8 not exceed the direct or indirect cost to the recipient of  
9 providing the drug. Charging the fee does not constitute  
10 reselling.

12 (a) A recipient may only dispense or administer a  
13 prescription drug or provide an over-the-counter drug:

14 (1) if the recipient is otherwise permitted by law to

2 practitioner's directions for use or, for over-the-counter  
3 medicine, on the package's label; and

4 (6) that is not adulterated or misbranded, as  
5 determined by a pharmacist or practitioner.

6 (b) Recipients shall, to the greatest extent practicable,  
7 dispense drugs received under this Act to priority patients.

8 Section 25. Requirements for accepting drugs. A drug  
9 received but not yet accepted into inventory shall be kept in a

11 Act only if all of the following requirements are met:

12 (1) The drug is in unopened tamper-evident packaging  
13 or has been repackaged according to Section 30.

14 (2) The drug is not expired.

15 (3) The drug is not a controlled substance.

16 (4) The recipient maintains a written or electronic  
17 record of a donation made under this Act consisting of the  
18 name, strength, and quantity of each accepted drug and the  
19 name, address, and telephone number of the donor, unless a  
20 recipient is further donating to a recipient under common  
21 ownership or common control. Notwithstanding any other law  
22 or rule, no other record of a donation is required.

23 (5) The donor has removed or redacted any patient name  
24 and prescription number on the drug or otherwise maintains  
25 patient confidentiality by executing a confidentiality

1 agreement with the recipient.

2 (6) The drug has a method recognized by the United  
3 States Pharmacopeia to detect improper temperature  
4 variations if the drug requires temperature control other  
5 than room temperature storage.

6 Section 30. Donating and repackaging. Notwithstanding any  
7 other law or rule, a recipient may:

8 (1) further donate drugs to another recipient;

9 (2) repackage donated drugs as necessary for storage,  
10 dispensing, administration, or transfers in accordance  
11 with the following:

12 (A) repackaged medicine shall be labeled with the  
13 drug's name, strength, and expiration date, and shall  
14 be kept in a separate designated area until inspected  
15 and initialed by a pharmacist, practitioner, or a

17 (B) if multiple packaged donated medicines with  
18 varied expiration dates are repackaged together, the  
19 shortest expiration date shall be used; and

20 (3) replenish a drug of the same drug name and  
21 strength previously dispensed or administered to an  
22 eligible patient in accordance with Section 340B of the  
23 federal Public Health Service Act.

1 not meet the requirements of Section 25 must be disposed of by  
2 returning it to the donor, destroying it by an incinerator,  
3 medical waste hauler, or other lawful method, or transferring  
4 it to a returns processor. A record of disposal shall consist  
5 of the disposal method, the date of disposal, and the name and  
6 quantity of the drug disposed of. Notwithstanding any other  
7 law or rule, no other record of disposal shall be required.

8 Section 40. Participation not required. Nothing in this  
9 Act requires that a pharmacy or pharmacist be a recipient of  
10 drugs under this Act.

11 Section 45. Recordkeeping requirements. When performing  
12 any action associated with a program under this Act or  
13 otherwise processing a donated drug for tax, manufacturer, or  
14 other credit, a recipient shall be considered to be acting as a  
15 returns processor and shall comply with all recordkeeping  
16 requirements for nonsaleable returns under federal law.

17 Section 50. Change of ownership. A donation or other  
18 transfer of possession or control of a drug under this Act  
19 shall not be construed as a change of ownership unless it is  
20 specified as such by the recipient. If a record of the  
21 donation's transaction information or history is required, the  
22 history shall begin with the donor of the drug, include all  
23 prior donations, and, if the drug was previously dispensed,

1 only include drug information required to be on the patient  
2 label in accordance with the Board of Pharmacy's rules and  
3 regulations.

4 Section 55. Retention of records. All records required  
5 under this Act shall be retained in physical or electronic  
6 format and on or off the recipient's premises for a period of 6  
7 years. Donors or recipients may contract with one another or a  
8 third party to create or maintain records on each other's  
9 behalf. An identifier, such as a serial number or bar code, may  
10 be used in place of any or all information required by a record  
11 or label pursuant to this Act if it allows for such information  
12 to be readily retrievable. Upon request by a State or federal  
13 regulatory agency, the identifier used for requested records  
14 shall be replaced with the original information. An identifier  
15 shall not be used on patient labels when dispensing or  
16 administering a drug.

17 Section 60. Authority. This Act supersedes any  
18 inconsistent law or rule for activities conducted under this  
19 Act.

20 Section 65. Immunity.

21 (a) Except as provided in subsection (b), no manufacturer,  
22 donor, or recipient shall be liable in any criminal or civil  
23 action, or be subject to professional discipline, for

1 activities solely and directly attributable to donating,  
2 receiving, or dispensing drugs under this Act.

3 (b) The immunity provided in subsection (a) shall not  
4 apply:

5 (1) if it is shown that the act or omission was an  
6 unreasonable, willful, wanton, or reckless act;

7 (2) if it is shown that the person or entity knew or  
8 should have known that the donated drug was adulterated or  
9 misbranded; or
