DEPARTMENT OF COMMERCE & ECONOMIC OPPORTUNITY

State Business Incentives: A Comparative Analysis

Prepared by Department of Commerce and Economic Opportunity

February 4, 2014

Table of Contents

The report contains the following sections

1

Core drivers of growth

Describes key drivers of economic growth for the Illinois economy and the role of incentives in supporting Illinois' natural advantages

2

EDGE Program

Distinguishes conventional EDGE program from "Special" EDGE and provides key performance metrics for the conventional program

3

Incentive analysis

Identifies 8 key business incentive categories and compares programs within these categories across 13 of Illinois' peer and border states

4

Performance Management

Details the accountability and performance management measures taken by DCEO to ensure the success of the department's incentive programs
