1 AN ACT concerning safety.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Solid Waste Planning and Recycling Act is
5 amended by changing Section 5 as follows:

6 (415 ILCS 15/5) (from Ch. 85, par. 5955)

7 Sec. 5. (a) Prior to adopting a waste management plan for
8 submission to the Agency, the county shall form an advisory
9 committee, which shall include representatives from
10 municipalities within the county, citizen organizations,
11 industry, the private solid waste management industry
12 operating within the county, local recyclers and any other
13 persons deemed appropriate by the county. The advisory
14 committee shall review the plan during its preparation, make
15 suggestions, and propose any changes it believes appropriate.

16 (b) The county shall provide written notice to all
17 municipalities and interested members of the public when plan
18 development begins and shall provide periodic written progress
19 reports to such entities concerning the preparation of the
20 plan.

21 (c) Prior to adoption by the governing body of the county,
22 the county shall submit copies of the proposed plan for review
23 and comment to the Agency, all municipalities within the

1 county, all areawide planning agencies, and the county health
2 department. The county shall also make the proposed plan
3 available for public review and comment. The period for review
4 and comment shall be 90 days. The county shall hold at least
5 one public hearing on the proposed plan during this period. The
6 plan subsequently submitted to the governing body of the county
7 for adoption shall be accompanied by a document containing
8 written responses to substantive comments made during the
9 comment period.

10 (d) The governing body of the county shall adopt a plan
11 within 60 days from the end of the public comment period.
12 Within 10 days of adoption, the plan shall be submitted to the
13 Agency for review.

14 (e) Each county waste management plan shall be updated and
15 reviewed every 5 years, and any necessary or appropriate
16 revisions shall be submitted to the Agency for review and
17 comment. Beginning on the effective date of this amendatory Act
18 of the 100th General Assembly, a county's revised solid waste
19 management plan may provide for the separate collection and
20 composting of residential food scrap, and may include a plan
21 for access to source separated collection of food scrap by all
22 county residents within 5 years. Revised solid waste management
23 plans shall include information about the capacity and
24 availability of infrastructure for residential food scrap
25 composting and anaerobic digestion of food scrap within the
26 county.
