21 System of the State of Illinois to be paid by the
22 Organizational Unit for the preceding school year
23 shall be added to the benefit investment. For any
24 fiscal year in which a school district organized under
25 Article 34 of this Code is responsible for paying the
26 employer normal cost of teacher pensions, then that

1 amount of its employer normal cost plus the amount for
2 retiree health insurance as certified by the Public
3 School Teachers' Pension and Retirement Fund of
4 Chicago to be paid by the school district for the
5 preceding school year that is statutorily required to
6 cover employer normal costs and the amount for retiree
7 health insurance shall be added to the 30% specified
8 in this subparagraph (U). The Teachers' Retirement
9 System of the State of Illinois and the Public School
10 Teachers' Pension and Retirement Fund of Chicago shall
11 submit such information as the State Superintendent
12 may require for the calculations set forth in this
13 subparagraph (U).

14 (V) Additional investments in low-income students.
15 In addition to and not in lieu of all other funding
16 under this paragraph (2), each Organizational Unit
17 shall receive funding based on the average teacher
18 salary for grades K through 12 to cover the costs of:

19 (i) one FTE intervention teacher (tutor)
20 position for every 125 Low-Income Count students;

21 (ii) one FTE pupil support staff position for
22 every 125 Low-Income Count students;

23 (iii) one FTE extended day teacher position
24 for every 120 Low-Income Count students; and

25 (iv) one FTE summer school teacher position
26 for every 120 Low-Income Count students.

1 (W) Additional investments in English learner
2 students. In addition to and not in lieu of all other
3 funding under this paragraph (2), each Organizational
4 Unit shall receive funding based on the average
5 teacher salary for grades K through 12 to cover the
6 costs of:

7 (i) one FTE intervention teacher (tutor)
8 position for every 125 English learner students;

9 (ii) one FTE pupil support staff position for
10 every 125 English learner students;

11 (iii) one FTE extended day teacher position
12 for every 120 English learner students;

13 (iv) one FTE summer school teacher position
14 for every 120 English learner students; and

15 (v) one FTE core teacher position for every
16 100 English learner students.

17 (X) Special education investments. Each
18 Organizational Unit shall receive funding based on the
19 average teacher salary for grades K through 12 to
20 cover special education as follows:

21 (i) one FTE teacher position for every 141
22 combined ASE of pre-kindergarten children with
23 disabilities and all kindergarten through grade 12
24 students;

25 (ii) one FTE instructional assistant for every
26 141 combined ASE of pre-kindergarten children with

1 disabilities and all kindergarten through grade 12
2 students; and

3 (iii) one FTE psychologist position for every
4 1,000 combined ASE of pre-kindergarten children
5 with disabilities and all kindergarten through
6 grade 12 students.

7 (3) For calculating the salaries included within the
8 Essential Elements, the State Superintendent shall
9 annually calculate average salaries to the nearest dollar
10 using the employment information system data maintained by
11 the State Board, limited to public schools only and
12 excluding special education and vocational cooperatives,
13 schools operated by the Department of Juvenile Justice,
14 and charter schools, for the following positions:

15 (A) Teacher for grades K through 8.

16 (B) Teacher for grades 9 through 12.

17 (C) Teacher for grades K through 12.

18 (D) School counselor for grades K through 8.

19 (E) School counselor for grades 9 through 12.

20 (F) School counselor for grades K through 12.

21 (G) Social worker.

22 (H) Psychologist.

23 (I) Librarian.

24 (J) Nurse.

25 (K) Principal.

26 (L) Assistant principal.

1 For the purposes of this paragraph (3), "teacher"
2 includes core teachers, specialist and elective teachers,
3 instructional facilitators, tutors, special education
4 teachers, pupil support staff teachers, English learner
5 teachers, extended day teachers, and summer school
6 teachers. Where specific grade data is not required for
7 the Essential Elements, the average salary for
8 corresponding positions shall apply. For substitute
9 teachers, the average teacher salary for grades K through
10 12 shall apply.

11 For calculating the salaries included within the
12 Essential Elements for positions not included within EIS
13 Data, the following salaries shall be used in the first
14 year of implementation of Evidence-Based Funding:

15 (i) school site staff, \$30,000; and

16 (ii) non-instructional assistant, instructional
17 assistant, library aide, library media tech, or
18 supervisory aide: \$25,000.

19 In the second and subsequent years of implementation
20 of Evidence-Based Funding, the amounts in items (i) and
21 (ii) of this paragraph (3) shall annually increase by the
22 ECI.

23 The salary amounts for the Essential Elements
24 determined pursuant to subparagraphs (A) through (L), (S)
25 and (T), and (V) through (X) of paragraph (2) of
26 subsection (b) of this Section shall be multiplied by a

1 Regionalization Factor.

2 (c) Local Capacity calculation.

3 (1) Each Organizational Unit's Local Capacity
4 represents an amount of funding it is assumed to
5 contribute toward its Adequacy Target for purposes of the
6 Evidence-Based Funding formula calculation. "Local
7 Capacity" means either (i) the Organizational Unit's Local
8 Capacity Target as calculated in accordance with paragraph
9 (2) of this subsection (c) if its Real Receipts are equal
10 to or less than its Local Capacity Target or (ii) the
11 Organizational Unit's Adjusted Local Capacity, as
12 calculated in accordance with paragraph (3) of this
13 subsection (c) if Real Receipts are more than its Local
14 Capacity Target.

15 (2) "Local Capacity Target" means, for an
16 Organizational Unit, that dollar amount that is obtained
17 by multiplying its Adequacy Target by its Local Capacity
18 Ratio.

19 (A) An Organizational Unit's Local Capacity
20 Percentage is the conversion of the Organizational
21 Unit's Local Capacity Ratio, as such ratio is
22 determined in accordance with subparagraph (B) of this
23 paragraph (2), into a cumulative distribution
24 resulting in a percentile ranking to determine each
25 Organizational Unit's relative position to all other
26 Organizational Units in this State. The calculation of

1 Local Capacity Percentage is described in subparagraph
2 (C) of this paragraph (2).

3 (B) An Organizational Unit's Local Capacity Ratio
4 in a given year is the percentage obtained by dividing
5 its Adjusted EAV or PTELL EAV, whichever is less, by
6 its Adequacy Target, with the resulting ratio further
7 adjusted as follows:

8 (i) for Organizational Units serving grades
9 kindergarten through 12 and Hybrid Districts, no
10 further adjustments shall be made;

11 (ii) for Organizational Units serving grades
12 kindergarten through 8, the ratio shall be
13 multiplied by 9/13;

14 (iii) for Organizational Units serving grades
15 9 through 12, the Local Capacity Ratio shall be
16 multiplied by 4/13; and

17 (iv) for an Organizational Unit with a
18 different grade configuration than those specified
19 in items (i) through (iii) of this subparagraph
20 (B), the State Superintendent shall determine a
21 comparable adjustment based on the grades served.

22 (C) The Local Capacity Percentage is equal to the
23 percentile ranking of the district. Local Capacity
24 Percentage converts each Organizational Unit's Local
25 Capacity Ratio to a cumulative distribution resulting
26 in a percentile ranking to determine each

1 Organizational Unit's relative position to all other
2 Organizational Units in this State. The Local Capacity
3 Percentage cumulative distribution resulting in a
4 percentile ranking for each Organizational Unit shall
5 be calculated using the standard normal distribution
6 of the score in relation to the weighted mean and
7 weighted standard deviation and Local Capacity Ratios
8 of all Organizational Units. If the value assigned to
9 any Organizational Unit is in excess of 90%, the value
10 shall be adjusted to 90%. For Laboratory Schools, the
11 Local Capacity Percentage shall be set at 10% in
12 recognition of the absence of EAV and resources from
13 the public university that are allocated to the
14 Laboratory School. For a regional office of education
15 or an intermediate service center operating one or
16 more alternative education programs, the Local
17 Capacity Percentage must be set at 10% in recognition
18 of the absence of EAV and resources from school
19 districts that are allocated to the regional office of
20 education or intermediate service center. The weighted
21 mean for the Local Capacity Percentage shall be
22 determined by multiplying each Organizational Unit's
23 Local Capacity Ratio times the ASE for the unit
24 creating a weighted value, summing the weighted values
25 of all Organizational Units, and dividing by the total
26 ASE of all Organizational Units. The weighted standard

1 deviation shall be determined by taking the square
2 root of the weighted variance of all Organizational
3 Units' Local Capacity Ratio, where the variance is
4 calculated by squaring the difference between each
5 unit's Local Capacity Ratio and the weighted mean,
6 then multiplying the variance for each unit times the
7 ASE for the unit to create a weighted variance for each
8 unit, then summing all units' weighted variance and
9 dividing by the total ASE of all units.

10 (D) For any Organizational Unit, the
11 Organizational Unit's Adjusted Local Capacity Target
12 shall be reduced by either (i) the school board's
13 remaining contribution pursuant to paragraph (ii) of
14 subsection (b-4) of Section 16-158 of the Illinois
15 Pension Code in a given year or (ii) the board of
16 education's remaining contribution pursuant to
17 paragraph (iv) of subsection (b) of Section 17-129 of
18 the Illinois Pension Code absent the employer normal
19 cost portion of the required contribution and amount
20 allowed pursuant to subdivision (3) of Section
21 17-142.1 of the Illinois Pension Code in a given year.
22 In the preceding sentence, item (i) shall be certified
23 to the State Board of Education by the Teachers'
24 Retirement System of the State of Illinois and item
25 (ii) shall be certified to the State Board of
26 Education by the Public School Teachers' Pension and

1 Retirement Fund of the City of Chicago.

2 (3) If an Organizational Unit's Real Receipts are more
3 than its Local Capacity Target, then its Local Capacity
4 shall equal an Adjusted Local Capacity Target as
5 calculated in accordance with this paragraph (3). The
6 Adjusted Local Capacity Target is calculated as the sum of
7 the Organizational Unit's Local Capacity Target and its
8 Real Receipts Adjustment. The Real Receipts Adjustment
9 equals the Organizational Unit's Real Receipts less its
10 Local Capacity Target, with the resulting figure
11 multiplied by the Local Capacity Percentage.

12 As used in this paragraph (3), "Real Percent of
13 Adequacy" means the sum of an Organizational Unit's Real
14 Receipts, CPPRT, and Base Funding Minimum, with the
15 resulting figure divided by the Organizational Unit's
16 Adequacy Target.

17 (d) Calculation of Real Receipts, EAV, and Adjusted EAV
18 for purposes of the Local Capacity calculation.

19 (1) An Organizational Unit's Real Receipts are the
20 product of its Applicable Tax Rate and its Adjusted EAV.
21 An Organizational Unit's Applicable Tax Rate is its
22 Adjusted Operating Tax Rate for property within the
23 Organizational Unit.

24 (2) The State Superintendent shall calculate the
25 equalized assessed valuation, or EAV, of all taxable
26 property of each Organizational Unit as of September 30 of

1 the previous year in accordance with paragraph (3) of this
2 subsection (d). The State Superintendent shall then
3 determine the Adjusted EAV of each Organizational Unit in
4 accordance with paragraph (4) of this subsection (d),
5 which Adjusted EAV figure shall be used for the purposes
6 of calculating Local Capacity.

7 (3) To calculate Real Receipts and EAV, the Department
8 of Revenue shall supply to the State Superintendent the
9 value as equalized or assessed by the Department of
10 Revenue of all taxable property of every Organizational
11 Unit, together with (i) the applicable tax rate used in
12 extending taxes for the funds of the Organizational Unit
13 as of September 30 of the previous year and (ii) the
14 limiting rate for all Organizational Units subject to
15 property tax extension limitations as imposed under PTELL.

16 (A) The Department of Revenue shall add to the
17 equalized assessed value of all taxable property of
18 each Organizational Unit situated entirely or
19 partially within a county that is or was subject to the
20 provisions of Section 15-176 or 15-177 of the Property
21 Tax Code (i) an amount equal to the total amount by
22 which the homestead exemption allowed under Section
23 15-176 or 15-177 of the Property Tax Code for real
24 property situated in that Organizational Unit exceeds
25 the total amount that would have been allowed in that
26 Organizational Unit if the maximum reduction under

1 Section 15-176 was (I) \$4,500 in Cook County or \$3,500
2 in all other counties in tax year 2003 or (II) \$5,000
3 in all counties in tax year 2004 and thereafter and
4 (ii) an amount equal to the aggregate amount for the
5 taxable year of all additional exemptions under
6 Section 15-175 of the Property Tax Code for owners
7 with a household income of \$30,000 or less. The county
8 clerk of any county that is or was subject to the
9 provisions of Section 15-176 or 15-177 of the Property
10 Tax Code shall annually calculate and certify to the
11 Department of Revenue for each Organizational Unit all
12 homestead exemption amounts under Section 15-176 or
13 15-177 of the Property Tax Code and all amounts of
14 additional exemptions under Section 15-175 of the
15 Property Tax Code for owners with a household income
16 of \$30,000 or less. It is the intent of this
17 subparagraph (A) that if the general homestead
18 exemption for a parcel of property is determined under
19 Section 15-176 or 15-177 of the Property Tax Code
20 rather than Section 15-175, then the calculation of
21 EAV shall not be affected by the difference, if any,
22 between the amount of the general homestead exemption
23 allowed for that parcel of property under Section
24 15-176 or 15-177 of the Property Tax Code and the
25 amount that would have been allowed had the general
26 homestead exemption for that parcel of property been

1 determined under Section 15-175 of the Property Tax
2 Code. It is further the intent of this subparagraph
3 (A) that if additional exemptions are allowed under
4 Section 15-175 of the Property Tax Code for owners
5 with a household income of less than \$30,000, then the
6 calculation of EAV shall not be affected by the
7 difference, if any, because of those additional
8 exemptions.

9 (B) With respect to any part of an Organizational
10 Unit within a redevelopment project area in respect to
11 which a municipality has adopted tax increment
12 allocation financing pursuant to the Tax Increment
13 Allocation Redevelopment Act, Division 74.4 of Article
14 11 of the Illinois Municipal Code, or the Industrial
15 Jobs Recovery Law, Division 74.6 of Article 11 of the
16 Illinois Municipal Code, no part of the current EAV of
17 real property located in any such project area that is
18 attributable to an increase above the total initial
19 EAV of such property shall be used as part of the EAV
20 of the Organizational Unit, until such time as all
21 redevelopment project costs have been paid, as
22 provided in Section 11-74.4-8 of the Tax Increment
23 Allocation Redevelopment Act or in Section 11-74.6-35
24 of the Industrial Jobs Recovery Law. For the purpose
25 of the EAV of the Organizational Unit, the total
26 initial EAV or the current EAV, whichever is lower,

1 shall be used until such time as all redevelopment
2 project costs have been paid.

3 (B-5) The real property equalized assessed
4 valuation for a school district shall be adjusted by
5 subtracting from the real property value, as equalized
6 or assessed by the Department of Revenue, for the
7 district an amount computed by dividing the amount of
8 any abatement of taxes under Section 18-170 of the
9 Property Tax Code by 3.00% for a district maintaining
10 grades kindergarten through 12, by 2.30% for a
11 district maintaining grades kindergarten through 8, or
12 by 1.05% for a district maintaining grades 9 through
13 12 and adjusted by an amount computed by dividing the
14 amount of any abatement of taxes under subsection (a)
15 of Section 18-165 of the Property Tax Code by the same
16 percentage rates for district type as specified in
17 this subparagraph (B-5).

18 (C) For Organizational Units that are Hybrid
19 Districts, the State Superintendent shall use the
20 lesser of the adjusted equalized assessed valuation
21 for property within the partial elementary unit
22 district for elementary purposes, as defined in
23 Article 11E of this Code, or the adjusted equalized
24 assessed valuation for property within the partial
25 elementary unit district for high school purposes, as
26 defined in Article 11E of this Code.

1 (D) If a school district's boundaries span
2 multiple counties, then the Department of Revenue
3 shall send to the State Board, for the purposes of
4 calculating Evidence-Based Funding, the limiting rate
5 and individual rates by purpose for the county that
6 contains the majority of the school district's
7 equalized assessed valuation.

8 (4) An Organizational Unit's Adjusted EAV shall be the
9 average of its EAV over the immediately preceding 3 years
10 or the lesser of its EAV in the immediately preceding year
11 or the average of its EAV over the immediately preceding 3
12 years if the EAV in the immediately preceding year has
13 declined by 10% or more when comparing the 2 most recent
14 years. In the event of Organizational Unit reorganization,
15 consolidation, or annexation, the Organizational Unit's
16 Adjusted EAV for the first 3 years after such change shall
17 be as follows: the most current EAV shall be used in the
18 first year, the average of a 2-year EAV or its EAV in the
19 immediately preceding year if the EAV declines by 10% or
20 more when comparing the 2 most recent years for the second
21 year, and the lesser of a 3-year average EAV or its EAV in
22 the immediately preceding year if the Adjusted EAV
23 declines by 10% or more when comparing the 2 most recent
24 years for the third year. For any school district whose
25 EAV in the immediately preceding year is used in
26 calculations, in the following year, the Adjusted EAV

1 shall be the average of its EAV over the immediately
2 preceding 2 years or the immediately preceding year if
3 that year represents a decline of 10% or more when
4 comparing the 2 most recent years.

5 "PTELL EAV" means a figure calculated by the State
6 Board for Organizational Units subject to PTELL as
7 described in this paragraph (4) for the purposes of
8 calculating an Organizational Unit's Local Capacity Ratio.
9 Except as otherwise provided in this paragraph (4), the
10 PTELL EAV of an Organizational Unit shall be equal to the
11 product of the equalized assessed valuation last used in
12 the calculation of general State aid under Section 18-8.05
13 of this Code (now repealed) or Evidence-Based Funding
14 under this Section and the Organizational Unit's Extension
15 Limitation Ratio. If an Organizational Unit has approved
16 or does approve an increase in its limiting rate, pursuant
17 to Section 18-190 of the Property Tax Code, affecting the
18 Base Tax Year, the PTELL EAV shall be equal to the product
19 of the equalized assessed valuation last used in the
20 calculation of general State aid under Section 18-8.05 of
21 this Code (now repealed) or Evidence-Based Funding under
22 this Section multiplied by an amount equal to one plus the
23 percentage increase, if any, in the Consumer Price Index
24 for All Urban Consumers for all items published by the
25 United States Department of Labor for the 12-month
26 calendar year preceding the Base Tax Year, plus the

1 equalized assessed valuation of new property, annexed
2 property, and recovered tax increment value and minus the
3 equalized assessed valuation of disconnected property.

4 As used in this paragraph (4), "new property" and
5 "recovered tax increment value" shall have the meanings
6 set forth in the Property Tax Extension Limitation Law.

7 (e) Base Funding Minimum calculation.

8 (1) For the 2017-2018 school year, the Base Funding
9 Minimum of an Organizational Unit or a Specially Funded
10 Unit shall be the amount of State funds distributed to the
11 Organizational Unit or Specially Funded Unit during the
12 2016-2017 school year prior to any adjustments and
13 specified appropriation amounts described in this
14 paragraph (1) from the following Sections, as calculated
15 by the State Superintendent: Section 18-8.05 of this Code
16 (now repealed); Section 5 of Article 224 of Public Act
17 99-524 (equity grants); Section 14-7.02b of this Code
18 (funding for children requiring special education
19 services); Section 14-13.01 of this Code (special
20 education facilities and staffing), except for
21 reimbursement of the cost of transportation pursuant to
22 Section 14-13.01; Section 14C-12 of this Code (English
23 learners); and Section 18-4.3 of this Code (summer
24 school), based on an appropriation level of \$13,121,600.
25 For a school district organized under Article 34 of this
26 Code, the Base Funding Minimum also includes (i) the funds

1 allocated to the school district pursuant to Section 1D-1
2 of this Code attributable to funding programs authorized
3 by the Sections of this Code listed in the preceding
4 sentence and (ii) the difference between (I) the funds
5 allocated to the school district pursuant to Section 1D-1
6 of this Code attributable to the funding programs
7 authorized by Section 14-7.02 (non-public special
8 education reimbursement), subsection (b) of Section
9 14-13.01 (special education transportation), Section 29-5
10 (transportation), Section 2-3.80 (agricultural
11 education), Section 2-3.66 (truants' alternative
12 education), Section 2-3.62 (educational service centers),
13 and Section 14-7.03 (special education - orphanage) of
14 this Code and Section 15 of the Childhood Hunger Relief
15 Act (free breakfast program) and (II) the school
16 district's actual expenditures for its non-public special
17 education, special education transportation,
18 transportation programs, agricultural education, truants'
19 alternative education, services that would otherwise be
20 performed by a regional office of education, special
21 education orphanage expenditures, and free breakfast, as
22 most recently calculated and reported pursuant to
23 subsection (f) of Section 1D-1 of this Code. The Base
24 Funding Minimum for Glenwood Academy shall be \$952,014.
25 For programs operated by a regional office of education or
26 an intermediate service center, the Base Funding Minimum

1 must be the total amount of State funds allocated to those
2 programs in the 2018-2019 school year and amounts provided
3 pursuant to Article 34 of Public Act 100-586 and Section
4 3-16 of this Code. All programs established after June 5,
5 2019 (the effective date of Public Act 101-10) and
6 administered by a regional office of education or an
7 intermediate service center must have an initial Base
8 Funding Minimum set to an amount equal to the first-year
9 ASE multiplied by the amount of per pupil funding received
10 in the previous school year by the lowest funded similar
11 existing program type. If the enrollment for a program
12 operated by a regional office of education or an
13 intermediate service center is zero, then it may not
14 receive Base Funding Minimum funds for that program in the
15 next fiscal year, and those funds must be distributed to
16 Organizational Units under subsection (g).

17 (2) For the 2018-2019 and subsequent school years, the
18 Base Funding Minimum of Organizational Units and Specially
19 Funded Units shall be the sum of (i) the amount of
20 Evidence-Based Funding for the prior school year, (ii) the
21 Base Funding Minimum for the prior school year, and (iii)
22 any amount received by a school district pursuant to
23 Section 7 of Article 97 of Public Act 100-21.

24 For the 2022-2023 school year, the Base Funding
25 Minimum of Organizational Units shall be the amounts
26 recalculated by the State Board of Education for Fiscal

1 Year 2019 through Fiscal Year 2022 that were necessary due
2 to average student enrollment errors for districts
3 organized under Article 34 of this Code, plus the Fiscal
4 Year 2022 property tax relief grants provided under
5 Section 2-3.170 of this Code, ensuring each Organizational
6 Unit has the correct amount of resources for Fiscal Year
7 2023 Evidence-Based Funding calculations and that Fiscal
8 Year 2023 Evidence-Based Funding Distributions are made in
9 accordance with this Section.

10 (3) Subject to approval by the General Assembly as
11 provided in this paragraph (3), an Organizational Unit
12 that meets all of the following criteria, as determined by
13 the State Board, shall have District Intervention Money
14 added to its Base Funding Minimum at the time the Base
15 Funding Minimum is calculated by the State Board:

16 (A) The Organizational Unit is operating under an
17 Independent Authority under Section 2-3.25f-5 of this
18 Code for a minimum of 4 school years or is subject to
19 the control of the State Board pursuant to a court
20 order for a minimum of 4 school years.

21 (B) The Organizational Unit was designated as a
22 Tier 1 or Tier 2 Organizational Unit in the previous
23 school year under paragraph (3) of subsection (g) of
24 this Section.

25 (C) The Organizational Unit demonstrates
26 sustainability through a 5-year financial and

1 strategic plan.

2 (D) The Organizational Unit has made sufficient
3 progress and achieved sufficient stability in the
4 areas of governance, academic growth, and finances.

5 As part of its determination under this paragraph (3),
6 the State Board may consider the Organizational Unit's
7 summative designation, any accreditations of the
8 Organizational Unit, or the Organizational Unit's
9 financial profile, as calculated by the State Board.

10 If the State Board determines that an Organizational
11 Unit has met the criteria set forth in this paragraph (3),
12 it must submit a report to the General Assembly, no later
13 than January 2 of the fiscal year in which the State Board
14 makes its determination, on the amount of District
15 Intervention Money to add to the Organizational Unit's
16 Base Funding Minimum. The General Assembly must review the
17 State Board's report and may approve or disapprove, by
18 joint resolution, the addition of District Intervention
19 Money. If the General Assembly fails to act on the report
20 within 40 calendar days from the receipt of the report,
21 the addition of District Intervention Money is deemed
22 approved. If the General Assembly approves the amount of
23 District Intervention Money to be added to the
24 Organizational Unit's Base Funding Minimum, the District
25 Intervention Money must be added to the Base Funding
26 Minimum annually thereafter.

1 For the first 4 years following the initial year that
2 the State Board determines that an Organizational Unit has
3 met the criteria set forth in this paragraph (3) and has
4 received funding under this Section, the Organizational
5 Unit must annually submit to the State Board, on or before
6 November 30, a progress report regarding its financial and
7 strategic plan under subparagraph (C) of this paragraph
8 (3). The plan shall include the financial data from the
9 past 4 annual financial reports or financial audits that
10 must be presented to the State Board by November 15 of each
11 year and the approved budget financial data for the
12 current year. The plan shall be developed according to the
13 guidelines presented to the Organizational Unit by the
14 State Board. The plan shall further include financial
15 projections for the next 3 fiscal years and include a
16 discussion and financial summary of the Organizational
17 Unit's facility needs. If the Organizational Unit does not
18 demonstrate sufficient progress toward its 5-year plan or
19 if it has failed to file an annual financial report, an
20 annual budget, a financial plan, a deficit reduction plan,
21 or other financial information as required by law, the
22 State Board may establish a Financial Oversight Panel
23 under Article 1H of this Code. However, if the
24 Organizational Unit already has a Financial Oversight
25 Panel, the State Board may extend the duration of the
26 Panel.

1 (f) Percent of Adequacy and Final Resources calculation.

2 (1) The Evidence-Based Funding formula establishes a
3 Percent of Adequacy for each Organizational Unit in order
4 to place such units into tiers for the purposes of the
5 funding distribution system described in subsection (g) of
6 this Section. Initially, an Organizational Unit's
7 Preliminary Resources and Preliminary Percent of Adequacy
8 are calculated pursuant to paragraph (2) of this
9 subsection (f). Then, an Organizational Unit's Final
10 Resources and Final Percent of Adequacy are calculated to
11 account for the Organizational Unit's poverty
12 concentration levels pursuant to paragraphs (3) and (4) of
13 this subsection (f).

14 (2) An Organizational Unit's Preliminary Resources are
15 equal to the sum of its Local Capacity Target, CPPRT, and
16 Base Funding Minimum. An Organizational Unit's Preliminary
17 Percent of Adequacy is the lesser of (i) its Preliminary
18 Resources divided by its Adequacy Target or (ii) 100%.

19 (3) Except for Specially Funded Units, an
20 Organizational Unit's Final Resources are equal to the sum
21 of its Local Capacity, CPPRT, and Adjusted Base Funding
22 Minimum. The Base Funding Minimum of each Specially Funded
23 Unit shall serve as its Final Resources, except that the
24 Base Funding Minimum for State-approved charter schools
25 shall not include any portion of general State aid
26 allocated in the prior year based on the per capita

1 tuition charge times the charter school enrollment.

2 (4) An Organizational Unit's Final Percent of Adequacy
3 is its Final Resources divided by its Adequacy Target. An
4 Organizational Unit's Adjusted Base Funding Minimum is
5 equal to its Base Funding Minimum less its Supplemental
6 Grant Funding, with the resulting figure added to the
7 product of its Supplemental Grant Funding and Preliminary
8 Percent of Adequacy.

9 (g) Evidence-Based Funding formula distribution system.

10 (1) In each school year under the Evidence-Based
11 Funding formula, each Organizational Unit receives funding
12 equal to the sum of its Base Funding Minimum and the unit's
13 allocation of New State Funds determined pursuant to this
14 subsection (g). To allocate New State Funds, the
15 Evidence-Based Funding formula distribution system first
16 places all Organizational Units into one of 4 tiers in
17 accordance with paragraph (3) of this subsection (g),
18 based on the Organizational Unit's Final Percent of
19 Adequacy. New State Funds are allocated to each of the 4
20 tiers as follows: Tier 1 Aggregate Funding equals 50% of
21 all New State Funds, Tier 2 Aggregate Funding equals 49%
22 of all New State Funds, Tier 3 Aggregate Funding equals
23 0.9% of all New State Funds, and Tier 4 Aggregate Funding
24 equals 0.1% of all New State Funds. Each Organizational
25 Unit within Tier 1 or Tier 2 receives an allocation of New
26 State Funds equal to its tier Funding Gap, as defined in

1 the following sentence, multiplied by the tier's
2 Allocation Rate determined pursuant to paragraph (4) of
3 this subsection (g). For Tier 1, an Organizational Unit's
4 Funding Gap equals the tier's Target Ratio, as specified
5 in paragraph (5) of this subsection (g), multiplied by the
6 Organizational Unit's Adequacy Target, with the resulting
7 amount reduced by the Organizational Unit's Final
8 Resources. For Tier 2, an Organizational Unit's Funding
9 Gap equals the tier's Target Ratio, as described in
10 paragraph (5) of this subsection (g), multiplied by the
11 Organizational Unit's Adequacy Target, with the resulting
12 amount reduced by the Organizational Unit's Final
13 Resources and its Tier 1 funding allocation. To determine
14 the Organizational Unit's Funding Gap, the resulting
15 amount is then multiplied by a factor equal to one minus
16 the Organizational Unit's Local Capacity Target
17 percentage. Each Organizational Unit within Tier 3 or Tier
18 4 receives an allocation of New State Funds equal to the
19 product of its Adequacy Target and the tier's Allocation
20 Rate, as specified in paragraph (4) of this subsection
21 (g).

22 (2) To ensure equitable distribution of dollars for
23 all Tier 2 Organizational Units, no Tier 2 Organizational
24 Unit shall receive fewer dollars per ASE than any Tier 3
25 Organizational Unit. Each Tier 2 and Tier 3 Organizational
26 Unit shall have its funding allocation divided by its ASE.

Any Tier 2 Organizational Unit with a funding allocation per ASE below the greatest Tier 3 allocation per ASE shall get a funding allocation equal to the greatest Tier 3 funding allocation per ASE multiplied by the Organizational Unit's ASE. Each Tier 2 Organizational Unit's Tier 2 funding allocation shall be multiplied by the percentage calculated by dividing the original Tier 2 Aggregate Funding by the sum of all Tier 2 Organizational Units' Tier 2 funding allocation after adjusting districts' funding below Tier 3 levels.

(3) Organizational Units are placed into one of 4 tiers as follows:

(A) Tier 1 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy less than the Tier 1 Target Ratio. The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed, with the Tier 1 Allocation Rate determined pursuant to paragraph (4) of this subsection (g).

(B) Tier 2 consists of all Tier 1 Units and all other Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of less than 0.90.

(C) Tier 3 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of at least 0.90 and less than 1.0.

1 (D) Tier 4 consists of all Organizational Units
2 with a Percent of Adequacy of at least 1.0.

3 (4) The Allocation Rates for Tiers 1 through 4 are
4 determined as follows:

5 (A) The Tier 1 Allocation Rate is 30%.

6 (B) The Tier 2 Allocation Rate is the result of the
7 following equation: Tier 2 Aggregate Funding, divided
8 by the sum of the Funding Gaps for all Tier 2
9 Organizational Units, unless the result of such
10 equation is higher than 1.0. If the result of such
11 equation is higher than 1.0, then the Tier 2
12 Allocation Rate is 1.0.

13 (C) The Tier 3 Allocation Rate is the result of the
14 following equation: Tier 3 Aggregate Funding, divided
15 by the sum of the Adequacy Targets of all Tier 3
16 Organizational Units.

17 (D) The Tier 4 Allocation Rate is the result of the
18 following equation: Tier 4 Aggregate Funding, divided
19 by the sum of the Adequacy Targets of all Tier 4
20 Organizational Units.

21 (5) A tier's Target Ratio is determined as follows:

22 (A) The Tier 1 Target Ratio is the ratio level that
23 allows for Tier 1 Aggregate Funding to be distributed
24 with the Tier 1 Allocation Rate.

25 (B) The Tier 2 Target Ratio is 0.90.

26 (C) The Tier 3 Target Ratio is 1.0.

1 (6) If, at any point, the Tier 1 Target Ratio is
2 greater than 90%, then all Tier 1 funding shall be
3 allocated to Tier 2 and no Tier 1 Organizational Unit's
4 funding may be identified.

5 (7) In the event that all Tier 2 Organizational Units
6 receive funding at the Tier 2 Target Ratio level, any
7 remaining New State Funds shall be allocated to Tier 3 and
8 Tier 4 Organizational Units.

9 (8) If any Specially Funded Units, excluding Glenwood
10 Academy, recognized by the State Board do not qualify for
11 direct funding following the implementation of Public Act
12 100-465 from any of the funding sources included within
13 the definition of Base Funding Minimum, the unqualified
14 portion of the Base Funding Minimum shall be transferred
15 to one or more appropriate Organizational Units as
16 determined by the State Superintendent based on the prior
17 year ASE of the Organizational Units.

18 (8.5) If a school district withdraws from a special
19 education cooperative, the portion of the Base Funding
20 Minimum that is attributable to the school district may be
21 redistributed to the school district upon withdrawal. The
22 school district and the cooperative must include the
23 amount of the Base Funding Minimum that is to be
24 reapportioned in their withdrawal agreement and notify the
25 State Board of the change with a copy of the agreement upon
26 withdrawal.

1 (9) The Minimum Funding Level is intended to establish
2 a target for State funding that will keep pace with
3 inflation and continue to advance equity through the
4 Evidence-Based Funding formula. The target for State
5 funding of New Property Tax Relief Pool Funds is
6 \$50,000,000 for State fiscal year 2019 and subsequent
7 State fiscal years. The Minimum Funding Level is equal to
8 \$350,000,000. In addition to any New State Funds, no more
9 than \$50,000,000 New Property Tax Relief Pool Funds may be
10 counted toward the Minimum Funding Level. If the sum of
11 New State Funds and applicable New Property Tax Relief
12 Pool Funds are less than the Minimum Funding Level, than
13 funding for tiers shall be reduced in the following
14 manner:

15 (A) First, Tier 4 funding shall be reduced by an
16 amount equal to the difference between the Minimum
17 Funding Level and New State Funds until such time as
18 Tier 4 funding is exhausted.

19 (B) Next, Tier 3 funding shall be reduced by an
20 amount equal to the difference between the Minimum
21 Funding Level and New State Funds and the reduction in
22 Tier 4 funding until such time as Tier 3 funding is
23 exhausted.

24 (C) Next, Tier 2 funding shall be reduced by an
25 amount equal to the difference between the Minimum
26 Funding Level and New State Funds and the reduction in

1 Tier 4 and Tier 3.

2 (D) Finally, Tier 1 funding shall be reduced by an
3 amount equal to the difference between the Minimum
4 Funding level and New State Funds and the reduction in
5 Tier 2, 3, and 4 funding. In addition, the Allocation
6 Rate for Tier 1 shall be reduced to a percentage equal
7 to the Tier 1 Allocation Rate set by paragraph (4) of
8 this subsection (g), multiplied by the result of New
9 State Funds divided by the Minimum Funding Level.

10 (9.5) For State fiscal year 2019 and subsequent State
11 fiscal years, if New State Funds exceed \$300,000,000, then
12 any amount in excess of \$300,000,000 shall be dedicated
13 for purposes of Section 2-3.170 of this Code up to a
14 maximum of \$50,000,000.

15 (10) In the event of a decrease in the amount of the
16 appropriation for this Section in any fiscal year after
17 implementation of this Section, the Organizational Units
18 receiving Tier 1 and Tier 2 funding, as determined under
19 paragraph (3) of this subsection (g), shall be held
20 harmless by establishing a Base Funding Guarantee equal to
21 the per pupil kindergarten through grade 12 funding
22 received in accordance with this Section in the prior
23 fiscal year. Reductions shall be made to the Base Funding
24 Minimum of Organizational Units in Tier 3 and Tier 4 on a
25 per pupil basis equivalent to the total number of the ASE
26 in Tier 3-funded and Tier 4-funded Organizational Units

1 divided by the total reduction in State funding. The Base
2 Funding Minimum as reduced shall continue to be applied to
3 Tier 3 and Tier 4 Organizational Units and adjusted by the
4 relative formula when increases in appropriations for this
5 Section resume. In no event may State funding reductions
6 to Organizational Units in Tier 3 or Tier 4 exceed an
7 amount that would be less than the Base Funding Minimum
8 established in the first year of implementation of this
9 Section. If additional reductions are required, all school
10 districts shall receive a reduction by a per pupil amount
11 equal to the aggregate additional appropriation reduction
12 divided by the total ASE of all Organizational Units.

13 (11) The State Superintendent shall make minor
14 adjustments to the distribution formula set forth in this
15 subsection (g) to account for the rounding of percentages
16 to the nearest tenth of a percentage and dollar amounts to
17 the nearest whole dollar.

18 (h) State Superintendent administration of funding and
19 district submission requirements.

20 (1) The State Superintendent shall, in accordance with
21 appropriations made by the General Assembly, meet the
22 funding obligations created under this Section.

23 (2) The State Superintendent shall calculate the
24 Adequacy Target for each Organizational Unit under this
25 Section. No Evidence-Based Funding shall be distributed
26 within an Organizational Unit without the approval of the

1 unit's school board.

2 (3) Annually, the State Superintendent shall calculate
3 and report to each Organizational Unit the unit's
4 aggregate financial adequacy amount, which shall be the
5 sum of the Adequacy Target for each Organizational Unit.
6 The State Superintendent shall calculate and report
7 separately for each Organizational Unit the unit's total
8 State funds allocated for its students with disabilities.
9 The State Superintendent shall calculate and report
10 separately for each Organizational Unit the amount of
11 funding and applicable FTE calculated for each Essential
12 Element of the unit's Adequacy Target.

13 (4) Annually, the State Superintendent shall calculate
14 and report to each Organizational Unit the amount the unit
15 must expend on special education and bilingual education
16 and computer technology and equipment for Organizational
17 Units assigned to Tier 1 or Tier 2 that received an
18 additional \$285.50 per student computer technology and
19 equipment investment grant to their Adequacy Target
20 pursuant to the unit's Base Funding Minimum, Special
21 Education Allocation, Bilingual Education Allocation, and
22 computer technology and equipment investment allocation.

23 (5) Moneys distributed under this Section shall be
24 calculated on a school year basis, but paid on a fiscal
25 year basis, with payments beginning in August and
26 extending through June. Unless otherwise provided, the

1 moneys appropriated for each fiscal year shall be
2 distributed in 22 equal payments at least 2 times monthly
3 to each Organizational Unit. If moneys appropriated for
4 any fiscal year are distributed other than monthly, the
5 distribution shall be on the same basis for each
6 Organizational Unit.

7 (6) Any school district that fails, for any given
8 school year, to maintain school as required by law or to
9 maintain a recognized school is not eligible to receive
10 Evidence-Based Funding. In case of non-recognition of one
11 or more attendance centers in a school district otherwise
12 operating recognized schools, the claim of the district
13 shall be reduced in the proportion that the enrollment in
14 the attendance center or centers bears to the enrollment
15 of the school district. "Recognized school" means any
16 public school that meets the standards for recognition by
17 the State Board. A school district or attendance center
18 not having recognition status at the end of a school term
19 is entitled to receive State aid payments due upon a legal
20 claim that was filed while it was recognized.

21 (7) School district claims filed under this Section
22 are subject to Sections 18-9 and 18-12 of this Code,
23 except as otherwise provided in this Section.

24 (8) Each fiscal year, the State Superintendent shall
25 calculate for each Organizational Unit an amount of its
26 Base Funding Minimum and Evidence-Based Funding that shall

1 be deemed attributable to the provision of special
2 educational facilities and services, as defined in Section
3 14-1.08 of this Code, in a manner that ensures compliance
4 with maintenance of State financial support requirements
5 under the federal Individuals with Disabilities Education
6 Act. An Organizational Unit must use such funds only for
7 the provision of special educational facilities and
8 services, as defined in Section 14-1.08 of this Code, and
9 must comply with any expenditure verification procedures
10 adopted by the State Board.

11 (9) All Organizational Units in this State must submit
12 annual spending plans, as part of the budget submission
13 process, no later than October 31 of each year to the State
14 Board. The spending plan shall describe how each
15 Organizational Unit will utilize the Base Funding Minimum
16 and Evidence-Based Funding it receives from this State
17 under this Section with specific identification of the
18 intended utilization of Low-Income, English learner, and
19 special education resources. Additionally, the annual
20 spending plans of each Organizational Unit shall describe
21 how the Organizational Unit expects to achieve student
22 growth and how the Organizational Unit will achieve State
23 education goals, as defined by the State Board, and shall
24 indicate which stakeholder groups the Organizational Unit
25 engaged with to inform its annual spending plans. The
26 State Superintendent may, from time to time, identify

1 additional requisites for Organizational Units to satisfy
2 when compiling the annual spending plans required under
3 this subsection (h). The format and scope of annual
4 spending plans shall be developed by the State
5 Superintendent and the State Board of Education. School
6 districts that serve students under Article 14C of this
7 Code shall continue to submit information as required
8 under Section 14C-12 of this Code. Annual spending plans
9 required under this subsection (h) shall be integrated
10 into annual school district budgets completed pursuant to
11 Section 17-1 or Section 34-43. Organizational Units that
12 do not submit a budget to the State Board shall be provided
13 with a separate planning template developed by the State
14 Board. The State Board shall create an Evidence-Based
15 Funding spending plan tool to make Evidence-Based Funding
16 spending plan data for each Organizational Unit available
17 on the State Board's website no later than December 31,
18 2025, with annual updates thereafter. The tool shall allow
19 for the selection and review of each Organizational Unit's
20 planned use of Evidence-Based Funding.

21 (10) No later than January 1, 2018, the State
22 Superintendent shall develop a 5-year strategic plan for
23 all Organizational Units to help in planning for adequacy
24 funding under this Section. The State Superintendent shall
25 submit the plan to the Governor and the General Assembly,
26 as provided in Section 3.1 of the General Assembly

1 Organization Act. The plan shall include recommendations
2 for:

3 (A) a framework for collaborative, professional,
4 innovative, and 21st century learning environments
5 using the Evidence-Based Funding model;

6 (B) ways to prepare and support this State's
7 educators for successful instructional careers;

8 (C) application and enhancement of the current
9 financial accountability measures, the approved State
10 plan to comply with the federal Every Student Succeeds
11 Act, and the Illinois Balanced Accountability Measures
12 in relation to student growth and elements of the
13 Evidence-Based Funding model; and

14 (D) implementation of an effective school adequacy
15 funding system based on projected and recommended
16 funding levels from the General Assembly.

17 (11) On an annual basis, the State Superintendent must
18 recalibrate all of the following per pupil elements of the
19 Adequacy Target and applied to the formulas, based on the
20 study of average expenses and as reported in the most
21 recent annual financial report:

22 (A) Gifted under subparagraph (M) of paragraph (2)
23 of subsection (b).

24 (B) Instructional materials under subparagraph (O)
25 of paragraph (2) of subsection (b).

26 (C) Assessment under subparagraph (P) of paragraph

1 (2) of subsection (b).

2 (D) Student activities under subparagraph (R) of
3 paragraph (2) of subsection (b).

4 (E) Maintenance and operations under subparagraph
5 (S) of paragraph (2) of subsection (b).

6 (F) Central office under subparagraph (T) of
7 paragraph (2) of subsection (b).

8 (i) Professional Review Panel.

9 (1) A Professional Review Panel is created to study
10 and review topics related to the implementation and effect
11 of Evidence-Based Funding, as assigned by a joint
12 resolution or Public Act of the General Assembly or a
13 motion passed by the State Board of Education. The Panel
14 must provide recommendations to and serve the Governor,
15 the General Assembly, and the State Board. The State
16 Superintendent or his or her designee must serve as a
17 voting member and chairperson of the Panel. The State
18 Superintendent must appoint a vice chairperson from the
19 membership of the Panel. The Panel must advance
20 recommendations based on a three-fifths majority vote of
21 Panel members present and voting. A minority opinion may
22 also accompany any recommendation of the Panel. The Panel
23 shall be appointed by the State Superintendent, except as
24 otherwise provided in paragraph (2) of this subsection (i)
25 and include the following members:

26 (A) Two appointees that represent district

1 superintendents, recommended by a statewide
2 organization that represents district superintendents.

3 (B) Two appointees that represent school boards,
4 recommended by a statewide organization that
5 represents school boards.

6 (C) Two appointees from districts that represent
7 school business officials, recommended by a statewide
8 organization that represents school business
9 officials.

10 (D) Two appointees that represent school
11 principals, recommended by a statewide organization
12 that represents school principals.

13 (E) Two appointees that represent teachers,
14 recommended by a statewide organization that
15 represents teachers.

16 (F) Two appointees that represent teachers,
17 recommended by another statewide organization that
18 represents teachers.

19 (G) Two appointees that represent regional
20 superintendents of schools, recommended by
21 organizations that represent regional superintendents.

22 (H) Two independent experts selected solely by the
23 State Superintendent.

24 (I) Two independent experts recommended by public
25 universities in this State.

26 (J) One member recommended by a statewide

1 organization that represents parents.

2 (K) Two representatives recommended by collective
3 impact organizations that represent major metropolitan
4 areas or geographic areas in Illinois.

5 (L) One member from a statewide organization
6 focused on research-based education policy to support
7 a school system that prepares all students for
8 college, a career, and democratic citizenship.

9 (M) One representative from a school district
10 organized under Article 34 of this Code.

11 The State Superintendent shall ensure that the
12 membership of the Panel includes representatives from
13 school districts and communities reflecting the
14 geographic, socio-economic, racial, and ethnic diversity
15 of this State. The State Superintendent shall additionally
16 ensure that the membership of the Panel includes
17 representatives with expertise in bilingual education and
18 special education. Staff from the State Board shall staff
19 the Panel.

20 (2) In addition to those Panel members appointed by
21 the State Superintendent, 4 members of the General
22 Assembly shall be appointed as follows: one member of the
23 House of Representatives appointed by the Speaker of the
24 House of Representatives, one member of the Senate
25 appointed by the President of the Senate, one member of
26 the House of Representatives appointed by the Minority

1 Leader of the House of Representatives, and one member of
2 the Senate appointed by the Minority Leader of the Senate.
3 There shall be one additional member appointed by the
4 Governor. All members appointed by legislative leaders or
5 the Governor shall be non-voting, ex officio members.

6 (3) The Panel must study topics at the direction of
7 the General Assembly or State Board of Education, as
8 provided under paragraph (1). The Panel may also study the
9 following topics at the direction of the chairperson:

10 (A) The format and scope of annual spending plans
11 referenced in paragraph (9) of subsection (h) of this
12 Section.

13 (B) The Comparable Wage Index under this Section.

14 (C) Maintenance and operations, including capital
15 maintenance and construction costs.

16 (D) "At-risk student" definition.

17 (E) Benefits.

18 (F) Technology.

19 (G) Local Capacity Target.

20 (H) Funding for Alternative Schools, Laboratory
21 Schools, safe schools, and alternative learning
22 opportunities programs.

23 (I) Funding for college and career acceleration
24 strategies.

25 (J) Special education investments.

26 (K) Early childhood investments, in collaboration

1 with the Illinois Early Learning Council.

2 (4) (Blank).

3 (5) Within 5 years after the implementation of this
4 Section, and every 5 years thereafter, the Panel shall
5 complete an evaluative study of the entire Evidence-Based
6 Funding model, including an assessment of whether or not
7 the formula is achieving State goals. The Panel shall
8 report to the State Board, the General Assembly, and the
9 Governor on the findings of the study.

10 (6) (Blank).

11 (7) To ensure that (i) the Adequacy Target calculation
12 under subsection (b) accurately reflects the needs of
13 students living in poverty or attending schools located in
14 areas of high poverty, (ii) racial equity within the
15 Evidence-Based Funding formula is explicitly explored and
16 advanced, and (iii) the funding goals of the formula
17 distribution system established under this Section are
18 sufficient to provide adequate funding for every student
19 and to fully fund every school in this State, the Panel
20 shall review the Essential Elements under paragraph (2) of
21 subsection (b). The Panel shall consider all of the
22 following in its review:

23 (A) The financial ability of school districts to
24 provide instruction in a foreign language to every
25 student and whether an additional Essential Element
26 should be added to the formula to ensure that every

1 student has access to instruction in a foreign
2 language.

3 (B) The adult-to-student ratio for each Essential
4 Element in which a ratio is identified. The Panel
5 shall consider whether the ratio accurately reflects
6 the staffing needed to support students living in
7 poverty or who have traumatic backgrounds.

8 (C) Changes to the Essential Elements that may be
9 required to better promote racial equity and eliminate
10 structural racism within schools.

11 (D) The impact of investing \$350,000,000 in
12 additional funds each year under this Section and an
13 estimate of when the school system will become fully
14 funded under this level of appropriation.

15 (E) Provide an overview of alternative funding
16 structures that would enable the State to become fully
17 funded at an earlier date.

18 (F) The potential to increase efficiency and to
19 find cost savings within the school system to expedite
20 the journey to a fully funded system.

21 (G) The appropriate levels for reenrolling and
22 graduating high-risk high school students who have
23 been previously out of school. These outcomes shall
24 include enrollment, attendance, skill gains, credit
25 gains, graduation or promotion to the next grade
26 level, and the transition to college, training, or

1 employment, with an emphasis on progressively
2 increasing the overall attendance.

3 (H) The evidence-based or research-based practices
4 that are shown to reduce the gaps and disparities
5 experienced by African American students in academic
6 achievement and educational performance, including
7 practices that have been shown to reduce disparities
8 in disciplinary rates, drop-out rates, graduation
9 rates, college matriculation rates, and college
10 completion rates.

11 On or before December 31, 2021, the Panel shall report
12 to the State Board, the General Assembly, and the Governor
13 on the findings of its review. This paragraph (7) is
14 inoperative on and after July 1, 2022.

15 (8) On or before April 1, 2024, the Panel must submit a
16 report to the General Assembly on annual adjustments to
17 Glenwood Academy's base-funding minimum in a similar
18 fashion to school districts under this Section.

19 (j) References. Beginning July 1, 2017, references in
20 other laws to general State aid funds or calculations under
21 Section 18-8.05 of this Code (now repealed) shall be deemed to
22 be references to evidence-based model formula funds or

5 Sec. 19-1. Debt limitations of school districts.

6 (a) School districts shall not be subject to the
7 provisions limiting their indebtedness prescribed in the Local
8 Government Debt Limitation Act.

9 No school districts maintaining grades K through 8 or 9
10 through 12 shall become indebted in any manner or for any
11 purpose to an amount, including existing indebtedness, in the
12 aggregate exceeding 6.9% on the value of the taxable property
13 therein to be ascertained by the last assessment for State and
14 county taxes or, until January 1, 1983, if greater, the sum
15 that is produced by multiplying the school district's 1978
16 equalized assessed valuation by the debt limitation percentage
17 in effect on January 1, 1979, previous to the incurring of such
18 indebtedness.

19 No school districts maintaining grades K through 12 shall
20 become indebted in any manner or for any purpose to an amount,
21 including existing indebtedness, in the aggregate exceeding
22 13.8% on the value of the taxable property therein to be
23 ascertained by the last assessment for State and county taxes
24 or, until January 1, 1983, if greater, the sum that is produced
25 by multiplying the school district's 1978 equalized assessed

1 valuation by the debt limitation percentage in effect on
2 January 1, 1979, previous to the incurring of such
3 indebtedness.

4 No partial elementary unit district, as defined in Article
5 11E of this Code, shall become indebted in any manner or for
6 any purpose in an amount, including existing indebtedness, in
7 the aggregate exceeding 6.9% of the value of the taxable
8 property of the entire district, to be ascertained by the last
9 assessment for State and county taxes, plus an amount,
10 including existing indebtedness, in the aggregate exceeding
11 6.9% of the value of the taxable property of that portion of
12 the district included in the elementary and high school
13 classification, to be ascertained by the last assessment for
14 State and county taxes. Moreover, no partial elementary unit
15 district, as defined in Article 11E of this Code, shall become
16 indebted on account of bonds issued by the district for high
17 school purposes in the aggregate exceeding 6.9% of the value
18 of the taxable property of the entire district, to be
19 ascertained by the last assessment for State and county taxes,
20 nor shall the district become indebted on account of bonds
21 issued by the district for elementary purposes in the
22 aggregate exceeding 6.9% of the value of the taxable property
23 for that portion of the district included in the elementary
24 and high school classification, to be ascertained by the last
25 assessment for State and county taxes.

26 Notwithstanding the provisions of any other law to the

1 contrary, in any case in which the voters of a school district
2 have approved a proposition for the issuance of bonds of such
3 school district at an election held prior to January 1, 1979,
4 and all of the bonds approved at such election have not been
5 issued, the debt limitation applicable to such school district
6 during the calendar year 1979 shall be computed by multiplying
7 the value of taxable property therein, including personal
8 property, as ascertained by the last assessment for State and
9 county taxes, previous to the incurring of such indebtedness,
10 by the percentage limitation applicable to such school
11 district under the provisions of this subsection (a).

12 (a-5) After January 1, 2018, no school district may issue
13 bonds under Sections 19-2 through 19-7 of this Code and rely on
14 an exception to the debt limitations in this Section unless it
15 has complied with the requirements of Section 21 of the Bond
16 Issue Notification Act and the bonds have been approved by
17 referendum.

18 (b) Notwithstanding the debt limitation prescribed in
19 subsection (a) of this Section, additional indebtedness may be
20 incurred in an amount not to exceed the estimated cost of
21 acquiring or improving school sites or constructing and
22 equipping additional building facilities under the following
23 conditions:

24 (1) Whenever the enrollment of students for the next
25 school year is estimated by the board of education to
26 increase over the actual present enrollment by not less

1 than 35% or by not less than 200 students or the actual
2 present enrollment of students has increased over the
3 previous school year by not less than 35% or by not less
4 than 200 students and the board of education determines
5 that additional school sites or building facilities are
6 required as a result of such increase in enrollment; and

7 (2) When the Regional Superintendent of Schools having
8 jurisdiction over the school district and the State
9 Superintendent of Education concur in such enrollment
10 projection or increase and approve the need for such
11 additional school sites or building facilities and the
12 estimated cost thereof; and

13 (3) When the voters in the school district approve a
14 proposition for the issuance of bonds for the purpose of
15 acquiring or improving such needed school sites or
16 constructing and equipping such needed additional building
17 facilities at an election called and held for that
18 purpose. Notice of such an election shall state that the
19 amount of indebtedness proposed to be incurred would
20 exceed the debt limitation otherwise applicable to the
21 school district. The ballot for such proposition shall
22 state what percentage of the equalized assessed valuation
23 will be outstanding in bonds if the proposed issuance of
24 bonds is approved by the voters; or

25 (4) Notwithstanding the provisions of paragraphs (1)
26 through (3) of this subsection (b), if the school board

1 determines that additional facilities are needed to
2 provide a quality educational program and not less than
3 2/3 of those voting in an election called by the school
4 board on the question approve the issuance of bonds for
5 the construction of such facilities, the school district
6 may issue bonds for this purpose; or

7 (5) Notwithstanding the provisions of paragraphs (1)
8 through (3) of this subsection (b), if (i) the school
9 district has previously availed itself of the provisions
10 of paragraph (4) of this subsection (b) to enable it to
11 issue bonds, (ii) the voters of the school district have
12 not defeated a proposition for the issuance of bonds since
13 the referendum described in paragraph (4) of this
14 subsection (b) was held, (iii) the school board determines
15 that additional facilities are needed to provide a quality
16 educational program, and (iv) a majority of those voting
17 in an election called by the school board on the question
18 approve the issuance of bonds for the construction of such
19 facilities, the school district may issue bonds for this
20 purpose.

21 In no event shall the indebtedness incurred pursuant to
22 this subsection (b) and the existing indebtedness of the
23 school district exceed 15% of the value of the taxable
24 property therein to be ascertained by the last assessment for
25 State and county taxes, previous to the incurring of such
26 indebtedness or, until January 1, 1983, if greater, the sum

1 that is produced by multiplying the school district's 1978
2 equalized assessed valuation by the debt limitation percentage
3 in effect on January 1, 1979.

4 The indebtedness provided for by this subsection (b) shall
5 be in addition to and in excess of any other debt limitation.

6 (c) Notwithstanding the debt limitation prescribed in
7 subsection (a) of this Section, in any case in which a public
8 question for the issuance of bonds of a proposed school
9 district maintaining grades kindergarten through 12 received
10 at least 60% of the valid ballots cast on the question at an
11 election held on or prior to November 8, 1994, and in which the
12 bonds approved at such election have not been issued, the
13 school district pursuant to the requirements of Section 11A-10
14 (now repealed) may issue the total amount of bonds approved at
15 such election for the purpose stated in the question.

16 (d) Notwithstanding the debt limitation prescribed in
17 subsection (a) of this Section, a school district that meets
18 all the criteria set forth in paragraphs (1) and (2) of this
19 subsection (d) may incur an additional indebtedness in an
20 amount not to exceed \$4,500,000, even though the amount of the
21 additional indebtedness authorized by this subsection (d),
22 when incurred and added to the aggregate amount of
23 indebtedness of the district existing immediately prior to the
24 district incurring the additional indebtedness authorized by
25 this subsection (d), causes the aggregate indebtedness of the
26 district to exceed the debt limitation otherwise applicable to

1 that district under subsection (a):

2 (1) The additional indebtedness authorized by this
3 subsection (d) is incurred by the school district through
4 the issuance of bonds under and in accordance with Section
5 17-2.11a for the purpose of replacing a school building
6 which, because of mine subsidence damage, has been closed
7 as provided in paragraph (2) of this subsection (d) or
8 through the issuance of bonds under and in accordance with
9 Section 19-3 for the purpose of increasing the size of, or
10 providing for additional functions in, such replacement
11 school buildings, or both such purposes.

12 (2) The bonds issued by the school district as
13 provided in paragraph (1) above are issued for the
14 purposes of construction by the school district of a new
15 school building pursuant to Section 17-2.11, to replace an
16 existing school building that, because of mine subsidence
17 damage, is closed as of the end of the 1992-93 school year
18 pursuant to action of the regional superintendent of
19 schools of the educational service region in which the
20 district is located under Section 3-14.22 or are issued
21 for the purpose of increasing the size of, or providing
22 for additional functions in, the new school building being
23 constructed to replace a school building closed as the
24 result of mine subsidence damage, or both such purposes.

25 (e) (Blank).

26 (f) Notwithstanding the provisions of subsection (a) of

1 this Section or of any other law, bonds in not to exceed the
2 aggregate amount of \$5,500,000 and issued by a school district
3 meeting the following criteria shall not be considered
4 indebtedness for purposes of any statutory limitation and may
5 be issued in an amount or amounts, including existing
6 indebtedness, in excess of any heretofore or hereafter imposed
7 statutory limitation as to indebtedness:

8 (1) At the time of the sale of such bonds, the board of
9 education of the district shall have determined by
10 resolution that the enrollment of students in the district
11 is projected to increase by not less than 7% during each of
12 the next succeeding 2 school years.

13 (2) The board of education shall also determine by
14 resolution that the improvements to be financed with the
15 proceeds of the bonds are needed because of the projected
16 enrollment increases.

17 (3) The board of education shall also determine by
18 resolution that the projected increases in enrollment are
19 the result of improvements made or expected to be made to
20 passenger rail facilities located in the school district.

21 Notwithstanding the provisions of subsection (a) of this
22 Section or of any other law, a school district that has availed
23 itself of the provisions of this subsection (f) prior to July
24 22, 2004 (the effective date of Public Act 93-799) may also
25 issue bonds approved by referendum up to an amount, including
26 existing indebtedness, not exceeding 25% of the equalized

1 assessed value of the taxable property in the district if all
2 of the conditions set forth in items (1), (2), and (3) of this
3 subsection (f) are met.

4 (g) Notwithstanding the provisions of subsection (a) of
5 this Section or any other law, bonds in not to exceed an
6 aggregate amount of 25% of the equalized assessed value of the
7 taxable property of a school district and issued by a school
8 district meeting the criteria in paragraphs (i) through (iv)
9 of this subsection shall not be considered indebtedness for
10 purposes of any statutory limitation and may be issued
11 pursuant to resolution of the school board in an amount or
12 amounts, including existing indebtedness, in excess of any
13 statutory limitation of indebtedness heretofore or hereafter
14 imposed:

15 (i) The bonds are issued for the purpose of
16 constructing a new high school building to replace two
17 adjacent existing buildings which together house a single
18 high school, each of which is more than 65 years old, and
19 which together are located on more than 10 acres and less
20 than 11 acres of property.

21 (ii) At the time the resolution authorizing the
22 issuance of the bonds is adopted, the cost of constructing
23 a new school building to replace the existing school
24 building is less than 60% of the cost of repairing the
25 existing school building.

26 (iii) The sale of the bonds occurs before July 1,

1 1997.

2 (iv) The school district issuing the bonds is a unit
3 school district located in a county of less than 70,000
4 and more than 50,000 inhabitants, which has an average
5 daily attendance of less than 1,500 and an equalized
6 assessed valuation of less than \$29,000,000.

7 (h) Notwithstanding any other provisions of this Section
8 or the provisions of any other law, until January 1, 1998, a
9 community unit school district maintaining grades K through 12
10 may issue bonds up to an amount, including existing
11 indebtedness, not exceeding 27.6% of the equalized assessed
12 value of the taxable property in the district, if all of the
13 following conditions are met:

14 (i) The school district has an equalized assessed
15 valuation for calendar year 1995 of less than \$24,000,000;

16 (ii) The bonds are issued for the capital improvement,
17 renovation, rehabilitation, or replacement of existing
18 school buildings of the district, all of which buildings
19 were originally constructed not less than 40 years ago;

20 (iii) The voters of the district approve a proposition
21 for the issuance of the bonds at a referendum held after
22 March 19, 1996; and

23 (iv) The bonds are issued pursuant to Sections 19-2
24 through 19-7 of this Code.

25 (i) Notwithstanding any other provisions of this Section
26 or the provisions of any other law, until January 1, 1998, a

1 community unit school district maintaining grades K through 12
2 may issue bonds up to an amount, including existing
3 indebtedness, not exceeding 27% of the equalized assessed
4 value of the taxable property in the district, if all of the
5 following conditions are met:

6 (i) The school district has an equalized assessed
7 valuation for calendar year 1995 of less than \$44,600,000;

8 (ii) The bonds are issued for the capital improvement,
9 renovation, rehabilitation, or replacement of existing
10 school buildings of the district, all of which existing
11 buildings were originally constructed not less than 80
12 years ago;

13 (iii) The voters of the district approve a proposition
14 for the issuance of the bonds at a referendum held after
15 December 31, 1996; and

16 (iv) The bonds are issued pursuant to Sections 19-2
17 through 19-7 of this Code.

18 (j) Notwithstanding any other provisions of this Section
19 or the provisions of any other law, until January 1, 1999, a
20 community unit school district maintaining grades K through 12
21 may issue bonds up to an amount, including existing
22 indebtedness, not exceeding 27% of the equalized assessed
23 value of the taxable property in the district if all of the
24 following conditions are met:

25 (i) The school district has an equalized assessed
26 valuation for calendar year 1995 of less than \$140,000,000

1 and a best 3 months average daily attendance for the
2 1995-96 school year of at least 2,800;

3 (ii) The bonds are issued to purchase a site and build
4 and equip a new high school, and the school district's
5 existing high school was originally constructed not less
6 than 35 years prior to the sale of the bonds;

7 (iii) At the time of the sale of the bonds, the board
8 of education determines by resolution that a new high
9 school is needed because of projected enrollment
10 increases;

11 (iv) At least 60% of those voting in an election held
12 after December 31, 1996 approve a proposition for the
13 issuance of the bonds; and

14 (v) The bonds are issued pursuant to Sections 19-2
15 through 19-7 of this Code.

16 (k) Notwithstanding the debt limitation prescribed in
17 subsection (a) of this Section, a school district that meets
18 all the criteria set forth in paragraphs (1) through (4) of
19 this subsection (k) may issue bonds to incur an additional
20 indebtedness in an amount not to exceed \$4,000,000 even though
21 the amount of the additional indebtedness authorized by this
22 subsection (k), when incurred and added to the aggregate
23 amount of indebtedness of the school district existing
24 immediately prior to the school district incurring such
25 additional indebtedness, causes the aggregate indebtedness of
26 the school district to exceed or increases the amount by which

1 the aggregate indebtedness of the district already exceeds the
2 debt limitation otherwise applicable to that school district
3 under subsection (a):

4 (1) the school district is located in 2 counties, and
5 a referendum to authorize the additional indebtedness was
6 approved by a majority of the voters of the school
7 district voting on the proposition to authorize that
8 indebtedness;

9 (2) the additional indebtedness is for the purpose of
10 financing a multi-purpose room addition to the existing
11 high school;

12 (3) the additional indebtedness, together with the
13 existing indebtedness of the school district, shall not
14 exceed 17.4% of the value of the taxable property in the
15 school district, to be ascertained by the last assessment
16 for State and county taxes; and

17 (4) the bonds evidencing the additional indebtedness
18 are issued, if at all, within 120 days of August 14, 1998
19 (the effective date of Public Act 90-757).

20 (1) Notwithstanding any other provisions of this Section
21 or the provisions of any other law, until January 1, 2000, a
22 school district maintaining grades kindergarten through 8 may
23 issue bonds up to an amount, including existing indebtedness,
24 not exceeding 15% of the equalized assessed value of the
25 taxable property in the district if all of the following
26 conditions are met:

1 (i) the district has an equalized assessed valuation
2 for calendar year 1996 of less than \$10,000,000;

3 (ii) the bonds are issued for capital improvement,
4 renovation, rehabilitation, or replacement of one or more
5 school buildings of the district, which buildings were
6 originally constructed not less than 70 years ago;

7 (iii) the voters of the district approve a proposition
8 for the issuance of the bonds at a referendum held on or
9 after March 17, 1998; and

10 (iv) the bonds are issued pursuant to Sections 19-2
11 through 19-7 of this Code.

12 (m) Notwithstanding any other provisions of this Section
13 or the provisions of any other law, until January 1, 1999, an
14 elementary school district maintaining grades K through 8 may
15 issue bonds up to an amount, excluding existing indebtedness,
16 not exceeding 18% of the equalized assessed value of the
17 taxable property in the district, if all of the following
18 conditions are met:

1 multi-level elementary school building of the school
2 district that is not accessible at all levels and parts of
3 which were constructed more than 75 years ago;

4 (iv) The voters of the school district approve a
5 proposition for the issuance of the bonds at a referendum
6 held after July 1, 1998; and

7 (v) The bonds are issued pursuant to Sections 19-2
8 through 19-7 of this Code.

9 (n) Notwithstanding the debt limitation prescribed in
10 subsection (a) of this Section or any other provisions of this
11 Section or of any other law, a school district that meets all
12 of the criteria set forth in paragraphs (i) through (vi) of
13 this subsection (n) may incur additional indebtedness by the
14 issuance of bonds in an amount not exceeding the amount
15 certified by the Capital Development Board to the school
16 district as provided in paragraph (iii) of this subsection
17 (n), even though the amount of the additional indebtedness so
18 authorized, when incurred and added to the aggregate amount of
19 indebtedness of the district existing immediately prior to the
20 district incurring the additional indebtedness authorized by
21 this subsection (n), causes the aggregate indebtedness of the
22 district to exceed the debt limitation otherwise applicable by
23 law to that district:

24 (i) The school district applies to the State Board of
25 Education for a school construction project grant and
26 submits a district facilities plan in support of its

1 application pursuant to Section 5-20 of the School
2 Construction Law.

3 (ii) The school district's application and facilities
4 plan are approved by, and the district receives a grant
5 entitlement for a school construction project issued by,
6 the State Board of Education under the School Construction
7 Law.

8 (iii) The school district has exhausted its bonding
9 capacity or the unused bonding capacity of the district is
10 less than the amount certified by the Capital Development
11 Board to the district under Section 5-15 of the School
12 Construction Law as the dollar amount of the school
13 construction project's cost that the district will be
14 required to finance with non-grant funds in order to
15 receive a school construction project grant under the
16 School Construction Law.

17 (iv) The bonds are issued for a "school construction
18 project", as that term is defined in Section 5-5 of the
19 School Construction Law, in an amount that does not exceed
20 the dollar amount certified, as provided in paragraph
21 (iii) of this subsection (n), by the Capital Development
22 Board to the school district under Section 5-15 of the
23 School Construction Law.

24 (v) The voters of the district approve a proposition
25 for the issuance of the bonds at a referendum held after
26 the criteria specified in paragraphs (i) and (iii) of this

1 subsection (n) are met.

2 (vi) The bonds are issued pursuant to Sections 19-2
3 through 19-7 of the School Code.

4 (o) Notwithstanding any other provisions of this Section
5 or the provisions of any other law, until November 1, 2007, a
6 community unit school district maintaining grades K through 12
7 may issue bonds up to an amount, including existing
8 indebtedness, not exceeding 20% of the equalized assessed
9 value of the taxable property in the district if all of the
10 following conditions are met:

11 (i) the school district has an equalized assessed
12 valuation for calendar year 2001 of at least \$737,000,000
13 and an enrollment for the 2002-2003 school year of at
14 least 8,500;

15 (ii) the bonds are issued to purchase school sites,
16 build and equip a new high school, build and equip a new
17 junior high school, build and equip 5 new elementary
18 schools, and make technology and other improvements and
19 additions to existing schools;

20 (iii) at the time of the sale of the bonds, the board
21 of education determines by resolution that the sites and
22 new or improved facilities are needed because of projected
23 enrollment increases;

24 (iv) at least 57% of those voting in a general
25 election held prior to January 1, 2003 approved a
26 proposition for the issuance of the bonds; and

1 (v) the bonds are issued pursuant to Sections 19-2
2 through 19-7 of this Code.

3 (p) Notwithstanding any other provisions of this Section
4 or the provisions of any other law, a community unit school
5 district maintaining grades K through 12 may issue bonds up to
6 an amount, including indebtedness, not exceeding 27% of the
7 equalized assessed value of the taxable property in the
8 district if all of the following conditions are met:

9 (i) The school district has an equalized assessed
10 valuation for calendar year 2001 of at least \$295,741,187
11 and a best 3 months' average daily attendance for the

13 (ii) The bonds are issued to build and equip 3
14 elementary school buildings; build and equip one middle
15 school building; and alter, repair, improve, and equip all
16 existing school buildings in the district.

17 (iii) At the time of the sale of the bonds, the board
18 of education determines by resolution that the project is
19 needed because of expanding growth in the school district
20 and a projected enrollment increase.

21 (iv) The bonds are issued pursuant to Sections 19-2
22 through 19-7 of this Code.

23 (p-5) Notwithstanding any other provisions of this Section
24 or the provisions of any other law, bonds issued by a community
25 unit school district maintaining grades K through 12 shall not
26 be considered indebtedness for purposes of any statutory

1 limitation and may be issued in an amount or amounts,
2 including existing indebtedness, in excess of any heretofore
3 or hereafter imposed statutory limitation as to indebtedness,
4 if all of the following conditions are met:

5 (i) For each of the 4 most recent years, residential
6 property comprises more than 80% of the equalized assessed
7 valuation of the district.

8 (ii) At least 2 school buildings that were constructed
9 40 or more years prior to the issuance of the bonds will be
10 demolished and will be replaced by new buildings or
11 additions to one or more existing buildings.

12 (iii) Voters of the district approve a proposition for
13 the issuance of the bonds at a regularly scheduled
14 election.

15 (iv) At the time of the sale of the bonds, the school
16 board determines by resolution that the new buildings or
17 building additions are needed because of an increase in
18 enrollment projected by the school board.

19 (v) The principal amount of the bonds, including
20 existing indebtedness, does not exceed 25% of the
21 equalized assessed value of the taxable property in the
22 district.

23 (vi) The bonds are issued prior to January 1, 2007,
24 pursuant to Sections 19-2 through 19-7 of this Code.

25 (p-10) Notwithstanding any other provisions of this
26 Section or the provisions of any other law, bonds issued by a

1 community consolidated school district maintaining grades K
2 through 8 shall not be considered indebtedness for purposes of
3 any statutory limitation and may be issued in an amount or
4 amounts, including existing indebtedness, in excess of any
5 heretofore or hereafter imposed statutory limitation as to
6 indebtedness, if all of the following conditions are met:

7 (i) For each of the 4 most recent years, residential
8 and farm property comprises more than 80% of the equalized
9 assessed valuation of the district.

3 (a) This Section applies to all permanent and temporary
4 positions for employment with a school or a contractor of a
5 school involving direct contact with children or students.

6 (b) In this Section:

7 "Contractor" means firms holding contracts with any school
8 including, but not limited to, food service workers, school
9 bus drivers and other transportation employees, who have
10 direct contact with children or students.

13 children or students or routine interaction with children or
14 students.

15 "School" means a public or nonpublic elementary or

20 children or students, a school or contractor must ensure that
21 the following criteria are met:

22 (1) the school or contractor has no knowledge or
23 information pertaining to the applicant that would
24 disqualify the applicant from employment;

25 (2) the applicant swears or affirms that the applicant

1 is not disqualified from employment;

14 former employers under subparagraph (A) of this
15 paragraph (3) of the information requested under
16 paragraph (4) of this subsection (c) and the release
17 of related records and that releases those employers
18 from any liability that may arise from such disclosure
19 or release of records pursuant to subsection (e).

20 (C) A written statement of whether the applicant:

21 (i) has been the subject of a sexual
22 misconduct allegation, unless a subsequent
23 investigation resulted in a finding that the

1 to resign from, resigned from, or otherwise been
2 separated from any employment, has ever been

9 allegation was false, unfounded, or
10 unsubstantiated; or

11 (iii) has ever had a license or certificate
12 suspended, surrendered, or revoked or had an
13 application for licensure, approval, or
14 endorsement denied due to an adjudication or
15 finding of sexual misconduct or while an
16 allegation of sexual misconduct was pending or
17 under investigation, unless the investigation
18 resulted in a finding that the allegation was
19 false, unfounded, or unsubstantiated.

20 (4) The school or contractor shall initiate a review
21 of the employment history of the applicant by contacting
22 those employers listed by the applicant under subparagraph
23 (A) of paragraph (3) of this subsection (c) and, using the
24 template developed by the State Board of Education,
25 request all of the following information:

26 (A) the dates of employment of the applicant;

1 (B) a statement as to whether the applicant:

3 misconduct allegation, unless a subsequent
4 investigation resulted in a finding that the
5 allegation was false, unfounded, or
6 unsubstantiated;

7 (ii) was discharged from, was asked to resign
8 from, resigned from, or was otherwise separated
9 from any employment, was disciplined by the
10 employer, or had an employment contract not
11 renewed due to an adjudication or finding of
12 sexual misconduct or while an allegation of sexual
13 misconduct was pending or under investigation,
14 unless the investigation resulted in a finding
15 that the allegation was false, unfounded, or
16 unsubstantiated; or

17 (iii) has ever had a license or certificate
18 suspended, surrendered, or revoked due to an
19 adjudication or finding of sexual misconduct or
20 while an allegation of sexual misconduct was
21 pending or under investigation, unless the
22 investigation resulted in a finding that the
23 allegation was false, unfounded, or
24 unsubstantiated.

25 (C) The template shall include the following
26 option: if the employer does not have records or

1 evidence regarding the questions in items (i) through
2 (iii) of subparagraph (B) of paragraph (4) of
3 subsection (c), the employer may state that there is
4 no knowledge of information pertaining to the
5 applicant that would disqualify the applicant from
6 employment.

7 (5) For applicants licensed by the State Board of
8 Education, the school district, charter school, or
9 nonpublic school shall verify the applicant's reported
10 previous employers with previous employers in the State
11 Board of Education's educator licensure database to ensure
12 accuracy.

13 (d) An applicant who provides false information or
14 willfully fails to disclose information required in subsection
15 (c) shall be subject to discipline, up to and including
16 termination or denial of employment.

17 (e) No later than 20 days after receiving a request for
18 information required under paragraph (4) of subsection (c), an
19 employer who has or had an employment relationship with the
20 applicant shall disclose the information requested. If the
21 employer has an office of human resources or a central office,
22 information shall be provided by that office. The employer who
23 has or had an employment relationship with the applicant shall
24 disclose the information on the template developed by the
25 State Board of Education. For any affirmative response to
26 items (i) through (iii) of subparagraph (B) of paragraph (4)

1 or subsection (c), the employer who has or had an employment
2 relationship with the applicant shall provide additional
3 information about the matters disclosed and all related
4 records.

5 A school shall complete the template at time of separation
6 from employment, or at the request of the employee, and
7 maintain it as part of the employee's personnel file. If the
8 school completes an investigation after an employee's
9 separation from employment, the school shall update the
10 information accordingly.

11 Information received under this Section shall not be
12 deemed a public record.

13 A school or contractor who receives information under this
14 subsection (e) may use the information for the purpose of
15 evaluating an applicant's fitness to be hired or for continued
16 employment and may report the information, as appropriate, to
17 the State Board of Education, a State licensing agency, a law
18 enforcement agency, a child protective services agency,
19 another school or contractor, or a prospective employer.

20 An employer, school, school administrator, or contractor
21 who provides information or records about a current or former
22 employee or applicant under this Section is immune from
23 criminal and civil liability for the disclosure of the
24 information or records, unless the information or records
25 provided were knowingly false. This immunity shall be in
26 addition to and not a limitation on any other immunity

1 provided by law or any absolute or conditional privileges
2 applicable to the disclosure by virtue of the circumstances or
3 the applicant's consent to the disclosure and shall extend to
4 any circumstances when the employer, school, school
5 administrator, or contractor in good faith shares findings of
6 sexual misconduct with another employer.

7 Unless the laws of another state prevent the release of
8 the information or records requested or disclosure is
9 restricted by the terms of a contract entered into prior to
10 July 1, 2023 (the effective date of Public Act 102-702) ~~this~~
11 ~~amendatory Act of the 102nd General Assembly,~~ and
12 notwithstanding any other provisions of law to the contrary,
13 an employer, school, school administrator, contractor, or
14 applicant shall report and disclose, in accordance with this
15 Section, all relevant information, records, and documentation
16 that may otherwise be confidential.

17 (f) A school or contractor may not hire an applicant who
18 does not provide the information required under subsection (c)
19 for a position involving direct contact with children or
20 students.

21 (g) Beginning on July 1, 2023 (the effective date of
22 Public Act 102-702) ~~this amendatory Act of the 102nd General~~
23 ~~Assembly,~~ a school or contractor may not enter into a
24 collective bargaining agreement, an employment contract, an
25 agreement for resignation or termination, a severance
26 agreement, or any other contract or agreement or take any

1 action that:

2 (1) has the effect of suppressing information
3 concerning a pending investigation or a completed
4 investigation in which an allegation was substantiated
5 related to a report of suspected sexual misconduct by a
6 current or former employee;

7 (2) affects the ability of the school or contractor to
8 report suspected sexual misconduct to the appropriate
9 authorities; or

10 (3) requires the school or contractor to expunge
11 information about allegations or findings of suspected
12 sexual misconduct from any documents maintained by the
13 school or contractor, unless, after an investigation, an
14 allegation is found to be false, unfounded, or
15 unsubstantiated.

16 (h) Any provision of an employment contract or agreement
17 for resignation or termination or a severance agreement that
18 is executed, amended, or entered into on or after July 1, 2023
19 (the effective date of Public Act 102-702) ~~this amendatory Act~~
20 ~~of the 102nd General Assembly~~ and that is contrary to this
21 Section is void and unenforceable.

22 (i) For substitute employees, all of the following apply:

23 (1) The employment history review required by this
24 Section is required only prior to the initial hiring of a
25 substitute employee or placement on a school's approved
26 substitute list and shall remain valid as long as the

1 substitute employee continues to be employed by the same
2 school or remains on the school's approved substitute
3 list.

4 (2) A substitute employee seeking to be added to
5 another school's substitute list shall undergo an
6 additional employment history review under this Section.
7 Except as otherwise provided in paragraph (3) of this
8 subsection (i) or in subsection (k), the appearance of a
9 substitute employee on one school's substitute list does
10 not relieve another school from compliance with this
11 Section.

12 (3) An employment history review conducted upon
13 initial hiring of a substitute employee by a contractor or
14 any other entity that furnishes substitute staffing
15 services to schools shall satisfy the requirements of this
16 Section for all schools using the services of that
17 contractor or other entity.

18 (4) A contractor or any other entity furnishing
19 substitute staffing services to schools shall comply with
20 paragraphs (3) and (4) of subsection (j).

21 (j) For employees of contractors, all of the following
22 apply:

23 (1) The employment history review required by this
24 Section shall be performed, either at the time of the
25 initial hiring of an employee or prior to the assignment
26 of an existing employee to perform work for a school in a

1 position involving direct contact with children or
2 students. The review shall remain valid as long as the
3 employee remains employed by the same contractor, even if
4 assigned to perform work for other schools.

5 (2) A contractor shall maintain records documenting
6 employment history reviews for all employees as required
7 by this Section and, upon request, shall provide a school
8 for whom an employee is assigned to perform work access to
9 the records pertaining to that employee.

10 (3) Prior to assigning an employee to perform work for
11 a school in a position involving direct contact with
12 children or students, the contractor shall inform the
13 school of any instance known to the contractor in which
14 the employee:

15 (A) has been the subject of a sexual misconduct
16 allegation unless a subsequent investigation resulted
17 in a finding that the allegation was false, unfounded,
18 or unsubstantiated;

19 (B) has ever been discharged, been asked to resign
20 from, resigned from, or otherwise been separated from
21 any employment, been removed from a substitute list,
22 been disciplined by an employer, or had an employment
23 contract not renewed due to an adjudication or finding
24 of sexual misconduct or while an allegation of sexual
25 misconduct was pending or under investigation, unless
26 the investigation resulted in a finding that the

1 allegation was false, unfounded, or unsubstantiated;
2 or

3 (C) has ever had a license or certificate
4 suspended, surrendered, or revoked due to an
5 adjudication or finding of sexual misconduct or while
6 an allegation of sexual misconduct was pending or
7 under investigation, unless the investigation resulted
8 in a finding that the allegation was false, unfounded,
9 or unsubstantiated.

10 (4) The contractor may not assign an employee to
11 perform work for a school in a position involving direct
12 contact with children or students if the school objects to
13 the assignment after being informed of an instance listed
14 in paragraph (3).

15 (k) An applicant who has undergone an employment history
16 review under this Section and seeks to transfer to or provide
17 services to another school in the same school district,
18 diocese, or religious jurisdiction, or to another school
19 established and supervised by the same organization is not
20 required to obtain additional reports under this Section
21 before transferring.

22 (1) Nothing in this Section shall be construed:

23 (1) to prevent a prospective employer from conducting
24 further investigations of prospective employees or from
25 requiring applicants to provide additional background
26 information or authorizations beyond what is required

1 under this Section, nor to prevent a current or former
2 employer from disclosing more information than what is
3 required under this Section;

4 (2) to relieve a school, school employee, contractor
5 of the school, or agent of the school from any legal
6 responsibility to report sexual misconduct in accordance
7 with State and federal reporting requirements;

8 (3) to relieve a school, school employee, contractor
9 of the school, or agent of the school from any legal
10 responsibility to implement the provisions of Section 7926
11 of Chapter 20 of the United States Code; or

12 (4) to prohibit the right of the exclusive bargaining
13 representative under a collective bargaining agreement to
14 grieve and arbitrate the validity of an employee's
15 termination or discipline for just cause.

16 (m) The State Board of Education shall develop the
17 templates required under paragraphs (3) and (4) of subsection
18 (c).

10 unit members.

11 Notwithstanding anything to the contrary in item (2) of
12 this definition, a school district operating under Article 34
13 of this Code may require department chairs qualified under
14 Section 24A-3 to evaluate teachers in their department or
15 departments, provided that the school district shall bargain
16 with the bargaining representative of its teachers over the
17 impact and effects on department chairs of such a requirement.

5 (105 ILCS 5/24A-5) (from Ch. 122, par. 24A-5)

6 Sec. 24A-5. Content of evaluation plans. This Section does
7 not apply to teachers assigned to schools identified in an
8 agreement entered into between the board of a school district
9 operating under Article 34 of this Code and the exclusive
10 representative of the district's teachers in accordance with
11 Section 34-85c of this Code.

12 Each school district to which this Article applies shall
13 establish a teacher evaluation plan which ensures that each
14 teacher in contractual continued service is evaluated at least
15 once in the course of every 2 or 3 school years as provided in
16 this Section.

17 Each school district shall establish a teacher evaluation
18 plan that ensures that:

19 (1) each teacher not in contractual continued service
20 is evaluated at least once every school year; and

21 (2) except as otherwise provided in this Section, each
22 teacher in contractual continued service is evaluated at
23 least once in the course of every 2 school years. However,
24 any teacher in contractual continued service whose
25 performance is rated as either "needs improvement" or

1 "unsatisfactory" must be evaluated at least once in the
2 school year following the receipt of such rating.

3 No later than September 1, 2022, each school district must
4 establish a teacher evaluation plan that ensures that each
5 teacher in contractual continued service whose performance is
6 rated as either "excellent" or "proficient" is evaluated at
7 least once in the course of the 3 school years after receipt of
8 the rating and implement an informal teacher observation plan
9 established by agency rule and by agreement of the joint
10 committee established under subsection (b) of Section 24A-4 of
11 this Code that ensures that each teacher in contractual
12 continued service whose performance is rated as either
13 "excellent" or "proficient" is informally observed at least
14 once in the course of the 2 school years after receipt of the
15 rating.

16 For the 2022-2023 school year only, if the Governor has
17 declared a disaster due to a public health emergency pursuant
18 to Section 7 of the Illinois Emergency Management Agency Act,
19 a school district may waive the evaluation requirement of all
20 teachers in contractual continued service whose performances
21 were rated as either "excellent" or "proficient" during the
22 last school year in which the teachers were evaluated under
23 this Section.

24 Notwithstanding anything to the contrary in this Section
25 or any other Section of this Code, a principal shall not be
26 prohibited from evaluating any teachers within a school during

1 his or her first year as principal of such school. If a
2 first-year principal exercises this option in a school
3 district where the evaluation plan provides for a teacher in
4 contractual continued service to be evaluated once in the
5 course of every 2 or 3 school years, as applicable, then a new
6 2-year or 3-year evaluation plan must be established.

7 The evaluation plan shall comply with the requirements of
8 this Section and of any rules adopted by the State Board of
9 Education pursuant to this Section.

10 The plan shall include a description of each teacher's
11 duties and responsibilities and of the standards to which that
12 teacher is expected to conform, and shall include at least the
13 following components:

14 (a) personal observation of the teacher in the
15 classroom by the evaluator, unless the teacher has no
16 classroom duties.

17 (b) consideration of the teacher's attendance,
18 planning, instructional methods, classroom management,
19 where relevant, and competency in the subject matter
20 taught.

21 (c) by no later than the applicable implementation
22 date, consideration of student growth as a significant
23 factor in the rating of the teacher's performance.

24 (d) prior to September 1, 2012, rating of the
25 performance of teachers in contractual continued service
26 as either:

1 (i) "excellent", "satisfactory" or
2 "unsatisfactory"; or

3 (ii) "excellent", "proficient", "needs
4 improvement" or "unsatisfactory".

5 (e) on and after September 1, 2012, rating of the
6 performance of all teachers as "excellent", "proficient",
7 "needs improvement" or "unsatisfactory".

8 (f) specification as to the teacher's strengths and
9 weaknesses, with supporting reasons for the comments made.

10 (g) inclusion of a copy of the evaluation in the
11 teacher's personnel file and provision of a copy to the
12 teacher.

13 (h) within 30 school days after the completion of an
14 evaluation rating a teacher in contractual continued
15 service as "needs improvement", development by the
16 evaluator, in consultation with the teacher, and taking
17 into account the teacher's ongoing ~~on-going~~ professional
18 responsibilities including his or her regular teaching
19 assignments, of a professional development plan directed
20 to the areas that need improvement and any supports that
21 the district will provide to address the areas identified
22 as needing improvement.

23 (i) within 30 school days after completion of an
24 evaluation rating a teacher in contractual continued
25 service as "unsatisfactory", development and commencement
26 by the district of a remediation plan designed to correct

1 deficiencies cited, provided the deficiencies are deemed
2 remediable. In all school districts the remediation plan
3 for unsatisfactory, tenured teachers shall provide for 90
4 school days of remediation within the classroom, unless an
5 applicable collective bargaining agreement provides for a
6 shorter duration. In all school districts evaluations
7 issued pursuant to this Section shall be issued within 10
8 days after the conclusion of the respective remediation
9 plan. However, the school board or other governing
10 authority of the district shall not lose jurisdiction to
11 discharge a teacher in the event the evaluation is not
12 issued within 10 days after the conclusion of the
13 respective remediation plan.

14 (j) participation in the remediation plan by the
15 teacher in contractual continued service rated
16 "unsatisfactory", an evaluator and a consulting teacher
17 selected by the evaluator of the teacher who was rated
18 "unsatisfactory", which consulting teacher is an
19 educational employee as defined in the Illinois
20 Educational Labor Relations Act, has at least 5 years'
21 teaching experience, and a reasonable familiarity with the
22 assignment of the teacher being evaluated, and who
23 received an "excellent" rating on his or her most recent
24 evaluation. Where no teachers who meet these criteria are
25 available within the district, the district shall request
26 and the applicable regional office of education shall

1 supply, to participate in the remediation process, an
2 individual who meets these criteria.

3 In a district having a population of less than 500,000
4 with an exclusive bargaining agent, the bargaining agent
5 may, if it so chooses, supply a roster of qualified
6 teachers from whom the consulting teacher is to be
7 selected. That roster shall, however, contain the names of
8 at least 5 teachers, each of whom meets the criteria for
9 consulting teacher with regard to the teacher being
10 evaluated, or the names of all teachers so qualified if
11 that number is less than 5. In the event of a dispute as to
12 qualification, the State Board shall determine
13 qualification.

14 (k) a mid-point and final evaluation by an evaluator
15 during and at the end of the remediation period,
16 immediately following receipt of a remediation plan
17 provided for under subsections (i) and (j) of this
18 Section. Each evaluation shall assess the teacher's
19 performance during the time period since the prior
20 evaluation; provided that the last evaluation shall also
21 include an overall evaluation of the teacher's performance
22 during the remediation period. A written copy of the
23 evaluations and ratings, in which any deficiencies in
24 performance and recommendations for correction are
25 identified, shall be provided to and discussed with the
26 teacher within 10 school days after the date of the

1 evaluation, unless an applicable collective bargaining
2 agreement provides to the contrary. These subsequent
3 evaluations shall be conducted by an evaluator. The
4 consulting teacher shall provide advice to the teacher
5 rated "unsatisfactory" on how to improve teaching skills
6 and to successfully complete the remediation plan. The
7 consulting teacher shall participate in developing the
8 remediation plan, but the final decision as to the
9 evaluation shall be done solely by the evaluator, unless
10 an applicable collective bargaining agreement provides to
11 the contrary. Evaluations at the conclusion of the
12 remediation process shall be separate and distinct from
13 the required annual evaluations of teachers and shall not
14 be subject to the guidelines and procedures relating to
15 those annual evaluations. The evaluator may but is not
16 required to use the forms provided for the annual
17 evaluation of teachers in the district's evaluation plan.

18 (l) reinstatement to the evaluation schedule set forth
19 in the district's evaluation plan for any teacher in
20 contractual continued service who achieves a rating equal
21 to or better than "satisfactory" or "proficient" in the
22 school year following a rating of "needs improvement" or
23 "unsatisfactory".

24 (m) dismissal in accordance with subsection (d) of
25 Section 24-12 or Section 24-16.5 or 34-85 of this Code of
26 any teacher who fails to complete any applicable

1 remediation plan with a rating equal to or better than a
2 "satisfactory" or "proficient" rating. Districts and
3 teachers subject to dismissal hearings are precluded from
4 compelling the testimony of consulting teachers at such
5 hearings under subsection (d) of Section 24-12 or Section
6 24-16.5 or 34-85 of this Code, either as to the rating
7 process or for opinions of performances by teachers under
8 remediation.

9 (n) After the implementation date of an evaluation
10 system for teachers in a district as specified in Section
11 24A-2.5 of this Code, if a teacher in contractual
12 continued service successfully completes a remediation
13 plan following a rating of "unsatisfactory" in an overall
14 performance evaluation received after the foregoing
15 implementation date and receives a subsequent rating of
16 "unsatisfactory" in any of the teacher's overall
17 performance evaluation ratings received during the
18 36-month period following the teacher's completion of the
19 remediation plan, then the school district may forgo
20 remediation and seek dismissal in accordance with
21 subsection (d) of Section 24-12 or Section 34-85 of this
22 Code.

23 (o) Teachers who are due to be evaluated in the last
24 year before they are set to retire shall be offered the
25 opportunity to waive their evaluation and to retain their
26 most recent rating, unless the teacher was last rated as

1 "needs improvement" or "unsatisfactory". The school
2 district may still reserve the right to evaluate a teacher
3 provided the district gives notice to the teacher at least
4 14 days before the evaluation and a reason for evaluating
5 the teacher.

6 Nothing in this Section or Section 24A-4 shall be
7 construed as preventing immediate dismissal of a teacher for
8 deficiencies which are deemed irreparable or for actions
9 which are injurious to or endanger the health or person of
10 students in the classroom or school, or preventing the
11 dismissal or non-renewal of teachers not in contractual
12 continued service for any reason not prohibited by applicable
13 employment, labor, and civil rights laws. Failure to strictly
14 comply with the time requirements contained in Section 24A-5
15 shall not invalidate the results of the remediation plan.

16 Nothing contained in Public Act 98-648 repeals,
17 supersedes, invalidates, or nullifies final decisions in
18 lawsuits pending on July 1, 2014 (the effective date of Public
19 Act 98-648) in Illinois courts involving the interpretation of
20 Public Act 97-8.

21 If the Governor has declared a disaster due to a public
22 health emergency pursuant to Section 7 of the Illinois
23 Emergency Management Agency Act that suspends in-person
24 instruction, the timelines in this Section connected to the
25 commencement and completion of any remediation plan are
26 waived. Except if the parties mutually agree otherwise and the

1 agreement is in writing, any remediation plan that had been in
2 place for more than 45 days prior to the suspension of
3 in-person instruction shall resume when in-person instruction
4 resumes and any remediation plan that had been in place for
5 fewer than 45 days prior to the suspension of in-person
6 instruction shall be discontinued and a new remediation period
7 shall begin when in-person instruction resumes. The
8 requirements of this paragraph apply regardless of whether
9 they are included in a school district's teacher evaluation
10 plan.

15 (a) Beginning with the 2024-2025 school year, all public
16 high schools, including charter schools, may designate and
17 annually observe a week known as "Workplace Readiness Week".
18 During that week, students shall be provided information on
19 their rights as workers. The topics covered shall include, but
20 are not limited to, local, State, and federal laws regarding
21 each of the following areas and shall include the labor
22 movement's role in winning the protections and benefits
23 described in those areas:

24 (1) Prohibitions against misclassification of
25 employees as independent contractors.

1 (2) Child labor.

2 (3) Wage and hour protections.

3 (4) Worker safety.

4 (5) Workers' compensation.

5 (6) Unemployment insurance.

6 (7) Paid sick leave and paid family leave.

7 (8) The right to organize a union in the workplace.

8 (9) Prohibitions against retaliation by employers when
9 workers exercise their rights as workers or any other
10 rights guaranteed by law.

11 During Workplace Readiness Week, students shall also be
12 provided information introducing them to State-approved
13 apprenticeship programs, how to access them, the variety of
14 programs available, and how they can provide an alternative
15 career path for those students who choose not to attend a
16 traditional higher education program.

17 (b) If a school observes Workplace Readiness Week under
18 this Section, then, for students in grades 11 and 12, the
19 information required to be provided in subsection (a) shall be
20 integrated into the regular school program but may also be
21 provided during special events after regular school hours.
22 Integration into the regular school program is encouraged, but
23 not required, to occur during Workplace Readiness Week.

19 Sec. 27A-5. Charter school; legal entity; requirements.

20 (a) A charter school shall be a public, nonsectarian,
21 nonreligious, non-home based, and non-profit school. A charter
22 school shall be organized and operated as a nonprofit
23 corporation or other discrete, legal, nonprofit entity
24 authorized under the laws of the State of Illinois.

25 (b) A charter school may be established under this Article

1 by creating a new school or by converting an existing public
2 school or attendance center to charter school status. In all
3 new applications to establish a charter school in a city
4 having a population exceeding 500,000, operation of the
5 charter school shall be limited to one campus. This limitation
6 does not apply to charter schools existing or approved on or
7 before April 16, 2003.

8 (b-5) (Blank).

9 (c) A charter school shall be administered and governed by
10 its board of directors or other governing body in the manner
11 provided in its charter. The governing body of a charter
12 school shall be subject to the Freedom of Information Act and
13 the Open Meetings Act. A charter school's board of directors
14 or other governing body must include at least one parent or
15 guardian of a pupil currently enrolled in the charter school
16 who may be selected through the charter school or a charter
17 network election, appointment by the charter school's board of
18 directors or other governing body, or by the charter school's
19 Parent Teacher Organization or its equivalent.

20 (c-5) No later than January 1, 2021 or within the first
21 year of his or her first term, every voting member of a charter
22 school's board of directors or other governing body shall
23 complete a minimum of 4 hours of professional development
24 leadership training to ensure that each member has sufficient
25 familiarity with the board's or governing body's role and
26 responsibilities, including financial oversight and

1 accountability of the school, evaluating the principal's and
2 school's performance, adherence to the Freedom of Information
3 Act and the Open Meetings Act, and compliance with education
4 and labor law. In each subsequent year of his or her term, a
5 voting member of a charter school's board of directors or
6 other governing body shall complete a minimum of 2 hours of
7 professional development training in these same areas. The
8 training under this subsection may be provided or certified by
9 a statewide charter school membership association or may be
10 provided or certified by other qualified providers approved by
11 the State Board.

12 (d) For purposes of this subsection (d), "non-curricular
13 health and safety requirement" means any health and safety
14 requirement created by statute or rule to provide, maintain,
15 preserve, or safeguard safe or healthful conditions for
16 students and school personnel or to eliminate, reduce, or
17 prevent threats to the health and safety of students and
18 school personnel. "Non-curricular health and safety
19 requirement" does not include any course of study or
20 specialized instructional requirement for which the State
21 Board has established goals and learning standards or which is
22 designed primarily to impart knowledge and skills for students
23 to master and apply as an outcome of their education.

24 A charter school shall comply with all non-curricular
25 health and safety requirements applicable to public schools
26 under the laws of the State of Illinois. The State Board shall

1 promulgate and post on its Internet website a list of
2 non-curricular health and safety requirements that a charter
3 school must meet. The list shall be updated annually no later
4 than September 1. Any charter contract between a charter
5 school and its authorizer must contain a provision that
6 requires the charter school to follow the list of all
7 non-curricular health and safety requirements promulgated by
8 the State Board and any non-curricular health and safety
9 requirements added by the State Board to such list during the
10 term of the charter. Nothing in this subsection (d) precludes
11 an authorizer from including non-curricular health and safety
12 requirements in a charter school contract that are not
13 contained in the list promulgated by the State Board,
14 including non-curricular health and safety requirements of the
15 authorizing local school board.

16 (e) Except as otherwise provided in the School Code, a
17 charter school shall not charge tuition; provided that a
18 charter school may charge reasonable fees for textbooks,
19 instructional materials, and student activities.

20 (f) A charter school shall be responsible for the
21 management and operation of its fiscal affairs, including, but
22 not limited to, the preparation of its budget. An audit of each
23 charter school's finances shall be conducted annually by an
24 outside, independent contractor retained by the charter
25 school. The contractor shall not be an employee of the charter
26 school or affiliated with the charter school or its authorizer

1 in any way, other than to audit the charter school's finances.
2 To ensure financial accountability for the use of public
3 funds, on or before December 1 of every year of operation, each
4 charter school shall submit to its authorizer and the State
5 Board a copy of its audit and a copy of the Form 990 the
6 charter school filed that year with the federal Internal
7 Revenue Service. In addition, if deemed necessary for proper
8 financial oversight of the charter school, an authorizer may
9 require quarterly financial statements from each charter
10 school.

11 (g) A charter school shall comply with all provisions of
12 this Article, the Illinois Educational Labor Relations Act,
13 all federal and State laws and rules applicable to public
14 schools that pertain to special education and the instruction
15 of English learners, and its charter. A charter school is
16 exempt from all other State laws and regulations in this Code
17 governing public schools and local school board policies;
18 however, a charter school is not exempt from the following:

19 (1) Sections 10-21.9 and 34-18.5 of this Code
20 regarding criminal history records checks and checks of
21 the Statewide Sex Offender Database and Statewide Murderer

19 (14) Sections 22-90 and 26-18 of this Code;

21 (16) Sections 24-12 and 34-85 of this Code;

22 (17) the Seizure Smart School Act;

17 The change made by Public Act 96-104 to this subsection
18 (g) is declaratory of existing law.

19 (h) A charter school may negotiate and contract with a
20 school district, the governing body of a State college or
21 university or public community college, or any other public or
22 for-profit or nonprofit private entity for: (i) the use of a
23 school building and grounds or any other real property or
24 facilities that the charter school desires to use or convert
25 for use as a charter school site, (ii) the operation and
26 maintenance thereof, and (iii) the provision of any service,

1 activity, or undertaking that the charter school is required
2 to perform in order to carry out the terms of its charter.
3 Except as provided in subsection (i) of this Section, a school
4 district may charge a charter school reasonable rent for the
5 use of the district's buildings, grounds, and facilities. Any
6 services for which a charter school contracts with a school
7 district shall be provided by the district at cost. Any
8 services for which a charter school contracts with a local
9 school board or with the governing body of a State college or
10 university or public community college shall be provided by
11 the public entity at cost.

12 (i) In no event shall a charter school that is established
13 by converting an existing school or attendance center to
14 charter school status be required to pay rent for space that is
15 deemed available, as negotiated and provided in the charter
16 agreement, in school district facilities. However, all other
17 costs for the operation and maintenance of school district
18 facilities that are used by the charter school shall be
19 subject to negotiation between the charter school and the
20 local school board and shall be set forth in the charter.

21 (j) A charter school may limit student enrollment by age
22 or grade level.

23 (k) If the charter school is authorized by the State
24 Board, then the charter school is its own local education
25 agency.

22 (b-5) (Blank).

23 (c) A charter school shall be administered and governed by
24 its board of directors or other governing body in the manner
25 provided in its charter. The governing body of a charter

19 public school under the general supervision and
20 jurisdiction of the board; provided that the calendar for
21 the school term and any changes must be submitted to and
22 approved by the State Board of Education before the
23 calendar or changes may take effect, and provided that in
24 allocating funds from year to year for the operation of

12 be denied equal access to physical education and
13 interscholastic athletic programs supported from school
14 district funds or denied participation in comparable
15 physical education and athletic programs solely by reason
16 of the student's sex. Equal access to programs supported
17 from school district funds and comparable programs will be
18 defined in rules promulgated by the State Board of
19 Education in consultation with the Illinois High School
20 Association. Notwithstanding any other provision of this
21 Article, neither the board of education nor any local
22 school council or other school official shall recommend

3 in compliance with the provisions of the Consent Decree
4 and Desegregation Plan cited in Section 34-1.01;

7 (105 ILCS 5/34-22.6) (from Ch. 122, par. 34-22.6)

8 Sec. 34-22.6. Issuance of bonds. For the purpose of
9 erecting, purchasing, or otherwise acquiring buildings
10 suitable for school houses, erecting temporary school
11 structures, erecting additions to, repairing, rehabilitating,
12 modernizing and replacing existing school buildings and
13 temporary school structures, and furnishing and equipping
14 school buildings and temporary school structures, and
15 purchasing or otherwise acquiring and improving sites for such
16 purposes, the board may incur an indebtedness and issue bonds
17 therefor in an amount or amounts not to exceed in the aggregate
18 \$150,000,000 in addition to the bonds authorized under
19 Sections 34-22.1, 34-22.2, 34-22.3, 34-22.4, 34-22.5, and
20 34-22.7. Bonds authorized under this Section may also be
21 issued for the purposes of paying interest on such bonds,
22 establishing reserves to secure such bonds and paying the
23 costs of issuance of such bonds. In connection with the
24 issuance of its bonds, the board may enter into arrangements
25 to provide additional security and liquidity for the bonds.

1 These may include, without limitation, municipal bond
2 insurance, letters of credit, lines of credit by which the
3 board may borrow funds to pay or redeem its bonds, and purchase
4 or remarketing arrangements for assuring the ability of owners
5 of the board's bonds to sell or to have redeemed their bonds.
6 The board may enter into contracts and may agree to pay fees to
7 persons providing such arrangements, including from bond
8 proceeds but only under circumstances in which the total
9 interest paid or to be paid on the bonds, together with the
10 fees for the arrangements (being treated as if interest),
11 would not, taken together, cause the bonds to bear interest,
12 calculated to their absolute maturity, at a rate in excess of
13 the maximum rate allowed by law.

14 The resolution of the board authorizing the issuance of
15 its bonds may provide that interest rates may vary from time to
16 time depending upon criteria established by the board, which
17 may include, without limitation, a variation in interest rates
18 as may be necessary to cause bonds to be remarketable from time
19 to time at a price equal to their principal amount, and may
20 provide for appointment of a national banking association,
21 bank, trust company, investment banker, or other financial
22 institution to serve as a remarketing agent in that
23 connection. The resolution of the board authorizing the
24 issuance of its bonds may provide that alternative interest
25 rates or provisions will apply during such times as the bonds
26 are held by a person providing a letter of credit or other

1 credit enhancement arrangement for those bonds. The Board may
2 use proceeds of the sale of bonds authorized under this
3 Section to pay the cost of obtaining such municipal bond
4 insurance, letter of credit, or other credit facilities. Bonds
5 may also be issued under this Section to pay the cost of
6 refunding any bonds issued under this Section, including prior
7 to their maturity. The bonds shall bear interest at a rate or
8 rates not to exceed the maximum annual rate provided for in
9 Section 2 of the Bond Authorization Act ~~"An Act to authorize~~
10 ~~public corporations to issue bonds, other evidences of~~
11 ~~indebtedness and tax anticipation warrants subject to interest~~
12 ~~rate limitations set forth therein", approved May 26, 1970, as~~
13 ~~now or hereafter amended,~~ and, if issued at such maximum
14 annual rate, shall be sold for not less than par and accrued
15 interest. If any of the bonds are issued to bear interest at a
16 rate of less than such maximum annual rate the minimum price at
17 which they may be sold shall be such that the interest cost to
18 the board on the proceeds of the bonds shall not exceed such
19 maximum annual rate computed to stated maturity according to
20 standard tables of bond values.

21 Whenever the board desires to issue bonds as authorized in
22 this Section, it shall adopt a resolution designating the
23 purpose for which the proceeds of the bonds are to be expended
24 and fixing the amount of the bonds proposed to be issued, the
25 maturity or maturities thereof, and optional provisions, if
26 any, the rate of interest thereon, and the amount of taxes to

1 be levied annually for the purpose of paying the interest upon
2 and the principal, whether due at maturity or upon sinking
3 fund installment dates, of such bonds.

4 Said bonds shall be issued in the corporate name of the
5 school district. They shall be signed by the president and
6 secretary of said board and countersigned by the mayor and the
7 comptroller (or city clerk if there be no comptroller) of the
8 city. They shall be sold by the city comptroller (or city clerk
9 if there be no comptroller) upon such terms as may be approved
10 by the board after advertisement for bids as ordered by and
11 under the direction of the board, and the proceeds thereof
12 shall be received by the city treasurer, as school treasurer,
13 and expended by the board for the purposes provided in the bond
14 resolution.

15 Before or at the time of issuing any bonds authorized in
16 this Section, the board shall provide for the levy and
17 collection of a direct annual tax upon all the taxable
18 property of such school district sufficient to pay and
19 discharge the principal thereof at maturity, or upon sinking
20 fund installment dates, and to pay the interest thereon as it
21 falls due. Such tax shall be levied and collected in like
22 manner with the other taxes of such school district and shall
23 be in addition to and exclusive of the maximum of all other
24 taxes which such board is now, or may hereafter be, authorized
25 by law to levy for any and all school purposes. Upon the filing
26 in the office of the county clerk of the county wherein such

1 school district is located of a duly certified copy of any such
2 ordinance, it shall be the duty of such county clerk to extend
3 the tax therein provided for, including an amount to cover
4 loss and cost of collecting said taxes and also deferred
5 collections thereof and abatements in the amounts of such
6 taxes as extended upon the collector's books. The ordinance
7 shall be in force upon its passage.

9 (105 ILCS 5/34-22.10) (from Ch. 122, par. 34-22.10)

10 Sec. 34-22.10. Issuance of bonds. For the sole purpose of
11 purchasing or otherwise acquiring school buildings and related
12 property and facilities for an agricultural science school
13 pursuant to an agreement entered into pursuant to subparagraph
14 (7) of Section 34-21.1, the board may incur an indebtedness
15 and issue bonds therefor in an amount or amounts not to exceed
16 in the aggregate \$20,000,000 in addition to the bonds
17 authorized under Sections 34-22.1, 34-22.2, 34-22.3, 34-22.4,
18 34-22.5, 34-22.6, and 34-22.7. Bonds authorized under this
19 Section may also be issued for the purposes of paying interest
20 on such bonds, establishing reserves to secure such bonds and
21 paying the costs of issuance of such bonds.

22 In connection with the issuance of its bonds, the board
23 may enter into arrangements to provide additional security and
24 liquidity for the bonds. These may include, without
25 limitation, municipal bond insurance, letters of credit, lines

1 of credit by which the board may borrow funds to pay or redeem
2 its bonds, and purchase or remarketing arrangements for
3 assuring the ability of owners of the board's bonds to sell or
4 to have redeemed their bonds. The board may enter into
5 contracts and may agree to pay fees to persons providing such
6 arrangements, including from bond proceeds but only under
7 circumstances in which the total interest paid or to be paid on
8 the bonds, together with the fees for the arrangements (being
9 treated as if interest), would not, taken together, cause the
10 bonds to bear interest, calculated to their absolute maturity,
11 at a rate in excess of the maximum rate allowed by law.

12 The Board may use proceeds of the sale of bonds authorized
13 under this Section to pay the cost of obtaining such municipal
14 bond insurance, letter of credit, or other credit facilities.
15 Bonds may also be issued under this Section to pay the cost of
16 refunding any bonds issued under this Section, including prior
17 to their maturity. The bonds shall bear interest at a rate or
18 rates not to exceed the maximum annual rate provided for in
19 Section 2 of the Bond Authorization Act ~~"An Act to authorize~~
20 ~~public corporations to issue bonds, other evidences of~~
21 ~~indebtedness and tax anticipation warrants subject to interest~~
22 ~~rate limitations set forth therein", approved May 26, 1970, as~~
23 ~~now or hereafter amended,~~ and, if issued at such maximum
24 annual rate, shall be sold for not less than par and accrued
25 interest. If any of the bonds are issued to bear interest at a
26 rate of less than such maximum annual rate the minimum price at

1 which they may be sold shall be such that the interest cost to
2 the board on the proceeds of the bonds shall not exceed such
3 maximum annual rate computed to stated maturity according to
4 standard tables of bond values. The resolution of the board
5 authorizing the issuance of its bonds may provide that
6 interest rates may vary from time to time depending upon
7 criteria established by the board, which may include, without
8 limitation, a variation in interest rates as may be necessary
9 to cause bonds to be remarketable from time to time at a price
10 equal to their principal amount, and may provide for
11 appointment of a national banking association, bank, trust
12 company, investment banker, or other financial institution to
13 serve as a remarketing agent in that connection. The
14 resolution of the board authorizing the issuance of its bonds
15 may provide that alternative interest rates or provisions will
16 apply during such times as the bonds are held by a person
17 providing a letter of credit or other credit enhancement
18 arrangement for those bonds.

19 Whenever the board desires to issue bonds as authorized in
20 this Section, it shall adopt a resolution designating the
21 purpose for which the proceeds of the bonds are to be expended
22 and fixing the amount of the bonds proposed to be issued, the
23 maturity or maturities thereof, and optional provisions, if
24 any, the rate of interest thereon, and the amount of taxes to
25 be levied annually for the purpose of paying the interest upon
26 and the principal, whether due at maturity or upon sinking

1 fund installment dates, of such bonds.

2 Said bonds shall be issued in the corporate name of the
3 school district. They shall be signed by the president and
4 secretary of said board. They shall be sold upon such terms as
5 may be approved by the board after advertisement for bids as
6 ordered by and under the direction of the board, and the
7 proceeds thereof shall be received by the city treasurer, as
8 school treasurer, and expended by the board for the purposes
9 provided in the bond resolution.

10 Before or at the time of issuing any bonds authorized in
11 this Section, the board shall, by resolution, provide for the
12 levy and collection of a direct annual tax upon all the taxable
13 property of such school district sufficient to pay and
14 discharge the principal thereof at maturity, or upon sinking
15 fund installment dates, and to pay the interest thereon as it
16 falls due. Such tax shall be levied and collected in like
17 manner with the other taxes of such school district and shall
18 be in addition to and exclusive of the maximum of all other
19 taxes which such board is now, or may hereafter be, authorized
20 by law to levy for any and all school purposes. Upon the filing
21 in the office of the county clerk of the county wherein such
22 school district is located of a duly certified copy of any such
23 resolution, it shall be the duty of such county clerk to extend
24 the tax therein provided for, including an amount to cover
25 loss and cost of collecting said taxes and also deferred
26 collections thereof and abatements in the amounts of such

1 taxes as extended upon the collector's books. The resolution
2 shall be in force upon its passage.

5 Sec. 34A-502. Terms of Bonds.

6 (a) Whenever the Authority desires or is required to issue
7 Bonds as provided in this Article, it shall adopt a resolution
8 designating the amount of the Bonds to be issued, the purposes
9 for which the proceeds of the Bonds are to be used and the
10 manner in which such proceeds shall be held pending the
11 application thereof. The Bonds shall be issued in the
12 corporate name of the Authority, shall bear such date or
13 dates, and shall mature at such time or times not exceeding 30
14 years from their date as such resolution may provide;
15 provided, however, that Bonds issued on or after July 1, 1993
16 shall mature on or before June 1, 2009. The Bonds may be issued
17 as serial bonds payable in installments or as term bonds with
18 sinking fund installments or as a combination thereof as the
19 Authority may determine in such resolution. The Bonds shall be
20 in such denominations of \$1,000 or integral multiples thereof.
21 The Bonds shall be in such form, either coupon or registered,
22 carry such registration privileges, be executed in such
23 manner, be payable at such place or places, and be subject to
24 such terms of redemption at such redemption prices, including
25 premium, as such resolution may provide. The Bonds shall be

1 sold by the Authority at public sale. The Bonds shall be sold
2 to the highest and best bidders upon sealed bids. The
3 Authority shall, from time to time as Bonds are to be sold,
4 advertise in at least 2 daily newspapers, one of which is
5 published in the City of Springfield and one in the City of
6 Chicago, for proposals to purchase Bonds. Each of such
7 advertisements for proposals shall be published at least 10
8 ~~ten~~ days prior to the date of the opening of the bids. The
9 Authority may reserve the right to reject any and all bids.

10 (b) Bonds issued prior to December 31, 1980 shall bear
11 interest at such rate or rates and at such price or prices as
12 the Authority may approve in the resolution authorizing the
13 issuance of Bonds. Bonds issued after December 31, 1980 shall
14 bear interest at a rate or rates not to exceed the maximum
15 annual rate provided for in Section 2 of the Bond
16 Authorization Act ~~"An Act to authorize public corporations to~~
17 ~~issue bonds, other evidences of indebtedness and tax~~
18 ~~anticipation warrants subject to interest rate limitations set~~
19 ~~forth therein", approved May 26, 1970, as amended, and, if~~
20 issued at such maximum annual rate, shall be sold for not less
21 than par and accrued interest. If any of the Bonds are issued
22 to bear interest at a rate of less than such maximum annual
23 rate the minimum price at which they may be sold shall be such
24 that the interest cost to the Authority on the proceeds of the
25 Bonds shall not exceed such maximum annual rate computed to
26 stated maturity according to standard tables of bond values.

1 (c) In connection with the issuance of its Bonds, the
2 Authority may enter into arrangements to provide additional
3 security and liquidity for the Bonds. These may include,
4 without limitation, municipal bond insurance, letters of
5 credit, lines of credit by which the Authority may borrow
6 funds to pay or redeem its Bonds, and purchase or remarketing
7 arrangements for assuring the ability of owners of the
8 Authority's Bonds to sell or to have redeemed their Bonds. The
9 Authority may enter into contracts and may agree to pay fees to
10 persons providing such arrangements, including from Bond
11 proceeds but only under circumstances in which the total
12 interest paid or to be paid on the Bonds, together with the
13 fees for the arrangements (being treated as if interest),
14 would not, taken together, cause the Bonds to bear interest,
15 calculated to their absolute maturity, at a rate in excess of
16 the maximum rate allowed by law.

17 The resolution of the Authority authorizing the issuance
18 of its Bonds may provide that interest rates may vary from time
19 to time depending upon criteria established by the Authority,
20 which may include, without limitation, a variation in interest
21 rates as may be necessary to cause Bonds to be remarketable
22 from time to time at a price equal to their principal amount,
23 and may provide for appointment of a national banking
24 association, bank, trust company, investment banker, or other
25 financial institution to serve as a remarketing agent in that
26 connection. The resolution of the Authority authorizing the

1 issuance of its Bonds may provide that alternative interest
2 rates or provisions will apply during such times as the Bonds
3 are held by a person providing a letter of credit or other

6 Section 620. The Critical Health Problems and
7 Comprehensive Health Education Act is amended by changing
8 Section 3 as follows:

9 (105 ILCS 110/3)

10 Sec. 3. Comprehensive Health Education Program.

11 (a) The program established under this Act shall include,
12 but not be limited to, the following major educational areas
13 as a basis for curricula in all elementary and secondary
14 schools in this State: human ecology and health; human growth
15 and development; the emotional, psychological, physiological,
16 hygienic, and social responsibilities of family life,
17 including sexual abstinence until marriage; the prevention and
18 control of disease, including instruction in grades 6 through
19 12 on the prevention, transmission, and spread of AIDS;
20 age-appropriate sexual abuse and assault awareness and
21 prevention education in grades pre-kindergarten through 12;
22 public and environmental health; consumer health; safety
23 education and disaster preparedness; mental health and
24 illness; personal health habits; alcohol and drug use and

1 abuse, including the use and abuse of fentanyl, and the
2 medical and legal ramifications of alcohol, drug, and tobacco
3 use; abuse during pregnancy; evidence-based and medically
4 accurate information regarding sexual abstinence; tobacco and
5 e-cigarettes and other vapor devices; nutrition; and dental
6 health. The instruction on mental health and illness must
7 evaluate the multiple dimensions of health by reviewing the
8 relationship between physical and mental health to enhance
9 student understanding, attitudes, and behaviors that promote
10 health, well-being, and human dignity and must include how and
11 where to find mental health resources and specialized
12 treatment in the State. The program shall also provide course
13 material and instruction to advise pupils of the Abandoned
14 Newborn Infant Protection Act. The program shall include
15 information about cancer, including, without limitation, types
16 of cancer, signs and symptoms, risk factors, the importance of
17 early prevention and detection, and information on where to go
18 for help. Notwithstanding the above educational areas, the
19 following areas may also be included as a basis for curricula
20 in all elementary and secondary schools in this State: basic
21 first aid (including, but not limited to, cardiopulmonary
22 resuscitation and the Heimlich maneuver), heart disease,
23 diabetes, stroke, the prevention of child abuse, neglect, and
24 suicide, and teen dating violence in grades 7 through 12.
25 Beginning with the 2014-2015 school year, training on how to
26 properly administer cardiopulmonary resuscitation (which

1 training must be in accordance with standards of the American
2 Red Cross, the American Heart Association, or another
3 nationally recognized certifying organization) and how to use
4 an automated external defibrillator shall be included as a
5 basis for curricula in all secondary schools in this State.

6 (b) Beginning with the 2024-2025 school year in grades 9
7 through 12, the program shall include instruction, study, and
8 discussion on the dangers of allergies. Information for the
9 instruction, study, and discussion shall come from information
10 provided by the Department of Public Health and the federal
11 Centers for Disease Control and Prevention. This instruction,
12 study, and discussion shall include, at a minimum:

13 (1) recognizing the signs and symptoms of an allergic
14 reaction, including anaphylaxis;

15 (2) the steps to take to prevent exposure to
16 allergens; and

17 (3) safe emergency epinephrine administration.

18 (c) No later than 30 days after the first day of each
19 school year, the school board of each public elementary and
20 secondary school in the State shall provide all teachers,
21 administrators, and other school personnel, as determined by
22 school officials, with information regarding emergency
23 procedures and life-saving techniques, including, without
24 limitation, the Heimlich maneuver, hands-only cardiopulmonary
25 resuscitation, and use of the school district's automated
26 external defibrillator. The information shall be in accordance

1 with standards of the American Red Cross, the American Heart
2 Association, or another nationally recognized certifying
3 organization. A school board may use the services of
4 non-governmental entities whose personnel have expertise in
5 life-saving techniques to instruct teachers, administrators,
6 and other school personnel in these techniques. Each school
7 board is encouraged to have in its employ, or on its volunteer
8 staff, at least one person who is certified, by the American
9 Red Cross or by another qualified certifying agency, as
10 qualified to administer first aid and cardiopulmonary
11 resuscitation. In addition, each school board is authorized to
12 allocate appropriate portions of its institute or inservice
13 days to conduct training programs for teachers and other
14 school personnel who have expressed an interest in becoming
15 certified to administer emergency first aid or cardiopulmonary
16 resuscitation. School boards are urged to encourage their
17 teachers and other school personnel who coach school athletic
18 programs and other extracurricular school activities to
19 acquire, develop, and maintain the knowledge and skills
20 necessary to properly administer first aid and cardiopulmonary
21 resuscitation in accordance with standards and requirements
22 established by the American Red Cross or another qualified
23 certifying agency. Subject to appropriation, the State Board
24 of Education shall establish and administer a matching grant
25 program to pay for half of the cost that a school district
26 incurs in training those teachers and other school personnel

1 who express an interest in becoming qualified to administer
2 first aid or cardiopulmonary resuscitation (which training
3 must be in accordance with standards of the American Red
4 Cross, the American Heart Association, or another nationally
5 recognized certifying organization). A school district that
6 applies for a grant must demonstrate that it has funds to pay
7 half of the cost of the training for which matching grant money
8 is sought. The State Board of Education shall award the grants
9 on a first-come, first-serve basis.

10 (d) No pupil shall be required to take or participate in
11 any class or course on AIDS or family life instruction or to
12 receive training on how to properly administer cardiopulmonary
13 resuscitation or how to use an automated external
14 defibrillator if his or her parent or guardian submits written
15 objection thereto, and refusal to take or participate in the
16 course or program or the training shall not be reason for
17 suspension or expulsion of the pupil.

18 (e) Curricula developed under programs established in
19 accordance with this Act in the major educational area of
20 alcohol and drug use and abuse shall include classroom
21 instruction in grades 5 through 12, shall be age and
22 developmentally appropriate, and may include the information
23 contained in the Substance Use Prevention and Recovery
24 Instruction Resource Guide under Section 22-81 of the School
25 Code, as applicable. The instruction, which shall include
26 matters relating to both the physical and legal effects and

1 ramifications of drug and substance abuse, shall be integrated
2 into existing curricula; and the State Board of Education
3 shall determine how to develop and make available to all
4 elementary and secondary schools in this State instructional
5 materials and guidelines that will assist the schools in
6 incorporating the instruction into their existing curricula.
7 In addition, school districts may offer, as part of existing
8 curricula during the school day or as part of an after-school
9 program, support services and instruction for pupils or pupils
10 whose parent, parents, or guardians are chemically dependent.

11 Beginning with the 2024-2025 school year, the program
12 shall include instruction, study, and discussion on the
13 dangers of fentanyl in grades 6 through 12. Information for
14 the instruction, study, and discussion on the dangers of
15 fentanyl shall be age and developmentally appropriate and may
16 include information contained in the Substance Use Prevention
17 and Recovery Instruction Resource Guide under Section 22-81 of
18 the School Code, as applicable. The instruction, study, and
19 discussion on the dangers of fentanyl in grades 9 through 12
20 shall include, at a minimum, all of the following:

21 (1) Information on fentanyl itself, including an
22 explanation of the differences between synthetic and
23 nonsynthetic opioids and illicit drugs, the variations of
24 fentanyl itself, and the differences between the legal and
25 illegal uses of fentanyl.

26 (2) The side effects and the risk factors of using

1 fentanyl, along with information comparing the lethal
2 amounts of fentanyl to other drugs. Information on the
3 risk factors may include, but is not limited to:

4 (A) the lethal dose of fentanyl;

5 (B) how often fentanyl is placed in drugs without
6 a person's knowledge;

7 (C) an explanation of what fentanyl does to a
8 person's body and the severity of fentanyl's addictive
9 properties; and

10 (D) how the consumption of fentanyl can lead to
11 hypoxia, as well as an explanation of what hypoxia
12 precisely does to a person's body.

13 (3) Details about the process of lacing fentanyl in

16 for the purpose of paying for such alterations or repairs, or
17 survey by a licensed architect or engineer, upon the equalized
18 assessed value of all the taxable property of the district at a
19 rate not to exceed .05% per year for a period sufficient to
20 finance such alterations or repairs, upon the following
21 conditions:

22 (a) When in the judgment of the local community

14 reduced proportionately.

15 The county clerk of each of the counties in which any

19 shall provide for the levy and collection of a direct annual
20 tax upon all the taxable property in the local community
21 college district sufficient to pay the principal and interest
22 on such bonds to maturity. Upon the filing in the office of the
23 county clerk of each of the counties in which the community
24 college district is located of a certified copy of such
25 resolution or ordinance it is the duty of the county clerk or
26 clerks to extend the tax therefor without limit as to rate or

1 amount and in addition to and in excess of all other taxes
2 heretofore or hereafter authorized to be levied by such
3 community college district.

4 The State Board shall set through administrative rule
5 regulations and specifications for minimum requirements for

12 Section 700. The Higher Education Student Assistance Act
13 is amended by changing Sections 50 and 52 and by setting forth
14 and renumbering multiple versions of Section 65.125 as
15 follows:

16 (110 ILCS 947/50)

17 Sec. 50. Minority Teachers of Illinois scholarship

21 graduated from high school or has received a State of
22 Illinois High School Diploma and has maintained a
23 cumulative grade point average of no less than 2.5 on a 4.0
24 scale, and who by reason thereof is entitled to apply for

1 scholarships to be awarded under this Section.

2 "Minority student" means a student who is any of the
3 following:

4 (1) American Indian or Alaska Native (a person
5 having origins in any of the original peoples of North
6 and South America, including Central America, and who
7 maintains tribal affiliation or community attachment).

8 (2) Asian (a person having origins in any of the
9 original peoples of the Far East, Southeast Asia, or
10 the Indian subcontinent, including, but not limited
11 to, Cambodia, China, India, Japan, Korea, Malaysia,
12 Pakistan, the Philippine Islands, Thailand, and
13 Vietnam).

14 (3) Black or African American (a person having
15 origins in any of the black racial groups of Africa).

16 (4) Hispanic or Latino (a person of Cuban,
17 Mexican, Puerto Rican, South or Central American, or
18 other Spanish culture or origin, regardless of race).

19 (5) Native Hawaiian or Other Pacific Islander (a
20 person having origins in any of the original peoples
21 of Hawaii, Guam, Samoa, or other Pacific Islands).

22 "Qualified bilingual minority applicant" means a
23 qualified student who demonstrates proficiency in a
24 language other than English by (i) receiving a State Seal
25 of Biliteracy from the State Board of Education or (ii)
26 receiving a passing score on an educator licensure target

1 language proficiency test.

2 "Qualified student" means a person (i) who is a
3 resident of this State and a citizen or permanent resident
4 of the United States; (ii) who is a minority student, as
5 defined in this Section; (iii) who, as an eligible
6 applicant, has made a timely application for a minority
7 teaching scholarship under this Section; (iv) who is
8 enrolled on at least a half-time basis at a qualified
9 Illinois institution of higher learning; (v) who is
10 enrolled in a course of study leading to teacher
11 licensure, including alternative teacher licensure, or, if
12 the student is already licensed to teach, in a course of
13 study leading to an additional teaching endorsement or a
14 master's degree in an academic field in which he or she is
15 teaching or plans to teach or who has received one or more
16 College and Career Pathway Endorsements pursuant to
17 Section 80 of the Postsecondary and Workforce Readiness
18 Act and commits to enrolling in a course of study leading
19 to teacher licensure, including alternative teacher
20 licensure; (vi) who maintains a grade point average of no
21 less than 2.5 on a 4.0 scale; and (vii) who continues to
22 advance satisfactorily toward the attainment of a degree.

23 (b) In order to encourage academically talented Illinois
24 minority students to pursue teaching careers at the preschool
25 or elementary or secondary school level and to address and
26 alleviate the teacher shortage crisis in this State described

1 under the provisions of the Transitions in Education Act, each
2 qualified student shall be awarded a minority teacher
3 scholarship to any qualified Illinois institution of higher
4 learning. However, preference may be given to qualified
5 applicants enrolled at or above the junior level.

6 (c) Each minority teacher scholarship awarded under this
7 Section shall be in an amount sufficient to pay the tuition and
8 fees and room and board costs of the qualified Illinois
9 institution of higher learning at which the recipient is
10 enrolled, up to an annual maximum of \$5,000; except that in the
11 case of a recipient who does not reside on-campus at the
12 institution at which he or she is enrolled, the amount of the
13 scholarship shall be sufficient to pay tuition and fee
14 expenses and a commuter allowance, up to an annual maximum of
15 \$5,000. However, if at least \$2,850,000 is appropriated in a
16 given fiscal year for the Minority Teachers of Illinois
17 scholarship program, then, in each fiscal year thereafter,
18 each scholarship awarded under this Section shall be in an
19 amount sufficient to pay the tuition and fees and room and
20 board costs of the qualified Illinois institution of higher
21 learning at which the recipient is enrolled, up to an annual
22 maximum of \$7,500; except that in the case of a recipient who
23 does not reside on-campus at the institution at which he or she
24 is enrolled, the amount of the scholarship shall be sufficient
25 to pay tuition and fee expenses and a commuter allowance, up to
26 an annual maximum of \$7,500.

1 (d) The total amount of minority teacher scholarship
2 assistance awarded by the Commission under this Section to an
3 individual in any given fiscal year, when added to other
4 financial assistance awarded to that individual for that year,
5 shall not exceed the cost of attendance at the institution at
6 which the student is enrolled. If the amount of a minority
7 teacher scholarship to be awarded to a qualified student as
8 provided in subsection (c) of this Section exceeds the cost of
9 attendance at the institution at which the student is
10 enrolled, the minority teacher scholarship shall be reduced by
11 an amount equal to the amount by which the combined financial
12 assistance available to the student exceeds the cost of
13 attendance.

14 (e) The maximum number of academic terms for which a
15 qualified student can receive minority teacher scholarship
16 assistance shall be 8 semesters or 12 quarters.

17 (f) In any academic year for which an eligible applicant
18 under this Section accepts financial assistance through the
19 Paul Douglas Teacher Scholarship Program, as authorized by
20 Section 551 et seq. of the Higher Education Act of 1965, the
21 applicant shall not be eligible for scholarship assistance
22 awarded under this Section.

23 (g) All applications for minority teacher scholarships to
24 be awarded under this Section shall be made to the Commission
25 on forms which the Commission shall provide for eligible
26 applicants. The form of applications and the information

1 required to be set forth therein shall be determined by the
2 Commission, and the Commission shall require eligible
3 applicants to submit with their applications such supporting
4 documents or recommendations as the Commission deems
5 necessary.

6 (h) Subject to a separate appropriation for such purposes,
7 payment of any minority teacher scholarship awarded under this
8 Section shall be determined by the Commission. All scholarship
9 funds distributed in accordance with this subsection shall be
10 paid to the institution and used only for payment of the
11 tuition and fee and room and board expenses incurred by the
12 student in connection with his or her attendance at a
13 qualified Illinois institution of higher learning. Any
14 minority teacher scholarship awarded under this Section shall
15 be applicable to 2 semesters or 3 quarters of enrollment. If a
16 qualified student withdraws from enrollment prior to
17 completion of the first semester or quarter for which the
18 minority teacher scholarship is applicable, the school shall
19 refund to the Commission the full amount of the minority
20 teacher scholarship.

21 (i) The Commission shall administer the minority teacher
22 scholarship aid program established by this Section and shall
23 make all necessary and proper rules not inconsistent with this
24 Section for its effective implementation.

25 (j) When an appropriation to the Commission for a given
26 fiscal year is insufficient to provide scholarships to all

1 qualified students, the Commission shall allocate the
2 appropriation in accordance with this subsection. If funds are
3 insufficient to provide all qualified students with a
4 scholarship as authorized by this Section, the Commission
5 shall allocate the available scholarship funds for that fiscal
6 year to qualified students who submit a complete application
7 form on or before a date specified by the Commission based on
8 the following order of priority:

9 (1) To students who received a scholarship under this
10 Section in the prior academic year and who remain eligible
11 for a minority teacher scholarship under this Section.

12 (2) Except as otherwise provided in subsection (k), to
13 students who demonstrate financial need, as determined by
14 the Commission.

15 (k) Notwithstanding paragraph (2) of subsection (j), at
16 least 35% of the funds appropriated for scholarships awarded
17 under this Section in each fiscal year shall be reserved for
18 qualified male minority applicants, with priority being given
19 to qualified Black male applicants beginning with fiscal year
20 2023. If the Commission does not receive enough applications
21 from qualified male minorities on or before January 1 of each
22 fiscal year to award 35% of the funds appropriated for these
23 scholarships to qualified male minority applicants, then the
24 Commission may award a portion of the reserved funds to
25 qualified female minority applicants in accordance with
26 subsection (j).

1 Beginning with fiscal year 2023, if at least \$2,850,000
2 but less than \$4,200,000 is appropriated in a given fiscal
3 year for scholarships awarded under this Section, then at
4 least 10% of the funds appropriated shall be reserved for
5 qualified bilingual minority applicants, with priority being
6 given to qualified bilingual minority applicants who are
7 enrolled in an educator preparation program with a
8 concentration in bilingual, bicultural education. Beginning
9 with fiscal year 2023, if at least \$4,200,000 is appropriated
10 in a given fiscal year for the Minority Teachers of Illinois
11 scholarship program, then at least 30% of the funds
12 appropriated shall be reserved for qualified bilingual
13 minority applicants, with priority being given to qualified
14 bilingual minority applicants who are enrolled in an educator
15 preparation program with a concentration in bilingual,
16 bicultural education. Beginning with fiscal year 2023, if at
17 least \$2,850,000 is appropriated in a given fiscal year for
18 scholarships awarded under this Section but the Commission
19 does not receive enough applications from qualified bilingual
20 minority applicants on or before January 1 of that fiscal year
21 to award at least 10% of the funds appropriated to qualified
22 bilingual minority applicants, then the Commission may, in its
23 discretion, award a portion of the reserved funds to other
24 qualified students in accordance with subsection (j).

25 (1) Prior to receiving scholarship assistance for any
26 academic year, each recipient of a minority teacher

1 scholarship awarded under this Section shall be required by
2 the Commission to sign an agreement under which the recipient
3 pledges that, within the one-year period following the
4 termination of the program for which the recipient was awarded
5 a minority teacher scholarship, the recipient (i) shall begin
6 teaching for a period of not less than one year for each year
7 of scholarship assistance he or she was awarded under this
8 Section; (ii) shall fulfill this teaching obligation at a
9 nonprofit Illinois public, private, or parochial preschool,
10 elementary school, or secondary school at which no less than
11 30% of the enrolled students are minority students in the year
12 during which the recipient begins teaching at the school or
13 may instead, if the recipient received a scholarship as a
14 qualified bilingual minority applicant, fulfill this teaching
15 obligation in a program in transitional bilingual education
16 pursuant to Article 14C of the School Code or in a school in
17 which 20 or more English learner students in the same language
18 classification are enrolled; and (iii) shall, upon request by
19 the Commission, provide the Commission with evidence that he
20 or she is fulfilling or has fulfilled the terms of the teaching
21 agreement provided for in this subsection.

22 (m) If a recipient of a minority teacher scholarship
23 awarded under this Section fails to fulfill the teaching
24 obligation set forth in subsection (l) of this Section, the
25 Commission shall require the recipient to repay the amount of
26 the scholarships received, prorated according to the fraction

1 of the teaching obligation not completed, at a rate of
2 interest equal to 5%, and, if applicable, reasonable
3 collection fees. If a recipient who enters into repayment
4 under this subsection (m) subsequently, within 5 years of
5 entering repayment, begins to teach at a school meeting the
6 description under subsection (l) of this Section, the
7 Commission may reduce the amount owed by the recipient in
8 proportion to the amount of the teaching obligation completed.
9 The Commission is authorized to establish rules relating to
10 its collection activities for repayment of scholarships under
11 this Section. All repayments collected under this Section
12 shall be forwarded to the State Comptroller for deposit into
13 the State's General Revenue Fund.

14 (n) A recipient of minority teacher scholarship shall not
15 be considered in violation of the agreement entered into
16 pursuant to subsection (l) if the recipient (i) enrolls on a
17 full time basis as a graduate student in a course of study
18 related to the field of teaching at a qualified Illinois
19 institution of higher learning; (ii) is serving, not in excess
20 of 3 years, as a member of the armed services of the United
21 States; (iii) is a person with a temporary total disability
22 for a period of time not to exceed 3 years as established by
23 sworn affidavit of a qualified physician; (iv) is seeking and
24 unable to find full time employment as a teacher at an Illinois
25 public, private, or parochial preschool or elementary or
26 secondary school that satisfies the criteria set forth in

1 subsection (l) of this Section and is able to provide evidence
2 of that fact; (v) becomes a person with a permanent total
3 disability as established by sworn affidavit of a qualified
4 physician; (vi) is taking additional courses, on at least a
5 half-time basis, needed to obtain licensure as a teacher in
6 Illinois; or (vii) is fulfilling teaching requirements
7 associated with other programs administered by the Commission
8 and cannot concurrently fulfill them under this Section in a
9 period of time equal to the length of the teaching obligation.

10 (o) Scholarship recipients under this Section who withdraw
11 from a program of teacher education but remain enrolled in
12 school to continue their postsecondary studies in another
13 academic discipline shall not be required to commence
14 repayment of their Minority Teachers of Illinois scholarship
15 so long as they remain enrolled in school on a full-time basis
16 or if they can document for the Commission special
17 circumstances that warrant extension of repayment.

18 (p) If the Minority Teachers of Illinois scholarship
19 program does not expend at least 90% of the amount
20 appropriated for the program in a given fiscal year for 3
21 consecutive fiscal years and the Commission does not receive
22 enough applications from the groups identified in subsection
23 (k) on or before January 1 in each of those fiscal years to
24 meet the percentage reserved for those groups under subsection
25 (k), then up to 3% of amount appropriated for the program for
26 each of next 3 fiscal years shall be allocated to increasing

1 awareness of the program and for the recruitment of Black male
2 applicants. The Commission shall make a recommendation to the
3 General Assembly by January 1 of the year immediately
4 following the end of that third fiscal year regarding whether
5 the amount allocated to increasing awareness and recruitment
6 should continue.

7 (q) Each qualified Illinois institution of higher learning
8 that receives funds from the Minority Teachers of Illinois
9 scholarship program shall host an annual information session
10 at the institution about the program for teacher candidates of
11 color in accordance with rules adopted by the Commission.
12 Additionally, the institution shall ensure that each
13 scholarship recipient enrolled at the institution meets with
14 an academic advisor at least once per academic year to
15 facilitate on-time completion of the recipient's educator
16 preparation program.

17 (r) The changes made to this Section by Public Act 101-654
18 will first take effect with awards made for the 2022-2023
19 academic year.

23 Sec. 52. Golden Apple Scholars of Illinois Program; Golden
24 Apple Foundation for Excellence in Teaching.

25 (a) In this Section, "Foundation" means the Golden Apple

1 Foundation for Excellence in Teaching, a registered 501(c)(3)
2 not-for-profit corporation.

3 (a-2) In order to encourage academically talented Illinois
4 students, especially minority students, to pursue teaching
5 careers, especially in teacher shortage disciplines (which
6 shall be defined to include early childhood education) or at
7 hard-to-staff schools (as defined by the Commission in
8 consultation with the State Board of Education), to provide
9 those students with the crucial mentoring, guidance, and
10 in-service support that will significantly increase the
11 likelihood that they will complete their full teaching
12 commitments and elect to continue teaching in targeted
13 disciplines and hard-to-staff schools, and to ensure that
14 students in this State will continue to have access to a pool
15 of highly qualified ~~highly-qualified~~ teachers, each qualified
16 student shall be awarded a Golden Apple Scholars of Illinois
17 Program scholarship to any Illinois institution of higher
18 learning. The Commission shall administer the Golden Apple
19 Scholars of Illinois Program, which shall be managed by the
20 Foundation pursuant to the terms of a grant agreement meeting
21 the requirements of Section 4 of the Illinois Grant Funds
22 Recovery Act.

23 (a-3) For purposes of this Section, a qualified student
24 shall be a student who meets the following qualifications:

25 (1) is a resident of this State and a citizen or
26 eligible noncitizen of the United States;

1 (2) is a high school graduate or a person who has
2 received a State of Illinois High School Diploma;

3 (3) is enrolled or accepted, on at least a half-time
4 basis, at an institution of higher learning;

5 (4) is pursuing a postsecondary course of study
6 leading to initial certification or pursuing additional
7 course work needed to gain State Board of Education
8 approval to teach, including alternative teacher
9 licensure; and

10 (5) is a participant in programs managed by and is
11 approved to receive a scholarship from the Foundation.

12 (a-5) (Blank).

13 (b) (Blank).

14 (b-5) Funds designated for the Golden Apple Scholars of
15 Illinois Program shall be used by the Commission for the
16 payment of scholarship assistance under this Section or for
17 the award of grant funds, subject to the Illinois Grant Funds
18 Recovery Act, to the Foundation. Subject to appropriation,
19 awards of grant funds to the Foundation shall be made on an
20 annual basis and following an application for grant funds by
21 the Foundation.

22 (b-10) Each year, the Foundation shall include in its
23 application to the Commission for grant funds an estimate of
24 the amount of scholarship assistance to be provided to
25 qualified students during the grant period. Any amount of
26 appropriated funds exceeding the estimated amount of

1 scholarship assistance may be awarded by the Commission to the
2 Foundation for management expenses expected to be incurred by
3 the Foundation in providing the mentoring, guidance, and
4 in-service supports that will increase the likelihood that
5 qualified students will complete their teaching commitments
6 and elect to continue teaching in hard-to-staff schools. If
7 the estimate of the amount of scholarship assistance described
8 in the Foundation's application is less than the actual amount
9 required for the award of scholarship assistance to qualified
10 students, the Foundation shall be responsible for using
11 awarded grant funds to ensure all qualified students receive
12 scholarship assistance under this Section.

13 (b-15) All grant funds not expended or legally obligated
14 within the time specified in a grant agreement between the
15 Foundation and the Commission shall be returned to the
16 Commission within 45 days. Any funds legally obligated by the
17 end of a grant agreement shall be liquidated within 45 days or
18 otherwise returned to the Commission within 90 days after the
19 end of the grant agreement that resulted in the award of grant
20 funds.

21 (c) Each scholarship awarded under this Section shall be
22 in an amount sufficient to pay the tuition and fees and room
23 and board costs of the Illinois institution of higher learning
24 at which the recipient is enrolled, up to an annual maximum of
25 \$5,000; except that, in the case of a recipient who does not
26 reside on campus at the institution of higher learning at

1 which he or she is enrolled, the amount of the scholarship
2 shall be sufficient to pay tuition and fee expenses and a
3 commuter allowance, up to an annual maximum of \$5,000. All
4 scholarship funds distributed in accordance with this Section
5 shall be paid to the institution on behalf of recipients.

6 (d) The total amount of scholarship assistance awarded by
7 the Commission under this Section to an individual in any
8 given fiscal year, when added to other financial assistance
9 awarded to that individual for that year, shall not exceed the
10 cost of attendance at the institution of higher learning at
11 which the student is enrolled. In any academic year for which a
12 qualified student under this Section accepts financial
13 assistance through any other teacher scholarship program
14 administered by the Commission, a qualified student shall not
15 be eligible for scholarship assistance awarded under this
16 Section.

17 (e) A recipient may receive up to 8 semesters or 12
18 quarters of scholarship assistance under this Section.
19 Scholarship funds are applicable toward 2 semesters or 3
20 quarters of enrollment each academic year.

21 (f) All applications for scholarship assistance to be
22 awarded under this Section shall be made to the Foundation in a
23 form determined by the Foundation. Each year, the Foundation
24 shall notify the Commission of the individuals awarded
25 scholarship assistance under this Section. Each year, at least
26 30% of the Golden Apple Scholars of Illinois Program

1 scholarships shall be awarded to students residing in counties
2 having a population of less than 500,000.

3 (g) (Blank).

4 (h) The Commission shall administer the payment of
5 scholarship assistance provided through the Golden Apple
6 Scholars of Illinois Program and shall make all necessary and
7 proper rules not inconsistent with this Section for the
8 effective implementation of this Section.

9 (i) Prior to receiving scholarship assistance for any
10 academic year, each recipient of a scholarship awarded under
11 this Section shall be required by the Foundation to sign an
12 agreement under which the recipient pledges that, within the
13 2-year period following the termination of the academic
14 program for which the recipient was awarded a scholarship, the
15 recipient: (i) shall begin teaching for a period of not less
16 than 5 years, (ii) shall fulfill this teaching obligation at a
17 nonprofit Illinois public, private, or parochial preschool or
18 an Illinois public elementary or secondary school that
19 qualifies for teacher loan cancellation under Section
20 465(a)(2)(A) of the federal Higher Education Act of 1965 (20
21 U.S.C. 1087ee(a)(2)(A)) or other Illinois schools deemed
22 eligible for fulfilling the teaching commitment as designated
23 by the Foundation, and (iii) shall, upon request of the
24 Foundation, provide the Foundation with evidence that he or
25 she is fulfilling or has fulfilled the terms of the teaching
26 agreement provided for in this subsection. Upon request, the

1 Foundation shall provide evidence of teacher fulfillment to
2 the Commission.

3 (j) If a recipient of a scholarship awarded under this
4 Section fails to fulfill the teaching obligation set forth in
5 subsection (i) of this Section, the Commission shall require
6 the recipient to repay the amount of the scholarships
7 received, prorated according to the fraction of the teaching
8 obligation not completed, plus interest at a rate of 5% and, if
9 applicable, reasonable collection fees. If a recipient who
10 enters into repayment under this subsection (j) subsequently,
11 within 5 years of entering repayment, begins to teach at a
12 school meeting the description under subsection (i) of this
13 Section, the Commission may reduce the amount owed by the
14 recipient in proportion to the amount of the teaching
15 obligation completed. Reduction of the amount owed shall not
16 be construed as reinstatement in the Golden Apple Scholars
17 program. Reinstatement in the program shall be solely at the
18 discretion of the Golden Apple Foundation on terms determined
19 by the Foundation. Payments received by the Commission under
20 this subsection (j) shall be remitted to the State Comptroller
21 for deposit into the General Revenue Fund, except that that
22 portion of a recipient's repayment that equals the amount in
23 expenses that the Commission has reasonably incurred in
24 attempting collection from that recipient shall be remitted to
25 the State Comptroller for deposit into the ISAC Accounts
26 Receivable Fund, a special fund in the State treasury.

1 (k) A recipient of a scholarship awarded by the Foundation
2 under this Section shall not be considered to have failed to
3 fulfill the teaching obligations of the agreement entered into
4 pursuant to subsection (i) if the recipient (i) enrolls on a
5 full-time basis as a graduate student in a course of study
6 related to the field of teaching at an institution of higher
7 learning; (ii) is serving as a member of the armed services of
8 the United States; (iii) is a person with a temporary total
9 disability, as established by sworn affidavit of a qualified
10 physician; (iv) is seeking and unable to find full-time
11 employment as a teacher at a school that satisfies the
12 criteria set forth in subsection (i) and is able to provide
13 evidence of that fact; (v) is taking additional courses, on at
14 least a half-time basis, needed to obtain certification as a
15 teacher in Illinois; (vi) is fulfilling teaching requirements
16 associated with other programs administered by the Commission
17 and cannot concurrently fulfill them under this Section in a
18 period of time equal to the length of the teaching obligation;
19 or (vii) is participating in a program established under
20 Executive Order 10924 of the President of the United States or
21 the federal National Community Service Act of 1990 (42 U.S.C.
22 12501 et seq.). Any such extension of the period during which
23 the teaching requirement must be fulfilled shall be subject to
24 limitations of duration as established by the Commission.

25 (l) A recipient who fails to fulfill the teaching
26 obligations of the agreement entered into pursuant to

1 subsection (i) of this Section shall repay the amount of
2 scholarship assistance awarded to them under this Section
3 within 10 years.

4 (m) Annually, at a time determined by the Commission in
5 consultation with the Foundation, the Foundation shall submit
6 a report to assist the Commission in monitoring the
7 Foundation's performance of grant activities. The report shall
8 describe the following:

9 (1) the Foundation's anticipated expenditures for the
10 next fiscal year;

11 (2) the number of qualified students receiving
12 scholarship assistance at each institution of higher
13 learning where a qualified student was enrolled under this
14 Section during the previous fiscal year;

15 (3) the total monetary value of scholarship funds paid
16 to each institution of higher learning at which a
17 qualified student was enrolled during the previous fiscal
18 year;

19 (4) the number of scholarship recipients who completed
20 a baccalaureate degree during the previous fiscal year;

21 (5) the number of scholarship recipients who fulfilled
22 their teaching obligation during the previous fiscal year;

23 (6) the number of scholarship recipients who failed to
24 fulfill their teaching obligation during the previous
25 fiscal year;

26 (7) the number of scholarship recipients granted an

1 extension described in subsection (k) of this Section
2 during the previous fiscal year;

3 (8) the number of scholarship recipients required to
4 repay scholarship assistance in accordance with subsection
5 (j) of this Section during the previous fiscal year;

6 (9) the number of scholarship recipients who
7 successfully repaid scholarship assistance in full during
8 the previous fiscal year;

9 (10) the number of scholarship recipients who
10 defaulted on their obligation to repay scholarship
11 assistance during the previous fiscal year;

12 (11) the amount of scholarship assistance subject to

3-801.1 as follows:

(210 ILCS 46/3-801.1)

Sec. 3-801.1. Access to records of resident with
developmental disabilities. Notwithstanding the other
provisions of this Act to the contrary, the agency designated
by the Governor under Section 1 of the Protection and Advocacy
for Persons with Developmental Disabilities Act ~~"An Act in
relation to the protection and advocacy of the rights of
persons with developmental disabilities, and amending Acts
therein named", enacted by the 84th General Assembly,~~ shall
have access to the records of a person with developmental
disabilities who resides in a facility, subject to the
limitations of this Act. The agency shall also have access for
the purpose of inspection and copying, to the records of a
person with developmental disabilities who resides in any such
facility if (1) a complaint is received by such agency from or
on behalf of the person with a developmental disability, and
(2) such person does not have a guardian or the State or the
designee of the State is the guardian of such person. The
designated agency shall provide written notice to the person
with developmental disabilities and the State guardian of the

1 nature of the complaint based upon which the designated agency
2 has gained access to the records. No record or the contents of
3 any record shall be redisclosed by the designated agency
4 unless the person with developmental disabilities and the
5 State guardian are provided 7 days' advance written notice,
6 except in emergency situations, of the designated agency's
7 intent to redisclose such record, during which time the person
8 with developmental disabilities or the State guardian may seek
9 to judicially enjoin the designated agency's redisclosure of
10 such record on the grounds that such redisclosure is contrary

13 resides in such a facility and has a guardian other than the
14 State or the designee of the State, the facility director
15 shall disclose the guardian's name, address, and telephone

23 the records. However, the designated agency may not inspect or
24 copy any records or other materials when the removal of
25 personally identifiable information imposes an unreasonable
26 burden on the facility. For the purposes of this Section,

1 "developmental disability" means "developmental disability" as
2 defined in Section 1-106 of the Mental Health and

7 (210 ILCS 50/3.40)

8 Sec. 3.40. EMS System Participation Suspensions and Due
9 Process.

10 (a) An EMS Medical Director may suspend from participation
11 within the System any EMS personnel, EMS Lead Instructor (LI),
12 individual, individual provider, or other participant
13 considered not to be meeting the requirements of the Program
14 Plan of that approved EMS System. An EMS Medical Director must
15 submit a suspension order to the Department describing which
16 requirements of the Program Plan were not met and the
17 suspension's duration. The Department shall review and confirm
18 receipt of the suspension order, request additional
19 information, or initiate an investigation. The Department
20 shall incorporate the duration of that suspension into any
21 further action taken by the Department to suspend, revoke, or
22 refuse to issue or renew the license of the individual or
23 entity for any violation of this Act or the Program Plan
24 arising from the same conduct for which the suspension order

1 was issued if the suspended party has neither requested a
2 Department hearing on the suspension nor worked as a provider
3 in any other System during the term of the suspension.

4 (b) Prior to suspending any individual or entity, an EMS
5 Medical Director shall provide an opportunity for a hearing
6 before the local System review board in accordance with
7 subsection (f) and the rules promulgated by the Department.

8 (1) If the local System review board affirms or
9 modifies the EMS Medical Director's suspension order, the
10 individual or entity shall have the opportunity for a
11 review of the local board's decision by the State EMS
12 Disciplinary Review Board, pursuant to Section 3.45 of
13 this Act.

14 (2) If the local System review board reverses or
15 modifies the EMS Medical Director's order, the EMS Medical
16 Director shall have the opportunity for a review of the
17 local board's decision by the State EMS Disciplinary
18 Review Board, pursuant to Section 3.45 of this Act.

19 (3) The suspension shall commence only upon the
20 occurrence of one of the following:

21 (A) the individual or entity has waived the
22 opportunity for a hearing before the local System
23 review board;

24 (B) the order has been affirmed or modified by the
25 local system review board and the individual or entity
26 has waived the opportunity for review by the State

1 Board; or

2 (C) the order has been affirmed or modified by the
3 local system review board, and the local board's
4 decision has been affirmed or modified by the State
5 Board.

6 (c) An individual interviewed or investigated by the local
7 system review board or the Department shall have the right to a
8 union representative and legal counsel of the individual's
9 choosing present at any interview. The union representative
10 must comply with any confidentiality requirements and
11 requirements for the protection of any patient information
12 presented during the proceeding.

13 (d) An EMS Medical Director may immediately suspend an
14 EMR, EMD, EMT, EMT-I, A-EMT, Paramedic, ECRN, PHRN, LI, PHPA,
15 PHAPRN, or other individual or entity if he or she finds that
16 the continuation in practice by the individual or entity would
17 constitute an imminent danger to the public. The suspended
18 individual or entity shall be issued an immediate verbal
19 notification followed by a written suspension order by the EMS
20 Medical Director which states the length, terms, and basis for
21 the suspension.

22 (1) Within 24 hours following the commencement of the
23 suspension, the EMS Medical Director shall deliver to the
24 Department, by messenger, telefax, or other
25 Department-approved electronic communication, a copy of
26 the suspension order and copies of any written materials

1 which relate to the EMS Medical Director's decision to
2 suspend the individual or entity. All medical and
3 patient-specific information, including Department
4 findings with respect to the quality of care rendered,
5 shall be strictly confidential pursuant to the Medical
6 Studies Act (Part 21 of Article VIII of the Code of Civil
7 Procedure).

8 (2) Within 24 hours following the commencement of the
9 suspension, the suspended individual or entity may deliver
10 to the Department, by messenger, telefax, or other
11 Department-approved electronic communication, a written
12 response to the suspension order and copies of any written
13 materials which the individual or entity feels are
14 appropriate. All medical and patient-specific information,
15 including Department findings with respect to the quality
16 of care rendered, shall be strictly confidential pursuant
17 to the Medical Studies Act.

19 Medical Director's suspension order or the individual or
20 entity's written response, whichever is later, the
21 Director or the Director's designee shall determine
22 whether the suspension should be stayed pending an
23 opportunity for a hearing or review in accordance with
24 this Act, or whether the suspension should continue during
25 the course of that hearing or review. When an immediate
26 suspension order is not stayed, the Director or the

1 Director's designee within the Department shall identify
2 if that suspension shall immediately apply to statewide
3 participation only in situations when a licensee has been
4 charged with a crime while performing the licensee's
5 official duties as an EMR, EMD, EMT, EMT-I, A-EMT,
6 Paramedic, ECRN, TNS, PHRN, LI, PHPA, or PHAPRN and the
7 licensee's continuation to practice poses the possibility
8 of imminent harm to the public based upon ~~off~~ factual
9 evidence provided to the Department. The determination to
10 issue an immediate statewide suspension shall not deny the
11 right to due process to a licensee. The Director or the
12 Director's designee shall issue this determination to the
13 EMS Medical Director, who shall immediately notify the
14 suspended individual or entity. The suspension shall
15 remain in effect during this period of review by the
16 Director or the Director's designee.

17 (e) Upon issuance of a suspension order for reasons
18 directly related to medical care, the EMS Medical Director
19 shall also provide the individual or entity with the
20 opportunity for a hearing before the local System review
21 board, in accordance with subsection (f) and the rules
22 promulgated by the Department.

23 (1) If the local System review board affirms or
24 modifies the EMS Medical Director's suspension order, the
25 individual or entity shall have the opportunity for a
26 review of the local board's decision by the State EMS

1 Disciplinary Review Board, pursuant to Section 3.45 of
2 this Act.

3 (2) If the local System review board reverses or
4 modifies the EMS Medical Director's suspension order, the
5 EMS Medical Director shall have the opportunity for a
6 review of the local board's decision by the State EMS
7 Disciplinary Review Board, pursuant to Section 3.45 of
8 this Act.

9 (3) The suspended individual or entity may elect to
10 bypass the local System review board and seek direct
11 review of the EMS Medical Director's suspension order by
12 the State EMS Disciplinary Review Board.

13 (f) The Resource Hospital shall designate a local System
14 review board in accordance with the rules of the Department,
15 for the purpose of providing a hearing to any individual or
16 entity participating within the System who is suspended from
17 participation by the EMS Medical Director. The EMS Medical
18 Director shall arrange for a certified shorthand reporter to
19 make a stenographic record of that hearing and thereafter
20 prepare a transcript of the proceedings. The EMS Medical
21 Director shall inform the individual of the individual's right
22 to have a union representative and legal counsel of the
23 individual's choosing present at any interview. The union
24 representative must comply with any confidentiality
25 requirements and requirements for the protection of any
26 patient information presented during the proceeding. The

1 transcript, all documents or materials received as evidence
2 during the hearing and the local System review board's written
3 decision shall be retained in the custody of the EMS system.
4 The System shall implement a decision of the local System
5 review board unless that decision has been appealed to the
6 State Emergency Medical Services Disciplinary Review Board in
7 accordance with this Act and the rules of the Department.

8 (g) The Resource Hospital shall implement a decision of
9 the State Emergency Medical Services Disciplinary Review Board

4 with the Acute Stroke-Ready Hospital;

5 (H) admit stroke patients to a unit that can
6 provide appropriate care that considers and reflects
7 nationally recognized, evidence-based protocols or
8 guidelines or transfer stroke patients to an Acute
9 Stroke-Ready Hospital, Primary Stroke Center, or
10 Comprehensive Stroke Center, or another facility that
11 can provide the appropriate care that considers and
12 reflects nationally recognized, evidence-based
13 protocols or guidelines; and

14 (I) demonstrate compliance with nationally
15 recognized quality indicators.

16 (4) With respect to Acute Stroke-Ready Hospital
17 designation, the Department shall have the authority and
18 responsibility to do the following:

19 (A) Require hospitals applying for Acute
20 Stroke-Ready Hospital designation to attest, on a form
21 developed by the Department in consultation with the
22 State Stroke Advisory Subcommittee, that the hospital
23 meets, and will continue to meet, the criteria for an
24 Acute Stroke-Ready Hospital.

25 (A-5) Require hospitals applying for Acute
26 Stroke-Ready Hospital designation via national Acute

1 Stroke-Ready Hospital certification to provide proof
2 of current Acute Stroke-Ready Hospital certification,
3 in good standing.

4 The Department shall require a hospital that is
5 already certified as an Acute Stroke-Ready Hospital to
6 send a copy of the Certificate to the Department.

7 Within 30 business days of the Department's
8 receipt of a hospital's Acute Stroke-Ready Certificate
9 and Application for Stroke Center Designation form
10 that indicates that the hospital is a certified Acute
11 Stroke-Ready Hospital, in good standing, the hospital
12 shall be deemed a State-designated Acute Stroke-Ready
13 Hospital. The Department shall send a designation
14 notice to each hospital that it designates as an Acute
15 Stroke-Ready Hospital and shall add the names of
16 designated Acute Stroke-Ready Hospitals to the website
17 listing immediately upon designation. The Department
18 shall immediately remove the name of a hospital from
19 the website listing when a hospital loses its
20 designation after notice and, if requested by the
21 hospital, a hearing.

22 The Department shall develop an Application for
23 Stroke Center Designation form that contains a
24 statement that "The above named facility meets the
25 requirements for Acute Stroke-Ready Hospital
26 Designation as provided in Section 3.117 of the

1 Emergency Medical Services (EMS) Systems Act" and
2 shall instruct the applicant facility to provide: the
3 hospital name and address; the hospital CEO or
4 Administrator's typed name and signature; the hospital
5 Clinical Director of Stroke Care's typed name and
6 signature; and a contact person's typed name, email
7 address, and phone number.

8 The Application for Stroke Center Designation form
9 shall contain a statement that instructs the hospital
10 to "Provide proof of current Acute Stroke-Ready
11 Hospital certification from a nationally recognized
12 certifying body approved by the Department".

13 (B) Designate a hospital as an Acute Stroke-Ready
14 Hospital no more than 30 business days after receipt
15 of an attestation that meets the requirements for
16 attestation, unless the Department, within 30 days of
17 receipt of the attestation, chooses to conduct an
18 onsite survey prior to designation. If the Department
19 chooses to conduct an onsite survey prior to
20 designation, then the onsite survey shall be conducted
21 within 90 days of receipt of the attestation.

22 (C) Require annual written attestation, on a form
23 developed by the Department in consultation with the
24 State Stroke Advisory Subcommittee, by Acute
25 Stroke-Ready Hospitals to indicate compliance with
26 Acute Stroke-Ready Hospital criteria, as described in

1 this Section, and automatically renew Acute
2 Stroke-Ready Hospital designation of the hospital.

3 (D) Issue an Emergency Suspension of Acute
4 Stroke-Ready Hospital designation when the Director,
5 or his or her designee, has determined that the
6 hospital no longer meets the Acute Stroke-Ready
7 Hospital criteria and an immediate and serious danger
8 to the public health, safety, and welfare exists. If
9 the Acute Stroke-Ready Hospital fails to eliminate the
10 violation immediately or within a fixed period of
11 time, not exceeding 10 days, as determined by the
12 Director, the Director may immediately revoke the
13 Acute Stroke-Ready Hospital designation. The Acute
14 Stroke-Ready Hospital may appeal the revocation within
15 15 business days after receiving the Director's
16 revocation order, by requesting an administrative
17 hearing.

18 (E) After notice and an opportunity for an
19 administrative hearing, suspend, revoke, or refuse to
20 renew an Acute Stroke-Ready Hospital designation, when
21 the Department finds the hospital is not in
22 substantial compliance with current Acute Stroke-Ready
23 Hospital criteria.

24 (c) The Department shall consult with the State Stroke
25 Advisory Subcommittee for developing the designation,
26 re-designation, and de-designation processes for Comprehensive

1 Stroke Centers, Thrombectomy Capable Stroke Centers,
2 Thrombectomy Ready Stroke Centers, Primary Stroke Centers
3 Plus, Primary Stroke Centers, and Acute Stroke-Ready
4 Hospitals.

5 (d) The Department shall consult with the State Stroke
6 Advisory Subcommittee as subject matter experts at least
7 annually regarding stroke standards of care.

3 (b) The information and instructional materials described
4 in subsection (a) may be provided electronically.

5 (c) Nothing in this Section prohibits a hospital from
6 obtaining free and suitable information on voluntary milk

22 Section 20.5 of the Vital Records Act. The Department of
23 Public Health shall develop language on a form to be used for

5 changing Section 35 as follows:

6 (210 ILCS 88/35)

7 Sec. 35. Collection limitations.

8 (a) The hospital shall not pursue legal action for
9 non-payment of a hospital bill against uninsured patients who
10 have clearly demonstrated that they have neither sufficient
11 income nor assets to meet their financial obligations provided
12 the patient has complied with Section 45 of this Act.

13 (b) A hospital may not bill an uninsured patient who ~~that~~
14 requires health care services, as defined in Section 5 of the
15 Hospital Uninsured Patient Discount Act, if it determines,
16 through its financial assistance screening process, that the
17 patient has a household income that qualifies the person for
18 free care under the Hospital Uninsured Patient Discount Act.
19 If the patient is deemed eligible for public health insurance

21 Insurance, the hospital shall provide information to the

15 (215 ILCS 5/355)

16 Sec. 355. Accident and health policies; provisions.

17 (a) As used in this Section:

18 "Inadequate rate" means a rate:

19 (1) that is insufficient to sustain projected losses
20 and expenses to which the rate applies; and

21 (2) the continued use of which endangers the solvency
22 of an insurer using that rate.

23 "Large employer" has the meaning provided in the Illinois
24 Health Insurance Portability and Accountability Act.

25 "Plain language" has the meaning provided in the federal

1 Plain Writing Act of 2010 and subsequent guidance documents,
2 including the Federal Plain Language Guidelines.

3 "Unreasonable rate increase" means a rate increase that
4 the Director determines to be excessive, unjustified, or
5 unfairly discriminatory in accordance with 45 CFR 154.205.

6 (b) No policy of insurance against loss or damage from the
7 sickness, or from the bodily injury or death of the insured by
8 accident shall be issued or delivered to any person in this
9 State until a copy of the form thereof and of the
10 classification of risks and the premium rates pertaining
11 thereto have been filed with the Director; nor shall it be so
12 issued or delivered until the Director shall have approved
13 such policy pursuant to the provisions of Section 143. If the
14 Director disapproves the policy form, he or she shall make a
15 written decision stating the respects in which such form does
16 not comply with the requirements of law and shall deliver a
17 copy thereof to the company and it shall be unlawful
18 thereafter for any such company to issue any policy in such
19 form. On and after January 1, 2025, any form filing submitted
20 for large employer group accident and health insurance shall
21 be automatically deemed approved within 90 days of the
22 submission date unless the Director extends by not more than
23 an additional 30 days the period within which the form shall be
24 approved or disapproved by giving written notice to the
25 insurer of such extension before the expiration of the 90
26 days. Any form in receipt of such an extension shall be

1 automatically deemed approved within 120 days of the
2 submission date. The Director may toll the filing due to a
3 conflict in legal interpretation of federal or State law as
4 long as the tolling is applied uniformly to all applicable
5 forms, written notification is provided to the insurer prior
6 to the tolling, the duration of the tolling is provided within
7 the notice to the insurer, and justification for the tolling
8 is posted to the Department's website. The Director may
9 disapprove the filing if the insurer fails to respond to an
10 objection or request for additional information within the
11 timeframe identified for response. As used in this subsection,
12 "large employer" has the meaning given in Section 5 of the
13 federal Health Insurance Portability and Accountability Act.

14 (c) For plan year 2026 and thereafter, premium rates for
15 all individual and small group accident and health insurance
16 policies must be filed with the Department for approval.
17 Unreasonable rate increases or inadequate rates shall be
18 modified or disapproved. For any plan year during which the
19 Illinois Health Benefits Exchange operates as a full
20 State-based exchange, the Department shall provide insurers at
21 least 30 days' notice of the deadline to submit rate filings.

22 (c-5) Unless prohibited under federal law, for plan year
23 2026 and thereafter, each insurer proposing to offer a
24 qualified health plan issued in the individual market through
25 the Illinois Health Benefits Exchange must incorporate the
26 following approach in its rate filing under this Section:

1 (1) The rate filing must apply a cost-sharing
2 reduction defunding adjustment factor within a range that:

3 (A) is uniform across all insurers;

4 (B) is consistent with the total adjustment
5 expected to be needed to cover actual cost-sharing
6 reduction costs across all silver plans on the
7 Illinois Health Benefits Exchange statewide, provided
8 that such costs are calculated assuming utilization by
9 the State's full individual-market risk pool; and

10 (C) assumes that the only on-Exchange silver plans
11 that will be purchased are the 87% and 94%
12 cost-sharing reduction variations.

13 (2) The rate filing must apply an induced demand
14 factor based on the following formula: (Plan Actuarial
15 Value)² - (Plan Actuarial Value) + 1.24.

16 In the annual notice to insurers described in subsection
17 (c), the Department must include the specific numerical range
18 calculated for the applicable plan year under paragraph (1) of
19 this subsection (c-5) and the formula in paragraph (2) of this
20 subsection (c-5).

21 (d) For plan year 2025 and thereafter, the Department
22 shall post all insurers' rate filings and summaries on the
23 Department's website 5 business days after the rate filing
24 deadline set by the Department in annual guidance. The rate
25 filings and summaries posted to the Department's website shall
26 exclude information that is proprietary or trade secret

1 information protected under paragraph (g) of subsection (1) of
2 Section 7 of the Freedom of Information Act or confidential or
3 privileged under any applicable insurance law or rule. All
4 summaries shall include a brief justification of any rate
5 increase or decrease requested, including the number of
6 individual members, the medical loss ratio, medical trend,
7 administrative costs, and any other information required by
8 rule. The plain writing summary shall include notification of
9 the public comment period established in subsection (e).

10 (e) The Department shall open a 30-day public comment
11 period on the rate filings beginning on the date that all of
12 the rate filings are posted on the Department's website. The
13 Department shall post all of the comments received to the
14 Department's website within 5 business days after the comment
15 period ends.

16 (f) After the close of the public comment period described
17 in subsection (e), the Department, beginning for plan year
18 2026, shall issue a decision to approve, disapprove, or modify
19 a rate filing within 60 days. Any rate filing or any rates
20 within a filing on which the Director does not issue a decision
21 within 60 days shall automatically be deemed approved. The
22 Director's decision shall take into account the actuarial
23 justifications and public comments. The Department shall
24 notify the insurer of the decision, make the decision
25 available to the public by posting it on the Department's
26 website, and include an explanation of the findings, actuarial

1 justifications, and rationale that are the basis for the
2 decision. Any company whose rate has been modified or
3 disapproved shall be allowed to request a hearing within 10
4 days after the action taken. The action of the Director in
5 disapproving a rate shall be subject to judicial review under
6 the Administrative Review Law.

7 (g) If, following the issuance of a decision but before
8 the effective date of the premium rates approved by the
9 decision, an event occurs that materially affects the
10 Director's decision to approve, deny, or modify the rates, the
11 Director may consider supplemental facts or data reasonably
12 related to the event.

13 (h) The Department shall adopt rules implementing the
14 procedures described in subsections (d) through (g) by March
15 31, 2024.

16 (i) Subsection (a), subsections (c) through (h), and
17 subsection (j) of this Section do not apply to grandfathered
18 health plans as defined in 45 CFR 147.140; excepted benefits
19 as defined in 42 U.S.C. 300gg-91; or student health insurance
20 coverage as defined in 45 CFR 147.145. For a filing of premium
21 rates or classifications of risk for any of these types of
22 coverage, the Director's initial review period shall not
23 exceed 60 days to issue informal objections to the company
24 that request additional clarification, explanation,
25 substantiating documentation, or correction of concerns
26 identified in the filing before the company implements the

1 premium rates, classifications, or related rate-setting
2 methodologies described in the filing, except that the
3 Director may extend by not more than an additional 30 days the
4 period of initial review by giving written notice to the
5 company of such extension before the expiration of the initial
6 60-day period. Nothing in this subsection shall confer
7 authority upon the Director to approve, modify, or disapprove
8 rates where that authority is not provided by other law.
9 Nothing in this subsection shall prohibit the Director from
10 conducting any investigation, examination, hearing, or other
11 formal administrative or enforcement proceeding with respect
12 to a company's rate filing or implementation thereof under
13 applicable law at any time, including after the period of
14 initial review.

15 (j) Subsection (a) and subsections (c) through (h) do not
16 apply to group policies issued in the large group market as
17 defined in Section 5 of the Illinois Health Insurance
18 Portability and Accountability Act. For large group policies
19 issued, delivered, amended, or renewed on or after January 1,
20 2026 that are not described in subsection (i), the premium
21 rates and risk classifications, including any rate manuals and
22 rules used to arrive at the rates, must be filed with the
23 Department annually for approval at least 120 days before the
24 rates are intended to take effect.

25 (1) A rate filing shall be modified or disapproved if
26 the premiums are unreasonable in relation to the benefits

1 because the rates were not calculated in accordance with
2 sound actuarial principles.

3 (2) Within 60 days of receipt of the rate filing, the
4 Director shall issue a decision to approve, disapprove, or
5 modify the filing along with the reasons and actuarial
6 justification for the decision. Any rate filing or rates
7 within a filing on which the Director does not issue a
8 decision within 60 days shall be automatically deemed
9 approved.

10 (3) Any company whose rate or rate filing has been
11 modified or disapproved shall be allowed to request a
12 hearing within 10 days after the action taken. The action
13 of the Director in disapproving a rate or rate filing
14 shall be subject to judicial review under the
15 Administrative Review Law.

16 (4) Nothing in this subsection requires a company to
17 file a large group policy's final premium rates for prior
18 approval if the company negotiates the final rates or rate
19 adjustments with the plan sponsor or its administrator in
20 accordance with the rate manual and rules of the currently
21 approved rate filing for the policy.

22 In this subsection, "administrator" and "plan sponsor"
23 have the meanings ~~meaning~~ given to those terms in 29 U.S.C.
24 1002(16).

2 (215 ILCS 5/356z.5)

3 Sec. 356z.5. Prescription inhalers ~~inhalants~~.

4 (a) In this Section, "prescription inhaler" means a
5 prescribed medical device that delivers inhaled medications
6 used to treat breathing for persons suffering from asthma or
7 other life-threatening bronchial ailments. "Prescription
8 inhaler" includes metered-dose inhalers, nebulizers, and dry
9 powder inhalers. "Prescription inhaler" does not include
10 inhalers available over the counter without a prescription to
11 provide temporary relief from respiratory symptoms.

12 (b) A group or individual policy of accident and health
13 insurance or managed care plan amended, delivered, issued, or
14 renewed through December 31, 2025 that provides coverage for
15 prescription drugs may not deny or limit coverage for
16 prescription inhalers to enable persons to breathe when
17 suffering from asthma or other life-threatening bronchial
18 ailments based upon any restriction on the number of days
19 before an inhaler refill may be obtained if, contrary to those
20 restrictions, the inhalants have been ordered or prescribed by
21 the treating physician and are medically appropriate.

22 (c) A group or individual policy of accident and health
23 insurance or managed care plan amended, delivered, issued, or
24 renewed on or after January 1, 2026 that provides coverage for
25 prescription drugs may not deny or limit, except as otherwise

1 provided in this subsection, coverage for prescription
2 inhalers to enable persons to breathe when suffering from
3 asthma or other life-threatening bronchial ailments based upon
4 any restriction on the number of days before an inhaler refill
5 may be obtained if, contrary to those restrictions, the
6 inhalants have been ordered or prescribed by the treating
7 physician and are medically appropriate. A group or individual
8 policy of accident and health insurance or managed care plan
9 subject to this subsection shall limit the total amount that a
10 covered person is required to pay for a covered prescription
11 inhaler to an amount not to exceed \$25 per 30-day supply.

12 (d) Nothing in this Section prevents a group or individual
13 policy of accident and health insurance or managed care plan
14 from reducing a covered person's cost sharing to an amount
15 less than the amount specified in subsection (c).

16 (e) Coverage for prescription inhalers shall not be
17 subject to any deductible; except that this provision does not
18 apply to the extent such coverage would disqualify a
19 high-deductible health plan from eligibility for a health
20 savings account pursuant to Section 223 of the Internal
21 Revenue Code (26 U.S.C. 223).

22 (f) The Department may adopt rules necessary to implement
23 and administer this Section and to align with federal
24 requirements. The Department may use any of its enforcement
25 powers to obtain a group or individual policy of accident and
26 health insurance's or managed care plan's compliance with this

1 Section.

4 Sec. 356z.14. Autism spectrum disorders.

5 (a) A group or individual policy of accident and health
6 insurance or managed care plan amended, delivered, issued, or
7 renewed after December 12, 2008 (the effective date of Public
8 Act 95-1005) must provide individuals under 21 years of age
9 coverage for the diagnosis of autism spectrum disorders and
10 for the treatment of autism spectrum disorders to the extent
11 that the diagnosis and treatment of autism spectrum disorders
12 are not already covered by the policy of accident and health
13 insurance or managed care plan.

14 (b) Coverage provided under this Section shall be subject
15 to a maximum benefit of \$36,000 per year, but shall not be
16 subject to any limits on the number of visits to a service
17 provider. ~~The After December 30, 2009, the Director of the~~
18 ~~Division of~~ Insurance shall, on an annual basis, adjust the
19 maximum benefit for inflation using the Medical Care Component
20 of the United States Department of Labor Consumer Price Index
21 for All Urban Consumers. Payments made by an insurer on behalf
22 of a covered individual for any care, treatment, intervention,
23 service, or item, the provision of which was for the treatment
24 of a health condition not diagnosed as an autism spectrum
25 disorder, shall not be applied toward any maximum benefit

1 established under this subsection.

2 (c) Coverage under this Section shall be subject to
3 copayment, deductible, and coinsurance provisions of a policy
4 of accident and health insurance or managed care plan to the
5 extent that other medical services covered by the policy of
6 accident and health insurance or managed care plan are subject
7 to these provisions.

8 (d) This Section shall not be construed as limiting
9 benefits that are otherwise available to an individual under a
10 policy of accident and health insurance or managed care plan
11 and benefits provided under this Section may not be subject to
12 dollar limits, deductibles, copayments, or coinsurance
13 provisions that are less favorable to the insured than the
14 dollar limits, deductibles, or coinsurance provisions that
15 apply to physical illness generally.

16 (e) An insurer may not deny or refuse to provide otherwise
17 covered services, or refuse to renew, refuse to reissue, or
18 otherwise terminate or restrict coverage under an individual
19 contract to provide services to an individual because the
20 individual or the individual's ~~their~~ dependent is diagnosed
21 with an autism spectrum disorder or due to the individual
22 utilizing benefits in this Section.

23 (e-5) An insurer may not deny or refuse to provide
24 otherwise covered services under a group or individual policy
25 of accident and health insurance or a managed care plan solely
26 because of the location wherein the clinically appropriate

1 services are provided.

2 (f) Upon request of the reimbursing insurer, a provider of
3 treatment for autism spectrum disorders shall furnish medical
4 records, clinical notes, or other necessary data that
5 substantiate that initial or continued medical treatment is
6 medically necessary and is resulting in improved clinical
7 status. When treatment is anticipated to require continued
8 services to achieve demonstrable progress, the insurer may
9 request a treatment plan consisting of diagnosis, proposed
10 treatment by type, frequency, anticipated duration of
11 treatment, the anticipated outcomes stated as goals, and the
12 frequency by which the treatment plan will be updated.

13 (g) When making a determination of medical necessity for a
14 treatment modality for autism spectrum disorders, an insurer
15 must make the determination in a manner that is consistent
16 with the manner used to make that determination with respect
17 to other diseases or illnesses covered under the policy,
18 including an appeals process. During the appeals process, any
19 challenge to medical necessity must be viewed as reasonable
20 only if the review includes a physician with expertise in the
21 most current and effective treatment modalities for autism
22 spectrum disorders.

23 (h) Coverage for medically necessary early intervention
24 services must be delivered by certified early intervention
25 specialists, as defined in 89 Ill. Adm. Code 500 and any
26 subsequent amendments thereto.

1 (h-5) If an individual has been diagnosed as having an
2 autism spectrum disorder, meeting the diagnostic criteria in
3 place at the time of diagnosis, and treatment is determined
4 medically necessary, then that individual shall remain
5 eligible for coverage under this Section even if subsequent
6 changes to the diagnostic criteria are adopted by the American
7 Psychiatric Association. If no changes to the diagnostic
8 criteria are adopted after April 1, 2012, and before December
9 31, 2014, then this subsection (h-5) shall be of no further
10 force and effect.

11 (h-10) An insurer may not deny or refuse to provide
12 covered services, or refuse to renew, refuse to reissue, or
13 otherwise terminate or restrict coverage under an individual
14 contract, for a person diagnosed with an autism spectrum
15 disorder on the basis that the individual declined an
16 alternative medication or covered service when the
17 individual's health care provider has determined that such
18 medication or covered service may exacerbate clinical
19 symptomatology and is medically contraindicated for the
20 individual and the individual has requested and received a
21 medical exception as provided for under Section 45.1 of the
22 Managed Care Reform and Patient Rights Act. For the purposes
23 of this subsection (h-10), "clinical symptomatology" means any
24 indication of disorder or disease when experienced by an
25 individual as a change from normal function, sensation, or
26 appearance.

1 (h-15) If, at any time, the Secretary of the United States
2 Department of Health and Human Services, or its successor
3 agency, promulgates rules or regulations to be published in
4 the Federal Register or publishes a comment in the Federal
5 Register or issues an opinion, guidance, or other action that
6 would require the State, pursuant to any provision of the
7 Patient Protection and Affordable Care Act (Public Law
8 111-148), including, but not limited to, 42 U.S.C.
9 18031(d)(3)(B) or any successor provision, to defray the cost
10 of any coverage outlined in subsection (h-10), then subsection
11 (h-10) is inoperative with respect to all coverage outlined in
12 subsection (h-10) other than that authorized under Section
13 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State
14 shall not assume any obligation for the cost of the coverage
15 set forth in subsection (h-10).

16 (i) As used in this Section:

17 "Autism spectrum disorders" means pervasive developmental
18 disorders as defined in the most recent edition of the
19 Diagnostic and Statistical Manual of Mental Disorders,
20 including autism, Asperger's disorder, and pervasive
21 developmental disorder not otherwise specified.

22 "Diagnosis of autism spectrum disorders" means one or more
23 tests, evaluations, or assessments to diagnose whether an
24 individual has autism spectrum disorder that is prescribed,
25 performed, or ordered by (A) a physician licensed to practice
26 medicine in all its branches or (B) a licensed clinical

1 psychologist with expertise in diagnosing autism spectrum
2 disorders.

3 "Medically necessary" means any care, treatment,
4 intervention, service, or item which will or is reasonably
5 expected to do any of the following: (i) prevent the onset of
6 an illness, condition, injury, disease, or disability; (ii)
7 reduce or ameliorate the physical, mental, or developmental
8 effects of an illness, condition, injury, disease, or
9 disability; or (iii) assist to achieve or maintain maximum
10 functional activity in performing daily activities.

11 "Treatment for autism spectrum disorders" shall include
12 the following care prescribed, provided, or ordered for an
13 individual diagnosed with an autism spectrum disorder by (A) a
14 physician licensed to practice medicine in all its branches or
15 (B) a certified, registered, or licensed health care
16 professional with expertise in treating effects of autism
17 spectrum disorders when the care is determined to be medically
18 necessary and ordered by a physician licensed to practice
19 medicine in all its branches:

20 (1) Psychiatric care, meaning direct, consultative, or
21 diagnostic services provided by a licensed psychiatrist.

22 (2) Psychological care, meaning direct or consultative
23 services provided by a licensed psychologist.

24 (3) Habilitative or rehabilitative care, meaning
25 professional, counseling, and guidance services and
26 treatment programs, including applied behavior analysis,

1 that are intended to develop, maintain, and restore the
2 functioning of an individual. As used in this subsection
3 (i), "applied behavior analysis" means the design,
4 implementation, and evaluation of environmental
5 modifications using behavioral stimuli and consequences to
6 produce socially significant improvement in human
7 behavior, including the use of direct observation,
8 measurement, and functional analysis of the relations
9 between environment and behavior.

10 (4) Therapeutic care, including behavioral, speech,
11 occupational, and physical therapies that provide
12 treatment in the following areas: (i) self care and
13 feeding, (ii) pragmatic, receptive, and expressive
14 language, (iii) cognitive functioning, (iv) applied
15 behavior analysis, intervention, and modification, (v)
16 motor planning, and (vi) sensory processing.

17 (j) Rulemaking authority to implement this amendatory Act
18 of the 95th General Assembly, if any, is conditioned on the
19 rules being adopted in accordance with all provisions of the
20 Illinois Administrative Procedure Act and all rules and
21 procedures of the Joint Committee on Administrative Rules; any
22 purported rule not so adopted, for whatever reason, is
23 unauthorized.

(215 ILCS 5/356z.25)

Sec. 356z.25. Coverage for treatment of pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections and pediatric acute-onset ~~acute-onset~~ neuropsychiatric syndrome. A group or individual policy of accident and health insurance or managed care plan that is amended, delivered, issued, or renewed after July 18, 2017 (the effective date of Public Act 100-24) shall provide coverage for treatment of pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections and pediatric acute-onset neuropsychiatric syndrome, including, but not limited to, the use of intravenous immunoglobulin therapy.

No group or individual policy of accident and health insurance or managed care plan shall deny or delay coverage for medically necessary treatment under this Section solely because the insured, enrollee, or beneficiary previously received any treatment, including the same or similar treatment, for pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections or pediatric acute-onset ~~acute-onset~~ neuropsychiatric syndrome, or because the insured, enrollee, or beneficiary has been diagnosed with or receives treatment for an otherwise diagnosed condition.

For the purposes of this Section, coverage of pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections and pediatric acute-onset ~~acute-onset~~

1 neuropsychiatric syndrome shall adhere to the treatment
2 recommendations developed by a medical professional consortium
3 convened for the purposes of researching, identifying, and
4 publishing best practice standards for diagnosis and treatment
5 of such disorders or syndrome that are accessible for medical
6 professionals and are based on evidence of positive patient
7 outcomes. Coverage for any form of medically necessary
8 treatment shall not be limited over a lifetime of an insured,
9 enrollee, or beneficiary, unless the patient is no longer
10 benefiting from the treatment, or by policy period. Nothing in
11 this Section prevents insurers from requesting treatment notes
12 and anticipated duration of treatment and outcomes.

13 For billing and diagnosis purposes, pediatric autoimmune
14 neuropsychiatric disorders associated with streptococcal
15 infections and pediatric acute-onset ~~acute-onset~~
16 neuropsychiatric syndrome shall be coded as autoimmune
17 encephalitis until the American Medical Association and the
18 Centers for Medicare and Medicaid Services create and assign a
19 specific code for pediatric autoimmune neuropsychiatric
20 disorders associated with streptococcal infections and
21 pediatric acute-onset ~~acute-onset~~ neuropsychiatric syndrome.
22 Thereafter, pediatric autoimmune neuropsychiatric disorders
23 associated with streptococcal infections and pediatric
24 acute-onset ~~acute-onset~~ neuropsychiatric syndrome may be coded
25 as autoimmune encephalitis, pediatric autoimmune
26 neuropsychiatric disorders associated with streptococcal

1 infections, or pediatric acute-onset ~~acute-onset~~
2 neuropsychiatric syndrome.

3 If, at any time, the Secretary of the United States
4 Department of Health and Human Services, or its successor
5 agency, promulgates rules or regulations to be published in
6 the Federal Register or publishes a comment in the Federal
7 Register or issues an opinion, guidance, or other action that
8 would require the State, pursuant to any provision of the
9 Patient Protection and Affordable Care Act (Public Law
10 111-148), including, but not limited to, 42 U.S.C.
11 18031(d)(3)(B) or any successor provision, to defray the cost
12 of any coverage for pediatric autoimmune neuropsychiatric
13 disorders associated with streptococcal infections and
14 pediatric acute-onset ~~acute-onset~~ neuropsychiatric syndrome
15 outlined in this Section, then the requirement that an insurer
16 cover pediatric autoimmune neuropsychiatric disorders
17 associated with streptococcal infections and pediatric
18 acute-onset ~~acute-onset~~ neuropsychiatric syndrome is
19 inoperative other than any such coverage authorized under
20 Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and
21 the State shall not assume any obligation for the cost of
22 coverage for pediatric autoimmune neuropsychiatric disorders
23 associated with streptococcal infections and pediatric
24 acute-onset ~~acute-onset~~ neuropsychiatric syndrome.

2 (Text of Section before amendment by P.A. 103-701 and
3 103-720)

4 Sec. 356z.40. Pregnancy and postpartum coverage.

5 (a) An individual or group policy of accident and health
6 insurance or managed care plan amended, delivered, issued, or
7 renewed on or after October 8, 2021 (the effective date of
8 Public Act 102-665) ~~this amendatory Act of the 102nd General~~
9 ~~Assembly~~ shall provide coverage for pregnancy and newborn care
10 in accordance with 42 U.S.C. 18022(b) regarding essential
11 health benefits.

12 (b) Benefits under this Section shall be as follows:

13 (1) An individual who has been identified as
14 experiencing a high-risk pregnancy by the individual's
15 treating provider shall have access to clinically
16 appropriate case management programs. As used in this
17 subsection, "case management" means a mechanism to
18 coordinate and assure continuity of services, including,
19 but not limited to, health services, social services, and
20 educational services necessary for the individual. "Case
21 management" involves individualized assessment of needs,
22 planning of services, referral, monitoring, and advocacy
23 to assist an individual in gaining access to appropriate
24 services and closure when services are no longer required.
25 "Case management" is an active and collaborative process
26 involving a single qualified case manager, the individual,

1 the individual's family, the providers, and the community.
2 This includes close coordination and involvement with all
3 service providers in the management plan for that
4 individual or family, including assuring that the
5 individual receives the services. As used in this
6 subsection, "high-risk pregnancy" means a pregnancy in
7 which the pregnant or postpartum individual or baby is at
8 an increased risk for poor health or complications during
9 pregnancy or childbirth, including, but not limited to,
10 hypertension disorders, gestational diabetes, and
11 hemorrhage.

12 (2) An individual shall have access to medically
13 necessary treatment of a mental, emotional, nervous, or
14 substance use disorder or condition consistent with the
15 requirements set forth in this Section and in Sections
16 370c and 370c.1 of this Code.

17 (3) The benefits provided for inpatient and outpatient
18 services for the treatment of a mental, emotional,
19 nervous, or substance use disorder or condition related to
20 pregnancy or postpartum complications shall be provided if
21 determined to be medically necessary, consistent with the
22 requirements of Sections 370c and 370c.1 of this Code. The
23 facility or provider shall notify the insurer of both the
24 admission and the initial treatment plan within 48 hours
25 after admission or initiation of treatment. Subject to the
26 requirements of Sections 370c and 370c.1 of this Code,

1 nothing in this paragraph shall prevent an insurer from
2 applying concurrent and post-service utilization review of
3 health care services, including review of medical
4 necessity, case management, experimental and
5 investigational treatments, managed care provisions, and
6 other terms and conditions of the insurance policy.

7 (4) The benefits for the first 48 hours of initiation
8 of services for an inpatient admission, detoxification or
9 withdrawal management program, or partial hospitalization
10 admission for the treatment of a mental, emotional,
11 nervous, or substance use disorder or condition related to
12 pregnancy or postpartum complications shall be provided
13 without post-service or concurrent review of medical
14 necessity, as the medical necessity for the first 48 hours
15 of such services shall be determined solely by the covered
16 pregnant or postpartum individual's provider. Subject to
17 Sections ~~Section~~ 370c and 370c.1 of this Code, nothing in
18 this paragraph shall prevent an insurer from applying
19 concurrent and post-service utilization review, including
20 the review of medical necessity, case management,
21 experimental and investigational treatments, managed care
22 provisions, and other terms and conditions of the
23 insurance policy, of any inpatient admission,
24 detoxification or withdrawal management program admission,
25 or partial hospitalization admission services for the
26 treatment of a mental, emotional, nervous, or substance

1 use disorder or condition related to pregnancy or
2 postpartum complications received 48 hours after the
3 initiation of such services. If an insurer determines that
4 the services are no longer medically necessary, then the
5 covered person shall have the right to external review
6 pursuant to the requirements of the Health Carrier
7 External Review Act.

8 (5) If an insurer determines that continued inpatient
9 care, detoxification or withdrawal management, partial
10 hospitalization, intensive outpatient treatment, or
11 outpatient treatment in a facility is no longer medically
12 necessary, the insurer shall, within 24 hours, provide
13 written notice to the covered pregnant or postpartum
14 individual and the covered pregnant or postpartum
15 individual's provider of its decision and the right to
16 file an expedited internal appeal of the determination.
17 The insurer shall review and make a determination with
18 respect to the internal appeal within 24 hours and
19 communicate such determination to the covered pregnant or
20 postpartum individual and the covered pregnant or
21 postpartum individual's provider. If the determination is
22 to uphold the denial, the covered pregnant or postpartum
23 individual and the covered pregnant or postpartum
24 individual's provider have the right to file an expedited
25 external appeal. An independent review organization shall
26 make a determination within 72 hours. If the insurer's

1 determination is upheld and it is determined that
2 continued inpatient care, detoxification or withdrawal
3 management, partial hospitalization, intensive outpatient
4 treatment, or outpatient treatment is not medically
5 necessary, the insurer shall remain responsible for
6 providing benefits for the inpatient care, detoxification
7 or withdrawal management, partial hospitalization,
8 intensive outpatient treatment, or outpatient treatment
9 through the day following the date the determination is
10 made, and the covered pregnant or postpartum individual
11 shall only be responsible for any applicable copayment,
12 deductible, and coinsurance for the stay through that date
13 as applicable under the policy. The covered pregnant or
14 postpartum individual shall not be discharged or released
15 from the inpatient facility, detoxification or withdrawal
16 management, partial hospitalization, intensive outpatient
17 treatment, or outpatient treatment until all internal
18 appeals and independent utilization review organization
19 appeals are exhausted. A decision to reverse an adverse
20 determination shall comply with the Health Carrier
21 External Review Act.

22 (6) Except as otherwise stated in this subsection (b),
23 the benefits and cost-sharing shall be provided to the
24 same extent as for any other medical condition covered
25 under the policy.

26 (7) The benefits required by paragraphs (2) and (6) of

1 this subsection (b) are to be provided to all covered
2 pregnant or postpartum individuals with a diagnosis of a
3 mental, emotional, nervous, or substance use disorder or
4 condition. The presence of additional related or unrelated
5 diagnoses shall not be a basis to reduce or deny the
6 benefits required by this subsection (b).

11 Sec. 356z.40. Pregnancy and postpartum coverage.

12 (a) An individual or group policy of accident and health
13 insurance or managed care plan amended, delivered, issued, or
14 renewed on or after October 8, 2021 (the effective date of
15 Public Act 102-665) shall provide coverage for pregnancy and
16 newborn care in accordance with 42 U.S.C. 18022(b) regarding
17 essential health benefits. For policies amended, delivered,
18 issued, or renewed on or after January 1, 2026, this
19 subsection also applies to coverage for postpartum care.

20 (b) Benefits under this Section shall be as follows:

21 (1) An individual who has been identified as
22 experiencing a high-risk pregnancy by the individual's
23 treating provider shall have access to clinically
24 appropriate case management programs. As used in this
25 subsection, "case management" means a mechanism to

1 coordinate and assure continuity of services, including,
2 but not limited to, health services, social services, and
3 educational services necessary for the individual. "Case
4 management" involves individualized assessment of needs,
5 planning of services, referral, monitoring, and advocacy
6 to assist an individual in gaining access to appropriate
7 services and closure when services are no longer required.
8 "Case management" is an active and collaborative process
9 involving a single qualified case manager, the individual,
10 the individual's family, the providers, and the community.
11 This includes close coordination and involvement with all
12 service providers in the management plan for that
13 individual or family, including assuring that the
14 individual receives the services. As used in this
15 subsection, "high-risk pregnancy" means a pregnancy in
16 which the pregnant or postpartum individual or baby is at
17 an increased risk for poor health or complications during
18 pregnancy or childbirth, including, but not limited to,
19 hypertension disorders, gestational diabetes, and
20 hemorrhage.

21 (2) An individual shall have access to medically
22 necessary treatment of a mental, emotional, nervous, or
23 substance use disorder or condition consistent with the
24 requirements set forth in this Section and in Sections
25 370c and 370c.1 of this Code.

26 (3) The benefits provided for inpatient and outpatient

1 services for the treatment of a mental, emotional,
2 nervous, or substance use disorder or condition related to
3 pregnancy or postpartum complications shall be provided if
4 determined to be medically necessary, consistent with the
5 requirements of Sections 370c and 370c.1 of this Code. The
6 facility or provider shall notify the insurer of both the
7 admission and the initial treatment plan within 48 hours
8 after admission or initiation of treatment. Subject to the
9 requirements of Sections 370c and 370c.1 of this Code,
10 nothing in this paragraph shall prevent an insurer from
11 applying concurrent and post-service utilization review of
12 health care services, including review of medical
13 necessity, case management, experimental and
14 investigational treatments, managed care provisions, and
15 other terms and conditions of the insurance policy.

16 (4) The benefits for the first 48 hours of initiation
17 of services for an inpatient admission, detoxification or
18 withdrawal management program, or partial hospitalization
19 admission for the treatment of a mental, emotional,
20 nervous, or substance use disorder or condition related to
21 pregnancy or postpartum complications shall be provided
22 without post-service or concurrent review of medical
23 necessity, as the medical necessity for the first 48 hours
24 of such services shall be determined solely by the covered
25 pregnant or postpartum individual's provider. Subject to
26 Sections ~~Section~~ 370c and 370c.1 of this Code, nothing in

1 this paragraph shall prevent an insurer from applying
2 concurrent and post-service utilization review, including
3 the review of medical necessity, case management,
4 experimental and investigational treatments, managed care
5 provisions, and other terms and conditions of the
6 insurance policy, of any inpatient admission,
7 detoxification or withdrawal management program admission,
8 or partial hospitalization admission services for the
9 treatment of a mental, emotional, nervous, or substance
10 use disorder or condition related to pregnancy or
11 postpartum complications received 48 hours after the
12 initiation of such services. If an insurer determines that
13 the services are no longer medically necessary, then the
14 covered person shall have the right to external review
15 pursuant to the requirements of the Health Carrier
16 External Review Act.

17 (5) If an insurer determines that continued inpatient
18 care, detoxification or withdrawal management, partial
19 hospitalization, intensive outpatient treatment, or
20 outpatient treatment in a facility is no longer medically
21 necessary, the insurer shall, within 24 hours, provide
22 written notice to the covered pregnant or postpartum
23 individual and the covered pregnant or postpartum
24 individual's provider of its decision and the right to
25 file an expedited internal appeal of the determination.
26 The insurer shall review and make a determination with

1 respect to the internal appeal within 24 hours and
2 communicate such determination to the covered pregnant or
3 postpartum individual and the covered pregnant or
4 postpartum individual's provider. If the determination is
5 to uphold the denial, the covered pregnant or postpartum
6 individual and the covered pregnant or postpartum
7 individual's provider have the right to file an expedited
8 external appeal. An independent review organization shall
9 make a determination within 72 hours. If the insurer's
10 determination is upheld and it is determined that
11 continued inpatient care, detoxification or withdrawal
12 management, partial hospitalization, intensive outpatient
13 treatment, or outpatient treatment is not medically
14 necessary, the insurer shall remain responsible for
15 providing benefits for the inpatient care, detoxification
16 or withdrawal management, partial hospitalization,
17 intensive outpatient treatment, or outpatient treatment
18 through the day following the date the determination is
19 made, and the covered pregnant or postpartum individual
20 shall only be responsible for any applicable copayment,
21 deductible, and coinsurance for the stay through that date
22 as applicable under the policy. The covered pregnant or
23 postpartum individual shall not be discharged or released
24 from the inpatient facility, detoxification or withdrawal
25 management, partial hospitalization, intensive outpatient
26 treatment, or outpatient treatment until all internal

1 appeals and independent utilization review organization
2 appeals are exhausted. A decision to reverse an adverse
3 determination shall comply with the Health Carrier
4 External Review Act.

5 (6) Except as otherwise stated in this subsection (b)
6 and subsection (c), the benefits and cost-sharing shall be
7 provided to the same extent as for any other medical
8 condition covered under the policy.

9 (7) The benefits required by paragraphs (2) and (6) of
10 this subsection (b) are to be provided to (i) all covered
11 pregnant or postpartum individuals with a diagnosis of a
12 mental, emotional, nervous, or substance use disorder or
13 condition and (ii) all individuals who have experienced a
14 miscarriage or stillbirth. The presence of additional
15 related or unrelated diagnoses shall not be a basis to
16 reduce or deny the benefits required by this subsection
17 (b).

18 (8) Insurers shall cover all services for pregnancy,
19 postpartum, and newborn care that are rendered by
20 perinatal doulas or licensed certified professional
21 midwives, including home births, home visits, and support
22 during labor, abortion, or miscarriage. Coverage shall
23 include the necessary equipment and medical supplies for a
24 home birth. For home visits by a perinatal doula, not
25 counting any home birth, the policy may limit coverage to
26 16 visits before and 16 visits after a birth, miscarriage,

1 or abortion, provided that the policy shall not be
2 required to cover more than \$8,000 for doula visits for
3 each pregnancy and subsequent postpartum period. As used
4 in this paragraph (8), "perinatal doula" has the meaning
5 given in subsection (a) of Section 5-18.5 of the Illinois
6 Public Aid Code.

7 (9) Coverage for pregnancy, postpartum, and newborn
8 care shall include home visits by lactation consultants
9 and the purchase of breast pumps and breast pump supplies,
10 including such breast pumps, breast pump supplies,
11 breastfeeding supplies, and feeding aids as recommended by
12 the lactation consultant. As used in this paragraph (9),
13 "lactation consultant" means an International
14 Board-Certified Lactation Consultant, a certified
15 lactation specialist with a certification from Lactation
16 Education Consultants, or a certified lactation counselor
17 as defined in subsection (a) of Section 5-18.10 of the
18 Illinois Public Aid Code.

19 (10) Coverage for postpartum services shall apply for
20 all covered services rendered within the first 12 months
21 after the end of pregnancy, subject to any policy
22 limitation on home visits by a perinatal doula allowed
23 under paragraph (8) of this subsection (b). Nothing in
24 this paragraph (10) shall be construed to require a policy
25 to cover services for an individual who is no longer
26 insured or enrolled under the policy. If an individual

1 becomes insured or enrolled under a new policy, the new
2 policy shall cover the individual consistent with the time
3 period and limitations allowed under this paragraph (10).
4 This paragraph (10) is subject to the requirements of
5 Section 25 of the Managed Care Reform and Patient Rights
6 Act, Section 20 of the Network Adequacy and Transparency
7 Act, and 42 U.S.C. 300gg-113.

8 (c) All coverage described in subsection (b), other than
9 health care services for home births, shall be provided
10 without cost-sharing, except that, for mental health services,
11 the cost-sharing prohibition does not apply to inpatient or
12 residential services, and, for substance use disorder
13 services, the cost-sharing prohibition applies only to levels
14 of treatment below and not including Level 3.1 (Clinically
15 Managed Low-Intensity Residential), as established by the
16 American Society for Addiction Medicine. This subsection does
17 not apply to the extent such coverage would disqualify a
18 high-deductible health plan from eligibility for a health
19 savings account pursuant to Section 223 of the Internal
20 Revenue Code.

7 coinsurance, copayment, or any other cost-sharing requirement
8 on the coverage provided; except that this Section does not

11 from eligibility for a health savings account pursuant to
12 Section 223 of the Internal Revenue Code.

9 Code, or a group policy or certificate delivered or issued

15 policy issued under a demonstration project specified in
16 42 U.S.C. Section 1395ss(g)(1), or any similar

24 restrictively than a condition for which medical advice was
25 given or treatment was recommended by or received from a
26 physician within 6 months before the effective date of

2 (6) An issuer of a Medicare supplement policy shall:

7 coverage;

8 (b) make available to persons eligible for Medicare by
9 reason of disability each type of Medicare supplement
10 policy the issuer makes available to persons eligible for
11 Medicare by reason of age;

12 (c) not charge individuals who become eligible for
13 Medicare by reason of disability and who are under the age
14 of 65 premium rates for any medical supplemental insurance

17 with the Department ~~Division~~ of Insurance for that plan to
18 individuals who are age 65 or older; and

19 (d) provide the rights granted by items (a) through
20 (d), for 6 months after June 1, 2008 (the effective date of
21 Public Act 95-436) ~~this amendatory Act of the 95th General~~
22 ~~Assembly~~, to any person who had enrolled for benefits
23 under Medicare Part B prior to Public Act 95-436 and ~~this~~
24 ~~amendatory Act of the 95th General Assembly~~ who otherwise

17 notice of claim denial due to termination of benefits, under
18 the State's medical assistance program under Article V of the
19 Illinois Public Aid Code, an issuer shall not deny or

24 policy because of health status, claims experience, receipt of
25 health care, or medical condition; and shall not include a
26 policy provision that imposes an exclusion of benefits based

1 on a preexisting condition under such a Medicare supplement
2 policy if the individual:

3 (a) is enrolled for Medicare Part B;

4 (b) was enrolled in the State's medical assistance
5 program during the COVID-19 Public Health Emergency
6 described in Section 5-1.5 of the Illinois Public Aid
7 Code;

9 medical assistance program after the COVID-19 Public
10 Health Emergency and the later of the date of termination
11 of benefits or the date of the notice of termination,

13 occurred on, after, or no more than 63 days before the end
14 of either, as applicable:

24 (10) Each Medicare supplement policy and certificate
25 available from an insurer on and after June 16, 2023 (the
26 effective date of Public Act 103-102) ~~this amendatory Act of~~

1 ~~the 103rd General Assembly~~ shall be made available to all

20 Social Security Act (42 U.S.C. Section 1395 et seq.) or a
21 policy issued under a demonstration project specified in
22 42 U.S.C. Section 1395ss(g)(1), or any similar
23 organization, that is advertised, marketed, or designed
24 primarily as a supplement to reimbursements under Medicare
25 for the hospital, medical, or surgical expenses of persons
26 eligible for Medicare.

1 (d) "Issuer" includes insurance companies, fraternal
2 benefit societies, voluntary health service plans, health
3 maintenance organizations, or any other entity providing
4 Medicare supplement insurance, unless the context clearly
5 indicates otherwise.

6 (e) "Medicare" means the Health Insurance for the Aged
7 Act, Title XVIII of the Social Security Amendments of
8 1965.

9 (3) No Medicare supplement insurance policy, contract, or
10 certificate, that provides benefits that duplicate benefits
11 provided by Medicare, shall be issued or issued for delivery
12 in this State after December 31, 1988. No such policy,
13 contract, or certificate shall provide lesser benefits than
14 those required under this Section or the existing Medicare
15 Supplement Minimum Standards Regulation, except where
16 duplication of Medicare benefits would result.

17 (4) Medicare supplement policies or certificates shall
18 have a notice prominently printed on the first page of the
19 policy or attached thereto stating in substance that the
20 policyholder or certificate holder shall have the right to
21 return the policy or certificate within 30 days of its
22 delivery and to have the premium refunded directly to him or
23 her in a timely manner if, after examination of the policy or
24 certificate, the insured person is not satisfied for any
25 reason.

26 (5) A Medicare supplement policy or certificate may not

1 deny a claim for losses incurred more than 6 months from the
2 effective date of coverage for a preexisting condition. The
3 policy may not define a preexisting condition more
4 restrictively than a condition for which medical advice was
5 given or treatment was recommended by or received from a
6 physician within 6 months before the effective date of
7 coverage.

8 (6) An issuer of a Medicare supplement policy shall:

9 (a) not deny coverage to an applicant under 65 years
10 of age who meets any of the following criteria:

11 (i) becomes eligible for Medicare by reason of
12 disability if the person makes application for a
13 Medicare supplement policy within 6 months of the
14 first day on which the person enrolls for benefits
15 under Medicare Part B; for a person who is
16 retroactively enrolled in Medicare Part B due to a
17 retroactive eligibility decision made by the Social
18 Security Administration, the application must be
19 submitted within a 6-month period beginning with the
20 month in which the person received notice of
21 retroactive eligibility to enroll;

22 (ii) has Medicare and an employer group health
23 plan (either primary or secondary to Medicare) that
24 terminates or ceases to provide all such supplemental
25 health benefits;

26 (iii) is insured by a Medicare Advantage plan that

1 includes a Health Maintenance Organization, a
2 Preferred Provider Organization, and a Private
3 Fee-For-Service or Medicare Select plan and the
4 applicant moves out of the plan's service area; the
5 insurer goes out of business, withdraws from the
6 market, or has its Medicare contract terminated; or
7 the plan violates its contract provisions or is
8 misrepresented in its marketing; or

9 (iv) is insured by a Medicare supplement policy
10 and the insurer goes out of business, withdraws from
11 the market, or the insurance company or agents
12 misrepresent the plan and the applicant is without
13 coverage;

14 (b) make available to persons eligible for Medicare by
15 reason of disability each type of Medicare supplement
16 policy the issuer makes available to persons eligible for
17 Medicare by reason of age;

18 (c) not charge individuals who become eligible for
19 Medicare by reason of disability and who are under the age
20 of 65 premium rates for any medical supplemental insurance
21 benefit plan offered by the issuer that exceed the
22 issuer's highest rate on the current rate schedule filed
23 with the Department ~~Division~~ of Insurance for that plan to
24 individuals who are age 65 or older; and

25 (d) provide the rights granted by items (a) through
26 (d), for 6 months after June 1, 2008 (the effective date of

1 Public Act 95-436) ~~this amendatory Act of the 95th General~~
2 ~~Assembly,~~ to any person who had enrolled for benefits
3 under Medicare Part B prior to Public Act 95-436 and this
4 ~~amendatory Act of the 95th General Assembly~~ who otherwise
5 would have been eligible for coverage under item (a).

6 (7) The Director shall issue reasonable rules and
7 regulations for the following purposes:

8 (a) To establish specific standards for policy
9 provisions of Medicare policies and certificates. The
10 standards shall be in accordance with the requirements of
11 this Code. No requirement of this Code relating to minimum
12 required policy benefits, other than the minimum standards
13 contained in this Section and Section 363a, shall apply to
14 Medicare supplement policies and certificates. The
15 standards may cover, but are not limited to the following:

16 (A) Terms of renewability.

17 (B) Initial and subsequent terms of eligibility.

18 (C) Non-duplication of coverage.

19 (D) Probationary and elimination periods.

20 (E) Benefit limitations, exceptions and
21 reductions.

22 (F) Requirements for replacement.

23 (G) Recurrent conditions.

24 (H) Definition of terms.

25 (I) Requirements for issuing rebates or credits to
26 policyholders if the policy's loss ratio does not

1 comply with subsection (7) of Section 363a.

2 (J) Uniform methodology for the calculating and
3 reporting of loss ratio information.

4 (K) Assuring public access to loss ratio
5 information of an issuer of Medicare supplement
6 insurance.

7 (L) Establishing a process for approving or
8 disapproving proposed premium increases.

9 (M) Establishing a policy for holding public
10 hearings prior to approval of premium increases.

11 (N) Establishing standards for Medicare Select
12 policies.

13 (O) Prohibited policy provisions not otherwise
14 specifically authorized by statute that, in the
15 opinion of the Director, are unjust, unfair, or
16 unfairly discriminatory to any person insured or
17 proposed for coverage under a Medicare ~~medicare~~
18 supplement policy or certificate.

19 (b) To establish minimum standards for benefits and
20 claims payments, marketing practices, compensation
21 arrangements, and reporting practices for Medicare
22 supplement policies.

23 (c) To implement transitional requirements of Medicare
24 supplement insurance benefits and premiums of Medicare
25 supplement policies and certificates to conform to
26 Medicare program revisions.

1 (8) If an individual is at least 65 years of age but no
2 more than 75 years of age and has an existing Medicare
3 supplement policy, the individual is entitled to an annual
4 open enrollment period lasting 45 days, commencing with the
5 individual's birthday, and the individual may purchase any
6 Medicare supplement policy with the same issuer or any
7 affiliate authorized to transact business in this State that
8 offers benefits equal to or lesser than those provided by the
9 previous coverage. During this open enrollment period, an
10 issuer of a Medicare supplement policy shall not deny or
11 condition the issuance or effectiveness of Medicare
12 supplemental coverage, nor discriminate in the pricing of
13 coverage, because of health status, claims experience, receipt
14 of health care, or a medical condition of the individual. An
15 issuer shall provide notice of this annual open enrollment
16 period for eligible Medicare supplement policyholders at the
17 time that the application is made for a Medicare supplement
18 policy or certificate. The notice shall be in a form that may
19 be prescribed by the Department.

20 (9) Without limiting an individual's eligibility under
21 Department rules implementing 42 U.S.C. 1395ss(s)(2)(A), for
22 at least 63 days after the later of the applicant's loss of
23 benefits or the notice of termination of benefits, including a
24 notice of claim denial due to termination of benefits, under
25 the State's medical assistance program under Article V of the
26 Illinois Public Aid Code, an issuer shall not deny or

1 condition the issuance or effectiveness of any Medicare
2 supplement policy or certificate that is offered and is
3 available for issuance to new enrollees by the issuer; shall
4 not discriminate in the pricing of such a Medicare supplement
5 policy because of health status, claims experience, receipt of
6 health care, or medical condition; and shall not include a
7 policy provision that imposes an exclusion of benefits based
8 on a preexisting condition under such a Medicare supplement
9 policy if the individual:

10 (a) is enrolled for Medicare Part B;

11 (b) was enrolled in the State's medical assistance
12 program during the COVID-19 Public Health Emergency
13 described in Section 5-1.5 of the Illinois Public Aid
14 Code;

15 (c) was terminated or disenrolled from the State's
16 medical assistance program after the COVID-19 Public
17 Health Emergency and the later of the date of termination
18 of benefits or the date of the notice of termination,
19 including a notice of a claim denial due to termination,
20 occurred on, after, or no more than 63 days before the end
21 of either, as applicable:

22 (A) the individual's Medicare supplement open
23 enrollment period described in Department rules
24 implementing 42 U.S.C. 1395ss(s) (2) (A); or

25 (B) the 6-month period described in Section
26 363(6) (a) (i) of this Code; and

1 (d) submits evidence of the date of termination of
2 benefits or notice of termination under the State's
3 medical assistance program with the application for a
4 Medicare supplement policy or certificate.

5 (10) Each Medicare supplement policy and certificate
6 available from an insurer on and after June 16, 2023 (the
7 effective date of Public Act 103-102) ~~this amendatory Act of~~
8 ~~the 103rd General Assembly~~ shall be made available to all
9 applicants who qualify under subparagraph (i) of paragraph (a)
10 of subsection (6) or Department rules implementing 42 U.S.C.
11 1395ss(s)(2)(A) without regard to age or applicability of a
12 Medicare Part B late enrollment penalty.

15 (215 ILCS 5/367a) (from Ch. 73, par. 979a)

16 Sec. 367a. Blanket accident and health insurance.

17 (1) Blanket accident and health insurance is the form of
18 accident and health insurance providing excepted benefits, as
19 defined in Section 352c, that covers special groups of persons
20 as enumerated in one of the following paragraphs (a) to (g),
21 inclusive:

22 (a) Under a policy or contract issued to any carrier
23 for hire, which shall be deemed the policyholder, covering
24 a group defined as all persons who may become passengers
25 on such carrier.

1 (b) Under a policy or contract issued to an employer,
2 who shall be deemed the policyholder, covering all
3 employees or any group of employees defined by reference
4 to exceptional hazards incident to such employment.

5 (c) Under a policy or contract issued to a college,
6 school, or other institution of learning or to the head or
7 principal thereof, who or which shall be deemed the
8 policyholder, covering students or teachers. However,
9 student health insurance coverage, as defined in 45 CFR
10 147.145, shall remain subject to the standards and
11 requirements for individual health insurance coverage
12 except where inconsistent with that regulation. Student
13 health insurance coverage shall not be subject to the
14 Short-Term, Limited-Duration Health Insurance Coverage
15 Act. An insurer ~~issuer~~ providing student health insurance
16 coverage or a policy or contract covering students for
17 limited-scope dental or vision under 45 CFR 148.220 shall
18 require an individual application or enrollment form and
19 shall furnish each insured individual a certificate, which
20 shall have been approved by the Director under Section
21 355.

22 (d) Under a policy or contract issued in the name of
23 any volunteer fire department, first aid, or other such
24 volunteer group, which shall be deemed the policyholder,
25 covering all of the members of such department or group.

26 (e) Under a policy or contract issued to a creditor,

1 who shall be deemed the policyholder, to insure debtors of
2 the creditors; Provided, however, that in the case of a
3 loan which is subject to the Small Loans Act, no insurance
4 premium or other cost shall be directly or indirectly
5 charged or assessed against, or collected or received from
6 the borrower.

7 (f) Under a policy or contract issued to a sports team
8 or to a camp, which team or camp sponsor shall be deemed
9 the policyholder, covering members or campers.

10 (g) Under a policy or contract issued to any other
11 substantially similar group which, in the discretion of
12 the Director, may be subject to the issuance of a blanket
13 accident and health policy or contract.

14 (2) Any insurance company authorized to write accident and
15 health insurance in this state shall have the power to issue
16 blanket accident and health insurance. No such blanket policy
17 may be issued or delivered in this State unless a copy of the
18 form thereof shall have been filed in accordance with Section
19 355, and it contains in substance such of those provisions
20 contained in Sections 357.1 through 357.30 as may be
21 applicable to blanket accident and health insurance and the
22 following provisions:

23 (a) A provision that the policy and the application
24 shall constitute the entire contract between the parties,
25 and that all statements made by the policyholder shall, in
26 absence of fraud, be deemed representations and not

1 warranties, and that no such statements shall be used in
2 defense to a claim under the policy, unless it is
3 contained in a written application.

4 (b) A provision that to the group or class thereof
5 originally insured shall be added from time to time all
6 new persons or individuals eligible for coverage.

7 (3) An individual application shall not be required from a
8 person covered under a blanket accident or health policy or
9 contract, nor shall it be necessary for the insurer to furnish
10 each person a certificate.

11 (3.5) Subsection (3) does not apply to major medical
12 insurance, or to any excepted benefits or short-term,
13 limited-duration health insurance coverage for which an
14 insured individual pays premiums or contributions. In those
15 cases, the insurer shall require an individual application or
16 enrollment form and shall furnish each insured individual a
17 certificate, which shall have been approved by the Director
18 under Section 355 of this Code.

19 (4) All benefits under any blanket accident and health
20 policy shall be payable to the person insured, or to his
21 designated beneficiary or beneficiaries, or to his or her
22 estate, except that if the person insured be a minor or person
23 under legal disability, such benefits may be made payable to
24 his or her parent, guardian, or other person actually
25 supporting him or her. Provided further, however, that the
26 policy may provide that all or any portion of any indemnities

1 provided by any such policy on account of hospital, nursing,
2 medical or surgical services may, at the insurer's option, be
3 paid directly to the hospital or person rendering such
4 services; but the policy may not require that the service be
5 rendered by a particular hospital or person. Payment so made
6 shall discharge the insurer's obligation with respect to the
7 amount of insurance so paid.

8 (5) Nothing contained in this Section ~~section~~ shall be
9 deemed to affect the legal liability of policyholders for the
10 death of or injury to, any such member of such group.

13 (215 ILCS 5/367f) (from Ch. 73, par. 979f)

14 Sec. 367f. Firefighters' continuance privilege. As used in
15 this Section:

16 1. The terms "municipality", "deferred pensioner" and
17 "creditable service" shall have the meaning ascribed to such
18 terms by Sections 4-103, 4-105a, and 4-108, respectively, of
19 the Illinois Pension Code, ~~as now or hereafter amended~~.

20 2. "Firefighter" means a person who is a "firefighter" as
21 defined in Section 4-106 of the Illinois Pension Code, a
22 paramedic who is employed by a unit of local government, or an
23 emergency medical technician, emergency medical
24 technician-basic, emergency medical technician-intermediate,
25 or advanced emergency medical technician who is employed by a

1 unit of local government.

2 3. The "retirement or disability period" of a firefighter
3 means the period:

4 a. which begins on the day the firefighter is removed
5 from a municipality's fire department payroll because of
6 the occurrence of any of the following events, to wit: (i)
7 the firefighter retires as a deferred pensioner under
8 Section 4-105a of the Illinois Pension Code, (ii) the
9 firefighter retires from active service as a firefighter
10 with an attained age and accumulated creditable service
11 which together qualify the firefighter for immediate
12 receipt of retirement pension benefits under Section 4-109
13 of the Illinois Pension Code, or (iii) the firefighter's
14 disability is established under Section 4-112 of the
15 Illinois Pension Code; and

16 b. which ends on the first to occur of any of the
17 following events, to wit: (i) the firefighter's
18 reinstatement or reentry into active service on the
19 municipality's fire department as provided for under
20 Article 4 of the Illinois Pension Code, (ii) the
21 firefighter's exercise of any refund option available
22 under Section 4-116 of the Illinois Pension Code, (iii)
23 the firefighter's loss pursuant to Section 4-138 of the
24 Illinois Pension Code of any benefits provided for in
25 Article 4 of that Code, or (iv) the firefighter's death or
26 -- if at the time of the firefighter's death the

1 firefighter is survived by a spouse who, in that capacity,
2 is entitled to receive a surviving spouse's monthly
3 pension pursuant to Article 4 of the Illinois Pension Code
4 -- then the death or remarriage of that spouse.

5 No policy of group accident and health insurance under
6 which firefighters employed by a municipality are insured for
7 their individual benefit shall be issued or delivered in this
8 State to any municipality unless such group policy provides
9 for the election of continued group insurance coverage for the
10 retirement or disability period of each firefighter who is
11 insured under the provisions of the group policy on the day
12 immediately preceding the day on which the retirement or
13 disability period of such firefighter begins. So long as any
14 required premiums for continued group insurance coverage are
15 paid in accordance with the provisions of the group policy, an
16 election made pursuant to this Section shall provide continued
17 group insurance coverage for a firefighter throughout the
18 retirement or disability period of the firefighter and, unless
19 the firefighter otherwise elects and subject to any other
20 provisions of the group policy which relate either to the
21 provision or to the termination of dependents' coverage and
22 which are not inconsistent with this Section, for any
23 dependents of the firefighter who are insured under the group
24 policy on the day immediately preceding the day on which the
25 retirement or disability period of the firefighter begins;
26 provided, however, that when such continued group insurance

1 coverage is in effect with respect to a firefighter on the date
2 of the firefighter's death but the retirement or disability
3 period of the firefighter does not end with such firefighter's
4 death, then the deceased firefighter's surviving spouse upon
5 whose death or remarriage such retirement or disability period
6 will end shall be entitled, without further election and upon
7 payment of any required premiums in accordance with the
8 provisions of the group policy, to maintain such continued
9 group insurance coverage in effect until the end of such
10 retirement or disability period. Continued group insurance
11 coverage shall be provided in accordance with this Section at
12 the same premium rate from time to time charged for equivalent
13 coverage provided under the group policy with respect to
14 covered firefighters whose retirement or disability period has
15 not begun, and no distinction or discrimination in the amount
16 or rate of premiums or in any waiver of premium or other
17 benefit provision shall be made between continued group
18 insurance coverage elected pursuant to this Section and
19 equivalent coverage provided to firefighters under the group
20 policy other than pursuant to the provisions of this Section;
21 provided that no municipality shall be required by reason of
22 any provision of this Section to pay any group insurance
23 premium other than one that may be negotiated in a collective
24 bargaining agreement. If a person electing continued coverage
25 under this Section becomes eligible for medicare coverage,
26 benefits under the group policy may continue as a supplement

1 to the medicare coverage upon payment of any required premiums
2 to maintain the benefits of the group policy as supplemental
3 coverage.

4 Within 15 days of the beginning of the retirement or
5 disability period of any firefighter entitled to elect
6 continued group insurance coverage under any group policy
7 affected by this Section, the municipality last employing such
8 firefighter shall give written notice of such beginning by
9 certified mail, return receipt requested to the insurance
10 company issuing such policy. The notice shall include the
11 firefighter's name and last known place of residence and the
12 beginning date of the firefighter's retirement or disability
13 period.

14 Within 15 days of the date of receipt of such notice from
15 the municipality, the insurance company by certified mail,
16 return receipt requested, shall give written notice to the
17 firefighter at the firefighter's last known place of residence
18 that coverage under the group policy may be continued for the
19 retirement or disability period of the firefighter as provided
20 in this Section. Such notice shall set forth: (i) a statement
21 of election to be filed by the firefighter if the firefighter
22 wishes to continue such group insurance coverage, (ii) the
23 amount of monthly premium, including a statement of the
24 portion of such monthly premium attributable to any
25 dependents' coverage which the firefighter may elect, and
26 (iii) instructions as to the return of the election form to the

1 insurance company issuing such policy. Election shall be made,
2 if at all, by returning the statement of election to the
3 insurance company by certified mail, return receipt requested
4 within 15 days after having received it.

5 If the firefighter elects to continue coverage, it shall
6 be the obligation of the firefighter to pay the monthly
7 premium directly to the municipality, which shall forward it
8 to the insurance company issuing the group insurance policy,
9 or as otherwise directed by the insurance company; provided,
10 however, that the firefighter shall be entitled to designate
11 on the statement of election required to be filed with the
12 insurance company that the total monthly premium, or such
13 portion thereof as is not contributed by a municipality, be
14 deducted by a Firefighter's Pension Fund from any monthly
15 pension payment otherwise payable to or on behalf of the
16 firefighter pursuant to Article 4 of the Illinois Pension
17 Code, and be remitted by such Pension Fund to the insurance
18 company. The portion, if any, of the monthly premium
19 contributed by a municipality for such continued group
20 insurance coverage shall be paid by the municipality directly
21 to the insurance company issuing the group insurance policy,
22 or as otherwise directed by the insurance company. Such
23 continued group insurance coverage shall relate back to the
24 beginning of the firefighter's retirement or disability
25 period.

26 The amendment, renewal, or extension of any group

1 insurance policy affected by this Section shall be deemed to
2 be the issuance of a new policy of insurance for purposes of
3 this Section.

4 In the event that a municipality makes a program of
5 accident, health, hospital, or medical benefits available to
6 its firefighters through self-insurance, or by participation
7 in a pool or reciprocal insurer, or by contract in a form other
8 than a policy of group insurance with one or more medical
9 service plans, health care service corporations, health
10 maintenance organizations, or any other professional
11 corporations or plans under which health care or reimbursement
12 for the costs thereof is provided, whether the cost of such
13 benefits is borne by the municipality or the firefighters or
14 both, such firefighters and their surviving spouses shall have
15 the same right to elect continued coverage under such program
16 of benefits as they would have if such benefits were provided
17 by a policy of group accident and health insurance. In such
18 cases, the notice of right to elect continued coverage shall
19 be sent by the municipality; the statement of election shall
20 be sent to the municipality; and references to the required
21 premium shall refer to that portion of the cost of such
22 benefits which is not borne by the municipality, either
23 voluntarily or pursuant to the provisions of a collective
24 bargaining agreement. In the case of a municipality providing
25 such benefits through self-insurance or participation in a
26 pool or reciprocal insurer, the right to elect continued

1 coverage which is provided by this paragraph shall be
2 implemented and made available to the firefighters of the
3 municipality and qualifying surviving spouses not later than
4 July 1, 1985.

5 The amendment, renewal, or extension of any such contract
6 in a form other than a policy of group insurance policy shall
7 be deemed the formation of a new contract for the purposes of
8 this Section.

9 This Section shall not limit the exercise of any
10 conversion privileges available under Section 367e.

11 Pursuant to paragraphs (h) and (i) of Section 6 of Article
12 VII of the Illinois Constitution, this Section specifically
13 denies and limits the exercise by a home rule unit of any power
14 which is inconsistent with this Section and all existing laws
15 and ordinances which are inconsistent with this Section are
16 hereby superseded. This Section does not preempt the
17 concurrent exercise by home rule units of powers consistent
18 herewith.

19 The ~~Division of Insurance of the~~ Department of Insurance
20 ~~Financial and Professional Regulation~~ shall enforce the
21 provisions of this Section, including provisions relating to
22 municipality self-insured benefit plans.

4 coverage for hospital or medical treatment or services for
5 illness on an expense-incurred basis shall provide coverage
6 for the medically necessary treatment of mental, emotional,
7 nervous, or substance use disorders or conditions consistent
8 with the parity requirements of Section 370c.1 of this Code.

9 (2) Each insured that is covered for mental, emotional,

11 free to select the physician licensed to practice medicine in
12 all its branches, licensed clinical psychologist, licensed
13 clinical social worker, licensed clinical professional
14 counselor, licensed marriage and family therapist, licensed
15 speech-language pathologist, or other licensed or certified

20 licensed clinical psychologist, licensed clinical social
21 worker, licensed clinical professional counselor, licensed
22 marriage and family therapist, licensed speech-language
23 pathologist, or other licensed or certified professional at a
24 program licensed pursuant to the Substance Use Disorder Act up
25 to the limits of coverage, provided (i) the disorder or
26 condition treated is covered by the policy, and (ii) the

1 physician, licensed psychologist, licensed clinical social
2 worker, licensed clinical professional counselor, licensed
3 marriage and family therapist, licensed speech-language
4 pathologist, or other licensed or certified professional at a
5 program licensed pursuant to the Substance Use Disorder Act is
6 authorized to provide said services under the statutes of this
7 State and in accordance with accepted principles of his or her
8 profession.

9 (3) Insofar as this Section applies solely to licensed
10 clinical social workers, licensed clinical professional
11 counselors, licensed marriage and family therapists, licensed
12 speech-language pathologists, and other licensed or certified
13 professionals at programs licensed pursuant to the Substance
14 Use Disorder Act, those persons who may provide services to
15 individuals shall do so after the licensed clinical social
16 worker, licensed clinical professional counselor, licensed
17 marriage and family therapist, licensed speech-language
18 pathologist, or other licensed or certified professional at a
19 program licensed pursuant to the Substance Use Disorder Act
20 has informed the patient of the desirability of the patient
21 conferring with the patient's primary care physician.

22 (4) "Mental, emotional, nervous, or substance use disorder
23 or condition" means a condition or disorder that involves a
24 mental health condition or substance use disorder that falls
25 under any of the diagnostic categories listed in the mental
26 and behavioral disorders chapter of the current edition of the

1 World Health Organization's International Classification of
2 Disease or that is listed in the most recent version of the
3 American Psychiatric Association's Diagnostic and Statistical
4 Manual of Mental Disorders. "Mental, emotional, nervous, or
5 substance use disorder or condition" includes any mental
6 health condition that occurs during pregnancy or during the
7 postpartum period and includes, but is not limited to,
8 postpartum depression.

9 (5) Medically necessary treatment and medical necessity
10 determinations shall be interpreted and made in a manner that
11 is consistent with and pursuant to subsections (h) through
12 (t).

13 (b)(1) (Blank).

14 (2) (Blank).

15 (2.5) (Blank).

16 (3) Unless otherwise prohibited by federal law and
17 consistent with the parity requirements of Section 370c.1 of
18 this Code, the reimbursing insurer that amends, delivers,
19 issues, or renews a group or individual policy of accident and
20 health insurance, a qualified health plan offered through the
21 health insurance marketplace, or a provider of treatment of
22 mental, emotional, nervous, or substance use disorders or
23 conditions shall furnish medical records or other necessary
24 data that substantiate that initial or continued treatment is
25 at all times medically necessary. An insurer shall provide a
26 mechanism for the timely review by a provider holding the same

1 license and practicing in the same specialty as the patient's
2 provider, who is unaffiliated with the insurer, jointly
3 selected by the patient (or the patient's next of kin or legal
4 representative if the patient is unable to act for himself or
5 herself), the patient's provider, and the insurer in the event
6 of a dispute between the insurer and patient's provider
7 regarding the medical necessity of a treatment proposed by a
8 patient's provider. If the reviewing provider determines the
9 treatment to be medically necessary, the insurer shall provide
10 reimbursement for the treatment. Future contractual or
11 employment actions by the insurer regarding the patient's
12 provider may not be based on the provider's participation in
13 this procedure. Nothing prevents the insured from agreeing in
14 writing to continue treatment at his or her expense. When
15 making a determination of the medical necessity for a
16 treatment modality for mental, emotional, nervous, or
17 substance use disorders or conditions, an insurer must make
18 the determination in a manner that is consistent with the
19 manner used to make that determination with respect to other
20 diseases or illnesses covered under the policy, including an
21 appeals process. Medical necessity determinations for
22 substance use disorders shall be made in accordance with
23 appropriate patient placement criteria established by the
24 American Society of Addiction Medicine. No additional criteria
25 may be used to make medical necessity determinations for
26 substance use disorders.

1 (4) A group health benefit plan amended, delivered,
2 issued, or renewed on or after January 1, 2019 (the effective
3 date of Public Act 100-1024) or an individual policy of
4 accident and health insurance or a qualified health plan
5 offered through the health insurance marketplace amended,
6 delivered, issued, or renewed on or after January 1, 2019 (the
7 effective date of Public Act 100-1024):

8 (A) shall provide coverage based upon medical
9 necessity for the treatment of a mental, emotional,
10 nervous, or substance use disorder or condition consistent
11 with the parity requirements of Section 370c.1 of this
12 Code; provided, however, that in each calendar year
13 coverage shall not be less than the following:

14 (i) 45 days of inpatient treatment; and

15 (ii) beginning on June 26, 2006 (the effective
16 date of Public Act 94-921), 60 visits for outpatient
17 treatment including group and individual outpatient
18 treatment; and

19 (iii) for plans or policies delivered, issued for
20 delivery, renewed, or modified after January 1, 2007
21 (the effective date of Public Act 94-906), 20
22 additional outpatient visits for speech therapy for
23 treatment of pervasive developmental disorders that
24 will be in addition to speech therapy provided
25 pursuant to item (ii) of this subparagraph (A); and

26 (B) may not include a lifetime limit on the number of

1 days of inpatient treatment or the number of outpatient
2 visits covered under the plan.

3 (C) (Blank).

4 (5) An issuer of a group health benefit plan or an
5 individual policy of accident and health insurance or a
6 qualified health plan offered through the health insurance
7 marketplace may not count toward the number of outpatient
8 visits required to be covered under this Section an outpatient
9 visit for the purpose of medication management and shall cover
10 the outpatient visits under the same terms and conditions as
11 it covers outpatient visits for the treatment of physical
12 illness.

13 (5.5) An individual or group health benefit plan amended,
14 delivered, issued, or renewed on or after September 9, 2015
15 (the effective date of Public Act 99-480) shall offer coverage
16 for medically necessary acute treatment services and medically
17 necessary clinical stabilization services. The treating
18 provider shall base all treatment recommendations and the
19 health benefit plan shall base all medical necessity
20 determinations for substance use disorders in accordance with
21 the most current edition of the Treatment Criteria for
22 Addictive, Substance-Related, and Co-Occurring Conditions
23 established by the American Society of Addiction Medicine. The
24 treating provider shall base all treatment recommendations and
25 the health benefit plan shall base all medical necessity
26 determinations for medication-assisted treatment in accordance

1 with the most current Treatment Criteria for Addictive,
2 Substance-Related, and Co-Occurring Conditions established by
3 the American Society of Addiction Medicine.

4 As used in this subsection:

5 "Acute treatment services" means 24-hour medically
6 supervised addiction treatment that provides evaluation and
7 withdrawal management and may include biopsychosocial
8 assessment, individual and group counseling, psychoeducational
9 groups, and discharge planning.

10 "Clinical stabilization services" means 24-hour treatment,
11 usually following acute treatment services for substance
12 abuse, which may include intensive education and counseling
13 regarding the nature of addiction and its consequences,
14 relapse prevention, outreach to families and significant
15 others, and aftercare planning for individuals beginning to
16 engage in recovery from addiction.

17 (6) An issuer of a group health benefit plan may provide or
18 offer coverage required under this Section through a managed
19 care plan.

20 (6.5) An individual or group health benefit plan amended,
21 delivered, issued, or renewed on or after January 1, 2019 (the
22 effective date of Public Act 100-1024):

23 (A) shall not impose prior authorization requirements,
24 including limitations on dosage, other than those
25 established under the Treatment Criteria for Addictive,
26 Substance-Related, and Co-Occurring Conditions

1 established by the American Society of Addiction Medicine,
2 on a prescription medication approved by the United States
3 Food and Drug Administration that is prescribed or
4 administered for the treatment of substance use disorders;

5 (B) shall not impose any step therapy requirements;

6 (C) shall place all prescription medications approved
7 by the United States Food and Drug Administration
8 prescribed or administered for the treatment of substance
9 use disorders on, for brand medications, the lowest tier
10 of the drug formulary developed and maintained by the
11 individual or group health benefit plan that covers brand
12 medications and, for generic medications, the lowest tier
13 of the drug formulary developed and maintained by the
14 individual or group health benefit plan that covers
15 generic medications; and

16 (D) shall not exclude coverage for a prescription
17 medication approved by the United States Food and Drug
18 Administration for the treatment of substance use
19 disorders and any associated counseling or wraparound
20 services on the grounds that such medications and services
21 were court ordered.

22 (7) (Blank).

23 (8) (Blank).

24 (9) With respect to all mental, emotional, nervous, or
25 substance use disorders or conditions, coverage for inpatient
26 treatment shall include coverage for treatment in a

1 residential treatment center certified or licensed by the
2 Department of Public Health or the Department of Human
3 Services.

4 (c) This Section shall not be interpreted to require
5 coverage for speech therapy or other habilitative services for
6 those individuals covered under Section 356z.15 of this Code.

7 (d) With respect to a group or individual policy of
8 accident and health insurance or a qualified health plan
9 offered through the health insurance marketplace, the
10 Department and, with respect to medical assistance, the
11 Department of Healthcare and Family Services shall each
12 enforce the requirements of this Section and Sections 356z.23
13 and 370c.1 of this Code, the Paul Wellstone and Pete Domenici
14 Mental Health Parity and Addiction Equity Act of 2008, 42
15 U.S.C. 18031(j), and any amendments to, and federal guidance
16 or regulations issued under, those Acts, including, but not
17 limited to, final regulations issued under the Paul Wellstone
18 and Pete Domenici Mental Health Parity and Addiction Equity
19 Act of 2008 and final regulations applying the Paul Wellstone
20 and Pete Domenici Mental Health Parity and Addiction Equity
21 Act of 2008 to Medicaid managed care organizations, the
22 Children's Health Insurance Program, and alternative benefit
23 plans. Specifically, the Department and the Department of
24 Healthcare and Family Services shall take action:

25 (1) proactively ensuring compliance by individual and
26 group policies, including by requiring that insurers

1 submit comparative analyses, as set forth in paragraph (6)
2 of subsection (k) of Section 370c.1, demonstrating how
3 they design and apply nonquantitative treatment
4 limitations, both as written and in operation, for mental,
5 emotional, nervous, or substance use disorder or condition
6 benefits as compared to how they design and apply
7 nonquantitative treatment limitations, as written and in
8 operation, for medical and surgical benefits;

9 (2) evaluating all consumer or provider complaints
10 regarding mental, emotional, nervous, or substance use
11 disorder or condition coverage for possible parity
12 violations;

13 (3) performing parity compliance market conduct
14 examinations or, in the case of the Department of
15 Healthcare and Family Services, parity compliance audits
16 of individual and group plans and policies, including, but
17 not limited to, reviews of:

18 (A) nonquantitative treatment limitations,
19 including, but not limited to, prior authorization
20 requirements, concurrent review, retrospective review,
21 step therapy, network admission standards,
22 reimbursement rates, and geographic restrictions;

23 (B) denials of authorization, payment, and
24 coverage; and

25 (C) other specific criteria as may be determined
26 by the Department.

1 The findings and the conclusions of the parity compliance
2 market conduct examinations and audits shall be made public.

3 The Director may adopt rules to effectuate any provisions
4 of the Paul Wellstone and Pete Domenici Mental Health Parity
5 and Addiction Equity Act of 2008 that relate to the business of
6 insurance.

7 (e) Availability of plan information.

8 (1) The criteria for medical necessity determinations
9 made under a group health plan, an individual policy of
10 accident and health insurance, or a qualified health plan
11 offered through the health insurance marketplace with
12 respect to mental health or substance use disorder
13 benefits (or health insurance coverage offered in
14 connection with the plan with respect to such benefits)
15 must be made available by the plan administrator (or the
16 health insurance issuer offering such coverage) to any
17 current or potential participant, beneficiary, or
18 contracting provider upon request.

19 (2) The reason for any denial under a group health
20 benefit plan, an individual policy of accident and health
21 insurance, or a qualified health plan offered through the
22 health insurance marketplace (or health insurance coverage
23 offered in connection with such plan or policy) of
24 reimbursement or payment for services with respect to
25 mental, emotional, nervous, or substance use disorders or
26 conditions benefits in the case of any participant or

1 beneficiary must be made available within a reasonable
2 time and in a reasonable manner and in readily
3 understandable language by the plan administrator (or the
4 health insurance issuer offering such coverage) to the
5 participant or beneficiary upon request.

6 (f) As used in this Section, "group policy of accident and
7 health insurance" and "group health benefit plan" includes (1)
8 State-regulated employer-sponsored group health insurance
9 plans written in Illinois or which purport to provide coverage
10 for a resident of this State; and (2) State employee health
11 plans.

12 (g) (1) As used in this subsection:

13 "Benefits", with respect to insurers, means the benefits
14 provided for treatment services for inpatient and outpatient
15 treatment of substance use disorders or conditions at American
16 Society of Addiction Medicine levels of treatment 2.1
17 (Intensive Outpatient), 2.5 (Partial Hospitalization), 3.1
18 (Clinically Managed Low-Intensity Residential), 3.3
19 (Clinically Managed Population-Specific High-Intensity
20 Residential), 3.5 (Clinically Managed High-Intensity
21 Residential), and 3.7 (Medically Monitored Intensive
22 Inpatient) and OMT (Opioid Maintenance Therapy) services.

23 "Benefits", with respect to managed care organizations,
24 means the benefits provided for treatment services for
25 inpatient and outpatient treatment of substance use disorders
26 or conditions at American Society of Addiction Medicine levels

1 of treatment 2.1 (Intensive Outpatient), 2.5 (Partial
2 Hospitalization), 3.5 (Clinically Managed High-Intensity
3 Residential), and 3.7 (Medically Monitored Intensive
4 Inpatient) and OMT (Opioid Maintenance Therapy) services.

5 "Substance use disorder treatment provider or facility"
6 means a licensed physician, licensed psychologist, licensed
7 psychiatrist, licensed advanced practice registered nurse, or
8 licensed, certified, or otherwise State-approved facility or
9 provider of substance use disorder treatment.

10 (2) A group health insurance policy, an individual health
11 benefit plan, or qualified health plan that is offered through
12 the health insurance marketplace, small employer group health
13 plan, and large employer group health plan that is amended,
14 delivered, issued, executed, or renewed in this State, or
15 approved for issuance or renewal in this State, on or after
16 January 1, 2019 (the effective date of Public Act 100-1023)
17 shall comply with the requirements of this Section and Section
18 370c.1. The services for the treatment and the ongoing
19 assessment of the patient's progress in treatment shall follow
20 the requirements of 77 Ill. Adm. Code 2060.

21 (3) Prior authorization shall not be utilized for the
22 benefits under this subsection. The substance use disorder
23 treatment provider or facility shall notify the insurer of the
24 initiation of treatment. For an insurer that is not a managed
25 care organization, the substance use disorder treatment
26 provider or facility notification shall occur for the

1 initiation of treatment of the covered person within 2
2 business days. For managed care organizations, the substance
3 use disorder treatment provider or facility notification shall
4 occur in accordance with the protocol set forth in the
5 provider agreement for initiation of treatment within 24
6 hours. If the managed care organization is not capable of
7 accepting the notification in accordance with the contractual
8 protocol during the 24-hour period following admission, the
9 substance use disorder treatment provider or facility shall
10 have one additional business day to provide the notification
11 to the appropriate managed care organization. Treatment plans
12 shall be developed in accordance with the requirements and
13 timeframes established in 77 Ill. Adm. Code 2060. If the
14 substance use disorder treatment provider or facility fails to
15 notify the insurer of the initiation of treatment in
16 accordance with these provisions, the insurer may follow its
17 normal prior authorization processes.

18 (4) For an insurer that is not a managed care
19 organization, if an insurer determines that benefits are no
20 longer medically necessary, the insurer shall notify the
21 covered person, the covered person's authorized
22 representative, if any, and the covered person's health care
23 provider in writing of the covered person's right to request
24 an external review pursuant to the Health Carrier External
25 Review Act. The notification shall occur within 24 hours
26 following the adverse determination.

1 Pursuant to the requirements of the Health Carrier
2 External Review Act, the covered person or the covered
3 person's authorized representative may request an expedited
4 external review. An expedited external review may not occur if
5 the substance use disorder treatment provider or facility
6 determines that continued treatment is no longer medically
7 necessary.

8 If an expedited external review request meets the criteria
9 of the Health Carrier External Review Act, an independent
10 review organization shall make a final determination of
11 medical necessity within 72 hours. If an independent review
12 organization upholds an adverse determination, an insurer
13 shall remain responsible to provide coverage of benefits
14 through the day following the determination of the independent
15 review organization. A decision to reverse an adverse
16 determination shall comply with the Health Carrier External
17 Review Act.

18 (5) The substance use disorder treatment provider or
19 facility shall provide the insurer with 7 business days'
20 advance notice of the planned discharge of the patient from
21 the substance use disorder treatment provider or facility and
22 notice on the day that the patient is discharged from the
23 substance use disorder treatment provider or facility.

24 (6) The benefits required by this subsection shall be
25 provided to all covered persons with a diagnosis of substance
26 use disorder or conditions. The presence of additional related

1 or unrelated diagnoses shall not be a basis to reduce or deny
2 the benefits required by this subsection.

3 (7) Nothing in this subsection shall be construed to
4 require an insurer to provide coverage for any of the benefits
5 in this subsection.

6 (h) As used in this Section:

7 "Generally accepted standards of mental, emotional,
8 nervous, or substance use disorder or condition care" means
9 standards of care and clinical practice that are generally
10 recognized by health care providers practicing in relevant
11 clinical specialties such as psychiatry, psychology, clinical
12 sociology, social work, addiction medicine and counseling, and
13 behavioral health treatment. Valid, evidence-based sources
14 reflecting generally accepted standards of mental, emotional,
15 nervous, or substance use disorder or condition care include
16 peer-reviewed scientific studies and medical literature,
17 recommendations of nonprofit health care provider professional
18 associations and specialty societies, including, but not
19 limited to, patient placement criteria and clinical practice
20 guidelines, recommendations of federal government agencies,
21 and drug labeling approved by the United States Food and Drug
22 Administration.

23 "Medically necessary treatment of mental, emotional,
24 nervous, or substance use disorders or conditions" means a
25 service or product addressing the specific needs of that
26 patient, for the purpose of screening, preventing, diagnosing,

1 managing, or treating an illness, injury, or condition or its
2 symptoms and comorbidities, including minimizing the
3 progression of an illness, injury, or condition or its
4 symptoms and comorbidities in a manner that is all of the
5 following:

6 (1) in accordance with the generally accepted
7 standards of mental, emotional, nervous, or substance use
8 disorder or condition care;

9 (2) clinically appropriate in terms of type,
10 frequency, extent, site, and duration; and

11 (3) not primarily for the economic benefit of the
12 insurer, purchaser, or for the convenience of the patient,
13 treating physician, or other health care provider.

14 "Utilization review" means either of the following:

15 (1) prospectively, retrospectively, or concurrently
16 reviewing and approving, modifying, delaying, or denying,
17 based in whole or in part on medical necessity, requests
18 by health care providers, insureds, or their authorized
19 representatives for coverage of health care services
20 before, retrospectively, or concurrently with the
21 provision of health care services to insureds.

22 (2) evaluating the medical necessity, appropriateness,
23 level of care, service intensity, efficacy, or efficiency
24 of health care services, benefits, procedures, or
25 settings, under any circumstances, to determine whether a
26 health care service or benefit subject to a medical

1 necessity coverage requirement in an insurance policy is
2 covered as medically necessary for an insured.

3 "Utilization review criteria" means patient placement
4 criteria or any criteria, standards, protocols, or guidelines
5 used by an insurer to conduct utilization review.

6 (i)(1) Every insurer that amends, delivers, issues, or
7 renews a group or individual policy of accident and health
8 insurance or a qualified health plan offered through the
9 health insurance marketplace in this State and Medicaid
10 managed care organizations providing coverage for hospital or
11 medical treatment on or after January 1, 2023 shall, pursuant
12 to subsections (h) through (s), provide coverage for medically
13 necessary treatment of mental, emotional, nervous, or
14 substance use disorders or conditions.

15 (2) An insurer shall not set a specific limit on the
16 duration of benefits or coverage of medically necessary
17 treatment of mental, emotional, nervous, or substance use
18 disorders or conditions or limit coverage only to alleviation
19 of the insured's current symptoms.

20 (3) All utilization review conducted by the insurer
21 concerning diagnosis, prevention, and treatment of insureds
22 diagnosed with mental, emotional, nervous, or substance use
23 disorders or conditions shall be conducted in accordance with
24 the requirements of subsections (k) through (w).

25 (4) An insurer that authorizes a specific type of
26 treatment by a provider pursuant to this Section shall not

1 rescind or modify the authorization after that provider
2 renders the health care service in good faith and pursuant to
3 this authorization for any reason, including, but not limited
4 to, the insurer's subsequent cancellation or modification of
5 the insured's or policyholder's contract, or the insured's or
6 policyholder's eligibility. Nothing in this Section shall
7 require the insurer to cover a treatment when the
8 authorization was granted based on a material
9 misrepresentation by the insured, the policyholder, or the
10 provider. Nothing in this Section shall require Medicaid
11 managed care organizations to pay for services if the
12 individual was not eligible for Medicaid at the time the
13 service was rendered. Nothing in this Section shall require an
14 insurer to pay for services if the individual was not the
15 insurer's enrollee at the time services were rendered. As used
16 in this paragraph, "material" means a fact or situation that
17 is not merely technical in nature and results in or could
18 result in a substantial change in the situation.

19 (j) An insurer shall not limit benefits or coverage for
20 medically necessary services on the basis that those services
21 should be or could be covered by a public entitlement program,
22 including, but not limited to, special education or an
23 individualized education program, Medicaid, Medicare,
24 Supplemental Security Income, or Social Security Disability
25 Insurance, and shall not include or enforce a contract term
26 that excludes otherwise covered benefits on the basis that

1 those services should be or could be covered by a public
2 entitlement program. Nothing in this subsection shall be
3 construed to require an insurer to cover benefits that have
4 been authorized and provided for a covered person by a public
5 entitlement program. Medicaid managed care organizations are
6 not subject to this subsection.

7 (k) An insurer shall base any medical necessity
8 determination or the utilization review criteria that the
9 insurer, and any entity acting on the insurer's behalf,
10 applies to determine the medical necessity of health care
11 services and benefits for the diagnosis, prevention, and
12 treatment of mental, emotional, nervous, or substance use
13 disorders or conditions on current generally accepted
14 standards of mental, emotional, nervous, or substance use
15 disorder or condition care. All denials and appeals shall be
16 reviewed by a professional with experience or expertise
17 comparable to the provider requesting the authorization.

18 (l) In conducting utilization review of all covered health
19 care services for the diagnosis, prevention, and treatment of
20 mental, emotional, and nervous disorders or conditions, an
21 insurer shall apply the criteria and guidelines set forth in
22 the most recent version of the treatment criteria developed by
23 an unaffiliated nonprofit professional association for the
24 relevant clinical specialty or, for Medicaid managed care
25 organizations, criteria and guidelines determined by the
26 Department of Healthcare and Family Services that are

1 consistent with generally accepted standards of mental,
2 emotional, nervous or substance use disorder or condition
3 care. Pursuant to subsection (b), in conducting utilization
4 review of all covered services and benefits for the diagnosis,
5 prevention, and treatment of substance use disorders an
6 insurer shall use the most recent edition of the patient
7 placement criteria established by the American Society of
8 Addiction Medicine.

9 (m) In conducting utilization review relating to level of
10 care placement, continued stay, transfer, discharge, or any
11 other patient care decisions that are within the scope of the
12 sources specified in subsection (l), an insurer shall not
13 apply different, additional, conflicting, or more restrictive
14 utilization review criteria than the criteria set forth in
15 those sources. For all level of care placement decisions, the
16 insurer shall authorize placement at the level of care
17 consistent with the assessment of the insured using the
18 relevant patient placement criteria as specified in subsection
19 (l). If that level of placement is not available, the insurer
20 shall authorize the next higher level of care. In the event of
21 disagreement, the insurer shall provide full detail of its
22 assessment using the relevant criteria as specified in
23 subsection (l) to the provider of the service and the patient.

24 If an insurer purchases or licenses utilization review
25 criteria pursuant to this subsection, the insurer shall verify
26 and document before use that the criteria were developed in

1 accordance with subsection (k).

2 (n) In conducting utilization review that is outside the
3 scope of the criteria as specified in subsection (l) or
4 relates to the advancements in technology or in the types or
5 levels of care that are not addressed in the most recent
6 versions of the sources specified in subsection (l), an
7 insurer shall conduct utilization review in accordance with
8 subsection (k).

9 (o) This Section does not in any way limit the rights of a
10 patient under the Medical Patient Rights Act.

11 (p) This Section does not in any way limit early and
12 periodic screening, diagnostic, and treatment benefits as
13 defined under 42 U.S.C. 1396d(r).

14 (q) To ensure the proper use of the criteria described in
15 subsection (l), every insurer shall do all of the following:

16 (1) Educate the insurer's staff, including any third
17 parties contracted with the insurer to review claims,
18 conduct utilization reviews, or make medical necessity
19 determinations about the utilization review criteria.

20 (2) Make the educational program available to other
21 stakeholders, including the insurer's participating or
22 contracted providers and potential participants,
23 beneficiaries, or covered lives. The education program
24 must be provided at least once a year, in-person or
25 digitally, or recordings of the education program must be
26 made available to the aforementioned stakeholders.

1 (3) Provide, at no cost, the utilization review
2 criteria and any training material or resources to
3 providers and insured patients upon request. For
4 utilization review criteria not concerning level of care
5 placement, continued stay, transfer, discharge, or other
6 patient care decisions used by the insurer pursuant to
7 subsection (m), the insurer may place the criteria on a
8 secure, password-protected website so long as the access
9 requirements of the website do not unreasonably restrict
10 access to insureds or their providers. No restrictions
11 shall be placed upon the insured's or treating provider's
12 access right to utilization review criteria obtained under
13 this paragraph at any point in time, including before an
14 initial request for authorization.

15 (4) Track, identify, and analyze how the utilization
16 review criteria are used to certify care, deny care, and
17 support the appeals process.

18 (5) Conduct interrater reliability testing to ensure
19 consistency in utilization review decision making that
20 covers how medical necessity decisions are made; this
21 assessment shall cover all aspects of utilization review
22 as defined in subsection (h).

23 (6) Run interrater reliability reports about how the
24 clinical guidelines are used in conjunction with the
25 utilization review process and parity compliance
26 activities.

1 (7) Achieve interrater reliability pass rates of at
2 least 90% and, if this threshold is not met, immediately
3 provide for the remediation of poor interrater reliability
4 and interrater reliability testing for all new staff
5 before they can conduct utilization review without
6 supervision.

7 (8) Maintain documentation of interrater reliability
8 testing and the remediation actions taken for those with
9 pass rates lower than 90% and submit to the Department of
10 Insurance or, in the case of Medicaid managed care
11 organizations, the Department of Healthcare and Family
12 Services the testing results and a summary of remedial
13 actions as part of parity compliance reporting set forth
14 in subsection (k) of Section 370c.1.

15 (r) This Section applies to all health care services and
16 benefits for the diagnosis, prevention, and treatment of
17 mental, emotional, nervous, or substance use disorders or
18 conditions covered by an insurance policy, including
19 prescription drugs.

20 (s) This Section applies to an insurer that amends,
21 delivers, issues, or renews a group or individual policy of
22 accident and health insurance or a qualified health plan
23 offered through the health insurance marketplace in this State
24 providing coverage for hospital or medical treatment and
25 conducts utilization review as defined in this Section,
26 including Medicaid managed care organizations, and any entity

1 or contracting provider that performs utilization review or
2 utilization management functions on an insurer's behalf.

3 (t) If the Director determines that an insurer has
4 violated this Section, the Director may, after appropriate
5 notice and opportunity for hearing, by order, assess a civil
6 penalty between \$1,000 and \$5,000 for each violation. Moneys
7 collected from penalties shall be deposited into the Parity
8 Advancement Fund established in subsection (i) of Section
9 370c.1.

10 (u) An insurer shall not adopt, impose, or enforce terms
11 in its policies or provider agreements, in writing or in
12 operation, that undermine, alter, or conflict with the
13 requirements of this Section.

14 (v) The provisions of this Section are severable. If any
15 provision of this Section or its application is held invalid,
16 that invalidity shall not affect other provisions or
17 applications that can be given effect without the invalid
18 provision or application.

19 (w) Beginning January 1, 2026, coverage for inpatient
20 mental health treatment at participating hospitals shall
21 comply with the following requirements:

22 (1) Subject to paragraphs (2) and (3) of this
23 subsection, no policy shall require prior authorization
24 for admission for such treatment at any participating
25 hospital.

26 (2) Coverage provided under this subsection also shall

1 not be subject to concurrent review for the first 72
2 hours, provided that the hospital must notify the insurer
3 of both the admission and the initial treatment plan
4 within 48 hours of admission. A discharge plan must be
5 fully developed and continuity services prepared to meet
6 the patient's needs and the patient's community preference
7 upon release. Nothing in this paragraph supersedes a
8 health maintenance organization's referral requirement for
9 services from nonparticipating providers upon a patient's
10 discharge from a hospital.

11 (3) Treatment provided under this subsection may be
12 reviewed retrospectively. If coverage is denied
13 retrospectively, neither the insurer nor the participating
14 hospital shall bill, and the insured shall not be liable,
15 for any treatment under this subsection through the date
16 the adverse determination is issued, other than any
17 copayment, coinsurance, or deductible for the stay through
18 that date as applicable under the policy. Coverage shall
19 not be retrospectively denied for the first 72 hours of
20 treatment at a participating hospital except:

21 (A) upon reasonable determination that the
22 inpatient mental health treatment was not provided;

23 (B) upon determination that the patient receiving
24 the treatment was not an insured, enrollee, or
25 beneficiary under the policy;

26 (C) upon material misrepresentation by the patient

1 or health care provider. In this item (C), "material"
2 means a fact or situation that is not merely technical
3 in nature and results or could result in a substantial
4 change in the situation; or

5 (D) upon determination that a service was excluded
6 under the terms of coverage. In that case, the
7 limitation to billing for a copayment, coinsurance, or
8 deductible shall not apply.

9 (4) Nothing in this subsection shall be construed to
10 require a policy to cover any health care service excluded
11 under the terms of coverage.

12 (x) Notwithstanding any provision of this Section, nothing
13 shall require the medical assistance program under Article V
14 of the Illinois Public Aid Code to violate any applicable
15 federal laws, regulations, or grant requirements or any State
16 or federal consent decrees. Nothing in subsection (w) shall
17 prevent the Department of Healthcare and Family Services from
18 requiring a health care provider to use specified level of
19 care, admission, continued stay, or discharge criteria,
20 including, but not limited to, those under Section 5-5.23 of
21 the Illinois Public Aid Code, as long as the Department of
22 Healthcare and Family Services does not require a health care
23 provider to seek prior authorization or concurrent review from
24 the Department of Healthcare and Family Services, a Medicaid
25 managed care organization, or a utilization review
26 organization under the circumstances expressly prohibited by

1 subsection (w). Nothing in this Section prohibits a health
2 plan, including a Medicaid managed care organization, from
3 conducting reviews for fraud, waste, or abuse and reporting
4 suspected fraud, waste, or abuse according to State and
5 federal requirements.

6 (y) Children's Mental Health. Nothing in this Section
7 shall suspend the screening and assessment requirements for
8 mental health services for children participating in the
9 State's medical assistance program as required in Section
10 5-5.23 of the Illinois Public Aid Code.

9 incurred as part of the final order or decision arising out of
10 the proceeding; provided, however, that such order or decision
11 shall include findings and conclusions in support of the

13 construed as permitting the payment of travel expenses unless
14 calculated in accordance with the applicable travel
15 regulations of the Department of Central Management Services,
16 as approved by the Governor's Travel Control Board. The
17 Director as part of such order or decision shall require all
18 assessments for hearing officer fees and court reporter fees,
19 if any, to be paid directly to the hearing officer or court
20 reporter by the party or parties ~~party(s)~~ assessed for such
21 costs. The assessments for travel expenses of Department
22 officers and employees shall be reimbursable to the Director
23 of Insurance for deposit to the fund out of which those

1 not otherwise specifically provided for by law.

2 (6) The Director shall charge and collect an annual
3 financial regulation fee from every domestic company for

7 State of Illinois and companies doing an insurance business in
8 this State pursuant to Article X of the Interstate Insurance

8 The sum of financial regulation fees under this subsection
9 (7) charged to the foreign or alien companies within the same
10 affiliated group shall not exceed \$250,000 in the aggregate in
11 any single year and shall be billed by the Director to the
12 member company designated by the group.

13 (8) Beginning January 1, 1992, the financial regulation
14 fees imposed under subsections (6) and (7) of this Section
15 shall be paid by each company or domestic affiliated group
16 annually. After January 1, 1994, the fee shall be billed by
17 Department invoice based upon the company's premium income or
18 admitted assets as shown in its annual statement for the
19 preceding calendar year. The invoice is due upon receipt and
20 must be paid no later than June 30 of each calendar year. All
21 financial regulation fees collected by the Department shall be
22 paid to the Insurance Financial Regulation Fund. The
23 Department may not collect financial examiner per diem charges
24 from companies subject to subsections (6) and (7) of this
25 Section undergoing financial examination after June 30, 1992.

2 Sec. 416. Illinois Workers' Compensation Commission
3 Operations Fund Surcharge.

4 (a) As of July 30, 2004 (the effective date of Public Act
5 93-840), every company licensed or authorized by the Illinois
6 Department of Insurance and insuring employers' liabilities
7 arising under the Workers' Compensation Act or the Workers'
8 Occupational Diseases Act shall remit to the Director a
9 surcharge based upon the annual direct written premium, as
10 reported under Section 136 of this Act, of the company in the
11 manner provided in this Section. Such proceeds shall be
12 deposited into the Illinois Workers' Compensation Commission
13 Operations Fund as established in the Workers' Compensation
14 Act. If a company survives or was formed by a merger,
15 consolidation, reorganization, or reincorporation, the direct
16 written premiums of all companies party to the merger,
17 consolidation, reorganization, or reincorporation shall, for
18 purposes of determining the amount of the fee imposed by this
19 Section, be regarded as those of the surviving or new company.

20 (b) Beginning on July 30, 2004 (the effective date of
21 Public Act 93-840) and on July 1 of each year thereafter
22 through 2023, the Director shall charge an annual Illinois
23 Workers' Compensation Commission Operations Fund Surcharge
24 from every company subject to subsection (a) of this Section
25 equal to 1.01% of its direct written premium for insuring
26 employers' liabilities arising under the Workers' Compensation

1 Act or Workers' Occupational Diseases Act as reported in each
2 company's annual statement filed for the previous year as
3 required by Section 136. Within 15 days after June 5, 2024 (the
4 effective date of Public Act 103-590) ~~this amendatory Act of~~
5 ~~the 103rd General Assembly~~ and on July 1 of each year
6 thereafter, the Director shall charge an annual Illinois
7 Workers' Compensation Commission Operations Fund Surcharge
8 from every company subject to subsection (a) of this Section
9 equal to 1.092% of its direct written premium for insuring
10 employers' liabilities arising under the Workers' Compensation
11 Act or Workers' Occupational Diseases Act as reported in each
12 company's annual statement filed for the previous year as
13 required by Section 136. The Illinois Workers' Compensation
14 Commission Operations Fund Surcharge shall be collected by
15 companies subject to subsection (a) of this Section as a
16 separately stated surcharge on insured employers at the rate
17 of 1.092% of direct written premium for the surcharge due in
18 2024 and each year thereafter. The Illinois Workers'
19 Compensation Commission Operations Fund Surcharge shall not be
20 collected by companies subject to subsection (a) of this
21 Section from any employer that self-insures its liabilities
22 arising under the Workers' Compensation Act or Workers'
23 Occupational Diseases Act, provided that the employer has paid
24 the Illinois Workers' Compensation Commission Operations Fund
25 Fee pursuant to Section 4d of the Workers' Compensation Act.
26 All sums collected by the Department of Insurance under the

4 Operations Fund in the State treasury.

5 ~~(b) (2) (Blank).~~

6 (c) In addition to the authority specifically granted
7 under Article XXV of this Code, the Director shall have such
8 authority to adopt rules or establish forms as may be
9 reasonably necessary for purposes of enforcing this Section.
10 The Director shall also have authority to defer, waive, or
11 abate the surcharge or any penalties imposed by this Section
12 if in the Director's opinion the company's solvency and
13 ability to meet its insured obligations would be immediately
14 threatened by payment of the surcharge due.

15 (d) When a company fails to pay the full amount of any
16 annual Illinois Workers' Compensation Commission Operations
17 Fund Surcharge of \$100 or more due under this Section, there
18 shall be added to the amount due as a penalty an amount equal
19 to 10% of the deficiency for each month or part of a month that
20 the deficiency remains unpaid.

21 (e) The Department of Insurance may enforce the collection
22 of any delinquent payment, penalty, or portion thereof by
23 legal action or in any other manner by which the collection of
24 debts due the State of Illinois may be enforced under the laws
25 of this State.

26 (f) Whenever it appears to the satisfaction of the

1 Director that a company has paid pursuant to this Act an
2 Illinois Workers' Compensation Commission Operations Fund
3 Surcharge in an amount in excess of the amount legally
4 collectable from the company, the Director shall issue a
5 credit memorandum for an amount equal to the amount of such
6 overpayment. A credit memorandum may be applied for the 2-year
7 period from the date of issuance, against the payment of any
8 amount due during that period under the surcharge imposed by
9 this Section or, subject to reasonable rule of the Department
10 of Insurance including requirement of notification, may be
11 assigned to any other company subject to regulation under this
12 Act. Any application of credit memoranda after the period

20 (Section scheduled to be repealed on January 1, 2027)

21 Sec. 500-35. License.

22 (a) Unless denied a license pursuant to Section 500-70,
23 persons who have met the requirements of Sections 500-25 and
24 500-30 shall be issued a 2-year insurance producer license. An
25 insurance producer may receive qualification for a license in

1 one or more of the following lines of authority:

2 (1) Life: insurance coverage on human lives including
3 benefits of endowment and annuities, and may include
4 benefits in the event of death or dismemberment by
5 accident and benefits for disability income.

6 (2) Variable life and variable annuity products:
7 insurance coverage provided under variable life insurance
8 contracts and variable annuities.

9 (3) Accident and health or sickness: insurance
10 coverage for sickness, bodily injury, or accidental death
11 and may include benefits for disability income.

12 (4) Property: insurance coverage for the direct or
13 consequential loss or damage to property of every kind.

14 (5) Casualty: insurance coverage against legal
15 liability, including that for death, injury, or disability
16 or damage to real or personal property.

17 (6) Personal lines: property and casualty insurance
18 coverage sold to individuals and families for primarily
19 noncommercial purposes.

20 (7) Any other line of insurance permitted under State
21 laws or rules.

22 (b) An insurance producer license shall remain in effect
23 unless revoked or suspended as long as the fee set forth in
24 Section 500-135 is paid and education requirements for
25 resident individual producers are met by the due date.

26 (1) Before each license renewal, an insurance producer

1 must satisfactorily complete at least 24 hours of course
2 study or participation in a professional insurance
3 association under paragraph (3) of this subsection in
4 accordance with rules prescribed by the Director. Three of
5 the 24 hours of course study must consist of classroom or
6 webinar ethics instruction. The Director may not approve a
7 course of study unless the course provides for classroom,
8 seminar, webinar, or self-study instruction methods. A
9 course given in a combination instruction method of
10 classroom, seminar, webinar, or self-study shall be deemed
11 to be a self-study course unless the number of classroom,
12 seminar, or webinar certified hours meets or exceeds
13 two-thirds of total hours certified for the course. The
14 self-study material used in the combination course must be
15 directly related to and complement the classroom portion
16 of the course in order to be considered for credit. An
17 instruction method other than classroom or seminar shall
18 be considered as self-study methodology. Self-study credit
19 hours require the successful completion of an examination
20 covering the self-study material. The examination may not
21 be self-evaluated. However, if the self-study material is
22 completed through the use of an approved computerized
23 interactive format whereby the computer validates the
24 successful completion of the self-study material, no
25 additional examination is required. The self-study credit
26 hours contained in a certified course shall be considered

1 classroom hours when at least two-thirds of the hours are
2 given as classroom or seminar instruction.

3 (2) An insurance producer license automatically
4 terminates when an insurance producer fails to
5 successfully meet the requirements of paragraph item (1)
6 of this subsection ~~(b) of this Section~~. The producer must
7 complete the course in advance of the renewal date to
8 allow the education provider time to report the credit to
9 the Department.

10 (3) An insurance producer's active participation in a
11 State or national professional insurance association may
12 be approved by the Director for up to 4 hours of continuing
13 education credit per biennial reporting period. Credit
14 shall be provided on an hour-for-hour basis. These hours
15 shall be verified and submitted by the association on
16 behalf of the insurance producer and credited upon timely
17 filing with the Director or his or her designee on a
18 biennial basis. Any association submitting continuing
19 education credit hours on behalf of insurance producers
20 must be registered as an education provider under Section
21 500-135. Credit granted under these provisions shall not
22 be used to satisfy ethics education requirements. Active
23 participation in a State or national professional
24 insurance association is defined by one of the following
25 methods:

26 (A) service on a board of directors of a State or

1 national chapter of the association;

2 (B) service on a formal committee of a State or
3 national chapter of the association; or

4 (C) service on a formal subcommittee or task force
5 of a State or national chapter of the association.

6 (c) A provider of a pre-licensing or continuing education
7 course required by Section 500-30 and this Section must pay a
8 registration fee and a course certification fee for each
9 course being certified as provided by Section 500-135.

10 (d) An individual insurance producer who allows his or her
11 license to lapse may, within 12 months after the due date of
12 the renewal fee, be issued a license without the necessity of
13 passing a written examination. However, a penalty in the
14 amount of double the unpaid renewal fee shall be required
15 after the due date.

16 (e) A licensed insurance producer who is unable to comply
17 with license renewal procedures due to military service may
18 request a waiver of those procedures.

19 (f) The license must contain the licensee's name, address,
20 and personal identification number, the date of issuance, the
21 lines of authority, the expiration date, and any other
22 information the Director deems necessary.

23 (g) Licensees must inform the Director by any means
24 acceptable to the Director of a change of address within 30
25 days after the change.

26 (h) In order to assist in the performance of the

1 Director's duties, the Director may contract with a
2 non-governmental entity including the National Association of
3 Insurance Commissioners (NAIC), or any affiliates or
4 subsidiaries that the NAIC oversees, to perform any
5 ministerial functions, including collection of fees, related
6 to producer licensing that the Director and the
7 non-governmental entity may deem appropriate.

10 (Section scheduled to be repealed on January 1, 2027)

11 Sec. 511.109. Examination. ~~(a)~~ The Director or the
12 Director's designee may examine any applicant for or holder of
13 an administrator's license in accordance with Sections 132
14 through 132.7. If the Director or the examiners find that the
15 administrator has violated this Article or any other
16 insurance-related laws, rules, or regulations under the
17 Director's jurisdiction because of the manner in which the
18 administrator has conducted business on behalf of an insurer
19 or plan sponsor, then, unless the insurer or plan sponsor is
20 included in the examination and has been afforded the same
21 opportunity to request or participate in a hearing on the
22 examination report, the examination report shall not allege a
23 violation by the insurer or plan sponsor and the Director's
24 order based on the report shall not impose any requirements,
25 prohibitions, or penalties on the insurer or plan sponsor.

1 Nothing in this Section shall prevent the Director from using
2 any information obtained during the examination of an
3 administrator to examine, investigate, or take other
4 appropriate regulatory or legal action with respect to an
5 insurer or plan sponsor.

8 Sec. 534.3. Covered claim; unearned premium defined.

9 (a) "Covered claim" means an unpaid claim for a loss
10 arising out of and within the coverage of an insurance policy
11 to which this Article applies and which is in force at the time
12 of the occurrence giving rise to the unpaid claim, including
13 claims presented during any extended discovery period which
14 was purchased from the company before the entry of a
15 liquidation order or which is purchased or obtained from the
16 liquidator after the entry of a liquidation order, made by a
17 person insured under such policy or by a person suffering
18 injury or damage for which a person insured under such policy
19 is legally liable, and for unearned premium, if:

20 (i) The company issuing, assuming, or being allocated
21 the policy becomes an insolvent company as defined in
22 Section 534.4 after the effective date of this Article;
23 and

24 (ii) The claimant or insured is a resident of this
25 State at the time of the insured occurrence, or the

1 property from which a first-party ~~first-party~~ claim for
2 damage to property arises is permanently located in this
3 State or, in the case of an unearned premium claim, the
4 policyholder is a resident of this State at the time the
5 policy was issued; provided, that for entities other than
6 an individual, the residence of a claimant, insured, or
7 policyholder is the state in which its principal place of
8 business is located at the time of the insured event.

9 (b) "Covered claim" does not include:

10 (i) any amount in excess of the applicable limits of
11 liability provided by an insurance policy to which this
12 Article applies; nor

13 (ii) any claim for punitive or exemplary damages or
14 fines and penalties paid to government authorities; nor

15 (iii) any first-party ~~first-party~~ claim by an insured

21 provided that an insured's net worth on such date shall be
22 deemed to include the aggregate net worth of the insured
23 and all of its affiliates as calculated on a consolidated
24 basis. However, this exclusion shall not apply to
25 third-party ~~third-party~~ claims against the insured where
26 the insured has applied for or consented to the

2 or a substantial part of its assets, filed a voluntary
3 petition in bankruptcy, filed a petition or an answer

9 approving a petition seeking reorganization of the insured
10 or of all or substantial part of its assets; nor

11 (v) any claim for any amount due any reinsurer,
12 insurer, insurance pool, or underwriting association as

20 Section 537.2 of this Code.

21 (c) "Unearned Premium" means the premium for the unexpired
22 period of a policy which has been terminated prior to the
23 expiration of the period for which premium has been paid and
24 does not mean premium which is returnable to the insured for
25 any other reason.

7 Section 775. The Managed Care Reform and Patient Rights
8 Act is amended by changing Section 10 as follows:

9 (215 ILCS 134/10)

10 Sec. 10. Definitions. In this Act:

11 For a health care plan under Section 45 or for a
12 utilization review program under Section 85, "adverse
13 determination" has the meaning given to that term in Section
14 10 of the Health Carrier External Review Act.

15 "Clinical peer" means a health care professional who is in
16 the same profession and the same or similar specialty as the
17 health care provider who typically manages the medical
18 condition, procedures, or treatment under review.

19 "Department" means the Department of Insurance.

20 "Emergency medical condition" means a medical condition
21 manifesting itself by acute symptoms of sufficient severity,
22 regardless of the final diagnosis given, such that a prudent
23 layperson, who possesses an average knowledge of health and
24 medicine, could reasonably expect the absence of immediate

1 medical attention to result in:

2 (1) placing the health of the individual (or, with
3 respect to a pregnant woman, the health of the woman or her
4 unborn child) in serious jeopardy;

5 (2) serious impairment to bodily functions;

6 (3) serious dysfunction of any bodily organ or part;

7 (4) inadequately controlled pain; or

8 (5) with respect to a pregnant woman who is having
9 contractions:

10 (A) inadequate time to complete a safe transfer to
11 another hospital before delivery; or

12 (B) a transfer to another hospital may pose a
13 threat to the health or safety of the woman or unborn
14 child.

15 "Emergency medical screening examination" means a medical
16 screening examination and evaluation by a physician licensed
17 to practice medicine in all its branches, or to the extent
18 permitted by applicable laws, by other appropriately licensed
19 personnel under the supervision of or in collaboration with a
20 physician licensed to practice medicine in all its branches to
21 determine whether the need for emergency services exists.

22 "Emergency services" means, with respect to an enrollee of
23 a health care plan, transportation services, including but not
24 limited to ambulance services, and covered inpatient and
25 outpatient hospital services furnished by a provider qualified
26 to furnish those services that are needed to evaluate or

1 stabilize an emergency medical condition. "Emergency services"
2 does not refer to post-stabilization medical services.

3 "Enrollee" means any person and his or her dependents
4 enrolled in or covered by a health care plan.

5 "Generally accepted standards of care" means standards of
6 care and clinical practice that are generally recognized by
7 health care providers practicing in relevant clinical
8 specialties for the illness, injury, or condition or its
9 symptoms and comorbidities. Valid, evidence-based sources
10 reflecting generally accepted standards of care include
11 peer-reviewed scientific studies and medical literature,
12 recommendations of nonprofit health care provider professional
13 associations and specialty societies, including, but not
14 limited to, patient placement criteria and clinical practice
15 guidelines, recommendations of federal government agencies,
16 and drug labeling approved by the United States Food and Drug
17 Administration.

18 "Health care plan" means a plan, including, but not
19 limited to, a health maintenance organization, a managed care
20 community network as defined in the Illinois Public Aid Code,
21 or an accountable care entity as defined in the Illinois
22 Public Aid Code that receives capitated payments to cover
23 medical services from the Department of Healthcare and Family
24 Services, that establishes, operates, or maintains a network
25 of health care providers that has entered into an agreement
26 with the plan to provide health care services to enrollees to

1 whom the plan has the ultimate obligation to arrange for the
2 provision of or payment for services through organizational
3 arrangements for ongoing quality assurance, utilization review
4 programs, or dispute resolution. Nothing in this definition
5 shall be construed to mean that an independent practice
6 association or a physician hospital organization that
7 subcontracts with a health care plan is, for purposes of that
8 subcontract, a health care plan.

9 For purposes of this definition, "health care plan" shall
10 not include the following:

11 (1) indemnity health insurance policies including
12 those using a contracted provider network;

13 (2) health care plans that offer only dental or only
14 vision coverage;

15 (3) preferred provider administrators, as defined in
16 Section 370g(g) of the Illinois Insurance Code;

17 (4) employee or employer self-insured health benefit
18 plans under the federal Employee Retirement Income
19 Security Act of 1974;

20 (5) health care provided pursuant to the Workers'
21 Compensation Act or the Workers' Occupational Diseases
22 Act; and

7 duration, or other measurement of a benefit, under the
8 health carrier's health benefit plan upon application of
9 any utilization review technique does not meet the health
10 carrier's requirements for medical necessity,
11 appropriateness, health care setting, level of care, or
12 effectiveness or is determined to be experimental or
13 investigational and the requested benefit is therefore
14 denied, reduced, or terminated or payment is not provided
15 or made, in whole or in part, for the benefit;

16 (2) the denial, reduction, or termination of or
17 failure to provide or make payment, in whole or in part,
18 for a benefit based on a determination by a health carrier
19 or its designee utilization review organization that a
20 preexisting condition was present before the effective
21 date of coverage; or

22 (3) a rescission of coverage determination, which does
23 not include a cancellation or discontinuance of coverage
24 that is attributable to a failure to timely pay required
25 premiums or contributions toward ~~towards~~ the cost of
26 coverage.

1 "Adverse determination" includes unilateral
2 determinations that replace the requested health care service
3 with an approval of an alternative health care service without
4 the agreement of the covered person or the covered person's
5 attending provider for the requested health care service, or
6 that condition approval of the requested service on first
7 trying an alternative health care service, either if the
8 request was made under a medical exceptions procedure, or if
9 all of the following are true: (1) the requested service was
10 not excluded by name, description, or service category under
11 the written terms of coverage, (2) the alternative health care
12 service poses no greater risk to the patient based on
13 generally accepted standards of care, and (3) the alternative

15 or better effect on the covered person's health as the
16 requested service based on generally accepted standards of
17 care. "Adverse determination" includes determinations made
18 based on any source of health information pertaining to the
19 covered person that is used to deny, reduce, replace,
20 condition, or terminate the benefit or payment. "Adverse
21 determination" includes determinations made in response to a
22 request for authorization when the request was submitted by

8 Section 805. The Public Utilities Act is amended by
9 changing Section 16-108.18 as follows:

10 (220 ILCS 5/16-108.18)

11 Sec. 16-108.18. Performance-based ratemaking.

12 (a) The General Assembly finds:

13 (1) That improving the alignment of utility customer
14 and company interests is critical to ensuring equity,
15 rapid growth of distributed energy resources, electric
16 vehicles, and other new technologies that substantially
17 change the makeup of the grid and protect Illinois
18 residents and businesses from potential economic and
19 environmental harm from the State's energy systems.

20 (2) There is urgency around addressing increasing
21 threats from climate change and assisting communities that
22 have borne disproportionate impacts from climate change,
23 including air pollution, greenhouse gas emissions, and
24 energy burdens. Addressing this problem requires changes

1 to the business model under which utilities in Illinois
2 have traditionally functioned.

3 (3) Providing targeted incentives to support change
4 through a new performance-based structure to enhance
5 ratemaking is intended to enable alignment of utility,
6 customer, community, and environmental goals.

7 (4) Though Illinois has taken some measures to move
8 utilities to performance-based ratemaking through the
9 establishment of performance incentives and a
10 performance-based formula rate under the Energy
11 Infrastructure Modernization Act, these measures have not
12 been sufficiently transformative in urgently moving
13 electric utilities toward the State's ambitious energy
14 policy goals: protecting a healthy environment and
15 climate, improving public health, and creating quality
16 jobs and economic opportunities, including wealth
17 building, especially in economically disadvantaged
18 communities and communities of color.

19 (5) These measures were not developed through a
20 process to understand first what performance measures and
21 penalties would help drive the sought-after behavior by
22 the utilities.

23 (6) While the General Assembly has not made a finding
24 that the spending related to the Energy Infrastructure and
25 Modernization Act and its performance metrics was not
26 reasonable, it is important to address concerns that these

1 measures may have resulted in excess utility spending and
2 guaranteed profits without meaningful improvements in
3 customer experience, rate affordability, or equity.

4 (7) Discussions of performance incentive mechanisms
5 must always take into account the affordability of
6 customer rates and bills for all customers, including
7 low-income customers.

8 (8) The General Assembly therefore directs the
9 Illinois Commerce Commission to complete a transition that
10 includes a comprehensive performance-based regulation
11 framework for electric utilities serving more than 500,000
12 customers. The breadth of this framework should revise
13 existing utility regulations to position Illinois electric
14 utilities to effectively and efficiently achieve current
15 and anticipated future energy needs of this State, while
16 ensuring affordability for consumers.

17 (b) As used in this Section:

18 "Commission" means the Illinois Commerce Commission.

19 "Demand response" means measures that decrease peak
20 electricity demand or shift demand from peak to off-peak
21 periods.

22 "Distributed energy resources" or "DER" means a wide range
23 of technologies that are connected to the grid including those
24 that are located on the customer side of the customer's
25 electric meter and can provide value to the distribution
26 system, including, but not limited to, distributed generation,

1 energy storage, electric vehicles, and demand response
2 technologies.

3 "Economically disadvantaged communities" means areas of
4 one or more census tracts where average household income does
5 not exceed 80% of area median income.

6 "Environmental justice communities" means the definition
7 of that term as used and as may be updated in the long-term
8 renewable resources procurement plan by the Illinois Power
9 Agency and its Program Administrator in the Illinois Solar for
10 All Program.

11 "Equity investment eligible community" means the
12 geographic areas throughout Illinois which would most benefit
13 from equitable investments by the State designed to combat
14 discrimination. Specifically, the equity investment eligible
15 communities shall be defined as the following areas:

16 (1) R3 Areas as established pursuant to Section 10-40
17 of the Cannabis Regulation and Tax Act, where residents
18 have historically been excluded from economic
19 opportunities, including opportunities in the energy
20 sector; and

21 (2) Environmental justice communities, as defined by
22 the Illinois Power Agency pursuant to the Illinois Power
23 Agency Act, where residents have historically been subject
24 to disproportionate burdens of pollution, including
25 pollution from the energy sector.

26 "Performance incentive mechanism" means an instrument by

1 which utility performance is incentivized, which could include
2 a monetary performance incentive.

3 "Performance metric" means a manner of measurement for a
4 particular utility activity.

5 (c) Through coordinated, comprehensive system planning,
6 ratemaking, and performance incentives, the performance-based
7 ratemaking framework should be designed to accomplish the
8 following objectives:

9 (1) maintain and improve service reliability and
10 safety, including and particularly in environmental
11 justice, low-income, and equity investment eligible
12 communities;

13 (2) decarbonize utility systems at a pace that meets
14 or exceeds State climate goals, while also ensuring the
15 affordability of rates for all customers, including
16 low-income customers;

17 (3) direct electric utilities to make cost-effective
18 investments that support achievement of Illinois' clean
19 energy policies, including, at a minimum, investments
20 designed to integrate distributed energy resources, comply
21 with critical infrastructure protection standards, plans,
22 and industry best practices, and support and take
23 advantage of potential benefits from the electric vehicle
24 charging and other electrification, while mitigating the
25 impacts;

26 (4) choose cost-effective assets and services, whether

1 utility-supplied or through third-party contracting,
2 considering both economic and environmental costs and the
3 effects on utility rates, to deliver high-quality service
4 to customers at least cost;

5 (5) maintain the affordability of electric delivery
6 services for all customers, including low-income
7 customers;

8 (6) maintain and grow a diverse workforce, diverse
9 supplier procurement base and, for relevant programs,
10 diverse approved-vendor pools, including increased
11 opportunities for minority-owned, female-owned,
12 veteran-owned, and disability-owned business enterprises;

13 (7) improve customer service performance and
14 engagement;

15 (8) address the particular burdens faced by consumers
16 in environmental justice and equity investment eligible
17 communities, including shareholder, consumer, and publicly
18 funded bill payment assistance and credit and collection
19 policies, and ensure equitable disconnections, late fees,
20 or arrearages as a result of utility credit and collection
21 practices, which may include consideration of impact by
22 zip code; and

23 (9) implement or otherwise enhance current supplier
24 diversity programs to increase diverse contractor
25 participation in professional services, subcontracting,
26 and prime contracting opportunities with programs that

1 address barriers to access. Supplier diversity programs
2 shall address specific barriers related to RFP and
3 contract access, access to capital, information technology
4 and cyber security access and costs, administrative
5 burdens, and quality control with specific metrics,
6 outcomes, and demographic data reported.

7 (d) Multi-Year Rate Plan.

8 (1) If an electric utility had a performance-based
9 formula rate in effect under Section 16-108.5 as of
10 December 31, 2020, then the utility may file a petition
11 proposing tariffs implementing a 4-year Multi-Year Rate
12 Plan as provided in this Section no later than, January
13 20, 2023, for delivery service rates to be effective for
14 the billing periods January 1, 2024 through December 31,
15 2027. The Commission shall issue an order approving or
16 approving as modified the utility's plan no later than
17 December 20, 2023. The term "Multi-Year Rate Plan" refers
18 to a plan establishing the base rates the utility shall
19 charge for each delivery year of the 4-year period to be
20 covered by the plan, which shall be subject to
21 modification only as expressly allowed in this Section.

22 (2) A utility proposing a Multi-Year Rate Plan shall
23 provide a 4-year investment plan and a description of the
24 utility's major planned investments, including, at a
25 minimum, all investments of \$2,000,000 or greater over the
26 plan period for an electric utility that serves more than

1 3,000,000 retail customers in the State or \$500,000 for an
2 electric utility that serves less than 3,000,000 retail
3 customers in the State but more than 500,000 retail
4 customers in the State. The 4-year investment plan must be
5 consistent with the Multi-Year Integrated Grid Plan
6 described in Section 16-105.17 of this Act. The investment
7 plan shall provide sufficiently detailed information, as
8 required by the Commission, including, at a minimum, a
9 description of each investment, the location of the
10 investment, and an explanation of the need for and benefit
11 of such an investment to the extent known.

12 (3) The Multi-Year Rate Plan shall be implemented
13 through a tariff filed with the Commission consistent with
14 the provisions of this paragraph (3) that shall apply to
15 all delivery service customers. The Commission shall
16 initiate and conduct an investigation of the tariff in a
17 manner consistent with the provisions of this paragraph
18 (3) and the provisions of Article IX of this Act, to the
19 extent they do not conflict with this paragraph (3). The
20 Multi-Year Rate Plan approved by the Commission shall do
21 the following:

22 (A) Provide for the recovery of the utility's
23 forecasted rate base, based on the 4-year investment
24 plan and the utility's Integrated Grid Plan. The
25 forecasted rate base must include the utility's
26 planned capital investments, with rates based on

1 average annual plant investment, and
2 investment-related costs, including income tax
3 impacts, depreciation, and ratemaking adjustments and
4 costs that are prudently incurred and reasonable in
5 amount consistent with Commission practice and law.
6 The process used to develop the forecasts must be
7 iterative, rigorous, and lead to forecasts that
8 reasonably represent the utility's investments during
9 the forecasted period and ensure that the investments
10 are projected to be used and useful during the annual
11 investment period and least cost, consistent with the
12 provisions of Articles VIII and IX of this Act.

13 (B) The cost of equity shall be approved by the
14 Commission consistent with Commission practice and
15 law.

16 (C) The revenue requirement shall reflect the
17 utility's actual capital structure for the applicable
18 calendar year. A year-end capital structure that
19 includes a common equity ratio of up to and including
20 50% of the total capital structure shall be deemed
21 prudent and reasonable. A higher common equity ratio
22 must be specifically approved by the Commission.

23 (D) (Blank).

24 (E) Provide for recovery of prudent and reasonable
25 projected operating expenses, giving effect to
26 ratemaking adjustments, consistent with Commission

1 practice and law under Article IX of this Act.
2 Operating expenses for years after the first year of
3 the Multi-Year Rate Plan may be estimated by the use of
4 known and measurable changes, expense reductions
5 associated with planned capital investments as
6 appropriate, and reasonable and appropriate
7 escalators, indices, or other metrics.

8 (F) Amortize the amount of unprotected
9 property-related excess accumulated deferred income
10 taxes in rates as of January 1, 2023 over a period
11 ending December 31, 2027, unless otherwise required to
12 amortize the excess deferred income tax pursuant to
13 Section 16-108.21 of this Act.

14 (G) Allow recovery of incentive compensation
15 expense that is based on the achievement of
16 operational metrics, including metrics related to
17 budget controls, outage duration and frequency,
18 safety, customer service, efficiency and productivity,
19 environmental compliance and attainment of
20 affordability and environmental goals, and other goals
21 and metrics approved by the Commission. Incentive
22 compensation expense that is based on net income or an
23 affiliate's earnings per share shall not be
24 recoverable.

25 (H) To the maximum extent practicable, align the
26 4-year investment plan and annual capital budgets with

1 the electric utility's Multi-Year Integrated Grid
2 Plan.

3 (4) The Commission shall establish annual rates for
4 each year of the Multi-Year Rate Plan that accurately
5 reflect and are based only upon the utility's reasonable
6 and prudent costs of service over the term of the plan,
7 including the effect of all ratemaking adjustments
8 consistent with Commission practice and law as determined
9 by the Commission, provided that the costs are not being
10 recovered elsewhere in rates. Tariff riders authorized by
11 the Commission may continue outside of a plan authorized
12 under this Section to the extent such costs are not
13 recovered elsewhere in rates. For the first Multi-Year
14 Rate Plan ~~multi-year rate plan~~, the burden of proof shall
15 be on the electric utility to establish the prudence of
16 investments and expenditures and to establish that such
17 investments consistent with and reasonably necessary to
18 meet the requirements of the utility's first approved
19 Multi-Year Integrated Grid Plan described in Section
20 16-105.17 of this Act. For subsequent Multi-Year Rate
21 Plans, the burden of proof shall be on the electric
22 utility to establish the prudence of investments and
23 expenditures and to establish that such investments are
24 consistent with and reasonably necessary to meet the
25 requirements of the utility's most recently approved
26 Multi-Year Integrated Grid Plan described in Section

1 16-105.17 of this Act. The sole fact that a cost differs
2 from that incurred in a prior period or that an investment
3 is different from that described in the Multi-Year
4 Integrated Grid Plan shall not imply the imprudence or
5 unreasonableness of that cost or investment. The sole fact
6 that an investment is the same or similar to that
7 described in the Multi-Year Integrated Grid Plan shall not
8 imply prudence and reasonableness of that investment.

9 (5) To facilitate public transparency, all materials,
10 data, testimony, and schedules shall be provided to the
11 Commission in an editable, machine-readable electronic
12 format including .doc, .docx, .xls, .xlsx, and similar
13 file formats, but not including .pdf or .exif. Should
14 utilities designate any materials confidential, they shall
15 have an affirmative duty to explain why the particular
16 information is marked confidential. In determining
17 prudence and reasonableness of rates, the Commission shall
18 make its determination based upon the record, including
19 each public comment filed or provided orally at open
20 meetings consistent with the Commission's rules and
21 practices.

22 (6) The Commission may, by order, establish terms,
23 conditions, and procedures for submitting and approving a
24 Multi-Year Rate Plan necessary to implement this Section
25 and ensure that rates remain just and reasonable during
26 the course of the plan, including terms and procedures for

1 rate adjustment.

2 (7) An electric utility that files a tariff pursuant
3 to paragraph (3) of this subsection (e) must submit a
4 one-time \$300,000 filing fee at the time the Chief Clerk
5 of the Commission accepts the filing, which shall be a
6 recoverable expense.

7 (8) An electric utility operating under a Multi-Year
8 Rate Plan shall file a new Multi-Year Rate Plan at least
9 300 days prior to the end of the initial Multi-Year Rate
10 Plan unless it elects to file a general rate case pursuant
11 to paragraph (9), and every 4 years thereafter, with a
12 rate-effective date of the proposed tariffs such that,
13 after the Commission suspension period, the rates would
14 take effect immediately at the close of the final year of
15 the initial Multi-Year Rate Plan. In subsequent Multi-Year
16 Rate Plans, as in the initial plans, utilities and
17 stakeholders may propose additional metrics that achieve
18 the outcomes described in paragraph (2) of subsection (f)
19 of this Section.

20 (9) Election of Rate Case.

21 (A) On or before the date prescribed by
22 subparagraph (B) of paragraph (9) of this Section,
23 electric utilities that serve more than 500,000 retail
24 customers in the State shall file either a general
25 rate case under Section 9-201 of this Act, or a
26 Multi-Year Rate Plan, as set forth in paragraph (1) of

1 this subsection (d).

2 (B) Electric utilities described in subparagraph
3 (A) of paragraph (9) of this Section shall file their
4 initial general rate case or Multi-Year Rate Plan, as
5 applicable, with the Commission no later than January
6 20, 2023.

7 (C) Notwithstanding which rate filing option an
8 electric utility elects to file on the date prescribed
9 by subparagraph (B) of paragraph (9) of this Section,
10 the electric utility shall be subject to the
11 Multi-year Integrated Plan filing requirements.

12 (D) Following its initial rate filing pursuant to
13 paragraph (2), an electric utility subject to the
14 requirements of this Section shall thereafter be
15 permitted to elect a different rate filing option
16 consistent with any filing intervals established for a
17 general rate case or Multi-Year Rate Plan, as follows:

18 (i) An electric utility that initially elected
19 to file a Multi-Year Rate Plan and thereafter
20 elects to transition to a general rate case may do
21 so upon completion of the 4-year Multi-Year Rate
22 Plan by filing a general rate case at the same time
23 that the utility would have filed its subsequent
24 Multi-Year Rate Plan, as specified in paragraph
25 (8) of this subsection (d). Notwithstanding this
26 election, the annual adjustment of the final year

1 of the Multi-Year Rate Plan shall proceed as
2 specified in paragraph (6) of subsection (f).

3 (ii) An electric utility that initially
4 elected to a file general rate case and thereafter
5 elects to transition to a Multi-Year Rate Plan may
6 do so only at the 4-year filing intervals
7 identified by paragraph (8) of this subsection
8 (d).

9 (10) The Commission shall approve tariffs establishing
10 rate design for all delivery service customers unless the
11 electric utility makes the election specified in Section
12 16-105.5, in which case the rate design shall be subject
13 to the provisions of that Section.

14 (11) The Commission shall establish requirements for
15 annual performance evaluation reports to be submitted
16 annually for performance metrics. Such reports shall
17 include, but not be limited to, a description of the
18 utility's performance under each metric and an
19 identification of any extraordinary events that adversely
20 affected the utility's performance.

21 (12) For the first Multi-Year Rate Plan, the
22 Commission shall consolidate its investigation with the
23 proceeding under Section 16-105.17 to establish the
24 Multi-Year Integrated Grid Plan no later than 45 days
25 after plan filing.

26 (13) Where a rate change under a Multi-Year Rate Plan

1 will result in a rate increase, an electric utility may
2 propose a rate phase-in plan that the Commission shall
3 approve with or without modification or deny in its final
4 order approving the new delivery services rates. A
5 proposed rate phase-in plan under this paragraph (13) must
6 allow the new delivery services rates to be implemented in
7 no more than 2 steps, as follows: in the first step, at
8 least 50% of the approved rate increase must be reflected
9 in rates, and, in the second step, 100% of the rate
10 increase must be reflected in rates. The second step's
11 rates must take effect no later than 12 months after the
12 first step's rates were placed into effect. The portion of
13 the approved rate increase not implemented in the first
14 step shall be recorded on the electric utility's books as
15 a regulatory asset, and shall accrue carrying costs to
16 ensure that the utility does not recover more or less than
17 it otherwise would because of the deferral. This portion
18 shall be recovered, with such carrying costs at the
19 weighted average cost of capital, through a surcharge
20 applied to retail customer bills that (i) begins no later
21 than 12 months after the date on which the second step's
22 rates went into effect and (ii) is applied over a period
23 not to exceed 24 months. Nothing in this paragraph is
24 intended to limit the Commission's authority to mitigate
25 the impact of rates caused by rate plans, or any other
26 instance on a revenue-neutral basis; nor shall it mitigate

1 a utility's ability to make proposals to mitigate the
2 impact of rates. When a deferral, or similar method, is
3 used to mitigate the impact of rates, the utility should
4 be allowed to recover carrying costs.

5 (14) Notwithstanding the provisions of paragraph
6 ~~Section~~ (13), the Commission may, on its own initiative,
7 take revenue-neutral measures to relieve the impact of
8 rate increases on customers. Such initiatives may be taken
9 by the Commission in the first Multi-Year Rate Plan,
10 subsequent multi-year plans, or in other instances
11 described in this Act.

12 (15) Whenever during the pendency of a Multi-Year
13 ~~Multi-year~~ Rate Plan, an electric utility subject to this
14 Section becomes aware that, due to circumstances beyond
15 its control, prudent operating practices will require the
16 utility to make adjustments to the Multi-Year Rate Plan,
17 the electric utility may file a petition with the
18 Commission requesting modification of the approved annual
19 revenue requirements included in the Multi-Year Rate Plan.
20 The electric utility must support its request with
21 evidence demonstrating why a modification is necessary,
22 due to circumstances beyond the utility's control, to
23 follow prudent operating practices and must set forth the
24 changes to each annual revenue requirement to be approved,
25 and the basis for any changes in anticipated operating
26 expenses or capital investment levels. The utility shall

1 affirmatively address the impact of the changes on the
2 Multi-Year Integrated Grid Plan and Multi-Year Rate Plan
3 originally submitted and approved by the Commission. Any
4 interested party may file an objection to the changes
5 proposed, or offer alternatives to the utility's proposal,
6 as supported by testimony and evidence. After notice and
7 hearing, the Commission shall issue a final order
8 regarding the electric utility's request no later than 180
9 days after the filing of the petition.

10 (e) Performance incentive mechanisms.

11 (1) The electric industry is undergoing rapid
12 transformation, including fundamental changes in how
13 electricity is generated, procured, and delivered and how
14 customers are choosing to participate in the supply and
15 delivery of electricity to and from the electric grid.
16 Building upon the State's goals to increase the
17 procurement of electricity from renewable energy
18 resources, including distributed generation and storage
19 devices, the General Assembly finds that electric
20 utilities should make cost-effective investments that
21 support moving forward on Illinois' clean energy policies.
22 It is therefore in the State's interest for the Commission
23 to establish performance incentive mechanisms in order to
24 better tie utility revenues to performance and customer
25 benefits, accelerate progress on Illinois energy and other
26 goals, ensure equity and affordability of rates for all

1 customers, including low-income customers, and hold
2 utilities publicly accountable.

3 (2) The Commission shall approve, based on the
4 substantial evidence proffered in the proceeding initiated
5 pursuant to this subsection performance metrics that, to
6 the extent practicable and achievable by the electric
7 utility, encourage cost-effective, equitable utility
8 achievement of the outcomes described in this subsection
9 (e) while ensuring no degradation in the significant
10 performance improvement achieved through previously
11 established performance metrics. For each electric
12 utility, the Commission shall approve metrics designed to
13 achieve incremental improvements over baseline performance
14 values and targets, over a performance period of up to 10
15 years, and no less than 4 years.

16 (A) The Commission shall approve no more than 8
17 metrics, with at least one metric from each of the
18 categories below, for each electric utility, from
19 items ~~subparagraphs~~ (i) through (vi) of this
20 subparagraph ~~subsection~~ (A). Upon a utility request,
21 the Commission may approve the use of a specific,
22 measurable, and achievable tracking metric described
23 in paragraph (3) of this subsection (e) as a
24 performance metric pursuant to paragraph (2) of this
25 subsection (e).

26 (i) Metrics designed to ensure the utility

1 maintains and improves the high standards of both
2 overall and locational reliability and resiliency,
3 and makes improvements in power quality, including
4 and particularly in environmental justice and
5 equity investment eligible communities.

6 (ii) Peak load reductions attributable to
7 demand response programs.

8 (iii) Supplier diversity expansion, including
9 diverse contractor participation in professional
10 services, subcontracting, and prime contracting
11 opportunities, development of programs that
12 address the barriers to access, aligning
13 demographics of contractors to the demographics in
14 the utility's service territory, establish
15 long-term mentoring relationships that develop and
16 remove barriers to access for diverse and
17 underserved contractors. The utilities shall
18 provide solutions, resources, and tools to address
19 complex barriers of entry related to costly and
20 time-intensive cyber security requirements,
21 increasingly complex information technology
22 requirements, insurance barriers, service provider
23 sign-up process barriers, administrative process
24 barriers, and other barriers that inhibit access
25 to RFPs and contracts. For programs with contracts
26 over \$1,000,000, winning bidders must demonstrate

1 a subcontractor development or mentoring
2 relationship with at least one of their diverse
3 subcontracting partners for a core component of
4 the scope of the project. The mentoring time and
5 cost shall be taken into account in the creation
6 of RFP and shall include a structured and measured
7 plan by the prime contractor to increase the
8 capabilities of the subcontractor in their
9 proposed scope. The metric shall include reporting
10 on all supplier diversity programs by goals,
11 program results, demographics and geography, with
12 separate reporting by category of minority-owned,
13 female-owned, veteran-owned, and disability-owned
14 business enterprise metrics. The report shall
15 include resources and expenses committed to the
16 programs and conversion rates of new diverse
17 utility contractors.

18 (iv) Achieve affordable customer delivery
19 service costs, with particular emphasis on keeping
20 the bills of lower-income households, households
21 in equity investment eligible communities, and
22 household in environmental justice communities
23 within a manageable portion of their income and
24 adopting credit and collection policies that
25 reduce disconnections for these households
26 specifically and for customers overall to ensure

1 equitable disconnections, late fees, or arrearages
2 as a result of utility credit and collection
3 practices, which may include consideration of
4 impact by zip code.

5 (v) Metrics designed around the utility's
6 timeliness to customer requests for
7 interconnection in key milestone areas, such as:
8 initial response, supplemental review, and system
9 feasibility study; improved average service
10 reliability index for those customers that have
11 interconnected a distributed renewable energy
12 generation device to the utility's distribution
13 system and are lawfully taking service under an
14 applicable tariff; offering a variety of
15 affordable rate options, including demand
16 response, time of use rates for delivery and
17 supply, real-time pricing rates for supply;
18 comprehensive and predictable net metering, and
19 maximizing the benefits of grid modernization and
20 clean energy for ratepayers; and improving
21 customer access to utility system information
22 according to consumer demand and interest.

23 (vi) Metrics designed to measure the utility's
24 customer service performance, which may include
25 the average length of time to answer a customer's
26 call by a customer service representative, the

1 abandoned call rate and the relative ranking of
2 the electric utility, by a reputable third-party
3 organization, in customer service satisfaction
4 when compared to other similar electric utilities
5 in the Midwest region.

6 (B) Performance metrics shall include a
7 description of the metric, a calculation method, a
8 data collection method, annual performance targets,
9 and any incentives or penalties for the utility's
10 achievement of, or failure to achieve, their
11 performance targets, provided that the total amount of
12 potential incentives and penalties shall be
13 symmetrical. Incentives shall be rewards or penalties
14 or both, reflected as basis points added to, or
15 subtracted from, the utility's cost of equity. The
16 metrics and incentives shall apply for the entire time
17 period covered by a Multi-Year Rate Plan. The total
18 for all metrics shall be equal to 40 basis points,
19 however, the Commission may adjust the basis points
20 upward or downward by up to 20 basis points for any
21 given Multi-Year Rate Plan, as appropriate, but in no
22 event may the total exceed 60 basis points or fall
23 below 20 basis points.

24 (C) Metrics related to reliability shall be
25 implemented to ensure equitable benefits to
26 environmental justice and equity investment eligible

1 communities, as defined in this Act.

2 (D) The Commission shall approve performance
3 metrics that are reasonably within control of the
4 utility to achieve. The Commission also shall not
5 approve a metric that is solely expected to have the
6 effect of reducing the workforce. Performance metrics
7 should measure outcomes and actual, rather than
8 projected, results where possible. Nothing in this
9 ~~subparagraph~~ ~~paragraph~~ is intended to require that
10 different electric utilities must be subject to the
11 same metrics, goals, or incentives.

12 (E) Increases or enhancements to an existing
13 performance goal or target shall be considered in
14 light of other metrics, cost-effectiveness, and other
15 factors the Commission deems appropriate. Performance
16 metrics shall include one year of tracking data
17 collected in a consistent manner, verifiable by an
18 independent evaluator in order to establish a baseline
19 and measure outcomes and actual results against
20 projections where possible.

21 (F) For the purpose of determining reasonable
22 performance metrics and related incentives, the
23 Commission shall develop a methodology to calculate
24 net benefits that includes customer and societal costs
25 and benefits and quantifies the effect on delivery
26 rates. In determining the appropriate level of a

1 performance incentive, the Commission shall consider:
2 the extent to which the amount is likely to encourage
3 the utility to achieve the performance target in the
4 least cost manner; the value of benefits to customers,
5 the grid, public health and safety, and the
6 environment from achievement of the performance
7 target, including in particular benefits to equity
8 investment eligible community; the affordability of
9 customer's electric bills, including low-income
10 customers, the utility's revenue requirement, the
11 promotion of renewable and distributed energy, and
12 other such factors that the Commission deems
13 appropriate. The consideration of these factors shall
14 result in an incentive level that ensures benefits
15 exceed costs for customers.

16 (G) Achievement of performance metrics are based
17 on the assumptions that the utility will adopt or
18 implement the technology and equipment, and make the
19 investments to the extent reasonably necessary to
20 achieve the goal. If the electric utility is unable to
21 meet the performance metrics as a result of
22 extraordinary circumstances outside of its control,
23 including, but not limited to, government-declared
24 emergencies, then the utility shall be permitted to
25 file a petition with the Commission requesting that
26 the utility be excused from compliance with the

1 applicable performance goal or goals and the
2 associated financial incentives and penalties. The
3 burden of proof shall be on the utility, consistent
4 with Article IX, and the utility's petition shall be
5 supported by substantial evidence. The Commission
6 shall, after notice and hearing, enter its order
7 approving or denying, in whole or in part, the
8 utility's petition based on the extent to which the
9 utility demonstrated that its achievement of the
10 affected metrics and performance goals was hindered by
11 extraordinary circumstances outside of the utility's
12 control.

13 (3) The Commission shall approve reasonable and
14 appropriate tracking metrics to collect and monitor data
15 for the purpose of measuring and reporting utility
16 performance and for establishing future performance
17 metrics. These additional tracking metrics shall include
18 at least one metric from each of the following categories
19 of performance:

20 (A) Minimize emissions of greenhouse gases and
21 other air pollutants that harm human health,
22 particularly in environmental justice and equity
23 investment eligible communities, through minimizing
24 total emissions by accelerating electrification of
25 transportation, buildings, and industries where such
26 electrification results in net reductions, across all

1 fuels and over the life of electrification measures,
2 of greenhouse gases and other pollutants, taking into
3 consideration the fuel mix used to produce electricity
4 at the relevant hour and the effect of accelerating
5 electrification on electricity delivery services
6 rates, supply prices, and peak demand, provided the
7 revenues the utility receives from accelerating
8 electrification of transportation, buildings, and
9 industries exceed the costs.

10 (B) Enhance the grid's flexibility to adapt to
11 increased deployment of nondispatchable resources,
12 improve the ability and performance of the grid on
13 load balancing, and offer a variety of rate plans to
14 match consumer consumption patterns and lower consumer
15 bills for electricity delivery and supply.

16 (C) Ensure rates reflect cost savings attributable
17 to grid modernization and utilize distributed energy
18 resources that allow the utility to defer or forgo
19 traditional grid investments that would otherwise be
20 required to provide safe and reliable service.

21 (D) Metrics designed to create and sustain
22 full-time-equivalent jobs and opportunities for all
23 segments of the population and workforce, including
24 minority-owned businesses, women-owned businesses,
25 veteran-owned businesses, and businesses owned by a
26 person or persons with a disability, and that do not,

1 consistent with State and federal law, discriminate
2 based on race or socioeconomic status as a result of
3 Public Act 102-662 ~~this amendatory Act of the 102nd~~
4 ~~General Assembly.~~

5 (E) Maximize and prioritize the allocation of grid
6 planning benefits to environmental justice and
7 economically disadvantaged customers and communities,
8 such that all metrics provide equitable benefits
9 across the utility's service territory and maintain
10 and improve utility customers' access to uninterrupted
11 utility services.

12 (4) The Commission may establish new tracking and
13 performance metrics in future Multi-Year Rate Plans to
14 further measure achievement of the outcomes set forth in
15 paragraph (2) of subsection (f) of this Section and the
16 other goals and requirements of this Section.

17 (5) The Commission shall also evaluate metrics that
18 were established in prior Multi-Year Rate Plans to
19 determine if there has been an unanticipated material
20 change in circumstances such that adjustments are required
21 to improve the likelihood of the outcomes described in
22 paragraph (2) of subsection (f). For metrics that were
23 established in prior Multi-Year Rate Plan proceedings and
24 that the Commission elects to continue, the design of
25 these metrics, including the goals of tracking metrics and
26 the targets and incentive levels and structures of

1 performance metrics, may be adjusted pursuant to the
2 requirements in this Section. The Commission may also
3 change, adjust, or phase out tracking and performance
4 metrics that were established in prior Multi-Year Rate
5 Plan proceedings if these metrics no longer meet the
6 requirements of this Section or if they are rendered
7 obsolete by the changing needs and technology of an
8 evolving grid. Additionally, performance metrics that no
9 longer require an incentive to create improved utility
10 performance may become tracking metrics in a Multi-Year
11 Rate Plan proceeding.

12 (6) The Commission shall initiate a workshop process
13 no later than August 1, 2021, or 15 days after September
14 15, 2021 (the effective date of Public Act 102-662) ~~this~~
15 ~~amendatory Act of the 102nd General Assembly~~, whichever is
16 later, for the purpose of facilitating the development of
17 metrics for each utility. The workshop shall be
18 coordinated by the staff of the Commission, or a
19 facilitator retained by staff, and shall be organized and
20 facilitated in a manner that encourages representation
21 from diverse stakeholders and ensures equitable
22 opportunities for participation, without requiring formal
23 intervention or representation by an attorney. Working
24 with staff of the Commission the facilitator may conduct a
25 combination of workshops specific to a utility or
26 applicable to multiple utilities where content and

1 stakeholders are substantially similar. The workshop
2 process shall conclude no later than October 31, 2021.
3 Following the workshop, the staff of the Commission, or
4 the facilitator retained by the Staff, shall prepare and
5 submit a report to the Commission that identifies the
6 participants in the process, the metrics proposed during
7 the process, any material issues that remained unresolved
8 at the conclusions of such process, and any
9 recommendations for workshop process improvements. Any
10 workshop participant may file comments and reply comments
11 in response to the Staff report.

12 (A) No later than January, 20, 2022, each electric
13 utility that intends to file a petition pursuant to
14 subsection (b) of this Section shall file a petition
15 with the Commission seeking approval of its
16 performance metrics, which shall include for each
17 metric, at a minimum, (i) a detailed description, (ii)
18 the calculation of the baseline, (iii) the performance
19 period and overall performance goal, provided that the
20 performance period shall not commence prior to January
21 1, 2024, (iv) each annual performance goal, (v) the
22 performance adjustment, which shall be a symmetrical
23 basis point increase or decrease to the utility's cost
24 of equity based on the extent to which the utility
25 achieved the annual performance goal, and (vi) the new
26 or modified tariff mechanism that will apply the

1 performance adjustments. The Commission shall issue
2 its order approving, or approving with modification,
3 the utility's proposed performance metrics no later
4 than September 30, 2022.

5 (B) No later than August 1, 2025, the Commission
6 shall initiate a workshop process that conforms to the
7 workshop purpose and requirements of this paragraph
8 (6) of this Section to the extent they do not conflict.
9 The workshop process shall conclude no later than
10 October 31, 2025, and the staff of the Commission, or
11 the facilitator retained by the Staff, shall prepare
12 and submit a report consistent with the requirements
13 described in this paragraph (6) of this Section. No
14 later than January 20, 2026, each electric utility
15 subject to the requirements of this Section shall file
16 a petition the reflects, and is consistent with, the
17 components required in this paragraph (6) of this
18 Section, and the Commission shall issue its order
19 approving, or approving with modification, the
20 utility's proposed performance metrics no later than
21 September 30, 2026.

22 (f) On May 1 of each year, following the approval of the
23 first Multi-Year Rate Plan and its initial year, the
24 Commission shall open an annual performance evaluation
25 proceeding to evaluate the utilities' performance on their
26 metric targets during the year just completed, as well as the

1 appropriate Annual Adjustment as defined in paragraph (6). The
2 Commission shall determine the performance and annual
3 adjustments to be applied through a surcharge in the following
4 calendar year.

5 (1) On February 15 of each year, prior to the annual
6 performance evaluation proceeding, each utility shall file
7 a performance evaluation report with the Commission that
8 includes a description of and all data supporting how the
9 utility performed under each performance metric and an
10 identification of any extraordinary events that adversely
11 impacted the utility's performance.

12 (2) The metrics approved under this Section are based
13 on the assumptions that the utility may fully implement
14 the technology and equipment, and make the investments,
15 required to achieve the metrics and performance goals. If
16 the utility is unable to meet the metrics and performance
17 goals because it was hindered by unanticipated technology
18 or equipment implementation delays, government-declared
19 emergencies, or other investment impediments, then the
20 utility shall be permitted to file a petition with the
21 Commission on or before the date that its report is due
22 pursuant to paragraph (1) of this subsection (f)
23 requesting that the utility be excused from compliance
24 with the applicable performance goal or goals. The burden
25 of proof shall be on the utility, consistent with Article
26 IX, and the utility's petition shall be supported by

1 substantial evidence. No later than 90 days after the
2 utility files its petition, the Commission shall, after
3 notice and hearing, enter its order approving or denying,
4 in whole or in part, the utility's petition based on the
5 extent to which the utility demonstrated that its
6 achievement of the affected metrics and performance goals
7 was hindered by unanticipated technology or equipment
8 implementation delays, or other investment impediments,
9 that were reasonably outside of the utility's control.

10 (3) The electric utility shall provide for an annual
11 independent evaluation of its performance on metrics. The
12 independent evaluator shall review the utility's
13 assumptions, baselines, targets, calculation
14 methodologies, and other relevant information, especially
15 ensuring that the utility's data for establishing
16 baselines matches actual performance, and shall provide a
17 report to the Commission in each annual performance
18 evaluation describing the results. The independent
19 evaluator shall present this report as evidence as a
20 nonparty participant and shall not be represented by the
21 utility's legal counsel. The independent evaluator shall
22 be hired through a competitive bidding process with
23 approval of the contract by the Commission.

24 The Commission shall consider the report of the
25 independent evaluator in determining the utility's
26 achievement of performance targets. Discrepancies between

1 the utility's assumptions, baselines, targets, or
2 calculations and those of the independent evaluator shall
3 be closely scrutinized by the Commission. If the
4 Commission finds that the utility's reported data for any
5 metric or metrics significantly and incorrectly deviates
6 from the data reported by the independent evaluator, then
7 the Commission shall order the utility to revise its data
8 collection and calculation process within 60 days, with
9 specifications where appropriate.

10 (4) The Commission shall, after notice and hearing in
11 the annual performance evaluation proceeding, enter an
12 order approving the utility's performance adjustment based
13 on its achievement of or failure to achieve its
14 performance targets no later than December 20 each year.
15 The Commission-approved penalties or incentives shall be
16 applied beginning with the next calendar year.

17 (5) In order to promote the transparency of utility
18 investments during the effective period of a multi-year
19 rate plan, inform the Commission's investigation and
20 adjustment of rates in the annual adjustment process, and
21 to facilitate the participation of stakeholders in the
22 annual adjustment process, an electric utility with an
23 effective Multi-Year Rate Plan shall, within 90 days of
24 the close of each quarter during the Multi-Year Rate Plan
25 period, submit to the Commission a report that summarizes
26 the additions to utility plant that were placed into

1 service during the prior quarter, which for purposes of
2 the report shall be the most recently closed fiscal
3 quarter. The report shall also summarize the utility plant
4 the electric utility projects it will place into service
5 through the end of the calendar year in which the report is
6 filed. The projections, estimates, plans, and
7 forward-looking information that are provided in the
8 reports pursuant to this paragraph (5) are for planning
9 purposes and are intended to be illustrative of the
10 investments that the utility proposes to make as of the
11 time of submittal. Nothing in this paragraph (5)
12 precludes, or is intended to limit, a utility's ability to
13 modify and update its projections, estimates, plans, and
14 forward-looking information previously submitted in order
15 to reflect stakeholder input or other new or updated
16 information and analysis, including, but not limited to,
17 changes in specific investment needs, customer electric
18 use patterns, customer applications and preferences, and
19 commercially available equipment and technologies, however
20 the utility shall explain any changes or deviations
21 between the projected investments from the quarterly
22 reports and actual investments in the annual report. The
23 reports submitted pursuant to this subsection are intended
24 to be flexible planning tools, and are expected to evolve
25 as new information becomes available. Within 7 days of
26 receiving a quarterly report, the Commission shall timely

1 make such report available to the public by posting it on
2 the Commission's website. Each quarterly report shall
3 include the following detail:

4 (A) The total dollar value of the additions to
5 utility plant placed in service during the prior
6 quarter;

7 (B) A list of the major investment categories the
8 electric utility used to manage its routine standing
9 operational activities during the prior quarter
10 including the total dollar amount for the work
11 reflected in each investment category in which utility
12 plant in service is equal to or greater than
13 \$2,000,000 for an electric utility that serves more
14 than 3,000,000 customers in the State or \$500,000 for
15 an electric utility that serves less than 3,000,000
16 customers but more than 500,000 customers in the State
17 as of the last day of the quarterly reporting period,
18 as well as a summary description of each investment
19 category;

20 (C) A list of the projects which the electric
21 utility has identified by a unique investment tracking
22 number for utility plant placed in service during the
23 prior quarter for utility plant placed in service with
24 a total dollar value as of the last day of the
25 quarterly reporting period that is equal to or greater
26 than \$2,000,000 for an electric utility that serves

1 more than 3,000,000 customers in the State or \$500,000
2 for an electric utility that serves less than
3 3,000,000 retail customers but more than \$500,000
4 retail customers in the State, as well as a summary of
5 each project;

6 (D) The estimated total dollar value of the
7 additions to utility plant projected to be placed in
8 service through the end of the calendar year in which
9 the report is filed;

10 (E) A list of the major investment categories the
11 electric utility used to manage its routine standing
12 operational activities with utility plant projected to
13 be placed in service through the end of the calendar
14 year in which the report is filed, including the total
15 dollar amount for the work reflected in each
16 investment category in which utility plant in service
17 is projected to be equal to or greater than \$2,000,000
18 for an electric utility that serves more than
19 3,000,000 customers in the State or \$500,000 for an
20 electric utility that serves less than 3,000,000
21 retail customers but more than 500,000 retail
22 customers in the State, as well as a summary
23 description of each investment category; and

24 (F) A list of the projects for which the electric
25 utility has identified by a unique investment tracking
26 number for utility plant projected to be placed in

1 service through the end of the calendar year in which
2 the report is filed with an estimated dollar value
3 that is equal to or greater than \$2,000,000 for an
4 electric utility that serves more than 3,000,000
5 customers in the State or \$500,000 for an electric
6 utility that serves less than 3,000,000 retails
7 customers but more than \$500,000 retail customers in
8 the State, as well as a summary description of each
9 project.

10 (6) As part of the Annual Performance Adjustment, the
11 electric utility shall submit evidence sufficient to
12 support a determination of its actual revenue requirement
13 for the applicable calendar year, consistent with the
14 provisions of paragraphs (d) and (f) of this subsection.
15 The electric utility shall bear the burden of
16 demonstrating that its costs were prudent and reasonable,
17 subject to the provisions of paragraph (4) of this
18 subsection (f). The Commission's review of the electric
19 utility's annual adjustment shall be based on the same
20 evidentiary standards, including, but not limited to,
21 those concerning the prudence and reasonableness of the
22 known and measurable costs forecasted to be incurred by
23 the utility, and the used and usefulness of the actual
24 plant investment pursuant to Section 9-211 of this Act,
25 that the Commission applies in a proceeding to review a
26 filing for changes in rates pursuant to Section 9-201 of

1 this Act. The Commission shall determine the prudence and
2 reasonableness of the actual costs incurred by the utility
3 during the applicable calendar year, as well as determine
4 the original cost of plant in service as of the end of the
5 applicable calendar year. The Commission shall then
6 determine the Annual Adjustment, which shall mean the
7 amount by which, the electric utility's actual revenue
8 requirement for the applicable year of the Multi-Year Rate
9 Plan either exceeded, or was exceeded by, the revenue
10 requirement approved by the Commission for such calendar
11 year, plus carrying costs calculated at the weighted
12 average cost of capital approved for the Multi-Year Rate
13 Plan.

14 The Commission's determination of the electric
15 utility's actual revenue requirement for the applicable
16 calendar year shall be based on:

17 (A) the Commission-approved used and useful,
18 prudent and reasonable actual costs for the applicable
19 calendar year, which shall be determined pursuant to
20 the following criteria:

21 (i) the ~~The~~ overall level of actual costs
22 incurred during the calendar year, provided that
23 the Commission may not allow recovery of actual
24 costs that are more than 105% of the approved
25 revenue requirement calculated as provided in item
26 (ii) of this subparagraph (A), except to the

1 extent the Commission approves a modification of
2 the Multi-Year Rate Plan to permit such recovery;~~;~~

3 (ii) the ~~the~~ calculation of 105% of the
4 revenue requirement required by this subparagraph
5 (A) shall exclude the revenue requirement impacts
6 of the following volatile and fluctuating
7 variables that occurred during the year: (i)
8 storms and weather-related events for which the
9 utility provides sufficient evidence to
10 demonstrate that such expenses were not
11 foreseeable and not in control of the utility;
12 (ii) new business; (iii) changes in interest
13 rates; (iv) changes in taxes; (v) facility
14 relocations; (vi) changes in pension or
15 post-retirement benefits costs due to fluctuations
16 in interest rates, market returns or actuarial
17 assumptions; (vii) amortization expenses related
18 to costs; and (viii) changes in the timing of when
19 an expenditure or investment is made such that it
20 is accelerated to occur during the applicable year
21 or deferred to occur in a subsequent year;~~;~~

22 (B) the year-end rate base;

23 (C) the cost of equity approved in the multi-year
24 rate plan; and

25 (D) the electric utility's actual year-end capital
26 structure, provided that the common equity ratio in

1 such capital structure may not exceed the common
2 equity ratio that was approved by the Commission in
3 the Multi-Year Rate Plan.

4 (2) The Commission's determinations of the prudence
5 and reasonableness of the costs incurred for the
6 applicable year, and of the original cost of plant in
7 service as of the end of the applicable calendar year,
8 shall be final upon entry of the Commission's order and
9 shall not be subject to collateral attack in any other
10 Commission proceeding, case, docket, order, rule, or
11 regulation; however, nothing in this Section shall
12 prohibit a party from petitioning the Commission to rehear
13 or appeal to the courts the order pursuant to the
14 provisions of this Act.

15 (g) During the period leading to approval of the first
16 Multi-Year Integrated Grid Plan, each electric utility will
17 necessarily continue to invest in its distribution grid. Those
18 investments will be subject to a determination of prudence and
19 reasonableness consistent with Commission practice and law.
20 Any failure to conform to the Multi-Year Integrated Grid Plan
21 ultimately approved shall not imply imprudence or
22 unreasonableness.

23 (h) After calculating the Performance Adjustment and
24 Annual Adjustment, the Commission shall order the electric
25 utility to collect the amount in excess of the revenue
26 requirement from customers, or issue a refund to customers, as

1 applicable, to be applied through a surcharge beginning with
2 the next calendar year.

3 Electric utilities subject to the requirements of this
4 Section shall be permitted to file new or revised tariffs to
5 comply with the provisions of, and Commission orders entered
6 pursuant to, this Section.

8 Section 810. The Illinois Underground Utility Facilities
9 Damage Prevention Act is amended by changing Sections 2, 4.1,
10 10, and 12 as follows:

11 (220 ILCS 50/2) (from Ch. 111 2/3, par. 1602)

12 Sec. 2. Definitions. As used in this Act, unless the
13 context clearly otherwise requires, the terms specified in
14 this Section have the meanings ascribed to them in this
15 Section.

16 "Approximate location" means the location of the marked
17 facility that lies entirely within the tolerance zone.

18 Circumstances that are "beyond the reasonable control" of
19 a party include, but are not limited to, severe weather,
20 unforeseen mechanical issues, or site conditions. As used in
21 Section 11, "beyond the reasonable control" also includes, but
22 is not limited to, notice volumes or dig site notification
23 areas that exceed historical averages, as determined by the
24 reasonable control measurement, created as a result of

1 underground utility facility owners or operators or their
2 contractors or subcontractors' non-emergency requests for
3 utility excavation work for underground utility facility
4 owners or operators, that is not part of a large project that
5 has provided at least 60 days' ~~days~~ notice, and only applies to
6 the requests submitted by underground utility facility owners
7 or operators or their contractors or subcontractors'
8 non-emergency utility excavation work for underground utility
9 facility owners or operators.

10 "Damage" means the contact or dislocation of a facility
11 during excavation or demolition that necessitates immediate or
12 subsequent repair by the underground utility facility owner or
13 operator due to any partial or complete destruction of the
14 facility, including, but not limited to, the protective
15 coating, tracer wire, lateral support, cathodic protection, or
16 housing for the line or device of the facility.

17 "Damage notification" means a notification through JULIE
18 to the underground utility facility owner or operator that
19 damage to a facility has occurred in the area of the excavation
20 or demolition.

21 "Day" means any day, beginning at 12:00 a.m. and ending at
22 11:59 p.m. "Day" does not include holidays recognized by
23 JULIE, Saturdays, Sundays, and the day of the actual notice.

24 "Demolition" means the wrecking, razing, rending, moving,
25 or removing of a structure by means of any power tool, power
26 equipment (exclusive of transportation equipment), or

1 explosives.

2 "Emergency request" means a request involving a condition
3 (1) that constitutes an imminent danger to life, health, or
4 property or a utility service outage (2) and that requires
5 repair or action before the expiration of 2 days.

6 "Excavation" means:

7 (1) any operation in which earth, rock, or other
8 material in or on the ground is moved, removed, or
9 otherwise displaced by means of any tools, power equipment
10 or explosives, and includes, without limitation, grading,
11 trenching, digging, ditching, drilling, augering, boring,
12 tunneling, scraping, cable or pipe plowing, saw cutting or
13 roadway surface milling when penetrating into the base or
14 subbase of a paved surface, and driving, but does not
15 include:

16 (A) farm tillage operations;

17 (B) railroad right-of-way maintenance;

18 (C) coal mining operations regulated under the
19 federal Surface Mining Control and Reclamation Act of
20 1977 or any State law or rules or regulations adopted
21 under the federal statute;

22 (D) land surveying operations as defined in the
23 Illinois Professional Land Surveyor Act of 1989 when
24 not using power equipment;

25 (E) roadway surface milling;

26 (F) manually inserting, without the use of power

1 equipment, a temporary round-tipped ground or probe
2 rod as part of facility locating;

3 (G) manually inserting, without the use of power
4 equipment, a temporary round-tipped probe rod for bar
5 holing to determine the area of a potential leak from a
6 facility transporting hazardous gases or liquids; or

7 (H) manually inserting, without the use of power
8 equipment, a round-tipped ground rod for the purpose
9 of grounding utility equipment when an emergency
10 exists and no other ground source is available.

11 (2) An exclusion to this Section in no way prohibits a
12 request from being made for the marking of facilities.

13 (3) Any exception to excavation contained within this
14 Section is not intended to remove liability that may be
15 imposed against an individual or entity because of damage
16 caused to a facility.

17 "Excavator" means any person or legal entity, public or
18 private, that engages in excavation or demolition work.

19 "Exposed notification" means a notification through JULIE
20 to the underground utility facility owner or operator that an
21 unmarked facility has been exposed in the area of the
22 excavation or demolition but has not been damaged.

23 "Extension" means a request made by an excavator, to
24 extend the expiration date of a normal notice to allow
25 additional time to continue or complete the excavation or
26 demolition project.

1 (1) An extension request may be made no earlier than
2 the 20th day from the initial normal notice request or
3 latest extension request.

4 (2) An extension request shall extend the expiration
5 of the initial normal notice request or latest extension
6 request by 25 days.

7 (3) An extension request may not be made simply to
8 keep a prior notice open without continued excavation
9 occurring within the period of that subsequent notice.

10 "Geographic information system data" means data to be
11 applied to JULIE software to facilitate a more clearly defined
12 notification area for notices sent to the system underground
13 utility facility owners or operators. "Geographic information
14 system data" includes, but is not limited to:

- 15 (1) address points with site addresses;
16 (2) parcels with site addresses;
17 (3) road center lines with names and address range;
18 (4) city limits with names;
19 (5) political townships with names;
20 (6) railroads with names;
21 (7) streams with names; and
22 (8) water bodies with names.

23 "Historical averages" are used to determine benchmark
24 notice volumes or dig site notification areas for a particular
25 place. The notice volume is calculated for new and updated
26 requests requiring an underground utility facility owner or

1 operator response. It shall not include notices with a header
2 of no show ~~no show~~, incomplete, or no re-mark ~~no remark~~. The dig
3 site notification area is calculated using the dig site
4 polygon on the notice. The 7-day ~~7-day~~ look back shall be
5 calculated once daily at the conclusion of the previous
6 calendar day. "Historic averages" shall be determined by
7 comparing notice volumes or dig site notification areas over
8 the immediate past 7 calendar days to the same 7 calendar day
9 period for the past 5 years. A 5-year trimmed mean, removing
10 the highest and lowest years, and averaging the remaining 3
11 years, shall be the final determinant ~~determinate~~ of this
12 measurement. The official measurement of the notice volumes or
13 dig site notification areas shall be provided by JULIE.

14 "Incomplete request" means a notice initiated by an
15 excavator through JULIE to the underground utility facility
16 owners or operators notified in a prior request that such
17 underground utility facility owners or operators, as
18 identified by the excavator and confirmed, through the
19 positive response system once implemented, in accordance with
20 subsection (a) of Section 5.1, did not completely mark the
21 entire extent or the entire segment of the proposed
22 excavation, as identified on the prior notice or as previously
23 documented and mutually agreed upon.

24 "Joint meet notification" means a notice of a meeting held
25 prior to the excavation phase to discuss projects that cannot
26 be adequately communicated within a normal notice request. The

1 meeting is intended to allow the exchange of maps, plans, or
2 schedules. It is not a locating session and shall be held at or
3 near the excavation site, or through electronic means, if
4 available and agreed to by all parties. "Joint meet
5 notification" are not to be used in lieu of valid normal notice
6 requests and are required for, but not limited to, large
7 projects.

8 "JULIE, Inc." or "JULIE" means the communication system
9 known as "JULIE, Inc." or "JULIE", utilized by excavators,
10 designers, or any other entities covered by this Act to notify
11 underground utility facility owners or operators of their
12 intent to perform excavation or demolition or similar work as
13 defined by this Act and shall include all underground utility
14 facilities owned or operated outside the city limits of the
15 City of Chicago.

16 "Large project" means a single excavation that exceeds the
17 expiration date of a normal notice request, or involves a
18 series of repetitive, related-scope excavations.

19 "Normal notice request" means a notification made by an
20 excavator, through JULIE, in advance of a planned excavation
21 or demolition.

22 (1) The notification shall be made at least 2 days,
23 but no more than 10 days, before beginning the planned
24 excavation or demolition.

25 (2) Excavation or demolition on a normal notice
26 request is valid for 25 days from the date of the initial

1 request unless a subsequent extension request is made.

2 (3) Normal notice requests shall be limited to one
3 quarter of a contiguous mile within a municipality and one
4 contiguous mile within any unincorporated area, which
5 includes townships.

6 (4) Normal notice requests are valid for a single
7 right-of-way with an exception for intersecting
8 rights-of-way of 250 feet in all directions. Any
9 excavation continuing beyond 250 feet on a connecting
10 right-of-way shall require an additional request.

11 "No show request" means a notice initiated by an excavator
12 through JULIE to the underground utility facility owners or
13 operators notified in the prior notice that such underground
14 utility facility owners or operators, as identified by the
15 excavator and confirmed, once implemented, in accordance with
16 subsection (a) of Section 5.1, either failed to mark their
17 facilities or to communicate their non-involvement with the
18 excavation prior to the dig start date and time on the notice.

19 "Notice" means any record transmitted to an underground
20 utility facility owner or operator of JULIE which shall
21 include, but not be limited to, cancel, damage, emergency,
22 exposed, extension, incomplete, joint meet, no show, normal,
23 planning design, or re-mark.

24 "Open cut utility locate" means a method of locating
25 facilities that requires excavation by the underground utility
26 facility owner or operator, or their contractor or

1 subcontractor.

2 "Place" means any incorporated city, village or town, or
3 unincorporated township or road district, listed within the
4 JULIE database.

5 "Planning design request" means the process prior to the
6 excavation phase of a project where information is gathered
7 and decisions are made regarding the route or location of a
8 proposed excavation. The use of the information that is
9 obtainable pursuant to this Section is intended to minimize
10 delays of future construction projects and not for imminent
11 excavation. The underground utility facility owner or operator
12 may indicate any portion of the information that is
13 proprietary and require the planner or designer to protect the
14 proprietary information.

15 "Positive response system" means an automated system
16 facilitated by JULIE allowing underground utility facility
17 owners or operators to communicate to an excavator the
18 presence, absence, or response status of any conflict between
19 the existing facilities in or near the area of excavation or
20 demolition on each notice received.

21 "Pre-mark" means the use of white paint, chalk, lathe,
22 whisksers, flags, or electronic white lining using lines or
23 polygons to delineate the work area at the site of the proposed
24 excavation or demolition. Unless otherwise stated on the
25 request, all pre-marks are considered a request for a 5-foot
26 radius of an above ground fixed structure or single point

1 pre-mark, or a 10-foot-wide path for linear work.

2 (1) Physical pre-marking for the area of the planned
3 excavation or demolition shall be accomplished prior to
4 notifying JULIE if the area of excavation cannot be
5 clearly and adequately identified in the normal notice
6 request.

7 (2) Electronic white lining may be used when
8 available. Electronic white lining provides an alternative
9 method where an excavator may indicate their defined dig
10 area visually by electronic data entry, including lines or
11 polygons, without the need for a physical site visit. The
12 technology allows the excavator to identify for the
13 underground utility facility owner or operator a clear
14 delineation of their proposed excavation area.

15 (3) A verbal or written pre-mark is adequate when the
16 scope requested to be marked is narrow and explicit enough
17 to prevent marking beyond the actual area of excavation or
18 demolition. An existing above ground fixed structure may
19 be referenced as a verbal or written pre-mark.

20 "Project owner" means the person or legal entity, public
21 or private, that is financially responsible for the
22 undertaking of a project that involves excavation or
23 demolition.

24 "Reasonable control measurement" shall use the historical
25 averages and add to the calculation either of the following
26 conditions that shall be met for the place to be considered

1 beyond the reasonable control of the underground utility
2 facility owner or operator:

3 (1) the total notice volume count over the previous 7
4 calendar days shall increase by more than 15% of the
5 historic average, and increase by not less than 25
6 additional notices over the previous 7 calendar days; or

7 (2) the total dig site notification area over the
8 previous 7 calendar days shall increase by more than 15%
9 of the historic average, and not less than 0.4 additional
10 square miles over the previous 7 calendar days.

11 The official measurement shall be provided by JULIE.

12 "Residential property owner" means any individual or
13 entity that owns or leases real property that is used by the
14 individual or entity as its residence or dwelling. Residential
15 property owner does not include any persons who own or lease
16 residential property for the purpose of holding or developing
17 such property or for any other business or commercial
18 purposes.

19 "Roadway surface milling" means the removal of a uniform
20 pavement section by rotomilling, grinding, saw cutting, or
21 other means that does not penetrate into the roadway base or
22 subbase.

23 "Service lateral" means underground facilities located in
24 a public right-of-way or utility easement that connects an end
25 user's building or property to an underground utility facility
26 owner's or operator's facility.

1 "Submerged" means any facility installed below the surface
2 of a lake, river, or navigable waterway.

3 "Tolerance zone" means:

4 (1) if the diameter of the underground utility
5 facility is indicated, the distance of one-half of the
6 known diameter plus one and one-half feet on either side
7 of the designated center line of the underground utility
8 facility marking;

9 (2) if the diameter of the underground utility
10 facility is not indicated, one and one-half feet on either
11 side of the outside edge of the underground utility
12 facility marking; or

13 (3) if submerged, a distance of 30 feet on either side
14 of the indicated facility.

15 The underground utility facility markings provided
16 shall not indicate that the width of the marked
17 underground utility facility is any greater than the
18 actual width of the underground utility facility or 2
19 inches, whichever is greater. The tolerance zone shall
20 also apply to visible utility structures, including, but
21 not limited to, poles with overhead to underground
22 transitions, pedestals, transformers, meters, hydrants,
23 and valve boxes. There shall be a one and one-half foot

19 (Text of Section before amendment by P.A. 103-594)

20 Sec. 4. License requirement; application; notice.

21 (a) Any person, group of persons or corporation who or
22 which receives children or arranges for care or placement of
23 one or more children unrelated to the operator must apply for a
24 license to operate one of the types of facilities defined in
25 Sections 2.05 through 2.19 and in Section 2.22 of this Act. Any

1 relative, as defined in Section 2.17 of this Act, who receives
2 a child or children for placement by the Department on a
3 full-time basis may apply for a license to operate a foster
4 family home as defined in Section 2.17 of this Act.

5 (a-5) Any agency, person, group of persons, association,
6 organization, corporation, institution, center, or group
7 providing adoption services must be licensed by the Department
8 as a child welfare agency as defined in Section 2.08 of this
9 Act. "Providing adoption services", as used in this Act,
10 includes facilitating or engaging in adoption services.

11 (b) Application for a license to operate a child care
12 facility must be made to the Department in the manner and on
13 forms prescribed by it. An application to operate a foster
14 family home shall include, at a minimum: a completed written
15 form; written authorization by the applicant and all adult
16 members of the applicant's household to conduct a criminal
17 background investigation; medical evidence in the form of a
18 medical report, on forms prescribed by the Department, that
19 the applicant and all members of the household are free from
20 communicable diseases or physical and mental conditions that
21 affect their ability to provide care for the child or
22 children; the names and addresses of at least 3 persons not
23 related to the applicant who can attest to the applicant's
24 moral character; the name and address of at least one relative
25 who can attest to the applicant's capability to care for the
26 child or children; and fingerprints submitted by the applicant

1 and all adult members of the applicant's household.

2 (b-5) Prior to submitting an application for a foster
3 family home license, a quality of care concerns applicant as
4 defined in Section 2.22a of this Act must submit a preliminary
5 application to the Department in the manner and on forms
6 prescribed by it. The Department shall explain to the quality
7 of care concerns applicant the grounds for requiring a
8 preliminary application. The preliminary application shall
9 include a list of (i) all children placed in the home by the
10 Department who were removed by the Department for reasons
11 other than returning to a parent and the circumstances under
12 which they were removed and (ii) all children placed by the
13 Department who were subsequently adopted by or placed in the
14 private guardianship of the quality of care concerns applicant
15 who are currently under 18 and who no longer reside in the home
16 and the reasons why they no longer reside in the home. The
17 preliminary application shall also include, if the quality of
18 care concerns applicant chooses to submit, (1) a response to
19 the quality of care concerns, including any reason the
20 concerns are invalid, have been addressed or ameliorated, or
21 no longer apply and (2) affirmative documentation
22 demonstrating that the quality of care concerns applicant's
23 home does not pose a risk to children and that the family will
24 be able to meet the physical and emotional needs of children.
25 The Department shall verify the information in the preliminary
26 application and review (i) information regarding any prior

1 licensing complaints, (ii) information regarding any prior
2 child abuse or neglect investigations, (iii) information
3 regarding any involuntary foster home holds placed on the home
4 by the Department, and (iv) information regarding all child
5 exit interviews, as provided in Section 5.26 of the Children
6 and Family Services Act, regarding the home. Foster home
7 applicants with quality of care concerns are presumed
8 unsuitable for future licensure.

9 Notwithstanding the provisions of this subsection (b-5),
10 the Department may make an exception and issue a foster family
11 license to a quality of care concerns applicant if the
12 Department is satisfied that the foster family home does not
13 pose a risk to children and that the foster family will be able
14 to meet the physical and emotional needs of children. In
15 making this determination, the Department must obtain and
16 carefully review all relevant documents and shall obtain
17 consultation from its Clinical Division as appropriate and as
18 prescribed by Department rule and procedure. The Department
19 has the authority to deny a preliminary application based on
20 the record of quality of care concerns of the foster family
21 home. In the alternative, the Department may (i) approve the
22 preliminary application, (ii) approve the preliminary
23 application subject to obtaining additional information or
24 assessments, or (iii) approve the preliminary application for
25 purposes of placing a particular child or children only in the
26 foster family home. If the Department approves a preliminary

1 application, the foster family shall submit an application for
2 licensure as described in subsection (b) of this Section. The
3 Department shall notify the quality of care concerns applicant
4 of its decision and the basis for its decision in writing.

5 (c) The Department shall notify the public when a child
6 care institution, maternity center, or group home licensed by
7 the Department undergoes a change in (i) the range of care or
8 services offered at the facility or (ii) the type of children
9 served. The Department shall notify the public of the change
10 in a newspaper of general circulation in the county or
11 municipality in which the applicant's facility is or is
12 proposed to be located.

13 (c-5) When a child care institution, maternity center, or
14 a group home licensed by the Department undergoes a change in
15 (i) the age of children served or (ii) the area within the
16 facility used by children, the Department shall post
17 information regarding proposed changes on its website as
18 required by rule.

19 (d) If, upon examination of the facility and investigation
20 of persons responsible for care of children and, in the case of
21 a foster home, taking into account information obtained for
22 purposes of evaluating a preliminary application, if
23 applicable, the Department is satisfied that the facility and
24 responsible persons reasonably meet standards prescribed for
25 the type of facility for which application is made, it shall
26 issue a license in proper form, designating on that license

1 the type of child care facility and, except for a child welfare
2 agency, the number of children to be served at any one time.

3 (e) The Department shall not issue or renew the license of
4 any child welfare agency providing adoption services, unless
5 the agency (i) is officially recognized by the United States
6 Internal Revenue Service as a tax-exempt organization
7 described in Section 501(c)(3) of the Internal Revenue Code of
8 1986 (or any successor provision of federal tax law) and (ii)
9 is in compliance with all of the standards necessary to
10 maintain its status as an organization described in Section
11 501(c)(3) of the Internal Revenue Code of 1986 (or any
12 successor provision of federal tax law). The Department shall
13 grant a grace period of 24 months from August 15, 2005 (the
14 effective date of Public Act 94-586) ~~this amendatory Act of~~
15 ~~the 94th General Assembly~~ for existing child welfare agencies
16 providing adoption services to obtain 501(c)(3) status. The
17 Department shall permit an existing child welfare agency that
18 converts from its current structure in order to be recognized
19 as a 501(c)(3) organization as required by this Section to
20 either retain its current license or transfer its current
21 license to a newly formed entity, if the creation of a new
22 entity is required in order to comply with this Section,
23 provided that the child welfare agency demonstrates that it
24 continues to meet all other licensing requirements and that
25 the principal officers and directors and programs of the
26 converted child welfare agency or newly organized child

1 welfare agency are substantially the same as the original. The
2 Department shall have the sole discretion to grant a one-year
3 ~~one-year~~ extension to any agency unable to obtain 501(c)(3)
4 status within the timeframe specified in this subsection (e),
5 provided that such agency has filed an application for
6 501(c)(3) status with the Internal Revenue Service within the
7 2-year timeframe specified in this subsection (e).

8 (f) The Department shall adopt rules to implement the
9 changes to this Section made by Public Act 103-770 ~~this~~
10 ~~amendatory Act of the 103rd General Assembly~~ no later than
11 January 1, 2025.

21 Sections 2.05 through 2.19 (other than a day care center or day
22 care home) and in Section 2.22 of this Act. Any relative, as
23 defined in Section 2.17 of this Act, who receives a child or
24 children for placement by the Department on a full-time basis
25 may apply for a license to operate a foster family home as

1 defined in Section 2.17 of this Act.

2 (a-5) Any agency, person, group of persons, association,
3 organization, corporation, institution, center, or group
4 providing adoption services must be licensed by the Department
5 as a child welfare agency as defined in Section 2.08 of this
6 Act. "Providing adoption services", as used in this Act,

26 (b-5) Prior to submitting an application for a foster

1 family home license, a quality of care concerns applicant as
2 defined in Section 2.22a of this Act must submit a preliminary
3 application to the Department in the manner and on forms
4 prescribed by it. The Department shall explain to the quality
5 of care concerns applicant the grounds for requiring a
6 preliminary application. The preliminary application shall
7 include a list of (i) all children placed in the home by the
8 Department who were removed by the Department for reasons

12 private guardianship of the quality of care concerns applicant
13 who are currently under 18 and who no longer reside in the home
14 and the reasons why they no longer reside in the home. The

25 licensing complaints, (ii) information regarding any prior
26 child abuse or neglect investigations, (iii) information

1 regarding any involuntary foster home holds placed on the home
2 by the Department, and (iv) information regarding all child
3 exit interviews, as provided in Section 5.26 of the Children
4 and Family Services Act, regarding the home. Foster home
5 applicants with quality of care concerns are presumed
6 unsuitable for future licensure.

7 Notwithstanding the provisions of this subsection (b-5),
8 the Department may make an exception and issue a foster family
9 license to a quality of care concerns applicant if the
10 Department is satisfied that the foster family home does not
11 pose a risk to children and that the foster family will be able
12 to meet the physical and emotional needs of children. In
13 making this determination, the Department must obtain and
14 carefully review all relevant documents and shall obtain

15 Sec. 5.01. Licenses; permits; Department of Early
16 Childhood.

17 (a) In respect to day care centers, the Department of
18 Early Childhood, upon receiving application filed in proper
19 order, shall examine the facilities and persons responsible
20 for care of children therein.

21 (b) In respect to day care homes, applications may be
22 filed on behalf of such homes by the Department of Early
23 Childhood.

24 (c) The Department of Early Childhood shall not allow any
25 person to examine facilities under a provision of this Act who

1 has not passed an examination demonstrating that such person
2 is familiar with this Act and with the appropriate standards
3 and regulations of the Department of Early Childhood.

4 (d) Licenses issued for day care centers, day care homes,
5 and group day care homes shall be valid for 3 years from the
6 date issued, unless revoked by the Department of Early
7 Childhood or voluntarily surrendered by the licensee. When a
8 licensee has made timely and sufficient application for the
9 renewal of a license or a new license with reference to any
10 activity of a continuing nature, the existing license shall
11 continue in full force and effect for up to 30 days until the
12 final agency decision on the application has been made. The
13 Department of Early Childhood may further extend the period in
14 which such decision must be made in individual cases for up to
15 30 days, but such extensions shall be only upon good cause
16 shown.

17 (e) The Department of Early Childhood may issue one
18 6-month permit to a newly established facility for child care
19 to allow that facility reasonable time to become eligible for
20 a full license. If the facility for child care is a day care
21 home the Department of Early Childhood may issue one 2-month
22 permit only.

23 (f) The Department of Early Childhood may issue an
24 emergency permit to a day care center taking in children as a
25 result of the temporary closure for more than 2 weeks of a
26 licensed child care facility due to a natural disaster. An

1 emergency permit under this subsection shall be issued to a
2 facility only if the persons providing child care services at
3 the facility were employees of the temporarily closed day care
4 center at the time it was closed. No investigation of an
5 employee of a child care facility receiving an emergency
6 permit under this subsection shall be required if that
7 employee has previously been investigated at another child
8 care facility. No emergency permit issued under this
9 subsection shall be valid for more than 90 days after the date
10 of issuance.

11 (g) During the hours of operation of any licensed day care
12 center, day care home, or group day care home, authorized

16 adopted pursuant thereto.

17 (h) Day care centers, day care homes, and group day care

24 Sec. 5.1. (a) The Department shall ensure that no day care
25 center, group home, or child care institution as defined in

1 this Act shall on a regular basis transport a child or children
2 with any motor vehicle unless such vehicle is operated by a
3 person who complies with the following requirements:

4 1. is 21 years of age or older;

5 2. currently holds a valid driver's license, which has
6 not been revoked or suspended for one or more traffic

8 date of application;

9 3. demonstrates physical fitness to operate vehicles
10 by submitting the results of a medical examination
11 conducted by a licensed physician;

12 4. has not been convicted of more than 2 offenses
13 against traffic regulations governing the movement of
14 vehicles within a 12-month period;

15 5. has not been convicted of reckless driving or
16 driving under the influence or manslaughter or reckless
17 homicide resulting from the operation of a motor vehicle
18 within the past 3 years;

19 6. has signed and submitted a written statement
20 certifying that the person has not, through the unlawful
21 operation of a motor vehicle, caused a crash which
22 resulted in the death of any person within the 5 years
23 immediately prior to the date of application.

24 However, such day care centers, group homes, and child
25 care institutions may provide for transportation of a child or
26 children for special outings, functions, or purposes that are

1 not scheduled on a regular basis without verification that
2 drivers for such purposes meet the requirements of this
3 Section.

4 (a-5) As a means of ensuring compliance with the
5 requirements set forth in subsection (a), the Department shall
6 implement appropriate measures to verify that every individual
7 who is employed at a group home or child care institution meets
8 those requirements.

9 For every person employed at a group home or child care
10 institution who regularly transports children in the course of
11 performing the person's duties, the Department must make the
12 verification every 2 years. Upon the Department's request, the
13 Secretary of State shall provide the Department with the

13 (4.15) The conduct specified in subsection (4.5), (4.10),
14 (4.25), or (4.30) shall not constitute grounds for suspension
15 under Section 32.

16 (4.20) An applicant seeking licensure, certification, or
17 authorization pursuant to this Act who has been subject to
18 disciplinary action by a duly authorized professional
19 disciplinary agency of another jurisdiction solely on the
20 basis of having authorized, recommended, aided, assisted,
21 referred for, or otherwise participated in health care shall
22 not be denied such licensure, certification, or authorization,
23 unless the Department determines that such action would have
24 constituted professional misconduct in this State; however,
25 nothing in this Section shall be construed as prohibiting the
26 Department from evaluating the conduct of such applicant and

1 making a determination regarding the licensure, certification,
2 or authorization to practice a profession under this Act.

3 (4.25) The Department may not revoke, suspend, summarily
4 suspend, place on prohibition, reprimand, refuse to issue or
5 renew, or take any other disciplinary or non-disciplinary
6 action against a license or permit issued under this Act based
7 solely upon an immigration violation by the licensed clinical
8 social worker.

9 (4.30) The Department may not revoke, suspend, summarily
10 suspend, place on prohibition, reprimand, refuse to issue or
11 renew, or take any other disciplinary or non-disciplinary
12 action against the license or permit issued under this Act to
13 practice as a licensed clinical social worker based upon the
14 licensed clinical social worker's license being revoked or
15 suspended, or the licensed clinical social worker being
16 otherwise disciplined by any other state, if that revocation,
17 suspension, or other form of discipline was based solely upon
18 an immigration violation by the licensed clinical social
19 worker.

20 (5)(a) In enforcing this Section, the Department or Board,
21 upon a showing of a possible violation, may compel a person
22 licensed to practice under this Act, or who has applied for
23 licensure under this Act, to submit to a mental or physical
24 examination, or both, which may include a substance abuse or
25 sexual offender evaluation, as required by and at the expense
26 of the Department.

1 (b) The Department shall specifically designate the
2 examining physician licensed to practice medicine in all of
3 its branches or, if applicable, the multidisciplinary team
4 involved in providing the mental or physical examination or
5 both. The multidisciplinary team shall be led by a physician
6 licensed to practice medicine in all of its branches and may
7 consist of one or more or a combination of physicians licensed
8 to practice medicine in all of its branches, licensed clinical
9 psychologists, licensed clinical social workers, licensed
10 clinical professional counselors, and other professional and
11 administrative staff. Any examining physician or member of the
12 multidisciplinary team may require any person ordered to
13 submit to an examination pursuant to this Section to submit to
14 any additional supplemental testing deemed necessary to
15 complete any examination or evaluation process, including, but
16 not limited to, blood testing, urinalysis, psychological
17 testing, or neuropsychological testing.

18 (c) The Board or the Department may order the examining
19 physician or any member of the multidisciplinary team to
20 present testimony concerning this mental or physical
21 examination of the licensee or applicant. No information,
22 report, record, or other documents in any way related to the
23 examination shall be excluded by reason of any common law or
24 statutory privilege relating to communications between the
25 licensee or applicant and the examining physician or any
26 member of the multidisciplinary team. No authorization is

1 necessary from the licensee or applicant ordered to undergo an
2 examination for the examining physician or any member of the
3 multidisciplinary team to provide information, reports,
4 records, or other documents or to provide any testimony
5 regarding the examination and evaluation.

6 (d) The person to be examined may have, at the person's own
7 expense, another physician of the person's choice present
8 during all aspects of the examination. However, that physician
9 shall be present only to observe and may not interfere in any
10 way with the examination.

11 (e) Failure of any person to submit to a mental or physical
12 examination without reasonable cause, when ordered, shall
13 result in an automatic suspension of the person's license
14 until the person submits to the examination.

15 (f) If the Department or Board finds a person unable to
16 practice because of the reasons set forth in this Section, the
17 Department or Board may require that person to submit to care,
18 counseling, or treatment by physicians approved or designated
19 by the Department or Board, as a condition, term, or
20 restriction for continued, reinstated, or renewed licensure to
21 practice; or, in lieu of care, counseling or treatment, the
22 Department may file, or the Board may recommend to the
23 Department to file, a complaint to immediately suspend,
24 revoke, or otherwise discipline the license of the person. Any
25 person whose license was granted, continued, reinstated,
26 renewed, disciplined or supervised subject to such terms,

1 conditions or restrictions, and who fails to comply with such
2 terms, conditions, or restrictions, shall be referred to the
3 Secretary for a determination as to whether the person's
4 license shall be suspended immediately, pending a hearing by
5 the Department.

6 (g) All fines imposed shall be paid within 60 days after
7 the effective date of the order imposing the fine or in
8 accordance with the terms set forth in the order imposing the
9 fine.

10 In instances in which the Secretary immediately suspends a
11 person's license under this Section, a hearing on that
12 person's license must be convened by the Department within 30
13 days after the suspension and completed without appreciable
14 delay. The Department and Board shall have the authority to
15 review the subject person's record of treatment and counseling
16 regarding the impairment, to the extent permitted by
17 applicable federal statutes and regulations safeguarding the
18 confidentiality of medical records.

19 A person licensed under this Act and affected under this
20 Section shall be afforded an opportunity to demonstrate to the
21 Department or Board that the person can resume practice in
22 compliance with acceptable and prevailing standards under the
23 provisions of the person's license.

24 (h) The Department may adopt rules to implement the
25 changes made by Public Act 102-1117 ~~this amendatory Act of the~~
26 ~~102nd General Assembly.~~

9 (225 ILCS 25/17.2)

10 (Section scheduled to be repealed on January 1, 2026)

11 Sec. 17.2. Teledentistry.

12 (a) As used in this Section, "patient of record" means a
13 patient for whom the patient's most recent Illinois-licensed
14 dentist has obtained a relevant medical and dental history and
15 on whom the dentist has (i) performed a physical examination

9 teledentistry by the dentist. A dentist providing
10 teledentistry under this Section shall provide the patient
11 with ~~the~~ his or her name, direct telephone number, and
12 physical practice address. It is a violation of this Act for a
13 provider of dental services rendering care through
14 teledentistry to require a patient to sign an agreement that
15 limits in any way the patient's ability to write a review of
16 services received or file a complaint with the Department or
17 other regulatory agency. The Department shall adopt rules to
18 provide for the use of teledentistry in the State of Illinois.

23 condition that presents immediate harm or discomfort to the
24 patient for which treatment cannot be postponed. A provider of
25 dental services rendering emergent care or conducting an
26 initial consultation through teledentistry must direct the

1 patient to receive appropriate in-person care after the
2 provision of teledentistry services.

11 receipt of the administrative order. Failure to comply with
12 the administrative order, failure to file a compliance plan,
13 or failure to follow the compliance plan shall subject the
14 licensed massage therapist to temporary suspension of his or
15 her license until the completion of the criminal proceedings.

16 If the licensee is not convicted of the charge or if any
17 conviction is later overturned by a reviewing court, the
18 administrative order shall be vacated and removed from the
19 licensee's record.

20 The Department may adopt rules to implement this
21 subsection.

22 (d) The Department may refuse to issue or may suspend the
23 license of any person who fails to file a tax return, to pay
24 the tax, penalty, or interest shown in a filed tax return, or

4 (e) (Blank).

5 (f) In cases where the Department of Healthcare and Family
6 Services has previously determined that a licensee or a
7 potential licensee is more than 30 days delinquent in the
8 payment of child support and has subsequently certified the
9 delinquency to the Department, the Department may refuse to
10 issue or renew or may revoke or suspend that person's license
11 or may take other disciplinary action against that person
12 based solely upon the certification of delinquency made by the
13 Department of Healthcare and Family Services in accordance
14 with item (5) of subsection (a) of Section 2105-15 of the Civil
15 Administrative Code of Illinois.

16 (g) The determination by a circuit court that a licensee
17 is subject to involuntary admission or judicial admission, as
18 provided in the Mental Health and Developmental Disabilities
19 Code, operates as an automatic suspension. The suspension will

21 longer subject to involuntary admission or judicial admission
22 and the issuance of a court order so finding and discharging
23 the patient.

24 (h) In enforcing this Act, the Department or Board, upon a
25 showing of a possible violation, may compel an individual
26 licensed to practice under this Act, or who has applied for

1 licensure under this Act, to submit to a mental or physical
2 examination, or both, as required by and at the expense of the
3 Department. The Department or Board may order the examining
4 physician to present testimony concerning the mental or
5 physical examination of the licensee or applicant. No
6 information shall be excluded by reason of any common law or
7 statutory privilege relating to communications between the
8 licensee or applicant and the examining physician. The

18 A person holding a license under this Act or who has
19 applied for a license under this Act who, because of a physical
20 or mental illness or disability, including, but not limited
21 to, deterioration through the aging process or loss of motor
22 skill, is unable to practice the profession with reasonable
23 judgment, skill, or safety, may be required by the Department
24 to submit to care, counseling, or treatment by physicians
25 approved or designated by the Department as a condition, term,
26 or restriction for continued, reinstated, or renewed licensure

1 to practice. Submission to care, counseling, or treatment as
2 required by the Department shall not be considered discipline
3 of a license. If the licensee refuses to enter into a care,
4 counseling, or treatment agreement or fails to abide by the
5 terms of the agreement, the Department may file a complaint to
6 revoke, suspend, or otherwise discipline the license of the
7 individual. The Secretary may order the license suspended
8 immediately, pending a hearing by the Department. Fines shall
9 not be assessed in disciplinary actions involving physical or
10 mental illness or impairment.

11 In instances in which the Secretary immediately suspends a
12 person's license under this Section, a hearing on that
13 person's license must be convened by the Department within 15
14 days after the suspension and completed without appreciable
15 delay. The Department and Board shall have the authority to
16 review the subject individual's record of treatment and
17 counseling regarding the impairment to the extent permitted by
18 applicable federal statutes and regulations safeguarding the
19 confidentiality of medical records.

20 An individual licensed under this Act and affected under
21 this Section shall be afforded an opportunity to demonstrate
22 to the Department or Board that he or she can resume practice
23 in compliance with acceptable and prevailing standards under
24 the provisions of his or her license.

8 In enforcing this Section, the Medical Board, upon a
9 showing of a possible violation, may compel any individual who
10 is licensed to practice under this Act or holds a permit to
11 practice under this Act, or any individual who has applied for
12 licensure or a permit pursuant to this Act, to submit to a
13 mental or physical examination and evaluation, or both, which
14 may include a substance abuse or sexual offender evaluation,
15 as required by the Medical Board and at the expense of the
16 Department. The Medical Board shall specifically designate the
17 examining physician licensed to practice medicine in all of
18 its branches or, if applicable, the multidisciplinary team
19 involved in providing the mental or physical examination and
20 evaluation, or both. The multidisciplinary team shall be led
21 by a physician licensed to practice medicine in all of its
22 branches and may consist of one or more or a combination of
23 physicians licensed to practice medicine in all of its
24 branches, licensed chiropractic physicians, licensed clinical
25 psychologists, licensed clinical social workers, licensed
26 clinical professional counselors, and other professional and

1 administrative staff. Any examining physician or member of the
2 multidisciplinary team may require any person ordered to
3 submit to an examination and evaluation pursuant to this
4 Section to submit to any additional supplemental testing
5 deemed necessary to complete any examination or evaluation
6 process, including, but not limited to, blood testing,
7 urinalysis, psychological testing, or neuropsychological
8 testing. The Medical Board or the Department may order the
9 examining physician or any member of the multidisciplinary
10 team to provide to the Department or the Medical Board any and
11 all records, including business records, that relate to the
12 examination and evaluation, including any supplemental testing
13 performed. The Medical Board or the Department may order the
14 examining physician or any member of the multidisciplinary
15 team to present testimony concerning this examination and
16 evaluation of the licensee, permit holder, or applicant,
17 including testimony concerning any supplemental testing or
18 documents relating to the examination and evaluation. No
19 information, report, record, or other documents in any way
20 related to the examination and evaluation shall be excluded by
21 reason of any common law or statutory privilege relating to
22 communication between the licensee, permit holder, or
23 applicant and the examining physician or any member of the
24 multidisciplinary team. No authorization is necessary from the
25 licensee, permit holder, or applicant ordered to undergo an
26 evaluation and examination for the examining physician or any

1 member of the multidisciplinary team to provide information,
2 reports, records, or other documents or to provide any
3 testimony regarding the examination and evaluation. The
4 individual to be examined may have, at his or her own expense,
5 another physician of his or her choice present during all
6 aspects of the examination. Failure of any individual to
7 submit to mental or physical examination and evaluation, or
8 both, when directed, shall result in an automatic suspension,
9 without hearing, until such time as the individual submits to
10 the examination. If the Medical Board finds a physician unable
11 to practice following an examination and evaluation because of
12 the reasons set forth in this Section, the Medical Board shall
13 require such physician to submit to care, counseling, or
14 treatment by physicians, or other health care professionals,
15 approved or designated by the Medical Board, as a condition
16 for issued, continued, reinstated, or renewed licensure to
17 practice. Any physician, whose license was granted pursuant to
18 Section 9, 17, or 19 of this Act, or, continued, reinstated,
19 renewed, disciplined, or supervised, subject to such terms,
20 conditions, or restrictions who shall fail to comply with such
21 terms, conditions, or restrictions, or to complete a required
22 program of care, counseling, or treatment, as determined by
23 the Chief Medical Coordinator or Deputy Medical Coordinators,
24 shall be referred to the Secretary for a determination as to
25 whether the licensee shall have his or her license suspended
26 immediately, pending a hearing by the Medical Board. In

1 instances in which the Secretary immediately suspends a
2 license under this Section, a hearing upon such person's
3 license must be convened by the Medical Board within 15 days
4 after such suspension and completed without appreciable delay.
5 The Medical Board shall have the authority to review the
6 subject physician's record of treatment and counseling
7 regarding the impairment, to the extent permitted by
8 applicable federal statutes and regulations safeguarding the
9 confidentiality of medical records.

10 An individual licensed under this Act, affected under this
11 Section, shall be afforded an opportunity to demonstrate to
12 the Medical Board that he or she can resume practice in
13 compliance with acceptable and prevailing standards under the
14 provisions of his or her license.

15 The Medical Board, in determining mental capacity of an
16 individual licensed under this Act, shall consider the latest
17 recommendations of the Federation of State Medical Boards.

18 The Department may promulgate rules for the imposition of
19 fines in disciplinary cases, not to exceed \$10,000 for each
20 violation of this Act. Fines may be imposed in conjunction
21 with other forms of disciplinary action, but shall not be the
22 exclusive disposition of any disciplinary action arising out
23 of conduct resulting in death or injury to a patient. Any funds
24 collected from such fines shall be deposited in the Illinois
25 State Medical Disciplinary Fund.

26 All fines imposed under this Section shall be paid within

1 60 days after the effective date of the order imposing the fine
2 or in accordance with the terms set forth in the order imposing
3 the fine.

4 (B) The Department shall revoke the license or permit
5 issued under this Act to practice medicine of ~~or~~ a
6 chiropractic physician who has been convicted a second time of
7 committing any felony under the Illinois Controlled Substances
8 Act or the Methamphetamine Control and Community Protection
9 Act, or who has been convicted a second time of committing a
10 Class 1 felony under Sections 8A-3 and 8A-6 of the Illinois
11 Public Aid Code. A person whose license or permit is revoked
12 under this subsection (B) ~~B~~ shall be prohibited from
13 practicing medicine or treating human ailments without the use
14 of drugs and without operative surgery.

15 (C) The Department shall not revoke, suspend, place on
16 probation, reprimand, refuse to issue or renew, or take any
17 other disciplinary or non-disciplinary action against the
18 license or permit issued under this Act to practice medicine
19 to a physician:

20 (1) based solely upon the recommendation of the
21 physician to an eligible patient regarding, or
22 prescription for, or treatment with, an investigational
23 drug, biological product, or device;

24 (2) for experimental treatment for Lyme disease or
25 other tick-borne diseases, including, but not limited to,
26 the prescription of or treatment with long-term

1 antibiotics;

2 (3) based solely upon the physician providing,
3 authorizing, recommending, aiding, assisting, referring
4 for, or otherwise participating in any health care
5 service, so long as the care was not unlawful under the
6 laws of this State, regardless of whether the patient was
7 a resident of this State or another state; or

8 (4) based upon the physician's license being revoked
9 or suspended, or the physician being otherwise disciplined
10 by any other state, if that revocation, suspension, or
11 other form of discipline was based solely on the physician
12 violating another state's laws prohibiting the provision
13 of, authorization of, recommendation of, aiding or
14 assisting in, referring for, or participation in any
15 health care service if that health care service as
16 provided would not have been unlawful under the laws of
17 this State and is consistent with the standards of conduct
18 for the physician if it occurred in Illinois.

19 (D) (Blank).

20 (E) The conduct specified in subsection (C) shall not
21 trigger reporting requirements under Section 23, constitute
22 grounds for suspension under Section 25, or be included on the
23 physician's profile required under Section 10 of the Patients'
24 Right to Know Act.

25 (F) An applicant seeking licensure, certification, or
26 authorization pursuant to this Act and who has been subject to

1 disciplinary action by a duly authorized professional
2 disciplinary agency of another jurisdiction solely on the
3 basis of having provided, authorized, recommended, aided,
4 assisted, referred for, or otherwise participated in health
5 care shall not be denied such licensure, certification, or
6 authorization, unless the Department determines that the
7 action would have constituted professional misconduct in this
8 State; however, nothing in this Section shall be construed as
9 prohibiting the Department from evaluating the conduct of the
10 applicant and making a determination regarding the licensure,
11 certification, or authorization to practice a profession under
12 this Act.

13 (G) The Department may adopt rules to implement the
14 changes made by Public Act 102-1117 ~~this amendatory Act of the~~
15 ~~102nd General Assembly.~~

16 this Act of such settlement or final judgment in which to

26 licensure under this Act, to submit to a mental or physical

1 examination, or both, as required by and at the expense of the
2 Department. The Department or Board may order the examining
3 physician to present testimony concerning the mental or

5 information shall be excluded by reason of any common law or
6 statutory privilege relating to communications between the
7 licensee or applicant and the examining physician. The
8 examining physicians shall be specifically designated by the
9 Board or Department. The individual to be examined may have,
10 at his or her own expense, another physician of his or her

12 of an individual to submit to a mental or physical
13 examination, when directed, shall be grounds for suspension of
14 his or her license until the individual submits to the
15 examination if the Department finds, after notice and hearing,
16 that the refusal to submit to the examination was without
17 reasonable cause.

18 If the Department or Board finds an individual unable to
19 practice because of the reasons set forth in this Section, the
20 Department or Board may require that individual to submit to
21 care, counseling, or treatment by physicians approved or
22 designated by the Department or Board, as a condition, term,
23 or restriction for continued, restored, or renewed licensure
24 to practice; or, in lieu of care, counseling, or treatment,
25 the Department may file, or the Board may recommend to the
26 Department to file, a complaint to immediately suspend,

1 revoke, or otherwise discipline the license of the individual.
2 An individual whose license was granted, continued, restored,
3 renewed, disciplined, or supervised subject to such terms,
4 conditions, or restrictions, and who fails to comply with such
5 terms, conditions, or restrictions, shall be referred to the
6 Secretary for a determination as to whether the individual
7 shall have his or her license suspended immediately, pending a
8 hearing by the Department.

9 In instances in which the Secretary immediately suspends a
10 person's license under this Section, a hearing on that
11 person's license must be convened by the Department within 30
12 days after the suspension and completed without appreciable
13 delay. The Department and Board shall have the authority to
14 review the subject individual's record of treatment and
15 counseling regarding the impairment to the extent permitted by
16 applicable federal statutes and regulations safeguarding the
17 confidentiality of medical records.

18 An individual licensed under this Act and affected under
19 this Section shall be afforded an opportunity to demonstrate
20 to the Department or Board that he or she can resume practice
21 in compliance with acceptable and prevailing standards under
22 the provisions of his or her license.

12 renew, or take any other disciplinary or non-disciplinary
13 action against the license issued under this Act to practice
14 as a registered surgical assistant or registered surgical
15 technologist based solely upon the registered surgical
16 assistant or registered surgical technologist providing,
17 authorizing, recommending, aiding, assisting, referring for,
18 or otherwise participating in any health care service, so long
19 as the care was not unlawful under the laws of this State,

22 (b-2) The Department shall not revoke, suspend, summarily
23 suspend, place on prohibition, reprimand, refuse to issue or
24 renew, or take any other disciplinary or non-disciplinary

3 suspended, or the registered surgical assistant's or
4 registered surgical technologist's being otherwise disciplined
5 by any other state, if that revocation, suspension, or other

24 authorization, unless the Department determines that such
25 action would have constituted professional misconduct in this
26 State. Nothing in this Section shall be construed as

1 prohibiting the Department from evaluating the conduct of such
2 applicant and making a determination regarding the licensure,
3 certification, or authorization to practice a profession under
4 this Act.

5 (c) The determination by a circuit court that a registrant
6 is subject to involuntary admission or judicial admission as

15 (e) In cases where the Department of Healthcare and Family
16 Services has previously determined a registrant or a potential

19 to the Department, the Department may refuse to issue or renew
20 or may revoke or suspend that person's registration or may
21 take other disciplinary action against that person based
22 solely upon the certification of delinquency made by the
23 Department of Healthcare and Family Services in accordance
24 with paragraph (5) of subsection (a) of Section 2105-15 of the
25 Department of Professional Regulation Law of the Civil
26 Administrative Code of Illinois.

1 (f) In enforcing this Section, the Department, upon a
2 showing of a possible violation, may compel any individual
3 registered under this Act or any individual who has applied
4 for registration to submit to a mental or physical examination
5 and evaluation, or both, that may include a substance abuse or
6 sexual offender evaluation, at the expense of the Department.
7 The Department shall specifically designate the examining
8 physician licensed to practice medicine in all of its branches
9 or, if applicable, the multidisciplinary team involved in
10 providing the mental or physical examination and evaluation,
11 or both. The multidisciplinary team shall be led by a
12 physician licensed to practice medicine in all of its branches
13 and may consist of one or more or a combination of physicians
14 licensed to practice medicine in all of its branches, licensed
15 chiropractic physicians, licensed clinical psychologists,
16 licensed clinical social workers, licensed clinical
17 professional counselors, and other professional and
18 administrative staff. Any examining physician or member of the
19 multidisciplinary team may require any person ordered to
20 submit to an examination and evaluation pursuant to this
21 Section to submit to any additional supplemental testing
22 deemed necessary to complete any examination or evaluation
23 process, including, but not limited to, blood testing,
24 urinalysis, psychological testing, or neuropsychological
25 testing.

26 The Department may order the examining physician or any

1 member of the multidisciplinary team to provide to the
2 Department any and all records, including business records,

8 concerning any supplemental testing or documents relating to

11 examination and evaluation shall be excluded by reason of any
12 common law or statutory privilege relating to communication
13 between the registrant or applicant and the examining
14 physician or any member of the multidisciplinary team. No
15 authorization is necessary from the registrant or applicant
16 ordered to undergo an evaluation and examination for the
17 examining physician or any member of the multidisciplinary
18 team to provide information, reports, records, or other
19 documents or to provide any testimony regarding the
20 examination and evaluation. The individual to be examined may
21 have, at the individual's own expense, another physician of
22 the individual's choice present during all aspects of the
23 examination.

24 Failure of any individual to submit to mental or physical
25 examination and evaluation, or both, when directed, shall
26 result in an automatic suspension without a hearing until such

1 time as the individual submits to the examination. If the
2 Department finds a registrant unable to practice because of
3 the reasons set forth in this Section, the Department shall
4 require such registrant to submit to care, counseling, or
5 treatment by physicians approved or designated by the
6 Department as a condition for continued, reinstated, or
7 renewed registration.

8 When the Secretary immediately suspends a registration
9 under this Section, a hearing upon such person's registration
10 must be convened by the Department within 15 days after such
11 suspension and completed without appreciable delay. The
12 Department shall have the authority to review the registrant's
13 record of treatment and counseling regarding the impairment to
14 the extent permitted by applicable federal statutes and
15 regulations safeguarding the confidentiality of medical
16 records.

17 Individuals registered under this Act and affected under
18 this Section shall be afforded an opportunity to demonstrate
19 to the Department that they can resume practice in compliance
20 with acceptable and prevailing standards under the provisions
21 of their registration.

22 (g) All fines imposed under this Section shall be paid
23 within 60 days after the effective date of the order imposing
24 the fine or in accordance with the terms set forth in the order
25 imposing the fine.

20 alteration, or prohibition of operation of equipment permitted
21 by the Department. The Department may issue conditions within
22 any order to protect the public health or welfare or the
23 environment.

24 (e) Within 15 calendar days after a determination has been
25 made regarding the pollution or diminution, the Department
26 shall provide notice of its findings and the orders, if any, to

1 all persons that use the water source for domestic,
2 agricultural, industrial, or any other legitimate beneficial
3 uses.

4 (f) Upon issuance of an order ~~Order~~ or a finding of

7 information from the investigation to the Agency. The Agency
8 shall investigate the potential for violations as designated
9 within Section 1-87 of this Act.

10 (g) Reports of potential cases of water pollution that may

12 operations may be submitted electronically. The Department
13 shall establish a format for these reports to be submitted
14 through the website developed under Section 1-110 of this Act.
15 The Department shall electronically provide these reports to
16 the Agency.

17 (h) The Department shall publish, on its website, lists of
18 confirmed cases of pollution or diminution that result from
19 high volume horizontal hydraulic fracturing operations. This

23 Illinois Oil and Gas Act.

24 (Source: P.A. 98-22, eff. 6-17-13; revised 10-23-24.)

1 Sec. 1-87. Water quality investigation and enforcement.

2 (a) No person shall cause or allow high volume horizontal
3 hydraulic fracturing operations permitted under this Act to
4 violate Section 12 of the Illinois Environmental Protection
5 Act or surface water or groundwater regulations adopted under
6 the Illinois Environmental Protection Act.

7 (b) The Agency shall have the duty to investigate
8 complaints that activities under this Act have caused a
9 violation of Section 12 of the Illinois Environmental
10 Protection Act or surface or groundwater rules adopted under
11 the Illinois Environmental Protection Act. Any action taken by
12 the Agency in enforcing these violations shall be taken under
13 and consistent with the Illinois Environmental Protection Act,
14 including, but not limited to, the Agency's authority to seek
15 a civil or criminal cause of action under that Act. The test
16 results under subsections (b) and (c) of Section 1-80 of this
17 Act may be considered by the Agency during an investigation
18 under this Section.

19 (c) A person who has reason to believe the person has ~~they~~

21 high volume horizontal hydraulic fracturing may notify the
22 Agency and request an investigation be conducted. The Agency
23 shall forward this request to the Department for consideration
24 of an investigation under Section 1-83 of this Act. If the
25 Agency is provided with notice under subsection (f) of Section
26 1-83, the Agency shall conduct an investigation to determine

1 whether pollution or diminution is continuing to occur at the
2 location subject to the order, as well as locations identified
3 by the Department or at any other water source within 1,500
4 feet of the well site. Any person conducting or who has
5 conducted high volume horizontal hydraulic fracturing
6 operations shall supply any information requested to assist
7 the Agency in its investigation. The Agency shall give due
8 consideration to any information submitted during the course
9 of the investigation.

10 (d) Pollution or diminution is a violation of this Act and
11 may be pursued by the Department subject to the procedures and
12 remedies under Sections 1-100 and 1-105 of this Act.

13 (e) If an Agency investigation under Section 1-83 or
14 subsection (c) of this Section confirms that the cause of the
15 pollution, diminution, or water pollution is attributable to
16 high volume horizontal hydraulic fracturing operations, in
17 addition to any other relief available under law, the
18 permittee shall be required to reimburse the costs and
19 reasonable expenses incurred by the Agency for all activities
20 related to the investigation and cleanup. These costs shall
21 include, but not be limited to, inspections, investigations,
22 analyses, personnel, direct and indirect costs, studies,
23 assessments, reports, and review and evaluation of that data,
24 as well as costs under the Agency's review of whether the
25 quality of a restored or replaced water supply meets or
26 exceeds the quality of the water supply before it was affected

1 by the permittee. Costs shall be reimbursed to the Agency by
2 the permittee within 30 calendar days after receipt of a
3 written request for reimbursement by the Agency. For all costs
4 that remain unpaid following 30 calendar days after receipt of
5 a written request for reimbursement, the Agency may institute
6 a civil action for cost recovery under subsection (e) of
7 Section 1-101 of this Act. Failure to reimburse the Agency
8 within 30 calendar days after receipt of the written request
9 for reimbursement is a violation of this Act. Reimbursement of
10 costs collected under this subsection shall be deposited by
11 the Agency into the Illinois Clean Water Fund.

13 Section 890. The Sports Wagering Act is amended by
14 changing Section 25-15 as follows:

15 (230 ILCS 45/25-15)

16 Sec. 25-15. Board duties and powers.

17 (a) Except for sports wagering conducted under Section
18 25-70, the Board shall have the authority to regulate the
19 conduct of sports wagering under this Act.

20 (b) The Board may adopt any rules the Board considers
21 necessary for the successful implementation, administration,
22 and enforcement of this Act, except for Section 25-70. Rules
23 proposed by the Board may be adopted as emergency rules
24 pursuant to Section 5-45 of the Illinois Administrative

1 Procedure Act.

2 (c) The Board shall levy and collect all fees, surcharges,
3 civil penalties, and monthly taxes on adjusted gross sports
4 wagering receipts imposed by this Act and deposit all moneys
5 into the Sports Wagering Fund, except as otherwise provided
6 under this Act.

7 (d) The Board may exercise any other powers necessary to
8 enforce the provisions of this Act that it regulates and the
9 rules of the Board.

10 (e) The Board shall adopt rules for a license to be
11 employed by a master sports wagering licensee when the
12 employee works in a designated gaming area that has sports
13 wagering or performs duties in furtherance of or associated
14 with the operation of sports wagering by the master sports
15 wagering licensee (occupational license), which shall require
16 an annual license fee of \$250. However, occupational licenses
17 issued under the Illinois Gambling Act for employees of an
18 owners license or organization gaming licensee, once granted,
19 are considered equivalent licenses to work in sports wagering
20 positions located at the same gaming facility. License fees
21 shall be deposited into the State Gaming Fund and used for the
22 administration of this Act.

23 (f) The Board may require that licensees share, in real
24 time and at the sports wagering account level, information
25 regarding a wagerer, amount and type of wager, the time the
26 wager was placed, the location of the wager, including the

1 Internet protocol address, if applicable, the outcome of the
2 wager, and records of abnormal wagering activity. Information
3 shared under this subsection (f) must be submitted in the form
4 and manner as required by rule. If a sports governing body has
5 notified the Board that real-time information sharing for
6 wagers placed on its sports events is necessary and desirable,
7 licensees may share the same information in the form and
8 manner required by the Board by rule with the sports governing
9 body or its designee with respect to wagers on its sports
10 events subject to applicable federal, State, or local laws or
11 regulations, including, without limitation, privacy laws and
12 regulations. Such information may be provided in anonymized
13 form and may be used by a sports governing body solely for
14 integrity purposes. For purposes of this subsection (f), "real
15 time" ~~"real-time"~~ means a commercially reasonable periodic
16 interval.

17 (g) A master sports wagering licensee, professional sports
18 team, league, or association, sports governing body, or
19 institution of higher education may submit to the Board in
20 writing a request to prohibit a type or form of wagering if the
21 master sports wagering licensee, professional sports team,
22 league, or association, sports governing body, or institution
23 of higher education believes that such wagering by type or
24 form is contrary to public policy, unfair to consumers, or
25 affects the integrity of a particular sport or the sports
26 betting industry. The Board shall grant the request upon a

1 demonstration of good cause from the requester and
2 consultation with licensees. The Board shall respond to a
3 request pursuant to this subsection (g) concerning a
4 particular event before the start of the event or, if it is not
5 feasible to respond before the start of the event, as soon as
6 practicable.

7 (h) The Board and master sports wagering licensees may
8 cooperate with investigations conducted by sports governing
9 bodies or law enforcement agencies, including, but not limited
10 to, providing and facilitating the provision of account-level
11 betting information and audio or video files relating to
12 persons placing wagers.

13 (i) A master sports wagering licensee shall make
14 commercially reasonable efforts to promptly notify the Board
15 any information relating to:

16 (1) criminal or disciplinary proceedings commenced
17 against the master sports wagering licensee in connection
18 with its operations;

19 (2) abnormal wagering activity or patterns that may
20 indicate a concern with the integrity of a sports event or
21 sports events;

22 (3) any potential breach of the relevant sports
23 governing body's internal rules and codes of conduct
24 pertaining to sports wagering that a licensee has
25 knowledge of;

26 (4) any other conduct that corrupts a wagering outcome

1 of a sports event or sports events for purposes of
2 financial gain, including match fixing; and

3 (5) suspicious or illegal wagering activities,
4 including use of funds derived from illegal activity,
5 wagers to conceal or launder funds derived from illegal
6 activity, using agents to place wagers, and using false
7 identification.

8 A master sports wagering licensee shall also make
9 commercially reasonable efforts to promptly report information
10 relating to conduct described in paragraphs (2), (3), and (4)
11 of this subsection (i) to the relevant sports governing body.

26 insurance is provided at maximum coverage limits so as to hold

1 the District harmless from all financial loss, damage, and
2 harm, or in any building located on land owned by the Chicago
3 Park District if approved by the Park District Commissioners,
4 or on any land used for a golf course or for recreational

5 Pavilion Facility on the campus of the University of Illinois
6 at Chicago during games in which the WNBA professional women's
7 basketball team is playing in that facility, not more than one

17 Metropolitan Sanitary District of Greater Chicago and leased
18 to others for a term of at least 20 years. Nothing in this
19 Section precludes the sale or delivery of alcoholic liquor in
20 the form of original packaged goods in premises located at 500

26 protection district organized under the Fire Protection

1 District Act, provided that such delivery and sale is approved
2 by the board of trustees of the district, and provided further
3 that such delivery and sale is limited to fundraising events
4 and to a maximum of 6 events per year. However, the limitation
5 to fundraising events and to a maximum of 6 events per year
6 does not apply to the delivery, sale, or manufacture of
7 alcoholic liquors at the building located at 59 Main Street in
8 Oswego, Illinois, owned by the Oswego Fire Protection District
9 if the alcoholic liquor is sold or dispensed as approved by the
10 Oswego Fire Protection District and the property is no longer
11 being utilized for fire protection purposes.

25 Alcoholic liquors may be served or sold in buildings under
26 the control of the Board of Trustees of Chicago State

10 including, but not limited to, chiropractic manipulative
11 treatment; and (17) any other medical care, and any other type
12 of remedial care recognized under the laws of this State. The
13 term "any other type of remedial care" shall include nursing
14 care and nursing home service for persons who rely on
15 treatment by spiritual means alone through prayer for healing.

16 Notwithstanding any other provision of this Section, a
17 comprehensive tobacco use cessation program that includes
18 purchasing prescription drugs or prescription medical devices
19 approved by the Food and Drug Administration shall be covered
20 under the medical assistance program under this Article for
21 persons who are otherwise eligible for assistance under this
22 Article.

23 Notwithstanding any other provision of this Code,
24 reproductive health care that is otherwise legal in Illinois
25 shall be covered under the medical assistance program for
26 persons who are otherwise eligible for medical assistance

1 under this Article.

2 Notwithstanding any other provision of this Section, all
3 tobacco cessation medications approved by the United States
4 Food and Drug Administration and all individual and group
5 tobacco cessation counseling services and telephone-based
6 counseling services and tobacco cessation medications provided
7 through the Illinois Tobacco Quitline shall be covered under
8 the medical assistance program for persons who are otherwise
9 eligible for assistance under this Article. The Department
10 shall comply with all federal requirements necessary to obtain
11 federal financial participation, as specified in 42 CFR
12 433.15(b) (7), for telephone-based counseling services provided
13 through the Illinois Tobacco Quitline, including, but not
14 limited to: (i) entering into a memorandum of understanding or
15 interagency agreement with the Department of Public Health, as
16 administrator of the Illinois Tobacco Quitline; and (ii)
17 developing a cost allocation plan for Medicaid-allowable
18 Illinois Tobacco Quitline services in accordance with 45 CFR
19 95.507. The Department shall submit the memorandum of
20 understanding or interagency agreement, the cost allocation
21 plan, and all other necessary documentation to the Centers for
22 Medicare and Medicaid Services for review and approval.
23 Coverage under this paragraph shall be contingent upon federal
24 approval.

25 Notwithstanding any other provision of this Code, the
26 Illinois Department may not require, as a condition of payment

1 for any laboratory test authorized under this Article, that a
2 physician's handwritten signature appear on the laboratory
3 test order form. The Illinois Department may, however, impose
4 other appropriate requirements regarding laboratory test order
5 documentation.

6 Upon receipt of federal approval of an amendment to the
7 Illinois Title XIX State Plan for this purpose, the Department
8 shall authorize the Chicago Public Schools (CPS) to procure a
9 vendor or vendors to manufacture eyeglasses for individuals
10 enrolled in a school within the CPS system. CPS shall ensure
11 that its vendor or vendors are enrolled as providers in the
12 medical assistance program and in any capitated Medicaid
13 managed care entity (MCE) serving individuals enrolled in a
14 school within the CPS system. Under any contract procured
15 under this provision, the vendor or vendors must serve only
16 individuals enrolled in a school within the CPS system. Claims
17 for services provided by CPS's vendor or vendors to recipients
18 of benefits in the medical assistance program under this Code,
19 the Children's Health Insurance Program, or the Covering ALL
20 KIDS Health Insurance Program shall be submitted to the
21 Department or the MCE in which the individual is enrolled for
22 payment and shall be reimbursed at the Department's or the
23 MCE's established rates or rate methodologies for eyeglasses.

24 On and after July 1, 2012, the Department of Healthcare
25 and Family Services may provide the following services to
26 persons eligible for assistance under this Article who are

1 participating in education, training or employment programs
2 operated by the Department of Human Services as successor to
3 the Department of Public Aid:

4 (1) dental services provided by or under the
5 supervision of a dentist; and

6 (2) eyeglasses prescribed by a physician skilled in
7 the diseases of the eye, or by an optometrist, whichever
8 the person may select.

9 On and after July 1, 2018, the Department of Healthcare
10 and Family Services shall provide dental services to any adult
11 who is otherwise eligible for assistance under the medical
12 assistance program. As used in this paragraph, "dental
13 services" means diagnostic, preventative, restorative, or
14 corrective procedures, including procedures and services for
15 the prevention and treatment of periodontal disease and dental
16 caries disease, provided by an individual who is licensed to
17 practice dentistry or dental surgery or who is under the
18 supervision of a dentist in the practice of his or her
19 profession.

20 On and after July 1, 2018, targeted dental services, as
21 set forth in Exhibit D of the Consent Decree entered by the
22 United States District Court for the Northern District of
23 Illinois, Eastern Division, in the matter of Memisovski v.
24 Maram, Case No. 92 C 1982, that are provided to adults under
25 the medical assistance program shall be established at no less
26 than the rates set forth in the "New Rate" column in Exhibit D

1 of the Consent Decree for targeted dental services that are
2 provided to persons under the age of 18 under the medical
3 assistance program.

4 Subject to federal approval, on and after January 1, 2025,
5 the rates paid for sedation evaluation and the provision of
6 deep sedation and intravenous sedation for the purpose of
7 dental services shall be increased by 33% above the rates in
8 effect on December 31, 2024. The rates paid for nitrous oxide
9 sedation shall not be impacted by this paragraph and shall
10 remain the same as the rates in effect on December 31, 2024.

11 Notwithstanding any other provision of this Code and
12 subject to federal approval, the Department may adopt rules to
13 allow a dentist who is volunteering his or her service at no
14 cost to render dental services through an enrolled
15 not-for-profit health clinic without the dentist personally
16 enrolling as a participating provider in the medical
17 assistance program. A not-for-profit health clinic shall
18 include a public health clinic or Federally Qualified Health
19 Center or other enrolled provider, as determined by the
20 Department, through which dental services covered under this
21 Section are performed. The Department shall establish a
22 process for payment of claims for reimbursement for covered
23 dental services rendered under this provision.

24 Subject to appropriation and to federal approval, the
25 Department shall file administrative rules updating the
26 Handicapping Labio-Lingual Deviation orthodontic scoring tool

1 by January 1, 2025, or as soon as practicable.

2 On and after January 1, 2022, the Department of Healthcare
3 and Family Services shall administer and regulate a
4 school-based dental program that allows for the out-of-office
5 delivery of preventative dental services in a school setting
6 to children under 19 years of age. The Department shall
7 establish, by rule, guidelines for participation by providers
8 and set requirements for follow-up referral care based on the
9 requirements established in the Dental Office Reference Manual
10 published by the Department that establishes the requirements
11 for dentists participating in the All Kids Dental School
12 Program. Every effort shall be made by the Department when
13 developing the program requirements to consider the different
14 geographic differences of both urban and rural areas of the
15 State for initial treatment and necessary follow-up care. No
16 provider shall be charged a fee by any unit of local government
17 to participate in the school-based dental program administered
18 by the Department. Nothing in this paragraph shall be
19 construed to limit or preempt a home rule unit's or school
20 district's authority to establish, change, or administer a
21 school-based dental program in addition to, or independent of,
22 the school-based dental program administered by the
23 Department.

24 The Illinois Department, by rule, may distinguish and
25 classify the medical services to be provided only in
26 accordance with the classes of persons designated in Section

1 5-2.

2 The Department of Healthcare and Family Services must
3 provide coverage and reimbursement for amino acid-based
4 elemental formulas, regardless of delivery method, for the
5 diagnosis and treatment of (i) eosinophilic disorders and (ii)
6 short bowel syndrome when the prescribing physician has issued
7 a written order stating that the amino acid-based elemental
8 formula is medically necessary.

9 The Illinois Department shall authorize the provision of,
10 and shall authorize payment for, screening by low-dose
11 mammography for the presence of occult breast cancer for
12 individuals 35 years of age or older who are eligible for
13 medical assistance under this Article, as follows:

14 (A) A baseline mammogram for individuals 35 to 39
15 years of age.

16 (B) An annual mammogram for individuals 40 years of
17 age or older.

18 (C) A mammogram at the age and intervals considered
19 medically necessary by the individual's health care
20 provider for individuals under 40 years of age and having
21 a family history of breast cancer, prior personal history
22 of breast cancer, positive genetic testing, or other risk
23 factors.

24 (D) A comprehensive ultrasound screening and MRI of an
25 entire breast or breasts if a mammogram demonstrates
26 heterogeneous or dense breast tissue or when medically

1 necessary as determined by a physician licensed to
2 practice medicine in all of its branches.

3 (E) A screening MRI when medically necessary, as
4 determined by a physician licensed to practice medicine in
5 all of its branches.

6 (F) A diagnostic mammogram when medically necessary,
7 as determined by a physician licensed to practice medicine
8 in all its branches, advanced practice registered nurse,
9 or physician assistant.

10 The Department shall not impose a deductible, coinsurance,
11 copayment, or any other cost-sharing requirement on the
12 coverage provided under this paragraph; except that this
13 sentence does not apply to coverage of diagnostic mammograms
14 to the extent such coverage would disqualify a high-deductible
15 health plan from eligibility for a health savings account
16 pursuant to Section 223 of the Internal Revenue Code (26
17 U.S.C. 223).

18 All screenings shall include a physical breast exam,
19 instruction on self-examination and information regarding the
20 frequency of self-examination and its value as a preventative
21 tool.

22 For purposes of this Section:

23 "Diagnostic mammogram" means a mammogram obtained using
24 diagnostic mammography.

25 "Diagnostic mammography" means a method of screening that
26 is designed to evaluate an abnormality in a breast, including

1 an abnormality seen or suspected on a screening mammogram or a
2 subjective or objective abnormality otherwise detected in the
3 breast.

4 "Low-dose mammography" means the x-ray examination of the
5 breast using equipment dedicated specifically for mammography,
6 including the x-ray tube, filter, compression device, and
7 image receptor, with an average radiation exposure delivery of
8 less than one rad per breast for 2 views of an average size
9 breast. The term also includes digital mammography and
10 includes breast tomosynthesis.

11 "Breast tomosynthesis" means a radiologic procedure that
12 involves the acquisition of projection images over the
13 stationary breast to produce cross-sectional digital
14 three-dimensional images of the breast.

15 If, at any time, the Secretary of the United States
16 Department of Health and Human Services, or its successor
17 agency, promulgates rules or regulations to be published in
18 the Federal Register or publishes a comment in the Federal
19 Register or issues an opinion, guidance, or other action that
20 would require the State, pursuant to any provision of the
21 Patient Protection and Affordable Care Act (Public Law
22 111-148), including, but not limited to, 42 U.S.C.
23 18031(d)(3)(B) or any successor provision, to defray the cost
24 of any coverage for breast tomosynthesis outlined in this
25 paragraph, then the requirement that an insurer cover breast
26 tomosynthesis is inoperative other than any such coverage

1 authorized under Section 1902 of the Social Security Act, 42
2 U.S.C. 1396a, and the State shall not assume any obligation
3 for the cost of coverage for breast tomosynthesis set forth in
4 this paragraph.

5 On and after January 1, 2016, the Department shall ensure
6 that all networks of care for adult clients of the Department
7 include access to at least one breast imaging Center of
8 Imaging Excellence as certified by the American College of
9 Radiology.

10 On and after January 1, 2012, providers participating in a
11 quality improvement program approved by the Department shall
12 be reimbursed for screening and diagnostic mammography at the
13 same rate as the Medicare program's rates, including the
14 increased reimbursement for digital mammography and, after
15 January 1, 2023 (the effective date of Public Act 102-1018),
16 breast tomosynthesis.

17 The Department shall convene an expert panel including
18 representatives of hospitals, free-standing mammography
19 facilities, and doctors, including radiologists, to establish
20 quality standards for mammography.

21 On and after January 1, 2017, providers participating in a
22 breast cancer treatment quality improvement program approved
23 by the Department shall be reimbursed for breast cancer
24 treatment at a rate that is no lower than 95% of the Medicare
25 program's rates for the data elements included in the breast
26 cancer treatment quality program.

1 The Department shall convene an expert panel, including
2 representatives of hospitals, free-standing breast cancer
3 treatment centers, breast cancer quality organizations, and
4 doctors, including breast surgeons, reconstructive breast
5 surgeons, oncologists, and primary care providers to establish
6 quality standards for breast cancer treatment.

7 Subject to federal approval, the Department shall
8 establish a rate methodology for mammography at federally
9 qualified health centers and other encounter-rate clinics.
10 These clinics or centers may also collaborate with other
11 hospital-based mammography facilities. By January 1, 2016, the
12 Department shall report to the General Assembly on the status
13 of the provision set forth in this paragraph.

14 The Department shall establish a methodology to remind
15 individuals who are age-appropriate for screening mammography,
16 but who have not received a mammogram within the previous 18
17 months, of the importance and benefit of screening
18 mammography. The Department shall work with experts in breast
19 cancer outreach and patient navigation to optimize these
20 reminders and shall establish a methodology for evaluating
21 their effectiveness and modifying the methodology based on the
22 evaluation.

23 The Department shall establish a performance goal for
24 primary care providers with respect to their female patients
25 over age 40 receiving an annual mammogram. This performance
26 goal shall be used to provide additional reimbursement in the

1 form of a quality performance bonus to primary care providers
2 who meet that goal.

3 The Department shall devise a means of case-managing or
4 patient navigation for beneficiaries diagnosed with breast
5 cancer. This program shall initially operate as a pilot
6 program in areas of the State with the highest incidence of
7 mortality related to breast cancer. At least one pilot program
8 site shall be in the metropolitan Chicago area and at least one
9 site shall be outside the metropolitan Chicago area. On or
10 after July 1, 2016, the pilot program shall be expanded to
11 include one site in western Illinois, one site in southern
12 Illinois, one site in central Illinois, and 4 sites within
13 metropolitan Chicago. An evaluation of the pilot program shall
14 be carried out measuring health outcomes and cost of care for
15 those served by the pilot program compared to similarly
16 situated patients who are not served by the pilot program.

17 The Department shall require all networks of care to
18 develop a means either internally or by contract with experts
19 in navigation and community outreach to navigate cancer
20 patients to comprehensive care in a timely fashion. The
21 Department shall require all networks of care to include
22 access for patients diagnosed with cancer to at least one
23 academic commission on cancer-accredited cancer program as an
24 in-network covered benefit.

25 The Department shall provide coverage and reimbursement
26 for a human papillomavirus (HPV) vaccine that is approved for

1 marketing by the federal Food and Drug Administration for all
2 persons between the ages of 9 and 45. Subject to federal
3 approval, the Department shall provide coverage and
4 reimbursement for a human papillomavirus (HPV) vaccine for
5 persons of the age of 46 and above who have been diagnosed with
6 cervical dysplasia with a high risk of recurrence or
7 progression. The Department shall disallow any
8 preauthorization requirements for the administration of the
9 human papillomavirus (HPV) vaccine.

10 On or after July 1, 2022, individuals who are otherwise
11 eligible for medical assistance under this Article shall
12 receive coverage for perinatal depression screenings for the
13 12-month period beginning on the last day of their pregnancy.
14 Medical assistance coverage under this paragraph shall be
15 conditioned on the use of a screening instrument approved by
16 the Department.

17 Any medical or health care provider shall immediately
18 recommend, to any pregnant individual who is being provided
19 prenatal services and is suspected of having a substance use
20 disorder as defined in the Substance Use Disorder Act,
21 referral to a local substance use disorder treatment program
22 licensed by the Department of Human Services or to a licensed
23 hospital which provides substance abuse treatment services.
24 The Department of Healthcare and Family Services shall assure
25 coverage for the cost of treatment of the drug abuse or
26 addiction for pregnant recipients in accordance with the

1 Illinois Medicaid Program in conjunction with the Department
2 of Human Services.

3 All medical providers providing medical assistance to
4 pregnant individuals under this Code shall receive information
5 from the Department on the availability of services under any
6 program providing case management services for addicted
7 individuals, including information on appropriate referrals
8 for other social services that may be needed by addicted
9 individuals in addition to treatment for addiction.

10 The Illinois Department, in cooperation with the
11 Departments of Human Services (as successor to the Department
12 of Alcoholism and Substance Abuse) and Public Health, through
13 a public awareness campaign, may provide information
14 concerning treatment for alcoholism and drug abuse and
15 addiction, prenatal health care, and other pertinent programs
16 directed at reducing the number of drug-affected infants born
17 to recipients of medical assistance.

18 Neither the Department of Healthcare and Family Services
19 nor the Department of Human Services shall sanction the
20 recipient solely on the basis of the recipient's substance
21 abuse.

22 The Illinois Department shall establish such regulations
23 governing the dispensing of health services under this Article
24 as it shall deem appropriate. The Department should seek the
25 advice of formal professional advisory committees appointed by
26 the Director of the Illinois Department for the purpose of

1 providing regular advice on policy and administrative matters,
2 information dissemination and educational activities for
3 medical and health care providers, and consistency in
4 procedures to the Illinois Department.

5 The Illinois Department may develop and contract with
6 Partnerships of medical providers to arrange medical services
7 for persons eligible under Section 5-2 of this Code.
8 Implementation of this Section may be by demonstration
9 projects in certain geographic areas. The Partnership shall be
10 represented by a sponsor organization. The Department, by
11 rule, shall develop qualifications for sponsors of
12 Partnerships. Nothing in this Section shall be construed to
13 require that the sponsor organization be a medical
14 organization.

15 The sponsor must negotiate formal written contracts with
16 medical providers for physician services, inpatient and
17 outpatient hospital care, home health services, treatment for
18 alcoholism and substance abuse, and other services determined
19 necessary by the Illinois Department by rule for delivery by
20 Partnerships. Physician services must include prenatal and
21 obstetrical care. The Illinois Department shall reimburse
22 medical services delivered by Partnership providers to clients
23 in target areas according to provisions of this Article and
24 the Illinois Health Finance Reform Act, except that:

- 25 (1) Physicians participating in a Partnership and
26 providing certain services, which shall be determined by

1 the Illinois Department, to persons in areas covered by
2 the Partnership may receive an additional surcharge for
3 such services.

4 (2) The Department may elect to consider and negotiate
5 financial incentives to encourage the development of
6 Partnerships and the efficient delivery of medical care.

7 (3) Persons receiving medical services through
8 Partnerships may receive medical and case management
9 services above the level usually offered through the
10 medical assistance program.

11 Medical providers shall be required to meet certain
12 qualifications to participate in Partnerships to ensure the
13 delivery of high quality medical services. These
14 qualifications shall be determined by rule of the Illinois
15 Department and may be higher than qualifications for
16 participation in the medical assistance program. Partnership
17 sponsors may prescribe reasonable additional qualifications
18 for participation by medical providers, only with the prior
19 written approval of the Illinois Department.

20 Nothing in this Section shall limit the free choice of
21 practitioners, hospitals, and other providers of medical
22 services by clients. In order to ensure patient freedom of
23 choice, the Illinois Department shall immediately promulgate
24 all rules and take all other necessary actions so that
25 provided services may be accessed from therapeutically
26 certified optometrists to the full extent of the Illinois

1 Optometric Practice Act of 1987 without discriminating between
2 service providers.

3 The Department shall apply for a waiver from the United
4 States Health Care Financing Administration to allow for the
5 implementation of Partnerships under this Section.

6 The Illinois Department shall require health care
7 providers to maintain records that document the medical care
8 and services provided to recipients of Medical Assistance
9 under this Article. Such records must be retained for a period
10 of not less than 6 years from the date of service or as
11 provided by applicable State law, whichever period is longer,
12 except that if an audit is initiated within the required
13 retention period then the records must be retained until the
14 audit is completed and every exception is resolved. The
15 Illinois Department shall require health care providers to
16 make available, when authorized by the patient, in writing,
17 the medical records in a timely fashion to other health care
18 providers who are treating or serving persons eligible for
19 Medical Assistance under this Article. All dispensers of
20 medical services shall be required to maintain and retain
21 business and professional records sufficient to fully and
22 accurately document the nature, scope, details and receipt of
23 the health care provided to persons eligible for medical
24 assistance under this Code, in accordance with regulations
25 promulgated by the Illinois Department. The rules and
26 regulations shall require that proof of the receipt of

1 prescription drugs, dentures, prosthetic devices and
2 eyeglasses by eligible persons under this Section accompany
3 each claim for reimbursement submitted by the dispenser of
4 such medical services. No such claims for reimbursement shall
5 be approved for payment by the Illinois Department without
6 such proof of receipt, unless the Illinois Department shall
7 have put into effect and shall be operating a system of
8 post-payment audit and review which shall, on a sampling
9 basis, be deemed adequate by the Illinois Department to assure
10 that such drugs, dentures, prosthetic devices and eyeglasses
11 for which payment is being made are actually being received by
12 eligible recipients. Within 90 days after September 16, 1984
13 (the effective date of Public Act 83-1439), the Illinois
14 Department shall establish a current list of acquisition costs
15 for all prosthetic devices and any other items recognized as
16 medical equipment and supplies reimbursable under this Article
17 and shall update such list on a quarterly basis, except that
18 the acquisition costs of all prescription drugs shall be
19 updated no less frequently than every 30 days as required by
20 Section 5-5.12.

21 Notwithstanding any other law to the contrary, the
22 Illinois Department shall, within 365 days after July 22, 2013
23 (the effective date of Public Act 98-104), establish
24 procedures to permit skilled care facilities licensed under
25 the Nursing Home Care Act to submit monthly billing claims for
26 reimbursement purposes. Following development of these

1 procedures, the Department shall, by July 1, 2016, test the
2 viability of the new system and implement any necessary
3 operational or structural changes to its information
4 technology platforms in order to allow for the direct
5 acceptance and payment of nursing home claims.

6 Notwithstanding any other law to the contrary, the
7 Illinois Department shall, within 365 days after August 15,
8 2014 (the effective date of Public Act 98-963), establish
9 procedures to permit ID/DD facilities licensed under the ID/DD
10 Community Care Act and MC/DD facilities licensed under the
11 MC/DD Act to submit monthly billing claims for reimbursement
12 purposes. Following development of these procedures, the
13 Department shall have an additional 365 days to test the
14 viability of the new system and to ensure that any necessary
15 operational or structural changes to its information
16 technology platforms are implemented.

17 The Illinois Department shall require all dispensers of
18 medical services, other than an individual practitioner or
19 group of practitioners, desiring to participate in the Medical
20 Assistance program established under this Article to disclose
21 all financial, beneficial, ownership, equity, surety or other
22 interests in any and all firms, corporations, partnerships,
23 associations, business enterprises, joint ventures, agencies,
24 institutions or other legal entities providing any form of
25 health care services in this State under this Article.

26 The Illinois Department may require that all dispensers of

1 medical services desiring to participate in the medical
2 assistance program established under this Article disclose,
3 under such terms and conditions as the Illinois Department may
4 by rule establish, all inquiries from clients and attorneys
5 regarding medical bills paid by the Illinois Department, which
6 inquiries could indicate potential existence of claims or
7 liens for the Illinois Department.

8 Enrollment of a vendor shall be subject to a provisional
9 period and shall be conditional for one year. During the
10 period of conditional enrollment, the Department may terminate
11 the vendor's eligibility to participate in, or may disenroll
12 the vendor from, the medical assistance program without cause.
13 Unless otherwise specified, such termination of eligibility or
14 disenrollment is not subject to the Department's hearing
15 process. However, a disenrolled vendor may reapply without
16 penalty.

17 The Department has the discretion to limit the conditional
18 enrollment period for vendors based upon the category of risk
19 of the vendor.

20 Prior to enrollment and during the conditional enrollment
21 period in the medical assistance program, all vendors shall be
22 subject to enhanced oversight, screening, and review based on
23 the risk of fraud, waste, and abuse that is posed by the
24 category of risk of the vendor. The Illinois Department shall
25 establish the procedures for oversight, screening, and review,
26 which may include, but need not be limited to: criminal and

1 financial background checks; fingerprinting; license,
2 certification, and authorization verifications; unscheduled or
3 unannounced site visits; database checks; prepayment audit
4 reviews; audits; payment caps; payment suspensions; and other
5 screening as required by federal or State law.

6 The Department shall define or specify the following: (i)
7 by provider notice, the "category of risk of the vendor" for
8 each type of vendor, which shall take into account the level of
9 screening applicable to a particular category of vendor under
10 federal law and regulations; (ii) by rule or provider notice,
11 the maximum length of the conditional enrollment period for
12 each category of risk of the vendor; and (iii) by rule, the
13 hearing rights, if any, afforded to a vendor in each category
14 of risk of the vendor that is terminated or disenrolled during
15 the conditional enrollment period.

16 To be eligible for payment consideration, a vendor's
17 payment claim or bill, either as an initial claim or as a
18 resubmitted claim following prior rejection, must be received
19 by the Illinois Department, or its fiscal intermediary, no
20 later than 180 days after the latest date on the claim on which
21 medical goods or services were provided, with the following
22 exceptions:

23 (1) In the case of a provider whose enrollment is in
24 process by the Illinois Department, the 180-day period
25 shall not begin until the date on the written notice from
26 the Illinois Department that the provider enrollment is

1 complete.

2 (2) In the case of errors attributable to the Illinois
3 Department or any of its claims processing intermediaries
4 which result in an inability to receive, process, or
5 adjudicate a claim, the 180-day period shall not begin
6 until the provider has been notified of the error.

7 (3) In the case of a provider for whom the Illinois
8 Department initiates the monthly billing process.

9 (4) In the case of a provider operated by a unit of
10 local government with a population exceeding 3,000,000
11 when local government funds finance federal participation
12 for claims payments.

13 For claims for services rendered during a period for which
14 a recipient received retroactive eligibility, claims must be
15 filed within 180 days after the Department determines the
16 applicant is eligible. For claims for which the Illinois
17 Department is not the primary payer, claims must be submitted
18 to the Illinois Department within 180 days after the final
19 adjudication by the primary payer.

20 In the case of long term care facilities, within 120
21 calendar days of receipt by the facility of required
22 prescreening information, new admissions with associated
23 admission documents shall be submitted through the Medical

26 directly to the Department of Human Services using required

1 admission forms. Effective September 1, 2014, admission
2 documents, including all prescreening information, must be
3 submitted through MEDI or REV. Confirmation numbers assigned
4 to an accepted transaction shall be retained by a facility to
5 verify timely submittal. Once an admission transaction has
6 been completed, all resubmitted claims following prior
7 rejection are subject to receipt no later than 180 days after
8 the admission transaction has been completed.

9 Claims that are not submitted and received in compliance
10 with the foregoing requirements shall not be eligible for
11 payment under the medical assistance program, and the State
12 shall have no liability for payment of those claims.

13 To the extent consistent with applicable information and
14 privacy, security, and disclosure laws, State and federal
15 agencies and departments shall provide the Illinois Department
16 access to confidential and other information and data
17 necessary to perform eligibility and payment verifications and
18 other Illinois Department functions. This includes, but is not
19 limited to: information pertaining to licensure;
20 certification; earnings; immigration status; citizenship; wage
21 reporting; unearned and earned income; pension income;
22 employment; supplemental security income; social security
23 numbers; National Provider Identifier (NPI) numbers; the
24 National Practitioner Data Bank (NPDB); program and agency
25 exclusions; taxpayer identification numbers; tax delinquency;
26 corporate information; and death records.

1 The Illinois Department shall enter into agreements with
2 State agencies and departments, and is authorized to enter
3 into agreements with federal agencies and departments, under
4 which such agencies and departments shall share data necessary
5 for medical assistance program integrity functions and
6 oversight. The Illinois Department shall develop, in
7 cooperation with other State departments and agencies, and in
8 compliance with applicable federal laws and regulations,
9 appropriate and effective methods to share such data. At a
10 minimum, and to the extent necessary to provide data sharing,
11 the Illinois Department shall enter into agreements with State
12 agencies and departments, and is authorized to enter into
13 agreements with federal agencies and departments, including,
14 but not limited to: the Secretary of State; the Department of
15 Revenue; the Department of Public Health; the Department of
16 Human Services; and the Department of Financial and
17 Professional Regulation.

18 Beginning in fiscal year 2013, the Illinois Department
19 shall set forth a request for information to identify the
20 benefits of a pre-payment, post-adjudication, and post-edit
21 claims system with the goals of streamlining claims processing
22 and provider reimbursement, reducing the number of pending or
23 rejected claims, and helping to ensure a more transparent
24 adjudication process through the utilization of: (i) provider
25 data verification and provider screening technology; and (ii)
26 clinical code editing; and (iii) pre-pay, pre-adjudicated, or

1 post-adjudicated predictive modeling with an integrated case
2 management system with link analysis. Such a request for
3 information shall not be considered as a request for proposal
4 or as an obligation on the part of the Illinois Department to
5 take any action or acquire any products or services.

6 The Illinois Department shall establish policies,
7 procedures, standards and criteria by rule for the
8 acquisition, repair and replacement of orthotic and prosthetic
9 devices and durable medical equipment. Such rules shall
10 provide, but not be limited to, the following services: (1)
11 immediate repair or replacement of such devices by recipients;
12 and (2) rental, lease, purchase or lease-purchase of durable
13 medical equipment in a cost-effective manner, taking into
14 consideration the recipient's medical prognosis, the extent of
15 the recipient's needs, and the requirements and costs for
16 maintaining such equipment. Subject to prior approval, such
17 rules shall enable a recipient to temporarily acquire and use
18 alternative or substitute devices or equipment pending repairs
19 or replacements of any device or equipment previously
20 authorized for such recipient by the Department.
21 Notwithstanding any provision of Section 5-5f to the contrary,
22 the Department may, by rule, exempt certain replacement
23 wheelchair parts from prior approval and, for wheelchairs,
24 wheelchair parts, wheelchair accessories, and related seating
25 and positioning items, determine the wholesale price by
26 methods other than actual acquisition costs.

1 The Department shall require, by rule, all providers of
2 durable medical equipment to be accredited by an accreditation
3 organization approved by the federal Centers for Medicare and
4 Medicaid Services and recognized by the Department in order to
5 bill the Department for providing durable medical equipment to
6 recipients. No later than 15 months after the effective date
7 of the rule adopted pursuant to this paragraph, all providers
8 must meet the accreditation requirement.

9 In order to promote environmental responsibility, meet the
10 needs of recipients and enrollees, and achieve significant
11 cost savings, the Department, or a managed care organization
12 under contract with the Department, may provide recipients or
13 managed care enrollees who have a prescription or Certificate
14 of Medical Necessity access to refurbished durable medical
15 equipment under this Section (excluding prosthetic and
16 orthotic devices as defined in the Orthotics, Prosthetics, and
17 Podiatric Practice Act and complex rehabilitation technology
18 products and associated services) through the State's
19 assistive technology program's reutilization program, using
20 staff with the Assistive Technology Professional (ATP)
21 Certification if the refurbished durable medical equipment:
22 (i) is available; (ii) is less expensive, including shipping
23 costs, than new durable medical equipment of the same type;
24 (iii) is able to withstand at least 3 years of use; (iv) is
25 cleaned, disinfected, sterilized, and safe in accordance with
26 federal Food and Drug Administration regulations and guidance

1 governing the reprocessing of medical devices in health care
2 settings; and (v) equally meets the needs of the recipient or
3 enrollee. The reutilization program shall confirm that the
4 recipient or enrollee is not already in receipt of the same or
5 similar equipment from another service provider, and that the
6 refurbished durable medical equipment equally meets the needs
7 of the recipient or enrollee. Nothing in this paragraph shall
8 be construed to limit recipient or enrollee choice to obtain
9 new durable medical equipment or place any additional prior
10 authorization conditions on enrollees of managed care
11 organizations.

12 The Department shall execute, relative to the nursing home
13 prescreening project, written inter-agency agreements with the
14 Department of Human Services and the Department on Aging, to
15 effect the following: (i) intake procedures and common
16 eligibility criteria for those persons who are receiving
17 non-institutional services; and (ii) the establishment and
18 development of non-institutional services in areas of the
19 State where they are not currently available or are
20 undeveloped; and (iii) notwithstanding any other provision of
21 law, subject to federal approval, on and after July 1, 2012, an
22 increase in the determination of need (DON) scores from 29 to
23 37 for applicants for institutional and home and
24 community-based long term care; if and only if federal
25 approval is not granted, the Department may, in conjunction
26 with other affected agencies, implement utilization controls

1 or changes in benefit packages to effectuate a similar savings
2 amount for this population; and (iv) no later than July 1,
3 2013, minimum level of care eligibility criteria for
4 institutional and home and community-based long term care; and
5 (v) no later than October 1, 2013, establish procedures to
6 permit long term care providers access to eligibility scores
7 for individuals with an admission date who are seeking or
8 receiving services from the long term care provider. In order
9 to select the minimum level of care eligibility criteria, the
10 Governor shall establish a workgroup that includes affected
11 agency representatives and stakeholders representing the
12 institutional and home and community-based long term care
13 interests. This Section shall not restrict the Department from
14 implementing lower level of care eligibility criteria for
15 community-based services in circumstances where federal
16 approval has been granted.

17 The Illinois Department shall develop and operate, in
18 cooperation with other State Departments and agencies and in
19 compliance with applicable federal laws and regulations,

21 and programs for monitoring of utilization of health care
22 services and facilities, as it affects persons eligible for
23 medical assistance under this Code.

2 medical services by public aid recipients;

3 (b) actual statistics and trends in the provision of
4 the various medical services by medical vendors;

6 those rate structures for the various medical vendors; and

7 (d) efforts at utilization review and control by the
8 Illinois Department.

9 The period covered by each report shall be the 3 years
10 ending on the June 30 prior to the report. The report shall
11 include suggested legislation for consideration by the General
12 Assembly. The requirement for reporting to the General
13 Assembly shall be satisfied by filing copies of the report as
14 required by Section 3.1 of the General Assembly Organization
15 Act, and filing such additional copies with the State
16 Government Report Distribution Center for the General Assembly
17 as is required under paragraph (t) of Section 7 of the State
18 Library Act.

19 Rulemaking authority to implement Public Act 95-1045, if
20 any, is conditioned on the rules being adopted in accordance
21 with all provisions of the Illinois Administrative Procedure
22 Act and all rules and procedures of the Joint Committee on
23 Administrative Rules; any purported rule not so adopted, for
24 whatever reason, is unauthorized.

25 On and after July 1, 2012, the Department shall reduce any
26 rate of reimbursement for services or other payments or alter

1 any methodologies authorized by this Code to reduce any rate
2 of reimbursement for services or other payments in accordance
3 with Section 5-5e.

6 risk of HIV infection.

10 qualified health center's encounter rate for services provided
11 to medical assistance recipients that are performed by a
12 dental hygienist, as defined under the Illinois Dental

18 comprehensive tobacco use cessation program that includes
19 purchasing prescription drugs or prescription medical devices
20 approved by the Food and Drug Administration shall be covered
21 under the medical assistance program under this Article for
22 persons who are otherwise eligible for assistance under this
23 Article.

24 Notwithstanding any other provision of this Code,
25 reproductive health care that is otherwise legal in Illinois

18 assistance program. A not-for-profit health clinic shall
19 include a public health clinic or Federally Qualified Health
20 Center or other enrolled provider, as determined by the
21 Department, through which dental services covered under this
22 Section are performed. The Department shall establish a
23 process for payment of claims for reimbursement for covered
24 dental services rendered under this provision.

12 for dentists participating in the All Kids Dental School
13 Program. Every effort shall be made by the Department when
14 developing the program requirements to consider the different
15 geographic differences of both urban and rural areas of the
16 State for initial treatment and necessary follow-up care. No
17 provider shall be charged a fee by any unit of local government
18 to participate in the school-based dental program administered
19 by the Department. Nothing in this paragraph shall be
20 construed to limit or preempt a home rule unit's or school
21 district's authority to establish, change, or administer a
22 school-based dental program in addition to, or independent of,
23 the school-based dental program administered by the
24 Department.

25 The Illinois Department, by rule, may distinguish and
26 classify the medical services to be provided only in

1 accordance with the classes of persons designated in Section
2 5-2.

3 The Department of Healthcare and Family Services must
4 provide coverage and reimbursement for amino acid-based
5 elemental formulas, regardless of delivery method, for the
6 diagnosis and treatment of (i) eosinophilic disorders and (ii)
7 short bowel syndrome when the prescribing physician has issued
8 a written order stating that the amino acid-based elemental
9 formula is medically necessary.

10 The Illinois Department shall authorize the provision of,
11 and shall authorize payment for, screening by low-dose
12 mammography for the presence of occult breast cancer for
13 individuals 35 years of age or older who are eligible for
14 medical assistance under this Article, as follows:

15 (A) A baseline mammogram for individuals 35 to 39
16 years of age.

17 (B) An annual mammogram for individuals 40 years of
18 age or older.

19 (C) A mammogram at the age and intervals considered
20 medically necessary by the individual's health care
21 provider for individuals under 40 years of age and having
22 a family history of breast cancer, prior personal history
23 of breast cancer, positive genetic testing, or other risk
24 factors.

25 (D) A comprehensive ultrasound screening and MRI of an
26 entire breast or breasts if a mammogram demonstrates

1 heterogeneous or dense breast tissue or when medically
2 necessary as determined by a physician licensed to
3 practice medicine in all of its branches.

4 (E) A screening MRI when medically necessary, as
5 determined by a physician licensed to practice medicine in
6 all of its branches.

7 (F) A diagnostic mammogram when medically necessary,
8 as determined by a physician licensed to practice medicine
9 in all its branches, advanced practice registered nurse,
10 or physician assistant.

11 (G) Molecular breast imaging (MBI) and MRI of an
12 entire breast or breasts if a mammogram demonstrates
13 heterogeneous or dense breast tissue or when medically
14 necessary as determined by a physician licensed to
15 practice medicine in all of its branches, advanced
16 practice registered nurse, or physician assistant.

17 The Department shall not impose a deductible, coinsurance,
18 copayment, or any other cost-sharing requirement on the
19 coverage provided under this paragraph; except that this
20 sentence does not apply to coverage of diagnostic mammograms
21 to the extent such coverage would disqualify a high-deductible
22 health plan from eligibility for a health savings account
23 pursuant to Section 223 of the Internal Revenue Code (26
24 U.S.C. 223).

25 All screenings shall include a physical breast exam,
26 instruction on self-examination and information regarding the

1 frequency of self-examination and its value as a preventative
2 tool.

3 For purposes of this Section:

4 "Diagnostic mammogram" means a mammogram obtained using
5 diagnostic mammography.

6 "Diagnostic mammography" means a method of screening that
7 is designed to evaluate an abnormality in a breast, including
8 an abnormality seen or suspected on a screening mammogram or a
9 subjective or objective abnormality otherwise detected in the
10 breast.

11 "Low-dose mammography" means the x-ray examination of the
12 breast using equipment dedicated specifically for mammography,
13 including the x-ray tube, filter, compression device, and
14 image receptor, with an average radiation exposure delivery of
15 less than one rad per breast for 2 views of an average size
16 breast. The term also includes digital mammography and
17 includes breast tomosynthesis.

18 "Breast tomosynthesis" means a radiologic procedure that
19 involves the acquisition of projection images over the
20 stationary breast to produce cross-sectional digital
21 three-dimensional images of the breast.

22 If, at any time, the Secretary of the United States
23 Department of Health and Human Services, or its successor
24 agency, promulgates rules or regulations to be published in
25 the Federal Register or publishes a comment in the Federal
26 Register or issues an opinion, guidance, or other action that

1 would require the State, pursuant to any provision of the
2 Patient Protection and Affordable Care Act (Public Law
3 111-148), including, but not limited to, 42 U.S.C.
4 18031(d)(3)(B) or any successor provision, to defray the cost
5 of any coverage for breast tomosynthesis outlined in this
6 paragraph, then the requirement that an insurer cover breast
7 tomosynthesis is inoperative other than any such coverage
8 authorized under Section 1902 of the Social Security Act, 42
9 U.S.C. 1396a, and the State shall not assume any obligation
10 for the cost of coverage for breast tomosynthesis set forth in
11 this paragraph.

12 On and after January 1, 2016, the Department shall ensure
13 that all networks of care for adult clients of the Department
14 include access to at least one breast imaging Center of
15 Imaging Excellence as certified by the American College of
16 Radiology.

17 On and after January 1, 2012, providers participating in a
18 quality improvement program approved by the Department shall
19 be reimbursed for screening and diagnostic mammography at the
20 same rate as the Medicare program's rates, including the
21 increased reimbursement for digital mammography and, after
22 January 1, 2023 (the effective date of Public Act 102-1018),
23 breast tomosynthesis.

24 The Department shall convene an expert panel including
25 representatives of hospitals, free-standing mammography
26 facilities, and doctors, including radiologists, to establish

1 quality standards for mammography.

2 On and after January 1, 2017, providers participating in a
3 breast cancer treatment quality improvement program approved
4 by the Department shall be reimbursed for breast cancer
5 treatment at a rate that is no lower than 95% of the Medicare
6 program's rates for the data elements included in the breast
7 cancer treatment quality program.

8 The Department shall convene an expert panel, including
9 representatives of hospitals, free-standing breast cancer
10 treatment centers, breast cancer quality organizations, and
11 doctors, including radiologists that are trained in all forms
12 of FDA-approved ~~FDA-approved~~ breast imaging technologies,
13 breast surgeons, reconstructive breast surgeons, oncologists,
14 and primary care providers to establish quality standards for
15 breast cancer treatment.

16 Subject to federal approval, the Department shall
17 establish a rate methodology for mammography at federally
18 qualified health centers and other encounter-rate clinics.
19 These clinics or centers may also collaborate with other
20 hospital-based mammography facilities. By January 1, 2016, the
21 Department shall report to the General Assembly on the status
22 of the provision set forth in this paragraph.

23 The Department shall establish a methodology to remind
24 individuals who are age-appropriate for screening mammography,
25 but who have not received a mammogram within the previous 18
26 months, of the importance and benefit of screening

1 mammography. The Department shall work with experts in breast
2 cancer outreach and patient navigation to optimize these
3 reminders and shall establish a methodology for evaluating
4 their effectiveness and modifying the methodology based on the
5 evaluation.

6 The Department shall establish a performance goal for
7 primary care providers with respect to their female patients
8 over age 40 receiving an annual mammogram. This performance
9 goal shall be used to provide additional reimbursement in the
10 form of a quality performance bonus to primary care providers
11 who meet that goal.

12 The Department shall devise a means of case-managing or
13 patient navigation for beneficiaries diagnosed with breast
14 cancer. This program shall initially operate as a pilot
15 program in areas of the State with the highest incidence of
16 mortality related to breast cancer. At least one pilot program
17 site shall be in the metropolitan Chicago area and at least one
18 site shall be outside the metropolitan Chicago area. On or
19 after July 1, 2016, the pilot program shall be expanded to
20 include one site in western Illinois, one site in southern
21 Illinois, one site in central Illinois, and 4 sites within
22 metropolitan Chicago. An evaluation of the pilot program shall
23 be carried out measuring health outcomes and cost of care for
24 those served by the pilot program compared to similarly
25 situated patients who are not served by the pilot program.

26 The Department shall require all networks of care to

1 develop a means either internally or by contract with experts
2 in navigation and community outreach to navigate cancer
3 patients to comprehensive care in a timely fashion. The
4 Department shall require all networks of care to include
5 access for patients diagnosed with cancer to at least one
6 academic commission on cancer-accredited cancer program as an
7 in-network covered benefit.

8 The Department shall provide coverage and reimbursement
9 for a human papillomavirus (HPV) vaccine that is approved for
10 marketing by the federal Food and Drug Administration for all
11 persons between the ages of 9 and 45. Subject to federal
12 approval, the Department shall provide coverage and
13 reimbursement for a human papillomavirus (HPV) vaccine for
14 persons of the age of 46 and above who have been diagnosed with
15 cervical dysplasia with a high risk of recurrence or
16 progression. The Department shall disallow any
17 preauthorization requirements for the administration of the
18 human papillomavirus (HPV) vaccine.

19 On or after July 1, 2022, individuals who are otherwise
20 eligible for medical assistance under this Article shall
21 receive coverage for perinatal depression screenings for the
22 12-month period beginning on the last day of their pregnancy.
23 Medical assistance coverage under this paragraph shall be
24 conditioned on the use of a screening instrument approved by
25 the Department.

26 Any medical or health care provider shall immediately

1 recommend, to any pregnant individual who is being provided
2 prenatal services and is suspected of having a substance use
3 disorder as defined in the Substance Use Disorder Act,
4 referral to a local substance use disorder treatment program
5 licensed by the Department of Human Services or to a licensed
6 hospital which provides substance abuse treatment services.
7 The Department of Healthcare and Family Services shall assure
8 coverage for the cost of treatment of the drug abuse or
9 addiction for pregnant recipients in accordance with the
10 Illinois Medicaid Program in conjunction with the Department
11 of Human Services.

12 All medical providers providing medical assistance to
13 pregnant individuals under this Code shall receive information
14 from the Department on the availability of services under any
15 program providing case management services for addicted
16 individuals, including information on appropriate referrals
17 for other social services that may be needed by addicted
18 individuals in addition to treatment for addiction.

19 The Illinois Department, in cooperation with the
20 Departments of Human Services (as successor to the Department
21 of Alcoholism and Substance Abuse) and Public Health, through
22 a public awareness campaign, may provide information
23 concerning treatment for alcoholism and drug abuse and
24 addiction, prenatal health care, and other pertinent programs
25 directed at reducing the number of drug-affected infants born
26 to recipients of medical assistance.

1 Neither the Department of Healthcare and Family Services
2 nor the Department of Human Services shall sanction the
3 recipient solely on the basis of the recipient's substance
4 abuse.

5 The Illinois Department shall establish such regulations
6 governing the dispensing of health services under this Article
7 as it shall deem appropriate. The Department should seek the
8 advice of formal professional advisory committees appointed by
9 the Director of the Illinois Department for the purpose of
10 providing regular advice on policy and administrative matters,
11 information dissemination and educational activities for
12 medical and health care providers, and consistency in
13 procedures to the Illinois Department.

14 The Illinois Department may develop and contract with
15 Partnerships of medical providers to arrange medical services
16 for persons eligible under Section 5-2 of this Code.
17 Implementation of this Section may be by demonstration
18 projects in certain geographic areas. The Partnership shall be
19 represented by a sponsor organization. The Department, by
20 rule, shall develop qualifications for sponsors of
21 Partnerships. Nothing in this Section shall be construed to
22 require that the sponsor organization be a medical
23 organization.

24 The sponsor must negotiate formal written contracts with
25 medical providers for physician services, inpatient and
26 outpatient hospital care, home health services, treatment for

1 alcoholism and substance abuse, and other services determined
2 necessary by the Illinois Department by rule for delivery by
3 Partnerships. Physician services must include prenatal and
4 obstetrical care. The Illinois Department shall reimburse
5 medical services delivered by Partnership providers to clients
6 in target areas according to provisions of this Article and
7 the Illinois Health Finance Reform Act, except that:

8 (1) Physicians participating in a Partnership and
9 providing certain services, which shall be determined by
10 the Illinois Department, to persons in areas covered by
11 the Partnership may receive an additional surcharge for
12 such services.

13 (2) The Department may elect to consider and negotiate
14 financial incentives to encourage the development of
15 Partnerships and the efficient delivery of medical care.

16 (3) Persons receiving medical services through
17 Partnerships may receive medical and case management
18 services above the level usually offered through the
19 medical assistance program.

20 Medical providers shall be required to meet certain
21 qualifications to participate in Partnerships to ensure the
22 delivery of high quality medical services. These
23 qualifications shall be determined by rule of the Illinois
24 Department and may be higher than qualifications for
25 participation in the medical assistance program. Partnership
26 sponsors may prescribe reasonable additional qualifications

1 for participation by medical providers, only with the prior
2 written approval of the Illinois Department.

3 Nothing in this Section shall limit the free choice of
4 practitioners, hospitals, and other providers of medical
5 services by clients. In order to ensure patient freedom of
6 choice, the Illinois Department shall immediately promulgate
7 all rules and take all other necessary actions so that
8 provided services may be accessed from therapeutically
9 certified optometrists to the full extent of the Illinois
10 Optometric Practice Act of 1987 without discriminating between
11 service providers.

12 The Department shall apply for a waiver from the United
13 States Health Care Financing Administration to allow for the
14 implementation of Partnerships under this Section.

15 The Illinois Department shall require health care
16 providers to maintain records that document the medical care
17 and services provided to recipients of Medical Assistance
18 under this Article. Such records must be retained for a period
19 of not less than 6 years from the date of service or as
20 provided by applicable State law, whichever period is longer,
21 except that if an audit is initiated within the required
22 retention period then the records must be retained until the
23 audit is completed and every exception is resolved. The
24 Illinois Department shall require health care providers to
25 make available, when authorized by the patient, in writing,
26 the medical records in a timely fashion to other health care

1 providers who are treating or serving persons eligible for
2 Medical Assistance under this Article. All dispensers of
3 medical services shall be required to maintain and retain
4 business and professional records sufficient to fully and
5 accurately document the nature, scope, details and receipt of
6 the health care provided to persons eligible for medical
7 assistance under this Code, in accordance with regulations
8 promulgated by the Illinois Department. The rules and
9 regulations shall require that proof of the receipt of
10 prescription drugs, dentures, prosthetic devices and
11 eyeglasses by eligible persons under this Section accompany
12 each claim for reimbursement submitted by the dispenser of
13 such medical services. No such claims for reimbursement shall
14 be approved for payment by the Illinois Department without
15 such proof of receipt, unless the Illinois Department shall
16 have put into effect and shall be operating a system of
17 post-payment audit and review which shall, on a sampling
18 basis, be deemed adequate by the Illinois Department to assure
19 that such drugs, dentures, prosthetic devices and eyeglasses
20 for which payment is being made are actually being received by
21 eligible recipients. Within 90 days after September 16, 1984
22 (the effective date of Public Act 83-1439), the Illinois
23 Department shall establish a current list of acquisition costs
24 for all prosthetic devices and any other items recognized as
25 medical equipment and supplies reimbursable under this Article
26 and shall update such list on a quarterly basis, except that

1 the acquisition costs of all prescription drugs shall be
2 updated no less frequently than every 30 days as required by
3 Section 5-5.12.

4 Notwithstanding any other law to the contrary, the
5 Illinois Department shall, within 365 days after July 22, 2013
6 (the effective date of Public Act 98-104), establish
7 procedures to permit skilled care facilities licensed under
8 the Nursing Home Care Act to submit monthly billing claims for
9 reimbursement purposes. Following development of these
10 procedures, the Department shall, by July 1, 2016, test the
11 viability of the new system and implement any necessary
12 operational or structural changes to its information
13 technology platforms in order to allow for the direct
14 acceptance and payment of nursing home claims.

15 Notwithstanding any other law to the contrary, the
16 Illinois Department shall, within 365 days after August 15,
17 2014 (the effective date of Public Act 98-963), establish
18 procedures to permit ID/DD facilities licensed under the ID/DD
19 Community Care Act and MC/DD facilities licensed under the
20 MC/DD Act to submit monthly billing claims for reimbursement
21 purposes. Following development of these procedures, the
22 Department shall have an additional 365 days to test the
23 viability of the new system and to ensure that any necessary
24 operational or structural changes to its information
25 technology platforms are implemented.

26 The Illinois Department shall require all dispensers of

1 medical services, other than an individual practitioner or
2 group of practitioners, desiring to participate in the Medical
3 Assistance program established under this Article to disclose
4 all financial, beneficial, ownership, equity, surety or other
5 interests in any and all firms, corporations, partnerships,
6 associations, business enterprises, joint ventures, agencies,
7 institutions or other legal entities providing any form of
8 health care services in this State under this Article.

9 The Illinois Department may require that all dispensers of
10 medical services desiring to participate in the medical
11 assistance program established under this Article disclose,
12 under such terms and conditions as the Illinois Department may
13 by rule establish, all inquiries from clients and attorneys
14 regarding medical bills paid by the Illinois Department, which
15 inquiries could indicate potential existence of claims or
16 liens for the Illinois Department.

17 Enrollment of a vendor shall be subject to a provisional
18 period and shall be conditional for one year. During the
19 period of conditional enrollment, the Department may terminate
20 the vendor's eligibility to participate in, or may disenroll
21 the vendor from, the medical assistance program without cause.
22 Unless otherwise specified, such termination of eligibility or
23 disenrollment is not subject to the Department's hearing
24 process. However, a disenrolled vendor may reapply without
25 penalty.

26 The Department has the discretion to limit the conditional

1 enrollment period for vendors based upon the category of risk
2 of the vendor.

3 Prior to enrollment and during the conditional enrollment
4 period in the medical assistance program, all vendors shall be
5 subject to enhanced oversight, screening, and review based on
6 the risk of fraud, waste, and abuse that is posed by the
7 category of risk of the vendor. The Illinois Department shall
8 establish the procedures for oversight, screening, and review,
9 which may include, but need not be limited to: criminal and
10 financial background checks; fingerprinting; license,
11 certification, and authorization verifications; unscheduled or
12 unannounced site visits; database checks; prepayment audit
13 reviews; audits; payment caps; payment suspensions; and other
14 screening as required by federal or State law.

15 The Department shall define or specify the following: (i)
16 by provider notice, the "category of risk of the vendor" for
17 each type of vendor, which shall take into account the level of
18 screening applicable to a particular category of vendor under
19 federal law and regulations; (ii) by rule or provider notice,
20 the maximum length of the conditional enrollment period for
21 each category of risk of the vendor; and (iii) by rule, the
22 hearing rights, if any, afforded to a vendor in each category
23 of risk of the vendor that is terminated or disenrolled during
24 the conditional enrollment period.

25 To be eligible for payment consideration, a vendor's
26 payment claim or bill, either as an initial claim or as a

1 resubmitted claim following prior rejection, must be received
2 by the Illinois Department, or its fiscal intermediary, no
3 later than 180 days after the latest date on the claim on which
4 medical goods or services were provided, with the following
5 exceptions:

6 (1) In the case of a provider whose enrollment is in
7 process by the Illinois Department, the 180-day period
8 shall not begin until the date on the written notice from
9 the Illinois Department that the provider enrollment is
10 complete.

11 (2) In the case of errors attributable to the Illinois
12 Department or any of its claims processing intermediaries
13 which result in an inability to receive, process, or
14 adjudicate a claim, the 180-day period shall not begin
15 until the provider has been notified of the error.

16 (3) In the case of a provider for whom the Illinois
17 Department initiates the monthly billing process.

18 (4) In the case of a provider operated by a unit of
19 local government with a population exceeding 3,000,000
20 when local government funds finance federal participation
21 for claims payments.

22 For claims for services rendered during a period for which
23 a recipient received retroactive eligibility, claims must be
24 filed within 180 days after the Department determines the
25 applicant is eligible. For claims for which the Illinois
26 Department is not the primary payer, claims must be submitted

1 to the Illinois Department within 180 days after the final
2 adjudication by the primary payer.

3 In the case of long term care facilities, within 120
4 calendar days of receipt by the facility of required
5 prescreening information, new admissions with associated
6 admission documents shall be submitted through the Medical
7 Electronic Data Interchange (MEDI) or the Recipient
8 Eligibility Verification (REV) System or shall be submitted
9 directly to the Department of Human Services using required
10 admission forms. Effective September 1, 2014, admission
11 documents, including all prescreening information, must be
12 submitted through MEDI or REV. Confirmation numbers assigned
13 to an accepted transaction shall be retained by a facility to
14 verify timely submittal. Once an admission transaction has
15 been completed, all resubmitted claims following prior
16 rejection are subject to receipt no later than 180 days after
17 the admission transaction has been completed.

18 Claims that are not submitted and received in compliance
19 with the foregoing requirements shall not be eligible for
20 payment under the medical assistance program, and the State
21 shall have no liability for payment of those claims.

22 To the extent consistent with applicable information and
23 privacy, security, and disclosure laws, State and federal
24 agencies and departments shall provide the Illinois Department
25 access to confidential and other information and data
26 necessary to perform eligibility and payment verifications and

1 other Illinois Department functions. This includes, but is not
2 limited to: information pertaining to licensure;
3 certification; earnings; immigration status; citizenship; wage
4 reporting; unearned and earned income; pension income;
5 employment; supplemental security income; social security
6 numbers; National Provider Identifier (NPI) numbers; the
7 National Practitioner Data Bank (NPDB); program and agency
8 exclusions; taxpayer identification numbers; tax delinquency;
9 corporate information; and death records.

10 The Illinois Department shall enter into agreements with
11 State agencies and departments, and is authorized to enter
12 into agreements with federal agencies and departments, under
13 which such agencies and departments shall share data necessary
14 for medical assistance program integrity functions and
15 oversight. The Illinois Department shall develop, in
16 cooperation with other State departments and agencies, and in
17 compliance with applicable federal laws and regulations,
18 appropriate and effective methods to share such data. At a
19 minimum, and to the extent necessary to provide data sharing,
20 the Illinois Department shall enter into agreements with State
21 agencies and departments, and is authorized to enter into
22 agreements with federal agencies and departments, including,
23 but not limited to: the Secretary of State; the Department of
24 Revenue; the Department of Public Health; the Department of
25 Human Services; and the Department of Financial and
26 Professional Regulation.

1 Beginning in fiscal year 2013, the Illinois Department
2 shall set forth a request for information to identify the
3 benefits of a pre-payment, post-adjudication, and post-edit
4 claims system with the goals of streamlining claims processing
5 and provider reimbursement, reducing the number of pending or
6 rejected claims, and helping to ensure a more transparent
7 adjudication process through the utilization of: (i) provider
8 data verification and provider screening technology; and (ii)
9 clinical code editing; and (iii) pre-pay, pre-adjudicated, or
10 post-adjudicated predictive modeling with an integrated case
11 management system with link analysis. Such a request for
12 information shall not be considered as a request for proposal
13 or as an obligation on the part of the Illinois Department to
14 take any action or acquire any products or services.

15 The Illinois Department shall establish policies,
16 procedures, standards and criteria by rule for the
17 acquisition, repair and replacement of orthotic and prosthetic
18 devices and durable medical equipment. Such rules shall
19 provide, but not be limited to, the following services: (1)
20 immediate repair or replacement of such devices by recipients;
21 and (2) rental, lease, purchase or lease-purchase of durable
22 medical equipment in a cost-effective manner, taking into
23 consideration the recipient's medical prognosis, the extent of
24 the recipient's needs, and the requirements and costs for
25 maintaining such equipment. Subject to prior approval, such
26 rules shall enable a recipient to temporarily acquire and use

1 alternative or substitute devices or equipment pending repairs
2 or replacements of any device or equipment previously
3 authorized for such recipient by the Department.
4 Notwithstanding any provision of Section 5-5f to the contrary,
5 the Department may, by rule, exempt certain replacement
6 wheelchair parts from prior approval and, for wheelchairs,
7 wheelchair parts, wheelchair accessories, and related seating
8 and positioning items, determine the wholesale price by
9 methods other than actual acquisition costs.

10 The Department shall require, by rule, all providers of
11 durable medical equipment to be accredited by an accreditation
12 organization approved by the federal Centers for Medicare and
13 Medicaid Services and recognized by the Department in order to
14 bill the Department for providing durable medical equipment to
15 recipients. No later than 15 months after the effective date
16 of the rule adopted pursuant to this paragraph, all providers
17 must meet the accreditation requirement.

18 In order to promote environmental responsibility, meet the
19 needs of recipients and enrollees, and achieve significant
20 cost savings, the Department, or a managed care organization
21 under contract with the Department, may provide recipients or
22 managed care enrollees who have a prescription or Certificate
23 of Medical Necessity access to refurbished durable medical
24 equipment under this Section (excluding prosthetic and
25 orthotic devices as defined in the Orthotics, Prosthetics, and
26 Pedorthics Practice Act and complex rehabilitation technology

1 products and associated services) through the State's
2 assistive technology program's reutilization program, using
3 staff with the Assistive Technology Professional (ATP)
4 Certification if the refurbished durable medical equipment:
5 (i) is available; (ii) is less expensive, including shipping
6 costs, than new durable medical equipment of the same type;
7 (iii) is able to withstand at least 3 years of use; (iv) is
8 cleaned, disinfected, sterilized, and safe in accordance with
9 federal Food and Drug Administration regulations and guidance
10 governing the reprocessing of medical devices in health care
11 settings; and (v) equally meets the needs of the recipient or
12 enrollee. The reutilization program shall confirm that the
13 recipient or enrollee is not already in receipt of the same or
14 similar equipment from another service provider, and that the
15 refurbished durable medical equipment equally meets the needs
16 of the recipient or enrollee. Nothing in this paragraph shall
17 be construed to limit recipient or enrollee choice to obtain
18 new durable medical equipment or place any additional prior
19 authorization conditions on enrollees of managed care
20 organizations.

21 The Department shall execute, relative to the nursing home
22 prescreening project, written inter-agency agreements with the
23 Department of Human Services and the Department on Aging, to
24 effect the following: (i) intake procedures and common
25 eligibility criteria for those persons who are receiving

1 (305 ILCS 5/5-5.01a)

2 Sec. 5-5.01a. Supportive living facilities program.

3 (a) The Department shall establish and provide oversight
4 for a program of supportive living facilities that seek to
5 promote resident independence, dignity, respect, and
6 well-being in the most cost-effective manner.

7 A supportive living facility is (i) a free-standing
8 facility or (ii) a distinct physical and operational entity
9 within a mixed-use building that meets the criteria
10 established in subsection (d). A supportive living facility
11 integrates housing with health, personal care, and supportive
12 services and is a designated setting that offers residents
13 their own separate, private, and distinct living units.

14 Sites for the operation of the program shall be selected
15 by the Department based upon criteria that may include the
16 need for services in a geographic area, the availability of
17 funding, and the site's ability to meet the standards.

18 (b) Beginning July 1, 2014, subject to federal approval,
19 the Medicaid rates for supportive living facilities shall be
20 equal to the supportive living facility Medicaid rate
21 effective on June 30, 2014 increased by 8.85%. Once the
22 assessment imposed at Article V-G of this Code is determined
23 to be a permissible tax under Title XIX of the Social Security
24 Act, the Department shall increase the Medicaid rates for
25 supportive living facilities effective on July 1, 2014 by
26 9.09%. The Department shall apply this increase retroactively

1 to coincide with the imposition of the assessment in Article
2 V-G of this Code in accordance with the approval for federal
3 financial participation by the Centers for Medicare and
4 Medicaid Services.

5 The Medicaid rates for supportive living facilities
6 effective on July 1, 2017 must be equal to the rates in effect
7 for supportive living facilities on June 30, 2017 increased by
8 2.8%.

9 The Medicaid rates for supportive living facilities
10 effective on July 1, 2018 must be equal to the rates in effect
11 for supportive living facilities on June 30, 2018.

12 Subject to federal approval, the Medicaid rates for
13 supportive living services on and after July 1, 2019 must be at
14 least 54.3% of the average total nursing facility services per
15 diem for the geographic areas defined by the Department while
16 maintaining the rate differential for dementia care and must
17 be updated whenever the total nursing facility service per
18 diems are updated. Beginning July 1, 2022, upon the
19 implementation of the Patient Driven Payment Model, Medicaid
20 rates for supportive living services must be at least 54.3% of
21 the average total nursing services per diem rate for the
22 geographic areas. For purposes of this provision, the average
23 total nursing services per diem rate shall include all add-ons
24 for nursing facilities for the geographic area provided for in
25 Section 5-5.2. The rate differential for dementia care must be
26 maintained in these rates and the rates shall be updated

1 whenever nursing facility per diem rates are updated.

2 Subject to federal approval, beginning January 1, 2024,
3 the dementia care rate for supportive living services must be
4 no less than the non-dementia care supportive living services
5 rate multiplied by 1.5.

6 (b-5) Subject to federal approval, beginning January 1,
7 2025, Medicaid rates for supportive living services must be at
8 least 54.75% of the average total nursing services per diem
9 rate for the geographic areas defined by the Department and
10 shall include all add-ons for nursing facilities for the
11 geographic area provided for in Section 5-5.2.

12 (c) The Department may adopt rules to implement this
13 Section. Rules that establish or modify the services,
14 standards, and conditions for participation in the program
15 shall be adopted by the Department in consultation with the
16 Department on Aging, the Department of Rehabilitation
17 Services, and the Department of Mental Health and
18 Developmental Disabilities (or their successor agencies).

19 (d) Subject to federal approval by the Centers for
20 Medicare and Medicaid Services, the Department shall accept
21 for consideration of certification under the program any
22 application for a site or building where distinct parts of the
23 site or building are designated for purposes other than the
24 provision of supportive living services, but only if:

25 (1) those distinct parts of the site or building are
26 not designated for the purpose of providing assisted

1 living services as required under the Assisted Living and
2 Shared Housing Act;

3 (2) those distinct parts of the site or building are
4 completely separate from the part of the building used for
5 the provision of supportive living program services,
6 including separate entrances;

7 (3) those distinct parts of the site or building do
8 not share any common spaces with the part of the building
9 used for the provision of supportive living program
10 services; and

11 (4) those distinct parts of the site or building do
12 not share staffing with the part of the building used for
13 the provision of supportive living program services.

14 (e) Facilities or distinct parts of facilities which are
15 selected as supportive living facilities and are in good
16 standing with the Department's rules are exempt from the
17 provisions of the Nursing Home Care Act and the Illinois
18 Health Facilities Planning Act.

19 (f) Section 9817 of the American Rescue Plan Act of 2021
20 (Public Law 117-2) authorizes a 10% enhanced federal medical
21 assistance percentage for supportive living services for a
22 12-month period from April 1, 2021 through March 31, 2022.
23 Subject to federal approval, including the approval of any
24 necessary waiver amendments or other federally required
25 documents or assurances, for a 12-month period the Department
26 must pay a supplemental \$26 per diem rate to all supportive

1 living facilities with the additional federal financial
2 participation funds that result from the enhanced federal
3 medical assistance percentage from April 1, 2021 through March
4 31, 2022. The Department may issue parameters around how the
5 supplemental payment should be spent, including quality
6 improvement activities. The Department may alter the form,
7 methods, or timeframes concerning the supplemental per diem
8 rate to comply with any subsequent changes to federal law,
9 changes made by guidance issued by the federal Centers for
10 Medicare and Medicaid Services, or other changes necessary to
11 receive the enhanced federal medical assistance percentage.

12 (g) All applications for the expansion of supportive
13 living dementia care settings involving sites not approved by
14 the Department by January 1, 2024 ~~(Public Act 103-102)~~ may
15 allow new elderly non-dementia units in addition to new
16 dementia care units. The Department may approve such
17 applications only if the application has: (1) no more than one
18 non-dementia care unit for each dementia care unit and (2) the
19 site is not located within 4 miles of an existing supportive
20 living program site in Cook County (including the City of
21 Chicago), not located within 12 miles of an existing
22 supportive living program site in Alexander, Bond, Boone,

1 Stark, St. Clair, Tazewell, Vermilion, Will, Williamson,
2 Winnebago, or Woodford counties, or not located within 25
3 miles of an existing supportive living program site in any
4 other county.

5 (h) Beginning January 1, 2025, subject to federal
6 approval, for a person who is a resident of a supportive living
7 facility under this Section, the monthly personal needs
8 allowance shall be \$120 per month.

9 (i) ~~(h)~~ As stated in the supportive living program home
10 and community-based service waiver approved by the federal
11 Centers for Medicare and Medicaid Services, and beginning July
12 1, 2025, the Department must maintain the rate add-on

14 day at no less than \$6.15 per day.

16 allow a certified medication aide to administer medication in
17 a supportive living facility. For purposes of this subsection,

11 reimburse for remote ultrasound procedures and remote fetal
12 nonstress tests when the patient is in a residence or other

2 To ensure full access to the benefits set forth in this
3 Section, on and after January 1, 2016, the Department shall
4 ensure that provider and hospital reimbursement for
5 post-mastectomy care benefits required under this Section are
6 no lower than the Medicare reimbursement rate.

24 necessity and approved if appropriate; and

25 (7) prior authorization is required for a prescription
26 of a continuous glucose monitor; once a continuous glucose

1 monitor is prescribed, the prior authorization shall be
2 approved for a 12-month period.

5 Sec. 5-30.1. Managed care protections.

6 (a) As used in this Section:

7 "Managed care organization" or "MCO" means any entity
8 which contracts with the Department to provide services where
9 payment for medical services is made on a capitated basis.

10 "Emergency services" means health care items and services,
11 including inpatient and outpatient hospital services,
12 furnished or required to evaluate and stabilize an emergency
13 medical condition. "Emergency services" include inpatient
14 stabilization services furnished during the inpatient
15 stabilization period. "Emergency services" do not include
16 post-stabilization medical services.

17 "Emergency medical condition" means a medical condition
18 manifesting itself by acute symptoms of sufficient severity,
19 regardless of the final diagnosis given, such that a prudent
20 layperson, who possesses an average knowledge of health and
21 medicine, could reasonably expect the absence of immediate
22 medical attention to result in:

23 (1) placing the health of the individual (or, with
24 respect to a pregnant woman, the health of the woman or her
25 unborn child) in serious jeopardy;

1 (2) serious impairment to bodily functions;

2 (3) serious dysfunction of any bodily organ or part;

3 (4) inadequately controlled pain; or

4 (5) with respect to a pregnant woman who is having
5 contractions:

6 (A) inadequate time to complete a safe transfer to
7 another hospital before delivery; or

8 (B) a transfer to another hospital may pose a
9 threat to the health or safety of the woman or unborn
10 child.

11 "Emergency medical screening examination" means a medical
12 screening examination and evaluation by a physician licensed
13 to practice medicine in all its branches or, to the extent
14 permitted by applicable laws, by other appropriately licensed
15 personnel under the supervision of or in collaboration with a
16 physician licensed to practice medicine in all its branches to
17 determine whether the need for emergency services exists.

18 "Health care services" mean any medical or behavioral
19 health services covered under the medical assistance program
20 that are subject to review under a service authorization
21 program.

22 "Inpatient stabilization period" means the initial 72
23 hours of inpatient stabilization services, beginning from the
24 date and time of the order for inpatient admission to the
25 hospital.

26 "Inpatient stabilization services" mean emergency services

1 furnished in the inpatient setting at a hospital pursuant to
2 an order for inpatient admission by a physician or other
3 qualified practitioner who has admitting privileges at the
4 hospital, as permitted by State law, to stabilize an emergency
5 medical condition following an emergency medical screening
6 examination.

7 "Post-stabilization medical services" means health care
8 services provided to an enrollee that are furnished in a
9 hospital by a provider that is qualified to furnish such
10 services and determined to be medically necessary by the
11 provider and directly related to the emergency medical
12 condition following stabilization.

13 "Provider" means a facility or individual who is actively
14 enrolled in the medical assistance program and licensed or
15 otherwise authorized to order, prescribe, refer, or render
16 health care services in this State.

17 "Service authorization determination" means a decision
18 made by a service authorization program in advance of,
19 concurrent to, or after the provision of a health care service
20 to approve, change the level of care, partially deny, deny, or
21 otherwise limit coverage and reimbursement for a health care
22 service upon review of a service authorization request.

23 "Service authorization program" means any utilization
24 review, utilization management, peer review, quality review,
25 or other medical management activity conducted by an MCO, or
26 its contracted utilization review organization, including, but

1 not limited to, prior authorization, prior approval,
2 pre-certification, concurrent review, retrospective review, or
3 certification of admission, of health care services provided
4 in the inpatient or outpatient hospital setting.

5 "Service authorization request" means a request by a
6 provider to a service authorization program to determine
7 whether a health care service meets the reimbursement
8 eligibility requirements for medically necessary, clinically
9 appropriate care, resulting in the issuance of a service
10 authorization determination.

11 "Utilization review organization" or "URO" means an MCO's
12 utilization review department or a peer review organization or
13 quality improvement organization that contracts with an MCO to
14 administer a service authorization program and make service
15 authorization determinations.

16 (b) As provided by Section 5-16.12, managed care
17 organizations are subject to the provisions of the Managed
18 Care Reform and Patient Rights Act.

19 (c) An MCO shall pay any provider of emergency services,
20 including for inpatient stabilization services provided during
21 the inpatient stabilization period, that does not have in
22 effect a contract with the contracted Medicaid MCO. The
23 default rate of reimbursement shall be the rate paid under
24 Illinois Medicaid fee-for-service program methodology,
25 including all policy adjusters, including but not limited to
26 Medicaid High Volume Adjustments, Medicaid Percentage

1 Adjustments, Outpatient High Volume Adjustments, and all
2 outlier add-on adjustments to the extent such adjustments are
3 incorporated in the development of the applicable MCO
4 capitated rates.

5 (d) (Blank).

6 (e) Notwithstanding any other provision of law, the
7 following requirements apply to MCOs in determining payment
8 for all emergency services, including inpatient stabilization
9 services provided during the inpatient stabilization period:

10 (1) The MCO shall not impose any service authorization
11 program requirements for emergency services, including,
12 but not limited to, prior authorization, prior approval,
13 pre-certification, certification of admission, concurrent
14 review, or retrospective review.

15 (A) Notification period: Hospitals shall notify
16 the enrollee's Medicaid MCO within 48 hours of the
17 date and time the order for inpatient admission is
18 written. Notification shall be limited to advising the
19 MCO that the patient has been admitted to a hospital
20 inpatient level of care.

21 (B) If the admitting hospital complies with the
22 notification provisions of subparagraph (A), the
23 Medicaid MCO may not initiate concurrent review before
24 the end of the inpatient stabilization period. If the
25 admitting hospital does not comply with the
26 notification requirements in subparagraph (A), the

1 Medicaid MCO may initiate concurrent review for the
2 continuation of the stay beginning at the end of the
3 48-hour notification period.

4 (C) Coverage for services provided during the
5 48-hour notification period may not be retrospectively
6 denied.

7 (2) The MCO shall cover emergency services provided to
8 enrollees who are temporarily away from their residence
9 and outside the contracting area to the extent that the
10 enrollees would be entitled to the emergency services if
11 they still were within the contracting area.

12 (3) The MCO shall have no obligation to cover
13 emergency services provided on an emergency basis that are
14 not covered services under the contract between the MCO
15 and the Department.

16 (4) The MCO shall not condition coverage for emergency
17 services on the treating provider notifying the MCO of the
18 enrollee's emergency medical screening examination and
19 treatment within 10 days after presentation for emergency
20 services.

21 (5) The determination of the attending emergency
22 physician, or the practitioner responsible for the
23 enrollee's care at the hospital, of whether an enrollee
24 requires inpatient stabilization services, can be
25 stabilized in the outpatient setting, or is sufficiently
26 stabilized for discharge or transfer to another setting,

1 shall be binding on the MCO. The MCO shall cover and
2 reimburse providers for emergency services as billed by
3 the provider for all enrollees whether the emergency
4 services are provided by an affiliated or non-affiliated
5 provider, except in cases of fraud. The MCO shall
6 reimburse inpatient stabilization services provided during
7 the inpatient stabilization period and billed as inpatient
8 level of care based on the appropriate inpatient
9 reimbursement methodology.

10 (6) The MCO's financial responsibility for
11 post-stabilization medical services it has not
12 pre-approved ends when:

13 (A) a plan physician with privileges at the
14 treating hospital assumes responsibility for the
15 enrollee's care;

16 (B) a plan physician assumes responsibility for
17 the enrollee's care through transfer;

18 (C) a contracting entity representative and the
19 treating physician reach an agreement concerning the
20 enrollee's care; or

21 (D) the enrollee is discharged.

22 (e-5) An MCO shall pay for all post-stabilization medical
23 services as a covered service in any of the following
24 situations:

25 (1) the MCO or its URO authorized such services;

26 (2) such services were administered to maintain the

1 enrollee's stabilized condition within one hour after a
2 request to the MCO for authorization of further
3 post-stabilization services;

4 (3) the MCO or its URO did not respond to a request to
5 authorize such services within one hour;

6 (4) the MCO or its URO could not be contacted; or

7 (5) the MCO or its URO and the treating provider, if
8 the treating provider is a non-affiliated provider, could
9 not reach an agreement concerning the enrollee's care and
10 an affiliated provider was unavailable for a consultation,
11 in which case the MCO must pay for such services rendered
12 by the treating non-affiliated provider until an
13 affiliated provider was reached and either concurred with
14 the treating non-affiliated provider's plan of care or
15 assumed responsibility for the enrollee's care. Such
16 payment shall be made at the default rate of reimbursement
17 paid under the State's Medicaid fee-for-service program
18 methodology, including all policy adjusters, including,
19 but not limited to, Medicaid High Volume Adjustments,
20 Medicaid Percentage Adjustments, Outpatient High Volume
21 Adjustments, and all outlier add-on adjustments to the
22 extent that such adjustments are incorporated in the
23 development of the applicable MCO capitated rates.

24 (f) Network adequacy and transparency.

25 (1) The Department shall:

26 (A) ensure that an adequate provider network is in

1 place, taking into consideration health professional
2 shortage areas and medically underserved areas;

3 (B) publicly release an explanation of its process
4 for analyzing network adequacy;

5 (C) periodically ensure that an MCO continues to
6 have an adequate network in place;

7 (D) require MCOs, including Medicaid Managed Care
8 Entities as defined in Section 5-30.2, to meet
9 provider directory requirements under Section 5-30.3;

10 (E) require MCOs to ensure that any
11 Medicaid-certified provider under contract with an MCO
12 and previously submitted on a roster on the date of
13 service is paid for any medically necessary,
14 Medicaid-covered, and authorized service rendered to
15 any of the MCO's enrollees, regardless of inclusion on
16 the MCO's published and publicly available directory
17 of available providers; and

18 (F) require MCOs, including Medicaid Managed Care
19 Entities as defined in Section 5-30.2, to meet each of
20 the requirements under subsection (d-5) of Section 10
21 of the Network Adequacy and Transparency Act; with
22 necessary exceptions to the MCO's network to ensure
23 that admission and treatment with a provider or at a
24 treatment facility in accordance with the network
25 adequacy standards in paragraph (3) of subsection
26 (d-5) of Section 10 of the Network Adequacy and

1 Transparency Act is limited to providers or facilities
2 that are Medicaid certified.

3 (2) Each MCO shall confirm its receipt of information
4 submitted specific to physician or dentist additions or
5 physician or dentist deletions from the MCO's provider
6 network within 3 days after receiving all required
7 information from contracted physicians or dentists, and
8 electronic physician and dental directories must be
9 updated consistent with current rules as published by the
10 Centers for Medicare and Medicaid Services or its
11 successor agency.

12 (g) Timely payment of claims.

13 (1) The MCO shall pay a claim within 30 days of
14 receiving a claim that contains all the essential
15 information needed to adjudicate the claim.

16 (2) The MCO shall notify the billing party of its
17 inability to adjudicate a claim within 30 days of
18 receiving that claim.

19 (3) The MCO shall pay a penalty that is at least equal
20 to the timely payment interest penalty imposed under
21 Section 368a of the Illinois Insurance Code for any claims
22 not timely paid.

23 (A) When an MCO is required to pay a timely payment
24 interest penalty to a provider, the MCO must calculate
25 and pay the timely payment interest penalty that is
26 due to the provider within 30 days after the payment of

1 the claim. In no event shall a provider be required to
2 request or apply for payment of any owed timely
3 payment interest penalties.

4 (B) Such payments shall be reported separately
5 from the claim payment for services rendered to the
6 MCO's enrollee and clearly identified as interest
7 payments.

8 (4) (A) The Department shall require MCOs to expedite
9 payments to providers identified on the Department's
10 expedited provider list, determined in accordance with 89
11 Ill. Adm. Code 140.71(b), on a schedule at least as
12 frequently as the providers are paid under the
13 Department's fee-for-service expedited provider schedule.

14 (B) Compliance with the expedited provider requirement
15 may be satisfied by an MCO through the use of a Periodic
16 Interim Payment (PIP) program that has been mutually
17 agreed to and documented between the MCO and the provider,
18 if the PIP program ensures that any expedited provider
19 receives regular and periodic payments based on prior
20 period payment experience from that MCO. Total payments
21 under the PIP program may be reconciled against future PIP
22 payments on a schedule mutually agreed to between the MCO
23 and the provider.

24 (C) The Department shall share at least monthly its
25 expedited provider list and the frequency with which it
26 pays providers on the expedited list.

1 (g-5) Recognizing that the rapid transformation of the
2 Illinois Medicaid program may have unintended operational
3 challenges for both payers and providers:

4 (1) in no instance shall a medically necessary covered
5 service rendered in good faith, based upon eligibility
6 information documented by the provider, be denied coverage
7 or diminished in payment amount if the eligibility or
8 coverage information available at the time the service was
9 rendered is later found to be inaccurate in the assignment
10 of coverage responsibility between MCOs or the
11 fee-for-service system, except for instances when an
12 individual is deemed to have not been eligible for
13 coverage under the Illinois Medicaid program; and

14 (2) the Department shall, by December 31, 2016, adopt
15 rules establishing policies that shall be included in the
16 Medicaid managed care policy and procedures manual
17 addressing payment resolutions in situations in which a
18 provider renders services based upon information obtained
19 after verifying a patient's eligibility and coverage plan
20 through either the Department's current enrollment system
21 or a system operated by the coverage plan identified by
22 the patient presenting for services:

23 (A) such medically necessary covered services
24 shall be considered rendered in good faith;

25 (B) such policies and procedures shall be
26 developed in consultation with industry

1 representatives of the Medicaid managed care health
2 plans and representatives of provider associations
3 representing the majority of providers within the
4 identified provider industry; and

5 (C) such rules shall be published for a review and
6 comment period of no less than 30 days on the
7 Department's website with final rules remaining
8 available on the Department's website.

9 The rules on payment resolutions shall include, but
10 not be limited to:

11 (A) the extension of the timely filing period;

12 (B) retroactive prior authorizations; and

13 (C) guaranteed minimum payment rate of no less
14 than the current, as of the date of service,
15 fee-for-service rate, plus all applicable add-ons,
16 when the resulting service relationship is out of
17 network.

18 The rules shall be applicable for both MCO coverage
19 and fee-for-service coverage.

20 If the fee-for-service system is ultimately determined to
21 have been responsible for coverage on the date of service, the
22 Department shall provide for an extended period for claims
23 submission outside the standard timely filing requirements.

24 (g-6) MCO Performance Metrics Report.

25 (1) The Department shall publish, on at least a
26 quarterly basis, each MCO's operational performance,

1 including, but not limited to, the following categories of
2 metrics:

3 (A) claims payment, including timeliness and
4 accuracy;

5 (B) prior authorizations;

6 (C) grievance and appeals;

7 (D) utilization statistics;

8 (E) provider disputes;

9 (F) provider credentialing; and

10 (G) member and provider customer service.

11 (2) The Department shall ensure that the metrics
12 report is accessible to providers online by January 1,
13 2017.

14 (3) The metrics shall be developed in consultation
15 with industry representatives of the Medicaid managed care
16 health plans and representatives of associations
17 representing the majority of providers within the
18 identified industry.

19 (4) Metrics shall be defined and incorporated into the
20 applicable Managed Care Policy Manual issued by the
21 Department.

22 (g-7) MCO claims processing and performance analysis. In
23 order to monitor MCO payments to hospital providers, pursuant
24 to Public Act 100-580, the Department shall post an analysis
25 of MCO claims processing and payment performance on its
26 website every 6 months. Such analysis shall include a review

1 and evaluation of a representative sample of hospital claims
2 that are rejected and denied for clean and unclean claims and
3 the top 5 reasons for such actions and timeliness of claims
4 adjudication, which identifies the percentage of claims
5 adjudicated within 30, 60, 90, and over 90 days, and the dollar
6 amounts associated with those claims.

7 (g-8) Dispute resolution process. The Department shall
8 maintain a provider complaint portal through which a provider
9 can submit to the Department unresolved disputes with an MCO.
10 An unresolved dispute means an MCO's decision that denies in
11 whole or in part a claim for reimbursement to a provider for
12 health care services rendered by the provider to an enrollee
13 of the MCO with which the provider disagrees. Disputes shall
14 not be submitted to the portal until the provider has availed
15 itself of the MCO's internal dispute resolution process.
16 Disputes that are submitted to the MCO internal dispute
17 resolution process may be submitted to the Department of
18 Healthcare and Family Services' complaint portal no sooner
19 than 30 days after submitting to the MCO's internal process
20 and not later than 30 days after the unsatisfactory resolution
21 of the internal MCO process or 60 days after submitting the
22 dispute to the MCO internal process. Multiple claim disputes
23 involving the same MCO may be submitted in one complaint,
24 regardless of whether the claims are for different enrollees,
25 when the specific reason for non-payment of the claims
26 involves a common question of fact or policy. Within 10

1 business days of receipt of a complaint, the Department shall
2 present such disputes to the appropriate MCO, which shall then
3 have 30 days to issue its written proposal to resolve the
4 dispute. The Department may grant one 30-day extension of this
5 time frame to one of the parties to resolve the dispute. If the
6 dispute remains unresolved at the end of this time frame or the
7 provider is not satisfied with the MCO's written proposal to
8 resolve the dispute, the provider may, within 30 days, request
9 the Department to review the dispute and make a final
10 determination. Within 30 days of the request for Department
11 review of the dispute, both the provider and the MCO shall
12 present all relevant information to the Department for
13 resolution and make individuals with knowledge of the issues
14 available to the Department for further inquiry if needed.
15 Within 30 days of receiving the relevant information on the
16 dispute, or the lapse of the period for submitting such
17 information, the Department shall issue a written decision on
18 the dispute based on contractual terms between the provider
19 and the MCO, contractual terms between the MCO and the
20 Department of Healthcare and Family Services and applicable
21 Medicaid policy. The decision of the Department shall be
22 final. By January 1, 2020, the Department shall establish by
23 rule further details of this dispute resolution process.
24 Disputes between MCOs and providers presented to the
25 Department for resolution are not contested cases, as defined
26 in Section 1-30 of the Illinois Administrative Procedure Act,

1 conferring any right to an administrative hearing.

2 (g-9)(1) The Department shall publish annually on its
3 website a report on the calculation of each managed care
4 organization's medical loss ratio showing the following:

5 (A) Premium revenue, with appropriate adjustments.

6 (B) Benefit expense, setting forth the aggregate
7 amount spent for the following:

8 (i) Direct paid claims.

9 (ii) Subcapitation payments.

10 (iii) Other claim payments.

11 (iv) Direct reserves.

12 (v) Gross recoveries.

13 (vi) Expenses for activities that improve health
14 care quality as allowed by the Department.

15 (2) The medical loss ratio shall be calculated consistent
16 with federal law and regulation following a claims runout
17 period determined by the Department.

18 (g-10)(1) "Liability effective date" means the date on
19 which an MCO becomes responsible for payment for medically
20 necessary and covered services rendered by a provider to one
21 of its enrollees in accordance with the contract terms between
22 the MCO and the provider. The liability effective date shall
23 be the later of:

24 (A) The execution date of a network participation
25 contract agreement.

26 (B) The date the provider or its representative

1 submits to the MCO the complete and accurate standardized
2 roster form for the provider in the format approved by the
3 Department.

4 (C) The provider effective date contained within the
5 Department's provider enrollment subsystem within the
6 Illinois Medicaid Program Advanced Cloud Technology
7 (IMPACT) System.

8 (2) The standardized roster form may be submitted to the
9 MCO at the same time that the provider submits an enrollment
10 application to the Department through IMPACT.

11 (3) By October 1, 2019, the Department shall require all
12 MCOs to update their provider directory with information for
13 new practitioners of existing contracted providers within 30
14 days of receipt of a complete and accurate standardized roster
15 template in the format approved by the Department provided
16 that the provider is effective in the Department's provider
17 enrollment subsystem within the IMPACT system. Such provider
18 directory shall be readily accessible for purposes of
19 selecting an approved health care provider and comply with all
20 other federal and State requirements.

21 (g-11) The Department shall work with relevant
22 stakeholders on the development of operational guidelines to
23 enhance and improve operational performance of Illinois'
24 Medicaid managed care program, including, but not limited to,
25 improving provider billing practices, reducing claim
26 rejections and inappropriate payment denials, and

1 standardizing processes, procedures, definitions, and response
2 timelines, with the goal of reducing provider and MCO
3 administrative burdens and conflict. The Department shall
4 include a report on the progress of these program improvements
5 and other topics in its Fiscal Year 2020 annual report to the
6 General Assembly.

7 (g-12) Notwithstanding any other provision of law, if the
8 Department or an MCO requires submission of a claim for
9 payment in a non-electronic format, a provider shall always be
10 afforded a period of no less than 90 business days, as a
11 correction period, following any notification of rejection by
12 either the Department or the MCO to correct errors or
13 omissions in the original submission.

14 Under no circumstances, either by an MCO or under the
15 State's fee-for-service system, shall a provider be denied
16 payment for failure to comply with any timely submission
17 requirements under this Code or under any existing contract,
18 unless the non-electronic format claim submission occurs after
19 the initial 180 days following the latest date of service on
20 the claim, or after the 90 business days correction period
21 following notification to the provider of rejection or denial
22 of payment.

23 (g-13) Utilization Review Standardization and
24 Transparency.

25 (1) To ensure greater standardization and transparency
26 related to service authorization determinations, for all

1 individuals covered under the medical assistance program,
2 including both the fee-for-service and managed care
3 programs, the Department shall, in consultation with the
4 MCOs, a statewide association representing the MCOs, a
5 statewide association representing the majority of
6 Illinois hospitals, a statewide association representing
7 physicians, or any other interested parties deemed
8 appropriate by the Department, adopt administrative rules
9 consistent with this subsection, in accordance with the
10 Illinois Administrative Procedure Act.

11 (2) Prior to July 1, 2025, the Department shall in
12 accordance with the Illinois Administrative Procedure Act
13 adopt rules which govern MCO practices for dates of
14 services on and after July 1, 2025, as follows:

15 (A) guidelines related to the publication of MCO
16 authorization policies;

17 (B) procedures that, due to medical complexity,
18 must be reimbursed under the applicable inpatient
19 methodology, when provided in the inpatient setting
20 and billed as an inpatient service;

21 (C) standardization of administrative forms used
22 in the member appeal process;

23 (D) limitations on second or subsequent medical
24 necessity review of a health care service already
25 authorized by the MCO or URO under a service
26 authorization program;

1 (E) standardization of peer-to-peer processes and
2 timelines;

3 (F) defined criteria for urgent and standard
4 post-acute care service authorization requests; and

5 (G) standardized criteria for service
6 authorization programs for authorization of admission
7 to a long-term acute care hospital.

8 (3) The Department shall expand the scope of the
9 quality and compliance audits conducted by its contracted
10 external quality review organization to include, but not
11 be limited to:

12 (A) an analysis of the Medicaid MCO's compliance
13 with nationally recognized clinical decision
14 guidelines;

15 (B) an analysis that compares and contrasts the
16 Medicaid MCO's service authorization determination
17 outcomes to the outcomes of each other MCO plan and the
18 State's fee-for-service program model to evaluate
19 whether service authorization determinations are being
20 made consistently by all Medicaid MCOs to ensure that
21 all individuals are being treated in accordance with
22 equitable standards of care;

23 (C) an analysis, for each Medicaid MCO, of the
24 number of service authorization requests, including
25 requests for concurrent review and certification of
26 admissions, received, initially denied, overturned

1 through any post-denial process including, but not
2 limited to, enrollee or provider appeal, peer-to-peer
3 review, or the provider dispute resolution process,
4 denied but approved for a lower or different level of
5 care, and the number denied on final determination;
6 and

7 (D) provide a written report to the General
8 Assembly, detailing the items listed in this
9 subsection and any other metrics deemed necessary by
10 the Department, by the second April, following June 7,
11 2024 (the effective date of Public Act 103-593) ~~this~~
12 ~~amendatory Act of the 103rd General Assembly~~, and each
13 April thereafter. The Department shall make this
14 report available within 30 days of delivery to the
15 General Assembly, on its public facing website.

16 (h) The Department shall not expand mandatory MCO
17 enrollment into new counties beyond those counties already
18 designated by the Department as of June 1, 2014 for the
19 individuals whose eligibility for medical assistance is not
20 the seniors or people with disabilities population until the
21 Department provides an opportunity for accountable care
22 entities and MCOs to participate in such newly designated
23 counties.

24 (h-5) Leading indicator data sharing. By January 1, 2024,
25 the Department shall obtain input from the Department of Human
26 Services, the Department of Juvenile Justice, the Department

1 of Children and Family Services, the State Board of Education,
2 managed care organizations, providers, and clinical experts to
3 identify and analyze key indicators and data elements that can
4 be used in an analysis of lead indicators from assessments and
5 data sets available to the Department that can be shared with
6 managed care organizations and similar care coordination
7 entities contracted with the Department as leading indicators
8 for elevated behavioral health crisis risk for children,
9 including data sets such as the Illinois Medicaid
10 Comprehensive Assessment of Needs and Strengths (IM-CANS),
11 calls made to the State's Crisis and Referral Entry Services
12 (CARES) hotline, health services information from Health and
13 Human Services Innovators, or other data sets that may include
14 key indicators. The workgroup shall complete its
15 recommendations for leading indicator data elements on or
16 before September 1, 2024. To the extent permitted by State and
17 federal law, the identified leading indicators shall be shared
18 with managed care organizations and similar care coordination
19 entities contracted with the Department on or before December
20 1, 2024 for the purpose of improving care coordination with
21 the early detection of elevated risk. Leading indicators shall
22 be reassessed annually with stakeholder input. The Department
23 shall implement guidance to managed care organizations and
24 similar care coordination entities contracted with the
25 Department, so that the managed care organizations and care
26 coordination entities respond to lead indicators with services

1 and interventions that are designed to help stabilize the
2 child.

3 (i) The requirements of this Section apply to contracts
4 with accountable care entities and MCOs entered into, amended,
5 or renewed after June 16, 2014 (the effective date of Public
6 Act 98-651).

7 (j) Health care information released to managed care
8 organizations. A health care provider shall release to a
9 Medicaid managed care organization, upon request, and subject
10 to the Health Insurance Portability and Accountability Act of
11 1996 and any other law applicable to the release of health
12 information, the health care information of the MCO's
13 enrollee, if the enrollee has completed and signed a general
14 release form that grants to the health care provider
15 permission to release the recipient's health care information
16 to the recipient's insurance carrier.

17 (k) The Department of Healthcare and Family Services,
18 managed care organizations, a statewide organization
19 representing hospitals, and a statewide organization
20 representing safety-net hospitals shall explore ways to
21 support billing departments in safety-net hospitals.

22 (l) The requirements of this Section added by Public Act
23 102-4 shall apply to services provided on or after the first
24 day of the month that begins 60 days after April 27, 2021 (the
25 effective date of Public Act 102-4).

26 (m) Except where otherwise expressly specified, the

1 requirements of this Section added by Public Act 103-593 ~~this~~
2 ~~amendatory Act of the 103rd General Assembly~~ shall apply to
3 services provided on or after July 1, 2025.

13 medical assistance program for custom prosthetic and orthotic
14 devices.

2 Sec. 5-57 ~~5-52~~. Genetic testing and evidence-based
3 screenings for an inherited gene mutation.

4 (a) In this Section, "genetic testing for an inherited
5 mutation" means germline multi-gene testing for an inherited
6 mutation associated with an increased risk of cancer in
7 accordance with evidence-based, clinical practice guidelines.

8 (b) Subject to federal approval, the medical assistance
9 program, after January 1, 2026, shall provide coverage for
10 clinical genetic testing for an inherited gene mutation for
11 individuals with a personal or family history of cancer, as
12 recommended by a health care professional in accordance with
13 current evidence-based clinical practice guidelines,
14 including, but not limited to, the current version of the
15 National Comprehensive Cancer Network clinical practice
16 guidelines.

17 (c) For individuals with a genetic test that is positive
18 for an inherited mutation associated with an increased risk of
19 cancer, coverage required under this Section shall include any
20 evidence-based screenings, as recommended by a health care
21 professional in accordance with current evidence-based
22 clinical practice guidelines, to the extent that the
23 management recommendation is not already covered by the
24 medical assistance program. In this subsection,
25 "evidence-based cancer screenings" means medically recommended
26 evidence-based screening modalities in accordance with current

1 clinical practice guidelines.

3 (305 ILCS 5/14-12)

4 Sec. 14-12. Hospital rate reform payment system. The
5 hospital payment system pursuant to Section 14-11 of this
6 Article shall be as follows:

7 (a) Inpatient hospital services. Effective for discharges
8 on and after July 1, 2014, reimbursement for inpatient general
9 acute care services shall utilize the All Patient Refined
10 Diagnosis Related Grouping (APR-DRG) software, version 30,
11 distributed by 3MTM Health Information System.

12 (1) The Department shall establish Medicaid weighting
13 factors to be used in the reimbursement system established
14 under this subsection. Initial weighting factors shall be
15 the weighting factors as published by 3M Health
16 Information System, associated with Version 30.0 adjusted
17 for the Illinois experience.

18 (2) The Department shall establish a
19 statewide-standardized amount to be used in the inpatient
20 reimbursement system. The Department shall publish these
21 amounts on its website no later than 10 calendar days
22 prior to their effective date.

23 (3) In addition to the statewide-standardized amount,
24 the Department shall develop adjusters to adjust the rate
25 of reimbursement for critical Medicaid providers or

1 services for trauma, transplantation services, perinatal
2 care, and Graduate Medical Education (GME).

3 (4) The Department shall develop add-on payments to
4 account for exceptionally costly inpatient stays,
5 consistent with Medicare outlier principles. Outlier fixed
6 loss thresholds may be updated to control for excessive
7 growth in outlier payments no more frequently than on an
8 annual basis, but at least once every 4 years. Upon
9 updating the fixed loss thresholds, the Department shall
10 be required to update base rates within 12 months.

11 (5) The Department shall define those hospitals or
12 distinct parts of hospitals that shall be exempt from the
13 APR-DRG reimbursement system established under this
14 Section. The Department shall publish these hospitals'
15 inpatient rates on its website no later than 10 calendar
16 days prior to their effective date.

17 (6) Beginning July 1, 2014 and ending on December 31,
18 2023, in addition to the statewide-standardized amount,
19 the Department shall develop an adjustor to adjust the
20 rate of reimbursement for safety-net hospitals defined in
21 Section 5-5e.1 of this Code excluding pediatric hospitals.

22 (7) Beginning July 1, 2014, in addition to the
23 statewide-standardized amount, the Department shall
24 develop an adjustor to adjust the rate of reimbursement
25 for Illinois freestanding inpatient psychiatric hospitals
26 that are not designated as children's hospitals by the

1 Department but are primarily treating patients under the
2 age of 21.

3 (7.5) (Blank).

4 (8) Beginning July 1, 2018, in addition to the
5 statewide-standardized amount, the Department shall adjust
6 the rate of reimbursement for hospitals designated by the
7 Department of Public Health as a Perinatal Level II or II+
8 center by applying the same adjustor that is applied to
9 Perinatal and Obstetrical care cases for Perinatal Level
10 III centers, as of December 31, 2017.

11 (9) Beginning July 1, 2018, in addition to the
12 statewide-standardized amount, the Department shall apply
13 the same adjustor that is applied to trauma cases as of
14 December 31, 2017 to inpatient claims to treat patients
15 with burns, including, but not limited to, APR-DRGs 841,
16 842, 843, and 844.

17 (10) Beginning July 1, 2018, the
18 statewide-standardized amount for inpatient general acute
19 care services shall be uniformly increased so that base
20 claims projected reimbursement is increased by an amount
21 equal to the funds allocated in paragraph (1) of
22 subsection (b) of Section 5A-12.6, less the amount
23 allocated under paragraphs (8) and (9) of this subsection
24 and paragraphs (3) and (4) of subsection (b) multiplied by
25 40%.

26 (11) Beginning July 1, 2018, the reimbursement for

1 inpatient rehabilitation services shall be increased by
2 the addition of a \$96 per day add-on.

3 (b) Outpatient hospital services. Effective for dates of
4 service on and after July 1, 2014, reimbursement for
5 outpatient services shall utilize the Enhanced Ambulatory
6 Procedure Grouping (EAPG) software, version 3.7 distributed by
7 3MTM Health Information System.

8 (1) The Department shall establish Medicaid weighting
9 factors to be used in the reimbursement system established
10 under this subsection. The initial weighting factors shall
11 be the weighting factors as published by 3M Health
12 Information System, associated with Version 3.7.

13 (2) The Department shall establish service specific
14 statewide-standardized amounts to be used in the
15 reimbursement system.

16 (A) The initial statewide standardized amounts,
17 with the labor portion adjusted by the Calendar Year
18 2013 Medicare Outpatient Prospective Payment System
19 wage index with reclassifications, shall be published
20 by the Department on its website no later than 10
21 calendar days prior to their effective date.

22 (B) The Department shall establish adjustments to
23 the statewide-standardized amounts for each Critical
24 Access Hospital, as designated by the Department of
25 Public Health in accordance with 42 CFR 485, Subpart
26 F. For outpatient services provided on or before June

1 30, 2018, the EAPG standardized amounts are determined
2 separately for each critical access hospital such that
3 simulated EAPG payments using outpatient base period
4 paid claim data plus payments under Section 5A-12.4 of
5 this Code net of the associated tax costs are equal to
6 the estimated costs of outpatient base period claims
7 data with a rate year cost inflation factor applied.

8 (3) In addition to the statewide-standardized amounts,
9 the Department shall develop adjusters to adjust the rate
10 of reimbursement for critical Medicaid hospital outpatient
11 providers or services, including outpatient high volume or
12 safety-net hospitals. Beginning July 1, 2018, the
13 outpatient high volume adjustor shall be increased to
14 increase annual expenditures associated with this adjustor
15 by \$79,200,000, based on the State Fiscal Year 2015 base
16 year data and this adjustor shall apply to public
17 hospitals, except for large public hospitals, as defined
18 under 89 Ill. Adm. Code 148.25(a).

19 (4) Beginning July 1, 2018, in addition to the
20 statewide standardized amounts, the Department shall make
21 an add-on payment for outpatient expensive devices and
22 drugs. This add-on payment shall at least apply to claim
23 lines that: (i) are assigned with one of the following
24 EAPGs: 490, 1001 to 1020, and coded with one of the
25 following revenue codes: 0274 to 0276, 0278; or (ii) are
26 assigned with one of the following EAPGs: 430 to 441, 443,

1 444, 460 to 465, 495, 496, 1090. The add-on payment shall
2 be calculated as follows: the claim line's covered charges
3 multiplied by the hospital's total acute cost to charge
4 ratio, less the claim line's EAPG payment plus \$1,000,
5 multiplied by 0.8.

6 (5) Beginning July 1, 2018, the statewide-standardized
7 amounts for outpatient services shall be increased by a
8 uniform percentage so that base claims projected
9 reimbursement is increased by an amount equal to no less
10 than the funds allocated in paragraph (1) of subsection
11 (b) of Section 5A-12.6, less the amount allocated under
12 paragraphs (8) and (9) of subsection (a) and paragraphs
13 (3) and (4) of this subsection multiplied by 46%.

14 (6) Effective for dates of service on or after July 1,
15 2018, the Department shall establish adjustments to the
16 statewide-standardized amounts for each Critical Access
17 Hospital, as designated by the Department of Public Health
18 in accordance with 42 CFR 485, Subpart F, such that each
19 Critical Access Hospital's standardized amount for
20 outpatient services shall be increased by the applicable
21 uniform percentage determined pursuant to paragraph (5) of
22 this subsection. It is the intent of the General Assembly
23 that the adjustments required under this paragraph (6) by
24 Public Act 100-1181 shall be applied retroactively to
25 claims for dates of service provided on or after July 1,
26 2018.

1 (7) Effective for dates of service on or after March
2 8, 2019 (the effective date of Public Act 100-1181), the
3 Department shall recalculate and implement an updated
4 statewide-standardized amount for outpatient services
5 provided by hospitals that are not Critical Access
6 Hospitals to reflect the applicable uniform percentage
7 determined pursuant to paragraph (5).

8 (1) Any recalculation to the
9 statewide-standardized amounts for outpatient services
10 provided by hospitals that are not Critical Access
11 Hospitals shall be the amount necessary to achieve the
12 increase in the statewide-standardized amounts for
13 outpatient services increased by a uniform percentage,
14 so that base claims projected reimbursement is
15 increased by an amount equal to no less than the funds
16 allocated in paragraph (1) of subsection (b) of
17 Section 5A-12.6, less the amount allocated under
18 paragraphs (8) and (9) of subsection (a) and
19 paragraphs (3) and (4) of this subsection, for all
20 hospitals that are not Critical Access Hospitals,
21 multiplied by 46%.

22 (2) It is the intent of the General Assembly that
23 the recalculations required under this paragraph (7)
24 by Public Act 100-1181 shall be applied prospectively
25 to claims for dates of service provided on or after
26 March 8, 2019 (the effective date of Public Act

1 100-1181) and that no recoupment or repayment by the
2 Department or an MCO of payments attributable to
3 recalculation under this paragraph (7), issued to the
4 hospital for dates of service on or after July 1, 2018
5 and before March 8, 2019 (the effective date of Public
6 Act 100-1181), shall be permitted.

7 (8) The Department shall ensure that all necessary
8 adjustments to the managed care organization capitation
9 base rates necessitated by the adjustments under
10 subparagraph (6) or (7) of this subsection are completed
11 and applied retroactively in accordance with Section
12 5-30.8 of this Code within 90 days of March 8, 2019 (the
13 effective date of Public Act 100-1181).

14 (9) Within 60 days after federal approval of the
15 change made to the assessment in Section 5A-2 by Public
16 Act 101-650, the Department shall incorporate into the
17 EAPG system for outpatient services those services
18 performed by hospitals currently billed through the
19 Non-Institutional Provider billing system.

20 (b-5) Notwithstanding any other provision of this Section,
21 beginning with dates of service on and after January 1, 2023,
22 any general acute care hospital with more than 500 outpatient
23 psychiatric Medicaid services to persons under 19 years of age
24 in any calendar year shall be paid the outpatient add-on
25 payment of no less than \$113.

26 (c) In consultation with the hospital community, the

1 Department is authorized to replace 89 Ill. Adm. Code 152.150
2 as published in 38 Ill. Reg. 4980 through 4986 within 12 months
3 of June 16, 2014 (the effective date of Public Act 98-651). If
4 the Department does not replace these rules within 12 months
5 of June 16, 2014 (the effective date of Public Act 98-651), the
6 rules in effect for 152.150 as published in 38 Ill. Reg. 4980
7 through 4986 shall remain in effect until modified by rule by
8 the Department. Nothing in this subsection shall be construed
9 to mandate that the Department file a replacement rule.

10 (d) Transition period. There shall be a transition period
11 to the reimbursement systems authorized under this Section
12 that shall begin on the effective date of these systems and
13 continue until June 30, 2018, unless extended by rule by the
14 Department. To help provide an orderly and predictable
15 transition to the new reimbursement systems and to preserve
16 and enhance access to the hospital services during this
17 transition, the Department shall allocate a transitional
18 hospital access pool of at least \$290,000,000 annually so that
19 transitional hospital access payments are made to hospitals.

20 (1) After the transition period, the Department may
21 begin incorporating the transitional hospital access pool
22 into the base rate structure; however, the transitional
23 hospital access payments in effect on June 30, 2018 shall
24 continue to be paid, if continued under Section 5A-16.

25 (2) After the transition period, if the Department
26 reduces payments from the transitional hospital access

1 pool, it shall increase base rates, develop new adjustors,
2 adjust current adjustors, develop new hospital access
3 payments based on updated information, or any combination
4 thereof by an amount equal to the decreases proposed in
5 the transitional hospital access pool payments, ensuring
6 that the entire transitional hospital access pool amount
7 shall continue to be used for hospital payments.

8 (d-5) Hospital and health care transformation program. The
9 Department shall develop a hospital and health care
10 transformation program to provide financial assistance to
11 hospitals in transforming their services and care models to
12 better align with the needs of the communities they serve. The
13 payments authorized in this Section shall be subject to
14 approval by the federal government.

15 (1) Phase 1. In State fiscal years 2019 through 2020,
16 the Department shall allocate funds from the transitional
17 access hospital pool to create a hospital transformation
18 pool of at least \$262,906,870 annually and make hospital
19 transformation payments to hospitals. Subject to Section
20 5A-16, in State fiscal years 2019 and 2020, an Illinois
21 hospital that received either a transitional hospital
22 access payment under subsection (d) or a supplemental
23 payment under subsection (f) of this Section in State
24 fiscal year 2018, shall receive a hospital transformation
25 payment as follows:

26 (A) If the hospital's Rate Year 2017 Medicaid

1 inpatient utilization rate is equal to or greater than
2 45%, the hospital transformation payment shall be
3 equal to 100% of the sum of its transitional hospital
4 access payment authorized under subsection (d) and any
5 supplemental payment authorized under subsection (f).

6 (B) If the hospital's Rate Year 2017 Medicaid
7 inpatient utilization rate is equal to or greater than
8 25% but less than 45%, the hospital transformation
9 payment shall be equal to 75% of the sum of its
10 transitional hospital access payment authorized under
11 subsection (d) and any supplemental payment authorized
12 under subsection (f).

13 (C) If the hospital's Rate Year 2017 Medicaid
14 inpatient utilization rate is less than 25%, the
15 hospital transformation payment shall be equal to 50%
16 of the sum of its transitional hospital access payment
17 authorized under subsection (d) and any supplemental
18 payment authorized under subsection (f).

19 (2) Phase 2.

20 (A) The funding amount from phase one shall be
21 incorporated into directed payment and pass-through
22 payment methodologies described in Section 5A-12.7.

23 (B) Because there are communities in Illinois that
24 experience significant health care disparities due to
25 systemic racism, as recently emphasized by the
26 COVID-19 pandemic, aggravated by social determinants

1 of health and a lack of sufficiently allocated health
2 care ~~healthcare~~ resources, particularly
3 community-based services, preventive care, obstetric
4 care, chronic disease management, and specialty care,
5 the Department shall establish a health care
6 transformation program that shall be supported by the
7 transformation funding pool. It is the intention of
8 the General Assembly that innovative partnerships
9 funded by the pool must be designed to establish or
10 improve integrated health care delivery systems that
11 will provide significant access to the Medicaid and
12 uninsured populations in their communities, as well as
13 improve health care equity. It is also the intention
14 of the General Assembly that partnerships recognize
15 and address the disparities revealed by the COVID-19
16 pandemic, as well as the need for post-COVID care.
17 During State fiscal years 2021 through 2027, the
18 hospital and health care transformation program shall
19 be supported by an annual transformation funding pool
20 of up to \$150,000,000, pending federal matching funds,
21 to be allocated during the specified fiscal years for
22 the purpose of facilitating hospital and health care
23 transformation. No disbursement of moneys for
24 transformation projects from the transformation
25 funding pool described under this Section shall be
26 considered an award, a grant, or an expenditure of

1 grant funds. Funding agreements made in accordance
2 with the transformation program shall be considered
3 purchases of care under the Illinois Procurement Code,
4 and funds shall be expended by the Department in a
5 manner that maximizes federal funding to expend the
6 entire allocated amount.

7 The Department shall convene, within 30 days after
8 March 12, 2021 (the effective date of Public Act
9 101-655), a workgroup that includes subject matter
10 experts on health care ~~healthcare~~ disparities and
11 stakeholders from distressed communities, which could
12 be a subcommittee of the Medicaid Advisory Committee,
13 to review and provide recommendations on how
14 Department policy, including health care
15 transformation, can improve health disparities and the
16 impact on communities disproportionately affected by
17 COVID-19. The workgroup shall consider and make
18 recommendations on the following issues: a community
19 safety-net designation of certain hospitals, racial
20 equity, and a regional partnership to bring additional
21 specialty services to communities.

22 (C) As provided in paragraph (9) of Section 3 of
23 the Illinois Health Facilities Planning Act, any
24 hospital participating in the transformation program
25 may be excluded from the requirements of the Illinois
26 Health Facilities Planning Act for those projects

1 related to the hospital's transformation. To be
2 eligible, the hospital must submit to the Health

2 that safety-net hospitals operating in
3 under-resourced communities receive priority

15 (ix) A description of the process used in
16 collaborating with all levels of government in the
17 community served in the development of the
18 project, including, but not limited to,

21 (H) The Department shall evaluate proposals for
22 compliance with the criteria listed under subparagraph
23 (G). Proposals meeting all of the criteria may be
24 eligible for funding with the areas of focus
25 prioritized as described in item (ii) of subparagraph
26 (F). Based on the funds available, the Department may

1 negotiate funding agreements with approved applicants
2 to maximize federal funding. Nothing in this
3 subsection requires that an approved project be funded
4 to the level requested. Agreements shall specify the
5 amount of funding anticipated annually, the
6 methodology of payments, the limit on the number of
7 years such funding may be provided, and the milestones
8 and quality metrics that must be met by the projects in
9 order to continue to receive funding during each year
10 of the program. Agreements shall specify the terms and
11 conditions under which a health care facility that
12 receives funds under a purchase of care agreement and
13 closes in violation of the terms of the agreement must
14 pay an early closure fee no greater than 50% of the

19 to provide quarterly written progress reports, in a
20 form prescribed by the Department, and at a minimum
21 shall include the progress made in achieving any
22 milestones or metrics or Business Enterprise Program
23 commitments in its plan. The Department may reduce or
24 end payments, as set forth in transformation plans, if
25 milestones or metrics or Business Enterprise Program
26 commitments are not achieved. The Department shall

1 seek to make payments from the transformation fund in
2 a manner that is eligible for federal matching funds.

3 In reviewing the proposals, the Department shall
4 take into account the needs of the community, data
5 from the study commissioned by the Department from the
6 University of Illinois-Chicago if applicable, feedback
7 from public comment on the Department's website, as
8 well as how the proposal meets the criteria listed
9 under subparagraph (G). Alignment with the
10 Department's overall strategic initiatives shall be an
11 important factor. To the extent that fiscal year
12 funding is not adequate to fund all eligible projects
13 that apply, the Department shall prioritize
14 applications that most comprehensively and effectively
15 address the criteria listed under subparagraph (G).

16 (3) (Blank).

17 (4) Hospital Transformation Review Committee. There is
18 created the Hospital Transformation Review Committee. The

22 3 members; the Governor shall appoint the Director of
23 Healthcare and Family Services, or his or her designee, as

1 calendar days. The members of the Committee shall select a
2 Chair and a Vice-Chair from among its members, provided
3 that the Chair and Vice-Chair cannot be appointed by the
4 same appointing authority and must be from different
5 political parties. The Chair shall have the authority to
6 establish a meeting schedule and convene meetings of the
7 Committee, and the Vice-Chair shall have the authority to
8 convene meetings in the absence of the Chair. The
9 Committee may establish its own rules with respect to
10 meeting schedule, notice of meetings, and the disclosure
11 of documents; however, the Committee shall not have the
12 power to subpoena individuals or documents and any rules
13 must be approved by 9 of the 14 members. The Committee
14 shall perform the functions described in this Section and
15 advise and consult with the Director in the administration
16 of this Section. In addition to reviewing and approving
17 the policies, procedures, and rules for the hospital and
18 health care transformation program, the Committee shall
19 consider and make recommendations related to qualifying
20 criteria and payment methodologies related to safety-net
21 hospitals and children's hospitals. Members of the
22 Committee appointed by the legislative leaders shall be
23 subject to the jurisdiction of the Legislative Ethics
24 Commission, not the Executive Ethics Commission, and all
25 requests under the Freedom of Information Act shall be

12 supplemental payments authorized under 89 Illinois
13 Administrative Code 148 effective January 1, 2014 and that
14 continue during the period of July 1, 2014 through December
15 31, 2014 shall remain in effect as long as the assessment
16 imposed by Section 5A-2 that is in effect on December 31, 2017
17 remains in effect.

18 (g) Notwithstanding subsections (a) through (f) of this
19 Section and notwithstanding the changes authorized under
20 Section 5-5b.1, any updates to the system shall not result in
21 any diminishment of the overall effective rates of
22 reimbursement as of the implementation date of the new system
23 (July 1, 2014). These updates shall not preclude variations in
24 any individual component of the system or hospital rate
25 variations. Nothing in this Section shall prohibit the
26 Department from increasing the rates of reimbursement or

1 developing payments to ensure access to hospital services.
2 Nothing in this Section shall be construed to guarantee a
3 minimum amount of spending in the aggregate or per hospital as
4 spending may be impacted by factors, including, but not
5 limited to, the number of individuals in the medical
6 assistance program and the severity of illness of the
7 individuals.

8 (h) The Department shall have the authority to modify by
9 rulemaking any changes to the rates or methodologies in this
10 Section as required by the federal government to obtain
11 federal financial participation for expenditures made under
12 this Section.

13 (i) Except for subsections (g) and (h) of this Section,
14 the Department shall, pursuant to subsection (c) of Section
15 5-40 of the Illinois Administrative Procedure Act, provide for
16 presentation at the June 2014 hearing of the Joint Committee
17 on Administrative Rules (JCAR) additional written notice to

25 Illinois Register dated March 21, 2014 at 38 Ill. Reg. 6499
26 (Specialized Health Care Delivery Systems) and 6505 (Hospital

1 Services).

2 (j) Out-of-state hospitals. Beginning July 1, 2018, for
3 purposes of determining for State fiscal years 2019 and 2020
4 and subsequent fiscal years the hospitals eligible for the
5 payments authorized under subsections (a) and (b) of this
6 Section, the Department shall include out-of-state hospitals

1 disqualified. Principal officers shall not be required to
2 submit to the fingerprint and background check requirements of
3 Section 5-20.

4 (g) If the Department receives an application that fails
5 to provide the required elements contained in subsection (c),

26 after the completion of a successful inspection.

1 (k) If an applicant passes the inspection under this
2 Section, the Department shall issue the Early Approval Adult
3 Use Dispensing Organization License at a secondary site within
4 10 business days unless:

5 (1) the ~~The~~ licensee, any principal officer or board

1 Sec. 22.23e. Paint and paint-related wastes.

2 (a) As used in this Section:

3 "Paint" means a pigmented or unpigmented powder coating,
4 or a pigmented or unpigmented mixture of binder and suitable
5 liquid, that forms an adherent coating when applied to a
6 surface. Powder coating is a surface coating that is applied
7 as a dry powder and is fused into a continuous coating film
8 through the use of heat. "Paint" includes architectural paint
9 as defined in the Paint Stewardship Act.

10 "Paint-related waste" is (i) material contaminated with
11 paint that results from the packaging of paint, wholesale and
12 retail operations, paint manufacturing, and paint application
13 or removal activities or (ii) material derived from the
14 reclamation of paint-related wastes that is recycled in a
15 manner other than burning for energy recovery or used in a
16 manner constituting disposal.

17 (b)(1) Paint and paint-related waste that are hazardous
18 waste are hereby designated as a category of universal waste
19 subject to the streamlined hazardous waste rules set forth in
20 35 Ill. Adm. Code 733. Within 60 days after January 1, 2025
21 (the effective date of Public Act 103-887) ~~this amendatory Act~~
22 ~~of the 103rd General Assembly,~~ the Agency shall propose, and
23 within 180 days after receipt of the Agency's proposal the
24 Board shall adopt, rules that reflect this designation and
25 that prescribe procedures and standards for the management of
26 hazardous waste paint and paint-related waste as a universal

1 waste consistent with the provisions set forth within this
2 Section.

3 (2) If the United States Environmental Protection Agency
4 adopts streamlined hazardous waste regulations pertaining to
5 the management of hazardous waste paint or paint-related
6 waste, or otherwise exempts such paint or paint-related waste
7 from regulation as hazardous waste, the Board shall adopt an
8 equivalent rule in accordance with Section 7.2 of this Act
9 within 180 days of adoption of the federal regulation. The
10 equivalent Board rule may serve as an alternative to the rules
11 adopted under paragraph (1) of this subsection (b).

12 (c) Until the Board adopts rules pursuant to paragraph (1)
13 of subsection (b) that prescribe procedures and standards for
14 the management of hazardous waste paint and paint-related
15 waste by small quantity handlers of universal waste, the
16 following requirements shall apply to small quantity handlers
17 of universal waste managing hazardous waste paint and
18 paint-related waste as a universal waste:

19 (1) Waste Management. A small quantity handler of
20 universal waste shall manage universal waste paint and
21 paint-related waste in a way that prevents releases of any
22 universal waste or any component of universal waste to the
23 environment, including, but not limited to, in accordance
24 with the following requirements:

25 (A) The small quantity handler of universal waste
26 shall collect and store universal waste paint and

1 paint-related waste in containers that are
2 structurally sound, leakproof, and compatible with the
3 universal waste paint and paint-related waste.

4 (B) The small quantity handler of universal waste
5 shall ensure that containers in which the universal
6 waste paint and paint-related waste are contained do
7 not leak and remain closed, except when wastes are
8 being added to or removed from the container.

9 (C) The small quantity handler of universal waste,
10 upon detection of a release of universal waste paint
11 and paint-related waste, shall do the following:

12 (i) Stop the release.

13 (ii) Contain the released universal waste
14 paint and paint-related waste.

15 (iii) Clean up and properly manage the
16 released universal waste paint and paint-related
17 waste and other materials generated from the
18 cleanup.

19 (iv) Remove any leaking container from service
20 by transferring the contents to another container.

21 (v) Repair any leaking container before
22 returning it to service.

23 (D) A small quantity handler of universal waste
24 shall manage universal waste paint and paint-related
25 waste that is ignitable or reactive in accordance with
26 local fire codes.

1 (E) A small quantity handler of universal waste
2 shall manage universal waste paint and paint-related
3 waste that are incompatible in separate containers.

4 (F) A small quantity handler of universal waste
5 shall design, maintain, and operate areas of its
6 facility where universal waste paints and
7 paint-related wastes are collected and stored to
8 minimize the possibility of a fire, explosion, or
9 unplanned sudden or non-sudden release of universal
10 waste or hazardous constituents to air, soil, or
11 surface water which could threaten human health or the
12 environment.

13 (2) Labeling or marking. Each container in which
14 universal waste paint and paint-related waste is
15 accumulated shall be labeled to identify the contents of
16 the container.

17 (3) Accumulation time limits.

18 (A) A small quantity handler of universal waste
19 may accumulate universal waste paint and paint-related
20 waste for no longer than one year from the date the
21 universal waste is generated. However, handlers may
22 accumulate universal waste for longer than one year if
23 the activity is solely for the purpose of accumulating
24 quantities to facilitate proper recovery, treatment,
25 or disposal. The handler bears the burden of proving
26 that this activity is solely for the purpose of

1 accumulation of the quantities of universal waste
2 necessary to facilitate proper recovery, treatment, or
3 disposal.

4 (B) A small quantity handler of universal waste
5 who accumulates universal waste must be able to
6 demonstrate the length of time that the universal
7 waste has been accumulated. The handler may make this
8 demonstration by any of the following methods:

9 (i) placing the universal waste paint and
10 paint-related waste in a container and marking or
11 labeling the container with the earliest date that
12 universal waste paint or paint-related waste in
13 the container became a waste or was received;

14 (ii) marking or labeling each individual item
15 of universal waste paint and paint-related waste
16 with the date the universal waste paint and
17 paint-related waste became a waste or was
18 received;

19 (iii) maintaining an inventory system on-site
20 that identifies the date each unit of universal
21 waste paint and paint-related waste became a waste
22 or was received;

23 (iv) placing universal waste paint and
24 paint-related waste in a specific accumulation
25 area and identifying the earliest date that any of
26 the universal waste paint and paint-related waste

1 in the area became a waste or was received; or

2 (v) any other method that clearly demonstrates
3 the length of time the universal waste paint and
4 paint-related waste have been accumulated from the
5 date they become a waste or are received.

6 (4) Employee training. A small quantity handler of
7 universal waste shall inform all employees who handle or
8 have responsibility for managing universal waste paint and
9 paint-related waste. The information shall describe proper
10 handling and emergency procedures appropriate to the
11 universal waste paint and paint-related waste.

12 (5) Response to releases.

13 (A) A small quantity handler of universal waste
14 must immediately contain all releases of universal
15 waste paint and paint-related waste and other residues
16 from universal waste paint and paint-related waste.

17 (B) A small quantity handler of universal waste
18 must determine whether any material resulting from the
19 release is hazardous waste and, if so, must manage the
20 hazardous waste in compliance with all applicable
21 hazardous waste requirements of this Act and rules
22 adopted under this Act. The handler is considered the
23 generator of the material resulting from the release
24 and must manage the material in compliance with this
25 Act and rules adopted under this Act.

26 (6) Off-site shipments.

1 (A) A small quantity handler of universal waste is
2 prohibited from sending or taking universal waste
3 paint and paint-related waste to a place other than
4 another universal waste handler, a destination
5 facility, or a foreign destination.

6 (B) If a small quantity handler of universal waste
7 self-transport universal waste paint and
8 paint-related waste off-site ~~offsite~~, the handler
9 becomes a universal waste transporter for those
10 self-transportation activities and shall comply with
11 the Board's existing rules for universal waste
12 transporters.

13 (C) If universal waste paint and paint-related
14 waste being offered for off-site transportation meets
15 the definition of hazardous materials under 49 CFR
16 Parts 171 to 180, a small quantity handler of
17 universal waste shall package, label, mark and placard
18 the shipment, and prepare the proper shipping papers
19 in accordance with the applicable United States
20 Department of Transportation regulations under 49 CFR
21 Parts 172 to 180.

22 (D) Prior to sending a shipment of universal waste
23 paint and paint-related waste to another universal
24 waste handler, the originating handler shall ensure
25 that the receiving handler agrees to receive the
26 shipment.

1 (E) If a small quantity handler of universal waste
2 sends a shipment of universal waste paint and
3 paint-related waste to another handler or to a
4 destination facility and if the shipment is rejected
5 by the receiving handler or destination facility, the
6 originating handler shall either:

7 (i) receive the universal waste paint and
8 paint-related waste back when notified that the
9 shipment has been rejected; or

10 (ii) agree with the receiving handler on a
11 destination facility to which the shipment will be
12 sent.

13 (F) A small quantity handler of universal waste
14 may reject a shipment containing universal waste paint
15 and paint-related waste, or a portion of a shipment
16 containing universal waste paint and paint-related
17 waste, received from another handler. If a handler
18 rejects a shipment or a portion of a shipment, the
19 rejecting handler shall contact the originating
20 handler to notify the originating handler of the
21 rejection and to discuss reshipment of the load. The
22 receiving handler shall:

23 (i) send the shipment back to the originating
24 handler; or

25 (ii) if agreed to by both the originating and
26 receiving handler, send the shipment to a

1 destination facility.

2 (G) If a small quantity handler of universal waste
3 receives a shipment of nonhazardous, non-universal
4 waste, the handler may manage the waste in any way that
5 is in compliance with applicable law.

6 (d) Until the Board adopts rules pursuant to subsection
7 (b), the following additional requirements shall apply:

8 (1) Paints and paint-related wastes that are exempt
9 household wastes or very small quantity generator wastes
10 under existing Board rules remain exempt from the
11 hazardous waste rules but may be managed as universal
12 wastes under 35 Ill. Adm. Code 733.108.

13 (2) Universal waste transporters that transport paints
14 or paint-related wastes that are universal wastes are
15 subject to the existing Board rules for universal waste
16 transporters.

17 (3) Universal waste destination facilities that manage
18 paints or paint-related wastes that are universal wastes
19 are subject to the existing Board rules for universal
20 waste destination facilities.

24 operation or on the type or amount of material combusted,
25 stored, or processed, shall be treated as part of its design if
26 the limitation is enforceable by USEPA. This definition does

1 not alter or affect the use of this term for any other purposes
2 under the Clean Air Act, or the term "capacity factor" as used
3 in Title IV of the Clean Air Act or the regulations promulgated
4 thereunder.

5 "Preconstruction Permit" or "Construction Permit" means a
6 permit which is to be obtained prior to commencing or
7 beginning actual construction or modification of a source or
8 emissions unit.

9 "Proposed CAAPP permit" means the version of a CAAPP
10 permit that the Agency proposes to issue and forwards to USEPA
11 for review in compliance with applicable requirements of the
12 Act and regulations promulgated thereunder.

13 "Regulated air pollutant" means the following:

14 (1) Nitrogen oxides (NO_x) or any volatile organic
15 compound.

16 (2) Any pollutant for which a national ambient air
17 quality standard has been promulgated.

21 promulgated under or established by Title VI of the Clean
22 Air Act.

23 (5) Any pollutant subject to a standard promulgated
24 under Section 112 or other requirements established under
25 Section 112 of the Clean Air Act, including Sections
26 112(g), (j), and (r).

1 (i) Any pollutant subject to requirements under
2 Section 112(j) of the Clean Air Act. Any pollutant
3 listed under Section 112(b) for which the subject
4 source would be major shall be considered to be
5 regulated 18 months after the date on which USEPA was
6 required to promulgate an applicable standard pursuant
7 to Section 112(e) of the Clean Air Act, if USEPA fails
8 to promulgate such standard.

9 (ii) Any pollutant for which the requirements of
10 Section 112(g)(2) of the Clean Air Act have been met,
11 but only with respect to the individual source subject
12 to Section 112(g)(2) requirement.

13 (6) Greenhouse gases.

14 "Renewal" means the process by which a permit is reissued
15 at the end of its term.

16 "Responsible official" means one of the following:

17 (1) For a corporation: a president, secretary,
18 treasurer, or vice-president of the corporation in charge
19 of a principal business function, or any other person who
20 performs similar policy or decision-making functions for
21 the corporation, or a duly authorized representative of
22 such person if the representative is responsible for the
23 overall operation of one or more manufacturing,
24 production, or operating facilities applying for or
25 subject to a permit and either (i) the facilities employ
26 more than 250 persons or have gross annual sales or

1 expenditures exceeding \$25 million (in second quarter 1980
2 dollars), or (ii) the delegation of authority to such
3 representative is approved in advance by the Agency.

4 (2) For a partnership or sole proprietorship: a
5 general partner or the proprietor, respectively, or in the
6 case of a partnership in which all of the partners are
7 corporations, a duly authorized representative of the
8 partnership if the representative is responsible for the
9 overall operation of one or more manufacturing,
10 production, or operating facilities applying for or
11 subject to a permit and either (i) the facilities employ
12 more than 250 persons or have gross annual sales or
13 expenditures exceeding \$25 million (in second quarter 1980

21 responsibility for the overall operations of a principal
22 geographic unit of the agency (e.g., a Regional
23 Administrator of USEPA).

24 (4) For affected sources for acid deposition:

25 (i) The designated representative shall be the
26 "responsible official" in so far as actions,

1 standards, requirements, or prohibitions under Title
2 IV of the Clean Air Act or the regulations promulgated
3 thereunder are concerned.

4 (ii) The designated representative may also be the
5 "responsible official" for any other purposes with
6 respect to air pollution control.

7 "Section 502(b)(10) changes" means changes that contravene
8 express permit terms. "Section 502(b)(10) changes" do not
9 include changes that would violate applicable requirements or
10 contravene federally enforceable permit terms or conditions
11 that are monitoring (including test methods), recordkeeping,
12 reporting, or compliance certification requirements.

13 "Solid waste incineration unit" means a distinct operating
14 unit of any facility which combusts any solid waste material
15 from commercial or industrial establishments or the general
16 public (including single and multiple residences, hotels, and
17 motels). The term does not include incinerators or other units
18 required to have a permit under Section 3005 of the Solid Waste
19 Disposal Act. The term also does not include (A) materials
20 recovery facilities (including primary or secondary smelters)
21 which combust waste for the primary purpose of recovering
22 metals, (B) qualifying small power production facilities, as
23 defined in Section 3(17)(C) of the Federal Power Act (16

26 U.S.C. 796(18)(B)), which burn homogeneous waste (such as

1 units which burn tires or used oil, but not including
2 refuse-derived fuel) for the production of electric energy or
3 in the case of qualifying cogeneration facilities which burn
4 homogeneous waste for the production of electric energy and
5 steam or forms of useful energy (such as heat) which are used
6 for industrial, commercial, heating, or cooling purposes, or
7 (C) air curtain incinerators provided that such incinerators
8 only burn wood wastes, yard waste, and clean lumber and that
9 such air curtain incinerators comply with opacity limitations
10 to be established by the USEPA by rule.

11 "Source" means any stationary source (or any group of
12 stationary sources) that is located on one or more contiguous
13 or adjacent properties that are under common control of the
14 same person (or persons under common control) and that belongs
15 to a single major industrial grouping. For the purposes of
16 defining "source," a stationary source or group of stationary
17 sources shall be considered part of a single major industrial
18 grouping if all of the pollutant emitting activities at such
19 source or group of sources located on contiguous or adjacent
20 properties and under common control belong to the same Major
21 Group (i.e., all have the same two-digit code) as described in
22 the Standard Industrial Classification Manual, 1987, or such
23 pollutant emitting activities at a stationary source (or group
24 of stationary sources) located on contiguous or adjacent
25 properties and under common control constitute a support
26 facility. The determination as to whether any group of

1 stationary sources is located on contiguous or adjacent
2 properties, and/or is under common control, and/or whether the
3 pollutant emitting activities at such group of stationary
4 sources constitute a support facility shall be made on a
5 case-by-case ~~case-by-case~~ basis.

6 "Stationary source" means any building, structure,
7 facility, or installation that emits or may emit any regulated
8 air pollutant or any pollutant listed under Section 112(b) of
9 the Clean Air Act, except those emissions resulting directly
10 from an internal combustion engine for transportation purposes
11 or from a nonroad engine or nonroad vehicle as defined in
12 Section 216 of the Clean Air Act.

13 "Subject to regulation" has the meaning given to it in 40
14 CFR 70.2, as now or hereafter amended.

15 "Support facility" means any stationary source (or group
16 of stationary sources) that conveys, stores, or otherwise
17 assists to a significant extent in the production of a
18 principal product at another stationary source (or group of
19 stationary sources). A support facility shall be considered to
20 be part of the same source as the stationary source (or group
21 of stationary sources) that it supports regardless of the
22 2-digit Standard Industrial Classification code for the
23 support facility.

24 "USEPA" means the Administrator of the United States
25 Environmental Protection Agency (USEPA) or a person designated
26 by the Administrator.

1 1.1. Exclusion From the CAAPP.

2 a. An owner or operator of a source which determines
3 that the source could be excluded from the CAAPP may seek
4 such exclusion prior to the date that the CAAPP
5 application for the source is due but in no case later than
6 9 months after the effective date of the CAAPP through the
7 imposition of federally enforceable conditions limiting
8 the "potential to emit" of the source to a level below the
9 major source threshold for that source as described in
10 paragraph (c) of subsection 2 of this Section, within a
11 State operating permit issued pursuant to subsection (a)
12 of Section 39 of this Act. After such date, an exclusion
13 from the CAAPP may be sought under paragraph (c) of
14 subsection 3 of this Section.

15 b. An owner or operator of a source seeking exclusion
16 from the CAAPP pursuant to paragraph (a) of this
17 subsection must submit a permit application consistent
18 with the existing State permit program which specifically
19 requests such exclusion through the imposition of such
20 federally enforceable conditions.

21 c. Upon such request, if the Agency determines that
22 the owner or operator of a source has met the requirements
23 for exclusion pursuant to paragraph (a) of this subsection
24 and other applicable requirements for permit issuance
25 under subsection (a) of Section 39 of this Act, the Agency

1 shall issue a State operating permit for such source under
2 subsection (a) of Section 39 of this Act, as amended, and
3 regulations promulgated thereunder with federally
4 enforceable conditions limiting the "potential to emit" of
5 the source to a level below the major source threshold for
6 that source as described in paragraph (c) of subsection 2
7 of this Section.

8 d. The Agency shall provide an owner or operator of a
9 source which may be excluded from the CAAPP pursuant to
10 this subsection with reasonable notice that the owner or
11 operator may seek such exclusion.

12 e. The Agency shall provide such sources with the
13 necessary permit application forms.

14 2. Applicability.

15 a. Sources subject to this Section shall include:

16 i. Any major source as defined in paragraph (c) of
17 this subsection.

18 ii. Any source subject to a standard or other
19 requirements promulgated under Section 111 (New Source
20 Performance Standards) or Section 112 (Hazardous Air
21 Pollutants) of the Clean Air Act, except that a source
22 is not required to obtain a permit solely because it is
23 subject to regulations or requirements under Section
24 112(r) of the Clean Air Act.

25 iii. Any affected source for acid deposition, as

1 defined in subsection 1 of this Section.

2 iv. Any other source subject to this Section under
3 the Clean Air Act or regulations promulgated
4 thereunder, or applicable Board regulations.

5 b. Sources exempted from this Section shall include:

6 i. All sources listed in paragraph (a) of this
7 subsection that are not major sources, affected
8 sources for acid deposition or solid waste
9 incineration units required to obtain a permit
10 pursuant to Section 129(e) of the Clean Air Act, until
11 the source is required to obtain a CAAPP permit
12 pursuant to the Clean Air Act or regulations
13 promulgated thereunder.

14 ii. Nonmajor sources subject to a standard or
15 other requirements subsequently promulgated by USEPA
16 under Section 111 or 112 of the Clean Air Act that are
17 determined by USEPA to be exempt at the time a new
18 standard is promulgated.

19 iii. All sources and source categories that would
20 be required to obtain a permit solely because they are
21 subject to Part 60, Subpart AAA - Standards of
22 Performance for New Residential Wood Heaters (40 CFR
23 Part 60).

24 iv. All sources and source categories that would
25 be required to obtain a permit solely because they are
26 subject to Part 61, Subpart M - National Emission

1 Standard for Hazardous Air Pollutants for Asbestos,
2 Section 61.145 (40 CFR Part 61).

3 v. Any other source categories exempted by USEPA
4 regulations pursuant to Section 502(a) of the Clean
5 Air Act.

6 vi. Major sources of greenhouse gas emissions
7 required to obtain a CAAPP permit under this Section
8 if any of the following occurs:

9 (A) enactment of federal legislation depriving
10 the Administrator of the USEPA of authority to
11 regulate greenhouse gases under the Clean Air Act;

12 (B) the issuance of any opinion, ruling,
13 judgment, order, or decree by a federal court
14 depriving the Administrator of the USEPA of
15 authority to regulate greenhouse gases under the
16 Clean Air Act; or

17 (C) action by the President of the United
18 States or the President's authorized agent,
19 including the Administrator of the USEPA, to
20 repeal or withdraw the Greenhouse Gas Tailoring
21 Rule (75 Fed. Reg. 31514, June 3, 2010).

22 If any event listed in this subparagraph (vi)
23 occurs, CAAPP permits issued after such event shall
24 not impose permit terms or conditions addressing
25 greenhouse gases during the effectiveness of any event
26 listed in subparagraph (vi). If any event listed in

1 this subparagraph (vi) occurs, any owner or operator
2 with a CAAPP permit that includes terms or conditions
3 addressing greenhouse gases may elect to submit an
4 application to the Agency to address a revision or
5 repeal of such terms or conditions. If any owner or
6 operator submits such an application, the Agency shall
7 expeditiously process the permit application in
8 accordance with applicable laws and regulations.
9 Nothing in this subparagraph (vi) shall relieve an
10 owner or operator of a source from the requirement to
11 obtain a CAAPP permit for its emissions of regulated
12 air pollutants other than greenhouse gases, as
13 required by this Section.

14 c. For purposes of this Section the term "major
15 source" means any source that is:

16 i. A major source under Section 112 of the Clean
17 Air Act, which is defined as:

18 A. For pollutants other than radionuclides,
19 any stationary source or group of stationary
20 sources located within a contiguous area and under
21 common control that emits or has the potential to
22 emit, in the aggregate, 10 tons per year (tpy) or
23 more of any hazardous air pollutant which has been
24 listed pursuant to Section 112(b) of the Clean Air
25 Act, 25 tpy or more of any combination of such
26 hazardous air pollutants, or such lesser quantity

1 as USEPA may establish by rule. Notwithstanding
2 the preceding sentence, emissions from any oil or
3 gas exploration or production well (with its
4 associated equipment) and emissions from any
5 pipeline compressor or pump station shall not be
6 aggregated with emissions from other similar
7 units, whether or not such units are in a
8 contiguous area or under common control, to
9 determine whether such stations are major sources.

10 B. For radionuclides, "major source" shall
11 have the meaning specified by the USEPA by rule.

12 ii. A major stationary source of air pollutants,
13 as defined in Section 302 of the Clean Air Act, that
14 directly emits or has the potential to emit, 100 tpy or
15 more of any air pollutant subject to regulation
16 (including any major source of fugitive emissions of
17 any such pollutant, as determined by rule by USEPA).
18 For purposes of this subsection, "fugitive emissions"
19 means those emissions which could not reasonably pass
20 through a stack, chimney, vent, or other functionally
21 equivalent ~~functionally equivalent~~ opening. The
22 fugitive emissions of a stationary source shall not be
23 considered in determining whether it is a major
24 stationary source for the purposes of Section 302(j)
25 of the Clean Air Act, unless the source belongs to one
26 of the following categories of stationary source:

- 1 A. Coal cleaning plants (with thermal dryers).
- 2 B. Kraft pulp mills.
- 3 C. Portland cement plants.
- 4 D. Primary zinc smelters.
- 5 E. Iron and steel mills.
- 6 F. Primary aluminum ore reduction plants.
- 7 G. Primary copper smelters.
- 8 H. Municipal incinerators capable of charging
- 9 more than 250 tons of refuse per day.
- 10 I. Hydrofluoric, sulfuric, or nitric acid
- 11 plants.
- 12 J. Petroleum refineries.
- 13 K. Lime plants.
- 14 L. Phosphate rock processing plants.
- 15 M. Coke oven batteries.

- 19 Q. Fuel conversion plants.
- 20 R. Sintering plants.
- 21 S. Secondary metal production plants.
- 22 T. Chemical process plants.
- 23 U. Fossil-fuel boilers (or combination
- 24 thereof) totaling more than 250 million British
- 25 thermal units per hour heat input.
- 26 V. Petroleum storage and transfer units with a

1 total storage capacity exceeding 300,000 barrels.

2 W. Taconite ore processing plants.

3 X. Glass fiber processing plants.

4 Y. Charcoal production plants.

5 Z. Fossil fuel-fired steam electric plants of
6 more than 250 million British thermal units per
7 hour heat input.

8 AA. All other stationary source categories,
9 which as of August 7, 1980 are being regulated by a
10 standard promulgated under Section 111 or 112 of
11 the Clean Air Act.

12 BB. Any other stationary source category
13 designated by USEPA by rule.

14 iii. A major stationary source as defined in part
15 D of Title I of the Clean Air Act including:

16 A. For ozone nonattainment areas, sources with
17 the potential to emit 100 tons or more per year of
18 volatile organic compounds or oxides of nitrogen
19 in areas classified as "marginal" or "moderate",
20 50 tons or more per year in areas classified as
21 "serious", 25 tons or more per year in areas
22 classified as "severe", and 10 tons or more per
23 year in areas classified as "extreme"; except that
24 the references in this clause to 100, 50, 25, and
25 10 tons per year of nitrogen oxides shall not
26 apply with respect to any source for which USEPA

1 has made a finding, under Section 182(f)(1) or (2)
2 of the Clean Air Act, that requirements otherwise
3 applicable to such source under Section 182(f) of
4 the Clean Air Act do not apply. Such sources shall
5 remain subject to the major source criteria of
6 subparagraph (ii) of paragraph (c) of this
7 subsection.

8 B. For ozone transport regions established
9 pursuant to Section 184 of the Clean Air Act,
10 sources with the potential to emit 50 tons or more
11 per year of volatile organic compounds (VOCs).

12 C. For carbon monoxide nonattainment areas (1)
13 that are classified as "serious", and (2) in which
14 stationary sources contribute significantly to
15 carbon monoxide levels as determined under rules
16 issued by USEPA, sources with the potential to
17 emit 50 tons or more per year of carbon monoxide.

18 D. For particulate matter (PM-10)
19 nonattainment areas classified as "serious",
20 sources with the potential to emit 70 tons or more
21 per year of PM-10.

22 3. Agency Authority To Issue CAAPP Permits and Federally
23 Enforceable State Operating Permits.

24 a. The Agency shall issue CAAPP permits under this
25 Section consistent with the Clean Air Act and regulations

1 promulgated thereunder and this Act and regulations
2 promulgated thereunder.

3 b. The Agency shall issue CAAPP permits for fixed
4 terms of 5 years, except CAAPP permits issued for solid
5 waste incineration units combusting municipal waste which
6 shall be issued for fixed terms of 12 years and except
7 CAAPP permits for affected sources for acid deposition
8 which shall be issued for initial terms to expire on
9 December 31, 1999, and for fixed terms of 5 years
10 thereafter.

11 c. The Agency shall have the authority to issue a
12 State operating permit for a source under subsection (a)
13 of Section 39 of this Act, as amended, and regulations
14 promulgated thereunder, which includes federally
15 enforceable conditions limiting the "potential to emit" of
16 the source to a level below the major source threshold for
17 that source as described in paragraph (c) of subsection 2
18 of this Section, thereby excluding the source from the
19 CAAPP, when requested by the applicant pursuant to
20 paragraph (u) of subsection 5 of this Section. The public
21 notice requirements of this Section applicable to CAAPP
22 permits shall also apply to the initial issuance of
23 permits under this paragraph.

24 d. For purposes of this Act, a permit issued by USEPA
25 under Section 505 of the Clean Air Act, as now and
26 hereafter amended, shall be deemed to be a permit issued

1 by the Agency pursuant to this Section 39.5 ~~of this Act~~.

2 4. Transition.

3 a. An owner or operator of a CAAPP source shall not be
4 required to renew an existing State operating permit for
5 any emission unit at such CAAPP source once a CAAPP
6 application timely submitted prior to expiration of the
7 State operating permit has been deemed complete. For
8 purposes other than permit renewal, the obligation upon
9 the owner or operator of a CAAPP source to obtain a State
10 operating permit is not removed upon submittal of the
11 complete CAAPP permit application. An owner or operator of
12 a CAAPP source seeking to make a modification to a source
13 prior to the issuance of its CAAPP permit shall be
14 required to obtain a construction permit, operating
15 permit, or both as required for such modification in
16 accordance with the State permit program under subsection
17 (a) of Section 39 of this Act, as amended, and regulations
18 promulgated thereunder. The application for such
19 construction permit, operating permit, or both shall be
20 considered an amendment to the CAAPP application submitted
21 for such source.

22 b. An owner or operator of a CAAPP source shall
23 continue to operate in accordance with the terms and
24 conditions of its applicable State operating permit
25 notwithstanding the expiration of the State operating

1 permit until the source's CAAPP permit has been issued.

2 c. An owner or operator of a CAAPP source shall submit
3 its initial CAAPP application to the Agency no later than
4 12 months after the effective date of the CAAPP. The
5 Agency may request submittal of initial CAAPP applications
6 during this 12-month period according to a schedule set
7 forth within Agency procedures, however, in no event shall
8 the Agency require such submittal earlier than 3 months
9 after such effective date of the CAAPP. An owner or
10 operator may voluntarily submit its initial CAAPP
11 application prior to the date required within this
12 paragraph or applicable procedures, if any, subsequent to
13 the date the Agency submits the CAAPP to USEPA for
14 approval.

15 d. The Agency shall act on initial CAAPP applications
16 in accordance with paragraph (j) of subsection 5 of this
17 Section.

18 e. For purposes of this Section, the term "initial
19 CAAPP application" shall mean the first CAAPP application
20 submitted for a source existing as of the effective date
21 of the CAAPP.

22 f. The Agency shall provide owners or operators of
23 CAAPP sources with at least 3 months advance notice of the
24 date on which their applications are required to be
25 submitted. In determining which sources shall be subject
26 to early submittal, the Agency shall include among its

1 considerations the complexity of the permit application,
2 and the burden that such early submittal will have on the
3 source.

4 g. The CAAPP permit shall upon becoming effective
5 supersede the State operating permit.

6 h. The Agency shall have the authority to adopt
7 procedural rules, in accordance with the Illinois
8 Administrative Procedure Act, as the Agency deems
9 necessary, to implement this subsection.

10 5. Applications and Completeness.

11 a. An owner or operator of a CAAPP source shall submit
12 its complete CAAPP application consistent with the Act and
13 applicable regulations.

14 b. An owner or operator of a CAAPP source shall submit
15 a single complete CAAPP application covering all emission
16 units at that source.

17 c. To be deemed complete, a CAAPP application must
18 provide all information, as requested in Agency
19 application forms, sufficient to evaluate the subject
20 source and its application and to determine all applicable
21 requirements, pursuant to the Clean Air Act, and
22 regulations thereunder, this Act and regulations
23 thereunder. Such Agency application forms shall be
24 finalized and made available prior to the date on which
25 any CAAPP application is required.

1 d. An owner or operator of a CAAPP source shall
2 submit, as part of its complete CAAPP application, a
3 compliance plan, including a schedule of compliance,
4 describing how each emission unit will comply with all
5 applicable requirements. Any such schedule of compliance
6 shall be supplemental to, and shall not sanction
7 noncompliance with, the applicable requirements on which
8 it is based.

9 e. Each submitted CAAPP application shall be certified
10 for truth, accuracy, and completeness by a responsible
11 official in accordance with applicable regulations.

12 f. The Agency shall provide notice to a CAAPP
13 applicant as to whether a submitted CAAPP application is
14 complete. Unless the Agency notifies the applicant of
15 incompleteness, within 60 days after receipt of the CAAPP
16 application, the application shall be deemed complete. The
17 Agency may request additional information as needed to
18 make the completeness determination. The Agency may to the
19 extent practicable provide the applicant with a reasonable
20 opportunity to correct deficiencies prior to a final
21 determination of completeness.

22 g. If after the determination of completeness the
23 Agency finds that additional information is necessary to
24 evaluate or take final action on the CAAPP application,
25 the Agency may request in writing such information from
26 the source with a reasonable deadline for response.

1 h. If the owner or operator of a CAAPP source submits a
2 timely and complete CAAPP application, the source's
3 failure to have a CAAPP permit shall not be a violation of
4 this Section until the Agency takes final action on the
5 submitted CAAPP application, provided, however, where the
6 applicant fails to submit the requested information under
7 paragraph (g) of this subsection 5 within the time frame
8 specified by the Agency, this protection shall cease to
9 apply.

10 i. Any applicant who fails to submit any relevant
11 facts necessary to evaluate the subject source and its
12 CAAPP application or who has submitted incorrect
13 information in a CAAPP application shall, upon becoming
14 aware of such failure or incorrect submittal, submit
15 supplementary facts or correct information to the Agency.
16 In addition, an applicant shall provide to the Agency
17 additional information as necessary to address any
18 requirements which become applicable to the source
19 subsequent to the date the applicant submitted its
20 complete CAAPP application but prior to release of the
21 draft CAAPP permit.

22 j. The Agency shall issue or deny the CAAPP permit
23 within 18 months after the date of receipt of the complete
24 CAAPP application, with the following exceptions: (i)
25 permits for affected sources for acid deposition shall be
26 issued or denied within 6 months after receipt of a

1 complete application in accordance with subsection 17 of
2 this Section; (ii) the Agency shall act on initial CAAPP
3 applications within 24 months after the date of receipt of
4 the complete CAAPP application; (iii) the Agency shall act
5 on complete applications containing early reduction
6 demonstrations under Section 112(i)(5) of the Clean Air
7 Act within 9 months of receipt of the complete CAAPP
8 application.

9 Where the Agency does not take final action on the
10 permit within the required time period, the permit shall
11 not be deemed issued; rather, the failure to act shall be
12 treated as a final permit action for purposes of judicial
13 review pursuant to Sections 40.2 and 41 of this Act.

14 k. The submittal of a complete CAAPP application shall
15 not affect the requirement that any source have a
16 preconstruction permit under Title I of the Clean Air Act.

17 l. Unless a timely and complete renewal application
18 has been submitted consistent with this subsection, a
19 CAAPP source operating upon the expiration of its CAAPP
20 permit shall be deemed to be operating without a CAAPP
21 permit. Such operation is prohibited under this Act.

22 m. Permits being renewed shall be subject to the same
23 procedural requirements, including those for public
24 participation and federal review and objection, that apply
25 to original permit issuance.

26 n. For purposes of permit renewal, a timely

1 application is one that is submitted no less than 9 months
2 prior to the date of permit expiration.

3 o. The terms and conditions of a CAAPP permit shall
4 remain in effect until the issuance of a CAAPP renewal
5 permit provided a timely and complete CAAPP application
6 has been submitted.

7 p. The owner or operator of a CAAPP source seeking a
8 permit shield pursuant to paragraph (j) of subsection 7 of
9 this Section shall request such permit shield in the CAAPP
10 application regarding that source.

11 q. The Agency shall make available to the public all
12 documents submitted by the applicant to the Agency,
13 including each CAAPP application, compliance plan
14 (including the schedule of compliance), and emissions or
15 compliance monitoring report, with the exception of
16 information entitled to confidential treatment pursuant to
17 Section 7 of this Act.

18 r. The Agency shall use the standardized forms
19 required under Title IV of the Clean Air Act and
20 regulations promulgated thereunder for affected sources
21 for acid deposition.

22 s. An owner or operator of a CAAPP source may include
23 within its CAAPP application a request for permission to
24 operate during a startup, malfunction, or breakdown
25 consistent with applicable Board regulations.

26 t. An owner or operator of a CAAPP source, in order to

1 utilize the operational flexibility provided under
2 paragraph (1) of subsection 7 of this Section, must
3 request such use and provide the necessary information
4 within its CAAPP application.

5 u. An owner or operator of a CAAPP source which seeks
6 exclusion from the CAAPP through the imposition of
7 federally enforceable conditions, pursuant to paragraph
8 (c) of subsection 3 of this Section, must request such
9 exclusion within a CAAPP application submitted consistent
10 with this subsection on or after the date that the CAAPP
11 application for the source is due. Prior to such date, but
12 in no case later than 9 months after the effective date of
13 the CAAPP, such owner or operator may request the
14 imposition of federally enforceable conditions pursuant to
15 paragraph (b) of subsection 1.1 of this Section.

16 v. CAAPP applications shall contain accurate
17 information on allowable emissions to implement the fee
18 provisions of subsection 18 of this Section.

19 w. An owner or operator of a CAAPP source shall submit
20 within its CAAPP application emissions information
21 regarding all regulated air pollutants emitted at that
22 source consistent with applicable Agency procedures.
23 Emissions information regarding insignificant activities
24 or emission levels, as determined by the Agency pursuant
25 to Board regulations, may be submitted as a list within
26 the CAAPP application. The Agency shall propose

1 regulations to the Board defining insignificant activities
2 or emission levels, consistent with federal regulations,
3 if any, no later than 18 months after the effective date of
4 Public Act 87-1213 ~~this amendatory Act of 1992~~, consistent
5 with Section 112(n)(1) of the Clean Air Act. The Board
6 shall adopt final regulations defining insignificant
7 activities or emission levels no later than 9 months after
8 the date of the Agency's proposal.

9 x. The owner or operator of a new CAAPP source shall
10 submit its complete CAAPP application consistent with this
11 subsection within 12 months after commencing operation of
12 such source. The owner or operator of an existing source
13 that has been excluded from the provisions of this Section
14 under subsection 1.1 or paragraph (c) of subsection 3 of
15 this Section and that becomes subject to the CAAPP solely
16 due to a change in operation at the source shall submit its
17 complete CAAPP application consistent with this subsection
18 at least 180 days before commencing operation in
19 accordance with the change in operation.

20 y. The Agency shall have the authority to adopt
21 procedural rules, in accordance with the Illinois
22 Administrative Procedure Act, as the Agency deems
23 necessary to implement this subsection.

24 6. Prohibitions.

25 a. It shall be unlawful for any person to violate any

1 terms or conditions of a permit issued under this Section,
2 to operate any CAAPP source except in compliance with a
3 permit issued by the Agency under this Section or to
4 violate any other applicable requirements. All terms and
5 conditions of a permit issued under this Section are
6 enforceable by USEPA and citizens under the Clean Air Act,
7 except those, if any, that are specifically designated as
8 not being federally enforceable in the permit pursuant to
9 paragraph (m) of subsection 7 of this Section.

10 b. After the applicable CAAPP permit or renewal
11 application submittal date, as specified in subsection 5
12 of this Section, no person shall operate a CAAPP source
13 without a CAAPP permit unless the complete CAAPP permit or
14 renewal application for such source has been timely
15 submitted to the Agency.

16 c. No owner or operator of a CAAPP source shall cause
17 or threaten or allow the continued operation of an
18 emission source during malfunction or breakdown of the
19 emission source or related air pollution control equipment
20 if such operation would cause a violation of the standards
21 or limitations applicable to the source, unless the CAAPP
22 permit granted to the source provides for such operation
23 consistent with this Act and applicable Board regulations.

24 7. Permit Content.

25 a. All CAAPP permits shall contain emission

1 limitations and standards and other enforceable terms and
2 conditions, including, but not limited to, operational
3 requirements, and schedules for achieving compliance at
4 the earliest reasonable date, which are or will be
5 required to accomplish the purposes and provisions of this
6 Act and to assure compliance with all applicable
7 requirements.

8 b. The Agency shall include among such conditions
9 applicable monitoring, reporting, recordkeeping, ~~record~~
10 ~~keeping~~ and compliance certification requirements, as
11 authorized by paragraphs (d), (e), and (f) of this
12 subsection, that the Agency deems necessary to assure
13 compliance with the Clean Air Act, the regulations
14 promulgated thereunder, this Act, and applicable Board
15 regulations. When monitoring, reporting, recordkeeping
16 ~~record-keeping~~, and compliance certification requirements
17 are specified within the Clean Air Act, regulations
18 promulgated thereunder, this Act, or applicable
19 regulations, such requirements shall be included within
20 the CAAPP permit. The Board shall have authority to
21 promulgate additional regulations where necessary to
22 accomplish the purposes of the Clean Air Act, this Act,
23 and regulations promulgated thereunder.

24 c. The Agency shall assure, within such conditions,
25 the use of terms, test methods, units, averaging periods,
26 and other statistical conventions consistent with the

1 applicable emission limitations, standards, and other
2 requirements contained in the permit.

3 d. To meet the requirements of this subsection with
4 respect to monitoring, the permit shall:

5 i. Incorporate and identify all applicable
6 emissions monitoring and analysis procedures or test
7 methods required under the Clean Air Act, regulations
8 promulgated thereunder, this Act, and applicable Board
9 regulations, including any procedures and methods
10 promulgated by USEPA pursuant to Section 504(b) or
11 Section 114 (a) (3) of the Clean Air Act.

12 ii. Where the applicable requirement does not
13 require periodic testing or instrumental or
14 noninstrumental monitoring (which may consist of
15 recordkeeping designed to serve as monitoring),
16 require periodic monitoring sufficient to yield
17 reliable data from the relevant time period that is
18 representative of the source's compliance with the
19 permit, as reported pursuant to paragraph (f) of this
20 subsection. The Agency may determine that
21 recordkeeping requirements are sufficient to meet the
22 requirements of this subparagraph.

23 iii. As necessary, specify requirements concerning
24 the use, maintenance, and when appropriate,
25 installation of monitoring equipment or methods.

26 e. To meet the requirements of this subsection with

1 respect to recordkeeping ~~record-keeping~~, the permit shall
2 incorporate and identify all applicable recordkeeping
3 requirements and require, where applicable, the following:

4 i. Records of required monitoring information that
5 include the following:

6 A. The date, place and time of sampling or
7 measurements.

8 B. The date(s) analyses were performed.

9 C. The company or entity that performed the
10 analyses.

11 D. The analytical techniques or methods used.

12 E. The results of such analyses.

13 F. The operating conditions as existing at the
14 time of sampling or measurement.

15 ii. Retention of records of all monitoring data
16 and support information for a period of at least 5
17 years from the date of the monitoring sample,
18 measurement, report, or application. Support
19 information includes all calibration and maintenance
20 records, original strip-chart recordings for
21 continuous monitoring instrumentation, and copies of
22 all reports required by the permit.

23 f. To meet the requirements of this subsection with
24 respect to reporting, the permit shall incorporate and
25 identify all applicable reporting requirements and require
26 the following:

1 i. Submittal of reports of any required monitoring
2 every 6 months. More frequent submittals may be
3 requested by the Agency if such submittals are
4 necessary to assure compliance with this Act or
5 regulations promulgated by the Board thereunder. All
6 instances of deviations from permit requirements must
7 be clearly identified in such reports. All required
8 reports must be certified by a responsible official
9 consistent with subsection 5 of this Section.

10 ii. Prompt reporting of deviations from permit
11 requirements, including those attributable to upset
12 conditions as defined in the permit, the probable
13 cause of such deviations, and any corrective actions
14 or preventive measures taken.

15 g. Each CAAPP permit issued under subsection 10 of
16 this Section shall include a condition prohibiting
17 emissions exceeding any allowances that the source
18 lawfully holds under Title IV of the Clean Air Act or the
19 regulations promulgated thereunder, consistent with
20 subsection 17 of this Section and applicable regulations,
21 if any.

22 h. All CAAPP permits shall state that, where another
23 applicable requirement of the Clean Air Act is more
24 stringent than any applicable requirement of regulations
25 promulgated under Title IV of the Clean Air Act, both
26 provisions shall be incorporated into the permit and shall

1 be State and federally enforceable.

2 i. Each CAAPP permit issued under subsection 10 of
3 this Section shall include a severability clause to ensure
4 the continued validity of the various permit requirements
5 in the event of a challenge to any portions of the permit.

6 j. The following shall apply with respect to owners or
7 operators requesting a permit shield:

8 i. The Agency shall include in a CAAPP permit,
9 when requested by an applicant pursuant to paragraph
10 (p) of subsection 5 of this Section, a provision
11 stating that compliance with the conditions of the
12 permit shall be deemed compliance with applicable
13 requirements which are applicable as of the date of
14 release of the proposed permit, provided that:

15 A. The applicable requirement is specifically
16 identified within the permit; or

17 B. The Agency in acting on the CAAPP
18 application or revision determines in writing that
19 other requirements specifically identified are not
20 applicable to the source, and the permit includes
21 that determination or a concise summary thereof.

22 ii. The permit shall identify the requirements for
23 which the source is shielded. The shield shall not
24 extend to applicable requirements which are
25 promulgated after the date of release of the proposed
26 permit unless the permit has been modified to reflect

1 such new requirements.

2 iii. A CAAPP permit which does not expressly
3 indicate the existence of a permit shield shall not
4 provide such a shield.

5 iv. Nothing in this paragraph or in a CAAPP permit
6 shall alter or affect the following:

7 A. The provisions of Section 303 (emergency
8 powers) of the Clean Air Act, including USEPA's
9 authority under that section.

10 B. The liability of an owner or operator of a
11 source for any violation of applicable
12 requirements prior to or at the time of permit
13 issuance.

14 C. The applicable requirements of the acid
15 rain program consistent with Section 408(a) of the
16 Clean Air Act.

17 D. The ability of USEPA to obtain information
18 from a source pursuant to Section 114
19 (inspections, monitoring, and entry) of the Clean
20 Air Act.

21 k. Each CAAPP permit shall include an emergency
22 provision providing an affirmative defense of emergency to
23 an action brought for noncompliance with technology-based
24 emission limitations under a CAAPP permit if the following
25 conditions are met through properly signed,
26 contemporaneous operating logs, or other relevant

1 evidence:

2 i. An emergency occurred and the permittee can
3 identify the cause(s) of the emergency.

4 ii. The permitted facility was at the time being
5 properly operated.

6 iii. The permittee submitted notice of the
7 emergency to the Agency within 2 working days after
8 the time when emission limitations were exceeded due
9 to the emergency. This notice must contain a detailed
10 description of the emergency, any steps taken to
11 mitigate emissions, and corrective actions taken.

12 iv. During the period of the emergency the
13 permittee took all reasonable steps to minimize levels
14 of emissions that exceeded the emission limitations,
15 standards, or requirements in the permit.

16 For purposes of this subsection, "emergency" means any
17 situation arising from sudden and reasonably unforeseeable
18 events beyond the control of the source, such as an act of
19 God, that requires immediate corrective action to restore
20 normal operation, and that causes the source to exceed a
21 technology-based emission limitation under the permit, due
22 to unavoidable increases in emissions attributable to the
23 emergency. An emergency shall not include noncompliance to
24 the extent caused by improperly designed equipment, lack
25 of preventative maintenance, careless or improper
26 operation, or operation error.

1 In any enforcement proceeding, the permittee seeking
2 to establish the occurrence of an emergency has the burden
3 of proof. This provision is in addition to any emergency
4 or upset provision contained in any applicable
5 requirement. This provision does not relieve a permittee
6 of any reporting obligations under existing federal or
7 state laws or regulations.

8 1. The Agency shall include in each permit issued
9 under subsection 10 of this Section:

10 i. Terms and conditions for reasonably anticipated
11 operating scenarios identified by the source in its
12 application. The permit terms and conditions for each
13 such operating scenario shall meet all applicable
14 requirements and the requirements of this Section.

15 A. Under this subparagraph, the source must
16 record in a log at the permitted facility a record
17 of the scenario under which it is operating
18 contemporaneously with making a change from one
19 operating scenario to another.

20 B. The permit shield described in paragraph
21 (j) of subsection 7 of this Section shall extend
22 to all terms and conditions under each such
23 operating scenario.

24 ii. Where requested by an applicant, all terms and
25 conditions allowing for trading of emissions increases
26 and decreases between different emission units at the

1 CAAPP source, to the extent that the applicable
2 requirements provide for trading of such emissions
3 increases and decreases without a case-by-case
4 approval of each emissions trade. Such terms and
5 conditions:

6 A. Shall include all terms required under this
7 subsection to determine compliance;

8 B. Must meet all applicable requirements;

9 C. Shall extend the permit shield described in
10 paragraph (j) of subsection 7 of this Section to
11 all terms and conditions that allow such increases
12 and decreases in emissions.

13 m. The Agency shall specifically designate as not
14 being federally enforceable under the Clean Air Act any
15 terms and conditions included in the permit that are not
16 specifically required under the Clean Air Act or federal
17 regulations promulgated thereunder. Terms or conditions so
18 designated shall be subject to all applicable State
19 requirements, except the requirements of subsection 7
20 (other than this paragraph, paragraph q of subsection 7,
21 subsections 8 through 11, and subsections 13 through 16 of
22 this Section). The Agency shall, however, include such
23 terms and conditions in the CAAPP permit issued to the
24 source.

25 n. Each CAAPP permit issued under subsection 10 of
26 this Section shall specify and reference the origin of and

1 authority for each term or condition, and identify any
2 difference in form as compared to the applicable
3 requirement upon which the term or condition is based.

4 o. Each CAAPP permit issued under subsection 10 of
5 this Section shall include provisions stating the
6 following:

7 i. Duty to comply. The permittee must comply with
8 all terms and conditions of the CAAPP permit. Any
9 permit noncompliance constitutes a violation of the
10 Clean Air Act and the Act, and is grounds for any or
11 all of the following: enforcement action; permit
12 termination, revocation and reissuance, or
13 modification; or denial of a permit renewal
14 application.

15 ii. Need to halt or reduce activity not a defense.
16 It shall not be a defense for a permittee in an
17 enforcement action that it would have been necessary
18 to halt or reduce the permitted activity in order to
19 maintain compliance with the conditions of this
20 permit.

21 iii. Permit actions. The permit may be modified,
22 revoked, reopened, and reissued, or terminated for
23 cause in accordance with the applicable subsections of
24 this Section 39.5 ~~of this Act~~. The filing of a request
25 by the permittee for a permit modification, revocation
26 and reissuance, or termination, or of a notification

1 of planned changes or anticipated noncompliance does
2 not stay any permit condition.

3 iv. Property rights. The permit does not convey
4 any property rights of any sort, or any exclusive
5 privilege.

6 v. Duty to provide information. The permittee
7 shall furnish to the Agency within a reasonable time
8 specified by the Agency any information that the
9 Agency may request in writing to determine whether
10 cause exists for modifying, revoking and reissuing, or
11 terminating the permit or to determine compliance with
12 the permit. Upon request, the permittee shall also
13 furnish to the Agency copies of records required to be
14 kept by the permit or, for information claimed to be
15 confidential, the permittee may furnish such records
16 directly to USEPA along with a claim of
17 confidentiality.

18 vi. Duty to pay fees. The permittee must pay fees
19 to the Agency consistent with the fee schedule
20 approved pursuant to subsection 18 of this Section,
21 and submit any information relevant thereto.

22 vii. Emissions trading. No permit revision shall
23 be required for increases in emissions allowed under
24 any approved economic incentives, marketable permits,
25 emissions trading, and other similar programs or
26 processes for changes that are provided for in the

1 permit and that are authorized by the applicable
2 requirement.

3 p. Each CAAPP permit issued under subsection 10 of
4 this Section shall contain the following elements with
5 respect to compliance:

6 i. Compliance certification, testing, monitoring,
7 reporting, and recordkeeping ~~record—keeping~~
8 requirements sufficient to assure compliance with the
9 terms and conditions of the permit. Any document
10 (including reports) required by a CAAPP permit shall
11 contain a certification by a responsible official that
12 meets the requirements of subsection 5 of this Section
13 and applicable regulations.

14 ii. Inspection and entry requirements that
15 necessitate that, upon presentation of credentials and
16 other documents as may be required by law and in
17 accordance with constitutional limitations, the
18 permittee shall allow the Agency, or an authorized
19 representative to perform the following:

20 A. Enter upon the permittee's premises where a
21 CAAPP source is located or emissions-related
22 activity is conducted, or where records must be
23 kept under the conditions of the permit.

24 B. Have access to and copy, at reasonable
25 times, any records that must be kept under the
26 conditions of the permit.

1 C. Inspect at reasonable times any facilities,
2 equipment (including monitoring and air pollution
3 control equipment), practices, or operations
4 regulated or required under the permit.

5 D. Sample or monitor any substances or
6 parameters at any location:

7 1. As authorized by the Clean Air Act, at
8 reasonable times, for the purposes of assuring
9 compliance with the CAAPP permit or applicable
10 requirements; or

11 2. As otherwise authorized by this Act.

12 iii. A schedule of compliance consistent with
13 subsection 5 of this Section and applicable
14 regulations.

15 iv. Progress reports consistent with an applicable
16 schedule of compliance pursuant to paragraph (d) of
17 subsection 5 of this Section and applicable
18 regulations to be submitted semiannually, or more
19 frequently if the Agency determines that such more
20 frequent submittals are necessary for compliance with
21 the Act or regulations promulgated by the Board
22 thereunder. Such progress reports shall contain the
23 following:

24 A. Required dates for achieving the
25 activities, milestones, or compliance required by
26 the schedule of compliance and dates when such

1 activities, milestones, or compliance were
2 achieved.

3 B. An explanation of why any dates in the
4 schedule of compliance were not or will not be
5 met, and any preventive or corrective measures
6 adopted.

7 v. Requirements for compliance certification with
8 terms and conditions contained in the permit,
9 including emission limitations, standards, or work
10 practices. Permits shall include each of the
11 following:

12 A. The frequency (annually or more frequently
13 as specified in any applicable requirement or by
14 the Agency pursuant to written procedures) of
15 submissions of compliance certifications.

16 B. A means for assessing or monitoring the
17 compliance of the source with its emissions
18 limitations, standards, and work practices.

19 C. A requirement that the compliance
20 certification include the following:

21 1. The identification of each term or
22 condition contained in the permit that is the
23 basis of the certification.

24 2. The compliance status.

25 3. Whether compliance was continuous or
26 intermittent.

1 4. The method(s) used for determining the
2 compliance status of the source, both
3 currently and over the reporting period
4 consistent with subsection 7 of this Section.

5 D. A requirement that all compliance
6 certifications be submitted to the Agency.

7 E. Additional requirements as may be specified
8 pursuant to Sections 114(a)(3) and 504(b) of the
9 Clean Air Act.

10 F. Other provisions as the Agency may require.

11 q. If the owner or operator of CAAPP source can
12 demonstrate in its CAAPP application, including an
13 application for a significant modification, that an
14 alternative emission limit would be equivalent to that
15 contained in the applicable Board regulations, the Agency
16 shall include the alternative emission limit in the CAAPP
17 permit, which shall supersede the emission limit set forth
18 in the applicable Board regulations, and shall include
19 conditions that insure that the resulting emission limit
20 is quantifiable, accountable, enforceable, and based on
21 replicable procedures.

22 8. Public Notice; Affected State Review.

23 a. The Agency shall provide notice to the public,
24 including an opportunity for public comment and a hearing,
25 on each draft CAAPP permit for issuance, renewal, or

1 significant modification, subject to Section 7.1 and
2 subsection (a) of Section 7 of this Act.

3 b. The Agency shall prepare a draft CAAPP permit and a
4 statement that sets forth the legal and factual basis for
5 the draft CAAPP permit conditions, including references to
6 the applicable statutory or regulatory provisions. The
7 Agency shall provide this statement to any person who
8 requests it.

9 c. The Agency shall give notice of each draft CAAPP
10 permit to the applicant and to any affected State on or
11 before the time that the Agency has provided notice to the
12 public, except as otherwise provided in this Act.

13 d. The Agency, as part of its submittal of a proposed
14 permit to USEPA (or as soon as possible after the
15 submittal for minor permit modification procedures allowed
16 under subsection 14 of this Section), shall notify USEPA
17 and any affected State in writing of any refusal of the
18 Agency to accept all of the recommendations for the
19 proposed permit that an affected State submitted during
20 the public or affected State review period. The notice
21 shall include the Agency's reasons for not accepting the
22 recommendations. The Agency is not required to accept
23 recommendations that are not based on applicable
24 requirements or the requirements of this Section.

25 e. The Agency shall make available to the public any
26 CAAPP permit application, compliance plan (including the

1 schedule of compliance), CAAPP permit, and emissions or
2 compliance monitoring report. If an owner or operator of a
3 CAAPP source is required to submit information entitled to
4 protection from disclosure under Section 7.1 and
5 subsection (a) of Section 7 of this Act, the owner or
6 operator shall submit such information separately. The
7 requirements of Section 7.1 and subsection (a) of Section
8 7 of this Act shall apply to such information, which shall
9 not be included in a CAAPP permit unless required by law.
10 The contents of a CAAPP permit shall not be entitled to
11 protection under Section 7.1 and subsection (a) of Section
12 7 of this Act.

13 f. The Agency shall have the authority to adopt
14 procedural rules, in accordance with the Illinois
15 Administrative Procedure Act, as the Agency deems
16 necessary, to implement this subsection.

17 g. If requested by the permit applicant, the Agency
18 shall provide the permit applicant with a copy of the
19 draft CAAPP permit prior to any public review period. If
20 requested by the permit applicant, the Agency shall
21 provide the permit applicant with a copy of the final
22 CAAPP permit prior to issuance of the CAAPP permit.

23 9. USEPA Notice and Objection.

24 a. The Agency shall provide to USEPA for its review a
25 copy of each CAAPP application (including any application

1 for permit modification), statement of basis as provided
2 in paragraph (b) of subsection 8 of this Section, proposed
3 CAAPP permit, CAAPP permit, and, if the Agency does not
4 incorporate any affected State's recommendations on a
5 proposed CAAPP permit, a written statement of this
6 decision and its reasons for not accepting the
7 recommendations, except as otherwise provided in this Act
8 or by agreement with USEPA. To the extent practicable, the
9 preceding information shall be provided in computer
10 readable format compatible with USEPA's national database
11 management system.

12 b. The Agency shall not issue the proposed CAAPP
13 permit if USEPA objects in writing within 45 days after
14 receipt of the proposed CAAPP permit and all necessary
15 supporting information.

16 c. If USEPA objects in writing to the issuance of the
17 proposed CAAPP permit within the 45-day period, the Agency
18 shall respond in writing and may revise and resubmit the
19 proposed CAAPP permit in response to the stated objection,
20 to the extent supported by the record, within 90 days
21 after the date of the objection. Prior to submitting a
22 revised permit to USEPA, the Agency shall provide the
23 applicant and any person who participated in the public
24 comment process, pursuant to subsection 8 of this Section,
25 with a 10-day period to comment on any revision which the
26 Agency is proposing to make to the permit in response to

1 USEPA's objection in accordance with Agency procedures.

2 d. Any USEPA objection under this subsection,
3 according to the Clean Air Act, will include a statement
4 of reasons for the objection and a description of the
5 terms and conditions that must be in the permit, in order
6 to adequately respond to the objections. Grounds for a
7 USEPA objection include the failure of the Agency to: (1)
8 submit the items and notices required under this
9 subsection; (2) submit any other information necessary to
10 adequately review the proposed CAAPP permit; or (3)
11 process the permit under subsection 8 of this Section
12 except for minor permit modifications.

13 e. If USEPA does not object in writing to issuance of a
14 permit under this subsection, any person may petition
15 USEPA within 60 days after expiration of the 45-day review
16 period to make such objection.

17 f. If the permit has not yet been issued and USEPA
18 objects to the permit as a result of a petition, the Agency
19 shall not issue the permit until USEPA's objection has
20 been resolved. The Agency shall provide a 10-day comment
21 period in accordance with paragraph c of this subsection.
22 A petition does not, however, stay the effectiveness of a
23 permit or its requirements if the permit was issued after
24 expiration of the 45-day review period and prior to a
25 USEPA objection.

26 g. If the Agency has issued a permit after expiration

1 of the 45-day review period and prior to receipt of a USEPA
2 objection under this subsection in response to a petition
3 submitted pursuant to paragraph e of this subsection, the
4 Agency may, upon receipt of an objection from USEPA,
5 revise and resubmit the permit to USEPA pursuant to this
6 subsection after providing a 10-day comment period in
7 accordance with paragraph c of this subsection. If the
8 Agency fails to submit a revised permit in response to the
9 objection, USEPA shall modify, terminate, or revoke the
10 permit. In any case, the source will not be in violation of
11 the requirement to have submitted a timely and complete
12 application.

13 h. The Agency shall have the authority to adopt
14 procedural rules, in accordance with the Illinois
15 Administrative Procedure Act, as the Agency deems
16 necessary, to implement this subsection.

17 10. Final Agency Action.

18 a. The Agency shall issue a CAAPP permit, permit
19 modification, or permit renewal if all of the following
20 conditions are met:

21 i. The applicant has submitted a complete and
22 certified application for a permit, permit
23 modification, or permit renewal consistent with
24 subsections 5 and 14 of this Section, as applicable,
25 and applicable regulations.

1 ii. The applicant has submitted with its complete
2 application an approvable compliance plan, including a
3 schedule for achieving compliance, consistent with
4 subsection 5 of this Section and applicable
5 regulations.

6 iii. The applicant has timely paid the fees
7 required pursuant to subsection 18 of this Section and
8 applicable regulations.

9 iv. The Agency has received a complete CAAPP
10 application and, if necessary, has requested and
11 received additional information from the applicant
12 consistent with subsection 5 of this Section and
13 applicable regulations.

14 v. The Agency has complied with all applicable
15 provisions regarding public notice and affected State
16 review consistent with subsection 8 of this Section
17 and applicable regulations.

18 vi. The Agency has provided a copy of each CAAPP
19 application, or summary thereof, pursuant to agreement
20 with USEPA and proposed CAAPP permit required under
21 subsection 9 of this Section to USEPA, and USEPA has
22 not objected to the issuance of the permit in
23 accordance with the Clean Air Act and 40 CFR Part 70.

24 b. The Agency shall have the authority to deny a CAAPP
25 permit, permit modification, or permit renewal if the
26 applicant has not complied with the requirements of

1 subparagraphs (i) through (iv) of paragraph (a) of this
2 subsection or if USEPA objects to its issuance.

3 c. i. Prior to denial of a CAAPP permit, permit
4 modification, or permit renewal under this Section,
5 the Agency shall notify the applicant of the possible
6 denial and the reasons for the denial.

7 ii. Within such notice, the Agency shall specify
8 an appropriate date by which the applicant shall
9 adequately respond to the Agency's notice. Such date
10 shall not exceed 15 days from the date the
11 notification is received by the applicant. The Agency
12 may grant a reasonable extension for good cause shown.

13 iii. Failure by the applicant to adequately
14 respond by the date specified in the notification or
15 by any granted extension date shall be grounds for
16 denial of the permit.

17 For purposes of obtaining judicial review under
18 Sections 40.2 and 41 of this Act, the Agency shall
19 provide to USEPA and each applicant, and, upon
20 request, to affected States, any person who
21 participated in the public comment process, and any
22 other person who could obtain judicial review under
23 Sections 40.2 and 41 of this Act, a copy of each CAAPP
24 permit or notification of denial pertaining to that
25 party.

26 d. The Agency shall have the authority to adopt

1 procedural rules, in accordance with the Illinois
2 Administrative Procedure Act, as the Agency deems
3 necessary, to implement this subsection.

4 11. General Permits.

5 a. The Agency may issue a general permit covering
6 numerous similar sources, except for affected sources for
7 acid deposition unless otherwise provided in regulations
8 promulgated under Title IV of the Clean Air Act.

9 b. The Agency shall identify, in any general permit,
10 criteria by which sources may qualify for the general
11 permit.

12 c. CAAPP sources that would qualify for a general
13 permit must apply for coverage under the terms of the
14 general permit or must apply for a CAAPP permit consistent
15 with subsection 5 of this Section and applicable
16 regulations.

17 d. The Agency shall comply with the public comment and
18 hearing provisions of this Section as well as the USEPA
19 and affected State review procedures prior to issuance of
20 a general permit.

21 e. When granting a subsequent request by a qualifying
22 CAAPP source for coverage under the terms of a general
23 permit, the Agency shall not be required to repeat the
24 public notice and comment procedures. The granting of such
25 request shall not be considered a final permit action for

1 purposes of judicial review.

2 f. The Agency may not issue a general permit to cover
3 any discrete emission unit at a CAAPP source if another
4 CAAPP permit covers emission units at the source.

5 g. The Agency shall have the authority to adopt
6 procedural rules, in accordance with the Illinois
7 Administrative Procedure Act, as the Agency deems
8 necessary, to implement this subsection.

9 12. Operational Flexibility.

10 a. An owner or operator of a CAAPP source may make
11 changes at the CAAPP source without requiring a prior
12 permit revision, consistent with subparagraphs (i) through
13 (iii) of paragraph (a) of this subsection, so long as the
14 changes are not modifications under any provision of Title
15 I of the Clean Air Act and they do not exceed the emissions
16 allowable under the permit (whether expressed therein as a
17 rate of emissions or in terms of total emissions),
18 provided that the owner or operator of the CAAPP source
19 provides USEPA and the Agency with written notification as
20 required below in advance of the proposed changes, which
21 shall be a minimum of 7 days, unless otherwise provided by
22 the Agency in applicable regulations regarding
23 emergencies. The owner or operator of a CAAPP source and
24 the Agency shall each attach such notice to their copy of
25 the relevant permit.

1 i. An owner or operator of a CAAPP source may make
2 Section 502 (b) (10) changes without a permit
3 revision, if the changes are not modifications under
4 any provision of Title I of the Clean Air Act and the
5 changes do not exceed the emissions allowable under
6 the permit (whether expressed therein as a rate of
7 emissions or in terms of total emissions).

8 A. For each such change, the written
9 notification required above shall include a brief
10 description of the change within the source, the
11 date on which the change will occur, any change in
12 emissions, and any permit term or condition that
13 is no longer applicable as a result of the change.

14 B. The permit shield described in paragraph
15 (j) of subsection 7 of this Section shall not
16 apply to any change made pursuant to this
17 subparagraph.

18 ii. An owner or operator of a CAAPP source may
19 trade increases and decreases in emissions in the
20 CAAPP source, where the applicable implementation plan
21 provides for such emission trades without requiring a
22 permit revision. This provision is available in those
23 cases where the permit does not already provide for
24 such emissions trading.

25 A. Under this subparagraph (ii) of paragraph
26 (a) of this subsection, the written notification

1 required above shall include such information as
2 may be required by the provision in the applicable
3 implementation plan authorizing the emissions
4 trade, including, at a minimum, when the proposed
5 changes will occur, a description of each such
6 change, any change in emissions, the permit
7 requirements with which the source will comply
8 using the emissions trading provisions of the
9 applicable implementation plan, and the pollutants
10 emitted subject to the emissions trade. The notice
11 shall also refer to the provisions in the
12 applicable implementation plan with which the
13 source will comply and provide for the emissions
14 trade.

15 B. The permit shield described in paragraph
16 (j) of subsection 7 of this Section shall not
17 apply to any change made pursuant to subparagraph
18 (ii) of paragraph (a) of this subsection.
19 Compliance with the permit requirements that the
20 source will meet using the emissions trade shall
21 be determined according to the requirements of the
22 applicable implementation plan authorizing the
23 emissions trade.

24 iii. If requested within a CAAPP application, the
25 Agency shall issue a CAAPP permit which contains terms
26 and conditions, including all terms required under

1 subsection 7 of this Section to determine compliance,
2 allowing for the trading of emissions increases and
3 decreases at the CAAPP source solely for the purpose
4 of complying with a federally enforceable
5 ~~federally enforceable~~ emissions cap that is
6 established in the permit independent of otherwise
7 applicable requirements. The owner or operator of a
8 CAAPP source shall include in its CAAPP application
9 proposed replicable procedures and permit terms that
10 ensure the emissions trades are quantifiable and
11 enforceable. The permit shall also require compliance
12 with all applicable requirements.

13 A. Under this subparagraph (iii) of paragraph
14 (a), the written notification required above shall
15 state when the change will occur and shall
16 describe the changes in emissions that will result
17 and how these increases and decreases in emissions
18 will comply with the terms and conditions of the
19 permit.

20 B. The permit shield described in paragraph
21 (j) of subsection 7 of this Section shall extend
22 to terms and conditions that allow such increases
23 and decreases in emissions.

24 b. An owner or operator of a CAAPP source may make
25 changes that are not addressed or prohibited by the
26 permit, other than those which are subject to any

1 requirements under Title IV of the Clean Air Act or are
2 modifications under any provisions of Title I of the Clean
3 Air Act, without a permit revision, in accordance with the
4 following requirements:

5 (i) Each such change shall meet all applicable
6 requirements and shall not violate any existing permit
7 term or condition;

8 (ii) Sources must provide contemporaneous written
9 notice to the Agency and USEPA of each such change,
10 except for changes that qualify as insignificant under
11 provisions adopted by the Agency or the Board. Such
12 written notice shall describe each such change,
13 including the date, any change in emissions,
14 pollutants emitted, and any applicable requirement
15 that would apply as a result of the change;

16 (iii) The change shall not qualify for the shield
17 described in paragraph (j) of subsection 7 of this
18 Section; and

19 (iv) The permittee shall keep a record describing
20 changes made at the source that result in emissions of
21 a regulated air pollutant subject to an applicable
22 Clean Air Act requirement, but not otherwise regulated
23 under the permit, and the emissions resulting from
24 those changes.

25 c. The Agency shall have the authority to adopt
26 procedural rules, in accordance with the Illinois

1 Administrative Procedure Act, as the Agency deems
2 necessary to implement this subsection.

3 13. Administrative Permit Amendments.

4 a. The Agency shall take final action on a request for
5 an administrative permit amendment within 60 days after
6 receipt of the request. Neither notice nor an opportunity
7 for public and affected State comment shall be required
8 for the Agency to incorporate such revisions, provided it
9 designates the permit revisions as having been made
10 pursuant to this subsection.

11 b. The Agency shall submit a copy of the revised
12 permit to USEPA.

13 c. For purposes of this Section the term
14 "administrative permit amendment" shall be defined as a
15 permit revision that can accomplish one or more of the
16 changes described below:

17 i. Corrects typographical errors;

18 ii. Identifies a change in the name, address, or
19 phone number of any person identified in the permit,
20 or provides a similar minor administrative change at
21 the source;

22 iii. Requires more frequent monitoring or
23 reporting by the permittee;

24 iv. Allows for a change in ownership or
25 operational control of a source where the Agency

1 determines that no other change in the permit is
2 necessary, provided that a written agreement
3 containing a specific date for transfer of permit
4 responsibility, coverage, and liability between the
5 current and new permittees has been submitted to the
6 Agency;

7 v. Incorporates into the CAAPP permit the
8 requirements from preconstruction review permits
9 authorized under a USEPA-approved program, provided
10 the program meets procedural and compliance
11 requirements substantially equivalent to those
12 contained in this Section;

13 vi. (Blank); or

14 vii. Any other type of change which USEPA has
15 determined as part of the approved CAAPP permit
16 program to be similar to those included in this
17 subsection.

18 d. The Agency shall, upon taking final action granting
19 a request for an administrative permit amendment, allow
20 coverage by the permit shield in paragraph (j) of
21 subsection 7 of this Section for administrative permit
22 amendments made pursuant to subparagraph (v) of paragraph
23 (c) of this subsection which meet the relevant
24 requirements for significant permit modifications.

25 e. Permit revisions and modifications, including
26 administrative amendments and automatic amendments

1 (pursuant to Sections 408(b) and 403(d) of the Clean Air
2 Act or regulations promulgated thereunder), for purposes
3 of the acid rain portion of the permit shall be governed by
4 the regulations promulgated under Title IV of the Clean
5 Air Act. Owners or operators of affected sources for acid
6 deposition shall have the flexibility to amend their
7 compliance plans as provided in the regulations
8 promulgated under Title IV of the Clean Air Act.

9 f. The CAAPP source may implement the changes
10 addressed in the request for an administrative permit
11 amendment immediately upon submittal of the request.

12 g. The Agency shall have the authority to adopt
13 procedural rules, in accordance with the Illinois
14 Administrative Procedure Act, as the Agency deems
15 necessary, to implement this subsection.

16 14. Permit Modifications.

17 a. Minor permit modification procedures.

18 i. The Agency shall review a permit modification
19 using the "minor permit" modification procedures only
20 for those permit modifications that:

21 A. Do not violate any applicable requirement;

22 B. Do not involve significant changes to
23 existing monitoring, reporting, or recordkeeping
24 requirements in the permit;

25 C. Do not require a case-by-case determination

1 of an emission limitation or other standard, or a
2 source-specific determination of ambient impacts,
3 or a visibility or increment analysis;

4 D. Do not seek to establish or change a permit
5 term or condition for which there is no
6 corresponding underlying requirement and which
7 avoids an applicable requirement to which the
8 source would otherwise be subject. Such terms and
9 conditions include:

10 1. A federally enforceable emissions cap
11 assumed to avoid classification as a
12 modification under any provision of Title I of
13 the Clean Air Act; and

14 2. An alternative emissions limit approved
15 pursuant to regulations promulgated under
16 Section 112(i)(5) of the Clean Air Act;

17 E. Are not modifications under any provision
18 of Title I of the Clean Air Act; and

19 F. Are not required to be processed as a
20 significant modification.

21 ii. Notwithstanding subparagraph (i) of paragraph
22 (a) and subparagraph (ii) of paragraph (b) of this
23 subsection, minor permit modification procedures may
24 be used for permit modifications involving the use of
25 economic incentives, marketable permits, emissions
26 trading, and other similar approaches, to the extent

1 that such minor permit modification procedures are
2 explicitly provided for in an applicable
3 implementation plan or in applicable requirements
4 promulgated by USEPA.

5 iii. An applicant requesting the use of minor
6 permit modification procedures shall meet the
7 requirements of subsection 5 of this Section and shall
8 include the following in its application:

9 A. A description of the change, the emissions
10 resulting from the change, and any new applicable
11 requirements that will apply if the change occurs;

12 B. The source's suggested draft permit;

13 C. Certification by a responsible official,
14 consistent with paragraph (e) of subsection 5 of
15 this Section and applicable regulations, that the
16 proposed modification meets the criteria for use
17 of minor permit modification procedures and a
18 request that such procedures be used; and

19 D. Completed forms for the Agency to use to
20 notify USEPA and affected States as required under
21 subsections 8 and 9 of this Section.

22 iv. Within 5 working days after receipt of a
23 complete permit modification application, the Agency
24 shall notify USEPA and affected States of the
25 requested permit modification in accordance with
26 subsections 8 and 9 of this Section. The Agency

1 promptly shall send any notice required under
2 paragraph (d) of subsection 8 of this Section to
3 USEPA.

4 v. The Agency may not issue a final permit
5 modification until after the 45-day review period for
6 USEPA or until USEPA has notified the Agency that
7 USEPA will not object to the issuance of the permit
8 modification, whichever comes first, although the
9 Agency can approve the permit modification prior to
10 that time. Within 90 days after the Agency's receipt
11 of an application under the minor permit modification
12 procedures or 15 days after the end of USEPA's 45-day
13 review period under subsection 9 of this Section,
14 whichever is later, the Agency shall:

15 A. Issue the permit modification as proposed;

16 B. Deny the permit modification application;

17 C. Determine that the requested modification
18 does not meet the minor permit modification
19 criteria and should be reviewed under the
20 significant modification procedures; or

21 D. Revise the draft permit modification and
22 transmit to USEPA the new proposed permit
23 modification as required by subsection 9 of this
24 Section.

25 vi. Any CAAPP source may make the change proposed
26 in its minor permit modification application

1 immediately after it files such application. After the
2 CAAPP source makes the change allowed by the preceding
3 sentence, and until the Agency takes any of the
4 actions specified in items (A) through (C) of
5 subparagraph (v) of paragraph (a) of this subsection,
6 the source must comply with both the applicable
7 requirements governing the change and the proposed
8 permit terms and conditions. During this time period,
9 the source need not comply with the existing permit
10 terms and conditions it seeks to modify. If the source
11 fails to comply with its proposed permit terms and
12 conditions during this time period, the existing
13 permit terms and conditions which it seeks to modify
14 may be enforced against it.

15 vii. The permit shield under paragraph (j) of
16 subsection 7 of this Section may not extend to minor
17 permit modifications.

18 viii. If a construction permit is required,
19 pursuant to subsection (a) of Section 39 of this Act
20 and regulations thereunder, for a change for which the
21 minor permit modification procedures are applicable,
22 the source may request that the processing of the
23 construction permit application be consolidated with
24 the processing of the application for the minor permit
25 modification. In such cases, the provisions of this
26 Section, including those within subsections 5, 8, and

1 9, shall apply and the Agency shall act on such
2 applications pursuant to subparagraph (v) of paragraph
3 (a) of subsection 14 of this Section. The source may
4 make the proposed change immediately after filing its
5 application for the minor permit modification. Nothing
6 in this subparagraph shall otherwise affect the
7 requirements and procedures applicable to construction
8 permits.

9 b. Group Processing of Minor Permit Modifications.

10 i. Where requested by an applicant within its
11 application, the Agency shall process groups of a
12 source's applications for certain modifications
13 eligible for minor permit modification processing in
14 accordance with the provisions of this paragraph (b).

15 ii. Permit modifications may be processed in
16 accordance with the procedures for group processing,
17 for those modifications:

18 A. Which meet the criteria for minor permit
19 modification procedures under subparagraph (i) of
20 paragraph (a) of subsection 14 of this Section;
21 and

22 B. That collectively are below 10 percent of
23 the emissions allowed by the permit for the
24 emissions unit for which change is requested, 20
25 percent of the applicable definition of major
26 source set forth in subsection 2 of this Section,

1 or 5 tons per year, whichever is least.

2 iii. An applicant requesting the use of group
3 processing procedures shall meet the requirements of
4 subsection 5 of this Section and shall include the
5 following in its application:

6 A. A description of the change, the emissions
7 resulting from the change, and any new applicable
8 requirements that will apply if the change occurs.

9 B. The source's suggested draft permit.

10 C. Certification by a responsible official
11 consistent with paragraph (e) of subsection 5 of
12 this Section, that the proposed modification meets
13 the criteria for use of group processing
14 procedures and a request that such procedures be
15 used.

16 D. A list of the source's other pending
17 applications awaiting group processing, and a
18 determination of whether the requested
19 modification, aggregated with these other
20 applications, equals or exceeds the threshold set
21 under item (B) of subparagraph (ii) of paragraph
22 (b) of this subsection.

23 E. Certification, consistent with paragraph
24 (e) of subsection 5 of this Section, that the
25 source has notified USEPA of the proposed
26 modification. Such notification need only contain

1 a brief description of the requested modification.

2 F. Completed forms for the Agency to use to
3 notify USEPA and affected states as required under
4 subsections 8 and 9 of this Section.

5 iv. On a quarterly basis or within 5 business days
6 after receipt of an application demonstrating that the
7 aggregate of a source's pending applications equals or
8 exceeds the threshold level set forth within item (B)
9 of subparagraph (ii) of paragraph (b) of this
10 subsection, whichever is earlier, the Agency shall
11 promptly notify USEPA and affected States of the
12 requested permit modifications in accordance with
13 subsections 8 and 9 of this Section. The Agency shall
14 send any notice required under paragraph (d) of
15 subsection 8 of this Section to USEPA.

16 v. The provisions of subparagraph (v) of paragraph
17 (a) of this subsection shall apply to modifications
18 eligible for group processing, except that the Agency
19 shall take one of the actions specified in items (A)
20 through (D) of subparagraph (v) of paragraph (a) of
21 this subsection within 180 days after receipt of the
22 application or 15 days after the end of USEPA's 45-day
23 review period under subsection 9 of this Section,
24 whichever is later.

25 vi. The provisions of subparagraph (vi) of
26 paragraph (a) of this subsection shall apply to

1 modifications for group processing.

2 vii. The provisions of paragraph (j) of subsection
3 7 of this Section shall not apply to modifications
4 eligible for group processing.

5 c. Significant Permit Modifications.

6 i. Significant modification procedures shall be
7 used for applications requesting significant permit
8 modifications and for those applications that do not
9 qualify as either minor permit modifications or as
10 administrative permit amendments.

11 ii. Every significant change in existing
12 monitoring permit terms or conditions and every
13 relaxation of reporting or recordkeeping requirements
14 shall be considered significant. A modification shall
15 also be considered significant if in the judgment of
16 the Agency action on an application for modification
17 would require decisions to be made on technically
18 complex issues. Nothing herein shall be construed to
19 preclude the permittee from making changes consistent
20 with this Section that would render existing permit
21 compliance terms and conditions irrelevant.

22 iii. Significant permit modifications must meet
23 all the requirements of this Section, including those
24 for applications (including completeness review),
25 public participation, review by affected States, and
26 review by USEPA applicable to initial permit issuance

1 and permit renewal. The Agency shall take final action
2 on significant permit modifications within 9 months
3 after receipt of a complete application.

4 d. The Agency shall have the authority to adopt
5 procedural rules, in accordance with the Illinois
6 Administrative Procedure Act, as the Agency deems
7 necessary, to implement this subsection.

8 15. Reopenings for Cause by the Agency.

9 a. Each issued CAAPP permit shall include provisions
10 specifying the conditions under which the permit will be
11 reopened prior to the expiration of the permit. Such
12 revisions shall be made as expeditiously as practicable. A
13 CAAPP permit shall be reopened and revised under any of
14 the following circumstances, in accordance with procedures
15 adopted by the Agency:

16 i. Additional requirements under the Clean Air Act
17 become applicable to a major CAAPP source for which 3
18 or more years remain on the original term of the
19 permit. Such a reopening shall be completed not later
20 than 18 months after the promulgation of the
21 applicable requirement. No such revision is required
22 if the effective date of the requirement is later than
23 the date on which the permit is due to expire.

24 ii. Additional requirements (including excess
25 emissions requirements) become applicable to an

1 affected source for acid deposition under the acid
2 rain program. Excess emissions offset plans shall be
3 deemed to be incorporated into the permit upon
4 approval by USEPA.

5 iii. The Agency or USEPA determines that the
6 permit contains a material mistake or that inaccurate
7 statements were made in establishing the emissions
8 standards, limitations, or other terms or conditions
9 of the permit.

10 iv. The Agency or USEPA determines that the permit
11 must be revised or revoked to assure compliance with
12 the applicable requirements.

13 b. In the event that the Agency determines that there
14 are grounds for revoking a CAAPP permit, for cause,
15 consistent with paragraph a of this subsection, it shall
16 file a petition before the Board setting forth the basis
17 for such revocation. In any such proceeding, the Agency
18 shall have the burden of establishing that the permit
19 should be revoked under the standards set forth in this
20 Act and the Clean Air Act. Any such proceeding shall be
21 conducted pursuant to the Board's procedures for
22 adjudicatory hearings and the Board shall render its
23 decision within 120 days of the filing of the petition.
24 The Agency shall take final action to revoke and reissue a
25 CAAPP permit consistent with the Board's order.

26 c. Proceedings regarding a reopened CAAPP permit shall

1 follow the same procedures as apply to initial permit
2 issuance and shall affect only those parts of the permit
3 for which cause to reopen exists.

4 d. Reopenings under paragraph (a) of this subsection
5 shall not be initiated before a notice of such intent is
6 provided to the CAAPP source by the Agency at least 30 days
7 in advance of the date that the permit is to be reopened,
8 except that the Agency may provide a shorter time period
9 in the case of an emergency.

10 e. The Agency shall have the authority to adopt
11 procedural rules, in accordance with the Illinois
12 Administrative Procedure Act, as the Agency deems
13 necessary, to implement this subsection.

14 16. Reopenings for Cause by USEPA.

15 a. When USEPA finds that cause exists to terminate,
16 modify, or revoke and reissue a CAAPP permit pursuant to
17 subsection 15 of this Section, and thereafter notifies the
18 Agency and the permittee of such finding in writing, the
19 Agency shall forward to USEPA and the permittee a proposed
20 determination of termination, modification, or revocation
21 and reissuance as appropriate, in accordance with
22 paragraph (b) of this subsection. The Agency's proposed
23 determination shall be in accordance with the record, the
24 Clean Air Act, regulations promulgated thereunder, this
25 Act and regulations promulgated thereunder. Such proposed

1 determination shall not affect the permit or constitute a
2 final permit action for purposes of this Act or the
3 Administrative Review Law. The Agency shall forward to
4 USEPA such proposed determination within 90 days after
5 receipt of the notification from USEPA. If additional time
6 is necessary to submit the proposed determination, the
7 Agency shall request a 90-day extension from USEPA and
8 shall submit the proposed determination within 180 days
9 after receipt of notification from USEPA.

10 b. i. Prior to the Agency's submittal to USEPA of a
11 proposed determination to terminate or revoke and
12 reissue the permit, the Agency shall file a petition
13 before the Board setting forth USEPA's objection, the
14 permit record, the Agency's proposed determination,
15 and the justification for its proposed determination.
16 The Board shall conduct a hearing pursuant to the
17 rules prescribed by Section 32 of this Act, and the
18 burden of proof shall be on the Agency.

19 ii. After due consideration of the written and
20 oral statements, the testimony and arguments that
21 shall be submitted at hearing, the Board shall issue
22 and enter an interim order for the proposed
23 determination, which shall set forth all changes, if
24 any, required in the Agency's proposed determination.
25 The interim order shall comply with the requirements
26 for final orders as set forth in Section 33 of this

1 Act. Issuance of an interim order by the Board under
2 this paragraph, however, shall not affect the permit
3 status and does not constitute a final action for
4 purposes of this Act or the Administrative Review Law.

5 iii. The Board shall cause a copy of its interim
6 order to be served upon all parties to the proceeding
7 as well as upon USEPA. The Agency shall submit the
8 proposed determination to USEPA in accordance with the
9 Board's Interim Order within 180 days after receipt of
10 the notification from USEPA.

11 c. USEPA shall review the proposed determination to
12 terminate, modify, or revoke and reissue the permit within
13 90 days after receipt.

14 i. When USEPA reviews the proposed determination
15 to terminate or revoke and reissue and does not
16 object, the Board shall, within 7 days after receipt
17 of USEPA's final approval, enter the interim order as
18 a final order. The final order may be appealed as
19 provided by Title XI of this Act. The Agency shall take
20 final action in accordance with the Board's final
21 order.

22 ii. When USEPA reviews such proposed determination
23 to terminate or revoke and reissue and objects, the
24 Agency shall submit USEPA's objection and the Agency's
25 comments and recommendation on the objection to the
26 Board and permittee. The Board shall review its

1 interim order in response to USEPA's objection and the
2 Agency's comments and recommendation and issue a final
3 order in accordance with Sections 32 and 33 of this
4 Act. The Agency shall, within 90 days after receipt of
5 such objection, respond to USEPA's objection in
6 accordance with the Board's final order.

7 iii. When USEPA reviews such proposed
8 determination to modify and objects, the Agency shall,
9 within 90 days after receipt of the objection, resolve
10 the objection and modify the permit in accordance with
11 USEPA's objection, based upon the record, the Clean
12 Air Act, regulations promulgated thereunder, this Act,
13 and regulations promulgated thereunder.

14 d. If the Agency fails to submit the proposed
15 determination pursuant to paragraph a of this subsection
16 or fails to resolve any USEPA objection pursuant to
17 paragraph c of this subsection, USEPA will terminate,
18 modify, or revoke and reissue the permit.

19 e. The Agency shall have the authority to adopt
20 procedural rules, in accordance with the Illinois
21 Administrative Procedure Act, as the Agency deems
22 necessary, to implement this subsection.

23 17. Title IV; Acid Rain Provisions.

24 a. The Agency shall act on initial CAAPP applications
25 for affected sources for acid deposition in accordance

1 with this Section and Title V of the Clean Air Act and
2 regulations promulgated thereunder, except as modified by
3 Title IV of the Clean Air Act and regulations promulgated
4 thereunder. The Agency shall issue initial CAAPP permits
5 to the affected sources for acid deposition which shall
6 become effective no earlier than January 1, 1995, and
7 which shall terminate on December 31, 1999, in accordance
8 with this Section. Subsequent CAAPP permits issued to
9 affected sources for acid deposition shall be issued for a
10 fixed term of 5 years. Title IV of the Clean Air Act and
11 regulations promulgated thereunder, including, but not
12 limited to, 40 CFR ~~C.F.R.~~ Part 72, as now or hereafter
13 amended, are applicable to and enforceable under this Act.

14 b. A designated representative of an affected source
15 for acid deposition shall submit a timely and complete
16 Phase II acid rain permit application and compliance plan
17 to the Agency, not later than January 1, 1996, that meets
18 the requirements of Titles IV and V of the Clean Air Act
19 and regulations. The Agency shall act on the Phase II acid
20 rain permit application and compliance plan in accordance
21 with this Section and Title V of the Clean Air Act and
22 regulations promulgated thereunder, except as modified by
23 Title IV of the Clean Air Act and regulations promulgated
24 thereunder. The Agency shall issue the Phase II acid rain
25 permit to an affected source for acid deposition no later
26 than December 31, 1997, which shall become effective on

1 January 1, 2000, in accordance with this Section, except
2 as modified by Title IV and regulations promulgated
3 thereunder; provided that the designated representative of
4 the source submitted a timely and complete Phase II permit
5 application and compliance plan to the Agency that meets
6 the requirements of Title IV and V of the Clean Air Act and
7 regulations.

8 c. Each Phase II acid rain permit issued in accordance
9 with this subsection shall have a fixed term of 5 years.
10 Except as provided in paragraph b above, the Agency shall
11 issue or deny a Phase II acid rain permit within 18 months
12 of receiving a complete Phase II permit application and
13 compliance plan.

14 d. A designated representative of a new unit, as
15 defined in Section 402 of the Clean Air Act, shall submit a
16 timely and complete Phase II acid rain permit application
17 and compliance plan that meets the requirements of Titles
18 IV and V of the Clean Air Act and its regulations. The
19 Agency shall act on the new unit's Phase II acid rain
20 permit application and compliance plan in accordance with
21 this Section and Title V of the Clean Air Act and its
22 regulations, except as modified by Title IV of the Clean
23 Air Act and its regulations. The Agency shall reopen the
24 new unit's CAAPP permit for cause to incorporate the
25 approved Phase II acid rain permit in accordance with this
26 Section. The Phase II acid rain permit for the new unit

1 shall become effective no later than the date required
2 under Title IV of the Clean Air Act and its regulations.

3 e. A designated representative of an affected source
4 for acid deposition shall submit a timely and complete
5 Title IV NOx permit application to the Agency, not later
6 than January 1, 1998, that meets the requirements of
7 Titles IV and V of the Clean Air Act and its regulations.
8 The Agency shall reopen the Phase II acid rain permit for
9 cause and incorporate the approved NOx provisions into the
10 Phase II acid rain permit not later than January 1, 1999,
11 in accordance with this Section, except as modified by
12 Title IV of the Clean Air Act and regulations promulgated
13 thereunder. Such reopening shall not affect the term of
14 the Phase II acid rain permit.

15 f. The designated representative of the affected
16 source for acid deposition shall renew the initial CAAPP
17 permit and Phase II acid rain permit in accordance with
18 this Section and Title V of the Clean Air Act and
19 regulations promulgated thereunder, except as modified by
20 Title IV of the Clean Air Act and regulations promulgated
21 thereunder.

22 g. In the case of an affected source for acid
23 deposition for which a complete Phase II acid rain permit
24 application and compliance plan are timely received under
25 this subsection, the complete permit application and
26 compliance plan, including amendments thereto, shall be

1 binding on the owner, operator and designated
2 representative, all affected units for acid deposition at
3 the affected source, and any other unit, as defined in
4 Section 402 of the Clean Air Act, governed by the Phase II
5 acid rain permit application and shall be enforceable as
6 an acid rain permit for purposes of Titles IV and V of the
7 Clean Air Act, from the date of submission of the acid rain
8 permit application until a Phase II acid rain permit is
9 issued or denied by the Agency.

10 h. The Agency shall not include or implement any
11 measure which would interfere with or modify the
12 requirements of Title IV of the Clean Air Act or
13 regulations promulgated thereunder.

14 i. Nothing in this Section shall be construed as
15 affecting allowances or USEPA's decision regarding an
16 excess emissions offset plan, as set forth in Title IV of
17 the Clean Air Act or regulations promulgated thereunder.

18 i. No permit revision shall be required for
19 increases in emissions that are authorized by
20 allowances acquired pursuant to the acid rain program,
21 provided that such increases do not require a permit
22 revision under any other applicable requirement.

23 ii. No limit shall be placed on the number of
24 allowances held by the source. The source may not,
25 however, use allowances as a defense to noncompliance
26 with any other applicable requirement.

1 iii. Any such allowance shall be accounted for
2 according to the procedures established in regulations
3 promulgated under Title IV of the Clean Air Act.

4 j. To the extent that the federal regulations
5 promulgated under Title IV, including, but not limited to,
6 40 CFR ~~C.F.R.~~ Part 72, as now or hereafter amended, are
7 inconsistent with the federal regulations promulgated
8 under Title V, the federal regulations promulgated under
9 Title IV shall take precedence.

10 k. The USEPA may intervene as a matter of right in any
11 permit appeal involving a Phase II acid rain permit
12 provision or denial of a Phase II acid rain permit.

13 l. It is unlawful for any owner or operator to violate
14 any terms or conditions of a Phase II acid rain permit
15 issued under this subsection, to operate any affected
16 source for acid deposition except in compliance with a
17 Phase II acid rain permit issued by the Agency under this
18 subsection, or to violate any other applicable
19 requirements.

20 m. The designated representative of an affected source
21 for acid deposition shall submit to the Agency the data
22 and information submitted quarterly to USEPA, pursuant to
23 40 CFR 75.64, concurrently with the submission to USEPA.
24 The submission shall be in the same electronic format as
25 specified by USEPA.

26 n. The Agency shall act on any petition for exemption

1 of a new unit or retired unit, as those terms are defined
2 in Section 402 of the Clean Air Act, from the requirements
3 of the acid rain program in accordance with Title IV of the
4 Clean Air Act and its regulations.

5 o. The Agency shall have the authority to adopt
6 procedural rules, in accordance with the Illinois
7 Administrative Procedure Act, as the Agency deems
8 necessary to implement this subsection.

9 18. Fee Provisions.

10 a. A source subject to this Section or excluded under
11 subsection 1.1 or paragraph (c) of subsection 3 of this
12 Section, shall pay a fee as provided in this paragraph (a)
13 of subsection 18. However, a source that has been excluded
14 from the provisions of this Section under subsection 1.1
15 or under paragraph (c) of subsection 3 of this Section
16 because the source emits less than 25 tons per year of any
17 combination of regulated air pollutants, except greenhouse
18 gases, shall pay fees in accordance with paragraph (1) of
19 subsection (b) of Section 9.6.

20 i. The fee for a source allowed to emit less than
21 100 tons per year of any combination of regulated air
22 pollutants, except greenhouse gases, shall be \$1,800
23 per year, and that fee shall increase, beginning
24 January 1, 2012, to \$2,150 per year.

25 ii. The fee for a source allowed to emit 100 tons

1 or more per year of any combination of regulated air
2 pollutants, except greenhouse gases and those
3 regulated air pollutants excluded in paragraph (f) of
4 this subsection 18, shall be as follows:

5 A. The Agency shall assess a fee of \$18 per
6 ton, per year for the allowable emissions of
7 regulated air pollutants subject to this
8 subparagraph (ii) of paragraph (a) of subsection
9 18, and that fee shall increase, beginning January
10 1, 2012, to \$21.50 per ton, per year. These fees
11 shall be used by the Agency and the Board to fund
12 the activities required by Title V of the Clean
13 Air Act including such activities as may be
14 carried out by other State or local agencies
15 pursuant to paragraph (d) of this subsection. The
16 amount of such fee shall be based on the
17 information supplied by the applicant in its
18 complete CAAPP permit application or in the CAAPP
19 permit if the permit has been granted and shall be
20 determined by the amount of emissions that the
21 source is allowed to emit annually, provided
22 however, that the maximum fee for a CAAPP permit
23 under this subparagraph (ii) of paragraph (a) of
24 subsection 18 is \$250,000, and increases,
25 beginning January 1, 2012, to \$294,000. Beginning
26 January 1, 2012, the maximum fee under this

1 subparagraph (ii) of paragraph (a) of subsection
2 18 for a source that has been excluded under
3 subsection 1.1 of this Section or under paragraph
4 (c) of subsection 3 of this Section is \$4,112. The
5 Agency shall provide as part of the permit
6 application form required under subsection 5 of
7 this Section a separate fee calculation form which
8 will allow the applicant to identify the allowable
9 emissions and calculate the fee. In no event shall
10 the Agency raise the amount of allowable emissions
11 requested by the applicant unless such increases
12 are required to demonstrate compliance with terms
13 of a CAAPP permit.

14 Notwithstanding the above, any applicant may
15 seek a change in its permit which would result in
16 increases in allowable emissions due to an
17 increase in the hours of operation or production
18 rates of an emission unit or units and such a
19 change shall be consistent with the construction
20 permit requirements of the existing State permit
21 program, under subsection (a) of Section 39 of
22 this Act and applicable provisions of this
23 Section. Where a construction permit is required,
24 the Agency shall expeditiously grant such
25 construction permit and shall, if necessary,
26 modify the CAAPP permit based on the same

1 application.

2 B. The applicant or permittee may pay the fee
3 annually or semiannually for those fees greater
4 than \$5,000. However, any applicant paying a fee
5 equal to or greater than \$100,000 shall pay the
6 full amount on July 1, for the subsequent fiscal
7 year, or pay 50% of the fee on July 1 and the
8 remaining 50% by the next January 1. The Agency
9 may change any annual billing date upon reasonable
10 notice, but shall prorate the new bill so that the
11 permittee or applicant does not pay more than its
12 required fees for the fee period for which payment
13 is made.

14 b. (Blank).

15 c. (Blank).

16 d. There is hereby created in the State Treasury a
17 special fund to be known as the Clean Air Act Permit Fund
18 (formerly known as the CAA Permit Fund). All Funds
19 collected by the Agency pursuant to this subsection shall
20 be deposited into the Fund. The General Assembly shall
21 appropriate monies from this Fund to the Agency and to the
22 Board to carry out their obligations under this Section.
23 The General Assembly may also authorize monies to be
24 granted by the Agency from this Fund to other State and
25 local agencies which perform duties related to the CAAPP.
26 Interest generated on the monies deposited in this Fund

1 shall be returned to the Fund.

2 e. The Agency shall have the authority to adopt
3 procedural rules, in accordance with the Illinois
4 Administrative Procedure Act, as the Agency deems
5 necessary to implement this subsection.

6 f. For purposes of this subsection, the term
7 "regulated air pollutant" shall have the meaning given to
8 it under subsection 1 of this Section but shall exclude
9 the following:

10 i. carbon monoxide;

11 ii. any Class I or II substance which is a
12 regulated air pollutant solely because it is listed
13 pursuant to Section 602 of the Clean Air Act; and

14 iii. any pollutant that is a regulated air
15 pollutant solely because it is subject to a standard
16 or regulation under Section 112(r) of the Clean Air
17 Act based on the emissions allowed in the permit
18 effective in that calendar year, at the time the
19 applicable bill is generated.

20 19. Air Toxics Provisions.

21 a. In the event that the USEPA fails to promulgate in a
22 timely manner a standard pursuant to Section 112(d) of the
23 Clean Air Act, the Agency shall have the authority to
24 issue permits, pursuant to Section 112(j) of the Clean Air
25 Act and regulations promulgated thereunder, which contain

1 emission limitations which are equivalent to the emission
2 limitations that would apply to a source if an emission
3 standard had been promulgated in a timely manner by USEPA
4 pursuant to Section 112(d). Provided, however, that the
5 owner or operator of a source shall have the opportunity
6 to submit to the Agency a proposed emission limitation
7 which it determines to be equivalent to the emission
8 limitations that would apply to such source if an emission
9 standard had been promulgated in a timely manner by USEPA.
10 If the Agency refuses to include the emission limitation
11 proposed by the owner or operator in a CAAPP permit, the
12 owner or operator may petition the Board to establish
13 whether the emission limitation proposal submitted by the
14 owner or operator provides for emission limitations which
15 are equivalent to the emission limitations that would
16 apply to the source if the emission standard had been
17 promulgated by USEPA in a timely manner. The Board shall
18 determine whether the emission limitation proposed by the
19 owner or operator or an alternative emission limitation
20 proposed by the Agency provides for the level of control
21 required under Section 112 of the Clean Air Act, or shall
22 otherwise establish an appropriate emission limitation,
23 pursuant to Section 112 of the Clean Air Act.

24 b. Any Board proceeding brought under paragraph (a) or
25 (e) of this subsection shall be conducted according to the
26 Board's procedures for adjudicatory hearings and the Board

1 shall render its decision within 120 days of the filing of
2 the petition. Any such decision shall be subject to review
3 pursuant to Section 41 of this Act. Where USEPA
4 promulgates an applicable emission standard prior to the
5 issuance of the CAAPP permit, the Agency shall include in
6 the permit the promulgated standard, provided that the
7 source shall have the compliance period provided under
8 Section 112(i) of the Clean Air Act. Where USEPA
9 promulgates an applicable standard subsequent to the
10 issuance of the CAAPP permit, the Agency shall revise such
11 permit upon the next renewal to reflect the promulgated
12 standard, providing a reasonable time for the applicable
13 source to comply with the standard, but no longer than 8
14 years after the date on which the source is first required
15 to comply with the emissions limitation established under
16 this subsection.

17 c. The Agency shall have the authority to implement
18 and enforce complete or partial emission standards
19 promulgated by USEPA pursuant to Section 112(d), and
20 standards promulgated by USEPA pursuant to Sections
21 112(f), 112(h), 112(m), and 112(n), and may accept
22 delegation of authority from USEPA to implement and
23 enforce Section 112(l) and requirements for the prevention
24 and detection of accidental releases pursuant to Section
25 112(r) of the Clean Air Act.

26 d. The Agency shall have the authority to issue

1 permits pursuant to Section 112(i)(5) of the Clean Air
2 Act.

3 e. The Agency has the authority to implement Section
4 112(g) of the Clean Air Act consistent with the Clean Air
5 Act and federal regulations promulgated thereunder. If the
6 Agency refuses to include the emission limitations
7 proposed in an application submitted by an owner or
8 operator for a case-by-case maximum achievable control
9 technology (MACT) determination, the owner or operator may
10 petition the Board to determine whether the emission
11 limitation proposed by the owner or operator or an
12 alternative emission limitation proposed by the Agency
13 provides for a level of control required by Section 112 of
14 the Clean Air Act, or to otherwise establish an
15 appropriate emission limitation under Section 112 of the
16 Clean Air Act.

17 20. Small Business.

18 a. For purposes of this subsection:

19 "Program" is the Small Business Stationary Source
20 Technical and Environmental Compliance Assistance Program
21 created within this State pursuant to Section 507 of the
22 Clean Air Act and guidance promulgated thereunder, to
23 provide technical assistance and compliance information to
24 small business stationary sources;

25 "Small Business Assistance Program" is a component of

1 the Program responsible for providing sufficient
2 communications with small businesses through the
3 collection and dissemination of information to small
4 business stationary sources; and

5 "Small Business Stationary Source" means a stationary
6 source that:

7 1. is owned or operated by a person that employs
8 100 or fewer individuals;

9 2. is a small business concern as defined in the
10 "Small Business Act";

11 3. is not a major source as that term is defined in
12 subsection 2 of this Section;

13 4. does not emit 50 tons or more per year of any
14 regulated air pollutant, except greenhouse gases; and

15 5. emits less than 75 tons per year of all
16 regulated pollutants, except greenhouse gases.

17 b. The Agency shall adopt and submit to USEPA, after
18 reasonable notice and opportunity for public comment, as a
19 revision to the Illinois state implementation plan, plans
20 for establishing the Program.

21 c. The Agency shall have the authority to enter into
22 such contracts and agreements as the Agency deems
23 necessary to carry out the purposes of this subsection.

24 d. The Agency may establish such procedures as it may
25 deem necessary for the purposes of implementing and
26 executing its responsibilities under this subsection.

1 e. There shall be appointed a Small Business Ombudsman
2 (hereinafter in this subsection referred to as
3 "Ombudsman") to monitor the Small Business Assistance
4 Program. The Ombudsman shall be a nonpartisan designated
5 official, with the ability to independently assess whether
6 the goals of the Program are being met.

7 f. The State Ombudsman Office shall be located in an
8 existing Ombudsman office within the State or in any State
9 Department.

10 g. There is hereby created a State Compliance Advisory
11 Panel (hereinafter in this subsection referred to as
12 "Panel") for determining the overall effectiveness of the
13 Small Business Assistance Program within this State.

14 h. The selection of Panel members shall be by the
15 following method:

16 1. The Governor shall select two members who are
17 not owners or representatives of owners of small
18 business stationary sources to represent the general
19 public;

20 2. The Director of the Agency shall select one
21 member to represent the Agency; and

22 3. The State Legislature shall select four members
23 who are owners or representatives of owners of small
24 business stationary sources. Both the majority and
25 minority leadership in both Houses of the Legislature
26 shall appoint one member of the panel.

1 i. Panel members should serve without compensation but
2 will receive full reimbursement for expenses including
3 travel and per diem as authorized within this State.

4 j. The Panel shall select its own Chair by a majority
5 vote. The Chair may meet and consult with the Ombudsman
6 and the head of the Small Business Assistance Program in
7 planning the activities for the Panel.

8 21. Temporary Sources.

9 a. The Agency may issue a single permit authorizing
10 emissions from similar operations by the same source owner
11 or operator at multiple temporary locations, except for
12 sources which are affected sources for acid deposition
13 under Title IV of the Clean Air Act.

14 b. The applicant must demonstrate that the operation
15 is temporary and will involve at least one change of
16 location during the term of the permit.

17 c. Any such permit shall meet all applicable
18 requirements of this Section and applicable regulations,
19 and include conditions assuring compliance with all
20 applicable requirements at all authorized locations and
21 requirements that the owner or operator notify the Agency
22 at least 10 days in advance of each change in location.

23 22. Solid Waste Incineration Units.

24 a. A CAAPP permit for a solid waste incineration unit

1 combusting municipal waste subject to standards
2 promulgated under Section 129(e) of the Clean Air Act
3 shall be issued for a period of 12 years and shall be
4 reviewed every 5 years, unless the Agency requires more
5 frequent review through Agency procedures.

6 b. During the review in paragraph (a) of this
7 subsection, the Agency shall fully review the previously
8 submitted CAAPP permit application and corresponding
9 reports subsequently submitted to determine whether the
10 source is in compliance with all applicable requirements.

11 c. If the Agency determines that the source is not in
12 compliance with all applicable requirements it shall
13 revise the CAAPP permit as appropriate.

14 d. The Agency shall have the authority to adopt
15 procedural rules, in accordance with the Illinois
16 Administrative Procedure Act, as the Agency deems
17 necessary, to implement this subsection.

21 Sec. 57.4. State agencies ~~Agencies~~. The Office of the
22 State Fire Marshal and the Illinois Environmental Protection
23 Agency shall administer the Leaking Underground Storage Tank
24 Program in accordance with the terms of this Title.

25 (Source: P.A. 88-496; revised 7-29-24.)

1 (415 ILCS 5/57.5)

2 Sec. 57.5. Underground Storage Tanks; removal; repair;
3 abandonment.

4 (a) Notwithstanding the eligibility or the level of
5 deductibility of an owner or operator under the Underground
6 Storage Tank Fund, any owner or operator of an Underground
7 Storage Tank may seek to remove or abandon such tank under the
8 provisions of this Title. In order to be reimbursed under
9 Section 57.8, the owner or operator must comply with the
10 provisions of this Title. In no event will an owner or operator
11 be reimbursed for any costs which exceed the minimum
12 requirements necessary to comply with this Title.

13 (b) Removal or abandonment of an Underground Storage Tank
14 must be carried out in accordance with regulations adopted by
15 the Office of the State Fire Marshal.

16 (c) The Office of the State Fire Marshal or a designated
17 agent shall have an inspector on site at the time of removal,
18 abandonment, or such other times the Office of State Fire
19 Marshal deems appropriate. At such time, the inspector shall,
20 upon preliminary excavation of the tank site, render an
21 opinion as to whether a release of petroleum has occurred and,
22 if so, the owner or operator shall report the known or
23 suspected release to the Illinois Emergency Management Agency.
24 The owner or operator shall determine whether or not a release
25 has occurred in conformance with the regulations adopted by

1 the Board and the Office of the State Fire Marshal. Except that
2 if the opinion of the Office of the State Fire Marshal
3 inspector is that a release of petroleum has occurred and the
4 owner or operator has reported the release to the Illinois
5 Emergency Management Agency within 24 hours of removal of the
6 tank, no such determination is required under this subsection.
7 In the event the owner or operator confirms the presence of a
8 release of petroleum, the owner or operator shall comply with
9 Section 57.6. The inspector shall provide the owner or
10 operator, or a designated agent, with an "Eligibility and
11 Deductibility Determination" form. The Office of the State
12 Fire Marshal shall provide on-site assistance to the owner or
13 operator or a designated agent with regard to the eligibility
14 and deductibility procedures as provided in Section 57.9. If
15 the Office of the State Fire Marshal is not on site, the Office
16 of the State Fire Marshal shall provide the owner or operator
17 with an "Eligibility and Deductibility Determination" form
18 within 15 days after receiving notice that the confirmed
19 release was reported by the owner or operator.

20 (d) In the event that a release of petroleum is confirmed
21 under subsection (c) of this Section, the owner or operator
22 may elect to backfill the preliminary excavation and proceed
23 under Section 57.6.

24 (e) In the event that an Underground Storage Tank is found
25 to be ineligible for payment from the Underground Storage Tank
26 Fund, the owner or operator shall proceed under Sections 57.6

1 and 57.7.

2 (f) In the event that no release of petroleum is
3 confirmed, the owner or operator shall proceed to complete the
4 removal of the underground storage tank, and when appropriate,
5 dispose of the tank and backfill the excavation or, in the
6 alternate, abandon the underground storage tank in place.
7 Either option shall be in accordance with regulations adopted
8 by the Office of the State Fire Marshal. The owner or operator
9 shall certify to the Office of the State Fire Marshal that the
10 tank removal or abandonment was conducted in accordance with
11 all applicable rules and regulations, and the Office of the
12 State Fire Marshal shall then issue a certificate of removal
13 or abandonment to the owner or operator. If the Office of the
14 State Fire Marshal fails to issue a certificate of removal or
15 abandonment within 30 days of receipt of the certification,
16 the certification shall be considered rejected by operation of
17 law and a final action appealable to the Board. Nothing in this
18 Title shall prohibit the Office of the State Fire Marshal from
19 making an independent inspection of the site and challenging
20 the veracity of the owner or operator certification.

21 (g) The owner or operator of an underground storage tank
22 taken out of operation before January 2, 1974, or an
23 underground storage tank used exclusively to store heating oil
24 for consumptive use on the premises where stored and which
25 serves other than a farm or residential unit shall not be
26 required to remove or abandon in place such underground

1 storage tank except in the case in which the Office of the
2 State Fire Marshal has determined that a release from the
3 underground storage tank poses a current or potential threat
4 to human health and the environment. In that case, and upon
5 receipt of an order from the Office of the State Fire Marshal,
6 the owner or operator of such underground storage tank shall
7 conduct removal and, if necessary, site investigation and
8 corrective action in accordance with this Title and
9 regulations promulgated by the Office of the State Fire
10 Marshal and the Board.

11 (h) In the event that a release of petroleum occurred
12 between September 13, 1993, and August 1, 1994, for which the
13 Office of the State Fire Marshal issued a certificate of
14 removal or abandonment based on its determination of "no
15 release" or "minor release," and the Office of the State Fire
16 Marshal subsequently has rescinded that determination and
17 required a report of a confirmed release to the Illinois
18 Emergency Management Agency, the owner or operator may be
19 eligible for reimbursement for the costs of site investigation
20 and corrective action incurred on or after the date of the
21 release but prior to the notification of the Illinois
22 Emergency Management Agency. The date of the release shall be
23 the date of the initial inspection by the Office of the State
24 Fire Marshal as recorded in its inspection log. Eligibility
25 and deductibility shall be determined in accordance with this
26 Title, the owner or operator must comply with the provisions

1 of this Act and its rules, and in no case shall the owner or
2 operator be reimbursed for costs exceeding the minimum
3 requirements of this Act and its rules.

5 (415 ILCS 5/57.8)

6 Sec. 57.8. Underground Storage Tank Fund; payment; options
7 for State payment; deferred correction election to commence
8 corrective action upon availability of funds. If an owner or
9 operator is eligible to access the Underground Storage Tank
10 Fund pursuant to an Office of the State Fire Marshal
11 eligibility/deductible final determination letter issued in
12 accordance with Section 57.9, the owner or operator may submit
13 a complete application for final or partial payment to the
14 Agency for activities taken in response to a confirmed
15 release. An owner or operator may submit a request for partial
16 or final payment regarding a site no more frequently than once
17 every 90 days.

18 (a) Payment after completion of corrective action
19 measures. The owner or operator may submit an application for
20 payment for activities performed at a site after completion of
21 the requirements of Sections 57.6 and 57.7, or after
22 completion of any other required activities at the underground
23 storage tank site.

24 (1) In the case of any approved plan and budget for
25 which payment is being sought, the Agency shall make a

1 payment determination within 120 days of receipt of the
2 application. Such determination shall be considered a
3 final decision. The Agency's review shall be limited to
4 generally accepted auditing and accounting practices. In
5 no case shall the Agency conduct additional review of any
6 plan which was completed within the budget, beyond
7 auditing for adherence to the corrective action measures
8 in the proposal. If the Agency fails to approve the
9 payment application within 120 days, such application
10 shall be deemed approved by operation of law and the
11 Agency shall proceed to reimburse the owner or operator
12 the amount requested in the payment application. However,
13 in no event shall the Agency reimburse the owner or
14 operator an amount greater than the amount approved in the
15 plan.

16 (2) If sufficient funds are available in the
17 Underground Storage Tank Fund, the Agency shall, within 60
18 days, forward to the Office of the State Comptroller a
19 voucher in the amount approved under the payment
20 application.

21 (3) In the case of insufficient funds, the Agency
22 shall form a priority list for payment and shall notify
23 persons in such priority list monthly of the availability
24 of funds and when payment shall be made. Payment shall be
25 made to the owner or operator at such time as sufficient
26 funds become available for the costs associated with site

1 investigation and corrective action and costs expended for
2 activities performed where no proposal is required, if
3 applicable. Such priority list shall be available to any
4 owner or operator upon request. Priority for payment shall
5 be determined by the date the Agency receives a complete
6 request for partial or final payment. Upon receipt of
7 notification from the Agency that the requirements of this
8 Title have been met, the Comptroller shall make payment to
9 the owner or operator of the amount approved by the
10 Agency, if sufficient money exists in the Fund. If there
11 is insufficient money in the Fund, then payment shall not
12 be made. If the owner or operator appeals a final Agency
13 payment determination and it is determined that the owner
14 or operator is eligible for payment or additional payment,
15 the priority date for the payment or additional payment
16 shall be the same as the priority date assigned to the
17 original request for partial or final payment.

18 (4) Any deductible, as determined pursuant to the
19 Office of the State Fire Marshal's eligibility and
20 deductibility final determination in accordance with
21 Section 57.9, shall be subtracted from any payment invoice
22 paid to an eligible owner or operator. Only one deductible
23 shall apply per underground storage tank site.

24 (5) In the event that costs are or will be incurred in
25 addition to those approved by the Agency, or after
26 payment, the owner or operator may submit successive plans

1 containing amended budgets. The requirements of Section
2 57.7 shall apply to any amended plans.

3 (6) For purposes of this Section, a complete
4 application shall consist of:

5 (A) A certification from a Licensed Professional
6 Engineer or Licensed Professional Geologist as
7 required under this Title and acknowledged by the
8 owner or operator.

9 (B) A statement of the amounts approved in the
10 budget and the amounts actually sought for payment
11 along with a certified statement by the owner or
12 operator that the amounts so sought were expended in
13 conformance with the approved budget.

14 (C) A copy of the Office of the State Fire
15 Marshal's eligibility and deductibility determination.

16 (D) Proof that approval of the payment requested
17 will not result in the limitations set forth in
18 subsection (g) of this Section being exceeded.

19 (E) A federal taxpayer identification number and
20 legal status disclosure certification on a form
21 prescribed and provided by the Agency.

22 (F) If the Agency determined under subsection
23 (c)(3) of Section 57.7 of this Act that corrective
24 action must include a project labor agreement, a
25 certification from the owner or operator that the
26 corrective action was (i) performed under a project

1 labor agreement that meets the requirements of Section
2 25 of the Project Labor Agreements Act and (ii)
3 implemented in a manner consistent with the terms and
4 conditions of the Project Labor Agreements Act and in
5 full compliance with all statutes, regulations, and
6 Executive Orders as required under that Act and the
7 Prevailing Wage Act.

8 (b) Commencement of site investigation or corrective
9 action upon availability of funds. The Board shall adopt
10 regulations setting forth procedures based on risk to human
11 health or the environment under which the owner or operator
12 who has received approval for any budget plan submitted
13 pursuant to Section 57.7, and who is eligible for payment from
14 the Underground Storage Tank Fund pursuant to an Office of the
15 State Fire Marshal eligibility and deductibility
16 determination, may elect to defer site investigation or
17 corrective action activities until funds are available in an
18 amount equal to the amount approved in the budget. The
19 regulations shall establish criteria based on risk to human
20 health or the environment to be used for determining on a
21 site-by-site basis whether deferral is appropriate. The
22 regulations also shall establish the minimum investigatory
23 requirements for determining whether the risk based criteria
24 are present at a site considering deferral and procedures for
25 the notification of owners or operators of insufficient funds,
26 Agency review of request for deferral, notification of Agency

1 final decisions, returning deferred sites to active status,
2 and earmarking of funds for payment.

3 (c) When the owner or operator requests indemnification
4 for payment of costs incurred as a result of a release of
5 petroleum from an underground storage tank, if the owner or
6 operator has satisfied the requirements of subsection (a) of
7 this Section, the Agency shall forward a copy of the request to
8 the Attorney General. The Attorney General shall review and
9 approve the request for indemnification if:

10 (1) there is a legally enforceable judgment entered
11 against the owner or operator and such judgment was
12 entered due to harm caused by a release of petroleum from
13 an underground storage tank and such judgment was not
14 entered as a result of fraud; or

15 (2) a settlement with a third party due to a release of
16 petroleum from an underground storage tank is reasonable.

17 (d) (1) Notwithstanding any other provision of this Title,
18 the Agency shall not approve payment to an owner or operator
19 from the Fund for costs of corrective action or
20 indemnification incurred during a calendar year in excess of
21 the following aggregate amounts based on the number of
22 petroleum underground storage tanks owned or operated by such
23 owner or operator in Illinois.

24	Amount	Number of Tanks
25	\$2,000,000	fewer than 101
26	\$3,000,000	101 or more

1 (2) ~~(1)~~ Costs incurred in excess of the aggregate amounts
2 set forth in paragraph (1) of this subsection shall not be
3 eligible for payment in subsequent years.

4 (3) ~~(2)~~ For purposes of this subsection, requests
5 submitted by any of the agencies, departments, boards,
6 committees, or commissions of the State of Illinois shall be
7 acted upon as claims from a single owner or operator.

8 (4) ~~(3)~~ For purposes of this subsection, owner or operator
9 includes (i) any subsidiary, parent, or joint stock company of
10 the owner or operator and (ii) any company owned by any parent,
11 subsidiary, or joint stock company of the owner or operator.

12 (e) Costs of corrective action or indemnification incurred
13 by an owner or operator which have been paid to an owner or
14 operator under a policy of insurance, another written
15 agreement, or a court order are not eligible for payment under
16 this Section. An owner or operator who receives payment under
17 a policy of insurance, another written agreement, or a court
18 order shall reimburse the State to the extent such payment
19 covers costs for which payment was received from the Fund. Any
20 monies received by the State under this subsection (e) shall
21 be deposited into the Fund.

22 (f) ~~(Blank-)~~ .

23 (g) The Agency shall not approve any payment from the Fund
24 to pay an owner or operator:

25 (1) for costs of corrective action incurred by such
26 owner or operator in an amount in excess of \$1,500,000 per

1 occurrence; and

2 (2) for costs of indemnification of such owner or
3 operator in an amount in excess of \$1,500,000 per
4 occurrence.

5 (h) Payment of any amount from the Fund for corrective
6 action or indemnification shall be subject to the State
7 acquiring by subrogation the rights of any owner, operator, or
8 other person to recover the costs of corrective action or
9 indemnification for which the Fund has compensated such owner,
10 operator, or person from the person responsible or liable for
11 the release.

12 (i) If the Agency refuses to pay or authorizes only a
13 partial payment, the affected owner or operator may petition
14 the Board for a hearing in the manner provided for the review
15 of permit decisions in Section 40 of this Act.

16 (j) Costs of corrective action or indemnification incurred
17 by an owner or operator prior to July 28, 1989, shall not be
18 eligible for payment or reimbursement under this Section.

19 (k) The Agency shall not pay costs of corrective action or
20 indemnification incurred before providing notification of the
21 release of petroleum in accordance with the provisions of this
22 Title.

23 (l) Corrective action does not include legal defense
24 costs. Legal defense costs include legal costs for seeking
25 payment under this Title unless the owner or operator prevails
26 before the Board in which case the Board may authorize payment

1 of legal fees.

2 (m) The Agency may apportion payment of costs for plans
3 submitted under Section 57.7 if:

4 (1) the owner or operator was deemed eligible to
5 access the Fund for payment of corrective action costs for
6 some, but not all, of the underground storage tanks at the
7 site; and

8 (2) the owner or operator failed to justify all costs
9 attributable to each underground storage tank at the site.

10 (n) The Agency shall not pay costs associated with a
11 corrective action plan incurred after the Agency provides
12 notification to the owner or operator pursuant to item (7) of
13 subsection (b) of Section 57.7 that a revised corrective
14 action plan is required. Costs associated with any
15 subsequently approved corrective action plan shall be eligible
16 for reimbursement if they meet the requirements of this Title.

18 (415 ILCS 5/57.9)

19 Sec. 57.9. Underground Storage Tank Fund; eligibility and
20 deductibility.

21 (a) The Underground Storage Tank Fund shall be accessible
22 by owners and operators who have a confirmed release from an
23 underground storage tank or related tank system of a substance
24 listed in this Section. The owner or operator is eligible to
25 access the Underground Storage Tank Fund if the eligibility

1 requirements of this Title are satisfied and:

2 (1) Neither the owner nor the operator is the United
3 States Government.

4 (2) The tank does not contain fuel which is exempt
5 from the Motor Fuel Tax Law.

6 (3) The costs were incurred as a result of a confirmed
7 release of any of the following substances:

8 (A) "Fuel", as defined in Section 1.19 of the
9 Motor Fuel Tax Law.

10 (B) Aviation fuel.

11 (C) Heating oil.

12 (D) Kerosene.

13 (E) Used oil which has been refined from crude oil
14 used in a motor vehicle, as defined in Section 1.3 of
15 the Motor Fuel Tax Law.

16 (4) The owner or operator registered the tank and paid
17 all fees in accordance with the statutory and regulatory
18 requirements of the Gasoline Storage Act.

19 (5) The owner or operator notified the Illinois
20 Emergency Management Agency of a confirmed release, the
21 costs were incurred after the notification and the costs
22 were a result of a release of a substance listed in this
23 Section. Costs of corrective action or indemnification
24 incurred before providing that notification shall not be
25 eligible for payment.

26 (6) The costs have not already been paid to the owner

1 or operator under a private insurance policy, other
2 written agreement, or court order.

3 (7) The costs were associated with "corrective action"
4 of this Act.

5 If the underground storage tank which experienced a
6 release of a substance listed in this Section was
7 installed after July 28, 1989, the owner or operator is
8 eligible to access the Underground Storage Tank Fund if it
9 is demonstrated to the Office of the State Fire Marshal
10 the tank was installed and operated in accordance with
11 Office of the State Fire Marshal regulatory requirements.
12 Office of the State Fire Marshal certification is prima
13 facie evidence the tank was installed pursuant to the
14 Office of the State Fire Marshal regulatory requirements.

15 (b) For releases reported prior to June 8, 2010 (the
16 effective date of Public Act 96-908) ~~this amendatory Act of~~
17 ~~the 96th General Assembly~~, an owner or operator may access the
18 Underground Storage Tank Fund for costs associated with an
19 Agency approved plan and the Agency shall approve the payment
20 of costs associated with corrective action after the
21 application of a \$10,000 deductible, except in the following
22 situations:

23 (1) A deductible of \$100,000 shall apply when none of
24 the underground storage tanks were registered prior to
25 July 28, 1989, except in the case of underground storage
26 tanks used exclusively to store heating oil for

1 consumptive use on the premises where stored and which
2 serve other than farms or residential units, a deductible
3 of \$100,000 shall apply when none of these tanks were
4 registered prior to July 1, 1992.

5 (2) A deductible of \$50,000 shall apply if any of the
6 underground storage tanks were registered prior to July
7 28, 1989, and the State received notice of the confirmed
8 release prior to July 28, 1989.

9 (3) A deductible of \$15,000 shall apply when one or
10 more, but not all, of the underground storage tanks were
11 registered prior to July 28, 1989, and the State received
12 notice of the confirmed release on or after July 28, 1989.

13 For releases reported on or after June 8, 2010 (the
14 effective date of Public Act 96-908) ~~this amendatory Act of~~
15 ~~the 96th General Assembly~~, an owner or operator may access the
16 Underground Storage Tank Fund for costs associated with an
17 Agency approved plan, and the Agency shall approve the payment
18 of costs associated with corrective action after the
19 application of a \$5,000 deductible.

20 A deductible shall apply annually for each site at which
21 costs were incurred under a claim submitted pursuant to this
22 Title, except that if corrective action in response to an
23 occurrence takes place over a period of more than one year, in
24 subsequent years, no deductible shall apply for costs incurred
25 in response to such occurrence.

26 (c) Eligibility and deductibility determinations shall be

1 made by the Office of the State Fire Marshal.

2 (1) When an owner or operator reports a confirmed
3 release of a regulated substance, the Office of the State
4 Fire Marshal shall provide the owner or operator with an
5 "Eligibility and Deductibility Determination" form. The
6 form shall either be provided on-site or within 15 days of
7 the Office of the State Fire Marshal receipt of notice
8 indicating a confirmed release. The form shall request
9 sufficient information to enable the Office of the State
10 Fire Marshal to make a final determination as to owner or
11 operator eligibility to access the Underground Storage
12 Tank Fund pursuant to this Title and the appropriate
13 deductible. The form shall be promulgated as a rule or
14 regulation pursuant to the Illinois Administrative
15 Procedure Act by the Office of the State Fire Marshal.
16 Until such form is promulgated, the Office of the State
17 Fire Marshal shall use a form which generally conforms
18 with this Act.

19 (2) Within 60 days of receipt of the "Eligibility and
20 Deductibility Determination" form, the Office of the State
21 Fire Marshal shall issue one letter enunciating the final
22 eligibility and deductibility determination, and such
23 determination or failure to act within the time prescribed
24 shall be a final decision appealable to the Illinois
25 Pollution Control Board.

1 (415 ILCS 5/59.1)

2 Sec. 59.1. Carbon capture permit requirements. For air
3 construction permit applications for carbon dioxide capture
4 projects at existing sources submitted on or after July 18,
5 2024 (the effective date of Public Act 103-651) ~~this~~
6 ~~amendatory Act of the 103rd General Assembly~~, no permit may be
7 issued unless all of the following requirements are met:

8 (1) The permit applicant demonstrates that there will
9 be no net increase in the individual allowable potential
10 annual criteria pollutant emissions at the source. If the
11 Agency determines that it is technically infeasible for an
12 applicant to demonstrate that there will be no net
13 increase in the individual allowable potential annual
14 criteria pollutant emissions at the source, the Agency
15 shall allow an alternative demonstration.

16 (2) The Agency has complied with the public
17 participation requirements under 35 Ill. Adm. Code 252.

18 (3) The permit applicant submits to the Agency in its
19 permit application, a Greenhouse Gas Inventory Analysis,
20 as set forth in guidance from the United States
21 Environmental Protection Agency, that includes all
22 emissions at the stack or emissions source from which
23 carbon dioxide is captured and a demonstration that the
24 total greenhouse gas emissions associated with capture,
25 including, but not limited to, (i) the emissions at the

1 stack or emissions source from which the carbon dioxide is
2 captured, (ii) the additional emissions associated with
3 additional electricity generated, whether on-site or
4 off-site, used to power any capture equipment, and (iii)
5 any increased emissions necessary for the operation of the
6 capture facility as compared to before the installation
7 and operation of the capture equipment at the facility, do
8 not exceed the total amount of greenhouse gas emissions
9 captured. This comparison shall be made on an annual
10 basis, projected across the proposed life span of the
11 capture project.

12 (4) The permit applicant provides a water impact
13 assessment report. The report must have been submitted to
14 the Department of Natural Resources and to the Soil and
15 Water Conservation District in the county in which the
16 project will be constructed. The report shall identify the
17 following:

18 (A) each water source to be used by the project;

19 (B) the pumping method to be used by the project;

20 (C) the maximum and expected average daily pumping
21 rates for the pumps used by the project;

22 (D) the impacts to each water source used by the
23 project, such as aquifer drawdown or river reductions;
24 and

25 (E) a detailed assessment of the impact on water
26 users near the area of impact.

1 The water impact assessment shall consider the water
2 impacts (i) immediately following the project's initial
3 operations, (ii) at the end of the project's expected
4 operational life, and (iii) during a drought or other
5 similar event.

6 The permit applicant shall submit a certification to the
7 Agency that the applicant has submitted its initial water use
8 impact study and the applicant's ongoing water usage to the
9 Department of Natural Resources. This requirement may be
10 satisfied by submitting to the Agency copies of documents
11 provided to the United States Environmental Protection Agency
12 in accordance with 40 CFR 146.82 if the applicant satisfies
13 the requirements of this Section.

15 (415 ILCS 5/59.9)

16 Sec. 59.9. Closure. The owner or operator of a carbon
17 sequestration activity permitted in accordance with this Act
18 shall monitor the site during the post-injection site care
19 period, which shall be no less than 30 years after the last
20 date of injection, as well as following certification of
21 closure by United States Environmental Protection Agency Act
22 to show the position of the carbon dioxide and pressure front
23 to ensure it does not pose an endangerment to groundwater, as
24 specified in 35 Ill. Adm. Code 620, or to human health or the
25 environment, unless and until the Agency certifies that a

1 carbon sequestration facility is closed. Air and soil gas
2 monitoring required by a carbon sequestration activity permit
3 issued by the Agency must continue until the Agency certifies
4 the carbon sequestration facility as closed. The Agency shall
5 certify a carbon sequestration facility as closed if:

6 (1) the owner or operator submits to the Agency a copy
7 of a closure certification issued for the carbon
8 sequestration facility in accordance with 40 CFR 146.93;
9 and

10 (2) the owner or operator demonstrates to the Agency
11 that no additional air or soil gas monitoring is needed to
12 ensure the carbon sequestration facility does not pose an
13 endangerment to groundwater, as specified in 35 Ill. Adm.
14 Code 620, or to human health or the environment.

15 This demonstration must include location-specific
16 monitoring data. The certification of closure does not relieve
17 an operator of any liabilities from the carbon sequestration
18 activity or carbon sequestration facility.

20 (415 ILCS 5/59.10)

21 Sec. 59.10. Financial assurance.

22 (a) The owner or operator of a sequestration activity
23 permitted in accordance with this Act shall maintain financial
24 assurance in an amount equal to or greater than the cost
25 estimate calculated in accordance with paragraph (11) of

1 Section 59.6.

2 (b) The owner or operator of the sequestration activity
3 must use one or a combination of the following mechanisms as
4 financial assurance:

- 5 (1) a fully funded trust fund;
6 (2) a surety bond guaranteeing payment;
7 (3) a surety bond guaranteeing performance; or
8 (4) an irrevocable letter of credit.

9 (c) The financial assurance mechanism must identify the
10 Agency as the sole beneficiary.

11 (d) The financial assurance mechanism shall be on forms
12 adopted by the Agency. The Agency must adopt these forms
13 within 90 days ~~of the date~~ of July 18, 2024 (the effective date
14 of Public Act 103-651) ~~this amendatory Act of the 103rd~~
15 ~~General Assembly.~~

16 (e) The Agency shall release a trustee, surety, or other
17 financial institution holding a financial assurance mechanism
18 when:

19 (1) the owner or operator of a carbon sequestration
20 activity substitutes alternative financial assurance such

8 Section 2.26 as follows:

9 (520 ILCS 5/2.26) (from Ch. 61, par. 2.26)

10 Sec. 2.26. Deer hunting permits. Any person attempting to
11 take deer shall first obtain a "Deer Hunting Permit" issued by
12 the Department in accordance with its administrative rules.
13 Those rules must provide for the issuance of the following
14 types of resident deer archery permits: (i) a combination
15 permit, consisting of one either-sex permit and one
16 antlerless-only permit, (ii) a single antlerless-only permit,
17 and (iii) a single either-sex permit. The fee for a Deer

21 deer hunting permits for which the fee will not exceed \$300 in
22 2005, \$350 in 2006, and \$400 in 2007 and thereafter except as
23 provided below for non-resident landowners and non-resident
24 archery hunters. The Department may by administrative rule

1 provide for a non-resident archery deer permit consisting of
2 not more than 2 harvest tags at a total cost not to exceed \$325
3 in 2005, \$375 in 2006, and \$425 in 2007 and thereafter. The
4 fees for a youth resident and non-resident archery deer permit
5 shall be the same.

6 The Department shall create a pilot program during the
7 special 3-day, youth-only deer hunting season to allow for
8 youth deer hunting permits that are valid statewide, excluding
9 those counties or portions of counties closed to firearm deer
10 hunting. The Department shall adopt rules to implement the
11 pilot program. Nothing in this paragraph shall be construed to
12 prohibit the Department from issuing Special Hunt Area Permits
13 for the youth-only deer hunting season or establishing,
14 through administrative rule, additional requirements
15 pertaining to the youth-only deer hunting season on
16 Department-owned or Department-managed sites, including

1 permitted to take deer only during the period from 1/2 hour
2 before sunrise to 1/2 hour after sunset, and only during those

18 "Baiting" means the placement or scattering of bait to attract
19 deer. An area is considered as baited during the presence of
20 and for 10 consecutive days following the removal of bait.
21 Nothing in this Section shall prohibit the use of a dog to
22 track wounded deer. Any person using a dog for tracking
23 wounded deer must maintain physical control of the dog at all
24 times by means of a maximum 50-foot ~~50-foot~~ lead attached to
25 the dog's collar or harness. Tracking wounded deer is
26 permissible at night, but at no time outside of legal deer

1 hunting hours or seasons shall any person handling or
2 accompanying a dog being used for tracking wounded deer be in
3 possession of any firearm or archery device. Persons tracking
4 wounded deer with a dog during the firearm deer seasons shall
5 wear blaze orange or solid blaze pink color as required. Dog
6 handlers tracking wounded deer with a dog are exempt from
7 hunting license and deer permit requirements so long as they
8 are accompanied by the licensed deer hunter who wounded the
9 deer.

10 It shall be unlawful to possess or transport any wild deer
11 which has been injured or killed in any manner upon a public
12 highway or public right-of-way of this State unless exempted
13 by administrative rule.

15 and arrow device shall be carried with the arrow in the nocked
16 position during hours when deer hunting is unlawful.

17 It shall be unlawful for any person, having taken the
18 legal limit of deer by gun, to further participate with a gun
19 in any deer hunting party.

22 with bow and arrow in any deer hunting party.

23 The Department may prohibit upland game hunting during the
24 gun deer season by administrative rule.

25 The Department shall not limit the number of non-resident,
26 either-sex archery deer hunting permits to less than 20,000.

1 Any person who violates any of the provisions of this
2 Section, including administrative rules, shall be guilty of a
3 Class B misdemeanor.

4 For the purposes of calculating acreage under this
5 Section, the Department shall, after determining the total
6 acreage of the applicable tract or tracts of land, round
7 remaining fractional portions of an acre greater than or equal
8 to half of an acre up to the next whole acre.

9 For the purposes of taking white-tailed deer, nothing in
10 this Section shall be construed to prevent the manipulation,
11 including mowing or cutting, of standing crops as a normal
12 agricultural or soil stabilization practice, food plots, or
13 normal agricultural practices, including planting, harvesting,
14 and maintenance such as cultivating or the use of products
15 designed for scent only and not capable of ingestion, solid or
16 liquid, placed or scattered, in such a manner as to attract or
17 lure deer. Such manipulation for the purpose of taking
18 white-tailed deer may be further modified by administrative
19 rule.

15 jeopardize the continued existence of Illinois listed
16 endangered and threatened species or are likely to result in
17 the destruction or adverse modification of the designated
18 essential habitat of such species, which policy shall be
19 enforceable only by writ of mandamus; and where a State or
20 local agency does so consult in furtherance of this public
21 policy, such State or local agency shall be deemed to have
22 complied with its obligations under the "Illinois Endangered
23 Species Protection Act", provided the agency action shall not
24 result in the killing or injuring of any Illinois listed
25 animal species, or provided that authorization for taking a
26 listed species has been issued under Section 4, 5, or 5.5 of

1 this Act. This paragraph (b) shall not apply to any project of
2 a State agency on which a biological opinion has been issued
3 (in accordance with Section 7 of the federal ~~Federal~~
4 Endangered Species Act of 1973) prior to the effective date of
5 this amendatory Act of 1985 stating that the action proposed
6 by said project will not jeopardize the continued existence of

8 (c) The Department shall have the authority to adopt such
9 rules as are reasonable and necessary to implement the
10 provisions of this Act.

16 (605 ILCS 5/6-513) (from Ch. 121, par. 6-513)

17 Sec. 6-513. The county board, in any county having the
18 commission form of government in which a county unit road
19 district is established, may issue bonds of the county in an
20 amount not exceeding 2.875% of the value, as equalized and
21 assessed by the Department of Revenue, of the property in such
22 county or, until January 1, 1983, if greater, the sum that is
23 produced by multiplying the county's 1978 equalized assessed

1 valuation by the debt limitation percentage in effect on
2 January 1, 1979, for the purpose of constructing county unit
3 district roads. However, the question of issuing such county
4 bonds shall first be submitted to the legal voters of such
5 county at an election. The county board shall adopt a
6 resolution to submit the question of issuing such bonds to a
7 vote, specifying therein the particular roads or bridges to be
8 constructed, the type of construction to be made on each
9 section of such roads or on such bridges, and the proposed
10 widths of the roadway, together with an estimate of the cost of
11 such construction. The county board shall certify the
12 resolution to the proper election officials, who shall submit
13 at an election such proposition in accordance with the general
14 election law. Notice of the referendum shall be given and the

22 -----
23 If a majority of the voters voting on such question vote in
24 favor of the proposition, the county board may at once issue
25 the bonds and take the necessary steps to construct the roads
26 provided for. Such bonds shall be issued to mature within 20

1 years from the date of issue, shall be upon such terms and
2 conditions and shall bear such rate of interest not in excess
3 of the amount permitted pursuant to the Bond Authorization Act
4 ~~"An Act to authorize public corporations to issue bonds, other~~

9 and the county board may, if it is of the opinion that the bids
10 are unsatisfactory, reject the same and re-advertise and
11 solicit other bids. At the time or before issuing any such
12 bonds, the county board shall adopt a resolution fixing the
13 details of such bonds and providing for the levy of a direct
14 annual tax to pay the principal and interest on such bonds as
15 the same become due. A register of all bonds so issued shall be
16 kept in the office of the county clerk, and it shall be the
17 duty of the county clerk to annually extend a tax upon all the
18 taxable property of the county sufficient to pay the interest
19 and principal on such bonds, as the same shall become due. Such
20 tax shall not be subject to any limitation as to rate or
21 amount. However, if it has been certified to the county clerk
22 that funds from other sources have been allocated and set
23 aside for the purpose of paying the principal or interest, or
24 both, of such bonds, the county clerk shall, in extending the
25 tax and fixing the rate of tax under this Section make proper
26 allowance and reduction in such extension of tax and tax rate

1 to the extent of the funds so certified to be available for the
2 payment of such principal or interest, or both.

4 (605 ILCS 5/6-901) (from Ch. 121, par. 6-901)

5 Sec. 6-901. Annually, the General Assembly shall
6 appropriate to the Department of Transportation from the Road
7 Fund, the General Revenue Fund, or any other State funds, or a
8 combination of those funds, \$60,000,000 for apportionment to
9 counties for the use of road districts for the construction of
10 bridges 20 feet or more in length, as provided in Sections
11 6-902 through 6-907.

12 The Department of Transportation shall apportion among the
13 several counties of this State for the use of road districts
14 the amounts appropriated under this Section. The amount
15 apportioned to a county shall be in the proportion which the
16 total mileage of township or district roads in the county
17 bears to the total mileage of all township and district roads
18 in the State. Each county shall allocate to the several road
19 districts in the county the funds so apportioned to the
20 county. The allocation to road districts shall be made in the
21 same manner and be subject to the same conditions and
22 qualifications as are provided by Section 8 of the Motor Fuel
23 Tax Law with respect to the allocation to road districts of the
24 amount allotted from the Motor Fuel Tax Fund for apportionment
25 to counties for the use of road districts, but no allocation

1 shall be made to any road district that has not levied taxes
2 for road and bridge purposes in such a manner that is eligible
3 for allotment of Motor Fuel Tax funding pursuant to Section 8
4 of the Motor Fuel Tax Law. 7 "Road district" and "township or
5 district road" have the meanings ascribed to those terms in
6 this Act.

7 Road districts in counties in which a property tax
8 extension limitation is imposed under the Property Tax
9 Extension Limitation Law that are made ineligible for receipt
10 of this appropriation due to the imposition of a property tax
11 extension limitation may become eligible if, at the time the
12 property tax extension limitation was imposed, the road
13 district was levying at the required rate and continues to
14 levy the maximum allowable amount after the imposition of the
15 property tax extension limitation. The road district also
16 becomes eligible if it levies at or above the rate required for
17 eligibility by Section 8 of the Motor Fuel Tax Law.

18 The amounts apportioned under this Section for allocation
19 to road districts may be used only for bridge construction as
20 provided in this Division. So much of those amounts as are not
21 obligated under Sections 6-902 through 6-904 and for which
22 local funds have not been committed under Section 6-905 within
23 48 months of the date when such apportionment is made lapses
24 and shall not be paid to the county treasurer for distribution
25 to road districts.

3 Sec. 6-907. Lapsed funds; use. Lapsed funds under Section
4 6-906 shall be used to provide additional monetary assistance

10 (605 ILCS 5/10-303) (from Ch. 121, par. 10-303)

11 Sec. 10-303. For the purpose of acquiring by purchase or
12 otherwise or the constructing of any such bridge, the county
13 board of each such county is authorized to borrow money and in
14 evidence thereof to issue the bonds of such county, and to
15 refund the same from time to time, payable solely from the
16 revenues derived from the operation of such bridge. Such bonds
17 may be issued as serial or term bonds, shall mature in not to
18 exceed 40 years from the date thereof, and may be made
19 redeemable, prior to maturity, with or without premium. Such
20 bonds may be issued in such amounts as may be necessary to
21 provide sufficient funds to pay the cost of acquiring or
22 constructing such bridge and the approaches thereto, including
23 all property real or personal, necessary or incidental in the
24 acquisition or construction of such bridge and its approaches,

1 including reasonable legal and engineering, traffic survey,
2 and architectural fees, costs of financing, and interest
3 during construction and for not less than 12 months
4 thereafter. Such bonds shall bear interest at a rate not to
5 exceed that permitted in the Bond Authorization Act ~~"An Act to~~
6 ~~authorize public corporations to issue bonds, other evidences~~
7 ~~of indebtedness and tax anticipation warrants subject to~~
8 ~~interest rate limitations set forth therein", approved May 26,~~
9 ~~1970, as amended,~~ payable semi-annually. Bonds issued under
10 the provisions of this Division of this Article have the
11 qualities and incidents of negotiable instruments under the
12 laws of the State of Illinois, shall be executed in the name of
13 the county by the chairman of the county board and the county
14 clerk of such county, and shall be sealed with the corporate
15 seal of the county, and the interest coupons attached to such
16 bonds shall be executed by the facsimile signatures of such
17 chairman and county clerk, and such officials by the execution
18 of such bonds shall adopt as and for their own proper
19 signatures their respective facsimile signatures appearing on
20 such coupons. In case any officer whose signature appears on
21 any such bonds or coupons ceases to be such officer before
22 delivery of such bonds, such signatures shall nevertheless be
23 valid and sufficient for all purposes, the same as if such
24 officer had remained in office until such delivery.

25 Such bonds may be registered as to principal at any time
26 prior to maturity in the name of the holder on the books of the

1 county in the office of the county treasurer, such
2 registration to be noted on the reverse side of the bonds by
3 the county treasurer, and thereafter the principal of such
4 registered bonds shall be payable only to the registered
5 holder, his legal representatives or assigns. Such registered
6 bonds shall be transferable to another registered holder, or
7 back to bearer, only upon presentation to the county treasurer
8 with the legal assignment duly acknowledged or approved.
9 Registration of any such bonds shall not affect negotiability
10 of the coupons thereto attached, but such coupons shall be
11 transferable by delivery merely.

12 All such bonds issued by any such county shall be sold in
13 such manner and at such time as the governing body shall
14 determine. Whenever the governing body of any such county
15 determines to issue bonds as provided for in this Division of
16 this Article, it shall adopt an ordinance describing in a
17 general way the bridge to be acquired or constructed and its
18 general location. Such ordinance shall set out the aggregate
19 amount of the estimated cost of the acquisition or
20 construction of such bridge, as prepared by the engineers
21 employed for that purpose, determine the period of usefulness
22 thereof and fix the amount of revenue bonds to be issued, the
23 maturity or maturities, redemption privileges, the interest
24 rate, sinking fund, and all other details in connection with
25 such bonds, including such reserve accounts as the county
26 board of such county may deem necessary. Such ordinance may

1 contain such covenants and restrictions upon the issuance of
2 additional revenue bonds thereafter as may be deemed necessary
3 or advisable for the assurance of the payment of the bonds
4 thereby authorized. Revenue bonds issued under the provisions
5 of this Division of this Article shall be payable solely from
6 the revenue derived from such bridge, and such bonds shall
7 not, in any event constitute or be deemed an indebtedness of
8 such county within the meaning of any constitutional
9 provisions or statutory limitation as to debt, and it shall be
10 plainly stated on the face of each bond that it does not
11 constitute an indebtedness within any constitutional or
12 statutory limitation. Such ordinance shall be published within
13 30 days after its passage in a newspaper, published and having
14 a general circulation in such county, and shall not become
15 effective until 10 days after its publication.

1 the condition that such vehicle at all times when operated
2 in this State is operated pursuant to a reciprocity
3 agreement, arrangement or declaration by this State, and
4 further subject to the condition that such vehicle at all
5 times when operated in this State is duly registered in,

23 trailer operated interstate need not be registered in this
24 State, provided:

25 (a) that the vehicle is properly registered in
26 another State pursuant to law or to a reciprocity

11 following factors: ratio of miles in Illinois as
12 against total miles in all jurisdictions; situs or
13 base of a vehicle, or where it is principally garaged,
14 or from whence it is principally dispatched or where
15 the movements of such vehicle usually originate; situs
16 of the residence of the owner or operator thereof, or

6 arrangements with the duly authorized representatives of
7 other jurisdictions, including States, districts,
8 territories and possessions of the United States, and
9 foreign states, provinces, or countries, granting to

12 evidence of compliance is supplied, benefits, privileges
13 and exemption from the payment, wholly or partially, of
14 any taxes, fees or other charges imposed with respect to
15 the ownership or operation of such vehicles by the laws of
16 this State except the tax imposed by the Motor Fuel Tax
17 Law, approved March 25, 1929, as amended, and the tax

22 and the residents of this State pursuant to the policies
23 expressed in this Section taking into consideration the
24 reciprocal exemptions, benefits and privileges available
25 and accruing to residents of this State and vehicles
26 registered in this State.

1 (b) Such reciprocal agreements or arrangements shall
2 provide that vehicles duly registered or licensed in this
3 State when operated upon the highways of such other
4 jurisdictions, shall receive exemptions, benefits and

7 State.

8 (c) Such agreements or arrangements may also authorize
9 the apportionment of registration or licensing of fleets
10 of vehicles operated interstate, based on any or all of
11 the following factors: ratio of miles in Illinois as
12 against total miles in all jurisdictions; situs or base of
13 a vehicle, or where it is principally garaged or from
14 whence it is principally dispatched or where the movements
15 of such vehicle usually originate; situs of the residence
16 of the owner or operator thereof, or of his principal
17 office or offices, or of his places of business; the
18 routes traversed and whether regular or irregular routes
19 are traversed, and the jurisdictions traversed and served;
20 and such other factors as may be deemed material by the
21 Secretary and the motor vehicle administrators of the
22 other jurisdictions involved in such apportionment, and
23 such vehicles shall likewise be entitled to reciprocal
24 exemptions, benefits and privileges.

25 (d) Such agreements or arrangements shall also provide
26 that vehicles being operated in intrastate commerce in

1 Illinois shall comply with the registration and licensing
2 laws of this State, except that vehicles which are part of
3 an apportioned fleet may conduct an intrastate operation
4 incidental to their interstate operations. Any motor
5 vehicle properly registered and qualified under any
6 reciprocal agreement or arrangement under this Code and
7 not having a situs or base within Illinois may complete
8 the inbound movement of a trailer or semitrailer to an
9 Illinois destination that was brought into Illinois by a
10 motor vehicle also properly registered and qualified under
11 this Code and not having a situs or base within Illinois,
12 or may complete an outbound movement of a trailer or
13 semitrailer to an out-of-state destination that was
14 originated in Illinois by a motor vehicle also properly
15 registered and qualified under this Code and not having a
16 situs or base in Illinois, only if the operator thereof

21 towing or hauling away.

22 (a) When a vehicle is abandoned, or left unattended, on a
23 toll highway, interstate highway, or expressway for 2 hours or
24 more, its removal by a towing service may be authorized by a
25 law enforcement agency having jurisdiction.

8 its removal by a towing service may be authorized by a law
9 enforcement agency having jurisdiction.

10 (d) When an abandoned, unattended, wrecked, burned, or
11 partially dismantled vehicle is creating a traffic hazard
12 because of its position in relation to the highway or its
13 physical appearance is causing the impeding of traffic, its
14 immediate removal from the highway or private property
15 adjacent to the highway by a towing service may be authorized
16 by a law enforcement agency having jurisdiction.

17 (e) Whenever a peace officer reasonably believes that a
18 person under arrest for a violation of Section 11-501 of this
19 Code or a similar provision of a local ordinance is likely,
20 upon release, to commit a subsequent violation of Section
21 11-501, or a similar provision of a local ordinance, the
22 arresting officer shall have the vehicle which the person was
23 operating at the time of the arrest impounded for a period of
24 12 hours after the time of arrest. However, such vehicle may be
25 released by the arresting law enforcement agency prior to the
26 end of the impoundment period if:

1 (1) the vehicle was not owned by the person under
2 arrest, and the lawful owner requesting such release
3 possesses a valid operator's license, proof of ownership,
4 and would not, as determined by the arresting law
5 enforcement agency, indicate a lack of ability to operate
6 a motor vehicle in a safe manner, or who would otherwise,
7 by operating such motor vehicle, be in violation of this
8 Code; or

9 (2) the vehicle is owned by the person under arrest,
10 and the person under arrest gives permission to another
11 person to operate such vehicle, provided however, that the
12 other person possesses a valid operator's license and
13 would not, as determined by the arresting law enforcement
14 agency, indicate a lack of ability to operate a motor
15 vehicle in a safe manner or who would otherwise, by
16 operating such motor vehicle, be in violation of this
17 Code.

18 (e-5) Whenever a registered owner of a vehicle is taken
19 into custody for operating the vehicle in violation of Section
20 11-501 of this Code or a similar provision of a local ordinance
21 or Section 6-303 of this Code, a law enforcement officer may
22 have the vehicle immediately impounded for a period not less
23 than:

24 (1) 24 hours for a second violation of Section 11-501
25 of this Code or a similar provision of a local ordinance or
26 Section 6-303 of this Code or a combination of these

2 (2) 48 hours for a third violation of Section 11-501
3 of this Code or a similar provision of a local ordinance or
4 Section 6-303 of this Code or a combination of these
5 offenses.

6 The vehicle may be released sooner if the vehicle is owned
7 by the person under arrest and the person under arrest gives
8 permission to another person to operate the vehicle and that
9 other person possesses a valid operator's license and would
10 not, as determined by the arresting law enforcement agency,
11 indicate a lack of ability to operate a motor vehicle in a safe
12 manner or would otherwise, by operating the motor vehicle, be
13 in violation of this Code.

14 (f) Except as provided in Chapter 18a of this Code, the
15 owner or lessor of privately owned real property within this
16 State, or any person authorized by such owner or lessor, or any
17 law enforcement agency in the case of publicly owned real
18 property may cause any motor vehicle abandoned or left
19 unattended upon such property without permission to be removed
20 by a towing service without liability for the costs of
21 removal, transportation, ~~or~~ storage, or damage caused by such
22 removal, transportation, or storage. The towing or removal of
23 any vehicle from private property without the consent of the
24 registered owner or other legally authorized person in control
25 of the vehicle is subject to compliance with the following
26 conditions and restrictions:

1 1. Any towed or removed vehicle must be stored at the
2 site of the towing service's place of business. The site
3 must be open during business hours, and for the purpose of
4 redemption of vehicles, during the time that the person or
5 firm towing such vehicle is open for towing purposes.

6 2. The towing service shall within 30 minutes of
7 completion of such towing or removal, notify the law
8 enforcement agency having jurisdiction of such towing or
9 removal, and the make, model, color, and license plate
10 number of the vehicle, and shall obtain and record the
11 name of the person at the law enforcement agency to whom
12 such information was reported.

13 3. If the registered owner or legally authorized
14 person entitled to possession of the vehicle shall arrive
15 at the scene prior to actual removal or towing of the
16 vehicle, the vehicle shall be disconnected from the tow
17 truck and that person shall be allowed to remove the
18 vehicle without interference, upon the payment of a
19 reasonable service fee of not more than one-half the
20 posted rate of the towing service as provided in paragraph
21 6 of this subsection, for which a receipt shall be given.

22 4. The rebate or payment of money or any other
23 valuable consideration from the towing service or its
24 owners, managers, or employees to the owners or operators
25 of the premises from which the vehicles are towed or
26 removed, for the privilege of removing or towing those

1 vehicles, is prohibited. Any individual who violates this
2 paragraph shall be guilty of a Class A misdemeanor.

3 5. Except for property appurtenant to and obviously a
4 part of a single family residence, and except for
5 instances where notice is personally given to the owner or
6 other legally authorized person in control of the vehicle
7 that the area in which that vehicle is parked is reserved
8 or otherwise unavailable to unauthorized vehicles and they
9 are subject to being removed at the owner or operator's
10 expense, any property owner or lessor, prior to towing or
11 removing any vehicle from private property without the
12 consent of the owner or other legally authorized person in
13 control of that vehicle, must post a notice meeting the
14 following requirements:

15 a. Except as otherwise provided in subparagraph
16 a.1 of this paragraph 5 of this subsection ~~subdivision~~
17 ~~(f)5~~, the notice must be prominently placed at each
18 driveway access or curb cut allowing vehicular access
19 to the property within 5 feet from the public
20 right-of-way line. If there are no curbs or access
21 barriers, the sign must be posted not less than one
22 sign each 100 feet of lot frontage.

23 a.1. In a municipality with a population of less
24 than 250,000, as an alternative to the requirement of
25 subparagraph a of this paragraph 5 of this subsection
26 ~~subdivision~~ ~~(f)5~~, the notice for a parking lot

1 contained within property used solely for a 2-family,
2 3-family, or 4-family residence may be prominently
3 placed at the perimeter of the parking lot, in a
4 position where the notice is visible to the occupants
5 of vehicles entering the lot.

6 b. The notice must indicate clearly, in not less
7 than 2 inch high light-reflective letters on a
8 contrasting background, that unauthorized vehicles
9 will be towed away at the owner's expense.

10 c. The notice must also provide the name and
11 current telephone number of the towing service towing
12 or removing the vehicle.

13 d. The sign structure containing the required
14 notices must be permanently installed with the bottom
15 of the sign not less than 4 feet above ground level,
16 and must be continuously maintained on the property
17 for not less than 24 hours prior to the towing or
18 removing of any vehicle.

19 6. Any towing service that tows or removes vehicles
20 and proposes to require the owner, operator, or person in
21 control of the vehicle to pay the costs of towing and
22 storage prior to redemption of the vehicle must file and
23 keep on record with the local law enforcement agency a
24 complete copy of the current rates to be charged for such
25 services, and post at the storage site an identical rate
26 schedule and any written contracts with property owners,

1 lessors, or persons in control of property which authorize
2 them to remove vehicles as provided in this Section. The
3 towing and storage charges, however, shall not exceed the
4 maximum allowed by the Illinois Commerce Commission under
5 Section 18a-200.

6 7. No person shall engage in the removal of vehicles
7 from private property as described in this Section without
8 filing a notice of intent in each community where he
9 intends to do such removal, and such notice shall be filed
10 at least 7 days before commencing such towing.

11 8. No removal of a vehicle from private property shall
12 be done except upon express written instructions of the
13 owners or persons in charge of the private property upon
14 which the vehicle is said to be trespassing.

15 9. Vehicle entry for the purpose of removal shall be
16 allowed with reasonable care on the part of the person or
17 firm towing the vehicle. Such person or firm shall be
18 liable for any damages occasioned to the vehicle if such
19 entry is not in accordance with the standards of
20 reasonable care.

21 9.5. Except as authorized by a law enforcement
22 officer, no towing service shall engage in the removal of
23 a commercial motor vehicle that requires a commercial
24 driver's license to operate by operating the vehicle under
25 its own power on a highway.

26 10. When a vehicle has been towed or removed pursuant

1 to this Section, it must be released to its owner,
2 custodian, agent, or lienholder within one-half hour after
3 requested, if such request is made during business hours.
4 Any vehicle owner, custodian, agent, or lienholder shall
5 have the right to inspect the vehicle before accepting its
6 return, and no release or waiver of any kind which would
7 release the towing service from liability for damages
8 incurred during the towing and storage may be required
9 from any vehicle owner or other legally authorized person
10 as a condition of release of the vehicle. A detailed,
11 signed receipt showing the legal name of the towing
12 service must be given to the person paying towing or
13 storage charges at the time of payment, whether requested
14 or not.

15 This Section shall not apply to law enforcement,
16 firefighting, rescue, ambulance, or other emergency
17 vehicles which are marked as such or to property owned by
18 any governmental entity.

19 When an authorized person improperly causes a motor
20 vehicle to be removed, such person shall be liable to the
21 owner or lessee of the vehicle for the cost of removal,
22 transportation and storage, any damages resulting from the
23 removal, transportation and storage, attorney's fee, and
24 court costs.

25 Any towing or storage charges accrued shall be payable
26 in cash or by cashier's check, certified check, debit

1 card, credit card, or wire transfer, at the option of the
2 party taking possession of the vehicle.

3 11. Towing companies shall also provide insurance
4 coverage for areas where vehicles towed under the
5 provisions of this Chapter will be impounded or otherwise
6 stored, and shall adequately cover loss by fire, theft, or
7 other risks.

8 Any person who fails to comply with the conditions and
9 restrictions of this subsection shall be guilty of a Class C
10 misdemeanor and shall be fined not less than \$100 nor more than
11 \$500.

12 (g)(1) When a vehicle is determined to be a hazardous
13 dilapidated motor vehicle pursuant to Section 11-40-3.1 of the
14 Illinois Municipal Code or Section 5-12002.1 of the Counties
15 Code, its removal and impoundment by a towing service may be
16 authorized by a law enforcement agency with appropriate
17 jurisdiction.

18 (2) When a vehicle removal from either public or private
19 property is authorized by a law enforcement agency, the owner
20 of the vehicle shall be responsible for all towing and storage
21 charges.

22 (3) Vehicles removed from public or private property and
23 stored by a commercial vehicle relocater or any other towing
24 service authorized by a law enforcement agency in compliance
25 with this Section and Sections 4-201 and 4-202 of this Code, or
26 at the request of the vehicle owner or operator, shall be

1 subject to a possessor lien for services pursuant to the Labor
2 and Storage Lien (Small Amount) Act. The provisions of Section
3 1 of that Act relating to notice and implied consent shall be
4 deemed satisfied by compliance with Section 18a-302 and
5 subsection (6) of Section 18a-300. In no event shall such lien
6 be greater than the rate or rates established in accordance
7 with subsection (6) of Section 18a-200 of this Code. In no
8 event shall such lien be increased or altered to reflect any
9 charge for services or materials rendered in addition to those
10 authorized by this Code. Every such lien shall be payable in
11 cash or by cashier's check, certified check, debit card,
12 credit card, or wire transfer, at the option of the party
13 taking possession of the vehicle.

14 (4) Any personal property belonging to the vehicle owner
15 in a vehicle subject to a lien under this subsection (g) shall
16 likewise be subject to that lien, excepting only: child
17 restraint systems as defined in Section 4 of the Child
18 Passenger Protection Act and other child booster seats;
19 eyeglasses; food; medicine; personal medical and health care
20 devices, including hearing instruments; perishable property;
21 any operator's licenses; any cash, credit cards, or checks or
22 checkbooks; any wallet, purse, or other property containing
23 any operator's licenses, social security cards, or other
24 identifying documents or materials, cash, credit cards,
25 checks, checkbooks, or passbooks; higher education textbooks
26 and study materials; and any personal property belonging to a

1 person other than the vehicle owner if that person provides
2 adequate proof that the personal property belongs to that
3 person. The spouse, child, mother, father, brother, or sister
4 of the vehicle owner may claim personal property excepted
5 under this paragraph (4) if the person claiming the personal
6 property provides the commercial vehicle relocater or towing
7 service with the authorization of the vehicle owner.

8 (5) This paragraph (5) applies only in the case of a
9 vehicle that is towed as a result of being involved in a crash.
10 In addition to the personal property excepted under paragraph
11 (4), all other personal property in a vehicle subject to a lien
12 under this subsection (g) is exempt from that lien and may be
13 claimed by the vehicle owner if the vehicle owner provides the
14 commercial vehicle relocater or towing service with proof that
15 the vehicle owner has an insurance policy covering towing and
16 storage fees. The spouse, child, mother, father, brother, or
17 sister of the vehicle owner may claim personal property in a
18 vehicle subject to a lien under this subsection (g) if the
19 person claiming the personal property provides the commercial
20 vehicle relocater or towing service with the authorization of
21 the vehicle owner and proof that the vehicle owner has an
22 insurance policy covering towing and storage fees. The
23 regulation of liens on personal property and exceptions to
24 those liens in the case of vehicles towed as a result of being
25 involved in a crash are exclusive powers and functions of the
26 State. A home rule unit may not regulate liens on personal

1 property and exceptions to those liens in the case of vehicles
2 towed as a result of being involved in a crash. This paragraph
3 (5) is a denial and limitation of home rule powers and
4 functions under subsection (h) of Section 6 of Article VII of
5 the Illinois Constitution.

6 (6) No lien under this subsection (g) shall: exceed \$2,000
7 in its total amount; or be increased or altered to reflect any
8 charge for services or materials rendered in addition to those
9 authorized by this Code.

10 (h) Whenever a peace officer issues a citation to a driver
11 for a violation of subsection (a), (a-5), or (b-5) of Section
12 11-506 of this Code or for a violation of paragraph (1) of
13 subsection (a) of Section 11-503 of this Code, the arresting
14 officer may have the vehicle which the person was operating at
15 the time of the arrest impounded for a period of 5 days after
16 the time of arrest. An impounding agency shall release a motor
17 vehicle impounded under this subsection (h) to the registered
18 owner of the vehicle under any of the following circumstances:

19 (1) if the vehicle is a stolen vehicle; or

20 (2) if the person ticketed for a violation of
21 subsection (a), (a-5), or (b-5) of Section 11-506 or
22 paragraph (1) of subsection (a) of Section 11-503 of this
23 Code was not authorized by the registered owner of the
24 vehicle to operate the vehicle at the time of the
25 violation; or

26 (3) if the registered owner of the vehicle was neither

1 the driver nor a passenger in the vehicle at the time of
2 the violation or was unaware that the driver was using the
3 vehicle to engage in street racing, street sideshow, or
4 reckless driving; or

5 (4) if the legal owner or registered owner of the
6 vehicle is a rental car agency; or

7 (5) if, prior to the expiration of the impoundment
8 period specified above, the citation is dismissed or the
9 defendant is found not guilty of the offense.

10 (i) Except for vehicles exempted under subsection (b) of
11 Section 7-601 of this Code, whenever a law enforcement officer
12 issues a citation to a driver for a violation of Section 3-707
13 of this Code, and the driver has a prior conviction for a
14 violation of Section 3-707 of this Code in the past 12 months,
15 the arresting officer shall authorize the removal and
16 impoundment of the vehicle by a towing service.

17 (j) Notwithstanding any other provision of law, if a
18 person has indicated in a timely filed report to the
19 appropriate law enforcement agency that a vehicle towed
20 pursuant to this Section has been stolen or hijacked then:

21 (1) the person shall not be liable for any
22 governmentally imposed fees, fines, or penalties; and

23 (2) if a vehicle towed pursuant to this Section is
24 registered in Illinois and the name and address of the
25 registered owner of the vehicle is provided or made
26 available to the towing service at the time of the tow,

1 then the towing service must provide written notice of the
2 tow to the registered owner within 2 business days after
3 the vehicle is towed by certified mail, return receipt
4 requested. No storage charges shall accrue if the vehicle
5 is reclaimed by paying recovery and towing charges at the
6 posted rates of the towing service as provided by
7 paragraph 6 of subsection (f) within 7 days after such
8 notice is mailed. If the vehicle is registered in a state
9 other than Illinois, then no storage charges shall accrue
10 if the vehicle is reclaimed by paying recovery and towing
11 charges at the posted rates of the towing service as
12 provided by paragraph 6 of subsection (f) within 7 days
13 after a request for registered owner information is mailed
14 by the towing service, certified mail, return receipt
15 requested, to the applicable administrative agency or
16 office in that state.

17 The towing service shall enjoy a lien to secure payment of
18 charges accrued in compliance with this subsection.

21 (625 ILCS 5/5-102) (from Ch. 95 1/2, par. 5-102)

22 Sec. 5-102. Used vehicle dealers must be licensed.

23 (a) No person, other than a licensed new vehicle dealer,
24 shall engage in the business of selling or dealing in, on
25 consignment or otherwise, 5 or more used vehicles of any make

1 during the year (except house trailers as authorized by
2 paragraph (j) of this Section and rebuilt salvage vehicles
3 sold by their rebuilders to persons licensed under this
4 Chapter), or act as an intermediary, agent, or broker for any
5 licensed dealer or vehicle purchaser (other than as a
6 salesperson) or represent or advertise that he is so engaged
7 or intends to so engage in such business unless licensed to do
8 so by the Secretary of State under the provisions of this
9 Section.

10 (b) An application for a used vehicle dealer's license
11 shall be filed with the Secretary of State, duly verified by
12 oath, in such form as the Secretary of State may by rule or
13 regulation prescribe and shall contain:

14 1. The name and type of business organization
15 established and additional places of business, if any, in
16 this State.

17 2. If the applicant is a corporation, a list of its
18 officers, directors, and shareholders having a 10% ~~ten~~
19 ~~percent~~ or greater ownership interest in the corporation,
20 setting forth the residence address of each; if the
21 applicant is a sole proprietorship, a partnership, an
22 unincorporated association, a trust, or any similar form
23 of business organization, the names and residence address
24 of the proprietor or of each partner, member, officer,
25 director, trustee, or manager.

26 3. A statement that the applicant has been approved

1 for registration under the Retailers' Occupation Tax Act
2 by the Department of Revenue. However, this requirement
3 does not apply to a dealer who is already licensed
4 hereunder with the Secretary of State, and who is merely
5 applying for a renewal of his license. As evidence of this
6 fact, the application shall be accompanied by a
7 certification from the Department of Revenue showing that
8 the Department has approved the applicant for registration
9 under the Retailers' Occupation Tax Act.

10 4. A statement that the applicant has complied with
11 the appropriate liability insurance requirement. A
12 Certificate of Insurance in a solvent company authorized
13 to do business in the State of Illinois shall be included
14 with each application covering each location at which he
15 proposes to act as a used vehicle dealer. The policy must
16 provide liability coverage in the minimum amounts of
17 \$100,000 for bodily injury to, or death of, any person,
18 \$300,000 for bodily injury to, or death of, 2 ~~two~~ or more
19 persons in any one crash, and \$50,000 for damage to
20 property. Such policy shall expire not sooner than
21 December 31 of the year for which the license was issued or
22 renewed. The expiration of the insurance policy shall not
23 terminate the liability under the policy arising during
24 the period for which the policy was filed. Trailer and
25 mobile home dealers are exempt from this requirement.

26 If the permitted user has a liability insurance policy

1 that provides automobile liability insurance coverage of
2 at least \$100,000 for bodily injury to or the death of any
3 person, \$300,000 for bodily injury to or the death of any 2
4 or more persons in any one crash, and \$50,000 for damage to
5 property, then the permitted user's insurer shall be the
6 primary insurer and the dealer's insurer shall be the
7 secondary insurer. If the permitted user does not have a
8 liability insurance policy that provides automobile
9 liability insurance coverage of at least \$100,000 for
10 bodily injury to or the death of any person, \$300,000 for
11 bodily injury to or the death of any 2 or more persons in
12 any one crash, and \$50,000 for damage to property, or does
13 not have any insurance at all, then the dealer's insurer
14 shall be the primary insurer and the permitted user's
15 insurer shall be the secondary insurer.

16 When a permitted user is "test driving" a used vehicle
17 dealer's automobile, the used vehicle dealer's insurance
18 shall be primary and the permitted user's insurance shall
19 be secondary.

20 As used in this paragraph 4, a "permitted user" is a
21 person who, with the permission of the used vehicle dealer
22 or an employee of the used vehicle dealer, drives a
23 vehicle owned and held for sale or lease by the used
24 vehicle dealer which the person is considering to purchase
25 or lease, in order to evaluate the performance,
26 reliability, or condition of the vehicle. The term

1 "permitted user" also includes a person who, with the
2 permission of the used vehicle dealer, drives a vehicle
3 owned or held for sale or lease by the used vehicle dealer
4 for loaner purposes while the user's vehicle is being
5 repaired or evaluated.

6 As used in this paragraph 4, "test driving" occurs
7 when a permitted user who, with the permission of the used
8 vehicle dealer or an employee of the used vehicle dealer,
9 drives a vehicle owned and held for sale or lease by a used
10 vehicle dealer that the person is considering to purchase
11 or lease, in order to evaluate the performance,
12 reliability, or condition of the vehicle.

13 As used in this paragraph 4, "loaner purposes" means
14 when a person who, with the permission of the used vehicle
15 dealer, drives a vehicle owned or held for sale or lease by
16 the used vehicle dealer while the user's vehicle is being
17 repaired or evaluated.

18 5. An application for a used vehicle dealer's license
19 shall be accompanied by the following license fees:

20 (A) \$1,000 for applicant's established place of
21 business, and \$50 for each additional place of
22 business, if any, to which the application pertains;
23 however, if the application is made after June 15 of
24 any year, the license fee shall be \$500 for
25 applicant's established place of business plus \$25 for
26 each additional place of business, if any, to which

1 the application pertains. License fees shall be
2 returnable only in the event that the application is
3 denied by the Secretary of State. Of the money
4 received by the Secretary of State as license fees
5 under this subparagraph (A) for the 2004 licensing
6 year and thereafter, 95% shall be deposited into the
7 General Revenue Fund.

8 (B) Except for dealers selling 25 or fewer
9 automobiles or as provided in subsection (h) of
10 Section 5-102.7 of this Code, an Annual Dealer
11 Recovery Fund Fee in the amount of \$500 for the
12 applicant's established place of business, and \$50 for
13 each additional place of business, if any, to which
14 the application pertains; but if the application is
15 made after June 15 of any year, the fee shall be \$250
16 for the applicant's established place of business plus
17 \$25 for each additional place of business, if any, to
18 which the application pertains. For a license renewal
19 application, the fee shall be based on the amount of
20 automobiles sold in the past year according to the
21 following formula:

22 (1) \$0 for dealers selling 25 or fewer ~~less~~
23 automobiles;

24 (2) \$150 for dealers selling more than 25 but
25 fewer ~~less~~ than 200 automobiles;

26 (3) \$300 for dealers selling 200 or more

1 automobiles but fewer ~~less~~ than 300 automobiles;

2 and

3 (4) \$500 for dealers selling 300 or more
4 automobiles.

5 License fees shall be returnable only in the event
6 that the application is denied by the Secretary of
7 State. Moneys received under this subparagraph (B)
8 shall be deposited into the Dealer Recovery Trust
9 Fund.

10 6. A statement that the applicant's officers,
11 directors, shareholders having a 10% or greater ownership
12 interest therein, proprietor, partner, member, officer,
13 director, trustee, manager, or other principals in the
14 business have not committed in the past 3 years any one
15 violation as determined in any civil, criminal, or
16 administrative proceedings of any one of the following
17 ~~Acts:~~

18 (A) Article I of Chapter 4 of this Code ~~The~~
19 ~~Anti Theft Laws of the Illinois Vehicle Code;~~

20 (B) Article I of Chapter 3 of this Code ~~The~~

~~Transporters, Wreckers and Rebuilders Laws of the
Illinois Vehicle Code;~~

(E) Section 21-2 of the Criminal Code of 1961 or
the Criminal Code of 2012, Criminal Trespass to
Vehicles; or

(F) The Retailers' Occupation Tax Act.

7. A statement that the applicant's officers,
directors, shareholders having a 10% or greater ownership
interest therein, proprietor, partner, member, officer,
director, trustee, manager, or other principals in the
business have not committed in any calendar year 3 or more
violations, as determined in any civil, criminal, or
administrative proceedings, of any one or more of the
following Acts:

(A) The Consumer Finance Act;

(B) The Consumer Installment Loan Act;

(C) The Retail Installment Sales Act;

(D) The Motor Vehicle Retail Installment Sales
Act;

(E) The Interest Act;

(F) The Illinois Wage Assignment Act;

(G) Part 8 of Article XII of the Code of Civil
Procedure; or

(H) The Consumer Fraud and Deceptive Business
Practices Act.

7.5. A statement that, within 10 years of application,

1 each officer, director, shareholder having a 10% or
2 greater ownership interest therein, proprietor, partner,
3 member, officer, director, trustee, manager, or other
4 principal in the business of the applicant has not
5 committed, as determined in any civil, criminal, or
6 administrative proceeding, in any calendar year one or
7 more forcible felonies under the Criminal Code of 1961 or
8 the Criminal Code of 2012, or a violation of either or both
9 Article 16 or 17 of the Criminal Code of 1961 or a
10 violation of either or both Article 16 or 17 of the
11 Criminal Code of 2012, Article 29B of the Criminal Code of
12 1961 or the Criminal Code of 2012, or a similar
13 out-of-state offense. For the purposes of this paragraph,
14 "forcible felony" has the meaning provided in Section 2-8
15 of the Criminal Code of 2012.

16 8. A bond or Certificate of Deposit in the amount of
17 \$50,000 for each location at which the applicant intends
18 to act as a used vehicle dealer. The bond shall be for the
19 term of the license, or its renewal, for which application
20 is made, and shall expire not sooner than December 31 of
21 the year for which the license was issued or renewed. The
22 bond shall run to the People of the State of Illinois, with
23 surety by a bonding or insurance company authorized to do
24 business in this State. It shall be conditioned upon the
25 proper transmittal of all title and registration fees and
26 taxes (excluding taxes under the Retailers' Occupation Tax

1 Act) accepted by the applicant as a used vehicle dealer.

2 9. Such other information concerning the business of
3 the applicant as the Secretary of State may by rule or
4 regulation prescribe.

5 10. A statement that the applicant understands Chapter
6 1 through Chapter 5 of this Code.

7 11. A copy of the certification from the prelicensing
8 education program.

9 12. The full name, address, and contact information of
10 each of the dealer's agents or legal representatives who
11 is an Illinois resident and liable for the performance of
12 the dealership.

13 (c) Any change which renders no longer accurate any
14 information contained in any application for a used vehicle
15 dealer's license shall be amended within 30 days after the
16 occurrence of each change on such form as the Secretary of
17 State may prescribe by rule or regulation, accompanied by an
18 amendatory fee of \$2.

19 (d) Anything in this Chapter to the contrary
20 notwithstanding, no person shall be licensed as a used vehicle
21 dealer unless such person maintains an established place of
22 business as defined in this Chapter.

23 (e) The Secretary of State shall, within a reasonable time
24 after receipt, examine an application submitted to him under
25 this Section. Unless the Secretary makes a determination that
26 the application submitted to him does not conform to this

1 Section or that grounds exist for a denial of the application
2 under Section 5-501 of this Chapter, he must grant the
3 applicant an original used vehicle dealer's license in writing
4 for his established place of business and a supplemental
5 license in writing for each additional place of business in
6 such form as he may prescribe by rule or regulation which shall
7 include the following:

8 1. The name of the person licensed;

14 manager;

15 3. In case of an original license, the established
16 place of business of the licensee;

17 4. In the case of a supplemental license, the
18 established place of business of the licensee and the

20 license pertains;

22 each of the dealer's agents or legal representatives who
23 is an Illinois resident and liable for the performance of
24 the dealership.

25 (f) The appropriate instrument evidencing the license or a
26 certified copy thereof, provided by the Secretary of State

1 shall be kept posted, conspicuously, in the established place
2 of business of the licensee and in each additional place of
3 business, if any, maintained by such licensee.

4 (g) Except as provided in subsection (h) of this Section,
5 all used vehicle dealer's licenses granted under this Section
6 expire by operation of law on December 31 of the calendar year
7 for which they are granted unless sooner revoked or cancelled
8 under Section 5-501 of this Chapter.

9 (h) A used vehicle dealer's license may be renewed upon
10 application and payment of the fee required herein, and
11 submission of proof of coverage by an approved bond under the
12 Retailers' Occupation Tax Act or proof that applicant is not
13 subject to such bonding requirements, as in the case of an
14 original license, but in case an application for the renewal
15 of an effective license is made during the month of December,
16 the effective license shall remain in force until the

7 been reinstated, a copy of the warranty.

8 (j) A real estate broker holding a valid certificate of
9 registration issued pursuant to "The Real Estate Brokers and
10 Salesmen License Act" may engage in the business of selling or
11 dealing in house trailers not his own without being licensed
12 as a used vehicle dealer under this Section; however such
13 broker shall maintain a record of the transaction including
14 the following:

15 (1) the name and address of the buyer and seller,

16 (2) the date of sale,

17 (3) a description of the mobile home, including the
18 vehicle identification number, make, model, and year, and

20 The foregoing records shall be available for inspection by
21 any officer of the Secretary of State's Office at any
22 reasonable hour.

23 (k) Except at the time of sale or repossession of the
24 vehicle, no person licensed as a used vehicle dealer may issue
25 any other person a newly created key to a vehicle unless the
26 used vehicle dealer makes a color photocopy or electronic scan

1 of the driver's license or State identification card of the
2 person requesting or obtaining the newly created key. The used
3 vehicle dealer must retain the photocopy or scan for 30 days.

4 A used vehicle dealer who violates this subsection (k) is
5 guilty of a petty offense. Violation of this subsection (k) is
6 not cause to suspend, revoke, cancel, or deny renewal of the
7 used vehicle dealer's license.

8 (1) Used vehicle dealers licensed under this Section shall
9 provide the Secretary of State a register for the sale at
10 auction of each salvage or junk certificate vehicle. Each
11 register shall include the following information:

12 1. The year, make, model, style, and color of the
13 vehicle;

14 2. The vehicle's manufacturer's identification number
15 or, if applicable, the Secretary of State or Illinois
16 State Police identification number;

17 3. The date of acquisition of the vehicle;

19 vehicle was acquired;

20 5. The name and address of the person to whom any
21 vehicle was disposed, the person's Illinois license
22 number, or if the person is an out-of-state salvage
23 vehicle buyer, the license number from the state or
24 jurisdiction where the buyer is licensed; and

25 6. The purchase price of the vehicle.

26 The register shall be submitted to the Secretary of State

1 via written or electronic means within 10 calendar days from
2 the date of the auction.

3 (m) If a licensee under this Section voluntarily
4 surrenders a license to the Illinois Secretary of State Police
5 or a representative of the Secretary of State Vehicle Services
6 Department due to the licensee's inability to adhere to
7 recordkeeping provisions, or the inability to properly issue
8 certificates of title or registrations under this Code, or the
9 Secretary revokes a license under this Section, then the
10 licensee and the licensee's agent, designee, or legal
11 representative, if applicable, may not be named on a new
12 application for a license under this Section or under this
13 Chapter, nor is the licensee or the licensee's agent,
14 designee, or legal representative permitted to work for
15 another licensee under this Chapter in a recordkeeping,
16 management, or financial position or as an employee who
17 handles certificate of title and registration documents and
18 applications.

23 Sec. 6-110. Licenses issued to drivers.

24 (a) The Secretary of State shall issue to every qualifying
25 applicant a driver's license as applied for, which license

1 shall bear a distinguishing number assigned to the licensee,
2 the legal name, signature, zip code, date of birth, residence
3 address, and a brief description of the licensee.

4 Licenses issued shall also indicate the classification and
5 the restrictions under Section 6-104 of this Code. The
6 Secretary may adopt rules to establish informational
7 restrictions that can be placed on the driver's license
8 regarding specific conditions of the licensee.

9 A driver's license issued may, in the discretion of the
10 Secretary, include a suitable photograph of a type prescribed
11 by the Secretary.

12 (a-1) If the licensee is less than 18 years of age, unless
13 one of the exceptions in subsection (a-2) apply, the license
14 shall, as a matter of law, be invalid for the operation of any
15 motor vehicle during the following times:

16 (A) Between 11:00 p.m. Friday and 6:00 a.m. Saturday;

17 (B) Between 11:00 p.m. Saturday and 6:00 a.m. on
18 Sunday; and

19 (C) Between 10:00 p.m. on Sunday to Thursday,
20 inclusive, and 6:00 a.m. on the following day.

21 (a-2) The driver's license of a person under the age of 18
22 shall not be invalid as described in subsection (a-1) of this
23 Section if the licensee under the age of 18 was:

24 (1) accompanied by the licensee's parent or guardian
25 or other person in custody or control of the minor;

26 (2) on an errand at the direction of the minor's

1 parent or guardian, without any detour or stop;

2 (3) in a motor vehicle involved in interstate travel;

3 (4) going to or returning home from an employment
4 activity, without any detour or stop;

5 (5) involved in an emergency;

6 (6) going to or returning home from, without any
7 detour or stop, an official school, religious, or other
8 recreational activity supervised by adults and sponsored
9 by a government or governmental agency, a civic
10 organization, or another similar entity that takes
11 responsibility for the licensee, without any detour or
12 stop;

13 (7) exercising First Amendment rights protected by the
14 United States Constitution, such as the free exercise of
15 religion, freedom of speech, and the right of assembly; or

16 (8) married or had been married or is an emancipated
17 minor under the Emancipation of Minors Act.

18 (a-2.5) The driver's license of a person who is 17 years of
19 age and has been licensed for at least 12 months is not invalid
20 as described in subsection (a-1) of this Section while the
21 licensee is participating as an assigned driver in a Safe
22 Rides program that meets the following criteria:

23 (1) the program is sponsored by the Boy Scouts of
24 America or another national public service organization;
25 and

26 (2) the sponsoring organization carries liability

1 insurance covering the program.

2 (a-3) If a graduated driver's license holder over the age
3 of 18 committed an offense against traffic regulations
4 governing the movement of vehicles or any violation of Section
5 6-107 or Section 12-603.1 of this Code in the 6 months prior to
6 the graduated driver's license holder's 18th birthday, and was
7 subsequently convicted of the offense, the provisions of
8 subsection (a-1) shall continue to apply until such time as a
9 period of 6 consecutive months has elapsed without an
10 additional violation and subsequent conviction of an offense
11 against traffic regulations governing the movement of vehicles
12 or Section 6-107 or Section 12-603.1 of this Code.

13 (a-4) If an applicant for a driver's license or
14 instruction permit has a current identification card issued by
15 the Secretary of State, the Secretary may require the
16 applicant to utilize the same residence address and name on
17 the identification card, driver's license, and instruction
18 permit records maintained by the Secretary. The Secretary may
19 promulgate rules to implement this provision.

20 (a-5) If an applicant for a driver's license is an
21 employee of the Department of Children and Family Services
22 with a job title of "Child Protection Specialist Trainee",
23 "Child Protection Specialist", "Child Protection Advanced
24 Specialist", "Child Welfare Specialist Trainee", "Child
25 Welfare Specialist", or "Child Welfare Advanced Specialist" or
26 a judicial officer or a peace officer, the applicant may elect

1 to have his or her office or work address listed on the license
2 instead of the applicant's residence or mailing address. The
3 Secretary of State shall adopt rules to implement this
4 subsection (a-5). For the purposes of this subsection (a-5),
5 "peace officer" means any person who by virtue of his or her
6 office or public employment is vested by law with a duty to
7 maintain public order or to make arrests for a violation of any
8 penal statute of this State, whether that duty extends to all
9 violations or is limited to specific violations.

10 (b) Until the Secretary of State establishes a First
11 Person Consent organ and tissue donor registry under Section
12 6-117 of this Code, the Secretary of State shall provide a
13 format on the reverse of each driver's license issued which
14 the licensee may use to execute a document of gift conforming
15 to the provisions of the Illinois Anatomical Gift Act. The
16 format shall allow the licensee to indicate the gift intended,
17 whether specific organs, any organ, or the entire body, and
18 shall accommodate the signatures of the donor and 2 witnesses.
19 The Secretary shall also inform each applicant or licensee of
20 this format, describe the procedure for its execution, and may
21 offer the necessary witnesses; provided that in so doing, the
22 Secretary shall advise the applicant or licensee that he or
23 she is under no compulsion to execute a document of gift. A
24 brochure explaining this method of executing an anatomical
25 gift document shall be given to each applicant or licensee.
26 The brochure shall advise the applicant or licensee that he or

1 she is under no compulsion to execute a document of gift, and
2 that he or she may wish to consult with family, friends, or
3 clergy before doing so. The Secretary of State may undertake
4 additional efforts, including education and awareness
5 activities, to promote organ and tissue donation.

6 (c) The Secretary of State shall designate on each
7 driver's license issued a space where the licensee may place a
8 sticker or decal of the uniform size as the Secretary may
9 specify, which sticker or decal may indicate in appropriate
10 language that the owner of the license carries an Emergency
11 Medical Information Card.

12 The sticker may be provided by any person, hospital,
13 school, medical group, or association interested in assisting
14 in implementing the Emergency Medical Information Card, but
15 shall meet the specifications as the Secretary may by rule or
16 regulation require.

17 (d) The Secretary of State shall designate on each
18 driver's license issued a space where the licensee may
19 indicate his blood type and RH factor.

20 (e) The Secretary of State shall provide that each

22 under 21 years of age shall be of a distinct nature from those
23 driver's licenses issued to individuals 21 years of age and
24 older. The color designated for driver's licenses for
25 licensees under 21 years of age shall be at the discretion of
26 the Secretary of State.

1 (e-1) The Secretary shall provide that each driver's

6 military veterans living in this State for the purpose of
7 ensuring that they receive all of the services and benefits to
8 which they are legally entitled, including health care
9 ~~healthcare~~, education assistance, and job placement. To assist
10 the State in identifying these veterans and delivering these
11 vital services and benefits, the Secretary of State is
12 authorized to issue drivers' licenses with the word "veteran"
13 appearing on the face of the licenses. This authorization is
14 predicated on the unique status of veterans. The Secretary may
15 not issue any other driver's license which identifies an
16 occupation, status, affiliation, hobby, or other unique
17 characteristics of the license holder which is unrelated to
18 the purpose of the driver's license.

19 (e-5) Beginning on or before July 1, 2015, the Secretary
20 of State shall designate a space on each original or renewal
21 driver's license where, at the request of the applicant, the
22 word "veteran" shall be placed. The veteran designation shall
23 be available to a person identified as a veteran under
24 subsection (e) of Section 6-106 of this Code who was
25 discharged or separated under honorable conditions.

26 (e-7) Upon providing the required documentation, at the

2 Gold Star Family designation. The Secretary shall designate a
3 space on each original or renewal driver's license for such
4 designation. This designation shall be available to a person
5 eligible for Gold Star license plates under subsection (f) of
6 Section 6-106 of this Code.

7 (f) The Secretary of State shall inform all Illinois
8 licensed commercial motor vehicle operators of the
9 requirements of the Uniform Commercial Driver License Act,
10 Article V of this Chapter, and shall make provisions to insure
11 that all drivers, seeking to obtain a commercial driver's
12 license, be afforded an opportunity prior to April 1, 1992, to
13 obtain the license. The Secretary is authorized to extend
14 driver's license expiration dates, and assign specific times,
15 dates and locations where these commercial driver's tests
16 shall be conducted. Any applicant, regardless of the current
17 expiration date of the applicant's driver's license, may be
18 subject to any assignment by the Secretary. Failure to comply
19 with the Secretary's assignment may result in the applicant's
20 forfeiture of an opportunity to receive a commercial driver's
21 license prior to April 1, 1992.

22 (g) The Secretary of State shall designate on a driver's
23 license issued, a space where the licensee may indicate that
24 he or she has drafted a living will in accordance with the
25 Illinois Living Will Act or a durable power of attorney for
26 health care in accordance with the Illinois Power of Attorney

1 Act.

2 (g-1) The Secretary of State, in his or her discretion,
3 may designate on each driver's license issued a space where
4 the licensee may place a sticker or decal, issued by the
5 Secretary of State, of uniform size as the Secretary may
6 specify, that shall indicate in appropriate language that the
7 owner of the license has renewed his or her driver's license.

8 (h) A person who acts in good faith in accordance with the
9 terms of this Section is not liable for damages in any civil
10 action or subject to prosecution in any criminal proceeding
11 for his or her act.

13 or renewal of a driver's license, at the request of the
14 applicant, for a designation as a Gold Star Family. This
15 designation shall be available to a person eligible for Gold
16 Star license plates under subsection (f) of Section 6-106 of

16 Sec. 11-907. Operation of vehicles and streetcars on
17 approach of authorized emergency vehicles.

18 (a) Upon the immediate approach of an authorized emergency
19 vehicle making use of audible and visual signals meeting the
20 requirements of this Code or a police vehicle properly and
21 lawfully making use of an audible or visual signal:

22 (1) the driver of every other vehicle shall yield the
23 right-of-way and shall immediately drive to a position
24 parallel to, and as close as possible to, the right-hand
25 edge or curb of the highway clear of any intersection and

1 shall, if necessary to permit the safe passage of the
2 emergency vehicle, stop and remain in such position until
3 the authorized emergency vehicle has passed, unless
4 otherwise directed by a police officer; and

5 (2) the operator of every streetcar shall immediately
6 stop such car clear of any intersection and keep it in such
7 position until the authorized emergency vehicle has
8 passed, unless otherwise directed by a police officer.

9 (b) This Section shall not operate to relieve the driver
10 of an authorized emergency vehicle from the duty to drive with
11 due regard for the safety of all persons using the highway.

12 (c) Upon approaching a stationary authorized emergency
13 vehicle or emergency scene, when the stationary authorized
14 emergency vehicle is giving a visual signal by displaying
15 oscillating, rotating, or flashing lights as authorized under
16 Section 12-215 of this Code, a person who drives an
17 approaching vehicle shall:

18 (1) proceeding with due caution, yield the
19 right-of-way by making a lane change into a lane not
20 adjacent to that of the authorized emergency vehicle, if
21 possible with due regard to safety and traffic conditions,
22 if on a highway having at least 4 lanes with not less than
23 2 lanes proceeding in the same direction as the
24 approaching vehicle and reduce the speed of the vehicle to
25 a speed that is reasonable and proper with regard to
26 traffic conditions and the use of the highway to avoid a

1 collision and leaving a safe distance until safely past
2 the stationary emergency vehicle; or

3 (2) if changing lanes would be impossible or unsafe,
4 proceeding with due caution, reduce the speed of the
5 vehicle to a speed that is reasonable and proper with
6 regard to traffic conditions and the use of the highway to
7 avoid a collision, maintaining a safe speed for road
8 conditions and leaving a safe distance until safely past
9 the stationary emergency vehicles.

10 The visual signal specified under this subsection (c)
11 given by a stationary authorized emergency vehicle is an
12 indication to drivers of approaching vehicles that a hazardous
13 condition is present when circumstances are not immediately
14 clear. Drivers of vehicles approaching a stationary authorized
15 emergency vehicle in any lane shall heed the warning of the

8 person committed the offense while in violation of Section
9 11-501, 12-610.1, or 12-610.2 of this Code. Imposition of the
10 penalties authorized by this subsection (d) for a violation of
11 subsection (c) of this Section that results in the death of

14 subsection (c) and the violation results in damage to another
15 vehicle commits a Class A misdemeanor. A person who violates
16 subsection (c) and the violation results in the injury or

20 addition to any other penalty imposed, the person's driving
21 privileges shall be suspended for a fixed period of not less

12 (705 ILCS 405/5-915)

13 Sec. 5-915. Expungement of juvenile law enforcement and
14 juvenile court records.

15 (0.05) (Blank).

16 (0.1) (a) The Illinois State Police and all law enforcement
17 agencies within the State shall automatically expunge, on or
18 before January 1 of each year, except as described in
19 paragraph (c) of this subsection (0.1), all juvenile law
20 enforcement records relating to events occurring before an
21 individual's 18th birthday if:

22 (1) one year or more has elapsed since the date of the
23 arrest or law enforcement interaction documented in the
24 records;

25 (2) no petition for delinquency or criminal charges

1 were filed with the clerk of the circuit court relating to
2 the arrest or law enforcement interaction documented in
3 the records; and

4 (3) 6 months have elapsed since the date of the arrest
5 without an additional subsequent arrest or filing of a
6 petition for delinquency or criminal charges whether
7 related or not to the arrest or law enforcement
8 interaction documented in the records.

9 (b) If the law enforcement agency is unable to verify
10 satisfaction of conditions (2) and (3) of this subsection
11 (0.1), records that satisfy condition (1) of this subsection
12 (0.1) shall be automatically expunged if the records relate to
13 an offense that if committed by an adult would not be an
14 offense classified as a Class 2 felony or higher, an offense
15 under Article 11 of the Criminal Code of 1961 or Criminal Code
16 of 2012, or an offense under Section 12-13, 12-14, 12-14.1,
17 12-15, or 12-16 of the Criminal Code of 1961.

18 (c) If the juvenile law enforcement record was received
19 through a public submission to a statewide student
20 confidential reporting system administered by the Illinois
21 State Police, the record will be maintained for a period of 5
22 years according to all other provisions in this subsection
23 (0.1).

24 (0.15) If a juvenile law enforcement record meets
25 paragraph (a) of subsection (0.1) of this Section, a juvenile
26 law enforcement record created:

1 (1) prior to January 1, 2018, but on or after January
2 1, 2013 shall be automatically expunged prior to January
3 1, 2020;

4 (2) prior to January 1, 2013, but on or after January
5 1, 2000, shall be automatically expunged prior to January
6 1, 2023; and

7 (3) prior to January 1, 2000 shall not be subject to
8 the automatic expungement provisions of this Act.

9 Nothing in this subsection (0.15) shall be construed to
10 restrict or modify an individual's right to have the person's
11 juvenile law enforcement records expunged except as otherwise
12 may be provided in this Act.

13 (0.2) (a) Upon dismissal of a petition alleging delinquency
14 or upon a finding of not delinquent, the successful
15 termination of an order of supervision, or the successful
16 termination of an adjudication for an offense which would be a
17 Class B misdemeanor, Class C misdemeanor, or a petty or
18 business offense if committed by an adult, the court shall
19 automatically order the expungement of the juvenile court
20 records and juvenile law enforcement records. The clerk shall
21 deliver a certified copy of the expungement order to the
22 Illinois State Police and the arresting agency. Upon request,
23 the State's Attorney shall furnish the name of the arresting
24 agency. The expungement shall be completed within 60 business
25 days after the receipt of the expungement order.

26 (b) If the chief law enforcement officer of the agency, or

1 the chief law enforcement officer's designee, certifies in
2 writing that certain information is needed for a pending
3 investigation involving the commission of a felony, that
4 information, and information identifying the juvenile, may be
5 retained until the statute of limitations for the felony has
6 run. If the chief law enforcement officer of the agency, or the
7 chief law enforcement officer's designee, certifies in writing
8 that certain information is needed with respect to an internal
9 investigation of any law enforcement office, that information
10 and information identifying the juvenile may be retained
11 within an intelligence file until the investigation is
12 terminated or the disciplinary action, including appeals, has
13 been completed, whichever is later. Retention of a portion of
14 a juvenile's law enforcement record does not disqualify the
15 remainder of a juvenile's record from immediate automatic
16 expungement.

17 (0.3)(a) Upon an adjudication of delinquency based on any
18 offense except a disqualified offense, the juvenile court
19 shall automatically order the expungement of the juvenile
20 court and law enforcement records 2 years after the juvenile's
21 case was closed if no delinquency or criminal proceeding is
22 pending and the person has had no subsequent delinquency
23 adjudication or criminal conviction. On the date that the
24 minor's sentence ends or the date that the court enters an
25 order committing the minor to the Department of Juvenile
26 Justice, the juvenile court judge shall schedule a date to

1 enter the automatic expungement order. The minor must be
2 notified but shall not be required to be present for the
3 scheduled court date when automatic expungement is to be
4 ordered. If the minor is not yet eligible on the originally
5 scheduled date, the court shall schedule a subsequent date to
6 enter the automatic expungement order. The clerk shall deliver
7 a certified copy of the expungement order to the Illinois
8 State Police and the arresting agency. Upon request, the
9 State's Attorney shall furnish the name of the arresting
10 agency. The expungement shall be completed within 60 business
11 days after the receipt of the expungement order. In this
12 subsection (0.3), "disqualified offense" means any of the
13 following offenses: Section 8-1.2, 9-1, 9-1.2, 9-2, 9-2.1,
14 9-3, 9-3.2, 10-1, 10-2, 10-3, 10-3.1, 10-4, 10-5, 10-9,
15 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-6, 11-6.5,
16 12-2, 12-3.05, 12-3.3, 12-4.4a, 12-5.02, 12-6.2, 12-6.5,
17 12-7.1, 12-7.5, 12-20.5, 12-32, 12-33, 12-34, 12-34.5, 18-1,
18 18-2, 18-3, 18-4, 18-6, 19-3, 19-6, 20-1, 20-1.1, 24-1.2,
19 24-1.2-5, 24-1.5, 24-3A, 24-3B, 24-3.2, 24-3.8, 24-3.9,
20 29D-14.9, 29D-20, 30-1, 31-1a, 32-4a, or 33A-2 of the Criminal
21 Code of 2012, or subsection (b) of Section 8-1, paragraph (4)
22 of subsection (a) of Section 11-14.4, subsection (a-5) of
23 Section 12-3.1, paragraph (1), (2), or (3) of subsection (a)
24 of Section 12-6, subsection (a-3) or (a-5) of Section 12-7.3,
25 paragraph (1) or (2) of subsection (a) of Section 12-7.4,
26 subparagraph (i) of paragraph (1) of subsection (a) of Section

1 12-9, subparagraph (H) of paragraph (3) of subsection (a) of
2 Section 24-1.6, paragraph (1) of subsection (a) of Section
3 25-1, or subsection (a-7) of Section 31-1 of the Criminal Code
4 of 2012.

5 (b) If the chief law enforcement officer of the agency, or
6 the chief law enforcement officer's designee, certifies in
7 writing that certain information is needed for a pending
8 investigation involving the commission of a felony, that
9 information, and information identifying the juvenile, may be
10 retained in an intelligence file until the investigation is
11 terminated or for one additional year, whichever is sooner.
12 Retention of a portion of a juvenile's juvenile law
13 enforcement record does not disqualify the remainder of a
14 juvenile's record from immediate automatic expungement.

15 (0.4) Automatic expungement for the purposes of this
16 Section shall not require law enforcement agencies to
17 obliterate or otherwise destroy juvenile law enforcement
18 records that would otherwise need to be automatically expunged
19 under this Act, except after 2 years following the subject
20 arrest for purposes of use in civil litigation against a
21 governmental entity or its law enforcement agency or personnel
22 which created, maintained, or used the records. However, these
23 juvenile law enforcement records shall be considered expunged
24 for all other purposes during this period and the offense,
25 which the records or files concern, shall be treated as if it
26 never occurred as required under Section 5-923.

1 (0.5) Subsection (0.1) or (0.2) of this Section does not
2 apply to violations of traffic, boating, fish and game laws,
3 or county or municipal ordinances.

4 (0.6) Juvenile law enforcement records of a plaintiff who
5 has filed civil litigation against the governmental entity or
6 its law enforcement agency or personnel that created,
7 maintained, or used the records, or juvenile law enforcement
8 records that contain information related to the allegations
9 set forth in the civil litigation may not be expunged until
10 after 2 years have elapsed after the conclusion of the
11 lawsuit, including any appeal.

12 (0.7) Officer-worn body camera recordings shall not be
13 automatically expunged except as otherwise authorized by the
14 Law Enforcement Officer-Worn Body Camera Act.

15 (1) Whenever a person has been arrested, charged, or
16 adjudicated delinquent for an incident occurring before a
17 person's 18th birthday that if committed by an adult would be
18 an offense, and that person's juvenile law enforcement and
19 juvenile court records are not eligible for automatic
20 expungement under subsection (0.1), (0.2), or (0.3), the
21 person may petition the court at any time at no cost to the
22 person for expungement of juvenile law enforcement records and
23 juvenile court records relating to the incident and, upon
24 termination of all juvenile court proceedings relating to that
25 incident, the court shall order the expungement of all records
26 in the possession of the Illinois State Police, the clerk of

1 the circuit court, and law enforcement agencies relating to
2 the incident, but only in any of the following circumstances:

3 (a) the minor was arrested and no petition for
4 delinquency was filed with the clerk of the circuit court;

5 (a-5) the minor was charged with an offense and the
6 petition or petitions were dismissed without a finding of
7 delinquency;

8 (b) the minor was charged with an offense and was
9 found not delinquent of that offense;

10 (c) the minor was placed under supervision under
11 Section 5-615, and the order of supervision has since been
12 successfully terminated; or

13 (d) the minor was adjudicated for an offense which
14 would be a Class B misdemeanor, Class C misdemeanor, or a
15 petty or business offense if committed by an adult.

16 (1.5) At no cost to the person, the Illinois State Police
17 shall allow a person to use the Access and Review process,
18 established in the Illinois State Police, for verifying that
19 the person's juvenile law enforcement records relating to
20 incidents occurring before the person's 18th birthday eligible
21 under this Act have been expunged.

22 (1.6) (Blank).

23 (1.7) (Blank).

24 (1.8) (Blank).

25 (2) Any person whose delinquency adjudications are not
26 eligible for automatic expungement under subsection (0.3) of

1 this Section may petition the court at no cost to the person to
2 expunge all juvenile law enforcement records relating to any
3 incidents occurring before the person's 18th birthday which
4 did not result in proceedings in criminal court and all
5 juvenile court records with respect to any adjudications
6 except those based upon first degree murder or an offense
7 under Article 11 of the Criminal Code of 2012 if the person is
8 required to register under the Sex Offender Registration Act
9 at the time the person petitions the court for expungement;
10 provided that 2 years have elapsed since all juvenile court
11 proceedings relating to the person have been terminated and
12 the person's commitment to the Department of Juvenile Justice
13 under this Act has been terminated.

14 (2.5) If a minor is arrested and no petition for
15 delinquency is filed with the clerk of the circuit court at the
16 time the minor is released from custody, the youth officer, if
17 applicable, or other designated person from the arresting
18 agency, shall notify verbally and in writing to the minor or
19 the minor's parents or guardians that the minor shall have an
20 arrest record and shall provide the minor and the minor's
21 parents or guardians with an expungement information packet,
22 information regarding this State's expungement laws including
23 a petition to expunge juvenile law enforcement and juvenile
24 court records obtained from the clerk of the circuit court.

25 (2.6) If a minor is referred to court, then, at the time of
26 sentencing, dismissal of the case, or successful completion of

1 supervision, the judge shall inform the delinquent minor of
2 the minor's rights regarding expungement and the clerk of the
3 circuit court shall provide an expungement information packet
4 to the minor, written in plain language, including information
5 regarding this State's expungement laws and a petition for
6 expungement, a sample of a completed petition, expungement
7 instructions that shall include information informing the
8 minor that (i) once the case is expunged, it shall be treated
9 as if it never occurred, (ii) the minor shall not be charged a
10 fee to petition for expungement, (iii) once the minor obtains
11 an expungement, the minor may not be required to disclose that
12 the minor had a juvenile law enforcement or juvenile court
13 record, and (iv) if petitioning the minor may file the
14 petition on the minor's own or with the assistance of an
15 attorney. The failure of the judge to inform the delinquent
16 minor of the minor's right to petition for expungement as
17 provided by law does not create a substantive right, nor is
18 that failure grounds for: (i) a reversal of an adjudication of
19 delinquency; (ii) a new trial; or (iii) an appeal.

20 (2.6-1) A trafficking victim, as defined by paragraph (10)
21 of subsection (a) of Section 10-9 of the Criminal Code of 2012,
22 may petition for vacation and expungement or immediate sealing
23 of his or her juvenile court records and juvenile law
24 enforcement records relating to events that resulted in the
25 victim's adjudication of delinquency for an offense if
26 committed by an adult would be a violation of the criminal laws

1 occurring before the victim's 18th birthday upon the
2 completion of his or her juvenile court sentence if his or her
3 participation in the underlying offense was a result of human
4 trafficking under Section 10-9 of the Criminal Code of 2012 or
5 a severe form of trafficking under the federal Trafficking
6 Victims Protection Act.

10 (3.1) (Blank).

11 (3.2) (Blank).

12 (3.3) (Blank).

13 (4) (Blank).

14 (5) (Blank).

15 (5.5) Whether or not expunged, records eligible for
16 automatic expungement under subdivision (0.1)(a), (0.2)(a), or
17 (0.3)(a) may be treated as expunged by the individual subject
18 to the records.

19 (6) (Blank).

20 (6.5) The Illinois State Police or any employee of the
21 Illinois State Police shall be immune from civil or criminal
22 liability for failure to expunge any records of arrest that
23 are subject to expungement under this Section because of
24 inability to verify a record. Nothing in this Section shall
25 create Illinois State Police liability or responsibility for
26 the expungement of juvenile law enforcement records it does

1 not possess.

2 (7) (Blank).

3 (7.5) (Blank).

4 (8) The expungement of juvenile law enforcement or
5 juvenile court records under subsection (0.1), (0.2), or (0.3)

7 General Assembly for that purpose.

1 ascribed to it in Section 16-0.1.

2 "Sexual activity" means:

3 (1) any knowing touching or fondling of the victim or
4 another person or animal, either directly or through
5 clothing, of the sex organs, anus, or breast of the victim
6 or another person or animal for the purpose of sexual

20 intimate parts of the depicted individual or
21 computer-generated intimate parts as the intimate parts of
22 the depicted individual; or

23 (2) the depicted individual engaging in sexual

10 Act. The drug court team shall evaluate the person's
11 likelihood of successfully completing a sentence of probation
12 under this Section and shall report the results of its
13 evaluation to the court. If the drug court team finds that the
14 person suffers from a substance use disorder that makes him or
15 her substantially unlikely to successfully complete a sentence
16 of probation under this Section, then the drug court shall set
17 forth its findings in the form of a written order, and the
18 person shall not be sentenced to probation under this Section,
19 but shall be considered for the drug court program.

26 influence that resulted in bodily harm to a child

1 under the age of 16);

2 (7) the defendant is charged with an attempt to commit
3 any charge listed in paragraphs (1) through (6.5), and it
4 is alleged that the defendant's pretrial release poses a
5 real and present threat to the safety of any person or
6 persons or the community, based on the specific
7 articulable facts of the case; or

8 (8) the person has a high likelihood of willful flight
9 to avoid prosecution and is charged with:

10 (A) Any felony described in subdivisions (a)(1)
11 through (a)(7) of this Section; or

12 (B) A felony offense other than a Class 4 offense.

13 (b) If the charged offense is a felony, as part of the
14 detention hearing, the court shall determine whether there is
15 probable cause the defendant has committed an offense, unless
16 a hearing pursuant to Section 109-3 of this Code has already
17 been held or a grand jury has returned a true bill of
18 indictment against the defendant. If there is a finding of no
19 probable cause, the defendant shall be released. No such
20 finding is necessary if the defendant is charged with a
21 misdemeanor.

22 (c) Timing of petition.

23 (1) A petition may be filed without prior notice to
24 the defendant at the first appearance before a judge, or
25 within the 21 calendar days, except as provided in Section
26 110-6, after arrest and release of the defendant upon

1 reasonable notice to defendant; provided that while such
2 petition is pending before the court, the defendant if
3 previously released shall not be detained.

4 (2) Upon filing, the court shall immediately hold a
5 hearing on the petition unless a continuance is requested.
6 If a continuance is requested and granted, the hearing
7 shall be held within 48 hours of the defendant's first
8 appearance if the defendant is charged with first degree
9 murder or a Class X, Class 1, Class 2, or Class 3 felony,
10 and within 24 hours if the defendant is charged with a
11 Class 4 or misdemeanor offense. The Court may deny or
12 grant the request for continuance. If the court decides to
13 grant the continuance, the Court retains the discretion to
14 detain or release the defendant in the time between the
15 filing of the petition and the hearing.

16 (d) Contents of petition.

17 (1) The petition shall be verified by the State and
18 shall state the grounds upon which it contends the
19 defendant should be denied pretrial release, including the
20 real and present threat to the safety of any person or
21 persons or the community, based on the specific
22 articulable facts or flight risk, as appropriate.

23 (2) If the State seeks to file a second or subsequent
24 petition under this Section, the State shall be required
25 to present a verified application setting forth in detail
26 any new facts not known or obtainable at the time of the

1 filing of the previous petition.

2 (e) Eligibility: All defendants shall be presumed eligible
3 for pretrial release, and the State shall bear the burden of
4 proving by clear and convincing evidence that:

5 (1) the proof is evident or the presumption great that
6 the defendant has committed an offense listed in
7 subsection (a), and

8 (2) for offenses listed in paragraphs (1) through (7)
9 of subsection (a), the defendant poses a real and present
10 threat to the safety of any person or persons or the
11 community, based on the specific articulable facts of the
12 case, by conduct which may include, but is not limited to,
13 a forcible felony, the obstruction of justice,
14 intimidation, injury, or abuse as defined by paragraph (1)
15 of Section 103 of the Illinois Domestic Violence Act of
16 1986, and

17 (3) no condition or combination of conditions set
18 forth in subsection (b) of Section 110-10 of this Article
19 can mitigate (i) the real and present threat to the safety
20 of any person or persons or the community, based on the
21 specific articulable facts of the case, for offenses
22 listed in paragraphs (1) through (7) of subsection (a), or
23 (ii) the defendant's willful flight for offenses listed in
24 paragraph (8) of subsection (a), and

25 (4) for offenses under subsection (b) of Section 407
26 of the Illinois Controlled Substances Act that are subject

1 to paragraph (1) of subsection (a), no condition or
2 combination of conditions set forth in subsection (b) of
3 Section 110-10 of this Article can mitigate the real and
4 present threat to the safety of any person or persons or
5 the community, based on the specific articulable facts of
6 the case, and the defendant poses a serious risk to not
7 appear in court as required.

8 (f) Conduct of the hearings.

9 (1) Prior to the hearing, the State shall tender to
10 the defendant copies of the defendant's criminal history
11 available, any written or recorded statements, and the
12 substance of any oral statements made by any person, if
13 relied upon by the State in its petition, and any police
14 reports in the prosecutor's possession at the time of the
15 hearing.

16 (2) The State or defendant may present evidence at the
17 hearing by way of proffer based upon reliable information.

18 (3) The defendant has the right to be represented by
19 counsel, and if he or she is indigent, to have counsel
20 appointed for him or her. The defendant shall have the
21 opportunity to testify, to present witnesses on his or her
22 own behalf, and to cross-examine any witnesses that are
23 called by the State. Defense counsel shall be given
24 adequate opportunity to confer with the defendant before
25 any hearing at which conditions of release or the
26 detention of the defendant are to be considered, with an

1 accommodation for a physical condition made to facilitate
2 attorney/client consultation. If defense counsel needs to
3 confer or consult with the defendant during any hearing
4 conducted via a 2-way ~~two-way~~ audio-visual communication
5 system, such consultation shall not be recorded and shall
6 be undertaken consistent with constitutional protections.

7 (3.5) A hearing at which pretrial release may be
8 denied must be conducted in person (and not by way of 2-way
9 ~~two-way~~ audio visual communication) unless the accused
10 waives the right to be present physically in court, the
11 court determines that the physical health and safety of
12 any person necessary to the proceedings would be
13 endangered by appearing in court, or the chief judge of
14 the circuit orders use of that system due to operational
15 challenges in conducting the hearing in person. Such
16 operational challenges must be documented and approved by
17 the chief judge of the circuit, and a plan to address the
18 challenges through reasonable efforts must be presented
19 and approved by the Administrative Office of the Illinois
20 Courts every 6 months.

21 (4) If the defense seeks to compel the complaining
22 witness to testify as a witness in its favor, it shall
23 petition the court for permission. When the ends of
24 justice so require, the court may exercise its discretion
25 and compel the appearance of a complaining witness. The
26 court shall state on the record reasons for granting a

1 defense request to compel the presence of a complaining
2 witness only on the issue of the defendant's pretrial
3 detention. In making a determination under this Section,
4 the court shall state on the record the reason for
5 granting a defense request to compel the presence of a
6 complaining witness, and only grant the request if the
7 court finds by clear and convincing evidence that the
8 defendant will be materially prejudiced if the complaining
9 witness does not appear. Cross-examination of a
10 complaining witness at the pretrial detention hearing for
11 the purpose of impeaching the witness' credibility is
12 insufficient reason to compel the presence of the witness.
13 In deciding whether to compel the appearance of a
14 complaining witness, the court shall be considerate of the
15 emotional and physical well-being of the witness. The
16 pre-trial detention hearing is not to be used for purposes
17 of discovery, and the post arraignment rules of discovery
18 do not apply. The State shall tender to the defendant,
19 prior to the hearing, copies, if any, of the defendant's
20 criminal history, if available, and any written or
21 recorded statements and the substance of any oral
22 statements made by any person, if in the State's
23 Attorney's possession at the time of the hearing.

24 (5) The rules concerning the admissibility of evidence
25 in criminal trials do not apply to the presentation and
26 consideration of information at the hearing. At the trial

1 concerning the offense for which the hearing was conducted
2 neither the finding of the court nor any transcript or
3 other record of the hearing shall be admissible in the
4 State's case-in-chief, but shall be admissible for
5 impeachment, or as provided in Section 115-10.1 of this
6 Code, or in a perjury proceeding.

7 (6) The defendant may not move to suppress evidence or
8 a confession, however, evidence that proof of the charged
9 crime may have been the result of an unlawful search or
10 seizure, or both, or through improper interrogation, is
11 relevant in assessing the weight of the evidence against
12 the defendant.

13 (7) Decisions regarding release, conditions of
14 release, and detention prior to trial must be
15 individualized, and no single factor or standard may be
16 used exclusively to order detention. Risk assessment tools
17 may not be used as the sole basis to deny pretrial release.

18 (g) Factors to be considered in making a determination of
19 dangerousness. The court may, in determining whether the
20 defendant poses a real and present threat to the safety of any
21 person or persons or the community, based on the specific
22 articulable facts of the case, consider, but shall not be
23 limited to, evidence or testimony concerning:

24 (1) The nature and circumstances of any offense
25 charged, including whether the offense is a crime of
26 violence, involving a weapon, or a sex offense.

1 (2) The history and characteristics of the defendant
2 including:

3 (A) Any evidence of the defendant's prior criminal
4 history indicative of violent, abusive, or assaultive
5 behavior, or lack of such behavior. Such evidence may
6 include testimony or documents received in juvenile
7 proceedings, criminal, quasi-criminal, civil
8 commitment, domestic relations, or other proceedings.

9 (B) Any evidence of the defendant's psychological,
10 psychiatric or other similar social history which
11 tends to indicate a violent, abusive, or assaultive
12 nature, or lack of any such history.

13 (3) The identity of any person or persons to whose
14 safety the defendant is believed to pose a threat, and the
15 nature of the threat.

16 (4) Any statements made by, or attributed to the
17 defendant, together with the circumstances surrounding
18 them.

19 (5) The age and physical condition of the defendant.

20 (6) The age and physical condition of any victim or
21 complaining witness.

22 (7) Whether the defendant is known to possess or have
23 access to any weapon or weapons.

24 (8) Whether, at the time of the current offense or any
25 other offense or arrest, the defendant was on probation,
26 parole, aftercare release, mandatory supervised release,

1 or other release from custody pending trial, sentencing,
2 appeal, or completion of sentence for an offense under
3 federal or State ~~state~~ law.

4 (9) Any other factors, including those listed in
5 Section 110-5 of this Article deemed by the court to have a
6 reasonable bearing upon the defendant's propensity or
7 reputation for violent, abusive, or assaultive behavior,
8 or lack of such behavior.

9 (h) Detention order. The court shall, in any order for
10 detention:

11 (1) make a written finding summarizing the court's
12 reasons for concluding that the defendant should be denied
13 pretrial release, including why less restrictive
14 conditions would not avoid a real and present threat to
15 the safety of any person or persons or the community,
16 based on the specific articulable facts of the case, or
17 prevent the defendant's willful flight from prosecution;

18 (2) direct that the defendant be committed to the
19 custody of the sheriff for confinement in the county jail
20 pending trial;

21 (3) direct that the defendant be given a reasonable
22 opportunity for private consultation with counsel, and for
23 communication with others of his or her choice by
24 visitation, mail and telephone; and

25 (4) direct that the sheriff deliver the defendant as
26 required for appearances in connection with court

1 proceedings.

2 (i) Detention. If the court enters an order for the
3 detention of the defendant pursuant to subsection (e) of this
4 Section, the defendant shall be brought to trial on the
5 offense for which he is detained within 90 days after the date
6 on which the order for detention was entered. If the defendant
7 is not brought to trial within the 90-day period required by
8 the preceding sentence, he shall not be denied pretrial
9 release. In computing the 90-day period, the court shall omit
10 any period of delay resulting from a continuance granted at
11 the request of the defendant and any period of delay resulting
12 from a continuance granted at the request of the State with
13 good cause shown pursuant to Section 103-5.

14 (i-5) At each subsequent appearance of the defendant
15 before the court, the judge must find that continued detention
16 is necessary to avoid a real and present threat to the safety
17 of any person or persons or the community, based on the
18 specific articulable facts of the case, or to prevent the
19 defendant's willful flight from prosecution.

20 (j) Rights of the defendant. The defendant shall be
21 entitled to appeal any order entered under this Section
22 denying his or her pretrial release.

23 (k) Appeal. The State may appeal any order entered under
24 this Section denying any motion for denial of pretrial
25 release.

26 (l) Presumption of innocence. Nothing in this Section

1 shall be construed as modifying or limiting in any way the
2 defendant's presumption of innocence in further criminal
3 proceedings.

4 (m) Interest of victims.

5 (1) Crime victims shall be given notice by the State's
6 Attorney's office of this hearing as required in paragraph
7 (1) of subsection (b) of Section 4.5 of the Rights of Crime
8 Victims and Witnesses Act and shall be informed of their
9 opportunity at this hearing to obtain a protective order.

10 (2) If the defendant is denied pretrial release, the
11 court may impose a no contact provision with the victim or
12 other interested party that shall be enforced while the
13 defendant remains in custody.

16 (730 ILCS 5/5-6-3.6)

17 Sec. 5-6-3.6. First Time Weapon Offense Program.

18 (a) The General Assembly has sought to promote public
19 safety, reduce recidivism, and conserve valuable resources of
20 the criminal justice system through the creation of diversion
21 programs for non-violent offenders. Public Act 103-370 ~~This~~
22 ~~amendatory Act of the 103rd General Assembly~~ establishes a
23 program for first-time, non-violent offenders charged with
24 certain weapons possession offenses. The General Assembly
25 recognizes some persons, particularly in areas of high crime

1 or poverty, may have experienced trauma that contributes to
2 poor decision making skills, and the creation of a
3 diversionary program poses a greater benefit to the community
4 and the person than incarceration. Under this program, a
5 court, with the consent of the defendant and the State's
6 Attorney, may sentence a defendant charged with an unlawful
7 possession of weapons offense under Section 24-1 of the
8 Criminal Code of 2012 or aggravated unlawful possession of a
9 weapon offense under Section 24-1.6 of the Criminal Code of
10 2012, if punishable as a Class 4 felony or lower, to a First
11 Time Weapon Offense Program.

12 (b) A defendant is not eligible for this Program if:

13 (1) the offense was committed during the commission of
14 a violent offense as defined in subsection (h) of this
15 Section;

16 (2) he or she has previously been convicted or placed
17 on probation or conditional discharge for any violent
18 offense under the laws of this State, the laws of any other
19 state, or the laws of the United States;

20 (3) he or she had a prior successful completion of the
21 First Time Weapon Offense Program under this Section;

22 (4) he or she has previously been adjudicated a
23 delinquent minor for the commission of a violent offense;

24 (5) (blank); or

25 (6) he or she has an existing order of protection
26 issued against him or her.

1 (b-5) In considering whether a defendant shall be
2 sentenced to the First Time Weapon Offense Program, the court
3 shall consider the following:

4 (1) the age, immaturity, or limited mental capacity of
5 the defendant;

6 (2) the nature and circumstances of the offense;

7 (3) whether participation in the Program is in the
8 interest of the defendant's rehabilitation, including any
9 employment or involvement in community, educational,
10 training, or vocational programs;

11 (4) whether the defendant suffers from trauma, as
12 supported by documentation or evaluation by a licensed
13 professional; and

14 (5) the potential risk to public safety.

15 (c) For an offense committed on or after January 1, 2018
16 (the effective date of Public Act 100-3) whenever an eligible
17 person pleads guilty to an unlawful possession of weapons
18 offense under Section 24-1 of the Criminal Code of 2012 or
19 aggravated unlawful possession of a weapon offense under
20 Section 24-1.6 of the Criminal Code of 2012, which is
21 punishable as a Class 4 felony or lower, the court, with the
22 consent of the defendant and the State's Attorney, may,
23 without entering a judgment, sentence the defendant to
24 complete the First Time Weapon Offense Program. When a
25 defendant is placed in the Program, the court shall defer
26 further proceedings in the case until the conclusion of the

1 period or until the filing of a petition alleging violation of
2 a term or condition of the Program. A disposition of probation
3 is considered to be a conviction for the purposes of imposing
4 the conditions of probation and for appeal;¹⁷ however, a
5 sentence under this Section is not a conviction for purposes
6 of this Act or for purposes of disqualifications or
7 disabilities imposed by law upon conviction of a crime unless
8 and until judgment is entered. Upon violation of a term or
9 condition of the Program, the court may enter a judgment on its
10 original finding of guilt and proceed as otherwise provided by
11 law. Upon fulfillment of the terms and conditions of the
12 Program, the court shall discharge the person and dismiss the
13 proceedings against the person.

14 (d) The Program shall be at least 6 months and not to
15 exceed 24 months, as determined by the court at the
16 recommendation of the Program administrator and the State's
17 Attorney. The Program administrator may be appointed by the
18 Chief Judge of each Judicial Circuit.

19 (e) The conditions of the Program shall be that the
20 defendant:

21 (1) not violate any criminal statute of this State or
22 any other jurisdiction;

23 (2) refrain from possessing a firearm or other
24 dangerous weapon;

25 (3) (blank);

26 (4) (blank);

1 (5) (blank);

2 (6) (blank);

3 (7) attend and participate in any Program activities
4 deemed required by the Program administrator, such as:
5 counseling sessions, in-person and over the phone
6 check-ins, and educational classes; and

7 (8) (blank).

8 (f) The Program may, in addition to other conditions,
9 require that the defendant:

10 (1) obtain or attempt to obtain employment;

11 (2) attend educational courses designed to prepare the
12 defendant for obtaining a high school diploma or to work
13 toward passing high school equivalency testing or to work
14 toward completing a vocational training program;

15 (3) refrain from having in his or her body the
16 presence of any illicit drug prohibited by the
17 Methamphetamine Control and Community Protection Act or
18 the Illinois Controlled Substances Act, unless prescribed
19 by a physician, and submit samples of his or her blood or
20 urine or both for tests to determine the presence of any
21 illicit drug;

22 (4) perform community service;

23 (5) pay all fines, assessments, fees, and costs; and

24 (6) comply with such other reasonable conditions as
25 the court may impose.

26 (g) There may be only one discharge and dismissal under

1 this Section. If a person is convicted of any offense which
2 occurred within 5 years subsequent to a discharge and
3 dismissal under this Section, the discharge and dismissal
4 under this Section shall be admissible in the sentencing
5 proceeding for that conviction as evidence in aggravation.

6 (h) For purposes of this Section, "violent offense" means
7 any offense in which bodily harm was inflicted or force was
8 used against any person or threatened against any person; any
9 offense involving the possession of a firearm or dangerous
10 weapon; any offense involving sexual conduct, sexual
11 penetration, or sexual exploitation; violation of an order of
12 protection, stalking, hate crime, domestic battery, or any
13 offense of domestic violence.

24 ship, bus, or other public conveyance;

25 (3) the defendant committed the murder

24 Section 1090. The Probation and Probation Officers Act is
25 amended by changing Section 16.1 as follows:

1 (730 ILCS 110/16.1)

2 Sec. 16.1. Redeploy Illinois Program.

3 (a) The purpose of this Section is to encourage the
4 deinstitutionalization of juvenile offenders by establishing
5 projects in counties or groups of counties that reallocate
6 State funds from juvenile correctional confinement to local
7 jurisdictions, which will establish a continuum of local,
8 community-based sanctions and treatment alternatives for
9 juvenile offenders who would be incarcerated if those local
10 services and sanctions did not exist. It is also intended to
11 offer alternatives, when appropriate, to avoid commitment to
12 the Department of Juvenile Justice, to direct child welfare
13 services for minors charged with a criminal offense or
14 adjudicated delinquent under Section 5 of the Children and
15 Family Services Act. The allotment of funds will be based on a
16 formula that rewards local jurisdictions for the establishment
17 or expansion of local alternatives to incarceration, and
18 requires them to pay for utilization of incarceration as a
19 sanction. In addition, there shall be an allocation of
20 resources (amount to be determined annually by the Redeploy
21 Illinois Oversight Board) set aside at the beginning of each
22 fiscal year to be made available for any county or groups of
23 counties which need resources only occasionally for services
24 to avoid commitment to the Department of Juvenile Justice for
25 a limited number of youth. This redeployment of funds shall be

1 made in a manner consistent with the Juvenile Court Act of 1987
2 and the following purposes and policies:

3 (1) The juvenile justice system should protect the
4 community, impose accountability to victims and
5 communities for violations of law, and equip juvenile
6 offenders with competencies to live responsibly and
7 productively.

8 (2) Juveniles should be treated in the least
9 restrictive manner possible while maintaining the safety
10 of the community.

11 (3) A continuum of services and sanctions from least
12 restrictive to most restrictive should be available in
13 every community.

14 (4) There should be local responsibility and authority
15 for planning, organizing, and coordinating service
16 resources in the community. People in the community can
17 best choose a range of services which reflect community
18 values and meet the needs of their own youth.

19 (5) Juveniles who pose a threat to the community or
20 themselves need special care, including secure settings.
21 Such services as detention, long-term incarceration, or
22 residential treatment are too costly to provide in each
23 community and should be coordinated and provided on a
24 regional or Statewide basis.

25 (6) The roles of State and local government in
26 creating and maintaining services to youth in the juvenile

1 justice system should be clearly defined. The role of the
2 State is to fund services, set standards of care, train
3 service providers, and monitor the integration and
4 coordination of services. The role of local government
5 should be to oversee the provision of services.

6 (b) Each county or circuit participating in the Redeploy
7 Illinois program must create a local plan demonstrating how it
8 will reduce the county or circuit's utilization of secure
9 confinement of juvenile offenders in the Illinois Department
10 of Juvenile Justice or county detention centers by the
11 creation or expansion of individualized services or programs
12 that may include but are not limited to the following:

13 (1) Assessment and evaluation services to provide the
14 juvenile justice system with accurate individualized case
15 information on each juvenile offender, including mental
16 health, substance abuse, educational, and family
17 information;

18 (2) Direct services to individual juvenile offenders, including
19 educational, vocational, mental health,
20 substance abuse, supervision, and service coordination;
21 and

22 (3) Programs that seek to restore the offender to the
23 community, such as victim offender panels, teen courts,
24 competency building, enhanced accountability measures,
25 restitution, and community service. The local plan must be
26 directed in such a manner as to emphasize an

1 individualized approach to providing services to juvenile
2 offenders in an integrated community based system
3 including probation as the broker of services. The plan
4 must also detail the reduction in utilization of secure
5 confinement. The local plan shall be limited to services
6 and shall not include costs for:

7 (i) capital expenditures;

8 (ii) renovations or remodeling;

9 (iii) personnel costs for probation.

10 The local plan shall be submitted to the Department of
11 Human Services.

12 (c) A county or group of counties may develop an agreement
13 with the Department of Human Services to reduce their number
14 of commitments of juvenile offenders, excluding minors
15 sentenced based upon a finding of guilt of first degree murder
16 or an offense which is a Class X forcible felony as defined in
17 the Criminal Code of 2012, to the Department of Juvenile
18 Justice, and then use the savings to develop local programming
19 for youth who would otherwise have been committed to the
20 Department of Juvenile Justice. A county or group of counties
21 shall agree to limit their commitments to 75% of the level of
22 commitments from the average number of juvenile commitments
23 for the past 3 years, and will receive the savings to redeploy
24 for local programming for juveniles who would otherwise be
25 held in confinement. For any county or group of counties with a
26 decrease of juvenile commitments of at least 25%, based on the

1 average reductions of the prior 3 years, which are chosen to
2 participate or continue as sites, the Redeploy Illinois
3 Oversight Board has the authority to reduce the required
4 percentage of future commitments to achieve the purpose of
5 this Section. The agreement shall set forth the following:

6 (1) a statement ~~Statement~~ of the number and type of
7 juvenile offenders from the county who were held in secure
8 confinement by the Illinois Department of Juvenile Justice
9 or in county detention the previous year, and an
10 explanation of which, and how many, of these offenders
11 might be served through the proposed Redeploy Illinois
12 Program for which the funds shall be used;

13 (2) a statement ~~Statement~~ of the service needs of
14 currently confined juveniles;

15 (3) a statement ~~Statement~~ of the type of services and
16 programs to provide for the individual needs of the
17 juvenile offenders, and the research or evidence base that
18 qualifies those services and programs as proven or
19 promising practices;

20 (4) a budget indicating the costs of each service or
21 program to be funded under the plan;

22 (5) a summary of contracts and service agreements
23 indicating the treatment goals and number of juvenile
24 offenders to be served by each service provider; and

25 (6) a statement ~~Statement~~ indicating that the Redeploy
26 Illinois Program will not duplicate existing services and

1 programs. Funds for this plan shall not supplant existing
2 county funded programs.

3 In a county with a population exceeding 2,000,000, the
4 Redeploy Illinois Oversight Board may authorize the Department
5 of Human Services to enter into an agreement with that county
6 to reduce the number of commitments by the same percentage as
7 is required by this Section of other counties, and with all of
8 the same requirements of this Act, including reporting and
9 evaluation, except that the agreement may encompass a clearly
10 identifiable geographical subdivision of that county. The
11 geographical subdivision may include, but is not limited to, a
12 police district or group of police districts, a geographical
13 area making up a court calendar or group of court calendars, a
14 municipal district or group of municipal districts, or a
15 municipality or group of municipalities.

16 (d) (Blank).

17 (d-5) A county or group of counties that does not have an
18 approved Redeploy Illinois program, as described in subsection
19 (b), and that has committed fewer than 10 Redeploy eligible
20 youth to the Department of Juvenile Justice on average over
21 the previous 3 years, may develop an individualized agreement
22 with the Department of Human Services through the Redeploy
23 Illinois program to provide services to youth to avoid
24 commitment to the Department of Juvenile Justice. The
25 agreement shall set forth the following:

26 (1) a statement of the number and type of juvenile

1 offenders from the county who were at risk under any of the
2 categories listed above during the 3 previous years, and
3 an explanation of which of these offenders would be served
4 through the proposed Redeploy Illinois program for which
5 the funds shall be used, or through individualized
6 contracts with existing Redeploy programs in neighboring
7 counties;

8 (2) a statement of the service needs;

9 (3) a statement of the type of services and programs
10 to provide for the individual needs of the juvenile
11 offenders, and the research or evidence that qualifies
12 those services and programs as proven or promising
13 practices;

14 (4) a budget indicating the costs of each service or
15 program to be funded under the plan;

16 (5) a summary of contracts and service agreements
17 indicating the treatment goals and number of juvenile
18 offenders to be served by each service provider; and

19 (6) a statement indicating that the Redeploy Illinois
20 program will not duplicate existing services and programs.
21 Funds for this plan shall not supplant existing county
22 funded programs.

23 (e) The Department of Human Services shall be responsible
24 for the following:

25 (1) Reviewing each Redeploy Illinois Program plan for
26 compliance with standards established for such plans. A

1 plan may be approved as submitted, approved with
2 modifications, or rejected. No plan shall be considered
3 for approval if the circuit or county is not in full
4 compliance with all regulations, standards, and guidelines
5 pertaining to the delivery of basic probation services as
6 established by the Supreme Court.

7 (2) Monitoring on a continual basis and evaluating
8 annually both the program and its fiscal activities in all
9 counties receiving an allocation under the Redeploy
10 Illinois Program. Any program or service that has not met
11 the goals and objectives of its contract or service
12 agreement shall be subject to denial for funding in
13 subsequent years. The Department of Human Services shall
14 evaluate the effectiveness of the Redeploy Illinois
15 Program in each circuit or county. In determining the
16 future funding for the Redeploy Illinois Program under
17 this Act, the evaluation shall include, as a primary
18 indicator of success, a decreased number of confinement
19 days for the county's juvenile offenders.

20 (f) Any Redeploy Illinois Program allocations not applied
21 for and approved by the Department of Human Services shall be
22 available for redistribution to approved plans for the
23 remainder of that fiscal year. Any county that invests local
24 moneys in the Redeploy Illinois Program shall be given first
25 consideration for any redistribution of allocations.
26 Jurisdictions participating in Redeploy Illinois that exceed

1 their agreed upon level of commitments to the Department of
2 Juvenile Justice shall reimburse the Department of Corrections
3 for each commitment above the agreed upon level.

4 (g) Implementation of Redeploy Illinois.

5 (1) Oversight of Redeploy Illinois.

6 (i) Redeploy Illinois Oversight Board. The
7 Department of Human Services shall convene an
8 oversight board to oversee the Redeploy Illinois
9 Program. The Board shall include, but not be limited
10 to, designees from the Department of Juvenile Justice,
11 the Administrative Office of the Illinois Courts, the
12 Illinois Juvenile Justice Commission, the Illinois
13 Criminal Justice Information Authority, the Department
14 of Children and Family Services, the State Board of
15 Education, the Cook County State's Attorney, and a
16 State's Attorney selected by the President of the
17 Illinois State's Attorney's Association, the Cook
18 County Public Defender, a representative of the
19 defense bar appointed by the Chief Justice of the
20 Illinois Supreme Court, a representative of probation
21 appointed by the Chief Justice of the Illinois Supreme
22 Court, and judicial representation appointed by the
23 Chief Justice of the Illinois Supreme Court. Up to an
24 additional 9 members may be appointed by the Secretary
25 of Human Services from recommendations by the
26 Oversight Board; these appointees shall possess a

1 knowledge of juvenile justice issues and reflect the
2 collaborative public/private relationship of Redeploy
3 programs.

4 (ii) Responsibilities of the Redeploy Illinois
5 Oversight Board. The Oversight Board shall:

6 (A) Identify jurisdictions to be included in
7 the program of Redeploy Illinois.

8 (B) Develop a formula for reimbursement of
9 local jurisdictions for local and community-based
10 services utilized in lieu of commitment to the
11 Department of Juvenile Justice, as well as for any
12 charges for local jurisdictions for commitments
13 above the agreed upon limit in the approved plan.

14 (C) Identify resources sufficient to support
15 the administration and evaluation of Redeploy
16 Illinois.

17 (D) Develop a process and identify resources

25 Section 1110. The Code of Civil Procedure is amended by

renumbering and changing Section 804.5 and by changing Section 15-1603 as follows:

(735 ILCS 5/8-804.5)

Sec. 8-804.5 ~~804.5~~. Parties to a restorative justice practice.

(a) This Section is intended to encourage the use of restorative justice practices by providing a privilege for participation in such practices and ensuring that anything said or done during the practice, or in anticipation of or as a follow-up to the practice, is privileged and may not be used in any future proceeding unless the privilege is waived by the informed consent of the party or parties covered by the privilege. The General Assembly affords this privilege in recognition of restorative justice as a powerful tool in addressing the needs of victims, offenders, and the larger community in the process of repairing the fabric of community peace. The General Assembly encourages residents of this State to employ restorative justice practices, not only in justiciable matters, but in all aspects of life and law.

(b) As used in this Section:

"Circle" means a versatile restorative practice that can be used proactively, to develop relationships and build community, or reactively, to respond to wrongdoing, conflicts, and problems.

"Conference" means a structured meeting between offenders,

1 victims, and both parties' family and friends, in which they
2 deal with the consequences of a crime or wrongdoing and decide
3 how best to repair the harm.

4 "Facilitator" means a person who is trained to facilitate
5 a restorative justice practice.

6 "Party" means a person, including a facilitator, an
7 individual who has caused harm, an individual who has been
8 harmed, a community member, and any other participant, who
9 voluntarily consents to participate with others who have
10 agreed to participate in a restorative justice practice.

11 "Proceeding" means any legal action subject to this Code,
12 including, but not limited to, civil, criminal, juvenile, or
13 administrative hearings.

14 "Restorative justice practice" or "practice" means a
15 gathering, such as a conference or circle, in which parties
16 who have caused harm or who have been harmed and community
17 stakeholders collectively gather to identify and repair harm
18 to the extent possible, address trauma, reduce the likelihood
19 of further harm, and strengthen community ties by focusing on
20 the needs and obligations of all parties involved through a
21 participatory process.

22 (c) Anything said or done during or in preparation for a
23 restorative justice practice or as a follow-up to that
24 practice, or the fact that the practice has been planned or
25 convened, is privileged and cannot be referred to, used, or
26 admitted in any civil, criminal, juvenile, or administrative

1 proceeding unless the privilege is waived, during the
2 proceeding or in writing, by the party or parties protected by
3 the privilege. Privileged information is not subject to
4 discovery or disclosure in any judicial or extrajudicial
5 proceedings.

6 Any waiver of privilege is limited to the participation
7 and communication of the waiving party only, and the
8 participation or communications of any other participant
9 remain privileged unless waived by the other participant.

10 (d) Evidence that is otherwise admissible or subject to
11 discovery does not become inadmissible or protected from
12 discovery solely because it was discussed or used in a
13 restorative justice practice.

14 (e) The legitimacy of a restorative justice practice, if
15 challenged in any civil, juvenile, criminal, or administrative
16 proceeding, shall be determined by a judge. In a hearing
17 conducted pursuant to this subsection, the judge may consider
18 information that would otherwise be privileged to the extent
19 that the information is probative of the issue.

20 (f) The privilege afforded by this Section does not apply
21 if:

22 (1) disclosure is necessary to prevent death, great
23 bodily harm, or the commission of a crime;

24 (2) necessary to comply with another law; or

25 (3) a court, tribunal, or administrative body requires
26 a report on a restorative justice practice, but such

1 report shall be limited to the fact that a practice has
2 taken place, an opinion regarding the success of the
3 practice, and whether further restorative justice
4 practices are expected.

5 (g) This Section applies to all restorative justice
6 practices that are convened on or after July 15, 2021 (the
7 effective date of 102-100) ~~this amendatory Act of the 102nd~~
8 ~~General Assembly.~~

10 (735 ILCS 5/15-1603) (from Ch. 110, par. 15-1603)

11 Sec. 15-1603. Redemption.

12 (a) Owner of Redemption. Except as provided in subsection
13 (b) of Section 15-1402, only an owner of redemption may redeem
14 from the foreclosure, and such owner of redemption may redeem
15 only during the redemption period specified in subsection (b)
16 of this Section 15-1603 and only if the right of redemption has
17 not been validly waived.

18 (b) Redemption Period.

19 (1) In the foreclosure of a mortgage of real estate
20 which is residential real estate at the time the
21 foreclosure is commenced, the redemption period shall end
22 on the later of (i) the date 7 months from the date the
23 mortgagor or, if more than one, all the mortgagors (A)
24 have been served with summons or by publication or (B)
25 have otherwise submitted to the jurisdiction of the court,

1 or (ii) the date 3 months from the date of entry of a
2 judgment of foreclosure.

3 (2) In all other foreclosures, the redemption period
4 shall end on the later of (i) the date 6 months from the
5 date the mortgagor or, if more than one, all the
6 mortgagors (A) have been served with summons or by
7 publication or (B) have otherwise submitted to the
8 jurisdiction of the court, or (ii) the date 3 months from
9 the date of entry of a judgment of foreclosure.

10 (3) Notwithstanding paragraphs (1) and (2), the
11 redemption period shall end at the later of the expiration
12 of any reinstatement period provided for in Section
13 15-1602 or the date 60 days after the date the judgment of
14 foreclosure is entered, if the court finds that (i) the
15 value of the mortgaged real estate as of the date of the
16 judgment is less than 90% of the amount specified pursuant
17 to subsection (d) of this Section 15-1603 and (ii) the
18 mortgagee waives any and all rights to a personal judgment
19 for a deficiency against the mortgagor and against all
20 other persons liable for the indebtedness or other
21 obligations secured by the mortgage.

22 (4) Notwithstanding paragraphs (1) and (2), the
23 redemption period shall end on the date 30 days after the
24 date the judgment of foreclosure is entered if the court
25 finds that the mortgaged real estate has been abandoned.
26 In cases where the redemption period is shortened on

1 account of abandonment, the reinstatement period shall not
2 extend beyond the redemption period as shortened.

3 (c) Extension of Redemption Period.

4 (1) Once expired, the right of redemption provided for
5 in this Section ~~Sections~~ 15-1603 or Section 15-1604 shall
6 not be revived. The period within which the right of
7 redemption provided for in this Section ~~Sections~~ 15-1603
8 or Section 15-1604 may be exercised runs independently of
9 any action by any person to enforce the judgment of
10 foreclosure or effect a sale pursuant thereto. Neither the
11 initiation of any legal proceeding nor the order of any
12 court staying the enforcement of a judgment of foreclosure
13 or the sale pursuant to a judgment or the confirmation of
14 the sale, shall have the effect of tolling the running of
15 the redemption period.

16 (2) If a court has the authority to stay, and does
17 stay, the running of the redemption period, or if the
18 redemption period is extended by any statute of the United
19 States, the redemption period shall be extended until the
20 expiration of the same number of days after the expiration
21 of the stay order as the number of days remaining in the
22 redemption period at the time the stay order became
23 effective, or, if later, until the expiration of 30 days
24 after the stay order terminates. If the stay order
25 terminates more than 30 days prior to the expiration of
26 the redemption period, the redemption period shall not be

1 extended.

2 (d) Amount Required to Redeem. The amount required to
3 redeem shall be the sum of:

4 (1) The amount specified in the judgment of
5 foreclosure, which shall consist of (i) all principal and
6 accrued interest secured by the mortgage and due as of the
7 date of the judgment, (ii) all costs allowed by law, (iii)
8 costs and expenses approved by the court, (iv) to the
9 extent provided for in the mortgage and approved by the
10 court, additional costs, expenses, and reasonable
11 attorney's ~~attorneys'~~ fees incurred by the mortgagee, (v)
12 all amounts paid pursuant to Section 15-1505, and (vi) per
13 diem interest from the date of judgment to the date of
14 redemption calculated at the mortgage rate of interest
15 applicable as if no default had occurred; and

16 (2) The amount of other expenses authorized by the
17 court which the mortgagee reasonably incurs between the
18 date of judgment and the date of redemption, which shall
19 be the amount certified by the mortgagee in accordance
20 with subsection (e) of this Section 15-1603.

21 (e) Notice of Intent to Redeem. An owner of redemption who
22 intends to redeem shall give written notice of such intent to
23 redeem to the mortgagee's attorney of record specifying the
24 date designated for redemption and the current address of the
25 owner of redemption for purposes of receiving notice. Such
26 owner of redemption shall file with the clerk of the court a

1 certification of the giving of such notice. The notice of
2 intent to redeem must be received by the mortgagee's attorney
3 at least 15 days (other than Saturday, Sunday, or court
4 holiday) prior to the date designated for redemption. The
5 mortgagee shall thereupon file with the clerk of the court and
6 shall give written notice to the owner of redemption at least
7 three days (other than Saturday, Sunday, or court holiday)
8 before the date designated for redemption a certification,
9 accompanied by copies of paid receipts or appropriate
10 affidavits, of any expenses authorized in paragraph (2) of
11 subsection (d) of this Section 15-1603. If the mortgagee fails
12 to serve such certification within the time specified herein,
13 then the owner of redemption intending to redeem may redeem on
14 the date designated for redemption in the notice of intent to
15 redeem, and the mortgagee shall not be entitled to payment of
16 any expenses authorized in paragraph (2) of subsection (d) of
17 this Section 15-1603.

18 (f) Procedure for Redemption.

19 (1) An owner of redemption may redeem the real estate
20 from the foreclosure by paying the amount specified in
21 subsection (d) of this Section 15-1603 to the mortgagee or
22 the mortgagee's attorney of record on or before the date
23 designated for redemption pursuant to subsection (e) of
24 this Section 15-1603.

25 (2) If the mortgagee refuses to accept payment or if
26 the owner of redemption redeeming from the foreclosure

1 objects to the reasonableness of the additional expenses
2 authorized in paragraph (2) of subsection (d) of this
3 Section 15-1603 and certified in accordance with
4 subsection (e) of this Section 15-1603, the owner of
5 redemption shall pay the certified amount to the clerk of
6 the court on or before the date designated for redemption,
7 together with a written statement specifying the expenses
8 to which objection is made. In such case the clerk shall
9 pay to the mortgagee the amount tendered minus the amount
10 to which the objection pertains.

11 (3) Upon payment to the clerk, whether or not the
12 owner of redemption files an objection at the time of
13 payment, the clerk shall give a receipt of payment to the
14 person redeeming from the foreclosure, and shall file a
15 copy of that receipt in the foreclosure record. Upon
16 receipt of the amounts specified to be paid to the
17 mortgagee pursuant to this Section, the mortgagee shall
18 promptly furnish the mortgagor with a release of the
19 mortgage or satisfaction of the judgment, as appropriate,
20 and the evidence of all indebtedness secured by the
21 mortgage shall be cancelled.

22 (g) Procedure Upon Objection. If an objection is filed by
23 an owner of redemption in accordance with paragraph (2) of
24 subsection (f) of this Section 15-1603, the clerk shall hold
25 the amount to which the objection pertains until the court
26 orders distribution of those funds. The court shall hold a

1 hearing promptly to determine the distribution of any funds
2 held by the clerk pursuant to such objection. Each party shall
3 pay its own costs and expenses in connection with any
4 objection, including attorney's ~~attorneys'~~ fees, ~~subject to~~
5 ~~Section 2-611 of the Code of Civil Procedure.~~

6 (h) Failure to Redeem. Unless the real estate being
7 foreclosed is redeemed from the foreclosure, it shall be sold
8 as provided in this Article.

22 (740 ILCS 10/7.2) (from Ch. 38, par. 60-7.2)

23 Sec. 7.2. (1) Whenever it appears to the Attorney General

1 that any person has engaged in, is engaging in, or is about to
2 engage in any act or practice prohibited by this Act, or that
3 any person has assisted or participated in any agreement or
4 combination of the nature described herein, he may, in his
5 discretion, conduct an investigation as he deems necessary in
6 connection with the matter and has the authority prior to the
7 commencement of any civil or criminal action as provided for
8 in the Act to subpoena witnesses, and pursuant to a subpoena
9 (i) compel their attendance for the purpose of examining them
10 under oath, (ii) require the production of any books,
11 documents, records, writings, or tangible things hereafter
12 referred to as "documentary material" which the Attorney
13 General deems relevant or material to his investigation, for
14 inspection, reproducing, or copying under such terms and
15 conditions as hereafter set forth, (iii) require written
16 answers under oath to written interrogatories, or (iv) require
17 compliance with a combination of the foregoing. Any subpoena
18 issued by the Attorney General shall contain the following
19 information:

20 (a) The statute and section thereof, the alleged
21 violation of which is under investigation and the general

25 possession, custody, or control or submit answers to
26 interrogatories in the office of the Attorney General

1 located in Springfield or Chicago. Said date shall not be
2 less than 10 days from date of service of the subpoena.

3 (c) Where documentary material is required to be
4 produced, the same shall be described by class so as to
5 clearly indicate the material demanded.

6 The Attorney General is hereby authorized, and may so
7 elect, to require the production, pursuant to this Section

5 custody, or control of the person to whom the demand is
6 directed has been produced and made available to the
7 custodian. Answers to interrogatories shall be accompanied by
8 a statement under oath attesting to the accuracy of the

10 While in the possession of the Attorney General and under

1 the person who produced such material, transcripts, or
2 interrogatory answers. Such documentary material, transcripts
3 of oral testimony, or answers to interrogatories, or copies
4 thereof, may be used by the Attorney General in any
5 administrative or judicial action or proceeding.

6 For purposes of this Section, all documentary materials,
7 transcripts of oral testimony, answers to interrogatories
8 obtained by the Attorney General from other law enforcement
9 officials, information voluntarily produced to the Attorney
10 General for purposes of any investigation conducted under
11 subsection (1), or information provided to the Attorney
12 General pursuant to the notice requirement of Section 7.2a
13 shall be treated as if produced pursuant to a subpoena served
14 pursuant to this Section for purposes of maintaining the
15 confidentiality of such information.

16 The changes made by Public Act 103-526 ~~this amendatory Act~~
17 ~~of the 103rd General Assembly~~ are inoperative on and after
18 January 1, 2027.

19 (3) No person shall, with intent to avoid, evade, prevent,
20 or obstruct compliance in whole or in part by any person with
21 any duly served subpoena of the Attorney General under this
22 Act, knowingly remove from any place, conceal, withhold,
23 destroy, mutilate, alter, or by any other means falsify any
24 documentary material that is the subject of such subpoena. A
25 violation of this subsection is a Class A misdemeanor. The
26 Attorney General, with such assistance as he may from time to

1 time require of the State's Attorneys in the several counties,
2 shall investigate suspected violations of this subsection and
3 shall commence and try all prosecutions under this subsection.

5 Section 1130. The Mental Health and Developmental
6 Disabilities Confidentiality Act is amended by changing
7 Section 9.6 as follows:

8 (740 ILCS 110/9.6)

9 Sec. 9.6. Participants of any HIE, as defined under
10 Section 2, shall allow each recipient whose record is
11 accessible through the health information exchange the
12 reasonable opportunity to expressly decline the further
13 disclosure of the record by the health information exchange to
14 third parties, except to the extent permitted by law such as
15 for purposes of public health reporting. The HIE participants
16 shall permit a recipient to revoke a prior decision to opt out
17 ~~opt out~~ or a decision not to opt out ~~opt out~~. These rules,
18 standards, or contractual obligations shall provide for
19 written notice of a recipient's right to opt out ~~opt out~~ which
20 directs the recipient to a health information exchange website
21 containing (i) an explanation of the purposes of the health
22 information exchange; and (ii) audio, visual, and written
23 instructions on how to opt out ~~opt out~~ of participation in
24 whole or in part to the extent possible. The process for

1 effectuating an opt-out shall be reviewed by the HIE
2 participants annually and updated as the technical options
3 develop. The recipient shall be provided meaningful disclosure
4 regarding the health information exchange, and the recipient's
5 decision whether to opt out ~~opt-out~~ should be obtained without
6 undue inducement or any element of force, fraud, deceit,
7 duress, or other form of constraint or coercion. To the extent
8 that HIPAA, as specified in 45 CFR 164.508(b)(4), prohibits a
9 covered entity from conditioning the provision of its services
10 upon an individual's provision of an authorization, an HIE
11 participant shall not condition the provision of its services
12 upon a recipient's decision to opt out ~~opt-out~~ of further
13 disclosure of the record by an HIE to third parties. The HIE
14 participants shall also give annual consideration to enable a
15 recipient to expressly decline the further disclosure by an
16 HIE to third parties of selected portions of the recipient's
17 record while permitting disclosure of the recipient's
18 remaining patient health information. In giving effect to
19 recipient disclosure preferences, the HIE participants may
20 consider the extent to which relevant health information
21 technologies reasonably available to therapists and HIEs in
22 this State reasonably enable the effective segmentation of
23 specific information within a recipient's electronic medical
24 record and reasonably enable the effective exclusion of
25 specific information from disclosure by an HIE to third
26 parties, as well as the availability of sufficient

1 authoritative clinical guidance to enable the practical
2 application of such technologies to effect recipient
3 disclosure preferences. The provisions of this Section 9.6
4 shall not apply to the secure electronic transmission of data
5 which is point-to-point communication directed by the data
6 custodian.

8 Section 1135. The Whistleblower Act is amended by changing
9 Section 15 as follows:

10 (740 ILCS 174/15)

11 Sec. 15. Retaliation for certain disclosures prohibited.

12 (a) An employer may not take retaliatory action against an
13 employee who discloses or threatens to disclose to a public
14 body conducting an investigation, or in a court, an
15 administrative hearing, or any other proceeding initiated by a
16 public body, information related to an activity, policy, or
17 practice of the employer, where the employee has a good faith
18 belief that the activity, policy, or practice (i) violates a
19 State or federal law, rule, or regulation or (ii) poses a
20 substantial and specific danger to employees, public health,
21 or safety.

22 (b) An employer may not take retaliatory action against an
23 employee for disclosing or threatening to disclose information
24 to a government or law enforcement agency information related

1 to an activity, policy, or practice of the employer, where the
2 employee has a good faith belief that the activity, policy, or
3 practice of the employer (i) violates a State or federal law,
4 rule, or regulation or (ii) poses a substantial and specific
5 danger to employees, public health, or safety.

6 (c) An employer may not take retaliatory action against an
7 employee for disclosing or threatening to disclose to any
8 supervisor, principal officer, board member, or supervisor in
9 an organization that has a contractual relationship with the
10 employer who makes the employer aware of the disclosure,
11 information related to an activity, policy, or practice of the
12 employer if the employee has a good faith belief that the
13 activity, policy, or practice (i) violates a State or federal
14 law, rule, or regulation or (ii) poses a substantial and
15 specific danger to employees, public health, or safety.

1 proceedings terminating parental rights as shall be had
2 under either this Act, the Juvenile Court Act, or the
3 Juvenile Court Act of 1987.

13 a new born child during the first 30 days after its birth.

14 (m) Failure by a parent (i) to make reasonable efforts
15 to correct the conditions that were the basis for the
16 removal of the child from the parent during any 9-month
17 period following the adjudication of neglected or abused
18 minor under Section 2-3 of the Juvenile Court Act of 1987
19 or dependent minor under Section 2-4 of that Act, or (ii)
20 to make reasonable progress toward the return of the child
21 to the parent during any 9-month period following the
22 adjudication of neglected or abused minor under Section
23 2-3 of the Juvenile Court Act of 1987 or dependent minor
24 under Section 2-4 of that Act. If a service plan has been
25 established as required under Section 8.2 of the Abused
26 and Neglected Child Reporting Act to correct the

1 conditions that were the basis for the removal of the
2 child from the parent and if those services were
3 available, then, for purposes of this Act, "failure to
4 make reasonable progress toward the return of the child to
5 the parent" includes the parent's failure to substantially
6 fulfill his or her obligations under the service plan and
7 correct the conditions that brought the child into care
8 during any 9-month period following the adjudication under
9 Section 2-3 or 2-4 of the Juvenile Court Act of 1987.
10 Notwithstanding any other provision, when a petition or
11 motion seeks to terminate parental rights on the basis of
12 subparagraph ~~item~~ (ii) of this paragraph ~~subsection~~ (m),
13 the petitioner shall file with the court and serve on the
14 parties a pleading that specifies the 9-month period or
15 periods relied on. The pleading shall be filed and served
16 on the parties no later than 3 weeks before the date set by
17 the court for closure of discovery, and the allegations in
18 the pleading shall be treated as incorporated into the
19 petition or motion. Failure of a respondent to file a
20 written denial of the allegations in the pleading shall
21 not be treated as an admission that the allegations are
22 true.

23 (m-1) (Blank).

24 (n) Evidence of intent to forgo his or her parental
25 rights, whether or not the child is a ward of the court,
26 (1) as manifested by his or her failure for a period of 12

1 months: (i) to visit the child, (ii) to communicate with
2 the child or agency, although able to do so and not
3 prevented from doing so by an agency or by court order, or
4 (iii) to maintain contact with or plan for the future of
5 the child, although physically able to do so, or (2) as
6 manifested by the father's failure, where he and the
7 mother of the child were unmarried to each other at the
8 time of the child's birth, (i) to commence legal
9 proceedings to establish his paternity under the Illinois
10 Parentage Act of 1984, the Illinois Parentage Act of 2015,
11 or the law of the jurisdiction of the child's birth within
12 30 days of being informed, pursuant to Section 12a of this
13 Act, that he is the father or the likely father of the
14 child or, after being so informed where the child is not
15 yet born, within 30 days of the child's birth, or (ii) to
16 make a good faith effort to pay a reasonable amount of the
17 expenses related to the birth of the child and to provide a
18 reasonable amount for the financial support of the child,
19 the court to consider in its determination all relevant
20 circumstances, including the financial condition of both
21 parents; provided that the ground for termination provided
22 in this item (ii) of subparagraph (2) of this paragraph
23 (n) subparagraph (n) (2) (ii) shall only be available where
24 the petition is brought by the mother or the husband of the
25 mother.

26 Contact or communication by a parent with his or her

1 child that does not demonstrate affection and concern does
2 not constitute reasonable contact and planning under this
3 paragraph subdivision (n). In the absence of evidence to
4 the contrary, the ability to visit, communicate, maintain
5 contact, pay expenses, and plan for the future shall be
6 presumed. The subjective intent of the parent, whether
7 expressed or otherwise, unsupported by evidence of the
8 foregoing parental acts manifesting that intent, shall not
9 preclude a determination that the parent has intended to
10 forgo his or her parental rights. In making this
11 determination, the court may consider but shall not
12 require a showing of diligent efforts by an authorized
13 agency to encourage the parent to perform the acts
14 specified in this paragraph subdivision (n).

15 It shall be an affirmative defense to any allegation
16 under subparagraph paragraph (2) of this paragraph (n)
17 ~~subsection~~ that the father's failure was due to
18 circumstances beyond his control or to impediments created
19 by the mother or any other person having legal custody.
20 Proof of that fact need only be by a preponderance of the
21 evidence.

22 (o) Repeated or continuous failure by the parents,
23 although physically and financially able, to provide the
24 child with adequate food, clothing, or shelter.

25 (p) Inability to discharge parental responsibilities
26 supported by competent evidence from a psychiatrist,

1 licensed clinical social worker, or clinical psychologist
2 of mental impairment, mental illness, or an intellectual
3 disability as defined in Section 1-116 of the Mental
4 Health and Developmental Disabilities Code, or
5 developmental disability as defined in Section 1-106 of
6 that Code, and there is sufficient justification to
7 believe that the inability to discharge parental
8 responsibilities shall extend beyond a reasonable time
9 period. However, this paragraph ~~subdivision~~ (p) shall not
10 be construed so as to permit a licensed clinical social
11 worker to conduct any medical diagnosis to determine
12 mental illness or mental impairment.

13 (q) (Blank).

14 (r) The child is in the temporary custody or
15 guardianship of the Department of Children and Family
16 Services, the parent is incarcerated as a result of
17 criminal conviction at the time the petition or motion for
18 termination of parental rights is filed, prior to
19 incarceration the parent had little or no contact with the
20 child or provided little or no support for the child, and
21 the parent's incarceration will prevent the parent from
22 discharging his or her parental responsibilities for the
23 child for a period in excess of 2 years after the filing of
24 the petition or motion for termination of parental rights.

25 (s) The child is in the temporary custody or
26 guardianship of the Department of Children and Family

1 Services, the parent is incarcerated at the time the
2 petition or motion for termination of parental rights is
3 filed, the parent has been repeatedly incarcerated as a
4 result of criminal convictions, and the parent's repeated
5 incarceration has prevented the parent from discharging
6 his or her parental responsibilities for the child.

9 treatment is initiated or continued.

10 "Life-sustaining treatment" means any medical treatment,
11 procedure, or intervention that, in the judgment of the
12 attending physician, when applied to a patient with a
13 qualifying condition, would not be effective to remove the
14 qualifying condition or would serve only to prolong the dying
15 process. Those procedures can include, but are not limited to,
16 assisted ventilation, renal dialysis, surgical procedures,
17 blood transfusions, and the administration of drugs,
18 antibiotics, and artificial nutrition and hydration.

19 "Minor" means an individual who is not an adult as defined
20 in this Act.

21 "Parent" means a person who is the natural or adoptive
22 mother or father of the child and whose parental rights have
23 not been terminated by a court of law.

24 "Patient" means an adult or minor individual, unless
25 otherwise specified, under the care or treatment of a licensed
26 physician or other health care provider.

1 "Person" means an individual, a corporation, a business
2 trust, a trust, a partnership, an association, a government, a
3 governmental subdivision or agency, or any other legal entity.

4 "Qualifying condition" means the existence of one or more
5 of the following conditions in a patient certified in writing
6 in the patient's medical record by the attending physician and
7 by at least one other qualified health care practitioner:

8 (1) "Terminal condition" means an illness or injury
9 for which there is no reasonable prospect of cure or
10 recovery, death is imminent, and the application of
11 life-sustaining treatment would only prolong the dying
12 process.

13 (2) "Permanent unconsciousness" means a condition
14 that, to a high degree of medical certainty, (i) will last
15 permanently, without improvement, (ii) in which thought,
16 sensation, purposeful action, social interaction, and
17 awareness of self and environment are absent, and (iii)
18 for which initiating or continuing life-sustaining
19 treatment, in light of the patient's medical condition,
20 provides only minimal medical benefit.

21 (3) "Incurable or irreversible condition" means an
22 illness or injury (i) for which there is no reasonable
23 prospect of cure or recovery, (ii) that ultimately will
24 cause the patient's death even if life-sustaining
25 treatment is initiated or continued, (iii) that imposes
26 severe pain or otherwise imposes an inhumane burden on the

1 patient, and (iv) for which initiating or continuing
2 life-sustaining treatment, in light of the patient's
3 medical condition, provides only minimal medical benefit.

4 The determination that a patient has a qualifying
5 condition creates no presumption regarding the application or
6 non-application of life-sustaining treatment. It is only after
7 a determination by the attending physician that the patient
8 has a qualifying condition that the surrogate decision maker
9 may consider whether or not to forgo life-sustaining
10 treatment. In making this decision, the surrogate shall weigh
11 the burdens on the patient of initiating or continuing
12 life-sustaining treatment against the benefits of that
13 treatment.

14 "Qualified health care practitioner" means an individual
15 who has personally examined the patient and who is licensed in
16 Illinois or in the state where the patient is being treated and
17 who is a physician, advanced practice registered nurse,
18 physician assistant, or resident with at least one year of
19 graduate or specialty training who holds a temporary license
20 to practice medicine and is enrolled in a residency program
21 accredited by the Liaison Committee on Graduate Medical
22 Education or the Bureau of Professional Education of the
23 American Osteopathic Association.

24 "Physician" means a physician licensed to practice
25 medicine in all its branches in this State or in the state
26 where the patient is being treated.

1 "Surrogate decision maker" means an adult individual or
2 individuals who (i) have decisional capacity, (ii) are
3 available upon reasonable inquiry, (iii) are willing to make
4 medical treatment decisions on behalf of a patient who lacks
5 decisional capacity, and (iv) are identified by the attending
6 physician in accordance with the provisions of this Act as the
7 person or persons who are to make those decisions in
8 accordance with the provisions of this Act.

11 Section 1160. The Landlord and Tenant Act is amended by
12 setting forth and renumbering multiple versions of Section 25
13 as follows:

14 (765 ILCS 705/25)

15 Sec. 25. Disclosure of potential flooding in rental and
16 lease agreements.

17 (a) As used in this Section:

18 "Flood" and "flooding" mean a general or temporary
19 condition of partial or complete inundation of a dwelling or
20 property caused by:

21 (1) the overflow of inland or tidal waves;

22 (2) the unusual and rapid accumulation of runoff or
23 surface waters from any established water source such as a
24 river, stream, or drainage ditch; or

1 (3) rainfall.

2 "Lower-level unit" means any garden level unit, basement
3 level unit, or first floor level unit.

4 (b) Every landlord shall clearly disclose to each of the
5 landlord's tenants in writing prior to signing the lease for
6 the rental property that a rental property is located in the
7 Federal Emergency Management Agency (FEMA) Special Flood
8 Hazard Area ("100-year floodplain") and if the landlord has
9 actual knowledge that the rental property or any portion of
10 the parking areas of the real property containing the rental
11 property has been subjected to flooding and the frequency of
12 such flooding. Such disclosure shall also be included in the
13 written lease or the written renewal lease and shall be signed
14 by both parties.

15 (c) Every landlord who leases a lower-level unit shall
16 clearly disclose to each of the landlord's lower-level unit
17 tenants in writing prior to the signing of the lease for the
18 lower-level unit if the lower-level unit or any portion of the
19 real property containing the lower-level unit has experienced
20 flooding in the last 10 years and shall disclose the frequency
21 of such flooding. Such disclosure shall also be included in
22 the written lease or the written renewal lease and shall be
23 signed by both parties.

24 (d) The written disclosure shall look substantially
25 similar to the following:

26 "(Landlord) [] is or [] is not aware that the rental

1 property is located in a FEMA Special Flood Hazard Area
2 ("100-year floodplain"). The property has experienced flooding
3 [] times in the last 10 years. Even if the rental property is
4 not in a Special Flood Hazard Area ("100-year floodplain"),
5 the dwelling may still be susceptible to flooding. The Federal
6 Emergency Management Agency (FEMA) maintains a flood map on
7 its Internet website that is searchable by address, at no
8 cost, to determine if a dwelling is located in a flood hazard
9 area.

10 (Landlord) [] is or [] is not aware that the rental
11 property you are renting has flooded at least once in the last
12 10 years. The rental property has flooded [] times in the last
13 10 years. Even if the dwelling has not flooded in the last 10
14 years, the dwelling may still be susceptible to flooding.

15 Most tenant insurance policies do not cover damage or loss
16 incurred in a flood. You are encouraged to examine your policy
17 to determine whether you are covered. If you are not, flood
18 insurance may be available through FEMA's National Flood
19 Insurance Program to cover your personal property in the event
20 of a flood. Information regarding flood risks can be found at
21 the dnr.illinois.gov (Illinois Department of Natural
22 Resources), fema.gov (FEMA), and ready.gov/flood (U.S.
23 National public service).

24 Landlords are required to disclose the above information
25 pursuant to Section 25 of the Landlord and Tenant Act. A
26 landlord's failure to comply with Section 25 of the Landlord

1 and Tenant Act shall entitle the tenant to remedies as defined
2 in that Section.

3

4 (Tenant Signature) (Date)

5

6 (Landlord Signature) (Date) "

7 (e) If a landlord fails to comply with subsection (b), and
8 the tenant subsequently becomes aware that the property is
9 located in the FEMA Special Flood Hazard Area ("100-year
10 floodplain") the tenant may terminate the lease by giving
11 written notice of termination to the landlord no later than
12 the 30th day after a tenant becomes aware of the landlord's
13 failure to comply with subsection (b), and the landlord shall
14 return all rent and fees paid in advance no later than the 15th
15 day after the tenant gave notice.

16 If a landlord fails to comply with subsection (b) or
17 subsection (c) and flooding occurs that results in damage to
18 the tenant's personal property, affects the habitability of
19 the leased property, or affects the tenant's access to the
20 leased property, the tenant may:

21 (1) terminate the lease by giving written notice to
22 the landlord no later than the 30th day after the flood
23 occurred and the landlord shall return all rent and fees
24 paid in advance no later than the 15th day after the tenant
25 gave notice; and

26 (2) bring an action against the landlord of the

1 property to recover damages for personal property lost or
2 damaged as a result of flooding.

3 (e) Exemptions. This Section does not apply to farm
4 leases, concession leases, and rental properties owned or
5 managed by the Department of Natural Resources.

6 (f) This Section may not be interpreted to permit the
7 renting, leasing, or subleasing of lower-level units in a
8 municipality if the municipality does not permit the renting,
9 leasing, or subleasing of such units.

13 (a) Definitions. In this Section:

14 "Application screening fee" means a request by a landlord
15 for a fee to cover the costs of obtaining information about a
16 prospective tenant.

17 "Consumer report" has the same meaning as defined in
18 Section 1681a of Title 15 of the United States Code.

19 "Consumer credit reporting agency" means a person which,
20 for monetary fees, dues, or on a cooperative nonprofit basis,
21 regularly engages in whole or in part in the practice of
22 assembling or evaluating consumer credit information or other
23 information on consumers for the purpose of furnishing
24 consumer reports to third parties and that uses any means or
25 facility of interstate commerce for the purpose of preparing

1 or furnishing consumer reports.

2 "Reusable tenant screening report" means a written report,
3 prepared by a consumer credit reporting agency, that
4 prominently states the date through which the information
5 contained in the report is current and includes, but is not
6 limited to, all of the following information regarding a
7 prospective tenant:

8 (A) the name of the prospective tenant;

12 prospective tenant;

13 (D) the last known address of the prospective
14 tenant; and

15 (E) the results of an eviction history check of
16 the prospective tenant in a manner and for a period of
17 time consistent with applicable law related to the
18 consideration of eviction history in housing.

19 (b) Providing a reusable tenant screening report.

20 (1) If a prospective tenant provides a reusable tenant
21 screening report that meets the following criteria, the
22 landlord may not charge the prospective tenant a fee to
23 access the report or an application screening fee. Those
24 criteria include the following:

25 (A) the report was prepared within the previous 30
26 days by a consumer credit reporting agency at the

1 request and expense of a prospective tenant;

2 (B) the report is made directly available to a
3 landlord for use in the rental application process or
4 is provided through a third-party website that
5 regularly engages in the business of providing a
6 reusable tenant screening report and complies with all
7 State and federal laws pertaining to use and
8 disclosure of information contained in a consumer
9 report by a consumer credit reporting agency;

10 (C) the report is available to the landlord at no
11 cost to access or use; and

12 (D) the report includes all of the criteria
13 consistently being used by the landlord in the
14 screening of prospective tenants.

15 (2) A landlord may require an applicant to state that
16 there has not been a material change to the information in
17 the reusable tenant screening report.

18 (c) If an ordinance, resolution, regulation,
19 administrative action, initiative, or other policy adopted by
20 a unit of local government or county conflicts with this Act,
21 the policy that provides greater protections to prospective
22 tenants applies.

23 (d) Nothing in this Section prohibits a landlord from
24 collecting and processing an application in addition to the
25 report provided, as long as the prospective tenant is not
26 charged an application screening fee for this additional

1 report.

3 Section 1165. The Landlord Retaliation Act is amended by
4 changing Section 20 as follows:

5 (765 ILCS 721/20)

6 Sec. 20. Rebuttable presumption. In an action by or
7 against the tenant, if within one year before the alleged act
8 of retaliation there is evidence that the retaliation was
9 against the tenant's conduct that is protected under this Act,
10 that evidence creates a rebuttable presumption that the
11 landlord's conduct was retaliatory. The presumption does not
12 arise if the protected tenant activity was initiated after the
13 alleged act of retaliation.

16 referral.

17 (C) Labor organization. For any labor organization to
18 limit, segregate or classify its membership, or to limit

21 including, but not limited to, the wearing of any attire,
22 clothing, or facial hair in accordance with the
23 requirements of his or her religion, unless, after
24 engaging in a bona fide effort, the employer demonstrates
25 that it is unable to reasonably accommodate the employee's
26 or prospective employee's sincerely held religious belief,

1 practice, or observance without undue hardship on the
2 conduct of the employer's business.

3 Nothing in this Section prohibits an employer from
4 enacting a dress code or grooming policy that may include
5 restrictions on attire, clothing, or facial hair to
6 maintain workplace safety or food sanitation.

7 (F) Training and apprenticeship programs. For any

3 discipline, tenure or terms, privileges or conditions
4 of employment without following the procedures under
5 the E-Verify Program.

6 (H) (Blank).

7 (I) Pregnancy. For an employer to refuse to hire, to
8 segregate, or to act with respect to recruitment, hiring,

12 pregnancy, childbirth, or medical or common conditions
13 related to pregnancy or childbirth. Women affected by
14 pregnancy, childbirth, or medical or common conditions
15 related to pregnancy or childbirth shall be treated the
16 same for all employment-related purposes, including
17 receipt of benefits under fringe benefit programs, as
18 other persons not so affected but similar in their ability
19 or inability to work, regardless of the source of the
20 inability to work or employment classification or status.

21 (J) Pregnancy; reasonable accommodations.

22 (1) If after a job applicant or employee,
23 including a part-time, full-time, or probationary
24 employee, requests a reasonable accommodation, for an
25 employer to not make reasonable accommodations for any
26 medical or common condition of a job applicant or

1 employee related to pregnancy or childbirth, unless
2 the employer can demonstrate that the accommodation
3 would impose an undue hardship on the ordinary
4 operation of the business of the employer. The
5 employer may request documentation from the employee's
6 health care provider concerning the need for the
7 requested reasonable accommodation or accommodations
8 to the same extent documentation is requested for
9 conditions related to disability if the employer's
10 request for documentation is job-related and
11 consistent with business necessity. The employer may
12 require only the medical justification for the
13 requested accommodation or accommodations, a
14 description of the reasonable accommodation or
15 accommodations medically advisable, the date the
16 reasonable accommodation or accommodations became
17 medically advisable, and the probable duration of the
18 reasonable accommodation or accommodations. It is the
19 duty of the individual seeking a reasonable
20 accommodation or accommodations to submit to the
21 employer any documentation that is requested in
22 accordance with this paragraph. Notwithstanding the
23 provisions of this paragraph, the employer may require
24 documentation by the employee's health care provider
25 to determine compliance with other laws. The employee
26 and employer shall engage in a timely, good faith, and

1 meaningful exchange to determine effective reasonable
2 accommodations.

3 (2) For an employer to deny employment
4 opportunities or benefits to or take adverse action
5 against an otherwise qualified job applicant or
6 employee, including a part-time, full-time, or
7 probationary employee, if the denial or adverse action
8 is based on the need of the employer to make reasonable
9 accommodations to the known medical or common
10 conditions related to the pregnancy or childbirth of
11 the applicant or employee.

12 (3) For an employer to require a job applicant or
13 employee, including a part-time, full-time, or
14 probationary employee, affected by pregnancy,
15 childbirth, or medical or common conditions related to
16 pregnancy or childbirth to accept an accommodation
17 when the applicant or employee did not request an
18 accommodation and the applicant or employee chooses
19 not to accept the employer's accommodation.

20 (4) For an employer to require an employee,
21 including a part-time, full-time, or probationary
22 employee, to take leave under any leave law or policy
23 of the employer if another reasonable accommodation
24 can be provided to the known medical or common
25 conditions related to the pregnancy or childbirth of
26 an employee. No employer shall fail or refuse to

1 reinstate the employee affected by pregnancy,
2 childbirth, or medical or common conditions related to
3 pregnancy or childbirth to her original job or to an
4 equivalent position with equivalent pay and
5 accumulated seniority, retirement, fringe benefits,
6 and other applicable service credits upon her
7 signifying her intent to return or when her need for
8 reasonable accommodation ceases, unless the employer
9 can demonstrate that the accommodation would impose an
10 undue hardship on the ordinary operation of the
11 business of the employer.

12 For the purposes of this subdivision (J), "reasonable
13 accommodations" means reasonable modifications or
14 adjustments to the job application process or work
15 environment, or to the manner or circumstances under which
16 the position desired or held is customarily performed,
17 that enable an applicant or employee affected by
18 pregnancy, childbirth, or medical or common conditions
19 related to pregnancy or childbirth to be considered for
20 the position the applicant desires or to perform the
21 essential functions of that position, and may include, but
22 is not limited to: more frequent or longer bathroom
23 breaks, breaks for increased water intake, and breaks for
24 periodic rest; private non-bathroom space for expressing
25 breast milk and breastfeeding; seating; assistance with
26 manual labor; light duty; temporary transfer to a less

1 strenuous or hazardous position; the provision of an
2 accessible worksite; acquisition or modification of
3 equipment; job restructuring; a part-time or modified work
4 schedule; appropriate adjustment or modifications of
5 examinations, training materials, or policies;
6 reassignment to a vacant position; time off to recover
7 from conditions related to childbirth; and leave
8 necessitated by pregnancy, childbirth, or medical or
9 common conditions resulting from pregnancy or childbirth.

10 For the purposes of this subdivision (J), "undue
11 hardship" means an action that is prohibitively expensive
12 or disruptive when considered in light of the following
13 factors: (i) the nature and cost of the accommodation
14 needed; (ii) the overall financial resources of the
15 facility or facilities involved in the provision of the
16 reasonable accommodation, the number of persons employed
17 at the facility, the effect on expenses and resources, or
18 the impact otherwise of the accommodation upon the
19 operation of the facility; (iii) the overall financial
20 resources of the employer, the overall size of the
21 business of the employer with respect to the number of its
22 employees, and the number, type, and location of its
23 facilities; and (iv) the type of operation or operations
24 of the employer, including the composition, structure, and
25 functions of the workforce of the employer, the geographic
26 separateness, administrative, or fiscal relationship of

1 the facility or facilities in question to the employer.
2 The employer has the burden of proving undue hardship. The
3 fact that the employer provides or would be required to
4 provide a similar accommodation to similarly situated
5 employees creates a rebuttable presumption that the
6 accommodation does not impose an undue hardship on the
7 employer.

8 No employer is required by this subdivision (J) to
9 create additional employment that the employer would not
10 otherwise have created, unless the employer does so or
11 would do so for other classes of employees who need
12 accommodation. The employer is not required to discharge
13 any employee, transfer any employee with more seniority,
14 or promote any employee who is not qualified to perform
15 the job, unless the employer does so or would do so to
16 accommodate other classes of employees who need it.

17 (K) Notice.

18 (1) For an employer to fail to post or keep posted
19 in a conspicuous location on the premises of the
20 employer where notices to employees are customarily
21 posted, or fail to include in any employee handbook
22 information concerning an employee's rights under this
23 Article, a notice, to be prepared or approved by the
24 Department, summarizing the requirements of this
25 Article and information pertaining to the filing of a
26 charge, including the right to be free from unlawful

1 discrimination, the right to be free from sexual
2 harassment, and the right to certain reasonable
3 accommodations. The Department shall make the
4 documents required under this paragraph available for
5 retrieval from the Department's website.

6 (2) Upon notification of a violation of paragraph
7 (1) of this subdivision (K), the Department may launch
8 a preliminary investigation. If the Department finds a
9 violation, the Department may issue a notice to show
10 cause giving the employer 30 days to correct the
11 violation. If the violation is not corrected, the
12 Department may initiate a charge of a civil rights
13 violation.

26 (E) Public employers. For any public employer to

1 refuse to permit a public employee under its jurisdiction
2 who takes time off from work in order to practice his or
3 her religious beliefs to engage in work, during hours
4 other than such employee's regular working hours,
5 consistent with the operational needs of the employer and
6 in order to compensate for work time lost for such
7 religious reasons. Any employee who elects such deferred
8 work shall be compensated at the wage rate which he or she
9 would have earned during the originally scheduled work
10 period. The employer may require that an employee who
11 plans to take time off from work in order to practice his
12 or her religious beliefs provide the employer with a
13 notice of his or her intention to be absent from work not
14 exceeding 5 days prior to the date of absence.

15 (E-5) Religious discrimination. For any employer to
16 impose upon a person as a condition of obtaining or
17 retaining employment, including opportunities for
18 promotion, advancement, or transfer, any terms or
19 conditions that would require such person to violate or
20 forgo a sincerely held practice of his or her religion
21 including, but not limited to, the wearing of any attire,
22 clothing, or facial hair in accordance with the
23 requirements of his or her religion, unless, after
24 engaging in a bona fide effort, the employer demonstrates
25 that it is unable to reasonably accommodate the employee's
26 or prospective employee's sincerely held religious belief,

1 practice, or observance without undue hardship on the
2 conduct of the employer's business.

3 Nothing in this Section prohibits an employer from
4 enacting a dress code or grooming policy that may include
5 restrictions on attire, clothing, or facial hair to
6 maintain workplace safety or food sanitation.

7 (F) Training and apprenticeship programs. For any
8 employer, employment agency or labor organization to
9 discriminate against a person on the basis of age in the
10 selection, referral for or conduct of apprenticeship or
11 training programs.

12 (G) Immigration-related practices.

13 (1) for an employer to request for purposes of
14 satisfying the requirements of Section 1324a(b) of
15 Title 8 of the United States Code, as now or hereafter
16 amended, more or different documents than are required
17 under such Section or to refuse to honor documents
18 tendered that on their face reasonably appear to be
19 genuine or to refuse to honor work authorization based
20 upon the specific status or term of status that
21 accompanies the authorization to work; or

22 (2) for an employer participating in the E-Verify
23 Program, as authorized by 8 U.S.C. 1324a, Notes, Pilot
24 Programs for Employment Eligibility Confirmation
25 (enacted by PL 104-208, div. C title IV, subtitle A) to
26 refuse to hire, to segregate, or to act with respect to

1 recruitment, hiring, promotion, renewal of employment,
2 selection for training or apprenticeship, discharge,
3 discipline, tenure or terms, privileges or conditions
4 of employment without following the procedures under
5 the E-Verify Program.

6 (H) (Blank).

7 (I) Pregnancy. For an employer to refuse to hire, to
8 segregate, or to act with respect to recruitment, hiring,
9 promotion, renewal of employment, selection for training
10 or apprenticeship, discharge, discipline, tenure or terms,
11 privileges or conditions of employment on the basis of
12 pregnancy, childbirth, or medical or common conditions
13 related to pregnancy or childbirth. Women affected by
14 pregnancy, childbirth, or medical or common conditions
15 related to pregnancy or childbirth shall be treated the
16 same for all employment-related purposes, including
17 receipt of benefits under fringe benefit programs, as
18 other persons not so affected but similar in their ability
19 or inability to work, regardless of the source of the
20 inability to work or employment classification or status.

21 (J) Pregnancy; reasonable accommodations.

22 (1) If after a job applicant or employee,
23 including a part-time, full-time, or probationary
24 employee, requests a reasonable accommodation, for an
25 employer to not make reasonable accommodations for any
26 medical or common condition of a job applicant or

1 employee related to pregnancy or childbirth, unless
2 the employer can demonstrate that the accommodation
3 would impose an undue hardship on the ordinary
4 operation of the business of the employer. The
5 employer may request documentation from the employee's
6 health care provider concerning the need for the
7 requested reasonable accommodation or accommodations
8 to the same extent documentation is requested for
9 conditions related to disability if the employer's
10 request for documentation is job-related and
11 consistent with business necessity. The employer may
12 require only the medical justification for the
13 requested accommodation or accommodations, a
14 description of the reasonable accommodation or
15 accommodations medically advisable, the date the
16 reasonable accommodation or accommodations became
17 medically advisable, and the probable duration of the
18 reasonable accommodation or accommodations. It is the
19 duty of the individual seeking a reasonable
20 accommodation or accommodations to submit to the
21 employer any documentation that is requested in
22 accordance with this paragraph. Notwithstanding the
23 provisions of this paragraph, the employer may require
24 documentation by the employee's health care provider
25 to determine compliance with other laws. The employee
26 and employer shall engage in a timely, good faith, and

1 meaningful exchange to determine effective reasonable
2 accommodations.

3 (2) For an employer to deny employment
4 opportunities or benefits to or take adverse action
5 against an otherwise qualified job applicant or
6 employee, including a part-time, full-time, or
7 probationary employee, if the denial or adverse action
8 is based on the need of the employer to make reasonable
9 accommodations to the known medical or common
10 conditions related to the pregnancy or childbirth of
11 the applicant or employee.

12 (3) For an employer to require a job applicant or
13 employee, including a part-time, full-time, or
14 probationary employee, affected by pregnancy,
15 childbirth, or medical or common conditions related to
16 pregnancy or childbirth to accept an accommodation
17 when the applicant or employee did not request an
18 accommodation and the applicant or employee chooses
19 not to accept the employer's accommodation.

20 (4) For an employer to require an employee,
21 including a part-time, full-time, or probationary
22 employee, to take leave under any leave law or policy
23 of the employer if another reasonable accommodation
24 can be provided to the known medical or common
25 conditions related to the pregnancy or childbirth of
26 an employee. No employer shall fail or refuse to

1 reinstate the employee affected by pregnancy,
2 childbirth, or medical or common conditions related to
3 pregnancy or childbirth to her original job or to an
4 equivalent position with equivalent pay and
5 accumulated seniority, retirement, fringe benefits,
6 and other applicable service credits upon her
7 signifying her intent to return or when her need for
8 reasonable accommodation ceases, unless the employer
9 can demonstrate that the accommodation would impose an
10 undue hardship on the ordinary operation of the
11 business of the employer.

12 For the purposes of this subdivision (J), "reasonable
13 accommodations" means reasonable modifications or
14 adjustments to the job application process or work
15 environment, or to the manner or circumstances under which
16 the position desired or held is customarily performed,
17 that enable an applicant or employee affected by
18 pregnancy, childbirth, or medical or common conditions
19 related to pregnancy or childbirth to be considered for
20 the position the applicant desires or to perform the
21 essential functions of that position, and may include, but
22 is not limited to: more frequent or longer bathroom
23 breaks, breaks for increased water intake, and breaks for
24 periodic rest; private non-bathroom space for expressing
25 breast milk and breastfeeding; seating; assistance with
26 manual labor; light duty; temporary transfer to a less

1 strenuous or hazardous position; the provision of an
2 accessible worksite; acquisition or modification of
3 equipment; job restructuring; a part-time or modified work
4 schedule; appropriate adjustment or modifications of
5 examinations, training materials, or policies;
6 reassignment to a vacant position; time off to recover
7 from conditions related to childbirth; and leave
8 necessitated by pregnancy, childbirth, or medical or
9 common conditions resulting from pregnancy or childbirth.

10 For the purposes of this subdivision (J), "undue
11 hardship" means an action that is prohibitively expensive
12 or disruptive when considered in light of the following
13 factors: (i) the nature and cost of the accommodation
14 needed; (ii) the overall financial resources of the
15 facility or facilities involved in the provision of the
16 reasonable accommodation, the number of persons employed
17 at the facility, the effect on expenses and resources, or
18 the impact otherwise of the accommodation upon the
19 operation of the facility; (iii) the overall financial
20 resources of the employer, the overall size of the
21 business of the employer with respect to the number of its
22 employees, and the number, type, and location of its
23 facilities; and (iv) the type of operation or operations
24 of the employer, including the composition, structure, and
25 functions of the workforce of the employer, the geographic
26 separateness, administrative, or fiscal relationship of

1 the facility or facilities in question to the employer.
2 The employer has the burden of proving undue hardship. The
3 fact that the employer provides or would be required to
4 provide a similar accommodation to similarly situated
5 employees creates a rebuttable presumption that the
6 accommodation does not impose an undue hardship on the
7 employer.

8 No employer is required by this subdivision (J) to
9 create additional employment that the employer would not
10 otherwise have created, unless the employer does so or
11 would do so for other classes of employees who need
12 accommodation. The employer is not required to discharge
13 any employee, transfer any employee with more seniority,
14 or promote any employee who is not qualified to perform
15 the job, unless the employer does so or would do so to
16 accommodate other classes of employees who need it.

17 (K) Notice.

18 (1) For an employer to fail to post or keep posted
19 in a conspicuous location on the premises of the
20 employer where notices to employees are customarily
21 posted, or fail to include in any employee handbook
22 information concerning an employee's rights under this
23 Article, a notice, to be prepared or approved by the
24 Department, summarizing the requirements of this
25 Article and information pertaining to the filing of a
26 charge, including the right to be free from unlawful

1 discrimination, the right to be free from sexual
2 harassment, and the right to certain reasonable
3 accommodations. The Department shall make the
4 documents required under this paragraph available for
5 retrieval from the Department's website.

6 (2) Upon notification of a violation of paragraph
7 (1) of this subdivision (K), the Department may launch
8 a preliminary investigation. If the Department finds a
9 violation, the Department may issue a notice to show
10 cause giving the employer 30 days to correct the
11 violation. If the violation is not corrected, the
12 Department may initiate a charge of a civil rights
13 violation.

14 (L) Use of artificial intelligence.

15 (1) With respect to recruitment, hiring,
16 promotion, renewal of employment, selection for
17 training or apprenticeship, discharge, discipline,
18 tenure, or the terms, privileges, or conditions of
19 employment, for an employer to use artificial
20 intelligence that has the effect of subjecting
21 employees to discrimination on the basis of protected
22 classes under this Article or to use zip codes as a
23 proxy for protected classes under this Article.

24 (2) For an employer to fail to provide notice to an
25 employee that the employer is using artificial
26 intelligence for the purposes described in paragraph

1 (1).

2 The Department shall adopt any rules necessary for the
3 implementation and enforcement of this subdivision,
4 including, but not limited to, rules on the circumstances
5 and conditions that require notice, the time period for
6 providing notice, and the means for providing notice.

13 Act pursuant to subsection (A-10) or (D-5) of Section

15 in which there was a finding of sexual harassment or
16 unlawful discrimination brought under this Act, Title VII
17 of the Civil Rights Act of 1964, or any other federal,
18 State, or local law prohibiting sexual harassment or
19 unlawful discrimination.

20 (B) Required disclosures. Beginning July 1, 2020, and by

25 information:

2 the employer responding to the charge to submit the total
3 number of settlements entered into during the preceding 5
4 years, or less at the direction of the Department, that relate
5 to any alleged act of sexual harassment or unlawful
6 discrimination that:

7 (1) occurred in the workplace of the employer; or

8 (2) involved the behavior of an employee of the
9 employer or a corporate executive of the employer, without
10 regard to whether that behavior occurred in the workplace
11 of the employer.

12 The total number of settlements entered into during the
13 requested period shall be reported along with how many
14 settlements are in each of the following categories, when
15 requested by the Department pursuant to this subsection:

16 (a) sexual harassment;

17 (b) discrimination or harassment on the basis of sex;

10 the name of a victim of an act of alleged sexual harassment or
11 unlawful discrimination in any disclosures required under this
12 Section.

25 (F) Failure to report and penalties. If an employer fails
26 to make any disclosures required under this Section, the

1 Department shall issue a notice to show cause giving the
2 employer 30 days to disclose the required information. If the
3 employer does not make the required disclosures within 30
4 days, the Department shall petition the Illinois Human Rights

5 provision of mental health services to veterans and first

9 occurs, file a complaint with the Department requesting a
10 review of the alleged violation. A copy of the complaint
11 shall be sent to the person who allegedly committed the
12 violation, who shall be the respondent. Upon receipt of a
13 complaint, the Director shall cause such investigation to
14 be made as he or she deems appropriate. The investigation
15 shall provide an opportunity for a public hearing at the
16 request of any party to the review to enable the parties to
17 present information relating to the alleged violation
18 ~~allegation~~. The parties shall be given written notice of
19 the time and place of the hearing at least 7 days before
20 the hearing. Upon receiving the report of the
21 investigation, the Director shall make findings of fact.
22 If the Director finds that a violation did occur, he or she
23 shall issue a decision incorporating his or her findings
24 and requiring the party committing the violation to take
25 such affirmative action to abate the violation as the
26 Director deems appropriate, including:

8 promotion, and reasonable accommodations; and

9 (C) reasonable attorney's fees, reasonable expert
10 witness fees, and other costs of the action to be paid
11 by the respondent to a prevailing employee.

12 If the Director finds that there was no violation, he

14 order issued by the Director under this Section shall be
15 final and subject to judicial review under the
16 Administrative Review Law.

17 (2) The Director shall adopt rules necessary to
18 administer and enforce this Act in accordance with the

20 have the powers and the parties shall have the rights
21 provided in the Illinois Administrative Procedure Act for
22 contested cases, including, but not limited to, provisions
23 for depositions, subpoena power and procedures, and
24 discovery and protective order procedures.

25 (3) Intervention. The Attorney General of Illinois may
26 intervene on behalf of the Department if the Department

3 is authorized to be granted to an employee who has filed a
4 complaint or whose representative has filed a complaint
5 under this Section.

6 (b) Refusal to pay damages. Any employer who has been
7 ordered by the Director of Labor or the court to pay damages
8 under this Section and who fails to do so within 30 days after

13 Section 1220. The Paid Leave for All Workers Act is
14 amended by changing Section 15 as follows:

15 (820 ILCS 192/15)

16 Sec. 15. Provision of paid leave.

17 (a) An employee who works in Illinois is entitled to earn
18 and use up to a minimum of 40 hours of paid leave during a
19 12-month period or a pro rata number of hours of paid leave
20 under the provisions of subsection (b). The paid leave may be
21 used by the employee for any purpose as long as the paid leave
22 is taken in accordance with the provisions of this Act.

23 (b) Paid leave under this Act shall accrue at the rate of
24 one hour of paid leave for every 40 hours worked up to a

1 minimum of 40 hours of paid leave or such greater amount if the
2 employer provides more than 40 hours. Employees who are exempt
3 from the overtime requirements of the federal Fair Labor
4 Standards Act (29 U.S.C. 213(a)(1)) shall be deemed to work 40
5 hours in each workweek for purposes of paid leave accrual
6 unless their regular workweek is less than 40 hours, in which
7 case paid leave accrues based on that regular workweek.
8 Employees shall determine how much paid leave they need to
9 use; ~~if~~ however, ~~the~~ employers may set a reasonable minimum
10 increment for the use of paid leave not to exceed 2 hours per
11 day. If an employee's scheduled workday is less than 2 hours
12 per day, the employee's scheduled workday shall be used to
13 determine the amount of paid leave.

14 (c) An employer may make available the minimum number of
15 hours of paid leave, subject to pro rata requirements provided
16 in subsection (b), to an employee on the first day of
17 employment or the first day of the 12-month period. Employers
18 that provide the minimum number of hours of paid leave to an
19 employee on the first day of employment or the first day of the
20 12-month period are not required to carry over ~~carryover~~ paid
21 leave from 12-month period to 12-month period and may require
22 employees to use all paid leave prior to the end of the benefit
23 period or forfeit the unused paid leave. However, under no
24 circumstances shall an employee be credited with paid leave
25 that is less than what the employee would have accrued under
26 subsections (a) and (g) of this Section.

1 (d) The 12-month period may be any consecutive 12-month
2 period designated by the employer in writing at the time of
3 hire. Changes to the 12-month period may be made by the
4 employer if notice is given to employees in writing prior to
5 the change and the change does not reduce the eligible accrual
6 rate and paid leave available to the employee. If the employer
7 changes the designated 12-month period, the employer shall
8 provide the employee with documentation of the balance of
9 hours worked, paid leave accrued and taken, and the remaining
10 paid leave balance.

11 (e) Paid leave under this Act may be taken by an employee
12 for any reason of the employee's choosing. An employee is not
13 required to provide an employer a reason for the leave and may
14 not be required to provide documentation or certification as
15 proof or in support of the leave. An employee may choose
16 whether to use paid leave provided under this Act prior to
17 using any other leave provided by the employer or State law.

18 (f) Employees shall be paid their hourly rate of pay for
19 paid leave. However, employees engaged in an occupation in
20 which gratuities or commissions have customarily and usually
21 constituted and have been recognized as part of the
22 remuneration for hire purposes shall be paid by their employer
23 at least the full minimum wage in the jurisdiction in which
24 they are employed when paid leave is taken. This wage shall be
25 treated as the employee's regular rate of pay for purposes of
26 this Act.

1 (g) Paid leave under this Act shall begin to accrue at the
2 commencement of employment or on the effective date of this
3 Act, whichever is later. Employees shall be entitled to begin
4 using paid leave 90 days following commencement of their
5 employment or 90 days following the effective date of this
6 Act, whichever is later.

7 (h) Paid leave under this Act shall be provided upon the
8 oral or written request of an employee in accordance with the
9 employer's reasonable paid leave policy notification
10 requirements which may include the following:

11 (1) If use of paid leave under this Act is
12 foreseeable, the employer may require the employee to
13 provide 7 calendar days' notice before the date the leave
14 is to begin.

15 (2) If paid leave under this Act is not foreseeable,
16 the employee shall provide such notice as soon as is
17 practicable after the employee is aware of the necessity
18 of the leave. An employer that requires notice of paid
19 leave under this Act when the leave is not foreseeable
20 shall provide a written policy that contains procedures
21 for the employee to provide notice.

22 (3) Employers shall provide employees with written
23 notice of the paid leave policy notification requirements
24 in this Section in the manner provided in Section 20 for
25 notice and posting and within 5 calendar days of any
26 change to the employer's reasonable paid leave policy

1 notification requirements.

2 (4) An employer may not require, as a condition of
3 providing paid leave under this Act, that the employee
4 search for or find a replacement worker to cover the hours
5 during which the employee takes paid leave.

6 (i) Except as provided in subsection (c), paid leave under
7 this Act shall carry over annually to the extent not used by
8 the employee, provided that nothing in this Act shall be
9 construed to require an employer to provide more than 40 hours
10 of paid leave for an employee in the 12-month period unless the
11 employer agrees to do so.

12 (j) Nothing in this Section or any other Illinois law or
13 rule shall be construed as requiring financial or other
14 payment to an employee from an employer upon the employee's
15 termination, resignation, retirement, or other separation from
16 employment for paid leave accrued under this Act that has not
17 been used. Nothing in this Section or any other Illinois law or
18 rule shall be construed as requiring financial or other
19 reimbursements to an employee from an employer for unused paid
20 leave under this Act at the end of the benefit year or any
21 other time.

22 (k) If an employee is transferred to a separate division,
23 entity, or location, but remains employed by the same
24 employer, the employee is entitled to all paid leave accrued
25 at the prior division, entity, or location and is entitled to
26 use all paid leave as provided in this Section. If there is a

1 separation from employment and the employee is rehired within
2 12 months of separation by the same employer, previously
3 accrued paid leave that had not been used by the employee shall
4 be reinstated. The employee shall be entitled to use accrued
5 paid leave at the commencement of employment following a
6 separation from employment of 12 months or less.

7 (1) Paid leave under this Act shall not be charged or
8 otherwise credited to an employee's paid time off bank or
9 employee account unless the employer's policy permits such a
10 credit. If the paid leave under this Act is credited to an
11 employee's paid time off bank or employee vacation account
12 then any unused paid leave shall be paid to the employee upon
13 the employee's termination, resignation, retirement, or other
14 separation to the same extent as vacation time under existing
15 Illinois law or rule. Nothing in this Act shall be construed to
16 waive or otherwise limit an employee's right to final
17 compensation for promised and earned, but unpaid vacation time
18 or paid time off, as provided under the Illinois Wage Payment
19 and Collection Act and rules. Employers shall provide
20 employees with written notice of changes to the employer's
21 vacation time, paid time off, or other paid leave policies
22 that affect an employee's right to final compensation for such
23 leave.

24 (m) During any period an employee takes leave under this
25 Act, the employer shall maintain coverage for the employee and
26 any family member under any group health plan for the duration

1 of such leave at no less than the level and conditions of
2 coverage that would have been provided if the employee had not
3 taken the leave. The employer shall notify the employee that
4 the employee is still responsible for paying the employee's
5 share of the cost of the health care coverage, if any.

6 (n) Nothing in this Act shall be deemed to interfere with,
7 impede, or in any way diminish the right of employees to
8 bargain collectively with their employers through
9 representatives of their own choosing in order to establish
10 wages or other conditions of work in excess of the applicable
11 minimum standards established in this Act. The paid leave
12 requirements of this Act may be waived in a bona fide
13 collective bargaining agreement, but only if the waiver is set
14 forth explicitly in such agreement in clear and unambiguous
15 terms.

16 Nothing in this Act shall be deemed to affect the validity
17 or change the terms of bona fide collective bargaining
18 agreements in effect on January 1, 2024. After that date,
19 requirements of this Act may be waived in a bona fide
20 collective bargaining agreement, but only if the waiver is set
21 forth explicitly in such agreement in clear and unambiguous
22 terms.

23 In no event shall this Act apply to any employee working in
24 the construction industry who is covered by a bona fide
25 collective bargaining agreement, nor shall this Act apply to
26 any employee who is covered by a bona fide collective

1 bargaining agreement with an employer that provides services
2 nationally and internationally of delivery, pickup, and
3 transportation of parcels, documents, and freight.

4 Notwithstanding the provisions of this subsection, nothing
5 in this Act shall be deemed to affect the validity or change
6 the terms of a bona fide collective bargaining agreement
7 applying to an employee who is employed by a State agency that
8 is in effect on July 1, 2024. After that date, requirements of
9 this Act may be waived in a bona fide collective bargaining
10 agreement, but only if the waiver is set forth explicitly in
11 such agreement in clear and unambiguous terms. As used in this
12 subsection, "State agency" has the same meaning as set forth
13 in Section 4 of the Forms Notice Act.

14 (o) An agreement by an employee to waive his or her rights
15 under this Act is void as against public policy.

16 (p) The provisions of this Act shall not apply to any
17 employer that is covered by a municipal or county ordinance
18 that is in effect on the effective date of this Act that
19 requires employers to give any form of paid leave to their
20 employees, including paid sick leave or paid leave.
21 Notwithstanding the provisions of this subsection, any
22 employer that is not required to provide paid leave to its
23 employees, including paid sick leave or paid leave, under a
24 municipal or county ordinance that is in effect on the
25 effective date of this Act shall be subject to the provisions
26 of this Act if the employer would be required to provide paid

1 leave under this Act to its employees.

2 Any local ordinance that provides paid leave, including
3 paid sick leave or paid leave, enacted or amended after the
4 effective date of this Act must comply with the requirements
5 of this Act or provide benefits, rights, and remedies that are
6 greater than or equal to the benefits, rights, and remedies
7 afforded under this Act.

8 An employer in a municipality or county that enacts or
9 amends a local ordinance that provides paid leave, including
10 paid sick leave or paid leave, after the effective date of this
11 Act shall only comply with the local ordinance or ordinances
12 so long as the benefits, rights, and remedies are greater than
13 or equal to the benefits, rights, and remedies afforded under
14 this Act.

17 Section 1225. The Child Labor Law of 2024 is amended by
18 changing Sections 35 and 55 as follows:

19 (820 ILCS 206/35)

20 Sec. 35. Employer requirements.

21 (a) It shall be unlawful for any person to employ, allow,
22 or permit any minor to work unless the minor obtains an
23 employment certificate authorizing the minor to work for that
24 person. Any person seeking to employ, allow, or permit any

1 minor to work shall provide that minor with a notice of
2 intention to employ to be submitted by the minor to the minor's
3 school issuing officer with the minor's application for an
4 employment certificate.

5 (b) Every employer of one or more minors shall maintain,
6 on the premises where the work is being done, records that
7 include the name, date of birth, and place of residence of
8 every minor who works for that employer, notice of intention
9 to employ the minor, and the minor's employment certificate.
10 Authorized officers and employees of the Department, truant
11 officers, and other school officials charged with the
12 enforcement of school attendance requirements described in
13 Section 26-1 of the School Code may inspect the records
14 without notice at any time.

15 (c) Every employer of minors shall ensure that all minors
16 are supervised by an adult 21 years of age or older, on site,
17 at all times while the minor is working.

18 (d) No person shall employ, allow, or permit any minor to
19 work for more than 5 hours continuously without an interval of
20 at least 30 minutes for a meal period. No period of less than
21 30 minutes shall be deemed to interrupt a continuous period of
22 work.

23 (e) Every employer who employs one or more minors shall
24 post in a conspicuous place where minors are employed,
25 allowed, or permitted to work, a notice summarizing the
26 requirements of this Act, including a list of the occupations

1 prohibited to minors and the Department's toll free telephone
2 number described in Section 85. An employer with employees who
3 do not regularly report to a physical workplace, such as
4 employees who work remotely or travel for work, shall also
5 provide the summary and notice by email to its employees or
6 conspicuous posting on the employer's website or intranet
7 site, if the site is regularly used by the employer to
8 communicate work-related information to employees and is able
9 to be regularly accessed by all employees, freely and without
10 interference. The notice shall be furnished by the Department.

11 (f) Every employer, during the period of employment of a
12 minor and for 3 years thereafter, shall keep on file, at the
13 place of employment, a copy of the employment certificate
14 issued for the minor. An employment certificate shall be valid
15 only for the employer for whom it was issued and a new
16 certificate shall not be issued for the employment of a minor
17 except on the presentation of a new statement of intention to
18 employ the minor. The failure of any employer to produce for
19 inspection the employment certificate for each minor in the
20 employer's establishment shall be a violation of this Act. The
21 Department may specify any other record keeping requirements
22 by rule.

23 (g) In the event of the work-related death of a minor
24 engaged in work subject to this Act, the employer shall,
25 within 24 hours, report the death to the Department and to the
26 school official who issued the minor's work certificate for

1 that employer. In the event of a work-related injury or
2 illness of a minor that requires the employer to file a report
3 with the Illinois Workers' Compensation Commission under
4 Section 6 of the Workers' Compensation Act or Section 6 of the
5 Workers' Occupational Diseases Act, the employer shall submit
6 a copy of the report to the Department and to the school
7 official who issued the minor's work certificate for that
8 employer within 72 hours of the deadline by which the employer
9 must file the report to the Illinois Workers' Compensation
10 Commission. The report shall be subject to the confidentiality
11 provisions of Section 6 of the Workers' Compensation Act or
12 Section 6 of the Workers' Occupational Diseases Act.

14 (820 ILCS 206/55)

15 Sec. 55. Employment certificates.

16 (a) Any employer who employs, allows, or permits a minor
17 to work shall ensure that the minor holds a valid employment
18 certificate issued by a school issuing officer.

19 (b) An application for an employment certificate must be
20 submitted by the minor and the minor's parent or legal
21 guardian to the minor's school issuing officer as follows.

22 (1) The application shall be signed by the applicant's
23 parent or legal guardian.

24 (2) The application shall be submitted in person by
25 the minor desiring employment, unless the school issuing

1 officer determines that the minor may utilize a remote
2 application process.

3 (3) The minor shall be accompanied by his or her
4 parent, guardian, or custodian, whether applying in person
5 or remotely.

6 (4) The following papers shall be submitted with the
7 application:

8 (A) A statement of intention to employ signed by
9 the prospective employer, or by someone duly
10 authorized by the prospective employer, setting forth
11 the specific nature of the occupation in which the
12 prospective employer intends to employ the minor and
13 the exact hours of the day and number of hours per day
14 and days per week during which the minor shall be
15 employed.

16 (B) Evidence of age showing that the minor is of
17 the age required by this Act, which evidence shall be
18 documentary, and shall be required in the order
19 designated, as follows:

20 (i) a birth certificate; or

21 (ii) if a birth certificate is unavailable,
22 the parent or legal guardian may present other
23 reliable proof of the minor's identity and age
24 that is supported by a sworn statement explaining
25 why the birth certificate is not available. Other
26 reliable proof of the minor's identity and age

1 includes a passport, visa, or other governmental
2 documentation of the minor's identity. If the
3 student was not born in the United States, the
4 school issuing officer must accept birth
5 certificates or other reliable proof from a
6 foreign government.

7 (C) A statement on a form approved by the
8 Department and signed by the school issuing officer,
9 showing the minor's name, address, grade last
10 completed, the hours the minor's school is in session,
11 and other relevant information, as determined by the
12 school issuing officer, about the minor's school
13 schedule, and the names of the minor's parent or legal
14 guardian. If any of the information required to be on
15 the work permit changes, the issuing officer must
16 update the work permit and provide an updated copy to
17 the Department, the minor's employer, and the minor's
18 parent or legal guardian. If the minor does not have a
19 permanent home address or is otherwise eligible for
20 services under the federal McKinney-Vento Homeless
21 Assistance Act, the lack of a birth certificate or
22 permanent home address alone shall not be a barrier to
23 receiving an employment certificate.

24 (D) A statement of physical fitness signed by a
25 health care professional who has examined the minor,
26 certifying that the minor is physically fit to be

1 employed in all legal occupations or to be employed in
2 legal occupations under limitations specified, or, at
3 the discretion of the school issuing officer, the
4 minor's most recent school physical. If the statement
5 of physical fitness is limited, the employment
6 certificate issued thereon shall state clearly the
7 limitations upon its use, and shall be valid only when
8 used under the limitations so stated. In any case
9 where the health care professional deems it advisable
10 that he or she may issue a certificate of physical
11 fitness for a specified period of time, at the
12 expiration of which the person for whom it was issued
13 shall appear and be re-examined before being permitted
14 to continue work. Examinations shall be made in
15 accordance with the standards and procedures
16 prescribed by the Director, in consultation with the
17 Director of the Department of Public Health and the
18 State Superintendent of Education, and shall be
19 recorded on a form furnished by the Department. When
20 made by public health or public school physicians, the
21 examination shall be made without charge to the minor.
22 If a public health or public school health care
23 professional is not available, a statement from a
24 private health care professional who has examined the
25 minor may be accepted, provided that the examination
26 is made in accordance with the standards and

1 procedures established by the Department. For purposes
2 of this paragraph, "health care professional" means a
3 physician licensed to practice medicine in all its
4 branches, a licensed advanced practice registered
5 nurse, or a licensed physician assistant.

6 (5) The school issuing officer shall have authority to
7 verify the representations provided in the employment
8 certificate application as required by Section 55. A
9 school issuing officer shall not charge a fee for the
10 consideration of an employment certificate application.

11 (6) It shall be the duty of the school board or local
12 school authority to designate a place or places where
13 certificates shall be issued and recorded, and physical
14 examinations made without fee, and to establish and
15 maintain the necessary records and clerical services for
16 carrying out the provisions of this Act.

17 (c) Upon receipt of an application for an employment
18 certificate, a school issuing officer shall issue an
19 employment certificate only after examining and approving the
20 written application and other papers required under this
21 Section, and determining that the employment shall not be
22 detrimental to the minor's health, welfare, and education. The
23 school issuing officer shall consider any report of death,
24 injury, or illness of a minor at that workplace, received
25 under the requirements of Section 35, in the prior 2 years in
26 determining whether the employment shall be detrimental to the

1 minor's health, welfare, and education. Upon issuing an
2 employment certificate to a minor, the school issuing officer
3 shall notify the principal of the school attended by the
4 minor, and provide copies to the Department, the minor's
5 employer, and the minor's parent or legal guardian. The
6 employment certificate shall be valid for a period of one year
7 from the date of issuance, unless suspended or revoked.

8 (d) If the school issuing officer refuses to issue a
9 certificate to a minor, the school issuing officer shall send
10 to the principal of the school attended by the minor a notice
11 of the refusal, including the name and address of the minor and
12 of the minor's parent or legal guardian, and the reason for the
13 refusal to issue the certificate.

14 (e) If a minor from another state seeks to obtain an
15 Illinois employment certificate, the Department shall work
16 with the State Superintendent of Education, or his or her duly
17 authorized agents, to issue the certificate if the State
18 Superintendent of Education deems that all requirements for
19 issuance have been met.

20 (f) Upon request, the school issuing officer shall issue a
21 certificate of age to any person between 16 and 20 years of age
22 upon presentation of the same proof of age as is required for
23 the issuance of employment certificates under this Act.

24 (g) Any certificate duly issued in accordance with this
25 Act shall be prima facie evidence of the age of the minor for
26 whom it was issued in any proceeding involving the employment

1 of the minor under this Act, as to any act occurring subsequent
2 to its issuance, or until revoked.

3 (h) The Department may suspend any certificate as an
4 emergency action imperatively required for the health, safety,
5 welfare, or education of the minor if:

6 (1) the parent or legal guardian of a minor, the
7 school issuing officer, or the principal of the school
8 attended by the minor for whom an employment certificate
9 has been issued has asked for the revocation of the
10 certificate by petition to the Department in writing,
11 stating the reasons he or she believes that the employment
12 is interfering with the health, safety, welfare, or
13 education of the minor; or

14 (2) in the judgment of the Director, the employment
15 certificate was improperly issued or if the minor is
16 illegally employed.

17 If the certificate is suspended, the Department shall
18 notify the employer of the minor, the parent or guardian of the
19 minor, the minor's school principal, and the school issuing
20 officer of the suspension in writing and shall schedule an
21 administrative hearing to take place within 21 days after the
22 date of any suspension. The minor shall not thereafter be
23 employed, allowed, or permitted to work unless and until his
24 or her employment certificate has been reinstated. After the
25 hearing, an administrative law judge shall issue a final order
26 either reinstating or revoking the employment certificate. If

1 the certificate is revoked, the employer shall not thereafter
2 employ, permit, or allow the minor to work until the minor has
3 obtained a new employment certificate authorizing the minor's
4 employment by that employer.

6 Section 1230. The Underground Sewer Employee Safety Act is
7 amended by changing Section 0.05 as follows:

8 (820 ILCS 250/0.05)

9 Sec. 0.05. Federal regulations; operation of Act.

10 (a) Except as provided in subsection (b), Sections 1
11 through 6 of this Act are inoperative on and after June 10,

18 the Director of Labor shall adopt a rule setting forth a
19 determination that this Act should be reviewed and reinstated,
20 in whole or in part, in order to protect the health and safety
21 of Illinois' workers. On the date such a rule is adopted, this
22 Act shall again become operative.

1 Section 1235. The Workers' Compensation Act is amended by
2 changing Section 7 as follows:

3 (820 ILCS 305/7)

4 Sec. 7. The amount of compensation which shall be paid for
5 an accidental injury to the employee resulting in death is:

6 (a) If the employee leaves surviving a widow, widower,
7 child or children, the applicable weekly compensation rate
8 computed in accordance with subparagraph 2 of paragraph (b) of
9 Section 8, shall be payable during the life of the widow or
10 widower and if any surviving child or children shall not be
11 physically or mentally incapacitated then until the death of
12 the widow or widower or until the youngest child shall reach
13 the age of 18, whichever shall come later; provided that if
14 such child or children shall be enrolled as a full-time ~~full~~
15 ~~time~~ student in any accredited educational institution, the
16 payments shall continue until such child has attained the age
17 of 25. In the event any surviving child or children shall be
18 physically or mentally incapacitated, the payments shall
19 continue for the duration of such incapacity.

20 The term "child" means a child whom the deceased employee
21 left surviving, including a posthumous child, a child legally
22 adopted, a child whom the deceased employee was legally
23 obligated to support or a child to whom the deceased employee
24 stood in loco parentis. The term "children" means the plural
25 of "child".

1 The term "physically or mentally incapacitated child or
2 children" means a child or children incapable of engaging in
3 regular and substantial gainful employment.

4 In the event of the remarriage of a widow or widower, where
5 the decedent did not leave surviving any child or children
6 who, at the time of such remarriage, are entitled to
7 compensation benefits under this Act, the surviving spouse
8 shall be paid a lump sum equal to 2 years compensation benefits
9 and all further rights of such widow or widower shall be
10 extinguished.

11 If the employee leaves surviving any child or children
12 under 18 years of age who at the time of death shall be
13 entitled to compensation under this paragraph (a) of this
14 Section, the weekly compensation payments herein provided for
15 such child or children shall in any event continue for a period
16 of not less than 6 years.

17 Any beneficiary entitled to compensation under this
18 paragraph (a) of this Section shall receive from the special
19 fund provided in paragraph (f) of this Section, in addition to
20 the compensation herein provided, supplemental benefits in
21 accordance with paragraph (g) of Section 8.

22 (b) If no compensation is payable under paragraph (a) of
23 this Section and the employee leaves surviving a parent or
24 parents who at the time of the accident were totally dependent
25 upon the earnings of the employee then weekly payments equal
26 to the compensation rate payable in the case where the

1 employee leaves surviving a widow or widower, shall be paid to
2 such parent or parents for the duration of their lives, and in
3 the event of the death of either, for the life of the survivor.

4 (c) If no compensation is payable under paragraph
5 ~~paragraphs~~ (a) or (b) of this Section and the employee leaves
6 surviving any child or children who are not entitled to
7 compensation under the foregoing paragraph (a) but who at the
8 time of the accident were nevertheless in any manner dependent
9 upon the earnings of the employee, or leaves surviving a
10 parent or parents who at the time of the accident were
11 partially dependent upon the earnings of the employee, then
12 there shall be paid to such dependent or dependents for a
13 period of 8 years weekly compensation payments at such
14 proportion of the applicable rate if the employee had left
15 surviving a widow or widower as such dependency bears to total
16 dependency. In the event of the death of any such beneficiary
17 the share of such beneficiary shall be divided equally among
18 the surviving beneficiaries and in the event of the death of
19 the last such beneficiary all the rights under this paragraph
20 shall be extinguished.

21 (d) If no compensation is payable under paragraph
22 ~~paragraphs~~ (a), (b), or (c) of this Section and the employee
23 leaves surviving any grandparent, grandparents, grandchild or
24 grandchildren or collateral heirs dependent upon the
25 employee's earnings to the extent of 50% or more of total
26 dependency, then there shall be paid to such dependent or

1 dependents for a period of 5 years weekly compensation
2 payments at such proportion of the applicable rate if the
3 employee had left surviving a widow or widower as such
4 dependency bears to total dependency. In the event of the
5 death of any such beneficiary the share of such beneficiary
6 shall be divided equally among the surviving beneficiaries and
7 in the event of the death of the last such beneficiary all
8 rights hereunder shall be extinguished.

9 (e) The compensation to be paid for accidental injury
10 which results in death, as provided in this Section, shall be
11 paid to the persons who form the basis for determining the
12 amount of compensation to be paid by the employer, the
13 respective shares to be in the proportion of their respective
14 dependency at the time of the accident on the earnings of the
15 deceased. The Commission or an Arbitrator thereof may, in its
16 or his discretion, order or award the payment to the parent or
17 grandparent of a child for the latter's support the amount of
18 compensation which but for such order or award would have been
19 paid to such child as its share of the compensation payable,
20 which order or award may be modified from time to time by the
21 Commission in its discretion with respect to the person to
22 whom shall be paid the amount of the order or award remaining
23 unpaid at the time of the modification.

24 The payments of compensation by the employer in accordance
25 with the order or award of the Commission discharges such
26 employer from all further obligation as to such compensation.

1 (f) The sum of \$8,000 for burial expenses shall be paid by
2 the employer to the widow or widower, other dependent, next of
3 kin or to the person or persons incurring the expense of
4 burial.

5 In the event the employer failed to provide necessary
6 first aid, medical, surgical or hospital service, he shall pay
7 the cost thereof to the person or persons entitled to
8 compensation under paragraphs (a), (b), (c), or (d) of this
9 Section, or to the person or persons incurring the obligation
10 therefore, or providing the same.

11 On January 15 and July 15, 1981, and on January 15 and July
12 15 of each year thereafter the employer shall within 60 days
13 pay a sum equal to 1/8 of 1% of all compensation payments made
14 by him after July 1, 1980, either under this Act or the
15 Workers' Occupational Diseases Act, whether by lump sum
16 settlement or weekly compensation payments, but not including
17 hospital, surgical or rehabilitation payments, made during the
18 first 6 months and during the second 6 months respectively of
19 the fiscal year next preceding the date of the payments, into a
20 special fund which shall be designated the "Second Injury
21 Fund", of which the State Treasurer is ex officio ~~ex-officio~~
22 custodian, such special fund to be held and disbursed for the
23 purposes hereinafter stated in paragraphs (f) and (g) of
24 Section 8, either upon the order of the Commission or of a
25 competent court. Said special fund shall be deposited the same
26 as are State funds and any interest accruing thereon shall be

1 added thereto every 6 months. It is subject to audit the same
2 as State funds and accounts and is protected by the General
3 bond given by the State Treasurer. It is considered always
4 appropriated for the purposes of disbursements as provided in
5 paragraph (f) of Section 8, ~~paragraph (f)~~, of this Act, and
6 shall be paid out and disbursed as therein provided and shall
7 not at any time be appropriated or diverted to any other use or
8 purpose.

9 On January 15, 1991, the employer shall further pay a sum
10 equal to one half of 1% of all compensation payments made by
11 him from January 1, 1990 through June 30, 1990 either under
12 this Act or under the Workers' Occupational Diseases Act,
13 whether by lump sum settlement or weekly compensation
14 payments, but not including hospital, surgical or
15 rehabilitation payments, into an additional Special Fund which
16 shall be designated as the "Rate Adjustment Fund". On March
17 15, 1991, the employer shall pay into the Rate Adjustment Fund
18 a sum equal to one half of 1% of all such compensation payments
19 made from July 1, 1990 through December 31, 1990. Within 60
20 days after July 15, 1991, the employer shall pay into the Rate
21 Adjustment Fund a sum equal to one half of 1% of all such
22 compensation payments made from January 1, 1991 through June
23 30, 1991. Within 60 days after January 15 of 1992 and each
24 subsequent year through 1996, the employer shall pay into the
25 Rate Adjustment Fund a sum equal to one half of 1% of all such
26 compensation payments made in the last 6 months of the

1 preceding calendar year. Within 60 days after July 15 of 1992
2 and each subsequent year through 1995, the employer shall pay
3 into the Rate Adjustment Fund a sum equal to one half of 1% of
4 all such compensation payments made in the first 6 months of
5 the same calendar year. Within 60 days after January 15 of 1997
6 and each subsequent year through 2005, the employer shall pay
7 into the Rate Adjustment Fund a sum equal to three-fourths of
8 1% of all such compensation payments made in the last 6 months
9 of the preceding calendar year. Within 60 days after July 15 of
10 1996 and each subsequent year through 2004, the employer shall
11 pay into the Rate Adjustment Fund a sum equal to three-fourths
12 of 1% of all such compensation payments made in the first 6
13 months of the same calendar year. Within 60 days after July 15
14 of 2005, the employer shall pay into the Rate Adjustment Fund a
15 sum equal to 1% of such compensation payments made in the first
16 6 months of the same calendar year. Within 60 days after
17 January 15 of 2006 and each subsequent year through 2024, the
18 employer shall pay into the Rate Adjustment Fund a sum equal to
19 1.25% of such compensation payments made in the last 6 months
20 of the preceding calendar year. Within 60 days after July 15 of
21 2006 and each subsequent year through 2023, the employer shall
22 pay into the Rate Adjustment Fund a sum equal to 1.25% of such
23 compensation payments made in the first 6 months of the same
24 calendar year. Within 60 days after July 15 of 2024 and each
25 subsequent year thereafter, the employer shall pay into the
26 Rate Adjustment Fund a sum equal to 1.375% of such

1 compensation payments made in the first 6 months of the same
2 calendar year. Within 60 days after January 15 of 2025 and each
3 subsequent year thereafter, the employer shall pay into the
4 Rate Adjustment Fund a sum equal to 1.375% of such
5 compensation payments made in the last 6 months of the
6 preceding calendar year. The administrative costs of
7 collecting assessments from employers for the Rate Adjustment
8 Fund shall be paid from the Rate Adjustment Fund. The cost of
9 an actuarial audit of the Fund shall be paid from the Rate
10 Adjustment Fund. The State Treasurer is ex officio custodian
11 of such Special Fund and the same shall be held and disbursed
12 for the purposes hereinafter stated in paragraphs (f) and (g)
13 of Section 8 upon the order of the Commission or of a competent
14 court. The Rate Adjustment Fund shall be deposited the same as
15 are State funds and any interest accruing thereon shall be
16 added thereto every 6 months. It shall be subject to audit the
17 same as State funds and accounts and shall be protected by the
18 general bond given by the State Treasurer. It is considered
19 always appropriated for the purposes of disbursements as
20 provided in paragraphs (f) and (g) of Section 8 of this Act and
21 shall be paid out and disbursed as therein provided and shall
22 not at any time be appropriated or diverted to any other use or
23 purpose. Within 5 days after December 7, 1990 (the effective
24 date of Public Act 86-1448) ~~this amendatory Act of 1990~~, the
25 Comptroller and the State Treasurer shall transfer \$1,000,000
26 from the General Revenue Fund to the Rate Adjustment Fund. By

1 February 15, 1991, the Comptroller and the State Treasurer
2 shall transfer \$1,000,000 from the Rate Adjustment Fund to the
3 General Revenue Fund. The Comptroller and Treasurer are
4 authorized to make transfers at the request of the Chairman up
5 to a total of \$19,000,000 from the Second Injury Fund, the
6 General Revenue Fund, and the Workers' Compensation Benefit
7 Trust Fund to the Rate Adjustment Fund to the extent that there
8 is insufficient money in the Rate Adjustment Fund to pay
9 claims and obligations. Amounts may be transferred from the
10 General Revenue Fund only if the funds in the Second Injury
11 Fund or the Workers' Compensation Benefit Trust Fund are
12 insufficient to pay claims and obligations of the Rate
13 Adjustment Fund. All amounts transferred from the Second
14 Injury Fund, the General Revenue Fund, and the Workers'
15 Compensation Benefit Trust Fund shall be repaid from the Rate
16 Adjustment Fund within 270 days of a transfer, together with
17 interest at the rate earned by moneys on deposit in the Fund or
18 Funds from which the moneys were transferred.

19 Upon a finding by the Commission, after reasonable notice
20 and hearing, that any employer has willfully and knowingly
21 failed to pay the proper amounts into the Second Injury Fund or
22 the Rate Adjustment Fund required by this Section or if such
23 payments are not made within the time periods prescribed by
24 this Section, the employer shall, in addition to such
25 payments, pay a penalty of 20% of the amount required to be
26 paid or \$2,500, whichever is greater, for each year or part

1 thereof of such failure to pay. This penalty shall only apply
2 to obligations of an employer to the Second Injury Fund or the
3 Rate Adjustment Fund accruing after December 18, 1989 (the
4 effective date of Public Act 86-998) ~~this amendatory Act of~~
5 ~~1989~~. All or part of such a penalty may be waived by the
6 Commission for good cause shown.

7 Any obligations of an employer to the Second Injury Fund
8 and Rate Adjustment Fund accruing prior to December 18, 1989
9 (the effective date of Public Act 86-998) ~~this amendatory Act~~
10 ~~of 1989~~ shall be paid in full by such employer within 5 years
11 of December 18, 1989 (the effective date of Public Act 86-998)
12 ~~this amendatory Act of 1989~~, with at least one-fifth of such
13 obligation to be paid during each year following December 18,
14 1989 (the effective date of Public Act 86-998) ~~this amendatory~~
15 ~~Act of 1989~~. If the Commission finds, following reasonable
16 notice and hearing, that an employer has failed to make timely
17 payment of any obligation accruing under the preceding
18 sentence, the employer shall, in addition to all other
19 payments required by this Section, be liable for a penalty
20 equal to 20% of the overdue obligation or \$2,500, whichever is
21 greater, for each year or part thereof that obligation is
22 overdue. All or part of such a penalty may be waived by the
23 Commission for good cause shown.

24 The Chairman of the Illinois Workers' Compensation
25 Commission shall, annually, furnish to the Director of the
26 Department of Insurance a list of the amounts paid into the

1 Second Injury Fund and the Rate Adjustment Fund by each
2 insurance company on behalf of their insured employers. The
3 Director shall verify to the Chairman that the amounts paid by
4 each insurance company are accurate as best as the Director
5 can determine from the records available to the Director. The
6 Chairman shall verify that the amounts paid by each
7 self-insurer are accurate as best as the Chairman can
8 determine from records available to the Chairman. The Chairman
9 may require each self-insurer to provide information
10 concerning the total compensation payments made upon which
11 contributions to the Second Injury Fund and the Rate
12 Adjustment Fund are predicated and any additional information
13 establishing that such payments have been made into these
14 funds. Any deficiencies in payments noted by the Director or
15 Chairman shall be subject to the penalty provisions of this
16 Act.

17 The State Treasurer, or his duly authorized
18 representative, shall be named as a party to all proceedings
19 in all cases involving claim for the loss of, or the permanent
20 and complete loss of the use of one eye, one foot, one leg, one
21 arm or one hand.

22 The State Treasurer or his duly authorized agent shall
23 have the same rights as any other party to the proceeding,
24 including the right to petition for review of any award. The
25 reasonable expenses of litigation, such as medical
26 examinations, testimony, and transcript of evidence, incurred

1 by the State Treasurer or his duly authorized representative,
2 shall be borne by the Second Injury Fund.

3 If the award is not paid within 30 days after the date the
4 award has become final, the Commission shall proceed to take
5 judgment thereon in its own name as is provided for other
6 awards by paragraph (g) of Section 19 of this Act and take the
7 necessary steps to collect the award.

8 Any person, corporation or organization who has paid or
9 become liable for the payment of burial expenses of the
10 deceased employee may in his or its own name institute
11 proceedings before the Commission for the collection thereof.

12 For the purpose of administration, receipts and
13 disbursements, the Special Fund provided for in paragraph (f)
14 of this Section shall be administered jointly with the Special
15 Fund provided for in paragraph (f) of Section 7, ~~paragraph (f)~~
16 of the Workers' Occupational Diseases Act.

17 (g) All compensation, except for burial expenses provided
18 in this Section to be paid in case accident results in death,
19 shall be paid in installments equal to the percentage of the
20 average earnings as provided for in paragraph (b) of Section
21 ~~8, paragraph (b)~~ of this Act, at the same intervals at which
22 the wages or earnings of the employees were paid. If this is
23 not feasible, then the installments shall be paid weekly. Such
24 compensation may be paid in a lump sum upon petition as
25 provided in Section 9 of this Act. However, in addition to the
26 benefits provided by Section 9 of this Act where compensation

1 for death is payable to the deceased's widow, widower or to the
2 deceased's widow, widower and one or more children, and where
3 a partial lump sum is applied for by such beneficiary or
4 beneficiaries within 18 months after the deceased's death, the
5 Commission may, in its discretion, grant a partial lump sum of
6 not to exceed 100 weeks of the compensation capitalized at
7 their present value upon the basis of interest calculated at
8 3% per annum with annual rests, upon a showing that such
9 partial lump sum is for the best interest of such beneficiary
10 or beneficiaries.

11 (h) In case the injured employee is under 16 years of age
12 at the time of the accident and is illegally employed, the
13 amount of compensation payable under paragraphs (a), (b), (c),
14 (d), e and (f) of this Section shall be increased 50%.

15 Nothing herein contained repeals or amends the provisions
16 of the Child Labor Law of 2024 relating to the employment of
17 minors under the age of 16 years.

18 However, where an employer has on file an employment
19 certificate issued pursuant to the Child Labor Law of 2024 or
20 work permit issued pursuant to the Federal Fair Labor
21 Standards Act, as amended, or a birth certificate properly and
22 duly issued, such certificate, permit or birth certificate is
23 conclusive evidence as to the age of the injured minor
24 employee for the purposes of this Section only.

25 (i) Whenever the dependents of a deceased employee are
26 noncitizens not residing in the United States, Mexico or

1 Canada, the amount of compensation payable is limited to the
2 beneficiaries described in paragraphs (a), (b)1 and (c) of
3 this Section and is 50% of the compensation provided in
4 paragraphs (a), (b)1 and (c) of this Section, except as
5 otherwise provided by treaty.

6 In a case where any of the persons who would be entitled to
7 compensation is living at any place outside of the United
8 States, then payment shall be made to the personal
9 representative of the deceased employee. The distribution by
10 such personal representative to the persons entitled shall be
11 made to such persons and in such manner as the Commission
12 orders.

15 Section 9995. No acceleration or delay. Where this Act
16 makes changes in a statute that is represented in this Act by
17 text that is not yet or no longer in effect (for example, a
18 Section represented by multiple versions), the use of that
19 text does not accelerate or delay the taking effect of (i) the
20 changes made by this Act or (ii) provisions derived from any
21 other Public Act.

22 Section 9996. No revival or extension. This Act does not
23 revive or extend any Section or Act otherwise repealed.

24 Section 9999. Effective date. This Act takes effect upon
