

SB3002

101ST GENERAL ASSEMBLY

State of Illinois

2019 and 2020

SB3002

Introduced 2/5/2020, by

SYNOPSIS AS INTRODUCED:

605 ILCS 115/7

from Ch. 137, par. 7

Amends the Toll Bridge Act. Provides that the county board may enter into an agreement establishing a toll rate schedule for a period not to exceed 99 years, as determined by the county board.

LRB101 19728 HEP 69229 b

A BILL FOR

1 AN ACT concerning transportation.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Toll Bridge Act is amended by changing
5 Section 7 as follows:

6 (605 ILCS 115/7) (from Ch. 137, par. 7)

7 Sec. 7. The county board shall fix the rates of toll, and
8 may from time to time, alter and change the same, including by
9 establishing a toll rate schedule, setting a maximum toll rate
10 that may be adjusted from time to time, or by establishing
11 another toll rate structure, and in case of the neglect of the
12 owner of the bridge to keep the same in proper repair and safe
13 for the crossing of persons and property, may prohibit the
14 taking of toll. The county board may enter into an agreement
15 establishing a toll rate schedule for a period not to exceed 99
16 years, as determined by the county board. Except as regarding
17 toll bridges or as otherwise provided by law, nothing in this
18 amendatory Act of the 101st General Assembly shall be construed
19 to authorize a county, municipality, local government, or
20 private operator to impose a toll upon any public road, street,
21 or highway; nor shall any provision of this amendatory Act of
22 the 101st General Assembly be construed to authorize, pursuant
23 to an intergovernmental agreement or otherwise, the imposition

1 of any toll upon any public road, street, or highway.

2 The General Assembly finds that electronic toll collection
3 systems in Illinois should be standardized to promote safety,
4 efficiency, and traveler convenience. If electronic toll
5 collection is used on such bridge, the county shall cause the
6 configuration of the electronic toll collection system to be
7 compatible with the electronic toll collection system used by
8 the Illinois State Toll Highway Authority. The municipality or
9 private operator may enter into an agreement with the Illinois
10 State Toll Highway Authority to provide for such compatibility
11 or to have the Authority provide electronic toll collection or
12 toll violation enforcement services. Any toll bridges in
13 Winnebago County that are in operation and collecting tolls on
14 the effective date of this amendatory Act of the 97th General
15 Assembly are exempt from the provisions of the Act.
