5 Section 20. The Illinois Lottery Law is amended by  
6 changing Section 7.12 as follows:

7 (20 ILCS 1605/7.12)

8 (Section scheduled to be repealed on July 1, 2025)

9 Sec. 7.12. Internet program.

10 (a) The General Assembly finds that:

11 (1) the consumer market in Illinois has changed since  
12 the creation of the Illinois State Lottery in 1974;

13 (2) the Internet has become an integral part of  
14 everyday life for a significant number of Illinois  
15 residents not only in regards to their professional life,  
16 but also in regards to personal business and  
17 communication; and

18 (3) the current practices of selling lottery tickets  
19 does not appeal to the new form of market participants who  
20 prefer to make purchases on the Internet at their own  
21 convenience.

22 It is the intent of the General Assembly to create an  
23 Internet program for the sale of lottery tickets to capture  
24 this new form of market participant.

1           (b) The Department shall create a program that allows an  
2 individual 18 years of age or older to purchase lottery  
3 tickets or shares on the Internet without using a Lottery  
4 retailer with on-line status, as those terms are defined by  
5 rule. The Department shall restrict the sale of lottery  
6 tickets on the Internet to transactions initiated and received  
7 or otherwise made exclusively within the State of Illinois.  
8 The Department shall adopt rules necessary for the  
9 administration of this program. These rules shall include,  
10 among other things, requirements for marketing of the Lottery  
11 to infrequent players, as well as limitations on the purchases  
12 that may be made through any one individual's lottery account.  
13 The provisions of this Act and the rules adopted under this Act  
14 shall apply to the sale of lottery tickets or shares under this  
15 program.

16           The Department is obligated to implement the program set  
17 forth in this Section and Sections 7.15 and 7.16. The  
18 Department may offer Lotto, Lucky Day Lotto, Mega Millions,  
19 Powerball, Pick 3, Pick 4, and other draw games that are  
20 offered at retail locations through the Internet program. The  
21 private manager shall obtain the Director's approval before  
22 providing any draw games. Any draw game tickets that are  
23 approved for sale by lottery licensees are automatically  
24 approved for sale through the Internet program. The Department  
25 shall maintain responsible gaming controls in its policies.

26           The Department shall authorize the private manager to

1 implement and administer the program pursuant to the  
2 management agreement entered into under Section 9.1 and in a  
3 manner consistent with the provisions of this Section. If a  
4 private manager has not been selected pursuant to Section 9.1  
5 at the time the Department is obligated to implement the  
6 program, then the Department shall not proceed with the  
7 program until after the selection of the private manager, at  
8 which time the Department shall authorize the private manager  
9 to implement and administer the program pursuant to the  
10 management agreement entered into under Section 9.1 and in a  
11 manner consistent with the provisions of this Section.

12 Nothing in this Section shall be construed as prohibiting  
13 the Department from implementing and operating a website  
14 portal whereby individuals who are 18 years of age or older  
15 with an Illinois mailing address may apply to purchase lottery  
16 tickets via subscription. Nothing in this Section shall also  
17 be construed as prohibiting the Lottery draw game tickets  
18 authorized for sale through the Internet program under this  
19 Section from also continuing to be sold at retail locations by  
20 a lottery licensee pursuant to the Department's rules.

15 manufacturers of renewable energy generation components  
16 and energy storage systems.

17           (6) Identify infrastructure that may be needed to  
18 develop a practical, effective, and cost-efficient means

22           (7) Receive stakeholder engagement and feedback on  
23 various recycling and end of life management proposals for  
24 renewable energy generation components and energy storage  
25 systems.

26           (8) Develop recommendations for legislative,

1 administrative, or private sector action to implement  
2 recycling and end of life management for renewable energy  
3 generation components and energy storage systems.

4 (9) Consider the benefits of prohibiting a person from  
5 mixing renewable energy generation components and energy  
6 storage systems with municipal waste that is intended for  
7 disposal at a landfill.

8 (10) Consider the benefits of prohibiting a person  
9 from disposing of renewable energy generation components  
10 and energy storage systems in a sanitary landfill.

8 (Section scheduled to be repealed on July 1, 2025)

9 Sec. 2.5. Legislative policy; conditions for use of  
10 design-build. It is the intent of the General Assembly that a  
11 commission be allowed to use the design-build delivery method  
12 for public projects if it is shown to be in the commission's  
13 best interest for that particular project.

14 It shall be the policy of the commission in the  
15 procurement of design-build services to publicly announce all  
16 requirements for design-build services and to procure these  
17 services on the basis of demonstrated competence and  
18 qualifications and with due regard for the principles of  
19 competitive selection.

20 The commission shall, prior to issuing requests for  
21 proposals, promulgate and publish procedures for the  
22 solicitation and award of contracts pursuant to this Act.

23 The commission shall, for each public project or projects  
24 permitted under this Act, make a written determination,

1 including a description as to the particular advantages of the  
2 design-build procurement method, that it is in the best  
3 interests of the commission to enter into a design-build  
4 contract for the project or projects.

5 In making that determination, the following factors shall  
6 be considered:

7 (1) The probability that the design-build procurement  
8 method will be in the best interests of the commission by  
9 providing a material savings of time or cost over the  
10 design-bid-build or other delivery system.

11 (2) The type and size of the project and its  
12 suitability to the design-build procurement method.

13 (3) The ability of the design-build entity to define  
14 and provide comprehensive scope and performance criteria  
15 for the project.

16 The commission shall require the design-build entity to  
17 comply with the utilization goals established by the corporate  
18 authorities of the commission for minority and women business

6 proposals for the project at least 14 days before issuing the  
7 request for the proposal. The Commission must publish the  
8 advance notice in a daily newspaper of general circulation in  
9 the county where the Commission is located. The Commission is  
10 encouraged to use publication of the notice in related  
11 construction industry service publications. A brief  
12 description of the proposed procurement must be included in  
13 the notice. The Commission must provide a copy of the request  
14 for proposal to any party requesting a copy.

15 (b) The request for proposal shall be prepared for each  
16 project and must contain, without limitation, the following  
17 information:

18 (1) The name of the Commission.

19 (2) A preliminary schedule for the completion of the  
20 contract.

6 but not limited to, the proposed terms and conditions,  
7 required performance and payment bonds, insurance, and the

22 calendar days after the date of the issuance of the request for  
23 proposal. In the event the cost of the project is estimated to  
24 exceed \$12,000,000, then the proposal due date must be at  
25 least 28 calendar days after the date of the issuance of the  
26 request for proposal. The Commission shall include in the

12 Sec. 20.4. Development of design-build scope and  
13 performance criteria.

14 (a) The Commission shall develop, with the assistance of a  
15 licensed design professional, a request for proposal, which  
16 shall include scope and performance criteria. The scope and  
17 performance criteria must be in sufficient detail and contain  
18 adequate information to reasonably apprise the qualified  
19 design-build entities of the Commission's overall programmatic  
20 needs and goals, including criteria and preliminary design  
21 plans, general budget parameters, schedule, and delivery  
22 requirements.

23 (b) Each request for proposal shall also include a

2 will be required by the Commission to be produced by the  
3 design-build entities.

4 (c) The scope and performance criteria shall be prepared  
5 by a design professional who is an employee of the Commission,  
6 or the Commission may contract with an independent design  
7 professional selected under the Local Government Professional  
8 Services Selection Act (50 ILCS 510/) to provide these  
9 services.

10 (d) The design professional that prepares the scope and  
11 performance criteria is prohibited from participating in any  
12 design-build entity proposal for the project.

13 (e) This Section is repealed on July 1, 2027 ~~2025~~;

19 (50 ILCS 20/20.5)

20 (Section scheduled to be repealed on July 1, 2025)

21 Sec. 20.5. Procedures for design-build selection.

22 (a) The Commission must use a two-phase procedure for the  
23 selection of the successful design-build entity. Phase I of  
24 the procedure will evaluate and shortlist the design-build  
25 entities based on qualifications, and Phase II will evaluate

1 the technical and cost proposals.

2 (b) The Commission shall include in the request for  
3 proposal the evaluating factors to be used in Phase I. These  
4 factors are in addition to any prequalification requirements  
5 of design-build entities that the Commission has set forth.  
6 Each request for proposal shall establish the relative  
7 importance assigned to each evaluation factor and subfactor,  
8 including any weighting of criteria to be employed by the  
9 Commission. The Commission must maintain a record of the  
10 evaluation scoring to be disclosed in event of a protest  
11 regarding the solicitation.

12 The Commission shall include the following criteria in  
13 every Phase I evaluation of design-build entities: (1)  
14 experience of personnel; (2) successful experience with  
15 similar project types; (3) financial capability; (4)  
16 timeliness of past performance; (5) experience with similarly  
17 sized projects; (6) successful reference checks of the firm;  
18 (7) commitment to assign personnel for the duration of the  
19 project and qualifications of the entity's consultants; and  
20 (8) ability or past performance in meeting or exhausting good  
21 faith efforts to meet the utilization goals for minority and  
22 women business enterprises established by the corporate  
23 authorities of the Commission and in complying with Section  
24 2-105 of the Illinois Human Rights Act. The Commission may  
25 include any additional relevant criteria in Phase I that it  
26 deems necessary for a proper qualification review.

1           The Commission may not consider any design-build entity  
2 for evaluation or award if the entity has any pecuniary  
3 interest in the project or has other relationships or  
4 circumstances, including but not limited to, long-term  
5 leasehold, mutual performance, or development contracts with  
6 the Commission, that may give the design-build entity a  
7 financial or tangible advantage over other design-build  
8 entities in the preparation, evaluation, or performance of the  
9 design-build contract or that create the appearance of  
10 impropriety. No design-build proposal shall be considered that  
11 does not include an entity's plan to comply with the  
12 requirements established in the minority and women business  
13 enterprises and economically disadvantaged firms established  
14 by the corporate authorities of the Commission and with  
15 Section 2-105 of the Illinois Human Rights Act.

16           Upon completion of the qualifications evaluation, the  
17 Commission shall create a shortlist of the most highly  
18 qualified design-build entities. The Commission, in its  
19 discretion, is not required to shortlist the maximum number of  
20 entities as identified for Phase II evaluation, provided  
21 however, no less than 2 design-build entities nor more than 6  
22 are selected to submit Phase II proposals.

23           The Commission shall notify the entities selected for the  
24 shortlist in writing. This notification shall commence the  
25 period for the preparation of the Phase II technical and cost  
26 evaluations. The Commission must allow sufficient time for the

1 shortlist entities to prepare their Phase II submittals  
2 considering the scope and detail requested by the Commission.

3 (c) The Commission shall include in the request for  
4 proposal the evaluating factors to be used in the technical  
5 and cost submission components of Phase II. Each request for  
6 proposal shall establish, for both the technical and cost  
7 submission components of Phase II, the relative importance  
8 assigned to each evaluation factor and subfactor, including  
9 any weighting of criteria to be employed by the Commission.  
10 The Commission must maintain a record of the evaluation  
11 scoring to be disclosed in event of a protest regarding the  
12 solicitation.

13 The Commission shall include the following criteria in  
14 every Phase II technical evaluation of design-build entities:  
15 (1) compliance with objectives of the project; (2) compliance  
16 of proposed services to the request for proposal requirements;  
17 (3) quality of products or materials proposed; (4) quality of  
18 design parameters; (5) design concepts; (6) innovation in  
19 meeting the scope and performance criteria; and (7)  
20 constructability of the proposed project. The Commission may  
21 include any additional relevant technical evaluation factors  
22 it deems necessary for proper selection.

23 The Commission shall include the following criteria in  
24 every Phase II cost evaluation: the guaranteed maximum project  
25 cost and the time of completion. The Commission may include  
26 any additional relevant technical evaluation factors it deems

1 necessary for proper selection. The guaranteed maximum project  
2 cost criteria weighing factor shall not exceed 30%.

3 The Commission shall directly employ or retain a licensed  
4 design professional to evaluate the technical and cost  
5 submissions to determine if the technical submissions are in  
6 accordance with generally accepted industry standards.

7 Upon completion of the technical submissions and cost  
8 submissions evaluation, the Commission may award the  
9 design-build contract to the highest overall ranked entity.

10 (d) This Section is repealed on July 1, 2027 ~~2025~~;  
11 provided that any design-build contracts entered into before  
12 such date or any procurement of a project under this Act  
13 commenced before such date, and the contracts resulting from  
14 those procurements, shall remain effective.

19 where the total overall cost of the project is estimated to be  
20 less than \$12,000,000, the Commission may combine the  
21 two-phase procedure for design-build selection described in  
22 Section 20.5 into one combined step, provided that all the  
23 requirements of evaluation are performed in accordance with  
24 Section 20.5.

9 Design-build proposals must be properly identified and sealed.  
10 Proposals may not be reviewed until after the deadline for  
11 submission has passed as set forth in the request for  
12 proposals. All design-build entities submitting proposals  
13 shall be disclosed after the deadline for submission, and all  
14 design-build entities who are selected for Phase II evaluation  
15 shall also be disclosed at the time of that determination.

16 Phase II design-build proposals shall include a bid bond  
17 in the form and security as designated in the request for  
18 proposals. Proposals shall also contain a separate sealed  
19 envelope with the cost information within the overall proposal  
20 submission. Proposals shall include a list of all design  
21 professionals and other entities to which any work identified  
22 in Section 30-30 of the Illinois Procurement Code as a  
23 subdivision of construction work may be subcontracted during  
24 the performance of the contract.

25 Proposals must meet all material requirements of the

1 request for proposal or they may be rejected as  
2 non-responsive. The Commission shall have the right to reject  
3 any and all proposals.

4 The drawings and specifications of any unsuccessful  
5 design-build proposal shall remain the property of the  
6 design-build entity.

7 The Commission shall review the proposals for compliance  
8 with the performance criteria and evaluation factors.

9 Proposals may be withdrawn prior to the due date and time  
10 for submissions for any cause. After evaluation begins by the  
11 Commission, clear and convincing evidence of error is required  
12 for withdrawal.

13 This Section is repealed on July 1, 2027 ~~2025~~; provided
