

Sen. Julie A. Morrison

Filed: 3/11/2026

10400SB2797sam001

LRB104 16894 KTG 35413 a

1 AMENDMENT TO SENATE BILL 2797

2 AMENDMENT NO. _____. Amend Senate Bill 2797 by replacing
3 everything after the enacting clause with the following:

4 "Section 5. The Illinois Public Aid Code is amended by
5 changing Section 5-5 as follows:

6 (305 ILCS 5/5-5)

7 Sec. 5-5. Medical services. The Illinois Department, by
8 rule, shall determine the quantity and quality of and the rate
9 of reimbursement for the medical assistance for which payment
10 will be authorized, and the medical services to be provided,
11 which may include all or part of the following: (1) inpatient
12 hospital services; (2) outpatient hospital services; (3) other
13 laboratory and X-ray services; (4) skilled nursing home
14 services; (5) physicians' services whether furnished in the
15 office, the patient's home, a hospital, a skilled nursing
16 home, or elsewhere; (6) medical care, or any other type of

1 remedial care furnished by licensed practitioners; (7) home
2 health care services; (8) private duty nursing service; (9)
3 clinic services; (10) dental services, including prevention
4 and treatment of periodontal disease and dental caries disease
5 for pregnant individuals, provided by an individual licensed
6 to practice dentistry or dental surgery; for purposes of this
7 item (10), "dental services" means diagnostic, preventive, or
8 corrective procedures provided by or under the supervision of
9 a dentist in the practice of his or her profession; (11)
10 physical therapy and related services; (12) prescribed drugs,
11 dentures, and prosthetic devices; and eyeglasses prescribed by
12 a physician skilled in the diseases of the eye, or by an
13 optometrist, whichever the person may select; (13) other
14 diagnostic, screening, preventive, and rehabilitative
15 services, including to ensure that the individual's need for
16 intervention or treatment of mental disorders or substance use
17 disorders or co-occurring mental health and substance use
18 disorders is determined using a uniform screening, assessment,
19 and evaluation process inclusive of criteria, for children and
20 adults; for purposes of this item (13), a uniform screening,
21 assessment, and evaluation process refers to a process that
22 includes an appropriate evaluation and, as warranted, a
23 referral; "uniform" does not mean the use of a singular
24 instrument, tool, or process that all must utilize; (14)
25 transportation and such other expenses as may be necessary;
26 (15) medical treatment of sexual assault survivors, as defined

1 in Section 1a of the Sexual Assault Survivors Emergency
2 Treatment Act, for injuries sustained as a result of the
3 sexual assault, including examinations and laboratory tests to
4 discover evidence which may be used in criminal proceedings
5 arising from the sexual assault; (16) the diagnosis and
6 treatment of sickle cell anemia; (16.5) services performed by
7 a chiropractic physician licensed under the Medical Practice
8 Act of 1987 and acting within the scope of his or her license,
9 including, but not limited to, chiropractic manipulative
10 treatment; and (17) any other medical care, and any other type
11 of remedial care recognized under the laws of this State. The
12 term "any other type of remedial care" shall include nursing
13 care and nursing home service for persons who rely on
14 treatment by spiritual means alone through prayer for healing.

15 Notwithstanding any other provision of this Section, a
16 comprehensive tobacco use cessation program that includes
17 purchasing prescription drugs or prescription medical devices
18 approved by the Food and Drug Administration shall be covered
19 under the medical assistance program under this Article for
20 persons who are otherwise eligible for assistance under this
21 Article.

22 Notwithstanding any other provision of this Code,
23 reproductive health care that is otherwise legal in Illinois
24 shall be covered under the medical assistance program for
25 persons who are otherwise eligible for medical assistance
26 under this Article.

1 Notwithstanding any other provision of this Section, all
2 tobacco cessation medications approved by the United States
3 Food and Drug Administration and all individual and group
4 tobacco cessation counseling services and telephone-based
5 counseling services and tobacco cessation medications provided
6 through the Illinois Tobacco Quitline shall be covered under
7 the medical assistance program for persons who are otherwise
8 eligible for assistance under this Article. The Department
9 shall comply with all federal requirements necessary to obtain
10 federal financial participation, as specified in 42 CFR
11 433.15(b)(7), for telephone-based counseling services provided
12 through the Illinois Tobacco Quitline, including, but not
13 limited to: (i) entering into a memorandum of understanding or
14 interagency agreement with the Department of Public Health, as
15 administrator of the Illinois Tobacco Quitline; and (ii)
16 developing a cost allocation plan for Medicaid-allowable
17 Illinois Tobacco Quitline services in accordance with 45 CFR
18 95.507. The Department shall submit the memorandum of
19 understanding or interagency agreement, the cost allocation
20 plan, and all other necessary documentation to the Centers for
21 Medicare and Medicaid Services for review and approval.
22 Coverage under this paragraph shall be contingent upon federal
23 approval.

24 Notwithstanding any other provision of this Code, the
25 Illinois Department may not require, as a condition of payment
26 for any laboratory test authorized under this Article, that a

1 physician's handwritten signature appear on the laboratory
2 test order form. The Illinois Department may, however, impose
3 other appropriate requirements regarding laboratory test order
4 documentation.

5 Upon receipt of federal approval of an amendment to the
6 Illinois Title XIX State Plan for this purpose, the Department
7 shall authorize the Chicago Public Schools (CPS) to procure a
8 vendor or vendors to manufacture eyeglasses for individuals
9 enrolled in a school within the CPS system. CPS shall ensure
10 that its vendor or vendors are enrolled as providers in the
11 medical assistance program and in any capitated Medicaid
12 managed care entity (MCE) serving individuals enrolled in a
13 school within the CPS system. Under any contract procured
14 under this provision, the vendor or vendors must serve only
15 individuals enrolled in a school within the CPS system. Claims
16 for services provided by CPS's vendor or vendors to recipients
17 of benefits in the medical assistance program under this Code,
18 the Children's Health Insurance Program, or the Covering ALL
19 KIDS Health Insurance Program shall be submitted to the
20 Department or the MCE in which the individual is enrolled for
21 payment and shall be reimbursed at the Department's or the
22 MCE's established rates or rate methodologies for eyeglasses.

23 On and after July 1, 2012, the Department of Healthcare
24 and Family Services may provide the following services to
25 persons eligible for assistance under this Article who are
26 participating in education, training or employment programs

1 operated by the Department of Human Services as successor to
2 the Department of Public Aid:

3 (1) dental services provided by or under the
4 supervision of a dentist; and

5 (2) eyeglasses prescribed by a physician skilled in
6 the diseases of the eye, or by an optometrist, whichever
7 the person may select.

8 On and after July 1, 2018, the Department of Healthcare
9 and Family Services shall provide dental services to any adult
10 who is otherwise eligible for assistance under the medical
11 assistance program. As used in this paragraph, "dental
12 services" means diagnostic, preventative, restorative, or
13 corrective procedures, including procedures and services for
14 the prevention and treatment of periodontal disease and dental
15 caries disease, provided by an individual who is licensed to
16 practice dentistry or dental surgery or who is under the
17 supervision of a dentist in the practice of his or her
18 profession.

19 On and after July 1, 2018, targeted dental services, as
20 set forth in Exhibit D of the Consent Decree entered by the
21 United States District Court for the Northern District of
22 Illinois, Eastern Division, in the matter of Memisovski v.
23 Maram, Case No. 92 C 1982, that are provided to adults under
24 the medical assistance program shall be established at no less
25 than the rates set forth in the "New Rate" column in Exhibit D
26 of the Consent Decree for targeted dental services that are

1 provided to persons under the age of 18 under the medical
2 assistance program.

3 Subject to federal approval, on and after January 1, 2025,
4 the rates paid for sedation evaluation and the provision of
5 deep sedation and intravenous sedation for the purpose of
6 dental services shall be increased by 33% above the rates in
7 effect on December 31, 2024. The rates paid for nitrous oxide
8 sedation shall not be impacted by this paragraph and shall
9 remain the same as the rates in effect on December 31, 2024.

10 Notwithstanding any other provision of this Code and
11 subject to federal approval, the Department may adopt rules to
12 allow a dentist who is volunteering his or her service at no
13 cost to render dental services through an enrolled
14 not-for-profit health clinic without the dentist personally
15 enrolling as a participating provider in the medical
16 assistance program. A not-for-profit health clinic shall
17 include a public health clinic or Federally Qualified Health
18 Center or other enrolled provider, as determined by the
19 Department, through which dental services covered under this
20 Section are performed. The Department shall establish a
21 process for payment of claims for reimbursement for covered
22 dental services rendered under this provision.

23 Subject to appropriation and to federal approval, the
24 Department shall file administrative rules updating the
25 Handicapping Labio-Lingual Deviation orthodontic scoring tool
26 by January 1, 2025, or as soon as practicable.

1 On and after January 1, 2022, the Department of Healthcare
2 and Family Services shall administer and regulate a
3 school-based dental program that allows for the out-of-office
4 delivery of preventative dental services in a school setting
5 to children under 19 years of age. The Department shall
6 establish, by rule, guidelines for participation by providers
7 and set requirements for follow-up referral care based on the
8 requirements established in the Dental Office Reference Manual
9 published by the Department that establishes the requirements
10 for dentists participating in the All Kids Dental School
11 Program. Every effort shall be made by the Department when
12 developing the program requirements to consider the different
13 geographic differences of both urban and rural areas of the
14 State for initial treatment and necessary follow-up care. No
15 provider shall be charged a fee by any unit of local government
16 to participate in the school-based dental program administered
17 by the Department. Nothing in this paragraph shall be
18 construed to limit or preempt a home rule unit's or school
19 district's authority to establish, change, or administer a
20 school-based dental program in addition to, or independent of,
21 the school-based dental program administered by the
22 Department. When developing the program requirements for the
23 All Kids Dental School Program, the Department shall ensure
24 that the following components are included:

25 (1) All dentists must be enrolled as a participating
26 dentist in the Department's provider enrollment system

1 within the Illinois Medicaid Program Advanced Cloud
2 Technology System.

3 (2) Each dental entity must complete the All Kids
4 School-Based Dental Program Provider Registration
5 Application.

6 (3) All dental providers approved must be able to
7 render the full scope of preventive school-based services
8 for an out-of-office setting as determined by the
9 Department, including a Caries Risk Assessment for each
10 student, in order to receive payment.

11 (4) Each dental entity must provide a copy of the
12 Illinois Department of Public Health Proof of School
13 Dental Exam Form to each participating school, as
14 appropriate.

15 (5) A School Exam Follow-Up form shall be completed by
16 each dental provider and given to each student regarding
17 the student's oral health needs and follow-up care.

18 (6) Each dental entity must complete a referral plan
19 for each location where school-based dental services are
20 provided.

21 (7) Each dental entity must complete and maintain a
22 dental record for each student receiving school-based
23 services.

24 (8) Each dental entity approved must obtain a signed
25 consent form from each student's parent or guardian prior
26 to providing services.

1 (9) Once a year a site visit may be conducted by a
2 licensed Illinois dentist on behalf of the Department to
3 ensure clinical care is being provided in compliance with
4 program guidelines. In no case shall a school-based
5 dentist allow access to protected and confidential patient
6 records or allow clinical review or examination of
7 patients treated under the program.

8 (10) Reimbursement payments to a provider under the
9 All Kids Dental School Program shall be contingent on the
10 provider's compliance with all State Medicaid guidelines,
11 dental standards, and program requirements set forth in
12 this paragraph. This item (10) applies to all enrolled
13 providers including those providers who contract with a
14 home rule unit of government or school district.

15 (11) Dentists participating in the All Kids Dental
16 School Program shall make every attempt to determine a
17 child's eligibility for and enrollment in the All Kids
18 health insurance program. If a child is determined to be
19 ineligible for benefits provided under the All Kids health
20 insurance program, a dental provider shall not be required
21 to perform preventive services at the provider's own
22 expense but may still provide a Caries Risk Assessment.

23 The Illinois Department, by rule, may distinguish and
24 classify the medical services to be provided only in
25 accordance with the classes of persons designated in Section
26 5-2.

1 The Department of Healthcare and Family Services must
2 provide coverage and reimbursement for amino acid-based
3 elemental formulas, regardless of delivery method, for the
4 diagnosis and treatment of (i) eosinophilic disorders and (ii)
5 short bowel syndrome when the prescribing physician has issued
6 a written order stating that the amino acid-based elemental
7 formula is medically necessary.

8 The Illinois Department shall authorize the provision of,
9 and shall authorize payment for, screening by low-dose
10 mammography for the presence of occult breast cancer for
11 individuals 35 years of age or older who are eligible for
12 medical assistance under this Article, as follows:

13 (A) A baseline mammogram for individuals 35 to 39
14 years of age.

15 (B) An annual mammogram for individuals 40 years of
16 age or older.

17 (C) A mammogram at the age and intervals considered
18 medically necessary by the individual's health care
19 provider for individuals under 40 years of age and having
20 a family history of breast cancer, prior personal history
21 of breast cancer, positive genetic testing, or other risk
22 factors.

23 (D) A comprehensive ultrasound screening and MRI of an
24 entire breast or breasts if a mammogram demonstrates
25 heterogeneous or dense breast tissue or when medically
26 necessary as determined by a physician licensed to

1 practice medicine in all of its branches.

2 (E) A screening MRI when medically necessary, as
3 determined by a physician licensed to practice medicine in
4 all of its branches.

5 (F) A diagnostic mammogram when medically necessary,
6 as determined by a physician licensed to practice medicine
7 in all its branches, advanced practice registered nurse,
8 or physician assistant.

9 (G) Molecular breast imaging (MBI) and MRI of an
10 entire breast or breasts if a mammogram demonstrates
11 heterogeneous or dense breast tissue or when medically
12 necessary as determined by a physician licensed to
13 practice medicine in all of its branches, advanced
14 practice registered nurse, or physician assistant.

15 The Department shall not impose a deductible, coinsurance,
16 copayment, or any other cost-sharing requirement on the
17 coverage provided under this paragraph; except that this
18 sentence does not apply to coverage of diagnostic mammograms
19 to the extent such coverage would disqualify a high-deductible
20 health plan from eligibility for a health savings account
21 pursuant to Section 223 of the Internal Revenue Code (26
22 U.S.C. 223).

23 All screenings shall include a physical breast exam,
24 instruction on self-examination and information regarding the
25 frequency of self-examination and its value as a preventative
26 tool.

1 For purposes of this Section:

2 "Diagnostic mammogram" means a mammogram obtained using
3 diagnostic mammography.

4 "Diagnostic mammography" means a method of screening that
5 is designed to evaluate an abnormality in a breast, including
6 an abnormality seen or suspected on a screening mammogram or a
7 subjective or objective abnormality otherwise detected in the
8 breast.

9 "Low-dose mammography" means the x-ray examination of the
10 breast using equipment dedicated specifically for mammography,
11 including the x-ray tube, filter, compression device, and
12 image receptor, with an average radiation exposure delivery of
13 less than one rad per breast for 2 views of an average size
14 breast. The term also includes digital mammography and
15 includes breast tomosynthesis.

16 "Breast tomosynthesis" means a radiologic procedure that
17 involves the acquisition of projection images over the
18 stationary breast to produce cross-sectional digital
19 three-dimensional images of the breast.

20 If, at any time, the Secretary of the United States
21 Department of Health and Human Services, or its successor
22 agency, promulgates rules or regulations to be published in
23 the Federal Register or publishes a comment in the Federal
24 Register or issues an opinion, guidance, or other action that
25 would require the State, pursuant to any provision of the
26 Patient Protection and Affordable Care Act (Public Law

1 111-148), including, but not limited to, 42 U.S.C.
2 18031(d)(3)(B) or any successor provision, to defray the cost
3 of any coverage for breast tomosynthesis outlined in this
4 paragraph, then the requirement that an insurer cover breast
5 tomosynthesis is inoperative other than any such coverage
6 authorized under Section 1902 of the Social Security Act, 42
7 U.S.C. 1396a, and the State shall not assume any obligation
8 for the cost of coverage for breast tomosynthesis set forth in
9 this paragraph.

10 On and after January 1, 2016, the Department shall ensure
11 that all networks of care for adult clients of the Department
12 include access to at least one breast imaging Center of
13 Imaging Excellence as certified by the American College of
14 Radiology.

15 On and after January 1, 2012, providers participating in a
16 quality improvement program approved by the Department shall
17 be reimbursed for screening and diagnostic mammography at the
18 same rate as the Medicare program's rates, including the
19 increased reimbursement for digital mammography and, after
20 January 1, 2023 (the effective date of Public Act 102-1018),
21 breast tomosynthesis.

22 The Department shall convene an expert panel including
23 representatives of hospitals, free-standing mammography
24 facilities, and doctors, including radiologists, to establish
25 quality standards for mammography.

26 On and after January 1, 2017, providers participating in a

1 breast cancer treatment quality improvement program approved
2 by the Department shall be reimbursed for breast cancer
3 treatment at a rate that is no lower than 95% of the Medicare
4 program's rates for the data elements included in the breast
5 cancer treatment quality program.

6 The Department shall convene an expert panel, including
7 representatives of hospitals, free-standing breast cancer
8 treatment centers, breast cancer quality organizations, and
9 doctors, including radiologists that are trained in all forms
10 of FDA-approved breast imaging technologies, breast surgeons,
11 reconstructive breast surgeons, oncologists, and primary care
12 providers to establish quality standards for breast cancer
13 treatment.

14 Subject to federal approval, the Department shall
15 establish a rate methodology for mammography at federally
16 qualified health centers and other encounter-rate clinics.
17 These clinics or centers may also collaborate with other
18 hospital-based mammography facilities. By January 1, 2016, the
19 Department shall report to the General Assembly on the status
20 of the provision set forth in this paragraph.

21 The Department shall establish a methodology to remind
22 individuals who are age-appropriate for screening mammography,
23 but who have not received a mammogram within the previous 18
24 months, of the importance and benefit of screening
25 mammography. The Department shall work with experts in breast
26 cancer outreach and patient navigation to optimize these

1 reminders and shall establish a methodology for evaluating
2 their effectiveness and modifying the methodology based on the
3 evaluation.

4 The Department shall establish a performance goal for
5 primary care providers with respect to their female patients
6 over age 40 receiving an annual mammogram. This performance
7 goal shall be used to provide additional reimbursement in the
8 form of a quality performance bonus to primary care providers
9 who meet that goal.

10 The Department shall devise a means of case-managing or
11 patient navigation for beneficiaries diagnosed with breast
12 cancer. This program shall initially operate as a pilot
13 program in areas of the State with the highest incidence of
14 mortality related to breast cancer. At least one pilot program
15 site shall be in the metropolitan Chicago area and at least one
16 site shall be outside the metropolitan Chicago area. On or
17 after July 1, 2016, the pilot program shall be expanded to
18 include one site in western Illinois, one site in southern
19 Illinois, one site in central Illinois, and 4 sites within
20 metropolitan Chicago. An evaluation of the pilot program shall
21 be carried out measuring health outcomes and cost of care for
22 those served by the pilot program compared to similarly
23 situated patients who are not served by the pilot program.

24 The Department shall require all networks of care to
25 develop a means either internally or by contract with experts
26 in navigation and community outreach to navigate cancer

1 patients to comprehensive care in a timely fashion. The
2 Department shall require all networks of care to include
3 access for patients diagnosed with cancer to at least one
4 academic commission on cancer-accredited cancer program as an
5 in-network covered benefit.

6 The Department shall provide coverage and reimbursement
7 for a human papillomavirus (HPV) vaccine that is approved for
8 marketing by the federal Food and Drug Administration for all
9 persons between the ages of 9 and 45. Subject to federal
10 approval, the Department shall provide coverage and
11 reimbursement for a human papillomavirus (HPV) vaccine for
12 persons of the age of 46 and above who have been diagnosed with
13 cervical dysplasia with a high risk of recurrence or
14 progression. The Department shall disallow any
15 preauthorization requirements for the administration of the
16 human papillomavirus (HPV) vaccine.

17 On or after July 1, 2022, individuals who are otherwise
18 eligible for medical assistance under this Article shall
19 receive coverage for perinatal depression screenings for the
20 12-month period beginning on the last day of their pregnancy.
21 Medical assistance coverage under this paragraph shall be
22 conditioned on the use of a screening instrument approved by
23 the Department.

24 Any medical or health care provider shall immediately
25 recommend, to any pregnant individual who is being provided
26 prenatal services and is suspected of having a substance use

1 disorder as defined in the Substance Use Disorder Act,
2 referral to a local substance use disorder treatment program
3 licensed by the Department of Human Services or to a licensed
4 hospital which provides substance abuse treatment services.
5 The Department of Healthcare and Family Services shall assure
6 coverage for the cost of treatment of the drug abuse or
7 addiction for pregnant recipients in accordance with the
8 Illinois Medicaid Program in conjunction with the Department
9 of Human Services.

10 All medical providers providing medical assistance to
11 pregnant individuals under this Code shall receive information
12 from the Department on the availability of services under any
13 program providing case management services for addicted
14 individuals, including information on appropriate referrals
15 for other social services that may be needed by addicted
16 individuals in addition to treatment for addiction.

17 The Illinois Department, in cooperation with the
18 Departments of Human Services (as successor to the Department
19 of Alcoholism and Substance Abuse) and Public Health, through
20 a public awareness campaign, may provide information
21 concerning treatment for alcoholism and drug abuse and
22 addiction, prenatal health care, and other pertinent programs
23 directed at reducing the number of drug-affected infants born
24 to recipients of medical assistance.

25 Neither the Department of Healthcare and Family Services
26 nor the Department of Human Services shall sanction the

1 recipient solely on the basis of the recipient's substance
2 abuse.

3 The Illinois Department shall establish such regulations
4 governing the dispensing of health services under this Article
5 as it shall deem appropriate. The Department should seek the
6 advice of formal professional advisory committees appointed by
7 the Director of the Illinois Department for the purpose of
8 providing regular advice on policy and administrative matters,
9 information dissemination and educational activities for
10 medical and health care providers, and consistency in
11 procedures to the Illinois Department.

12 The Illinois Department may develop and contract with
13 Partnerships of medical providers to arrange medical services
14 for persons eligible under Section 5-2 of this Code.
15 Implementation of this Section may be by demonstration
16 projects in certain geographic areas. The Partnership shall be
17 represented by a sponsor organization. The Department, by
18 rule, shall develop qualifications for sponsors of
19 Partnerships. Nothing in this Section shall be construed to
20 require that the sponsor organization be a medical
21 organization.

22 The sponsor must negotiate formal written contracts with
23 medical providers for physician services, inpatient and
24 outpatient hospital care, home health services, treatment for
25 alcoholism and substance abuse, and other services determined
26 necessary by the Illinois Department by rule for delivery by

1 Partnerships. Physician services must include prenatal and
2 obstetrical care. The Illinois Department shall reimburse
3 medical services delivered by Partnership providers to clients
4 in target areas according to provisions of this Article and
5 the Illinois Health Finance Reform Act, except that:

6 (1) Physicians participating in a Partnership and
7 providing certain services, which shall be determined by
8 the Illinois Department, to persons in areas covered by
9 the Partnership may receive an additional surcharge for
10 such services.

11 (2) The Department may elect to consider and negotiate
12 financial incentives to encourage the development of
13 Partnerships and the efficient delivery of medical care.

14 (3) Persons receiving medical services through
15 Partnerships may receive medical and case management
16 services above the level usually offered through the
17 medical assistance program.

18 Medical providers shall be required to meet certain
19 qualifications to participate in Partnerships to ensure the
20 delivery of high quality medical services. These
21 qualifications shall be determined by rule of the Illinois
22 Department and may be higher than qualifications for
23 participation in the medical assistance program. Partnership
24 sponsors may prescribe reasonable additional qualifications
25 for participation by medical providers, only with the prior
26 written approval of the Illinois Department.

1 Nothing in this Section shall limit the free choice of
2 practitioners, hospitals, and other providers of medical
3 services by clients. In order to ensure patient freedom of
4 choice, the Illinois Department shall immediately promulgate
5 all rules and take all other necessary actions so that
6 provided services may be accessed from therapeutically
7 certified optometrists to the full extent of the Illinois
8 Optometric Practice Act of 1987 without discriminating between
9 service providers.

10 The Department shall apply for a waiver from the United
11 States Health Care Financing Administration to allow for the
12 implementation of Partnerships under this Section.

13 The Illinois Department shall require health care
14 providers to maintain records that document the medical care
15 and services provided to recipients of Medical Assistance
16 under this Article. Such records must be retained for a period
17 of not less than 6 years from the date of service or as
18 provided by applicable State law, whichever period is longer,
19 except that if an audit is initiated within the required
20 retention period then the records must be retained until the
21 audit is completed and every exception is resolved. The
22 Illinois Department shall require health care providers to
23 make available, when authorized by the patient, in writing,
24 the medical records in a timely fashion to other health care
25 providers who are treating or serving persons eligible for
26 Medical Assistance under this Article. All dispensers of

1 medical services shall be required to maintain and retain
2 business and professional records sufficient to fully and
3 accurately document the nature, scope, details and receipt of
4 the health care provided to persons eligible for medical
5 assistance under this Code, in accordance with regulations
6 promulgated by the Illinois Department. The rules and
7 regulations shall require that proof of the receipt of
8 prescription drugs, dentures, prosthetic devices and
9 eyeglasses by eligible persons under this Section accompany
10 each claim for reimbursement submitted by the dispenser of
11 such medical services. No such claims for reimbursement shall
12 be approved for payment by the Illinois Department without
13 such proof of receipt, unless the Illinois Department shall
14 have put into effect and shall be operating a system of
15 post-payment audit and review which shall, on a sampling
16 basis, be deemed adequate by the Illinois Department to assure
17 that such drugs, dentures, prosthetic devices and eyeglasses
18 for which payment is being made are actually being received by
19 eligible recipients. Within 90 days after September 16, 1984
20 (the effective date of Public Act 83-1439), the Illinois
21 Department shall establish a current list of acquisition costs
22 for all prosthetic devices and any other items recognized as
23 medical equipment and supplies reimbursable under this Article
24 and shall update such list on a quarterly basis, except that
25 the acquisition costs of all prescription drugs shall be
26 updated no less frequently than every 30 days as required by

1 Section 5-5.12.

2 Notwithstanding any other law to the contrary, the
3 Illinois Department shall, within 365 days after July 22, 2013
4 (the effective date of Public Act 98-104), establish
5 procedures to permit skilled care facilities licensed under
6 the Nursing Home Care Act to submit monthly billing claims for
7 reimbursement purposes. Following development of these
8 procedures, the Department shall, by July 1, 2016, test the
9 viability of the new system and implement any necessary
10 operational or structural changes to its information
11 technology platforms in order to allow for the direct
12 acceptance and payment of nursing home claims.

13 Notwithstanding any other law to the contrary, the
14 Illinois Department shall, within 365 days after August 15,
15 2014 (the effective date of Public Act 98-963), establish
16 procedures to permit ID/DD facilities licensed under the ID/DD
17 Community Care Act and MC/DD facilities licensed under the
18 MC/DD Act to submit monthly billing claims for reimbursement
19 purposes. Following development of these procedures, the
20 Department shall have an additional 365 days to test the
21 viability of the new system and to ensure that any necessary
22 operational or structural changes to its information
23 technology platforms are implemented.

24 The Illinois Department shall require all dispensers of
25 medical services, other than an individual practitioner or
26 group of practitioners, desiring to participate in the Medical

1 Assistance program established under this Article to disclose
2 all financial, beneficial, ownership, equity, surety or other
3 interests in any and all firms, corporations, partnerships,
4 associations, business enterprises, joint ventures, agencies,
5 institutions or other legal entities providing any form of
6 health care services in this State under this Article.

7 The Illinois Department may require that all dispensers of
8 medical services desiring to participate in the medical
9 assistance program established under this Article disclose,
10 under such terms and conditions as the Illinois Department may
11 by rule establish, all inquiries from clients and attorneys
12 regarding medical bills paid by the Illinois Department, which
13 inquiries could indicate potential existence of claims or
14 liens for the Illinois Department.

15 Enrollment of a vendor shall be subject to a provisional
16 period and shall be conditional for one year. During the
17 period of conditional enrollment, the Department may terminate
18 the vendor's eligibility to participate in, or may disenroll
19 the vendor from, the medical assistance program without cause.
20 Unless otherwise specified, such termination of eligibility or
21 disenrollment is not subject to the Department's hearing
22 process. However, a disenrolled vendor may reapply without
23 penalty.

24 The Department has the discretion to limit the conditional
25 enrollment period for vendors based upon the category of risk
26 of the vendor.

1 Prior to enrollment and during the conditional enrollment
2 period in the medical assistance program, all vendors shall be
3 subject to enhanced oversight, screening, and review based on
4 the risk of fraud, waste, and abuse that is posed by the
5 category of risk of the vendor. The Illinois Department shall
6 establish the procedures for oversight, screening, and review,
7 which may include, but need not be limited to: criminal and
8 financial background checks; fingerprinting; license,
9 certification, and authorization verifications; unscheduled or
10 unannounced site visits; database checks; prepayment audit
11 reviews; audits; payment caps; payment suspensions; and other
12 screening as required by federal or State law.

13 The Department shall define or specify the following: (i)
14 by provider notice, the "category of risk of the vendor" for
15 each type of vendor, which shall take into account the level of
16 screening applicable to a particular category of vendor under
17 federal law and regulations; (ii) by rule or provider notice,
18 the maximum length of the conditional enrollment period for
19 each category of risk of the vendor; and (iii) by rule, the
20 hearing rights, if any, afforded to a vendor in each category
21 of risk of the vendor that is terminated or disenrolled during
22 the conditional enrollment period.

23 To be eligible for payment consideration, a vendor's
24 payment claim or bill, either as an initial claim or as a
25 resubmitted claim following prior rejection, must be received
26 by the Illinois Department, or its fiscal intermediary, no

1 later than 180 days after the latest date on the claim on which
2 medical goods or services were provided, with the following
3 exceptions:

4 (1) In the case of a provider whose enrollment is in
5 process by the Illinois Department, the 180-day period
6 shall not begin until the date on the written notice from
7 the Illinois Department that the provider enrollment is
8 complete.

9 (2) In the case of errors attributable to the Illinois
10 Department or any of its claims processing intermediaries
11 which result in an inability to receive, process, or
12 adjudicate a claim, the 180-day period shall not begin
13 until the provider has been notified of the error.

14 (3) In the case of a provider for whom the Illinois
15 Department initiates the monthly billing process.

16 (4) In the case of a provider operated by a unit of
17 local government with a population exceeding 3,000,000
18 when local government funds finance federal participation
19 for claims payments.

20 For claims for services rendered during a period for which
21 a recipient received retroactive eligibility, claims must be
22 filed within 180 days after the Department determines the
23 applicant is eligible. For claims for which the Illinois
24 Department is not the primary payer, claims must be submitted
25 to the Illinois Department within 180 days after the final
26 adjudication by the primary payer.

1 In the case of long term care facilities, within 120
2 calendar days of receipt by the facility of required
3 prescreening information, new admissions with associated
4 admission documents shall be submitted through the Medical
5 Electronic Data Interchange (MEDI) or the Recipient
6 Eligibility Verification (REV) System or shall be submitted
7 directly to the Department of Human Services using required
8 admission forms. Effective September 1, 2014, admission
9 documents, including all prescreening information, must be
10 submitted through MEDI or REV. Confirmation numbers assigned
11 to an accepted transaction shall be retained by a facility to
12 verify timely submittal. Once an admission transaction has
13 been completed, all resubmitted claims following prior
14 rejection are subject to receipt no later than 180 days after
15 the admission transaction has been completed.

16 Claims that are not submitted and received in compliance
17 with the foregoing requirements shall not be eligible for
18 payment under the medical assistance program, and the State
19 shall have no liability for payment of those claims.

20 To the extent consistent with applicable information and
21 privacy, security, and disclosure laws, State and federal
22 agencies and departments shall provide the Illinois Department
23 access to confidential and other information and data
24 necessary to perform eligibility and payment verifications and
25 other Illinois Department functions. This includes, but is not
26 limited to: information pertaining to licensure;

1 certification; earnings; immigration status; citizenship; wage
2 reporting; unearned and earned income; pension income;
3 employment; supplemental security income; social security
4 numbers; National Provider Identifier (NPI) numbers; the
5 National Practitioner Data Bank (NPDB); program and agency
6 exclusions; taxpayer identification numbers; tax delinquency;
7 corporate information; and death records.

8 The Illinois Department shall enter into agreements with
9 State agencies and departments, and is authorized to enter
10 into agreements with federal agencies and departments, under
11 which such agencies and departments shall share data necessary
12 for medical assistance program integrity functions and
13 oversight. The Illinois Department shall develop, in
14 cooperation with other State departments and agencies, and in
15 compliance with applicable federal laws and regulations,
16 appropriate and effective methods to share such data. At a
17 minimum, and to the extent necessary to provide data sharing,
18 the Illinois Department shall enter into agreements with State
19 agencies and departments, and is authorized to enter into
20 agreements with federal agencies and departments, including,
21 but not limited to: the Secretary of State; the Department of
22 Revenue; the Department of Public Health; the Department of
23 Human Services; and the Department of Financial and
24 Professional Regulation.

25 Beginning in fiscal year 2013, the Illinois Department
26 shall set forth a request for information to identify the

1 benefits of a pre-payment, post-adjudication, and post-edit
2 claims system with the goals of streamlining claims processing
3 and provider reimbursement, reducing the number of pending or
4 rejected claims, and helping to ensure a more transparent
5 adjudication process through the utilization of: (i) provider
6 data verification and provider screening technology; and (ii)
7 clinical code editing; and (iii) pre-pay, pre-adjudicated, or
8 post-adjudicated predictive modeling with an integrated case
9 management system with link analysis. Such a request for
10 information shall not be considered as a request for proposal
11 or as an obligation on the part of the Illinois Department to
12 take any action or acquire any products or services.

13 The Illinois Department shall establish policies,
14 procedures, standards and criteria by rule for the
15 acquisition, repair and replacement of orthotic and prosthetic
16 devices and durable medical equipment. Such rules shall
17 provide, but not be limited to, the following services: (1)
18 immediate repair or replacement of such devices by recipients;
19 and (2) rental, lease, purchase or lease-purchase of durable
20 medical equipment in a cost-effective manner, taking into
21 consideration the recipient's medical prognosis, the extent of
22 the recipient's needs, and the requirements and costs for
23 maintaining such equipment. Subject to prior approval, such
24 rules shall enable a recipient to temporarily acquire and use
25 alternative or substitute devices or equipment pending repairs
26 or replacements of any device or equipment previously

1 authorized for such recipient by the Department.
2 Notwithstanding any provision of Section 5-5f to the contrary,
3 the Department may, by rule, exempt certain replacement
4 wheelchair parts from prior approval and, for wheelchairs,
5 wheelchair parts, wheelchair accessories, and related seating
6 and positioning items, determine the wholesale price by
7 methods other than actual acquisition costs.

8 The Department shall require, by rule, all providers of
9 durable medical equipment to be accredited by an accreditation
10 organization approved by the federal Centers for Medicare and
11 Medicaid Services and recognized by the Department in order to
12 bill the Department for providing durable medical equipment to
13 recipients. No later than 15 months after the effective date
14 of the rule adopted pursuant to this paragraph, all providers
15 must meet the accreditation requirement.

16 In order to promote environmental responsibility, meet the
17 needs of recipients and enrollees, and achieve significant
18 cost savings, the Department, or a managed care organization
19 under contract with the Department, may provide recipients or
20 managed care enrollees who have a prescription or Certificate
21 of Medical Necessity access to refurbished durable medical
22 equipment under this Section (excluding prosthetic and
23 orthotic devices as defined in the Orthotics, Prosthetics, and
24 Pedorthics Practice Act and complex rehabilitation technology
25 products and associated services) through the State's
26 assistive technology program's reutilization program, using

1 staff with the Assistive Technology Professional (ATP)
2 Certification if the refurbished durable medical equipment:
3 (i) is available; (ii) is less expensive, including shipping
4 costs, than new durable medical equipment of the same type;
5 (iii) is able to withstand at least 3 years of use; (iv) is
6 cleaned, disinfected, sterilized, and safe in accordance with
7 federal Food and Drug Administration regulations and guidance
8 governing the reprocessing of medical devices in health care
9 settings; and (v) equally meets the needs of the recipient or
10 enrollee. The reutilization program shall confirm that the
11 recipient or enrollee is not already in receipt of the same or
12 similar equipment from another service provider, and that the
13 refurbished durable medical equipment equally meets the needs
14 of the recipient or enrollee. Nothing in this paragraph shall
15 be construed to limit recipient or enrollee choice to obtain
16 new durable medical equipment or place any additional prior
17 authorization conditions on enrollees of managed care
18 organizations.

19 The Department shall execute, relative to the nursing home
20 prescreening project, written inter-agency agreements with the
21 Department of Human Services and the Department on Aging, to
22 effect the following: (i) intake procedures and common
23 eligibility criteria for those persons who are receiving
24 non-institutional services; and (ii) the establishment and
25 development of non-institutional services in areas of the
26 State where they are not currently available or are

1 undeveloped; and (iii) notwithstanding any other provision of
2 law, subject to federal approval, on and after July 1, 2012, an
3 increase in the determination of need (DON) scores from 29 to
4 37 for applicants for institutional and home and
5 community-based long term care; if and only if federal
6 approval is not granted, the Department may, in conjunction
7 with other affected agencies, implement utilization controls
8 or changes in benefit packages to effectuate a similar savings
9 amount for this population; and (iv) no later than July 1,
10 2013, minimum level of care eligibility criteria for
11 institutional and home and community-based long term care; and
12 (v) no later than October 1, 2013, establish procedures to
13 permit long term care providers access to eligibility scores
14 for individuals with an admission date who are seeking or
15 receiving services from the long term care provider. In order
16 to select the minimum level of care eligibility criteria, the
17 Governor shall establish a workgroup that includes affected
18 agency representatives and stakeholders representing the
19 institutional and home and community-based long term care
20 interests. This Section shall not restrict the Department from
21 implementing lower level of care eligibility criteria for
22 community-based services in circumstances where federal
23 approval has been granted.

24 The Illinois Department shall develop and operate, in
25 cooperation with other State Departments and agencies and in
26 compliance with applicable federal laws and regulations,

1 appropriate and effective systems of health care evaluation
2 and programs for monitoring of utilization of health care
3 services and facilities, as it affects persons eligible for
4 medical assistance under this Code.

5 The Illinois Department shall report annually to the
6 General Assembly, no later than the second Friday in April of
7 1979 and each year thereafter, in regard to:

8 (a) actual statistics and trends in utilization of
9 medical services by public aid recipients;

10 (b) actual statistics and trends in the provision of
11 the various medical services by medical vendors;

12 (c) current rate structures and proposed changes in
13 those rate structures for the various medical vendors; and

14 (d) efforts at utilization review and control by the
15 Illinois Department.

16 The period covered by each report shall be the 3 years
17 ending on the June 30 prior to the report. The report shall
18 include suggested legislation for consideration by the General
19 Assembly. The requirement for reporting to the General
20 Assembly shall be satisfied by filing copies of the report as
21 required by Section 3.1 of the General Assembly Organization
22 Act, and filing such additional copies with the State
23 Government Report Distribution Center for the General Assembly
24 as is required under paragraph (t) of Section 7 of the State
25 Library Act.

26 Rulemaking authority to implement Public Act 95-1045, if

1 any, is conditioned on the rules being adopted in accordance
2 with all provisions of the Illinois Administrative Procedure
3 Act and all rules and procedures of the Joint Committee on
4 Administrative Rules; any purported rule not so adopted, for
5 whatever reason, is unauthorized.

6 On and after July 1, 2012, the Department shall reduce any
7 rate of reimbursement for services or other payments or alter
8 any methodologies authorized by this Code to reduce any rate
9 of reimbursement for services or other payments in accordance
10 with Section 5-5e.

11 Because kidney transplantation can be an appropriate,
12 cost-effective alternative to renal dialysis when medically
13 necessary and notwithstanding the provisions of Section 1-11
14 of this Code, beginning October 1, 2014, the Department shall
15 cover kidney transplantation for noncitizens with end-stage
16 renal disease who are not eligible for comprehensive medical
17 benefits, who meet the residency requirements of Section 5-3
18 of this Code, and who would otherwise meet the financial
19 requirements of the appropriate class of eligible persons
20 under Section 5-2 of this Code. To qualify for coverage of
21 kidney transplantation, such person must be receiving
22 emergency renal dialysis services covered by the Department.
23 Providers under this Section shall be prior approved and
24 certified by the Department to perform kidney transplantation
25 and the services under this Section shall be limited to
26 services associated with kidney transplantation.

1 Notwithstanding any other provision of this Code to the
2 contrary, on or after July 1, 2015, all FDA-approved forms of
3 medication assisted treatment prescribed for the treatment of
4 alcohol dependence or treatment of opioid dependence shall be
5 covered under both fee-for-service and managed care medical
6 assistance programs for persons who are otherwise eligible for
7 medical assistance under this Article and shall not be subject
8 to any (1) utilization control, other than those established
9 under the American Society of Addiction Medicine patient
10 placement criteria, (2) prior authorization mandate, (3)
11 lifetime restriction limit mandate, or (4) limitations on
12 dosage.

13 On or after July 1, 2015, opioid antagonists prescribed
14 for the treatment of an opioid overdose, including the
15 medication product, administration devices, and any pharmacy
16 fees or hospital fees related to the dispensing, distribution,
17 and administration of the opioid antagonist, shall be covered
18 under the medical assistance program for persons who are
19 otherwise eligible for medical assistance under this Article.
20 As used in this Section, "opioid antagonist" means a drug that
21 binds to opioid receptors and blocks or inhibits the effect of
22 opioids acting on those receptors, including, but not limited
23 to, naloxone hydrochloride or any other similarly acting drug
24 approved by the U.S. Food and Drug Administration. The
25 Department shall not impose a copayment on the coverage
26 provided for naloxone hydrochloride under the medical

1 assistance program.

2 Upon federal approval, the Department shall provide
3 coverage and reimbursement for all drugs that are approved for
4 marketing by the federal Food and Drug Administration and that
5 are recommended by the federal Public Health Service or the
6 United States Centers for Disease Control and Prevention for
7 pre-exposure prophylaxis and related pre-exposure prophylaxis
8 services, including, but not limited to, HIV and sexually
9 transmitted infection screening, treatment for sexually
10 transmitted infections, medical monitoring, assorted labs, and
11 counseling to reduce the likelihood of HIV infection among
12 individuals who are not infected with HIV but who are at high
13 risk of HIV infection.

14 A federally qualified health center, as defined in Section
15 1905(1)(2)(B) of the federal Social Security Act, shall be
16 reimbursed by the Department in accordance with the federally
17 qualified health center's encounter rate for services provided
18 to medical assistance recipients that are performed by a
19 dental hygienist, as defined under the Illinois Dental
20 Practice Act, working under the general supervision of a
21 dentist and employed by a federally qualified health center.

22 Within 90 days after October 8, 2021 (the effective date
23 of Public Act 102-665), the Department shall seek federal
24 approval of a State Plan amendment to expand coverage for
25 family planning services that includes presumptive eligibility
26 to individuals whose income is at or below 208% of the federal

1 poverty level. Coverage under this Section shall be effective
2 beginning no later than December 1, 2022.

3 Subject to approval by the federal Centers for Medicare
4 and Medicaid Services of a Title XIX State Plan amendment
5 electing the Program of All-Inclusive Care for the Elderly
6 (PACE) as a State Medicaid option, as provided for by Subtitle
7 I (commencing with Section 4801) of Title IV of the Balanced
8 Budget Act of 1997 (Public Law 105-33) and Part 460
9 (commencing with Section 460.2) of Subchapter E of Title 42 of
10 the Code of Federal Regulations, PACE program services shall
11 become a covered benefit of the medical assistance program,
12 subject to criteria established in accordance with all
13 applicable laws.

14 Notwithstanding any other provision of this Code,
15 community-based pediatric palliative care from a trained
16 interdisciplinary team shall be covered under the medical
17 assistance program as provided in Section 15 of the Pediatric
18 Palliative Care Act.

19 Notwithstanding any other provision of this Code, within
20 12 months after June 2, 2022 (the effective date of Public Act
21 102-1037) and subject to federal approval, acupuncture
22 services performed by an acupuncturist licensed under the
23 Acupuncture Practice Act who is acting within the scope of his
24 or her license shall be covered under the medical assistance
25 program. The Department shall apply for any federal waiver or
26 State Plan amendment, if required, to implement this

1 paragraph. The Department may adopt any rules, including
2 standards and criteria, necessary to implement this paragraph.

3 Notwithstanding any other provision of this Code, the
4 medical assistance program shall, subject to federal approval,
5 reimburse hospitals for costs associated with a newborn
6 screening test for the presence of metachromatic
7 leukodystrophy, as required under the Newborn Metabolic
8 Screening Act, at a rate not less than the fee charged by the
9 Department of Public Health. Notwithstanding any other
10 provision of this Code, the medical assistance program shall,
11 subject to appropriation and federal approval, also reimburse
12 hospitals for costs associated with all newborn screening
13 tests added on and after August 9, 2024 (the effective date of
14 Public Act 103-909) to the Newborn Metabolic Screening Act and
15 required to be performed under that Act at a rate not less than
16 the fee charged by the Department of Public Health. The
17 Department shall seek federal approval before the
18 implementation of the newborn screening test fees by the
19 Department of Public Health.

20 Notwithstanding any other provision of this Code,
21 beginning on January 1, 2024, subject to federal approval,
22 cognitive assessment and care planning services provided to a
23 person who experiences signs or symptoms of cognitive
24 impairment, as defined by the Diagnostic and Statistical
25 Manual of Mental Disorders, Fifth Edition, shall be covered
26 under the medical assistance program for persons who are

1 otherwise eligible for medical assistance under this Article.

2 Notwithstanding any other provision of this Code,
3 medically necessary reconstructive services that are intended
4 to restore physical appearance shall be covered under the
5 medical assistance program for persons who are otherwise
6 eligible for medical assistance under this Article. As used in
7 this paragraph, "reconstructive services" means treatments
8 performed on structures of the body damaged by trauma to
9 restore physical appearance.

10 Subject to federal approval, for dates of services on and
11 after January 1, 2026, over-the-counter choline dietary
12 supplements for pregnant persons shall be covered under the
13 medical assistance program.
