14 line, where the recipient is not required to chew or swallow
15 voluntarily, including, but not limited to, nasogastric tubes,
16 gastrostomies, jejunostomies, and intravenous infusions.
17 Artificial nutrition and hydration does not include assisted
18 feeding, such as spoon or bottle feeding.

19 "Available" means that a person is not "unavailable". A
20 person is unavailable if (i) the person's existence is not
21 known, (ii) the person has not been able to be contacted by

1 unwilling to respond in a manner that indicates a choice among
2 the treatment matters at issue.

3 "Attending physician" means the physician selected by or
4 assigned to the patient who has primary responsibility for
5 treatment and care of the patient and who is a licensed
6 physician in Illinois or a physician licensed in the state

9 the attending physician under this Act.

10 "Close friend" means any person 18 years of age or older
11 who has exhibited special care and concern for the patient and
12 who presents an affidavit to the attending physician stating
13 that he or she (i) is a close friend of the patient, (ii) is
14 willing and able to become involved in the patient's health
15 care, and (iii) has maintained such regular contact with the
16 patient as to be familiar with the patient's activities,
17 health, and religious and moral beliefs. The affidavit must
18 also state facts and circumstances that demonstrate that
19 familiarity.

20 "Death" means when, according to accepted medical
21 standards, there is (i) an irreversible cessation of
22 circulatory and respiratory functions or (ii) an irreversible
23 cessation of all functions of the entire brain, including the

3 the matter as determined by the attending physician.

5 withdraw, or terminate all or any portion of life-sustaining
6 treatment with knowledge that the patient's death is likely to

12 provider commonly known by a wide variety of titles, including
13 but not limited to, hospitals, medical centers, nursing homes,
14 rehabilitation centers, long term or tertiary care facilities,
15 and other facilities established to administer health care and
16 provide overnight stays in their ordinary course of business
17 or practice.

18 "Health care provider" means a person that is licensed,
19 certified, or otherwise authorized or permitted by the law of
20 this State or licensed in the state where the patient is being
21 treated to administer health care in the ordinary course of
22 business or practice of a profession, including, but not
23 limited to, physicians, nurses, health care facilities, and
24 any employee, officer, director, agent, or person under
25 contract with such a person.

26 "Imminent" (as in "death is imminent") means a

1 determination made by the attending physician according to
2 accepted medical standards that death will occur in a
3 relatively short period of time, even if life-sustaining
4 treatment is initiated or continued.

5 "Life-sustaining treatment" means any medical treatment,
6 procedure, or intervention that, in the judgment of the
7 attending physician, when applied to a patient with a
8 qualifying condition, would not be effective to remove the
9 qualifying condition or would serve only to prolong the dying
10 process. Those procedures can include, but are not limited to,
11 assisted ventilation, renal dialysis, surgical procedures,
12 blood transfusions, and the administration of drugs,
13 antibiotics, and artificial nutrition and hydration.

14 "Minor" means an individual who is not an adult as defined
15 in this Act.

16 "Parent" means a person who is the natural or adoptive

1 in the patient's medical record by the attending physician and
2 by at least one other qualified health care practitioner:

3 (1) "Terminal condition" means an illness or injury
4 for which there is no reasonable prospect of cure or
5 recovery, death is imminent, and the application of
6 life-sustaining treatment would only prolong the dying
7 process.

8 (2) "Permanent unconsciousness" means a condition
9 that, to a high degree of medical certainty, (i) will last
10 permanently, without improvement, (ii) in which thought,
11 sensation, purposeful action, social interaction, and
12 awareness of self and environment are absent, and (iii)
13 for which initiating or continuing life-sustaining
14 treatment, in light of the patient's medical condition,
15 provides only minimal medical benefit.

16 (3) "Incurable or irreversible condition" means an
17 illness or injury (i) for which there is no reasonable
18 prospect of cure or recovery, (ii) that ultimately will
19 cause the patient's death even if life-sustaining
20 treatment is initiated or continued, (iii) that imposes
21 severe pain or otherwise imposes an inhumane burden on the
22 patient, and (iv) for which initiating or continuing
23 life-sustaining treatment, in light of the patient's
24 medical condition, provides only minimal medical benefit.

25 The determination that a patient has a qualifying
26 condition creates no presumption regarding the application or

1 non-application of life-sustaining treatment. It is only after
2 a determination by the attending physician that the patient
3 has a qualifying condition that the surrogate decision maker
4 may consider whether or not to forgo life-sustaining
5 treatment. In making this decision, the surrogate shall weigh
6 the burdens on the patient of initiating or continuing
7 life-sustaining treatment against the benefits of that
8 treatment.
