

## 102ND GENERAL ASSEMBLY

### State of Illinois

2021 and 2022

SB1592

Introduced 2/26/2021, by Sen. Laura Fine

#### SYNOPSIS AS INTRODUCED:

215 ILCS 5/356z.14  
215 ILCS 5/356z.15

Amends the Illinois Insurance Code. Provides that a group or individual policy of accident and health insurance or managed care plan that provides individuals under 21 years of age coverage for the diagnosis of autism spectrum disorders and for the treatment of autism spectrum disorders may not deny or refuse to provide otherwise covered services solely because of the location where services are provided. Provides that a group or individual policy of accident and health insurance or managed care plan that provides coverage for habilitative services for children under 19 years of age with a congenital, genetic, or early acquired disorder under specified conditions may not deny or refuse to provide otherwise covered services solely because of the location where services are provided.

FISCAL NOTE ACT  
MAY APPLY

STATE MANDATES  
ACT MAY REQUIRE  
REIMBURSEMENT

A BILL FOR

1 AN ACT concerning regulation.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Illinois Insurance Code is amended by  
5 changing Sections 356z.14 and 356z.15 as follows:

6 (215 ILCS 5/356z.14)

7 Sec. 356z.14. Autism spectrum disorders.

8 (a) A group or individual policy of accident and health  
9 insurance or managed care plan amended, delivered, issued, or  
10 renewed after the effective date of this amendatory Act of the  
11 95th General Assembly must provide individuals under 21 years  
12 of age coverage for the diagnosis of autism spectrum disorders  
13 and for the treatment of autism spectrum disorders to the  
14 extent that the diagnosis and treatment of autism spectrum  
15 disorders are not already covered by the policy of accident  
16 and health insurance or managed care plan.

17 (b) Coverage provided under this Section shall be subject  
18 to a maximum benefit of \$36,000 per year, but shall not be  
19 subject to any limits on the number of visits to a service  
20 provider. After December 30, 2009, the Director of the  
21 Division of Insurance shall, on an annual basis, adjust the  
22 maximum benefit for inflation using the Medical Care Component  
23 of the United States Department of Labor Consumer Price Index

1 for All Urban Consumers. Payments made by an insurer on behalf  
2 of a covered individual for any care, treatment, intervention,  
3 service, or item, the provision of which was for the treatment  
4 of a health condition not diagnosed as an autism spectrum  
5 disorder, shall not be applied toward any maximum benefit  
6 established under this subsection.

7 (c) Coverage under this Section shall be subject to  
8 copayment, deductible, and coinsurance provisions of a policy  
9 of accident and health insurance or managed care plan to the  
10 extent that other medical services covered by the policy of  
11 accident and health insurance or managed care plan are subject  
12 to these provisions.

13 (d) This Section shall not be construed as limiting  
14 benefits that are otherwise available to an individual under a  
15 policy of accident and health insurance or managed care plan  
16 and benefits provided under this Section may not be subject to  
17 dollar limits, deductibles, copayments, or coinsurance  
18 provisions that are less favorable to the insured than the  
19 dollar limits, deductibles, or coinsurance provisions that  
20 apply to physical illness generally.

21 (e) An insurer may not deny or refuse to provide otherwise  
22 covered services, or refuse to renew, refuse to reissue, or  
23 otherwise terminate or restrict coverage under an individual  
24 contract to provide services to an individual because the  
25 individual or their dependent is diagnosed with an autism  
26 spectrum disorder or due to the individual utilizing benefits

1 in this Section.

2 (e-5) An insurer may not deny or refuse to provide  
3 otherwise covered services under a group or individual policy  
4 of accident and health insurance or a managed care plan solely  
5 because of the location wherein the services are provided.

6 (f) Upon request of the reimbursing insurer, a provider of  
7 treatment for autism spectrum disorders shall furnish medical  
8 records, clinical notes, or other necessary data that  
9 substantiate that initial or continued medical treatment is  
10 medically necessary and is resulting in improved clinical  
11 status. When treatment is anticipated to require continued  
12 services to achieve demonstrable progress, the insurer may  
13 request a treatment plan consisting of diagnosis, proposed  
14 treatment by type, frequency, anticipated duration of  
15 treatment, the anticipated outcomes stated as goals, and the  
16 frequency by which the treatment plan will be updated.

17 (g) When making a determination of medical necessity for a  
18 treatment modality for autism spectrum disorders, an insurer  
19 must make the determination in a manner that is consistent  
20 with the manner used to make that determination with respect  
21 to other diseases or illnesses covered under the policy,  
22 including an appeals process. During the appeals process, any  
23 challenge to medical necessity must be viewed as reasonable  
24 only if the review includes a physician with expertise in the  
25 most current and effective treatment modalities for autism  
26 spectrum disorders.

1 (h) Coverage for medically necessary early intervention  
2 services must be delivered by certified early intervention  
3 specialists, as defined in 89 Ill. Admin. Code 500 and any  
4 subsequent amendments thereto.

5 (h-5) If an individual has been diagnosed as having an  
6 autism spectrum disorder, meeting the diagnostic criteria in  
7 place at the time of diagnosis, and treatment is determined  
8 medically necessary, then that individual shall remain  
9 eligible for coverage under this Section even if subsequent  
10 changes to the diagnostic criteria are adopted by the American  
11 Psychiatric Association. If no changes to the diagnostic  
12 criteria are adopted after April 1, 2012, and before December  
13 31, 2014, then this subsection (h-5) shall be of no further  
14 force and effect.

15 (h-10) An insurer may not deny or refuse to provide  
16 covered services, or refuse to renew, refuse to reissue, or  
17 otherwise terminate or restrict coverage under an individual  
18 contract, for a person diagnosed with an autism spectrum  
19 disorder on the basis that the individual declined an  
20 alternative medication or covered service when the  
21 individual's health care provider has determined that such  
22 medication or covered service may exacerbate clinical  
23 symptomatology and is medically contraindicated for the  
24 individual and the individual has requested and received a  
25 medical exception as provided for under Section 45.1 of the  
26 Managed Care Reform and Patient Rights Act. For the purposes

1 of this subsection (h-10), "clinical symptomatology" means any  
2 indication of disorder or disease when experienced by an  
3 individual as a change from normal function, sensation, or  
4 appearance.

5 (h-15) If, at any time, the Secretary of the United States  
6 Department of Health and Human Services, or its successor  
7 agency, promulgates rules or regulations to be published in  
8 the Federal Register or publishes a comment in the Federal  
9 Register or issues an opinion, guidance, or other action that  
10 would require the State, pursuant to any provision of the  
11 Patient Protection and Affordable Care Act (Public Law  
12 111-148), including, but not limited to, 42 U.S.C.  
13 18031(d)(3)(B) or any successor provision, to defray the cost  
14 of any coverage outlined in subsection (h-10), then subsection  
15 (h-10) is inoperative with respect to all coverage outlined in  
16 subsection (h-10) other than that authorized under Section  
17 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State  
18 shall not assume any obligation for the cost of the coverage  
19 set forth in subsection (h-10).

20 (i) As used in this Section:

21 "Autism spectrum disorders" means pervasive developmental  
22 disorders as defined in the most recent edition of the  
23 Diagnostic and Statistical Manual of Mental Disorders,  
24 including autism, Asperger's disorder, and pervasive  
25 developmental disorder not otherwise specified.

26 "Diagnosis of autism spectrum disorders" means one or more

1 tests, evaluations, or assessments to diagnose whether an  
2 individual has autism spectrum disorder that is prescribed,  
3 performed, or ordered by (A) a physician licensed to practice  
4 medicine in all its branches or (B) a licensed clinical  
5 psychologist with expertise in diagnosing autism spectrum  
6 disorders.

7 "Medically necessary" means any care, treatment,  
8 intervention, service or item which will or is reasonably  
9 expected to do any of the following: (i) prevent the onset of  
10 an illness, condition, injury, disease or disability; (ii)  
11 reduce or ameliorate the physical, mental or developmental  
12 effects of an illness, condition, injury, disease or  
13 disability; or (iii) assist to achieve or maintain maximum  
14 functional activity in performing daily activities.

15 "Treatment for autism spectrum disorders" shall include  
16 the following care prescribed, provided, or ordered for an  
17 individual diagnosed with an autism spectrum disorder by (A) a  
18 physician licensed to practice medicine in all its branches or  
19 (B) a certified, registered, or licensed health care  
20 professional with expertise in treating effects of autism  
21 spectrum disorders when the care is determined to be medically  
22 necessary and ordered by a physician licensed to practice  
23 medicine in all its branches:

24 (1) Psychiatric care, meaning direct, consultative, or  
25 diagnostic services provided by a licensed psychiatrist.

26 (2) Psychological care, meaning direct or consultative

1 services provided by a licensed psychologist.

2 (3) Habilitative or rehabilitative care, meaning  
3 professional, counseling, and guidance services and  
4 treatment programs, including applied behavior analysis,  
5 that are intended to develop, maintain, and restore the  
6 functioning of an individual. As used in this subsection  
7 (i), "applied behavior analysis" means the design,  
8 implementation, and evaluation of environmental  
9 modifications using behavioral stimuli and consequences to  
10 produce socially significant improvement in human  
11 behavior, including the use of direct observation,  
12 measurement, and functional analysis of the relations  
13 between environment and behavior.

14 (4) Therapeutic care, including behavioral, speech,  
15 occupational, and physical therapies that provide  
16 treatment in the following areas: (i) self care and  
17 feeding, (ii) pragmatic, receptive, and expressive  
18 language, (iii) cognitive functioning, (iv) applied  
19 behavior analysis, intervention, and modification, (v)  
20 motor planning, and (vi) sensory processing.

21 (j) Rulemaking authority to implement this amendatory Act  
22 of the 95th General Assembly, if any, is conditioned on the  
23 rules being adopted in accordance with all provisions of the  
24 Illinois Administrative Procedure Act and all rules and  
25 procedures of the Joint Committee on Administrative Rules; any  
26 purported rule not so adopted, for whatever reason, is

1 unauthorized.

2 (Source: P.A. 99-788, eff. 8-12-16.)

3 (215 ILCS 5/356z.15)

4 Sec. 356z.15. Habilitative services for children.

5 (a) As used in this Section, "habilitative services" means  
6 occupational therapy, physical therapy, speech therapy, and  
7 other services prescribed by the insured's treating physician  
8 pursuant to a treatment plan to enhance the ability of a child  
9 to function with a congenital, genetic, or early acquired  
10 disorder. A congenital or genetic disorder includes, but is  
11 not limited to, hereditary disorders. An early acquired  
12 disorder refers to a disorder resulting from illness, trauma,  
13 injury, or some other event or condition suffered by a child  
14 prior to that child developing functional life skills such as,  
15 but not limited to, walking, talking, or self-help skills.  
16 Congenital, genetic, and early acquired disorders may include,  
17 but are not limited to, autism or an autism spectrum disorder,  
18 cerebral palsy, and other disorders resulting from early  
19 childhood illness, trauma, or injury.

20 (b) A group or individual policy of accident and health  
21 insurance or managed care plan amended, delivered, issued, or  
22 renewed after the effective date of this amendatory Act of the  
23 95th General Assembly must provide coverage for habilitative  
24 services for children under 19 years of age with a congenital,  
25 genetic, or early acquired disorder so long as all of the

1 following conditions are met:

2 (1) A physician licensed to practice medicine in all  
3 its branches has diagnosed the child's congenital,  
4 genetic, or early acquired disorder.

5 (2) The treatment is administered by a licensed  
6 speech-language pathologist, licensed audiologist,  
7 licensed occupational therapist, licensed physical  
8 therapist, licensed physician, licensed nurse, licensed  
9 optometrist, licensed nutritionist, licensed social  
10 worker, or licensed psychologist upon the referral of a  
11 physician licensed to practice medicine in all its  
12 branches.

13 (3) The initial or continued treatment must be  
14 medically necessary and therapeutic and not experimental  
15 or investigational.

16 (c) The coverage required by this Section shall be subject  
17 to other general exclusions and limitations of the policy,  
18 including coordination of benefits, participating provider  
19 requirements, restrictions on services provided by family or  
20 household members, utilization review of health care services,  
21 including review of medical necessity, case management,  
22 experimental, and investigational treatments, and other  
23 managed care provisions.

24 (d) Coverage under this Section does not apply to those  
25 services that are solely educational in nature or otherwise  
26 paid under State or federal law for purely educational

1 services. Nothing in this subsection (d) relieves an insurer  
2 or similar third party from an otherwise valid obligation to  
3 provide or to pay for services provided to a child with a  
4 disability.

5 (e) Coverage under this Section for children under age 19  
6 shall not apply to treatment of mental or emotional disorders  
7 or illnesses as covered under Section 370 of this Code as well  
8 as any other benefit based upon a specific diagnosis that may  
9 be otherwise required by law.

10 (f) The provisions of this Section do not apply to  
11 short-term travel, accident-only, limited, or specific disease  
12 policies.

13 (g) Any denial of care for habilitative services shall be  
14 subject to appeal and external independent review procedures  
15 as provided by Section 45 of the Managed Care Reform and  
16 Patient Rights Act.

17 (h) Upon request of the reimbursing insurer, the provider  
18 under whose supervision the habilitative services are being  
19 provided shall furnish medical records, clinical notes, or  
20 other necessary data to allow the insurer to substantiate that  
21 initial or continued medical treatment is medically necessary  
22 and that the patient's condition is clinically improving. When  
23 the treating provider anticipates that continued treatment is  
24 or will be required to permit the patient to achieve  
25 demonstrable progress, the insurer may request that the  
26 provider furnish a treatment plan consisting of diagnosis,

1 proposed treatment by type, frequency, anticipated duration of  
2 treatment, the anticipated goals of treatment, and how  
3 frequently the treatment plan will be updated.

4 (i) Rulemaking authority to implement this amendatory Act  
5 of the 95th General Assembly, if any, is conditioned on the  
6 rules being adopted in accordance with all provisions of the  
7 Illinois Administrative Procedure Act and all rules and  
8 procedures of the Joint Committee on Administrative Rules; any  
9 purported rule not so adopted, for whatever reason, is  
10 unauthorized.

11 (j) An insurer may not deny or refuse to provide otherwise  
12 covered services under a group or individual policy of  
13 accident and health insurance or a managed care plan solely  
14 because of the location wherein the services are provided.
