305 ILCS 5/5-30.1

Amends the Medical Assistance Article of the Illinois Public Aid Code. Requires the Department of Healthcare and Family Services to establish, by rule, minimum quality standards for providers of medical supplies, equipment, and related services applicable to contracted managed care organizations for all services rendered to MCO enrollees. Requires the minimum quality standards to be based upon recognized national standards promulgated by national bodies and by the Centers for Medicare and Medicaid Services. Requires the Department to set a rate of reimbursement payable by contracted managed care organizations to contracted, in-network providers of medical supplies, equipment, and related services at the default rate of reimbursement paid under the Illinois Medicaid fee-for-service program methodology for such medical supplies, equipment, and related services in effect as of June 30, 2017. FISCAL NOTE ACT
MAY APPLY

A BILL FOR

1 AN ACT concerning public aid.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Illinois Public Aid Code is amended by
5 changing Section 5-30.1 as follows:

6 (305 ILCS 5/5-30.1)

7 Sec. 5-30.1. Managed care protections.

8 (a) As used in this Section:

9 "Managed care organization" or "MCO" means any entity which
10 contracts with the Department to provide services where payment
11 for medical services is made on a capitated basis.

12 "Emergency services" include:

13 (1) emergency services, as defined by Section 10 of the
14 Managed Care Reform and Patient Rights Act;

15 (2) emergency medical screening examinations, as
16 defined by Section 10 of the Managed Care Reform and
17 Patient Rights Act;

18 (3) post-stabilization medical services, as defined by
19 Section 10 of the Managed Care Reform and Patient Rights
20 Act; and

21 (4) emergency medical conditions, as defined by
22 Section 10 of the Managed Care Reform and Patient Rights
23 Act.

1 (b) As provided by Section 5-16.12, managed care
2 organizations are subject to the provisions of the Managed Care
3 Reform and Patient Rights Act.

4 (c) An MCO shall pay any provider of emergency services
5 that does not have in effect a contract with the contracted
6 Medicaid MCO. The default rate of reimbursement shall be the
7 rate paid under Illinois Medicaid fee-for-service program
8 methodology, including all policy adjusters, including but not
9 limited to Medicaid High Volume Adjustments, Medicaid
10 Percentage Adjustments, Outpatient High Volume Adjustments,
11 and all outlier add-on adjustments to the extent such
12 adjustments are incorporated in the development of the
13 applicable MCO capitated rates.

14 (d) An MCO shall pay for all post-stabilization services as
15 a covered service in any of the following situations:

16 (1) the MCO authorized such services;

17 (2) such services were administered to maintain the
18 enrollee's stabilized condition within one hour after a
19 request to the MCO for authorization of further
20 post-stabilization services;

21 (3) the MCO did not respond to a request to authorize
22 such services within one hour;

23 (4) the MCO could not be contacted; or

24 (5) the MCO and the treating provider, if the treating
25 provider is a non-affiliated provider, could not reach an
26 agreement concerning the enrollee's care and an affiliated

1 provider was unavailable for a consultation, in which case
2 the MCO must pay for such services rendered by the treating
3 non-affiliated provider until an affiliated provider was
4 reached and either concurred with the treating
5 non-affiliated provider's plan of care or assumed
6 responsibility for the enrollee's care. Such payment shall
7 be made at the default rate of reimbursement paid under
8 Illinois Medicaid fee-for-service program methodology,
9 including all policy adjusters, including but not limited
10 to Medicaid High Volume Adjustments, Medicaid Percentage
11 Adjustments, Outpatient High Volume Adjustments and all
12 outlier add-on adjustments to the extent that such
13 adjustments are incorporated in the development of the
14 applicable MCO capitated rates.

15 (e) The following requirements apply to MCOs in determining
16 payment for all emergency services:

17 (1) MCOs shall not impose any requirements for prior
18 approval of emergency services.

19 (2) The MCO shall cover emergency services provided to
20 enrollees who are temporarily away from their residence and
21 outside the contracting area to the extent that the
22 enrollees would be entitled to the emergency services if
23 they still were within the contracting area.

24 (3) The MCO shall have no obligation to cover medical
25 services provided on an emergency basis that are not
26 covered services under the contract.

1 (4) The MCO shall not condition coverage for emergency
2 services on the treating provider notifying the MCO of the
3 enrollee's screening and treatment within 10 days after
4 presentation for emergency services.

5 (5) The determination of the attending emergency
6 physician, or the provider actually treating the enrollee,
7 of whether an enrollee is sufficiently stabilized for
8 discharge or transfer to another facility, shall be binding
9 on the MCO. The MCO shall cover emergency services for all
10 enrollees whether the emergency services are provided by an
11 affiliated or non-affiliated provider.

12 (6) The MCO's financial responsibility for
13 post-stabilization care services it has not pre-approved
14 ends when:

15 (A) a plan physician with privileges at the
16 treating hospital assumes responsibility for the
17 enrollee's care;

18 (B) a plan physician assumes responsibility for
19 the enrollee's care through transfer;

20 (C) a contracting entity representative and the
21 treating physician reach an agreement concerning the
22 enrollee's care; or

23 (D) the enrollee is discharged.

24 (f) Network adequacy and transparency.

25 (1) The Department shall:

26 (A) ensure that an adequate provider network is in

1 place, taking into consideration health professional
2 shortage areas and medically underserved areas;

3 (B) publicly release an explanation of its process
4 for analyzing network adequacy;

5 (C) periodically ensure that an MCO continues to
6 have an adequate network in place; and

7 (D) require MCOs, including Medicaid Managed Care
8 Entities as defined in Section 5-30.2, to meet provider
9 directory requirements under Section 5-30.3.

10 (2) Each MCO shall confirm its receipt of information
11 submitted specific to physician or dentist additions or
12 physician or dentist deletions from the MCO's provider
13 network within 3 days after receiving all required
14 information from contracted physicians or dentists, and
15 electronic physician and dental directories must be
16 updated consistent with current rules as published by the
17 Centers for Medicare and Medicaid Services or its successor
18 agency.

19 (g) Timely payment of claims.

20 (1) The MCO shall pay a claim within 30 days of
21 receiving a claim that contains all the essential
22 information needed to adjudicate the claim.

23 (2) The MCO shall notify the billing party of its
24 inability to adjudicate a claim within 30 days of receiving
25 that claim.

26 (3) The MCO shall pay a penalty that is at least equal

1 to the penalty imposed under the Illinois Insurance Code
2 for any claims not timely paid.

3 (4) The Department may establish a process for MCOs to
4 expedite payments to providers based on criteria
5 established by the Department.

6 (g-5) Recognizing that the rapid transformation of the
7 Illinois Medicaid program may have unintended operational
8 challenges for both payers and providers:

9 (1) in no instance shall a medically necessary covered
10 service rendered in good faith, based upon eligibility
11 information documented by the provider, be denied coverage
12 or diminished in payment amount if the eligibility or
13 coverage information available at the time the service was
14 rendered is later found to be inaccurate; and

15 (2) the Department shall, by December 31, 2016, adopt
16 rules establishing policies that shall be included in the
17 Medicaid managed care policy and procedures manual
18 addressing payment resolutions in situations in which a
19 provider renders services based upon information obtained
20 after verifying a patient's eligibility and coverage plan
21 through either the Department's current enrollment system
22 or a system operated by the coverage plan identified by the
23 patient presenting for services:

24 (A) such medically necessary covered services
25 shall be considered rendered in good faith;

26 (B) such policies and procedures shall be

1 developed in consultation with industry
2 representatives of the Medicaid managed care health
3 plans and representatives of provider associations
4 representing the majority of providers within the
5 identified provider industry; and

6 (C) such rules shall be published for a review and
7 comment period of no less than 30 days on the
8 Department's website with final rules remaining
9 available on the Department's website.

10 (3) The rules on payment resolutions shall include, but
11 not be limited to:

12 (A) the extension of the timely filing period;

13 (B) retroactive prior authorizations; and

14 (C) guaranteed minimum payment rate of no less than
15 the current, as of the date of service, fee-for-service
16 rate, plus all applicable add-ons, when the resulting
17 service relationship is out of network.

18 (4) The rules shall be applicable for both MCO coverage
19 and fee-for-service coverage.

20 (g-6) MCO Performance Metrics Report.

21 (1) The Department shall publish, on at least a
22 quarterly basis, each MCO's operational performance,
23 including, but not limited to, the following categories of
24 metrics:

25 (A) claims payment, including timeliness and
26 accuracy;

- 1 (B) prior authorizations;
- 2 (C) grievance and appeals;
- 3 (D) utilization statistics;
- 4 (E) provider disputes;
- 5 (F) provider credentialing; and
- 6 (G) member and provider customer service.

7 (2) The Department shall ensure that the metrics report
8 is accessible to providers online by January 1, 2017.

9 (3) The metrics shall be developed in consultation with
10 industry representatives of the Medicaid managed care
11 health plans and representatives of associations
12 representing the majority of providers within the
13 identified industry.

14 (4) Metrics shall be defined and incorporated into the
15 applicable Managed Care Policy Manual issued by the
16 Department.

17 (g-7) MCO claims processing and performance analysis. In
18 order to monitor MCO payments to hospital providers, pursuant
19 to this amendatory Act of the 100th General Assembly, the
20 Department shall post an analysis of MCO claims processing and
21 payment performance on its website every 6 months. Such
22 analysis shall include a review and evaluation of a
23 representative sample of hospital claims that are rejected and
24 denied for clean and unclean claims and the top 5 reasons for
25 such actions and timeliness of claims adjudication, which
26 identifies the percentage of claims adjudicated within 30, 60,

1 90, and over 90 days, and the dollar amounts associated with
2 those claims. The Department shall post the contracted claims
3 report required by HealthChoice Illinois on its website every 3
4 months.

5 (h) The Department shall not expand mandatory MCO
6 enrollment into new counties beyond those counties already
7 designated by the Department as of June 1, 2014 for the
8 individuals whose eligibility for medical assistance is not the
9 seniors or people with disabilities population until the
10 Department provides an opportunity for accountable care
11 entities and MCOs to participate in such newly designated
12 counties.

13 (i) The requirements of this Section apply to contracts
14 with accountable care entities and MCOs entered into, amended,
15 or renewed after June 16, 2014 (the effective date of Public
16 Act 98-651).

17 (j) Notwithstanding any other Public Act or contract terms
18 and conditions, the Department shall establish, by rule,
19 minimum quality standards for providers of medical supplies,
20 equipment, and related services applicable to contracted
21 managed care organizations for all services rendered to MCO
22 enrollees. The minimum quality standards shall be based upon
23 recognized national standards promulgated by national bodies
24 and by the Centers for Medicare and Medicaid Services.

25 The Department shall set a rate of reimbursement payable by
26 contracted managed care organizations to contracted,

1 in-network providers of medical supplies, equipment, and
2 related services at the default rate of reimbursement paid
3 under the Illinois Medicaid fee-for-service program
4 methodology, including all policy adjusters, for such medical
5 supplies, equipment, and related services in effect as of June
6 30, 2017. Such rates shall be held in effect until the
7 Department adopts minimum quality standards as required in this
8 subsection.

9 After the Department adopts minimum quality standards as
10 required in this subsection, contracted managed care
11 organizations shall offer a reimbursement rate to contracted,
12 in-network providers of medical supplies, equipment, and
13 related services at not less than 90% of the default rate of
14 reimbursement paid under the Illinois Medicaid fee-for-service
15 program methodology, including all policy adjusters, for such
16 medical supplies, equipment, and related services of similar
17 quality.

18 Notwithstanding any other Public Act or contract terms and
19 conditions, nothing in this subsection shall be construed to
20 allow the Department or its contracted MCOs to enter into sole
21 source contracts for the provision of durable medical
22 equipment, supplies, or related services to Medicaid
23 beneficiaries and Medicaid managed care enrollees.
