1 AN ACT concerning children.

## Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Abused and Neglected Child Reporting Act is amended by changing Section 7.4 as follows:

6 (325 ILCS 5/7.4) (from Ch. 23, par. 2057.4)

Sec. 7.4. (a) The Department shall be capable of receiving reports of suspected child abuse or neglect 24 hours a day, 7 days a week. Whenever the Department receives a report alleging that a child is a truant as defined in Section 26-2a of The School Code, as now or hereafter amended, the Department shall notify the superintendent of the school district in which the child resides and the appropriate superintendent of the educational service region. The notification to the appropriate officials by the Department shall not be considered an allegation of abuse or neglect under this Act.

(a-5) Beginning January 1, 2010, the Department of Children and Family Services may implement a 5-year demonstration of a "differential response program" in accordance with criteria, standards, and procedures prescribed by rule. The program may provide that, upon receiving a report, the Department shall determine whether to conduct a family assessment or an investigation as appropriate to prevent or provide a remedy for

1 child abuse or neglect.

For purposes of this subsection (a-5), "family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege substantial child endangerment. "Family assessment" does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

For purposes of this subsection (a-5), "investigation" means fact-gathering related to the current safety of a child and the risk of subsequent abuse or neglect that determines whether a report of suspected child abuse or neglect should be indicated or unfounded and whether child protective services are needed.

Under the "differential response program" implemented under this subsection (a-5), the Department:

- (1) Shall conduct an investigation on reports involving substantial child abuse or neglect.
- (2) Shall begin an immediate investigation if, at any time when it is using a family assessment response, it determines that there is reason to believe that substantial child abuse or neglect or a serious threat to the child's safety exists.
  - (3) May conduct a family assessment for reports that do

- not allege substantial child endangerment. In determining that a family assessment is appropriate, the Department may consider issues including, but not limited to, child safety, parental cooperation, and the need for an immediate response.
  - (4) Shall promulgate criteria, standards, and procedures that shall be applied in making this determination, taking into consideration the Child Endangerment Risk Assessment Protocol of the Department.
- (5) May conduct a family assessment on a report that was initially screened and assigned for an investigation.
  - In determining that a complete investigation is not required, the Department must document the reason for terminating the investigation and notify the local law enforcement agency or the Department of State Police if the local law enforcement agency or Department of State Police is conducting a joint investigation.
  - Once it is determined that a "family assessment" will be implemented, the case shall not be reported to the central register of abuse and neglect reports.
- During a family assessment, the Department shall collect any available and relevant information to determine child safety, risk of subsequent abuse or neglect, and family strengths.
- Information collected includes, but is not limited to, when relevant: information with regard to the person reporting the

- alleged abuse or neglect, including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being abused or neglected; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged abuse or neglect. Information relevant to the assessment must be asked for, and may include:
  - (A) The child's sex and age, prior reports of abuse or neglect, information relating to developmental functioning, credibility of the child's statement, and whether the information provided under this paragraph (A) is consistent with other information collected during the course of the assessment or investigation.
  - (B) The alleged offender's age, a record check for prior reports of abuse or neglect, and criminal charges and convictions. The alleged offender may submit supporting documentation relevant to the assessment.
  - (C) Collateral source information regarding the alleged abuse or neglect and care of the child. Collateral information includes, when relevant: (i) a medical examination of the child; (ii) prior medical records relating to the alleged maltreatment or care of the child maintained by any facility, clinic, or health care professional, and an interview with the treating professionals; and (iii) interviews with the child's

caretakers, including the child's parent, guardian, foster parent, child care provider, teachers, counselors, family members, relatives, and other persons who may have knowledge regarding the alleged maltreatment and the care of the child.

(D) Information on the existence of domestic abuse and violence in the home of the child, and substance abuse.

Nothing in this subsection (a-5) precludes the Department from collecting other relevant information necessary to conduct the assessment or investigation. Nothing in this subsection (a-5) shall be construed to allow the name or identity of a reporter to be disclosed in violation of the protections afforded under Section 7.19 of this Act.

After conducting the family assessment, the Department shall determine whether services are needed to address the safety of the child and other family members and the risk of subsequent abuse or neglect.

Upon completion of the family assessment, if the Department concludes that no services shall be offered, then the case shall be closed. If the Department concludes that services shall be offered, the Department shall develop a family preservation plan and offer or refer services to the family.

At any time during a family assessment, if the Department believes there is any reason to stop the assessment and conduct an investigation based on the information discovered, the Department shall do so.

The procedures available to the Department in conducting investigations under this Act shall be followed as appropriate during a family assessment.

The Department shall arrange for an independent evaluation of the "differential response program" authorized and implemented under this subsection (a-5) to determine whether it is meeting the goals in accordance with Section 2 of this Act. The Department may adopt administrative rules necessary for the execution of this Section, in accordance with Section 4 of the Children and Family Services Act.

The demonstration conducted under this subsection (a-5) shall become a permanent program on July 1, 2016, upon completion of the demonstration project period.

- (b) (1) The following procedures shall be followed in the investigation of all reports of suspected abuse or neglect of a child, except as provided in subsection (c) of this Section.
- (2) If, during a family assessment authorized by subsection (a-5) or an investigation, it appears that the immediate safety or well-being of a child is endangered, that the family may flee or the child disappear, or that the facts otherwise so warrant, the Child Protective Service Unit shall commence an investigation immediately, regardless of the time of day or night. All other investigations shall be commenced within 24 hours of receipt of the report. Upon receipt of a report, the Child Protective Service Unit shall conduct a family assessment authorized by subsection (a-5) or begin an initial

  - (3) Based on an initial investigation, if the Unit determines the report is a good faith indication of alleged child abuse or neglect, then a formal investigation shall commence and, pursuant to Section 7.12 of this Act, may or may not result in an indicated report. The formal investigation shall include: direct contact with the subject or subjects of the report as soon as possible after the report is received; an evaluation of the environment of the child named in the report and any other children in the same environment; a determination of the risk to such children if they continue to remain in the existing environments, as well as a determination of the nature, extent and cause of any condition enumerated in such report; the name, age and condition of other children in the environment; and an evaluation as to whether there would be an immediate and urgent necessity to remove the child from the environment if appropriate family preservation services were provided. After seeing to the safety of the child or children, the Department shall forthwith notify the subjects of the report in writing, of the existence of the report and their rights existing under this Act in regard to amendment or expungement. To fulfill the requirements of this Section, the Child Protective Service Unit shall have the capability of providing or arranging for comprehensive emergency services to

The Department shall also notify the person being investigated, unless the Director determines that such 18 notification would be detrimental to the Department's 19 20 investigation.
  - (c) In an investigation of a report of suspected abuse or neglect of a child by a school employee at a school or on school grounds, the Department shall make reasonable efforts to follow the following procedures:
