1 AMENDMENT TO SENATE BILL 1502

2 AMENDMENT NO. _____. Amend Senate Bill 1502 by replacing
3 everything after the enacting clause with the following:

4 "Section 1. Short title. This Act may be cited as the Right
5 to Know Act.

6 Section 5. Findings and purpose.

7 The General Assembly hereby finds and declares that the
8 right to privacy is a personal and fundamental right protected
9 by the United States Constitution. As such, all individuals
10 have a right to privacy in information pertaining to them. This
11 State recognizes the importance of providing consumers with
12 transparency about how their personal information, especially
13 information relating to their children, is shared by
14 businesses. This transparency is crucial for Illinois citizens
15 to protect themselves and their families from cyber-crimes and
16 identity thieves. Furthermore, for free market forces to have a

1 role in shaping the privacy practices and for "opt-in" and
2 "opt-out" remedies to be effective, consumers must be more than
3 vaguely informed that a business might share personal
4 information with third parties. Consumers must be better
5 informed about what kinds of personal information are shared
6 with other businesses. With these specifics, consumers can
7 knowledgeably choose to opt-in, opt-out, or choose among
8 businesses that disclose information to third parties on the
9 basis of how protective the business is of consumers' privacy.

10 Businesses are now collecting personal information and
11 sharing and selling it in ways not contemplated or properly
12 covered by the current law. Some websites are installing
13 tracking tools that record when consumers visit web pages, and
14 sending very personal information, such as age, gender, race,
15 income, health concerns, religion, and recent purchases to
16 third party marketers and data brokers. Third party data broker
17 companies are buying, selling, and trading personal
18 information obtained from mobile phones, financial
19 institutions, social media sites, and other online and brick
20 and mortar companies. Some mobile applications are sharing
21 personal information, such as location information, unique
22 phone identification numbers, and age, gender, and other
23 personal details with third party companies. As such, consumers
24 need to know the ways that their personal information is being
25 collected by companies and then shared or sold to third parties
26 in order to properly protect their privacy, personal safety,

1 and financial security.

2 Section 10. Definitions. As used in this Act:

3 "Categories of personal information" includes, but is not
4 limited to, the following:
