1 AN ACT concerning State government.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The State Property Control Act is amended by
5 changing Section 7.3 as follows:

6 (30 ILCS 605/7.3) (from Ch. 127, par. 133b10.3)

7 Sec. 7.3. Administrator; transferable property.

8 (a) Except as otherwise provided in subsection (c), the
9 ~~The~~ Administrator shall have charge of all transferable
10 property and shall have authority to take possession and
11 control of such property in order to transfer or assign any
12 such property to any other State agency that has need or use
13 for such property or to dispose of said property in accordance
14 with Section 7 of this Act.

15 (b) The Administrator may not dispose of a transferable
16 airplane by sale until he or she determines that (i) the agency
17 no longer has a need for the airplane, (ii) the airplane will
18 not be used as a trade-in on another aircraft, and (iii) no
19 public university or college in Illinois that offers courses
20 in aviation, flight training, or other subjects involving
21 knowledge of the workings of an airplane has listed the need
22 for an airplane as provided in this Section.

23 (c) In addition to the powers granted to the Administrator

1 under this Section, the Board of Trustees of a public
2 university or college in Illinois that offers courses in
3 aviation, flight training, or other subjects involving
4 knowledge of the workings of an airplane may dispose of a
5 qualified transferable airplane, including its parts, by sale
6 to a bona fide purchaser for value and on such terms as the
7 Board shall determine are in the best interests of that public
8 university or college and are consistent with that
9 university's or college's objects and purposes. If the Board
10 of Trustees or the Administrator sells a qualified
11 transferable airplane or its parts, then the public university
12 or college may retain the proceeds from the sale in a separate
13 account for the purpose of maintaining the university's or
14 college's fleet of aircraft or for the purpose of purchasing
15 replacement aircraft. The Auditor General shall examine the
16 separate account to ensure that the use or deposit of the
17 proceeds authorized under this subsection (c) is in a manner
18 consistent with the purposes set forth in this subsection. As
19 used in this subsection, "qualified transferable airplane"
20 means a transferable airplane that is owned by a public
21 university or college in Illinois and that is used for
22 instruction in aviation, flight training, or other subjects
23 involving knowledge of the workings of an airplane.

24 (d) Responsible officers shall periodically report all
25 transferable property at locations under their jurisdictions
26 to the Administrator. The Administrator shall review such

1 reports and arrange for physical examination of said property
2 if necessary to determine if said items of transferable
3 property should be transferred to another State agency,
4 transferred to a central warehouse, or disposed of. The
5 Administrator shall advise responsible officers of the results
6 of these reviews as necessary.

7 (e) The staff under the jurisdiction of the Administrator
8 shall review as necessary State agencies' inventories for
9 potential items of transferable property. If in the opinion of
10 the Administrator's staff, any property appears to be
11 transferable, the Administrator shall notify the responsible
12 officer of his determination. The executive head of the agency
13 holding the property in question may appeal the determination
14 in writing to the Administrator.

15 (f) The Administrator will review the determination in
16 accordance with rules and procedures established pursuant to
17 Section 5 of this Act.

18 (g) The Administrator shall maintain lists of transferable
19 property and of State agency needs for such property and will
20 transfer where appropriate listed transferable property to
21 agencies listing their needs for such property as detailed by
22 their responsible officers. The Administrator must give
23 priority for transfer of an airplane, that is not to be used as
24 a trade-in, to a public university or college in Illinois that
25 offers courses in aviation, flight training, or other subjects
26 involving knowledge of the workings of an airplane and that

1 has listed the need for an airplane.
