1 AMENDMENT TO SENATE BILL 558

2 AMENDMENT NO. \_\_\_\_\_. Amend Senate Bill 558, AS AMENDED,  
3 with reference to page and line numbers of House Amendment No.  
4 4, as follows:

5 on page 12, line 25, by inserting ", subject to funding  
6 availability," after "program"; and

7 on page 13, lines 8 and 9, by replacing "Certification shall  
8 not be required for reimbursement." with "For reimbursement  
9 under the medical assistance program, a community health worker  
10 must work under the supervision of an enrolled medical program  
11 provider, as specified by the Department, and certification  
12 shall be required for reimbursement. The supervision of  
13 enrolled medical program providers and certification are not  
14 required for community health workers who receive  
15 reimbursement through managed care administrative dollars.  
16 Non-certified community health workers are reimbursable at the

1 discretion of managed care entities up to 18 months following  
2 availability of community health worker certification."; and

3 on page 13, by inserting after line 14 the following:

4 "Section 5-22. Certification. Certification shall not be  
5 required for employment of community health workers.  
6 Non-certified community health workers may be employed through  
7 funding sources outside of the medical assistance program.";  
8 and

9 by deleting lines 9 through 24 on page 43 and lines 1 through 6  
10 on page 44; and

11 on page 71, by inserting after line 16 the following:

12 "Article 65.

13 Section 65-1. Short title. This Article may be cited as the  
14 Behavioral Health Workforce Education Center of Illinois Act.  
15 References in this Article to "this Act" mean this Article.

16 Section 65-5. Findings. The General Assembly finds as  
17 follows:

18 (1) There are insufficient behavioral health  
19 professionals in this State's behavioral health workforce

1 and further that there are insufficient behavioral health  
2 professionals trained in evidence-based practices.

3 (2) The Illinois behavioral health workforce situation  
4 is at a crisis state and the lack of a behavioral health  
5 strategy is exacerbating the problem.

6 (3) In 2019, the Journal of Community Health found that  
7 suicide rates are disproportionately higher among African  
8 American adolescents. From 2001 to 2017, the rate for  
9 African American teen boys rose 60%, according to the  
10 study. Among African American teen girls, rates nearly  
11 tripled, rising by an astounding 182%. Illinois was among  
12 the 10 states with the greatest number of African American  
13 adolescent suicides (2015-2017).

14 (4) Workforce shortages are evident in all behavioral  
15 health professions, including, but not limited to,  
16 psychiatry, psychiatric nursing, psychiatric physician  
17 assistant, social work (licensed social work, licensed  
18 clinical social work), counseling (licensed professional  
19 counseling, licensed clinical professional counseling),  
20 marriage and family therapy, licensed clinical psychology,  
21 occupational therapy, prevention, substance use disorder  
22 counseling, and peer support.

23 (5) The shortage of behavioral health practitioners  
24 affects every Illinois county, every group of people with  
25 behavioral health needs, including children and  
26 adolescents, justice-involved populations, working adults,

1 people experiencing homelessness, veterans, and older  
2 adults, and every health care and social service setting,  
3 from residential facilities and hospitals to  
4 community-based organizations and primary care clinics.

5 (6) Estimates of unmet needs consistently highlight  
6 the dire situation in Illinois. Mental Health America ranks  
7 Illinois 29th in the country in mental health workforce  
8 availability based on its 480-to-1 ratio of population to  
9 mental health professionals, and the Kaiser Family  
10 Foundation estimates that only 23.3% of Illinoisans'  
11 mental health needs can be met with its current workforce.

12 (7) Shortages are especially acute in rural areas and  
13 among low-income and under-insured individuals and  
14 families. 30.3% of Illinois' rural hospitals are in  
15 designated primary care shortage areas and 93.7% are in  
16 designated mental health shortage areas. Nationally, 40%  
17 of psychiatrists work in cash-only practices, limiting  
18 access for those who cannot afford high out-of-pocket  
19 costs, especially Medicaid eligible individuals and  
20 families.

21 (8) Spanish-speaking therapists in suburban Cook  
22 County, as well as in immigrant new growth communities  
23 throughout the State, for example, and master's-prepared  
24 social workers in rural communities are especially  
25 difficult to recruit and retain.

26 (9) Illinois' shortage of psychiatrists specializing

1 in serving children and adolescents is also severe.  
2 Eighty-one out of 102 Illinois counties have no child and  
3 adolescent psychiatrists, and the remaining 21 counties  
4 have only 310 child and adolescent psychiatrists for a  
5 population of 2,450,000 children.

6 (10) Only 38.9% of the 121,000 Illinois youth aged 12  
7 through 17 who experienced a major depressive episode  
8 received care.

9 (11) An annual average of 799,000 people in Illinois  
10 aged 12 and older need but do not receive substance use  
11 disorder treatment at specialty facilities.

12 (12) According to the Statewide Semiannual Opioid  
13 Report, Illinois Department of Public Health, September  
14 2020, the number of opioid deaths in Illinois has increased  
15 3% from 2,167 deaths in 2018 to 2,233 deaths in 2019.

16 (13) Behavioral health workforce shortages have led to  
17 well-documented problems of long wait times for  
18 appointments with psychiatrists (4 to 6 months in some  
19 cases), high turnover, and unfilled vacancies for social  
20 workers and other behavioral health professionals that  
21 have eroded the gains in insurance coverage for mental  
22 illness and substance use disorder under the federal  
23 Affordable Care Act and parity laws.

24 (14) As a result, individuals with mental illness or  
25 substance use disorders end up in hospital emergency rooms,  
26 which are the most expensive level of care, or are

1 incarcerated and do not receive adequate care, if any.

2 (15) There are many organizations and institutions  
3 that are affected by behavioral health workforce  
4 shortages, but no one entity is responsible for monitoring  
5 the workforce supply and intervening to ensure it can  
6 effectively meet behavioral health needs throughout the  
7 State.

8 (16) Workforce shortages are more complex than simple  
9 numerical shortfalls. Identifying the optimal number,  
10 type, and location of behavioral health professionals to  
11 meet the differing needs of Illinois' diverse regions and  
12 populations across the lifespan is a difficult logistical  
13 problem at the system and practice level that requires  
14 coordinated efforts in research, education, service  
15 delivery, and policy.

16 (17) This State has a compelling and substantial  
17 interest in building a pipeline for behavioral health  
18 professionals and to anchor research and education for  
19 behavioral health workforce development. Beginning with  
20 the proposed Behavioral Health Workforce Education Center  
21 of Illinois, Illinois has the chance to develop a blueprint  
22 to be a national leader in behavioral health workforce  
23 development.

24 (18) The State must act now to improve the ability of  
25 its residents to achieve their human potential and to live  
26 healthy, productive lives by reducing the misery and

1 suffering with unmet behavioral health needs.

2 Section 65-10. Behavioral Health Workforce Education  
3 Center of Illinois.

4 (a) The Behavioral Health Workforce Education Center of  
5 Illinois is created and shall be administered by a teaching,  
6 research, or both teaching and research public institution of  
7 higher education in this State. Subject to appropriation, the  
8 Center shall be operational on or before July 1, 2022.

9 (b) The Behavioral Health Workforce Education Center of  
10 Illinois shall leverage workforce and behavioral health  
11 resources, including, but not limited to, State, federal, and  
12 foundation grant funding, federal Workforce Investment Act of  
13 1998 programs, the National Health Service Corps and other  
14 nongraduate medical education physician workforce training  
15 programs, and existing behavioral health partnerships, and  
16 align with reforms in Illinois.

17 Section 65-15. Structure.

18 (a) The Behavioral Health Workforce Education Center of  
19 Illinois shall be structured as a multisite model, and the  
20 administering public institution of higher education shall  
21 serve as the hub institution, complemented by secondary  
22 regional hubs, namely academic institutions, that serve rural  
23 and small urban areas and at least one academic institution  
24 serving a densely urban municipality with more than 1,000,000

1 inhabitants.

2 (b) The Behavioral Health Workforce Education Center of  
3 Illinois shall be located within one academic institution and  
4 shall be tasked with a convening and coordinating role for  
5 workforce research and planning, including monitoring progress  
6 toward Center goals.

7 (c) The Behavioral Health Workforce Education Center of  
8 Illinois shall also coordinate with key State agencies involved  
9 in behavioral health, workforce development, and higher  
10 education in order to leverage disparate resources from health  
11 care, workforce, and economic development programs in Illinois  
12 government.

13 Section 65-20. Duties. The Behavioral Health Workforce  
14 Education Center of Illinois shall perform the following  
15 duties:

16 (1) Organize a consortium of universities in  
17 partnerships with providers, school districts, law  
18 enforcement, consumers and their families, State agencies,  
19 and other stakeholders to implement workforce development  
20 concepts and strategies in every region of this State.

21 (2) Be responsible for developing and implementing a  
22 strategic plan for the recruitment, education, and  
23 retention of a qualified, diverse, and evolving behavioral  
24 health workforce in this State. Its planning and activities  
25 shall include:

1 (A) convening and organizing vested stakeholders  
2 spanning government agencies, clinics, behavioral  
3 health facilities, prevention programs, hospitals,  
4 schools, jails, prisons and juvenile justice, police  
5 and emergency medical services, consumers and their  
6 families, and other stakeholders;

7 (B) collecting and analyzing data on the  
8 behavioral health workforce in Illinois, with detailed  
9 information on specialties, credentials, additional  
10 qualifications (such as training or experience in  
11 particular models of care), location of practice, and  
12 demographic characteristics, including age, gender,  
13 race and ethnicity, and languages spoken;

14 (C) building partnerships with school districts,  
15 public institutions of higher education, and workforce  
16 investment agencies to create pipelines to behavioral  
17 health careers from high schools and colleges,  
18 pathways to behavioral health specialization among  
19 health professional students, and expanded behavioral  
20 health residency and internship opportunities for  
21 graduates;

22 (D) evaluating and disseminating information about  
23 evidence-based practices emerging from research  
24 regarding promising modalities of treatment, care  
25 coordination models, and medications;

26 (E) developing systems for tracking the

1 utilization of evidence-based practices that most  
2 effectively meet behavioral health needs; and

3 (F) providing technical assistance to support  
4 professional training and continuing education  
5 programs that provide effective training in  
6 evidence-based behavioral health practices.

7 (3) Coordinate data collection and analysis, including  
8 systematic tracking of the behavioral health workforce and  
9 datasets that support workforce planning for an  
10 accessible, high-quality behavioral health system. In the  
11 medium to long-term, the Center shall develop Illinois  
12 behavioral workforce data capacity by:

13 (A) filling gaps in workforce data by collecting  
14 information on specialty, training, and qualifications  
15 for specific models of care, demographic  
16 characteristics, including gender, race, ethnicity,  
17 and languages spoken, and participation in public and  
18 private insurance networks;

19 (B) identifying the highest priority geographies,  
20 populations, and occupations for recruitment and  
21 training;

22 (C) monitoring the incidence of behavioral health  
23 conditions to improve estimates of unmet need; and

24 (D) compiling up-to-date, evidence-based  
25 practices, monitoring utilization, and aligning  
26 training resources to improve the uptake of the most

1 effective practices.

2 (4) Work to grow and advance peer and parent-peer  
3 workforce development by:

4 (A) assessing the credentialing and reimbursement  
5 processes and recommending reforms;

6 (B) evaluating available peer-parent training  
7 models, choosing a model that meets Illinois' needs,  
8 and working with partners to implement it universally  
9 in child-serving programs throughout this State; and

10 (C) including peer recovery specialists and  
11 parent-peer support professionals in interdisciplinary  
12 training programs.

13 (5) Focus on the training of behavioral health  
14 professionals in telehealth techniques, including taking  
15 advantage of a telehealth network that exists, and other  
16 innovative means of care delivery in order to increase  
17 access to behavioral health services for all persons within  
18 this State.

19 (6) No later than December 1 of every odd-numbered  
20 year, prepare a report of its activities under this Act.  
21 The report shall be filed electronically with the General  
22 Assembly, as provided under Section 3.1 of the General  
23 Assembly Organization Act, and shall be provided  
24 electronically to any member of the General Assembly upon  
25 request.

1 Section 65-25. Selection process.

2 (a) No later than 90 days after the effective date of this  
3 Act, the Board of Higher Education shall select a public  
4 institution of higher education, with input and assistance from  
5 the Division of Mental Health of the Department of Human  
6 Services, to administer the Behavioral Health Workforce  
7 Education Center of Illinois.

8 (b) The selection process shall articulate the principles  
9 of the Behavioral Health Workforce Education Center of  
10 Illinois, not inconsistent with this Act.

11 (c) The Board of Higher Education, with input and  
12 assistance from the Division of Mental Health of the Department  
13 of Human Services, shall make its selection of a public  
14 institution of higher education based on its ability and  
15 willingness to execute the following tasks:

16 (1) Convening academic institutions providing  
17 behavioral health education to:

18 (A) develop curricula to train future behavioral  
19 health professionals in evidence-based practices that  
20 meet the most urgent needs of Illinois' residents;

21 (B) build capacity to provide clinical training  
22 and supervision; and

23 (C) facilitate telehealth services to every region  
24 of the State.

25 (2) Functioning as a clearinghouse for research,  
26 education, and training efforts to identify and

1 disseminate evidence-based practices across the State.

2 (3) Leveraging financial support from grants and  
3 social impact loan funds.

4 (4) Providing infrastructure to organize regional  
5 behavioral health education and outreach. As budgets  
6 allow, this shall include conference and training space,  
7 research and faculty staff time, telehealth, and distance  
8 learning equipment.

9 (5) Working with regional hubs that assess and serve  
10 the workforce needs of specific, well-defined regions and  
11 specialize in specific research and training areas, such as  
12 telehealth or mental health-criminal justice partnerships,  
13 for which the regional hub can serve as a statewide leader.

14 (d) The Board of Higher Education may adopt such rules as  
15 may be necessary to implement and administer this Section.";  
16 and

17 by replacing lines 20 through 22 of page 141 and lines 1 and 2  
18 of page 142 with the following:

19 "Section 115-5. The Illinois Public Aid Code is amended by  
20 adding Section 14-14 as follows:

21 (305 ILCS 5/14-14 new)

22 Sec. 14-14. Increasing access to primary care in"; and

1 on page 177, lines 3 and 4, by replacing "4 and 5.4 and by  
2 adding Section 5.5" with "4, 5.4, and 8.7"; and

3 on page 177, line 20, by changing "10" to "11"; and

4 on page 185, by replacing lines 1 through 9 with the following:

5 "(20 ILCS 3960/8.7)

6 (Section scheduled to be repealed on December 31, 2029)

7 Sec. 8.7. Application for permit for discontinuation of a  
8 health care facility or category of service; public notice and  
9 public hearing.

10 (a) Upon a finding that an application to close a health  
11 care facility or discontinue a category of service is complete,  
12 the State Board shall publish a legal notice on 3 consecutive  
13 days in a newspaper of general circulation in the area or  
14 community to be affected and afford the public an opportunity  
15 to request a hearing. If the application is for a facility  
16 located in a Metropolitan Statistical Area, an additional legal  
17 notice shall be published in a newspaper of limited  
18 circulation, if one exists, in the area in which the facility  
19 is located. If the newspaper of limited circulation is  
20 published on a daily basis, the additional legal notice shall  
21 be published on 3 consecutive days. The legal notice shall also  
22 be posted on the Health Facilities and Services Review Board's  
23 website and sent to the State Representative and State Senator

1 of the district in which the health care facility is located.  
2 In addition, the health care facility shall provide notice of  
3 closure to the local media that the health care facility would  
4 routinely notify about facility events.

5 An application to close a health care facility shall only  
6 be deemed complete if it includes evidence that the health care  
7 facility provided written notice at least 30 days prior to  
8 filing the application of its intent to do so to the  
9 municipality in which it is located, the State Representative  
10 and State Senator of the district in which the health care  
11 facility is located, the State Board, the Director of Public  
12 Health, and the Director of Healthcare and Family Services. The  
13 changes made to this subsection by this amendatory Act of the  
14 101st General Assembly shall apply to all applications  
15 submitted after the effective date of this amendatory Act of  
16 the 101st General Assembly.

17 (b) No later than 30 days after issuance of a permit to  
18 close a health care facility or discontinue a category of  
19 service, the permit holder shall give written notice of the  
20 closure or discontinuation to the State Senator and State  
21 Representative serving the legislative district in which the  
22 health care facility is located.

23 (c) (1) If there is a pending lawsuit that challenges an  
24 application to discontinue a health care facility that either  
25 names the Board as a party or alleges fraud in the filing of  
26 the application, the Board may defer action on the application

1 for up to 6 months after the date of the initial deferral of  
2 the application.

3 (2) The Board may defer action on an application to  
4 discontinue a hospital that is pending before the Board as of  
5 the effective date of this amendatory Act of the 101st General  
6 Assembly for up to 60 days from the effective date of this  
7 amendatory Act of the 101st General Assembly.

8 (3) The Board may defer taking final action on an  
9 application to discontinue a hospital that is filed on or after  
10 January 12, 2021 until the earlier to occur of: (i) the  
11 expiration of the statewide disaster declaration proclaimed by  
12 the Governor of the State of Illinois due to the COVID-19  
13 pandemic that is in effect on January 12, 2021, or any  
14 extension thereof, or July 1, 2021, whichever occurs later; or  
15 (ii) the expiration of the declaration of a public health  
16 emergency due to the COVID-19 pandemic as declared by the  
17 Secretary of the U.S. Department of Health and Human Services  
18 that is in effect on January 12, 2021, or any extension  
19 thereof, or July 1, 2021, whichever occurs later. This  
20 paragraph (3) is inoperative as of the date of the expiration  
21 of the statewide disaster declaration proclaimed by the  
22 Governor of the State of Illinois due to the COVID-19 pandemic  
23 that is in effect on January 12, 2021, or any extension  
24 thereof, or July 1, 2021, whichever occurs later.

25 (d) The changes made to this Section by this amendatory Act  
26 of the 101st General Assembly shall apply to all applications

1 submitted after the effective date of this amendatory Act of  
2 the 101st General Assembly.
