, an amount equal to the deduction allowed
19 under Sections 243(e) and 245A(a) of the Internal
20 Revenue Code for the taxable year;

21 (E-21) the amount that is claimed as a federal
22 deduction when computing the taxpayer's federal
23 taxable income for the taxable year and that is
24 attributable to an endowment gift for which the
25 taxpayer receives a credit under the Illinois Gives
26 Tax Credit Act;

1 and by deducting from the total so obtained the sum of the
2 following amounts:

3 (F) An amount equal to the amount of any tax
4 imposed by this Act which was refunded to the taxpayer
5 and included in such total for the taxable year;

6 (G) An amount equal to any amount included in such
7 total under Section 78 of the Internal Revenue Code;

8 (H) In the case of a regulated investment company,
9 an amount equal to the amount of exempt interest
10 dividends as defined in subsection (b)(5) of Section
11 852 of the Internal Revenue Code, paid to shareholders
12 for the taxable year;

13 (I) With the exception of any amounts subtracted
14 under subparagraph (J), an amount equal to the sum of
15 all amounts disallowed as deductions by (i) Sections
16 171(a)(2) and 265(a)(2) and amounts disallowed as
17 interest expense by Section 291(a)(3) of the Internal
18 Revenue Code, and all amounts of expenses allocable to
19 interest and disallowed as deductions by Section
20 265(a)(1) of the Internal Revenue Code; and (ii) for
21 taxable years ending on or after August 13, 1999,
22 Sections 171(a)(2), 265, 280C, 291(a)(3), and
23 832(b)(5)(B)(i) of the Internal Revenue Code, plus,

2 included in gross income under Section 87 of the
3 Internal Revenue Code and the policyholders' share of
4 tax-exempt interest of a life insurance company under
5 Section 807(a)(2)(B) of the Internal Revenue Code (in
6 the case of a life insurance company with gross income
7 from a decrease in reserves for the tax year) or
8 Section 807(b)(1)(B) of the Internal Revenue Code (in
9 the case of a life insurance company allowed a

11 year); the provisions of this subparagraph are exempt
12 from the provisions of Section 250;

13 (J) An amount equal to all amounts included in
14 such total which are exempt from taxation by this
15 State either by reason of its statutes or Constitution
16 or by reason of the Constitution, treaties or statutes
17 of the United States; provided that, in the case of any
18 statute of this State that exempts income derived from
19 bonds or other obligations from the tax imposed under
20 this Act, the amount exempted shall be the interest

16 income from a loan or loans made by such taxpayer to a
17 borrower, to the extent that such a loan is secured by
18 property which is eligible for the River Edge

20 portion of a loan or loans that is secured by property
21 eligible for a Section 201(f) investment credit to the
22 borrower, the entire principal amount of the loan or
23 loans between the taxpayer and the borrower should be
24 divided into the basis of the Section 201(f)
25 investment credit property which secures the loan or
26 loans, using for this purpose the original basis of

1 such property on the date that it was placed in service
2 in the River Edge Redevelopment Zone. The subtraction
3 modification available to the taxpayer in any year
4 under this subsection shall be that portion of the

24 such property on the date that it was placed in service
25 in a federally designated Foreign Trade Zone or
26 Sub-Zone located in Illinois. No taxpayer that is

1 eligible for the deduction provided in subparagraph
2 (M) of paragraph (2) of this subsection shall be
3 eligible for the deduction provided under this
4 subparagraph (M-1). The subtraction modification
5 available to taxpayers in any year under this
6 subsection shall be that portion of the total interest
7 paid by the borrower with respect to such loan
8 attributable to the eligible property as calculated
9 under the previous sentence;

10 (N) Two times any contribution made during the
11 taxable year to a designated zone organization to the
12 extent that the contribution (i) qualifies as a
13 charitable contribution under subsection (c) of
14 Section 170 of the Internal Revenue Code and (ii)
15 must, by its terms, be used for a project approved by
16 the Department of Commerce and Economic Opportunity
17 under Section 11 of the Illinois Enterprise Zone Act
18 or under Section 10-10 of the River Edge Redevelopment
19 Zone Act. This subparagraph (N) is exempt from the
20 provisions of Section 250;

23 percentage equal to the percentage allowable under
24 Section 243(a)(1) of the Internal Revenue Code of 1986
25 for taxable years ending after December 31, 1992, of
26 the amount by which dividends included in taxable

1 income and received from a corporation that is not
2 created or organized under the laws of the United

5 December 31, 1988, dividends received or deemed
6 received or paid or deemed paid under Sections 951
7 through 965 of the Internal Revenue Code, exceed the
8 amount of the modification provided under subparagraph
9 (G) of paragraph (2) of this subsection (b) which is
10 related to such dividends, and including, for taxable
11 years ending on or after December 31, 2008, dividends
12 received from a captive real estate investment trust;
13 plus (ii) 100% of the amount by which dividends,
14 included in taxable income and received, including,
15 for taxable years ending on or after December 31,
16 1988, dividends received or deemed received or paid or
17 deemed paid under Sections 951 through 964 of the
18 Internal Revenue Code and including, for taxable years
19 ending on or after December 31, 2008, dividends
20 received from a captive real estate investment trust,
21 from any such corporation specified in clause (i) that
22 would but for the provisions of Section 1504(b)(3) of
23 the Internal Revenue Code be treated as a member of the
24 affiliated group which includes the dividend
25 recipient, exceed the amount of the modification
26 provided under subparagraph (G) of paragraph (2) of

1 this subsection (b) which is related to such
2 dividends. For taxable years ending on or after June
3 30, 2021, (i) for purposes of this subparagraph, the
4 term "dividend" does not include any amount treated as
5 a dividend under Section 1248 of the Internal Revenue
6 Code, and (ii) this subparagraph shall not apply to
7 dividends for which a deduction is allowed under
8 Section 245(a) of the Internal Revenue Code. This
9 subparagraph (O) is exempt from the provisions of
10 Section 250 of this Act;

11 (P) An amount equal to any contribution made to a
12 job training project established pursuant to the Tax
13 Increment Allocation Redevelopment Act;

14 (Q) An amount equal to the amount of the deduction
15 used to compute the federal income tax credit for
16 restoration of substantial amounts held under claim of
17 right for the taxable year pursuant to Section 1341 of
18 the Internal Revenue Code;

19 (R) On and after July 20, 1999, in the case of an

23 835, an amount equal to the excess, if any, of the
24 amounts paid or incurred by that interinsurer or
25 reciprocal insurer in the taxable year to the
26 attorney-in-fact over the deduction allowed to that

1 interinsurer or reciprocal insurer with respect to the
2 attorney-in-fact under Section 835(b) of the Internal
3 Revenue Code for the taxable year; the provisions of
4 this subparagraph are exempt from the provisions of
5 Section 250;

6 (S) For taxable years ending on or after December
7 31, 1997, in the case of a Subchapter S corporation, an
8 amount equal to all amounts of income allocable to a
9 shareholder subject to the Personal Property Tax
10 Replacement Income Tax imposed by subsections (c) and
11 (d) of Section 201 of this Act, including amounts
12 allocable to organizations exempt from federal income
13 tax by reason of Section 501(a) of the Internal
14 Revenue Code. This subparagraph (S) is exempt from the
15 provisions of Section 250;

16 (T) For taxable years 2001 and thereafter, for the
17 taxable year in which the bonus depreciation deduction
18 is taken on the taxpayer's federal income tax return
19 under subsection (k) of Section 168 of the Internal
20 Revenue Code and for each applicable taxable year
21 thereafter, an amount equal to "x", where:

22 (1) "y" equals the amount of the depreciation
23 deduction taken for the taxable year on the
24 taxpayer's federal income tax return on property
25 for which the bonus depreciation deduction was
26 taken in any year under subsection (k) of Section

1 168 of the Internal Revenue Code, but not
2 including the bonus depreciation deduction;

3 (2) for taxable years ending on or before
4 December 31, 2005, "x" equals "y" multiplied by 30
5 and then divided by 70 (or "y" multiplied by
6 0.429); and

7 (3) for taxable years ending after December
8 31, 2005:

9 (i) for property on which a bonus
10 depreciation deduction of 30% of the adjusted
11 basis was taken, "x" equals "y" multiplied by
12 30 and then divided by 70 (or "y" multiplied
13 by 0.429);

14 (ii) for property on which a bonus
15 depreciation deduction of 50% of the adjusted
16 basis was taken, "x" equals "y" multiplied by
17 1.0;

18 (iii) for property on which a bonus
19 depreciation deduction of 100% of the adjusted
20 basis was taken in a taxable year ending on or
21 after December 31, 2021, "x" equals the
22 depreciation deduction that would be allowed
23 on that property if the taxpayer had made the
24 election under Section 168(k)(7) of the
25 Internal Revenue Code to not claim bonus
26 depreciation on that property; and

(iv) for property on which a bonus depreciation deduction of a percentage other than 30%, 50% or 100% of the adjusted basis was taken in a taxable year ending on or after December 31, 2021, "x" equals "y" multiplied by 100 times the percentage bonus depreciation on the property (that is, $100(\text{bonus}\%)$) and then divided by 100 times 1 minus the percentage bonus depreciation on the property (that is, $100(1-\text{bonus}\%)$).

The aggregate amount deducted under this subparagraph in all taxable years for any one piece of property may not exceed the amount of the bonus depreciation deduction taken on that property on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code. This subparagraph (T) is exempt from the provisions of Section 250;

(U) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (E-10), then an amount equal to that addition modification.

If the taxpayer continues to own property through the last day of the last tax year for which a subtraction is allowed with respect to that property

1 under subparagraph (T) and for which the taxpayer was
2 required in any taxable year to make an addition
3 modification under subparagraph (E-10), then an amount
4 equal to that addition modification.

5 The taxpayer is allowed to take the deduction
6 under this subparagraph only once with respect to any
7 one piece of property.

8 This subparagraph (U) is exempt from the
9 provisions of Section 250;

10 (V) The amount of: (i) any interest income (net of
11 the deductions allocable thereto) taken into account
12 for the taxable year with respect to a transaction
13 with a taxpayer that is required to make an addition
14 modification with respect to such transaction under
15 Section 203(a)(2)(D-17), 203(b)(2)(E-12),
16 203(c)(2)(G-12), or 203(d)(2)(D-7), but not to exceed
17 the amount of such addition modification, (ii) any

19 allocable thereto) taken into account for the taxable
20 year with respect to a transaction with a taxpayer
21 that is required to make an addition modification with
22 respect to such transaction under Section
23 203(a)(2)(D-18), 203(b)(2)(E-13), 203(c)(2)(G-13), or
24 203(d)(2)(D-8), but not to exceed the amount of such
25 addition modification, and (iii) any insurance premium
26 income (net of deductions allocable thereto) taken

1 into account for the taxable year with respect to a
2 transaction with a taxpayer that is required to make
3 an addition modification with respect to such
4 transaction under Section 203(a)(2)(D-19), Section
5 203(b)(2)(E-14), Section 203(c)(2)(G-14), or Section
6 203(d)(2)(D-9), but not to exceed the amount of that
7 addition modification. This subparagraph (V) is exempt
8 from the provisions of Section 250;

9 (W) An amount equal to the interest income taken
10 into account for the taxable year (net of the
11 deductions allocable thereto) with respect to
12 transactions with (i) a foreign person who would be a
13 member of the taxpayer's unitary business group but
14 for the fact that the foreign person's business
15 activity outside the United States is 80% or more of
16 that person's total business activity and (ii) for
17 taxable years ending on or after December 31, 2008, to
18 a person who would be a member of the same unitary
19 business group but for the fact that the person is
20 prohibited under Section 1501(a)(27) from being
21 included in the unitary business group because he or
22 she is ordinarily required to apportion business
23 income under different subsections of Section 304, but
24 not to exceed the addition modification required to be
25 made for the same taxable year under Section
26 203(b)(2)(E-12) for interest paid, accrued, or

1 incurred, directly or indirectly, to the same person.
2 This subparagraph (W) is exempt from the provisions of
3 Section 250;

4 (X) An amount equal to the income from intangible
5 property taken into account for the taxable year (net
6 of the deductions allocable thereto) with respect to
7 transactions with (i) a foreign person who would be a
8 member of the taxpayer's unitary business group but
9 for the fact that the foreign person's business
10 activity outside the United States is 80% or more of
11 that person's total business activity and (ii) for
12 taxable years ending on or after December 31, 2008, to
13 a person who would be a member of the same unitary
14 business group but for the fact that the person is
15 prohibited under Section 1501(a)(27) from being
16 included in the unitary business group because he or
17 she is ordinarily required to apportion business
18 income under different subsections of Section 304, but
19 not to exceed the addition modification required to be
20 made for the same taxable year under Section
21 203(b)(2)(E-13) for intangible expenses and costs
22 paid, accrued, or incurred, directly or indirectly, to
23 the same foreign person. This subparagraph (X) is
24 exempt from the provisions of Section 250;

25 (Y) For taxable years ending on or after December
26 31, 2011, in the case of a taxpayer who was required to

1 add back any insurance premiums under Section
2 203(b)(2)(E-14), such taxpayer may elect to subtract
3 that part of a reimbursement received from the
4 insurance company equal to the amount of the expense
5 or loss (including expenses incurred by the insurance
6 company) that would have been taken into account as a
7 deduction for federal income tax purposes if the
8 expense or loss had been uninsured. If a taxpayer
9 makes the election provided for by this subparagraph
10 (Y), the insurer to which the premiums were paid must
11 add back to income the amount subtracted by the
12 taxpayer pursuant to this subparagraph (Y). This
13 subparagraph (Y) is exempt from the provisions of
14 Section 250;

15 (Z) The difference between the nondeductible
16 controlled foreign corporation dividends under Section
17 965(e)(3) of the Internal Revenue Code over the
18 taxable income of the taxpayer, computed without
19 regard to Section 965(e)(2)(A) of the Internal Revenue
20 Code, and without regard to any net operating loss
21 deduction. This subparagraph (Z) is exempt from the
22 provisions of Section 250; and

23 (AA) For taxable years beginning on or after
24 January 1, 2023, for any cannabis establishment
25 operating in this State and licensed under the
26 Cannabis Regulation and Tax Act or any cannabis

1 cultivation center or medical cannabis dispensing
2 organization operating in this State and licensed
3 under the Compassionate Use of Medical Cannabis
4 Program Act, an amount equal to the deductions that
5 were disallowed under Section 280E of the Internal
6 Revenue Code for the taxable year and that would not be
7 added back under this subsection. The provisions of
8 this subparagraph (AA) are exempt from the provisions
9 of Section 250.

10 (3) Special rule. For purposes of paragraph (2)(A),
11 "gross income" in the case of a life insurance company,
12 for tax years ending on and after December 31, 1994, and
13 prior to December 31, 2011, shall mean the gross
14 investment income for the taxable year and, for tax years
15 ending on or after December 31, 2011, shall mean all
16 amounts included in life insurance gross income under
17 Section 803(a)(3) of the Internal Revenue Code.

18 (c) Trusts and estates.

19 (1) In general. In the case of a trust or estate, base
20 income means an amount equal to the taxpayer's taxable
21 income for the taxable year as modified by paragraph (2).

22 (2) Modifications. Subject to the provisions of
23 paragraph (3), the taxable income referred to in paragraph
24 (1) shall be modified by adding thereto the sum of the
25 following amounts:

1 (A) An amount equal to all amounts paid or accrued
2 to the taxpayer as interest or dividends during the
3 taxable year to the extent excluded from gross income
4 in the computation of taxable income;

5 (B) In the case of (i) an estate, \$600; (ii) a
6 trust which, under its governing instrument, is
7 required to distribute all of its income currently,
8 \$300; and (iii) any other trust, \$100, but in each such
9 case, only to the extent such amount was deducted in
10 the computation of taxable income;

11 (C) An amount equal to the amount of tax imposed by
12 this Act to the extent deducted from gross income in
13 the computation of taxable income for the taxable
14 year;

15 (D) The amount of any net operating loss deduction
16 taken in arriving at taxable income, other than a net
17 operating loss carried forward from a taxable year
18 ending prior to December 31, 1986;

19 (E) For taxable years in which a net operating
20 loss carryback or carryforward from a taxable year
21 ending prior to December 31, 1986 is an element of
22 taxable income under paragraph (1) of subsection (e)
23 or subparagraph (E) of paragraph (2) of subsection
24 (e), the amount by which addition modifications other
25 than those provided by this subparagraph (E) exceeded
26 subtraction modifications in such taxable year, with

1 the following limitations applied in the order that
2 they are listed:

3 (i) the addition modification relating to the
4 net operating loss carried back or forward to the
5 taxable year from any taxable year ending prior to
6 December 31, 1986 shall be reduced by the amount
7 of addition modification under this subparagraph
8 (E) which related to that net operating loss and
9 which was taken into account in calculating the
10 base income of an earlier taxable year, and

11 (ii) the addition modification relating to the
12 net operating loss carried back or forward to the
13 taxable year from any taxable year ending prior to
14 December 31, 1986 shall not exceed the amount of
15 such carryback or carryforward;

16 For taxable years in which there is a net
17 operating loss carryback or carryforward from more
18 than one other taxable year ending prior to December
19 31, 1986, the addition modification provided in this
20 subparagraph (E) shall be the sum of the amounts
21 computed independently under the preceding provisions
22 of this subparagraph (E) for each such taxable year;

23 (F) For taxable years ending on or after January
24 1, 1989, an amount equal to the tax deducted pursuant
25 to Section 164 of the Internal Revenue Code if the
26 trust or estate is claiming the same tax for purposes

1 of the Illinois foreign tax credit under Section 601
2 of this Act;

3 (G) An amount equal to the amount of the capital
4 gain deduction allowable under the Internal Revenue
5 Code, to the extent deducted from gross income in the
6 computation of taxable income;

7 (G-5) For taxable years ending after December 31,
8 1997, an amount equal to any eligible remediation
9 costs that the trust or estate deducted in computing
10 adjusted gross income and for which the trust or
11 estate claims a credit under subsection (l) of Section
12 201;

13 (G-10) For taxable years 2001 and thereafter, an
14 amount equal to the bonus depreciation deduction taken
15 on the taxpayer's federal income tax return for the
16 taxable year under subsection (k) of Section 168 of
17 the Internal Revenue Code; and

18 (G-11) If the taxpayer sells, transfers, abandons,
19 or otherwise disposes of property for which the
20 taxpayer was required in any taxable year to make an
21 addition modification under subparagraph (G-10), then
22 an amount equal to the aggregate amount of the
23 deductions taken in all taxable years under
24 subparagraph (R) with respect to that property.

25 If the taxpayer continues to own property through
26 the last day of the last tax year for which a

1 subtraction is allowed with respect to that property
2 under subparagraph (R) and for which the taxpayer was
3 allowed in any taxable year to make a subtraction
4 modification under subparagraph (R), then an amount
5 equal to that subtraction modification.

6 The taxpayer is required to make the addition
7 modification under this subparagraph only once with
8 respect to any one piece of property;

9 (G-12) An amount equal to the amount otherwise
10 allowed as a deduction in computing base income for
11 interest paid, accrued, or incurred, directly or
12 indirectly, (i) for taxable years ending on or after
13 December 31, 2004, to a foreign person who would be a
14 member of the same unitary business group but for the
15 fact that the foreign person's business activity
16 outside the United States is 80% or more of the foreign
17 person's total business activity and (ii) for taxable
18 years ending on or after December 31, 2008, to a person
19 who would be a member of the same unitary business
20 group but for the fact that the person is prohibited
21 under Section 1501(a)(27) from being included in the
22 unitary business group because he or she is ordinarily
23 required to apportion business income under different
24 subsections of Section 304. The addition modification
25 required by this subparagraph shall be reduced to the
26 extent that dividends were included in base income of

1 the unitary group for the same taxable year and
2 received by the taxpayer or by a member of the
3 taxpayer's unitary business group (including amounts
4 included in gross income pursuant to Sections 951
5 through 964 of the Internal Revenue Code and amounts
6 included in gross income under Section 78 of the
7 Internal Revenue Code) with respect to the stock of
8 the same person to whom the interest was paid,
9 accrued, or incurred.

10 This paragraph shall not apply to the following:

11 (i) an item of interest paid, accrued, or
12 incurred, directly or indirectly, to a person who
13 is subject in a foreign country or state, other
14 than a state which requires mandatory unitary
15 reporting, to a tax on or measured by net income
16 with respect to such interest; or

17 (ii) an item of interest paid, accrued, or
18 incurred, directly or indirectly, to a person if
19 the taxpayer can establish, based on a
20 preponderance of the evidence, both of the
21 following:

22 (a) the person, during the same taxable
23 year, paid, accrued, or incurred, the interest
24 to a person that is not a related member, and

25 (b) the transaction giving rise to the
26 interest expense between the taxpayer and the

1 person did not have as a principal purpose the
2 avoidance of Illinois income tax, and is paid
3 pursuant to a contract or agreement that
4 reflects an arm's-length interest rate and
5 terms; or

6 (iii) the taxpayer can establish, based on
7 clear and convincing evidence, that the interest
8 paid, accrued, or incurred relates to a contract
9 or agreement entered into at arm's-length rates
10 and terms and the principal purpose for the
11 payment is not federal or Illinois tax avoidance;
12 or

13 (iv) an item of interest paid, accrued, or
14 incurred, directly or indirectly, to a person if
15 the taxpayer establishes by clear and convincing
16 evidence that the adjustments are unreasonable; or
17 if the taxpayer and the Director agree in writing
18 to the application or use of an alternative method
19 of apportionment under Section 304(f).

20 Nothing in this subsection shall preclude the
21 Director from making any other adjustment
22 otherwise allowed under Section 404 of this Act
23 for any tax year beginning after the effective
24 date of this amendment provided such adjustment is
25 made pursuant to regulation adopted by the
26 Department and such regulations provide methods

1 and standards by which the Department will utilize
2 its authority under Section 404 of this Act;

3 (G-13) An amount equal to the amount of intangible
4 expenses and costs otherwise allowed as a deduction in
5 computing base income, and that were paid, accrued, or
6 incurred, directly or indirectly, (i) for taxable
7 years ending on or after December 31, 2004, to a
8 foreign person who would be a member of the same
9 unitary business group but for the fact that the
10 foreign person's business activity outside the United
11 States is 80% or more of that person's total business
12 activity and (ii) for taxable years ending on or after
13 December 31, 2008, to a person who would be a member of
14 the same unitary business group but for the fact that
15 the person is prohibited under Section 1501(a)(27)
16 from being included in the unitary business group
17 because he or she is ordinarily required to apportion
18 business income under different subsections of Section
19 304. The addition modification required by this
20 subparagraph shall be reduced to the extent that
21 dividends were included in base income of the unitary
22 group for the same taxable year and received by the
23 taxpayer or by a member of the taxpayer's unitary
24 business group (including amounts included in gross
25 income pursuant to Sections 951 through 964 of the
26 Internal Revenue Code and amounts included in gross

1 income under Section 78 of the Internal Revenue Code)
2 with respect to the stock of the same person to whom
3 the intangible expenses and costs were directly or
4 indirectly paid, incurred, or accrued. The preceding
5 sentence shall not apply to the extent that the same
6 dividends caused a reduction to the addition
7 modification required under Section 203(c)(2)(G-12) of
8 this Act. As used in this subparagraph, the term
9 "intangible expenses and costs" includes: (1)
10 expenses, losses, and costs for or related to the
11 direct or indirect acquisition, use, maintenance or
12 management, ownership, sale, exchange, or any other
13 disposition of intangible property; (2) losses
14 incurred, directly or indirectly, from factoring
15 transactions or discounting transactions; (3) royalty,
16 patent, technical, and copyright fees; (4) licensing
17 fees; and (5) other similar expenses and costs. For
18 purposes of this subparagraph, "intangible property"
19 includes patents, patent applications, trade names,
20 trademarks, service marks, copyrights, mask works,
21 trade secrets, and similar types of intangible assets.

22 This paragraph shall not apply to the following:

23 (i) any item of intangible expenses or costs
24 paid, accrued, or incurred, directly or
25 indirectly, from a transaction with a person who
26 is subject in a foreign country or state, other

1 than a state which requires mandatory unitary
2 reporting, to a tax on or measured by net income
3 with respect to such item; or

4 (ii) any item of intangible expense or cost
5 paid, accrued, or incurred, directly or
6 indirectly, if the taxpayer can establish, based
7 on a preponderance of the evidence, both of the
8 following:

9 (a) the person during the same taxable
10 year paid, accrued, or incurred, the
11 intangible expense or cost to a person that is
12 not a related member, and

13 (b) the transaction giving rise to the
14 intangible expense or cost between the
15 taxpayer and the person did not have as a
16 principal purpose the avoidance of Illinois
17 income tax, and is paid pursuant to a contract
18 or agreement that reflects arm's-length terms;
19 or

20 (iii) any item of intangible expense or cost
21 paid, accrued, or incurred, directly or
22 indirectly, from a transaction with a person if
23 the taxpayer establishes by clear and convincing
24 evidence, that the adjustments are unreasonable;
25 or if the taxpayer and the Director agree in
26 writing to the application or use of an

1 alternative method of apportionment under Section
2 304(f);

3 Nothing in this subsection shall preclude the
4 Director from making any other adjustment
5 otherwise allowed under Section 404 of this Act
6 for any tax year beginning after the effective
7 date of this amendment provided such adjustment is
8 made pursuant to regulation adopted by the
9 Department and such regulations provide methods
10 and standards by which the Department will utilize
11 its authority under Section 404 of this Act;

12 (G-14) For taxable years ending on or after
13 December 31, 2008, an amount equal to the amount of
14 insurance premium expenses and costs otherwise allowed
15 as a deduction in computing base income, and that were
16 paid, accrued, or incurred, directly or indirectly, to
17 a person who would be a member of the same unitary
18 business group but for the fact that the person is
19 prohibited under Section 1501(a)(27) from being
20 included in the unitary business group because he or
21 she is ordinarily required to apportion business
22 income under different subsections of Section 304. The
23 addition modification required by this subparagraph
24 shall be reduced to the extent that dividends were
25 included in base income of the unitary group for the
26 same taxable year and received by the taxpayer or by a

1 member of the taxpayer's unitary business group
2 (including amounts included in gross income under
3 Sections 951 through 964 of the Internal Revenue Code
4 and amounts included in gross income under Section 78
5 of the Internal Revenue Code) with respect to the
6 stock of the same person to whom the premiums and costs
7 were directly or indirectly paid, incurred, or
8 accrued. The preceding sentence does not apply to the
9 extent that the same dividends caused a reduction to
10 the addition modification required under Section
11 203(c)(2)(G-12) or Section 203(c)(2)(G-13) of this
12 Act;

13 (G-15) An amount equal to the credit allowable to
14 the taxpayer under Section 218(a) of this Act,
15 determined without regard to Section 218(c) of this
16 Act;

17 (G-16) For taxable years ending on or after
18 December 31, 2017, an amount equal to the deduction
19 allowed under Section 199 of the Internal Revenue Code
20 for the taxable year;

21 (G-17) the amount that is claimed as a federal
22 deduction when computing the taxpayer's federal
23 taxable income for the taxable year and that is
24 attributable to an endowment gift for which the
25 taxpayer receives a credit under the Illinois Gives
26 Tax Credit Act;

1 and by deducting from the total so obtained the sum of the
2 following amounts:

3 (H) An amount equal to all amounts included in
4 such total pursuant to the provisions of Sections
5 402(a), 402(c), 403(a), 403(b), 406(a), 407(a) and 408
6 of the Internal Revenue Code or included in such total
7 as distributions under the provisions of any
8 retirement or disability plan for employees of any
9 governmental agency or unit, or retirement payments to
10 retired partners, which payments are excluded in
11 computing net earnings from self employment by Section
12 1402 of the Internal Revenue Code and regulations
13 adopted pursuant thereto;

14 (I) The valuation limitation amount;

15 (J) An amount equal to the amount of any tax
16 imposed by this Act which was refunded to the taxpayer
17 and included in such total for the taxable year;

18 (K) An amount equal to all amounts included in
19 taxable income as modified by subparagraphs (A), (B),
20 (C), (D), (E), (F) and (G) which are exempt from
21 taxation by this State either by reason of its
22 statutes or Constitution or by reason of the
23 Constitution, treaties or statutes of the United
24 States; provided that, in the case of any statute of
25 this State that exempts income derived from bonds or
26 other obligations from the tax imposed under this Act,

1 the amount exempted shall be the interest net of bond
2 premium amortization;

3 (L) With the exception of any amounts subtracted
4 under subparagraph (K), an amount equal to the sum of
5 all amounts disallowed as deductions by (i) Sections
6 171(a)(2) and 265(a)(2) of the Internal Revenue Code,
7 and all amounts of expenses allocable to interest and
8 disallowed as deductions by Section 265(a)(1) of the
9 Internal Revenue Code; and (ii) for taxable years
10 ending on or after August 13, 1999, Sections
11 171(a)(2), 265, 280C, and 832(b)(5)(B)(i) of the
12 Internal Revenue Code, plus, (iii) for taxable years
13 ending on or after December 31, 2011, Section
14 45G(e)(3) of the Internal Revenue Code and, for
15 taxable years ending on or after December 31, 2008,
16 any amount included in gross income under Section 87
17 of the Internal Revenue Code; the provisions of this
18 subparagraph are exempt from the provisions of Section
19 250;

20 (M) An amount equal to those dividends included in
21 such total which were paid by a corporation which
22 conducts business operations in a River Edge
23 Redevelopment Zone or zones created under the River
24 Edge Redevelopment Zone Act and conducts substantially
25 all of its operations in a River Edge Redevelopment
26 Zone or zones. This subparagraph (M) is exempt from

1 the provisions of Section 250;

2 (N) An amount equal to any contribution made to a
3 job training project established pursuant to the Tax
4 Increment Allocation Redevelopment Act;

5 (O) An amount equal to those dividends included in
6 such total that were paid by a corporation that
7 conducts business operations in a federally designated
8 Foreign Trade Zone or Sub-Zone and that is designated
9 a High Impact Business located in Illinois; provided
10 that dividends eligible for the deduction provided in
11 subparagraph (M) of paragraph (2) of this subsection
12 shall not be eligible for the deduction provided under
13 this subparagraph (O);

14 (P) An amount equal to the amount of the deduction
15 used to compute the federal income tax credit for
16 restoration of substantial amounts held under claim of
17 right for the taxable year pursuant to Section 1341 of
18 the Internal Revenue Code;

19 (Q) For taxable year 1999 and thereafter, an
20 amount equal to the amount of any (i) distributions,
21 to the extent includible in gross income for federal
22 income tax purposes, made to the taxpayer because of
23 his or her status as a victim of persecution for racial
24 or religious reasons by Nazi Germany or any other Axis
25 regime or as an heir of the victim and (ii) items of
26 income, to the extent includible in gross income for

1 federal income tax purposes, attributable to, derived
2 from or in any way related to assets stolen from,
3 hidden from, or otherwise lost to a victim of
4 persecution for racial or religious reasons by Nazi
5 Germany or any other Axis regime immediately prior to,
6 during, and immediately after World War II, including,
7 but not limited to, interest on the proceeds
8 receivable as insurance under policies issued to a
9 victim of persecution for racial or religious reasons
10 by Nazi Germany or any other Axis regime by European
11 insurance companies immediately prior to and during
12 World War II; provided, however, this subtraction from
13 federal adjusted gross income does not apply to assets
14 acquired with such assets or with the proceeds from
15 the sale of such assets; provided, further, this
16 paragraph shall only apply to a taxpayer who was the
17 first recipient of such assets after their recovery
18 and who is a victim of persecution for racial or
19 religious reasons by Nazi Germany or any other Axis
20 regime or as an heir of the victim. The amount of and
21 the eligibility for any public assistance, benefit, or
22 similar entitlement is not affected by the inclusion
23 of items (i) and (ii) of this paragraph in gross income
24 for federal income tax purposes. This paragraph is
25 exempt from the provisions of Section 250;

26 (R) For taxable years 2001 and thereafter, for the

1 taxable year in which the bonus depreciation deduction
2 is taken on the taxpayer's federal income tax return
3 under subsection (k) of Section 168 of the Internal
4 Revenue Code and for each applicable taxable year
5 thereafter, an amount equal to "x", where:

6 (1) "y" equals the amount of the depreciation
7 deduction taken for the taxable year on the
8 taxpayer's federal income tax return on property
9 for which the bonus depreciation deduction was
10 taken in any year under subsection (k) of Section
11 168 of the Internal Revenue Code, but not
12 including the bonus depreciation deduction;

13 (2) for taxable years ending on or before
14 December 31, 2005, "x" equals "y" multiplied by 30
15 and then divided by 70 (or "y" multiplied by
16 0.429); and

17 (3) for taxable years ending after December
18 31, 2005:

19 (i) for property on which a bonus
20 depreciation deduction of 30% of the adjusted
21 basis was taken, "x" equals "y" multiplied by
22 30 and then divided by 70 (or "y" multiplied
23 by 0.429);

24 (ii) for property on which a bonus
25 depreciation deduction of 50% of the adjusted
26 basis was taken, "x" equals "y" multiplied by

1.0;

(iii) for property on which a bonus depreciation deduction of 100% of the adjusted basis was taken in a taxable year ending on or after December 31, 2021, "x" equals the depreciation deduction that would be allowed on that property if the taxpayer had made the election under Section 168(k)(7) of the Internal Revenue Code to not claim bonus depreciation on that property; and

(iv) for property on which a bonus depreciation deduction of a percentage other than 30%, 50% or 100% of the adjusted basis was taken in a taxable year ending on or after December 31, 2021, "x" equals "y" multiplied by 100 times the percentage bonus depreciation on the property (that is, $100(\text{bonus}\%)$) and then divided by 100 times 1 minus the percentage bonus depreciation on the property (that is, $100(1-\text{bonus}\%)$).

The aggregate amount deducted under this subparagraph in all taxable years for any one piece of property may not exceed the amount of the bonus depreciation deduction taken on that property on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code. This

1 subparagraph (R) is exempt from the provisions of
2 Section 250;

3 (S) If the taxpayer sells, transfers, abandons, or
4 otherwise disposes of property for which the taxpayer
5 was required in any taxable year to make an addition
6 modification under subparagraph (G-10), then an amount
7 equal to that addition modification.

8 If the taxpayer continues to own property through
9 the last day of the last tax year for which a
10 subtraction is allowed with respect to that property
11 under subparagraph (R) and for which the taxpayer was
12 required in any taxable year to make an addition
13 modification under subparagraph (G-10), then an amount
14 equal to that addition modification.

15 The taxpayer is allowed to take the deduction
16 under this subparagraph only once with respect to any
17 one piece of property.

18 This subparagraph (S) is exempt from the
19 provisions of Section 250;

20 (T) The amount of (i) any interest income (net of
21 the deductions allocable thereto) taken into account
22 for the taxable year with respect to a transaction
23 with a taxpayer that is required to make an addition
24 modification with respect to such transaction under
25 Section 203(a)(2)(D-17), 203(b)(2)(E-12),
26 203(c)(2)(G-12), or 203(d)(2)(D-7), but not to exceed

1 the amount of such addition modification and (ii) any
2 income from intangible property (net of the deductions
3 allocable thereto) taken into account for the taxable
4 year with respect to a transaction with a taxpayer
5 that is required to make an addition modification with
6 respect to such transaction under Section
7 203(a)(2)(D-18), 203(b)(2)(E-13), 203(c)(2)(G-13), or
8 203(d)(2)(D-8), but not to exceed the amount of such
9 addition modification. This subparagraph (T) is exempt
10 from the provisions of Section 250;

11 (U) An amount equal to the interest income taken
12 into account for the taxable year (net of the
13 deductions allocable thereto) with respect to
14 transactions with (i) a foreign person who would be a
15 member of the taxpayer's unitary business group but
16 for the fact the foreign person's business activity
17 outside the United States is 80% or more of that
18 person's total business activity and (ii) for taxable
19 years ending on or after December 31, 2008, to a person
20 who would be a member of the same unitary business
21 group but for the fact that the person is prohibited
22 under Section 1501(a)(27) from being included in the
23 unitary business group because he or she is ordinarily
24 required to apportion business income under different
25 subsections of Section 304, but not to exceed the
26 addition modification required to be made for the same

1 taxable year under Section 203(c)(2)(G-12) for
2 interest paid, accrued, or incurred, directly or
3 indirectly, to the same person. This subparagraph (U)
4 is exempt from the provisions of Section 250;

5 (V) An amount equal to the income from intangible
6 property taken into account for the taxable year (net
7 of the deductions allocable thereto) with respect to
8 transactions with (i) a foreign person who would be a
9 member of the taxpayer's unitary business group but
10 for the fact that the foreign person's business
11 activity outside the United States is 80% or more of
12 that person's total business activity and (ii) for
13 taxable years ending on or after December 31, 2008, to
14 a person who would be a member of the same unitary
15 business group but for the fact that the person is
16 prohibited under Section 1501(a)(27) from being
17 included in the unitary business group because he or
18 she is ordinarily required to apportion business
19 income under different subsections of Section 304, but
20 not to exceed the addition modification required to be
21 made for the same taxable year under Section
22 203(c)(2)(G-13) for intangible expenses and costs
23 paid, accrued, or incurred, directly or indirectly, to
24 the same foreign person. This subparagraph (V) is
25 exempt from the provisions of Section 250;

26 (W) in the case of an estate, an amount equal to

1 all amounts included in such total pursuant to the
2 provisions of Section 111 of the Internal Revenue Code
3 as a recovery of items previously deducted by the
4 decedent from adjusted gross income in the computation
5 of taxable income. This subparagraph (W) is exempt
6 from Section 250;

7 (X) an amount equal to the refund included in such
8 total of any tax deducted for federal income tax
9 purposes, to the extent that deduction was added back
10 under subparagraph (F). This subparagraph (X) is
11 exempt from the provisions of Section 250;

12 (Y) For taxable years ending on or after December
13 31, 2011, in the case of a taxpayer who was required to
14 add back any insurance premiums under Section
15 203(c)(2)(G-14), such taxpayer may elect to subtract
16 that part of a reimbursement received from the
17 insurance company equal to the amount of the expense
18 or loss (including expenses incurred by the insurance
19 company) that would have been taken into account as a
20 deduction for federal income tax purposes if the
21 expense or loss had been uninsured. If a taxpayer
22 makes the election provided for by this subparagraph
23 (Y), the insurer to which the premiums were paid must
24 add back to income the amount subtracted by the
25 taxpayer pursuant to this subparagraph (Y). This
26 subparagraph (Y) is exempt from the provisions of

1 Section 250;

2 (Z) For taxable years beginning after December 31,
3 2018 and before January 1, 2026, the amount of excess
4 business loss of the taxpayer disallowed as a
5 deduction by Section 461(l)(1)(B) of the Internal
6 Revenue Code; and

7 (AA) For taxable years beginning on or after
8 January 1, 2023, for any cannabis establishment
9 operating in this State and licensed under the
10 Cannabis Regulation and Tax Act or any cannabis
11 cultivation center or medical cannabis dispensing
12 organization operating in this State and licensed
13 under the Compassionate Use of Medical Cannabis
14 Program Act, an amount equal to the deductions that
15 were disallowed under Section 280E of the Internal
16 Revenue Code for the taxable year and that would not be
17 added back under this subsection. The provisions of
18 this subparagraph (AA) are exempt from the provisions
19 of Section 250.

20 (3) Limitation. The amount of any modification
21 otherwise required under this subsection shall, under
22 regulations prescribed by the Department, be adjusted by
23 any amounts included therein which were properly paid,
24 credited, or required to be distributed, or permanently
25 set aside for charitable purposes pursuant to Internal
26 Revenue Code Section 642(c) during the taxable year.

1 (d) Partnerships.

2 (1) In general. In the case of a partnership, base
3 income means an amount equal to the taxpayer's taxable
4 income for the taxable year as modified by paragraph (2).

5 (2) Modifications. The taxable income referred to in
6 paragraph (1) shall be modified by adding thereto the sum
7 of the following amounts:

8 (A) An amount equal to all amounts paid or accrued
9 to the taxpayer as interest or dividends during the
10 taxable year to the extent excluded from gross income
11 in the computation of taxable income;

12 (B) An amount equal to the amount of tax imposed by
13 this Act to the extent deducted from gross income for
14 the taxable year;

15 (C) The amount of deductions allowed to the
16 partnership pursuant to Section 707 (c) of the
17 Internal Revenue Code in calculating its taxable
18 income;

19 (D) An amount equal to the amount of the capital
20 gain deduction allowable under the Internal Revenue
21 Code, to the extent deducted from gross income in the
22 computation of taxable income;

23 (D-5) For taxable years 2001 and thereafter, an
24 amount equal to the bonus depreciation deduction taken
25 on the taxpayer's federal income tax return for the

1 taxable year under subsection (k) of Section 168 of
2 the Internal Revenue Code;

3 (D-6) If the taxpayer sells, transfers, abandons,
4 or otherwise disposes of property for which the
5 taxpayer was required in any taxable year to make an
6 addition modification under subparagraph (D-5), then
7 an amount equal to the aggregate amount of the
8 deductions taken in all taxable years under
9 subparagraph (O) with respect to that property.

10 If the taxpayer continues to own property through
11 the last day of the last tax year for which a
12 subtraction is allowed with respect to that property
13 under subparagraph (O) and for which the taxpayer was
14 allowed in any taxable year to make a subtraction
15 modification under subparagraph (O), then an amount
16 equal to that subtraction modification.

17 The taxpayer is required to make the addition
18 modification under this subparagraph only once with
19 respect to any one piece of property;

20 (D-7) An amount equal to the amount otherwise
21 allowed as a deduction in computing base income for
22 interest paid, accrued, or incurred, directly or
23 indirectly, (i) for taxable years ending on or after
24 December 31, 2004, to a foreign person who would be a
25 member of the same unitary business group but for the
26 fact the foreign person's business activity outside

1 the United States is 80% or more of the foreign
2 person's total business activity and (ii) for taxable
3 years ending on or after December 31, 2008, to a person
4 who would be a member of the same unitary business
5 group but for the fact that the person is prohibited
6 under Section 1501(a)(27) from being included in the
7 unitary business group because he or she is ordinarily
8 required to apportion business income under different
9 subsections of Section 304. The addition modification
10 required by this subparagraph shall be reduced to the
11 extent that dividends were included in base income of
12 the unitary group for the same taxable year and
13 received by the taxpayer or by a member of the
14 taxpayer's unitary business group (including amounts
15 included in gross income pursuant to Sections 951
16 through 964 of the Internal Revenue Code and amounts
17 included in gross income under Section 78 of the
18 Internal Revenue Code) with respect to the stock of
19 the same person to whom the interest was paid,
20 accrued, or incurred.

21 This paragraph shall not apply to the following:

22 (i) an item of interest paid, accrued, or
23 incurred, directly or indirectly, to a person who
24 is subject in a foreign country or state, other
25 than a state which requires mandatory unitary
26 reporting, to a tax on or measured by net income

1 with respect to such interest; or

2 (ii) an item of interest paid, accrued, or
3 incurred, directly or indirectly, to a person if
4 the taxpayer can establish, based on a
5 preponderance of the evidence, both of the
6 following:

7 (a) the person, during the same taxable
8 year, paid, accrued, or incurred, the interest
9 to a person that is not a related member, and

10 (b) the transaction giving rise to the
11 interest expense between the taxpayer and the
12 person did not have as a principal purpose the
13 avoidance of Illinois income tax, and is paid
14 pursuant to a contract or agreement that
15 reflects an arm's-length interest rate and
16 terms; or

17 (iii) the taxpayer can establish, based on
18 clear and convincing evidence, that the interest
19 paid, accrued, or incurred relates to a contract
20 or agreement entered into at arm's-length rates
21 and terms and the principal purpose for the
22 payment is not federal or Illinois tax avoidance;
23 or

24 (iv) an item of interest paid, accrued, or
25 incurred, directly or indirectly, to a person if
26 the taxpayer establishes by clear and convincing

1 evidence that the adjustments are unreasonable; or
2 if the taxpayer and the Director agree in writing
3 to the application or use of an alternative method
4 of apportionment under Section 304(f).

5 Nothing in this subsection shall preclude the
6 Director from making any other adjustment
7 otherwise allowed under Section 404 of this Act
8 for any tax year beginning after the effective
9 date of this amendment provided such adjustment is
10 made pursuant to regulation adopted by the
11 Department and such regulations provide methods
12 and standards by which the Department will utilize
13 its authority under Section 404 of this Act; and

14 (D-8) An amount equal to the amount of intangible
15 expenses and costs otherwise allowed as a deduction in
16 computing base income, and that were paid, accrued, or
17 incurred, directly or indirectly, (i) for taxable
18 years ending on or after December 31, 2004, to a
19 foreign person who would be a member of the same
20 unitary business group but for the fact that the
21 foreign person's business activity outside the United
22 States is 80% or more of that person's total business
23 activity and (ii) for taxable years ending on or after
24 December 31, 2008, to a person who would be a member of
25 the same unitary business group but for the fact that
26 the person is prohibited under Section 1501(a) (27)

1 from being included in the unitary business group
2 because he or she is ordinarily required to apportion
3 business income under different subsections of Section
4 304. The addition modification required by this
5 subparagraph shall be reduced to the extent that
6 dividends were included in base income of the unitary
7 group for the same taxable year and received by the
8 taxpayer or by a member of the taxpayer's unitary
9 business group (including amounts included in gross
10 income pursuant to Sections 951 through 964 of the
11 Internal Revenue Code and amounts included in gross
12 income under Section 78 of the Internal Revenue Code)
13 with respect to the stock of the same person to whom
14 the intangible expenses and costs were directly or
15 indirectly paid, incurred or accrued. The preceding
16 sentence shall not apply to the extent that the same
17 dividends caused a reduction to the addition
18 modification required under Section 203(d)(2)(D-7) of
19 this Act. As used in this subparagraph, the term
20 "intangible expenses and costs" includes (1) expenses,
21 losses, and costs for, or related to, the direct or
22 indirect acquisition, use, maintenance or management,
23 ownership, sale, exchange, or any other disposition of
24 intangible property; (2) losses incurred, directly or
25 indirectly, from factoring transactions or discounting
26 transactions; (3) royalty, patent, technical, and

1 copyright fees; (4) licensing fees; and (5) other
2 similar expenses and costs. For purposes of this
3 subparagraph, "intangible property" includes patents,
4 patent applications, trade names, trademarks, service
5 marks, copyrights, mask works, trade secrets, and
6 similar types of intangible assets;

7 This paragraph shall not apply to the following:

8 (i) any item of intangible expenses or costs
9 paid, accrued, or incurred, directly or
10 indirectly, from a transaction with a person who
11 is subject in a foreign country or state, other
12 than a state which requires mandatory unitary
13 reporting, to a tax on or measured by net income
14 with respect to such item; or

15 (ii) any item of intangible expense or cost
16 paid, accrued, or incurred, directly or
17 indirectly, if the taxpayer can establish, based
18 on a preponderance of the evidence, both of the
19 following:

20 (a) the person during the same taxable
21 year paid, accrued, or incurred, the
22 intangible expense or cost to a person that is
23 not a related member, and

24 (b) the transaction giving rise to the
25 intangible expense or cost between the
26 taxpayer and the person did not have as a

1 principal purpose the avoidance of Illinois
2 income tax, and is paid pursuant to a contract
3 or agreement that reflects arm's-length terms;
4 or

5 (iii) any item of intangible expense or cost
6 paid, accrued, or incurred, directly or
7 indirectly, from a transaction with a person if
8 the taxpayer establishes by clear and convincing
9 evidence, that the adjustments are unreasonable;
10 or if the taxpayer and the Director agree in
11 writing to the application or use of an
12 alternative method of apportionment under Section
13 304(f);

14 Nothing in this subsection shall preclude the
15 Director from making any other adjustment
16 otherwise allowed under Section 404 of this Act
17 for any tax year beginning after the effective
18 date of this amendment provided such adjustment is
19 made pursuant to regulation adopted by the
20 Department and such regulations provide methods
21 and standards by which the Department will utilize
22 its authority under Section 404 of this Act;

23 (D-9) For taxable years ending on or after
24 December 31, 2008, an amount equal to the amount of
25 insurance premium expenses and costs otherwise allowed
26 as a deduction in computing base income, and that were

1 paid, accrued, or incurred, directly or indirectly, to
2 a person who would be a member of the same unitary
3 business group but for the fact that the person is
4 prohibited under Section 1501(a)(27) from being
5 included in the unitary business group because he or
6 she is ordinarily required to apportion business
7 income under different subsections of Section 304. The
8 addition modification required by this subparagraph
9 shall be reduced to the extent that dividends were
10 included in base income of the unitary group for the
11 same taxable year and received by the taxpayer or by a
12 member of the taxpayer's unitary business group
13 (including amounts included in gross income under
14 Sections 951 through 964 of the Internal Revenue Code
15 and amounts included in gross income under Section 78
16 of the Internal Revenue Code) with respect to the
17 stock of the same person to whom the premiums and costs
18 were directly or indirectly paid, incurred, or
19 accrued. The preceding sentence does not apply to the
20 extent that the same dividends caused a reduction to
21 the addition modification required under Section
22 203(d)(2)(D-7) or Section 203(d)(2)(D-8) of this Act;

23 (D-10) An amount equal to the credit allowable to

19 including the bonus depreciation deduction;

20 (2) for taxable years ending on or before
21 December 31, 2005, "x" equals "y" multiplied by 30
22 and then divided by 70 (or "y" multiplied by

25 then divided by 100 times 1 minus the
26 percentage bonus depreciation on the property

1 (that is, $100(1-\text{bonus}\%)$).

2 The aggregate amount deducted under this
3 subparagraph in all taxable years for any one piece of
4 property may not exceed the amount of the bonus
5 depreciation deduction taken on that property on the

8 the amount of such addition modification and (ii) any
9 income from intangible property (net of the deductions
10 allocable thereto) taken into account for the taxable
11 year with respect to a transaction with a taxpayer
12 that is required to make an addition modification with
13 respect to such transaction under Section
14 203(a)(2)(D-18), 203(b)(2)(E-13), 203(c)(2)(G-13), or
15 203(d)(2)(D-8), but not to exceed the amount of such
16 addition modification. This subparagraph (Q) is exempt
17 from Section 250;

18 (R) An amount equal to the interest income taken
19 into account for the taxable year (net of the
20 deductions allocable thereto) with respect to
21 transactions with (i) a foreign person who would be a
22 member of the taxpayer's unitary business group but
23 for the fact that the foreign person's business
24 activity outside the United States is 80% or more of
25 that person's total business activity and (ii) for
26 taxable years ending on or after December 31, 2008, to

1 a person who would be a member of the same unitary
2 business group but for the fact that the person is
3 prohibited under Section 1501(a)(27) from being
4 included in the unitary business group because he or
5 she is ordinarily required to apportion business
6 income under different subsections of Section 304, but
7 not to exceed the addition modification required to be
8 made for the same taxable year under Section
9 203(d)(2)(D-7) for interest paid, accrued, or
10 incurred, directly or indirectly, to the same person.
11 This subparagraph (R) is exempt from Section 250;

12 (S) An amount equal to the income from intangible
13 property taken into account for the taxable year (net
14 of the deductions allocable thereto) with respect to
15 transactions with (i) a foreign person who would be a
16 member of the taxpayer's unitary business group but
17 for the fact that the foreign person's business
18 activity outside the United States is 80% or more of
19 that person's total business activity and (ii) for
20 taxable years ending on or after December 31, 2008, to
21 a person who would be a member of the same unitary
22 business group but for the fact that the person is
23 prohibited under Section 1501(a)(27) from being
24 included in the unitary business group because he or
25 she is ordinarily required to apportion business
26 income under different subsections of Section 304, but

1 not to exceed the addition modification required to be
2 made for the same taxable year under Section
3 203(d)(2)(D-8) for intangible expenses and costs paid,
4 accrued, or incurred, directly or indirectly, to the
5 same person. This subparagraph (S) is exempt from
6 Section 250;

7 (T) For taxable years ending on or after December
8 31, 2011, in the case of a taxpayer who was required to
9 add back any insurance premiums under Section
10 203(d)(2)(D-9), such taxpayer may elect to subtract
11 that part of a reimbursement received from the
12 insurance company equal to the amount of the expense
13 or loss (including expenses incurred by the insurance
14 company) that would have been taken into account as a
15 deduction for federal income tax purposes if the
16 expense or loss had been uninsured. If a taxpayer
17 makes the election provided for by this subparagraph
18 (T), the insurer to which the premiums were paid must
19 add back to income the amount subtracted by the
20 taxpayer pursuant to this subparagraph (T). This
21 subparagraph (T) is exempt from the provisions of
22 Section 250; and

23 (U) For taxable years beginning on or after
24 January 1, 2023, for any cannabis establishment
25 operating in this State and licensed under the
26 Cannabis Regulation and Tax Act or any cannabis

1 cultivation center or medical cannabis dispensing
2 organization operating in this State and licensed
3 under the Compassionate Use of Medical Cannabis
4 Program Act, an amount equal to the deductions that
5 were disallowed under Section 280E of the Internal
6 Revenue Code for the taxable year and that would not be
7 added back under this subsection. The provisions of
8 this subparagraph (U) are exempt from the provisions
9 of Section 250.

10 (e) Gross income; adjusted gross income; taxable income.

11 (1) In general. Subject to the provisions of paragraph
12 (2) and subsection (b) (3), for purposes of this Section
13 and Section 803(e), a taxpayer's gross income, adjusted
14 gross income, or taxable income for the taxable year shall
15 mean the amount of gross income, adjusted gross income or
16 taxable income properly reportable for federal income tax
17 purposes for the taxable year under the provisions of the
18 Internal Revenue Code. Taxable income may be less than
19 zero. However, for taxable years ending on or after
20 December 31, 1986, net operating loss carryforwards from
21 taxable years ending prior to December 31, 1986, may not
22 exceed the sum of federal taxable income for the taxable
23 year before net operating loss deduction, plus the excess
24 of addition modifications over subtraction modifications
25 for the taxable year. For taxable years ending prior to

1 December 31, 1986, taxable income may never be an amount
2 in excess of the net operating loss for the taxable year as
3 defined in subsections (c) and (d) of Section 172 of the
4 Internal Revenue Code, provided that when taxable income
5 of a corporation (other than a Subchapter S corporation),
6 trust, or estate is less than zero and addition
7 modifications, other than those provided by subparagraph
8 (E) of paragraph (2) of subsection (b) for corporations or
9 subparagraph (E) of paragraph (2) of subsection (c) for
10 trusts and estates, exceed subtraction modifications, an
11 addition modification must be made under those
12 subparagraphs for any other taxable year to which the
13 taxable income less than zero (net operating loss) is
14 applied under Section 172 of the Internal Revenue Code or
15 under subparagraph (E) of paragraph (2) of this subsection
16 (e) applied in conjunction with Section 172 of the
17 Internal Revenue Code.

18 (2) Special rule. For purposes of paragraph (1) of
19 this subsection, the taxable income properly reportable
20 for federal income tax purposes shall mean:

21 (A) Certain life insurance companies. In the case
22 of a life insurance company subject to the tax imposed
23 by Section 801 of the Internal Revenue Code, life
24 insurance company taxable income, plus the amount of
25 distribution from pre-1984 policyholder surplus
26 accounts as calculated under Section 815a of the

1 Internal Revenue Code;

2 (B) Certain other insurance companies. In the case
3 of mutual insurance companies subject to the tax
4 imposed by Section 831 of the Internal Revenue Code,
5 insurance company taxable income;

6 (C) Regulated investment companies. In the case of
7 a regulated investment company subject to the tax
8 imposed by Section 852 of the Internal Revenue Code,
9 investment company taxable income;

10 (D) Real estate investment trusts. In the case of
11 a real estate investment trust subject to the tax
12 imposed by Section 857 of the Internal Revenue Code,
13 real estate investment trust taxable income;

14 (E) Consolidated corporations. In the case of a
15 corporation which is a member of an affiliated group
16 of corporations filing a consolidated income tax
17 return for the taxable year for federal income tax
18 purposes, taxable income determined as if such
19 corporation had filed a separate return for federal
20 income tax purposes for the taxable year and each
21 preceding taxable year for which it was a member of an
22 affiliated group. For purposes of this subparagraph,
23 the taxpayer's separate taxable income shall be
24 determined as if the election provided by Section
25 243(b)(2) of the Internal Revenue Code had been in
26 effect for all such years;

1 (F) Cooperatives. In the case of a cooperative
2 corporation or association, the taxable income of such
3 organization determined in accordance with the
4 provisions of Section 1381 through 1388 of the
5 Internal Revenue Code, but without regard to the
6 prohibition against offsetting losses from patronage
7 activities against income from nonpatronage
8 activities; except that a cooperative corporation or
9 association may make an election to follow its federal
10 income tax treatment of patronage losses and
11 nonpatronage losses. In the event such election is
12 made, such losses shall be computed and carried over
13 in a manner consistent with subsection (a) of Section
14 207 of this Act and apportioned by the apportionment
15 factor reported by the cooperative on its Illinois
16 income tax return filed for the taxable year in which
17 the losses are incurred. The election shall be
18 effective for all taxable years with original returns
19 due on or after the date of the election. In addition,
20 the cooperative may file an amended return or returns,
21 as allowed under this Act, to provide that the
22 election shall be effective for losses incurred or
23 carried forward for taxable years occurring prior to
24 the date of the election. Once made, the election may
25 only be revoked upon approval of the Director. The
26 Department shall adopt rules setting forth

1 requirements for documenting the elections and any
2 resulting Illinois net loss and the standards to be
3 used by the Director in evaluating requests to revoke
4 elections. Public Act 96-932 is declaratory of
5 existing law;

6 (G) Subchapter S corporations. In the case of: (i)
7 a Subchapter S corporation for which there is in
8 effect an election for the taxable year under Section
9 1362 of the Internal Revenue Code, the taxable income
10 of such corporation determined in accordance with
11 Section 1363(b) of the Internal Revenue Code, except
12 that taxable income shall take into account those
13 items which are required by Section 1363(b)(1) of the
14 Internal Revenue Code to be separately stated; and
15 (ii) a Subchapter S corporation for which there is in
16 effect a federal election to opt out of the provisions
17 of the Subchapter S Revision Act of 1982 and have
18 applied instead the prior federal Subchapter S rules
19 as in effect on July 1, 1982, the taxable income of
20 such corporation determined in accordance with the
21 federal Subchapter S rules as in effect on July 1,
22 1982; and

23 (H) Partnerships. In the case of a partnership,
24 taxable income determined in accordance with Section
25 703 of the Internal Revenue Code, except that taxable
26 income shall take into account those items which are

1 required by Section 703(a)(1) to be separately stated
2 but which would be taken into account by an individual
3 in calculating his taxable income.

4 (3) Recapture of business expenses on disposition of
5 asset or business. Notwithstanding any other law to the
6 contrary, if in prior years income from an asset or
7 business has been classified as business income and in a
8 later year is demonstrated to be non-business income, then
9 all expenses, without limitation, deducted in such later
10 year and in the 2 immediately preceding taxable years
11 related to that asset or business that generated the
12 non-business income shall be added back and recaptured as
13 business income in the year of the disposition of the
14 asset or business. Such amount shall be apportioned to
15 Illinois using the greater of the apportionment fraction
16 computed for the business under Section 304 of this Act
17 for the taxable year or the average of the apportionment
18 fractions computed for the business under Section 304 of
19 this Act for the taxable year and for the 2 immediately
20 preceding taxable years.

21 (f) Valuation limitation amount.

22 (1) In general. The valuation limitation amount
23 referred to in subsections (a)(2)(G), (c)(2)(I) and
24 (d)(2)(E) is an amount equal to:

25 (A) The sum of the pre-August 1, 1969 appreciation

1 amounts (to the extent consisting of gain reportable
2 under the provisions of Section 1245 or 1250 of the
3 Internal Revenue Code) for all property in respect of
4 which such gain was reported for the taxable year;
5 plus

6 (B) The lesser of (i) the sum of the pre-August 1,
7 1969 appreciation amounts (to the extent consisting of
8 capital gain) for all property in respect of which
9 such gain was reported for federal income tax purposes
10 for the taxable year, or (ii) the net capital gain for
11 the taxable year, reduced in either case by any amount
12 of such gain included in the amount determined under
13 subsection (a) (2) (F) or (c) (2) (H).

14 (2) Pre-August 1, 1969 appreciation amount.

15 (A) If the fair market value of property referred
16 to in paragraph (1) was readily ascertainable on
17 August 1, 1969, the pre-August 1, 1969 appreciation
18 amount for such property is the lesser of (i) the
19 excess of such fair market value over the taxpayer's
20 basis (for determining gain) for such property on that
21 date (determined under the Internal Revenue Code as in
22 effect on that date), or (ii) the total gain realized
23 and reportable for federal income tax purposes in
24 respect of the sale, exchange or other disposition of
25 such property.

26 (B) If the fair market value of property referred

1 to in paragraph (1) was not readily ascertainable on
2 August 1, 1969, the pre-August 1, 1969 appreciation
3 amount for such property is that amount which bears
4 the same ratio to the total gain reported in respect of
5 the property for federal income tax purposes for the
6 taxable year, as the number of full calendar months in
7 that part of the taxpayer's holding period for the
8 property ending July 31, 1969 bears to the number of
9 full calendar months in the taxpayer's entire holding
10 period for the property.

11 (C) The Department shall prescribe such
12 regulations as may be necessary to carry out the
13 purposes of this paragraph.

14 (g) Double deductions. Unless specifically provided
15 otherwise, nothing in this Section shall permit the same item
16 to be deducted more than once.

17 (h) Legislative intention. Except as expressly provided by
18 this Section there shall be no modifications or limitations on
19 the amounts of income, gain, loss or deduction taken into
20 account in determining gross income, adjusted gross income or
21 taxable income for federal income tax purposes for the taxable
22 year, or in the amount of such items entering into the
23 computation of base income and net income under this Act for
24 such taxable year, whether in respect of property values as of

1 August 1, 1969 or otherwise.

10 (a) A taxpayer who has been awarded a credit by the
11 Department of Commerce and Economic Opportunity under Section
12 605-1115 ~~605-115~~ of the Department of Commerce and Economic
13 Opportunity Law of the Civil Administrative Code of Illinois
14 is entitled to a credit against the taxes imposed under
15 subsections (a) and (b) of Section 201 of this Act. The amount
16 of the credit shall be 20% of the wages paid by the taxpayer
17 during the taxable year to a full-time or part-time employee
18 of a construction contractor employed in the construction of
19 an eligible facility located on a quantum computing campus
20 designated under Section 605-1115 ~~605-115~~ of the Department of
21 Commerce and Economic Opportunity Law of the Civil
22 Administrative Code of Illinois.

23 (b) In no event shall a credit under this Section reduce
24 the taxpayer's liability to less than zero. If the amount of
25 the credit exceeds the tax liability for the year, the excess

1 may be carried forward and applied to the tax liability of the
2 5 taxable years following the excess credit year. The tax
3 credit shall be applied to the earliest year for which there is
4 a tax liability. If there are credits for more than one year
5 that are available to offset a liability, the earlier credit
6 shall be applied first.

7 (c) A person claiming the credit allowed under this
8 Section shall attach to its Illinois income tax return for the
9 taxable year for which the credit is allowed a copy of the tax
10 credit certificate issued by the Department of Commerce and
11 Economic Opportunity.

12 (d) Partners and shareholders of Subchapter S corporations
13 are entitled to a credit under this Section as provided in
14 Section 251.

15 (e) As used in this Section, "eligible facility" means a
16 building used primarily to house one or more of the following:
17 a quantum computer operator; a research facility; a data
18 center; a manufacturer and assembler of quantum computers and
19 component parts; a cryogenic or refrigeration facility; or any
20 other facility determined, by industry and academic leaders,
21 to be fundamental to the research and development of quantum
22 computing for practical solutions.

23 (f) This Section is exempt from the provisions of Section
24 250.

2 Sec. 242 ~~241~~. Music and Musicians Tax Credits and Jobs
3 Act. Taxpayers who have been awarded a credit under the Music
4 and Musicians Tax Credits and Jobs Act are entitled to a credit
5 against the taxes imposed by subsections (a) and (b) of
6 Section 201 of this Act in an amount determined by the
7 Department of Commerce and Economic Opportunity under that
8 Act. The credit shall be claimed in the taxable year in which
9 the tax credit award certificate is issued, and the
10 certificate shall be attached to the return. If the taxpayer
11 is a partnership or Subchapter S corporation, the credit shall
12 be allowed to the partners or shareholders in accordance with
13 the provisions of Section 251.

14 The credit may not reduce the taxpayer's liability to less
15 than zero. If the amount of the credit exceeds the tax
16 liability for the year, the excess may be carried forward and
17 applied to the tax liability of the 5 taxable years following
18 the excess credit year. The credit shall be applied to the
19 earliest year for which there is a tax liability. If there are
20 credits from more than one tax year that are available to
21 offset a liability, the earlier credit shall be applied first.

24 (35 ILCS 5/243)

25 Sec. 243 ~~241~~. The Illinois Gives tax credit.

1 (a) For taxable years ending on or after December 31, 2025
2 and ending before January 1, 2030, each taxpayer for whom a tax
3 credit has been authorized by the Department of Revenue under
4 the Illinois Gives Tax Credit Act is entitled to a credit
5 against the tax imposed under subsections (a) and (b) of
6 Section 201 in an amount equal to the amount authorized under
7 that Act.

8 (b) For partners of partnerships and shareholders of
9 Subchapter S corporations, there is allowed a credit under
10 this Section to be determined in accordance with Section 251
11 of this Act.

12 (c) The credit may not be carried back and may not reduce
13 the taxpayer's liability to less than zero. If the amount of
14 the credit exceeds the tax liability for the year, the excess
15 may be carried forward and applied to the tax liability of the
16 5 taxable years following the excess credit year. The tax
17 credit shall be applied to the earliest year for which there is
18 a tax liability. If there are credits for more than one year
19 that are available to offset a liability, the earlier credit
20 shall be applied first.

23 (35 ILCS 5/244)

24 Sec. 244. Child tax credit.

25 (a) For the taxable years beginning on or after January 1,

1 2024, each individual taxpayer who has at least one qualifying
2 child who is younger than 12 years of age as of the last day of
3 the taxable year is entitled to a credit against the tax
4 imposed by subsections (a) and (b) of Section 201. For tax
5 years beginning on or after January 1, 2024 and before January
6 1, 2025, the credit shall be equal to 20% of the credit allowed
7 to the taxpayer under Section 212 of this Act for that taxable
8 year. For tax years beginning on or after January 1, 2025, the
9 amount of the credit shall be equal to 40% of the credit
10 allowed to the taxpayer under Section 212 of this Act for that
11 taxable year.

12 (b) If the amount of the credit exceeds the income tax
13 liability for the applicable tax year, then the excess credit
14 shall be refunded to the taxpayer. The amount of the refund
15 under this Section shall not be included in the taxpayer's
16 income or resources for the purposes of determining
17 eligibility or benefit level in any means-tested benefit
18 program administered by a governmental entity unless required
19 by federal law.

20 (c) The Department may adopt rules to carry out the
21 provisions of this Section.

22 (d) As used in this Section, "qualifying child" has the
23 meaning given to that term in Section 152 of the Internal
24 Revenue Code.

25 (e) This Section is exempt from the provisions of Section
26 250.

2 (35 ILCS 5/304) (from Ch. 120, par. 3-304)

3 Sec. 304. Business income of persons other than residents.

4 (a) In general. The business income of a person other than
5 a resident shall be allocated to this State if such person's
6 business income is derived solely from this State. If a person
7 other than a resident derives business income from this State
8 and one or more other states, then, for tax years ending on or
9 before December 30, 1998, and except as otherwise provided by
10 this Section, such person's business income shall be
11 apportioned to this State by multiplying the income by a
12 fraction, the numerator of which is the sum of the property
13 factor (if any), the payroll factor (if any) and 200% of the
14 sales factor (if any), and the denominator of which is 4
15 reduced by the number of factors other than the sales factor
16 which have a denominator of zero and by an additional 2 if the
17 sales factor has a denominator of zero. For tax years ending on
18 or after December 31, 1998, and except as otherwise provided
19 by this Section, persons other than residents who derive
20 business income from this State and one or more other states
21 shall compute their apportionment factor by weighting their
22 property, payroll, and sales factors as provided in subsection
23 (h) of this Section.

24 (1) Property factor.

25 (A) The property factor is a fraction, the numerator

1 of which is the average value of the person's real and
2 tangible personal property owned or rented and used in the
3 trade or business in this State during the taxable year
4 and the denominator of which is the average value of all
5 the person's real and tangible personal property owned or
6 rented and used in the trade or business during the
7 taxable year.

8 (B) Property owned by the person is valued at its
9 original cost. Property rented by the person is valued at
10 8 times the net annual rental rate. Net annual rental rate
11 is the annual rental rate paid by the person less any
12 annual rental rate received by the person from
13 sub-rentals.

14 (C) The average value of property shall be determined
15 by averaging the values at the beginning and ending of the
16 taxable year, but the Director may require the averaging
17 of monthly values during the taxable year if reasonably
18 required to reflect properly the average value of the
19 person's property.

20 (2) Payroll factor.

21 (A) The payroll factor is a fraction, the numerator of
22 which is the total amount paid in this State during the
23 taxable year by the person for compensation, and the
24 denominator of which is the total compensation paid
25 everywhere during the taxable year.

26 (B) Compensation is paid in this State if:

1 (i) The individual's service is performed entirely
2 within this State;

3 (ii) The individual's service is performed both
4 within and without this State, but the service
5 performed without this State is incidental to the
6 individual's service performed within this State; or

7 (iii) For tax years ending prior to December 31,
8 2020, some of the service is performed within this
9 State and either the base of operations, or if there is
10 no base of operations, the place from which the
11 service is directed or controlled is within this
12 State, or the base of operations or the place from
13 which the service is directed or controlled is not in
14 any state in which some part of the service is
15 performed, but the individual's residence is in this
16 State. For tax years ending on or after December 31,
17 2020, compensation is paid in this State if some of the
18 individual's service is performed within this State,
19 the individual's service performed within this State
20 is nonincidental to the individual's service performed
21 without this State, and the individual's service is
22 performed within this State for more than 30 working
23 days during the tax year. The amount of compensation
24 paid in this State shall include the portion of the
25 individual's total compensation for services performed
26 on behalf of his or her employer during the tax year

1 which the number of working days spent within this
2 State during the tax year bears to the total number of
3 working days spent both within and without this State
4 during the tax year. For purposes of this paragraph:

5 (a) The term "working day" means all days
6 during the tax year in which the individual
7 performs duties on behalf of his or her employer.
8 All days in which the individual performs no
9 duties on behalf of his or her employer (e.g.,
10 weekends, vacation days, sick days, and holidays)
11 are not working days.

12 (b) A working day is spent within this State
13 if:

14 (1) the individual performs service on
15 behalf of the employer and a greater amount of
16 time on that day is spent by the individual
17 performing duties on behalf of the employer
18 within this State, without regard to time
19 spent traveling, than is spent performing
20 duties on behalf of the employer without this
21 State; or

22 (2) the only service the individual
23 performs on behalf of the employer on that day
24 is traveling to a destination within this
25 State, and the individual arrives on that day.

26 (c) Working days spent within this State do

1 not include any day in which the employee is
2 performing services in this State during a
3 disaster period solely in response to a request
4 made to his or her employer by the government of
5 this State, by any political subdivision of this
6 State, or by a person conducting business in this
7 State to perform disaster or emergency-related
8 services in this State. For purposes of this item
9 (c):

10 "Declared State disaster or emergency"
11 means a disaster or emergency event (i) for
12 which a Governor's proclamation of a state of
13 emergency has been issued or (ii) for which a
14 Presidential declaration of a federal major
15 disaster or emergency has been issued.

16 "Disaster period" means a period that
17 begins 10 days prior to the date of the
18 Governor's proclamation or the President's
19 declaration (whichever is earlier) and extends
20 for a period of 60 calendar days after the end
21 of the declared disaster or emergency period.

22 "Disaster or emergency-related services"
23 means repairing, renovating, installing,
24 building, or rendering services or conducting
25 other business activities that relate to
26 infrastructure that has been damaged,

1 impaired, or destroyed by the declared State
2 disaster or emergency.

3 "Infrastructure" means property and
4 equipment owned or used by a public utility,
5 communications network, broadband and Internet
6 ~~internet~~ service provider, cable and video
7 service provider, electric or gas distribution
8 system, or water pipeline that provides
9 service to more than one customer or person,
10 including related support facilities.

11 "Infrastructure" includes, but is not limited
12 to, real and personal property such as
13 buildings, offices, power lines, cable lines,
14 poles, communications lines, pipes,
15 structures, and equipment.

16 (iv) Compensation paid to nonresident professional
17 athletes.

18 (a) General. The Illinois source income of a
19 nonresident individual who is a member of a
20 professional athletic team includes the portion of the
21 individual's total compensation for services performed
22 as a member of a professional athletic team during the
23 taxable year which the number of duty days spent
24 within this State performing services for the team in
25 any manner during the taxable year bears to the total
26 number of duty days spent both within and without this

1 State during the taxable year.

2 (b) Travel days. Travel days that do not involve
3 either a game, practice, team meeting, or other
4 similar team event are not considered duty days spent
5 in this State. However, such travel days are
6 considered in the total duty days spent both within
7 and without this State.

8 (c) Definitions. For purposes of this subpart
9 (iv):

10 (1) The term "professional athletic team"
11 includes, but is not limited to, any professional
12 baseball, basketball, football, soccer, or hockey
13 team.

14 (2) The term "member of a professional
15 athletic team" includes those employees who are
16 active players, players on the disabled list, and
17 any other persons required to travel and who
18 travel with and perform services on behalf of a
19 professional athletic team on a regular basis.
20 This includes, but is not limited to, coaches,
21 managers, and trainers.

22 (3) Except as provided in items (C) and (D) of
23 this subpart (3), the term "duty days" means all
24 days during the taxable year from the beginning of
25 the professional athletic team's official
26 pre-season training period through the last game

1 in which the team competes or is scheduled to
2 compete. Duty days shall be counted for the year
3 in which they occur, including where a team's
4 official pre-season training period through the
5 last game in which the team competes or is
6 scheduled to compete, occurs during more than one
7 tax year.

8 (A) Duty days shall also include days on
9 which a member of a professional athletic team
10 performs service for a team on a date that
11 does not fall within the foregoing period
12 (e.g., participation in instructional leagues,
13 the "All Star Game", or promotional
14 "caravans"). Performing a service for a
15 professional athletic team includes conducting
16 training and rehabilitation activities, when
17 such activities are conducted at team
18 facilities.

19 (B) Also included in duty days are game
20 days, practice days, days spent at team
21 meetings, promotional caravans, preseason
22 training camps, and days served with the team
23 through all post-season games in which the
24 team competes or is scheduled to compete.

25 (C) Duty days for any person who joins a
26 team during the period from the beginning of

1 the professional athletic team's official
2 pre-season training period through the last
3 game in which the team competes, or is
4 scheduled to compete, shall begin on the day
5 that person joins the team. Conversely, duty
6 days for any person who leaves a team during
7 this period shall end on the day that person
8 leaves the team. Where a person switches teams
9 during a taxable year, a separate duty-day
10 calculation shall be made for the period the
11 person was with each team.

12 (D) Days for which a member of a
13 professional athletic team is not compensated
14 and is not performing services for the team in
15 any manner, including days when such member of
16 a professional athletic team has been
17 suspended without pay and prohibited from
18 performing any services for the team, shall
19 not be treated as duty days.

20 (E) Days for which a member of a
21 professional athletic team is on the disabled
22 list and does not conduct rehabilitation
23 activities at facilities of the team, and is
24 not otherwise performing services for the team
25 in Illinois, shall not be considered duty days
26 spent in this State. All days on the disabled

1 list, however, are considered to be included
2 in total duty days spent both within and
3 without this State.

4 (4) The term "total compensation for services
5 performed as a member of a professional athletic
6 team" means the total compensation received during
7 the taxable year for services performed:

8 (A) from the beginning of the official
9 pre-season training period through the last
10 game in which the team competes or is
11 scheduled to compete during that taxable year;
12 and

13 (B) during the taxable year on a date
14 which does not fall within the foregoing
15 period (e.g., participation in instructional
16 leagues, the "All Star Game", or promotional
17 caravans).

18 This compensation shall include, but is not
19 limited to, salaries, wages, bonuses as described
20 in this subpart, and any other type of
21 compensation paid during the taxable year to a
22 member of a professional athletic team for
23 services performed in that year. This compensation
24 does not include strike benefits, severance pay,
25 termination pay, contract or option year buy-out
26 payments, expansion or relocation payments, or any

1 other payments not related to services performed
2 for the team.

3 For purposes of this subparagraph, "bonuses"
4 included in "total compensation for services
5 performed as a member of a professional athletic
6 team" subject to the allocation described in
7 Section 302(c)(1) are: bonuses earned as a result
8 of play (i.e., performance bonuses) during the
9 season, including bonuses paid for championship,
10 playoff or "bowl" games played by a team, or for
11 selection to all-star league or other honorary
12 positions; and bonuses paid for signing a
13 contract, unless the payment of the signing bonus
14 is not conditional upon the signee playing any
15 games for the team or performing any subsequent
16 services for the team or even making the team, the
17 signing bonus is payable separately from the
18 salary and any other compensation, and the signing
19 bonus is nonrefundable.

20 (3) Sales factor.

21 (A) The sales factor is a fraction, the numerator of
22 which is the total sales of the person in this State during
23 the taxable year, and the denominator of which is the
24 total sales of the person everywhere during the taxable
25 year.

26 (B) Sales of tangible personal property are in this

1 State if:

2 (i) The property is delivered or shipped to a
3 purchaser, other than the United States government,
4 within this State regardless of the f. o. b. point or
5 other conditions of the sale; or

6 (ii) The property is shipped from an office,
7 store, warehouse, factory or other place of storage in
8 this State and either the purchaser is the United
9 States government or the person is not taxable in the
10 state of the purchaser; provided, however, that
11 premises owned or leased by a person who has
12 independently contracted with the seller for the
13 printing of newspapers, periodicals or books shall not
14 be deemed to be an office, store, warehouse, factory
15 or other place of storage for purposes of this
16 Section. Sales of tangible personal property are not
17 in this State if the seller and purchaser would be
18 members of the same unitary business group but for the
19 fact that either the seller or purchaser is a person
20 with 80% or more of total business activity outside of
21 the United States and the property is purchased for
22 resale.

23 (B-1) Patents, copyrights, trademarks, and similar
24 items of intangible personal property.

25 (i) Gross receipts from the licensing, sale, or
26 other disposition of a patent, copyright, trademark,

1 or similar item of intangible personal property, other
2 than gross receipts governed by paragraph (B-7) of
3 this item (3), are in this State to the extent the item
4 is utilized in this State during the year the gross
5 receipts are included in gross income.

6 (ii) Place of utilization.

7 (I) A patent is utilized in a state to the
8 extent that it is employed in production,
9 fabrication, manufacturing, or other processing in
10 the state or to the extent that a patented product
11 is produced in the state. If a patent is utilized
12 in more than one state, the extent to which it is
13 utilized in any one state shall be a fraction
14 equal to the gross receipts of the licensee or
15 purchaser from sales or leases of items produced,
16 fabricated, manufactured, or processed within that
17 state using the patent and of patented items
18 produced within that state, divided by the total
19 of such gross receipts for all states in which the
20 patent is utilized.

21 (II) A copyright is utilized in a state to the
22 extent that printing or other publication
23 originates in the state. If a copyright is
24 utilized in more than one state, the extent to
25 which it is utilized in any one state shall be a
26 fraction equal to the gross receipts from sales or

1 licenses of materials printed or published in that
2 state divided by the total of such gross receipts
3 for all states in which the copyright is utilized.

4 (III) Trademarks and other items of intangible
5 personal property governed by this paragraph (B-1)
6 are utilized in the state in which the commercial
7 domicile of the licensee or purchaser is located.

8 (iii) If the state of utilization of an item of
9 property governed by this paragraph (B-1) cannot be
10 determined from the taxpayer's books and records or
11 from the books and records of any person related to the
12 taxpayer within the meaning of Section 267(b) of the
13 Internal Revenue Code, 26 U.S.C. 267, the gross
14 receipts attributable to that item shall be excluded
15 from both the numerator and the denominator of the
16 sales factor.

17 (B-2) Gross receipts from the license, sale, or other
18 disposition of patents, copyrights, trademarks, and
19 similar items of intangible personal property, other than
20 gross receipts governed by paragraph (B-7) of this item
21 (3), may be included in the numerator or denominator of
22 the sales factor only if gross receipts from licenses,
23 sales, or other disposition of such items comprise more
24 than 50% of the taxpayer's total gross receipts included
25 in gross income during the tax year and during each of the
26 2 immediately preceding tax years; provided that, when a

1 taxpayer is a member of a unitary business group, such
2 determination shall be made on the basis of the gross
3 receipts of the entire unitary business group.

4 (B-5) For taxable years ending on or after December
5 31, 2008, except as provided in subsections (ii) through
6 (vii), receipts from the sale of telecommunications
7 service or mobile telecommunications service are in this
8 State if the customer's service address is in this State.

9 (i) For purposes of this subparagraph (B-5), the
10 following terms have the following meanings:

11 "Ancillary services" means services that are
12 associated with or incidental to the provision of
13 "telecommunications services", including, but not
14 limited to, "detailed telecommunications billing",
15 "directory assistance", "vertical service", and "voice
16 mail services".

17 "Air-to-Ground Radiotelephone service" means a
18 radio service, as that term is defined in 47 CFR 22.99,
19 in which common carriers are authorized to offer and
20 provide radio telecommunications service for hire to
21 subscribers in aircraft.

22 "Call-by-call Basis" means any method of charging
23 for telecommunications services where the price is
24 measured by individual calls.

25 "Communications Channel" means a physical or
26 virtual path of communications over which signals are

1 transmitted between or among customer channel
2 termination points.

3 "Conference bridging service" means an "ancillary
4 service" that links two or more participants of an
5 audio or video conference call and may include the
6 provision of a telephone number. "Conference bridging
7 service" does not include the "telecommunications
8 services" used to reach the conference bridge.

9 "Customer Channel Termination Point" means the
10 location where the customer either inputs or receives
11 the communications.

12 "Detailed telecommunications billing service"
13 means an "ancillary service" of separately stating
14 information pertaining to individual calls on a
15 customer's billing statement.

16 "Directory assistance" means an "ancillary
17 service" of providing telephone number information,
18 and/or address information.

19 "Home service provider" means the facilities based
20 carrier or reseller with which the customer contracts
21 for the provision of mobile telecommunications
22 services.

23 "Mobile telecommunications service" means
24 commercial mobile radio service, as defined in Section
25 20.3 of Title 47 of the Code of Federal Regulations as
26 in effect on June 1, 1999.

1 "Place of primary use" means the street address
2 representative of where the customer's use of the
3 telecommunications service primarily occurs, which
4 must be the residential street address or the primary
5 business street address of the customer. In the case
6 of mobile telecommunications services, "place of
7 primary use" must be within the licensed service area
8 of the home service provider.

9 "Post-paid telecommunication service" means the
10 telecommunications service obtained by making a
11 payment on a call-by-call basis either through the use
12 of a credit card or payment mechanism such as a bank
13 card, travel card, credit card, or debit card, or by
14 charge made to a telephone number which is not
15 associated with the origination or termination of the
16 telecommunications service. A post-paid calling
17 service includes telecommunications service, except a
18 prepaid wireless calling service, that would be a
19 prepaid calling service except it is not exclusively a
20 telecommunication service.

21 "Prepaid telecommunication service" means the
22 right to access exclusively telecommunications
23 services, which must be paid for in advance and which
24 enables the origination of calls using an access
25 number or authorization code, whether manually or
26 electronically dialed, and that is sold in

1 predetermined units or dollars of which the number
2 declines with use in a known amount.

3 "Prepaid Mobile telecommunication service" means a
4 telecommunications service that provides the right to
5 utilize mobile wireless service as well as other
6 non-telecommunication services, including, but not
7 limited to, ancillary services, which must be paid for
8 in advance that is sold in predetermined units or
9 dollars of which the number declines with use in a
10 known amount.

11 "Private communication service" means a
12 telecommunication service that entitles the customer
13 to exclusive or priority use of a communications
14 channel or group of channels between or among
15 termination points, regardless of the manner in which
16 such channel or channels are connected, and includes
17 switching capacity, extension lines, stations, and any
18 other associated services that are provided in
19 connection with the use of such channel or channels.

20 "Service address" means:

21 (a) The location of the telecommunications
22 equipment to which a customer's call is charged
23 and from which the call originates or terminates,
24 regardless of where the call is billed or paid;

25 (b) If the location in line (a) is not known,
26 service address means the origination point of the

1 signal of the telecommunications services first
2 identified by either the seller's
3 telecommunications system or in information
4 received by the seller from its service provider
5 where the system used to transport such signals is
6 not that of the seller; and

7 (c) If the locations in line (a) and line (b)
8 are not known, the service address means the
9 location of the customer's place of primary use.

10 "Telecommunications service" means the electronic
11 transmission, conveyance, or routing of voice, data,
12 audio, video, or any other information or signals to a
13 point, or between or among points. The term
14 "telecommunications service" includes such
15 transmission, conveyance, or routing in which computer
16 processing applications are used to act on the form,
17 code or protocol of the content for purposes of
18 transmission, conveyance or routing without regard to
19 whether such service is referred to as voice over
20 Internet protocol services or is classified by the
21 Federal Communications Commission as enhanced or value
22 added. "Telecommunications service" does not include:

23 (a) Data processing and information services
24 that allow data to be generated, acquired, stored,
25 processed, or retrieved and delivered by an
26 electronic transmission to a purchaser when such

1 purchaser's primary purpose for the underlying
2 transaction is the processed data or information;

3 (b) Installation or maintenance of wiring or
4 equipment on a customer's premises;

5 (c) Tangible personal property;

6 (d) Advertising, including, but not limited
7 to, directory advertising;

8 (e) Billing and collection services provided
9 to third parties;

10 (f) Internet access service;

11 (g) Radio and television audio and video
12 programming services, regardless of the medium,
13 including the furnishing of transmission,
14 conveyance and routing of such services by the
15 programming service provider. Radio and television
16 audio and video programming services shall
17 include, but not be limited to, cable service as
18 defined in 47 USC 522(6) and audio and video
19 programming services delivered by commercial
20 mobile radio service providers, as defined in 47
21 CFR 20.3;

22 (h) "Ancillary services"; or

23 (i) Digital products "delivered
24 electronically", including, but not limited to,
25 software, music, video, reading materials or
26 ringtones ~~ring tones~~.

1 "Vertical service" means an "ancillary service"
2 that is offered in connection with one or more
3 "telecommunications services", which offers advanced
4 calling features that allow customers to identify
5 callers and to manage multiple calls and call
6 connections, including "conference bridging services".

7 "Voice mail service" means an "ancillary service"
8 that enables the customer to store, send or receive
9 recorded messages. "Voice mail service" does not
10 include any "vertical services" that the customer may
11 be required to have in order to utilize the "voice mail
12 service".

13 (ii) Receipts from the sale of telecommunications
14 service sold on an individual call-by-call basis are
15 in this State if either of the following applies:

16 (a) The call both originates and terminates in
17 this State.

18 (b) The call either originates or terminates
19 in this State and the service address is located
20 in this State.

21 (iii) Receipts from the sale of postpaid
22 telecommunications service at retail are in this State
23 if the origination point of the telecommunication
24 signal, as first identified by the service provider's
25 telecommunication system or as identified by
26 information received by the seller from its service

1 provider if the system used to transport
2 telecommunication signals is not the seller's, is
3 located in this State.

4 (iv) Receipts from the sale of prepaid
5 telecommunications service or prepaid mobile
6 telecommunications service at retail are in this State
7 if the purchaser obtains the prepaid card or similar
8 means of conveyance at a location in this State.
9 Receipts from recharging a prepaid telecommunications
10 service or mobile telecommunications service is in
11 this State if the purchaser's billing information
12 indicates a location in this State.

13 (v) Receipts from the sale of private
14 communication services are in this State as follows:

15 (a) 100% of receipts from charges imposed at
16 each channel termination point in this State.

17 (b) 100% of receipts from charges for the
18 total channel mileage between each channel
19 termination point in this State.

20 (c) 50% of the total receipts from charges for
21 service segments when those segments are between 2
22 customer channel termination points, 1 of which is
23 located in this State and the other is located
24 outside of this State, which segments are
25 separately charged.

26 (d) The receipts from charges for service

1 segments with a channel termination point located
2 in this State and in two or more other states, and
3 which segments are not separately billed, are in
4 this State based on a percentage determined by
5 dividing the number of customer channel
6 termination points in this State by the total
7 number of customer channel termination points.

8 (vi) Receipts from charges for ancillary services
9 for telecommunications service sold to customers at
10 retail are in this State if the customer's primary
11 place of use of telecommunications services associated
12 with those ancillary services is in this State. If the
13 seller of those ancillary services cannot determine
14 where the associated telecommunications are located,
15 then the ancillary services shall be based on the
16 location of the purchaser.

17 (vii) Receipts to access a carrier's network or
18 from the sale of telecommunication services or
19 ancillary services for resale are in this State as
20 follows:

21 (a) 100% of the receipts from access fees
22 attributable to intrastate telecommunications
23 service that both originates and terminates in
24 this State.

25 (b) 50% of the receipts from access fees
26 attributable to interstate telecommunications

1 service if the interstate call either originates
2 or terminates in this State.

3 (c) 100% of the receipts from interstate end
4 user access line charges, if the customer's
5 service address is in this State. As used in this
6 subdivision, "interstate end user access line
7 charges" includes, but is not limited to, the
8 surcharge approved by the federal communications
9 commission and levied pursuant to 47 CFR 69.

10 (d) Gross receipts from sales of
11 telecommunication services or from ancillary
12 services for telecommunications services sold to
13 other telecommunication service providers for
14 resale shall be sourced to this State using the
15 apportionment concepts used for non-resale
16 receipts of telecommunications services if the
17 information is readily available to make that
18 determination. If the information is not readily
19 available, then the taxpayer may use any other
20 reasonable and consistent method.

21 (B-7) For taxable years ending on or after December
22 31, 2008, receipts from the sale of broadcasting services
23 are in this State if the broadcasting services are
24 received in this State. For purposes of this paragraph
25 (B-7), the following terms have the following meanings:

26 "Advertising revenue" means consideration received

1 by the taxpayer in exchange for broadcasting services
2 or allowing the broadcasting of commercials or
3 announcements in connection with the broadcasting of
4 film or radio programming, from sponsorships of the
5 programming, or from product placements in the
6 programming.

7 "Audience factor" means the ratio that the
8 audience or subscribers located in this State of a
9 station, a network, or a cable system bears to the
10 total audience or total subscribers for that station,
11 network, or cable system. The audience factor for film
12 or radio programming shall be determined by reference
13 to the books and records of the taxpayer or by
14 reference to published rating statistics provided the
15 method used by the taxpayer is consistently used from
16 year to year for this purpose and fairly represents
17 the taxpayer's activity in this State.

18 "Broadcast" or "broadcasting" or "broadcasting
19 services" means the transmission or provision of film
20 or radio programming, whether through the public
21 airwaves, by cable, by direct or indirect satellite
22 transmission, or by any other means of communication,
23 either through a station, a network, or a cable
24 system.

25 "Film" or "film programming" means the broadcast
26 on television of any and all performances, events, or

1 productions, including, but not limited to, news,
2 sporting events, plays, stories, or other literary,
3 commercial, educational, or artistic works, either
4 live or through the use of video tape, disc, or any
5 other type of format or medium. Each episode of a
6 series of films produced for television shall
7 constitute a separate "film" notwithstanding that the
8 series relates to the same principal subject and is
9 produced during one or more tax periods.

10 "Radio" or "radio programming" means the broadcast
11 on radio of any and all performances, events, or
12 productions, including, but not limited to, news,
13 sporting events, plays, stories, or other literary,
14 commercial, educational, or artistic works, either
15 live or through the use of an audio tape, disc, or any
16 other format or medium. Each episode in a series of
17 radio programming produced for radio broadcast shall
18 constitute a separate "radio programming"
19 notwithstanding that the series relates to the same
20 principal subject and is produced during one or more
21 tax periods.

22 (i) In the case of advertising revenue from
23 broadcasting, the customer is the advertiser and
24 the service is received in this State if the
25 commercial domicile of the advertiser is in this
26 State.

1 (ii) In the case where film or radio
2 programming is broadcast by a station, a network,
3 or a cable system for a fee or other remuneration
4 received from the recipient of the broadcast, the
5 portion of the service that is received in this
6 State is measured by the portion of the recipients
7 of the broadcast located in this State.
8 Accordingly, the fee or other remuneration for
9 such service that is included in the Illinois
10 numerator of the sales factor is the total of
11 those fees or other remuneration received from
12 recipients in Illinois. For purposes of this
13 paragraph, a taxpayer may determine the location
14 of the recipients of its broadcast using the
15 address of the recipient shown in its contracts
16 with the recipient or using the billing address of
17 the recipient in the taxpayer's records.

18 (iii) In the case where film or radio
19 programming is broadcast by a station, a network,
20 or a cable system for a fee or other remuneration
21 from the person providing the programming, the
22 portion of the broadcast service that is received
23 by such station, network, or cable system in this
24 State is measured by the portion of recipients of
25 the broadcast located in this State. Accordingly,
26 the amount of revenue related to such an

1 arrangement that is included in the Illinois
2 numerator of the sales factor is the total fee or
3 other total remuneration from the person providing
4 the programming related to that broadcast
5 multiplied by the Illinois audience factor for
6 that broadcast.

7 (iv) In the case where film or radio
8 programming is provided by a taxpayer that is a
9 network or station to a customer for broadcast in
10 exchange for a fee or other remuneration from that
11 customer the broadcasting service is received at
12 the location of the office of the customer from
13 which the services were ordered in the regular
14 course of the customer's trade or business.
15 Accordingly, in such a case the revenue derived by
16 the taxpayer that is included in the taxpayer's
17 Illinois numerator of the sales factor is the
18 revenue from such customers who receive the
19 broadcasting service in Illinois.

20 (v) In the case where film or radio
21 programming is provided by a taxpayer that is not
22 a network or station to another person for
23 broadcasting in exchange for a fee or other
24 remuneration from that person, the broadcasting
25 service is received at the location of the office
26 of the customer from which the services were

1 ordered in the regular course of the customer's
2 trade or business. Accordingly, in such a case the
3 revenue derived by the taxpayer that is included
4 in the taxpayer's Illinois numerator of the sales
5 factor is the revenue from such customers who
6 receive the broadcasting service in Illinois.

7 (B-8) Gross receipts from winnings under the Illinois
8 Lottery Law from the assignment of a prize under Section
9 13.1 of the Illinois Lottery Law are received in this
10 State. This paragraph (B-8) applies only to taxable years
11 ending on or after December 31, 2013.

12 (B-9) For taxable years ending on or after December
13 31, 2019, gross receipts from winnings from pari-mutuel
14 wagering conducted at a wagering facility licensed under
15 the Illinois Horse Racing Act of 1975 or from winnings
16 from gambling games conducted on a riverboat or in a
17 casino or organization gaming facility licensed under the
18 Illinois Gambling Act are in this State.

19 (B-10) For taxable years ending on or after December
20 31, 2021, gross receipts from winnings from sports
21 wagering conducted in accordance with the Sports Wagering
22 Act are in this State.

23 (C) For taxable years ending before December 31, 2008,
24 sales, other than sales governed by paragraphs (B), (B-1),
25 (B-2), and (B-8) are in this State if:

26 (i) The income-producing activity is performed in

1 this State; or

2 (ii) The income-producing activity is performed
3 both within and without this State and a greater
4 proportion of the income-producing activity is
5 performed within this State than without this State,
6 based on performance costs.

7 (C-5) For taxable years ending on or after December
8 31, 2008, sales, other than sales governed by paragraphs
9 (B), (B-1), (B-2), (B-5), and (B-7), are in this State if
10 any of the following criteria are met:

11 (i) Sales from the sale or lease of real property
12 are in this State if the property is located in this
13 State.

14 (ii) Sales from the lease or rental of tangible
15 personal property are in this State if the property is
16 located in this State during the rental period. Sales
17 from the lease or rental of tangible personal property
18 that is characteristically moving property, including,
19 but not limited to, motor vehicles, rolling stock,
20 aircraft, vessels, or mobile equipment are in this
21 State to the extent that the property is used in this
22 State.

23 (iii) In the case of interest, net gains (but not
24 less than zero) and other items of income from
25 intangible personal property, the sale is in this
26 State if:

1 (a) in the case of a taxpayer who is a dealer
2 in the item of intangible personal property within
3 the meaning of Section 475 of the Internal Revenue
4 Code, the income or gain is received from a
5 customer in this State. For purposes of this
6 subparagraph, a customer is in this State if the
7 customer is an individual, trust or estate who is
8 a resident of this State and, for all other
9 customers, if the customer's commercial domicile
10 is in this State. Unless the dealer has actual
11 knowledge of the residence or commercial domicile
12 of a customer during a taxable year, the customer
13 shall be deemed to be a customer in this State if
14 the billing address of the customer, as shown in
15 the records of the dealer, is in this State; or

16 (b) in all other cases, if the
17 income-producing activity of the taxpayer is
18 performed in this State or, if the
19 income-producing activity of the taxpayer is
20 performed both within and without this State, if a
21 greater proportion of the income-producing
22 activity of the taxpayer is performed within this
23 State than in any other state, based on
24 performance costs.

25 (iv) Sales of services are in this State if the
26 services are received in this State. For the purposes

1 of this section, gross receipts from the performance
2 of services provided to a corporation, partnership, or
3 trust may only be attributed to a state where that
4 corporation, partnership, or trust has a fixed place
5 of business. If the state where the services are
6 received is not readily determinable or is a state
7 where the corporation, partnership, or trust receiving
8 the service does not have a fixed place of business,
9 the services shall be deemed to be received at the
10 location of the office of the customer from which the
11 services were ordered in the regular course of the
12 customer's trade or business. If the ordering office
13 cannot be determined, the services shall be deemed to
14 be received at the office of the customer to which the
15 services are billed. If the taxpayer is not taxable in
16 the state in which the services are received, the sale
17 must be excluded from both the numerator and the
18 denominator of the sales factor. The Department shall
19 adopt rules prescribing where specific types of
20 service are received, including, but not limited to,
21 publishing, and utility service.

22 (D) For taxable years ending on or after December 31,
23 1995, the following items of income shall not be included
24 in the numerator or denominator of the sales factor:
25 dividends; amounts included under Section 78 of the
26 Internal Revenue Code; and Subpart F income as defined in

1 Section 952 of the Internal Revenue Code. No inference
2 shall be drawn from the enactment of this paragraph (D) in
3 construing this Section for taxable years ending before
4 December 31, 1995.

5 (E) Paragraphs (B-1) and (B-2) shall apply to tax
6 years ending on or after December 31, 1999, provided that
7 a taxpayer may elect to apply the provisions of these
8 paragraphs to prior tax years. Such election shall be made
9 in the form and manner prescribed by the Department, shall
10 be irrevocable, and shall apply to all tax years; provided
11 that, if a taxpayer's Illinois income tax liability for
12 any tax year, as assessed under Section 903 prior to
13 January 1, 1999, was computed in a manner contrary to the
14 provisions of paragraphs (B-1) or (B-2), no refund shall
15 be payable to the taxpayer for that tax year to the extent
16 such refund is the result of applying the provisions of
17 paragraph (B-1) or (B-2) retroactively. In the case of a
18 unitary business group, such election shall apply to all
19 members of such group for every tax year such group is in
20 existence, but shall not apply to any taxpayer for any
21 period during which that taxpayer is not a member of such
22 group.

23 (b) Insurance companies.

24 (1) In general. Except as otherwise provided by
25 paragraph (2), business income of an insurance company for
26 a taxable year shall be apportioned to this State by

1 multiplying such income by a fraction, the numerator of
2 which is the direct premiums written for insurance upon
3 property or risk in this State, and the denominator of
4 which is the direct premiums written for insurance upon
5 property or risk everywhere. For purposes of this
6 subsection, the term "direct premiums written" means the
7 total amount of direct premiums written, assessments and
8 annuity considerations as reported for the taxable year on
9 the annual statement filed by the company with the
10 Illinois Director of Insurance in the form approved by the
11 National Convention of Insurance Commissioners or such
12 other form as may be prescribed in lieu thereof.

13 (2) Reinsurance. If the principal source of premiums
14 written by an insurance company consists of premiums for
15 reinsurance accepted by it, the business income of such
16 company shall be apportioned to this State by multiplying
17 such income by a fraction, the numerator of which is the
18 sum of (i) direct premiums written for insurance upon
19 property or risk in this State, plus (ii) premiums written
20 for reinsurance accepted in respect of property or risk in
21 this State, and the denominator of which is the sum of
22 (iii) direct premiums written for insurance upon property
23 or risk everywhere, plus (iv) premiums written for
24 reinsurance accepted in respect of property or risk
25 everywhere. For purposes of this paragraph, premiums
26 written for reinsurance accepted in respect of property or

1 risk in this State, whether or not otherwise determinable,
2 may, at the election of the company, be determined on the
3 basis of the proportion which premiums written for
4 reinsurance accepted from companies commercially domiciled
5 in Illinois bears to premiums written for reinsurance
6 accepted from all sources, or, alternatively, in the
7 proportion which the sum of the direct premiums written
8 for insurance upon property or risk in this State by each
9 ceding company from which reinsurance is accepted bears to
10 the sum of the total direct premiums written by each such
11 ceding company for the taxable year. The election made by
12 a company under this paragraph for its first taxable year
13 ending on or after December 31, 2011, shall be binding for
14 that company for that taxable year and for all subsequent
15 taxable years, and may be altered only with the written
16 permission of the Department, which shall not be
17 unreasonably withheld.

18 (c) Financial organizations.

19 (1) In general. For taxable years ending before
20 December 31, 2008, business income of a financial
21 organization shall be apportioned to this State by
22 multiplying such income by a fraction, the numerator of
23 which is its business income from sources within this
24 State, and the denominator of which is its business income
25 from all sources. For the purposes of this subsection, the
26 business income of a financial organization from sources

1 within this State is the sum of the amounts referred to in
2 subparagraphs (A) through (E) following, but excluding the
3 adjusted income of an international banking facility as
4 determined in paragraph (2):

5 (A) Fees, commissions or other compensation for
6 financial services rendered within this State;

7 (B) Gross profits from trading in stocks, bonds or
8 other securities managed within this State;

9 (C) Dividends, and interest from Illinois
10 customers, which are received within this State;

11 (D) Interest charged to customers at places of
12 business maintained within this State for carrying
13 debit balances of margin accounts, without deduction
14 of any costs incurred in carrying such accounts; and

15 (E) Any other gross income resulting from the
16 operation as a financial organization within this
17 State.

18 In computing the amounts referred to in paragraphs (A)
19 through (E) of this subsection, any amount received by a
20 member of an affiliated group (determined under Section
21 1504(a) of the Internal Revenue Code but without reference
22 to whether any such corporation is an "includible
23 corporation" under Section 1504(b) of the Internal Revenue
24 Code) from another member of such group shall be included
25 only to the extent such amount exceeds expenses of the
26 recipient directly related thereto.

1 (2) International Banking Facility. For taxable years
2 ending before December 31, 2008:

3 (A) Adjusted Income. The adjusted income of an
4 international banking facility is its income reduced
5 by the amount of the floor amount.

6 (B) Floor Amount. The floor amount shall be the
7 amount, if any, determined by multiplying the income
8 of the international banking facility by a fraction,
9 not greater than one, which is determined as follows:

10 (i) The numerator shall be:

11 The average aggregate, determined on a
12 quarterly basis, of the financial organization's
13 loans to banks in foreign countries, to foreign
14 domiciled borrowers (except where secured
15 primarily by real estate) and to foreign
16 governments and other foreign official
17 institutions, as reported for its branches,
18 agencies and offices within the state on its
19 "Consolidated Report of Condition", Schedule A,
20 Lines 2.c., 5.b., and 7.a., which was filed with
21 the Federal Deposit Insurance Corporation and
22 other regulatory authorities, for the year 1980,
23 minus

24 The average aggregate, determined on a
25 quarterly basis, of such loans (other than loans
26 of an international banking facility), as reported

1 by the financial institution for its branches,
2 agencies and offices within the state, on the
3 corresponding Schedule and lines of the
4 Consolidated Report of Condition for the current
5 taxable year, provided, however, that in no case
6 shall the amount determined in this clause (the
7 subtrahend) exceed the amount determined in the
8 preceding clause (the minuend); and

9 (ii) the denominator shall be the average
10 aggregate, determined on a quarterly basis, of the
11 international banking facility's loans to banks in
12 foreign countries, to foreign domiciled borrowers
13 (except where secured primarily by real estate)
14 and to foreign governments and other foreign
15 official institutions, which were recorded in its
16 financial accounts for the current taxable year.

17 (C) Change to Consolidated Report of Condition and
18 in Qualification. In the event the Consolidated Report
19 of Condition which is filed with the Federal Deposit
20 Insurance Corporation and other regulatory authorities
21 is altered so that the information required for
22 determining the floor amount is not found on Schedule
23 A, lines 2.c., 5.b. and 7.a., the financial
24 institution shall notify the Department and the
25 Department may, by regulations or otherwise, prescribe
26 or authorize the use of an alternative source for such

1 information. The financial institution shall also
2 notify the Department should its international banking
3 facility fail to qualify as such, in whole or in part,
4 or should there be any amendment or change to the
5 Consolidated Report of Condition, as originally filed,
6 to the extent such amendment or change alters the
7 information used in determining the floor amount.

8 (3) For taxable years ending on or after December 31,
9 2008, the business income of a financial organization
10 shall be apportioned to this State by multiplying such
11 income by a fraction, the numerator of which is its gross
12 receipts from sources in this State or otherwise
13 attributable to this State's marketplace and the
14 denominator of which is its gross receipts everywhere
15 during the taxable year. "Gross receipts" for purposes of
16 this subparagraph (3) means gross income, including net
17 taxable gain on disposition of assets, including
18 securities and money market instruments, when derived from
19 transactions and activities in the regular course of the
20 financial organization's trade or business. The following
21 examples are illustrative:

22 (i) Receipts from the lease or rental of real or
23 tangible personal property are in this State if the
24 property is located in this State during the rental
25 period. Receipts from the lease or rental of tangible
26 personal property that is characteristically moving

1 property, including, but not limited to, motor
2 vehicles, rolling stock, aircraft, vessels, or mobile
3 equipment are from sources in this State to the extent
4 that the property is used in this State.

5 (ii) Interest income, commissions, fees, gains on
6 disposition, and other receipts from assets in the
7 nature of loans that are secured primarily by real
8 estate or tangible personal property are from sources
9 in this State if the security is located in this State.

10 (iii) Interest income, commissions, fees, gains on
11 disposition, and other receipts from consumer loans
12 that are not secured by real or tangible personal
13 property are from sources in this State if the debtor
14 is a resident of this State.

15 (iv) Interest income, commissions, fees, gains on
16 disposition, and other receipts from commercial loans
17 and installment obligations that are not secured by
18 real or tangible personal property are from sources in
19 this State if the proceeds of the loan are to be
20 applied in this State. If it cannot be determined
21 where the funds are to be applied, the income and
22 receipts are from sources in this State if the office
23 of the borrower from which the loan was negotiated in
24 the regular course of business is located in this
25 State. If the location of this office cannot be
26 determined, the income and receipts shall be excluded

1 from the numerator and denominator of the sales
2 factor.

3 (v) Interest income, fees, gains on disposition,
4 service charges, merchant discount income, and other
5 receipts from credit card receivables are from sources
6 in this State if the card charges are regularly billed
7 to a customer in this State.

8 (vi) Receipts from the performance of services,
9 including, but not limited to, fiduciary, advisory,
10 and brokerage services, are in this State if the
11 services are received in this State within the meaning
12 of subparagraph (a) (3) (C-5) (iv) of this Section.

13 (vii) Receipts from the issuance of travelers
14 checks and money orders are from sources in this State
15 if the checks and money orders are issued from a
16 location within this State.

17 (viii) For tax years ending before December 31,
18 2024, receipts from investment assets and activities
19 and trading assets and activities are included in the
20 receipts factor as follows:

21 (1) Interest, dividends, net gains (but not
22 less than zero) and other income from investment
23 assets and activities from trading assets and
24 activities shall be included in the receipts
25 factor. Investment assets and activities and
26 trading assets and activities include, but are not

1 limited to: investment securities; trading account
2 assets; federal funds; securities purchased and
3 sold under agreements to resell or repurchase;
4 options; futures contracts; forward contracts;
5 notional principal contracts such as swaps;
6 equities; and foreign currency transactions. With
7 respect to the investment and trading assets and
8 activities described in subparagraphs (A) and (B)
9 of this paragraph, the receipts factor shall
10 include the amounts described in such
11 subparagraphs.

12 (A) The receipts factor shall include the
13 amount by which interest from federal funds
14 sold and securities purchased under resale
15 agreements exceeds interest expense on federal
16 funds purchased and securities sold under
17 repurchase agreements.

18 (B) The receipts factor shall include the
19 amount by which interest, dividends, gains and
20 other income from trading assets and
21 activities, including, but not limited to,
22 assets and activities in the matched book, in
23 the arbitrage book, and foreign currency
24 transactions, exceed amounts paid in lieu of
25 interest, amounts paid in lieu of dividends,
26 and losses from such assets and activities.

1 (2) The numerator of the receipts factor
2 includes interest, dividends, net gains (but not
3 less than zero), and other income from investment
4 assets and activities and from trading assets and
5 activities described in paragraph (1) of this
6 subsection that are attributable to this State.

7 (A) The amount of interest, dividends, net
8 gains (but not less than zero), and other
9 income from investment assets and activities
10 in the investment account to be attributed to
11 this State and included in the numerator is
12 determined by multiplying all such income from
13 such assets and activities by a fraction, the
14 numerator of which is the gross income from
15 such assets and activities which are properly
16 assigned to a fixed place of business of the
17 taxpayer within this State and the denominator
18 of which is the gross income from all such
19 assets and activities.

20 (B) The amount of interest from federal
21 funds sold and purchased and from securities
22 purchased under resale agreements and
23 securities sold under repurchase agreements
24 attributable to this State and included in the
25 numerator is determined by multiplying the
26 amount described in subparagraph (A) of

1 paragraph (1) of this subsection from such
2 funds and such securities by a fraction, the
3 numerator of which is the gross income from
4 such funds and such securities which are
5 properly assigned to a fixed place of business
6 of the taxpayer within this State and the
7 denominator of which is the gross income from
8 all such funds and such securities.

9 (C) The amount of interest, dividends,
10 gains, and other income from trading assets
11 and activities, including, but not limited to,
12 assets and activities in the matched book, in
13 the arbitrage book and foreign currency
14 transactions (but excluding amounts described
15 in subparagraphs (A) or (B) of this
16 paragraph), attributable to this State and
17 included in the numerator is determined by
18 multiplying the amount described in
19 subparagraph (B) of paragraph (1) of this
20 subsection by a fraction, the numerator of
21 which is the gross income from such trading
22 assets and activities which are properly
23 assigned to a fixed place of business of the
24 taxpayer within this State and the denominator
25 of which is the gross income from all such
26 assets and activities.

1 (D) Properly assigned, for purposes of
2 this paragraph (2) of this subsection, means
3 the investment or trading asset or activity is
4 assigned to the fixed place of business with
5 which it has a preponderance of substantive
6 contacts. An investment or trading asset or
7 activity assigned by the taxpayer to a fixed
8 place of business without the State shall be
9 presumed to have been properly assigned if:

10 (i) the taxpayer has assigned, in the
11 regular course of its business, such asset
12 or activity on its records to a fixed
13 place of business consistent with federal
14 or state regulatory requirements;

15 (ii) such assignment on its records is
16 based upon substantive contacts of the
17 asset or activity to such fixed place of
18 business; and

19 (iii) the taxpayer uses such records
20 reflecting assignment of such assets or
21 activities for the filing of all state and
22 local tax returns for which an assignment
23 of such assets or activities to a fixed
24 place of business is required.

25 (E) The presumption of proper assignment
26 of an investment or trading asset or activity

provided in subparagraph (D) of paragraph (2) of this subsection may be rebutted upon a showing by the Department, supported by a preponderance of the evidence, that the preponderance of substantive contacts regarding such asset or activity did not occur at the fixed place of business to which it was assigned on the taxpayer's records. If the fixed place of business that has a preponderance of substantive contacts cannot be determined for an investment or trading asset or activity to which the presumption in subparagraph (D) of paragraph (2) of this subsection does not apply or with respect to which that presumption has been rebutted, that asset or activity is properly assigned to the state in which the taxpayer's commercial domicile is located. For purposes of this subparagraph (E), it shall be presumed, subject to rebuttal, that taxpayer's commercial domicile is in the state of the United States or the District of Columbia to which the greatest number of employees are regularly connected with the management of the investment or trading income or out of which they are working, irrespective of where the

1 services of such employees are performed, as
2 of the last day of the taxable year.

3 (ix) For tax years ending on or after December 31,
4 2024, receipts from investment assets and activities
5 and trading assets and activities are included in the
6 receipts factor as follows:

7 (1) Interest, dividends, net gains (but not
8 less than zero), and other income from investment
9 assets and activities from trading assets and
10 activities shall be included in the receipts
11 factor. Investment assets and activities and
12 trading assets and activities include, but are not
13 limited to the following: investment securities;
14 trading account assets; federal funds; securities
15 purchased and sold under agreements to resell or
16 repurchase; options; futures contracts; forward
17 contracts; notional principal contracts, such as
18 swaps; equities; and foreign currency
19 transactions. With respect to the investment and
20 trading assets and activities described in
21 subparagraphs (A) and (B) of this paragraph, the
22 receipts factor shall include the amounts
23 described in those subparagraphs.

24 (A) The receipts factor shall include the
25 amount by which interest from federal funds
26 sold and securities purchased under resale

1 agreements exceeds interest expense on federal
2 funds purchased and securities sold under
3 repurchase agreements.

4 (B) The receipts factor shall include the
5 amount by which interest, dividends, gains and
6 other income from trading assets and
7 activities, including, but not limited to,
8 assets and activities in the matched book, in
9 the arbitrage book, and foreign currency
10 transactions, exceed amounts paid in lieu of
11 interest, amounts paid in lieu of dividends,
12 and losses from such assets and activities.

13 (2) The numerator of the receipts factor
14 includes interest, dividends, net gains (but not
15 less than zero), and other income from investment
16 assets and activities and from trading assets and
17 activities described in paragraph (1) of this
18 subsection that are attributable to this State.

19 (A) The amount of interest, dividends, net
20 gains (but not less than zero), and other
21 income from investment assets and activities
22 in the investment account to be attributed to
23 this State and included in the numerator is
24 determined by multiplying all of the income
25 from those assets and activities by a
26 fraction, the numerator of which is the total

1 receipts included in the numerator pursuant to
2 items (i) through (vii) of this subparagraph
3 (3) and the denominator of which is all total
4 receipts included in the denominator, other
5 than interest, dividends, net gains (but not
6 less than zero), and other income from
7 investment assets and activities and trading
8 assets and activities.

9 (B) The amount of interest from federal
10 funds sold and purchased and from securities
11 purchased under resale agreements and
12 securities sold under repurchase agreements
13 attributable to this State and included in the
14 numerator is determined by multiplying the
15 amount described in subparagraph (A) of
16 paragraph (1) of this subsection from such
17 funds and such securities by a fraction, the
18 numerator of which is the total receipts
19 included in the numerator pursuant to items
20 (i) through (vii) of this subparagraph (3) and
21 the denominator of which is all total receipts
22 included in the denominator, other than
23 interest, dividends, net gains (but not less
24 than zero), and other income from investment
25 assets and activities and trading assets and
26 activities.

1 (C) The amount of interest, dividends,
2 gains, and other income from trading assets
3 and activities, including, but not limited to,
4 assets and activities in the matched book, in
5 the arbitrage book and foreign currency
6 transactions (but excluding amounts described
7 in subparagraphs (A) or (B) of this
8 paragraph), attributable to this State and
9 included in the numerator is determined by
10 multiplying the amount described in
11 subparagraph (B) of paragraph (1) of this
12 subsection by a fraction, the numerator of
13 which is the total receipts included in the
14 numerator pursuant to items (i) through (vii)
15 of this subparagraph (3) and the denominator
16 of which is all total receipts included in the
17 denominator, other than interest, dividends,
18 net gains (but not less than zero), and other
19 income from investment assets and activities
20 and trading assets and activities.

21 (4) (Blank).

22 (5) (Blank).

23 (c-1) Federally regulated exchanges. For taxable years
24 ending on or after December 31, 2012, business income of a
25 federally regulated exchange shall, at the option of the
26 federally regulated exchange, be apportioned to this State by

1 multiplying such income by a fraction, the numerator of which
2 is its business income from sources within this State, and the
3 denominator of which is its business income from all sources.
4 For purposes of this subsection, the business income within
5 this State of a federally regulated exchange is the sum of the
6 following:

7 (1) Receipts attributable to transactions executed on
8 a physical trading floor if that physical trading floor is
9 located in this State.

10 (2) Receipts attributable to all other matching,
11 execution, or clearing transactions, including without
12 limitation receipts from the provision of matching,
13 execution, or clearing services to another entity,
14 multiplied by (i) for taxable years ending on or after
15 December 31, 2012 but before December 31, 2013, 63.77%;
16 and (ii) for taxable years ending on or after December 31,
17 2013, 27.54%.

18 (3) All other receipts not governed by subparagraphs
19 (1) or (2) of this subsection (c-1), to the extent the
20 receipts would be characterized as "sales in this State"
21 under item (3) of subsection (a) of this Section.

22 "Federally regulated exchange" means (i) a "registered
23 entity" within the meaning of 7 U.S.C. Section 1a(40) (A), (B),
24 or (C), (ii) an "exchange" or "clearing agency" within the
25 meaning of 15 U.S.C. Section 78c (a) (1) or (23), (iii) any such
26 entities regulated under any successor regulatory structure to

1 the foregoing, and (iv) all taxpayers who are members of the
2 same unitary business group as a federally regulated exchange,
3 determined without regard to the prohibition in Section
4 1501(a)(27) of this Act against including in a unitary
5 business group taxpayers who are ordinarily required to
6 apportion business income under different subsections of this
7 Section; provided that this subparagraph (iv) shall apply only
8 if 50% or more of the business receipts of the unitary business
9 group determined by application of this subparagraph (iv) for
10 the taxable year are attributable to the matching, execution,
11 or clearing of transactions conducted by an entity described
12 in subparagraph (i), (ii), or (iii) of this paragraph.

13 In no event shall the Illinois apportionment percentage
14 computed in accordance with this subsection (c-1) for any
15 taxpayer for any tax year be less than the Illinois
16 apportionment percentage computed under this subsection (c-1)
17 for that taxpayer for the first full tax year ending on or
18 after December 31, 2013 for which this subsection (c-1)
19 applied to the taxpayer.

20 (d) Transportation services. For taxable years ending
21 before December 31, 2008, business income derived from
22 furnishing transportation services shall be apportioned to
23 this State in accordance with paragraphs (1) and (2):

24 (1) Such business income (other than that derived from
25 transportation by pipeline) shall be apportioned to this
26 State by multiplying such income by a fraction, the

1 numerator of which is the revenue miles of the person in
2 this State, and the denominator of which is the revenue
3 miles of the person everywhere. For purposes of this
4 paragraph, a revenue mile is the transportation of 1
5 passenger or 1 net ton of freight the distance of 1 mile
6 for a consideration. Where a person is engaged in the
7 transportation of both passengers and freight, the
8 fraction above referred to shall be determined by means of
9 an average of the passenger revenue mile fraction and the
10 freight revenue mile fraction, weighted to reflect the
11 person's

12 (A) relative railway operating income from total
13 passenger and total freight service, as reported to
14 the Interstate Commerce Commission, in the case of
15 transportation by railroad, and

16 (B) relative gross receipts from passenger and
17 freight transportation, in case of transportation
18 other than by railroad.

19 (2) Such business income derived from transportation
20 by pipeline shall be apportioned to this State by
21 multiplying such income by a fraction, the numerator of
22 which is the revenue miles of the person in this State, and
23 the denominator of which is the revenue miles of the
24 person everywhere. For the purposes of this paragraph, a
25 revenue mile is the transportation by pipeline of 1 barrel
26 of oil, 1,000 cubic feet of gas, or of any specified

1 quantity of any other substance, the distance of 1 mile
2 for a consideration.

3 (3) For taxable years ending on or after December 31,
4 2008, business income derived from providing
5 transportation services other than airline services shall
6 be apportioned to this State by using a fraction, (a) the
7 numerator of which shall be (i) all receipts from any
8 movement or shipment of people, goods, mail, oil, gas, or
9 any other substance (other than by airline) that both
10 originates and terminates in this State, plus (ii) that
11 portion of the person's gross receipts from movements or
12 shipments of people, goods, mail, oil, gas, or any other
13 substance (other than by airline) that originates in one
14 state or jurisdiction and terminates in another state or
15 jurisdiction, that is determined by the ratio that the
16 miles traveled in this State bears to total miles
17 everywhere and (b) the denominator of which shall be all
18 revenue derived from the movement or shipment of people,
19 goods, mail, oil, gas, or any other substance (other than
20 by airline). Where a taxpayer is engaged in the
21 transportation of both passengers and freight, the
22 fraction above referred to shall first be determined
23 separately for passenger miles and freight miles. Then an
24 average of the passenger miles fraction and the freight
25 miles fraction shall be weighted to reflect the
26 taxpayer's:

1 (A) relative railway operating income from total
2 passenger and total freight service, as reported to
3 the Surface Transportation Board, in the case of
4 transportation by railroad; and

5 (B) relative gross receipts from passenger and
6 freight transportation, in case of transportation
7 other than by railroad.

8 (4) For taxable years ending on or after December 31,
9 2008, business income derived from furnishing airline
10 transportation services shall be apportioned to this State
11 by multiplying such income by a fraction, the numerator of
12 which is the revenue miles of the person in this State, and
13 the denominator of which is the revenue miles of the
14 person everywhere. For purposes of this paragraph, a
15 revenue mile is the transportation of one passenger or one
16 net ton of freight the distance of one mile for a
17 consideration. If a person is engaged in the
18 transportation of both passengers and freight, the
19 fraction above referred to shall be determined by means of
20 an average of the passenger revenue mile fraction and the
21 freight revenue mile fraction, weighted to reflect the
22 person's relative gross receipts from passenger and
23 freight airline transportation.

24 (e) Combined apportionment. Where 2 or more persons are
25 engaged in a unitary business as described in subsection
26 (a) (27) of Section 1501, a part of which is conducted in this

1 State by one or more members of the group, the business income
2 attributable to this State by any such member or members shall
3 be apportioned by means of the combined apportionment method.

4 (f) Alternative allocation. If the allocation and
5 apportionment provisions of subsections (a) through (e) and of
6 subsection (h) do not, for taxable years ending before
7 December 31, 2008, fairly represent the extent of a person's
8 business activity in this State, or, for taxable years ending
9 on or after December 31, 2008, fairly represent the market for
10 the person's goods, services, or other sources of business
11 income, the person may petition for, or the Director may,
12 without a petition, permit or require, in respect of all or any
13 part of the person's business activity, if reasonable:

14 (1) Separate accounting;

15 (2) The exclusion of any one or more factors;

16 (3) The inclusion of one or more additional factors
17 which will fairly represent the person's business
18 activities or market in this State; or

19 (4) The employment of any other method to effectuate
20 an equitable allocation and apportionment of the person's
21 business income.

22 (g) Cross-reference ~~Cross-reference~~. For allocation of
23 business income by residents, see Section 301(a).

24 (h) For tax years ending on or after December 31, 1998, the
25 apportionment factor of persons who apportion their business
26 income to this State under subsection (a) shall be equal to:

1 (1) for tax years ending on or after December 31, 1998
2 and before December 31, 1999, 16 2/3% of the property
3 factor plus 16 2/3% of the payroll factor plus 66 2/3% of
4 the sales factor;

5 (2) for tax years ending on or after December 31, 1999
6 and before December 31, 2000, 8 1/3% of the property
7 factor plus 8 1/3% of the payroll factor plus 83 1/3% of
8 the sales factor;

9 (3) for tax years ending on or after December 31,
10 2000, the sales factor.

11 If, in any tax year ending on or after December 31, 1998 and
12 before December 31, 2000, the denominator of the payroll,
13 property, or sales factor is zero, the apportionment factor
14 computed in paragraph (1) or (2) of this subsection for that
15 year shall be divided by an amount equal to 100% minus the
16 percentage weight given to each factor whose denominator is
17 equal to zero.

20 (35 ILCS 5/704A)

21 Sec. 704A. Employer's return and payment of tax withheld.

22 (a) In general, every employer who deducts and withholds
23 or is required to deduct and withhold tax under this Act on or
24 after January 1, 2008 shall make those payments and returns as
25 provided in this Section.

1 (b) Returns. Every employer shall, in the form and manner
2 required by the Department, make returns with respect to taxes
3 withheld or required to be withheld under this Article 7 for
4 each quarter beginning on or after January 1, 2008, on or
5 before the last day of the first month following the close of
6 that quarter.

7 (c) Payments. With respect to amounts withheld or required
8 to be withheld on or after January 1, 2008:

9 (1) Semi-weekly payments. For each calendar year, each
10 employer who withheld or was required to withhold more
11 than \$12,000 during the one-year period ending on June 30
12 of the immediately preceding calendar year, payment must
13 be made:

14 (A) on or before each Friday of the calendar year,
15 for taxes withheld or required to be withheld on the
16 immediately preceding Saturday, Sunday, Monday, or
17 Tuesday;

18 (B) on or before each Wednesday of the calendar
19 year, for taxes withheld or required to be withheld on
20 the immediately preceding Wednesday, Thursday, or
21 Friday.

22 Beginning with calendar year 2011, payments made under
23 this paragraph (1) of subsection (c) must be made by
24 electronic funds transfer.

25 (2) Semi-weekly payments. Any employer who withholds
26 or is required to withhold more than \$12,000 in any

1 quarter of a calendar year is required to make payments on
2 the dates set forth under item (1) of this subsection (c)
3 for each remaining quarter of that calendar year and for
4 the subsequent calendar year.

5 (3) Monthly payments. Each employer, other than an
6 employer described in items (1) or (2) of this subsection,
7 shall pay to the Department, on or before the 15th day of
8 each month the taxes withheld or required to be withheld
9 during the immediately preceding month.

10 (4) Payments with returns. Each employer shall pay to
11 the Department, on or before the due date for each return
12 required to be filed under this Section, any tax withheld
13 or required to be withheld during the period for which the
14 return is due and not previously paid to the Department.

15 (d) Regulatory authority. The Department may, by rule:

16 (1) Permit employers, in lieu of the requirements of
17 subsections (b) and (c), to file annual returns due on or
18 before January 31 of the year for taxes withheld or
19 required to be withheld during the previous calendar year
20 and, if the aggregate amounts required to be withheld by
21 the employer under this Article 7 (other than amounts
22 required to be withheld under Section 709.5) do not exceed
23 \$1,000 for the previous calendar year, to pay the taxes
24 required to be shown on each such return no later than the
25 due date for such return.

26 (2) Provide that any payment required to be made under

1 subsection (c)(1) or (c)(2) is deemed to be timely to the
2 extent paid by electronic funds transfer on or before the
3 due date for deposit of federal income taxes withheld
4 from, or federal employment taxes due with respect to, the
5 wages from which the Illinois taxes were withheld.

6 (3) Designate one or more depositories to which
7 payment of taxes required to be withheld under this
8 Article 7 must be paid by some or all employers.

9 (4) Increase the threshold dollar amounts at which
10 employers are required to make semi-weekly payments under
11 subsection (c)(1) or (c)(2).

12 (e) Annual return and payment. Every employer who deducts
13 and withholds or is required to deduct and withhold tax from a
14 person engaged in domestic service employment, as that term is
15 defined in Section 3510 of the Internal Revenue Code, may
16 comply with the requirements of this Section with respect to
17 such employees by filing an annual return and paying the taxes
18 required to be deducted and withheld on or before the 15th day
19 of the fourth month following the close of the employer's
20 taxable year. The Department may allow the employer's return
21 to be submitted with the employer's individual income tax
22 return or to be submitted with a return due from the employer
23 under Section 1400.2 of the Unemployment Insurance Act.

24 (f) Magnetic media and electronic filing. With respect to
25 taxes withheld in calendar years prior to 2017, any W-2 Form
26 that, under the Internal Revenue Code and regulations

1 promulgated thereunder, is required to be submitted to the
2 Internal Revenue Service on magnetic media or electronically
3 must also be submitted to the Department on magnetic media or
4 electronically for Illinois purposes, if required by the
5 Department.

6 With respect to taxes withheld in 2017 and subsequent
7 calendar years, the Department may, by rule, require that any
8 return (including any amended return) under this Section and
9 any W-2 Form that is required to be submitted to the Department
10 must be submitted on magnetic media or electronically.

11 The due date for submitting W-2 Forms shall be as
12 prescribed by the Department by rule.

13 (g) For amounts deducted or withheld after December 31,
14 2009, a taxpayer who makes an election under subsection (f) of
15 Section 5-15 of the Economic Development for a Growing Economy
16 Tax Credit Act for a taxable year shall be allowed a credit
17 against payments due under this Section for amounts withheld
18 during the first calendar year beginning after the end of that
19 taxable year equal to the amount of the credit for the
20 incremental income tax attributable to full-time employees of
21 the taxpayer awarded to the taxpayer by the Department of
22 Commerce and Economic Opportunity under the Economic
23 Development for a Growing Economy Tax Credit Act for the
24 taxable year and credits not previously claimed and allowed to
25 be carried forward under Section 211(4) of this Act as
26 provided in subsection (f) of Section 5-15 of the Economic

1 Development for a Growing Economy Tax Credit Act. The credit
2 or credits may not reduce the taxpayer's obligation for any
3 payment due under this Section to less than zero. If the amount
4 of the credit or credits exceeds the total payments due under
5 this Section with respect to amounts withheld during the
6 calendar year, the excess may be carried forward and applied
7 against the taxpayer's liability under this Section in the
8 succeeding calendar years as allowed to be carried forward
9 under paragraph (4) of Section 211 of this Act. The credit or
10 credits shall be applied to the earliest year for which there
11 is a tax liability. If there are credits from more than one
12 taxable year that are available to offset a liability, the
13 earlier credit shall be applied first. Each employer who
14 deducts and withholds or is required to deduct and withhold
15 tax under this Act and who retains income tax withholdings
16 under subsection (f) of Section 5-15 of the Economic
17 Development for a Growing Economy Tax Credit Act must make a
18 return with respect to such taxes and retained amounts in the
19 form and manner that the Department, by rule, requires and pay
20 to the Department or to a depository designated by the
21 Department those withheld taxes not retained by the taxpayer.
22 For purposes of this subsection (g), the term taxpayer shall
23 include taxpayer and members of the taxpayer's unitary
24 business group as defined under paragraph (27) of subsection
25 (a) of Section 1501 of this Act. This Section is exempt from
26 the provisions of Section 250 of this Act. No credit awarded

1 under the Economic Development for a Growing Economy Tax
2 Credit Act for agreements entered into on or after January 1,
3 2015 may be credited against payments due under this Section.

4 (g-1) For amounts deducted or withheld after December 31,
5 2024, a taxpayer who makes an election under the Reimagining
6 Energy and Vehicles in Illinois Act shall be allowed a credit
7 against payments due under this Section for amounts withheld
8 during the first quarterly reporting period beginning after
9 the certificate is issued equal to the portion of the REV
10 Illinois Credit attributable to the incremental income tax
11 attributable to new employees and retained employees as
12 certified by the Department of Commerce and Economic
13 Opportunity pursuant to an agreement with the taxpayer under
14 the Reimagining Energy and Vehicles in Illinois Act for the
15 taxable year. The credit or credits may not reduce the
16 taxpayer's obligation for any payment due under this Section
17 to less than zero. If the amount of the credit or credits
18 exceeds the total payments due under this Section with respect
19 to amounts withheld during the quarterly reporting period, the
20 excess may be carried forward and applied against the
21 taxpayer's liability under this Section in the succeeding
22 quarterly reporting period as allowed to be carried forward
23 under paragraph (4) of Section 211 of this Act. The credit or
24 credits shall be applied to the earliest quarterly reporting
25 period for which there is a tax liability. If there are credits
26 from more than one quarterly reporting period that are

1 available to offset a liability, the earlier credit shall be
2 applied first. Each employer who deducts and withholds or is
3 required to deduct and withhold tax under this Act and who
4 retains income tax withholdings this subsection must make a
5 return with respect to such taxes and retained amounts in the
6 form and manner that the Department, by rule, requires and pay
7 to the Department or to a depository designated by the
8 Department those withheld taxes not retained by the taxpayer.
9 For purposes of this subsection (g-1), the term taxpayer shall
10 include taxpayer and members of the taxpayer's unitary
11 business group as defined under paragraph (27) of subsection
12 (a) of Section 1501 of this Act. This Section is exempt from
13 the provisions of Section 250 of this Act.

14 (g-2) For amounts deducted or withheld after December 31,
15 2024, a taxpayer who makes an election under the Manufacturing
16 Illinois Chips for Real Opportunity (MICRO) Act shall be
17 allowed a credit against payments due under this Section for
18 amounts withheld during the first quarterly reporting period
19 beginning after the certificate is issued equal to the portion
20 of the MICRO Illinois Credit attributable to the incremental
21 income tax attributable to new employees and retained
22 employees as certified by the Department of Commerce and
23 Economic Opportunity pursuant to an agreement with the
24 taxpayer under the Manufacturing Illinois Chips for Real
25 Opportunity (MICRO) Act for the taxable year. The credit or
26 credits may not reduce the taxpayer's obligation for any

1 payment due under this Section to less than zero. If the amount
2 of the credit or credits exceeds the total payments due under
3 this Section with respect to amounts withheld during the
4 quarterly reporting period, the excess may be carried forward
5 and applied against the taxpayer's liability under this
6 Section in the succeeding quarterly reporting period as
7 allowed to be carried forward under paragraph (4) of Section
8 211 of this Act. The credit or credits shall be applied to the
9 earliest quarterly reporting period for which there is a tax
10 liability. If there are credits from more than one quarterly
11 reporting period that are available to offset a liability, the
12 earlier credit shall be applied first. Each employer who
13 deducts and withholds or is required to deduct and withhold
14 tax under this Act and who retains income tax withholdings
15 this subsection must make a return with respect to such taxes
16 and retained amounts in the form and manner that the
17 Department, by rule, requires and pay to the Department or to a
18 depository designated by the Department those withheld taxes
19 not retained by the taxpayer. For purposes of this subsection,
20 the term taxpayer shall include taxpayer and members of the
21 taxpayer's unitary business group as defined under paragraph
22 (27) of subsection (a) of Section 1501 of this Act. This
23 Section is exempt from the provisions of Section 250 of this
24 Act.

25 (h) An employer may claim a credit against payments due
26 under this Section for amounts withheld during the first

1 calendar year ending after the date on which a tax credit
2 certificate was issued under Section 35 of the Small Business
3 Job Creation Tax Credit Act. The credit shall be equal to the
4 amount shown on the certificate, but may not reduce the
5 taxpayer's obligation for any payment due under this Section
6 to less than zero. If the amount of the credit exceeds the
7 total payments due under this Section with respect to amounts
8 withheld during the calendar year, the excess may be carried
9 forward and applied against the taxpayer's liability under
10 this Section in the 5 succeeding calendar years. The credit
11 shall be applied to the earliest year for which there is a tax
12 liability. If there are credits from more than one calendar
13 year that are available to offset a liability, the earlier
14 credit shall be applied first. This Section is exempt from the
15 provisions of Section 250 of this Act.

16 (i) Each employer with 50 or fewer full-time equivalent
17 employees during the reporting period may claim a credit
18 against the payments due under this Section for each qualified
19 employee in an amount equal to the maximum credit allowable.
20 The credit may be taken against payments due for reporting
21 periods that begin on or after January 1, 2020, and end on or
22 before December 31, 2027. An employer may not claim a credit
23 for an employee who has worked fewer than 90 consecutive days
24 immediately preceding the reporting period; however, such
25 credits may accrue during that 90-day period and be claimed
26 against payments under this Section for future reporting

1 periods after the employee has worked for the employer at
2 least 90 consecutive days. In no event may the credit exceed
3 the employer's liability for the reporting period. Each
4 employer who deducts and withholds or is required to deduct
5 and withhold tax under this Act and who retains income tax
6 withholdings under this subsection must make a return with
7 respect to such taxes and retained amounts in the form and
8 manner that the Department, by rule, requires and pay to the
9 Department or to a depository designated by the Department
10 those withheld taxes not retained by the employer.

11 For each reporting period, the employer may not claim a
12 credit or credits for more employees than the number of
13 employees making less than the minimum or reduced wage for the
14 current calendar year during the last reporting period of the
15 preceding calendar year. Notwithstanding any other provision
16 of this subsection, an employer shall not be eligible for
17 credits for a reporting period unless the average wage paid by
18 the employer per employee for all employees making less than
19 \$55,000 during the reporting period is greater than the
20 average wage paid by the employer per employee for all
21 employees making less than \$55,000 during the same reporting
22 period of the prior calendar year.

23 For purposes of this subsection (i):

24 "Compensation paid in Illinois" has the meaning ascribed
25 to that term under Section 304(a)(2)(B) of this Act.

26 "Employer" and "employee" have the meaning ascribed to

1 those terms in the Minimum Wage Law, except that "employee"
2 also includes employees who work for an employer with fewer
3 than 4 employees. Employers that operate more than one
4 establishment pursuant to a franchise agreement or that
5 constitute members of a unitary business group shall aggregate
6 their employees for purposes of determining eligibility for
7 the credit.

8 "Full-time equivalent employees" means the ratio of the
9 number of paid hours during the reporting period and the
10 number of working hours in that period.

11 "Maximum credit" means the percentage listed below of the
12 difference between the amount of compensation paid in Illinois
13 to employees who are paid not more than the required minimum
14 wage reduced by the amount of compensation paid in Illinois to
15 employees who were paid less than the current required minimum
16 wage during the reporting period prior to each increase in the
17 required minimum wage on January 1. If an employer pays an
18 employee more than the required minimum wage and that employee
19 previously earned less than the required minimum wage, the
20 employer may include the portion that does not exceed the
21 required minimum wage as compensation paid in Illinois to
22 employees who are paid not more than the required minimum
23 wage.

24 (1) 25% for reporting periods beginning on or after
25 January 1, 2020 and ending on or before December 31, 2020;

26 (2) 21% for reporting periods beginning on or after

1 January 1, 2021 and ending on or before December 31, 2021;

2 (3) 17% for reporting periods beginning on or after
3 January 1, 2022 and ending on or before December 31, 2022;

4 (4) 13% for reporting periods beginning on or after
5 January 1, 2023 and ending on or before December 31, 2023;

6 (5) 9% for reporting periods beginning on or after
7 January 1, 2024 and ending on or before December 31, 2024;

8 (6) 5% for reporting periods beginning on or after
9 January 1, 2025 and ending on or before December 31, 2025.

10 The amount computed under this subsection may continue to
11 be claimed for reporting periods beginning on or after January
12 1, 2026 and:

13 (A) ending on or before December 31, 2026 for
14 employers with more than 5 employees; or

15 (B) ending on or before December 31, 2027 for
16 employers with no more than 5 employees.

17 "Qualified employee" means an employee who is paid not
18 more than the required minimum wage and has an average wage
19 paid per hour by the employer during the reporting period
20 equal to or greater than his or her average wage paid per hour
21 by the employer during each reporting period for the
22 immediately preceding 12 months. A new qualified employee is
23 deemed to have earned the required minimum wage in the
24 preceding reporting period.

25 "Reporting period" means the quarter for which a return is
26 required to be filed under subsection (b) of this Section.

(j) For reporting periods beginning on or after January 1, 2023, if a private employer grants all of its employees the option of taking a paid leave of absence of at least 30 days for the purpose of serving as an organ donor or bone marrow donor, then the private employer may take a credit against the payments due under this Section in an amount equal to the amount withheld under this Section with respect to wages paid while the employee is on organ donation leave, not to exceed \$1,000 in withholdings for each employee who takes organ donation leave. To be eligible for the credit, such a leave of absence must be taken without loss of pay, vacation time, compensatory time, personal days, or sick time for at least the first 30 days of the leave of absence. The private employer shall adopt rules governing organ donation leave, including rules that (i) establish conditions and procedures for requesting and approving leave and (ii) require medical documentation of the proposed organ or bone marrow donation before leave is approved by the private employer. A private employer must provide, in the manner required by the Department, documentation from the employee's medical provider, which the private employer receives from the employee, that verifies the employee's organ donation. The private employer must also provide, in the manner required by the Department, documentation that shows that a qualifying organ donor leave policy was in place and offered to all qualifying employees at the time the leave was taken. For the

1 private employer to receive the tax credit, the employee
2 taking organ donor leave must allow for the applicable medical
3 records to be disclosed to the Department. If the private
4 employer cannot provide the required documentation to the
5 Department, then the private employer is ineligible for the
6 credit under this Section. A private employer must also
7 provide, in the form required by the Department, any
8 additional documentation or information required by the
9 Department to administer the credit under this Section. The
10 credit under this subsection (j) shall be taken within one
11 year after the date upon which the organ donation leave
12 begins. If the leave taken spans into a second tax year, the
13 employer qualifies for the allowable credit in the later of
14 the 2 years. If the amount of credit exceeds the tax liability
15 for the year, the excess may be carried and applied to the tax
16 liability for the 3 taxable years following the excess credit
17 year. The tax credit shall be applied to the earliest year for
18 which there is a tax liability. If there are credits for more
19 than one year that are available to offset liability, the
20 earlier credit shall be applied first.

21 Nothing in this subsection (j) prohibits a private
22 employer from providing an unpaid leave of absence to its
23 employees for the purpose of serving as an organ donor or bone
24 marrow donor; however, if the employer's policy provides for
25 fewer than 30 days of paid leave for organ or bone marrow
26 donation, then the employer shall not be eligible for the

1 credit under this Section.

2 As used in this subsection (j):

3 "Organ" means any biological tissue of the human body that
4 may be donated by a living donor, including, but not limited
5 to, the kidney, liver, lung, pancreas, intestine, bone, skin,
6 or any subpart of those organs.

7 "Organ donor" means a person from whose body an organ is
8 taken to be transferred to the body of another person.

9 "Private employer" means a sole proprietorship,
10 corporation, partnership, limited liability company, or other
11 entity with one or more employees. "Private employer" does not
12 include a municipality, county, State agency, or other public
13 employer.

14 This subsection (j) is exempt from the provisions of
15 Section 250 of this Act.

16 (k) For reporting periods beginning on or after January 1,
17 2025 and before January 1, 2027, an employer may claim a credit
18 against payments due under this Section for amounts withheld
19 during the first reporting period to occur after the date on
20 which a tax credit certificate is issued for a non-profit
21 theater production under Section 10 of the Live Theater
22 Production Tax Credit Act. The credit shall be equal to the
23 amount shown on the certificate, but may not reduce the
24 taxpayer's obligation for any payment due under this Article
25 to less than zero. If the amount of the credit exceeds the
26 total amount due under this Article with respect to amounts

1 withheld during the first reporting period to occur after the
2 date on which a tax credit certificate is issued, the excess
3 may be carried forward and applied against the taxpayer's
4 liability under this Section for reporting periods that occur
5 in the 5 succeeding calendar years. The excess credit shall be
6 applied to the earliest reporting period for which there is a
7 payment due under this Article. If there are credits from more
8 than one reporting period that are available to offset a
9 liability, the earlier credit shall be applied first. The
10 Department of Revenue, in cooperation with the Department of
11 Commerce and Economic Opportunity, shall adopt rules to
12 enforce and administer the provisions of this subsection.

13 (1) ~~(*)~~ A taxpayer who is issued a certificate under the
14 Local Journalism Sustainability Act for a taxable year shall
15 be allowed a credit against payments due under this Section as
16 provided in that Act.

23 Economy Tax Credit Act is amended by changing Section 5-56 as
24 follows:

1 (35 ILCS 10/5-56)

2 Sec. 5-56. Annual report. Annually, until construction is
3 completed, a company seeking New Construction EDGE Credits
4 shall submit a report that, at a minimum, describes the
5 projected project scope, timeline, and anticipated budget.
6 Once the project has commenced, the annual report shall
7 include actual data for the prior year as well as projections
8 for each additional year through completion of the project.
9 The Department shall issue detailed reporting guidelines
10 prescribing the requirements of construction-related
11 ~~construction-related~~ reports. In order to receive credit for
12 construction expenses, the company must provide the Department
13 with evidence that a certified third-party executed an
14 Agreed-Upon Procedure (AUP) verifying the construction
15 expenses or accept the standard construction wage expense
16 estimated by the Department.

17 Upon review of the final project scope, timeline, budget,
18 and AUP, the Department shall issue a tax credit certificate
19 reflecting a percentage of the total construction job wages
20 paid throughout the completion of the project.

21 Upon 7 business days' notice, the taxpayer shall make
22 available for inspection and copying at a location within this
23 State during reasonable hours, the records identified in
24 paragraph (1) of this Section to the taxpayer in charge of the
25 project, its officers and agents, and to federal, State, or
26 local law enforcement agencies and prosecutors.

12 force due to its transition to manufacturing semiconductors,
13 microchips, or semiconductor or microchip component parts, the
14 plan submitted under this Section must outline the taxpayer's
15 plan to assist with retraining its workforce aligned with the
16 taxpayer's adoption of new technologies and anticipated
17 efforts to retrain employees through employment opportunities
18 within the taxpayer's workforce.

19 (f) A taxpayer may not enter into more than one agreement
20 under this Act with respect to a single address or location for
21 the same period of time. Also, a taxpayer may not enter into an
22 agreement under this Act with respect to a single address or
23 location for the same period of time for which the taxpayer
24 currently holds an active agreement under the Economic
25 Development for a Growing Economy Tax Credit Act. This
26 provision does not preclude the applicant from entering into

1 an additional agreement after the expiration or voluntary
2 termination of an earlier agreement under this Act or under
3 the Economic Development for a Growing Economy Tax Credit Act
4 to the extent that the taxpayer's application otherwise
5 satisfies the terms and conditions of this Act and is approved
6 by the Department. An applicant with an existing agreement
7 under the Economic Development for a Growing Economy Tax
8 Credit Act may submit an application for an agreement under
9 this Act after it terminates any existing agreement under the
10 Economic Development for a Growing Economy Tax Credit Act with
11 respect to the same address or location.

21 Section 290. The Use Tax Act is amended by changing
22 Sections 2, 3-5, and 3-10 as follows:

1 (35 ILCS 105/2) (from Ch. 120, par. 439.2)

2 Sec. 2. Definitions. As used in this Act:

3 "Use" means the exercise by any person of any right or
4 power over tangible personal property incident to the
5 ownership of that property, or, on and after January 1, 2025,
6 incident to the possession or control of, the right to possess
7 or control, or a license to use that property through a lease,
8 except that it does not include the sale of such property in
9 any form as tangible personal property in the regular course
10 of business to the extent that such property is not first
11 subjected to a use for which it was purchased, and does not
12 include the use of such property by its owner for
13 demonstration purposes: Provided that the property purchased
14 is deemed to be purchased for the purpose of resale, despite
15 first being used, to the extent to which it is resold as an
16 ingredient of an intentionally produced product or by-product
17 of manufacturing. "Use" does not mean the demonstration use or
18 interim use of tangible personal property by a retailer before
19 he sells that tangible personal property. On and after January
20 1, 2025, the lease of tangible personal property to a lessee by
21 a retailer who is subject to tax on lease receipts under Public
22 Act 103-592 ~~this amendatory Act of the 103rd General Assembly~~
23 does not qualify as demonstration use or interim use of that
24 property. For watercraft or aircraft, if the period of
25 demonstration use or interim use by the retailer exceeds 18
26 months, the retailer shall pay on the retailers' original cost

1 price the tax imposed by this Act, and no credit for that tax
2 is permitted if the watercraft or aircraft is subsequently
3 sold by the retailer. "Use" does not mean the physical
4 incorporation of tangible personal property, to the extent not
5 first subjected to a use for which it was purchased, as an
6 ingredient or constituent, into other tangible personal
7 property (a) which is sold in the regular course of business or
8 (b) which the person incorporating such ingredient or
9 constituent therein has undertaken at the time of such
10 purchase to cause to be transported in interstate commerce to
11 destinations outside the State of Illinois: Provided that the
12 property purchased is deemed to be purchased for the purpose
13 of resale, despite first being used, to the extent to which it
14 is resold as an ingredient of an intentionally produced
15 product or by-product of manufacturing.

16 "Lease" means a transfer of the possession or control of,
17 the right to possess or control, or a license to use, but not
18 title to, tangible personal property for a fixed or
19 indeterminate term for consideration, regardless of the name
20 by which the transaction is called. "Lease" does not include a
21 lease entered into merely as a security agreement that does
22 not involve a transfer of possession or control from the
23 lessor to the lessee.

24 On and after January 1, 2025, the term "sale", when used in
25 this Act, includes a lease.

26 "Watercraft" means a Class 2, Class 3, or Class 4

1 watercraft as defined in Section 3-2 of the Boat Registration
2 and Safety Act, a personal watercraft, or any boat equipped
3 with an inboard motor.

4 "Purchase at retail" means the acquisition of the
5 ownership of, the title to, the possession or control of, the
6 right to possess or control, or a license to use, tangible
7 personal property through a sale at retail.

8 "Purchaser" means anyone who, through a sale at retail,
9 acquires the ownership of, the title to, the possession or
10 control of, the right to possess or control, or a license to
11 use, tangible personal property for a valuable consideration.

12 "Sale at retail" means any transfer of the ownership of or
13 title to tangible personal property to a purchaser, for the
14 purpose of use, and not for the purpose of resale in any form
15 as tangible personal property to the extent not first
16 subjected to a use for which it was purchased, for a valuable
17 consideration: Provided that the property purchased is deemed
18 to be purchased for the purpose of resale, despite first being
19 used, to the extent to which it is resold as an ingredient of
20 an intentionally produced product or by-product of
21 manufacturing. For this purpose, slag produced as an incident
22 to manufacturing pig iron or steel and sold is considered to be
23 an intentionally produced by-product of manufacturing. "Sale
24 at retail" includes any such transfer made for resale unless
25 made in compliance with Section 2c of the Retailers'
26 Occupation Tax Act, as incorporated by reference into Section

1 12 of this Act. Transactions whereby the possession of the
2 property is transferred but the seller retains the title as
3 security for payment of the selling price are sales.

4 "Sale at retail" shall also be construed to include any
5 Illinois florist's sales transaction in which the purchase
6 order is received in Illinois by a florist and the sale is for
7 use or consumption, but the Illinois florist has a florist in
8 another state deliver the property to the purchaser or the
9 purchaser's donee in such other state.

10 Nonreusable tangible personal property that is used by
11 persons engaged in the business of operating a restaurant,
12 cafeteria, or drive-in is a sale for resale when it is
13 transferred to customers in the ordinary course of business as
14 part of the sale of food or beverages and is used to deliver,
15 package, or consume food or beverages, regardless of where
16 consumption of the food or beverages occurs. Examples of those
17 items include, but are not limited to nonreusable, paper and
18 plastic cups, plates, baskets, boxes, sleeves, buckets or
19 other containers, utensils, straws, placemats, napkins, doggie
20 bags, and wrapping or packaging materials that are transferred
21 to customers as part of the sale of food or beverages in the
22 ordinary course of business.

23 The purchase, employment, and transfer of such tangible
24 personal property as newsprint and ink for the primary purpose
25 of conveying news (with or without other information) is not a
26 purchase, use, or sale of tangible personal property.

1 "Selling price" means the consideration for a sale valued
2 in money whether received in money or otherwise, including
3 cash, credits, property other than as hereinafter provided,
4 and services, but, prior to January 1, 2020 and beginning
5 again on January 1, 2022, not including the value of or credit
6 given for traded-in tangible personal property where the item
7 that is traded-in is of like kind and character as that which
8 is being sold; beginning January 1, 2020 and until January 1,
9 2022, "selling price" includes the portion of the value of or
10 credit given for traded-in motor vehicles of the First
11 Division as defined in Section 1-146 of the Illinois Vehicle
12 Code of like kind and character as that which is being sold
13 that exceeds \$10,000. "Selling price" shall be determined
14 without any deduction on account of the cost of the property
15 sold, the cost of materials used, labor or service cost, or any
16 other expense whatsoever, but does not include interest or
17 finance charges which appear as separate items on the bill of
18 sale or sales contract nor charges that are added to prices by
19 sellers on account of the seller's tax liability under the
20 Retailers' Occupation Tax Act, or on account of the seller's
21 duty to collect, from the purchaser, the tax that is imposed by
22 this Act, or, except as otherwise provided with respect to any
23 cigarette tax imposed by a home rule unit, on account of the
24 seller's tax liability under any local occupation tax
25 administered by the Department, or, except as otherwise
26 provided with respect to any cigarette tax imposed by a home

1 rule unit on account of the seller's duty to collect, from the
2 purchasers, the tax that is imposed under any local use tax
3 administered by the Department. Effective December 1, 1985,
4 "selling price" shall include charges that are added to prices
5 by sellers on account of the seller's tax liability under the
6 Cigarette Tax Act, on account of the seller's duty to collect,
7 from the purchaser, the tax imposed under the Cigarette Use
8 Tax Act, and on account of the seller's duty to collect, from
9 the purchaser, any cigarette tax imposed by a home rule unit.

10 The provisions of this paragraph, which provides only for
11 an alternative meaning of "selling price" with respect to the
12 sale of certain motor vehicles incident to the contemporaneous
13 lease of those motor vehicles, continue in effect and are not
14 changed by the tax on leases implemented by Public Act 103-592
15 ~~this amendatory Act of the 103rd General Assembly.~~
16 Notwithstanding any law to the contrary, for any motor
17 vehicle, as defined in Section 1-146 of the Vehicle Code, that
18 is sold on or after January 1, 2015 for the purpose of leasing
19 the vehicle for a defined period that is longer than one year
20 and (1) is a motor vehicle of the second division that: (A) is
21 a self-contained motor vehicle designed or permanently
22 converted to provide living quarters for recreational,
23 camping, or travel use, with direct walk through access to the
24 living quarters from the driver's seat; (B) is of the van
25 configuration designed for the transportation of not less than
26 7 nor more than 16 passengers; or (C) has a gross vehicle

1 weight rating of 8,000 pounds or less or (2) is a motor vehicle
2 of the first division, "selling price" or "amount of sale"
3 means the consideration received by the lessor pursuant to the
4 lease contract, including amounts due at lease signing and all
5 monthly or other regular payments charged over the term of the
6 lease. Also included in the selling price is any amount
7 received by the lessor from the lessee for the leased vehicle
8 that is not calculated at the time the lease is executed,
9 including, but not limited to, excess mileage charges and
10 charges for excess wear and tear. For sales that occur in
11 Illinois, with respect to any amount received by the lessor
12 from the lessee for the leased vehicle that is not calculated
13 at the time the lease is executed, the lessor who purchased the
14 motor vehicle does not incur the tax imposed by the Use Tax Act
15 on those amounts, and the retailer who makes the retail sale of
16 the motor vehicle to the lessor is not required to collect the
17 tax imposed by this Act or to pay the tax imposed by the
18 Retailers' Occupation Tax Act on those amounts. However, the
19 lessor who purchased the motor vehicle assumes the liability
20 for reporting and paying the tax on those amounts directly to
21 the Department in the same form (Illinois Retailers'
22 Occupation Tax, and local retailers' occupation taxes, if
23 applicable) in which the retailer would have reported and paid
24 such tax if the retailer had accounted for the tax to the
25 Department. For amounts received by the lessor from the lessee
26 that are not calculated at the time the lease is executed, the

1 lessor must file the return and pay the tax to the Department
2 by the due date otherwise required by this Act for returns
3 other than transaction returns. If the retailer is entitled
4 under this Act to a discount for collecting and remitting the
5 tax imposed under this Act to the Department with respect to
6 the sale of the motor vehicle to the lessor, then the right to
7 the discount provided in this Act shall be transferred to the
8 lessor with respect to the tax paid by the lessor for any
9 amount received by the lessor from the lessee for the leased
10 vehicle that is not calculated at the time the lease is
11 executed; provided that the discount is only allowed if the
12 return is timely filed and for amounts timely paid. The
13 "selling price" of a motor vehicle that is sold on or after
14 January 1, 2015 for the purpose of leasing for a defined period
15 of longer than one year shall not be reduced by the value of or
16 credit given for traded-in tangible personal property owned by
17 the lessor, nor shall it be reduced by the value of or credit
18 given for traded-in tangible personal property owned by the
19 lessee, regardless of whether the trade-in value thereof is
20 assigned by the lessee to the lessor. In the case of a motor
21 vehicle that is sold for the purpose of leasing for a defined
22 period of longer than one year, the sale occurs at the time of
23 the delivery of the vehicle, regardless of the due date of any
24 lease payments. A lessor who incurs a Retailers' Occupation
25 Tax liability on the sale of a motor vehicle coming off lease
26 may not take a credit against that liability for the Use Tax

1 the lessor paid upon the purchase of the motor vehicle (or for
2 any tax the lessor paid with respect to any amount received by
3 the lessor from the lessee for the leased vehicle that was not
4 calculated at the time the lease was executed) if the selling
5 price of the motor vehicle at the time of purchase was
6 calculated using the definition of "selling price" as defined
7 in this paragraph. Notwithstanding any other provision of this
8 Act to the contrary, lessors shall file all returns and make
9 all payments required under this paragraph to the Department
10 by electronic means in the manner and form as required by the
11 Department. This paragraph does not apply to leases of motor
12 vehicles for which, at the time the lease is entered into, the
13 term of the lease is not a defined period, including leases
14 with a defined initial period with the option to continue the
15 lease on a month-to-month or other basis beyond the initial
16 defined period.

17 The phrase "like kind and character" shall be liberally
18 construed (including, but not limited to, any form of motor
19 vehicle for any form of motor vehicle, or any kind of farm or
20 agricultural implement for any other kind of farm or
21 agricultural implement), while not including a kind of item
22 which, if sold at retail by that retailer, would be exempt from
23 retailers' occupation tax and use tax as an isolated or
24 occasional sale.

25 "Department" means the Department of Revenue.

26 "Person" means any natural individual, firm, partnership,

1 association, joint stock company, joint adventure, public or
2 private corporation, limited liability company, or a receiver,
3 executor, trustee, guardian, or other representative appointed
4 by order of any court.

5 "Retailer" means and includes every person engaged in the
6 business of making sales, including, on and after January 1,
7 2025, leases, at retail as defined in this Section. With
8 respect to leases, a "retailer" also means a "lessor", except
9 as otherwise provided in this Act.

10 A person who holds himself or herself out as being engaged
11 (or who habitually engages) in selling tangible personal
12 property at retail is a retailer hereunder with respect to
13 such sales (and not primarily in a service occupation)
14 notwithstanding the fact that such person designs and produces
15 such tangible personal property on special order for the
16 purchaser and in such a way as to render the property of value
17 only to such purchaser, if such tangible personal property so
18 produced on special order serves substantially the same
19 function as stock or standard items of tangible personal
20 property that are sold at retail.

21 A person whose activities are organized and conducted
22 primarily as a not-for-profit service enterprise, and who
23 engages in selling tangible personal property at retail
24 (whether to the public or merely to members and their guests)
25 is a retailer with respect to such transactions, excepting
26 only a person organized and operated exclusively for

1 charitable, religious or educational purposes either (1) 7 to
2 the extent of sales by such person to its members, students,
3 patients, 1 or inmates of tangible personal property to be used
4 primarily for the purposes of such person, or (2) 7 to the
5 extent of sales by such person of tangible personal property
6 which is not sold or offered for sale by persons organized for
7 profit. The selling of school books and school supplies by
8 schools at retail to students is not "primarily for the
9 purposes of" the school which does such selling. This
10 paragraph does not apply to nor subject to taxation occasional
11 dinners, social, 1 or similar activities of a person organized
12 and operated exclusively for charitable, religious, 1 or
13 educational purposes, whether or not such activities are open
14 to the public.

15 A person who is the recipient of a grant or contract under
16 Title VII of the Older Americans Act of 1965 (P.L. 92-258) and
17 serves meals to participants in the federal Nutrition Program
18 for the Elderly in return for contributions established in
19 amount by the individual participant pursuant to a schedule of
20 suggested fees as provided for in the federal Act is not a
21 retailer under this Act with respect to such transactions.

22 Persons who engage in the business of transferring
23 tangible personal property upon the redemption of trading
24 stamps are retailers hereunder when engaged in such business.

25 The isolated or occasional sale of tangible personal
26 property at retail by a person who does not hold himself out as

1 being engaged (or who does not habitually engage) in selling
2 such tangible personal property at retail or a sale through a
3 bulk vending machine does not make such person a retailer
4 hereunder. However, any person who is engaged in a business
5 which is not subject to the tax imposed by the Retailers'
6 Occupation Tax Act because of involving the sale of or a
7 contract to sell real estate or a construction contract to
8 improve real estate, but who, in the course of conducting such
9 business, transfers tangible personal property to users or
10 consumers in the finished form in which it was purchased, and
11 which does not become real estate, under any provision of a
12 construction contract or real estate sale or real estate sales
13 agreement entered into with some other person arising out of
14 or because of such nontaxable business, is a retailer to the
15 extent of the value of the tangible personal property so
16 transferred. If, in such transaction, a separate charge is
17 made for the tangible personal property so transferred, the
18 value of such property, for the purposes of this Act, is the
19 amount so separately charged, but not less than the cost of
20 such property to the transferor; if no separate charge is
21 made, the value of such property, for the purposes of this Act,
22 is the cost to the transferor of such tangible personal
23 property.

24 "Retailer maintaining a place of business in this State",
25 or any like term, means and includes any of the following
26 retailers:

1 (1) A retailer having or maintaining within this
2 State, directly or by a subsidiary, an office,
3 distribution house, sales house, warehouse, or other place
4 of business, or any agent or other representative
5 operating within this State under the authority of the
6 retailer or its subsidiary, irrespective of whether such
7 place of business or agent or other representative is
8 located here permanently or temporarily, or whether such
9 retailer or subsidiary is licensed to do business in this
10 State. However, the ownership of property that is located
11 at the premises of a printer with which the retailer has
12 contracted for printing and that consists of the final
13 printed product, property that becomes a part of the final
14 printed product, or copy from which the printed product is
15 produced shall not result in the retailer being deemed to
16 have or maintain an office, distribution house, sales
17 house, warehouse, or other place of business within this
18 State.

19 (1.1) A retailer having a contract with a person
20 located in this State under which the person, for a
21 commission or other consideration based upon the sale of
22 tangible personal property by the retailer, directly or
23 indirectly refers potential customers to the retailer by
24 providing to the potential customers a promotional code or
25 other mechanism that allows the retailer to track
26 purchases referred by such persons. Examples of mechanisms

1 that allow the retailer to track purchases referred by
2 such persons include, but are not limited to, the use of a
3 link on the person's Internet website, promotional codes
4 distributed through the person's hand-delivered or mailed
5 material, and promotional codes distributed by the person
6 through radio or other broadcast media. The provisions of
7 this paragraph (1.1) shall apply only if the cumulative
8 gross receipts from sales of tangible personal property by
9 the retailer to customers who are referred to the retailer
10 by all persons in this State under such contracts exceed
11 \$10,000 during the preceding 4 quarterly periods ending on
12 the last day of March, June, September, and December. A
13 retailer meeting the requirements of this paragraph (1.1)
14 shall be presumed to be maintaining a place of business in
15 this State but may rebut this presumption by submitting
16 proof that the referrals or other activities pursued
17 within this State by such persons were not sufficient to
18 meet the nexus standards of the United States Constitution
19 during the preceding 4 quarterly periods.

20 (1.2) Beginning July 1, 2011, a retailer having a
21 contract with a person located in this State under which:

22 (A) the retailer sells the same or substantially
23 similar line of products as the person located in this
24 State and does so using an identical or substantially
25 similar name, trade name, or trademark as the person
26 located in this State; and

1 (B) the retailer provides a commission or other
2 consideration to the person located in this State
3 based upon the sale of tangible personal property by
4 the retailer.

5 The provisions of this paragraph (1.2) shall apply
6 only if the cumulative gross receipts from sales of
7 tangible personal property by the retailer to customers in
8 this State under all such contracts exceed \$10,000 during
9 the preceding 4 quarterly periods ending on the last day
10 of March, June, September, and December.

11 (2) (Blank).

12 (3) (Blank).

13 (4) (Blank).

14 (5) (Blank).

15 (6) (Blank).

16 (7) (Blank).

17 (8) (Blank).

18 (9) Beginning October 1, 2018, a retailer making sales
19 of tangible personal property to purchasers in Illinois
20 from outside of Illinois if:

21 (A) the cumulative gross receipts from sales of
22 tangible personal property to purchasers in Illinois
23 are \$100,000 or more; or

24 (B) the retailer enters into 200 or more separate
25 transactions for the sale of tangible personal
26 property to purchasers in Illinois.

1 The retailer shall determine on a quarterly basis,
2 ending on the last day of March, June, September, and
3 December, whether he or she meets the criteria of either
4 subparagraph (A) or (B) of this paragraph (9) for the
5 preceding 12-month period. If the retailer meets the
6 threshold of either subparagraph (A) or (B) for a 12-month
7 period, he or she is considered a retailer maintaining a
8 place of business in this State and is required to collect
9 and remit the tax imposed under this Act and file returns
10 for one year. At the end of that one-year period, the
11 retailer shall determine whether he or she met the
12 threshold of either subparagraph (A) or (B) during the
13 preceding 12-month period. If the retailer met the
14 criteria in either subparagraph (A) or (B) for the
15 preceding 12-month period, he or she is considered a
16 retailer maintaining a place of business in this State and
17 is required to collect and remit the tax imposed under
18 this Act and file returns for the subsequent year. If at
19 the end of a one-year period a retailer that was required
20 to collect and remit the tax imposed under this Act
21 determines that he or she did not meet the threshold in
22 either subparagraph (A) or (B) during the preceding
23 12-month period, the retailer shall subsequently determine
24 on a quarterly basis, ending on the last day of March,
25 June, September, and December, whether he or she meets the
26 threshold of either subparagraph (A) or (B) for the

1 preceding 12-month period.

2 Beginning January 1, 2020, neither the gross receipts
3 from nor the number of separate transactions for sales of
4 tangible personal property to purchasers in Illinois that
5 a retailer makes through a marketplace facilitator and for
6 which the retailer has received a certification from the
7 marketplace facilitator pursuant to Section 2d of this Act
8 shall be included for purposes of determining whether he
9 or she has met the thresholds of this paragraph (9).

10 (10) Beginning January 1, 2020, a marketplace
11 facilitator that meets a threshold set forth in subsection
12 (b) of Section 2d of this Act.

13 "Bulk vending machine" means a vending machine, containing
14 unsorted confections, nuts, toys, or other items designed
15 primarily to be used or played with by children which, when a
16 coin or coins of a denomination not larger than \$0.50 are
17 inserted, are dispensed in equal portions, at random and
18 without selection by the customer.

21 (35 ILCS 105/3-5)

22 Sec. 3-5. Exemptions. Use, which, on and after January 1,
23 2025, includes use by a lessee, of the following tangible
24 personal property is exempt from the tax imposed by this Act:

25 (1) Personal property purchased from a corporation,

1 society, association, foundation, institution, or
2 organization, other than a limited liability company, that is
3 organized and operated as a not-for-profit service enterprise
4 for the benefit of persons 65 years of age or older if the
5 personal property was not purchased by the enterprise for the
6 purpose of resale by the enterprise.

7 (2) Personal property purchased by a not-for-profit
8 Illinois county fair association for use in conducting,
9 operating, or promoting the county fair.

10 (3) Personal property purchased by a not-for-profit arts
11 or cultural organization that establishes, by proof required
12 by the Department by rule, that it has received an exemption
13 under Section 501(c)(3) of the Internal Revenue Code and that
14 is organized and operated primarily for the presentation or
15 support of arts or cultural programming, activities, or
16 services. These organizations include, but are not limited to,
17 music and dramatic arts organizations such as symphony
18 orchestras and theatrical groups, arts and cultural service
19 organizations, local arts councils, visual arts organizations,
20 and media arts organizations. On and after July 1, 2001 (the
21 effective date of Public Act 92-35), however, an entity
22 otherwise eligible for this exemption shall not make tax-free
23 purchases unless it has an active identification number issued
24 by the Department.

25 (4) Except as otherwise provided in this Act, personal
26 property purchased by a governmental body, by a corporation,

6 Sec. 3-10. Rate of tax. Unless otherwise provided in this
7 Section, the tax imposed by this Act is at the rate of 6.25% of
8 either the selling price or the fair market value, if any, of
9 the tangible personal property, which, on and after January 1,
10 2025, includes leases of tangible personal property. In all
11 cases where property functionally used or consumed is the same
12 as the property that was purchased at retail, then the tax is
13 imposed on the selling price of the property. In all cases
14 where property functionally used or consumed is a by-product
15 or waste product that has been refined, manufactured, or
16 produced from property purchased at retail, then the tax is
17 imposed on the lower of the fair market value, if any, of the
18 specific property so used in this State or on the selling price
19 of the property purchased at retail. For purposes of this
20 Section "fair market value" means the price at which property
21 would change hands between a willing buyer and a willing
22 seller, neither being under any compulsion to buy or sell and
23 both having reasonable knowledge of the relevant facts. The
24 fair market value shall be established by Illinois sales by
25 the taxpayer of the same property as that functionally used or

1 consumed, or if there are no such sales by the taxpayer, then
2 comparable sales or purchases of property of like kind and
3 character in Illinois.

4 Beginning on July 1, 2000 and through December 31, 2000,
5 with respect to motor fuel, as defined in Section 1.1 of the
6 Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of
7 the Use Tax Act, the tax is imposed at the rate of 1.25%.

8 Beginning on August 6, 2010 through August 15, 2010, and
9 beginning again on August 5, 2022 through August 14, 2022,
10 with respect to sales tax holiday items as defined in Section
11 3-6 of this Act, the tax is imposed at the rate of 1.25%.

12 With respect to gasohol, the tax imposed by this Act
13 applies to (i) 70% of the proceeds of sales made on or after
14 January 1, 1990, and before July 1, 2003, (ii) 80% of the
15 proceeds of sales made on or after July 1, 2003 and on or
16 before July 1, 2017, (iii) 100% of the proceeds of sales made
17 after July 1, 2017 and prior to January 1, 2024, (iv) 90% of
18 the proceeds of sales made on or after January 1, 2024 and on
19 or before December 31, 2028, and (v) 100% of the proceeds of
20 sales made after December 31, 2028. If, at any time, however,
21 the tax under this Act on sales of gasohol is imposed at the
22 rate of 1.25%, then the tax imposed by this Act applies to 100%
23 of the proceeds of sales of gasohol made during that time.

24 With respect to mid-range ethanol blends, the tax imposed
25 by this Act applies to (i) 80% of the proceeds of sales made on
26 or after January 1, 2024 and on or before December 31, 2028 and

1 (ii) 100% of the proceeds of sales made thereafter. If, at any
2 time, however, the tax under this Act on sales of mid-range
3 ethanol blends is imposed at the rate of 1.25%, then the tax
4 imposed by this Act applies to 100% of the proceeds of sales of
5 mid-range ethanol blends made during that time.

6 With respect to majority blended ethanol fuel, the tax
7 imposed by this Act does not apply to the proceeds of sales
8 made on or after July 1, 2003 and on or before December 31,
9 2028 but applies to 100% of the proceeds of sales made
10 thereafter.

11 With respect to biodiesel blends with no less than 1% and
12 no more than 10% biodiesel, the tax imposed by this Act applies
13 to (i) 80% of the proceeds of sales made on or after July 1,
14 2003 and on or before December 31, 2018 and (ii) 100% of the
15 proceeds of sales made after December 31, 2018 and before
16 January 1, 2024. On and after January 1, 2024 and on or before
17 December 31, 2030, the taxation of biodiesel, renewable
18 diesel, and biodiesel blends shall be as provided in Section
19 3-5.1. If, at any time, however, the tax under this Act on
20 sales of biodiesel blends with no less than 1% and no more than
21 10% biodiesel is imposed at the rate of 1.25%, then the tax
22 imposed by this Act applies to 100% of the proceeds of sales of
23 biodiesel blends with no less than 1% and no more than 10%
24 biodiesel made during that time.

25 With respect to biodiesel and biodiesel blends with more
26 than 10% but no more than 99% biodiesel, the tax imposed by

1 this Act does not apply to the proceeds of sales made on or
2 after July 1, 2003 and on or before December 31, 2023. On and
3 after January 1, 2024 and on or before December 31, 2030, the
4 taxation of biodiesel, renewable diesel, and biodiesel blends
5 shall be as provided in Section 3-5.1.

6 Until July 1, 2022 and from July 1, 2023 through December
7 31, 2025, with respect to food for human consumption that is to
8 be consumed off the premises where it is sold (other than
9 alcoholic beverages, food consisting of or infused with adult
10 use cannabis, soft drinks, and food that has been prepared for
11 immediate consumption), the tax is imposed at the rate of 1%.
12 Beginning on July 1, 2022 and until July 1, 2023, with respect
13 to food for human consumption that is to be consumed off the
14 premises where it is sold (other than alcoholic beverages,
15 food consisting of or infused with adult use cannabis, soft
16 drinks, and food that has been prepared for immediate
17 consumption), the tax is imposed at the rate of 0%. On and
18 after January 1, 2026, food for human consumption that is to be
19 consumed off the premises where it is sold (other than
20 alcoholic beverages, food consisting of or infused with adult
21 use cannabis, soft drinks, candy, and food that has been
22 prepared for immediate consumption) is exempt from the tax
23 imposed by this Act.

24 With respect to prescription and nonprescription
25 medicines, drugs, medical appliances, products classified as
26 Class III medical devices by the United States Food and Drug

1 Administration that are used for cancer treatment pursuant to
2 a prescription, as well as any accessories and components
3 related to those devices, modifications to a motor vehicle for
4 the purpose of rendering it usable by a person with a
5 disability, and insulin, blood sugar testing materials,
6 syringes, and needles used by human diabetics, the tax is
7 imposed at the rate of 1%. For the purposes of this Section,
8 until September 1, 2009: the term "soft drinks" means any
9 complete, finished, ready-to-use, non-alcoholic drink, whether
10 carbonated or not, including, but not limited to, soda water,
11 cola, fruit juice, vegetable juice, carbonated water, and all
12 other preparations commonly known as soft drinks of whatever
13 kind or description that are contained in any closed or sealed
14 bottle, can, carton, or container, regardless of size; but
15 "soft drinks" does not include coffee, tea, non-carbonated
16 water, infant formula, milk or milk products as defined in the
17 Grade A Pasteurized Milk and Milk Products Act, or drinks
18 containing 50% or more natural fruit or vegetable juice.

19 Notwithstanding any other provisions of this Act,
20 beginning September 1, 2009, "soft drinks" means non-alcoholic
21 beverages that contain natural or artificial sweeteners. "Soft
22 drinks" does not include beverages that contain milk or milk
23 products, soy, rice or similar milk substitutes, or greater
24 than 50% of vegetable or fruit juice by volume.

25 Until August 1, 2009, and notwithstanding any other
26 provisions of this Act, "food for human consumption that is to

1 be consumed off the premises where it is sold" includes all
2 food sold through a vending machine, except soft drinks and
3 food products that are dispensed hot from a vending machine,
4 regardless of the location of the vending machine. Beginning
5 August 1, 2009, and notwithstanding any other provisions of
6 this Act, "food for human consumption that is to be consumed
7 off the premises where it is sold" includes all food sold
8 through a vending machine, except soft drinks, candy, and food
9 products that are dispensed hot from a vending machine,
10 regardless of the location of the vending machine.

11 Notwithstanding any other provisions of this Act,
12 beginning September 1, 2009, "food for human consumption that
13 is to be consumed off the premises where it is sold" does not
14 include candy. For purposes of this Section, "candy" means a
15 preparation of sugar, honey, or other natural or artificial
16 sweeteners in combination with chocolate, fruits, nuts or
17 other ingredients or flavorings in the form of bars, drops, or
18 pieces. "Candy" does not include any preparation that contains
19 flour or requires refrigeration.

20 Notwithstanding any other provisions of this Act,
21 beginning September 1, 2009, "nonprescription medicines and
22 drugs" does not include grooming and hygiene products. For
23 purposes of this Section, "grooming and hygiene products"
24 includes, but is not limited to, soaps and cleaning solutions,
25 shampoo, toothpaste, mouthwash, antiperspirants, and sun tan
26 lotions and screens, unless those products are available by

1 prescription only, regardless of whether the products meet the
2 definition of "over-the-counter-drugs". For the purposes of
3 this paragraph, "over-the-counter-drug" means a drug for human
4 use that contains a label that identifies the product as a drug
5 as required by 21 CFR 201.66. The "over-the-counter-drug"
6 label includes:

7 (A) a "Drug Facts" panel; or

8 (B) a statement of the "active ingredient(s)" with a
9 list of those ingredients contained in the compound,
10 substance or preparation.

11 Beginning on January 1, 2014 (the effective date of Public
12 Act 98-122), "prescription and nonprescription medicines and
13 drugs" includes medical cannabis purchased from a registered
14 dispensing organization under the Compassionate Use of Medical
15 Cannabis Program Act.

16 As used in this Section, "adult use cannabis" means
17 cannabis subject to tax under the Cannabis Cultivation
18 Privilege Tax Law and the Cannabis Purchaser Excise Tax Law
19 and does not include cannabis subject to tax under the
20 Compassionate Use of Medical Cannabis Program Act.

21 If the property that is purchased at retail from a
22 retailer is acquired outside Illinois and used outside
23 Illinois before being brought to Illinois for use here and is
24 taxable under this Act, the "selling price" on which the tax is
25 computed shall be reduced by an amount that represents a
26 reasonable allowance for depreciation for the period of prior

1 out-of-state use. No depreciation is allowed in cases where
2 the tax under this Act is imposed on lease receipts.

3 provisions of Section 3-75, and the exemption provided for
4 under this item (14) applies for all periods beginning May 30,
5 1995, but no claim for credit or refund is allowed on or after
6 January 1, 2008 (the effective date of Public Act 95-88) for

10 (15) Computers and communications equipment utilized for
11 any hospital purpose and equipment used in the diagnosis,
12 analysis, or treatment of hospital patients purchased by a

14 longer executed or in effect at the time the lessor would
15 otherwise be subject to the tax imposed by this Act, to a
16 hospital that has been issued an active tax exemption
17 identification number by the Department under Section 1g of
18 the Retailers' Occupation Tax Act. If the equipment is leased
19 in a manner that does not qualify for this exemption or is used
20 in any other non-exempt manner, the lessor shall be liable for
21 the tax imposed under this Act or the Use Tax Act, as the case
22 may be, based on the fair market value of the property at the
23 time the non-qualifying use occurs. No lessor shall collect or
24 attempt to collect an amount (however designated) that
25 purports to reimburse that lessor for the tax imposed by this
26 Act or the Use Tax Act, as the case may be, if the tax has not

1 been paid by the lessor. If a lessor improperly collects any
2 such amount from the lessee, the lessee shall have a legal
3 right to claim a refund of that amount from the lessor. If,
4 however, that amount is not refunded to the lessee for any
5 reason, the lessor is liable to pay that amount to the
6 Department.

7 (16) Personal property purchased by a lessor who leases
8 the property, under a lease of one year or longer executed or

10 the tax imposed by this Act, to a governmental body that has

12 the Department under Section 1g of the Retailers' Occupation
13 Tax Act. If the property is leased in a manner that does not
14 qualify for this exemption or is used in any other non-exempt
15 manner, the lessor shall be liable for the tax imposed under
16 this Act or the Use Tax Act, as the case may be, based on the
17 fair market value of the property at the time the
18 non-qualifying use occurs. No lessor shall collect or attempt
19 to collect an amount (however designated) that purports to
20 reimburse that lessor for the tax imposed by this Act or the
21 Use Tax Act, as the case may be, if the tax has not been paid
22 by the lessor. If a lessor improperly collects any such amount
23 from the lessee, the lessee shall have a legal right to claim a
24 refund of that amount from the lessor. If, however, that
25 amount is not refunded to the lessee for any reason, the lessor
26 is liable to pay that amount to the Department.

18 purification facilities, storm water drainage and retention
19 facilities, and sewage treatment facilities, resulting from a

10 for educational purposes" means all tax-supported public
11 schools, private schools that offer systematic instruction in
12 useful branches of learning by methods common to public
13 schools and that compare favorably in their scope and

15 schools, and vocational or technical schools or institutes
16 organized and operated exclusively to provide a course of

26 district that consists primarily of volunteers and includes

1 parents and teachers of the school children. This paragraph
2 does not apply to fundraising events (i) for the benefit of
3 private home instruction or (ii) for which the fundraising
4 entity purchases the personal property sold at the events from
5 another individual or entity that sold the property for the
6 purpose of resale by the fundraising entity and that profits
7 from the sale to the fundraising entity. This paragraph is

9 diagnosis, analysis, or treatment of hospital patients
10 purchased by a lessor who leases the equipment, under a lease
11 of one year or longer executed or in effect at the time the
12 lessor would otherwise be subject to the tax imposed by this
13 Act, to a hospital that has been issued an active tax exemption
14 identification number by the Department under Section 1g of
15 the Retailers' Occupation Tax Act. If the equipment is leased
16 in a manner that does not qualify for this exemption or is used
17 in any other nonexempt manner, the lessor shall be liable for
18 the tax imposed under this Act or the Use Tax Act, as the case
19 may be, based on the fair market value of the property at the

26 right to claim a refund of that amount from the lessor. If,

1 however, that amount is not refunded to the lessee for any
2 reason, the lessor is liable to pay that amount to the
3 Department. This paragraph is exempt from the provisions of
4 Section 3-75.

12 Occupation Tax Act. If the property is leased in a manner that
13 does not qualify for this exemption or is used in any other
14 nonexempt manner, the lessor shall be liable for the tax
15 imposed under this Act or the Use Tax Act, as the case may be,
16 based on the fair market value of the property at the time the
17 nonqualifying use occurs. No lessor shall collect or attempt
18 to collect an amount (however designated) that purports to
19 reimburse that lessor for the tax imposed by this Act or the
20 Use Tax Act, as the case may be, if the tax has not been paid
21 by the lessor. If a lessor improperly collects any such amount
22 from the lessee, the lessee shall have a legal right to claim a
23 refund of that amount from the lessor. If, however, that
24 amount is not refunded to the lessee for any reason, the lessor

9 December 31, 2029, materials, parts, equipment, components,

12 repair, or maintenance of the aircraft. This exemption
13 includes consumable supplies used in the modification,
14 refurbishment, completion, replacement, repair, and
15 maintenance of aircraft. However, until January 1, 2024, this
16 exemption excludes any materials, parts, equipment,
17 components, and consumable supplies used in the modification,
18 replacement, repair, and maintenance of aircraft engines or

22 129 of the Federal Aviation Regulations. The changes made to
23 this paragraph (27) by Public Act 98-534 are declarative of
24 existing law. It is the intent of the General Assembly that the
25 exemption under this paragraph (27) applies continuously from
26 January 1, 2010 through December 31, 2024; however, no claim

1 for credit or refund is allowed for taxes paid as a result of

6 of the owner, operator, or tenant. Data centers that would
7 have qualified for a certificate of exemption prior to January

9 obtain an exemption for subsequent purchases of computer
10 equipment or enabling software purchased or leased to upgrade,

2 Sec. 3-10. Rate of tax. Unless otherwise provided in this
3 Section, the tax imposed by this Act is at the rate of 6.25% of
4 the selling price of tangible personal property transferred,
5 including, on and after January 1, 2025, transferred by lease,
6 as an incident to the sale of service, but, for the purpose of

2 then the tax imposed by this Act applies to 100% of the
3 proceeds of sales of gasohol made during that time.

4 With respect to mid-range ethanol blends, as defined in

8 January 1, 2024 and on or before December 31, 2028 and (ii)
9 100% of the selling price of property transferred as an
10 incident to the sale of service after December 31, 2028. If, at
11 any time, however, the tax under this Act on sales of mid-range
12 ethanol blends is imposed at the rate of 1.25%, then the tax
13 imposed by this Act applies to 100% of the selling price of
14 mid-range ethanol blends transferred as an incident to the
15 sale of service during that time.

16 With respect to majority blended ethanol fuel, as defined
17 in the Use Tax Act, the tax imposed by this Act does not apply
18 to the selling price of property transferred as an incident to
19 the sale of service on or after July 1, 2003 and on or before
20 December 31, 2028 but applies to 100% of the selling price
21 thereafter.

22 With respect to biodiesel blends, as defined in the Use
23 Tax Act, with no less than 1% and no more than 10% biodiesel,
24 the tax imposed by this Act applies to (i) 80% of the selling
25 price of property transferred as an incident to the sale of
26 service on or after July 1, 2003 and on or before December 31,

1 2018 and (ii) 100% of the proceeds of the selling price after
2 December 31, 2018 and before January 1, 2024. On and after
3 January 1, 2024 and on or before December 31, 2030, the
4 taxation of biodiesel, renewable diesel, and biodiesel blends
5 shall be as provided in Section 3-5.1 of the Use Tax Act. If,
6 at any time, however, the tax under this Act on sales of
7 biodiesel blends, as defined in the Use Tax Act, with no less
8 than 1% and no more than 10% biodiesel is imposed at the rate
9 of 1.25%, then the tax imposed by this Act applies to 100% of
10 the proceeds of sales of biodiesel blends with no less than 1%
11 and no more than 10% biodiesel made during that time.

12 With respect to biodiesel, as defined in the Use Tax Act,
13 and biodiesel blends, as defined in the Use Tax Act, with more
14 than 10% but no more than 99% biodiesel, the tax imposed by
15 this Act does not apply to the proceeds of the selling price of
16 property transferred as an incident to the sale of service on
17 or after July 1, 2003 and on or before December 31, 2023. On
18 and after January 1, 2024 and on or before December 31, 2030,
19 the taxation of biodiesel, renewable diesel, and biodiesel
20 blends shall be as provided in Section 3-5.1 of the Use Tax
21 Act.

22 At the election of any registered serviceman made for each
23 fiscal year, sales of service in which the aggregate annual
24 cost price of tangible personal property transferred as an
25 incident to the sales of service is less than 35%, or 75% in
26 the case of servicemen transferring prescription drugs or

1 servicemen engaged in graphic arts production, of the
2 aggregate annual total gross receipts from all sales of
3 service, the tax imposed by this Act shall be based on the
4 serviceman's cost price of the tangible personal property
5 transferred as an incident to the sale of those services.

6 Until July 1, 2022 and from July 1, 2023 through December
7 31, 2025, the tax shall be imposed at the rate of 1% on food
8 prepared for immediate consumption and transferred incident to
9 a sale of service subject to this Act or the Service Occupation
10 Tax Act by an entity licensed under the Hospital Licensing
11 Act, the Nursing Home Care Act, the Assisted Living and Shared
12 Housing Act, the ID/DD Community Care Act, the MC/DD Act, the
13 Specialized Mental Health Rehabilitation Act of 2013, or the
14 Child Care Act of 1969, or an entity that holds a permit issued
15 pursuant to the Life Care Facilities Act. Until July 1, 2022
16 and from July 1, 2023 through December 31, 2025, the tax shall
17 also be imposed at the rate of 1% on food for human consumption
18 that is to be consumed off the premises where it is sold (other
19 than alcoholic beverages, food consisting of or infused with
20 adult use cannabis, soft drinks, and food that has been
21 prepared for immediate consumption and is not otherwise
22 included in this paragraph).

23 Beginning on July 1, 2022 and until July 1, 2023, the tax
24 shall be imposed at the rate of 0% on food prepared for
25 immediate consumption and transferred incident to a sale of
26 service subject to this Act or the Service Occupation Tax Act

1 by an entity licensed under the Hospital Licensing Act, the
2 Nursing Home Care Act, the Assisted Living and Shared Housing
3 Act, the ID/DD Community Care Act, the MC/DD Act, the
4 Specialized Mental Health Rehabilitation Act of 2013, or the
5 Child Care Act of 1969, or an entity that holds a permit issued
6 pursuant to the Life Care Facilities Act. Beginning on July 1,
7 2022 and until July 1, 2023, the tax shall also be imposed at
8 the rate of 0% on food for human consumption that is to be
9 consumed off the premises where it is sold (other than
10 alcoholic beverages, food consisting of or infused with adult
11 use cannabis, soft drinks, and food that has been prepared for
12 immediate consumption and is not otherwise included in this
13 paragraph).

14 On and ~~on~~ after January 1, 2026, food prepared for
15 immediate consumption and transferred incident to a sale of
16 service subject to this Act or the Service Occupation Tax Act
17 by an entity licensed under the Hospital Licensing Act, the
18 Nursing Home Care Act, the Assisted Living and Shared Housing
19 Act, the ID/DD Community Care Act, the MC/DD Act, the
20 Specialized Mental Health Rehabilitation Act of 2013, or the
21 Child Care Act of 1969, or by an entity that holds a permit
22 issued pursuant to the Life Care Facilities Act is exempt from
23 the tax under this Act. On and after January 1, 2026, food for
24 human consumption that is to be consumed off the premises
25 where it is sold (other than alcoholic beverages, food
26 consisting of or infused with adult use cannabis, soft drinks,

1 candy, and food that has been prepared for immediate
2 consumption and is not otherwise included in this paragraph)
3 is exempt from the tax under this Act.

4 The tax shall be imposed at the rate of 1% on prescription
5 and nonprescription medicines, drugs, medical appliances,
6 products classified as Class III medical devices by the United
7 States Food and Drug Administration that are used for cancer
8 treatment pursuant to a prescription, as well as any
9 accessories and components related to those devices,
10 modifications to a motor vehicle for the purpose of rendering
11 it usable by a person with a disability, and insulin, blood
12 sugar testing materials, syringes, and needles used by human
13 diabetics. For the purposes of this Section, until September
14 1, 2009: the term "soft drinks" means any complete, finished,
15 ready-to-use, non-alcoholic drink, whether carbonated or not,
16 including, but not limited to, soda water, cola, fruit juice,
17 vegetable juice, carbonated water, and all other preparations
18 commonly known as soft drinks of whatever kind or description
19 that are contained in any closed or sealed bottle, can,
20 carton, or container, regardless of size; but "soft drinks"
21 does not include coffee, tea, non-carbonated water, infant
22 formula, milk or milk products as defined in the Grade A
23 Pasteurized Milk and Milk Products Act, or drinks containing
24 50% or more natural fruit or vegetable juice.

25 Notwithstanding any other provisions of this Act,
26 beginning September 1, 2009, "soft drinks" means non-alcoholic

1 beverages that contain natural or artificial sweeteners. "Soft
2 drinks" does not include beverages that contain milk or milk
3 products, soy, rice or similar milk substitutes, or greater
4 than 50% of vegetable or fruit juice by volume.

5 Until August 1, 2009, and notwithstanding any other
6 provisions of this Act, "food for human consumption that is to
7 be consumed off the premises where it is sold" includes all
8 food sold through a vending machine, except soft drinks and
9 food products that are dispensed hot from a vending machine,
10 regardless of the location of the vending machine. Beginning
11 August 1, 2009, and notwithstanding any other provisions of
12 this Act, "food for human consumption that is to be consumed
13 off the premises where it is sold" includes all food sold
14 through a vending machine, except soft drinks, candy, and food
15 products that are dispensed hot from a vending machine,
16 regardless of the location of the vending machine.

17 Notwithstanding any other provisions of this Act,
18 beginning September 1, 2009, "food for human consumption that
19 is to be consumed off the premises where it is sold" does not
20 include candy. For purposes of this Section, "candy" means a
21 preparation of sugar, honey, or other natural or artificial
22 sweeteners in combination with chocolate, fruits, nuts or
23 other ingredients or flavorings in the form of bars, drops, or
24 pieces. "Candy" does not include any preparation that contains
25 flour or requires refrigeration.

26 Notwithstanding any other provisions of this Act,

1 beginning September 1, 2009, "nonprescription medicines and
2 drugs" does not include grooming and hygiene products. For
3 purposes of this Section, "grooming and hygiene products"
4 includes, but is not limited to, soaps and cleaning solutions,
5 shampoo, toothpaste, mouthwash, antiperspirants, and sun tan
6 lotions and screens, unless those products are available by
7 prescription only, regardless of whether the products meet the
8 definition of "over-the-counter-drugs". For the purposes of
9 this paragraph, "over-the-counter-drug" means a drug for human
10 use that contains a label that identifies the product as a drug
11 as required by 21 CFR 201.66. The "over-the-counter-drug"
12 label includes:

13 (A) a "Drug Facts" panel; or

14 (B) a statement of the "active ingredient(s)" with a
15 list of those ingredients contained in the compound,
16 substance or preparation.

17 Beginning on January 1, 2014 (the effective date of Public
18 Act 98-122), "prescription and nonprescription medicines and
19 drugs" includes medical cannabis purchased from a registered
20 dispensing organization under the Compassionate Use of Medical
21 Cannabis Program Act.

22 As used in this Section, "adult use cannabis" means
23 cannabis subject to tax under the Cannabis Cultivation
24 Privilege Tax Law and the Cannabis Purchaser Excise Tax Law
25 and does not include cannabis subject to tax under the
26 Compassionate Use of Medical Cannabis Program Act.

1 If the property that is acquired from a serviceman is
2 acquired outside Illinois and used outside Illinois before
3 being brought to Illinois for use here and is taxable under
4 this Act, the "selling price" on which the tax is computed
5 shall be reduced by an amount that represents a reasonable
6 allowance for depreciation for the period of prior
7 out-of-state use. No depreciation is allowed in cases where
8 the tax under this Act is imposed on lease receipts.

14 (35 ILCS 110/9)

15 Sec. 9. Each serviceman required or authorized to collect
16 the tax herein imposed shall pay to the Department the amount
17 of such tax (except as otherwise provided) at the time when he
18 is required to file his return for the period during which such
19 tax was collected, less a discount of 2.1% prior to January 1,
20 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar
21 year, whichever is greater, which is allowed to reimburse the
22 serviceman for expenses incurred in collecting the tax,
23 keeping records, preparing and filing returns, remitting the
24 tax, and supplying data to the Department on request.
25 Beginning with returns due on or after January 1, 2025, the

1 vendor's discount allowed in this Section, the Retailers'
2 Occupation Tax Act, the Service Occupation Tax Act, and the
3 Use Tax Act, including any local tax administered by the
4 Department and reported on the same return, shall not exceed
5 \$1,000 per month in the aggregate. When determining the
6 discount allowed under this Section, servicemen shall include
7 the amount of tax that would have been due at the 1% rate but
8 for the 0% rate imposed under Public Act 102-700 ~~this~~
9 ~~amendatory Act of the 102nd General Assembly~~. The discount
10 under this Section is not allowed for the 1.25% portion of
11 taxes paid on aviation fuel that is subject to the revenue use
12 requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. The
13 discount allowed under this Section is allowed only for
14 returns that are filed in the manner required by this Act. The
15 Department may disallow the discount for servicemen whose
16 certificate of registration is revoked at the time the return
17 is filed, but only if the Department's decision to revoke the
18 certificate of registration has become final. A serviceman
19 need not remit that part of any tax collected by him to the
20 extent that he is required to pay and does pay the tax imposed
21 by the Service Occupation Tax Act with respect to his sale of
22 service involving the incidental transfer by him of the same
23 property.

24 Except as provided hereinafter in this Section, on or
25 before the twentieth day of each calendar month, such
26 serviceman shall file a return for the preceding calendar

1 month in accordance with reasonable Rules and Regulations to
2 be promulgated by the Department. Such return shall be filed
3 on a form prescribed by the Department and shall contain such
4 information as the Department may reasonably require. The
5 return shall include the gross receipts which were received
6 during the preceding calendar month or quarter on the
7 following items upon which tax would have been due but for the
8 0% rate imposed under Public Act 102-700 ~~this amendatory Act~~
9 ~~of the 102nd General Assembly~~: (i) food for human consumption
10 that is to be consumed off the premises where it is sold (other
11 than alcoholic beverages, food consisting of or infused with
12 adult use cannabis, soft drinks, and food that has been
13 prepared for immediate consumption); and (ii) food prepared
14 for immediate consumption and transferred incident to a sale
15 of service subject to this Act or the Service Occupation Tax
16 Act by an entity licensed under the Hospital Licensing Act,
17 the Nursing Home Care Act, the Assisted Living and Shared
18 Housing Act, the ID/DD Community Care Act, the MC/DD Act, the
19 Specialized Mental Health Rehabilitation Act of 2013, or the
20 Child Care Act of 1969, or an entity that holds a permit issued
21 pursuant to the Life Care Facilities Act. The return shall
22 also include the amount of tax that would have been due on the
23 items listed in the previous sentence but for the 0% rate
24 imposed under Public Act 102-700 ~~this amendatory Act of the~~
25 ~~102nd General Assembly~~.

26 In the case of leases, except as otherwise provided in

1 this Act, the lessor, in collecting the tax, may collect for
2 each tax return period, only the tax applicable to that part of
3 the selling price actually received during such tax return
4 period.

5 On and after January 1, 2018, with respect to servicemen
6 whose annual gross receipts average \$20,000 or more, all
7 returns required to be filed pursuant to this Act shall be
8 filed electronically. Servicemen who demonstrate that they do
9 not have access to the Internet or demonstrate hardship in
10 filing electronically may petition the Department to waive the
11 electronic filing requirement.

12 The Department may require returns to be filed on a
13 quarterly basis. If so required, a return for each calendar
14 quarter shall be filed on or before the twentieth day of the
15 calendar month following the end of such calendar quarter. The
16 taxpayer shall also file a return with the Department for each
17 of the first two months of each calendar quarter, on or before
18 the twentieth day of the following calendar month, stating:

19 1. The name of the seller;

20 2. The address of the principal place of business from
21 which he engages in business as a serviceman in this
22 State;

23 3. The total amount of taxable receipts received by
24 him during the preceding calendar month, including
25 receipts from charge and time sales, but less all
26 deductions allowed by law;

1 4. The amount of credit provided in Section 2d of this
2 Act;

3 5. The amount of tax due;

4 5-5. The signature of the taxpayer; and

5 6. Such other reasonable information as the Department
6 may require.

7 Each serviceman required or authorized to collect the tax
8 imposed by this Act on aviation fuel transferred as an
9 incident of a sale of service in this State during the
10 preceding calendar month shall, instead of reporting and
11 paying tax on aviation fuel as otherwise required by this
12 Section, report and pay such tax on a separate aviation fuel
13 tax return. The requirements related to the return shall be as
14 otherwise provided in this Section. Notwithstanding any other
15 provisions of this Act to the contrary, servicemen collecting
16 tax on aviation fuel shall file all aviation fuel tax returns
17 and shall make all aviation fuel tax payments by electronic
18 means in the manner and form required by the Department. For
19 purposes of this Section, "aviation fuel" means jet fuel and
20 aviation gasoline.

21 If a taxpayer fails to sign a return within 30 days after
22 the proper notice and demand for signature by the Department,
23 the return shall be considered valid and any amount shown to be
24 due on the return shall be deemed assessed.

25 Notwithstanding any other provision of this Act to the
26 contrary, servicemen subject to tax on cannabis shall file all

1 cannabis tax returns and shall make all cannabis tax payments
2 by electronic means in the manner and form required by the
3 Department.

4 Beginning October 1, 1993, a taxpayer who has an average
5 monthly tax liability of \$150,000 or more shall make all
6 payments required by rules of the Department by electronic
7 funds transfer. Beginning October 1, 1994, a taxpayer who has
8 an average monthly tax liability of \$100,000 or more shall
9 make all payments required by rules of the Department by
10 electronic funds transfer. Beginning October 1, 1995, a
11 taxpayer who has an average monthly tax liability of \$50,000
12 or more shall make all payments required by rules of the
13 Department by electronic funds transfer. Beginning October 1,
14 2000, a taxpayer who has an annual tax liability of \$200,000 or
15 more shall make all payments required by rules of the
16 Department by electronic funds transfer. The term "annual tax
17 liability" shall be the sum of the taxpayer's liabilities
18 under this Act, and under all other State and local occupation
19 and use tax laws administered by the Department, for the
20 immediately preceding calendar year. The term "average monthly
21 tax liability" means the sum of the taxpayer's liabilities
22 under this Act, and under all other State and local occupation
23 and use tax laws administered by the Department, for the
24 immediately preceding calendar year divided by 12. Beginning
25 on October 1, 2002, a taxpayer who has a tax liability in the
26 amount set forth in subsection (b) of Section 2505-210 of the

1 Department of Revenue Law shall make all payments required by
2 rules of the Department by electronic funds transfer.

3 Before August 1 of each year beginning in 1993, the
4 Department shall notify all taxpayers required to make
5 payments by electronic funds transfer. All taxpayers required
6 to make payments by electronic funds transfer shall make those
7 payments for a minimum of one year beginning on October 1.

8 Any taxpayer not required to make payments by electronic
9 funds transfer may make payments by electronic funds transfer
10 with the permission of the Department.

11 All taxpayers required to make payment by electronic funds
12 transfer and any taxpayers authorized to voluntarily make
13 payments by electronic funds transfer shall make those
14 payments in the manner authorized by the Department.

15 The Department shall adopt such rules as are necessary to
16 effectuate a program of electronic funds transfer and the
17 requirements of this Section.

18 If the serviceman is otherwise required to file a monthly
19 return and if the serviceman's average monthly tax liability
20 to the Department does not exceed \$200, the Department may
21 authorize his returns to be filed on a quarter annual basis,
22 with the return for January, February, and March of a given
23 year being due by April 20 of such year; with the return for
24 April, May, and June of a given year being due by July 20 of
25 such year; with the return for July, August, and September of a
26 given year being due by October 20 of such year, and with the

1 return for October, November, L and December of a given year
2 being due by January 20 of the following year.

3 If the serviceman is otherwise required to file a monthly
4 or quarterly return and if the serviceman's average monthly
5 tax liability to the Department does not exceed \$50, the
6 Department may authorize his returns to be filed on an annual
7 basis, with the return for a given year being due by January 20
8 of the following year.

9 Such quarter annual and annual returns, as to form and
10 substance, shall be subject to the same requirements as
11 monthly returns.

12 Notwithstanding any other provision in this Act concerning
13 the time within which a serviceman may file his return, in the
14 case of any serviceman who ceases to engage in a kind of
15 business which makes him responsible for filing returns under
16 this Act, such serviceman shall file a final return under this
17 Act with the Department not more than one ~~±~~ month after
18 discontinuing such business.

19 Where a serviceman collects the tax with respect to the
20 selling price of property which he sells and the purchaser
21 thereafter returns such property and the serviceman refunds
22 the selling price thereof to the purchaser, such serviceman
23 shall also refund, to the purchaser, the tax so collected from
24 the purchaser. When filing his return for the period in which
25 he refunds such tax to the purchaser, the serviceman may
26 deduct the amount of the tax so refunded by him to the

1 purchaser from any other Service Use Tax, Service Occupation
2 Tax, retailers' occupation tax, or use tax which such
3 serviceman may be required to pay or remit to the Department,
4 as shown by such return, provided that the amount of the tax to
5 be deducted shall previously have been remitted to the
6 Department by such serviceman. If the serviceman shall not
7 previously have remitted the amount of such tax to the
8 Department, he shall be entitled to no deduction hereunder
9 upon refunding such tax to the purchaser.

10 Any serviceman filing a return hereunder shall also
11 include the total tax upon the selling price of tangible
12 personal property purchased for use by him as an incident to a
13 sale of service, and such serviceman shall remit the amount of
14 such tax to the Department when filing such return.

15 If experience indicates such action to be practicable, the
16 Department may prescribe and furnish a combination or joint
17 return which will enable servicemen, who are required to file
18 returns hereunder and also under the Service Occupation Tax
19 Act, to furnish all the return information required by both
20 Acts on the one form.

21 Where the serviceman has more than one business registered
22 with the Department under separate registration hereunder,
23 such serviceman shall not file each return that is due as a
24 single return covering all such registered businesses, but
25 shall file separate returns for each such registered business.

26 Beginning January 1, 1990, each month the Department shall

1 pay into the State and Local Tax Reform Fund, a special fund in
2 the State treasury ~~Treasury~~, the net revenue realized for the
3 preceding month from the 1% tax imposed under this Act.

4 Beginning January 1, 1990, each month the Department shall
5 pay into the State and Local Sales Tax Reform Fund 20% of the
6 net revenue realized for the preceding month from the 6.25%
7 general rate on transfers of tangible personal property, other
8 than (i) tangible personal property which is purchased outside
9 Illinois at retail from a retailer and which is titled or
10 registered by an agency of this State's government and (ii)
11 aviation fuel sold on or after December 1, 2019. This
12 exception for aviation fuel only applies for so long as the
13 revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C.
14 47133 are binding on the State.

15 For aviation fuel sold on or after December 1, 2019, each
16 month the Department shall pay into the State Aviation Program
17 Fund 20% of the net revenue realized for the preceding month
18 from the 6.25% general rate on the selling price of aviation
19 fuel, less an amount estimated by the Department to be
20 required for refunds of the 20% portion of the tax on aviation
21 fuel under this Act, which amount shall be deposited into the
22 Aviation Fuel Sales Tax Refund Fund. The Department shall only
23 pay moneys into the State Aviation Program Fund and the
24 Aviation Fuel Sales Tax Refund Fund under this Act for so long
25 as the revenue use requirements of 49 U.S.C. 47107(b) and 49
26 U.S.C. 47133 are binding on the State.

1 Beginning August 1, 2000, each month the Department shall
2 pay into the State and Local Sales Tax Reform Fund 100% of the
3 net revenue realized for the preceding month from the 1.25%
4 rate on the selling price of motor fuel and gasohol.

5 Beginning October 1, 2009, each month the Department shall
6 pay into the Capital Projects Fund an amount that is equal to
7 an amount estimated by the Department to represent 80% of the
8 net revenue realized for the preceding month from the sale of
9 candy, grooming and hygiene products, and soft drinks that had
10 been taxed at a rate of 1% prior to September 1, 2009 but that
11 are now taxed at 6.25%.

12 Beginning July 1, 2013, each month the Department shall
13 pay into the Underground Storage Tank Fund from the proceeds
14 collected under this Act, the Use Tax Act, the Service
15 Occupation Tax Act, and the Retailers' Occupation Tax Act an
16 amount equal to the average monthly deficit in the Underground
17 Storage Tank Fund during the prior year, as certified annually
18 by the Illinois Environmental Protection Agency, but the total
19 payment into the Underground Storage Tank Fund under this Act,
20 the Use Tax Act, the Service Occupation Tax Act, and the
21 Retailers' Occupation Tax Act shall not exceed \$18,000,000 in
22 any State fiscal year. As used in this paragraph, the "average
23 monthly deficit" shall be equal to the difference between the
24 average monthly claims for payment by the fund and the average
25 monthly revenues deposited into the fund, excluding payments
26 made pursuant to this paragraph.

1 Beginning July 1, 2015, of the remainder of the moneys
2 received by the Department under the Use Tax Act, this Act, the
3 Service Occupation Tax Act, and the Retailers' Occupation Tax
4 Act, each month the Department shall deposit \$500,000 into the
5 State Crime Laboratory Fund.

6 Of the remainder of the moneys received by the Department
7 pursuant to this Act, (a) 1.75% thereof shall be paid into the
8 Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on

3 the "selling price", as defined in Section 2 of the Service Use

4 or before July 1, 2017, (iii) 100% of the selling price of
5 property transferred as an incident to the sale of service
6 after July 1, 2017 and prior to January 1, 2024, (iv) 90% of
7 the selling price of property transferred as an incident to
8 the sale of service on or after January 1, 2024 and on or
9 before December 31, 2028, and (v) 100% of the selling price of

12 under this Act on sales of gasohol, as defined in the Use Tax

14 this Act applies to 100% of the proceeds of sales of gasohol
15 made during that time.

16 With respect to mid-range ethanol blends, as defined in

23 any time, however, the tax under this Act on sales of mid-range
24 ethanol blends is imposed at the rate of 1.25%, then the tax
25 imposed by this Act applies to 100% of the selling price of
26 mid-range ethanol blends transferred as an incident to the

1 sale of service during that time.

2 With respect to majority blended ethanol fuel, as defined
3 in the Use Tax Act, the tax imposed by this Act does not apply
4 to the selling price of property transferred as an incident to
5 the sale of service on or after July 1, 2003 and on or before
6 December 31, 2028 but applies to 100% of the selling price
7 thereafter.

8 With respect to biodiesel blends, as defined in the Use
9 Tax Act, with no less than 1% and no more than 10% biodiesel,

23 and no more than 10% biodiesel made during that time.

24 With respect to biodiesel, as defined in the Use Tax Act,
25 and biodiesel blends, as defined in the Use Tax Act, with more
26 than 10% but no more than 99% biodiesel material, the tax

1 imposed by this Act does not apply to the proceeds of the
2 selling price of property transferred as an incident to the
3 sale of service on or after July 1, 2003 and on or before
4 December 31, 2023. On and after January 1, 2024 and on or

23 the Nursing Home Care Act, the Assisted Living and Shared
24 Housing Act, the ID/DD Community Care Act, the MC/DD Act, the
25 Specialized Mental Health Rehabilitation Act of 2013, or the
26 Child Care Act of 1969, or an entity that holds a permit issued

1 pursuant to the Life Care Facilities Act. Until July 1, 2022
2 and from July 1, 2023 through December 31, 2025, the tax shall
3 also be imposed at the rate of 1% on food for human consumption
4 that is to be consumed off the premises where it is sold (other
5 than alcoholic beverages, food consisting of or infused with
6 adult use cannabis, soft drinks, and food that has been
7 prepared for immediate consumption and is not otherwise
8 included in this paragraph).

9 Beginning on July 1, 2022 and until July 1, 2023, the tax
10 shall be imposed at the rate of 0% on food prepared for
11 immediate consumption and transferred incident to a sale of
12 service subject to this Act or the Service Use Tax Act by an
13 entity licensed under the Hospital Licensing Act, the Nursing
14 Home Care Act, the Assisted Living and Shared Housing Act, the
15 ID/DD Community Care Act, the MC/DD Act, the Specialized
16 Mental Health Rehabilitation Act of 2013, or the Child Care
17 Act of 1969, or an entity that holds a permit issued pursuant
18 to the Life Care Facilities Act. Beginning July 1, 2022 and
19 until July 1, 2023, the tax shall also be imposed at the rate
20 of 0% on food for human consumption that is to be consumed off
21 the premises where it is sold (other than alcoholic beverages,
22 food consisting of or infused with adult use cannabis, soft
23 drinks, and food that has been prepared for immediate
24 consumption and is not otherwise included in this paragraph).

25 On and after January 1, 2026, food prepared for immediate
26 consumption and transferred incident to a sale of service

1 subject to this Act or the Service Use Tax Act by an entity
2 licensed under the Hospital Licensing Act, the Nursing Home
3 Care Act, the Assisted Living and Shared Housing Act, the
4 ID/DD Community Care Act, the MC/DD Act, the Specialized
5 Mental Health Rehabilitation Act of 2013, or the Child Care
6 Act of 1969, or an entity that holds a permit issued pursuant
7 to the Life Care Facilities Act is exempt from the tax imposed
8 by this Act. On and after January 1, 2026, food for human
9 consumption that is to be consumed off the premises where it is
10 sold (other than alcoholic beverages, food consisting of or
11 infused with adult use cannabis, soft drinks, candy, and food
12 that has been prepared for immediate consumption and is not
13 otherwise included in this paragraph) is exempt from the tax
14 imposed by this Act.

15 The tax shall be imposed at the rate of 1% on prescription
16 and nonprescription medicines, drugs, medical appliances,
17 products classified as Class III medical devices by the United
18 States Food and Drug Administration that are used for cancer
19 treatment pursuant to a prescription, as well as any
20 accessories and components related to those devices,
21 modifications to a motor vehicle for the purpose of rendering
22 it usable by a person with a disability, and insulin, blood
23 sugar testing materials, syringes, and needles used by human
24 diabetics. For the purposes of this Section, until September
25 1, 2009: the term "soft drinks" means any complete, finished,
26 ready-to-use, non-alcoholic drink, whether carbonated or not,

1 including, but not limited to, soda water, cola, fruit juice,
2 vegetable juice, carbonated water, and all other preparations
3 commonly known as soft drinks of whatever kind or description
4 that are contained in any closed or sealed can, carton, or
5 container, regardless of size; but "soft drinks" does not
6 include coffee, tea, non-carbonated water, infant formula,
7 milk or milk products as defined in the Grade A Pasteurized
8 Milk and Milk Products Act, or drinks containing 50% or more
9 natural fruit or vegetable juice.

10 Notwithstanding any other provisions of this Act,
11 beginning September 1, 2009, "soft drinks" means non-alcoholic
12 beverages that contain natural or artificial sweeteners. "Soft
13 drinks" does not include beverages that contain milk or milk
14 products, soy, rice or similar milk substitutes, or greater
15 than 50% of vegetable or fruit juice by volume.

16 Until August 1, 2009, and notwithstanding any other
17 provisions of this Act, "food for human consumption that is to
18 be consumed off the premises where it is sold" includes all
19 food sold through a vending machine, except soft drinks and
20 food products that are dispensed hot from a vending machine,
21 regardless of the location of the vending machine. Beginning
22 August 1, 2009, and notwithstanding any other provisions of
23 this Act, "food for human consumption that is to be consumed
24 off the premises where it is sold" includes all food sold
25 through a vending machine, except soft drinks, candy, and food
26 products that are dispensed hot from a vending machine,

1 regardless of the location of the vending machine.

2 Notwithstanding any other provisions of this Act,
3 beginning September 1, 2009, "food for human consumption that
4 is to be consumed off the premises where it is sold" does not
5 include candy. For purposes of this Section, "candy" means a
6 preparation of sugar, honey, or other natural or artificial
7 sweeteners in combination with chocolate, fruits, nuts or
8 other ingredients or flavorings in the form of bars, drops, or
9 pieces. "Candy" does not include any preparation that contains
10 flour or requires refrigeration.

11 Notwithstanding any other provisions of this Act,
12 beginning September 1, 2009, "nonprescription medicines and
13 drugs" does not include grooming and hygiene products. For
14 purposes of this Section, "grooming and hygiene products"
15 includes, but is not limited to, soaps and cleaning solutions,
16 shampoo, toothpaste, mouthwash, antiperspirants, and sun tan
17 lotions and screens, unless those products are available by
18 prescription only, regardless of whether the products meet the
19 definition of "over-the-counter-drugs". For the purposes of
20 this paragraph, "over-the-counter-drug" means a drug for human
21 use that contains a label that identifies the product as a drug
22 as required by 21 CFR 201.66. The "over-the-counter-drug"
23 label includes:

24 (A) a "Drug Facts" panel; or

25 (B) a statement of the "active ingredient(s)" with a
26 list of those ingredients contained in the compound,

1 substance or preparation.

2 Beginning on January 1, 2014 (the effective date of Public
3 Act 98-122), "prescription and nonprescription medicines and
4 drugs" includes medical cannabis purchased from a registered
5 dispensing organization under the Compassionate Use of Medical
6 Cannabis Program Act.

7 As used in this Section, "adult use cannabis" means
8 cannabis subject to tax under the Cannabis Cultivation
9 Privilege Tax Law and the Cannabis Purchaser Excise Tax Law
10 and does not include cannabis subject to tax under the
11 Compassionate Use of Medical Cannabis Program Act.

17 Section 305. The Retailers' Occupation Tax Act is amended
18 by changing Sections 1, 2, 2-5, 2-10, and 2-12 as follows:

19 (35 ILCS 120/1)

20 Sec. 1. Definitions. As used in this Act:

21 "Sale at retail" means any transfer of the ownership of,
22 the title to, the possession or control of, the right to
23 possess or control, or a license to use tangible personal
24 property to a purchaser, for the purpose of use or

1 consumption, and not for the purpose of resale in any form as
2 tangible personal property to the extent not first subjected
3 to a use for which it was purchased, for a valuable
4 consideration: Provided that the property purchased is deemed
5 to be purchased for the purpose of resale, despite first being
6 used, to the extent to which it is resold as an ingredient of
7 an intentionally produced product or byproduct of
8 manufacturing. For this purpose, slag produced as an incident
9 to manufacturing pig iron or steel and sold is considered to be
10 an intentionally produced byproduct of manufacturing.
11 Transactions whereby the possession of the property is
12 transferred but the seller retains the title as security for
13 payment of the selling price shall be deemed to be sales.

14 "Sale at retail" shall be construed to include any
15 transfer of the ownership of, the title to, the possession or
16 control of, the right to possess or control, or a license to
17 use tangible personal property to a purchaser, for use or
18 consumption by any other person to whom such purchaser may
19 transfer the tangible personal property without a valuable
20 consideration, and to include any transfer, whether made for
21 or without a valuable consideration, for resale in any form as
22 tangible personal property unless made in compliance with
23 Section 2c of this Act.

24 Sales of tangible personal property, which property, to
25 the extent not first subjected to a use for which it was
26 purchased, as an ingredient or constituent, goes into and

1 forms a part of tangible personal property subsequently the
2 subject of a "Sale at retail", are not sales at retail as
3 defined in this Act: Provided that the property purchased is
4 deemed to be purchased for the purpose of resale, despite
5 first being used, to the extent to which it is resold as an
6 ingredient of an intentionally produced product or byproduct
7 of manufacturing.

8 "Sale at retail" shall be construed to include any
9 Illinois florist's sales transaction in which the purchase
10 order is received in Illinois by a florist and the sale is for
11 use or consumption, but the Illinois florist has a florist in
12 another state deliver the property to the purchaser or the
13 purchaser's donee in such other state.

14 Nonreusable tangible personal property that is used by
15 persons engaged in the business of operating a restaurant,
16 cafeteria, or drive-in is a sale for resale when it is
17 transferred to customers in the ordinary course of business as
18 part of the sale of food or beverages and is used to deliver,
19 package, or consume food or beverages, regardless of where
20 consumption of the food or beverages occurs. Examples of those
21 items include, but are not limited to nonreusable, paper and
22 plastic cups, plates, baskets, boxes, sleeves, buckets or
23 other containers, utensils, straws, placemats, napkins, doggie
24 bags, and wrapping or packaging materials that are transferred
25 to customers as part of the sale of food or beverages in the
26 ordinary course of business.

1 The purchase, employment and transfer of such tangible
2 personal property as newsprint and ink for the primary purpose
3 of conveying news (with or without other information) is not a
4 purchase, use or sale of tangible personal property.

5 A person whose activities are organized and conducted
6 primarily as a not-for-profit service enterprise, and who
7 engages in selling tangible personal property at retail
8 (whether to the public or merely to members and their guests)
9 is engaged in the business of selling tangible personal
10 property at retail with respect to such transactions,
11 excepting only a person organized and operated exclusively for
12 charitable, religious or educational purposes either (1), to
13 the extent of sales by such person to its members, students,
14 patients or inmates of tangible personal property to be used
15 primarily for the purposes of such person, or (2), to the
16 extent of sales by such person of tangible personal property
17 which is not sold or offered for sale by persons organized for
18 profit. The selling of school books and school supplies by
19 schools at retail to students is not "primarily for the
20 purposes of" the school which does such selling. The
21 provisions of this paragraph shall not apply to nor subject to
22 taxation occasional dinners, socials or similar activities of
23 a person organized and operated exclusively for charitable,
24 religious or educational purposes, whether or not such
25 activities are open to the public.

26 A person who is the recipient of a grant or contract under

1 Title VII of the Older Americans Act of 1965 (P.L. 92-258) and
2 serves meals to participants in the federal Nutrition Program
3 for the Elderly in return for contributions established in
4 amount by the individual participant pursuant to a schedule of
5 suggested fees as provided for in the federal Act is not
6 engaged in the business of selling tangible personal property
7 at retail with respect to such transactions.

8 "Lease" means a transfer of the possession or control of,
9 the right to possess or control, or a license to use, but not
10 title to, tangible personal property for a fixed or
11 indeterminate term for consideration, regardless of the name
12 by which the transaction is called. "Lease" does not include a
13 lease entered into merely as a security agreement that does
14 not involve a transfer of possession or control from the
15 lessor to the lessee.

16 On and after January 1, 2025, the term "sale", when used in
17 this Act, includes a lease.

18 "Purchaser" means anyone who, through a sale at retail,
19 acquires the ownership of, the title to, the possession or
20 control of, the right to possess or control, or a license to
21 use tangible personal property for a valuable consideration.

22 "Reseller of motor fuel" means any person engaged in the
23 business of selling or delivering or transferring title of
24 motor fuel to another person other than for use or
25 consumption. No person shall act as a reseller of motor fuel
26 within this State without first being registered as a reseller

1 pursuant to Section 2c or a retailer pursuant to Section 2a.

2 "Selling price" or the "amount of sale" means the
3 consideration for a sale valued in money whether received in
4 money or otherwise, including cash, credits, property, other
5 than as hereinafter provided, and services, but, prior to
6 January 1, 2020 and beginning again on January 1, 2022, not
7 including the value of or credit given for traded-in tangible
8 personal property where the item that is traded-in is of like
9 kind and character as that which is being sold; beginning
10 January 1, 2020 and until January 1, 2022, "selling price"
11 includes the portion of the value of or credit given for
12 traded-in motor vehicles of the First Division as defined in
13 Section 1-146 of the Illinois Vehicle Code of like kind and
14 character as that which is being sold that exceeds \$10,000.

15 "Selling price" shall be determined without any deduction on
16 account of the cost of the property sold, the cost of materials
17 used, labor or service cost or any other expense whatsoever,
18 but does not include charges that are added to prices by
19 sellers on account of the seller's tax liability under this
20 Act, or on account of the seller's duty to collect, from the
21 purchaser, the tax that is imposed by the Use Tax Act, or,
22 except as otherwise provided with respect to any cigarette tax
23 imposed by a home rule unit, on account of the seller's tax
24 liability under any local occupation tax administered by the
25 Department, or, except as otherwise provided with respect to
26 any cigarette tax imposed by a home rule unit on account of the

1 seller's duty to collect, from the purchasers, the tax that is
2 imposed under any local use tax administered by the
3 Department. Effective December 1, 1985, "selling price" shall
4 include charges that are added to prices by sellers on account
5 of the seller's tax liability under the Cigarette Tax Act, on
6 account of the sellers' duty to collect, from the purchaser,
7 the tax imposed under the Cigarette Use Tax Act, and on account
8 of the seller's duty to collect, from the purchaser, any
9 cigarette tax imposed by a home rule unit.

10 The provisions of this paragraph, which provides only for
11 an alternative meaning of "selling price" with respect to the
12 sale of certain motor vehicles incident to the contemporaneous
13 lease of those motor vehicles, continue in effect and are not
14 changed by the tax on leases implemented by Public Act 103-592
15 ~~this amendatory Act of the 103rd General Assembly.~~
16 Notwithstanding any law to the contrary, for any motor
17 vehicle, as defined in Section 1-146 of the Illinois Vehicle
18 Code, that is sold on or after January 1, 2015 for the purpose
19 of leasing the vehicle for a defined period that is longer than
20 one year and (1) is a motor vehicle of the second division
21 that: (A) is a self-contained motor vehicle designed or
22 permanently converted to provide living quarters for
23 recreational, camping, or travel use, with direct walk through
24 access to the living quarters from the driver's seat; (B) is of
25 the van configuration designed for the transportation of not
26 less than 7 nor more than 16 passengers; or (C) has a gross

1 vehicle weight rating of 8,000 pounds or less or (2) is a motor
2 vehicle of the first division, "selling price" or "amount of
3 sale" means the consideration received by the lessor pursuant
4 to the lease contract, including amounts due at lease signing
5 and all monthly or other regular payments charged over the
6 term of the lease. Also included in the selling price is any
7 amount received by the lessor from the lessee for the leased
8 vehicle that is not calculated at the time the lease is
9 executed, including, but not limited to, excess mileage
10 charges and charges for excess wear and tear. For sales that
11 occur in Illinois, with respect to any amount received by the
12 lessor from the lessee for the leased vehicle that is not
13 calculated at the time the lease is executed, the lessor who
14 purchased the motor vehicle does not incur the tax imposed by
15 the Use Tax Act on those amounts, and the retailer who makes
16 the retail sale of the motor vehicle to the lessor is not
17 required to collect the tax imposed by the Use Tax Act or to
18 pay the tax imposed by this Act on those amounts. However, the
19 lessor who purchased the motor vehicle assumes the liability
20 for reporting and paying the tax on those amounts directly to
21 the Department in the same form (Illinois Retailers'
22 Occupation Tax, and local retailers' occupation taxes, if
23 applicable) in which the retailer would have reported and paid
24 such tax if the retailer had accounted for the tax to the
25 Department. For amounts received by the lessor from the lessee
26 that are not calculated at the time the lease is executed, the

1 lessor must file the return and pay the tax to the Department
2 by the due date otherwise required by this Act for returns
3 other than transaction returns. If the retailer is entitled
4 under this Act to a discount for collecting and remitting the
5 tax imposed under this Act to the Department with respect to
6 the sale of the motor vehicle to the lessor, then the right to
7 the discount provided in this Act shall be transferred to the
8 lessor with respect to the tax paid by the lessor for any
9 amount received by the lessor from the lessee for the leased
10 vehicle that is not calculated at the time the lease is
11 executed; provided that the discount is only allowed if the
12 return is timely filed and for amounts timely paid. The
13 "selling price" of a motor vehicle that is sold on or after
14 January 1, 2015 for the purpose of leasing for a defined period
15 of longer than one year shall not be reduced by the value of or
16 credit given for traded-in tangible personal property owned by
17 the lessor, nor shall it be reduced by the value of or credit
18 given for traded-in tangible personal property owned by the
19 lessee, regardless of whether the trade-in value thereof is
20 assigned by the lessee to the lessor. In the case of a motor
21 vehicle that is sold for the purpose of leasing for a defined
22 period of longer than one year, the sale occurs at the time of
23 the delivery of the vehicle, regardless of the due date of any
24 lease payments. A lessor who incurs a Retailers' Occupation
25 Tax liability on the sale of a motor vehicle coming off lease
26 may not take a credit against that liability for the Use Tax

1 the lessor paid upon the purchase of the motor vehicle (or for
2 any tax the lessor paid with respect to any amount received by
3 the lessor from the lessee for the leased vehicle that was not
4 calculated at the time the lease was executed) if the selling
5 price of the motor vehicle at the time of purchase was
6 calculated using the definition of "selling price" as defined
7 in this paragraph. Notwithstanding any other provision of this
8 Act to the contrary, lessors shall file all returns and make
9 all payments required under this paragraph to the Department
10 by electronic means in the manner and form as required by the
11 Department. This paragraph does not apply to leases of motor
12 vehicles for which, at the time the lease is entered into, the
13 term of the lease is not a defined period, including leases
14 with a defined initial period with the option to continue the
15 lease on a month-to-month or other basis beyond the initial
16 defined period.

17 The phrase "like kind and character" shall be liberally
18 construed (including but not limited to any form of motor
19 vehicle for any form of motor vehicle, or any kind of farm or
20 agricultural implement for any other kind of farm or
21 agricultural implement), while not including a kind of item
22 which, if sold at retail by that retailer, would be exempt from
23 retailers' occupation tax and use tax as an isolated or
24 occasional sale.

25 "Gross receipts" from the sales of tangible personal
26 property at retail means the total selling price or the amount

1 of such sales, as hereinbefore defined. In the case of charge
2 and time sales, the amount thereof shall be included only as
3 and when payments are received by the seller. In the case of
4 leases, except as otherwise provided in this Act, the amount
5 thereof shall be included only as and when gross receipts are
6 received by the lessor. Receipts or other consideration
7 derived by a seller from the sale, transfer or assignment of
8 accounts receivable to a wholly owned subsidiary will not be
9 deemed payments prior to the time the purchaser makes payment
10 on such accounts.

11 "Department" means the Department of Revenue.

12 "Person" means any natural individual, firm, partnership,
13 association, joint stock company, joint adventure, public or
14 private corporation, limited liability company, or a receiver,
15 executor, trustee, guardian or other representative appointed
16 by order of any court.

17 The isolated or occasional sale of tangible personal
18 property at retail by a person who does not hold himself out as
19 being engaged (or who does not habitually engage) in selling
20 such tangible personal property at retail, or a sale through a
21 bulk vending machine, does not constitute engaging in a
22 business of selling such tangible personal property at retail
23 within the meaning of this Act; provided that any person who is
24 engaged in a business which is not subject to the tax imposed
25 by this Act because of involving the sale of or a contract to
26 sell real estate or a construction contract to improve real

1 estate or a construction contract to engineer, install, and
2 maintain an integrated system of products, but who, in the
3 course of conducting such business, transfers tangible
4 personal property to users or consumers in the finished form
5 in which it was purchased, and which does not become real
6 estate or was not engineered and installed, under any
7 provision of a construction contract or real estate sale or
8 real estate sales agreement entered into with some other
9 person arising out of or because of such nontaxable business,
10 is engaged in the business of selling tangible personal
11 property at retail to the extent of the value of the tangible
12 personal property so transferred. If, in such a transaction, a
13 separate charge is made for the tangible personal property so
14 transferred, the value of such property, for the purpose of
15 this Act, shall be the amount so separately charged, but not
16 less than the cost of such property to the transferor; if no
17 separate charge is made, the value of such property, for the
18 purposes of this Act, is the cost to the transferor of such
19 tangible personal property. Construction contracts for the
20 improvement of real estate consisting of engineering,
21 installation, and maintenance of voice, data, video, security,
22 and all telecommunication systems do not constitute engaging
23 in a business of selling tangible personal property at retail
24 within the meaning of this Act if they are sold at one
25 specified contract price.

26 A person who holds himself or herself out as being engaged

1 (or who habitually engages) in selling tangible personal
2 property at retail is a person engaged in the business of
3 selling tangible personal property at retail hereunder with
4 respect to such sales (and not primarily in a service
5 occupation) notwithstanding the fact that such person designs
6 and produces such tangible personal property on special order
7 for the purchaser and in such a way as to render the property
8 of value only to such purchaser, if such tangible personal
9 property so produced on special order serves substantially the
10 same function as stock or standard items of tangible personal
11 property that are sold at retail.

12 Persons who engage in the business of transferring
13 tangible personal property upon the redemption of trading
14 stamps are engaged in the business of selling such property at
15 retail and shall be liable for and shall pay the tax imposed by
16 this Act on the basis of the retail value of the property
17 transferred upon redemption of such stamps.

18 "Bulk vending machine" means a vending machine, containing
19 unsorted confections, nuts, toys, or other items designed
20 primarily to be used or played with by children which, when a
21 coin or coins of a denomination not larger than \$0.50 are
22 inserted, are dispensed in equal portions, at random and
23 without selection by the customer.

24 "Remote retailer" means a retailer that does not maintain
25 within this State, directly or by a subsidiary, an office,
26 distribution house, sales house, warehouse or other place of

1 business, or any agent or other representative operating
2 within this State under the authority of the retailer or its
3 subsidiary, irrespective of whether such place of business or
4 agent is located here permanently or temporarily or whether
5 such retailer or subsidiary is licensed to do business in this
6 State.

7 "Retailer maintaining a place of business in this State"
8 has the meaning given to that term in Section 2 of the Use Tax
9 Act.

10 "Marketplace" means a physical or electronic place, forum,
11 platform, application, or other method by which a marketplace
12 seller sells or offers to sell items.

13 "Marketplace facilitator" means a person who, pursuant to
14 an agreement with an unrelated third-party marketplace seller,
15 directly or indirectly through one or more affiliates
16 facilitates a retail sale by an unrelated third-party ~~third~~
17 ~~party~~ marketplace seller by:

18 (1) listing or advertising for sale by the marketplace
19 seller in a marketplace, tangible personal property that
20 is subject to tax under this Act; and

21 (2) either directly or indirectly, through agreements
22 or arrangements with third parties, collecting payment
23 from the customer and transmitting that payment to the
24 marketplace seller regardless of whether the marketplace
25 facilitator receives compensation or other consideration
26 in exchange for its services.

1 A person who provides advertising services, including
2 listing products for sale, is not considered a marketplace
3 facilitator, so long as the advertising service platform or
4 forum does not engage, directly or indirectly through one or
5 more affiliated persons, in the activities described in
6 paragraph (2) of this definition of "marketplace facilitator".

7 "Marketplace facilitator" does not include any person
8 licensed under the Auction License Act. This exemption does
9 not apply to any person who is an Internet auction listing
10 service, as defined by the Auction License Act.

11 "Marketplace seller" means a person who ~~that~~ makes sales
12 through a marketplace operated by an unrelated third-party
13 ~~third-party~~ marketplace facilitator.

18 Sec. 2. Tax imposed.

19 (a) A tax is imposed upon persons engaged in the business
20 of selling at retail, which, on and after January 1, 2025,
21 includes leasing, tangible personal property, including
22 computer software, and including photographs, negatives, and
23 positives that are the product of photoprocessing, but not
24 including products of photoprocessing produced for use in
25 motion pictures for public commercial exhibition. Beginning

1 January 1, 2001, prepaid telephone calling arrangements shall
2 be considered tangible personal property subject to the tax
3 imposed under this Act regardless of the form in which those
4 arrangements may be embodied, transmitted, or fixed by any
5 method now known or hereafter developed.

6 The imposition of the tax under this Act on persons
7 engaged in the business of leasing tangible personal property
8 applies to leases in effect, entered into, or renewed on or
9 after January 1, 2025. In the case of leases, except as
10 otherwise provided in this Act, the lessor must remit, for
11 each tax return period, only the tax applicable to that part of
12 the selling price actually received during such tax return
13 period.

14 The inclusion of leases in the tax imposed under this Act
15 by Public Act 103-592 ~~this amendatory Act of the 103rd General~~
16 ~~Assembly~~ does not, however, extend to motor vehicles,
17 watercraft, aircraft, and semitrailers, as defined in Section
18 1-187 of the Illinois Vehicle Code, that are required to be
19 registered with an agency of this State. The taxation of these
20 items shall continue in effect as prior to the effective date
21 of the changes made to this Section by Public Act 103-592 ~~this~~
22 ~~amendatory Act of the 103rd General Assembly~~ (i.e., dealers
23 owe retailers' occupation tax, lessors owe use tax, and
24 lessees are not subject to retailers' occupation or use tax).

25 Sales of (1) electricity delivered to customers by wire;
26 (2) natural or artificial gas that is delivered to customers

1 through pipes, pipelines, or mains; and (3) water that is
2 delivered to customers through pipes, pipelines, or mains are
3 not subject to tax under this Act. The provisions of Public Act
4 98-583 ~~this amendatory Act of the 98th General Assembly~~ are
5 declaratory of existing law as to the meaning and scope of this
6 Act.

7 (b) Beginning on January 1, 2021, a remote retailer is
8 engaged in the occupation of selling at retail in Illinois for
9 purposes of this Act, if:

10 (1) the cumulative gross receipts from sales of
11 tangible personal property to purchasers in Illinois are
12 \$100,000 or more; or

13 (2) the retailer enters into 200 or more separate
14 transactions for the sale of tangible personal property to
15 purchasers in Illinois.

16 Remote retailers that meet or exceed the threshold in
17 either paragraph (1) or (2) above shall be liable for all
18 applicable State retailers' and locally imposed retailers'
19 occupation taxes administered by the Department on all retail
20 sales to Illinois purchasers.

21 The remote retailer shall determine on a quarterly basis,
22 ending on the last day of March, June, September, and
23 December, whether he or she meets the criteria of either
24 paragraph (1) or (2) of this subsection for the preceding
25 12-month period. If the retailer meets the criteria of either
26 paragraph (1) or (2) for a 12-month period, he or she is

1 considered a retailer maintaining a place of business in this
2 State and is required to collect and remit the tax imposed
3 under this Act and all retailers' occupation tax imposed by
4 local taxing jurisdictions in Illinois, provided such local
5 taxes are administered by the Department, and to file all
6 applicable returns for one year. At the end of that one-year
7 period, the retailer shall determine whether the retailer met
8 the criteria of either paragraph (1) or (2) for the preceding
9 12-month period. If the retailer met the criteria in either
10 paragraph (1) or (2) for the preceding 12-month period, he or
11 she is considered a retailer maintaining a place of business
12 in this State and is required to collect and remit all
13 applicable State and local retailers' occupation taxes and
14 file returns for the subsequent year. If, at the end of a
15 one-year period, a retailer that was required to collect and
16 remit the tax imposed under this Act determines that he or she
17 did not meet the criteria in either paragraph (1) or (2) during
18 the preceding 12-month period, then the retailer shall
19 subsequently determine on a quarterly basis, ending on the
20 last day of March, June, September, and December, whether he
21 or she meets the criteria of either paragraph (1) or (2) for
22 the preceding 12-month period.

23 (b-2) Beginning on January 1, 2025, a retailer maintaining
24 a place of business in this State that makes retail sales of
25 tangible personal property to Illinois customers from a
26 location or locations outside of Illinois is engaged in the

1 occupation of selling at retail in Illinois for the purposes
2 of this Act. Those retailers are liable for all applicable
3 State and locally imposed retailers' occupation taxes
4 administered by the Department on retail sales made by those
5 retailers to Illinois customers from locations outside of
6 Illinois.

7 (b-5) For the purposes of this Section, neither the gross
8 receipts from nor the number of separate transactions for
9 sales of tangible personal property to purchasers in Illinois
10 that a remote retailer makes through a marketplace facilitator
11 shall be included for the purposes of determining whether he
12 or she has met the thresholds of subsection (b) of this Section
13 so long as the remote retailer has received certification from
14 the marketplace facilitator that the marketplace facilitator
15 is legally responsible for payment of tax on such sales.

16 (b-10) A remote retailer that is required to collect taxes
17 imposed under the Use Tax Act on retail sales made to Illinois
18 purchasers or a retailer maintaining a place of business in
19 this State that is required to collect taxes imposed under the
20 Use Tax Act on retail sales made to Illinois purchasers shall
21 be liable to the Department for such taxes, except when the
22 remote retailer or retailer maintaining a place of business in
23 this State is relieved of the duty to remit such taxes by
24 virtue of having paid to the Department taxes imposed by this
25 Act in accordance with this Section upon his or her gross
26 receipts from such sales.

1 (c) Marketplace facilitators engaged in the business of
2 selling at retail tangible personal property in Illinois.
3 Beginning January 1, 2021, a marketplace facilitator is
4 engaged in the occupation of selling at retail tangible
5 personal property in Illinois for purposes of this Act if,
6 during the previous 12-month period:

7 (1) the cumulative gross receipts from sales of
8 tangible personal property on its own behalf or on behalf
9 of marketplace sellers to purchasers in Illinois equals
10 \$100,000 or more; or

11 (2) the marketplace facilitator enters into 200 or
12 more separate transactions on its own behalf or on behalf
13 of marketplace sellers for the sale of tangible personal
14 property to purchasers in Illinois, regardless of whether
15 the marketplace facilitator or marketplace sellers for
16 whom such sales are facilitated are registered as
17 retailers in this State.

18 A marketplace facilitator who meets either paragraph (1)
19 or (2) of this subsection is required to remit the applicable
20 State retailers' occupation taxes under this Act and local
21 retailers' occupation taxes administered by the Department on
22 all taxable sales of tangible personal property made by the
23 marketplace facilitator or facilitated for marketplace sellers
24 to customers in this State. A marketplace facilitator selling
25 or facilitating the sale of tangible personal property to
26 customers in this State is subject to all applicable

1 procedures and requirements of this Act.

2 The marketplace facilitator shall determine on a quarterly
3 basis, ending on the last day of March, June, September, and
4 December, whether he or she meets the criteria of either
5 paragraph (1) or (2) of this subsection for the preceding
6 12-month period. If the marketplace facilitator meets the
7 criteria of either paragraph (1) or (2) for a 12-month period,
8 he or she is considered a retailer maintaining a place of
9 business in this State and is required to remit the tax imposed
10 under this Act and all retailers' occupation tax imposed by
11 local taxing jurisdictions in Illinois, provided such local
12 taxes are administered by the Department, and to file all
13 applicable returns for one year. At the end of that one-year
14 period, the marketplace facilitator shall determine whether it
15 met the criteria of either paragraph (1) or (2) for the
16 preceding 12-month period. If the marketplace facilitator met
17 the criteria in either paragraph (1) or (2) for the preceding
18 12-month period, it is considered a retailer maintaining a
19 place of business in this State and is required to collect and
20 remit all applicable State and local retailers' occupation
21 taxes and file returns for the subsequent year. If at the end
22 of a one-year period a marketplace facilitator that was
23 required to collect and remit the tax imposed under this Act
24 determines that he or she did not meet the criteria in either
25 paragraph (1) or (2) during the preceding 12-month period, the
26 marketplace facilitator shall subsequently determine on a

1 quarterly basis, ending on the last day of March, June,
2 September, and December, whether he or she meets the criteria
3 of either paragraph (1) or (2) for the preceding 12-month
4 period.

5 A marketplace facilitator shall be entitled to any
6 credits, deductions, or adjustments to the sales price
7 otherwise provided to the marketplace seller, in addition to
8 any such adjustments provided directly to the marketplace
9 facilitator. This Section pertains to, but is not limited to,
10 adjustments such as discounts, coupons, and rebates. In
11 addition, a marketplace facilitator shall be entitled to the
12 retailers' discount provided in Section 3 of the Retailers'
13 Occupation Tax Act on all marketplace sales, and the
14 marketplace seller shall not include sales made through a
15 marketplace facilitator when computing any retailers' discount
16 on remaining sales. Marketplace facilitators shall report and
17 remit the applicable State and local retailers' occupation
18 taxes on sales facilitated for marketplace sellers separately
19 from any sales or use tax collected on taxable retail sales
20 made directly by the marketplace facilitator or its
21 affiliates.

22 The marketplace facilitator is liable for the remittance
23 of all applicable State retailers' occupation taxes under this
24 Act and local retailers' occupation taxes administered by the
25 Department on sales through the marketplace and is subject to
26 audit on all such sales. The Department shall not audit

1 marketplace sellers for their marketplace sales where a
2 marketplace facilitator remitted the applicable State and
3 local retailers' occupation taxes unless the marketplace
4 facilitator seeks relief as a result of incorrect information
5 provided to the marketplace facilitator by a marketplace
6 seller as set forth in this Section. The marketplace
7 facilitator shall not be held liable for tax on any sales made
8 by a marketplace seller that take place outside of the
9 marketplace and which are not a part of any agreement between a
10 marketplace facilitator and a marketplace seller. In addition,
11 marketplace facilitators shall not be held liable to State and
12 local governments of Illinois for having charged and remitted
13 an incorrect amount of State and local retailers' occupation
14 tax if, at the time of the sale, the tax is computed based on
15 erroneous data provided by the State in database files on tax
16 rates, boundaries, or taxing jurisdictions or incorrect
17 information provided to the marketplace facilitator by the
18 marketplace seller.

19 (d) A marketplace facilitator shall:

20 (1) certify to each marketplace seller that the
21 marketplace facilitator assumes the rights and duties of a
22 retailer under this Act with respect to sales made by the
23 marketplace seller through the marketplace; and

24 (2) remit taxes imposed by this Act as required by
25 this Act for sales made through the marketplace.

26 (e) A marketplace seller shall retain books and records

1 for all sales made through a marketplace in accordance with
2 the requirements of this Act.

3 (f) A marketplace facilitator is subject to audit on all
4 marketplace sales for which it is considered to be the
5 retailer, but shall not be liable for tax or subject to audit
6 on sales made by marketplace sellers outside of the
7 marketplace.

8 (g) A marketplace facilitator required to collect taxes
9 imposed under the Use Tax Act on marketplace sales made to
10 Illinois purchasers shall be liable to the Department for such
11 taxes, except when the marketplace facilitator is relieved of
12 the duty to remit such taxes by virtue of having paid to the
13 Department taxes imposed by this Act in accordance with this
14 Section upon his or her gross receipts from such sales.

15 (h) Nothing in this Section shall allow the Department to
16 collect retailers' occupation taxes from both the marketplace
17 facilitator and marketplace seller on the same transaction.

18 (i) If, for any reason, the Department is prohibited from
19 enforcing the marketplace facilitator's duty under this Act to
20 remit taxes pursuant to this Section, the duty to remit such
21 taxes remains with the marketplace seller.

22 (j) Nothing in this Section affects the obligation of any
23 consumer to remit use tax for any taxable transaction for
24 which a certified service provider acting on behalf of a
25 remote retailer or a marketplace facilitator does not collect
26 and remit the appropriate tax.

1 (k) Nothing in this Section shall allow the Department to
2 collect the retailers' occupation tax from both the
3 marketplace facilitator and the marketplace seller.

7 Sec. 2-5. Exemptions. Gross receipts from proceeds from
8 the sale, which, on and after January 1, 2025, includes the
9 lease, of the following tangible personal property are exempt
10 from the tax imposed by this Act:

11 (1) Farm chemicals.

12 (2) Farm machinery and equipment, both new and used,
13 including that manufactured on special order, certified by

23 excluding other motor vehicles required to be registered

1 overwintering plants shall be considered farm machinery
2 and equipment under this item (2). Agricultural chemical
3 tender tanks and dry boxes shall include units sold
4 separately from a motor vehicle required to be licensed
5 and units sold mounted on a motor vehicle required to be
6 licensed, if the selling price of the tender is separately

9 farming equipment that is installed or purchased to be
10 installed on farm machinery and equipment including, but
11 not limited to, tractors, harvesters, sprayers, planters,

7 for the personal use of the user, and not subject to sale

13 special order or purchased for lease, certified by the
14 purchaser to be used primarily for graphic arts

16 acting as catalysts but only if the chemicals or chemicals
17 acting as catalysts effect a direct and immediate change

19 graphic arts machinery and equipment is included in the
20 manufacturing and assembling machinery and equipment
21 exemption under paragraph (14).

22 (5) A motor vehicle that is used for automobile
23 renting, as defined in the Automobile Renting Occupation
24 and Use Tax Act. This paragraph is exempt from the
25 provisions of Section 2-70.

26 (6) Personal property sold by a teacher-sponsored

1 student organization affiliated with an elementary or
2 secondary school located in Illinois.

4 the selling price of a passenger car the sale of which is
5 subject to the Replacement Vehicle Tax.

6 (8) Personal property sold to an Illinois county fair
7 association for use in conducting, operating, or promoting
8 the county fair.

12 exemption under Section 501(c)(3) of the Internal Revenue
13 Code and that is organized and operated primarily for the
14 presentation or support of arts or cultural programming,
15 activities, or services. These organizations include, but
16 are not limited to, music and dramatic arts organizations
17 such as symphony orchestras and theatrical groups, arts
18 and cultural service organizations, local arts councils,
19 visual arts organizations, and media arts organizations.

19 exemption shall make tax-free purchases unless it has an
20 active identification number issued by the Department.

23 2004, motor vehicles of the second division with a gross
24 vehicle weight in excess of 8,000 pounds that are subject
25 to the commercial distribution fee imposed under Section
26 3-815.1 of the Illinois Vehicle Code. Beginning on July 1,

1 2004 and through June 30, 2005, the use in this State of
2 motor vehicles of the second division: (i) with a gross
3 vehicle weight rating in excess of 8,000 pounds; (ii) that
4 are subject to the commercial distribution fee imposed
5 under Section 3-815.1 of the Illinois Vehicle Code; and
6 (iii) that are primarily used for commercial purposes.
7 Through June 30, 2005, this exemption applies to repair
8 and replacement parts added after the initial purchase of
9 such a motor vehicle if that motor vehicle is used in a
10 manner that would qualify for the rolling stock exemption
11 otherwise provided for in this Act. For purposes of this
12 paragraph, "used for commercial purposes" means the
13 transportation of persons or property in furtherance of
14 any commercial or industrial enterprise whether for-hire
15 or not.

16 (13) Proceeds from sales to owners or lessors,
17 lessees, or shippers of tangible personal property that is
18 utilized by interstate carriers for hire for use as
19 rolling stock moving in interstate commerce and equipment
20 operated by a telecommunications provider, licensed as a
21 common carrier by the Federal Communications Commission,
22 which is permanently installed in or affixed to aircraft
23 moving in interstate commerce.

24 (14) Machinery and equipment that will be used by the
25 purchaser, or a lessee of the purchaser, primarily in the
26 process of manufacturing or assembling tangible personal

1 property for wholesale or retail sale or lease, whether
2 the sale or lease is made directly by the manufacturer or
3 by some other person, whether the materials used in the
4 process are owned by the manufacturer or some other
5 person, or whether the sale or lease is made apart from or
6 as an incident to the seller's engaging in the service
7 occupation of producing machines, tools, dies, jigs,
8 patterns, gauges, or other similar items of no commercial
9 value on special order for a particular purchaser. The
10 exemption provided by this paragraph (14) does not include
11 machinery and equipment used in (i) the generation of
12 electricity for wholesale or retail sale; (ii) the
13 generation or treatment of natural or artificial gas for
14 wholesale or retail sale that is delivered to customers
15 through pipes, pipelines, or mains; or (iii) the treatment
16 of water for wholesale or retail sale that is delivered to
17 customers through pipes, pipelines, or mains. The
18 provisions of Public Act 98-583 are declaratory of
19 existing law as to the meaning and scope of this
20 exemption. Beginning on July 1, 2017, the exemption
21 provided by this paragraph (14) includes, but is not
22 limited to, graphic arts machinery and equipment, as
23 defined in paragraph (4) of this Section.

24 (15) Proceeds of mandatory service charges separately
25 stated on customers' bills for purchase and consumption of
26 food and beverages, to the extent that the proceeds of the

1 service charge are in fact turned over as tips or as a
2 substitute for tips to the employees who participate
3 directly in preparing, serving, hosting or cleaning up the
4 food or beverage function with respect to which the
5 service charge is imposed.

7 the purchaser is exempt from use tax by operation of
8 federal law. This paragraph is exempt from the provisions
9 of Section 2-70.

10 (17) Tangible personal property sold to a common
11 carrier by rail or motor that receives the physical
12 possession of the property in Illinois and that transports
13 the property, or shares with another common carrier in the
14 transportation of the property, out of Illinois on a
15 standard uniform bill of lading showing the seller of the
16 property as the shipper or consignor of the property to a
17 destination outside Illinois, for use outside Illinois.

18 (18) Legal tender, currency, medallions, or gold or
19 silver coinage issued by the State of Illinois, the
20 government of the United States of America, or the
21 government of any foreign country, and bullion.

22 (19) Until July 1, 2003, oil field exploration,
23 drilling, and production equipment, including (i) rigs and
24 parts of rigs, rotary rigs, cable tool rigs, and workover
25 rigs, (ii) pipe and tubular goods, including casing and
26 drill strings, (iii) pumps and pump-jack units, (iv)

1 storage tanks and flow lines, (v) any individual
2 replacement part for oil field exploration, drilling, and
3 production equipment, and (vi) machinery and equipment
4 purchased for lease; but excluding motor vehicles required
5 to be registered under the Illinois Vehicle Code.

6 (20) Photoprocessing machinery and equipment,
7 including repair and replacement parts, both new and used,
8 including that manufactured on special order, certified by
9 the purchaser to be used primarily for photoprocessing,
10 and including photoprocessing machinery and equipment
11 purchased for lease.

12 (21) Until July 1, 2028, coal and aggregate
13 exploration, mining, off-highway hauling, processing,
14 maintenance, and reclamation equipment, including
15 replacement parts and equipment, and including equipment
16 purchased for lease, but excluding motor vehicles required
17 to be registered under the Illinois Vehicle Code. The
18 changes made to this Section by Public Act 97-767 apply on
19 and after July 1, 2003, but no claim for credit or refund
20 is allowed on or after August 16, 2013 (the effective date
21 of Public Act 98-456) for such taxes paid during the
22 period beginning July 1, 2003 and ending on August 16,
23 2013 (the effective date of Public Act 98-456).

24 (22) Until June 30, 2013, fuel and petroleum products
25 sold to or used by an air carrier, certified by the carrier
26 to be used for consumption, shipment, or storage in the

1 conduct of its business as an air common carrier, for a
2 flight destined for or returning from a location or
3 locations outside the United States without regard to
4 previous or subsequent domestic stopovers.

5 Beginning July 1, 2013, fuel and petroleum products
6 sold to or used by an air carrier, certified by the carrier
7 to be used for consumption, shipment, or storage in the
8 conduct of its business as an air common carrier, for a
9 flight that (i) is engaged in foreign trade or is engaged
10 in trade between the United States and any of its
11 possessions and (ii) transports at least one individual or
12 package for hire from the city of origination to the city
13 of final destination on the same aircraft, without regard
14 to a change in the flight number of that aircraft.

15 (23) A transaction in which the purchase order is
16 received by a florist who is located outside Illinois, but
17 who has a florist located in Illinois deliver the property
18 to the purchaser or the purchaser's donee in Illinois.

19 (24) Fuel consumed or used in the operation of ships,
20 barges, or vessels that are used primarily in or for the
21 transportation of property or the conveyance of persons
22 for hire on rivers bordering on this State if the fuel is
23 delivered by the seller to the purchaser's barge, ship, or
24 vessel while it is afloat upon that bordering river.

25 (25) Except as provided in item (25-5) of this
26 Section, a motor vehicle sold in this State to a

1 nonresident even though the motor vehicle is delivered to
2 the nonresident in this State, if the motor vehicle is not
3 to be titled in this State, and if a drive-away permit is
4 issued to the motor vehicle as provided in Section 3-603
5 of the Illinois Vehicle Code or if the nonresident
6 purchaser has vehicle registration plates to transfer to
7 the motor vehicle upon returning to his or her home state.
8 The issuance of the drive-away permit or having the
9 out-of-state registration plates to be transferred is
10 prima facie evidence that the motor vehicle will not be
11 titled in this State.

12 (25-5) The exemption under item (25) does not apply if
13 the state in which the motor vehicle will be titled does
14 not allow a reciprocal exemption for a motor vehicle sold
15 and delivered in that state to an Illinois resident but
16 titled in Illinois. The tax collected under this Act on
17 the sale of a motor vehicle in this State to a resident of
18 another state that does not allow a reciprocal exemption
19 shall be imposed at a rate equal to the state's rate of tax
20 on taxable property in the state in which the purchaser is
21 a resident, except that the tax shall not exceed the tax
22 that would otherwise be imposed under this Act. At the

11 Beginning on August 6, 2010 through August 15, 2010, and
12 beginning again on August 5, 2022 through August 14, 2022,
13 with respect to sales tax holiday items as defined in Section
14 2-8 of this Act, the tax is imposed at the rate of 1.25%.

15 Within 14 days after July 1, 2000 (the effective date of
16 Public Act 91-872), each retailer of motor fuel and gasohol
17 shall cause the following notice to be posted in a prominently
18 visible place on each retail dispensing device that is used to
19 dispense motor fuel or gasohol in the State of Illinois: "As of
20 July 1, 2000, the State of Illinois has eliminated the State's
21 share of sales tax on motor fuel and gasohol through December
22 31, 2000. The price on this pump should reflect the
23 elimination of the tax." The notice shall be printed in bold
24 print on a sign that is no smaller than 4 inches by 8 inches.
25 The sign shall be clearly visible to customers. Any retailer

1 who fails to post or maintain a required sign through December
2 31, 2000 is guilty of a petty offense for which the fine shall
3 be \$500 per day per each retail premises where a violation
4 occurs.

5 With respect to gasohol, as defined in the Use Tax Act, the
6 tax imposed by this Act applies to (i) 70% of the proceeds of
7 sales made on or after January 1, 1990, and before July 1,
8 2003, (ii) 80% of the proceeds of sales made on or after July
9 1, 2003 and on or before July 1, 2017, (iii) 100% of the
10 proceeds of sales made after July 1, 2017 and prior to January
11 1, 2024, (iv) 90% of the proceeds of sales made on or after
12 January 1, 2024 and on or before December 31, 2028, and (v)
13 100% of the proceeds of sales made after December 31, 2028. If,
14 at any time, however, the tax under this Act on sales of
15 gasohol, as defined in the Use Tax Act, is imposed at the rate
16 of 1.25%, then the tax imposed by this Act applies to 100% of
17 the proceeds of sales of gasohol made during that time.

18 With respect to mid-range ethanol blends, as defined in
19 Section 3-44.3 of the Use Tax Act, the tax imposed by this Act

21 January 1, 2024 and on or before December 31, 2028 and (ii)
22 100% of the proceeds of sales made after December 31, 2028. If,
23 at any time, however, the tax under this Act on sales of
24 mid-range ethanol blends is imposed at the rate of 1.25%, then
25 the tax imposed by this Act applies to 100% of the proceeds of
26 sales of mid-range ethanol blends made during that time.

1 With respect to majority blended ethanol fuel, as defined
2 in the Use Tax Act, the tax imposed by this Act does not apply
3 to the proceeds of sales made on or after July 1, 2003 and on
4 or before December 31, 2028 but applies to 100% of the proceeds
5 of sales made thereafter.

6 With respect to biodiesel blends, as defined in the Use
7 Tax Act, with no less than 1% and no more than 10% biodiesel,
8 the tax imposed by this Act applies to (i) 80% of the proceeds
9 of sales made on or after July 1, 2003 and on or before
10 December 31, 2018 and (ii) 100% of the proceeds of sales made
11 after December 31, 2018 and before January 1, 2024. On and
12 after January 1, 2024 and on or before December 31, 2030, the
13 taxation of biodiesel, renewable diesel, and biodiesel blends
14 shall be as provided in Section 3-5.1 of the Use Tax Act. If,
15 at any time, however, the tax under this Act on sales of
16 biodiesel blends, as defined in the Use Tax Act, with no less
17 than 1% and no more than 10% biodiesel is imposed at the rate
18 of 1.25%, then the tax imposed by this Act applies to 100% of
19 the proceeds of sales of biodiesel blends with no less than 1%
20 and no more than 10% biodiesel made during that time.

21 With respect to biodiesel, as defined in the Use Tax Act,
22 and biodiesel blends, as defined in the Use Tax Act, with more
23 than 10% but no more than 99% biodiesel, the tax imposed by
24 this Act does not apply to the proceeds of sales made on or
25 after July 1, 2003 and on or before December 31, 2023. On and
26 after January 1, 2024 and on or before December 31, 2030, the

1 taxation of biodiesel, renewable diesel, and biodiesel blends
2 shall be as provided in Section 3-5.1 of the Use Tax Act.

3 Until July 1, 2022 and from July 1, 2023 through December
4 31, 2025, with respect to food for human consumption that is to
5 be consumed off the premises where it is sold (other than
6 alcoholic beverages, food consisting of or infused with adult
7 use cannabis, soft drinks, and food that has been prepared for
8 immediate consumption), the tax is imposed at the rate of 1%.
9 Beginning July 1, 2022 and until July 1, 2023, with respect to
10 food for human consumption that is to be consumed off the
11 premises where it is sold (other than alcoholic beverages,
12 food consisting of or infused with adult use cannabis, soft
13 drinks, and food that has been prepared for immediate
14 consumption), the tax is imposed at the rate of 0%. On and
15 after January 1, 2026, food for human consumption that is to be
16 consumed off the premises where it is sold (other than
17 alcoholic beverages, food consisting of or infused with adult
18 use cannabis, soft drinks, candy, and food that has been
19 prepared for immediate consumption) is exempt from the tax
20 imposed by this Act.

21 With respect to prescription and nonprescription
22 medicines, drugs, medical appliances, products classified as
23 Class III medical devices by the United States Food and Drug
24 Administration that are used for cancer treatment pursuant to
25 a prescription, as well as any accessories and components
26 related to those devices, modifications to a motor vehicle for

1 the purpose of rendering it usable by a person with a
2 disability, and insulin, blood sugar testing materials,
3 syringes, and needles used by human diabetics, the tax is
4 imposed at the rate of 1%. For the purposes of this Section,
5 until September 1, 2009: the term "soft drinks" means any
6 complete, finished, ready-to-use, non-alcoholic drink, whether
7 carbonated or not, including, but not limited to, soda water,
8 cola, fruit juice, vegetable juice, carbonated water, and all
9 other preparations commonly known as soft drinks of whatever
10 kind or description that are contained in any closed or sealed
11 bottle, can, carton, or container, regardless of size; but
12 "soft drinks" does not include coffee, tea, non-carbonated
13 water, infant formula, milk or milk products as defined in the
14 Grade A Pasteurized Milk and Milk Products Act, or drinks
15 containing 50% or more natural fruit or vegetable juice.

16 Notwithstanding any other provisions of this Act,
17 beginning September 1, 2009, "soft drinks" means non-alcoholic
18 beverages that contain natural or artificial sweeteners. "Soft
19 drinks" does not include beverages that contain milk or milk
20 products, soy, rice or similar milk substitutes, or greater
21 than 50% of vegetable or fruit juice by volume.

22 Until August 1, 2009, and notwithstanding any other
23 provisions of this Act, "food for human consumption that is to
24 be consumed off the premises where it is sold" includes all
25 food sold through a vending machine, except soft drinks and
26 food products that are dispensed hot from a vending machine,

1 regardless of the location of the vending machine. Beginning
2 August 1, 2009, and notwithstanding any other provisions of
3 this Act, "food for human consumption that is to be consumed
4 off the premises where it is sold" includes all food sold
5 through a vending machine, except soft drinks, candy, and food
6 products that are dispensed hot from a vending machine,
7 regardless of the location of the vending machine.

8 Notwithstanding any other provisions of this Act,
9 beginning September 1, 2009, "food for human consumption that
10 is to be consumed off the premises where it is sold" does not
11 include candy. For purposes of this Section, "candy" means a
12 preparation of sugar, honey, or other natural or artificial
13 sweeteners in combination with chocolate, fruits, nuts or
14 other ingredients or flavorings in the form of bars, drops, or
15 pieces. "Candy" does not include any preparation that contains
16 flour or requires refrigeration.

17 Notwithstanding any other provisions of this Act,
18 beginning September 1, 2009, "nonprescription medicines and
19 drugs" does not include grooming and hygiene products. For
20 purposes of this Section, "grooming and hygiene products"
21 includes, but is not limited to, soaps and cleaning solutions,
22 shampoo, toothpaste, mouthwash, antiperspirants, and sun tan
23 lotions and screens, unless those products are available by
24 prescription only, regardless of whether the products meet the
25 definition of "over-the-counter-drugs". For the purposes of
26 this paragraph, "over-the-counter-drug" means a drug for human

1 use that contains a label that identifies the product as a drug
2 as required by 21 CFR 201.66. The "over-the-counter-drug"
3 label includes:

4 (A) a "Drug Facts" panel; or

5 (B) a statement of the "active ingredient(s)" with a
6 list of those ingredients contained in the compound,
7 substance or preparation.

8 Beginning on January 1, 2014 (the effective date of Public
9 Act 98-122), "prescription and nonprescription medicines and
10 drugs" includes medical cannabis purchased from a registered
11 dispensing organization under the Compassionate Use of Medical
12 Cannabis Program Act.

13 As used in this Section, "adult use cannabis" means
14 cannabis subject to tax under the Cannabis Cultivation
15 Privilege Tax Law and the Cannabis Purchaser Excise Tax Law
16 and does not include cannabis subject to tax under the
17 Compassionate Use of Medical Cannabis Program Act.

23 (35 ILCS 120/2-12)

24 Sec. 2-12. Location where retailer is deemed to be engaged
25 in the business of selling. The purpose of this Section is to

1 specify where a retailer is deemed to be engaged in the
2 business of selling tangible personal property for the
3 purposes of this Act, the Use Tax Act, the Service Use Tax Act,
4 and the Service Occupation Tax Act, and for the purpose of
5 collecting any other local retailers' occupation tax
6 administered by the Department. This Section applies only with
7 respect to the particular selling activities described in the
8 following paragraphs. The provisions of this Section are not
9 intended to, and shall not be interpreted to, affect where a
10 retailer is deemed to be engaged in the business of selling
11 with respect to any activity that is not specifically
12 described in the following paragraphs.

13 (1) If a purchaser who is present at the retailer's
14 place of business, having no prior commitment to the
15 retailer, agrees to purchase and makes payment for
16 tangible personal property at the retailer's place of
17 business, then the transaction shall be deemed an
18 over-the-counter sale occurring at the retailer's same
19 place of business where the purchaser was present and made
20 payment for that tangible personal property if the
21 retailer regularly stocks the purchased tangible personal
22 property or similar tangible personal property in the
23 quantity, or similar quantity, for sale at the retailer's
24 same place of business and then either (i) the purchaser
25 takes possession of the tangible personal property at the
26 same place of business or (ii) the retailer delivers or

1 arranges for the tangible personal property to be
2 delivered to the purchaser.

3 (2) If a purchaser, having no prior commitment to the
4 retailer, agrees to purchase tangible personal property
5 and makes payment over the phone, in writing, or via the
6 Internet and takes possession of the tangible personal
7 property at the retailer's place of business, then the
8 sale shall be deemed to have occurred at the retailer's
9 place of business where the purchaser takes possession of
10 the property if the retailer regularly stocks the item or
11 similar items in the quantity, or similar quantities,
12 purchased by the purchaser.

13 (3) A retailer is deemed to be engaged in the business
14 of selling food, beverages, or other tangible personal
15 property through a vending machine at the location where
16 the vending machine is located at the time the sale is made
17 if (i) the vending machine is a device operated by coin,
18 currency, credit card, token, coupon or similar device;
19 (2) the food, beverage or other tangible personal property
20 is contained within the vending machine and dispensed from
21 the vending machine; and (3) the purchaser takes
22 possession of the purchased food, beverage or other
23 tangible personal property immediately.

24 (4) Minerals. A producer of coal or other mineral
25 mined in Illinois is deemed to be engaged in the business
26 of selling at the place where the coal or other mineral

1 mined in Illinois is extracted from the earth. With
2 respect to minerals (i) the term "extracted from the
3 earth" means the location at which the coal or other
4 mineral is extracted from the mouth of the mine, and (ii) a
5 "mineral" includes not only coal, but also oil, sand,
6 stone taken from a quarry, gravel and any other thing
7 commonly regarded as a mineral and extracted from the
8 earth. This paragraph does not apply to coal or another
9 mineral when it is delivered or shipped by the seller to
10 the purchaser at a point outside Illinois so that the sale
11 is exempt under the United States Constitution as a sale
12 in interstate or foreign commerce.

13 (5) A retailer selling tangible personal property to a
14 nominal lessee or bailee pursuant to a lease with a dollar
15 or other nominal option to purchase is engaged in the
16 business of selling at the location where the property is
17 first delivered to the lessee or bailee for its intended
18 use.

19 (5.5) Lease transactions. The lease of tangible
20 personal property that is subject to the tax on leases
21 under Public Act 103-592 ~~this amendatory Act of the 103rd~~
22 ~~General Assembly~~ is sourced as follows:

23 (i) For a lease that requires recurring periodic
24 payments and for which the property is delivered to
25 the lessee by the lessor, each periodic payment is
26 sourced to the primary property location for each

1 period covered by the payment. The primary property
2 location shall be as indicated by an address for the
3 property provided by the lessee that is available to
4 the lessor from its records maintained in the ordinary
5 course of business, when use of this address does not
6 constitute bad faith. The property location is not
7 altered by intermittent use at different locations,
8 such as use of business property that accompanies
9 employees on business trips and service calls.

10 (ii) For all other leases, including a lease that
11 does not require recurring periodic payments and any
12 lease for which the lessee takes possession of the
13 property at the lessor's place of business, the
14 payment is sourced as otherwise provided under this
15 Act for sales at retail other than leases.

16 (6) Beginning on January 1, 2021, a remote retailer
17 making retail sales of tangible personal property that
18 meet or exceed the thresholds established in paragraph (1)
19 or (2) of subsection (b) of Section 2 of this Act is
20 engaged in the business of selling at the Illinois
21 location to which the tangible personal property is
22 shipped or delivered or at which possession is taken by
23 the purchaser.

24 (7) Beginning January 1, 2021, a marketplace
25 facilitator facilitating sales of tangible personal
26 property that meet or exceed one of the thresholds

1 established in paragraph (1) or (2) of subsection (c) of
2 Section 2 of this Act is deemed to be engaged in the
3 business of selling at the Illinois location to which the
4 tangible personal property is shipped or delivered or at
5 which possession is taken by the purchaser when the sale
6 is made by a marketplace seller on the marketplace
7 facilitator's marketplace.

8 (8) Beginning on January 1, 2025, for sales that would
9 otherwise be sourced outside of this State, a retailer
10 maintaining a place of business in this State that makes
11 retail sales of tangible personal property to Illinois
12 customers from a location or locations outside of Illinois
13 is engaged in the business of selling at the Illinois
14 location to which the tangible personal property is
15 shipped or delivered or at which possession is taken by
16 the purchaser.

19 Section 310. The Hotel Operators' Occupation Tax Act is
20 amended by changing Sections 2 and 6 as follows:

21 (35 ILCS 145/2) (from Ch. 120, par. 481b.32)

22 Sec. 2. Definitions. As used in this Act, unless the
23 context otherwise requires:

24 (1) "Hotel" means any building or buildings in which the

1 public may, for a consideration, obtain living quarters,
2 sleeping or housekeeping accommodations. The term includes,
3 but is not limited to, inns, motels, tourist homes or courts,
4 lodging houses, rooming houses and apartment houses, retreat
5 centers, conference centers, and hunting lodges. For the
6 purposes of re-renters of hotel rooms only, "hotel" does not
7 include a short-term rental.

8 (2) "Operator" means any person engaged in the business of
9 renting, leasing, or letting rooms in a hotel.

10 (3) "Occupancy" means the use or possession, or the right
11 to the use or possession, of any room or rooms in a hotel for
12 any purpose, or the right to the use or possession of the
13 furnishings or to the services and accommodations accompanying
14 the use and possession of the room or rooms.

15 (4) "Room" or "rooms" means any living quarters, sleeping
16 or housekeeping accommodations.

17 (5) "Permanent resident" means any person who occupied or
18 has the right to occupy any room or rooms, regardless of
19 whether or not it is the same room or rooms, in a hotel for at
20 least 30 consecutive days.

21 (6) "Rent" or "rental" means the consideration received
22 for occupancy, valued in money, whether received in money or
23 otherwise, including all receipts, cash, credits, and property
24 or services of any kind or nature. "Rent" or "rental" includes
25 any fee, charge, or commission received from a guest by a
26 re-renter of hotel rooms specifically in connection with the

1 re-rental of hotel rooms, but does not include any fee,
2 charge, or commission received from a short-term rental by a
3 hosting platform.

4 (7) "Department" means the Department of Revenue.

5 (8) "Person" means any natural individual, firm,
6 partnership, association, joint stock company, joint
7 adventure, public or private corporation, limited liability
8 company, or a receiver, executor, trustee, guardian, or other
9 representative appointed by order of any court.

10 (9) "Re-renter of hotel rooms" means a person who is not
11 employed by the hotel operator but who, either directly or
12 indirectly, through agreements or arrangements with third
13 parties, collects or processes the payment of rent for a hotel
14 room located in this State and (i) obtains the right or
15 authority to grant control of, access to, or occupancy of a
16 hotel room in this State to a guest of the hotel or (ii)
17 facilitates the booking of a hotel room located in this State.
18 A person who obtains those rights or authorities is not
19 considered a re-renter of a hotel room if the person operates
20 under a shared hotel brand with the operator.

21 (10) "Hosting platform" or "platform" means a person who
22 provides an online application, software, website, or system
23 through which a short-term rental located in this State is
24 advertised or held out to the public as available to rent for
25 occupancy. For purposes of this definition, "short-term
26 rental" means an owner-occupied, tenant-occupied, or

1 non-owner-occupied dwelling, including, but not limited to, an
2 apartment, house, cottage, or condominium, located in this
3 State, where: (i) at least one room in the dwelling is rented
4 to an occupant for a period of less than 30 consecutive days;
5 and (ii) all accommodations are reserved in advance; provided,
6 however, that a dwelling shall be considered a single room if
7 rented as such.

8 (11) "Shared hotel brand" means an identifying trademark
9 that a hotel operator is expressly licensed to operate under
10 in accordance with the terms of a hotel franchise or
11 management agreement.

13 (35 ILCS 145/6) (from Ch. 120, par. 481b.36)

14 Sec. 6. Returns; allocation of proceeds.

15 (a) Except as provided hereinafter in this Section, on or
16 before the last day of each calendar month, every person
17 engaged as a hotel operator in this State during the preceding
18 calendar month shall file a return with the Department,
19 stating:

20 1. the name of the operator;

21 2. his residence address and the address of his
22 principal place of business and the address of the
23 principal place of business (if that is a different
24 address) from which he engages in business as a hotel
25 operator in this State (including, if required by the

1 Department, the address of each hotel from which rental
2 receipts were received);

3 3. total amount of rental receipts received by him
4 during the preceding calendar month from engaging in
5 business as a hotel operator during such preceding
6 calendar month;

7 4. total amount of rental receipts received by him
8 during the preceding calendar month from renting, leasing
9 or letting rooms to permanent residents during such
10 preceding calendar month;

11 5. total amount of other exclusions from gross rental
12 receipts allowed by this Act;

13 6. gross rental receipts which were received by him
14 during the preceding calendar month and upon the basis of
15 which the tax is imposed;

16 7. the amount of tax due;

17 8. credit for any reimbursement of tax paid by a
18 re-renter of hotel rooms to hotel operators for rentals
19 purchased for re-rental, as provided in Section 3-3 of
20 this Act;

21 9. such other reasonable information as the Department
22 may require.

23 If the operator's average monthly tax liability to the
24 Department does not exceed \$200, the Department may authorize
25 his returns to be filed on a quarter annual basis, with the
26 return for January, February and March of a given year being

1 due by April 30 of such year; with the return for April, May
2 and June of a given year being due by July 31 of such year;
3 with the return for July, August and September of a given year
4 being due by October 31 of such year, and with the return for
5 October, November and December of a given year being due by
6 January 31 of the following year.

7 If the operator's average monthly tax liability to the
8 Department does not exceed \$50, the Department may authorize
9 his returns to be filed on an annual basis, with the return for
10 a given year being due by January 31 of the following year.

11 Such quarter annual and annual returns, as to form and
12 substance, shall be subject to the same requirements as
13 monthly returns.

14 Notwithstanding any other provision in this Act concerning
15 the time within which an operator may file his return, in the
16 case of any operator who ceases to engage in a kind of business
17 which makes him responsible for filing returns under this Act,
18 such operator shall file a final return under this Act with the
19 Department not more than one ± month after discontinuing such
20 business.

21 Where the same person has more than one ± business
22 registered with the Department under separate registrations
23 under this Act, such person shall not file each return that is
24 due as a single return covering all such registered
25 businesses, but shall file separate returns for each such
26 registered business.

1 In his return, the operator shall determine the value of
2 any consideration other than money received by him in
3 connection with engaging in business as a hotel operator and
4 he shall include such value in his return. Such determination
5 shall be subject to review and revision by the Department in
6 the manner hereinafter provided for the correction of returns.

7 Where the operator is a corporation, the return filed on
8 behalf of such corporation shall be signed by the president,
9 vice-president, secretary or treasurer or by the properly
10 accredited agent of such corporation.

11 The person filing the return herein provided for shall, at
12 the time of filing such return, pay to the Department the
13 amount of tax herein imposed. The operator filing the return
14 under this Section shall, at the time of filing such return,
15 pay to the Department the amount of tax imposed by this Act
16 less a discount of 2.1% or \$25 per calendar year, whichever is
17 greater, which is allowed to reimburse the operator for the
18 expenses incurred in keeping records, preparing and filing
19 returns, remitting the tax and supplying data to the
20 Department on request.

21 If any payment provided for in this Section exceeds the
22 operator's liabilities under this Act, as shown on an original
23 return, the Department may authorize the operator to credit
24 such excess payment against liability subsequently to be
25 remitted to the Department under this Act, in accordance with
26 reasonable rules adopted by the Department. If the Department

1 subsequently determines that all or any part of the credit
2 taken was not actually due to the operator, the operator's
3 discount shall be reduced by an amount equal to the difference
4 between the discount as applied to the credit taken and that
5 actually due, and that operator shall be liable for penalties
6 and interest on such difference.

7 (b) Until July 1, 2024, the Department shall deposit the
8 total net revenue realized from the tax imposed under this Act
9 as provided in this subsection (b). Beginning on July 1, 2024,
10 the Department shall deposit the total net revenue realized
11 from the tax imposed under this Act as provided in subsection
12 (c).

13 There shall be deposited into the Build Illinois Fund in
14 the State treasury ~~Treasury~~ for each State fiscal year 40% of
15 the amount of total net revenue from the tax imposed by
16 subsection (a) of Section 3. Of the remaining 60%: (i)
17 \$5,000,000 shall be deposited into the Illinois Sports
18 Facilities Fund and credited to the Subsidy Account each
19 fiscal year by making monthly deposits in the amount of 1/8 of
20 \$5,000,000 plus cumulative deficiencies in such deposits for
21 prior months, and (ii) an amount equal to the then applicable
22 Advance Amount, as defined in subsection (d), shall be
23 deposited into the Illinois Sports Facilities Fund and

20 Section 315. The Automobile Renting Occupation and Use Tax
21 Act is amended by changing Sections 2 and 6 as follows:

22 (35 ILCS 155/2) (from Ch. 120, par. 1702)

23 Sec. 2. Definitions. As used in this Act:

24 "Renting" means any transfer of the possession or right to

1 possession of an automobile to a user for a valuable
2 consideration for a period of one year or less.

3 "Renting" does not include making a charge for the use of
4 an automobile where the rentor, either himself or through an
5 agent, furnishes a service of operating an automobile so that
6 the rentor remains in possession of the automobile, because
7 this does not constitute a transfer of possession or right to
8 possession of the automobile.

9 "Renting" does not include the making of a charge by an
10 automobile dealer for the use of an automobile as a
11 demonstrator in connection with the dealer's business of
12 selling, where the charge is merely made to recover the costs
13 of operating the automobile as a demonstrator and is not
14 intended as a rental or leasing charge in the ordinary sense.

15 "Renting" does not include peer-to-peer car sharing, as
16 defined in Section 5 of the Car-Sharing Program Act, if tax due
17 on the automobile under the Retailers' Occupation Tax Act or
18 Use Tax Act was paid upon the purchase of the automobile or
19 when the automobile was brought into Illinois. The car-sharing
20 program shall ask a shared-vehicle ~~shared-vehicle~~ owner if the
21 shared-vehicle ~~shared-vehicle~~ owner paid applicable taxes at
22 the time of purchase. Notwithstanding any law to the contrary,
23 the car-sharing program shall have the right to rely on the
24 shared-vehicle ~~shared-vehicle~~ owner's response and to be held
25 legally harmless for such reliance.

26 "Automobile" means (1) any motor vehicle of the first

1 division, or (2) a motor vehicle of the second division which:
2 (A) is a self-contained motor vehicle designed or permanently
3 converted to provide living quarters for recreational, camping
4 or travel use, with direct walk through access to the living
5 quarters from the driver's seat; (B) is of the van
6 configuration designed for the transportation of not less than
7 nor more than 16 passengers, as defined in Section 1-146 of
8 the Illinois Vehicle Code; or (C) has a Gross Vehicle Weight
9 Rating, as defined in Section 1-124.5 of the Illinois Vehicle
10 Code, of 8,000 pounds or less.

11 "Department" means the Department of Revenue.

12 "Person" means any natural individual, firm, partnership,
13 association, joint stock company, joint adventure, public or
14 private corporation, limited liability company, or a receiver,
15 executor, trustee, conservator, or other representative
16 appointed by order of any court.

17 "Rentor" means any person, firm, corporation, or
18 association engaged in the business of renting or leasing
19 automobiles to users. For this purpose, the objective of
20 making a profit is not necessary to make the renting activity a
21 business.

22 "Rentor" does not include a car-sharing program or a
23 shared-vehicle owner, as defined in Section 5 of the
24 Car-Sharing Program Act, if tax due on the automobile under
25 the Retailers' Occupation Tax Act or Use Tax Act was paid upon
26 the purchase of the automobile or when the automobile was

1 brought into Illinois. The car-sharing program shall ask a
2 shared-vehicle ~~shared-vehicle~~ owner if the shared-vehicle
3 ~~shared-vehicle~~ owner paid applicable taxes at the time of
4 purchase. Notwithstanding any law to the contrary, the
5 car-sharing program shall have the right to rely on the
6 shared-vehicle ~~shared-vehicle~~ owner's response and to be held
7 legally harmless for such reliance.

8 "Rentee" means any user to whom the possession, or the
9 right to possession, of an automobile is transferred for a
10 valuable consideration for a period of one year or less,
11 whether paid for by the "rentee" or by someone else.

12 "Rentee" does not include a shared-vehicle driver, as
13 defined in Section 5 of the Car-Sharing Program Act, if tax due
14 on the automobile under the Retailers' Occupation Tax Act or
15 Use Tax Act was paid upon the purchase of the automobile or
16 when the automobile was brought into Illinois. The car-sharing
17 program shall ask a shared-vehicle ~~shared-vehicle~~ owner if the
18 shared-vehicle ~~shared-vehicle~~ owner paid applicable taxes at
19 the time of purchase. Notwithstanding any law to the contrary,
20 the car-sharing program shall have the right to rely on the
21 shared-vehicle ~~shared-vehicle~~ owner's response and to be held
22 legally harmless for such reliance.

23 "Gross receipts" from the renting of tangible personal
24 property or "rent" means the total rental price or leasing
25 price. In the case of rental transactions in which the
26 consideration is paid to the rentor on an installment basis,

1 the amounts of such payments shall be included by the rentor in
2 gross receipts or rent only as and when payments are received
3 by the rentor.

4 "Gross receipts" does not include receipts received by an
5 automobile dealer from a manufacturer or service contract
6 provider for the use of an automobile by a person while that
7 person's automobile is being repaired by that automobile
8 dealer and the repair is made pursuant to a manufacturer's
9 warranty or a service contract where a manufacturer or service
10 contract provider reimburses that automobile dealer pursuant
11 to a manufacturer's warranty or a service contract and the
12 reimbursement is merely made to recover the costs of operating
13 the automobile as a loaner vehicle.

14 "Rental price" means the consideration for renting or
15 leasing an automobile valued in money, whether received in
16 money or otherwise, including cash credits, property and
17 services, and shall be determined without any deduction on
18 account of the cost of the property rented, the cost of
19 materials used, labor or service cost, or any other expense
20 whatsoever, but does not include charges that are added by a
21 rentor on account of the rentor's tax liability under this Act
22 or on account of the rentor's duty to collect, from the rentee,
23 the tax that is imposed by Section 4 of this Act. The phrase
24 "rental price" does not include compensation paid to a rentor
25 by a rentee in consideration of the waiver by the rentor of any
26 right of action or claim against the rentee for loss or damage

1 to the automobile rented and also does not include a
2 separately stated charge for insurance or recovery of
3 refueling costs or other separately stated charges that are
4 not for the use of tangible personal property.

5 "Rental price" does not include consideration paid for
6 peer-to-peer car sharing to a shared-vehicle owner or a
7 car-sharing program, as those terms are defined in Section 5
8 of the Car-Sharing Program Act, if tax due on the automobile
9 under the Retailers' Occupation Tax Act or Use Tax Act was paid
10 upon the purchase of the automobile or when the automobile was
11 brought into Illinois. The car-sharing program shall ask a
12 shared-vehicle ~~shared-vehicle~~ owner if the shared-vehicle
13 ~~shared-vehicle~~ owner paid applicable taxes at the time of
14 purchase. Notwithstanding any law to the contrary, the
15 car-sharing program shall have the right to rely on the
16 shared-vehicle ~~shared-vehicle~~ owner's response and to be held
17 legally harmless for such reliance.

19 (35 ILCS 155/6)

20 Sec. 6. Applicability. The taxes imposed by Sections 3 and
21 4 of this Act do not apply to any amounts paid or received for
22 peer-to-peer car sharing, as defined in Section 5 of the
23 Car-Sharing Program Act, or the privilege of sharing a shared
24 vehicle through a car-sharing program, as defined in Section 5
25 of the Car-Sharing Program Act, if the shared-vehicle ~~shared~~

1 ~~vehicle~~ owner paid applicable taxes upon the purchase of the
2 automobile.

3 As used in this Section, "applicable taxes" means, with
4 respect to vehicles purchased in Illinois, the retailers'
5 occupation tax levied under the Retailers' Occupation Tax Act
6 or the use tax levied under the Use Tax Act. "Applicable
7 taxes", with respect to vehicles not purchased in Illinois,
8 refers to the sales, use, excise, or other generally
9 applicable tax that is due upon the purchase of a vehicle in
10 the jurisdiction in which the vehicle was purchased.

11 Notwithstanding any law to the contrary, the car-sharing
12 program shall have the right to rely on the shared-vehicle
13 ~~shared-vehicle~~ owner's response and to be held legally
14 harmless for such reliance.

22 government is pledged; however, a tax for the payment of

24 the governing body of the unit of local government finds that
25 all other sources for payment are insufficient to make those
26 payments; (f) made for payments under a building commission

9 Local Government Debt Reform Act, in an amount not to exceed

13 "Aggregate extension" for all taxing districts to which
14 this Law applies in accordance with paragraph (2) of
15 subsection (e) of Section 18-213 means the annual corporate
16 extension for the taxing district and those special purpose
17 extensions that are made annually for the taxing district,
18 excluding special purpose extensions: (a) made for the taxing
19 district to pay interest or principal on general obligation

5 date of Public Act 89-718); (e) made for any taxing district to
6 pay interest or principal on revenue bonds issued before March
7 7, 1997 (the effective date of Public Act 89-718) for payment
8 of which a property tax levy or the full faith and credit of
9 the unit of local government is pledged; however, a tax for the

21 Local Government Debt Reform Act, in an amount not to exceed

20 principal and interest on any bonds issued under the authority
21 of Section 17-2.11 of the School Code or to refund or continue

23 "Debt service extension base" means an amount equal to
24 that portion of the extension for a taxing district for the
25 1994 levy year, or for those taxing districts subject to this
26 Law in accordance with Section 18-213, except for those

1 subject to paragraph (2) of subsection (e) of Section 18-213,
2 for the levy year in which the referendum making this Law
3 applicable to the taxing district is held, or for those taxing
4 districts subject to this Law in accordance with paragraph (2)
5 of subsection (e) of Section 18-213 for the 1996 levy year,
6 constituting an extension for payment of principal and
7 interest on bonds issued by the taxing district without
8 referendum, but not including excluded non-referendum bonds.
9 For park districts (i) that were first subject to this Law in
10 1991 or 1995 and (ii) whose extension for the 1994 levy year
11 for the payment of principal and interest on bonds issued by
12 the park district without referendum (but not including
13 excluded non-referendum bonds) was less than 51% of the amount
14 for the 1991 levy year constituting an extension for payment
15 of principal and interest on bonds issued by the park district
16 without referendum (but not including excluded non-referendum
17 bonds), "debt service extension base" means an amount equal to
18 that portion of the extension for the 1991 levy year
19 constituting an extension for payment of principal and
20 interest on bonds issued by the park district without
21 referendum (but not including excluded non-referendum bonds).
22 A debt service extension base established or increased at any
23 time pursuant to any provision of this Law, except Section
24 18-212, shall be increased each year commencing with the later
25 of (i) the 2009 levy year or (ii) the first levy year in which
26 this Law becomes applicable to the taxing district, by the

1 lesser of 5% or the percentage increase in the Consumer Price
2 Index during the 12-month calendar year preceding the levy
3 year. The debt service extension base may be established or
4 increased as provided under Section 18-212. "Excluded
5 non-referendum bonds" means (i) bonds authorized by Public Act
6 88-503 and issued under Section 20a of the Chicago Park
7 District Act for aquarium and museum projects; (ii) bonds
8 issued under Section 15 of the Local Government Debt Reform
9 Act; or (iii) refunding obligations issued to refund or to
10 continue to refund obligations initially issued pursuant to
11 referendum.

12 "Special purpose extensions" include, but are not limited
13 to, extensions for levies made on an annual basis for
14 unemployment and workers' compensation, self-insurance,
15 contributions to pension plans, and extensions made pursuant
16 to Section 6-601 of the Illinois Highway Code for a road
17 district's permanent road fund whether levied annually or not.
18 The extension for a special service area is not included in the
19 aggregate extension.

20 "Aggregate extension base" means the taxing district's
21 last preceding aggregate extension as adjusted under Sections
22 18-135, 18-215, 18-230, 18-206, and 18-233. Beginning with
23 levy year 2022, for taxing districts that are specified in
24 Section 18-190.7, the taxing district's aggregate extension
25 base shall be calculated as provided in Section 18-190.7. An
26 adjustment under Section 18-135 shall be made for the 2007

1 levy year and all subsequent levy years whenever one or more
2 counties within which a taxing district is located (i) used
3 estimated valuations or rates when extending taxes in the
4 taxing district for the last preceding levy year that resulted
5 in the over or under extension of taxes, or (ii) increased or
6 decreased the tax extension for the last preceding levy year
7 as required by Section 18-135(c). Whenever an adjustment is
8 required under Section 18-135, the aggregate extension base of
9 the taxing district shall be equal to the amount that the
10 aggregate extension of the taxing district would have been for
11 the last preceding levy year if either or both (i) actual,
12 rather than estimated, valuations or rates had been used to
13 calculate the extension of taxes for the last levy year, or
14 (ii) the tax extension for the last preceding levy year had not
15 been adjusted as required by subsection (c) of Section 18-135.

16 Notwithstanding any other provision of law, for levy year
17 2012, the aggregate extension base for West Northfield School
18 District No. 31 in Cook County shall be \$12,654,592.

19 Notwithstanding any other provision of law, for the
20 purpose of calculating the limiting rate for levy year 2023,
21 the last preceding aggregate extension base for Homewood
22 School District No. 153 in Cook County shall be \$19,535,377.

23 Notwithstanding any other provision of law, for levy year
24 2022, the aggregate extension base of a home equity assurance
25 program that levied at least \$1,000,000 in property taxes in
26 levy year 2019 or 2020 under the Home Equity Assurance Act

1 shall be the amount that the program's aggregate extension
2 base for levy year 2021 would have been if the program had
3 levied a property tax for levy year 2021.

4 "Levy year" has the same meaning as "year" under Section
5 1-155.

6 "New property" means (i) the assessed value, after final
7 board of review or board of appeals action, of new
8 improvements or additions to existing improvements on any
9 parcel of real property that increase the assessed value of
10 that real property during the levy year multiplied by the
11 equalization factor issued by the Department under Section
12 17-30, (ii) the assessed value, after final board of review or
13 board of appeals action, of real property not exempt from real
14 estate taxation, which real property was exempt from real
15 estate taxation for any portion of the immediately preceding
16 levy year, multiplied by the equalization factor issued by the
17 Department under Section 17-30, including the assessed value,
18 upon final stabilization of occupancy after new construction
19 is complete, of any real property located within the
20 boundaries of an otherwise or previously exempt military
21 reservation that is intended for residential use and owned by
22 or leased to a private corporation or other entity, (iii) in
23 counties that classify in accordance with Section 4 of Article
24 IX of the Illinois Constitution, an incentive property's
25 additional assessed value resulting from a scheduled increase
26 in the level of assessment as applied to the first year final

1 board of review market value, and (iv) any increase in
2 assessed value due to oil or gas production from an oil or gas
3 well required to be permitted under the Hydraulic Fracturing
4 Regulatory Act that was not produced in or accounted for
5 during the previous levy year. In addition, the county clerk
6 in a county containing a population of 3,000,000 or more shall
7 include in the 1997 recovered tax increment value for any
8 school district, any recovered tax increment value that was
9 applicable to the 1995 tax year calculations.

10 "Qualified airport authority" means an airport authority
11 organized under the Airport Authorities Act and located in a
12 county bordering on the State of Wisconsin and having a
13 population in excess of 200,000 and not greater than 500,000.

14 "Recovered tax increment value" means, except as otherwise
15 provided in this paragraph, the amount of the current year's
16 equalized assessed value, in the first year after a
17 municipality terminates the designation of an area as a
18 redevelopment project area previously established under the
19 Tax Increment Allocation Redevelopment Act in the Illinois
20 Municipal Code, previously established under the Industrial
21 Jobs Recovery Law in the Illinois Municipal Code, previously
22 established under the Economic Development Project Area Tax
23 Increment Act of 1995, or previously established under the
24 Economic Development Area Tax Increment Allocation Act, of
25 each taxable lot, block, tract, or parcel of real property in
26 the redevelopment project area over and above the initial

1 equalized assessed value of each property in the redevelopment
2 project area. For the taxes which are extended for the 1997
3 levy year, the recovered tax increment value for a non-home
4 rule taxing district that first became subject to this Law for
5 the 1995 levy year because a majority of its 1994 equalized
6 assessed value was in an affected county or counties shall be
7 increased if a municipality terminated the designation of an
8 area in 1993 as a redevelopment project area previously
9 established under the Tax Increment Allocation Redevelopment
10 Act in the Illinois Municipal Code, previously established
11 under the Industrial Jobs Recovery Law in the Illinois
12 Municipal Code, or previously established under the Economic
13 Development Area Tax Increment Allocation Act, by an amount
14 equal to the 1994 equalized assessed value of each taxable
15 lot, block, tract, or parcel of real property in the
16 redevelopment project area over and above the initial
17 equalized assessed value of each property in the redevelopment
18 project area. In the first year after a municipality removes a
19 taxable lot, block, tract, or parcel of real property from a
20 redevelopment project area established under the Tax Increment
21 Allocation Redevelopment Act in the Illinois Municipal Code,
22 the Industrial Jobs Recovery Law in the Illinois Municipal
23 Code, or the Economic Development Area Tax Increment
24 Allocation Act, "recovered tax increment value" means the
25 amount of the current year's equalized assessed value of each
26 taxable lot, block, tract, or parcel of real property removed

1 from the redevelopment project area over and above the initial
2 equalized assessed value of that real property before removal
3 from the redevelopment project area.

4 Except as otherwise provided in this Section, "limiting
5 rate" means a fraction the numerator of which is the last
6 preceding aggregate extension base times an amount equal to
7 one plus the extension limitation defined in this Section and
8 the denominator of which is the current year's equalized
9 assessed value of all real property in the territory under the
10 jurisdiction of the taxing district during the prior levy
11 year. For those taxing districts that reduced their aggregate
12 extension for the last preceding levy year, except for school
13 districts that reduced their extension for educational
14 purposes pursuant to Section 18-206, the highest aggregate
15 extension in any of the last 3 preceding levy years shall be
16 used for the purpose of computing the limiting rate. The
17 denominator shall not include new property or the recovered
18 tax increment value. If a new rate, a rate decrease, or a
19 limiting rate increase has been approved at an election held
20 after March 21, 2006, then (i) the otherwise applicable
21 limiting rate shall be increased by the amount of the new rate
22 or shall be reduced by the amount of the rate decrease, as the
23 case may be, or (ii) in the case of a limiting rate increase,
24 the limiting rate shall be equal to the rate set forth in the
25 proposition approved by the voters for each of the years
26 specified in the proposition, after which the limiting rate of

1 the taxing district shall be calculated as otherwise provided.
2 In the case of a taxing district that obtained referendum
3 approval for an increased limiting rate on March 20, 2012, the
4 limiting rate for tax year 2012 shall be the rate that
5 generates the approximate total amount of taxes extendable for
6 that tax year, as set forth in the proposition approved by the
7 voters; this rate shall be the final rate applied by the county
8 clerk for the aggregate of all capped funds of the district for
9 tax year 2012.

16 Sec. 18-250. Additions to forfeited taxes and unpaid
17 special assessments; fee for estimate.

18 (a) When any property has been forfeited for taxes or
19 special assessments, the clerk shall compute the amount of
20 back taxes and special assessments, interest, statutory costs,
21 and printer's fees remaining due, with one year's interest on
22 all taxes forfeited, and enter them upon the collector's books
23 as separate items. Except as otherwise provided in Section
24 21-375, the aggregate so computed shall be collected in the
25 same manner as the taxes on other property for that year. The

1 county clerk shall examine the forfeitures, and strike all
2 errors and make corrections as necessary. For counties with
3 fewer than 3,000,000 inhabitants, interest added to
4 forfeitures under this Section shall be at the rate of 12% per
5 year. For counties with 3,000,000 or more inhabitants,
6 interest added to forfeitures under this Section shall accrue
7 at the rate of (i) 12% per year if the forfeiture is for a tax
8 year before tax year 2023 or (ii) 0.75% per month, or portion
9 thereof, if the forfeiture is for tax year 2023 or any tax year
10 thereafter.

11 (b) In counties with 3,000,000 or more inhabitants, taxes
12 first extended for prior years, or previously extended for
13 prior years for which application for judgment and order of
14 sale is not already pending, shall be added to the tax of the
15 current year, with interest and costs as provided by law.
16 Forfeitures shall not be so added, but they shall remain a lien
17 on the property upon which they were charged until paid or sold
18 as provided by law. There shall be added to such forfeitures
19 annually the same interest as would be added if forfeited
20 annually, until paid or sold, and the addition of each year's
21 interest shall be considered a separate forfeiture.
22 Forfeitures may be redeemed in the manner provided in Section
23 21-370 or 21-375. Taxes and special assessments for which
24 application for judgment and order of sale is pending, or
25 entered but not enforced for any reason, shall not be added to
26 the tax for the current year. However, if the taxes and special

1 assessments remain unpaid, the property~~7~~ shall be advertised
2 and sold under judgments and orders of sale to be entered in
3 pending applications, or already entered in prior
4 applications, including judgments and orders of sale under
5 which the purchaser fails to complete his or her purchase.

6 (c) In counties with 3,000,000 or more inhabitants, on or
7 before January 1, 2001 and during each year thereafter, the
8 county clerk shall compute the amount of taxes on each
9 property that remain due or forfeited for any year prior to the
10 current year and have not become subject to Sections 20-180
11 through 20-190, and the clerk shall enter the same upon the
12 collector's warrant books of the current and all following
13 years as separate items in a suitable column. The county clerk
14 shall examine the collector's warrant books and the Tax
15 Judgment, Sale, Redemption and Forfeiture records for the
16 appropriate years and may take any other actions as the clerk
17 finds to be necessary or convenient in order to comply with
18 this subsection. On and after January 1, 2001, any taxes for
19 any year remaining due or forfeited against real property in
20 such county not entered on the current collector's warrant
21 books shall be deemed uncollectible and void, but shall not be
22 subject to the posting or other requirements of Sections
23 20-180 through 20-190.

24 (d) In counties with 100,000 or more inhabitants, the
25 county clerk shall, when making the annual collector's books,
26 in a suitable column, insert and designate previous

1 forfeitures of general taxes by the word "forfeiture", to be
2 stamped opposite each property forfeited at the last previous
3 tax sale for general taxes and not redeemed or purchased
4 previous to the completion of the collector's books. The
5 collectors of general taxes shall stamp upon all bills
6 rendered and receipts given the information on the collector's
7 books regarding forfeiture of general taxes, and the stamped
8 notation shall also refer the recipient to the county clerk
9 for full information. The county clerk shall be allowed to
10 collect from the person requesting an estimate of costs of
11 redemption of a forfeited property, the fee provided by law.

13 (35 ILCS 200/22-15)

14 Sec. 22-15. Service of notice. The purchaser or his or her
15 assignee shall give the notice required by Section 22-10 by
16 causing it to be published in a newspaper as set forth in
17 Section 22-20. In addition, the notice shall be served upon
18 owners who reside on any part of the subject property by
19 leaving a copy of the notice with those owners personally. The
20 notice must be served by a sheriff (or if he or she is
21 disqualified, by a coroner) of the county in which the
22 property, or any part thereof, is located or, by a person who
23 is licensed or registered as a private detective under the
24 Private Detective, Private Alarm, Private Security,
25 Fingerprint Vendor, and Locksmith Act of 2004.

1 In counties of 3,000,000 or more inhabitants, if the
2 notice required by Section 22-10 is to be served by the
3 sheriff, no sale in error may be declared pursuant to Section
4 22-50 or subparagraph (5) of subsection (a) of Section 21-310
5 based upon the sheriff's failure to serve the notice in
6 accordance with this Section unless the notice and service
7 list for the first service attempt is delivered by the
8 purchaser or assignee to the sheriff at least 5 months prior to
9 the expiration of the period of redemption. Purchasers or
10 assignees may request that the sheriff make additional service
11 attempts to the same entities and locations, and the sheriff
12 may make those additional attempts within the noticing period
13 established in Section 22-10, but the sheriff's failure to
14 make such additional service attempts is not grounds for a
15 sale in error under Section 22-50 or subparagraph (5) of
16 subsection (a) of Section 21-310.

17 In counties of 3,000,000 or more inhabitants, if the
18 purchaser or assignee requests that the sheriff make an
19 additional service attempt upon an entity or to a location
20 that was not included on the service list for the first
21 attempt, then the purchaser or assignee must deliver the
22 notice and service list for the additional service attempt to
23 the sheriff at least 4 months before the expiration of the
24 period of redemption. If the purchaser or assignee delivers
25 the notice and service list for an additional service attempt
26 upon an entity or to a location that was not included on the

1 service list for the first attempt to the sheriff at least 4
2 months before the expiration of the period of redemption, then
3 the sheriff's failure to serve the notice in accordance with
4 this Section may be grounds for a sale in error under Section
5 22-50 but not under subparagraph (5) of subsection (a) of
6 Section 21-310. If the purchaser or assignee fails to deliver
7 the notice and service list for an additional service attempt
8 upon an entity or to a location that was not included on the
9 first service list to the sheriff at least 4 months prior to
10 the expiration of the period of redemption, then the sheriff's
11 failure to serve that additional notice in accordance with
12 this Section is not grounds for a sale in error under either
13 Section 22-50 or subparagraph (5) of subsection (a) of Section
14 21-310.

15 In counties of 3,000,000 or more inhabitants where a
16 taxing district is a petitioner for tax deed pursuant to
17 Section 21-90, in lieu of service by the sheriff or coroner the
18 notice may be served by a special process server appointed by
19 the circuit court as provided in this Section. The taxing
20 district may move prior to filing one or more petitions for tax
21 deed for appointment of such a special process server. The
22 court, upon being satisfied that the person named in the
23 motion is at least 18 years of age and is capable of serving
24 notice as required under this Code, shall enter an order
25 appointing such person as a special process server for a
26 period of one year. The appointment may be renewed for

1 successive periods of one year each by motion and order, and a
2 copy of the original and any subsequent order shall be filed in
3 each tax deed case in which a notice is served by the appointed
4 person. Delivery of the notice to and service of the notice by
5 the special process server shall have the same force and
6 effect as its delivery to and service by the sheriff or
7 coroner.

8 The same form of notice shall also be served, in the manner
9 set forth under Sections 2-203, 2-204, 2-205, 2-205.1, and
10 2-211 of the Code of Civil Procedure, upon all other owners and
11 parties interested in the property, if upon diligent inquiry
12 they can be found in the county, and upon the occupants of the
13 property.

14 If the property sold has more than 4 dwellings or other
15 rental units, and has a managing agent or party who collects
16 rents, that person shall be deemed the occupant and shall be
17 served with notice instead of the occupants of the individual
18 units. If the property has no dwellings or rental units, but
19 economic or recreational activities are carried on therein,
20 the person directing such activities shall be deemed the
21 occupant. Holders of rights of entry and possibilities of
22 reverter shall not be deemed parties interested in the
23 property.

24 When a party interested in the property is a trustee,
25 notice served upon the trustee shall be deemed to have been
26 served upon any beneficiary or note holder thereunder unless

1 the holder of the note is disclosed of record.

2 When a judgment is a lien upon the property sold, the
3 holder of the lien shall be served with notice if the name of
4 the judgment debtor as shown in the transcript, certified copy
5 or memorandum of judgment filed of record is identical, as to
6 given name and surname, with the name of the party interested
7 as it appears of record.

8 If any owner or party interested, upon diligent inquiry
9 and effort, cannot be found or served with notice in the county
10 as provided in this Section, and the person in actual
11 occupancy and possession is tenant to, or in possession under
12 the owners or the parties interested in the property, then
13 service of notice upon the tenant, occupant or person in
14 possession shall be deemed service upon the owners or parties
15 interested.

16 If any owner or party interested, upon diligent inquiry
17 and effort, cannot be found or served with notice in the
18 county, then the person making the service shall cause a copy
19 of the notice to be sent by registered or certified mail,
20 return receipt requested, to that party at his or her
21 residence, if ascertainable.

22 The changes to this Section made by Public Act 95-477
23 apply only to matters in which a petition for tax deed is filed
24 on or after June 1, 2008 (the effective date of Public Act
25 95-477).

1 (35 ILCS 200/22-40)

2 Sec. 22-40. Issuance of deed; possession.

3 (a) To obtain an order for issuance of tax deed, the
4 petitioner must provide sufficient evidence that:

5 (1) the redemption period has expired and the property
6 has not been redeemed;

7 (2) all taxes and special assessments which became due
8 and payable subsequent to the sale have been paid, unless
9 the county or its agent, as trustee pursuant to Section
10 21-90, is the petitioner;

11 (3) all forfeitures and sales which occur subsequent
12 to the sale are paid or redeemed, unless the county or its
13 agent, as trustee pursuant to Section 21-90, is the
14 petitioner;

15 (4) the notices required by law have been given, and
16 all advancements of public funds under the police power
17 made by a county, city, village, or town under Section
18 22-35 have been paid; and

19 (5) the petitioner has complied with all the
20 provisions of law entitling him or her to a deed.

21 Upon receipt of sufficient evidence of the requirements
22 under this subsection (a), the court shall find that the
23 petitioner complied with those requirements and shall enter an
24 order directing the county clerk, on the production of the tax
25 certificate and a certified copy of the order, to issue to the

1 purchaser or its assignee a tax deed. The court shall insist on
2 strict compliance with Section 22-10 through 22-25. Prior to
3 the entry of an order directing the issuance of a tax deed, the
4 petitioner shall furnish the court with a report of
5 proceedings of the evidence received on the application for
6 tax deed and the report of proceedings shall be filed and made
7 a part of the court record.

8 (b) Except as provided in subsection (e), if taxes for
9 years prior to the year or years sold are or become delinquent
10 subsequent to the date of sale, the court shall find that the
11 lien of those delinquent taxes has been or will be merged into
12 the tax deed grantee's title if the court determines that the
13 tax deed grantee or any prior holder of the certificate of
14 purchase, or any person or entity under common ownership or
15 control with any such grantee or prior holder of the
16 certificate of purchase, was at no time the holder of any
17 certificate of purchase for the years sought to be merged. If
18 delinquent taxes are merged into the tax deed pursuant to this
19 subsection, the court shall enter an order declaring which
20 specific taxes have been or will be merged into the tax deed
21 title and directing the county treasurer and county clerk to
22 reflect that declaration in the warrant and judgment records;
23 provided, that no such order shall be effective until a tax
24 deed has been issued and timely recorded. Nothing contained in
25 this Section shall relieve any owner liable for delinquent
26 property taxes under this Code from the payment of the taxes

1 that have been merged into the title upon issuance of the tax
2 deed.

3 (c) The county clerk is entitled to a fee of \$10 in
4 counties of 3,000,000 or more inhabitants and \$5 in counties
5 with less than 3,000,000 inhabitants for the issuance of the
6 tax deed, with the exception of deeds issued to the county
7 pursuant to its authority under Section 21-90. The clerk may
8 not include in a tax deed more than one property as listed,
9 assessed and sold in one description, except in cases where
10 several properties are owned by one person.

11 Upon application, the court shall enter an order to place
12 the tax deed grantee or the grantee's successor in interest in
13 possession of the property and may enter orders and grant
14 relief as may be necessary or desirable to maintain the
15 grantee or the grantee's successor in interest in possession.

16 (d) The court shall retain jurisdiction to enter orders
17 pursuant to subsections (b) and (c) of this Section. Public
18 Act 92-223 ~~This amendatory Act of the 92nd General Assembly~~
19 ~~and Public Act 95-477 this amendatory Act of the 95th General~~
20 ~~Assembly~~ shall be construed as being declarative of existing
21 law and not as a new enactment.

22 (e) Prior to the issuance of any tax deed under this
23 Section, the petitioner must redeem all taxes and special
24 assessments on the property that are subject to a pending tax
25 petition filed by a county or its assignee pursuant to Section
26 21-90.

1 (f) If, for any reason, a purchaser fails to obtain an
2 order for tax deed within the required time period and no sale
3 in error was granted or redemption paid, then the certificate
4 shall be forfeited to the county, as trustee, pursuant to
5 Section 21-90.

7 Section 325. The Telecommunications Excise Tax Act is
8 amended by changing Section 2 as follows:

9 (35 ILCS 630/2) (from Ch. 120, par. 2002)

10 Sec. 2. As used in this Article, unless the context
11 clearly requires otherwise:

12 (a) "Gross charge" means the amount paid for the act or
13 privilege of originating or receiving telecommunications in
14 this State and for all services and equipment provided in
15 connection therewith by a retailer, valued in money whether
16 paid in money or otherwise, including cash, credits, services,
17 and property of every kind or nature, and shall be determined
18 without any deduction on account of the cost of such
19 telecommunications, the cost of materials used, labor or
20 service costs, or any other expense whatsoever. In case credit
21 is extended, the amount thereof shall be included only as and
22 when paid. "Gross charges" for private line service shall
23 include charges imposed at each channel termination point
24 within this State, charges for the channel mileage between

1 each channel termination point within this State, and charges
2 for that portion of the interstate inter-office channel
3 provided within Illinois. Charges for that portion of the
4 interstate inter-office channel provided in Illinois shall be
5 determined by the retailer as follows: (i) for interstate
6 inter-office channels having 2 channel termination points,
7 only one of which is in Illinois, 50% of the total charge
8 imposed; or (ii) for interstate inter-office channels having
9 more than 2 channel termination points, one or more of which
10 are in Illinois, an amount equal to the total charge
11 multiplied by a fraction, the numerator of which is the number
12 of channel termination points within Illinois and the
13 denominator of which is the total number of channel
14 termination points. Prior to January 1, 2004, any method
15 consistent with this paragraph or other method that reasonably
16 apportions the total charges for interstate inter-office
17 channels among the states in which channel terminations points
18 are located shall be accepted as a reasonable method to
19 determine the charges for that portion of the interstate
20 inter-office channel provided within Illinois for that period.
21 However, "gross charges" shall not include any of the
22 following:

- 23 (1) Any amounts added to a purchaser's bill because of
24 a charge made pursuant to (i) the tax imposed by this
25 Article; (ii) charges added to customers' bills pursuant
26 to the provisions of Section ~~Sections~~ 9-221 or 9-222 of

1 the Public Utilities Act, as amended, or any similar
2 charges added to customers' bills by retailers who are not
3 subject to rate regulation by the Illinois Commerce
4 Commission for the purpose of recovering any of the tax
5 liabilities or other amounts specified in such provisions
6 of such Act; (iii) the tax imposed by Section 4251 of the
7 Internal Revenue Code; (iv) 911 surcharges; or (v) the tax
8 imposed by the Simplified Municipal Telecommunications Tax
9 Act.

10 (2) Charges for a sent collect telecommunication
11 received outside of the State.

12 (3) Charges for leased time on equipment or charges
13 for the storage of data or information for subsequent
14 retrieval or the processing of data or information
15 intended to change its form or content. Such equipment
16 includes, but is not limited to, the use of calculators,
17 computers, data processing equipment, tabulating
18 equipment, or accounting equipment and also includes the
19 usage of computers under a time-sharing agreement.

20 (4) Charges for customer equipment, including such
21 equipment that is leased or rented by the customer from
22 any source, wherein such charges are disaggregated and
23 separately identified from other charges.

24 (5) Charges to business enterprises certified under
25 Section 9-222.1 of the Public Utilities Act, as amended,
26 or under Section 95 of the Reimagining Energy and Vehicles

1 in Illinois Act, to the extent of such exemption and
2 during the period of time specified by the Department of
3 Commerce and Economic Opportunity.

4 (5.1) Charges to business enterprises certified under
5 the Manufacturing Illinois Chips for Real Opportunity
6 (MICRO) Act, to the extent of the exemption and during the
7 period of time specified by the Department of Commerce and
8 Economic Opportunity.

9 (5.2) Charges to entities certified under Section
10 605-1115 of the Department of Commerce and Economic
11 Opportunity Law of the Civil Administrative Code of
12 Illinois to the extent of the exemption and during the
13 period of time specified by the Department of Commerce and
14 Economic Opportunity.

15 (6) Charges for telecommunications and all services
16 and equipment provided in connection therewith between a
17 parent corporation and its wholly owned subsidiaries or
18 between wholly owned subsidiaries when the tax imposed
19 under this Article has already been paid to a retailer and
20 only to the extent that the charges between the parent
21 corporation and wholly owned subsidiaries or between
22 wholly owned subsidiaries represent expense allocation
23 between the corporations and not the generation of profit
24 for the corporation rendering such service.

25 (7) Bad debts. Bad debt means any portion of a debt
26 that is related to a sale at retail for which gross charges

1 are not otherwise deductible or excludable that has become
2 worthless or uncollectable, as determined under applicable
3 federal income tax standards. If the portion of the debt
4 deemed to be bad is subsequently paid, the retailer shall
5 report and pay the tax on that portion during the
6 reporting period in which the payment is made.

7 (8) Charges paid by inserting coins in coin-operated
8 telecommunication devices.

9 (9) Amounts paid by telecommunications retailers under
10 the Telecommunications Municipal Infrastructure
11 Maintenance Fee Act.

12 (10) Charges for nontaxable services or
13 telecommunications if (i) those charges are aggregated
14 with other charges for telecommunications that are
15 taxable, (ii) those charges are not separately stated on
16 the customer bill or invoice, and (iii) the retailer can
17 reasonably identify the nontaxable charges on the
18 retailer's books and records kept in the regular course of
19 business. If the nontaxable charges cannot reasonably be
20 identified, the gross charge from the sale of both taxable
21 and nontaxable services or telecommunications billed on a
22 combined basis shall be attributed to the taxable services
23 or telecommunications. The burden of proving nontaxable
24 charges shall be on the retailer of the
25 telecommunications.

26 (b) "Amount paid" means the amount charged to the

1 taxpayer's service address in this State regardless of where
2 such amount is billed or paid.

3 (c) "Telecommunications", in addition to the meaning
4 ordinarily and popularly ascribed to it, includes, without
5 limitation, messages or information transmitted through use of
6 local, toll, and wide area telephone service; private line
7 services; channel services; telegraph services;
8 teletypewriter; computer exchange services; cellular mobile
9 telecommunications service; specialized mobile radio;
10 stationary 2-way ~~two-way~~ radio; paging service; or any other
11 form of mobile and portable one-way or 2-way ~~two-way~~
12 communications; or any other transmission of messages or
13 information by electronic or similar means, between or among
14 points by wire, cable, fiber optics ~~fiber-optics~~, laser,
15 microwave, radio, satellite, or similar facilities. As used in
16 this Act, "private line" means a dedicated non-traffic
17 sensitive service for a single customer, that entitles the
18 customer to exclusive or priority use of a communications
19 channel or group of channels, from one or more specified
20 locations to one or more other specified locations. The
21 definition of "telecommunications" shall not include value
22 added services in which computer processing applications are
23 used to act on the form, content, code, and protocol of the
24 information for purposes other than transmission.
25 "Telecommunications" shall not include purchases of
26 telecommunications by a telecommunications service provider

1 for use as a component part of the service provided by him to
2 the ultimate retail consumer who originates or terminates the
3 taxable end-to-end communications. Carrier access charges,
4 right of access charges, charges for use of inter-company
5 facilities, and all telecommunications resold in the
6 subsequent provision of, used as a component of, or integrated
7 into end-to-end telecommunications service shall be
8 non-taxable as sales for resale.

9 (d) "Interstate telecommunications" means all
10 telecommunications that either originate or terminate outside
11 this State.

12 (e) "Intrastate telecommunications" means all
13 telecommunications that originate and terminate within this
14 State.

15 (f) "Department" means the Department of Revenue of the
16 State of Illinois.

17 (g) "Director" means the Director of Revenue for the
18 Department of Revenue of the State of Illinois.

19 (h) "Taxpayer" means a person who individually or through
20 his agents, employees, or permittees engages in the act or
21 privilege of originating or receiving telecommunications in
22 this State and who incurs a tax liability under this Article.

23 (i) "Person" means any natural individual, firm, trust,
24 estate, partnership, association, joint stock company, joint
25 venture, corporation, limited liability company, or a
26 receiver, trustee, guardian or other representative appointed

1 by order of any court, the federal ~~Federal~~ and State
2 governments, including State universities created by statute
3 or any city, town, county, or other political subdivision of
4 this State.

5 (j) "Purchase at retail" means the acquisition,
6 consumption, or use of telecommunication through a sale at
7 retail.

8 (k) "Sale at retail" means the transmitting, supplying, or
9 furnishing of telecommunications and all services and
10 equipment provided in connection therewith for a consideration
11 to persons other than the federal ~~Federal~~ and State
12 governments, and State universities created by statute and
13 other than between a parent corporation and its wholly owned
14 subsidiaries or between wholly owned subsidiaries for their
15 use or consumption and not for resale.

16 (l) "Retailer" means and includes every person engaged in
17 the business of making sales at retail as defined in this
18 Article. The Department may, in its discretion, upon
19 application, authorize the collection of the tax hereby
20 imposed by any retailer not maintaining a place of business
21 within this State, who, to the satisfaction of the Department,
22 furnishes adequate security to insure collection and payment
23 of the tax. Such retailer shall be issued, without charge, a
24 permit to collect such tax. When so authorized, it shall be the
25 duty of such retailer to collect the tax upon all of the gross
26 charges for telecommunications in this State in the same

1 manner and subject to the same requirements as a retailer
2 maintaining a place of business within this State. The permit
3 may be revoked by the Department at its discretion.

4 (m) "Retailer maintaining a place of business in this
5 State", or any like term, means and includes any retailer
6 having or maintaining within this State, directly or by a
7 subsidiary, an office, distribution facilities, transmission
8 facilities, sales office, warehouse or other place of
9 business, or any agent or other representative operating
10 within this State under the authority of the retailer or its
11 subsidiary, irrespective of whether such place of business or
12 agent or other representative is located here permanently or
13 temporarily, or whether such retailer or subsidiary is
14 licensed to do business in this State.

15 (n) "Service address" means the location of
16 telecommunications equipment from which the telecommunications
17 services are originated or at which telecommunications
18 services are received by a taxpayer. In the event this may not
19 be a defined location, as in the case of mobile phones, paging
20 systems, maritime systems, "service address" means the
21 customer's place of primary use as defined in the Mobile
22 Telecommunications Sourcing Conformity Act. For air-to-ground
23 systems and the like, "service address" shall mean the
24 location of a taxpayer's primary use of the telecommunications
25 equipment as defined by telephone number, authorization code,
26 or location in Illinois where bills are sent.

1 (o) "Prepaid telephone calling arrangements" mean the
2 right to exclusively purchase telephone or telecommunications
3 services that must be paid for in advance and enable the
4 origination of one or more intrastate, interstate, or
5 international telephone calls or other telecommunications
6 using an access number, an authorization code, or both,
7 whether manually or electronically dialed, for which payment
8 to a retailer must be made in advance, provided that, unless
9 recharged, no further service is provided once that prepaid
10 amount of service has been consumed. Prepaid telephone calling
11 arrangements include the recharge of a prepaid calling
12 arrangement. For purposes of this subsection, "recharge" means
13 the purchase of additional prepaid telephone or
14 telecommunications services whether or not the purchaser
15 acquires a different access number or authorization code.
16 "Prepaid telephone calling arrangement" does not include an
17 arrangement whereby a customer purchases a payment card and
18 pursuant to which the service provider reflects the amount of
19 such purchase as a credit on an invoice issued to that customer
20 under an existing subscription plan.

24 Section 330. The Telecommunications Infrastructure
25 Maintenance Fee Act is amended by changing Section 10 as

1 follows:

2 (35 ILCS 635/10)

3 Sec. 10. Definitions. In this Act:

4 (a) "Gross charges" means the amount paid to a
5 telecommunications retailer for the act or privilege of
6 originating or receiving telecommunications in this State and
7 for all services rendered in connection therewith, valued in
8 money whether paid in money or otherwise, including cash,
9 credits, services, and property of every kind or nature, and
10 shall be determined without any deduction on account of the
11 cost of such telecommunications, the cost of the materials
12 used, labor or service costs, or any other expense whatsoever.
13 In case credit is extended, the amount thereof shall be
14 included only as and when paid. "Gross charges" for private
15 line service shall include charges imposed at each channel
16 termination point within this State, charges for the channel
17 mileage between each channel termination point within this
18 State, and charges for that portion of the interstate
19 inter-office channel provided within Illinois. Charges for
20 that portion of the interstate inter-office channel provided
21 in Illinois shall be determined by the retailer as follows:
22 (i) for interstate inter-office channels having 2 channel
23 termination points, only one of which is in Illinois, 50% of
24 the total charge imposed; or (ii) for interstate inter-office
25 channels having more than 2 channel termination points, one or

1 more of which are in Illinois, an amount equal to the total
2 charge multiplied by a fraction, the numerator of which is the
3 number of channel termination points within Illinois and the
4 denominator of which is the total number of channel
5 termination points. Prior to January 1, 2004, any method
6 consistent with this paragraph or other method that reasonably
7 apportions the total charges for interstate inter-office
8 channels among the states in which channel terminations points
9 are located shall be accepted as a reasonable method to
10 determine the charges for that portion of the interstate
11 inter-office channel provided within Illinois for that period.
12 However, "gross charges" shall not include any of the
13 following:

14 (1) Any amounts added to a purchaser's bill because of
15 a charge made under: (i) the fee imposed by this Section,
16 (ii) additional charges added to a purchaser's bill under
17 Section 9-221 or 9-222 of the Public Utilities Act, (iii)
18 the tax imposed by the Telecommunications Excise Tax Act,
19 (iv) 911 surcharges, (v) the tax imposed by Section 4251
20 of the Internal Revenue Code, or (vi) the tax imposed by
21 the Simplified Municipal Telecommunications Tax Act.

22 (2) Charges for a sent collect telecommunication
23 received outside of this State.

24 (3) Charges for leased time on equipment or charges
25 for the storage of data or information or subsequent
26 retrieval or the processing of data or information

1 intended to change its form or content. Such equipment
2 includes, but is not limited to, the use of calculators,
3 computers, data processing equipment, tabulating
4 equipment, or accounting equipment and also includes the
5 usage of computers under a time-sharing agreement.

6 (4) Charges for customer equipment, including such
7 equipment that is leased or rented by the customer from
8 any source, wherein such charges are disaggregated and
9 separately identified from other charges.

10 (5) Charges to business enterprises certified under
11 Section 9-222.1 of the Public Utilities Act to the extent
12 of such exemption and during the period of time specified
13 by the Department of Commerce and Economic Opportunity.

14 (5.1) Charges to business enterprises certified under
15 Section 95 of the Reimagining Energy and Vehicles in
16 Illinois Act, to the extent of the exemption and during
17 the period of time specified by the Department of Commerce
18 and Economic Opportunity.

19 (5.2) Charges to business enterprises certified under
20 Section 110-95 of the Manufacturing Illinois Chips for
21 Real Opportunity (MICRO) Act, to the extent of the
22 exemption and during the period of time specified by the
23 Department of Commerce and Economic Opportunity.

24 (5.3) Charges to entities certified under Section
25 605-1115 of the Department of Commerce and Economic
26 Opportunity Law of the Civil Administrative Code of

1 Illinois to the extent of the exemption and during the
2 period of time specified by the Department of Commerce and
3 Economic Opportunity.

4 (6) Charges for telecommunications and all services
5 and equipment provided in connection therewith between a
6 parent corporation and its wholly owned subsidiaries or
7 between wholly owned subsidiaries, and only to the extent
8 that the charges between the parent corporation and wholly
9 owned subsidiaries or between wholly owned subsidiaries
10 represent expense allocation between the corporations and
11 not the generation of profit other than a regulatory
12 required profit for the corporation rendering such
13 services.

14 (7) Bad debts ("bad debt" means any portion of a debt
15 that is related to a sale at retail for which gross charges
16 are not otherwise deductible or excludable that has become
17 worthless or uncollectible, as determined under applicable
18 federal income tax standards; if the portion of the debt
19 deemed to be bad is subsequently paid, the retailer shall
20 report and pay the tax on that portion during the
21 reporting period in which the payment is made).

22 (8) Charges paid by inserting coins in coin-operated
23 telecommunication devices.

24 (9) Charges for nontaxable services or
25 telecommunications if (i) those charges are aggregated
26 with other charges for telecommunications that are

1 taxable, (ii) those charges are not separately stated on
2 the customer bill or invoice, and (iii) the retailer can
3 reasonably identify the nontaxable charges on the
4 retailer's books and records kept in the regular course of
5 business. If the nontaxable charges cannot reasonably be
6 identified, the gross charge from the sale of both taxable
7 and nontaxable services or telecommunications billed on a
8 combined basis shall be attributed to the taxable services
9 or telecommunications. The burden of proving nontaxable
10 charges shall be on the retailer of the
11 telecommunications.

12 (a-5) "Department" means the Illinois Department of
13 Revenue.

14 (b) "Telecommunications" includes, but is not limited to,
15 messages or information transmitted through use of local,
16 toll, and wide area telephone service, channel services,
17 telegraph services, teletypewriter service, computer exchange
18 services, private line services, specialized mobile radio
19 services, or any other transmission of messages or information
20 by electronic or similar means, between or among points by
21 wire, cable, fiber optics, laser, microwave, radio, satellite,
22 or similar facilities. Unless the context clearly requires
23 otherwise, "telecommunications" shall also include wireless
24 telecommunications as hereinafter defined.
25 "Telecommunications" shall not include value added services in
26 which computer processing applications are used to act on the

1 form, content, code, and protocol of the information for
2 purposes other than transmission. "Telecommunications" shall
3 not include purchase of telecommunications by a
4 telecommunications service provider for use as a component
5 part of the service provided by him or her to the ultimate
6 retail consumer who originates or terminates the end-to-end
7 communications. Retailer access charges, right of access
8 charges, charges for use of intercompany facilities, and all
9 telecommunications resold in the subsequent provision and used
10 as a component of, or integrated into, end-to-end
11 telecommunications service shall not be included in gross
12 charges as sales for resale. "Telecommunications" shall not
13 include the provision of cable services through a cable system
14 as defined in the Cable Communications Act of 1984 (47 U.S.C.
15 Sections 521 and following) as now or hereafter amended or
16 through an open video system as defined in the Rules of the
17 Federal Communications Commission (47 C.D.F. 76.1550 and
18 following) as now or hereafter amended. Beginning January 1,
19 2001, prepaid telephone calling arrangements shall not be
20 considered "telecommunications" subject to the tax imposed
21 under this Act. For purposes of this Section, "prepaid
22 telephone calling arrangements" means that term as defined in
23 Section 2-27 of the Retailers' Occupation Tax Act.

24 (c) "Wireless telecommunications" includes cellular mobile
25 telephone services, personal wireless services as defined in
26 Section 704(C) of the Telecommunications Act of 1996 (Public

1 Law No. 104-104) as now or hereafter amended, including all
2 commercial mobile radio services, and paging services.

3 (d) "Telecommunications retailer" or "retailer" or
4 "carrier" means and includes every person engaged in the
5 business of making sales of telecommunications at retail as
6 defined in this Section. The Department may, in its
7 discretion, upon applications, authorize the collection of the
8 fee hereby imposed by any retailer not maintaining a place of
9 business within this State, who, to the satisfaction of the
10 Department, furnishes adequate security to insure collection
11 and payment of the fee. When so authorized, it shall be the
12 duty of such retailer to pay the fee upon all of the gross
13 charges for telecommunications in the same manner and subject
14 to the same requirements as a retailer maintaining a place of
15 business within this State.

16 (e) "Retailer maintaining a place of business in this
17 State", or any like term, means and includes any retailer
18 having or maintaining within this State, directly or by a
19 subsidiary, an office, distribution facilities, transmission
20 facilities, sales office, warehouse, or other place of
21 business, or any agent or other representative operating
22 within this State under the authority of the retailer or its
23 subsidiary, irrespective of whether such place of business or
24 agent or other representative is located here permanently or
25 temporarily, or whether such retailer or subsidiary is
26 licensed to do business in this State.

1 (f) "Sale of telecommunications at retail" means the
2 transmitting, supplying, or furnishing of telecommunications
3 and all services rendered in connection therewith for a
4 consideration, other than between a parent corporation and its
5 wholly owned subsidiaries or between wholly owned
6 subsidiaries, when the gross charge made by one such
7 corporation to another such corporation is not greater than
8 the gross charge paid to the retailer for their use or
9 consumption and not for sale.

10 (g) "Service address" means the location of
11 telecommunications equipment from which telecommunications
12 services are originated or at which telecommunications
13 services are received. If this is not a defined location, as in
14 the case of wireless telecommunications, paging systems,
15 maritime systems, "service address" means the customer's place
16 of primary use as defined in the Mobile Telecommunications
17 Sourcing Conformity Act. For air-to-ground systems, and the
18 like, "service address" shall mean the location of the
19 customer's primary use of the telecommunications equipment as
20 defined by the location in Illinois where bills are sent.

23 Section 335. The Illinois Pension Code is amended by
24 changing Sections 9-169.2, 13-309, 13-310, and 15-112 as
25 follows:

1 (40 ILCS 5/9-169.2)

2 Sec. 9-169.2. Minimum required employer contribution. The
3 minimum required employer contribution for a specified year,
4 as set forth in the annual actuarial report required under
5 Section 9-169.1, shall be the amount determined by the Fund's
6 actuary to be equal to the sum of: (i) the projected normal
7 cost for pensions for that fiscal year based on the entry age
8 actuarial cost method, plus (ii) a projected unfunded
9 actuarial accrued liability amortization payment for pensions
10 for the fiscal year, plus (iii) projected expenses for that
11 fiscal year, plus (iv) interest to adjust for payment pattern
12 during the fiscal year, less (v) projected employee
13 contributions for that fiscal year.

14 The minimum required employer contribution for the next
15 year shall be submitted annually by the county on or before
16 June 14 of each year unless another time frame is agreed upon
17 by the county and the Fund.

18 For the purposes of this Section:

19 "5-Year smoothed actuarial value of assets" means the
20 value of assets as determined by a method that spreads the
21 effect of each year's investment return in excess of or below
22 the expected return.

23 "Entry age actuarial cost method" means a method of
24 determining the normal cost and is determined as a level
25 percentage of pay that, if paid from entry age to the assumed

1 retirement age, assuming all the actuarial assumptions are
2 exactly met by experience and no changes in assumptions or
3 benefit provisions, would accumulate to a fund sufficient to
4 pay all benefits provided by the Fund.

5 "Layered amortization" means a technique that separately
6 layers the different components of the unfunded actuarial
7 accrued liabilities to be amortized over a fixed period not to
8 exceed 30 years.

9 "Projected expenses" means the projected administrative
10 expenses for the cost of administering ~~administrating~~ the
11 Fund.

12 "Projected normal costs for pensions" means the cost of
13 the benefits that accrue during the year for active members
14 under the entry age actuarial cost method.

15 "Unfunded actuarial accrued liability amortization
16 payment" means the annual contribution equal to the difference
17 between the values of assets and the accrued liabilities of
18 the plan, calculated by an actuary, needed to amortize the
19 Fund's liabilities over a period of 30 years starting in 2017,
20 with layered amortization of the Fund's unexpected unfunded
21 actuarial accrued liability amortization payment following
22 2017 in periods of 30 years, with amortization payments
23 increasing 2% per year, and reflecting a discount rate for all
24 liabilities consistent with the assumed investment rate of
25 return on fund assets and a 5-year smoothed actuarial value of
26 assets.

2 (40 ILCS 5/13-309) (from Ch. 108 1/2, par. 13-309)

3 Sec. 13-309. Duty disability benefit.

4 (a) Any employee who becomes disabled, which disability is
5 the result of an injury or illness compensable under the
6 Illinois Workers' Compensation Act or the Illinois Workers'
7 Occupational Diseases Act, is entitled to a duty disability
8 benefit during the period of disability for which the employee
9 does not receive any part of salary, or any part of a
10 retirement annuity under this Article; except that in the case
11 of an employee who first enters service on or after June 13,
12 1997 and becomes disabled before August 18, 2005 (the
13 effective date of Public Act 94-621), a duty disability
14 benefit is not payable for the first 3 days of disability that
15 would otherwise be payable under this Section if the
16 disability does not continue for at least 11 additional days.
17 The changes made to this Section by Public Act 94-621 are
18 prospective only and do not entitle an employee to a duty
19 disability benefit for the first 3 days of any disability that
20 occurred before that effective date and did not continue for
21 at least 11 additional days. This benefit shall be 75% of
22 salary at the date disability begins. However, if the
23 disability in any measure resulted from any physical defect or
24 disease which existed at the time such injury was sustained or
25 such illness commenced, the duty disability benefit shall be

1 50% of salary.

2 Unless the employer acknowledges that the disability is a
3 result of injury or illness compensable under the Workers'
4 Compensation Act or the Workers' Occupational Diseases Act,
5 the duty disability benefit shall not be payable until the
6 issue of compensability under those Acts is finally
7 adjudicated. The period of disability shall be as determined
8 by the Illinois Workers' Compensation Commission or
9 acknowledged by the employer.

10 An employee in service before June 13, 1997 shall also
11 receive a child's disability benefit during the period of
12 disability of \$10 per month for each unmarried natural or
13 adopted child of the employee under 18 years of age.

14 The first payment shall be made not later than one month
15 after the benefit is granted, and subsequent payments shall be
16 made at least monthly. The Board shall by rule prescribe for
17 the payment of such benefits on the basis of the amount of
18 salary lost during the period of disability.

19 (b) The benefit shall be allowed only if all of the
20 following requirements are met by the employee:

21 (1) Application is made to the Board.

22 (2) A medical report is submitted by at least one
23 licensed health care professional as part of the
24 employee's application.

25 (3) The employee is examined by at least one licensed
26 health care professional appointed by the Board and found

1 to be in a disabled physical condition and shall be
2 re-examined at least annually thereafter during the
3 continuance of disability. The employee need not be
4 examined by a licensed health care professional appointed
5 by the Board if the attorney for the district certifies in
6 writing that the employee is entitled to receive
7 compensation under the Workers' Compensation Act or the
8 Workers' Occupational Diseases Act. The Board may require
9 other evidence of disability.

10 (c) The benefit shall terminate when:

11 (1) The employee returns to work or receives a
12 retirement annuity paid wholly or in part under this
13 Article;

14 (2) The disability ceases;

15 (3) The employee attains age 65, but if the employee
16 becomes disabled at age 60 or later, benefits may be
17 extended for a period of no more than 5 years after
18 disablement;

19 (4) The employee (i) refuses to submit to reasonable
20 examinations by licensed health care professionals
21 appointed by the Board, (ii) fails or refuses to consent
22 to and sign an authorization allowing the Board to receive
23 copies of or to examine the employee's medical and
24 hospital records, or (iii) fails or refuses to provide
25 complete information regarding any other employment for
26 compensation he or she has received since becoming

1 disabled; or

2 (5) The employee willfully and continuously refuses to
3 follow medical advice and treatment to enable the employee
4 to return to work. However, this provision does not apply
5 to an employee who relies in good faith on treatment by
6 prayer through spiritual means alone in accordance with
7 the tenets and practice of a recognized church or
8 religious denomination, by a duly accredited practitioner
9 thereof.

10 In the case of a duty disability recipient who returns to
11 work, the employee must make application to the Retirement
12 Board within 2 years from the date the employee last received
13 duty disability benefits in order to become again entitled to
14 duty disability benefits based on the injury for which a duty
15 disability benefit was theretofore paid.

17 (40 ILCS 5/13-310) (from Ch. 108 1/2, par. 13-310)

18 Sec. 13-310. Ordinary disability benefit.

19 (a) Any employee who becomes disabled as the result of any
20 cause other than injury or illness incurred in the performance
21 of duty for the employer or any other employer, or while
22 engaged in self-employment activities, shall be entitled to an
23 ordinary disability benefit. The eligible period for this
24 benefit shall be 25% of the employee's total actual service
25 prior to the date of disability with a cumulative maximum

1 period of 5 years.

2 (b) The benefit shall be allowed only if the employee
3 files an application in writing with the Board, and a medical
4 report is submitted by at least one licensed health care
5 professional as part of the employee's application.

6 The benefit is not payable for any disability which begins
7 during any period of unpaid leave of absence. No benefit shall
8 be allowed for any period of disability prior to 30 days before
9 application is made, unless the Board finds good cause for the
10 delay in filing the application. The benefit shall not be paid
11 during any period for which the employee receives or is
12 entitled to receive any part of salary.

13 The benefit is not payable for any disability which begins
14 during any period of absence from duty other than allowable
15 vacation time in any calendar year. An employee whose
16 disability begins during any such ineligible period of absence
17 from service may not receive benefits until the employee
18 recovers from the disability and is in service for at least 15
19 consecutive working days after such recovery.

20 In the case of an employee who first enters service on or
21 after June 13, 1997, an ordinary disability benefit is not
22 payable for the first 3 days of disability that would
23 otherwise be payable under this Section if the disability does
24 not continue for at least 11 additional days.

25 Beginning on August 18, 2005 (the effective date of Public
26 Act 94-621) ~~this amendatory Act of the 94th General Assembly,~~

1 an employee who first entered service on or after June 13, 1997
2 is also eligible for ordinary disability benefits on the 31st
3 day after the last day worked, provided all sick leave is
4 exhausted.

5 (c) The benefit shall be 50% of the employee's salary at
6 the date of disability, and shall terminate when the earliest
7 of the following occurs:

8 (1) The employee returns to work or receives a
9 retirement annuity paid wholly or in part under this
10 Article;

11 (2) The disability ceases;

12 (3) The employee willfully and continuously refuses to
13 follow medical advice and treatment to enable the employee
14 to return to work. However, this provision does not apply
15 to an employee who relies in good faith on treatment by
16 prayer through spiritual means alone in accordance with
17 the tenets and practice of a recognized church or
18 religious denomination, by a duly accredited practitioner
19 thereof;

20 (4) The employee (i) refuses to submit to a reasonable
21 physical examination within 30 days of application by a
22 licensed health care professional appointed by the Board,
23 (ii) in the case of chronic alcoholism, the employee
24 refuses to join a rehabilitation program licensed by the
25 Department of Public Health of the State of Illinois and
26 certified by the Joint Commission on the Accreditation of

1 Hospitals, (iii) fails or refuses to consent to and sign
2 an authorization allowing the Board to receive copies of
3 or to examine the employee's medical and hospital records,
4 or (iv) fails or refuses to provide complete information
5 regarding any other employment for compensation he or she
6 has received since becoming disabled; or

7 (5) The eligibility ~~eligible~~ period for this benefit
8 has been exhausted.

9 The first payment of the benefit shall be made not later
10 than one month after the same has been granted, and subsequent
11 payments shall be made at least monthly.

16 earnings":

21 consecutive calendar month period ending with the last day of
22 final termination of employment or the 4 consecutive academic
23 years of service in which the employee's earnings were the
24 highest, whichever is greater. For any other employee, the

11 receives an annual salary in installments during 12 months of

17 the 8 consecutive academic years within the 10 years prior to

25 such leave, earnings are assumed to be equal to the basic
26 compensation on the date the leave began.

1 (d) For an employee on disability leave, earnings are
2 assumed to be equal to the basic compensation on the date
3 disability occurs or the average earnings during the 24 months
4 immediately preceding the month in which disability occurs,
5 whichever is greater.

6 (e) For a Tier 1 member who retires on or after August 22,
7 1997 (the effective date of Public Act 90-511) ~~this amendatory~~

11 participant on his or her last day as a firefighter or police
12 officer under this Article, if that is greater than the final
13 rate of earnings as calculated under the other provisions of
14 this Section.

16 during the academic year in which his or her employment is
17 terminated, the annual final rate of earnings shall be 25% of

24 an employee, that part of an employee's earnings for any
25 academic year beginning after June 30, 1997, which exceeds the
26 employee's earnings with that employer for the preceding year

1 by more than 20% ~~20 percent~~ shall be excluded; in the event
2 that an employee has more than one employer this limitation
3 shall be calculated separately for the earnings with each
4 employer. In making such calculation, only the basic
5 compensation of employees shall be considered, without regard
6 to vacation or overtime or to contracts for summer employment.
7 Beginning September 1, 2024, this subsection (g) also applies
8 to an employee who has been employed at 1/2 time or less for 3
9 or more years.

10 (h) The following are not considered as earnings in
11 determining the final rate of earnings: (1) severance or
12 separation pay, (2) retirement pay, (3) payment for unused
13 sick leave, and (4) payments from an employer for the period
14 used in determining the final rate of earnings for any purpose
15 other than (i) services rendered, (ii) leave of absence or

5 appropriate treasurer deems necessary to provide funds to pay
6 obligations due or to accrue within the then fiscal year.

7 Notes issued under this Act shall be received by any
8 collector of revenues against which they are issued at par
9 plus accrued interest, and when so received, shall be

19 and similarly noted on the note unless the last registration
20 was to bearer. Such notes may be re-registered from time to
21 time in the name of the designated holder but such
22 registration shall not affect the negotiability of the coupons
23 attached.

1 Section 355. The Illinois Police Training Act is amended
2 by changing Section 8.2 and by setting forth, renumbering, and
3 changing multiple versions of Section 10.25 as follows:

4 (50 ILCS 705/8.2)

5 Sec. 8.2. Part-time law enforcement officers.

6 (a) A person hired to serve as a part-time law enforcement
7 officer must obtain from the Board a certificate (i) attesting
8 to the officer's successful completion of the part-time police
9 training course; (ii) attesting to the officer's satisfactory
10 completion of a training program of similar content and number
11 of hours that has been found acceptable by the Board under the
12 provisions of this Act; or (iii) a training waiver attesting
13 to the Board's determination that the part-time police
14 training course is unnecessary because of the person's prior
15 law enforcement experience obtained in Illinois, in any other
16 state, or with an agency of the federal government. A person
17 hired on or after March 14, 2002 (the effective date of Public
18 Act 92-533) ~~this amendatory Act of the 92nd General Assembly~~
19 must obtain this certificate within 18 months after the
20 initial date of hire as a probationary part-time law
21 enforcement officer in the State of Illinois. The probationary
22 part-time law enforcement officer must be enrolled and
23 accepted into a Board-approved course within 6 months after
24 active employment by any department in the State. A person
25 hired on or after January 1, 1996 and before March 14, 2002

1 ~~(the effective date of Public Act 92-533) this amendatory Act~~
2 ~~of the 92nd General Assembly~~ must obtain this certificate
3 within 18 months after the date of hire. A person hired before
4 January 1, 1996 must obtain this certificate within 24 months
5 after January 1, 1996 (the effective date of Public Act
6 89-170) ~~this amendatory Act of 1995~~. Agencies seeking a
7 reciprocity waiver for training completed outside of Illinois
8 must conduct a thorough background check and provide
9 verification of the officer's prior training. After review and
10 satisfaction of all requested conditions, the officer shall be
11 awarded an equivalency certificate satisfying the requirements
12 of this Section. Within 60 days after January 1, 2024 (the
13 effective date of Public Act 103-389) ~~this amendatory Act of~~
14 ~~the 103rd General Assembly~~, the Board shall adopt uniform
15 rules providing for a waiver process for a person previously
16 employed and qualified as a law enforcement or county
17 corrections officer under federal law or the laws of any other
18 state, or who has completed a basic law enforcement officer or
19 correctional officer academy who would be qualified to be
20 employed as a law enforcement officer or correctional officer
21 by the federal government or any other state. These rules
22 shall address the process for evaluating prior training
23 credit, a description and list of the courses typically
24 required for reciprocity candidates to complete prior to
25 taking the exam, and a procedure for employers seeking a
26 pre-activation determination for a reciprocity training

1 waiver. The rules shall provide that any eligible person
2 previously trained as a law enforcement or county corrections
3 officer under federal law or the laws of any other state shall
4 successfully complete the following prior to the approval of a
5 waiver:

6 (1) a training program or set of coursework approved
7 by the Board on the laws of this State relevant to the
8 duties and training requirements of law enforcement and
9 county correctional officers;

10 (2) firearms training; and

11 (3) successful passage of the equivalency
12 certification examination.

13 The employing agency may seek an extension waiver from the
14 Board extending the period for compliance. An extension waiver
15 shall be issued only for good and justifiable reasons, and the
16 probationary part-time law enforcement officer may not
17 practice as a part-time law enforcement officer during the
18 extension waiver period. If training is required and not
19 completed within the applicable time period, as extended by
20 any waiver that may be granted, then the officer must forfeit
21 the officer's position.

22 An individual who is not certified by the Board or whose
23 certified status is inactive shall not function as a law
24 enforcement officer, be assigned the duties of a law
25 enforcement officer by an agency, or be authorized to carry
26 firearms under the authority of the employer, except that

1 sheriffs who are elected are exempt from the requirement of
2 certified status. Failure to be in accordance with this Act
3 shall cause the officer to forfeit the officer's position.

4 (a-5) A part-time probationary law enforcement officer
5 shall be allowed to complete 6 ~~six~~ months of a part-time police
6 training course and function as a law enforcement officer as
7 permitted by this subsection with a waiver from the Board,
8 provided the part-time law enforcement officer is still
9 enrolled in the training course. If the part-time probationary
10 law enforcement officer withdraws from the course for any
11 reason or does not complete the course within the applicable
12 time period, as extended by any waiver that may be granted,
13 then the officer must forfeit the officer's position. A
14 probationary law enforcement officer must function under the
15 following rules:

16 (1) A law enforcement agency may not grant a person
17 status as a law enforcement officer unless the person has
18 been granted an active law enforcement officer
19 certification by the Board.

20 (2) A part-time probationary law enforcement officer
21 shall not be used as a permanent replacement for a
22 full-time law enforcement officer.

23 (3) A part-time probationary law enforcement officer
24 shall be directly supervised at all times by a
25 Board-certified ~~Board-certified~~ law enforcement officer.
26 Direct supervision requires oversight and control with the

1 supervisor having final decision-making authority as to
2 the actions of the recruit during duty hours.

3 (b) Inactive status. A person who has an inactive law
4 enforcement officer certification has no law enforcement
5 authority.

6 (1) A law enforcement officer's certification becomes
7 inactive upon termination, resignation, retirement, or
8 separation from the employing agency for any reason. The
9 Board shall reactivate ~~re-activate~~ a certification upon
10 written application from the law enforcement officer's
11 employing agency that shows the law enforcement officer:
12 (i) has accepted a part-time law enforcement position with
13 that a law enforcement agency, (ii) is not the subject of a
14 decertification proceeding, and (iii) meets all other
15 criteria for reactivation ~~re-activation~~ required by the
16 Board.

17 The Board may refuse to reactivate ~~re-activate~~ the
18 certification of a law enforcement officer who was
19 involuntarily terminated for good cause by the officer's
20 employing agency for conduct subject to decertification
21 under this Act or resigned or retired after receiving
22 notice of a law enforcement agency's investigation.

23 (2) A law enforcement agency may place an officer who
24 is currently certified on inactive status by sending a
25 written request to the Board. A law enforcement officer
26 whose certificate has been placed on inactive status shall

1 not function as a law enforcement officer until the
2 officer has completed any requirements for reactivating
3 the certificate as required by the Board. A request for
4 inactive status in this subsection shall be in writing,
5 accompanied by verifying documentation, and shall be
6 submitted to the Board by the law enforcement officer's
7 employing agency.

8 (3) Certification that has become inactive under
9 paragraph (2) of this subsection (b)~~7~~ shall be reactivated
10 by written notice from the law enforcement officer's law
11 enforcement agency upon a showing that the law enforcement
12 officer is: (i) employed in a part-time law enforcement
13 position with the same law enforcement agency, (ii) not
14 the subject of a decertification proceeding, and (iii)
15 meets all other criteria for reactivation ~~re-activation~~
16 required by the Board. The Board may also establish
17 special training requirements to be completed as a
18 condition for reactivation ~~re-activation~~.

19 The Board shall review a notice for reactivation from
20 a law enforcement agency and provide a response within 30
21 days. The Board may extend this review. A law enforcement
22 officer shall be allowed to be employed as a part-time law
23 enforcement officer while the law enforcement officer
24 reactivation waiver is under review.

25 A law enforcement officer who is refused reactivation
26 or an employing agency of a law enforcement officer who is

1 refused reactivation under this Section may request a
2 hearing in accordance with the hearing procedures as
3 outlined in subsection (h) of Section 6.3 of this Act.

4 (4) Notwithstanding paragraph (3) of this Section, a
5 law enforcement officer whose certification has become
6 inactive under paragraph (2) may have the officer's
7 employing agency submit a request for a waiver of training
8 requirements to the Board in writing and accompanied by
9 any verifying documentation. A grant of a waiver is within
10 the discretion of the Board. Within 7 days of receiving a
11 request for a waiver under this section, the Board shall
12 notify the law enforcement officer and the chief
13 administrator of the law enforcement officer's employing
14 agency, whether the request has been granted, denied, or
15 if the Board will take additional time for information. A
16 law enforcement agency or law enforcement officer, whose
17 request for a waiver under this subsection is denied, is
18 entitled to request a review of the denial by the Board.
19 The law enforcement agency must request a review within 20
20 days after the waiver being denied. The burden of proof
21 shall be on the law enforcement agency to show why the law
22 enforcement officer is entitled to a waiver of the
23 legislatively required training and eligibility
24 requirements.

25 (c) The part-time police training course referred to in
26 this Section shall be of similar content and the same number of

1 hours as the courses for full-time officers and shall be
2 provided by Mobile Team In-Service Training Units under the
3 Intergovernmental Law Enforcement Officer's In-Service
4 Training Act or by another approved program or facility in a
5 manner prescribed by the Board.

6 (d) Within 14 days, a law enforcement officer shall report
7 to the Board: (1) any name change; (2) any change in
8 employment; or (3) the filing of any criminal indictment or
9 charges against the officer alleging that the officer
10 committed any offense as enumerated in Section 6.1 of this
11 Act.

12 (e) All law enforcement officers must report the
13 completion of the training requirements required in this Act
14 in compliance with Section 8.4 of this Act.

15 (e-1) Each employing agency shall allow and provide an
16 opportunity for a law enforcement officer to complete the
17 requirements in this Act. All mandated training shall be
18 provided for at no cost to the employees. Employees shall be
19 paid for all time spent attending mandated training.

20 (e-2) Each agency, academy, or training provider shall
21 maintain proof of a law enforcement officer's completion of
22 legislatively required training in a format designated by the
23 Board. The report of training shall be submitted to the Board
24 within 30 days following completion of the training. A copy of
25 the report shall be submitted to the law enforcement officer.
26 Upon receipt of a properly completed report of training, the

1 Board will make the appropriate entry into the training
2 records of the law enforcement officer.

3 (f) For the purposes of this Section, the Board shall
4 adopt rules defining what constitutes employment on a
5 part-time basis.

6 (g) Notwithstanding any provision of law to the contrary,
7 the changes made to this Section by Public Act 102-694 ~~this~~
8 ~~amendatory Act of the 102nd General Assembly~~ and Public Act
9 101-652 take effect July 1, 2022.

13 Sec. 10.25. Training; cell phone medical information. The
14 Board shall develop and require each law enforcement officer
15 to participate in training on accessing and utilizing medical
16 information stored in cell phones. The Board may use the
17 program approved under Section 2310-711 of the Department of
18 Public Health Powers and Duties Law of the Civil
19 Administrative Code of Illinois to develop the Board's
20 program.

22 (50 ILCS 705/10.26)

23 Sec. 10.26 ~~10.25~~. Training; autism-informed response
24 training course.

1 (a) The Board shall develop or approve a course to assist
2 law enforcement officers in identifying and appropriately
3 responding to individuals with autism spectrum disorders.

4 (b) The Board shall conduct or approve the autism-informed
5 response training course no later than January 1, 2027 (2
6 years after the effective date of Public Act 103-949) ~~this~~
7 ~~amendatory Act of the 103rd General Assembly~~. The Board may
8 consult with the Department of Public Health or Department of
9 Human Services to develop and update the curriculum as needed.
10 The course must include instruction in autism-informed
11 responses, procedures, and techniques, which may include, but
12 are not limited to:

13 (1) recognizing the signs and symptoms of an autism
14 spectrum disorder;

15 (2) responding to the needs of a victim with an autism
16 spectrum disorder;

17 (3) interview and interrogation techniques for an
18 individual with an autism spectrum disorder; and

19 (4) techniques for differentiating an individual with
20 an autism spectrum disorder from a person who is being
21 belligerent and uncooperative.

22 The Board must, within a reasonable amount of time, update
23 this course, from time to time, to conform with national
24 trends and best practices.

25 (c) The Board is encouraged to adopt model policies to
26 assist law enforcement agencies in appropriately responding to

1 individuals with autism spectrum disorders.

4 by changing Section 7.1 as follows:

5 (50 ILCS 750/7.1)

6 (Section scheduled to be repealed on December 31, 2025)

7 Sec. 7.1. Training.

8 (a) Each 9-1-1 Authority, as well as its answering points,
9 shall ensure its public safety telecommunicators and public
10 safety telecommunicator Supervisors comply with the training,
11 testing, and certification requirements established pursuant
12 to Section 2605-53 of the Illinois ~~Department of~~ State Police
13 Law.

14 (b) Each 9-1-1 Authority, as well as its answering points,
15 shall maintain a record regarding its public safety
16 telecommunicators and public safety telecommunicator
17 Supervisors compliance with this Section for at least 7 years
18 and shall make the training records available for inspection
19 by the Administrator upon request.

20 (c) Costs incurred for the development of standards,
21 training, testing, and certification shall be expenses paid by
22 the Department from the funds available to the Administrator
23 and the Statewide 9-1-1 Advisory Board under Section 30 of
24 this Act. Nothing in this subsection shall prohibit the use of

1 grants or other nonsurcharge funding sources available for
2 this purpose.

4 Section 365. The Community Emergency Services and Support
5 Act is amended by changing Section 55 as follows:

6 (50 ILCS 754/55)

7 Sec. 55. Immunity. The exemptions from civil liability in

11 provision of service directed by this Act.

12 (Source: P.A. 102-580, eff. 1-1-22; revised 7-29-24.)

13 Section 370. The Small Wireless Facilities Deployment Act
14 is amended by changing Section 15 as follows:

15 (50 ILCS 840/15) (was 50 ILCS 835/15)

16 (Section scheduled to be repealed on January 1, 2030)

17 Sec. 15. Regulation of small wireless facilities.

18 (a) This Section applies to activities of a wireless
19 provider within or outside rights-of-way.

20 (b) Except as provided in this Section, an authority may
21 not prohibit, regulate, or charge for the collocation of small
22 wireless facilities.

1 (c) Small wireless facilities shall be classified as
2 permitted uses and subject to administrative review in
3 conformance with this Act, except as provided in paragraph (5)
4 of subsection (d) of this Section regarding height exceptions
5 or variances, but not subject to zoning review or approval if
6 they are collocated (i) in rights-of-way in any zone, or (ii)
7 outside rights-of-way in property zoned exclusively for
8 commercial or industrial use.

9 (d) An authority may require an applicant to obtain one or
10 more permits to collocate a small wireless facility. An
11 authority shall receive applications for, process, and issue
12 permits subject to the following requirements:

13 (1) An authority may not directly or indirectly
14 require an applicant to perform services unrelated to the
15 collocation for which approval is sought, such as in-kind
16 contributions to the authority, including reserving fiber,
17 conduit, or utility pole space for the authority on the
18 wireless provider's utility pole. An authority may reserve
19 space on authority utility poles for future public safety
20 uses or for the authority's electric utility uses, but a
21 reservation of space may not preclude the collocation of a
22 small wireless facility unless the authority reasonably
23 determines that the authority utility pole cannot
24 accommodate both uses.

25 (2) An applicant shall not be required to provide more
26 information to obtain a permit than the authority requires

1 of a communications service provider that is not a
2 wireless provider that requests to attach facilities to a
3 structure; however, a wireless provider may be required to
4 provide the following information when seeking a permit to
5 collocate small wireless facilities on a utility pole or
6 wireless support structure:

7 (A) site specific structural integrity and, for an
8 authority utility pole, make-ready analysis prepared
9 by a structural engineer, as that term is defined in
10 Section 4 of the Structural Engineering Practice Act
11 of 1989;

12 (B) the location where each proposed small
13 wireless facility or utility pole would be installed
14 and photographs of the location and its immediate
15 surroundings depicting the utility poles or structures
16 on which each proposed small wireless facility would
17 be mounted or location where utility poles or
18 structures would be installed;

19 (C) specifications and drawings prepared by a
20 structural engineer, as that term is defined in
21 Section 4 of the Structural Engineering Practice Act
22 of 1989, for each proposed small wireless facility
23 covered by the application as it is proposed to be
24 installed;

25 (D) the equipment type and model numbers for the
26 antennas and all other wireless equipment associated

1 with the small wireless facility;

2 (E) a proposed schedule for the installation and
3 completion of each small wireless facility covered by
4 the application, if approved;

5 (F) certification that the collocation complies
6 with paragraph (6) to the best of the applicant's
7 knowledge; and

8 (G) the wireless provider's certification from a
9 radio engineer that it operates the small wireless
10 facility within all applicable FCC standards.

11 (3) Subject to paragraph (6), an authority may not
12 require the placement of small wireless facilities on any
13 specific utility pole, or category of utility poles, or
14 require multiple antenna systems on a single utility pole;
15 however, with respect to an application for the
16 collocation of a small wireless facility associated with a
17 new utility pole, an authority may propose that the small
18 wireless facility be collocated on an existing utility
19 pole or existing wireless support structure within 200
20 feet of the proposed collocation, which the applicant
21 shall accept if it has the right to use the alternate
22 structure on reasonable terms and conditions and the
23 alternate location and structure does not impose technical
24 limits or additional material costs as determined by the
25 applicant. The authority may require the applicant to
26 provide a written certification describing the property

1 rights, technical limits, or material cost reasons the
2 alternate location does not satisfy the criteria in this
3 paragraph (3).

4 (4) Subject to paragraph (6), an authority may not
5 limit the placement of small wireless facilities mounted
6 on a utility pole or a wireless support structure by
7 minimum horizontal separation distances.

8 (5) An authority may limit the maximum height of a
9 small wireless facility to 10 feet above the utility pole
10 or wireless support structure on which the small wireless
11 facility is collocated. Subject to any applicable waiver,
12 zoning, or other process that addresses wireless provider
13 requests for an exception or variance and does not
14 prohibit granting of such exceptions or variances, the
15 authority may limit the height of new or replacement
16 utility poles or wireless support structures on which
17 small wireless facilities are collocated to the higher of:
18 (i) 10 feet in height above the tallest existing utility
19 pole, other than a utility pole supporting only wireless
20 facilities, that is in place on the date the application
21 is submitted to the authority, that is located within 300
22 feet of the new or replacement utility pole or wireless
23 support structure and that is in the same right-of-way
24 within the jurisdictional boundary of the authority,
25 provided the authority may designate which intersecting
26 right-of-way within 300 feet of the proposed utility pole

1 or wireless support structures shall control the height
2 limitation for such facility; or (ii) 45 feet above ground
3 level.

4 (6) An authority may require that:

5 (A) the wireless provider's operation of the small
6 wireless facilities does not interfere with the
7 frequencies used by a public safety agency for public
8 safety communications; a wireless provider shall
9 install small wireless facilities of the type and
10 frequency that will not cause unacceptable
11 interference with a public safety agency's
12 communications equipment; unacceptable interference
13 will be determined by and measured in accordance with
14 industry standards and the FCC's regulations
15 addressing unacceptable interference to public safety
16 spectrum or any other spectrum licensed by a public
17 safety agency; if a small wireless facility causes
18 such interference, and the wireless provider has been
19 given written notice of the interference by the public
20 safety agency, the wireless provider, at its own
21 expense, shall take all reasonable steps necessary to
22 correct and eliminate the interference, including, but
23 not limited to, powering down the small wireless
24 facility and later powering up the small wireless
25 facility for intermittent testing, if necessary; the
26 authority may terminate a permit for a small wireless

1 facility based on such interference if the wireless
2 provider is not making a good faith effort to remedy
3 the problem in a manner consistent with the abatement
4 and resolution procedures for interference with public
5 safety spectrum established by the FCC including 47
6 CFR 22.970 through 47 CFR 22.973 and 47 CFR 90.672
7 through 47 CFR 90.675;

8 (B) the wireless provider comply with requirements
9 that are imposed by a contract between an authority
10 and a private property owner that concern design or
11 construction standards applicable to utility poles and
12 ground-mounted equipment located in the right-of-way;

13 (C) the wireless provider comply with applicable
14 spacing requirements in applicable codes and
15 ordinances concerning the location of ground-mounted
16 equipment located in the right-of-way if the
17 requirements include a waiver, zoning, or other
18 process that addresses wireless provider requests for
19 exception or variance and do not prohibit granting of
20 such exceptions or variances;

21 (D) the wireless provider comply with local code
22 provisions or regulations concerning undergrounding
23 requirements that prohibit the installation of new or
24 the modification of existing utility poles in a
25 right-of-way without prior approval if the
26 requirements include a waiver, zoning, or other

1 process that addresses requests to install such new
2 utility poles or modify such existing utility poles
3 and do not prohibit the replacement of utility poles;

4 (E) the wireless provider comply with generally
5 applicable standards that are consistent with this Act
6 and adopted by an authority for construction and
7 public safety in the rights-of-way, including, but not
8 limited to, reasonable and nondiscriminatory wiring
9 and cabling requirements, grounding requirements,
10 utility pole extension requirements, acoustic
11 regulations, and signage limitations; and shall comply
12 with reasonable and nondiscriminatory requirements
13 that are consistent with this Act and adopted by an
14 authority regulating the location, size, surface area
15 and height of small wireless facilities, or the
16 abandonment and removal of small wireless facilities;

17 (F) the wireless provider not collocate small
18 wireless facilities on authority utility poles that
19 are part of an electric distribution or transmission
20 system within the communication worker safety zone of
21 the pole or the electric supply zone of the pole;
22 however, the antenna and support equipment of the
23 small wireless facility may be located in the
24 communications space on the authority utility pole and
25 on the top of the pole, if not otherwise unavailable,
26 if the wireless provider complies with applicable

1 codes for work involving the top of the pole; for
2 purposes of this subparagraph (F), the terms
3 "communications space", "communication worker safety
4 zone", and "electric supply zone" have the meanings
5 given to those terms in the National Electric Safety
6 Code as published by the Institute of Electrical and
7 Electronics Engineers;

8 (G) the wireless provider comply with the
9 applicable codes and local code provisions or
10 regulations that concern public safety;

11 (H) the wireless provider comply with written
12 design standards that are generally applicable for
13 decorative utility poles, or reasonable stealth,
14 concealment, and aesthetic requirements that are
15 identified by the authority in an ordinance, written
16 policy adopted by the governing board of the
17 authority, a comprehensive plan, or other written
18 design plan that applies to other occupiers of the
19 rights-of-way, including on a historic landmark or in
20 a historic district;

21 (I) subject to subsection (c) of this Section, and
22 except for facilities excluded from evaluation for
23 effects on historic properties under 47 CFR
24 1.1307(a)(4), reasonable, technically feasible, and
25 non-discriminatory design or concealment measures in a
26 historic district or historic landmark; any such

1 design or concealment measures, including restrictions
2 on a specific category of poles, may not have the
3 effect of prohibiting any provider's technology; such
4 design and concealment measures shall not be
5 considered a part of the small wireless facility for
6 purposes of the size restrictions of a small wireless
7 facility; this paragraph may not be construed to limit
8 an authority's enforcement of historic preservation in
9 conformance with the requirements adopted pursuant to
10 the Illinois State Agency Historic Resources
11 Preservation Act or the National Historic Preservation
12 Act of 1966, 54 U.S.C. Section 300101 et seq., and the
13 regulations adopted to implement those laws; and

14 (J) When a wireless provider replaces or adds a
15 new radio transceiver or antennas to an existing small
16 wireless facility, certification by the wireless
17 provider from a radio engineer that the continuing
18 operation of the small wireless facility complies with
19 all applicable FCC standards.

20 (7) Within 30 days after receiving an application, an
21 authority must determine whether the application is
22 complete and notify the applicant. If an application is
23 incomplete, an authority must specifically identify the
24 missing information. An application shall be deemed
25 complete if the authority fails to provide notification to
26 the applicant within 30 days after when all documents,

1 information, and fees specifically enumerated in the
2 authority's permit application form are submitted by the
3 applicant to the authority. Processing deadlines are
4 tolled from the time the authority sends the notice of
5 incompleteness to the time the applicant provides the
6 missing information.

7 (8) An authority shall process applications as
8 follows:

9 (A) an application to collocate a small wireless
10 facility on an existing utility pole or wireless
11 support structure shall be processed on a
12 nondiscriminatory basis and deemed approved if the
13 authority fails to approve or deny the application
14 within 90 days; however, if an applicant intends to
15 proceed with the permitted activity on a deemed
16 approved basis, the applicant must notify the
17 authority in writing of its intention to invoke the
18 deemed approved remedy no sooner than 75 days after
19 the submission of a completed application; the permit
20 shall be deemed approved on the latter of the 90th day
21 after submission of the complete application or the
22 10th day after the receipt of the deemed approved
23 notice by the authority; the receipt of the deemed
24 approved notice shall not preclude the authority's
25 denial of the permit request within the time limits as
26 provided under this Act; and

1 (B) an application to collocate a small wireless
2 facility that includes the installation of a new
3 utility pole shall be processed on a nondiscriminatory
4 basis and deemed approved if the authority fails to
5 approve or deny the application within 120 days;
6 however, if an applicant intends to proceed with the
7 permitted activity on a deemed approved basis, the
8 applicant must notify the authority in writing of its
9 intention to invoke the deemed approved remedy no
10 sooner than 105 days after the submission of a
11 completed application; the permit shall be deemed
12 approved on the latter of the 120th day after
13 submission of the complete application or the 10th day
14 after the receipt of the deemed approved notice by the
15 authority; the receipt of the deemed approved notice
16 shall not preclude the authority's denial of the
17 permit request within the time limits as provided
18 under this Act.

19 (9) An authority shall approve an application unless
20 the application does not meet the requirements of this
21 Act. If an authority determines that applicable codes,
22 local code provisions or regulations that concern public
23 safety, or the requirements of paragraph (6) require that
24 the utility pole or wireless support structure be replaced
25 before the requested collocation, approval may be
26 conditioned on the replacement of the utility pole or

1 wireless support structure at the cost of the provider.
2 The authority must document the basis for a denial,
3 including the specific code provisions or application
4 conditions on which the denial was based, and send the
5 documentation to the applicant on or before the day the
6 authority denies an application. The applicant may cure
7 the deficiencies identified by the authority and resubmit
8 the revised application once within 30 days after notice
9 of denial is sent to the applicant without paying an
10 additional application fee. The authority shall approve or
11 deny the revised application within 30 days after the
12 applicant resubmits the application or it is deemed
13 approved; however, the applicant must notify the authority
14 in writing of its intention to proceed with the permitted
15 activity on a deemed approved basis, which may be
16 submitted with the resubmitted application. Any subsequent
17 review shall be limited to the deficiencies cited in the
18 denial. However, this revised application cure does not
19 apply if the cure requires the review of a new location,
20 new or different structure to be collocated upon, new
21 antennas, or other wireless equipment associated with the
22 small wireless facility.

23 (10) The time period for applications may be further
24 tolled by:

25 (A) the express agreement in writing by both the
26 applicant and the authority; or

1 (B) a local, State, or federal disaster
2 declaration or similar emergency that causes the
3 delay.

4 (11) An applicant seeking to collocate small wireless
5 facilities within the jurisdiction of a single authority
6 shall be allowed, at the applicant's discretion, to file a
7 consolidated application and receive a single permit for
8 the collocation of up to 25 small wireless facilities if
9 the collocations each involve substantially the same type
10 of small wireless facility and substantially the same type
11 of structure. If an application includes multiple small
12 wireless facilities, the authority may remove small
13 wireless facility collocations from the application and
14 treat separately small wireless facility collocations for
15 which incomplete information has been provided or that do
16 not qualify for consolidated treatment or that are denied.
17 The authority may issue separate permits for each
18 collocation that is approved in a consolidated
19 application.

20 (12) Collocation for which a permit is granted shall
21 be completed within 180 days after issuance of the permit,
22 unless the authority and the wireless provider agree to
23 extend this period or a delay is caused by make-ready work
24 for an authority utility pole or by the lack of commercial
25 power or backhaul availability at the site, provided the
26 wireless provider has made a timely request within 60 days

1 after the issuance of the permit for commercial power or
2 backhaul services, and the additional time to complete
3 installation does not exceed 360 days after issuance of
4 the permit. Otherwise, the permit shall be void unless the
5 authority grants an extension in writing to the applicant.

6 (13) The duration of a permit shall be for a period of
7 not less than 5 years, and the permit shall be renewed for
8 equivalent durations unless the authority makes a finding
9 that the small wireless facilities or the new or modified
10 utility pole do not comply with the applicable codes or
11 local code provisions or regulations in paragraphs (6) and
12 (9). If this Act is repealed as provided in Section 90,
13 renewals of permits shall be subject to the applicable
14 authority code provisions or regulations in effect at the
15 time of renewal.

16 (14) An authority may not prohibit, either expressly
17 or de facto, the (i) filing, receiving, or processing
18 applications, or (ii) issuing of permits or other
19 approvals, if any, for the collocation of small wireless
20 facilities unless there has been a local, State, or
21 federal disaster declaration or similar emergency that
22 causes the delay.

23 (15) Applicants shall submit applications, supporting
24 information, and notices by personal delivery or as
25 otherwise required by the authority. An authority may
26 require that permits, supporting information, and notices

1 be submitted by personal delivery at the authority's
2 designated place of business, by regular mail postmarked
3 on the date due, or by any other commonly used means,
4 including electronic mail, as required by the authority.

5 (e) Application fees are subject to the following
6 requirements:

7 (1) An authority may charge an application fee of up
8 to \$650 for an application to collocate a single small
9 wireless facility on an existing utility pole or wireless
10 support structure and up to \$350 for each small wireless
11 facility addressed in an application to collocate more
12 than one small wireless facility on existing utility poles
13 or wireless support structures.

14 (2) An authority may charge an application fee of
15 \$1,000 for each small wireless facility addressed in an
16 application that includes the installation of a new
17 utility pole for such collocation.

18 (3) Notwithstanding any contrary provision of State
19 law or local ordinance, applications pursuant to this
20 Section must be accompanied by the required application
21 fee.

22 (4) Within 2 months after the effective date of this
23 Act, an authority shall make available application fees
24 consistent with this subsection, through ordinance, or in
25 a written schedule of permit fees adopted by the
26 authority.

1 (5) Notwithstanding any provision of this Act to the
2 contrary, an authority may charge recurring rates and
3 application fees up to the amount permitted by the Federal
4 Communications ~~Communication~~ Commission in its Declaratory
5 Ruling and Third Report and Order adopted on September 26,
6 2018 in WT Docket Nos. 17-70, 17-84 and cited as 33 FCC Rcd
7 9088, 9129, or any subsequent ruling, order, or guidance
8 issued by the Federal Communication Commission regarding
9 fees and recurring rates.

10 (f) An authority shall not require an application,
11 approval, or permit, or require any fees or other charges,
12 from a communications service provider authorized to occupy
13 the rights-of-way, for: (i) routine maintenance; (ii) the
14 replacement of wireless facilities with wireless facilities
15 that are substantially similar, the same size, or smaller if
16 the wireless provider notifies the authority at least 10 days
17 prior to the planned replacement and includes equipment
18 specifications for the replacement of equipment consistent
19 with the requirements of subparagraph (D) of paragraph (2) of
20 subsection (d) of this Section; or (iii) the installation,
21 placement, maintenance, operation, or replacement of micro
22 wireless facilities that are suspended on cables that are
23 strung between existing utility poles in compliance with
24 applicable safety codes. However, an authority may require a
25 permit to work within rights-of-way for activities that affect
26 traffic patterns or require lane closures.

1 (g) Nothing in this Act authorizes a person to collocate
2 small wireless facilities on: (1) property owned by a private
3 party or property owned or controlled by a unit of local
4 government that is not located within rights-of-way, subject
5 to subsection (j) of this Section, or a privately owned
6 utility pole or wireless support structure without the consent
7 of the property owner; (2) property owned, leased, or
8 controlled by a park district, forest preserve district, or
9 conservation district for public park, recreation, or
10 conservation purposes without the consent of the affected
11 district, excluding the placement of facilities on
12 rights-of-way located in an affected district that are under
13 the jurisdiction and control of a different unit of local
14 government as provided by the Illinois Highway Code; or (3)
15 property owned by a rail carrier registered under Section
16 18c-7201 of the Illinois Vehicle Code, Metra Commuter Rail or
17 any other public commuter rail service, or an electric utility
18 as defined in Section 16-102 of the Public Utilities Act,
19 without the consent of the rail carrier, public commuter rail
20 service, or electric utility. The provisions of this Act do
21 not apply to an electric or gas public utility or such
22 utility's wireless facilities if the facilities are being
23 used, developed, and maintained consistent with the provisions
24 of subsection (i) of Section 16-108.5 of the Public Utilities
25 Act.

26 For the purposes of this subsection, "public utility" has

1 the meaning given to that term in Section 3-105 of the Public
2 Utilities Act. Nothing in this Act shall be construed to
3 relieve any person from any requirement (1) to obtain a
4 franchise or a State-issued authorization to offer cable
5 service or video service or (2) to obtain any required
6 permission to install, place, maintain, or operate
7 communications facilities, other than small wireless
8 facilities subject to this Act.

9 (h) Agreements between authorities and wireless providers
10 that relate to the collocation of small wireless facilities in
11 the right-of-way, including the collocation of small wireless
12 facilities on authority utility poles, that are in effect on
13 the effective date of this Act remain in effect for all small
14 wireless facilities collocated on the authority's utility
15 poles pursuant to applications submitted to the authority
16 before the effective date of this Act, subject to applicable
17 termination provisions. Such agreements entered into after the
18 effective date of the Act shall comply with the Act.

19 (i) An authority shall allow the collocation of small
20 wireless facilities on authority utility poles subject to the
21 following:

22 (1) An authority may not enter into an exclusive
23 arrangement with any person for the right to attach small
24 wireless facilities to authority utility poles.

25 (2) The rates and fees for collocations on authority
26 utility poles shall be nondiscriminatory regardless of the

1 services provided by the collocating person.

2 (3) An authority may charge an annual recurring rate
3 to collocate a small wireless facility on an authority
4 utility pole located in a right-of-way that equals (i)
5 \$270 per year or (ii) the actual, direct, and reasonable
6 costs related to the wireless provider's use of space on
7 the authority utility pole. Rates for collocation on
8 authority utility poles located outside of a right-of-way
9 are not subject to these limitations. In any controversy
10 concerning the appropriateness of a cost-based rate for an
11 authority utility pole located within a right-of-way, the
12 authority shall have the burden of proving that the rate
13 does not exceed the actual, direct, and reasonable costs
14 for the applicant's proposed use of the authority utility
15 pole. Nothing in this paragraph (3) prohibits a wireless
16 provider and an authority from mutually agreeing to an
17 annual recurring rate of less than \$270 to collocate a
18 small wireless facility on an authority utility pole.

19 (4) Authorities or other persons owning or controlling
20 authority utility poles within the right-of-way shall
21 offer rates, fees, and other terms that comply with
22 subparagraphs (A) through (E) of this paragraph (4).
23 Within 2 months after the effective date of this Act, an
24 authority or a person owning or controlling authority
25 utility poles shall make available, through ordinance or
26 an authority utility pole attachment agreement, license or

1 other agreement that makes available to wireless
2 providers, the rates, fees, and terms for the collocation
3 of small wireless facilities on authority utility poles
4 that comply with this Act and with subparagraphs (A)
5 through (E) of this paragraph (4). In the absence of such
6 an ordinance or agreement that complies with this Act, and
7 until such a compliant ordinance or agreement is adopted,
8 wireless providers may collocate small wireless facilities
9 and install utility poles under the requirements of this
10 Act.

11 (A) The rates, fees, and terms must be
12 nondiscriminatory, competitively neutral, and
13 commercially reasonable, and may address, among other
14 requirements, the requirements in subparagraphs (A)
15 through (I) of paragraph (6) of subsection (d) of this
16 Section; subsections (e), (i), and (k) of this
17 Section; Section 30; and Section 35, and must comply
18 with this Act.

19 (B) For authority utility poles that support
20 aerial facilities used to provide communications
21 services or electric service, wireless providers shall
22 comply with the process for make-ready work under 47
23 U.S.C. 224 and its implementing regulations, and the
24 authority shall follow a substantially similar process
25 for make-ready work except to the extent that the
26 timing requirements are otherwise addressed in this

1 Act. The good-faith estimate of the person owning or
2 controlling the authority utility pole for any
3 make-ready work necessary to enable the pole to
4 support the requested collocation shall include
5 authority utility pole replacement, if necessary.

6 (C) For authority utility poles that do not
7 support aerial facilities used to provide
8 communications services or electric service, the
9 authority shall provide a good-faith estimate for any
10 make-ready work necessary to enable the authority
11 utility pole to support the requested collocation,
12 including pole replacement, if necessary, within 90
13 days after receipt of a complete application.
14 Make-ready work, including any authority utility pole
15 replacement, shall be completed within 60 days of
16 written acceptance of the good-faith estimate by the
17 applicant at the wireless provider's sole cost and
18 expense. Alternatively, if the authority determines
19 that applicable codes or public safety regulations
20 require the authority utility pole to be replaced to
21 support the requested collocation, the authority may
22 require the wireless provider to replace the authority
23 utility pole at the wireless provider's sole cost and
24 expense.

25 (D) The authority shall not require more
26 make-ready work than required to meet applicable codes

1 or industry standards. Make-ready work may include
2 work needed to accommodate additional public safety
3 communications needs that are identified in a
4 documented and approved plan for the deployment of
5 public safety equipment as specified in paragraph (1)
6 of subsection (d) of this Section and included in an
7 existing or preliminary authority or public service
8 agency budget for attachment within one year of the
9 application. Fees for make-ready work, including any
10 authority utility pole replacement, shall not exceed
11 actual costs or the amount charged to communications
12 service providers for similar work and shall not
13 include any consultants' fees or expenses for
14 authority utility poles that do not support aerial
15 facilities used to provide communications services or
16 electric service. Make-ready work, including any pole
17 replacement, shall be completed within 60 days of
18 written acceptance of the good-faith estimate by the
19 wireless provider, at its sole cost and expense.

20 (E) A wireless provider that has an existing
21 agreement with the authority on the effective date of
22 the Act may accept the rates, fees, and terms that an
23 authority makes available under this Act for the
24 collocation of small wireless facilities or the
25 installation of new utility poles for the collocation
26 of small wireless facilities that are the subject of

1 an application submitted 2 or more years after the
2 effective date of the Act as provided in this
3 paragraph (4) by notifying the authority that it opts
4 to accept such rates, fees, and terms. The existing
5 agreement remains in effect, subject to applicable
6 termination provisions, for the small wireless
7 facilities the wireless provider has collocated on the
8 authority's utility poles pursuant to applications
9 submitted to the authority before the wireless
10 provider provides such notice and exercises its option
11 under this subparagraph.

12 (5) Notwithstanding any provision of this Act to the
13 contrary, an authority may charge recurring rates and
14 application fees up to the amount permitted by the Federal
15 Communications ~~Communication~~ Commission in its Declaratory
16 Ruling and Third Report and Order adopted on September 26,
17 2018 in WT Docket Nos. 17-70, 17-84 and cited as 33 FCC Rcd
18 9088, 9129, or any subsequent ruling, order, or guidance
19 issued by the Federal Communication Commission regarding
20 fees and recurring rates.

21 (j) An authority shall authorize the collocation of small
22 wireless facilities on utility poles owned or controlled by
23 the authority that are not located within rights-of-way to the
24 same extent the authority currently permits access to utility
25 poles for other commercial projects or uses. The collocations
26 shall be subject to reasonable and nondiscriminatory rates,

1 fees, and terms as provided in an agreement between the
2 authority and the wireless provider.

3 (k) Nothing in this Section precludes an authority from
4 adopting reasonable rules with respect to the removal of
5 abandoned small wireless facilities. A small wireless facility
6 that is not operated for a continuous period of 12 months shall
7 be considered abandoned and the owner of the facility must
8 remove the small wireless facility within 90 days after
9 receipt of written notice from the authority notifying the
10 owner of the abandonment. The notice shall be sent by
11 certified or registered mail, return receipt requested, by the
12 authority to the owner at the last known address of the owner.
13 If the small wireless facility is not removed within 90 days of
14 such notice, the authority may remove or cause the removal of
15 the facility pursuant to the terms of its pole attachment
16 agreement for authority utility poles or through whatever
17 actions are provided for abatement of nuisances or by other
18 law for removal and cost recovery. An authority may require a
19 wireless provider to provide written notice to the authority
20 if it sells or transfers small wireless facilities subject to
21 this Act within the jurisdictional boundary of the authority.
22 Such notice shall include the name and contact information of
23 the new wireless provider.

24 (l) Nothing in this Section requires an authority to
25 install or maintain any specific utility pole or to continue
26 to install or maintain utility poles in any location if the

1 authority makes a non-discriminatory decision to eliminate
2 above-ground utility poles of a particular type generally,
3 such as electric utility poles, in all or a significant
4 portion of its geographic jurisdiction. For authority utility
5 poles with collocated small wireless facilities in place when
6 an authority makes a decision to eliminate above-ground
7 utility poles of a particular type generally, the authority
8 shall either (i) continue to maintain the authority utility
9 pole or install and maintain a reasonable alternative utility
10 pole or wireless support structure for the collocation of the
11 small wireless facility, or (ii) offer to sell the utility
12 pole to the wireless provider at a reasonable cost or allow the
13 wireless provider to install its own utility pole so it can
14 maintain service from that location.

17 Section 375. The Counties Code is amended by changing
18 Sections 3-15003.6, 4-11001.5, 5-1009, 5-1069, 5-1069.3,
19 5-12020, 5-15017, 5-31012, 5-31016, 6-4002, and 6-27004 and by
20 setting forth, renumbering, and changing multiple versions of
21 Sections 5-1189 and 5-12022 as follows:

22 (55 ILCS 5/3-15003.6)

23 Sec. 3-15003.6. Pregnant committed persons.

24 (a) Definitions. For the purpose of this Section and the

1 Sections preceding Section 3-15004:

2 (1) "Restraints" means any physical restraint or
3 mechanical device used to control the movement of a body
4 or limbs, or both, including, but not limited to, flex
5 cuffs, soft restraints, hard metal handcuffs, a black box,
6 Chubb cuffs, leg irons, belly chains, a security (tether)
7 chain, or a convex shield, or shackles of any kind.

8 (2) "Labor" means the period of time before a birth
9 and shall include any medical condition in which an
10 individual is sent or brought to the hospital for the
11 purpose of delivering a baby. These situations include:
12 induction of labor, prodromal labor, pre-term labor,
13 prelabor rupture of membranes, the 3 stages of active
14 labor, uterine hemorrhage during the third trimester of
15 pregnancy, and caesarian delivery including pre-operative
16 preparation.

17 (3) "Postpartum" means the 6-week period following
18 birth unless determined to be a longer period by a
19 physician, advanced practice registered nurse, physician
20 assistant, or other qualified medical professional.

21 (4) "Correctional institution" means any entity under
22 the authority of a county law enforcement division that
23 has the power to detain or restrain, or both, a person
24 under the laws of the State.

25 (5) "Corrections official" means the official that is
26 responsible for oversight of a correctional institution,

1 or his or her designee.

2 (6) "Committed person" means any person incarcerated
3 or detained in any facility who is accused of, convicted
4 of, sentenced for, or adjudicated delinquent for,
5 violations of criminal law or the terms and conditions of
6 parole, probation, pretrial release, or diversionary
7 program, and any person detained under the immigration
8 laws of the United States at any correctional facility.

9 (7) "Extraordinary circumstance" means an
10 extraordinary medical or security circumstance, including
11 a substantial flight risk, that dictates restraints be
12 used to ensure the safety and security of the committed
13 person, the staff of the correctional institution or
14 medical facility, other committed persons, or the public.

15 (8) "Participant"~~1~~ means an individual placed into an
16 electronic monitoring program, as defined by Section
17 5-8A-2 of the Unified Code of Corrections.

18 (b) A county department of corrections shall not apply
19 security restraints to a committed person that has been
20 determined by a qualified medical professional to be pregnant
21 or otherwise is known by the county department of corrections
22 to be pregnant or in postpartum recovery unless the
23 corrections official makes an individualized determination
24 that the committed person presents a substantial flight risk
25 or some other extraordinary circumstance that dictates
26 security restraints be used to ensure the safety and security

1 of the committed person, committed person's child or unborn
2 child, the staff of the county department of corrections or
3 medical facility, other committed persons, or the public. The
4 protections set out in clauses (b)(3) and (b)(4) of this
5 Section shall apply to security restraints used pursuant to
6 this subsection. The corrections official shall immediately
7 remove all restraints upon the written or oral request of
8 medical personnel. The corrections official shall immediately
9 remove all approved electronic monitoring devices, as that
10 term is defined in Section 5-8A-2 of the Unified Code of
11 Corrections, of a pregnant participant during labor and
12 delivery or earlier upon the written or oral request of
13 medical personnel. Oral requests made by medical personnel
14 shall be verified in writing as promptly as reasonably
15 possible.

16 (1) Qualified authorized health staff shall have the
17 authority to order therapeutic restraints for a pregnant
18 or postpartum committed person who is a danger to the
19 committed person, the committed person's child, unborn
20 child, or other persons due to a psychiatric or medical
21 disorder. Therapeutic restraints may only be initiated,
22 monitored, and discontinued by qualified and authorized
23 health staff and used to safely limit a committed person's
24 mobility for psychiatric or medical reasons. No order for
25 therapeutic restraints shall be written unless medical or
26 mental health personnel, after personally observing and

1 examining the committed person, are clinically satisfied
2 that the use of therapeutic restraints is justified and
3 permitted in accordance with hospital policies and
4 applicable State law. Metal handcuffs or shackles are not
5 considered therapeutic restraints.

6 (2) Whenever therapeutic restraints are used by
7 medical personnel, Section 2-108 of the Mental Health and
8 Developmental Disabilities Code shall apply.

9 (3) Leg irons, shackles, or waist shackles shall not
10 be used on any pregnant or postpartum committed person
11 regardless of security classification. Except for
12 therapeutic restraints under clause (b)(2), no restraints
13 of any kind may be applied to committed persons during
14 labor.

15 (4) When a pregnant or postpartum committed person
16 must be restrained, restraints used shall be the least
17 restrictive restraints possible to ensure the safety and
18 security of the committed person, the committed person's
19 child, unborn child, the staff of the county department of
20 corrections or medical facility, other committed persons,
21 or the public, and in no case shall include leg irons,
22 shackles, or waist shackles.

23 (5) Upon the pregnant committed person's entry into a
24 hospital room, and completion of initial room inspection,
25 a corrections official shall be posted immediately outside
26 the hospital room, unless requested to be in the room by

1 medical personnel attending to the committed person's
2 medical needs.

3 (6) The county department of corrections shall provide
4 adequate corrections personnel to monitor the pregnant
5 committed person during the committed person's transport
6 to and from the hospital and during the committed person's
7 stay at the hospital.

8 (7) Where the county department of corrections
9 requires committed person safety assessments, a
10 corrections official may enter the hospital room to
11 conduct periodic committed person safety assessments,
12 except during a medical examination or the delivery
13 process.

14 (8) (Blank).

15 (c) Enforcement. No later than 30 days before the end of
16 each fiscal year, the county sheriff or corrections official
17 of the correctional institution where a pregnant or postpartum
18 committed person has been restrained pursuant to this Section
19 during that previous fiscal year, shall submit a written
20 report to the Jail and Detention Standards Unit of the
21 Department of Corrections, in a form and manner prescribed by
22 the Department, that includes an account of every instance of
23 restraint pursuant to this Section. The written report shall
24 state the date, time, location, and rationale for each
25 instance in which restraints are used. The written report
26 shall not contain any individually identifying information of

1 any committed person. Such reports shall be made available for
2 public inspection.

3 (d) Data reporting. No later than 30 days before the end of
4 each fiscal year, each county sheriff shall submit a written
5 report to the Jail and Detention Standards Unit of the

16 (55 ILCS 5/5-1009) (from Ch. 34, par. 5-1009)

17 Sec. 5-1009. Limitation on home rule powers. Except as
18 provided in Sections 5-1006, 5-1006.5, 5-1006.8, 5-1006.9, 1
19 5-1007, and 5-1008, on and after September 1, 1990, no home
20 rule county has the authority to impose, pursuant to its home
21 rule authority, a retailers' occupation tax, service
22 occupation tax, use tax, sales tax, 1 or other tax on the use,
23 sale, 1 or purchase of tangible personal property based on the
24 gross receipts from such sales or the selling or purchase
25 price of said tangible personal property. Notwithstanding the

1 foregoing, this Section does not preempt any home rule imposed
2 tax such as the following: (1) a tax on alcoholic beverages,
3 whether based on gross receipts, volume sold, or any other
4 measurement; (2) a tax based on the number of units of
5 cigarettes or tobacco products; (3) a tax, however measured,
6 based on the use of a hotel or motel room or similar facility;
7 (4) a tax, however measured, on the sale or transfer of real
8 property; (5) a tax, however measured, on lease receipts; (6)
9 a tax on food prepared for immediate consumption and on
10 alcoholic beverages sold by a business which provides for on
11 premise consumption of said food or alcoholic beverages; or
12 (7) other taxes not based on the selling or purchase price or
13 gross receipts from the use, sale, or purchase of tangible
14 personal property. This Section does not preempt a home rule
15 county from imposing a tax, however measured, on the use, for
16 consideration, of a parking lot, garage, or other parking
17 facility.

18 On and after December 1, 2019, no home rule county has the
19 authority to impose, pursuant to its home rule authority, a
20 tax, however measured, on sales of aviation fuel, as defined
21 in Section 3 of the Retailers' Occupation Tax Act, unless the
22 tax revenue is expended for airport-related purposes. For
23 purposes of this Section, "airport-related purposes" has the
24 meaning ascribed in Section 6z-20.2 of the State Finance Act.
25 Aviation fuel shall be excluded from tax only for so long as
26 the revenue use requirements of 49 U.S.C. 47017(b) and 49

1 U.S.C. 47133 are binding on the county.

2 This Section is a limitation, pursuant to subsection (g)
3 of Section 6 of Article VII of the Illinois Constitution, on
4 the power of home rule units to tax. The changes made to this
5 Section by Public Act 101-10 are a denial and limitation of

10 (55 ILCS 5/5-1069)

11 (Text of Section before amendment by P.A. 103-808)

12 Sec. 5-1069. Group life, health, accident, hospital, and
13 medical insurance.

14 (a) The county board of any county may arrange to provide,
15 for the benefit of employees of the county, group life,
16 health, accident, hospital, and medical insurance, or any one
17 or any combination of those types of insurance, or the county
18 board may self-insure, for the benefit of its employees, all
19 or a portion of the employees' group life, health, accident,
20 hospital, and medical insurance, or any one or any combination
21 of those types of insurance, including a combination of
22 self-insurance and other types of insurance authorized by this
23 Section, provided that the county board complies with all
24 other requirements of this Section. The insurance may include
25 provision for employees who rely on treatment by prayer or

1 spiritual means alone for healing in accordance with the
2 tenets and practice of a well recognized religious
3 denomination. The county board may provide for payment by the
4 county of a portion or all of the premium or charge for the
5 insurance with the employee paying the balance of the premium
6 or charge, if any. If the county board undertakes a plan under
7 which the county pays only a portion of the premium or charge,
8 the county board shall provide for withholding and deducting
9 from the compensation of those employees who consent to join
10 the plan the balance of the premium or charge for the
11 insurance.

12 (b) If the county board does not provide for
13 self-insurance or for a plan under which the county pays a
14 portion or all of the premium or charge for a group insurance
15 plan, the county board may provide for withholding and
16 deducting from the compensation of those employees who consent
17 thereto the total premium or charge for any group life,
18 health, accident, hospital, and medical insurance.

19 (c) The county board may exercise the powers granted in
20 this Section only if it provides for self-insurance or, where
21 it makes arrangements to provide group insurance through an
22 insurance carrier, if the kinds of group insurance are
23 obtained from an insurance company authorized to do business
24 in the State of Illinois. The county board may enact an
25 ordinance prescribing the method of operation of the insurance
26 program.

1 (d) If a county, including a home rule county, is a
2 self-insurer for purposes of providing health insurance
3 coverage for its employees, the insurance coverage shall
4 include screening by low-dose mammography for all women 35
5 years of age or older for the presence of occult breast cancer
6 unless the county elects to provide mammograms itself under
7 Section 5-1069.1. The coverage shall be as follows:

8 (1) A baseline mammogram for women 35 to 39 years of
9 age.

10 (2) An annual mammogram for women 40 years of age or
11 older.

12 (3) A mammogram at the age and intervals considered
13 medically necessary by the woman's health care provider
14 for women under 40 years of age and having a family history
15 of breast cancer, prior personal history of breast cancer,
16 positive genetic testing, or other risk factors.

17 (4) For a group policy of accident and health
18 insurance that is amended, delivered, issued, or renewed
19 on or after January 1, 2020 (the effective date of Public
20 Act 101-580) ~~this amendatory Act of the 101st General~~
21 ~~Assembly,~~ a comprehensive ultrasound screening of an
22 entire breast or breasts if a mammogram demonstrates
23 heterogeneous or dense breast tissue or when medically
24 necessary as determined by a physician licensed to
25 practice medicine in all of its branches, advanced
26 practice registered nurse, or physician assistant.

1 (5) For a group policy of accident and health
2 insurance that is amended, delivered, issued, or renewed
3 on or after January 1, 2020 (the effective date of Public
4 Act 101-580) ~~this amendatory Act of the 101st General~~
5 ~~Assembly~~, a diagnostic mammogram when medically necessary,
6 as determined by a physician licensed to practice medicine
7 in all its branches, advanced practice registered nurse,
8 or physician assistant.

9 A policy subject to this subsection shall not impose a
10 deductible, coinsurance, copayment, or any other cost-sharing
11 requirement on the coverage provided; except that this
12 sentence does not apply to coverage of diagnostic mammograms
13 to the extent such coverage would disqualify a high-deductible
14 health plan from eligibility for a health savings account
15 pursuant to Section 223 of the Internal Revenue Code (26
16 U.S.C. 223).

17 For purposes of this subsection:

18 "Diagnostic mammogram" means a mammogram obtained using
19 diagnostic mammography.

20 "Diagnostic mammography" means a method of screening that
21 is designed to evaluate an abnormality in a breast, including
22 an abnormality seen or suspected on a screening mammogram or a
23 subjective or objective abnormality otherwise detected in the
24 breast.

25 "Low-dose mammography" means the x-ray examination of the
26 breast using equipment dedicated specifically for mammography,

1 including the x-ray tube, filter, compression device, and
2 image receptor, with an average radiation exposure delivery of
3 less than one rad per breast for 2 views of an average size
4 breast. The term also includes digital mammography.

5 (d-5) Coverage as described by subsection (d) shall be
6 provided at no cost to the insured and shall not be applied to
7 an annual or lifetime maximum benefit.

8 (d-10) When health care services are available through
9 contracted providers and a person does not comply with plan
10 provisions specific to the use of contracted providers, the
11 requirements of subsection (d-5) are not applicable. When a
12 person does not comply with plan provisions specific to the
13 use of contracted providers, plan provisions specific to the
14 use of non-contracted providers must be applied without
15 distinction for coverage required by this Section and shall be
16 at least as favorable as for other radiological examinations
17 covered by the policy or contract.

18 (d-15) If a county, including a home rule county, is a
19 self-insurer for purposes of providing health insurance
20 coverage for its employees, the insurance coverage shall
21 include mastectomy coverage, which includes coverage for
22 prosthetic devices or reconstructive surgery incident to the
23 mastectomy. Coverage for breast reconstruction in connection
24 with a mastectomy shall include:

- 25 (1) reconstruction of the breast upon which the
26 mastectomy has been performed;

1 (2) surgery and reconstruction of the other breast to
2 produce a symmetrical appearance; and

3 (3) prostheses and treatment for physical
4 complications at all stages of mastectomy, including
5 lymphedemas.

6 Care shall be determined in consultation with the attending
7 physician and the patient. The offered coverage for prosthetic
8 devices and reconstructive surgery shall be subject to the
9 deductible and coinsurance conditions applied to the
10 mastectomy, and all other terms and conditions applicable to
11 other benefits. When a mastectomy is performed and there is no
12 evidence of malignancy then the offered coverage may be
13 limited to the provision of prosthetic devices and
14 reconstructive surgery to within 2 years after the date of the
15 mastectomy. As used in this Section, "mastectomy" means the
16 removal of all or part of the breast for medically necessary
17 reasons, as determined by a licensed physician.

18 A county, including a home rule county, that is a
19 self-insurer for purposes of providing health insurance
20 coverage for its employees, may not penalize or reduce or
21 limit the reimbursement of an attending provider or provide
22 incentives (monetary or otherwise) to an attending provider to
23 induce the provider to provide care to an insured in a manner
24 inconsistent with this Section.

25 (d-20) The requirement that mammograms be included in
26 health insurance coverage as provided in subsections (d)

1 through (d-15) is an exclusive power and function of the State
2 and is a denial and limitation under Article VII, Section 6,
3 subsection (h) of the Illinois Constitution of home rule
4 county powers. A home rule county to which subsections (d)
5 through (d-15) apply must comply with every provision of those
6 subsections.

7 (d-25) If a county, including a home rule county, is a
8 self-insurer for purposes of providing health insurance
9 coverage, the insurance coverage shall include joint mental
10 health therapy services for any member of the sheriff's
11 office, including the sheriff, and any spouse or partner of
12 the member who resides with the member.

13 The joint mental health therapy services provided under
14 this subsection shall be performed by a physician licensed to
15 practice medicine in all of its branches, a licensed clinical
16 psychologist, a licensed clinical social worker, a licensed
17 clinical professional counselor, a licensed marriage and
18 family therapist, a licensed social worker, or a licensed
19 professional counselor.

20 This subsection is a limitation under subsection (i) of
21 Section 6 of Article VII of the Illinois Constitution on the
22 concurrent exercise by home rule units of powers and functions
23 exercised by the State.

24 (e) The term "employees" as used in this Section includes
25 elected or appointed officials but does not include temporary
26 employees.

1 (f) The county board may, by ordinance, arrange to provide
2 group life, health, accident, hospital, and medical insurance,
3 or any one or a combination of those types of insurance, under
4 this Section to retired former employees and retired former
5 elected or appointed officials of the county.

6 (g) Rulemaking authority to implement this amendatory Act
7 of the 95th General Assembly, if any, is conditioned on the
8 rules being adopted in accordance with all provisions of the
9 Illinois Administrative Procedure Act and all rules and
10 procedures of the Joint Committee on Administrative Rules; any
11 purported rule not so adopted, for whatever reason, is
12 unauthorized.

13 (h) If a county, including a home rule county, is a
14 self-insurer for purposes of providing health insurance
15 coverage for its employees, the insurance coverage shall
16 include, on and after June 1, 2025, mental health counseling
17 for any county employee who is a first responder without
18 imposing a deductible, coinsurance, copayment, or any other
19 cost-sharing requirement on the coverage provided, except that
20 this subsection does not apply to the extent such coverage
21 would disqualify a high-deductible health plan from
22 eligibility for a health savings account pursuant to Section
23 223 of the Internal Revenue Code.

24 The requirement that mental health counseling be included
25 in health insurance coverage as provided in this subsection is
26 an exclusive power and function of the State and is a denial

1 and limitation under Article VII, Section 6, subsection (h) of
2 the Illinois Constitution of home rule county powers.

3 As used in this subsection:

4 "First responders" means police and corrections officers,
5 deputy sheriffs, firefighters, emergency medical services
6 personnel, as that term is defined in Section 3.5 of the
7 Emergency Medical Services (EMS) Systems Act, dispatched
8 pursuant to a 9-1-1 call, emergency medical dispatchers, as
9 that term is defined in Section 3.70 of the Emergency Medical
10 Services (EMS) Systems Act, public safety telecommunicators,
11 as that term is defined in Section 2 of the Emergency Telephone
12 System Act, and mental health professionals employed and
13 dispatched by any unit of local government in response to
14 emergency crisis calls received on public emergency service
15 lines instead of or in conjunction with law enforcement.

16 "Mental health counseling" means counseling therapy
17 sessions provided by a clinical social worker, professional
18 counselor, or licensed psychologist.

21 (Text of Section after amendment by P.A. 103-808)

22 Sec. 5-1069. Group life, health, accident, hospital, and
23 medical insurance.

24 (a) The county board of any county may arrange to provide,
25 for the benefit of employees of the county, group life,

1 health, accident, hospital, and medical insurance, or any one
2 or any combination of those types of insurance, or the county
3 board may self-insure, for the benefit of its employees, all
4 or a portion of the employees' group life, health, accident,
5 hospital, and medical insurance, or any one or any combination
6 of those types of insurance, including a combination of
7 self-insurance and other types of insurance authorized by this
8 Section, provided that the county board complies with all
9 other requirements of this Section. The insurance may include
10 provision for employees who rely on treatment by prayer or
11 spiritual means alone for healing in accordance with the
12 tenets and practice of a well recognized religious
13 denomination. The county board may provide for payment by the
14 county of a portion or all of the premium or charge for the
15 insurance with the employee paying the balance of the premium
16 or charge, if any. If the county board undertakes a plan under
17 which the county pays only a portion of the premium or charge,
18 the county board shall provide for withholding and deducting
19 from the compensation of those employees who consent to join
20 the plan the balance of the premium or charge for the
21 insurance.

22 (b) If the county board does not provide for
23 self-insurance or for a plan under which the county pays a
24 portion or all of the premium or charge for a group insurance
25 plan, the county board may provide for withholding and
26 deducting from the compensation of those employees who consent

1 thereto the total premium or charge for any group life,
2 health, accident, hospital, and medical insurance.

3 (c) The county board may exercise the powers granted in
4 this Section only if it provides for self-insurance or, where
5 it makes arrangements to provide group insurance through an
6 insurance carrier, if the kinds of group insurance are
7 obtained from an insurance company authorized to do business
8 in the State of Illinois. The county board may enact an
9 ordinance prescribing the method of operation of the insurance
10 program.

11 (d) If a county, including a home rule county, is a
12 self-insurer for purposes of providing health insurance
13 coverage for its employees, the insurance coverage shall
14 include screening by low-dose mammography for all patients 35
15 years of age or older for the presence of occult breast cancer
16 unless the county elects to provide mammograms itself under
17 Section 5-1069.1. The coverage shall be as follows:

18 (1) A baseline mammogram for patients 35 to 39 years
19 of age.

20 (2) An annual mammogram for patients 40 years of age
21 or older.

22 (3) A mammogram at the age and intervals considered
23 medically necessary by the patient's health care provider
24 for patients under 40 years of age and having a family
25 history of breast cancer, prior personal history of breast
26 cancer, positive genetic testing, or other risk factors.

1 (4) For a group policy of accident and health
2 insurance that is amended, delivered, issued, or renewed
3 on or after January 1, 2020 (the effective date of Public
4 Act 101-580), a comprehensive ultrasound screening of an
5 entire breast or breasts if a mammogram demonstrates
6 heterogeneous or dense breast tissue or when medically
7 necessary as determined by a physician licensed to
8 practice medicine in all of its branches, advanced
9 practice registered nurse, or physician assistant.

10 (4.5) For a group policy of accident and health
11 insurance that is amended, delivered, issued, or renewed
12 on or after January 1, 2026 (the effective date of Public
13 Act 103-808) ~~this amendatory Act of the 103rd General~~
14 ~~Assembly~~, molecular breast imaging (MBI) and magnetic
15 resonance imaging of an entire breast or breasts if a
16 mammogram demonstrates heterogeneous or dense breast
17 tissue or when medically necessary as determined by a
18 physician licensed to practice medicine in all of its
19 branches, advanced practice registered nurse, or physician
20 assistant.

21 (5) For a group policy of accident and health
22 insurance that is amended, delivered, issued, or renewed
23 on or after January 1, 2020 (the effective date of Public
24 Act 101-580), a diagnostic mammogram when medically
25 necessary, as determined by a physician licensed to
26 practice medicine in all its branches, advanced practice

1 registered nurse, or physician assistant.

2 A policy subject to this subsection shall not impose a
3 deductible, coinsurance, copayment, or any other cost-sharing
4 requirement on the coverage provided; except that this
5 sentence does not apply to coverage of diagnostic mammograms
6 to the extent such coverage would disqualify a high-deductible
7 health plan from eligibility for a health savings account
8 pursuant to Section 223 of the Internal Revenue Code (26
9 U.S.C. 223).

10 For purposes of this subsection:

11 "Diagnostic mammogram" means a mammogram obtained using
12 diagnostic mammography.

13 "Diagnostic mammography" means a method of screening that
14 is designed to evaluate an abnormality in a breast, including
15 an abnormality seen or suspected on a screening mammogram or a
16 subjective or objective abnormality otherwise detected in the
17 breast.

18 "Low-dose mammography" means the x-ray examination of the
19 breast using equipment dedicated specifically for mammography,
20 including the x-ray tube, filter, compression device, and
21 image receptor, with an average radiation exposure delivery of
22 less than one rad per breast for 2 views of an average size
23 breast. The term also includes digital mammography.

24 (d-5) Coverage as described by subsection (d) shall be
25 provided at no cost to the insured and shall not be applied to
26 an annual or lifetime maximum benefit.

1 (d-10) When health care services are available through
2 contracted providers and a person does not comply with plan
3 provisions specific to the use of contracted providers, the
4 requirements of subsection (d-5) are not applicable. When a
5 person does not comply with plan provisions specific to the
6 use of contracted providers, plan provisions specific to the
7 use of non-contracted providers must be applied without
8 distinction for coverage required by this Section and shall be
9 at least as favorable as for other radiological examinations
10 covered by the policy or contract.

11 (d-15) If a county, including a home rule county, is a
12 self-insurer for purposes of providing health insurance
13 coverage for its employees, the insurance coverage shall
14 include mastectomy coverage, which includes coverage for
15 prosthetic devices or reconstructive surgery incident to the
16 mastectomy. Coverage for breast reconstruction in connection
17 with a mastectomy shall include:

18 (1) reconstruction of the breast upon which the
19 mastectomy has been performed;

20 (2) surgery and reconstruction of the other breast to
21 produce a symmetrical appearance; and

22 (3) prostheses and treatment for physical
23 complications at all stages of mastectomy, including
24 lymphedemas.

25 Care shall be determined in consultation with the attending
26 physician and the patient. The offered coverage for prosthetic

1 devices and reconstructive surgery shall be subject to the
2 deductible and coinsurance conditions applied to the
3 mastectomy, and all other terms and conditions applicable to
4 other benefits. When a mastectomy is performed and there is no
5 evidence of malignancy then the offered coverage may be
6 limited to the provision of prosthetic devices and
7 reconstructive surgery to within 2 years after the date of the
8 mastectomy. As used in this Section, "mastectomy" means the
9 removal of all or part of the breast for medically necessary
10 reasons, as determined by a licensed physician.

11 A county, including a home rule county, that is a
12 self-insurer for purposes of providing health insurance
13 coverage for its employees, may not penalize or reduce or
14 limit the reimbursement of an attending provider or provide
15 incentives (monetary or otherwise) to an attending provider to
16 induce the provider to provide care to an insured in a manner
17 inconsistent with this Section.

18 (d-20) The requirement that mammograms be included in
19 health insurance coverage as provided in subsections (d)
20 through (d-15) is an exclusive power and function of the State
21 and is a denial and limitation under Article VII, Section 6,
22 subsection (h) of the Illinois Constitution of home rule
23 county powers. A home rule county to which subsections (d)
24 through (d-15) apply must comply with every provision of those
25 subsections.

26 (d-25) If a county, including a home rule county, is a

1 self-insurer for purposes of providing health insurance
2 coverage, the insurance coverage shall include joint mental
3 health therapy services for any member of the sheriff's
4 office, including the sheriff, and any spouse or partner of
5 the member who resides with the member.

6 The joint mental health therapy services provided under
7 this subsection shall be performed by a physician licensed to
8 practice medicine in all of its branches, a licensed clinical
9 psychologist, a licensed clinical social worker, a licensed
10 clinical professional counselor, a licensed marriage and
11 family therapist, a licensed social worker, or a licensed
12 professional counselor.

13 This subsection is a limitation under subsection (i) of
14 Section 6 of Article VII of the Illinois Constitution on the
15 concurrent exercise by home rule units of powers and functions
16 exercised by the State.

17 (e) The term "employees" as used in this Section includes
18 elected or appointed officials but does not include temporary
19 employees.

20 (f) The county board may, by ordinance, arrange to provide
21 group life, health, accident, hospital, and medical insurance,
22 or any one or a combination of those types of insurance, under
23 this Section to retired former employees and retired former
24 elected or appointed officials of the county.

25 (g) Rulemaking authority to implement this amendatory Act
26 of the 95th General Assembly, if any, is conditioned on the

1 rules being adopted in accordance with all provisions of the
2 Illinois Administrative Procedure Act and all rules and
3 procedures of the Joint Committee on Administrative Rules; any
4 purported rule not so adopted, for whatever reason, is
5 unauthorized.

6 (h) If a county, including a home rule county, is a
7 self-insurer for purposes of providing health insurance
8 coverage for its employees, the insurance coverage shall
9 include, on and after June 1, 2025, mental health counseling
10 for any county employee who is a first responder without
11 imposing a deductible, coinsurance, copayment, or any other
12 cost-sharing requirement on the coverage provided, except that
13 this subsection does not apply to the extent such coverage
14 would disqualify a high-deductible health plan from
15 eligibility for a health savings account pursuant to Section
16 223 of the Internal Revenue Code.

17 The requirement that mental health counseling be included
18 in health insurance coverage as provided in this subsection is
19 an exclusive power and function of the State and is a denial
20 and limitation under Article VII, Section 6, subsection (h) of
21 the Illinois Constitution of home rule county powers.

22 As used in this subsection:

23 "First responders" means police and corrections officers,
24 deputy sheriffs, firefighters, emergency medical services
25 personnel, as that term is defined in Section 3.5 of the
26 Emergency Medical Services (EMS) Systems Act, dispatched

1 pursuant to a 9-1-1 call, emergency medical dispatchers, as
2 that term is defined in Section 3.70 of the Emergency Medical
3 Services (EMS) Systems Act, public safety telecommunicators,
4 as that term is defined in Section 2 of the Emergency Telephone
5 System Act, and mental health professionals employed and
6 dispatched by any unit of local government in response to
7 emergency crisis calls received on public emergency service
8 lines instead of or in conjunction with law enforcement.

9 "Mental health counseling" means counseling therapy
10 sessions provided by a clinical social worker, professional
11 counselor, or licensed psychologist.

7 requirement that health benefits be covered as provided in
8 this Section is an exclusive power and function of the State
9 and is a denial and limitation under Article VII, Section 6,

3 not limited to, all applicable safety codes and requirements.
4 However, nothing in this Section shall be construed to
5 authorize a county to lease, license, or otherwise grant
6 access to or use of infrastructure that the county does not own
7 or control to public or private entities to facilitate the
8 delivery of broadband services. This Section applies to

18 a court program regulated under the Drug Court Treatment Act,
19 the Juvenile Drug Court Treatment Act, the Mental Health Court
20 Treatment Act, or the Veterans and Servicemembers Court
21 Treatment Act.

22 (b) Notwithstanding any other provision of law, a county
23 may use funds designated by law or ordinance for

4 (55 ILCS 5/5-12020)

5 Sec. 5-12020. Commercial wind energy facilities and
6 commercial solar energy facilities.

7 (a) As used in this Section:

8 "Commercial solar energy facility" means a "commercial
9 solar energy system" as defined in Section 10-720 of the
10 Property Tax Code. "Commercial solar energy facility" does not
11 mean a utility-scale solar energy facility being constructed
12 at a site that was eligible to participate in a procurement
13 event conducted by the Illinois Power Agency pursuant to
14 subsection (c-5) of Section 1-75 of the Illinois Power Agency
15 Act.

16 "Commercial wind energy facility" means a wind energy
17 conversion facility of equal or greater than 500 kilowatts in
18 total nameplate generating capacity. "Commercial wind energy
19 facility" includes a wind energy conversion facility seeking
20 an extension of a permit to construct granted by a county or
21 municipality before January 27, 2023 (the effective date of
22 Public Act 102-1123).

23 "Facility owner" means (i) a person with a direct
24 ownership interest in a commercial wind energy facility or a
25 commercial solar energy facility, or both, regardless of

1 whether the person is involved in acquiring the necessary
2 rights, permits, and approvals or otherwise planning for the
3 construction and operation of the facility, and (ii) at the
4 time the facility is being developed, a person who is acting as
5 a developer of the facility by acquiring the necessary rights,
6 permits, and approvals or by planning for the construction and
7 operation of the facility, regardless of whether the person
8 will own or operate the facility.

9 "Nonparticipating property" means real property that is
10 not a participating property.

11 "Nonparticipating residence" means a residence that is
12 located on nonparticipating property and that is existing and
13 occupied on the date that an application for a permit to
14 develop the commercial wind energy facility or the commercial
15 solar energy facility is filed with the county.

16 "Occupied community building" means any one or more of the
17 following buildings that is existing and occupied on the date
18 that the application for a permit to develop the commercial
19 wind energy facility or the commercial solar energy facility
20 is filed with the county: a school, place of worship, day care
21 facility, public library, or community center.

22 "Participating property" means real property that is the
23 subject of a written agreement between a facility owner and
24 the owner of the real property that provides the facility
25 owner an easement, option, lease, or license to use the real
26 property for the purpose of constructing a commercial wind

1 energy facility, a commercial solar energy facility, or
2 supporting facilities. "Participating property" also includes
3 real property that is owned by a facility owner for the purpose
4 of constructing a commercial wind energy facility, a
5 commercial solar energy facility, or supporting facilities.

6 "Participating residence" means a residence that is
7 located on participating property and that is existing and
8 occupied on the date that an application for a permit to
9 develop the commercial wind energy facility or the commercial
10 solar energy facility is filed with the county.

11 "Protected lands" means real property that is:

12 (1) subject to a permanent conservation right
13 consistent with the Real Property Conservation Rights Act;
14 or

15 (2) registered or designated as a nature preserve,
16 buffer, or land and water reserve under the Illinois
17 Natural Areas Preservation Act.

18 "Supporting facilities" means the transmission lines,
19 substations, access roads, meteorological towers, storage
20 containers, and equipment associated with the generation and
21 storage of electricity by the commercial wind energy facility
22 or commercial solar energy facility.

23 "Wind tower" includes the wind turbine tower, nacelle, and
24 blades.

25 (b) Notwithstanding any other provision of law or whether
26 the county has formed a zoning commission and adopted formal

1 zoning under Section 5-12007, a county may establish standards
2 for commercial wind energy facilities, commercial solar energy
3 facilities, or both. The standards may include all of the
4 requirements specified in this Section but may not include
5 requirements for commercial wind energy facilities or
6 commercial solar energy facilities that are more restrictive
7 than specified in this Section. A county may also regulate the
8 siting of commercial wind energy facilities with standards
9 that are not more restrictive than the requirements specified
10 in this Section in unincorporated areas of the county that are
11 outside the zoning jurisdiction of a municipality and that are
12 outside the 1.5-mile radius surrounding the zoning
13 jurisdiction of a municipality.

14 (c) If a county has elected to establish standards under
15 subsection (b), before the county grants siting approval or a
16 special use permit for a commercial wind energy facility or a
17 commercial solar energy facility, or modification of an
18 approved siting or special use permit, the county board of the
19 county in which the facility is to be sited or the zoning board
20 of appeals for the county shall hold at least one public
21 hearing. The public hearing shall be conducted in accordance
22 with the Open Meetings Act and shall be held not more than 60
23 days after the filing of the application for the facility. The
24 county shall allow interested parties to a special use permit
25 an opportunity to present evidence and to cross-examine
26 witnesses at the hearing, but the county may impose reasonable

1 restrictions on the public hearing, including reasonable time
2 limitations on the presentation of evidence and the
3 cross-examination of witnesses. The county shall also allow
4 public comment at the public hearing in accordance with the
5 Open Meetings Act. The county shall make its siting and
6 permitting decisions not more than 30 days after the
7 conclusion of the public hearing. Notice of the hearing shall
8 be published in a newspaper of general circulation in the
9 county. A facility owner must enter into an agricultural
10 impact mitigation agreement with the Department of Agriculture
11 prior to the date of the required public hearing. A commercial
12 wind energy facility owner seeking an extension of a permit
13 granted by a county prior to July 24, 2015 (the effective date
14 of Public Act 99-132) must enter into an agricultural impact
15 mitigation agreement with the Department of Agriculture prior
16 to a decision by the county to grant the permit extension.
17 Counties may allow test wind towers or test solar energy
18 systems to be sited without formal approval by the county
19 board.

20 (d) A county with an existing zoning ordinance in conflict
21 with this Section shall amend that zoning ordinance to be in
22 compliance with this Section within 120 days after January 27,
23 2023 (the effective date of Public Act 102-1123).

24 (e) A county may require:

25 (1) a wind tower of a commercial wind energy facility
26 to be sited as follows, with setback distances measured

1 from the center of the base of the wind tower:

2 Occupied Community 150 feet from the nearest

18 electric facility clearances approved or required by the
19 National Electrical Code, the ~~The~~ National Electrical
20 Safety Code, the Illinois Commerce Commission, and the
21 Federal Energy Regulatory Commission, and their designees
22 or successors;:-

23 (2) a wind tower of a commercial wind energy facility

1 to be sited so that industry standard computer modeling
2 indicates that any occupied community building or
3 nonparticipating residence will not experience more than
4 30 hours per year of shadow flicker under planned
5 operating conditions;

6 (3) a commercial solar energy facility to be sited as
7 follows, with setback distances measured from the nearest
8 edge of any component of the facility:

9	Setback Description	Setback Distance
10	Occupied Community	150 feet from the nearest

1 (4) a commercial solar energy facility to be sited so
2 that the facility's perimeter is enclosed by fencing
3 having a height of at least 6 feet and no more than 25
4 feet; and

5 (5) a commercial solar energy facility to be sited so
6 that no component of a solar panel has a height of more
7 than 20 feet above ground when the solar energy facility's
8 arrays are at full tilt.

9 The requirements set forth in this subsection (e) may be
10 waived subject to the written consent of the owner of each
11 affected nonparticipating property.

12 (f) A county may not set a sound limitation for wind towers
13 in commercial wind energy facilities or any components in
14 commercial solar energy facilities that is more restrictive
15 than the sound limitations established by the Illinois
16 Pollution Control Board under 35 Ill. Adm. Code Parts 900,
17 901, and 910.

18 (g) A county may not place any restriction on the
19 installation or use of a commercial wind energy facility or a
20 commercial solar energy facility unless it adopts an ordinance
21 that complies with this Section. A county may not establish
22 siting standards for supporting facilities that preclude
23 development of commercial wind energy facilities or commercial
24 solar energy facilities.

25 A request for siting approval or a special use permit for a
26 commercial wind energy facility or a commercial solar energy

1 facility, or modification of an approved siting or special use
2 permit, shall be approved if the request is in compliance with
3 the standards and conditions imposed in this Act, the zoning
4 ordinance adopted consistent with this Code, and the
5 conditions imposed under State and federal statutes and
6 regulations.

7 (h) A county may not adopt zoning regulations that
8 disallow, permanently or temporarily, commercial wind energy
9 facilities or commercial solar energy facilities from being
10 developed or operated in any district zoned to allow
11 agricultural or industrial uses.

12 (i) A county may not require permit application fees for a
13 commercial wind energy facility or commercial solar energy
14 facility that are unreasonable. All application fees imposed
15 by the county shall be consistent with fees for projects in the
16 county with similar capital value and cost.

17 (j) Except as otherwise provided in this Section, a county
18 shall not require standards for construction, decommissioning,
19 or deconstruction of a commercial wind energy facility or
20 commercial solar energy facility or related financial
21 assurances that are more restrictive than those included in
22 the Department of Agriculture's standard wind farm
23 agricultural impact mitigation agreement, template 81818, or
24 standard solar agricultural impact mitigation agreement,
25 version 8.19.19, as applicable and in effect on December 31,
26 2022. The amount of any decommissioning payment shall be in

1 accordance with the financial assurance required by those
2 agricultural impact mitigation agreements.

3 (j-5) A commercial wind energy facility or a commercial
4 solar energy facility shall file a farmland drainage plan with
5 the county and impacted drainage districts outlining how
6 surface and subsurface drainage of farmland will be restored
7 during and following construction or deconstruction of the
8 facility. The plan is to be created independently by the
9 facility developer and shall include the location of any
10 potentially impacted drainage district facilities to the
11 extent this information is publicly available from the county
12 or the drainage district, plans to repair any subsurface
13 drainage affected during construction or deconstruction using
14 procedures outlined in the agricultural impact mitigation
15 agreement entered into by the commercial wind energy facility
16 owner or commercial solar energy facility owner, and
17 procedures for the repair and restoration of surface drainage
18 affected during construction or deconstruction. All surface
19 and subsurface damage shall be repaired as soon as reasonably
20 practicable.

21 (k) A county may not condition approval of a commercial
22 wind energy facility or commercial solar energy facility on a
23 property value guarantee and may not require a facility owner
24 to pay into a neighboring property devaluation escrow account.

25 (l) A county may require certain vegetative screening
26 surrounding a commercial wind energy facility or commercial

1 solar energy facility but may not require earthen berms or
2 similar structures.

3 (m) A county may set blade tip height limitations for wind
4 towers in commercial wind energy facilities but may not set a
5 blade tip height limitation that is more restrictive than the
6 height allowed under a Determination of No Hazard to Air
7 Navigation by the Federal Aviation Administration under 14 CFR
8 Part 77.

9 (n) A county may require that a commercial wind energy
10 facility owner or commercial solar energy facility owner
11 provide:

12 (1) the results and recommendations from consultation
13 with the Illinois Department of Natural Resources that are
14 obtained through the Ecological Compliance Assessment Tool
15 (EcoCAT) or a comparable successor tool; and

16 (2) the results of the United States Fish and Wildlife
17 Service's Information for Planning and Consulting
18 environmental review or a comparable successor tool that
19 is consistent with (i) the "U.S. Fish and Wildlife
20 Service's Land-Based Wind Energy Guidelines" and (ii) any
21 applicable United States Fish and Wildlife Service solar
22 wildlife guidelines that have been subject to public
23 review.

24 (o) A county may require a commercial wind energy facility
25 or commercial solar energy facility to adhere to the
26 recommendations provided by the Illinois Department of Natural

1 Resources in an EcoCAT natural resource review report under 17
2 Ill. Adm. Code Part 1075.

3 (p) A county may require a facility owner to:

4 (1) demonstrate avoidance of protected lands as
5 identified by the Illinois Department of Natural Resources
6 and the Illinois Nature Preserve Commission; or

7 (2) consider the recommendations of the Illinois
8 Department of Natural Resources for setbacks from
9 protected lands, including areas identified by the
10 Illinois Nature Preserve Commission.

11 (q) A county may require that a facility owner provide
12 evidence of consultation with the Illinois State Historic
13 Preservation Office to assess potential impacts on
14 State-registered historic sites under the Illinois State
15 Agency Historic Resources Preservation Act.

16 (r) To maximize community benefits, including, but not
17 limited to, reduced stormwater runoff, flooding, and erosion
18 at the ground mounted solar energy system, improved soil
19 health, and increased foraging habitat for game birds,
20 songbirds, and pollinators, a county may (1) require a
21 commercial solar energy facility owner to plant, establish,
22 and maintain for the life of the facility vegetative ground
23 cover, consistent with the goals of the Pollinator-Friendly
24 Solar Site Act and (2) require the submittal of a vegetation
25 management plan that is in compliance with the agricultural
26 impact mitigation agreement in the application to construct

1 and operate a commercial solar energy facility in the county
2 if the vegetative ground cover and vegetation management plan
3 comply with the requirements of the underlying agreement with
4 the landowner or landowners where the facility will be
5 constructed.

6 No later than 90 days after January 27, 2023 (the
7 effective date of Public Act 102-1123), the Illinois
8 Department of Natural Resources shall develop guidelines for
9 vegetation management plans that may be required under this
10 subsection for commercial solar energy facilities. The
11 guidelines must include guidance for short-term and long-term
12 property management practices that provide and maintain native
13 and non-invasive naturalized perennial vegetation to protect
14 the health and well-being of pollinators.

15 (s) If a facility owner enters into a road use agreement
16 with the Illinois Department of Transportation, a road
17 district, or other unit of local government relating to a
18 commercial wind energy facility or a commercial solar energy
19 facility, the road use agreement shall require the facility
20 owner to be responsible for (i) the reasonable cost of
21 improving roads used by the facility owner to construct the
22 commercial wind energy facility or the commercial solar energy
23 facility and (ii) the reasonable cost of repairing roads used
24 by the facility owner during construction of the commercial
25 wind energy facility or the commercial solar energy facility
26 so that those roads are in a condition that is safe for the

1 driving public after the completion of the facility's
2 construction. Roadways improved in preparation for and during
3 the construction of the commercial wind energy facility or
4 commercial solar energy facility shall be repaired and
5 restored to the improved condition at the reasonable cost of
6 the developer if the roadways have degraded or were damaged as
7 a result of construction-related activities.

8 The road use agreement shall not require the facility
9 owner to pay costs, fees, or charges for road work that is not
10 specifically and uniquely attributable to the construction of
11 the commercial wind energy facility or the commercial solar
12 energy facility. Road-related fees, permit fees, or other
13 charges imposed by the Illinois Department of Transportation,
14 a road district, or other unit of local government under a road
15 use agreement with the facility owner shall be reasonably
16 related to the cost of administration of the road use
17 agreement.

18 (s-5) The facility owner shall also compensate landowners
19 for crop losses or other agricultural damages resulting from
20 damage to the drainage system caused by the construction of
21 the commercial wind energy facility or the commercial solar
22 energy facility. The commercial wind energy facility owner or
23 commercial solar energy facility owner shall repair or pay for
24 the repair of all damage to the subsurface drainage system
25 caused by the construction of the commercial wind energy
26 facility or the commercial solar energy facility in accordance

1 with the agriculture impact mitigation agreement requirements
2 for repair of drainage. The commercial wind energy facility
3 owner or commercial solar energy facility owner shall repair
4 or pay for the repair and restoration of surface drainage
5 caused by the construction or deconstruction of the commercial
6 wind energy facility or the commercial solar energy facility
7 as soon as reasonably practicable.

8 (t) Notwithstanding any other provision of law, a facility
9 owner with siting approval from a county to construct a
10 commercial wind energy facility or a commercial solar energy
11 facility is authorized to cross or impact a drainage system,
12 including, but not limited to, drainage tiles, open drainage
13 ditches, culverts, and water gathering vaults, owned or under
14 the control of a drainage district under the Illinois Drainage
15 Code without obtaining prior agreement or approval from the
16 drainage district in accordance with the farmland drainage
17 plan required by subsection (j-5).

18 (u) The amendments to this Section adopted in Public Act
19 102-1123 do not apply to: (1) an application for siting
20 approval or for a special use permit for a commercial wind
21 energy facility or commercial solar energy facility if the
22 application was submitted to a unit of local government before
23 January 27, 2023 (the effective date of Public Act 102-1123);
24 (2) a commercial wind energy facility or a commercial solar
25 energy facility if the facility owner has submitted an
26 agricultural impact mitigation agreement to the Department of

1 Agriculture before January 27, 2023 (the effective date of
2 Public Act 102-1123); or (3) a commercial wind energy or
3 commercial solar energy development on property that is
4 located within an enterprise zone certified under the Illinois
5 Enterprise Zone Act, that was classified as industrial by the
6 appropriate zoning authority on or before January 27, 2023,
7 and that is located within 4 miles of the intersection of
8 Interstate 88 and Interstate 39.

12 Sec. 5-12022. Building permit fee for veterans with a
13 disability.

14 (a) A veteran with a disability or the veteran's caregiver
15 shall not be charged any building permit fee for improvements
16 to the residence of the veteran with a disability if the
17 improvements are required to accommodate a disability of the
18 veteran. Nothing in this subsection changes the obligation of
19 any person to submit to the county applications, forms, or
20 other paperwork to obtain a building permit. A veteran or
21 caregiver must provide proof of veteran status and attest to
22 the fact that the improvements to the residence are required
23 to accommodate the veteran's disability. Proof of veteran
24 status is to be construed liberally, and veteran status shall
25 include service in the Armed Forces of the United States,

1 National Guard, or the reserves of the Armed Forces of the
2 United States.

3 (b) What constitutes proof of veteran status shall be
4 determined by the county. The Illinois Department of Veterans'
5 Affairs may not adjudicate any dispute arising under
6 subsection ~~paragraph~~ (a).

7 (c) A home rule county may not regulate building permit
8 fees in a manner inconsistent with this Section. This Section
9 is a limitation under subsection (i) of Section 6 of Article
10 VII of the Illinois Constitution on the concurrent exercise by
11 home rule units of powers and functions exercised by the
12 State.

14 (55 ILCS 5/5-12023)

15 Sec. 5-12023 ~~5-12022~~. Battery-charged fences.

16 (a) As used in this Section, "battery-charged fence" means
17 a fence energized by a battery that is not more than 12 volts
18 of direct current that interfaces with an alarm system in a
19 manner that enables the fence to cause the connected alarm
20 system to transmit a signal intended to notify law enforcement
21 of a potential intrusion.

22 (b) Notwithstanding any other law, a county may not
23 require a permit or other approval for the installation,
24 maintenance, placement, replacement, or servicing of a
25 battery-charged fence if (i) the battery-charged fence is

1 located on nonresidential property completely surrounded by a
2 nonelectric perimeter fence or wall that is not less than 5
3 feet in height and does not exceed 10 feet in height or 2 feet
4 higher than the nonelectric perimeter fence or wall, whichever
5 is higher, and (ii) any electrical charge produced on contact
6 does not exceed energizer characteristics set for electric
7 fences by the International Electrotechnical Commission.

8 (c) Any battery-charged fence installed under this Section
9 must have conspicuous signs located on the fence placed not
10 less than 30 feet apart that read: "WARNING: ELECTRIC FENCE".

11 (d) A home rule county may not regulate battery-charged
12 fencing in a manner inconsistent with this Section. This
13 Section is a limitation under subsection (i) of Section 6 of
14 Article VII of the Illinois Constitution on the concurrent
15 exercise by home rule units of powers and functions exercised
16 by the State.

18 (55 ILCS 5/5-15017) (from Ch. 34, par. 5-15017)

19 Sec. 5-15017. Revenue bonds. In order to pay the cost of
20 the construction, acquisition by condemnation, purchase, or
21 otherwise of any waterworks properties, or sewage facilities,
22 or a combination thereof, or waste management facilities, as
23 the case may be, and the improvement or extension from time to
24 time thereof, including engineering, inspection, legal and
25 financial fees and costs, working capital, interest on such

1 bonds during construction and for a reasonable period
2 thereafter, establishment of reserves to secure such bonds and
3 all other expenditures of such county incidental and necessary
4 or convenient thereto, the county board may issue and sell
5 revenue bonds payable solely from the income and revenue
6 derived from the operation of the waterworks properties, or
7 sewage facilities, or a combination thereof, or waste
8 management facilities, as the case may be, and may also from
9 time to time issue revenue bonds for the purpose of paying,
10 refunding, or redeeming revenue bonds before, after, or at
11 their maturity, including paying redemption premiums or
12 interest accruing or to accrue on the bonds being paid or
13 redeemed or for paying any other costs in connection with any
14 such payment or redemption. All such bonds shall be authorized
15 by ordinance to be adopted by the board, which shall be
16 separate and distinct as applies to waterworks properties and
17 as applied to sewage facilities except where the system is
18 combined. Such bonds shall bear such date or dates, mature at
19 such time or serially at such times not exceeding 40 years from
20 their respective dates, may bear interest at such rate or
21 rates not exceeding the maximum rate established in the Bond
22 Authorization Act ~~"An Act to authorize public corporations to~~
23 ~~issue bonds, other evidences of indebtedness and tax~~
24 ~~anticipation warrants subject to interest rate limitations set~~
25 ~~forth therein", approved May 26, 1970,~~ as from time to time in
26 effect, may be in such form, may carry such registration

1 privileges, may be executed in such manner, may be payable at
2 such place or places, may be subject to redemption in such
3 manner, and upon such terms with or without premium as is
4 stated on the face thereof, and may be executed in such manner
5 by such officers, and may contain such terms and covenants,
6 all as provided by the ordinance authorizing the issue.

7 Such bonds shall be sold in such manner as the board shall
8 determine, and if issued to bear interest at the maximum rate
9 specified in this Section shall be sold for not less than par
10 and accrued interest; however, the selling price of any bonds
11 bearing less than such maximum rate, shall be such that the
12 interest cost of the money received from the sale of the bonds
13 shall not exceed such maximum rate, computed to absolute
14 maturity, according to standard tables of bond values.

15 Notwithstanding the form or tenor thereof, and in the
16 absence of expressed recitals on the face thereof that the
17 bonds are non-negotiable, all such bonds shall be negotiable
18 instruments.

19 To secure payment of any and all such bonds such ordinance
20 shall set forth the covenants and undertakings of the county
21 in connection with the issuance thereof, and the issuance of
22 additional bonds payable from the revenues or income to be
23 derived from the operation of the waterworks properties or
24 sewage facilities, or waste management facilities, as the case
25 may be, as well as the use and operation thereof, and for the
26 use and disposition for waterworks, and sewerage, and waste

1 management purposes of investment earnings on funds and
2 accounts created with respect to the revenue bonds.

3 In case any officer whose signature appears on the bond or
4 coupons attached thereto shall cease to be such officer before
5 the delivery of the bonds to the purchaser, such signature
6 shall nevertheless be valid and sufficient for all purposes to
7 the same effect as if he had remained in office until the
8 delivery of the bonds.

9 Under no circumstances shall any bonds issued or any other
10 obligation, except as set forth in Section 5-15003, incurred
11 pursuant to the provisions of this Division be or become an
12 indebtedness or an obligation of the county payable from taxes
13 and shall not in any event constitute an indebtedness of such
14 county within the meaning of the constitutional provisions or
15 limitations, and such fact shall be plainly stated on the face
16 of each bond.

25 opinion of the museum district and the Illinois State
26 Museum is of low value as to its proposed use.

3 board, to employ and fix the compensation of such
4 assistants and employees as the board may consider
5 necessary for the implementation of this Division.

6 (i) To charge and collect reasonable fees for the use
7 of such facilities, privileges, and conveniences as may be

3 Such fund, and the moneys therein, shall not be regarded as
4 current assets available for appropriation and shall not be

6 annual appropriations bill. The county board may appropriate
7 moneys to the working cash fund up to the maximum amount

9 such appropriations and any other contributions. In order to
10 provide moneys with which to meet ordinary and necessary
11 disbursements for salaries and other corporate purposes, such
12 fund and the moneys therein may be transferred, in whole or in
13 part, to the general corporate fund of the county and so
14 disbursed therefrom (a) in anticipation of the collection of
15 any taxes lawfully levied for general corporate purposes, (b)
16 in anticipation of the receipt of moneys to be derived from

2 of the State Revenue Sharing Act ~~"An Act in relation to State~~
3 ~~revenue sharing with local government entities", approved July~~
4 ~~31, 1969, as amended,~~ and to the payment of any such notes and

6 working cash fund as hereinafter provided. Upon the receipt by
7 said county treasurer of any taxes, or other moneys, in
8 anticipation of the collection or receipt whereof moneys of
9 such working cash fund have been so transferred for
10 disbursement, such fund shall immediately be reimbursed
11 therefrom until the full amount so transferred has been
12 re-transferred to such fund. Unless the taxes and other moneys
13 so received and applied to the reimbursement of the working
14 cash fund, prior to the close of the fiscal year following the
15 fiscal year in which the last tax penalty date fall due shall
16 be sufficient to effect a complete reimbursement of such fund
17 for any moneys transferred therefrom in anticipation of the

13 Sec. 10-4-2. Group insurance.

14 (a) The corporate authorities of any municipality may
15 arrange to provide, for the benefit of employees of the
16 municipality, group life, health, accident, hospital, and

10 charge for a group insurance plan, the corporate authorities
11 may provide for withholding and deducting from the
12 compensation of those employees who consent thereto the
13 premium or charge for any group life, health, accident,
14 hospital, and medical insurance.

15 (c) The corporate authorities may exercise the powers
16 granted in this Section only if the kinds of group insurance
17 are obtained from an insurance company authorized to do
18 business in the State of Illinois, or are obtained through an
19 intergovernmental joint self-insurance pool as authorized
20 under the Intergovernmental Cooperation Act. The corporate
21 authorities may enact an ordinance prescribing the method of
22 operation of the insurance program.

23 (d) If a municipality, including a home rule municipality,
24 is a self-insurer for purposes of providing health insurance
25 coverage for its employees, the insurance coverage shall
26 include screening by low-dose mammography for all women 35

1 years of age or older for the presence of occult breast cancer
2 unless the municipality elects to provide mammograms itself
3 under Section 10-4-2.1. The coverage shall be as follows:

4 (1) A baseline mammogram for women 35 to 39 years of
5 age.

6 (2) An annual mammogram for women 40 years of age or
7 older.

8 (3) A mammogram at the age and intervals considered
9 medically necessary by the woman's health care provider
10 for women under 40 years of age and having a family history
11 of breast cancer, prior personal history of breast cancer,
12 positive genetic testing, or other risk factors.

13 (4) For a group policy of accident and health
14 insurance that is amended, delivered, issued, or renewed
15 on or after January 1, 2020 (the effective date of Public
16 Act 101-580) ~~this amendatory Act of the 101st General~~
17 ~~Assembly~~, a comprehensive ultrasound screening of an
18 entire breast or breasts if a mammogram demonstrates
19 heterogeneous or dense breast tissue or when medically
20 necessary as determined by a physician licensed to
21 practice medicine in all of its branches.

22 (5) For a group policy of accident and health
23 insurance that is amended, delivered, issued, or renewed
24 on or after January 1, 2020 (the effective date of Public
25 Act 101-580) ~~this amendatory Act of the 101st General~~
26 ~~Assembly~~, a diagnostic mammogram when medically necessary,

1 as determined by a physician licensed to practice medicine
2 in all its branches, advanced practice registered nurse,
3 or physician assistant.

4 A policy subject to this subsection shall not impose a
5 deductible, coinsurance, copayment, or any other cost-sharing
6 requirement on the coverage provided; except that this
7 sentence does not apply to coverage of diagnostic mammograms
8 to the extent such coverage would disqualify a high-deductible
9 health plan from eligibility for a health savings account
10 pursuant to Section 223 of the Internal Revenue Code (26
11 U.S.C. 223).

12 For purposes of this subsection:

13 "Diagnostic mammogram" means a mammogram obtained using
14 diagnostic mammography.

15 "Diagnostic mammography" means a method of screening that
16 is designed to evaluate an abnormality in a breast, including
17 an abnormality seen or suspected on a screening mammogram or a
18 subjective or objective abnormality otherwise detected in the
19 breast.

20 "Low-dose mammography" means the x-ray examination of the
21 breast using equipment dedicated specifically for mammography,
22 including the x-ray tube, filter, compression device, and
23 image receptor, with an average radiation exposure delivery of
24 less than one rad per breast for 2 views of an average size
25 breast. The term also includes digital mammography.

26 (d-5) Coverage as described by subsection (d) shall be

1 provided at no cost to the insured and shall not be applied to
2 an annual or lifetime maximum benefit.

3 (d-10) When health care services are available through
4 contracted providers and a person does not comply with plan
5 provisions specific to the use of contracted providers, the
6 requirements of subsection (d-5) are not applicable. When a
7 person does not comply with plan provisions specific to the
8 use of contracted providers, plan provisions specific to the
9 use of non-contracted providers must be applied without
10 distinction for coverage required by this Section and shall be
11 at least as favorable as for other radiological examinations
12 covered by the policy or contract.

13 (d-15) If a municipality, including a home rule
14 municipality, is a self-insurer for purposes of providing
15 health insurance coverage for its employees, the insurance
16 coverage shall include mastectomy coverage, which includes
17 coverage for prosthetic devices or reconstructive surgery
18 incident to the mastectomy. Coverage for breast reconstruction
19 in connection with a mastectomy shall include:

20 (1) reconstruction of the breast upon which the
21 mastectomy has been performed;

22 (2) surgery and reconstruction of the other breast to
23 produce a symmetrical appearance; and

24 (3) prostheses and treatment for physical
25 complications at all stages of mastectomy, including
26 lymphedemas.

1 Care shall be determined in consultation with the attending
2 physician and the patient. The offered coverage for prosthetic
3 devices and reconstructive surgery shall be subject to the
4 deductible and coinsurance conditions applied to the
5 mastectomy, and all other terms and conditions applicable to
6 other benefits. When a mastectomy is performed and there is no
7 evidence of malignancy then the offered coverage may be
8 limited to the provision of prosthetic devices and
9 reconstructive surgery to within 2 years after the date of the
10 mastectomy. As used in this Section, "mastectomy" means the
11 removal of all or part of the breast for medically necessary
12 reasons, as determined by a licensed physician.

13 A municipality, including a home rule municipality, that
14 is a self-insurer for purposes of providing health insurance
15 coverage for its employees, may not penalize or reduce or
16 limit the reimbursement of an attending provider or provide
17 incentives (monetary or otherwise) to an attending provider to
18 induce the provider to provide care to an insured in a manner
19 inconsistent with this Section.

20 (d-20) The requirement that mammograms be included in
21 health insurance coverage as provided in subsections (d)
22 through (d-15) is an exclusive power and function of the State
23 and is a denial and limitation under Article VII, Section 6,
24 subsection (h) of the Illinois Constitution of home rule
25 municipality powers. A home rule municipality to which
26 subsections (d) through (d-15) apply must comply with every

1 provision of those subsections.

2 (d-25) If a municipality, including a home rule
3 municipality, is a self-insurer for purposes of providing
4 health insurance coverage for its employees, the insurance
5 coverage shall include joint mental health therapy services
6 for any member of the municipality's police department or fire
7 department and any spouse or partner of the member who resides
8 with the member.

9 The joint mental health therapy services provided under
10 this subsection shall be performed by a physician licensed to
11 practice medicine in all of its branches, a licensed clinical
12 psychologist, a licensed clinical social worker, a licensed
13 clinical professional counselor, a licensed marriage and
14 family therapist, a licensed social worker, or a licensed
15 professional counselor.

16 This subsection is a limitation under subsection (i) of
17 Section 6 of Article VII of the Illinois Constitution on the
18 concurrent exercise by home rule units of powers and functions
19 exercised by the State.

20 (e) Rulemaking authority to implement Public Act 95-1045,
21 if any, is conditioned on the rules being adopted in
22 accordance with all provisions of the Illinois Administrative
23 Procedure Act and all rules and procedures of the Joint
24 Committee on Administrative Rules; any purported rule not so
25 adopted, for whatever reason, is unauthorized.

2 Sec. 10-4-2. Group insurance.

3 (a) The corporate authorities of any municipality may
4 arrange to provide, for the benefit of employees of the
5 municipality, group life, health, accident, hospital, and
6 medical insurance, or any one or any combination of those
7 types of insurance, and may arrange to provide that insurance
8 for the benefit of the spouses or dependents of those
9 employees. The insurance may include provision for employees
10 or other insured persons who rely on treatment by prayer or
11 spiritual means alone for healing in accordance with the
12 tenets and practice of a well recognized religious
13 denomination. The corporate authorities may provide for
14 payment by the municipality of a portion of the premium or
15 charge for the insurance with the employee paying the balance
16 of the premium or charge. If the corporate authorities
17 undertake a plan under which the municipality pays a portion
18 of the premium or charge, the corporate authorities shall
19 provide for withholding and deducting from the compensation of
20 those municipal employees who consent to join the plan the
21 balance of the premium or charge for the insurance.

22 (b) If the corporate authorities do not provide for a plan
23 under which the municipality pays a portion of the premium or
24 charge for a group insurance plan, the corporate authorities
25 may provide for withholding and deducting from the

1 compensation of those employees who consent thereto the
2 premium or charge for any group life, health, accident,
3 hospital, and medical insurance.

4 (c) The corporate authorities may exercise the powers
5 granted in this Section only if the kinds of group insurance
6 are obtained from an insurance company authorized to do
7 business in the State of Illinois, or are obtained through an
8 intergovernmental joint self-insurance pool as authorized
9 under the Intergovernmental Cooperation Act. The corporate
10 authorities may enact an ordinance prescribing the method of
11 operation of the insurance program.

12 (d) If a municipality, including a home rule municipality,
13 is a self-insurer for purposes of providing health insurance
14 coverage for its employees, the insurance coverage shall
15 include screening by low-dose mammography for all patients 35
16 years of age or older for the presence of occult breast cancer
17 unless the municipality elects to provide mammograms itself
18 under Section 10-4-2.1. The coverage shall be as follows:

19 (1) A baseline mammogram for patients 35 to 39 years
20 of age.

21 (2) An annual mammogram for patients 40 years of age
22 or older.

23 (3) A mammogram at the age and intervals considered
24 medically necessary by the patient's health care provider
25 for patients under 40 years of age and having a family
26 history of breast cancer, prior personal history of breast

1 cancer, positive genetic testing, or other risk factors.

2 (4) For a group policy of accident and health
3 insurance that is amended, delivered, issued, or renewed
4 on or after January 1, 2020 (the effective date of Public
5 Act 101-580), a comprehensive ultrasound screening of an
6 entire breast or breasts if a mammogram demonstrates
7 heterogeneous or dense breast tissue or when medically
8 necessary as determined by a physician licensed to
9 practice medicine in all of its branches.

10 (4.5) For a group policy of accident and health
11 insurance that is amended, delivered, issued, or renewed
12 on or after January 1, 2026 (the effective date of Public
13 Act 103-808) ~~this amendatory Act of the 103rd General~~
14 ~~Assembly~~, molecular breast imaging (MBI) and magnetic
15 resonance imaging of an entire breast or breasts if a
16 mammogram demonstrates heterogeneous or dense breast
17 tissue or when medically necessary as determined by a
18 physician licensed to practice medicine in all of its
19 branches, advanced practice registered nurse, or physician
20 assistant.

21 (5) For a group policy of accident and health
22 insurance that is amended, delivered, issued, or renewed
23 on or after January 1, 2020~~7~~ (the effective date of Public
24 Act 101-580), a diagnostic mammogram when medically
25 necessary, as determined by a physician licensed to
26 practice medicine in all its branches, advanced practice

1 registered nurse, or physician assistant.

2 A policy subject to this subsection shall not impose a
3 deductible, coinsurance, copayment, or any other cost-sharing
4 requirement on the coverage provided; except that this
5 sentence does not apply to coverage of diagnostic mammograms
6 to the extent such coverage would disqualify a high-deductible
7 health plan from eligibility for a health savings account
8 pursuant to Section 223 of the Internal Revenue Code (26
9 U.S.C. 223).

10 For purposes of this subsection:

11 "Diagnostic mammogram" means a mammogram obtained using
12 diagnostic mammography.

13 "Diagnostic mammography" means a method of screening that
14 is designed to evaluate an abnormality in a breast, including
15 an abnormality seen or suspected on a screening mammogram or a
16 subjective or objective abnormality otherwise detected in the
17 breast.

18 "Low-dose mammography" means the x-ray examination of the
19 breast using equipment dedicated specifically for mammography,
20 including the x-ray tube, filter, compression device, and
21 image receptor, with an average radiation exposure delivery of
22 less than one rad per breast for 2 views of an average size
23 breast. The term also includes digital mammography.

24 (d-5) Coverage as described by subsection (d) shall be
25 provided at no cost to the insured and shall not be applied to
26 an annual or lifetime maximum benefit.

1 (d-10) When health care services are available through
2 contracted providers and a person does not comply with plan
3 provisions specific to the use of contracted providers, the
4 requirements of subsection (d-5) are not applicable. When a
5 person does not comply with plan provisions specific to the
6 use of contracted providers, plan provisions specific to the
7 use of non-contracted providers must be applied without
8 distinction for coverage required by this Section and shall be
9 at least as favorable as for other radiological examinations
10 covered by the policy or contract.

11 (d-15) If a municipality, including a home rule
12 municipality, is a self-insurer for purposes of providing
13 health insurance coverage for its employees, the insurance
14 coverage shall include mastectomy coverage, which includes
15 coverage for prosthetic devices or reconstructive surgery
16 incident to the mastectomy. Coverage for breast reconstruction
17 in connection with a mastectomy shall include:

18 (1) reconstruction of the breast upon which the
19 mastectomy has been performed;

20 (2) surgery and reconstruction of the other breast to
21 produce a symmetrical appearance; and

22 (3) prostheses and treatment for physical
23 complications at all stages of mastectomy, including
24 lymphedemas.

25 Care shall be determined in consultation with the attending
26 physician and the patient. The offered coverage for prosthetic

1 devices and reconstructive surgery shall be subject to the
2 deductible and coinsurance conditions applied to the
3 mastectomy, and all other terms and conditions applicable to
4 other benefits. When a mastectomy is performed and there is no
5 evidence of malignancy then the offered coverage may be
6 limited to the provision of prosthetic devices and
7 reconstructive surgery to within 2 years after the date of the
8 mastectomy. As used in this Section, "mastectomy" means the
9 removal of all or part of the breast for medically necessary
10 reasons, as determined by a licensed physician.

11 A municipality, including a home rule municipality, that
12 is a self-insurer for purposes of providing health insurance
13 coverage for its employees, may not penalize or reduce or
14 limit the reimbursement of an attending provider or provide
15 incentives (monetary or otherwise) to an attending provider to
16 induce the provider to provide care to an insured in a manner
17 inconsistent with this Section.

18 (d-20) The requirement that mammograms be included in
19 health insurance coverage as provided in subsections (d)
20 through (d-15) is an exclusive power and function of the State
21 and is a denial and limitation under Article VII, Section 6,
22 subsection (h) of the Illinois Constitution of home rule
23 municipality powers. A home rule municipality to which
24 subsections (d) through (d-15) apply must comply with every
25 provision of those subsections.

26 (d-25) If a municipality, including a home rule

1 municipality, is a self-insurer for purposes of providing
2 health insurance coverage for its employees, the insurance
3 coverage shall include joint mental health therapy services
4 for any member of the municipality's police department or fire
5 department and any spouse or partner of the member who resides
6 with the member.

7 The joint mental health therapy services provided under
8 this subsection shall be performed by a physician licensed to
9 practice medicine in all of its branches, a licensed clinical
10 psychologist, a licensed clinical social worker, a licensed
11 clinical professional counselor, a licensed marriage and
12 family therapist, a licensed social worker, or a licensed
13 professional counselor.

14 This subsection is a limitation under subsection (i) of
15 Section 6 of Article VII of the Illinois Constitution on the
16 concurrent exercise by home rule units of powers and functions
17 exercised by the State.

18 (e) Rulemaking authority to implement Public Act 95-1045,
19 if any, is conditioned on the rules being adopted in
20 accordance with all provisions of the Illinois Administrative
21 Procedure Act and all rules and procedures of the Joint
22 Committee on Administrative Rules; any purported rule not so
23 adopted, for whatever reason, is unauthorized.

8 Section 356t and the coverage required under Sections 356g,

17 Sec. 11-13-28. Building permit fee for veterans with a
18 disability.

19 (a) A veteran with a disability or the veteran's caregiver
20 shall not be charged any building permit fee for improvements
21 to the residence of the veteran with a disability if the
22 improvements are required to accommodate a disability of the
23 veteran. Nothing in this subsection changes the obligation of
24 any person to submit to the municipality applications, forms,
25 or other paperwork to obtain a building permit. A veteran or

1 caregiver must provide proof of veteran status and attest to
2 the fact that the improvements to the residence are required
3 to accommodate the veteran's disability. Proof of veteran
4 status is to be construed liberally, and veteran status shall

20 Sec. 11-13-29 ~~11-13-28~~. Battery-charged fences.

21 (a) As used in this Section, "battery-charged fence" means
22 a fence energized by a battery that is not more than 12 volts
23 of direct current that interfaces with an alarm system in a
24 manner that enables the fence to cause the connected alarm
25 system to transmit a signal intended to notify law enforcement

1 of a potential intrusion.

2 (b) Notwithstanding any other law, a municipality may not
3 require a permit or other approval for the installation,
4 maintenance, placement, replacement, or servicing of a
5 battery-charged fence if (i) the battery-charged fence is
6 located on nonresidential property completely surrounded by a
7 nonelectric perimeter fence or wall that is not less than 5
8 feet in height and does not exceed 10 feet in height or 2 feet
9 higher than the nonelectric perimeter fence or wall, whichever
10 is higher, and (ii) any electrical charge produced on contact
11 does not exceed energizer characteristics set for electric
12 fences by the International Electrotechnical Commission.

13 (c) Any battery-charged fence installed under this Section
14 must have conspicuous signs located on the fence placed not
15 less than 30 feet apart that read: "WARNING: ELECTRIC FENCE".

16 (d) A home rule municipality may not regulate
17 battery-charged fencing in a manner inconsistent with this
18 Section. This Section is a limitation under subsection (i) of
19 Section 6 of Article VII of the Illinois Constitution on the
20 concurrent exercise by home rule units of powers and functions
21 exercised by the State.

24 Sec. 11-19-1. Contracts.

25 (a) Any city, village, or incorporated town may make

1 contracts with any other city, village, or incorporated town
2 or with any person, corporation, or county, or any agency
3 created by intergovernmental agreement, for more than one year
4 and not exceeding 30 years relating to the collection and
5 final disposition, or relating solely to either the collection
6 or final disposition of garbage, refuse and ashes. A
7 municipality may contract with private industry to operate a
8 designated facility for the disposal, treatment, or recycling
9 of solid waste, and may enter into contracts with private
10 firms or local governments for the delivery of waste to such
11 facility. In regard to a contract involving a garbage, refuse,
12 or garbage and refuse incineration facility, the 30-year ~~30~~
13 ~~year~~ contract limitation imposed by this Section shall be
14 computed so that the 30 years shall not begin to run until the
15 date on which the facility actually begins accepting garbage
16 or refuse. The payments required in regard to any contract
17 entered into under this Division 19 shall not be regarded as
18 indebtedness of the city, village, or incorporated town, as
19 the case may be, for the purpose of any debt limitation imposed
20 by any law. On and after January 1, 2018 (the effective date of
21 Public Act 100-316) ~~this amendatory Act of the 100th General~~
22 ~~Assembly,~~ a municipality with a population of less than
23 1,000,000 shall not enter into any new contracts with any
24 other unit of local government, by intergovernmental agreement
25 or otherwise, or with any corporation or person relating to
26 the collecting and final disposition of general construction

1 or demolition debris; except that this sentence does not apply
2 to a municipality with a population of less than 1,000,000
3 that is a party to: (1) a contract relating to the collecting
4 and final disposition of general construction or demolition
5 debris on January 1, 2018 (the effective date of Public Act
6 100-316) ~~this amendatory Act of the 100th General Assembly~~; or
7 (2) the renewal or extension of a contract relating to the
8 collecting and final disposition of general construction or
9 demolition debris irrespective of whether the contract
10 automatically renews, is amended, or is subject to a new
11 request for proposal after January 1, 2018 (the effective date
12 of Public Act 100-316) ~~this amendatory Act of the 100th~~
13 ~~General Assembly~~.

14 (a-5) If a municipality with a population of less than
15 1,000,000 located in a county as defined in the Solid Waste and
16 Recycling Program Act has never awarded a franchise to a
17 private entity for the collection of waste from
18 non-residential locations, then the municipality may not award
19 a franchise unless:

20 (1) the municipality provides prior written notice to
21 all haulers licensed to provide waste hauling service in
22 that municipality of the municipality's intent to issue a
23 request for proposal under this Section;

24 (2) the municipality adopts an ordinance requiring
25 each licensed hauler, for a period of no less than 36
26 continuous months commencing on the first day of the month

1 following the effective date of such ordinance, to report
2 every 6 months to the municipality the number of
3 non-residential locations served by the hauler in the
4 municipality and the number of non-residential locations
5 contracting with the hauler for the recyclable materials
6 collection service pursuant to Section 10 of the Solid
7 Waste Hauling and Recycling Program Act; and

8 (3) the report to the municipality required under
9 paragraph (2) of this subsection (a-5) for the final 6
10 months of that 36-month period establishes that less than
11 50% of the non-residential locations in the municipality
12 contract for recyclable material collection services
13 pursuant to Section 10 of the Solid Waste Hauling and
14 Recycling Program Act.

15 All such reports shall be filed with the municipality by
16 the hauler on or before the last day of the month following the
17 end of the 6-month reporting period. Within 15 days after the
18 last day for licensed haulers to file such reports, the
19 municipality shall post on its website: (i) the information
20 provided by each hauler pursuant to paragraph (2) of this
21 subsection (a-5), without identifying the hauler; and (ii) the
22 aggregate number of non-residential locations served by all
23 licensed haulers in the municipality and the aggregate number
24 of non-residential locations contracting with all licensed
25 haulers in the municipality for the recyclable materials
26 collection service under Section 10 of the Solid Waste Hauling

1 and Recycling Program Act.

2 (a-10) Beginning at the conclusion of the 36-month
3 reporting period and thereafter, and upon written request of
4 the municipality, each licensed hauler shall, for every
5 6-month period, report to the municipality (i) the number of
6 non-residential locations served by the hauler in the
7 municipality and the number of non-residential locations
8 contracting with the hauler for the recyclable materials
9 collection service pursuant to Section 10 of the Solid Waste
10 Hauling and Recycling Program Act, (ii) an estimate of the
11 quantity of recyclable materials, in tons, collected by the
12 hauler in the municipality from non-residential locations
13 contracting with the hauler for recyclable materials
14 collection service pursuant to Section 10 of the Solid Waste
15 Hauling and Recycling Program Act, and (iii) an estimate of
16 the quantity of municipal waste, in tons, collected by the
17 hauler in the municipality from those non-residential
18 locations. All reports for that 6-month period shall be filed
19 with the municipality by the hauler on or before the last day
20 of the month following the end of the 6-month reporting
21 period. Within 15 days after the last day for licensed haulers
22 to file such reports, the municipality shall post on its
23 website: (i) the information provided by each hauler pursuant
24 to this subsection (a-10), without identifying the hauler; and
25 (ii) the aggregate number of non-residential locations served
26 by all licensed haulers in the municipality and the aggregate

1 number of non-residential locations contracting with all
2 licensed haulers in the municipality for the recyclable
3 materials collection service under Section 10 of the Solid
4 Waste Hauling and Recycling Program Act.

5 A municipality subject to subsection (a-5) of this Section
6 may not award a franchise unless 2 consecutive 6-month reports
7 determine that less than 50% of the non-residential locations
8 within the municipality contract for recyclable material
9 collection service pursuant to Section 10 of the Solid Waste
10 Hauling and Recycling Program Act.

11 (b) If a municipality with a population of less than
12 1,000,000 has never awarded a franchise to a private entity
13 for the collection of waste from non-residential locations,
14 then that municipality may not award such a franchise without
15 issuing a request for proposal. The municipality may not issue
16 a request for proposal without first: (i) holding at least one
17 public hearing seeking comment on the advisability of issuing
18 a request for proposal and awarding a franchise; (ii)
19 providing at least 30 days' written notice of the hearing,
20 delivered by first class mail to all private entities that
21 provide non-residential waste collection services within the
22 municipality that the municipality is able to identify through
23 its records; and (iii) providing at least 30 days' public
24 notice of the hearing.

25 After issuing a request for proposal, the municipality may
26 not award a franchise without first: (i) allowing at least 30

1 days for proposals to be submitted to the municipality; (ii)
2 holding at least one public hearing after the receipt of
3 proposals on whether to award a franchise to a proposed
4 franchisee; and (iii) providing at least 30 days' public
5 notice of the hearing. At the public hearing, the municipality
6 must disclose and discuss the proposed franchise fee or
7 calculation formula of such franchise fee that it will receive
8 under the proposed franchise.

9 (b-5) If no request for proposal is issued within 120 days
10 after the initial public hearing required in subsection (b),
11 then the municipality must hold another hearing as outlined in
12 subsection (b).

13 (b-10) If a municipality has not awarded a franchise
14 within 210 days after the date that a request for proposal is
15 issued pursuant to subsection (b), then the municipality must
16 adhere to all of the requirements set forth in subsections (b)
17 and (b-5).

18 (b-15) The franchise fee and any other fees, taxes, or
19 charges imposed by the municipality in connection with a
20 franchise for the collection of waste from non-residential
21 locations must be used exclusively for costs associated with
22 administering the franchise program.

23 (c) If a municipality with a population of less than
24 1,000,000 has never awarded a franchise to a private entity
25 for the collection of waste from non-residential locations,
26 then a private entity may not begin providing waste collection

1 services to non-residential locations under a franchise
2 agreement with that municipality at any time before the date
3 that is 15 months after the date the ordinance or resolution
4 approving the award of the franchise is adopted.

5 (d) For purposes of this Section, "waste" means garbage,
6 refuse, or ashes as defined in Section 11-19-2.

7 (e) A home rule unit may not award a franchise to a private
8 entity for the collection of waste in a manner contrary to the
9 provisions of this Section. This Section is a limitation under
10 subsection (i) of Section 6 of Article VII of the Illinois
11 Constitution on the concurrent exercise by home rule units of
12 powers and functions exercised by the State.

13 (f) A municipality with a population of less than
14 1,000,000 shall not award a franchise or contract to any
15 private entity for the collection of general construction or
16 demolition debris from residential or non-residential
17 locations. This subsection does not apply to a municipality
18 with a population of less than 1,000,000 that is a party to:

19 (1) a franchise or contract with a private entity for the
20 collection of general construction or demolition debris from
21 residential or non-residential locations on January 1, 2018
22 (the effective date of Public Act 100-316) ~~this amendatory Act~~
23 ~~of the 100th General Assembly;~~ or (2) the renewal or extension
24 of a franchise or contract with a private entity for the
25 collection of general construction or demolition debris from
26 residential or non-residential locations irrespective of

1 whether the franchise or contract automatically renews, is
2 amended, or is subject to a new request for proposal after
3 January 1, 2018 (the effective date of Public Act 100-316)
4 ~~this amendatory Act of the 100th General Assembly.~~

6 (65 ILCS 5/11-48.3-11) (from Ch. 24, par. 11-48.3-11)

7 Sec. 11-48.3-11. The Authority shall have continuing power
8 to borrow money for the purpose of carrying out and performing
9 its duties and exercising its powers under this Division.

10 For the purpose of evidencing the obligation of the
11 Authority to repay any money borrowed as aforesaid, the
12 Authority may, pursuant to ordinance adopted by the Board,
13 from time to time issue and dispose of its interest bearing
14 revenue bonds, and may also from time to time issue and dispose
15 of its interest bearing revenue bonds to refund any bonds at
16 maturity or pursuant to redemption provisions or at any time
17 before maturity with the consent of the holders thereof. All
18 such bonds shall be payable solely from the revenues or income
19 to be derived from the exhibitions, rentals, and leases and
20 other authorized activities operated by it, and from funds, if
21 any, received and to be received by the Authority from any
22 other source. Such bonds may bear such date or dates, may
23 mature at such time or times not exceeding 40 years from their
24 respective dates, may bear interest at such rate or rates, not
25 exceeding the maximum rate permitted by the Bond Authorization

1 Act ~~"An Act to authorize public corporations to issue bonds,~~
2 ~~other evidences of indebtedness and tax anticipation warrants~~
3 ~~subject to interest rate limitations set forth therein",~~
4 ~~approved May 26, 1970, as now or hereafter amended,~~ may be in
5 such form, may carry such registration privileges, may be
6 executed in such manner, may be payable at such place or
7 places, may be made subject to redemption in such manner and
8 upon such terms, with or without premium as is stated on the
9 face thereof, may be executed in such manner and may contain
10 such terms and covenants, all as may be provided in the
11 ordinance. In case any officer whose signature appears on any
12 bond ceases (after attaching his or her signature) to hold
13 office, his or her signature shall nevertheless be valid and
14 effective for all purposes. The holder or holders of any bonds
15 or interest coupons appertaining thereto issued by the
16 Authority may bring mandamus, injunction, civil actions, and
17 proceedings to compel the performance and observance by the
18 Authority or any of its officers, agents, or employees of any
19 contract or covenant made by the Authority with the holders of
20 such bonds or interest coupons and to compel the Authority and
21 any of its officers, agents, or employees to perform any
22 duties required to be performed for the benefit of the holders
23 of any such bonds or interest coupons by the provisions of the
24 ordinance authorizing their issuance, or to enjoin the
25 Authority and any of its officers, agents, or employees from
26 taking any action in conflict with any such contract or

1 covenant.

2 Notwithstanding the form and tenor of any such bonds and
3 in the absence of any express recital on the face thereof that
4 it is non-negotiable, all such bonds shall be negotiable
5 instruments under the Uniform Commercial Code.

6 From and after the issuance of any bonds as herein
7 provided, it shall be the duty of the corporate authorities of
8 the Authority to fix and establish rates, charges, rents, and
9 fees for the use of facilities acquired, constructed,
10 reconstructed, extended, or improved with the proceeds of the
11 sale of said bonds sufficient at all times, with other
12 revenues of the Authority, to pay:

13 (a) The cost of maintaining, repairing, regulating,
14 and operating the said facilities; and

15 (b) The bonds and interest thereon as they shall
16 become due, and all sinking fund requirements and other
17 requirements provided by the ordinance authorizing the
18 issuance of the bonds or as provided by any trust
19 agreement executed to secure payment thereof.

20 To secure the payment of any or all of such bonds and for
21 the purpose of setting forth the covenants and undertakings of
22 the Authority in connection with the issuance thereof and the
23 issuance of any additional bonds payable from such revenue
24 income to be derived from the exhibitions, office rentals, air
25 space leases and rentals, and other revenue, if any, the
26 Authority may execute and deliver a trust agreement or

1 agreements; provided that no lien upon any physical property
2 of the Authority shall be created thereby.

3 A remedy for any breach or default of the terms of any such
4 trust agreement by the Authority may be by mandamus,
5 injunction, civil action, and proceedings in any court of
6 competent jurisdiction to compel performance and compliance
7 therewith, but the trust agreement may prescribe by whom or on
8 whose behalf such action may be instituted.

9 Before any such bonds (excepting refunding bonds) are
10 sold, the entire authorized issue, or any part thereof, shall
11 be offered for sale as a unit after advertising for bids at
12 least 3 times in a daily newspaper of general circulation
13 published in the metropolitan area, the last publication to be
14 at least 10 days before bids are required to be filed. Copies
15 of such advertisement may be published in any newspaper or
16 financial publication in the United States. All bids shall be
17 sealed, filed, and opened as provided by ordinance and the
18 bonds shall be awarded to the highest and best bidder or
19 bidders therefor. The Authority shall have the right to reject
20 all bids and readvertise for bids in the manner provided for in
21 the initial advertisement. If no bids are received, however,
22 such bonds may be sold at not less than par value, without
23 further advertising, within 60 days after the bids are
24 required to be filed pursuant to any advertisement.

1 (65 ILCS 5/11-61-3) (from Ch. 24, par. 11-61-3)

2 Sec. 11-61-3. The corporate authorities of each
3 municipality having a population of less than 1,000,000
4 inhabitants shall have the express power to purchase or lease
5 either real estate or personal property for public purposes
6 through contracts which provide for the consideration for such
7 purchase or lease to be paid through installments to be made at
8 stated intervals during a certain period of time, but, in no
9 case, shall such contracts provide for the consideration to be
10 paid during a period of time in excess of 20 years nor shall
11 such contracts provide for the payment of interest at a rate of
12 more than that permitted in the Bond Authorization Act ~~"An Act~~
13 ~~to authorize public corporations to issue bonds, other~~
14 ~~evidences of indebtedness and tax anticipation warrants~~
15 ~~subject to interest rate limitations set forth therein",~~
16 ~~approved May 26, 1970, as amended.~~ The indebtedness incurred

18 may not exceed the debt limits provided in Division 5 of

21 any municipality which is a home rule unit.

23 (65 ILCS 5/11-135-1) (from Ch. 24, par. 11-135-1)

24 Sec. 11-135-1. Any 2 or more municipalities, except cities
25 of 500,000 or more inhabitants, may acquire either by purchase

1 or construction a waterworks system or a common source of
2 supply of water, or both, and may operate jointly a waterworks
3 system or a common source of supply of water, or both, and
4 improve and extend the same, as provided in this Division 135.
5 The corporate authorities of the specified municipalities
6 desiring to avail themselves of the provisions of this
7 Division 135 shall adopt a resolution or ordinance determining
8 and electing to acquire and operate jointly a waterworks
9 system or a common source of supply of water, or both, as the
10 case may be. Such resolution or ordinance may be rescinded at
11 any time prior to the issuance and sale of revenue bonds and
12 after the rescinding municipality has no outstanding
13 obligation to pay a proportionate share of the costs of
14 development, construction, or operation.

15 Any municipality adopting a resolution or ordinance to
16 acquire and operate jointly a waterworks system or a common
17 source of supply of water, or both, as the case may be, under
18 the provisions of this Division 135, is authorized from time
19 to time to pay, to advance, or to obligate itself to the
20 Commission, to bear a proportionate share of the development
21 costs of any project proposed by the Commission, including
22 plans, feasibility reports, and engineering, even though the
23 project is never constructed or water is never supplied by the
24 Commission to such municipality.

25 Whenever any municipality determines to pay, to advance,
26 or to obligate itself for its proportionate share of

1 development costs as above provided, it shall adopt an
2 ordinance declaring its intention to do so, fix the maximum
3 amount of its share of the cost it proposes to pay, to advance,
4 or to obligate itself for, and the period over which it
5 proposes to pay its obligation (not exceeding 5 years) and the
6 maximum amount to be paid annually, if such obligation is to be
7 paid in installments. The time of payment of any such
8 installment obligation may be extended for a period of not
9 exceeding five years from the final maturity date of the
10 original obligation.

11 From and after such ordinance becomes effective, it shall
12 be the duty of the municipality to include an amount
13 sufficient to pay the annual installments of its obligation
14 each year in the next succeeding appropriation ordinances. No
15 prior appropriation shall be required for a municipality to
16 authorize the payments, advances, or obligations herein
17 provided for.

18 Whenever any municipality has obligated itself for
19 development costs as herein provided and after the effective
20 date of the ordinance under which it obligated itself for a
21 specific amount for development costs of a project and after
22 approval of such obligation by the Commission, the Commission
23 is authorized to borrow funds temporarily for payment of such
24 development costs in advance of permanent financing. The
25 Commission may from time to time and pursuant to an
26 appropriate resolution borrow money and issue its interim

1 notes to evidence borrowings for such purpose, including all
2 necessary and incidental expenses in connection therewith.

3 Any resolution authorizing the issuance of such notes
4 shall describe the project and the development costs to be
5 undertaken, specify the principal amount, rate of interest as
6 authorized under Section 2 of the Bond Authorization Act ~~"An~~
7 ~~Act to authorize public corporations to issue bonds, other~~
8 ~~evidences of indebtedness and tax anticipation warrants~~
9 ~~subject to interest rate limitations set forth therein",~~
10 ~~approved May 26, 1970, as now or hereafter amended,~~ and the
11 maturity date which shall coincide with the due date of the
12 obligations or the installments thereof incurred by the
13 respective municipalities pursuant to this Section not,
14 however, to exceed 5 years from date.

15 Contemporaneously with the issuance as provided by this
16 Division of revenue bonds, all outstanding interim notes
17 issued for development costs of a project though they have not
18 then matured shall be paid, both principal and interest to
19 date of payment, from funds derived from the sale of revenue
20 bonds for the permanent financing of any such project for
21 which interim notes may have been issued and such interim
22 notes shall be surrendered and cancelled.

23 Any municipality adopting a resolution or ordinance to
24 acquire and operate jointly a waterworks system or a common
25 source of supply of water, or both, as the case may be, under
26 the provisions of this Division 135 is further authorized from

1 time to time, to pay, to advance, or to obligate itself to the
2 Commission to bear a proportionate share of the construction
3 and operating costs of any project proposed by the Commission.

4 Whenever a municipality determines to pay, to advance, or
5 to obligate itself for its proportionate share of construction
6 or operating costs as above provided, it shall adopt an
7 ordinance declaring its intention to do so, fix the maximum
8 amount of its share of the cost it proposes to pay, to advance,
9 or to obligate itself for, and the period over which it
10 proposes to pay its obligation and the maximum amount to be
11 paid annually, if such obligation is to be paid in
12 installments. From and after such ordinance becomes effective,
13 it shall be the duty of the municipality to include an amount
14 sufficient to pay the annual installments of its obligation
15 each year in the next succeeding appropriation ordinances. No
16 prior appropriation shall be required for a municipality to
17 authorize the payments, advances, or obligations herein
18 provided for.

19 Whenever any municipality has paid, advanced, or obligated
20 itself for development, construction, or operating costs as
21 herein provided, the Commission is authorized to contract with
22 such municipality, on such terms as may be agreed, for the
23 repayment to such municipality by the Commission of any
24 payment or advance made by such municipality to the Commission
25 to charge, in addition to all other charges and rates
26 authorized under the provisions of this Division, such rates

1 and charges for water sold by the Commission as shall be
2 necessary to provide for such repayment. In addition, any
3 payment or advance of such costs made by a municipality
4 pursuant to this Section may be repaid by the Commission to the
5 municipality from the proceeds of revenue bonds authorized to
6 be issued by the Commission pursuant to this Division 135.

8 (65 ILCS 5/11-135-4) (from Ch. 24, par. 11-135-4)

9 Sec. 11-135-4. A commission may from time to time issue
10 its revenue bonds in such principal amounts as the commission
11 shall deem necessary to provide sufficient funds to carry out
12 any of its corporate purposes and powers, including, without
13 limitation, developing, acquiring, constructing, extending, or
14 improving a waterworks system or common source of supply of
15 water, or any combination thereof, the funding or refunding of
16 the principal of, redemption premium, if any, and interest on,
17 any bonds issued by it whether or not such bonds or interest to
18 be funded or refunded have or have not become due, the payment
19 of engineering, legal, and other expenses, together with
20 interest to a date one year subsequent to the estimated date of
21 completion of the project, the establishment or increase of
22 reserves to secure or to pay such bonds and interest thereon,
23 the providing of working capital, and the payment of all other
24 costs or expenses of the commission incident to and necessary
25 or convenient to carry out its corporate purposes and powers.

1 These bonds shall have all the qualities of negotiable
2 instruments under the laws of this State and shall not
3 constitute indebtedness of any of the municipalities
4 constituting the commission.

5 Every issue of bonds of such commission shall be payable
6 out of the revenues to be derived pursuant to contracts with
7 the specified municipalities and participating water
8 commissions or by virtue of the operation of any properties
9 acquired or to be acquired or constructed. A commission may
10 issue such types of bonds as it may determine, including bonds
11 as to which the principal and interest are payable exclusively
12 from the revenues from one or more projects, or from an
13 interest therein or a right to the products and services
14 thereof, or from one or more revenue producing contracts made
15 by the commission, or its revenues generally. Any such bonds
16 may be additionally secured by a pledge of any grant, subsidy,
17 or contribution from the United States, the State of Illinois,
18 or any unit of local government, or any combination thereof.

19 Before the treasurer of the commission is entitled to
20 receive the proceeds of the sale of such a bond issue, he shall
21 supply a corporate surety bond in an amount equivalent to the
22 amount of funds to be derived from the sale of the bonds, and,
23 in addition thereto, he shall supply a separate corporate
24 surety bond for the faithful accounting of any funds that may
25 come into his possession in an amount equal to the amount of
26 funds likely to come into his hands in any one year from the

1 revenue to be derived from the operation of any of the
2 properties of the commission. The cost of these surety bonds
3 shall be paid by the commission.

4 The revenue bonds shall be issued pursuant to an ordinance
5 or resolution, ~~and~~ may be issued in one or more series, and
6 shall bear such date or dates, mature at such time or times
7 within the estimated period of usefulness of the project
8 involved and in any event not more than 50 years from the date
9 thereof, bear interest at such rate or rates as authorized
10 under Section 2 of the Bond Authorization Act ~~"An Act to~~
11 ~~authorize public corporations to issue bonds, other evidences~~
12 ~~of indebtedness and tax anticipation warrants subject to~~
13 ~~interest rate limitations set forth therein", approved May 26,~~
14 ~~1970, as now or hereafter amended,~~ which rates may be fixed or
15 variable, be in such denominations, be in such form, either
16 coupon or registered, carry such conversion, registration, and
17 exchange privileges, have such rank or priority, be executed
18 in such manner, be payable in such medium of payment at such
19 place or places within or without the State of Illinois, be
20 subject to such terms of redemption with or without premium,
21 and contain or be subject to such other terms as the ordinance
22 or resolution may provide, and shall not be restricted by the
23 provisions of any other law limiting the amounts, maturities,
24 interest rates, or other terms of obligations of public
25 agencies or private persons. The bonds shall be sold in such
26 manner as the commission shall determine, at private or public

1 sale. It shall not be necessary that the ordinance or
2 resolution refer to plans and specifications nor that there be
3 on file for public inspection prior to the adoption of such
4 ordinance detailed plans and specifications of the project.
5 This ordinance or resolution may contain such covenants and
6 restrictions in relation to the operation of the properties
7 under the control of the commission and the issuance of
8 additional revenue bonds thereafter as may be deemed necessary
9 or advisable for the assurance of payment of the bonds thereby
10 authorized and as may be thereafter issued. It shall be
11 plainly stated on the face of each bond that it does not
12 constitute an indebtedness of any municipality represented by
13 the commission within the meaning of any statutory or
14 constitutional limitation. Upon the issuance of revenue bonds,
15 the revenue of the commission derived pursuant to contracts
16 entered into for the sale of water to the specified
17 municipalities and from the operation of its properties, shall
18 be accounted for as provided in the ordinance or resolution
19 authorizing the issuance of the bonds. Any commission created
20 under the provisions of this Division 135 may also issue new
21 bonds for the purpose of providing funds for the payment of
22 unpaid bonds in accordance with the procedure prescribed by
23 this Division 135.

24 The amendatory Acts of 1971, 1972, 1973, 1975 and 1981 are
25 not a limit upon any municipality which is a home rule unit.

9 Section 390. The Airport Authorities Act is amended by
10 changing Section 15.2 as follows:

11 (70 ILCS 5/15.2) (from Ch. 15 1/2, par. 68.15b)

12 Sec. 15.2. An Airport Authority may construct office,
13 aircraft hangar and service buildings and appurtenant
14 facilities upon a public airport owned and operated by the
15 authority for the use and occupancy of the State Department of
16 Transportation under a lease to the State of Illinois for such
17 purpose. The rents and charges payable thereunder shall be not
18 greater than the total costs to the authority of constructing
19 and maintaining said airport improvements and of funding such
20 costs under the provisions of Sections 8.03, 8.04, 8.08, 15,
21 and 15.1, ~~as amended,~~ of this Act as hereinafter provided. The
22 rentals payable to the authority under such lease, together
23 with such non-tax revenues as are available to the authority,
24 shall also be adequate in amount for the authority to

1 establish and maintain a bond reserve account. Such lease
2 shall not be effective for a longer term than is reasonably
3 required to enable such funding to occur, and in no event shall
4 the term thereof exceed 30 ~~thirty~~ years. Such airport
5 improvements shall be constructed upon plans and
6 specifications approved by the Department of Transportation.
7 The lease of said improvements and the site thereof to the
8 State of Illinois shall be executed by the Department of
9 Central Management Services for the use of the Department of
10 Transportation. In the event the General Assembly does not

13 authority may lease such facilities to another lessee.

14 The authority may secure the funds required for the
15 construction of said improvements through the issuance and
16 sale of revenue bonds as authorized by and subject to the
17 conditions stated in said Sections 15 and 15.1 of this Act,
18 which bonds shall bear interest at a rate not to exceed that
19 permitted in the Bond Authorization Act ~~"An Act to authorize~~
20 ~~public corporations to issue bonds, other evidences of~~
21 ~~indebtedness and tax anticipation warrants subject to interest~~
22 ~~rate limitations set forth therein", approved May 26, 1970, as~~
23 ~~now or hereafter amended.~~ Such revenue bonds shall be
24 primarily secured by the income receivable by the authority
25 under said lease. Other available and unpledged airport
26 operating income may be pledged by the authority to meet any

1 deficiency in the income from the lease in meeting the
2 principal and interest maturities of said revenue bonds and
3 the maintenance and depreciation requirements of said Section
4 15.1. The principal amount of such revenue bonds shall be
5 based upon the actual total costs of said improvements,
6 including costs of engineering and architects services, the
7 costs incidental to the issuance of the bonds, including legal
8 costs, the costs of selling and printing the bonds, and the
9 interest on the bonds during the time of construction.
10 Construction contracts for said improvements shall be awarded
11 upon competitive bids and such bids and the making of awards
12 shall be subject to approval by the Authority and the
13 Department of Transportation.

15 Section 395. The Metropolitan Pier and Exposition
16 Authority Act is amended by changing Section 23.1 as follows:

17 (70 ILCS 210/23.1) (from Ch. 85, par. 1243.1)

18 Sec. 23.1. Affirmative action.

19 (a) The Authority shall, within 90 days after the
20 effective date of this amendatory Act of 1984, establish and
21 maintain an affirmative action program designed to promote
22 equal employment opportunity and eliminate the effects of past
23 discrimination. Such program shall include a plan, including
24 timetables where appropriate, which shall specify goals and

1 methods for increasing participation by women and minorities
2 in employment, ~~including employment related to the planning,~~
3 ~~organization, and staging of the games,~~ by the Authority and
4 by parties which contract with the Authority. The Authority
5 shall submit a detailed plan with the General Assembly prior
6 to September 1 of each year. Such program shall also establish
7 procedures and sanctions, which the Authority shall enforce to
8 ensure compliance with the plan established pursuant to this
9 Section and with State and federal laws and regulations
10 relating to the employment of women and minorities. A
11 determination by the Authority as to whether a party to a
12 contract with the Authority has achieved the goals or employed
13 the methods for increasing participation by women and
14 minorities shall be determined in accordance with the terms of
15 such contracts or the applicable provisions of rules and
16 regulations of the Authority existing at the time such
17 contract was executed, including any provisions for
18 consideration of good faith efforts at compliance which the
19 Authority may reasonably adopt.

20 (b) The Authority shall adopt and maintain minority-owned
21 and women-owned business enterprise procurement programs under
22 the affirmative action program described in subsection (a) for
23 any and all work, ~~including all contracting related to the~~
24 ~~planning, organization, and staging of the games,~~ undertaken
25 by the Authority. That work shall include, but is not limited
26 to, the purchase of professional services, construction

1 services, supplies, materials, and equipment. The programs
2 shall establish goals of awarding not less than 25% of the
3 annual dollar value of all contracts, purchase orders, or
4 other agreements (collectively referred to as "contracts") to
5 minority-owned businesses and 5% of the annual dollar value of
6 all contracts to women-owned businesses. Without limiting the
7 generality of the foregoing, the programs shall require in
8 connection with the prequalification or consideration of
9 vendors for professional service contracts, construction
10 contracts, and contracts for supplies, materials, equipment,
11 and services that each proposer or bidder submit as part of his
12 or her proposal or bid a commitment detailing how he or she
13 will expend 25% or more of the dollar value of his or her
14 contracts with one or more minority-owned businesses and 5% or
15 more of the dollar value with one or more women-owned
16 businesses. Bids or proposals that do not include such
17 detailed commitments are not responsive and shall be rejected
18 unless the Authority deems it appropriate to grant a waiver of
19 these requirements. In addition the Authority may, in
20 connection with the selection of providers of professional
21 services, reserve the right to select a minority-owned or
22 women-owned business or businesses to fulfill the commitment
23 to minority and woman business participation. The commitment
24 to minority and woman business participation may be met by the
25 contractor or professional service provider's status as a
26 minority-owned or women-owned business, by joint venture or by

1 subcontracting a portion of the work with or purchasing
2 materials for the work from one or more such businesses, or by
3 any combination thereof. Each contract shall require the
4 contractor or provider to submit a certified monthly report
5 detailing the status of that contractor or provider's
6 compliance with the Authority's minority-owned and women-owned
7 business enterprise procurement program. The Authority, after
8 reviewing the monthly reports of the contractors and
9 providers, shall compile a comprehensive report regarding
10 compliance with this procurement program and file it quarterly
11 with the General Assembly. If, in connection with a particular
12 contract, the Authority determines that it is impracticable or
13 excessively costly to obtain minority-owned or women-owned
14 businesses to perform sufficient work to fulfill the
15 commitment required by this subsection, the Authority shall
16 reduce or waive the commitment in the contract, as may be
17 appropriate. The Authority shall establish rules and
18 regulations setting forth the standards to be used in
19 determining whether or not a reduction or waiver is
20 appropriate. The terms "minority-owned business" and
21 "women-owned business" have the meanings given to those terms
22 in the Business Enterprise for Minorities, Women, and Persons
23 with Disabilities Act.

24 (c) The Authority shall adopt and maintain an affirmative
25 action program in connection with the hiring of minorities and
26 women on the Expansion Project and on any and all construction

1 ~~projects, including all contracting related to the planning,~~
2 ~~organization, and staging of the games,~~ undertaken by the
3 Authority. The program shall be designed to promote equal
4 employment opportunity and shall specify the goals and methods
5 for increasing the participation of minorities and women in a
6 representative mix of job classifications required to perform
7 the respective contracts awarded by the Authority.

8 (d) In connection with the Expansion Project, the
9 Authority shall incorporate the following elements into its
10 minority-owned and women-owned business procurement programs
11 to the extent feasible: (1) a major contractors program that
12 permits minority-owned businesses and women-owned businesses
13 to bear significant responsibility and risk for a portion of
14 the project; (2) a mentor/protege program that provides
15 financial, technical, managerial, equipment, and personnel
16 support to minority-owned businesses and women-owned
17 businesses; (3) an emerging firms program that includes
18 minority-owned businesses and women-owned businesses that
19 would not otherwise qualify for the project due to
20 inexperience or limited resources; (4) a small projects
21 program that includes participation by smaller minority-owned
22 businesses and women-owned businesses on jobs where the total
23 dollar value is \$5,000,000 or less; and (5) a set-aside
24 program that will identify contracts requiring the expenditure
25 of funds less than \$50,000 for bids to be submitted solely by
26 minority-owned businesses and women-owned businesses.

1 (e) The Authority is authorized to enter into agreements
2 with contractors' associations, labor unions, and the
3 contractors working on the Expansion Project to establish an
4 Apprenticeship Preparedness Training Program to provide for an
5 increase in the number of minority and women journeymen and
6 apprentices in the building trades and to enter into
7 agreements with Community College District 508 to provide
8 readiness training. The Authority is further authorized to
9 enter into contracts with public and private educational
10 institutions and persons in the hospitality industry to
11 provide training for employment in the hospitality industry.

12 (f) McCormick Place Advisory Board. There is created a
13 McCormick Place Advisory Board composed as follows: 2 members
14 shall be appointed by the Mayor of Chicago; 2 members shall be
15 appointed by the Governor; 2 members shall be State Senators
16 appointed by the President of the Senate; 2 members shall be
17 State Senators appointed by the Minority Leader of the Senate;
18 2 members shall be State Representatives appointed by the
19 Speaker of the House of Representatives; and 2 members shall
20 be State Representatives appointed by the Minority Leader of
21 the House of Representatives. The terms of all previously
22 appointed members of the Advisory Board expire on the
23 effective date of this amendatory Act of the 92nd General
24 Assembly. A State Senator or State Representative member may
25 appoint a designee to serve on the McCormick Place Advisory
26 Board in his or her absence.

1 A "member of a minority group" shall mean a person who is a
2 citizen or lawful permanent resident of the United States and
3 who is any of the following:

4 (1) American Indian or Alaska Native (a person having
5 origins in any of the original peoples of North and South
6 America, including Central America, and who maintains
7 tribal affiliation or community attachment).

8 (2) Asian (a person having origins in any of the
9 original peoples of the Far East, Southeast Asia, or the
10 Indian subcontinent, including, but not limited to,
11 Cambodia, China, India, Japan, Korea, Malaysia, Pakistan,
12 the Philippine Islands, Thailand, and Vietnam).

13 (3) Black or African American (a person having origins
14 in any of the black racial groups of Africa).

15 (4) Hispanic or Latino (a person of Cuban, Mexican,
16 Puerto Rican, South or Central American, or other Spanish
17 culture or origin, regardless of race).

18 (5) Native Hawaiian or Other Pacific Islander (a
19 person having origins in any of the original peoples of
20 Hawaii, Guam, Samoa, or other Pacific Islands).

21 Members of the McCormick Place Advisory Board shall serve
22 2-year terms and until their successors are appointed, except
23 members who serve as a result of their elected position whose
24 terms shall continue as long as they hold their designated
25 elected positions. Vacancies shall be filled by appointment
26 for the unexpired term in the same manner as original

1 appointments are made. The McCormick Place Advisory Board
2 shall elect its own chairperson.

3 Members of the McCormick Place Advisory Board shall serve
4 without compensation but, at the Authority's discretion, shall
5 be reimbursed for necessary expenses in connection with the
6 performance of their duties.

7 The McCormick Place Advisory Board shall meet quarterly,
8 or as needed, shall produce any reports it deems necessary,
9 and shall:

10 (1) Work with the Authority on ways to improve the
11 area physically and economically;

12 (2) Work with the Authority regarding potential means
13 for providing increased economic opportunities to
14 minorities and women produced indirectly or directly from
15 the construction and operation of the Expansion Project;

16 (3) Work with the Authority to minimize any potential
17 impact on the area surrounding the McCormick Place
18 Expansion Project, including any impact on minority-owned
19 or women-owned businesses, resulting from the construction
20 and operation of the Expansion Project;

21 (4) Work with the Authority to find candidates for
22 building trades apprenticeships, for employment in the
23 hospitality industry, and to identify job training
24 programs;

6 providing assistance to minority-owned and women-owned
7 businesses.

4 is subject to Section 15.1 of this Act.

5 (d) No district shall become indebted in any manner or for
6 any purpose, to any amount including existing indebtedness in
7 the aggregate exceeding 0.575% of the value, as equalized or

17 Sec. 7. Bonds.

18 (a) The Authority, with the written approval of the
19 Governor, shall have the continuing power to issue bonds,
20 notes, or other evidences of indebtedness in an aggregate
21 amount outstanding not to exceed \$500,000,000 for the purpose
22 of developing, constructing, acquiring, or improving projects,
23 including those established by business entities locating or
24 expanding property within the territorial jurisdiction of the
25 Authority, for entering into venture capital agreements with

1 businesses locating or expanding within the territorial
2 jurisdiction of the Authority, for acquiring and improving any
3 property necessary and useful in connection therewith and for
4 the purposes of the Employee Ownership Assistance Act. For the
5 purpose of evidencing the obligations of the Authority to
6 repay any money borrowed, the Authority may, pursuant to
7 resolution, from time to time issue and dispose of its
8 interest bearing revenue bonds, notes, or other evidences of
9 indebtedness and may also from time to time issue and dispose
10 of such bonds, notes, or other evidences of indebtedness to
11 refund, at maturity, at a redemption date or in advance of
12 either, any bonds, notes, or other evidences of indebtedness
13 pursuant to redemption provisions or at any time before
14 maturity. All such bonds, notes, or other evidences of
15 indebtedness shall be payable solely and only from the
16 revenues or income to be derived from loans made with respect
17 to projects, from the leasing or sale of the projects or from
18 any other funds available to the Authority for such purposes.
19 The bonds, notes, or other evidences of indebtedness may bear
20 such date or dates, may mature at such time or times not
21 exceeding 40 years from their respective dates, may bear
22 interest at such rate or rates not exceeding the maximum rate
23 permitted by the Bond Authorization Act ~~"An Act to authorize~~
24 ~~public corporations to issue bonds, other evidences of~~
25 ~~indebtedness and tax anticipation warrants subject to interest~~
26 ~~rate limitations set forth therein", approved May 26, 1970, as~~

2 privileges, may be executed in such manner, may be payable at
3 such place or places, may be made subject to redemption in such
4 manner and upon such terms, with or without premium as is
5 stated on the face thereof, may be authenticated in such
6 manner, and may contain such terms and covenants as may be
7 provided by an applicable resolution.

8 (b-1) The holder or holders of any bonds, notes, or other
9 evidences of indebtedness issued by the Authority may bring
10 suits at law or proceedings in equity to compel the
11 performance and observance by any corporation or person or by
12 the Authority or any of its agents or employees of any contract
13 or covenant made with the holders of such bonds, notes, or
14 other evidences of indebtedness, to compel such corporation,
15 person, the Authority and any of its agents or employees to
16 perform any duties required to be performed for the benefit of
17 the holders of any such bonds, notes, or other evidences of
18 indebtedness by the provision of the resolution authorizing
19 their issuance and to enjoin such corporation, person, the
20 Authority and any of its agents or employees from taking any
21 action in conflict with any such contract or covenant.

22 (b-2) If the Authority fails to pay the principal of or
23 interest on any of the bonds or premium, if any, as the same
24 become due, a civil action to compel payment may be instituted
25 in the appropriate circuit court by the holder or holders of
26 the bonds on which such default of payment exists or by an

1 indenture trustee acting on behalf of such holders. Delivery

3 Board shall constitute sufficient service to give the circuit
4 court jurisdiction of the subject matter of such a suit and
5 jurisdiction over the Authority and its officers named as
6 defendants for the purpose of compelling such payment. Any
7 case, controversy, or cause of action concerning the validity
8 of this Act relates to the revenue of the State of Illinois.

10 notes, or other evidences of indebtedness and in the absence
11 of any express recital on the face thereof that it is
12 non-negotiable, all such bonds, notes, and other evidences of
13 indebtedness shall be negotiable instruments. Pending the
14 preparation and execution of any such bonds, notes, or other
15 evidences of indebtedness, temporary bonds, notes, or
16 evidences of indebtedness may be issued as provided by
17 ordinance.

18 (d) To secure the payment of any or all of such bonds,
19 notes, or other evidences of indebtedness, the revenues to be
20 received by the Authority from a lease agreement or loan
21 agreement shall be pledged, and, for the purpose of setting
22 forth the covenants and undertakings of the Authority in
23 connection with the issuance thereof and the issuance of any
24 additional bonds, notes, or other evidences of indebtedness
25 payable from such revenues, income, or other funds to be
26 derived from projects, the Authority may execute and deliver a

1 mortgage or trust agreement. A remedy for any breach or
2 default of the terms of any such mortgage or trust agreement by
3 the Authority may be by mandamus proceedings in the
4 appropriate circuit court to compel the performance and
5 compliance therewith, but the trust agreement may prescribe by
6 whom or on whose behalf such action may be instituted.

7 (e) Such bonds or notes shall be secured as provided in the
8 authorizing ordinance which may, notwithstanding any other
9 provision of this Act, include in addition to any other
10 security a specific pledge or assignment of and lien on or
11 security interest in any or all revenues or money of the
12 Authority from whatever source which may by law be used for
13 debt service purposes and a specific pledge or assignment of
14 and lien on or security interest in any funds or accounts
15 established or provided for by ordinance of the Authority
16 authorizing the issuance of such bonds or notes.

17 (f) (Blank).

18 (g) The State of Illinois pledges to and agrees with the
19 holders of the bonds and notes of the Authority issued
20 pursuant to this Section that the State will not limit or alter
21 the rights and powers vested in the Authority by this Act so as
22 to impair the terms of any contract made by the Authority with
23 such holders or in any way impair the rights and remedies of
24 such holders until such bonds and notes, together with
25 interest thereon, with interest on any unpaid installments of
26 interest, and all costs and expenses in connection with any

1 action or proceedings by or on behalf of such holders, are
2 fully met and discharged. In addition, the State pledges to
3 and agrees with the holders of the bonds and notes of the
4 Authority issued pursuant to this Section that the State will
5 not limit or alter the basis on which State funds are to be
6 paid to the Authority as provided in this Act, or the use of
7 such funds, so as to impair the terms of any such contract. The
8 Authority is authorized to include these pledges and
9 agreements of the State in any contract with the holders of
10 bonds or notes issued pursuant to this Section.

20 the commissioners of the Chicago Park District, without the
21 submission thereof to the voters for approval, may incur an
22 indebtedness and issue bonds therefor in an amount not to

24 \$25,000,000 heretofore authorized, and in addition to bonds in

1 the amounts of \$5,000,000 and \$7,000,000 heretofore
2 authorized, and issued for that purpose. Bonds in the amount
3 of not to exceed \$40,000,000 may be sold in any one year and if
4 such maximum amount shall not be so sold in the first year the
5 balance thereof may be sold in any year thereafter at the
6 discretion of the commissioners.

7 Such bonds shall be authorized by ordinance and shall be
8 of the form and denomination, payable at the place and bear
9 such date as may be determined by the commissioners and shall
10 mature within not to exceed 20 years from their date or, for

6 The validity of any bond shall remain unimpaired although
7 one or more of the officers executing same shall have ceased to
8 be such officer or officers before delivery thereof.

9 Such bonds may be sold for such price and after such
10 advertising as shall be approved and directed by the
11 commissioners.

21 maturity then said money may be invested under the direction
22 of the commissioners in bonds or other interest bearing
23 obligations of the United States or bonds of the State of

19 Bonds called for payment and paid or purchased shall be
20 marked paid and cancelled.

21 Whenever any bonds are so purchased and/or redeemed and
22 cancelled, the taxes thereafter to be extended for payment of
23 interest shall be reduced in the amount of interest that would
24 have thereafter accrued upon such bonds so cancelled, and a
25 resolution shall be adopted by the commissioners finding such
26 facts and a certified copy thereof shall be filed in the office

1 of the county clerk whereupon it shall be the duty of such

19 the appropriate appointing authority shall appoint 2
20 additional trustees to the board of trustees, one to hold

6 5-member ~~5-member~~ board of trustees, whose terms shall be for 3
7 years commencing the first Monday in May of the year in which
8 they are respectively appointed.

9 If any sanitary district having a 5-member ~~5-member~~ board
10 of trustees shall cease to contain one or more municipalities
11 with a population over 90,000 but less than 500,000 according

4 A majority of the board of trustees shall constitute a
5 quorum but a smaller number may adjourn from day to day. No
6 trustee or employee of such district shall be directly or
7 indirectly interested in any contract, work or business of the

10 purchase of any real estate or property belonging to the
11 district, or which shall be sold for taxes or assessments, or
12 by virtue of legal process at the suit of the district.
13 Provided, that nothing herein shall be construed as
14 prohibiting the appointment or selection of any person as
15 trustee or employee whose only interest in the district is as
16 owner of real estate in the district or of contributing to the
17 payment of taxes levied by the district. The trustees shall
18 have the power to provide and adopt a corporate seal for the
19 district.

20 Notwithstanding any other provision in this Section, in

1 Except as otherwise provided for vacancies, in the event
2 that the appropriate appointing authority fails to appoint a
3 trustee under this Section, the appropriate appointing
4 authority shall reconvene and appoint a successor on or before
5 July 1 of that year.

5 Section 570. The Metropolitan Water Reclamation District
6 Act is amended by changing Sections 9b, 9d, 9.6, and 10.1 as
7 follows:

8 (70 ILCS 2605/9b) (from Ch. 42, par. 328b)

9 Sec. 9b. From and after April 1, 1958, the corporate
10 authorities of any such sanitary district may by ordinance,
11 establish a fund to be known as a "corporate working cash fund"
12 which shall be maintained and administered in the manner
13 provided by this Act for the purpose of enabling said
14 corporate authorities to have in the treasury at all times
15 sufficient money to meet demands thereon for ordinary and
16 necessary expenditures for corporate purposes.

17 The corporate authorities may incur an indebtedness and
18 issue bonds therefor in an amount, when added to (a) proceeds
19 from the sale of bonds previously issued to create or increase
20 the working cash fund (b) any amounts collected from the
21 corporate working cash levy and (c) amounts transferred from
22 the construction working cash fund, will not exceed 90% of the
23 amount produced by multiplying the maximum corporate tax rate
24 permitted under this Act by the last known equalized assessed

1 valuation of all property within the territorial boundaries of
2 the sanitary district at the time any bonds are issued plus 90%
3 of the last known entitlement of such district to such taxes as
4 by law now or hereafter enacted or amended, imposed by the
5 General Assembly of the State of Illinois to replace revenue
6 lost by units of local government and school districts as a
7 result of the abolition of ad valorem personal property taxes,
8 pursuant to Article IX, Section 5(c) of the Constitution of
9 the State of Illinois. The bonds shall mature within 20 years
10 from the date of issuance and shall bear interest at a rate or
11 rates not exceeding that permitted by the Bond Authorization
12 Act ~~"An Act to authorize public corporations to issue bonds,~~
13 ~~other evidences of indebtedness and tax anticipation warrants~~
14 ~~subject to interest rate limitations set forth therein",~~
15 ~~approved May 26, 1970, as amended.~~

16 In order to authorize and issue such bonds, the corporate
17 authorities shall adopt an ordinance designating the purpose
18 and fixing the date and the amount of the bonds proposed to be
19 issued, the maturity thereof, the rate of interest thereon,
20 place of payment and denomination, and provide for the levy
21 and collection of a direct annual tax upon all the taxable
22 property of the sanitary district sufficient to pay and
23 discharge the principal thereof at maturity, and to pay the
24 interest thereon as it falls due. Upon the filing in the office
25 of the county clerk of the county where the sanitary district
26 is located of a certified copy of any such ordinance, the

1 county clerk shall extend the tax therein provided for.

2 Said bonds may be issued by the corporate authorities
3 without submitting the question of issuance to the legal
4 voters of such sanitary district for approval.

5 Before or at the time of issuing said corporate working
6 cash fund bonds the corporate authorities shall, by ordinance
7 provide for the collection of a direct annual tax upon all the
8 taxable property of the sanitary district sufficient to pay
9 and discharge the principal thereof at maturity, and to pay

14 All moneys derived from the issuance of said corporate
15 working cash fund bonds pursuant to this Amendatory Act of
16 1957, when received by the treasurer of the district, shall be
17 set apart in the corporate working cash fund. The moneys in
18 such fund shall not be regarded as current assets available
19 for appropriation and shall not be appropriated by the
20 corporate authorities in the annual sanitary district budget,
21 but in order to provide moneys with which to meet ordinary and
22 necessary disbursements for salaries and other corporate
23 purposes may be transferred, in whole or in part, to the
24 corporate fund of the sanitary district and so disbursed
25 therefrom in anticipation of the collection of any taxes
26 lawfully levied for corporate purposes or in the anticipation

1 of the receipt of such taxes, as by law now or hereafter
2 enacted or amended, imposed by the General Assembly of the
3 State of Illinois to replace revenue lost by units of local
4 government and school districts as a result of the abolition
5 of ad valorem personal property taxes, pursuant to Article IX,
6 Section 5(c) of the Constitution of the State of Illinois.
7 Moneys transferred to the corporate fund in anticipation of
8 the collection of taxes shall be deemed to have been
9 transferred in anticipation of the collection of that part of
10 the taxes so levied which is in excess of the amount or amounts
11 thereof required to pay any warrants or notes, and the
12 interest thereon theretofore or thereafter issued, and such
13 taxes levied for corporate purposes when collected shall be
14 applied first to the payment of any such warrants or notes and
15 the interest thereon and then to the reimbursement of the
16 corporate working cash fund as hereinafter provided. Upon the
17 receipt by the treasurer of the sanitary district of any taxes
18 in anticipation of the collection or receipt whereof moneys of
19 the corporate working cash fund have been so transferred for
20 disbursement, such fund shall immediately be reimbursed
21 therefrom until the full amount so transferred has been
22 retransferred to said fund. If the taxes in anticipation of
23 the collection of which such transfers are made are not
24 collected in sufficient amounts to effect a complete
25 reimbursement of the working cash fund within the second
26 budget year following the year in which said transfer was

1 made, of the amounts transferred from the corporate working
2 cash fund to the corporate fund, the deficiencies between the
3 amounts thus transferred and the amounts repaid from
4 collection shall be general obligations of the corporate fund
5 until repaid either from taxes in anticipation of which
6 transfers were made or from appropriations which may be made
7 in the annual sanitary district budgets of sums of money to
8 apply on such general obligations or until repaid from both
9 the taxes in anticipation of which such transfers were made
10 and from appropriations which may be made in the annual
11 sanitary district budgets of sums of money to apply on such
12 general obligations.

13 Moneys shall be transferred from the corporate working
14 cash fund to the corporate fund only upon the authority of the
15 corporate authorities, which shall by resolution direct the
16 treasurer of the sanitary district to make such transfers. The
17 resolution shall set forth (a) the taxes or funds in
18 anticipation of the collection or receipt of which the
19 corporate working cash fund is to be reimbursed, (b) for a
20 transfer in anticipation of the extension of real estate
21 taxes, the entire amount of taxes extended, or which the board
22 shall estimate will be extended, for any year by the county
23 clerk upon the books of the collectors of State ~~state~~ and
24 county taxes within the sanitary district in anticipation of
25 all or part of which such transfer is to be made, (c) for a
26 transfer in anticipation of such taxes, hereinabove referred

1 to, to replace revenue lost by units of local government and
2 school districts as a result of the abolition of ad valorem
3 personal property taxes, the amount of such taxes which the
4 board shall estimate will be received, (d) the aggregate
5 amount of warrants or notes theretofore issued in anticipation
6 of the collection of such taxes, (e) the aggregate amount of
7 receipts from taxes imposed to replace revenue lost by units
8 of local government and school districts as a result of the
9 abolition of ad valorem personal property taxes, pursuant to
10 Article IX, Section 5(c) of the Constitution of the State of
11 Illinois, which the corporate authorities estimate will be set
12 aside for the payment of the proportionate amount of debt
13 service and pension or retirement obligations, as required by
14 Section 12 of the State Revenue Sharing Act ~~"An Act in relation~~
15 ~~to State Revenue Sharing with local government entities",~~
16 ~~approved July 31, 1969, as amended,~~ and (f) the aggregate
17 amount of moneys theretofore transferred from the corporate
18 working cash fund to the corporate fund in anticipation of the
19 collection of such taxes. The amount which the resolution
20 shall direct the treasurer of the sanitary district so to
21 transfer in anticipation of the collection of taxes levied or
22 to be received for any year, together with the aggregate
23 amount of such anticipation tax warrants or notes theretofore
24 drawn against such taxes, the amount estimated to be required
25 to satisfy debt service and pension or retirement obligations,
26 as set forth in Section 12 of the State Revenue Sharing Act ~~"An~~

1 ~~Act in relation to State revenue sharing with local government~~
2 ~~entities", approved July 31, 1969, as amended,~~ and the
3 aggregate amount of such transfers theretofore made in
4 anticipation of the collection of such taxes shall not exceed
5 100% of the actual or estimated amount of such taxes extended
6 or to be extended or to be received as set forth in the
7 resolution. When moneys are available in the corporate working
8 cash fund they shall be transferred to the corporate fund and
9 disbursed for the payment of salaries and other corporate
10 expenses so as to avoid, or reduce in amount, whenever
11 possible, the issuance of tax anticipation warrants or notes.

12 Any member of the board of commissioners of said sanitary
13 district or any officer thereof or any other person holding
14 any other position of trust or employment under the said
15 board, who is guilty of the wilful violation of any of the
16 provisions of this Amendatory Act of 1957, shall be guilty of a
17 business offense and shall be fined not exceeding \$10,000 and
18 shall forfeit his right to his office, trust, or employment
19 and shall be removed therefrom. Any such member, officer, or

7 provisions restricting individual right of action by
8 bondholders;

9 (8) Providing for guarantees, pledges of property,

15 the bonds shall be liable personally on the bonds or subject to
16 any personal liability by reason of the issuance of the bonds.

17 (D) The Authority may enter into agreements with agents,
18 banks, insurers, or others for the purpose of enhancing the
19 marketability of or security for its bonds.

20 (E) (1) A pledge by the Authority of revenues and receipts
21 as security for an issue of bonds or for the performance of its
22 obligations under any management agreement or assistance
23 agreement shall be valid and binding from the time when the
24 pledge is made.

25 (2) The revenues and receipts pledged shall immediately be
26 subject to the lien of the pledge without any physical

1 delivery or further act, and the lien of any pledge shall be
2 valid and binding against any person having any claim of any

5 (3) No resolution, trust agreement, management agreement,

12 (F) The Authority may issue bonds to refund, advance
13 refund, or refinance any of its bonds then outstanding,
14 including the payment of any redemption premium and any
15 interest accrued or to accrue to the earliest or any

18 the public purposes of realizing savings in the effective
19 costs of debt service, directly or through a debt
20 restructuring, for alleviating impending or actual default, or
21 for paying principal of, redemption premium, if any, and
22 interest on bonds as they mature or are subject to redemption,
23 and may be issued in one or more series in an amount in excess
24 of that of the bonds to be refunded.

25 (G) At no time shall the total outstanding bonds and notes
26 of the Authority issued under this Section 13 exceed (i)

1 \$150,000,000 in connection with facilities owned by the
2 Authority or in connection with other authorized corporate
3 purposes of the Authority and (ii) \$399,000,000 in connection
4 with facilities owned by a governmental owner other than the
5 Authority; however, the limit on the total outstanding bond
6 and notes set forth in this sentence shall not apply to any
7 refunding or restructuring bonds issued by the Authority on
8 and after June 17, 2021 (the effective date of Public Act
9 102-16) ~~this amendatory Act of the 102nd General Assembly~~ but
10 prior to December 31, 2024. Bonds which are being paid or
11 retired by issuance, sale, or delivery of bonds or notes, and
12 bonds or notes for which sufficient funds have been deposited
13 with the paying agent or trustee to provide for payment of
14 principal and interest thereon, and any redemption premium, as
15 provided in the authorizing resolution, shall not be
16 considered outstanding for the purposes of this paragraph.

17 (H) The bonds and notes of the Authority shall not be
18 indebtedness of the City of Chicago, of the State, or of any
19 political subdivision of the State other than the Authority.
20 The bonds and notes of the Authority are not general
21 obligations of the State of Illinois or the City of Chicago, or
22 of any other political subdivision of the State other than the
23 Authority, and are not secured by a pledge of the full faith
24 and credit of the State of Illinois or the City of Chicago, or
25 of any other political subdivision of the State other than the
26 Authority, and the holders of bonds and notes of the Authority

1 may not require the levy or imposition by the State or the City
2 of Chicago, or any other political subdivision of the State
3 other than the Authority, of any taxes or, except as provided
4 in this Act, the application of revenues or funds of the State
5 of Illinois or the City of Chicago or any other political
6 subdivision of the State other than the Authority to the
7 payment of bonds and notes of the Authority.

8 (I) In order to provide for the payment of debt service
9 requirements (including amounts for reserve funds and to pay
10 the costs of credit enhancements) on bonds issued pursuant to
11 this Act, the Authority may provide in any trust agreement
12 securing such bonds for a pledge and assignment of its right to
13 all amounts to be received from the Illinois Sports Facilities
14 Fund and for a pledge and assignment (subject to the terms of
15 any management agreement or assistance agreement) of all taxes
16 and other amounts to be received under Section 19 of this Act
17 and may further provide by written notice to the State
18 Treasurer and State Comptroller (which notice shall constitute
19 a direction to those officers) for a direct payment of these
20 amounts to the trustee for its bondholders.

21 (J) The State of Illinois pledges to and agrees with the
22 holders of the bonds and notes of the Authority issued
23 pursuant to this Act that the State will not limit or alter the
24 rights and powers vested in the Authority by this Act so as to
25 impair the terms of any contract made by the Authority with
26 such holders or in any way impair the rights and remedies of

1 such holders until such bonds and notes, together with
2 interest thereon, with interest on any unpaid installments of
3 interest, and all costs and expenses in connection with any
4 action or proceedings by or on behalf of such holders, are
5 fully met and discharged. In addition, the State pledges to
6 and agrees with the holders of the bonds and notes of the
7 Authority issued pursuant to this Act that the State will not
8 limit or alter the basis on which State funds are to be
9 allocated, deposited and paid to the Authority as provided in
10 this Act, or the use of such funds, so as to impair the terms
11 of any such contract. The Authority is authorized to include
12 these pledges and agreements of the State in any contract with
13 the holders of bonds or notes issued pursuant to this Section.
14 Nothing in Public Act 102-16 ~~this amendatory Act of the 102nd~~
15 ~~General Assembly~~ is intended to limit or alter the rights and
16 powers of the Authority so as to impair the terms of any
17 contract made by the Authority with the holders of the bonds
18 and notes of the Authority issued pursuant to this Act.

8 (7) Defining the acts or omissions which shall
9 constitute a default in the duties of the Authority to
10 holders of bonds and providing the rights or remedies of
11 such holders in the event of a default which may include
12 provisions restricting individual right of action by
13 bondholders;

14 (8) Providing for guarantees, pledges of property,
15 letters of credit, or other security, or insurance for the
16 benefit of bondholders; and

17 (9) Any other matter relating to the bonds which the
18 Authority determines appropriate.

19 (c) No member of the Authority nor any person executing
20 the bonds shall be liable personally on the bonds or subject to
21 any personal liability by reason of the issuance of the bonds.

22 (d) The Authority may enter into agreements with agents,
23 banks, insurers, or others for the purpose of enhancing the
24 marketability of or security for its bonds.

25 (e) (1) A pledge by the Authority of revenues and receipts

3 pledge is made.

4 (2) The revenues and receipts pledged shall
5 immediately be subject to the lien of the pledge without
6 any physical delivery or further act, and the lien of any

8 having any claim of any kind in tort, contract, or
9 otherwise against the Authority, irrespective of whether
10 the person has notice.

11 (3) No resolution, trust agreement, management
12 agreement, or assistance agreement or any financing
13 statement, continuation statement, or other instrument

16 the Authority in order to perfect the lien against third
17 persons, regardless of any contrary provision of law.

18 (f) The Authority may issue bonds to refund, advance
19 refund, or refinance any of its bonds then outstanding,
20 including the payment of any redemption premium and any
21 interest accrued or to accrue to the earliest or any
22 subsequent date of redemption, purchase or maturity of the
23 bonds. Refunding or advance refunding bonds may be issued for
24 the public purposes of realizing savings in the effective
25 costs of debt service, directly or through a debt
26 restructuring, for alleviating impending or actual default, or

1 for paying principal of, redemption premium, if any, and
2 interest on bonds as they mature or are subject to redemption,
3 and may be issued in one or more series in an amount in excess
4 of that of the bonds to be refunded.

5 (g) At no time shall the total outstanding bonds and notes
6 of the Authority issued under this Section 100 exceed (i)
7 \$40,000,000 in connection with facilities owned by the
8 Authority; and (ii) \$40,000,000 in connection with facilities
9 owned by a governmental owner other than the Authority. Bonds
10 which are being paid or retired by issuance, sale, or delivery
11 of bonds or notes, and bonds or notes for which sufficient
12 funds have been deposited with the paying agent or trustee to
13 provide for payment of principal and interest thereon, and any
14 redemption premium, as provided in the authorizing resolution,
15 shall not be considered outstanding for the purposes of this
16 paragraph.

17 (h) The bonds and notes of the Authority shall not be
18 indebtedness of the State, or of any political subdivision of
19 the State other than the Authority. The bonds and notes of the
20 Authority are not general obligations of the State of
21 Illinois, or of any other political subdivision of the State
22 other than the Authority, and are not secured by a pledge of
23 the full faith and credit of the State of Illinois, or of any
24 other political subdivision of the State other than the
25 Authority, and the holders of bonds and notes of the Authority
26 may not require the levy or imposition by the State, or any

1 other political subdivision of the State other than the
2 Authority, of any taxes or, except as provided in this Act, the
3 application of revenues or funds of the State of Illinois, or
4 any other political subdivision of the State other than the
5 Authority, to the payment of bonds and notes of the Authority.

6 (i) In order to provide for the payment of debt service
7 requirements (including amounts for reserve funds and to pay
8 the costs of credit enhancements) on bonds issued pursuant to
9 this Act, the Authority may provide in any trust agreement
10 securing such bonds for a pledge and assignment of its right to
11 all amounts to be received from the Illinois Sports Facilities
12 Fund and for a pledge and assignment (subject to the terms of
13 any management agreement or assistance agreement) of all taxes
14 and other amounts to be received under Section 100 of this Act
15 and may further provide written notice to the State Treasurer
16 and State Comptroller (which notice shall constitute a
17 direction to those officers) for a direct payment of these
18 amounts to the trustee for its bondholders.

19 (j) The State of Illinois pledges to and agrees with the
20 holders of the bonds and notes of the Authority issued
21 pursuant to this Act that the State will not limit or alter the
22 rights and powers vested in the Authority by this Act so as to
23 impair the terms of any contract made by the Authority with
24 such holders or in any way impair the rights and remedies of
25 such holders until such bonds and notes, together with
26 interest thereon, with interest on any unpaid installments of

1 interest, and all costs and expenses in connection with any
2 action or proceedings by or on behalf of such holders, are
3 fully met and discharged. In addition, the State pledges to
4 and agrees with the holders of the bonds and notes of the
5 Authority issued pursuant to this Act that the State will not
6 limit or alter the basis on which State funds are to be
7 allocated, deposited, and paid to the Authority as provided in
8 this Act, or the use of such funds, so as to impair the terms
9 of any such contract. The Authority is authorized to include
10 these pledges and agreements of the State in any contract with
11 the holders of bonds or notes issued pursuant to this Section.

13 Section 610. The Regional Transportation Authority Act is
14 amended by changing Section 4.03 as follows:

15 (70 ILCS 3615/4.03)

16 Sec. 4.03. Taxes.

17 (a) In order to carry out any of the powers or purposes of
18 the Authority, the Board may, by ordinance adopted with the
19 concurrence of 12 of the then Directors, impose throughout the
20 metropolitan region any or all of the taxes provided in this
21 Section. Except as otherwise provided in this Act, taxes
22 imposed under this Section and civil penalties imposed
23 incident thereto shall be collected and enforced by the State
24 Department of Revenue. The Department shall have the power to

1 administer and enforce the taxes and to determine all rights
2 for refunds for erroneous payments of the taxes. Nothing in
3 Public Act 95-708 is intended to invalidate any taxes
4 currently imposed by the Authority. The increased vote
5 requirements to impose a tax shall only apply to actions taken
6 after January 1, 2008 (the effective date of Public Act
7 95-708).

8 (b) The Board may impose a public transportation tax upon
9 all persons engaged in the metropolitan region in the business
10 of selling at retail motor fuel for operation of motor
11 vehicles upon public highways. The tax shall be at a rate not
12 to exceed 5% of the gross receipts from the sales of motor fuel
13 in the course of the business. As used in this Act, the term
14 "motor fuel" shall have the same meaning as in the Motor Fuel
15 Tax Law. The Board may provide for details of the tax. The
16 provisions of any tax shall conform, as closely as may be
17 practicable, to the provisions of the Municipal Retailers
18 Occupation Tax Act, including, without limitation, conformity
19 to penalties with respect to the tax imposed and as to the
20 powers of the State Department of Revenue to promulgate and
21 enforce rules and regulations relating to the administration
22 and enforcement of the provisions of the tax imposed, except
23 that reference in the Act to any municipality shall refer to
24 the Authority and the tax shall be imposed only with regard to
25 receipts from sales of motor fuel in the metropolitan region,
26 at rates as limited by this Section.

1 (c) In connection with the tax imposed under paragraph (b)
2 of this Section, the Board may impose a tax upon the privilege
3 of using in the metropolitan region motor fuel for the
4 operation of a motor vehicle upon public highways, the tax to
5 be at a rate not in excess of the rate of tax imposed under
6 paragraph (b) of this Section. The Board may provide for
7 details of the tax.

8 (d) The Board may impose a motor vehicle parking tax upon
9 the privilege of parking motor vehicles at off-street parking
10 facilities in the metropolitan region at which a fee is
11 charged, and may provide for reasonable classifications in and
12 exemptions to the tax, for administration and enforcement
13 thereof and for civil penalties and refunds thereunder and may
14 provide criminal penalties thereunder, the maximum penalties
15 not to exceed the maximum criminal penalties provided in the
16 Retailers' Occupation Tax Act. The Authority may collect and
17 enforce the tax itself or by contract with any unit of local
18 government. The State Department of Revenue shall have no
19 responsibility for the collection and enforcement unless the
20 Department agrees with the Authority to undertake the
21 collection and enforcement. As used in this paragraph, the
22 term "parking facility" means a parking area or structure
23 having parking spaces for more than 2 vehicles at which motor
24 vehicles are permitted to park in return for an hourly, daily,
25 or other periodic fee, whether publicly or privately owned,
26 but does not include parking spaces on a public street, the use

1 of which is regulated by parking meters.

2 (e) The Board may impose a Regional Transportation
3 Authority Retailers' Occupation Tax upon all persons engaged
4 in the business of selling tangible personal property at
5 retail in the metropolitan region. In Cook County, the tax
6 rate shall be 1.25% of the gross receipts from sales of food
7 for human consumption that is to be consumed off the premises
8 where it is sold (other than alcoholic beverages, food
9 consisting of or infused with adult use cannabis, soft drinks,
10 candy, and food that has been prepared for immediate
11 consumption) and tangible personal property taxed at the 1%
12 rate under the Retailers' Occupation Tax Act, and 1% of the
13 gross receipts from other taxable sales made in the course of
14 that business. In DuPage, Kane, Lake, McHenry, and Will
15 counties, the tax rate shall be 0.75% of the gross receipts
16 from all taxable sales made in the course of that business. The
17 rate of tax imposed in DuPage, Kane, Lake, McHenry, and Will
18 counties under this Section on sales of aviation fuel on or
19 after December 1, 2019 shall, however, be 0.25% unless the
20 Regional Transportation Authority in DuPage, Kane, Lake,
21 McHenry, and Will counties has an "airport-related purpose"
22 and the additional 0.50% of the 0.75% tax on aviation fuel is
23 expended for airport-related purposes. If there is no
24 airport-related purpose to which aviation fuel tax revenue is
25 dedicated, then aviation fuel is excluded from the additional
26 0.50% of the 0.75% tax. The tax imposed under this Section and

1 all civil penalties that may be assessed as an incident
2 thereof shall be collected and enforced by the State
3 Department of Revenue. The Department shall have full power to
4 administer and enforce this Section; to collect all taxes and
5 penalties so collected in the manner hereinafter provided; and
6 to determine all rights to credit memoranda arising on account
7 of the erroneous payment of tax or penalty hereunder. In the
8 administration of, and compliance with this Section, the
9 Department and persons who are subject to this Section shall
10 have the same rights, remedies, privileges, immunities,
11 powers, and duties, and be subject to the same conditions,
12 restrictions, limitations, penalties, exclusions, exemptions,
13 and definitions of terms, and employ the same modes of
14 procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d,
15 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions
16 therein other than the State rate of tax), 2c, 3 (except as to
17 the disposition of taxes and penalties collected, and except
18 that the retailer's discount is not allowed for taxes paid on
19 aviation fuel that are subject to the revenue use requirements
20 of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c,
21 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9,
22 10, 11, 12, and 13 of the Retailers' Occupation Tax Act and
23 Section 3-7 of the Uniform Penalty and Interest Act, as fully
24 as if those provisions were set forth herein.

25 The Board and DuPage, Kane, Lake, McHenry, and Will
26 counties must comply with the certification requirements for

1 airport-related purposes under Section 2-22 of the Retailers'
2 Occupation Tax Act. For purposes of this Section,
3 "airport-related purposes" has the meaning ascribed in Section
4 6z-20.2 of the State Finance Act. This exclusion for aviation
5 fuel only applies for so long as the revenue use requirements
6 of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the
7 Authority.

8 Persons subject to any tax imposed under the authority
9 granted in this Section may reimburse themselves for their
10 seller's tax liability hereunder by separately stating the tax
11 as an additional charge, which charge may be stated in
12 combination in a single amount with State taxes that sellers
13 are required to collect under the Use Tax Act, under any
14 bracket schedules the Department may prescribe.

15 Whenever the Department determines that a refund should be
16 made under this Section to a claimant instead of issuing a
17 credit memorandum, the Department shall notify the State
18 Comptroller, who shall cause the warrant to be drawn for the
19 amount specified, and to the person named, in the notification
20 from the Department. The refund shall be paid by the State
21 Treasurer out of the Regional Transportation Authority tax
22 fund established under paragraph (n) of this Section or the
23 Local Government Aviation Trust Fund, as appropriate.

24 If a tax is imposed under this subsection (e), a tax shall
25 also be imposed under subsections (f) and (g) of this Section.

26 For the purpose of determining whether a tax authorized

1 under this Section is applicable, a retail sale by a producer
2 of coal or other mineral mined in Illinois, is a sale at retail
3 at the place where the coal or other mineral mined in Illinois
4 is extracted from the earth. This paragraph does not apply to
5 coal or other mineral when it is delivered or shipped by the
6 seller to the purchaser at a point outside Illinois so that the
7 sale is exempt under the Federal Constitution as a sale in
8 interstate or foreign commerce.

9 No tax shall be imposed or collected under this subsection
10 on the sale of a motor vehicle in this State to a resident of
11 another state if that motor vehicle will not be titled in this
12 State.

13 Nothing in this Section shall be construed to authorize
14 the Regional Transportation Authority to impose a tax upon the
15 privilege of engaging in any business that under the
16 Constitution of the United States may not be made the subject
17 of taxation by this State.

18 (f) If a tax has been imposed under paragraph (e), a
19 Regional Transportation Authority Service Occupation Tax shall
20 also be imposed upon all persons engaged^T in the metropolitan
21 region in the business of making sales of service^T who^L as an
22 incident to making the sales of service, transfer tangible
23 personal property within the metropolitan region, either in
24 the form of tangible personal property or in the form of real
25 estate as an incident to a sale of service. In Cook County, the
26 tax rate shall be: (1) 1.25% of the serviceman's cost price of

1 food prepared for immediate consumption and transferred
2 incident to a sale of service subject to the service
3 occupation tax by an entity that is located in the
4 metropolitan region and that is licensed under the Hospital
5 Licensing Act, the Nursing Home Care Act, the Assisted Living
6 and Shared Housing Act, the Specialized Mental Health
7 Rehabilitation Act of 2013, the ID/DD Community Care Act, the
8 MC/DD Act, or the Child Care Act of 1969, or an entity that
9 holds a permit issued pursuant to the Life Care Facilities
10 Act; (2) 1.25% of the selling price of food for human
11 consumption that is to be consumed off the premises where it is
12 sold (other than alcoholic beverages, food consisting of or
13 infused with adult use cannabis, soft drinks, candy, and food
14 that has been prepared for immediate consumption) and tangible
15 personal property taxed at the 1% rate under the Service
16 Occupation Tax Act; and (3) 1% of the selling price from other
17 taxable sales of tangible personal property transferred. In
18 DuPage, Kane, Lake, McHenry, and Will counties, the rate shall
19 be 0.75% of the selling price of all tangible personal
20 property transferred. The rate of tax imposed in DuPage, Kane,
21 Lake, McHenry, and Will counties under this Section on sales
22 of aviation fuel on or after December 1, 2019 shall, however,
23 be 0.25% unless the Regional Transportation Authority in
24 DuPage, Kane, Lake, McHenry, and Will counties has an
25 "airport-related purpose" and the additional 0.50% of the
26 0.75% tax on aviation fuel is expended for airport-related

1 purposes. If there is no airport-related purpose to which
2 aviation fuel tax revenue is dedicated, then aviation fuel is
3 excluded from the additional 0.5% of the 0.75% tax.

4 The Board and DuPage, Kane, Lake, McHenry, and Will
5 counties must comply with the certification requirements for
6 airport-related purposes under Section 2-22 of the Retailers'
7 Occupation Tax Act. For purposes of this Section,
8 "airport-related purposes" has the meaning ascribed in Section
9 6z-20.2 of the State Finance Act. This exclusion for aviation
10 fuel only applies for so long as the revenue use requirements
11 of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the
12 Authority.

13 The tax imposed under this paragraph and all civil
14 penalties that may be assessed as an incident thereof shall be
15 collected and enforced by the State Department of Revenue. The
16 Department shall have full power to administer and enforce
17 this paragraph; to collect all taxes and penalties due
18 hereunder; to dispose of taxes and penalties collected in the
19 manner hereinafter provided; and to determine all rights to
20 credit memoranda arising on account of the erroneous payment
21 of tax or penalty hereunder. In the administration of and
22 compliance with this paragraph, the Department and persons who
23 are subject to this paragraph shall have the same rights,
24 remedies, privileges, immunities, powers, and duties, and be
25 subject to the same conditions, restrictions, limitations,
26 penalties, exclusions, exemptions, and definitions of terms,

1 and employ the same modes of procedure, as are prescribed in
2 Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all
3 provisions therein other than the State rate of tax), 4
4 (except that the reference to the State shall be to the
5 Authority), 5, 7, 8 (except that the jurisdiction to which the
6 tax shall be a debt to the extent indicated in that Section 8
7 shall be the Authority), 9 (except as to the disposition of
8 taxes and penalties collected, and except that the returned
9 merchandise credit for this tax may not be taken against any
10 State tax, and except that the retailer's discount is not
11 allowed for taxes paid on aviation fuel that are subject to the
12 revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C.
13 47133), 10, 11, 12 (except the reference therein to Section 2b
14 of the Retailers' Occupation Tax Act), 13 (except that any
15 reference to the State shall mean the Authority), the first
16 paragraph of Section 15, 16, 17, 18, 19, and 20 of the Service
17 Occupation Tax Act and Section 3-7 of the Uniform Penalty and
18 Interest Act, as fully as if those provisions were set forth
19 herein.

20 Persons subject to any tax imposed under the authority
21 granted in this paragraph may reimburse themselves for their
22 serviceman's tax liability hereunder by separately stating the
23 tax as an additional charge, that charge may be stated in
24 combination in a single amount with State tax that servicemen
25 are authorized to collect under the Service Use Tax Act, under
26 any bracket schedules the Department may prescribe.

1 Whenever the Department determines that a refund should be
2 made under this paragraph to a claimant instead of issuing a
3 credit memorandum, the Department shall notify the State
4 Comptroller, who shall cause the warrant to be drawn for the
5 amount specified, and to the person named in the notification
6 from the Department. The refund shall be paid by the State
7 Treasurer out of the Regional Transportation Authority tax
8 fund established under paragraph (n) of this Section or the
9 Local Government Aviation Trust Fund, as appropriate.

10 Nothing in this paragraph shall be construed to authorize
11 the Authority to impose a tax upon the privilege of engaging in
12 any business that under the Constitution of the United States
13 may not be made the subject of taxation by the State.

14 (g) If a tax has been imposed under paragraph (e), a tax
15 shall also be imposed upon the privilege of using in the
16 metropolitan region, any item of tangible personal property
17 that is purchased outside the metropolitan region at retail
18 from a retailer, and that is titled or registered with an
19 agency of this State's government. In Cook County, the tax
20 rate shall be 1% of the selling price of the tangible personal
21 property, as "selling price" is defined in the Use Tax Act. In
22 DuPage, Kane, Lake, McHenry, and Will counties, the tax rate
23 shall be 0.75% of the selling price of the tangible personal
24 property, as "selling price" is defined in the Use Tax Act. The
25 tax shall be collected from persons whose Illinois address for
26 titling or registration purposes is given as being in the

1 metropolitan region. The tax shall be collected by the
2 Department of Revenue for the Regional Transportation
3 Authority. The tax must be paid to the State, or an exemption
4 determination must be obtained from the Department of Revenue,
5 before the title or certificate of registration for the
6 property may be issued. The tax or proof of exemption may be
7 transmitted to the Department by way of the State agency with
8 which, or the State officer with whom, the tangible personal
9 property must be titled or registered if the Department and
10 the State agency or State officer determine that this
11 procedure will expedite the processing of applications for
12 title or registration.

13 The Department shall have full power to administer and
14 enforce this paragraph; to collect all taxes, penalties, and
15 interest due hereunder; to dispose of taxes, penalties, and
16 interest collected in the manner hereinafter provided; and to
17 determine all rights to credit memoranda or refunds arising on
18 account of the erroneous payment of tax, penalty, or interest
19 hereunder. In the administration of and compliance with this
20 paragraph, the Department and persons who are subject to this
21 paragraph shall have the same rights, remedies, privileges,
22 immunities, powers, and duties, and be subject to the same
23 conditions, restrictions, limitations, penalties, exclusions,
24 exemptions, and definitions of terms and employ the same modes
25 of procedure, as are prescribed in Sections 2 (except the
26 definition of "retailer maintaining a place of business in

1 this State"), 3 through 3-80 (except provisions pertaining to
2 the State rate of tax, and except provisions concerning
3 collection or refunding of the tax by retailers), 4, 11, 12,
4 12a, 14, 15, 19 (except the portions pertaining to claims by
5 retailers and except the last paragraph concerning refunds),
6 20, 21, and 22 of the Use Tax Act, and are not inconsistent
7 with this paragraph, as fully as if those provisions were set
8 forth herein.

9 Whenever the Department determines that a refund should be
10 made under this paragraph to a claimant instead of issuing a
11 credit memorandum, the Department shall notify the State
12 Comptroller, who shall cause the order to be drawn for the
13 amount specified, and to the person named in the notification
14 from the Department. The refund shall be paid by the State
15 Treasurer out of the Regional Transportation Authority tax
16 fund established under paragraph (n) of this Section.

17 (g-5) If, on January 1, 2025, a unit of local government
18 has in effect a tax under subsections (e), (f), and (g), or if,
19 after January 1, 2025, a unit of local government imposes a tax
20 under subsections (e), (f), and (g), then that tax applies to
21 leases of tangible personal property in effect, entered into,
22 or renewed on or after that date in the same manner as the tax
23 under this Section and in accordance with the changes made by
24 Public Act 103-592 ~~this amendatory Act of the 103rd General~~
25 ~~Assembly.~~

26 (h) The Authority may impose a replacement vehicle tax of

1 \$50 on any passenger car as defined in Section 1-157 of the
2 Illinois Vehicle Code purchased within the metropolitan region
3 by or on behalf of an insurance company to replace a passenger
4 car of an insured person in settlement of a total loss claim.
5 The tax imposed may not become effective before the first day
6 of the month following the passage of the ordinance imposing
7 the tax and receipt of a certified copy of the ordinance by the
8 Department of Revenue. The Department of Revenue shall collect
9 the tax for the Authority in accordance with Sections 3-2002
10 and 3-2003 of the Illinois Vehicle Code.

11 The Department shall immediately pay over to the State
12 Treasurer, ex officio, as trustee, all taxes collected
13 hereunder.

14 As soon as possible after the first day of each month,
15 beginning January 1, 2011, upon certification of the
16 Department of Revenue, the Comptroller shall order
17 transferred, and the Treasurer shall transfer, to the STAR
18 Bonds Revenue Fund the local sales tax increment, as defined
19 in the Innovation Development and Economy Act, collected under
20 this Section during the second preceding calendar month for
21 sales within a STAR bond district.

22 After the monthly transfer to the STAR Bonds Revenue Fund,
23 on or before the 25th day of each calendar month, the
24 Department shall prepare and certify to the Comptroller the
25 disbursement of stated sums of money to the Authority. The
26 amount to be paid to the Authority shall be the amount

1 collected hereunder during the second preceding calendar month
2 by the Department, less any amount determined by the
3 Department to be necessary for the payment of refunds, and
4 less any amounts that are transferred to the STAR Bonds
5 Revenue Fund. Within 10 days after receipt by the Comptroller
6 of the disbursement certification to the Authority provided
7 for in this Section to be given to the Comptroller by the
8 Department, the Comptroller shall cause the orders to be drawn
9 for that amount in accordance with the directions contained in
10 the certification.

11 (i) The Board may not impose any other taxes except as it
12 may from time to time be authorized by law to impose.

13 (j) A certificate of registration issued by the State
14 Department of Revenue to a retailer under the Retailers'
15 Occupation Tax Act or under the Service Occupation Tax Act
16 shall permit the registrant to engage in a business that is
17 taxed under the tax imposed under paragraphs (b), (e), (f) or
18 (g) of this Section and no additional registration shall be
19 required under the tax. A certificate issued under the Use Tax
20 Act or the Service Use Tax Act shall be applicable with regard
21 to any tax imposed under paragraph (c) of this Section.

22 (k) The provisions of any tax imposed under paragraph (c)
23 of this Section shall conform as closely as may be practicable
24 to the provisions of the Use Tax Act, including, without
25 limitation, conformity as to penalties with respect to the tax
26 imposed and as to the powers of the State Department of Revenue

1 to promulgate and enforce rules and regulations relating to
2 the administration and enforcement of the provisions of the
3 tax imposed. The taxes shall be imposed only on use within the
4 metropolitan region and at rates as provided in the paragraph.

5 (l) The Board in imposing any tax as provided in
6 paragraphs (b) and (c) of this Section, shall, after seeking
7 the advice of the State Department of Revenue, provide means
8 for retailers, users or purchasers of motor fuel for purposes
9 other than those with regard to which the taxes may be imposed
10 as provided in those paragraphs to receive refunds of taxes
11 improperly paid, which provisions may be at variance with the
12 refund provisions as applicable under the Municipal Retailers
13 Occupation Tax Act. The State Department of Revenue may
14 provide for certificates of registration for users or
15 purchasers of motor fuel for purposes other than those with
16 regard to which taxes may be imposed as provided in paragraphs
17 (b) and (c) of this Section to facilitate the reporting and
18 nontaxability of the exempt sales or uses.

19 (m) Any ordinance imposing or discontinuing any tax under
20 this Section shall be adopted and a certified copy thereof
21 filed with the Department on or before June 1, whereupon the
22 Department of Revenue shall proceed to administer and enforce
23 this Section on behalf of the Regional Transportation
24 Authority as of September 1 next following such adoption and
25 filing. Beginning January 1, 1992, an ordinance or resolution
26 imposing or discontinuing the tax hereunder shall be adopted

1 and a certified copy thereof filed with the Department on or
2 before the first day of July, whereupon the Department shall
3 proceed to administer and enforce this Section as of the first
4 day of October next following such adoption and filing.
5 Beginning January 1, 1993, an ordinance or resolution
6 imposing, increasing, decreasing, or discontinuing the tax
7 hereunder shall be adopted and a certified copy thereof filed
8 with the Department, whereupon the Department shall proceed to
9 administer and enforce this Section as of the first day of the
10 first month to occur not less than 60 days following such
11 adoption and filing. Any ordinance or resolution of the
12 Authority imposing a tax under this Section and in effect on
13 August 1, 2007 shall remain in full force and effect and shall
14 be administered by the Department of Revenue under the terms
15 and conditions and rates of tax established by such ordinance
16 or resolution until the Department begins administering and
17 enforcing an increased tax under this Section as authorized by
18 Public Act 95-708. The tax rates authorized by Public Act
19 95-708 are effective only if imposed by ordinance of the
20 Authority.

21 (n) Except as otherwise provided in this subsection (n),
22 the State Department of Revenue shall, upon collecting any
23 taxes as provided in this Section, pay the taxes over to the
24 State Treasurer as trustee for the Authority. The taxes shall
25 be held in a trust fund outside the State Treasury. If an
26 airport-related purpose has been certified, taxes and

1 penalties collected in DuPage, Kane, Lake, McHenry and Will
2 counties on aviation fuel sold on or after December 1, 2019
3 from the 0.50% of the 0.75% rate shall be immediately paid over
4 by the Department to the State Treasurer, ex officio, as
5 trustee, for deposit into the Local Government Aviation Trust
6 Fund. The Department shall only pay moneys into the Local
7 Government Aviation Trust Fund under this Act for so long as
8 the revenue use requirements of 49 U.S.C. 47107(b) and 49
9 U.S.C. 47133 are binding on the Authority. On or before the
10 25th day of each calendar month, the State Department of
11 Revenue shall prepare and certify to the Comptroller of the
12 State of Illinois and to the Authority (i) the amount of taxes
13 collected in each county other than Cook County in the
14 metropolitan region, (not including, if an airport-related
15 purpose has been certified, the taxes and penalties collected
16 from the 0.50% of the 0.75% rate on aviation fuel sold on or
17 after December 1, 2019 that are deposited into the Local
18 Government Aviation Trust Fund) (ii) the amount of taxes
19 collected within the City of Chicago, and (iii) the amount
20 collected in that portion of Cook County outside of Chicago,
21 each amount less the amount necessary for the payment of
22 refunds to taxpayers located in those areas described in items
23 (i), (ii), and (iii), and less 1.5% of the remainder, which
24 shall be transferred from the trust fund into the Tax
25 Compliance and Administration Fund. The Department, at the
26 time of each monthly disbursement to the Authority, shall

1 prepare and certify to the State Comptroller the amount to be
2 transferred into the Tax Compliance and Administration Fund
3 under this subsection. Within 10 days after receipt by the
4 Comptroller of the certification of the amounts, the
5 Comptroller shall cause an order to be drawn for the transfer
6 of the amount certified into the Tax Compliance and
7 Administration Fund and the payment of two-thirds of the
8 amounts certified in item (i) of this subsection to the
9 Authority and one-third of the amounts certified in item (i)
10 of this subsection to the respective counties other than Cook
11 County and the amount certified in items (ii) and (iii) of this
12 subsection to the Authority.

13 In addition to the disbursement required by the preceding
14 paragraph, an allocation shall be made in July 1991 and each
15 year thereafter to the Regional Transportation Authority. The
16 allocation shall be made in an amount equal to the average
17 monthly distribution during the preceding calendar year
18 (excluding the 2 months of lowest receipts) and the allocation
19 shall include the amount of average monthly distribution from
20 the Regional Transportation Authority Occupation and Use Tax
21 Replacement Fund. The distribution made in July 1992 and each
22 year thereafter under this paragraph and the preceding
23 paragraph shall be reduced by the amount allocated and
24 disbursed under this paragraph in the preceding calendar year.
25 The Department of Revenue shall prepare and certify to the
26 Comptroller for disbursement the allocations made in

1 accordance with this paragraph.

2 (o) Failure to adopt a budget ordinance or otherwise to
3 comply with Section 4.01 of this Act or to adopt a Five-year
4 Capital Program or otherwise to comply with paragraph (b) of
5 Section 2.01 of this Act shall not affect the validity of any
6 tax imposed by the Authority otherwise in conformity with law.

7 (p) At no time shall a public transportation tax or motor
8 vehicle parking tax authorized under paragraphs (b), (c), and
9 (d) of this Section be in effect at the same time as any
10 retailers' occupation, use or service occupation tax
11 authorized under paragraphs (e), (f), and (g) of this Section
12 is in effect.

13 Any taxes imposed under the authority provided in
14 paragraphs (b), (c), and (d) shall remain in effect only until
15 the time as any tax authorized by paragraph (e), (f), or (g) of
16 this Section ~~is~~ ~~are~~ imposed and becomes effective. Once any
17 tax authorized by paragraph (e), (f), or (g) is imposed the
18 Board may not reimpose taxes as authorized in paragraphs (b),
19 (c), and (d) of the Section unless any tax authorized by
20 paragraph (e), (f), or (g) of this Section becomes ineffective
21 by means other than an ordinance of the Board.

22 (q) Any existing rights, remedies and obligations
23 (including enforcement by the Regional Transportation
24 Authority) arising under any tax imposed under paragraph (b),
25 (c), or (d) of this Section shall not be affected by the
26 imposition of a tax under paragraph (e), (f), or (g) of this

1 Section.

11 (105 ILCS 5/1D-1)

12 (Text of Section from P.A. 100-55 and 103-594)

13 Sec. 1D-1. Block grant funding.

14 (a) For fiscal year 1996 and each fiscal year thereafter,
15 the State Board of Education shall award to a school district
16 having a population exceeding 500,000 inhabitants a general
17 education block grant and an educational services block grant,
18 determined as provided in this Section, in lieu of
19 distributing to the district separate State funding for the
20 programs described in subsections (b) and (c). The provisions
21 of this Section, however, do not apply to any federal funds
22 that the district is entitled to receive. In accordance with
23 Section 2-3.32, all block grants are subject to an audit.
24 Therefore, block grant receipts and block grant expenditures

1 shall be recorded to the appropriate fund code for the
2 designated block grant.

3 (b) The general education block grant shall include the
4 following programs: REI Initiative, Summer Bridges, K-6
5 Comprehensive Arts, School Improvement Support, Urban
6 Education, Scientific Literacy, Substance Abuse Prevention,
7 Second Language Planning, Staff Development, Outcomes and
8 Assessment, K-6 Reading Improvement, 7-12 Continued Reading
9 Improvement, Truants' Optional Education, Hispanic Programs,
10 Agriculture Education, Report Cards, and Criminal Background
11 Investigations. The general education block grant shall also
12 include Preschool Education, Parental Training, and Prevention
13 Initiative through June 30, 2026. Notwithstanding any other
14 provision of law, all amounts paid under the general education
15 block grant from State appropriations to a school district in
16 a city having a population exceeding 500,000 inhabitants shall
17 be appropriated and expended by the board of that district for
18 any of the programs included in the block grant or any of the
19 board's lawful purposes. Beginning in Fiscal Year 2018, at
20 least 25% of any additional Preschool Education, Parental
21 Training, and Prevention Initiative program funding over and
22 above the previous fiscal year's allocation shall be used to
23 fund programs for children ages 0-3. Beginning in Fiscal Year
24 2018, funding for Preschool Education, Parental Training, and
25 Prevention Initiative programs above the allocation for these
26 programs in Fiscal Year 2017 must be used solely as a

1 supplement for these programs and may not supplant funds
2 received from other sources.

3 (b-5) Beginning in Fiscal Year 2027, the Department of
4 Early Childhood shall award a block grant for Preschool
5 Education, Parental Training, and Prevention Initiative to a
6 school district having a population exceeding 500,000
7 inhabitants. The grants are subject to audit. Therefore, block
8 grant receipts and block grant expenditures shall be recorded
9 to the appropriate fund code for the designated block grant.
10 Notwithstanding any other provision of law, all amounts paid
11 under the block grant from State appropriations to a school
12 district in a city having a population exceeding 500,000
13 inhabitants shall be appropriated and expended by the board of
14 that district for any of the programs included in the block
15 grant or any of the board's lawful purposes. The district is
16 not required to file any application or other claim in order to
17 receive the block grant to which it is entitled under this
18 Section. The Department of Early Childhood shall make payments
19 to the district of amounts due under the district's block
20 grant on a schedule determined by the Department. A school
21 district to which this Section applies shall report to the
22 Department of Early Childhood on its use of the block grant in
23 such form and detail as the Department may specify. In
24 addition, the report must include the following description
25 for the district, which must also be reported to the General
26 Assembly: block grant allocation and expenditures by program;

1 population and service levels by program; and administrative
2 expenditures by program. The Department shall ensure that the
3 reporting requirements for the district are the same as for
4 all other school districts in this State. Beginning in Fiscal
5 Year 2018, at least 25% of any additional Preschool Education,
6 Parental Training, and Prevention Initiative program funding
7 over and above the previous fiscal year's allocation shall be
8 used to fund programs for children ages 0-3. Beginning in
9 Fiscal Year 2018, funding for Preschool Education, Parental
10 Training, and Prevention Initiative programs above the
11 allocation for these programs in Fiscal Year 2017 must be used
12 solely as a supplement for these programs and may not supplant
13 funds received from other sources.

14 (c) The educational services block grant shall include the
15 following programs: Regular and Vocational Transportation,
16 State Lunch and Free Breakfast Program, Special Education
17 (Personnel, Transportation, Orphanage, Private Tuition),
18 funding for children requiring special education services,
19 Summer School, Educational Service Centers, and
20 Administrator's Academy. This subsection (c) does not relieve
21 the district of its obligation to provide the services
22 required under a program that is included within the
23 educational services block grant. It is the intention of the
24 General Assembly in enacting the provisions of this subsection
25 (c) to relieve the district of the administrative burdens that
26 impede efficiency and accompany single-program funding. The

1 General Assembly encourages the board to pursue mandate
2 waivers pursuant to Section 2-3.25g.

3 The funding program included in the educational services
4 block grant for funding for children requiring special
5 education services in each fiscal year shall be treated in
6 that fiscal year as a payment to the school district in respect
7 of services provided or costs incurred in the prior fiscal
8 year, calculated in each case as provided in this Section.
9 Nothing in this Section shall change the nature of payments
10 for any program that, apart from this Section, would be or,
11 prior to adoption or amendment of this Section, was on the
12 basis of a payment in a fiscal year in respect of services
13 provided or costs incurred in the prior fiscal year,
14 calculated in each case as provided in this Section.

15 (d) For fiscal year 1996 and each fiscal year thereafter,
16 the amount of the district's block grants shall be determined
17 as follows: (i) with respect to each program that is included
18 within each block grant, the district shall receive an amount
19 equal to the same percentage of the current fiscal year
20 appropriation made for that program as the percentage of the
21 appropriation received by the district from the 1995 fiscal
22 year appropriation made for that program, and (ii) the total
23 amount that is due the district under the block grant shall be
24 the aggregate of the amounts that the district is entitled to
25 receive for the fiscal year with respect to each program that
26 is included within the block grant that the State Board of

1 Education shall award the district under this Section for that
2 fiscal year. In the case of the Summer Bridges program, the
3 amount of the district's block grant shall be equal to 44% of
4 the amount of the current fiscal year appropriation made for
5 that program.

6 (e) The district is not required to file any application
7 or other claim in order to receive the block grants to which it
8 is entitled under this Section. The State Board of Education
9 shall make payments to the district of amounts due under the
10 district's block grants on a schedule determined by the State
11 Board of Education.

12 (f) A school district to which this Section applies shall
13 report to the State Board of Education on its use of the block
14 grants in such form and detail as the State Board of Education
15 may specify. In addition, the report must include the
16 following description for the district, which must also be
17 reported to the General Assembly: block grant allocation and
18 expenditures by program; population and service levels by
19 program; and administrative expenditures by program. The State
20 Board of Education shall ensure that the reporting
21 requirements for the district are the same as for all other
22 school districts in this State.

23 (g) This paragraph provides for the treatment of block
24 grants under Article 1C for purposes of calculating the amount
25 of block grants for a district under this Section. Those block
26 grants under Article 1C are, for this purpose, treated as

1 included in the amount of appropriation for the various
2 programs set forth in paragraph (b) above. The appropriation
3 in each current fiscal year for each block grant under Article
4 1C shall be treated for these purposes as appropriations for
5 the individual program included in that block grant. The
6 proportion of each block grant so allocated to each such
7 program included in it shall be the proportion which the
8 appropriation for that program was of all appropriations for
9 such purposes now in that block grant, in fiscal 1995.

10 Payments to the school district under this Section with
11 respect to each program for which payments to school districts
12 generally, as of the date of this amendatory Act of the 92nd
13 General Assembly, are on a reimbursement basis shall continue
14 to be made to the district on a reimbursement basis, pursuant
15 to the provisions of this Code governing those programs.

16 (h) Notwithstanding any other provision of law, any school
17 district receiving a block grant under this Section may
18 classify all or a portion of the funds that it receives in a
19 particular fiscal year from any block grant authorized under
20 this Code or from general State aid pursuant to Section
21 18-8.05 of this Code (other than supplemental general State
22 aid) as funds received in connection with any funding program
23 for which it is entitled to receive funds from the State in
24 that fiscal year (including, without limitation, any funding
25 program referred to in subsection (c) of this Section),
26 regardless of the source or timing of the receipt. The

1 district may not classify more funds as funds received in
2 connection with the funding program than the district is
3 entitled to receive in that fiscal year for that program. Any
4 classification by a district must be made by a resolution of
5 its board of education. The resolution must identify the
6 amount of any block grant or general State aid to be classified
7 under this subsection (h) and must specify the funding program
8 to which the funds are to be treated as received in connection
9 therewith. This resolution is controlling as to the
10 classification of funds referenced therein. A certified copy
11 of the resolution must be sent to the State Superintendent of
12 Education. The resolution shall still take effect even though
13 a copy of the resolution has not been sent to the State
14 Superintendent of Education in a timely manner. No
15 classification under this subsection (h) by a district shall
16 affect the total amount or timing of money the district is
17 entitled to receive under this Code. No classification under
18 this subsection (h) by a district shall in any way relieve the
19 district from or affect any requirements that otherwise would
20 apply with respect to the block grant as provided in this
21 Section, including any accounting of funds by source,
22 reporting expenditures by original source and purpose,
23 reporting requirements, or requirements of provision of
24 services.

2 Sec. 1D-1. Block grant funding.

3 (a) For fiscal year 1996 through fiscal year 2017, the
4 State Board of Education shall award to a school district
5 having a population exceeding 500,000 inhabitants a general
6 education block grant and an educational services block grant,
7 determined as provided in this Section, in lieu of
8 distributing to the district separate State funding for the
9 programs described in subsections (b) and (c). The provisions
10 of this Section, however, do not apply to any federal funds
11 that the district is entitled to receive. In accordance with
12 Section 2-3.32, all block grants are subject to an audit.
13 Therefore, block grant receipts and block grant expenditures
14 shall be recorded to the appropriate fund code for the
15 designated block grant.

16 (b) The general education block grant shall include the
17 following programs: REI Initiative, Summer Bridges, Preschool
18 At Risk, K-6 Comprehensive Arts, School Improvement Support,
19 Urban Education, Scientific Literacy, Substance Abuse
20 Prevention, Second Language Planning, Staff Development,
21 Outcomes and Assessment, K-6 Reading Improvement, 7-12
22 Continued Reading Improvement, Truants' Optional Education,
23 Hispanic Programs, Agriculture Education, Report Cards, and
24 Criminal Background Investigations. The general education
25 block grant shall also include Preschool Education, Parental
26 Training, and Prevention Initiative through June 30, 2026.

1 Notwithstanding any other provision of law, all amounts paid
2 under the general education block grant from State
3 appropriations to a school district in a city having a
4 population exceeding 500,000 inhabitants shall be appropriated
5 and expended by the board of that district for any of the
6 programs included in the block grant or any of the board's
7 lawful purposes.

8 (b-5) Beginning in Fiscal Year 2027, the Department of
9 Early Childhood shall award a block grant for Preschool
10 Education, Parental Training, and Prevention Initiative to a
11 school district having a population exceeding 500,000
12 inhabitants. The grants are subject to audit. Therefore, block
13 grant receipts and block grant expenditures shall be recorded
14 to the appropriate fund code for the designated block grant.
15 Notwithstanding any other provision of law, all amounts paid
16 under the block grant from State appropriations to a school
17 district in a city having a population exceeding 500,000
18 inhabitants shall be appropriated and expended by the board of
19 that district for any of the programs included in the block
20 grant or any of the board's lawful purposes. The district is
21 not required to file any application or other claim in order to
22 receive the block grant to which it is entitled under this
23 Section. The Department of Early Childhood shall make payments
24 to the district of amounts due under the district's block
25 grant on a schedule determined by the Department. A school
26 district to which this Section applies shall report to the

1 Department of Early Childhood on its use of the block grant in
2 such form and detail as the Department may specify. In
3 addition, the report must include the following description
4 for the district, which must also be reported to the General
5 Assembly: block grant allocation and expenditures by program;
6 population and service levels by program; and administrative
7 expenditures by program. The Department shall ensure that the
8 reporting requirements for the district are the same as for
9 all other school districts in this State. Beginning in Fiscal
10 Year 2018, at least 25% of any additional Preschool Education,
11 Parental Training, and Prevention Initiative program funding
12 over and above the previous fiscal year's allocation shall be
13 used to fund programs for children ages 0-3. Beginning in
14 Fiscal Year 2018, funding for Preschool Education, Parental
15 Training, and Prevention Initiative programs above the
16 allocation for these programs in Fiscal Year 2017 must be used
17 solely as a supplement for these programs and may not supplant
18 funds received from other sources. ~~(b-10).~~

19 (c) The educational services block grant shall include the
20 following programs: Regular and Vocational Transportation,
21 State Lunch and Free Breakfast Program, Special Education
22 (Personnel, Transportation, Orphanage, Private Tuition),
23 funding for children requiring special education services,
24 Summer School, Educational Service Centers, and
25 Administrator's Academy. This subsection (c) does not relieve
26 the district of its obligation to provide the services

1 required under a program that is included within the
2 educational services block grant. It is the intention of the
3 General Assembly in enacting the provisions of this subsection
4 (c) to relieve the district of the administrative burdens that
5 impede efficiency and accompany single-program funding. The
6 General Assembly encourages the board to pursue mandate
7 waivers pursuant to Section 2-3.25g.

8 The funding program included in the educational services
9 block grant for funding for children requiring special
10 education services in each fiscal year shall be treated in
11 that fiscal year as a payment to the school district in respect
12 of services provided or costs incurred in the prior fiscal
13 year, calculated in each case as provided in this Section.
14 Nothing in this Section shall change the nature of payments
15 for any program that, apart from this Section, would be or,
16 prior to adoption or amendment of this Section, was on the
17 basis of a payment in a fiscal year in respect of services
18 provided or costs incurred in the prior fiscal year,
19 calculated in each case as provided in this Section.

20 (d) For fiscal year 1996 through fiscal year 2017, the
21 amount of the district's block grants shall be determined as
22 follows: (i) with respect to each program that is included
23 within each block grant, the district shall receive an amount
24 equal to the same percentage of the current fiscal year
25 appropriation made for that program as the percentage of the
26 appropriation received by the district from the 1995 fiscal

1 year appropriation made for that program, and (ii) the total
2 amount that is due the district under the block grant shall be
3 the aggregate of the amounts that the district is entitled to
4 receive for the fiscal year with respect to each program that
5 is included within the block grant that the State Board of
6 Education shall award the district under this Section for that
7 fiscal year. In the case of the Summer Bridges program, the
8 amount of the district's block grant shall be equal to 44% of
9 the amount of the current fiscal year appropriation made for
10 that program.

11 (e) The district is not required to file any application
12 or other claim in order to receive the block grants to which it
13 is entitled under this Section. The State Board of Education
14 shall make payments to the district of amounts due under the
15 district's block grants on a schedule determined by the State
16 Board of Education.

17 (f) A school district to which this Section applies shall
18 report to the State Board of Education on its use of the block
19 grants in such form and detail as the State Board of Education
20 may specify. In addition, the report must include the
21 following description for the district, which must also be
22 reported to the General Assembly: block grant allocation and
23 expenditures by program; population and service levels by
24 program; and administrative expenditures by program. The State
25 Board of Education shall ensure that the reporting
26 requirements for the district are the same as for all other

1 school districts in this State.

2 (g) Through fiscal year 2017, this paragraph provides for
3 the treatment of block grants under Article 1C for purposes of
4 calculating the amount of block grants for a district under
5 this Section. Those block grants under Article 1C are, for
6 this purpose, treated as included in the amount of
7 appropriation for the various programs set forth in paragraph
8 (b) above. The appropriation in each current fiscal year for
9 each block grant under Article 1C shall be treated for these
10 purposes as appropriations for the individual program included
11 in that block grant. The proportion of each block grant so
12 allocated to each such program included in it shall be the
13 proportion which the appropriation for that program was of all
14 appropriations for such purposes now in that block grant, in
15 fiscal 1995.

16 Payments to the school district under this Section with
17 respect to each program for which payments to school districts
18 generally, as of the date of this amendatory Act of the 92nd
19 General Assembly, are on a reimbursement basis shall continue
20 to be made to the district on a reimbursement basis, pursuant
21 to the provisions of this Code governing those programs.

22 (h) Notwithstanding any other provision of law, any school
23 district receiving a block grant under this Section may
24 classify all or a portion of the funds that it receives in a
25 particular fiscal year from any block grant authorized under
26 this Code or from general State aid pursuant to Section

1 18-8.05 of this Code (other than supplemental general State
2 aid) as funds received in connection with any funding program
3 for which it is entitled to receive funds from the State in
4 that fiscal year (including, without limitation, any funding
5 program referred to in subsection (c) of this Section),
6 regardless of the source or timing of the receipt. The
7 district may not classify more funds as funds received in
8 connection with the funding program than the district is
9 entitled to receive in that fiscal year for that program. Any
10 classification by a district must be made by a resolution of
11 its board of education. The resolution must identify the
12 amount of any block grant or general State aid to be classified
13 under this subsection (h) and must specify the funding program
14 to which the funds are to be treated as received in connection
15 therewith. This resolution is controlling as to the
16 classification of funds referenced therein. A certified copy
17 of the resolution must be sent to the State Superintendent of
18 Education. The resolution shall still take effect even though
19 a copy of the resolution has not been sent to the State
20 Superintendent of Education in a timely manner. No
21 classification under this subsection (h) by a district shall
22 affect the total amount or timing of money the district is
23 entitled to receive under this Code. No classification under
24 this subsection (h) by a district shall in any way relieve the
25 district from or affect any requirements that otherwise would
26 apply with respect to the block grant as provided in this

1 Section, including any accounting of funds by source,
2 reporting expenditures by original source and purpose,
3 reporting requirements, or requirements of provision of
4 services.

8 Sec. 2-3.25f. State interventions.

9 (a) The State Board of Education shall provide technical
10 assistance to schools in school improvement status to assist
11 with the development and implementation of Improvement Plans.

12 Schools or school districts that fail to make reasonable
13 efforts to implement an approved Improvement Plan may suffer
14 loss of State funds by school district, attendance center, or
15 program as the State Board of Education deems appropriate.

16 (a-5) (Blank).

17 (b) Schools that receive Targeted Support or Comprehensive
18 Support designations shall enter a 4-year cycle of school
19 improvement status. If, at the end of the 4-year cycle, the
20 school fails to meet the exit criteria specified in the State
21 Plan referenced in subsection (b) of Section 2-3.25a of this
22 Code, the school shall escalate to a more intensive
23 intervention. Targeted Support schools that remain Targeted
24 for one or more of the same student groups as in the initial
25 identification after completion of a 4-year cycle of Targeted

1 School Improvement shall be redesignated as Comprehensive
2 Support schools, as provided in paragraph (2.5) of subsection
3 (a) of Section 2-3.25d-5 of this Code. Comprehensive Support
4 schools that remain in the lowest-performing 5% after
5 completion of a 4-year cycle of Comprehensive School
6 Improvement shall be redesignated as Intensive Support schools
7 and shall escalate through more rigorous, tiered support,
8 developed in consultation with the Balanced Accountability
9 Measure Committee and other relevant stakeholder groups, which
10 may ultimately result in the (i) change of recognition status
11 of the school district or school to nonrecognized or (ii)
12 authorization for the State Superintendent of Education to
13 direct the reassignment of pupils or direct the reassignment
14 or replacement of school or school district personnel. If a
15 school district is nonrecognized in its entirety, for any
16 reason, including those not related to performance in the
17 accountability system, it shall automatically be dissolved on
18 July 1 following that nonrecognition and its territory
19 realigned with another school district or districts by the
20 regional board of school trustees in accordance with the
21 procedures set forth in Section 7-11 of the School Code. The
22 effective date of the nonrecognition of a school shall be July
23 1 following the nonrecognition.

24 (b-5) The State Board of Education shall also develop a
25 system to provide assistance and resources to lower performing
26 school districts. At a minimum, the State Board shall identify

1 school districts to receive Intensive, Comprehensive, and
2 Targeted Support. The school district shall provide the
3 exclusive bargaining representative with a 5-day notice that
4 the district has had one or more schools within the district
5 identified as being in Comprehensive or Intensive School
6 Improvement Status. In addition, the State Board may, by rule,
7 develop other categories of low-performing schools and school
8 districts to receive services.

9 The State Board of Education shall work with districts
10 with one or more schools in Comprehensive or Intensive School
11 Improvement Status, through technical assistance and
12 professional development, based on the results of the needs
13 assessment under Section 2-3.25d-5 of this Code, to develop
14 and implement a continuous improvement plan that would
15 increase outcomes for students. The plan for continuous
16 improvement shall be based on the results of the needs
17 assessment and shall be used to determine the types of
18 services that are to be provided to each Comprehensive and
19 Intensive School. Potential services may include, but are not
20 limited to, monitoring adult and student practices, reviewing
21 and reallocating district resources, developing a district and
22 school leadership team, providing access to curricular content
23 area specialists, and providing online resources and
24 professional development.

25 The support provided by a vendor or learning partner
26 approved to support a school's continuous improvement plan

1 related to English language arts must be based on the
2 comprehensive literacy plan for the State developed by the
3 State Board of Education under Section 2-3.200 ~~2-3.196~~, as
4 ~~added by Public Act 103-402~~.

5 The State Board of Education may require districts with
6 one or more Comprehensive or Intensive Schools identified as
7 having deficiencies in one or more core functions of the needs
8 assessment to undergo an accreditation process.

9 (c) All federal requirements apply to schools and school
10 districts utilizing federal funds under Title I, Part A of the
11 federal Elementary and Secondary Education Act of 1965.

15 Sec. 2-3.169. State Global Scholar Certification.

16 (a) The State Global Scholar Certification Program is
17 established to recognize ~~recognized~~ public and nonpublic high
18 school graduates who have attained global competence. State
19 Global Scholar Certification shall be awarded beginning with
20 the 2017-2018 school year. School district or nonpublic school
21 participation in this certification is voluntary.

22 (b) The purposes of State Global Scholar Certification are
23 as follows:

24 (1) To recognize the value of a global education.

25 (2) To certify attainment of global competence.

1 (3) To provide employers with a method of identifying
2 globally competent employees.

3 (4) To provide colleges and universities with an
4 additional method to recognize applicants seeking
5 admission.

6 (5) To prepare students with 21st century skills.

7 (6) To encourage the development of a globally ready
8 workforce in the STEM (science, technology, engineering,
9 and mathematics), manufacturing, agriculture, and service
10 sectors.

11 (c) State Global Scholar Certification confirms attainment
12 of global competence, sufficient for meaningful use in college
13 and a career, by a graduating public or nonpublic high school
14 student.

15 (d) The State Board of Education shall adopt such rules as
16 may be necessary to establish the criteria that students must
17 achieve to earn State Global Scholar Certification, which
18 shall minimally include attainment of 6 globally focused
19 courses, service learning experiences, global collaboration or
20 dialogue, and passage of a capstone project demonstrating
21 global competency, as approved by the participating school
22 district or nonpublic school for this purpose.

23 (e) The State Board of Education shall do both of the
24 following:

25 (1) Prepare and deliver to participating school
26 districts or nonpublic schools an appropriate mechanism

1 for designating State Global Scholar Certification on the
2 diploma and transcript of a student indicating that the
3 student has been awarded State Global Scholar
4 Certification by the State Board of Education.

5 (2) Provide other information the State Board of
6 Education deems necessary for school districts or
7 nonpublic schools to successfully participate in the
8 certification.

9 (f) A school district or nonpublic school that
10 participates in certification under this Section shall do both
11 of the following:

12 (1) Maintain appropriate records in order to identify
13 students who have earned State Global Scholar
14 Certification.

15 (2) Make the appropriate designation on the diploma
16 and transcript of each student who earns State Global
17 Scholar Certification.

18 (g) No fee may be charged to a student to receive the
19 designation pursuant to the Section. Notwithstanding this
20 prohibition, costs may be incurred by the student in
21 demonstrating proficiency.

22 (h) The State Board of Education shall adopt such rules as
23 may be necessary to provide students attending schools that do
24 not offer State Global Scholar Certification the opportunity
25 to earn State Global Scholar Certification remotely beginning
26 with the 2026-2027 school year. These rules shall include, but

1 are not limited to, a list of all school courses and course
2 codes derived from the State Board of Education's Illinois
3 State Course Catalog and Illinois Virtual Course Catalog that
4 are designated as and qualify as globally focused coursework.

5 If the provider of the online course determines and can
6 demonstrate that a student meets all of the criteria required
7 to earn State Global Scholar Certification, then the school
8 district or nonpublic school shall designate that the student
9 has earned State Global Scholar Certification on the student's
10 diploma and transcript.

11 A school district or nonpublic school shall provide, upon
12 the request of a student, evidence to the student that the
13 student has completed at least 6 globally focused courses
14 required to earn State Global Scholar Certification for the
15 student to submit to the provider of the online course.

16 A student enrolled in a school district or nonpublic
17 school that awarded State Global Scholar Certification prior
18 to the 2026-2027 school year and offered a course to complete
19 the capstone project requirement prior to the 2026-2027 school
20 year may not earn State Global Scholar Certification remotely
21 under this subsection (h).

25 Sec. 2-3.204. Type 1 diabetes informational materials.

1 (a) The State Board of Education, in coordination with the
2 Department of Public Health, shall develop type 1 diabetes
3 informational materials for the parents and guardians of
4 students. The informational materials shall be made available
5 to each school district and charter school on the State
6 Board's Internet website. Each school district and charter
7 school shall post the informational materials on the school
8 district's or charter school's website, if any.

9 (b) Information developed pursuant to this Section may
10 include, but is not limited to, all of the following:

11 (1) A description of type 1 diabetes.

12 (2) A description of the risk factors and warning
13 signs associated with type 1 diabetes.

14 (3) A recommendation regarding a student displaying
15 warning signs associated with type 1 diabetes that the
16 parent or guardian of the student should immediately
17 consult with the student's primary care provider to
18 determine if immediate screening for type 1 diabetes is
19 appropriate.

20 (4) A description of the screening process for type 1
21 diabetes and the implications of test results.

22 (5) A recommendation that, following a type 1 diabetes
23 diagnosis, the parent or guardian should consult with the
24 student's primary care provider to develop an appropriate
25 treatment plan, which may include consultation with and
26 examination by a specialty care provider, including, but

1 not limited to, a properly qualified endocrinologist.

4 Sec. 2-3.205 ~~2-3.204~~. Air quality resources. The State
5 Board of Education shall, in consultation with the Department
6 of Public Health, compile resources for elementary and
7 secondary schools relating to indoor air quality in schools,
8 including best practices for assessing and maintaining
9 ventilation systems and information on any potential State or
10 federal funding sources that may assist a school in
11 identifying ventilation needs. The State Board of Education
12 shall compile these resources in consultation with
13 stakeholders, including, but not limited to, the Department of
14 Public Health, local public health professionals, ventilation
15 professionals affiliated with a Department of Labor
16 apprenticeship program, licensed design professionals,
17 representatives from regional offices of education, school
18 district administrators, teachers, or any other relevant
19 professionals, stakeholders, or representatives of State
20 agencies. No later than 30 days after resources are compiled
21 under this Section, the State Board of Education shall
22 implement outreach strategies to make the compiled resources
23 available to elementary and secondary schools, including
24 publication of the compiled resources on the State Board of
25 Education's website. The State Board of Education may, in

1 consultation with the Department of Public Health or any other
2 relevant stakeholders, update the compiled resources as
3 necessary.

5 (105 ILCS 5/5-1) (from Ch. 122, par. 5-1)

6 Sec. 5-1. County school units.

7 (a) The territory in each county, exclusive of any school
8 district governed by any special act which requires the
9 district to appoint its own school treasurer, shall constitute
10 a county school unit. County school units of less than
11 2,000,000 inhabitants shall be known as Class I county school
12 units and the office of township trustees, where existing on
13 July 1, 1962, in such units shall be abolished on that date and
14 all books and records of such former township trustees shall
15 be forthwith thereafter transferred to the county board of
16 school trustees. County school units of 2,000,000 or more
17 inhabitants shall be known as Class II county school units and
18 shall retain the office of township trustees unless otherwise
19 provided in subsection (b), (c), or (d), or shall be
20 administered as provided in Section 5-2.2.

21 (b) Notwithstanding subsections (a) and (c), the school
22 board of any elementary school district having a fall, 1989
23 aggregate enrollment of at least 2,500 but less than 6,500
24 pupils and having boundaries that are coterminous with the
25 boundaries of a high school district, and the school board of

1 any high school district having a fall, 1989 aggregate
2 enrollment of at least 2,500 but less than 6,500 pupils and
3 having boundaries that are coterminous with the boundaries of
4 an elementary school district, may, whenever the territory of
5 such school district forms a part of a Class II county school
6 unit, by proper resolution withdraw such school district from
7 the jurisdiction and authority of the trustees of schools of
8 the township in which such school district is located and from
9 the jurisdiction and authority of the township treasurer in
10 such Class II county school unit; provided that the school
11 board of any such school district shall, upon the adoption and
12 passage of such resolution, thereupon elect or appoint its own
13 school treasurer as provided in Section 8-1. Upon the adoption
14 and passage of such resolution and the election or appointment
15 by the school board of its own school treasurer: (1) the
16 trustees of schools in such township shall no longer have or
17 exercise any powers and duties with respect to the school
18 district governed by such school board or with respect to the
19 school business, operations or assets of such school district;
20 and (2) all books and records of the township trustees
21 relating to the school business and affairs of such school
22 district shall be transferred and delivered to the school
23 board of such school district. Upon the effective date of

3 (c) Notwithstanding the provisions of subsection (a), the
4 offices of township treasurer and trustee of schools of any
5 township located in a Class II county school unit shall be
6 abolished as provided in this subsection if all of the
7 following conditions are met:

8 (1) During the same 30-day ~~30-day~~ period, each school
9 board of each elementary and unit school district that is
10 subject to the jurisdiction and authority of the township
11 treasurer and trustees of schools of the township in which
12 those offices are sought to be abolished gives written
13 notice by certified mail, return receipt requested to the
14 township treasurer and trustees of schools of that
15 township of the date of a meeting of the school board, to
16 be held not more than 90 nor less than 60 days after the
17 date when the notice is given, at which meeting the school
18 board is to consider and vote upon the question of whether
19 there shall be submitted to the electors of the school
20 district a proposition to abolish the offices of township
21 treasurer and trustee of schools of that township. None of
22 the notices given under this paragraph to the township
23 treasurer and trustees of schools of a township shall be
24 deemed sufficient or in compliance with the requirements
25 of this paragraph unless all of those notices are given
26 within the same 30-day ~~30-day~~ period.

1 (2) Each school board of each elementary and unit
2 school district that is subject to the jurisdiction and

9 the school board to certify to the proper election
10 authorities for submission to the electors of the school
11 district at the next consolidated election in accordance
12 with the general election law a proposition to abolish the
13 offices of township treasurer and trustee of schools of
14 that township. None of the resolutions adopted under this
15 paragraph by any elementary or unit school districts that
16 are subject to the jurisdiction and authority of the
17 township treasurer and trustees of schools of the township
18 in which those offices are sought to be abolished shall be
19 deemed in compliance with the requirements of this
20 paragraph or sufficient to authorize submission of the
21 proposition to abolish those offices to a referendum of
22 the electors in any such school district unless all of the
23 school boards of all of the elementary and unit school
24 districts that are subject to the jurisdiction and
25 authority of the township treasurer and trustees of
26 schools of that township adopt such a resolution in

1 accordance with the provisions of this paragraph.

2 (3) The school boards of all of the elementary and
3 unit school districts that are subject to the jurisdiction
4 and authority of the township treasurer and trustees of
5 schools of the township in which those offices are sought
6 to be abolished submit a proposition to abolish the
7 offices of township treasurer and trustee of schools of
8 that township to the electors of their respective school
9 districts at the same consolidated election in accordance
10 with the general election law, the ballot in each such
11 district to be in substantially the following form:

12 -----

13 OFFICIAL BALLOT

14 Shall the offices of township

15 treasurer and

YES

16 trustee of

17 schools of Township

18 Range be abolished?

19 -----

20 (4) At the consolidated election at which the
21 proposition to abolish the offices of township treasurer
22 and trustee of schools of a township is submitted to the
23 electors of each elementary and unit school district that
24 is subject to the jurisdiction and authority of the
25 township treasurer and trustee of schools of that
26 township, a majority of the electors voting on the

1 proposition in each such elementary and unit school
2 district votes in favor of the proposition as submitted to
3 them.

4 If in each elementary and unit school district that is
5 subject to the jurisdiction and authority of the township
6 treasurer and trustees of schools of the township in which
7 those offices are sought to be abolished a majority of the
8 electors in each such district voting at the consolidated
9 election on the proposition to abolish the offices of township
10 treasurer and trustee of schools of that township votes in
11 favor of the proposition as submitted to them, the proposition
12 shall be deemed to have passed; but if in any such elementary
13 or unit school district a majority of the electors voting on
14 that proposition in that district fails to vote in favor of the
15 proposition as submitted to them, then notwithstanding the
16 vote of the electors in any other such elementary or unit
17 school district on that proposition the proposition shall not
18 be deemed to have passed in any of those elementary or unit
19 school districts, and the offices of township treasurer and
20 trustee of schools of the township in which those offices were
21 sought to be abolished shall not be abolished, unless in each
22 of those elementary and unit school districts remaining
23 subject to the jurisdiction and authority of the township
24 treasurer and trustees of schools of that township proceedings
25 are again initiated to abolish those offices and all of the
26 proceedings and conditions prescribed in paragraphs (1)

1 through (4) of this subsection are repeated and met in each of
2 those elementary and unit school districts.

3 Notwithstanding the foregoing provisions of this Section
4 or any other provision of the School Code, the offices of
5 township treasurer and trustee of schools of a township that
6 has a population of less than 200,000 and that contains a unit
7 school district and is located in a Class II county school unit
8 shall also be abolished as provided in this subsection if all
9 of the conditions set forth in paragraphs (1), (2), and (3) of
10 this subsection are met and if the following additional
11 condition is met:

12 The electors in all of the school districts subject to
13 the jurisdiction and authority of the township treasurer
14 and trustees of schools of the township in which those
15 offices are sought to be abolished shall vote at the
16 consolidated election on the proposition to abolish the
17 offices of township treasurer and trustee of schools of
18 that township. If a majority of the electors in all of the
19 school districts combined voting on the proposition vote
20 in favor of the proposition, then the proposition shall be
21 deemed to have passed; but if a majority of the electors
22 voting on the proposition in all of the school district
23 fails to vote in favor of the proposition as submitted to
24 them, then the proposition shall not be deemed to have
25 passed and the offices of township treasurer and trustee
26 of schools of the township in which those offices were

1 sought to be abolished shall not be abolished, unless and
2 until the proceedings detailed in paragraphs (1) through
3 (3) of this subsection and the conditions set forth in
4 this paragraph are met.

5 If the proposition to abolish the offices of township
6 treasurer and trustee of schools of a township is deemed to
7 have passed at the consolidated election as provided in this
8 subsection, those offices shall be deemed abolished by
9 operation of law effective on January 1 of the calendar year
10 immediately following the calendar year in which that
11 consolidated election is held, provided that if after the
12 election, the trustees of schools by resolution elect to
13 abolish the offices of township treasurer and trustee of
14 schools effective on July 1 immediately following the
15 election, then the offices shall be abolished on July 1
16 immediately following the election. On the date that the
17 offices of township treasurer and trustee of schools of a
18 township are deemed abolished by operation of law, the school
19 board of each elementary and unit school district and the
20 school board of each high school district that is subject to
21 the jurisdiction and authority of the township treasurer and
22 trustees of schools of that township at the time those offices
23 are abolished: (i) shall appoint its own school treasurer as
24 provided in Section 8-1; and (ii) unless the term of the
25 contract of a township treasurer expires on the date that the
26 office of township treasurer is abolished, shall pay to the

1 former township treasurer its proportionate share of any
2 aggregate compensation that, were the office of township
3 treasurer not abolished at that time, would have been payable
4 to the former township treasurer after that date over the
5 remainder of the term of the contract of the former township
6 treasurer that began prior to but ends after that date. In
7 addition, on the date that the offices of township treasurer
8 and trustee of schools of a township are deemed abolished as
9 provided in this subsection, the school board of each
10 elementary school, high school, and unit school district that
11 until that date is subject to the jurisdiction and authority
12 of the township treasurer and trustees of schools of that
13 township shall be deemed by operation of law to have agreed and
14 assumed to pay and, when determined, shall pay to the Illinois
15 Municipal Retirement Fund a proportionate share of the
16 unfunded liability existing in that Fund at the time these
17 offices are abolished in that calendar year for all annuities
18 or other benefits then or thereafter to become payable from
19 that Fund with respect to all periods of service performed
20 prior to that date as a participating employee in that Fund by
21 persons serving during those periods of service as a trustee
22 of schools, township treasurer or regular employee in the
23 office of the township treasurer of that township. That
24 unfunded liability shall be actuarially determined by the
25 board of trustees of the Illinois Municipal Retirement Fund,
26 and the board of trustees shall thereupon notify each school

1 board required to pay a proportionate share of that unfunded
2 liability of the aggregate amount of the unfunded liability so
3 determined. The amount so paid to the Illinois Municipal
4 Retirement Fund by each of those school districts shall be
5 credited to the account of the township in that Fund. For each
6 elementary school, high school, and unit school district under
7 the jurisdiction and authority of a township treasurer and
8 trustees of schools of a township in which those offices are
9 abolished as provided in this subsection, each such district's
10 proportionate share of the aggregate compensation payable to
11 the former township treasurer as provided in this paragraph
12 and each such district's proportionate share of the aggregate
13 amount of the unfunded liability payable to the Illinois
14 Municipal Retirement Fund as provided in this paragraph shall
15 be computed in accordance with the ratio that the number of
16 pupils in average daily attendance in each such district for
17 the school year last ending prior to the date on which the
18 offices of township treasurer and trustee of schools of that
19 township are abolished bears to the aggregate number of pupils
20 in average daily attendance in all of those districts as so
21 reported for that school year.

22 Upon abolition of the offices of township treasurer and
23 trustee of schools of a township as provided in this
24 subsection: (i) the regional board of school trustees, in its
25 corporate capacity, shall be deemed the successor in interest
26 to the former trustees of schools of that township with

1 respect to the common school lands and township loanable funds
2 of the township; (ii) all right, title, and interest existing
3 or vested in the former trustees of schools of that township in
4 the common school lands and township loanable funds of the
5 township, and all records, moneys, securities and other
6 assets, rights of property and causes of action pertaining to
7 or constituting a part of those common school lands or
8 township loanable funds, shall be transferred to and deemed
9 vested by operation of law in the regional board of school
10 trustees, which shall hold legal title to, manage, and operate
11 all common school lands and township loanable funds of the
12 township, receive the rents, issues, and profits therefrom,
13 and have and exercise with respect thereto the same powers and
14 duties as are provided by this Code to be exercised by regional
15 boards of school trustees when acting as township land
16 commissioners in counties having at least 220,000 but fewer
17 than 2,000,000 inhabitants; (iii) the regional board of school
18 trustees shall select to serve as its treasurer with respect
19 to the common school lands and township loanable funds of the
20 township a person from time to time also serving as the
21 appointed school treasurer of any school district that was
22 subject to the jurisdiction and authority of the township
23 treasurer and trustees of schools of that township at the time
24 those offices were abolished, and the person selected to also
25 serve as treasurer of the regional board of school trustees
26 shall have his compensation for services in that capacity

1 fixed by the regional board of school trustees, to be paid from
2 the township loanable funds, and shall make to the regional
3 board of school trustees the reports required to be made by
4 treasurers of township land commissioners, give bond as
5 required by treasurers of township land commissioners, and
6 perform the duties and exercise the powers of treasurers of
7 township land commissioners; (iv) the regional board of school
8 trustees shall designate in the manner provided by Section
9 8-7, insofar as applicable, a depository for its treasurer,
10 and the proceeds of all rents, issues, and profits from the
11 common school lands and township loanable funds of that
12 township shall be deposited and held in the account maintained
13 for those purposes with that depository and shall be expended
14 and distributed therefrom as provided in Section 15-24 and
15 other applicable provisions of this Code; and (v) whenever
16 there is vested in the trustees of schools of a township at the
17 time that office is abolished under this subsection the legal
18 title to any school buildings or school sites used or occupied
19 for school purposes by any elementary school, high school, or
20 unit school district subject to the jurisdiction and authority
21 of those trustees of school at the time that office is
22 abolished, the legal title to those school buildings and
23 school sites shall be deemed transferred by operation of law
24 to and invested in the school board of that school district, in
25 its corporate capacity under Section 10-22.35B of this Code,
26 the same to be held, sold, exchanged, leased, or otherwise

1 transferred in accordance with applicable provisions of this
2 Code.

3 Notwithstanding Section 2-3.25g of this Code, a waiver of
4 a mandate established under this Section may not be requested.

5 (d) Notwithstanding any other provision of law, any school
6 district that forms a part of a Class II county school unit
7 may, by a resolution adopted by at least two-thirds of the
8 members of the school board of a school district, withdraw a
9 school district from the jurisdiction and authority of the
10 trustees of schools of the township in which such school
11 district is located and from the jurisdiction and authority of
12 the township treasurer of the township in which such school
13 district is located, provided that the school board of the
14 school district shall, upon the adoption and passage of such
15 resolution, thereupon elect or appoint its own school
16 treasurer as provided in Section 8-1 of this Code. The
17 appointed school treasurer may include a township treasurer.
18 The school board may enter into a contractual or
19 intergovernmental agreement with an appointed school treasurer
20 for school treasurer services.

21 Upon adoption and passage of the resolution and the
22 election or appointment by the school board of its own school
23 treasurer commencing with the first day of the succeeding
24 fiscal year, but not prior to July 1, 2025: (1) the trustees of
25 schools in the township or townships shall no longer have or
26 exercise any powers or duties with respect to the school

1 district or with respect to the school business, operations,
2 or assets of the school district; (2) all books and records of
3 the trustees of schools and all moneys, securities, loanable
4 funds, and other assets relating to the school business and
5 affairs of the school district shall be transferred and
6 delivered to the school board; and (3) all legal title to and
7 all right, title, and interest formerly held by the trustees
8 of schools in any common school lands, school buildings, or
9 school sites used and occupied by the school board and all
10 rights of property and causes of action pertaining to or
11 constituting a part of the common school lands, buildings, or
12 sites shall be deemed transferred by operation of law to and
13 shall vest in the school board.

14 (Text of Section before amendment by P.A. 102-466)

15 Sec. 10-22.6. Suspension or expulsion of students; school
16 searches.

17 (a) To expel students guilty of gross disobedience or
18 misconduct, including gross disobedience or misconduct
19 perpetuated by electronic means, pursuant to subsection (b-20)
20 of this Section, and no action shall lie against them for such
21 expulsion. Expulsion shall take place only after the parents
22 have been requested to appear at a meeting of the board, or
23 with a hearing officer appointed by it, to discuss their
24 child's behavior. Such request shall be made by registered or
25 certified mail and shall state the time, place and purpose of

1 the meeting. The board, or a hearing officer appointed by it,
2 at such meeting shall state the reasons for dismissal and the
3 date on which the expulsion is to become effective. If a
4 hearing officer is appointed by the board, the hearing officer
5 shall report to the board a written summary of the evidence
6 heard at the meeting and the board may take such action thereon
7 as it finds appropriate. If the board acts to expel a student,
8 the written expulsion decision shall detail the specific
9 reasons why removing the student from the learning environment
10 is in the best interest of the school. The expulsion decision
11 shall also include a rationale as to the specific duration of
12 the expulsion. An expelled student may be immediately
13 transferred to an alternative program in the manner provided
14 in Article 13A or 13B of this Code. A student must not be
15 denied transfer because of the expulsion, except in cases in
16 which such transfer is deemed to cause a threat to the safety
17 of students or staff in the alternative program.

18 (b) To suspend or by policy to authorize the
19 superintendent of the district or the principal, assistant
20 principal, or dean of students of any school to suspend
21 students guilty of gross disobedience or misconduct, or to
22 suspend students guilty of gross disobedience or misconduct on
23 the school bus from riding the school bus, pursuant to
24 subsections (b-15) and (b-20) of this Section, and no action
25 shall lie against them for such suspension. The board may by
26 policy authorize the superintendent of the district or the

1 principal, assistant principal, or dean of students of any
2 school to suspend students guilty of such acts for a period not
3 to exceed 10 school days. If a student is suspended due to
4 gross disobedience or misconduct on a school bus, the board
5 may suspend the student in excess of 10 school days for safety
6 reasons.

7 Any suspension shall be reported immediately to the
8 parents or guardian of a student along with a full statement of
9 the reasons for such suspension and a notice of their right to
10 a review. The school board must be given a summary of the
11 notice, including the reason for the suspension and the
12 suspension length. Upon request of the parents or guardian,
13 the school board or a hearing officer appointed by it shall
14 review such action of the superintendent or principal,
15 assistant principal, or dean of students. At such review, the
16 parents or guardian of the student may appear and discuss the
17 suspension with the board or its hearing officer. If a hearing
18 officer is appointed by the board, he shall report to the board
19 a written summary of the evidence heard at the meeting. After
20 its hearing or upon receipt of the written report of its
21 hearing officer, the board may take such action as it finds
22 appropriate. If a student is suspended pursuant to this
23 subsection (b), the board shall, in the written suspension
24 decision, detail the specific act of gross disobedience or
25 misconduct resulting in the decision to suspend. The
26 suspension decision shall also include a rationale as to the

1 specific duration of the suspension.

2 (b-5) Among the many possible disciplinary interventions
3 and consequences available to school officials, school
4 exclusions, such as out-of-school suspensions and expulsions,
5 are the most serious. School officials shall limit the number
6 and duration of expulsions and suspensions to the greatest
7 extent practicable, and it is recommended that they use them
8 only for legitimate educational purposes. To ensure that
9 students are not excluded from school unnecessarily, it is
10 recommended that school officials consider forms of
11 non-exclusionary discipline prior to using out-of-school
12 suspensions or expulsions.

13 (b-10) Unless otherwise required by federal law or this
14 Code, school boards may not institute zero-tolerance policies
15 by which school administrators are required to suspend or
16 expel students for particular behaviors.

17 (b-15) Out-of-school suspensions of 3 days or less may be
18 used only if the student's continuing presence in school would
19 pose a threat to school safety or a disruption to other
20 students' learning opportunities. For purposes of this
21 subsection (b-15), "threat to school safety or a disruption to
22 other students' learning opportunities" shall be determined on
23 a case-by-case basis by the school board or its designee.
24 School officials shall make all reasonable efforts to resolve
25 such threats, address such disruptions, and minimize the
26 length of suspensions to the greatest extent practicable.

1 (b-20) Unless otherwise required by this Code,
2 out-of-school suspensions of longer than 3 days, expulsions,
3 and disciplinary removals to alternative schools may be used
4 only if other appropriate and available behavioral and
5 disciplinary interventions have been exhausted and the
6 student's continuing presence in school would either (i) pose
7 a threat to the safety of other students, staff, or members of
8 the school community or (ii) substantially disrupt, impede, or
9 interfere with the operation of the school. For purposes of
10 this subsection (b-20), "threat to the safety of other
11 students, staff, or members of the school community" and
12 "substantially disrupt, impede, or interfere with the
13 operation of the school" shall be determined on a case-by-case
14 basis by school officials. For purposes of this subsection
15 (b-20), the determination of whether "appropriate and
16 available behavioral and disciplinary interventions have been
17 exhausted" shall be made by school officials. School officials
18 shall make all reasonable efforts to resolve such threats,
19 address such disruptions, and minimize the length of student
20 exclusions to the greatest extent practicable. Within the
21 suspension decision described in subsection (b) of this
22 Section or the expulsion decision described in subsection (a)
23 of this Section, it shall be documented whether other
24 interventions were attempted or whether it was determined that
25 there were no other appropriate and available interventions.

26 (b-25) Students who are suspended out-of-school for longer

1 than 3 school days shall be provided appropriate and available
2 support services during the period of their suspension. For
3 purposes of this subsection (b-25), "appropriate and available
4 support services" shall be determined by school authorities.
5 Within the suspension decision described in subsection (b) of
6 this Section, it shall be documented whether such services are
7 to be provided or whether it was determined that there are no
8 such appropriate and available services.

9 A school district may refer students who are expelled to
10 appropriate and available support services.

11 A school district shall create a policy to facilitate the
12 re-engagement of students who are suspended out-of-school,
13 expelled, or returning from an alternative school setting. In
14 consultation with stakeholders deemed appropriate by the State
15 Board of Education, the State Board of Education shall draft
16 and publish guidance for the re-engagement of students who are
17 suspended out-of-school, expelled, or returning from an
18 alternative school setting in accordance with this Section and
19 Section 13A-4 on or before July 1, 2025.

20 (b-30) A school district shall create a policy by which
21 suspended students, including those students suspended from
22 the school bus who do not have alternate transportation to
23 school, shall have the opportunity to make up work for
24 equivalent academic credit. It shall be the responsibility of
25 a student's parent or guardian to notify school officials that
26 a student suspended from the school bus does not have

1 alternate transportation to school.

2 (c) A school board must invite a representative from a
3 local mental health agency to consult with the board at the
4 meeting whenever there is evidence that mental illness may be
5 the cause of a student's expulsion or suspension.

6 (c-5) School districts shall make reasonable efforts to
7 provide ongoing professional development to all school
8 personnel, school board members, and school resource officers,
9 on the requirements of this Section and Section 10-20.14, the
10 adverse consequences of school exclusion and justice-system
11 involvement, effective classroom management strategies,
12 culturally responsive discipline, trauma-responsive learning
13 environments, as defined in subsection (b) of Section 3-11,
14 the appropriate and available supportive services for the
15 promotion of student attendance and engagement, and
16 developmentally appropriate disciplinary methods that promote
17 positive and healthy school climates.

18 (d) The board may expel a student for a definite period of
19 time not to exceed 2 calendar years, as determined on a
20 case-by-case basis. A student who is determined to have
21 brought one of the following objects to school, any
22 school-sponsored activity or event, or any activity or event
23 that bears a reasonable relationship to school shall be
24 expelled for a period of not less than one year:

25 (1) A firearm. For the purposes of this Section,
26 "firearm" means any gun, rifle, shotgun, weapon as defined

1 by Section 921 of Title 18 of the United States Code,
2 firearm as defined in Section 1.1 of the Firearm Owners
3 Identification Card Act, or firearm as defined in Section
4 24-1 of the Criminal Code of 2012. The expulsion period
5 under this subdivision (1) may be modified by the
6 superintendent, and the superintendent's determination may
7 be modified by the board on a case-by-case basis.

8 (2) A knife, brass knuckles or other knuckle weapon
9 regardless of its composition, a billy club, or any other
10 object if used or attempted to be used to cause bodily
11 harm, including "look alike" of any firearm as defined in
12 subdivision (1) of this subsection (d). The expulsion
13 requirement under this subdivision (2) may be modified by
14 the superintendent, and the superintendent's determination
15 may be modified by the board on a case-by-case basis.

16 Expulsion or suspension shall be construed in a manner
17 consistent with the federal Individuals with Disabilities
18 Education Act. A student who is subject to suspension or
19 expulsion as provided in this Section may be eligible for a
20 transfer to an alternative school program in accordance with
21 Article 13A of the School Code.

22 (d-5) The board may suspend or by regulation authorize the
23 superintendent of the district or the principal, assistant
24 principal, or dean of students of any school to suspend a
25 student for a period not to exceed 10 school days or may expel
26 a student for a definite period of time not to exceed 2

1 calendar years, as determined on a case-by-case basis, if (i)
2 that student has been determined to have made an explicit
3 threat on an Internet website against a school employee, a
4 student, or any school-related personnel, (ii) the Internet
5 website through which the threat was made is a site that was
6 accessible within the school at the time the threat was made or
7 was available to third parties who worked or studied within
8 the school grounds at the time the threat was made, and (iii)
9 the threat could be reasonably interpreted as threatening to
10 the safety and security of the threatened individual because
11 of the individual's duties or employment status or status as a
12 student inside the school.

13 (e) To maintain order and security in the schools, school
14 authorities may inspect and search places and areas such as
15 lockers, desks, parking lots, and other school property and
16 equipment owned or controlled by the school, as well as
17 personal effects left in those places and areas by students,
18 without notice to or the consent of the student, and without a
19 search warrant. As a matter of public policy, the General
20 Assembly finds that students have no reasonable expectation of
21 privacy in these places and areas or in their personal effects
22 left in these places and areas. School authorities may request
23 the assistance of law enforcement officials for the purpose of
24 conducting inspections and searches of lockers, desks, parking
25 lots, and other school property and equipment owned or
26 controlled by the school for illegal drugs, weapons, or other

1 illegal or dangerous substances or materials, including
2 searches conducted through the use of specially trained dogs.
3 If a search conducted in accordance with this Section produces
4 evidence that the student has violated or is violating either
5 the law, local ordinance, or the school's policies or rules,
6 such evidence may be seized by school authorities, and
7 disciplinary action may be taken. School authorities may also
8 turn over such evidence to law enforcement authorities.

9 (f) Suspension or expulsion may include suspension or
10 expulsion from school and all school activities and a
11 prohibition from being present on school grounds.

12 (g) A school district may adopt a policy providing that if
13 a student is suspended or expelled for any reason from any
14 public or private school in this or any other state, the
15 student must complete the entire term of the suspension or
16 expulsion in an alternative school program under Article 13A
17 of this Code or an alternative learning opportunities program
18 under Article 13B of this Code before being admitted into the
19 school district if there is no threat to the safety of students
20 or staff in the alternative program.

21 (h) School officials shall not advise or encourage
22 students to drop out voluntarily due to behavioral or academic
23 difficulties.

24 (i) A student may not be issued a monetary fine or fee as a
25 disciplinary consequence, though this shall not preclude
26 requiring a student to provide restitution for lost, stolen,

1 or damaged property.

2 (j) Subsections (a) through (i) of this Section shall
3 apply to elementary and secondary schools, charter schools,
4 special charter districts, and school districts organized
5 under Article 34 of this Code.

6 (k) The expulsion of students enrolled in programs funded
7 under Section 1C-2 of this Code is subject to the requirements
8 under paragraph (7) of subsection (a) of Section 2-3.71 of
9 this Code.

10 (l) An in-school suspension program provided by a school
11 district for any students in kindergarten through grade 12 may
12 focus on promoting non-violent conflict resolution and
13 positive interaction with other students and school personnel.
14 A school district may employ a school social worker or a
15 licensed mental health professional to oversee an in-school
16 suspension program in kindergarten through grade 12.

20 Sec. 10-22.6. Suspension or expulsion of students; school
21 searches.

22 (a) To expel students guilty of gross disobedience or
23 misconduct, including gross disobedience or misconduct
24 perpetuated by electronic means, pursuant to subsection (b-20)
25 of this Section, and no action shall lie against them for such

1 expulsion. Expulsion shall take place only after the parents
2 or guardians have been requested to appear at a meeting of the
3 board, or with a hearing officer appointed by it, to discuss
4 their child's behavior. Such request shall be made by
5 registered or certified mail and shall state the time, place
6 and purpose of the meeting. The board, or a hearing officer
7 appointed by it, at such meeting shall state the reasons for
8 dismissal and the date on which the expulsion is to become
9 effective. If a hearing officer is appointed by the board, the
10 hearing officer shall report to the board a written summary of
11 the evidence heard at the meeting and the board may take such
12 action thereon as it finds appropriate. If the board acts to
13 expel a student, the written expulsion decision shall detail
14 the specific reasons why removing the student from the
15 learning environment is in the best interest of the school.
16 The expulsion decision shall also include a rationale as to
17 the specific duration of the expulsion. An expelled student
18 may be immediately transferred to an alternative program in
19 the manner provided in Article 13A or 13B of this Code. A
20 student must not be denied transfer because of the expulsion,
21 except in cases in which such transfer is deemed to cause a
22 threat to the safety of students or staff in the alternative
23 program.

24 (b) To suspend or by policy to authorize the
25 superintendent of the district or the principal, assistant
26 principal, or dean of students of any school to suspend

1 students guilty of gross disobedience or misconduct, or to
2 suspend students guilty of gross disobedience or misconduct on
3 the school bus from riding the school bus, pursuant to
4 subsections (b-15) and (b-20) of this Section, and no action
5 shall lie against them for such suspension. The board may by
6 policy authorize the superintendent of the district or the
7 principal, assistant principal, or dean of students of any
8 school to suspend students guilty of such acts for a period not
9 to exceed 10 school days. If a student is suspended due to
10 gross disobedience or misconduct on a school bus, the board
11 may suspend the student in excess of 10 school days for safety
12 reasons.

13 Any suspension shall be reported immediately to the
14 parents or guardians of a student along with a full statement
15 of the reasons for such suspension and a notice of their right
16 to a review. The school board must be given a summary of the
17 notice, including the reason for the suspension and the
18 suspension length. Upon request of the parents or guardians,
19 the school board or a hearing officer appointed by it shall
20 review such action of the superintendent or principal,
21 assistant principal, or dean of students. At such review, the
22 parents or guardians of the student may appear and discuss the
23 suspension with the board or its hearing officer. If a hearing
24 officer is appointed by the board, he shall report to the board
25 a written summary of the evidence heard at the meeting. After
26 its hearing or upon receipt of the written report of its

1 hearing officer, the board may take such action as it finds
2 appropriate. If a student is suspended pursuant to this
3 subsection (b), the board shall, in the written suspension
4 decision, detail the specific act of gross disobedience or
5 misconduct resulting in the decision to suspend. The
6 suspension decision shall also include a rationale as to the
7 specific duration of the suspension.

8 (b-5) Among the many possible disciplinary interventions
9 and consequences available to school officials, school
10 exclusions, such as out-of-school suspensions and expulsions,
11 are the most serious. School officials shall limit the number
12 and duration of expulsions and suspensions to the greatest
13 extent practicable, and it is recommended that they use them
14 only for legitimate educational purposes. To ensure that
15 students are not excluded from school unnecessarily, it is
16 recommended that school officials consider forms of
17 non-exclusionary discipline prior to using out-of-school
18 suspensions or expulsions.

19 (b-10) Unless otherwise required by federal law or this
20 Code, school boards may not institute zero-tolerance policies
21 by which school administrators are required to suspend or
22 expel students for particular behaviors.

23 (b-15) Out-of-school suspensions of 3 days or less may be
24 used only if the student's continuing presence in school would
25 pose a threat to school safety or a disruption to other
26 students' learning opportunities. For purposes of this

1 subsection (b-15), "threat to school safety or a disruption to
2 other students' learning opportunities" shall be determined on
3 a case-by-case basis by the school board or its designee.
4 School officials shall make all reasonable efforts to resolve
5 such threats, address such disruptions, and minimize the
6 length of suspensions to the greatest extent practicable.

7 (b-20) Unless otherwise required by this Code,
8 out-of-school suspensions of longer than 3 days, expulsions,
9 and disciplinary removals to alternative schools may be used
10 only if other appropriate and available behavioral and
11 disciplinary interventions have been exhausted and the
12 student's continuing presence in school would either (i) pose
13 a threat to the safety of other students, staff, or members of
14 the school community or (ii) substantially disrupt, impede, or
15 interfere with the operation of the school. For purposes of
16 this subsection (b-20), "threat to the safety of other
17 students, staff, or members of the school community" and
18 "substantially disrupt, impede, or interfere with the
19 operation of the school" shall be determined on a case-by-case
20 basis by school officials. For purposes of this subsection
21 (b-20), the determination of whether "appropriate and
22 available behavioral and disciplinary interventions have been
23 exhausted" shall be made by school officials. School officials
24 shall make all reasonable efforts to resolve such threats,
25 address such disruptions, and minimize the length of student
26 exclusions to the greatest extent practicable. Within the

1 suspension decision described in subsection (b) of this
2 Section or the expulsion decision described in subsection (a)
3 of this Section, it shall be documented whether other
4 interventions were attempted or whether it was determined that
5 there were no other appropriate and available interventions.

6 (b-25) Students who are suspended out-of-school for longer
7 than 3 school days shall be provided appropriate and available
8 support services during the period of their suspension. For
9 purposes of this subsection (b-25), "appropriate and available
10 support services" shall be determined by school authorities.
11 Within the suspension decision described in subsection (b) of
12 this Section, it shall be documented whether such services are
13 to be provided or whether it was determined that there are no
14 such appropriate and available services.

15 A school district may refer students who are expelled to
16 appropriate and available support services.

17 A school district shall create a policy to facilitate the
18 re-engagement of students who are suspended out-of-school,
19 expelled, or returning from an alternative school setting. In
20 consultation with stakeholders deemed appropriate by the State
21 Board of Education, the State Board of Education shall draft
22 and publish guidance for the re-engagement of students who are
23 suspended out-of-school, expelled, or returning from an
24 alternative school setting in accordance with this Section and
25 Section 13A-4 on or before July 1, 2025.

26 (b-30) A school district shall create a policy by which

1 suspended students, including those students suspended from
2 the school bus who do not have alternate transportation to
3 school, shall have the opportunity to make up work for
4 equivalent academic credit. It shall be the responsibility of
5 a student's parents or guardians to notify school officials
6 that a student suspended from the school bus does not have
7 alternate transportation to school.

8 (b-35) In all suspension review hearings conducted under
9 subsection (b) or expulsion hearings conducted under
10 subsection (a), a student may disclose any factor to be
11 considered in mitigation, including his or her status as a
12 parent, expectant parent, or victim of domestic or sexual
13 violence, as defined in Article 26A. A representative of the
14 parent's or guardian's choice, or of the student's choice if
15 emancipated, must be permitted to represent the student
16 throughout the proceedings and to address the school board or
17 its appointed hearing officer. With the approval of the
18 student's parent or guardian, or of the student if
19 emancipated, a support person must be permitted to accompany
20 the student to any disciplinary hearings or proceedings. The
21 representative or support person must comply with any rules of
22 the school district's hearing process. If the representative
23 or support person violates the rules or engages in behavior or
24 advocacy that harasses, abuses, or intimidates either party, a
25 witness, or anyone else in attendance at the hearing, the
26 representative or support person may be prohibited from

1 further participation in the hearing or proceeding. A
2 suspension or expulsion proceeding under this subsection
3 (b-35) must be conducted independently from any ongoing
4 criminal investigation or proceeding, and an absence of
5 pending or possible criminal charges, criminal investigations,
6 or proceedings may not be a factor in school disciplinary
7 decisions.

8 (b-40) During a suspension review hearing conducted under
9 subsection (b) or an expulsion hearing conducted under
10 subsection (a) that involves allegations of sexual violence by
11 the student who is subject to discipline, neither the student
12 nor his or her representative shall directly question nor have
13 direct contact with the alleged victim. The student who is
14 subject to discipline or his or her representative may, at the
15 discretion and direction of the school board or its appointed
16 hearing officer, suggest questions to be posed by the school
17 board or its appointed hearing officer to the alleged victim.

18 (c) A school board must invite a representative from a
19 local mental health agency to consult with the board at the
20 meeting whenever there is evidence that mental illness may be
21 the cause of a student's expulsion or suspension.

22 (c-5) School districts shall make reasonable efforts to
23 provide ongoing professional development to all school
24 personnel, school board members, and school resource officers
25 on the requirements of this Section and Section 10-20.14, the
26 adverse consequences of school exclusion and justice-system

1 involvement, effective classroom management strategies,
2 culturally responsive discipline, trauma-responsive learning
3 environments, as defined in subsection (b) of Section 3-11,
4 the appropriate and available supportive services for the
5 promotion of student attendance and engagement, and
6 developmentally appropriate disciplinary methods that promote
7 positive and healthy school climates.

8 (d) The board may expel a student for a definite period of
9 time not to exceed 2 calendar years, as determined on a
10 case-by-case basis. A student who is determined to have
11 brought one of the following objects to school, any
12 school-sponsored activity or event, or any activity or event
13 that bears a reasonable relationship to school shall be
14 expelled for a period of not less than one year:

15 (1) A firearm. For the purposes of this Section,
16 "firearm" means any gun, rifle, shotgun, weapon as defined
17 by Section 921 of Title 18 of the United States Code,
18 firearm as defined in Section 1.1 of the Firearm Owners
19 Identification Card Act, or firearm as defined in Section
20 24-1 of the Criminal Code of 2012. The expulsion period
21 under this subdivision (1) may be modified by the
22 superintendent, and the superintendent's determination may
23 be modified by the board on a case-by-case basis.

24 (2) A knife, brass knuckles or other knuckle weapon
25 regardless of its composition, a billy club, or any other
26 object if used or attempted to be used to cause bodily

1 harm, including "look alikes" of any firearm as defined in
2 subdivision (1) of this subsection (d). The expulsion
3 requirement under this subdivision (2) may be modified by
4 the superintendent, and the superintendent's determination
5 may be modified by the board on a case-by-case basis.

6 Expulsion or suspension shall be construed in a manner
7 consistent with the federal Individuals with Disabilities
8 Education Act. A student who is subject to suspension or
9 expulsion as provided in this Section may be eligible for a
10 transfer to an alternative school program in accordance with
11 Article 13A of the School Code.

12 (d-5) The board may suspend or by regulation authorize the
13 superintendent of the district or the principal, assistant
14 principal, or dean of students of any school to suspend a
15 student for a period not to exceed 10 school days or may expel
16 a student for a definite period of time not to exceed 2
17 calendar years, as determined on a case-by-case basis, if (i)
18 that student has been determined to have made an explicit
19 threat on an Internet website against a school employee, a
20 student, or any school-related personnel, (ii) the Internet
21 website through which the threat was made is a site that was
22 accessible within the school at the time the threat was made or
23 was available to third parties who worked or studied within
24 the school grounds at the time the threat was made, and (iii)
25 the threat could be reasonably interpreted as threatening to
26 the safety and security of the threatened individual because

1 of the individual's duties or employment status or status as a
2 student inside the school.

3 (e) To maintain order and security in the schools, school
4 authorities may inspect and search places and areas such as
5 lockers, desks, parking lots, and other school property and
6 equipment owned or controlled by the school, as well as
7 personal effects left in those places and areas by students,
8 without notice to or the consent of the student, and without a
9 search warrant. As a matter of public policy, the General
10 Assembly finds that students have no reasonable expectation of
11 privacy in these places and areas or in their personal effects
12 left in these places and areas. School authorities may request
13 the assistance of law enforcement officials for the purpose of
14 conducting inspections and searches of lockers, desks, parking
15 lots, and other school property and equipment owned or
16 controlled by the school for illegal drugs, weapons, or other
17 illegal or dangerous substances or materials, including
18 searches conducted through the use of specially trained dogs.
19 If a search conducted in accordance with this Section produces
20 evidence that the student has violated or is violating either
21 the law, local ordinance, or the school's policies or rules,
22 such evidence may be seized by school authorities, and
23 disciplinary action may be taken. School authorities may also
24 turn over such evidence to law enforcement authorities.

25 (f) Suspension or expulsion may include suspension or
26 expulsion from school and all school activities and a

1 prohibition from being present on school grounds.

2 (g) A school district may adopt a policy providing that if
3 a student is suspended or expelled for any reason from any
4 public or private school in this or any other state, the
5 student must complete the entire term of the suspension or
6 expulsion in an alternative school program under Article 13A
7 of this Code or an alternative learning opportunities program
8 under Article 13B of this Code before being admitted into the
9 school district if there is no threat to the safety of students
10 or staff in the alternative program. A school district that
11 adopts a policy under this subsection (g) must include a
12 provision allowing for consideration of any mitigating
13 factors, including, but not limited to, a student's status as
14 a parent, expectant parent, or victim of domestic or sexual
15 violence, as defined in Article 26A.

16 (h) School officials shall not advise or encourage
17 students to drop out voluntarily due to behavioral or academic
18 difficulties.

19 (i) A student may not be issued a monetary fine or fee as a
20 disciplinary consequence, though this shall not preclude
21 requiring a student to provide restitution for lost, stolen,
22 or damaged property.

23 (j) Subsections (a) through (i) of this Section shall
24 apply to elementary and secondary schools, charter schools,
25 special charter districts, and school districts organized
26 under Article 34 of this Code.

1 (k) Through June 30, 2026, the expulsion of students
2 enrolled in programs funded under Section 1C-2 of this Code is
3 subject to the requirements under paragraph (7) of subsection
4 (a) of Section 2-3.71 of this Code.

5 (k-5) On and after July 1, 2026, the expulsion of children
6 enrolled in programs funded under Section 15-25 of the
7 Department of Early Childhood Act is subject to the
8 requirements of paragraph (7) of subsection (a) of Section
9 15-30 of the Department of Early Childhood Act.

10 (l) An in-school suspension program provided by a school
11 district for any students in kindergarten through grade 12 may
12 focus on promoting non-violent conflict resolution and
13 positive interaction with other students and school personnel.
14 A school district may employ a school social worker or a
15 licensed mental health professional to oversee an in-school
16 suspension program in kindergarten through grade 12.

13 educational facility under rules and regulations established
14 by the Board of Vocational Education and Rehabilitation as

17 directors or board of education of any district to admit
18 pupils from another district.

4 supply, toilets and safety against fire to the regional
5 superintendent of schools having supervision and control over
6 the district, for approval in accordance with Section 2-3.12.

7 Notwithstanding any of the foregoing, no referendum shall
8 be required if the purchase, construction, or building of any
9 such building (1) occurs while the building is being leased by
10 the school district or (2) is paid with (A) funds derived from
11 the sale or disposition of other buildings, land, or
12 structures of the school district or (B) funds received (i) as
13 a grant under the School Construction Law or (ii) as gifts or
14 donations, provided that no funds to purchase, construct, or
15 build such building, other than lease payments, are derived
16 from the district's bonded indebtedness or the tax levy of the
17 district.

18 Notwithstanding any of the foregoing, no referendum shall
19 be required if the purchase, construction, or building of any
20 such building is paid with funds received from the County
21 School Facility and Resources Occupation Tax Law under Section
22 5-1006.7 of the Counties Code or from the proceeds of bonds or
23 other debt obligations secured by revenues obtained from that
24 Law.

25 Notwithstanding any of the foregoing, for Decatur School
26 District Number 61, no referendum shall be required if at

1 least 50% of the cost of the purchase, construction, or
2 building of any such building is paid, or will be paid, with
3 funds received or expected to be received as part of, or
4 otherwise derived from, any COVID-19 pandemic relief program
5 or funding source, including, but not limited to, Elementary
6 and Secondary School Emergency Relief Fund grant proceeds.

7 (b) Notwithstanding the provisions of subsection (a), for
8 any school district: (i) that is a tier 1 school, (ii) that has
9 a population of less than 50,000 inhabitants, (iii) whose
10 student population is between 5,800 and 6,300, (iv) in which
11 57% to 62% of students are low-income, and (v) whose average
12 district spending is between \$10,000 to \$12,000 per pupil,
13 until July 1, 2025, no referendum shall be required if at least
14 50% of the cost of the purchase, construction, or building of
15 any such building is paid, or will be paid, with funds received
16 or expected to be received as part of, or otherwise derived
17 from, the federal Consolidated Appropriations Act and the
18 federal American Rescue Plan Act of 2021.

19 For this subsection (b), the school board must hold at
20 least 2 public hearings, the sole purpose of which shall be to
21 discuss the decision to construct a school building and to
22 receive input from the community. The notice of each public
23 hearing that sets forth the time, date, place, and name or
24 description of the school building that the school board is
25 considering constructing must be provided at least 10 days
26 prior to the hearing by publication on the school board's

1 Internet website.

2 (c) Notwithstanding the provisions of subsections (a) and
3 (b), for Cahokia Community Unit School District 187, no
4 referendum shall be required for the lease of any building for
5 school or educational purposes if the cost is paid or will be
6 paid with funds available at the time of the lease in the
7 district's existing fund balances to fund the lease of a
8 building during the 2023-2024 or 2024-2025 school year.

9 For the purposes of this subsection (c), the school board
10 must hold at least 2 public hearings, the sole purpose of which
11 shall be to discuss the decision to lease a school building and
12 to receive input from the community. The notice of each public
13 hearing that sets forth the time, date, place, and name or
14 description of the school building that the school board is
15 considering leasing must be provided at least 10 days prior to
16 the hearing by publication on the school district's website.

17 (d) Notwithstanding the provisions of subsections (a) and
18 (b), for Bloomington School District 87, no referendum shall
19 be required for the purchase, construction, or building of any
20 building for school or education purposes if such cost is paid
21 or will be paid with funds available at the time of contract,
22 purchase, construction, or building in Bloomington School
23 District Number 87's existing fund balances to fund the
24 procurement or requisition of a building or site during the
25 2022-2023, 2023-2024, or 2024-2025 school year.

26 For this subsection (d), the school board must hold at

1 least 2 public hearings, the sole purpose of which shall be to
2 discuss the decision to construct a school building and to
3 receive input from the community. The notice of each public
4 hearing that sets forth the time, date, place, and name or
5 description of the school building that the school board is
6 considering constructing must be provided at least 10 days
7 prior to the hearing by publication on the school board's
8 website.

9 (e) Notwithstanding the provisions of subsection (a), for
10 any school district: (i) that is designated as a Tier 1 or Tier
11 2 school district under Section 18-8.15, (ii) with at least
12 one school that is located on federal property, (iii) whose
13 overall student population is no more than 4,500 students and
14 no less than 2,500 students, and (iv) that receives a federal
15 Public Schools on Military Installations grant until June 30,
16 2030, no referendum shall be required if at least 75% of the
17 cost of construction or building of any such building is paid
18 or will be paid with funds received or expected to be received
19 from the Public Schools on Military Installations grant.

20 For this subsection (e), the school board must hold at
21 least 2 public hearings, the sole purpose of which shall be to
22 discuss the decision to construct a school building and to
23 receive input from those community members in attendance. The
24 notice of each public hearing that sets forth the time, date,
25 place, and description of the school construction project must
26 be provided at least 10 days prior to the hearing by

1 publication on the school district's website.

2 (f) ~~(e)~~ Notwithstanding the provisions of subsection (a)
3 and (b), beginning September 1, 2024, no referendum shall be
4 required to build or purchase a building for school classroom
5 or instructional purposes if, prior to the building or
6 purchase of the building, the board determines, by resolution,
7 that the building or purchase will result in an increase in
8 pre-kindergarten or kindergarten classroom space in the
9 district.

14 (105 ILCS 5/14A-32)

15 Sec. 14A-32. Accelerated placement; school district
16 responsibilities.

17 (a) Each school district shall have a policy that allows
18 for accelerated placement that includes or incorporates by
19 reference the following components:

20 (1) a provision that provides that participation in
21 accelerated placement is not limited to those children who
22 have been identified as gifted and talented, but rather is
23 open to all children who demonstrate high ability and who
24 may benefit from accelerated placement;

25 (2) a fair and equitable decision-making process that

1 involves multiple persons and includes a student's parents
2 or guardians;

3 (3) procedures for notifying parents or guardians of a
4 child of a decision affecting that child's participation
5 in an accelerated placement program; and

6 (4) an assessment process that includes multiple
7 valid, reliable indicators.

8 (a-5) By no later than the beginning of the 2023-2024
9 school year, a school district's accelerated placement policy
10 shall allow for the automatic enrollment, in the following
11 school term, of a student into the next most rigorous level of
12 advanced coursework offered by the high school if the student
13 meets or exceeds State standards in English language arts,
14 mathematics, or science on a State assessment administered
15 under Section 2-3.64a-5 as follows:

16 (1) A student who exceeds State standards in English
17 language arts shall be automatically enrolled into the
18 next most rigorous level of advanced coursework in
19 English, social studies, humanities, or related subjects.

20 (2) A student who exceeds State standards in
21 mathematics shall be automatically enrolled into the next
22 most rigorous level of advanced coursework in mathematics.

23 (3) A student who exceeds State standards in science
24 shall be automatically enrolled into the next most
25 rigorous level of advanced coursework in science.

26 (a-10) By no later than the beginning of the 2027-2028

1 school year, a school district's accelerated placement policy
2 shall allow for automatic eligibility, in the following school
3 term, for a student to enroll in the next most rigorous level
4 of advanced coursework offered by the high school if the
5 student meets State standards in English language arts,
6 mathematics, or science on a State assessment administered
7 under Section 2-3.64a-5 as follows:

8 (1) A student who meets State standards in English
9 language arts shall be automatically eligible to enroll in
10 the next most rigorous level of advanced coursework in
11 English, social studies, humanities, or related subjects.

12 (2) A student who meets State standards in mathematics
13 shall be automatically eligible to enroll in the next most
14 rigorous level of advanced coursework in mathematics.

15 (3) A student who meets State standards in science
16 shall be automatically eligible to enroll in the next most
17 rigorous level of advanced coursework in science.

18 (a-15) For a student entering grade 12, the next most
19 rigorous level of advanced coursework in English language arts
20 or mathematics shall be a dual credit course, as defined in the
21 Dual Credit Quality Act, an Advanced Placement course, as
22 defined in Section 10 of the College and Career Success for All
23 Students Act, or an International Baccalaureate course;
24 otherwise, the next most rigorous level of advanced coursework
25 under this subsection (a-15) may include a dual credit course,
26 as defined in the Dual Credit Quality Act, an Advanced

1 Placement course, as defined in Section 10 of the College and
2 Career Success for All Students Act, an International
3 Baccalaureate course, an honors class, an enrichment
4 opportunity, a gifted program, or another program offered by
5 the district.

6 A school district may use the student's most recent State
7 assessment results to determine whether a student meets or
8 exceeds State standards. For a student entering grade 9,
9 results from the State assessment taken in grades 6 through 8
10 may be used. For other high school grades, the results from a
11 locally selected, nationally normed assessment may be used
12 instead of the State assessment if those results are the most
13 recent.

14 (a-20) A school district's accelerated placement policy
15 may allow for the waiver of a course or unit of instruction
16 completion requirement if (i) completion of the course or unit
17 of instruction is required by this Code or rules adopted by the
18 State Board of Education as a prerequisite to receiving a high
19 school diploma and (ii) the school district has determined
20 that the student has demonstrated mastery of or competency in
21 the content of the course or unit of instruction. The school
22 district shall maintain documentation of this determination of
23 mastery or competency for each student, that shall include
24 identification of the learning standards or competencies
25 reviewed, the methods of measurement used, student
26 performance, the date of the determination, and identification

1 of the district personnel involved in the determination
2 process.

3 (a-25) A school district's accelerated placement policy
4 must include a process through which the parent or guardian of
5 each student who meets State standards is provided
6 notification in writing of the student's eligibility for
7 enrollment in accelerated courses. This notification must
8 provide details on the procedures for the parent or guardian
9 to enroll or not enroll the student in accelerated courses, in
10 writing, on forms the school district makes available. If no
11 course selection is made by the parent or guardian in
12 accordance with procedures set forth by the school district,
13 the student shall be automatically enrolled in the next most
14 rigorous level of coursework. A school district must provide
15 the parent or guardian of a student eligible for enrollment
16 under subsection (a-5) or (a-10) with the option to instead
17 have the student enroll in alternative coursework that better
18 aligns with the student's postsecondary education or career
19 goals. If applicable, a school district must provide
20 notification to a student's parent or guardian that the
21 student will receive a waiver of a course or unit of
22 instruction completion requirement under subsection
23 ~~subsections~~ (a-5) or (a-10).

24 Nothing in subsection (a-5) or (a-10) may be interpreted
25 to preclude other students from enrolling in advanced
26 coursework per the policy of a school district.

1 (a-30) Nothing in this Section shall prohibit the
2 implementation of policies that allow for automatic enrollment
3 of students who meet standards on State assessments into the
4 next most rigorous level of advanced coursework offered by a
5 high school.

6 (b) Further, a school district's accelerated placement
7 policy may include or incorporate by reference, but need not
8 be limited to, the following components:

9 (1) procedures for annually informing the community
10 at-large, including parents or guardians, community-based
11 organizations, and providers of out-of-school programs,
12 about the accelerated placement program and the methods
13 used for the identification of children eligible for
14 accelerated placement, including strategies to reach
15 groups of students and families who have been historically
16 underrepresented in accelerated placement programs and
17 advanced coursework;

18 (2) a process for referral that allows for multiple
19 referrers, including a child's parents or guardians; other
20 referrers may include licensed education professionals,
21 the child, with the written consent of a parent or
22 guardian, a peer, through a licensed education
23 professional who has knowledge of the referred child's
24 abilities, or, in case of possible early entrance, a
25 preschool educator, pediatrician, or psychologist who
26 knows the child;

1 (3) a provision that provides that children
2 participating in an accelerated placement program and
3 their parents or guardians will be provided a written plan
4 detailing the type of acceleration the child will receive
5 and strategies to support the child;

6 (4) procedures to provide support and promote success
7 for students who are newly enrolled in an accelerated
8 placement program;

9 (5) a process for the school district to review and
10 utilize disaggregated data on participation in an
11 accelerated placement program to address gaps among
12 demographic groups in accelerated placement opportunities;
13 and

14 (6) procedures to promote equity, which may
15 incorporate one or more of the following evidence-based
16 practices:

17 (A) the use of multiple tools to assess
18 exceptional potential and provide several pathways
19 into advanced academic programs when assessing student
20 need for advanced academic or accelerated programming;

21 (B) providing enrichment opportunities starting in
22 the early grades to address achievement gaps that
23 occur at school entry and provide students with
24 opportunities to demonstrate their advanced potential;

25 (C) the use of universal screening combined with
26 local school-based norms for placement in accelerated

1 and advanced learning programs;

2 (D) developing a continuum of services to identify
3 and develop talent in all learners ranging from
4 enriched learning experiences, such as problem-based
5 learning, performance tasks, critical thinking, and
6 career exploration, to accelerated placement and
7 advanced academic programming; and

8 (E) providing professional learning in gifted
9 education for teachers and other appropriate school
10 personnel to appropriately identify and challenge
11 students from diverse cultures and backgrounds who may
12 benefit from accelerated placement or advanced
13 academic programming.

14 (c) The State Board of Education shall adopt rules to
15 determine data to be collected and disaggregated by
16 demographic group regarding accelerated placement, including
17 the rates of students who participate in and successfully
18 complete advanced coursework, and a method of making the
19 information available to the public.

20 (d) On or before November 1, 2022, following a review of
21 disaggregated data on the participation and successful
22 completion rates of students enrolled in an accelerated
23 placement program, each school district shall develop a plan
24 to expand access to its accelerated placement program and to
25 ensure the teaching capacity necessary to meet the increased
26 demand.

5 Sec. 18-8.15. Evidence-Based Funding for student success
6 for the 2017-2018 and subsequent school years.

7 (a) General provisions.

8 (1) The purpose of this Section is to ensure that, by
9 June 30, 2027 and beyond, this State has a kindergarten
10 through grade 12 public education system with the capacity
11 to ensure the educational development of all persons to
12 the limits of their capacities in accordance with Section
13 1 of Article X of the Constitution of the State of
14 Illinois. To accomplish that objective, this Section
15 creates a method of funding public education that is
16 evidence-based; is sufficient to ensure every student
17 receives a meaningful opportunity to learn irrespective of
18 race, ethnicity, sexual orientation, gender, or
19 community-income level; and is sustainable and
20 predictable. When fully funded under this Section, every
21 school shall have the resources, based on what the
22 evidence indicates is needed, to:

23 (A) provide all students with a high quality
24 education that offers the academic, enrichment, social
25 and emotional support, technical, and career-focused

1 programs that will allow them to become competitive
2 workers, responsible parents, productive citizens of
3 this State, and active members of our national
4 democracy;

5 (B) ensure all students receive the education they
6 need to graduate from high school with the skills
7 required to pursue post-secondary education and
8 training for a rewarding career;

9 (C) reduce, with a goal of eliminating, the
10 achievement gap between at-risk and non-at-risk
11 students by raising the performance of at-risk
12 students and not by reducing standards; and

13 (D) ensure this State satisfies its obligation to
14 assume the primary responsibility to fund public
15 education and simultaneously relieve the
16 disproportionate burden placed on local property taxes
17 to fund schools.

18 (2) The Evidence-Based Funding formula under this
19 Section shall be applied to all Organizational Units in
20 this State. The Evidence-Based Funding formula outlined in
21 this Act is based on the formula outlined in Senate Bill 1
22 of the 100th General Assembly, as passed by both
23 legislative chambers. As further defined and described in
24 this Section, there are 4 major components of the
25 Evidence-Based Funding model:

26 (A) First, the model calculates a unique Adequacy

1 Target for each Organizational Unit in this State that
2 considers the costs to implement research-based
3 activities, the unit's student demographics, and
4 regional wage differences.

5 (B) Second, the model calculates each
6 Organizational Unit's Local Capacity, or the amount
7 each Organizational Unit is assumed to contribute
8 toward its Adequacy Target from local resources.

9 (C) Third, the model calculates how much funding
10 the State currently contributes to the Organizational
11 Unit and adds that to the unit's Local Capacity to
12 determine the unit's overall current adequacy of
13 funding.

14 (D) Finally, the model's distribution method
15 allocates new State funding to those Organizational
16 Units that are least well-funded, considering both
17 Local Capacity and State funding, in relation to their
18 Adequacy Target.

19 (3) An Organizational Unit receiving any funding under
20 this Section may apply those funds to any fund so received
21 for which that Organizational Unit is authorized to make
22 expenditures by law.

23 (4) As used in this Section, the following terms shall
24 have the meanings ascribed in this paragraph (4):

25 "Adequacy Target" is defined in paragraph (1) of
26 subsection (b) of this Section.

1 "Adjusted EAV" is defined in paragraph (4) of
2 subsection (d) of this Section.

3 "Adjusted Local Capacity Target" is defined in
4 paragraph (3) of subsection (c) of this Section.

5 "Adjusted Operating Tax Rate" means a tax rate for all
6 Organizational Units, for which the State Superintendent
7 shall calculate and subtract for the Operating Tax Rate a
8 transportation rate based on total expenses for
9 transportation services under this Code, as reported on
10 the most recent Annual Financial Report in Pupil
11 Transportation Services, function 2550 in both the
12 Education and Transportation funds and functions 4110 and
13 4120 in the Transportation fund, less any corresponding
14 fiscal year State of Illinois scheduled payments excluding
15 net adjustments for prior years for regular, vocational,
16 or special education transportation reimbursement pursuant
17 to Section 29-5 or subsection (b) of Section 14-13.01 of
18 this Code divided by the Adjusted EAV. If an
19 Organizational Unit's corresponding fiscal year State of
20 Illinois scheduled payments excluding net adjustments for
21 prior years for regular, vocational, or special education
22 transportation reimbursement pursuant to Section 29-5 or
23 subsection (b) of Section 14-13.01 of this Code exceed the
24 total transportation expenses, as defined in this
25 paragraph, no transportation rate shall be subtracted from
26 the Operating Tax Rate.

1 "Allocation Rate" is defined in paragraph (3) of
2 subsection (g) of this Section.

3 "Alternative School" means a public school that is
4 created and operated by a regional superintendent of
5 schools and approved by the State Board.

6 "Applicable Tax Rate" is defined in paragraph (1) of
7 subsection (d) of this Section.

8 "Assessment" means any of those benchmark, progress
9 monitoring, formative, diagnostic, and other assessments,
10 in addition to the State accountability assessment, that
11 assist teachers' needs in understanding the skills and
12 meeting the needs of the students they serve.

13 "Assistant principal" means a school administrator
14 duly endorsed to be employed as an assistant principal in
15 this State.

16 "At-risk student" means a student who is at risk of
17 not meeting the Illinois Learning Standards or not
18 graduating from elementary or high school and who
19 demonstrates a need for vocational support or social
20 services beyond that provided by the regular school
21 program. All students included in an Organizational Unit's
22 Low-Income Count, as well as all English learner and
23 disabled students attending the Organizational Unit, shall
24 be considered at-risk students under this Section.

25 "Average Student Enrollment" or "ASE" for fiscal year
26 2018 means, for an Organizational Unit, the greater of the

1 average number of students (grades K through 12) reported
2 to the State Board as enrolled in the Organizational Unit
3 on October 1 in the immediately preceding school year,
4 plus the pre-kindergarten students who receive special
5 education services of 2 or more hours a day as reported to
6 the State Board on December 1 in the immediately preceding
7 school year, or the average number of students (grades K
8 through 12) reported to the State Board as enrolled in the
9 Organizational Unit on October 1, plus the
10 pre-kindergarten students who receive special education
11 services of 2 or more hours a day as reported to the State
12 Board on December 1, for each of the immediately preceding
13 3 school years. For fiscal year 2019 and each subsequent
14 fiscal year, "Average Student Enrollment" or "ASE" means,
15 for an Organizational Unit, the greater of the average
16 number of students (grades K through 12) reported to the
17 State Board as enrolled in the Organizational Unit on
18 October 1 and March 1 in the immediately preceding school
19 year, plus the pre-kindergarten students who receive
20 special education services as reported to the State Board
21 on October 1 and March 1 in the immediately preceding
22 school year, or the average number of students (grades K
23 through 12) reported to the State Board as enrolled in the
24 Organizational Unit on October 1 and March 1, plus the
25 pre-kindergarten students who receive special education
26 services as reported to the State Board on October 1 and

1 March 1, for each of the immediately preceding 3 school
2 years. For the purposes of this definition, "enrolled in
3 the Organizational Unit" means the number of students
4 reported to the State Board who are enrolled in schools
5 within the Organizational Unit that the student attends or
6 would attend if not placed or transferred to another
7 school or program to receive needed services. For the
8 purposes of calculating "ASE", all students, grades K
9 through 12, excluding those attending kindergarten for a
10 half day and students attending an alternative education
11 program operated by a regional office of education or
12 intermediate service center, shall be counted as 1.0. All
13 students attending kindergarten for a half day shall be
14 counted as 0.5, unless in 2017 by June 15 or by March 1 in
15 subsequent years, the school district reports to the State
16 Board of Education the intent to implement full-day
17 kindergarten district-wide for all students, then all
18 students attending kindergarten shall be counted as 1.0.
19 Special education pre-kindergarten students shall be
20 counted as 0.5 each. If the State Board does not collect or
21 has not collected both an October 1 and March 1 enrollment
22 count by grade or a December 1 collection of special
23 education pre-kindergarten students as of August 31, 2017
24 (the effective date of Public Act 100-465), it shall
25 establish such collection for all future years. For any
26 year in which a count by grade level was collected only

once, that count shall be used as the single count available for computing a 3-year average ASE. Funding for programs operated by a regional office of education or an intermediate service center must be calculated using the Evidence-Based Funding formula under this Section for the 2019-2020 school year and each subsequent school year until separate adequacy formulas are developed and adopted for each type of program. ASE for a program operated by a regional office of education or an intermediate service center must be determined by the March 1 enrollment for the program. For the 2019-2020 school year, the ASE used in the calculation must be the first-year ASE and, in that year only, the assignment of students served by a regional office of education or intermediate service center shall not result in a reduction of the March enrollment for any school district. For the 2020-2021 school year, the ASE must be the greater of the current-year ASE or the 2-year average ASE. Beginning with the 2021-2022 school year, the ASE must be the greater of the current-year ASE or the 3-year average ASE. School districts shall submit the data for the ASE calculation to the State Board within 45 days of the dates required in this Section for submission of enrollment data in order for it to be included in the ASE calculation. For fiscal year 2018 only, the ASE calculation shall include only enrollment taken on October 1. In recognition of the impact of COVID-19, the

1 definition of "Average Student Enrollment" or "ASE" shall
2 be adjusted for calculations under this Section for fiscal
3 years 2022 through 2024. For fiscal years 2022 through
4 2024, the enrollment used in the calculation of ASE
5 representing the 2020-2021 school year shall be the
6 greater of the enrollment for the 2020-2021 school year or
7 the 2019-2020 school year.

8 "Base Funding Guarantee" is defined in paragraph (10)
9 of subsection (g) of this Section.

10 "Base Funding Minimum" is defined in subsection (e) of
11 this Section.
