Re: Governor Blagojevich's Proposed List of Witnesses for December 29, 2008

Dear Chair Currie,

I would respectfully request that the Special Investigative Committee issue subpoenas for the following witnesses to appear before the Committee on Monday:

Valerie Jarrett: We believe Valerie Jarrett will testify that she was not approached by Governor Blagojevich, or any of his agents, and promised anything in return for an appointment to the Senate seat vacated by President-Elect Barack Obama.

Jesse Jackson, Jr.: We believe Jesse Jackson, Jr. will testify that he was not approached by Governor Blagojevich, or any of his agents, and promised anything in return for an appointment to the Senate seat vacated by President-Elect Barack Obama.

Rahm Emanuel: We believe Rahm Emanuel will testify that he was not approached by Governor Blagojevich, or any of his agents, and promised anything in return for an appointment to the Senate seat vacated by President-Elect Barack Obama.

Nils Larsen: We believe Nils Larsen will testify that he was not approached by Governor Blagojevich, or any of his agents, requesting that Mr. Larsen fire any staff in exchange for any benefit.

In addition, we would like the Committee to issue subpoenas to approximately 14 individuals who benefited from Governor Blagojevich's programs and policies. We should have the names of these individuals by the end of the day and will supply you with the names when we know them.

Our investigation continues and I reserve the right to add additional witnesses to this proposed list until, and including Monday, December 29, 2008. Please contact me if you have any questions regarding this proposed list of witnesses.

Sincerely,

Edward M. Genson

*Attorney for Governor Blagojevich*
