

1 AN ACT concerning education.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The School Code is amended by changing Sections
5 10-22.6a, 14-13.01, and 27-22 as follows:

6 (105 ILCS 5/10-22.6a) (from Ch. 122, par. 10-22.6a)

7 Sec. 10-22.6a. To provide by home instruction,
8 correspondence courses or otherwise courses of instruction for
9 pupils who are unable to attend school because of pregnancy.
10 Such instruction shall be provided to the pupil (1) before the
11 birth of the child when the pupil's physician, physician
12 assistant, or advanced practice nurse has indicated to the
13 district, in writing, that the pupil is medically unable to
14 attend regular classroom instruction and (2) for up to 3 months
15 following the birth of the child or a miscarriage. The
16 instruction course shall be designed to offer educational
17 experiences that are equivalent to those given to pupils at the
18 same grade level in the district and that are designed to
19 enable the pupil to return to the classroom.

21 (105 ILCS 5/14-13.01) (from Ch. 122, par. 14-13.01)

22 Sec. 14-13.01. Reimbursement payable by State; amounts for

1 personnel and transportation.

2 (a) For staff working on behalf of children who have not
3 been identified as eligible for special education and for
4 eligible children with physical disabilities, including all
5 eligible children whose placement has been determined under
6 Section 14-8.02 in hospital or home instruction, 1/2 of the
7 teacher's salary but not more than \$1,000 annually per child or
8 \$9,000 per teacher, whichever is less. A child qualifies for
9 home or hospital instruction if it is anticipated that, due to
10 a medical condition, the child will be unable to attend school,
11 and instead must be instructed at home or in the hospital, for
12 a period of 2 or more consecutive weeks or on an ongoing
13 intermittent basis. For purposes of this Section, "ongoing
14 intermittent basis" means that the child's medical condition is
15 of such a nature or severity that it is anticipated that the
16 child will be absent from school due to the medical condition
17 for periods of at least 2 days at a time multiple times during
18 the school year totaling at least 10 days or more of absences.
19 There shall be no requirement that a child be absent from
20 school a minimum number of days before the child qualifies for
21 home or hospital instruction. In order to establish eligibility
22 for home or hospital services, a student's parent or guardian
23 must submit to the child's school district of residence a
24 written statement from a physician licensed to practice
25 medicine in all of its branches, a licensed physician
26 assistant, or a licensed advanced practice nurse stating the

1 existence of such medical condition, the impact on the child's
2 ability to participate in education, and the anticipated
3 duration or nature of the child's absence from school. Home or
4 hospital instruction may commence upon receipt of a written
5 physician's, physician assistant's, or advanced practice
6 nurse's statement in accordance with this Section, but
7 instruction shall commence not later than 5 school days after
8 the school district receives the physician's, physician
9 assistant's, or advanced practice nurse's statement. Special
10 education and related services required by the child's IEP or
11 services and accommodations required by the child's federal
12 Section 504 plan must be implemented as part of the child's
13 home or hospital instruction, unless the IEP team or federal
14 Section 504 plan team determines that modifications are
15 necessary during the home or hospital instruction due to the
16 child's condition. Eligible children to be included in any
17 reimbursement under this paragraph must regularly receive a
18 minimum of one hour of instruction each school day, or in lieu
19 thereof of a minimum of 5 hours of instruction in each school
20 week in order to qualify for full reimbursement under this
21 Section. If the attending physician, physician assistant, or
22 advanced practice nurse for such a child has certified that the
23 child should not receive as many as 5 hours of instruction in a
24 school week, however, reimbursement under this paragraph on
25 account of that child shall be computed proportionate to the
26 actual hours of instruction per week for that child divided by

1 5. The State Board of Education shall establish rules governing
2 the required qualifications of staff providing home or hospital
3 instruction.

4 (b) For children described in Section 14-1.02, 80% of the
5 cost of transportation approved as a related service in the
6 Individualized Education Program for each student in order to
7 take advantage of special educational facilities.
8 Transportation costs shall be determined in the same fashion as
9 provided in Section 29-5. For purposes of this subsection (b),
10 the dates for processing claims specified in Section 29-5 shall
11 apply.

12 (c) For each qualified worker, the annual sum of \$9,000.

13 (d) For one full time qualified director of the special
14 education program of each school district which maintains a
15 fully approved program of special education the annual sum of
16 \$9,000. Districts participating in a joint agreement special
17 education program shall not receive such reimbursement if
18 reimbursement is made for a director of the joint agreement
19 program.

20 (e) (Blank).

21 (f) (Blank).

22 (g) For readers, working with blind or partially seeing
23 children 1/2 of their salary but not more than \$400 annually
24 per child. Readers may be employed to assist such children and
25 shall not be required to be certified but prior to employment
26 shall meet standards set up by the State Board of Education.

1 (h) For non-certified employees, as defined by rules
2 promulgated by the State Board of Education, who deliver
3 services to students with IEPs, 1/2 of the salary paid or
4 \$3,500 per employee, whichever is less.

5 The State Board of Education shall set standards and
6 prescribe rules for determining the allocation of
7 reimbursement under this section on less than a full time basis
8 and for less than a school year.

9 When any school district eligible for reimbursement under
10 this Section operates a school or program approved by the State
11 Superintendent of Education for a number of days in excess of
12 the adopted school calendar but not to exceed 235 school days,
13 such reimbursement shall be increased by 1/180 of the amount or
14 rate paid hereunder for each day such school is operated in
15 excess of 180 days per calendar year.

16 Notwithstanding any other provision of law, any school
17 district receiving a payment under this Section or under
18 Section 14-7.02, 14-7.02b, or 29-5 of this Code may classify
19 all or a portion of the funds that it receives in a particular
20 fiscal year or from general State aid pursuant to Section
21 18-8.05 of this Code as funds received in connection with any
22 funding program for which it is entitled to receive funds from
23 the State in that fiscal year (including, without limitation,
24 any funding program referenced in this Section), regardless of
25 the source or timing of the receipt. The district may not
26 classify more funds as funds received in connection with the

1 funding program than the district is entitled to receive in
2 that fiscal year for that program. Any classification by a
3 district must be made by a resolution of its board of
4 education. The resolution must identify the amount of any
5 payments or general State aid to be classified under this
6 paragraph and must specify the funding program to which the
7 funds are to be treated as received in connection therewith.
8 This resolution is controlling as to the classification of
9 funds referenced therein. A certified copy of the resolution
10 must be sent to the State Superintendent of Education. The
11 resolution shall still take effect even though a copy of the
12 resolution has not been sent to the State Superintendent of
13 Education in a timely manner. No classification under this
14 paragraph by a district shall affect the total amount or timing
15 of money the district is entitled to receive under this Code.
16 No classification under this paragraph by a district shall in
17 any way relieve the district from or affect any requirements
18 that otherwise would apply with respect to that funding
19 program, including any accounting of funds by source, reporting
20 expenditures by original source and purpose, reporting
21 requirements, or requirements of providing services.

3 (105 ILCS 128/20)

4 Sec. 20. Number of drills; incidents covered; local
5 authority participation.

6 (a) During each academic year, schools must conduct a
7 minimum of 3 school evacuation drills to address and prepare
8 students and school personnel for fire incidents. These drills
9 must meet all of the following criteria:

10 (1) One of the 3 school evacuation drills shall require
11 the participation of the appropriate local fire department
12 or district.

13 (A) Each local fire department or fire district
14 must contact the appropriate school administrator or
15 his or her designee no later than September 1 of each
16 year in order to arrange for the participation of the
17 department or district in the school evacuation drill.

18 (B) Each school administrator or his or her
19 designee must contact the responding local fire
20 official no later than September 15 of each year and
21 propose to the local fire official 4 dates within the
22 month of October, during at least 2 different weeks of
23 October, on which the drill shall occur. The fire
24 official may choose any of the 4 available dates, and
25 if he or she does so, the drill shall occur on that

1 date.

2 (C) The school administrator or his or her designee
3 and the local fire official may also, by mutual
4 agreement, set any other date for the drill, including
5 a date outside of the month of October.

6 (D) If the fire official does not select one of the
7 4 offered dates in October or set another date by
8 mutual agreement, the requirement that the school
9 include the local fire service in one of its mandatory
10 school evacuation drills shall be waived. Schools,
11 however, shall continue to be strongly encouraged to
12 include the fire service in a school evacuation drill
13 at a mutually agreed-upon time.

14 (E) Upon the participation of the local fire
15 service, the appropriate local fire official shall
16 certify that the school evacuation drill was
17 conducted.

18 (F) When scheduling the school evacuation drill,
19 the school administrator or his or her designee and the
20 local fire department or fire district may, by mutual
21 agreement on or before September 14, choose to waive
22 the provisions of subparagraphs (B), (C), and (D) of
23 this paragraph (1).

24 Additional school evacuation drills for fire incidents
25 may involve the participation of the appropriate local fire
26 department or district.

1 (2) Schools may conduct additional school evacuation
2 drills to account for other evacuation incidents,
3 including without limitation suspicious items or bomb
4 threats.

5 (3) All drills shall be conducted at each school
6 building that houses school children.

7 (b) During each academic year, schools must conduct a
8 minimum of one bus evacuation drill. This drill shall be
9 accounted for in the curriculum in all public schools and in
10 all other educational institutions in this State that are
11 supported or maintained, in whole or in part, by public funds
12 and that provide instruction in any of the grades kindergarten
13 through 12. This curriculum shall include instruction in safe
14 bus riding practices for all students. Schools may conduct
15 additional bus evacuation drills. All drills shall be conducted
16 at each school building that houses school children.

17 (b-5) Notwithstanding the minimum requirements established
18 by this Act, private schools that do not utilize a bus to
19 transport students for any purpose are exempt from subsection
20 (b) of this Section, provided that the chief school
21 administrator of the private school provides written assurance
22 to the State Board of Education that the private school does
23 not plan to utilize a bus to transport students for any purpose
24 during the current academic year. The assurance must be made on
25 a form supplied by the State Board of Education and filed no
26 later than October 15. If a private school utilizes a bus to

1 transport students for any purpose during an academic year when
2 an assurance pursuant to this subsection (b-5) has been filed
3 with the State Board of Education, the private school shall
4 immediately notify the State Board of Education and comply with
5 subsection (b) of this Section no later than 30 calendar days
6 after utilization of the bus to transport students, except
7 that, at the discretion of the private school, students chosen
8 for participation in the bus evacuation drill need include only
9 the subgroup of students that are utilizing bus transportation.

10 (c) During each academic year, schools must conduct a law
11 enforcement drill to address a school shooting incident. Such
12 drills must be conducted according to the school district's or
13 private school's emergency and crisis response plans,
14 protocols, and procedures, with the participation of the
15 appropriate law enforcement agency. Law enforcement drills may
16 be conducted on days and times when students are not present in
17 the school building. All drills must be conducted at each
18 school building that houses school children.

19 (1) A law enforcement drill must meet all of the
20 following criteria:

21 (A) During each calendar year, the appropriate
22 local law enforcement agency shall contact the
23 appropriate school administrator to request to
24 participate in a law enforcement drill. The school
25 administrator and local law enforcement agency shall
26 set, by mutual agreement, a date for the drill.

1 (A-5) The drill shall require the on-site
2 participation of the local law enforcement agency. If a
3 mutually agreeable date cannot be reached between the
4 school administrator and the appropriate local law
5 enforcement agency, then the school shall still hold
6 the drill without participation from the agency.

7 (B) Upon the participation of a local law
8 enforcement agency in a law enforcement drill, the
9 appropriate local law enforcement official shall
10 certify that the law enforcement drill was conducted
11 and notify the school in a timely manner of any
12 deficiencies noted during the drill.

13 (2) Schools may conduct additional law enforcement
14 drills at their discretion.

15 (3) (Blank).

16 (d) During each academic year, schools must conduct a
17 minimum of one severe weather and shelter-in-place drill to
18 address and prepare students and school personnel for possible
19 tornado incidents and may conduct additional severe weather and
20 shelter-in-place drills to account for other incidents,
21 including without limitation earthquakes or hazardous
22 materials. All drills shall be conducted at each school
23 building that houses school children.
