

# HB2159

## 101ST GENERAL ASSEMBLY

State of Illinois

2019 and 2020

HB2159

by Rep. Katie Stuart

### SYNOPSIS AS INTRODUCED:

5 ILCS 375/6.16 new  
305 ILCS 5/5-5

from Ch. 23, par. 5-5

Amends the State Employees Group Insurance Act of 1971. Requires coverage for breast pumps approved by the U.S. Food and Drug Administration. Amends the Medical Assistance Article of the Illinois Public Aid Code. Requires coverage under the medical assistance program for breast pumps approved by the U.S. Food and Drug Administration. Effective January 1, 2020.

LRB101 08525 KTG 53603 b

FISCAL NOTE ACT  
MAY APPLY

A BILL FOR

1 AN ACT concerning health care.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The State Employees Group Insurance Act of 1971  
5 is amended by adding Section 6.16 as follows:

6 (5 ILCS 375/6.16 new)

7 Sec. 6.16. Breast pumps. The program of health benefits  
8 provided under this Act shall provide coverage for breast pumps  
9 approved by the U.S. Food and Drug Administration.

10 Section 10. The Illinois Public Aid Code is amended by  
11 changing Section 5-5 as follows:

12 (305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

13 Sec. 5-5. Medical services. The Illinois Department, by  
14 rule, shall determine the quantity and quality of and the rate  
15 of reimbursement for the medical assistance for which payment  
16 will be authorized, and the medical services to be provided,  
17 which may include all or part of the following: (1) inpatient  
18 hospital services; (2) outpatient hospital services; (3) other  
19 laboratory and X-ray services; (4) skilled nursing home  
20 services; (5) physicians' services whether furnished in the  
21 office, the patient's home, a hospital, a skilled nursing home,

1 or elsewhere; (6) medical care, or any other type of remedial  
2 care furnished by licensed practitioners; (7) home health care  
3 services; (8) private duty nursing service; (9) clinic  
4 services; (10) dental services, including prevention and  
5 treatment of periodontal disease and dental caries disease for  
6 pregnant women, provided by an individual licensed to practice  
7 dentistry or dental surgery; for purposes of this item (10),  
8 "dental services" means diagnostic, preventive, or corrective  
9 procedures provided by or under the supervision of a dentist in  
10 the practice of his or her profession; (11) physical therapy  
11 and related services; (12) prescribed drugs, dentures, and  
12 prosthetic devices; and eyeglasses prescribed by a physician  
13 skilled in the diseases of the eye, or by an optometrist,  
14 whichever the person may select; (13) other diagnostic,  
15 screening, preventive, and rehabilitative services, including  
16 to ensure that the individual's need for intervention or  
17 treatment of mental disorders or substance use disorders or  
18 co-occurring mental health and substance use disorders is  
19 determined using a uniform screening, assessment, and  
20 evaluation process inclusive of criteria, for children and  
21 adults; for purposes of this item (13), a uniform screening,  
22 assessment, and evaluation process refers to a process that  
23 includes an appropriate evaluation and, as warranted, a  
24 referral; "uniform" does not mean the use of a singular  
25 instrument, tool, or process that all must utilize; (14)  
26 transportation and such other expenses as may be necessary;

1 (15) medical treatment of sexual assault survivors, as defined  
2 in Section 1a of the Sexual Assault Survivors Emergency  
3 Treatment Act, for injuries sustained as a result of the sexual  
4 assault, including examinations and laboratory tests to  
5 discover evidence which may be used in criminal proceedings  
6 arising from the sexual assault; (16) the diagnosis and  
7 treatment of sickle cell anemia; and (17) any other medical  
8 care, and any other type of remedial care recognized under the  
9 laws of this State. The term "any other type of remedial care"  
10 shall include nursing care and nursing home service for persons  
11 who rely on treatment by spiritual means alone through prayer  
12 for healing.

13 Notwithstanding any other provision of this Section, a  
14 comprehensive tobacco use cessation program that includes  
15 purchasing prescription drugs or prescription medical devices  
16 approved by the Food and Drug Administration shall be covered  
17 under the medical assistance program under this Article for  
18 persons who are otherwise eligible for assistance under this  
19 Article.

20 Notwithstanding any other provision of this Code,  
21 reproductive health care that is otherwise legal in Illinois  
22 shall be covered under the medical assistance program for  
23 persons who are otherwise eligible for medical assistance under  
24 this Article.

25 Notwithstanding any other provision of this Code, the  
26 Illinois Department may not require, as a condition of payment

1 for any laboratory test authorized under this Article, that a  
2 physician's handwritten signature appear on the laboratory  
3 test order form. The Illinois Department may, however, impose  
4 other appropriate requirements regarding laboratory test order  
5 documentation.

6       Upon receipt of federal approval of an amendment to the  
7 Illinois Title XIX State Plan for this purpose, the Department  
8 shall authorize the Chicago Public Schools (CPS) to procure a  
9 vendor or vendors to manufacture eyeglasses for individuals  
10 enrolled in a school within the CPS system. CPS shall ensure  
11 that its vendor or vendors are enrolled as providers in the  
12 medical assistance program and in any capitated Medicaid  
13 managed care entity (MCE) serving individuals enrolled in a  
14 school within the CPS system. Under any contract procured under  
15 this provision, the vendor or vendors must serve only  
16 individuals enrolled in a school within the CPS system. Claims  
17 for services provided by CPS's vendor or vendors to recipients  
18 of benefits in the medical assistance program under this Code,  
19 the Children's Health Insurance Program, or the Covering ALL  
20 KIDS Health Insurance Program shall be submitted to the  
21 Department or the MCE in which the individual is enrolled for  
22 payment and shall be reimbursed at the Department's or the  
23 MCE's established rates or rate methodologies for eyeglasses.

24       On and after July 1, 2012, the Department of Healthcare and  
25 Family Services may provide the following services to persons  
26 eligible for assistance under this Article who are

1 participating in education, training or employment programs  
2 operated by the Department of Human Services as successor to  
3 the Department of Public Aid:

4 (1) dental services provided by or under the  
5 supervision of a dentist; and

6 (2) eyeglasses prescribed by a physician skilled in the  
7 diseases of the eye, or by an optometrist, whichever the  
8 person may select.

9 On and after July 1, 2018, the Department of Healthcare and  
10 Family Services shall provide dental services to any adult who  
11 is otherwise eligible for assistance under the medical  
12 assistance program. As used in this paragraph, "dental  
13 services" means diagnostic, preventative, restorative, or  
14 corrective procedures, including procedures and services for  
15 the prevention and treatment of periodontal disease and dental  
16 caries disease, provided by an individual who is licensed to  
17 practice dentistry or dental surgery or who is under the  
18 supervision of a dentist in the practice of his or her  
19 profession.

20 On and after July 1, 2018, targeted dental services, as set  
21 forth in Exhibit D of the Consent Decree entered by the United  
22 States District Court for the Northern District of Illinois,  
23 Eastern Division, in the matter of Memisovski v. Maram, Case  
24 No. 92 C 1982, that are provided to adults under the medical  
25 assistance program shall be established at no less than the  
26 rates set forth in the "New Rate" column in Exhibit D of the

1 Consent Decree for targeted dental services that are provided  
2 to persons under the age of 18 under the medical assistance  
3 program.

4 Notwithstanding any other provision of this Code and  
5 subject to federal approval, the Department may adopt rules to  
6 allow a dentist who is volunteering his or her service at no  
7 cost to render dental services through an enrolled  
8 not-for-profit health clinic without the dentist personally  
9 enrolling as a participating provider in the medical assistance  
10 program. A not-for-profit health clinic shall include a public  
11 health clinic or Federally Qualified Health Center or other  
12 enrolled provider, as determined by the Department, through  
13 which dental services covered under this Section are performed.  
14 The Department shall establish a process for payment of claims  
15 for reimbursement for covered dental services rendered under  
16 this provision.

17 The Illinois Department, by rule, may distinguish and  
18 classify the medical services to be provided only in accordance  
19 with the classes of persons designated in Section 5-2.

20 The Department of Healthcare and Family Services must  
21 provide coverage and reimbursement for amino acid-based  
22 elemental formulas, regardless of delivery method, for the  
23 diagnosis and treatment of (i) eosinophilic disorders and (ii)  
24 short bowel syndrome when the prescribing physician has issued  
25 a written order stating that the amino acid-based elemental  
26 formula is medically necessary.

1           The Illinois Department shall authorize the provision of,  
2           and shall authorize payment for, screening by low-dose  
3           mammography for the presence of occult breast cancer for women  
4           35 years of age or older who are eligible for medical  
5           assistance under this Article, as follows:

6                   (A) A baseline mammogram for women 35 to 39 years of  
7                   age.

8                   (B) An annual mammogram for women 40 years of age or  
9                   older.

10                  (C) A mammogram at the age and intervals considered  
11                  medically necessary by the woman's health care provider for  
12                  women under 40 years of age and having a family history of  
13                  breast cancer, prior personal history of breast cancer,  
14                  positive genetic testing, or other risk factors.

15                  (D) A comprehensive ultrasound screening and MRI of an  
16                  entire breast or breasts if a mammogram demonstrates  
17                  heterogeneous or dense breast tissue, when medically  
18                  necessary as determined by a physician licensed to practice  
19                  medicine in all of its branches.

20                  (E) A screening MRI when medically necessary, as  
21                  determined by a physician licensed to practice medicine in  
22                  all of its branches.

23           All screenings shall include a physical breast exam,  
24           instruction on self-examination and information regarding the  
25           frequency of self-examination and its value as a preventative  
26           tool. For purposes of this Section, "low-dose mammography"

1 means the x-ray examination of the breast using equipment  
2 dedicated specifically for mammography, including the x-ray  
3 tube, filter, compression device, and image receptor, with an  
4 average radiation exposure delivery of less than one rad per  
5 breast for 2 views of an average size breast. The term also  
6 includes digital mammography and includes breast  
7 tomosynthesis. As used in this Section, the term "breast  
8 tomosynthesis" means a radiologic procedure that involves the  
9 acquisition of projection images over the stationary breast to  
10 produce cross-sectional digital three-dimensional images of  
11 the breast. If, at any time, the Secretary of the United States  
12 Department of Health and Human Services, or its successor  
13 agency, promulgates rules or regulations to be published in the  
14 Federal Register or publishes a comment in the Federal Register  
15 or issues an opinion, guidance, or other action that would  
16 require the State, pursuant to any provision of the Patient  
17 Protection and Affordable Care Act (Public Law 111-148),  
18 including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any  
19 successor provision, to defray the cost of any coverage for  
20 breast tomosynthesis outlined in this paragraph, then the  
21 requirement that an insurer cover breast tomosynthesis is  
22 inoperative other than any such coverage authorized under  
23 Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and  
24 the State shall not assume any obligation for the cost of  
25 coverage for breast tomosynthesis set forth in this paragraph.

26 On and after January 1, 2016, the Department shall ensure

1 that all networks of care for adult clients of the Department  
2 include access to at least one breast imaging Center of Imaging  
3 Excellence as certified by the American College of Radiology.

4 On and after January 1, 2012, providers participating in a  
5 quality improvement program approved by the Department shall be  
6 reimbursed for screening and diagnostic mammography at the same  
7 rate as the Medicare program's rates, including the increased  
8 reimbursement for digital mammography.

9 The Department shall convene an expert panel including  
10 representatives of hospitals, free-standing mammography  
11 facilities, and doctors, including radiologists, to establish  
12 quality standards for mammography.

13 On and after January 1, 2017, providers participating in a  
14 breast cancer treatment quality improvement program approved  
15 by the Department shall be reimbursed for breast cancer  
16 treatment at a rate that is no lower than 95% of the Medicare  
17 program's rates for the data elements included in the breast  
18 cancer treatment quality program.

19 The Department shall convene an expert panel, including  
20 representatives of hospitals, free-standing breast cancer  
21 treatment centers, breast cancer quality organizations, and  
22 doctors, including breast surgeons, reconstructive breast  
23 surgeons, oncologists, and primary care providers to establish  
24 quality standards for breast cancer treatment.

25 Subject to federal approval, the Department shall  
26 establish a rate methodology for mammography at federally

1 qualified health centers and other encounter-rate clinics.  
2 These clinics or centers may also collaborate with other  
3 hospital-based mammography facilities. By January 1, 2016, the  
4 Department shall report to the General Assembly on the status  
5 of the provision set forth in this paragraph.

6 The Department shall establish a methodology to remind  
7 women who are age-appropriate for screening mammography, but  
8 who have not received a mammogram within the previous 18  
9 months, of the importance and benefit of screening mammography.  
10 The Department shall work with experts in breast cancer  
11 outreach and patient navigation to optimize these reminders and  
12 shall establish a methodology for evaluating their  
13 effectiveness and modifying the methodology based on the  
14 evaluation.

15 The Department shall establish a performance goal for  
16 primary care providers with respect to their female patients  
17 over age 40 receiving an annual mammogram. This performance  
18 goal shall be used to provide additional reimbursement in the  
19 form of a quality performance bonus to primary care providers  
20 who meet that goal.

21 The Department shall devise a means of case-managing or  
22 patient navigation for beneficiaries diagnosed with breast  
23 cancer. This program shall initially operate as a pilot program  
24 in areas of the State with the highest incidence of mortality  
25 related to breast cancer. At least one pilot program site shall  
26 be in the metropolitan Chicago area and at least one site shall

1 be outside the metropolitan Chicago area. On or after July 1,  
2 2016, the pilot program shall be expanded to include one site  
3 in western Illinois, one site in southern Illinois, one site in  
4 central Illinois, and 4 sites within metropolitan Chicago. An  
5 evaluation of the pilot program shall be carried out measuring  
6 health outcomes and cost of care for those served by the pilot  
7 program compared to similarly situated patients who are not  
8 served by the pilot program.

9 The Department shall require all networks of care to  
10 develop a means either internally or by contract with experts  
11 in navigation and community outreach to navigate cancer  
12 patients to comprehensive care in a timely fashion. The  
13 Department shall require all networks of care to include access  
14 for patients diagnosed with cancer to at least one academic  
15 commission on cancer-accredited cancer program as an  
16 in-network covered benefit.

17 Any medical or health care provider shall immediately  
18 recommend, to any pregnant woman who is being provided prenatal  
19 services and is suspected of having a substance use disorder as  
20 defined in the Substance Use Disorder Act, referral to a local  
21 substance use disorder treatment program licensed by the  
22 Department of Human Services or to a licensed hospital which  
23 provides substance abuse treatment services. The Department of  
24 Healthcare and Family Services shall assure coverage for the  
25 cost of treatment of the drug abuse or addiction for pregnant  
26 recipients in accordance with the Illinois Medicaid Program in

1 conjunction with the Department of Human Services.

2 All medical providers providing medical assistance to  
3 pregnant women under this Code shall receive information from  
4 the Department on the availability of services under any  
5 program providing case management services for addicted women,  
6 including information on appropriate referrals for other  
7 social services that may be needed by addicted women in  
8 addition to treatment for addiction.

9 The Illinois Department, in cooperation with the  
10 Departments of Human Services (as successor to the Department  
11 of Alcoholism and Substance Abuse) and Public Health, through a  
12 public awareness campaign, may provide information concerning  
13 treatment for alcoholism and drug abuse and addiction, prenatal  
14 health care, and other pertinent programs directed at reducing  
15 the number of drug-affected infants born to recipients of  
16 medical assistance.

17 Neither the Department of Healthcare and Family Services  
18 nor the Department of Human Services shall sanction the  
19 recipient solely on the basis of her substance abuse.

20 The Illinois Department shall establish such regulations  
21 governing the dispensing of health services under this Article  
22 as it shall deem appropriate. The Department should seek the  
23 advice of formal professional advisory committees appointed by  
24 the Director of the Illinois Department for the purpose of  
25 providing regular advice on policy and administrative matters,  
26 information dissemination and educational activities for

1 medical and health care providers, and consistency in  
2 procedures to the Illinois Department.

3 The Illinois Department may develop and contract with  
4 Partnerships of medical providers to arrange medical services  
5 for persons eligible under Section 5-2 of this Code.  
6 Implementation of this Section may be by demonstration projects  
7 in certain geographic areas. The Partnership shall be  
8 represented by a sponsor organization. The Department, by rule,  
9 shall develop qualifications for sponsors of Partnerships.  
10 Nothing in this Section shall be construed to require that the  
11 sponsor organization be a medical organization.

12 The sponsor must negotiate formal written contracts with  
13 medical providers for physician services, inpatient and  
14 outpatient hospital care, home health services, treatment for  
15 alcoholism and substance abuse, and other services determined  
16 necessary by the Illinois Department by rule for delivery by  
17 Partnerships. Physician services must include prenatal and  
18 obstetrical care. The Illinois Department shall reimburse  
19 medical services delivered by Partnership providers to clients  
20 in target areas according to provisions of this Article and the  
21 Illinois Health Finance Reform Act, except that:

22 (1) Physicians participating in a Partnership and  
23 providing certain services, which shall be determined by  
24 the Illinois Department, to persons in areas covered by the  
25 Partnership may receive an additional surcharge for such  
26 services.

1           (2) The Department may elect to consider and negotiate  
2           financial incentives to encourage the development of  
3           Partnerships and the efficient delivery of medical care.

4           (3) Persons receiving medical services through  
5           Partnerships may receive medical and case management  
6           services above the level usually offered through the  
7           medical assistance program.

8           Medical providers shall be required to meet certain  
9           qualifications to participate in Partnerships to ensure the  
10          delivery of high quality medical services. These  
11          qualifications shall be determined by rule of the Illinois  
12          Department and may be higher than qualifications for  
13          participation in the medical assistance program. Partnership  
14          sponsors may prescribe reasonable additional qualifications  
15          for participation by medical providers, only with the prior  
16          written approval of the Illinois Department.

17          Nothing in this Section shall limit the free choice of  
18          practitioners, hospitals, and other providers of medical  
19          services by clients. In order to ensure patient freedom of  
20          choice, the Illinois Department shall immediately promulgate  
21          all rules and take all other necessary actions so that provided  
22          services may be accessed from therapeutically certified  
23          optometrists to the full extent of the Illinois Optometric  
24          Practice Act of 1987 without discriminating between service  
25          providers.

26          The Department shall apply for a waiver from the United

1 States Health Care Financing Administration to allow for the  
2 implementation of Partnerships under this Section.

3 The Illinois Department shall require health care  
4 providers to maintain records that document the medical care  
5 and services provided to recipients of Medical Assistance under  
6 this Article. Such records must be retained for a period of not  
7 less than 6 years from the date of service or as provided by  
8 applicable State law, whichever period is longer, except that  
9 if an audit is initiated within the required retention period  
10 then the records must be retained until the audit is completed  
11 and every exception is resolved. The Illinois Department shall  
12 require health care providers to make available, when  
13 authorized by the patient, in writing, the medical records in a  
14 timely fashion to other health care providers who are treating  
15 or serving persons eligible for Medical Assistance under this  
16 Article. All dispensers of medical services shall be required  
17 to maintain and retain business and professional records  
18 sufficient to fully and accurately document the nature, scope,  
19 details and receipt of the health care provided to persons  
20 eligible for medical assistance under this Code, in accordance  
21 with regulations promulgated by the Illinois Department. The  
22 rules and regulations shall require that proof of the receipt  
23 of prescription drugs, dentures, prosthetic devices and  
24 eyeglasses by eligible persons under this Section accompany  
25 each claim for reimbursement submitted by the dispenser of such  
26 medical services. No such claims for reimbursement shall be

1 approved for payment by the Illinois Department without such  
2 proof of receipt, unless the Illinois Department shall have put  
3 into effect and shall be operating a system of post-payment  
4 audit and review which shall, on a sampling basis, be deemed  
5 adequate by the Illinois Department to assure that such drugs,  
6 dentures, prosthetic devices and eyeglasses for which payment  
7 is being made are actually being received by eligible  
8 recipients. Within 90 days after September 16, 1984 (the  
9 effective date of Public Act 83-1439), the Illinois Department  
10 shall establish a current list of acquisition costs for all  
11 prosthetic devices and any other items recognized as medical  
12 equipment and supplies reimbursable under this Article and  
13 shall update such list on a quarterly basis, except that the  
14 acquisition costs of all prescription drugs shall be updated no  
15 less frequently than every 30 days as required by Section  
16 5-5.12.

17 Notwithstanding any other law to the contrary, the Illinois  
18 Department shall, within 365 days after July 22, 2013 (the  
19 effective date of Public Act 98-104), establish procedures to  
20 permit skilled care facilities licensed under the Nursing Home  
21 Care Act to submit monthly billing claims for reimbursement  
22 purposes. Following development of these procedures, the  
23 Department shall, by July 1, 2016, test the viability of the  
24 new system and implement any necessary operational or  
25 structural changes to its information technology platforms in  
26 order to allow for the direct acceptance and payment of nursing

1 home claims.

2 Notwithstanding any other law to the contrary, the Illinois  
3 Department shall, within 365 days after August 15, 2014 (the  
4 effective date of Public Act 98-963), establish procedures to  
5 permit ID/DD facilities licensed under the ID/DD Community Care  
6 Act and MC/DD facilities licensed under the MC/DD Act to submit  
7 monthly billing claims for reimbursement purposes. Following  
8 development of these procedures, the Department shall have an  
9 additional 365 days to test the viability of the new system and  
10 to ensure that any necessary operational or structural changes  
11 to its information technology platforms are implemented.

12 The Illinois Department shall require all dispensers of  
13 medical services, other than an individual practitioner or  
14 group of practitioners, desiring to participate in the Medical  
15 Assistance program established under this Article to disclose  
16 all financial, beneficial, ownership, equity, surety or other  
17 interests in any and all firms, corporations, partnerships,  
18 associations, business enterprises, joint ventures, agencies,  
19 institutions or other legal entities providing any form of  
20 health care services in this State under this Article.

21 The Illinois Department may require that all dispensers of  
22 medical services desiring to participate in the medical  
23 assistance program established under this Article disclose,  
24 under such terms and conditions as the Illinois Department may  
25 by rule establish, all inquiries from clients and attorneys  
26 regarding medical bills paid by the Illinois Department, which

1 inquiries could indicate potential existence of claims or liens  
2 for the Illinois Department.

3 Enrollment of a vendor shall be subject to a provisional  
4 period and shall be conditional for one year. During the period  
5 of conditional enrollment, the Department may terminate the  
6 vendor's eligibility to participate in, or may disenroll the  
7 vendor from, the medical assistance program without cause.  
8 Unless otherwise specified, such termination of eligibility or  
9 disenrollment is not subject to the Department's hearing  
10 process. However, a disenrolled vendor may reapply without  
11 penalty.

12 The Department has the discretion to limit the conditional  
13 enrollment period for vendors based upon category of risk of  
14 the vendor.

15 Prior to enrollment and during the conditional enrollment  
16 period in the medical assistance program, all vendors shall be  
17 subject to enhanced oversight, screening, and review based on  
18 the risk of fraud, waste, and abuse that is posed by the  
19 category of risk of the vendor. The Illinois Department shall  
20 establish the procedures for oversight, screening, and review,  
21 which may include, but need not be limited to: criminal and  
22 financial background checks; fingerprinting; license,  
23 certification, and authorization verifications; unscheduled or  
24 unannounced site visits; database checks; prepayment audit  
25 reviews; audits; payment caps; payment suspensions; and other  
26 screening as required by federal or State law.

1           The Department shall define or specify the following: (i)  
2 by provider notice, the "category of risk of the vendor" for  
3 each type of vendor, which shall take into account the level of  
4 screening applicable to a particular category of vendor under  
5 federal law and regulations; (ii) by rule or provider notice,  
6 the maximum length of the conditional enrollment period for  
7 each category of risk of the vendor; and (iii) by rule, the  
8 hearing rights, if any, afforded to a vendor in each category  
9 of risk of the vendor that is terminated or disenrolled during  
10 the conditional enrollment period.

11           To be eligible for payment consideration, a vendor's  
12 payment claim or bill, either as an initial claim or as a  
13 resubmitted claim following prior rejection, must be received  
14 by the Illinois Department, or its fiscal intermediary, no  
15 later than 180 days after the latest date on the claim on which  
16 medical goods or services were provided, with the following  
17 exceptions:

18           (1) In the case of a provider whose enrollment is in  
19 process by the Illinois Department, the 180-day period  
20 shall not begin until the date on the written notice from  
21 the Illinois Department that the provider enrollment is  
22 complete.

23           (2) In the case of errors attributable to the Illinois  
24 Department or any of its claims processing intermediaries  
25 which result in an inability to receive, process, or  
26 adjudicate a claim, the 180-day period shall not begin

1           until the provider has been notified of the error.

2           (3) In the case of a provider for whom the Illinois  
3           Department initiates the monthly billing process.

4           (4) In the case of a provider operated by a unit of  
5           local government with a population exceeding 3,000,000  
6           when local government funds finance federal participation  
7           for claims payments.

8           For claims for services rendered during a period for which  
9           a recipient received retroactive eligibility, claims must be  
10          filed within 180 days after the Department determines the  
11          applicant is eligible. For claims for which the Illinois  
12          Department is not the primary payer, claims must be submitted  
13          to the Illinois Department within 180 days after the final  
14          adjudication by the primary payer.

15          In the case of long term care facilities, within 45  
16          calendar days of receipt by the facility of required  
17          prescreening information, new admissions with associated  
18          admission documents shall be submitted through the Medical  
19          Electronic Data Interchange (MEDI) or the Recipient  
20          Eligibility Verification (REV) System or shall be submitted  
21          directly to the Department of Human Services using required  
22          admission forms. Effective September 1, 2014, admission  
23          documents, including all prescreening information, must be  
24          submitted through MEDI or REV. Confirmation numbers assigned to  
25          an accepted transaction shall be retained by a facility to  
26          verify timely submittal. Once an admission transaction has been

1 completed, all resubmitted claims following prior rejection  
2 are subject to receipt no later than 180 days after the  
3 admission transaction has been completed.

4 Claims that are not submitted and received in compliance  
5 with the foregoing requirements shall not be eligible for  
6 payment under the medical assistance program, and the State  
7 shall have no liability for payment of those claims.

8 To the extent consistent with applicable information and  
9 privacy, security, and disclosure laws, State and federal  
10 agencies and departments shall provide the Illinois Department  
11 access to confidential and other information and data necessary  
12 to perform eligibility and payment verifications and other  
13 Illinois Department functions. This includes, but is not  
14 limited to: information pertaining to licensure;  
15 certification; earnings; immigration status; citizenship; wage  
16 reporting; unearned and earned income; pension income;  
17 employment; supplemental security income; social security  
18 numbers; National Provider Identifier (NPI) numbers; the  
19 National Practitioner Data Bank (NPDB); program and agency  
20 exclusions; taxpayer identification numbers; tax delinquency;  
21 corporate information; and death records.

22 The Illinois Department shall enter into agreements with  
23 State agencies and departments, and is authorized to enter into  
24 agreements with federal agencies and departments, under which  
25 such agencies and departments shall share data necessary for  
26 medical assistance program integrity functions and oversight.

1 The Illinois Department shall develop, in cooperation with  
2 other State departments and agencies, and in compliance with  
3 applicable federal laws and regulations, appropriate and  
4 effective methods to share such data. At a minimum, and to the  
5 extent necessary to provide data sharing, the Illinois  
6 Department shall enter into agreements with State agencies and  
7 departments, and is authorized to enter into agreements with  
8 federal agencies and departments, including but not limited to:  
9 the Secretary of State; the Department of Revenue; the  
10 Department of Public Health; the Department of Human Services;  
11 and the Department of Financial and Professional Regulation.

12 Beginning in fiscal year 2013, the Illinois Department  
13 shall set forth a request for information to identify the  
14 benefits of a pre-payment, post-adjudication, and post-edit  
15 claims system with the goals of streamlining claims processing  
16 and provider reimbursement, reducing the number of pending or  
17 rejected claims, and helping to ensure a more transparent  
18 adjudication process through the utilization of: (i) provider  
19 data verification and provider screening technology; and (ii)  
20 clinical code editing; and (iii) pre-pay, pre- or  
21 post-adjudicated predictive modeling with an integrated case  
22 management system with link analysis. Such a request for  
23 information shall not be considered as a request for proposal  
24 or as an obligation on the part of the Illinois Department to  
25 take any action or acquire any products or services.

26 The Illinois Department shall establish policies,

1 procedures, standards and criteria by rule for the acquisition,  
2 repair and replacement of orthotic and prosthetic devices and  
3 durable medical equipment. Such rules shall provide, but not be  
4 limited to, the following services: (1) immediate repair or  
5 replacement of such devices by recipients; and (2) rental,  
6 lease, purchase or lease-purchase of durable medical equipment  
7 in a cost-effective manner, taking into consideration the  
8 recipient's medical prognosis, the extent of the recipient's  
9 needs, and the requirements and costs for maintaining such  
10 equipment. Subject to prior approval, such rules shall enable a  
11 recipient to temporarily acquire and use alternative or  
12 substitute devices or equipment pending repairs or  
13 replacements of any device or equipment previously authorized  
14 for such recipient by the Department. Notwithstanding any  
15 provision of Section 5-5f to the contrary, the Department may,  
16 by rule, exempt certain replacement wheelchair parts from prior  
17 approval and, for wheelchairs, wheelchair parts, wheelchair  
18 accessories, and related seating and positioning items,  
19 determine the wholesale price by methods other than actual  
20 acquisition costs.

21 The Department shall require, by rule, all providers of  
22 durable medical equipment to be accredited by an accreditation  
23 organization approved by the federal Centers for Medicare and  
24 Medicaid Services and recognized by the Department in order to  
25 bill the Department for providing durable medical equipment to  
26 recipients. No later than 15 months after the effective date of

1 the rule adopted pursuant to this paragraph, all providers must  
2 meet the accreditation requirement.

3 In order to promote environmental responsibility, meet the  
4 needs of recipients and enrollees, and achieve significant cost  
5 savings, the Department, or a managed care organization under  
6 contract with the Department, may provide recipients or managed  
7 care enrollees who have a prescription or Certificate of  
8 Medical Necessity access to refurbished durable medical  
9 equipment under this Section (excluding prosthetic and  
10 orthotic devices as defined in the Orthotics, Prosthetics, and  
11 Pedorthics Practice Act and complex rehabilitation technology  
12 products and associated services) through the State's  
13 assistive technology program's reutilization program, using  
14 staff with the Assistive Technology Professional (ATP)  
15 Certification if the refurbished durable medical equipment:  
16 (i) is available; (ii) is less expensive, including shipping  
17 costs, than new durable medical equipment of the same type;  
18 (iii) is able to withstand at least 3 years of use; (iv) is  
19 cleaned, disinfected, sterilized, and safe in accordance with  
20 federal Food and Drug Administration regulations and guidance  
21 governing the reprocessing of medical devices in health care  
22 settings; and (v) equally meets the needs of the recipient or  
23 enrollee. The reutilization program shall confirm that the  
24 recipient or enrollee is not already in receipt of same or  
25 similar equipment from another service provider, and that the  
26 refurbished durable medical equipment equally meets the needs

1 of the recipient or enrollee. Nothing in this paragraph shall  
2 be construed to limit recipient or enrollee choice to obtain  
3 new durable medical equipment or place any additional prior  
4 authorization conditions on enrollees of managed care  
5 organizations.

6 The Department shall execute, relative to the nursing home  
7 prescreening project, written inter-agency agreements with the  
8 Department of Human Services and the Department on Aging, to  
9 effect the following: (i) intake procedures and common  
10 eligibility criteria for those persons who are receiving  
11 non-institutional services; and (ii) the establishment and  
12 development of non-institutional services in areas of the State  
13 where they are not currently available or are undeveloped; and  
14 (iii) notwithstanding any other provision of law, subject to  
15 federal approval, on and after July 1, 2012, an increase in the  
16 determination of need (DON) scores from 29 to 37 for applicants  
17 for institutional and home and community-based long term care;  
18 if and only if federal approval is not granted, the Department  
19 may, in conjunction with other affected agencies, implement  
20 utilization controls or changes in benefit packages to  
21 effectuate a similar savings amount for this population; and  
22 (iv) no later than July 1, 2013, minimum level of care  
23 eligibility criteria for institutional and home and  
24 community-based long term care; and (v) no later than October  
25 1, 2013, establish procedures to permit long term care  
26 providers access to eligibility scores for individuals with an

1 admission date who are seeking or receiving services from the  
2 long term care provider. In order to select the minimum level  
3 of care eligibility criteria, the Governor shall establish a  
4 workgroup that includes affected agency representatives and  
5 stakeholders representing the institutional and home and  
6 community-based long term care interests. This Section shall  
7 not restrict the Department from implementing lower level of  
8 care eligibility criteria for community-based services in  
9 circumstances where federal approval has been granted.

10 The Illinois Department shall develop and operate, in  
11 cooperation with other State Departments and agencies and in  
12 compliance with applicable federal laws and regulations,  
13 appropriate and effective systems of health care evaluation and  
14 programs for monitoring of utilization of health care services  
15 and facilities, as it affects persons eligible for medical  
16 assistance under this Code.

17 The Illinois Department shall report annually to the  
18 General Assembly, no later than the second Friday in April of  
19 1979 and each year thereafter, in regard to:

20 (a) actual statistics and trends in utilization of  
21 medical services by public aid recipients;

22 (b) actual statistics and trends in the provision of  
23 the various medical services by medical vendors;

24 (c) current rate structures and proposed changes in  
25 those rate structures for the various medical vendors; and

26 (d) efforts at utilization review and control by the

1 Illinois Department.

2 The period covered by each report shall be the 3 years  
3 ending on the June 30 prior to the report. The report shall  
4 include suggested legislation for consideration by the General  
5 Assembly. The requirement for reporting to the General Assembly  
6 shall be satisfied by filing copies of the report as required  
7 by Section 3.1 of the General Assembly Organization Act, and  
8 filing such additional copies with the State Government Report  
9 Distribution Center for the General Assembly as is required  
10 under paragraph (t) of Section 7 of the State Library Act.

11 Rulemaking authority to implement Public Act 95-1045, if  
12 any, is conditioned on the rules being adopted in accordance  
13 with all provisions of the Illinois Administrative Procedure  
14 Act and all rules and procedures of the Joint Committee on  
15 Administrative Rules; any purported rule not so adopted, for  
16 whatever reason, is unauthorized.

17 On and after July 1, 2012, the Department shall reduce any  
18 rate of reimbursement for services or other payments or alter  
19 any methodologies authorized by this Code to reduce any rate of  
20 reimbursement for services or other payments in accordance with  
21 Section 5-5e.

22 Because kidney transplantation can be an appropriate,  
23 cost-effective alternative to renal dialysis when medically  
24 necessary and notwithstanding the provisions of Section 1-11 of  
25 this Code, beginning October 1, 2014, the Department shall  
26 cover kidney transplantation for noncitizens with end-stage

1 renal disease who are not eligible for comprehensive medical  
2 benefits, who meet the residency requirements of Section 5-3 of  
3 this Code, and who would otherwise meet the financial  
4 requirements of the appropriate class of eligible persons under  
5 Section 5-2 of this Code. To qualify for coverage of kidney  
6 transplantation, such person must be receiving emergency renal  
7 dialysis services covered by the Department. Providers under  
8 this Section shall be prior approved and certified by the  
9 Department to perform kidney transplantation and the services  
10 under this Section shall be limited to services associated with  
11 kidney transplantation.

12 Notwithstanding any other provision of this Code to the  
13 contrary, on or after July 1, 2015, all FDA approved forms of  
14 medication assisted treatment prescribed for the treatment of  
15 alcohol dependence or treatment of opioid dependence shall be  
16 covered under both fee for service and managed care medical  
17 assistance programs for persons who are otherwise eligible for  
18 medical assistance under this Article and shall not be subject  
19 to any (1) utilization control, other than those established  
20 under the American Society of Addiction Medicine patient  
21 placement criteria, (2) prior authorization mandate, or (3)  
22 lifetime restriction limit mandate.

23 On or after July 1, 2015, opioid antagonists prescribed for  
24 the treatment of an opioid overdose, including the medication  
25 product, administration devices, and any pharmacy fees related  
26 to the dispensing and administration of the opioid antagonist,

1 shall be covered under the medical assistance program for  
2 persons who are otherwise eligible for medical assistance under  
3 this Article. As used in this Section, "opioid antagonist"  
4 means a drug that binds to opioid receptors and blocks or  
5 inhibits the effect of opioids acting on those receptors,  
6 including, but not limited to, naloxone hydrochloride or any  
7 other similarly acting drug approved by the U.S. Food and Drug  
8 Administration.

9 Upon federal approval, the Department shall provide  
10 coverage and reimbursement for all drugs that are approved for  
11 marketing by the federal Food and Drug Administration and that  
12 are recommended by the federal Public Health Service or the  
13 United States Centers for Disease Control and Prevention for  
14 pre-exposure prophylaxis and related pre-exposure prophylaxis  
15 services, including, but not limited to, HIV and sexually  
16 transmitted infection screening, treatment for sexually  
17 transmitted infections, medical monitoring, assorted labs, and  
18 counseling to reduce the likelihood of HIV infection among  
19 individuals who are not infected with HIV but who are at high  
20 risk of HIV infection.

21 A federally qualified health center, as defined in Section  
22 1905(1)(2)(B) of the federal Social Security Act, shall be  
23 reimbursed by the Department in accordance with the federally  
24 qualified health center's encounter rate for services provided  
25 to medical assistance recipients that are performed by a dental  
26 hygienist, as defined under the Illinois Dental Practice Act,

1 working under the general supervision of a dentist and employed  
2 by a federally qualified health center.

3 Notwithstanding any other provision of this Code, the  
4 Illinois Department shall authorize licensed dietitian  
5 nutritionists and certified diabetes educators to counsel  
6 senior diabetes patients in the senior diabetes patients' homes  
7 to remove the hurdle of transportation for senior diabetes  
8 patients to receive treatment.

9 Notwithstanding any other provision of this code, breast  
10 pumps approved by the U.S. Food and Drug Administration shall  
11 be covered under the medical assistance program for persons who  
12 are otherwise eligible for medical assistance under this  
13 Article.

24 Section 99. Effective date. This Act takes effect January  
25 1, 2020.
