1 AMENDMENT TO SENATE BILL 2858

2 AMENDMENT NO. _____. Amend Senate Bill 2858 by replacing
3 everything after the enacting clause with the following:

4 "Section 5. The Illinois Vehicle Code is amended by
5 changing Section 3-421 as follows:

6 (625 ILCS 5/3-421) (from Ch. 95 1/2, par. 3-421)

7 Sec. 3-421. Right of reassignment.

8 (a) Every natural person shall have the right of
9 reassignment of the license number issued to him during the
10 current registration plate or digital registration plate term,
11 for the ensuing registration plate or digital registration
12 plate term, provided his or her application for reassignment
13 is received in the Office of the Secretary of State on or
14 before September 30 of the final year of the registration
15 plate or digital registration plate term as to a vehicle
16 registered on a calendar year, and on or before March 31 as to

1 a vehicle registered on a fiscal year. The right of
2 reassignment shall apply to every natural person under the
3 staggered registration system provided the application for
4 reassignment is received in the Office of the Secretary of
5 State by the 1st day of the month immediately preceding the
6 applicant's month of expiration.

7 In addition, every natural person shall have the right of
8 reassignment of the license number issued to him for a
9 two-year registration, for the ensuing two-year period. Where
10 the two-year period is for two calendar years, the application
11 for reassignment must be received by the Secretary of State on
12 or before September 30th of the year preceding commencement of
13 the two-year period. Where the two-year period is for two
14 fiscal years commencing on July 1, the application for
15 reassignment must be received by the Secretary of State on or
16 before April 30th immediately preceding commencement of the
17 two-year period.

18 The right of reassignment authorized under this Section
19 shall include the transfer of registration plates from one
20 vehicle owner to another vehicle owner, as long as the
21 transferor and transferee of such plates complete all forms
22 and submit all applicable fees as required by the Secretary of
23 State and this Code for the transfer of registration to a
24 vehicle that is titled in the name of the transferee. However,
25 the transfer authorized under this paragraph shall not apply
26 to registration plates which, by their nature, the transferee

1 would not be eligible to receive.

2 (b) Notwithstanding the above provision, the Secretary of
3 State shall, subject to the existing right of reassignment,
4 have the authority to designate new specific combinations of
5 numerical, alpha-numerical, and numerical-alpha licenses for
6 vehicles registered on a calendar year or on a fiscal year,
7 whether the license be issued for one or more years. The new
8 combinations so specified shall not be subject to the right of
9 reassignment, and no right of reassignment thereto may at any
10 future time be acquired.

11 (c) If a person has a registration plate in his or her name
12 and seeks to reassign the registration plate to his or her
13 spouse, the Secretary shall waive any transfer fee or vanity
14 or personalized registration plate fee upon both spouses
15 signing a form authorizing the reassignment of registration.

16 (c-1) If a person who has a registration plate in his or
17 her name seeks to reassign the registration plate to his or her
18 child, the Secretary shall waive any transfer fee or vanity or
19 personalized registration plate fee.
