Amends the Code of Civil Procedure. Provides that each of the following is void and unenforceable if it allows the application of Shari'a or any foreign law, legal code, or system that denies the parties the fundamental liberties, rights, and privileges guaranteed under the United States Constitution or the Illinois Constitution: (1) a ruling or decision of any state court, arbitration panel, tribunal, or administrative agency that is based, in whole or in part, on Shari'a or any foreign law, legal code, or system; (2) a contract, or contractual provision if severable, that provides for the choice of Shari'a or any foreign law, legal code, or system; or (3) a contract, or contractual provision if severable, that grants jurisdiction to a foreign tribunal if a ruling, decision, or provision allows the application of Shari'a or any foreign law, legal code, or system that denies the parties the fundamental liberties, rights, and privileges guaranteed under the United States Constitution or the Illinois Constitution. Sets forth exceptions. Prohibits a court, arbitration panel, tribunal, or administrative agency from transferring any civil action if the transfer would result in the application of Shari'a or any foreign law, legal code, or system that would violate or likely violate the fundamental liberties, rights, and privileges of the parties guaranteed under the United States Constitution or the Illinois Constitution.

Amends the School Code. Requires all school officials to immediately notify the office of the principal in the event that they: observe any person in possession of a firearm on school grounds; become aware of any person in possession of a firearm on school grounds; or become aware of any threat of gun violence on school grounds. If there is a report filed notifying a local law enforcement agency of any of such event, requires the principal to immediately notify the student's parent or guardian and, in coordination with the local law enforcement agency, to attempt to meet with the student's parent or guardian to ensure the student does not have access to a firearm. Effective immediately.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the contents of the bill, but provides that the principal or principal's designee (rather than the principal or principal's designee in coordination with the local law enforcement agency) shall attempt to contact (rather than meet with) the student's parent or guardian to ensure the student does not have access to a firearm. Effective immediately.

House Floor Amendment No. 2

Provides that if the report pertains to a threat of firearm violence made by a student, the principal or the principal's designee shall attempt to (rather than immediately) notify that student's parent or guardian as soon as possible. Provides that the principal or principal's designee shall further attempt to contact the student's parent or guardian so that the parent or guardian may ensure that the student does not have access to a firearm.

Amends the Illinois Public Accounting Act. Changes the definition of "CPA firm" to remove a reference to limited liability companies and to include professional limited liability companies. Changes references from "substantial equivalency" to "enhanced mobility". Changes provisions regarding substantial equivalency for an individual whose principal place of business is not in the State but who has a valid CPA license issued by another state to require that the licensure requirements of the issuing state must be equivalent to the criteria in the Act or, if the licensure requirements of the issuing state are not equivalent, to require that the individual must petition the Public Accountant Registration and Licensure Committee for, and obtain from the Public Accountant Registration and Licensure Committee, an equivalency determination (instead of requiring a verification of the criteria by the National Qualification Appraisal Service of the National Association of State Boards of Accountancy). Provides that, on and after January 1, 2027, the Department may license as licensed CPAs, individuals who have received a bachelor's degree in accounting from an accredited college or university and an exam certificate or certification from the Board and have had at least 2 years of experience as defined by Department of Financial and Professional Regulation rule. Provides that, on and after January 1, 2027, the Department may license as licensed CPAs individuals who have received a master's degree, a bachelor's degree with 30 hours of accounting from an accredited college or university and an exam certificate or certification from the Board, and at least one year of experience as defined by Department rule. Changes the organization that the Department may rely on for enhanced mobility determinations from the National Qualification Appraisal Service of the National Association of State Board of Accountancy to the Public Accountant Registration and Licensure Committee. Amends the Criminal Code of 2012. Changes the statute of limitations for grooming to provide that when the victim is under 17 years of age at the time of the offense, a prosecution for grooming may be commenced within 10 years after the victim or the person with a disability attains 17 years of age. Changes the name of the offense of child pornography to child sexual abuse material. Deletes references to criminal transmission of HIV in various statutes. In the Sex Offenses Article of the Criminal Code of 2012, provides a definition for "unable to give knowing consent" and changes the definition of "family member" to include a sibling and an accused who has resided in the household for at least 3 (rather than 6) months. Provides that a person commits sexual exploitation of a child if in the presence or virtual presence, or both, of a child and with knowledge that a child or one whom he or she believes to be a child would view his or her acts, that person knowingly entices, coerces, or persuades a child to participate in the production of the recording or memorializing a sexual act of persons ages 18 or older. Provides that a violation of this provision of sexual exploitation of a child is a Class 4 felony. Provides that a defendant, in order to commit grooming, must be 5 years or more older than the groomed child, or hold a position of trust, authority, or supervision in relation to the child at the time of the offense. Amends the Code of Criminal Procedure of 1963. Provides that the court may set any conditions it finds just and appropriate on the taking of testimony of a victim or witness who is under 18 years of age or an intellectually disabled person or a person affected by a developmental disability (rather than a victim who is a child under the age of 18 years or a moderately, severely, or profoundly intellectually disabled person or a person affected by a developmental disability) involving the use of a facility dog in any criminal proceeding. Makes other changes concerning the admissibility of evidence in cases involving involuntary servitude, involuntary sexual servitude of a minor, and trafficking in persons. Amends various Acts to change references from "child pornography" to "child sexual abuse material".

Provides that the notice shall be mailed or electronically delivered with the customers' bills, on a page separate from the bill itself, and in no less than 12-point font. Provides that the notice shall include (i) information about the public meeting being held prior to the acquisition, (ii) information on the public body that will make the decision regarding the sale of the water or sewer utility, and (iii) a comparison of the current rate being charged by the water or sewer utility being acquired, the rate that is expected to be charged immediately following the acquisition, and the effect on rates if the acquisition does not proceed.

Amends the Illinois State Police Law. Provides that, beginning January 1, 2026, all 9-1-1 telecommunicators who provide dispatch for emergency medical conditions shall be required to be trained, utilizing the most current nationally recognized emergency cardiovascular care guidelines, in high-quality telecommunicator cardiopulmonary resuscitation (T-CPR). Defines telecommunicator cardiopulmonary resuscitation for the purposes of the provisions.

House Committee Amendment No. 1

Adds reference to:

In the Illinois State Police Law, removes provisions requiring the Office of the Statewide 9-1-1 Administrator, in consultation with the Statewide 9-1-1 Advisory Board, to develop comprehensive guidelines for training and adopt rules and minimum standards for continuing education on emergency medical dispatch. Amends the Emergency Medical Services (EMS) Systems Act. Requires an emergency medical dispatcher to complete a training course in telecommunicator cardiopulmonary resuscitation (T-CPR) in accordance with rules adopted by the Illinois Department of Public Health. Requires each emergency medical dispatcher to provide prearrival instructions and telecommunicator cardiopulmonary resuscitation (T-CPR) in compliance with protocols selected and approved by the system's EMS medical director and approved by the Department (rather than provide prearrival instructions in compliance with protocols selected and approved by the system's EMS medical director and approved by the Department).

HB 01697 (Continued)

Replaces everything after the enacting clause. Provides that the amendatory Act may be referred to as the Prescription Drug Affordability Act. Amends the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois. Provides that the Department of Insurance shall use moneys deposited into the DCEO Projects Fund pursuant to specified provisions of the Illinois Insurance Code to make a grant to a statewide retail association representing pharmacies to promote access to pharmacies and pharmacist services. Amends the Illinois Insurance Code. Makes changes to defined terms in provisions concerning pharmacy benefit manager contracts. Provides that a pharmacy benefit manager or an affiliate acting on its behalf shall not conduct spread pricing, steer a covered individual, or limit a covered individual's access to drugs from a pharmacy or pharmacist enrolled with the health benefit plan under the terms offered to all pharmacies in the plan coverage area by designating the covered drug as a specialty drug contrary to the specified definition. Provides that a pharmacy benefit manager or affiliated rebate aggregator must remit no less than 100% of any amounts paid by a pharmaceutical manufacturer, wholesaler, or other distributor of a drug. Provides that the contract between the pharmacy benefit manager and the insurer or health benefit plan sponsor must allow and provide for the pharmacy benefit manager's compliance with an audit at least once per calendar year of the rebate and fee records remitted from a pharmacy benefit manager or its affiliated party to a health benefit plan. Provides that the changes made to provisions concerning pharmacy benefit manager contracts by the Act shall apply with respect to any health benefit plan that provides coverage for drugs that is amended, delivered, issued, or renewed on or after January 1, 2026. Sets forth provisions concerning pharmacy benefit manager reporting requirements. In provisions concerning pharmacy benefit manager licensure requirements, provides that on or before August 1, 2025, the pharmacy benefit manager shall submit a report to the Department that lists the name of each health benefit plan it administers, provides the number of covered individuals for each health benefit plan as of the date of submission, and provides the total covered individuals across all health benefit plans the pharmacy benefit manager administers. Provides that on or before September 1, 2025, a registered pharmacy benefit manager, as a condition of its authority to transact business in the State, must submit to the Department an amount equal to $15 or an alternate amount as determined by the Director by rule per covered individual enrolled by the pharmacy benefit manager in the State. Provides that on or before September 1, 2026 and each September 1 thereafter, payments submitted in provisions concerning pharmacy benefit manager licensure requirements shall be based on the number of covered individuals reported to the Department in specified provisions of the Illinois Insurance Code. Makes changes to provisions concerning examinations of registered pharmacy benefit managers. Amends the Illinois Public Aid Code. Makes changes to provisions concerning critical access care pharmacies. In provisions concerning pharmacy benefits, provides that a pharmacy benefit manager must comply with all provisions of the Pharmacy Benefit Managers Article of the Illinois Insurance Code to the extent that the provisions do not prevent the application of any provision of the Article or applicable federal law. Amends the State Employees Group Insurance Act of 1971 and the School Code to require coverage from specified provisions of the Illinois Insurance Code under the provisions of those Acts. Amends the Juvenile Court Act of 1987, the Unified Code of Corrections, and the County Jail Act to require specified contracts and pharmacy benefit manager activities to be subject to the Pharmacy Benefit Managers Article of the Illinois Insurance Code and the authority of the Director of Insurance to enforce those provisions. Makes other changes. Effective January 1, 2026, except that certain provisions are effective immediately.

Senate Floor Amendment No. 4

In an applicability provision concerning violations of pharmacy benefit manager contract requirements, specifies that the provisions do not apply to a contract directly between a 340B entity and the plan sponsor of a self-funded, single-employer or multiemployer (rather than only single-employer) employee welfare benefit plan subject to 29 U.S.C. 1144. In provisions concerning amounts transferred to the Prescription Drug Affordability Fund, specifies that the first $25,000,000 transferred into the DCEO Projects Fund shall be for grants to pharmacies under specified provisions of the Department of Commerce and Economic Opportunity Law. Removes provision excluding a pharmacy that participates or contracts in the 340B program as a contract pharmacy from the definition of "critical access pharmacy". Provides that 340B pharmacies that are participants in the critical access care pharmacy program shall only be reimbursed for the actual acquisition costs of the 340B covered drugs dispensed to participants in the State's medical assistance program as defined in the Illinois Public Aid Code.

Senate Floor Amendment No. 5

Removes language providing that moneys deposited into the Prescription Drug Affordability Fund shall be used to pay the expenses of the Department of Insurance.

20 ILCS 2105/2105-17

Amends the Department of Professional Regulation Law of the Civil Administrative Code of Illinois. In a provision concerning the requirements that a health care professional must meet before he or she can have his or her license placed on volunteer status (rather than being granted a volunteer license), provides that a health care professional must possess an active license that is not currently subject to discipline or under investigation by the Department of Financial and Professional Regulation (rather than satisfaction of all requirements of the State licensing Act that applies to his or her health care profession and the rules adopted under the Act). Removes the volunteer licensure fee and removes references to volunteer licenses. Provides that a health care professional whose license is in volunteer status may request that the Department change the status of the license to active as long as the request for the change is made during the same renewal period in which the license was previously active or the license is renewed in the same manner, at the same time, and with the same conditions as an active license. Provides that a health care professional who holds an active license that was previously a volunteer license is subject to the requirements of the State licensing Act that applies to his or her health care profession and the rules adopted under the relevant Act. Provides that the Department may adopt rules for the administration of the provisions regarding volunteer licenses (rather than determining by rule the total number of volunteer licenses to be issued). Makes conforming and other changes.

House Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Provides that a health care professional whose license is in volunteer status may request the Department of Financial and Professional Regulation to change the status to active as long as the request to be active is made during the same renewal period in which the license was previously active or the health care professional renews in the same manner and at the same time with the same conditions as an active license (rather than as long as the request for the change is made during the same renewal period in which the license was previously active or the license is renewed in the same manner, at the same time, and with the same conditions as an active license). Removes language providing that a health care professional who holds an active license that was previously a volunteer license is subject to the requirements of the State licensing Act that applies to his or her health care profession and the rules adopted under the relevant Act. Makes a conforming change.

20 ILCS 2105/2105-17

Amends the Department of Professional Regulation Law of the Civil Administrative Code of Illinois. In a provision concerning the requirements that a health care professional must meet before he or she can have his or her license placed on volunteer status (rather than being granted a volunteer license), provides that a health care professional must possess an active license that is not currently subject to discipline or under investigation by the Department of Financial and Professional Regulation (rather than satisfaction of all requirements of the State licensing Act that applies to his or her health care profession and the rules adopted under the Act). Removes the volunteer licensure fee and removes references to volunteer licenses. Provides that a health care professional whose license is in volunteer status may request that the Department change the status of the license to active as long as the request for the change is made during the same renewal period in which the license was previously active or the license is renewed in the same manner, at the same time, and with the same conditions as an active license. Provides that a health care professional who holds an active license that was previously a volunteer license is subject to the requirements of the State licensing Act that applies to his or her health care profession and the rules adopted under the relevant Act. Provides that the Department may adopt rules for the administration of the provisions regarding volunteer licenses (rather than determining by rule the total number of volunteer licenses to be issued). Makes conforming and other changes.

House Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Provides that a health care professional whose license is in volunteer status may request the Department of Financial and Professional Regulation to change the status to active as long as the request to be active is made during the same renewal period in which the license was previously active or the health care professional renews in the same manner and at the same time with the same conditions as an active license (rather than as long as the request for the change is made during the same renewal period in which the license was previously active or the license is renewed in the same manner, at the same time, and with the same conditions as an active license). Removes language providing that a health care professional who holds an active license that was previously a volunteer license is subject to the requirements of the State licensing Act that applies to his or her health care profession and the rules adopted under the relevant Act. Makes a conforming change.

Rep. Nicole La Ha

40 ILCS 5/15-139 from Ch. 108 1/2, par. 15-139

Amends the State Universities Article of the Illinois Pension Code. In provisions concerning the suspension of retirement annuities for certain reemployment, provides that the provisions do not apply to an annuitant for any period of service on or after March 9, 2020 during which the annuitant returns to employment under the Article to perform a critical operation during a state of emergency or disaster that is declared by the Governor. Provides that, if an annuitant returns to employment for an employer under the Article during such a period, the annuitant is eligible to receive compensation from an employer for that service and benefits for prior service under the Article, but employee and employer contributions under the Article during that period of reemployment are not required. Provides that service and compensation earned for such reemployment shall not be used to recalculate the annuitant's benefits under the Code. For reemployment to perform a critical operation during a state of emergency or disaster declared by the Governor and that occurred on or after on or after March 9, 2020 and before the effective date of the amendatory Act: requires the System to pay to the annuitant the amount of the suspended or cancelled pension benefits with interest at the effective rate from the date of the suspension or cancellation of the benefit to the date of payment; and, if an annuitant repaid benefits to the System under the provisions, requires the System to pay to the annuitant the amount of that repayment with interest at the effective rate from the date of the annuitant's repayment of benefits to the date of the System's repayment to the annuitant. Provides that an annuitant's benefits shall not be suspended if the annuitant made an employment-related decision having reasonably relied on a statement or statements by a representative or representatives of the System that benefits would not be suspended if such a decision were made. Provides that the amendatory Act applies without regard to whether the annuitant was in service on or after the effective date of the amendatory Act. Effective immediately.

In provisions concerning exemptions, provides that poultry raisers with respect to poultry raised on the poultry raisers' own farms are exempt from the provisions if such raisers slaughter, eviscerate, or further process not more than 7,500 (rather than 5,000) poultry during the calendar year for which the exemption is being granted, and such poultry or poultry products are slaughtered, otherwise prepared, sold or delivered to the consumer on or from the premises for which the exemption is given, including sales at the poultry raiser's farm, at a farmers' market, at a roadside stand, or through delivery to the consumer (rather than only for which the exemption is given), in addition to other criteria. Adds the following requirements to provisions exempting poultry raisers with respect to poultry raised on the poultry raisers' own farms: (i) there is at least one person who is responsible for all periods of operation for the premises for which the exemption is given who has successfully obtained a certification as a Certified Food Protection Manager from a program that is accredited by the American National Standards Institute; (ii) the poultry products are labeled in at least 10-point font to include the producer's name and address, the date on which the poultry product was processed, and the statement "NOT INSPECTED-Exempt P.L. 90-492"; and (iii) at the point of sale, notice is provided in a prominent location and states the following: "These poultry products were processed in an on-farm facility that is exempt from continuous inspection by the Illinois Department of Agriculture or the United States Department of Agriculture.". 305 ILCS 5/12-4.33a new

Amends the Administration Article of the Illinois Public Aid Code. Provides that subject to appropriation and any necessary federal waivers or approvals, the Department of Human Services shall develop and implement a transitional benefits program for Temporary Assistance for Needy Families (TANF) and the Supplemental Nutrition Assistance Program (SNAP) that is designed in such a way that a TANF or SNAP beneficiary will not experience an immediate loss of benefits should the beneficiary's income exceed the maximum allowable income under the TANF or SNAP program. Provides that the transitional benefits offered shall gradually step down the beneficiary's monthly benefit proportionate to the increase in the beneficiary's income. Sets forth monthly benefits amounts based on monthly household income. Requires beneficiaries to comply with TANF and SNAP work requirements. Provides that, subject to appropriation, the Department shall implement, by July 1, 2026, a program to allow recipients to receive transitional child care benefits without the requirement that such recipients first be eligible for full child care benefits. Provides that transitional child care benefits shall be determined on a sliding scale for recipients with household incomes in excess of the eligibility level for full benefits. Sets forth the sliding benefit schedule for the program. Requires the Department to track the number of participants in the program and issue an annual report to the General Assembly by September 1, 2027 and by September 1 each year thereafter, detailing the effectiveness of the program in encouraging recipients to secure employment earning an income greater than the maximum wage eligible for the full child care benefit. Requires the Department to pursue all necessary waivers from the federal government to implement the program. Provides that upon federal approval, the Department shall limit any initial application for the SNAP, TANF, or the Child Care Assistance Program to a one-page form that is easily accessible on the Department's website. Provides that persons participating in TANF, SNAP, or the Child Care Assistance Program who are required to complete a periodic eligibility review form, may submit such form as an attachment to their Illinois income tax return. Requires the Department of Human Services and the Department of Revenue to adopt rules. Effective immediately.

Rep. Jaime M. Andrade, Jr.-Wayne A. Rosenthal-Harry Benton-Anthony DeLuca and Sharon Chung (Sen. Laura M. Murphy)

New Act
5 ILCS 140/7.5
625 ILCS 5/3-400 from Ch. 95 1/2, par. 3-400
625 ILCS 5/11-612
625 ILCS 7/Act rep.

Creates the Highway Work Zone Safety Act. Requires the Department of Transportation, in coordination with the Illinois State Police, to establish the Highway Work Zone Speed Control Program for the purposes of enforcing the speed limits established for construction or maintenance speed zones. Requires the Illinois State Police, in conjunction with the Department of Transportation and the Illinois State Toll Highway Authority, to set up and operate automated traffic control systems in highway construction and maintenance speed zones to detect violations of posted work zone speed limits. Allows the Department of Transportation or the Illinois State Police to employ automated traffic control system operators to operate automated traffic control systems in construction or maintenance speed zones. Provides, with exceptions, that information and photographs or recorded images collected under the Program are not discoverable by court order as evidence in a proceeding. Requires information and photographs or recorded images collected under the Program to be destroyed not later than 2 years after the date the information and photographs or recorded images are collected. Provides that information and photographs or recorded images collected under the Program are the exclusive property of the State and not the property of the manufacturer or vendor of the automated traffic control system. Prohibits the use of a photograph or recorded image obtained through the use of an automated traffic control system for the purpose of enforcing a traffic offense. Provides that a person who owns a motor vehicle that is identified by an automated traffic control system as operating in a construction or maintenance speed zone at a speed in excess of the posted speed limit commits a civil law violation that is punishable by a minimum fine of $100 and a maximum fine of $200. Grants rulemaking authority to the Department of Transportation to implement and administer the Act. Makes other changes. Makes corresponding changes in the Freedom of Information Act and the Illinois Vehicle Code. Repeals the Automated Traffic Control Systems in Highway Construction or Maintenance Zones Act. Effective January 1, 2027, except provisions regarding procurement and rulemaking are effective immediately.

House Committee Amendment No. 1

Adds reference to:
625 ILCS 5/11-605.1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes. Changes the term "automatic traffic control system" to "work zone speed safety camera system". Changes the name of the Program from the Highway Work Zone Speed Control Program to the Highway Work Zone Safety Speed Control Program. Removes language providing that information collected under the Program must be destroyed not later than 2 years after the date the information is collected. Further amends the Illinois Vehicle Code. Provides that highway construction or maintenance speed zone special speed limit signs must state that higher fines apply (rather than state the amount of the minimum fine) for a violation. Changes the effective date of the date to immediate, except that the repeal of the Automated Traffic Control Systems in Highway Construction or Maintenance Zones Act is effective January 1, 2027.

House Floor Amendment No. 3

Representative Wayne A. Rosenthal

HB 02857 (Continued)

Adds reference to:

625 ILCS 5/12-502	from Ch. 95 1/2, par. 12-502

Further amends the Illinois Vehicle Code. Allows public transit vehicles to use an electronic rear-view monitoring system on commercial motor vehicles owned by the agency and the mirror requirements of the Code of Federal Regulations so long as an exemption to the Code of Federal Regulations granted by the Federal Motor Carrier Safety Administration remains in effect.

New Act
105 ILCS 5/27A-5

Creates the Right to Play Act. Provides that a student who is a member of a school athletic activity may participate in a nonschool athletic activity that is of the same sport as the school athletic activity during the season in which the student participates in the school athletic activity without losing eligibility to participate in the school athletic activity, provided that the student may not participate in both the nonschool athletic activity and a school athletic practice or competition for the same sport on the same day.

House Floor Amendment No. 1

Provides that the student may participate with a waiver granted by the principal or athletic director from the student's school. Provides that the waiver may also apply to "all-star team" events and that up to 2 waivers per student may be granted over the course of each school year. Requires the waiver to be reported by the school granting the waiver to an association or other entity that has as one of its purposes promoting, sponsoring, regulating, or in any manner providing for interscholastic athletics or any form of athletic competition among schools and students within the State. Removes language that provides that the student may not participate in both the nonschool athletic activity and a school athletic practice or competition for the same sport on the same day. Corrects terminology and typographical errors.

Amends the Service Member Employment and Reemployment Rights Act. In a provision concerning differential compensation, changes the definition of "work days" to mean the actual number of shifts (rather than days) the employee would have worked during the period of military leave but for the service member's military obligation. Further provides that work days are tabulated without regard for the number of hours in a shift (rather than work day), regardless if the shift extends into the next day. Removes a provision providing that work hours that extend into the next calendar day count as 2 work days.

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following additional changes: Provides that a service member whose employment with an employer is interrupted by a period of active service shall be permitted, upon request of that service member, to use during such period of service any vacation, annual, or similar leave with pay accrued by the service member before the commencement of such period of active service. In a provision concerning concurrent compensation for public employees who are members of a reserve component, provides that such public employees may receive concurrent compensation for both annual training orders and orders in lieu of annual training in the same calendar year; however, the combined total of their concurrent compensation shall not exceed 30 days in a calendar year. In a provision concerning differential compensation, provides that after a public employee is absent from his or her employment for a consecutive period of 365 days while performing voluntary active service, the employee's entitlement to differential compensation shall be terminated. Further provides that the public employee's right to differential pay shall be reinstated upon the employee's return to work with his or her employer for more than 90 calendar days. Provides that public employees are not entitled to differential pay for periods of unpaid active service including, but not limited to: travel to and from military orders, rest periods immediately before or after military orders, and military service in which the public employee does not receive pay from the military. Provides that "work days" are tabulated up to 24 continuous hours in a shift, regardless if the shift extends into the next calendar day; and a shift that extends beyond 24 continuous hours will be calculated as an additional work day. Makes the bill effective immediately.

Senate Floor Amendment No. 1

In provisions concerning differential compensation for public employees during periods of military leave, provides that after a public employee is absent from his or her employment for a consecutive 3-year period (rather than for a consecutive period of 365 days) while performing voluntary active service, the employee's entitlement to differential compensation shall be terminated.

New Act

Creates the Local Government Billing Act. Provides that the corporate authorities of a unit of local government shall bill for any utility service, including previously unbilled service, within 12 months (for residential customers) or 24 months (for non-residential customers) after the provision of the utility service. Provides exceptions to the time limits for billing when the customer prevented the utility from accurately reading the meter. Provides that the corporate authorities shall not intentionally delay billing beyond the normal billing cycle, shall label amounts attributed to previously unbilled service as such, shall prorate previously unbilled service amounts to reflect varying rates during the unbilled time, and shall provide the customer with a payment arrangement option for previously unbilled service amounts. Provides that customers may be billed for unpaid amounts that were billed to a customer before the effective date of the Act for service that was supplied to the customer before January 1, 2026. Provides that customers may be billed for unpaid amounts if the customer was notified that there is an unpaid amount before the effective date of the Act for service that was supplied to the customer before January 1, 2026. Provides that there is no time limit for the corporate authorities of a unit of local government to collect previously unbilled service attributed to tampering, theft of service, fraud, or the customer preventing the utility's recorded efforts to obtain an accurate reading of the meter.

Amends the Illinois State Police Law. Provides that, beginning January 1, 2026, all 9-1-1 telecommunicators who provide dispatch for emergency medical conditions shall be required to be trained, utilizing the most current nationally recognized emergency cardiovascular care guidelines, in high-quality telecommunicator cardiopulmonary resuscitation (T-CPR). Requires an emergency medical dispatcher to complete a training course in telecommunicator cardiopulmonary resuscitation (T-CPR) in accordance with rules adopted by the Illinois Department of Public Health. Requires each emergency medical dispatcher to provide prearrival instructions and telecommunicator cardiopulmonary resuscitation (T-CPR) in compliance with protocols selected and approved by the system's EMS medical director and approved by the Department (rather than provide prearrival instructions in compliance with protocols selected and approved by the system's EMS medical director and approved by the Department).

Amends the Juvenile Court Act of 1987, the Unified Code of Corrections, and the County Jail Act to require specified contracts and pharmacy benefit manager activities to be subject to the Pharmacy Benefit Managers Article of the Illinois Insurance Code and the authority of the Director of Insurance to enforce those provisions. Makes other changes. Effective January 1, 2026, except that certain provisions are effective immediately.

Senate Floor Amendment No. 4

Representative Ryan Spain

HB 01697 (Continued)

In an applicability provision concerning violations of pharmacy benefit manager contract requirements, specifies that the provisions do not apply to a contract directly between a 340B entity and the plan sponsor of a self-funded, single-employer or multiemployer (rather than only single-employer) employee welfare benefit plan subject to 29 U.S.C. 1144. In provisions concerning amounts transferred to the Prescription Drug Affordability Fund, specifies that the first $25,000,000 transferred into the DCEO Projects Fund shall be for grants to pharmacies under specified provisions of the Department of Commerce and Economic Opportunity Law. Removes provision excluding a pharmacy that participates or contracts in the 340B program as a contract pharmacy from the definition of "critical access pharmacy". Provides that 340B pharmacies that are participants in the critical access care pharmacy program shall only be reimbursed for the actual acquisition costs of the 340B covered drugs dispensed to participants in the State's medical assistance program as defined in the Illinois Public Aid Code.

Senate Floor Amendment No. 5

225 ILCS 53/1

Adds reference to:
225 ILCS 650/5 from Ch. 56 1/2, par. 305

Replaces everything after the enacting clause. Amends the Meat and Poultry Inspection Act. In provisions concerning exemptions, provides that poultry raisers with respect to poultry raised on the poultry raisers' own farms are exempt from the provisions if such raisers slaughter, eviscerate, or further process not more than 7,500 (rather than 5,000) poultry during the calendar year for which the exemption is being granted, and such poultry or poultry products are slaughtered, otherwise prepared, sold or delivered to the consumer on or from the premises for which the exemption is given, including sales at the poultry raiser's farm, at a farmers' market, at a roadside stand, or through delivery to the consumer (rather than only for which the exemption is given), in addition to other criteria. Adds the following requirements to provisions exempting poultry raisers with respect to poultry raised on the poultry raisers' own farms: (i) there is at least one person who is responsible for all periods of operation for the premises for which the exemption is given who has successfully obtained a certification as a Certified Food Protection Manager from a program that is accredited by the American National Standards Institute; (ii) the poultry products are labeled in at least 10-point font to include the producer's name and address, the date on which the poultry product was processed, and the statement "NOT INSPECTED-Exempt P.L. 90-492"; and (iii) at the point of sale, notice is provided in a prominent location and states the following: "These poultry products were processed in an on-farm facility that is exempt from continuous inspection by the Illinois Department of Agriculture or the United States Department of Agriculture.". Provides that a notice on a physical display shall be displayed on a placard and a notice displayed online shall be displayed in the form of a message on the farm's online sales interface at the point of sale.

Senate Floor Amendment No. 2

Replaces various references to "sexual assault" with "acute sexual assault". Deletes the definition of "prepubescent sexual assault survivor". Changes provisions regarding hospitals located in counties with a population of less than 1,000,000 and within a 20-mile radius of a 4-year public university with respect to a sexual assault treatment plan approved by the Department of Public Health. Makes changes in various provisions concerning plans of correction and penalties for hospitals that commit specified violations of the Act. In provisions regarding requirements for medical forensic services, provides that the provisions of the Act are not intended to prohibit a qualified medical provider from offering an Illinois Sexual Assault Evidence Collection Kit to a sexual assault survivor who presents at a treatment hospital or approved pediatric health care facility with a nonacute complaint of sexual assault if there is a compelling reason for evidence collection, or upon the request of the survivor. In provisions regarding the prohibition on billing sexual assault survivors directly for certain services, changes references to the Office of the Attorney General to references to the Department of Healthcare and Family Services.

HB 02374 (Continued)

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Changes references to "sexual assault survivors" to references to "acute sexual assault survivors". In provisions regarding minimum requirements for medical forensic services provided to sexual assault survivors by hospitals and approved pediatric health care facilities, provides that nothing in those provisions is intended to prohibit a qualified medical provider from offering an Illinois Sexual Assault Evidence Collection Kit to a sexual assault survivor who presents at a treatment hospital, treatment hospital with approved pediatric transfer, or approved pediatric health care facility with a nonacute complaint of sexual assault according to the qualified medical provider's clinical discretion based on best practices for indications for evidence collection. Makes changes to provisions regarding continuing education and competency to remain on the Qualified Medical Provider List. Allows for virtual or telephonic consultation in providing certain information. Adds references to approved pediatric health care facilities. Provides that medical forensic services shall be provided with the consent of the sexual assault survivor, with certain requirements. Makes changes to provisions regarding a sexual assault services voucher. In provisions regarding written consent to the release of sexual assault evidence for testing, provides for an agent acting under a health care power of attorney, and provides that, if a parent, guardian, or health care power of attorney is unwilling to release sexual assault evidence, then a State's Attorney or the Attorney General may petition the court to authorize its release. Merges provisions regarding complaints with provisions regarding penalties and further provides for procedures, warnings, and civil penalties (rather than a petty offense, with certain requirements). Provides that fines shall be deposited into the Sexual Assault Survivor Treatment Regulation Fund. Makes changes to provisions regarding the Sexual Assault Nurse Examiner Program. Provides for a qualified medical provider list. Describes Sexual Assault Nurse Examiner and Sexual Assault Forensic Examiner qualifications. Defines terms. Makes other changes. Provides that provisions regarding the qualified medical provider list and Sexual Assault Nurse Examiner and Sexual Assault Forensic Examiner qualifications are effective January 1, 2026. Makes conforming changes in the State Finance Act.

State Mandates Fiscal Note (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Balanced Budget Note (Office of Management and Budget)
Please be advised that the Balanced Budget Note Act does not apply to House Bill 3350, as Introduced, as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Judicial Note (Admin Office of the Illinois Courts)
Based on a review of HB 3350, the legislation will not increase or decrease the number of judges needed in the State of Illinois.

Pension Note (Government Forecasting & Accountability)
HB 3350 shall have no impact on any public pension fund or retirement system in the State of Illinois.

State Debt Impact Note (Government Forecasting & Accountability)
HB 3350 would not change the amount of authorization for any type of Stateissued bond, and, therefore, would not affect the level of State indebtedness

Fiscal Note (Financial & Professional Regulation)
The Illinois Department of Financial and Professional Regulations (IDFPR) estimates that implementing House Bill 3350 will require three additional staff members, resulting in an estimated cost of $942,800. However, the bill does not include a dedicated revenue source to offset these expenditures. As a result, these costs are not accounted for in the Governor's introduced budget, placing an additional financial burden on the department. Without a corresponding increase in revenue, the department will be required to absorb these costs within its existing budget, which would negatively impact its appropriations authority and fund balance. This unfunded mandate could strain IDFPR'S ability to effectively carry out its regulatory responsibilities.

Correctional Note (Dept of Corrections)
House Bill 3350 would result in no increase to the corrections population and have no fiscal impact on the Department over the first ten years after enactment.

New Act

Creates the Educational Credit for Firefighting Experience Act. Provides that before June 1, 2027, each institution of higher education shall adopt a policy regarding its awarding of academic credit for firefighter training considered applicable to the requirements of a student's certificate or degree program. Requires the policy to apply to any individual who is enrolled in the institution of higher education and who has completed a firefighting training course or program that meets certain requirements. Provides that each institution of higher education shall develop a procedure for receiving the necessary documentation, provide a copy of its policy to certain applicants, and develop and maintain a list of qualifying firefighting training courses and programs. Provides that each institution of higher education shall submit its policy for awarding academic credit to the Board of Higher Education and the Illinois Community College Board, if applicable, before June 30, 2027 and before June 30 of each year thereafter. Provides that the Board of Higher Education shall collect data in the Illinois Higher Education Information System on students who are firefighters to assess enrollment and completion outcomes.

House Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes: Specifies that the institutions of higher education that have to adopt a policy under the Act are institutions of higher education with an applicable program that offers at least one course for credit hours recommended for equivalency by a national higher education association that provides credit recommendations for firefighting training courses and programs. Requires the policy to be submitted by March 31, 2027 and by March 31 of each year thereafter for the policy that is effective in the subsequent fall semester (rather than by June 30, 2027 and before June 30 of each year thereafter). Provides that the policy shall be incorporated into the institution's credit for prior learning policies required to be submitted pursuant to the Credit for Prior Learning Act. Removes language requiring the Board of Higher Education to collect data in the Illinois Higher Education Information System on students who are firefighters to assess enrollment and completion outcomes.

Amends the Criminal Code of 2012. Creates the Critical Infrastructure Protection Law Article within the Code. Defines "critical infrastructure facility". Provides for criminal penalties, based upon the value of the property, for knowingly damaging, destroying, vandalizing, defacing, tampering with, or stealing equipment or assets of or in a critical infrastructure facility. Provides that any person who violates the Article is liable to the owner of the property for compensatory damages and, in addition, for punitive damages in an amount not less than 3 times the amount of the compensatory damages. Provides that any person or entity that compensates, provides consideration to, or remunerates a person for property stolen in violation of the Article is liable to the owner of the property for compensatory damages and, in addition, for punitive damages in an amount not less than 3 times the amount of the compensatory damages. Provides that it is an affirmative defense to this provision that the defendant was a bona fide purchaser for value who did not know, or have reason to know, that the property was stolen. Provides that, with exceptions, all items of personal property that are used, have been used, or are intended for use, in perpetration of theft or damage to a critical infrastructure facility are subject to forfeiture.

Rep. Patrick Windhorst-Dan Ugaste, Jennifer Sanalitro, Kevin Schmidt, Patrick Sheehan, Tom Weber, Regan Deering and Tony M. McCombie

725 ILCS 5/110-3 from Ch. 38, par. 110-3

Amends the Criminal Code of 2012. Provides that upon failure to comply with any condition of pretrial release, the court having jurisdiction at the time of such failure may, on its own motion or upon motion from the State, issue a warrant (instead of a summons or a warrant) for the arrest of the person on pretrial release (instead of at liberty on pretrial release). Provides that the contents of such a warrant shall be the same as required for an arrest warrant issued upon complaint. Provides that when a defendant is on pretrial release on a felony charge and fails to appear in court as directed, the court shall issue a warrant for the arrest of such person. Provides that such warrant shall be noted with a directive to peace officers to arrest the person and hold such person without bail and to deliver such person before the court for further proceedings. Provides that a defendant who is arrested or surrenders within 30 days of the issuance of such warrant shall not be released on pretrial conditions in the case in question unless the defendant shows by the preponderance of the evidence that the defendant's failure to appear was not intentional. Makes conforming changes. Removes provisions concerning that for the purpose of any risk assessment or future evaluation of risk of willful flight or risk of failure to appear, a nonappearance in court cured by an appearance in response to a summons shall not be considered as evidence of future likelihood of appearance in court.

9993 ILCS 104/37.5 House Rule 37.5 new

Adds a rule authorizing a member to designate a House Bill as a Priority Bill when filing it with the Clerk. Requires Chairpersons to make a good-faith effort to facilitate committee consideration of each Priority Bill at a time when the Principal Sponsor or the Principal Sponsor's designee, and their necessary witnesses, are available. Requires a Priority Bill posted for a particular hearing to be considered by the committee before consideration of legislative measures without that designation if the Principal Sponsor or designee consents to consideration at that time. Provides that, if the Principal Sponsor or the Principal Sponsor's designee fails to present the bill during the first or second hearing for which the bill was posted or if the Principal Sponsor or the Principal Sponsor's designee withdraws consent for consideration at the hearing, the committee may hear testimony and vote one time on a reporting motion for that bill without the consent of the Principal Sponsor or the Principal Sponsor's designee at the third or subsequent hearing for which the bill is posted. Authorizes only the Principal Sponsor or chief co-sponsor of a Priority Bill to offer a committee amendment to the bill. Provides that each Priority Bill that remains pending in any committee at 5:00 p.m. on April 1 shall be automatically discharged to the House and placed on the calendar on the order of Second Reading, unless a standing or special committee has provided an opportunity for public testimony on the bill at a posted hearing and taken a record vote on a motion to report the bill to the House. Declares that certain deadlines do not apply to Priority Bills. Requires the Journal and Legislative Digest to reference a Priority Bill in a manner that identifies that designation. Prohibits Priority Bill status from being revoked or transferred to another bill. Provides that a Chairperson who fails to implement and comply with these requirements may be subject to disciplinary action under the House rules. Prohibits the suspension of these rules.
