

**102ND GENERAL ASSEMBLY****State of Illinois****2021 and 2022****SB3683**

Introduced 1/21/2022, by Sen. Patrick J. Joyce

SYNOPSIS AS INTRODUCED:New Act
5 ILCS 140/7.5

Creates the Illinois Broadband Deployment, Equity, Access, and Affordability Act of 2022. Provides that access to affordable, reliable, high-speed broadband service is essential to full participation in modern life in the State and throughout the United States. Defines terms. Provides that the Department of Commerce and Economic Opportunity shall establish and implement a statewide broadband service grant program. Provides that the Department shall use money from the grant program only for the exclusive purpose of awarding grants to applicants for projects that are limited to the construction and deployment of broadband service into unserved areas in the State and for the Department's cost to administer the program. Provides that the Department shall not award grant money to a governmental entity or educational institution. Provides that the Department shall not, as a condition of an award of grant money, impose an open network architecture requirement, rate regulation, or other term or condition of service that differs from the applicant's terms or conditions of service in its other service areas. Includes provisions providing for the criteria for determining the award of funds, the information an applicant must provide for an application for a grant, the priority by which the Department shall follow in granting awards, and when the Department shall not award a grant to an applicant. Provides that when a grant is awarded, the Department shall provide notice on its website of each application receiving a grant. Provides that the Department shall require an applicant awarded a grant to submit a semi-annual report from the time the applicant receives the grant to 3 years after completion of the project. Makes a conforming change in the Freedom of Information Act. Effective immediately.

1 AN ACT concerning regulation.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 1. Short title. This Act may be cited as the
5 Illinois Broadband Deployment, Equity, Access, and
6 Affordability Act of 2022.

7 Section 5. Findings. The General Assembly finds:

8 (1) that access to affordable, reliable, high-speed
9 broadband service is essential to full participation in
10 modern life in the State and throughout the United States;

11 (2) that the persistent "digital divide" in the State
12 and in the United States is a barrier to the economic
13 competitiveness in the economic distribution of essential
14 public services, including health care and education;

15 (3) that the digital divide disproportionately affects
16 communities of color, lower-income areas, and rural areas,
17 and the benefits of broadband should be broadly enjoyed by
18 all;

19 (4) that on November 15, 2021, the Infrastructure,
20 Investment and Jobs Act was signed into law by President
21 Biden which provides for historic levels of investment in
22 the nation's infrastructure, including \$65,000,000,000 to
23 construct and upgrade networks used to provide high-speed

1 internet access, as well as making permanent a program
2 that reduces the cost to low-income consumers purchasing
3 these services;

4 (5) that federal funding from the Infrastructure
5 Investment and Jobs Act for the construction and
6 deployment of broadband infrastructure will primarily be
7 disbursed in the form of one-time grants to states,
8 territories, tribal organizations, and other governmental
9 entities, in some instances for those entities to further
10 distribute the funding to private industry through a
11 subgrant process; and

12 (6) that in addition to the network and affordability
13 funding provisions, the Infrastructure Investment and Jobs
14 Act also establishes 2 grant programs to promote digital
15 equity, which will provide up to \$1,500,000,000 to states
16 and territories, and entities such as nonprofit
17 foundations and anchor institutions, to implement programs
18 that promote digital equity and increase broadband
19 adoption.

20 Section 10. Purpose. The purpose of this Act is to enact
21 all necessary legal requirements, to adopt all required
22 policies, and to establish the exclusive processes that the
23 State will use to distribute and grant funds the State
24 receives pursuant to the federal Infrastructure Investment and
25 Jobs Act.

1 Section 15. Definitions. As used in this Act:

2 "Applicant" means a provider that submits an applicant for
3 a grant after collaborating with the community in the unserved
4 area.

5 "Broadband service" means a retail service, not including
6 a satellite service, capable of delivering high-speed internet
7 access at speeds of at least 100 megabits per second
8 downstream and 20 megabits per second upstream.

9 "Department" means the Department of Commerce and Economic
10 Opportunity.

11 "Deployed" means that a provider meets either of the
12 following:

13 (1) currently provides broadband service of at least
14 100 megabits per second download and 20 megabits per
15 second upload in the specific geographic area of the
16 proposed project of the applicant; or

17 (2) is able to provide broadband service of at least
18 100 megabits per second download and 20 megabits per
19 second upload in a specific geographic area of the
20 proposed project of the applicant to a customer that
21 requests that service not later than 30 days after the
22 customer requests installation of that service and without
23 an extraordinary commitment of resources or construction
24 charges or fees exceeding an ordinary service activation
25 fee. The 30-day period is extended to 60 days if permits

1 are needed before the broadband service is activated.

2 "Provider" means any of the following:

3 (1) an entity that is a holder under the Cable and
4 Video Competition Law of 2007;

5 (2) an entity providing cable services or video
6 services in a particular area under a franchise agreement
7 with a unit of local government pursuant to Section
8 11-42-11 of the Illinois Municipal Code or Section 5-1095
9 of the Counties Code; or

10 (3) an entity currently providing broadband service in
11 this State on a commercial basis to its subscribers.

12 "Person" includes an individual, community organization,
13 cooperative association, corporation, federally recognized
14 Indian tribe, limited liability company, nonprofit
15 corporation, partnership, or political subdivision of this
16 State.

17 "Unserved area" means an area lacking access to broadband
18 service from at least one internet service provider according
19 to the map provided by the Federal Communications Commission
20 pursuant to 47 USC 641, the Broadband Deployment Accuracy and
21 Technological Availability Act.

22 Section 20. Establishment of the statewide broadband
23 service grant program. The Department shall establish and
24 implement a statewide broadband service grant program. The
25 program shall consist of all money designated, accepted, or

1 appropriated by the State for broadband deployment, all money
2 received from the federal government awarded to or allocated
3 by the State for broadband deployment, and donations, gifts,
4 and money received from any other source, including transfers
5 from other funds or accounts.

6 Section 25. Grants exclusive to unserved areas.

7 (a) The Department shall use money from the grant program
8 only for the exclusive purpose of awarding grants to
9 applicants for projects that are limited to the construction
10 and deployment of broadband service into unserved areas in the
11 State and for the Department's costs to administer the
12 program.

13 (b) The Department shall not, directly or indirectly,
14 award grant money to a governmental entity or educational
15 institution or affiliate to own, purchase, construct, operate,
16 or maintain a communications network, or to provide service to
17 any residential or commercial premises.

18 (c) The Department shall not, as a condition of an award of
19 grant money, impose an open network architecture requirement,
20 rate regulation, or other term or condition of service that
21 differs from the applicant's terms or conditions of service in
22 its other service areas.

23 (d) An applicant shall not receive a grant for the same
24 project or geographic area for which the applicant has
25 obtained federal, State, or local government funding awarded

1 specifically to support the expansion of broadband networks.
2 The Department shall not award more than \$10,000,000 to any
3 one project or to any one applicant. The Department shall
4 award initial grant money within 270 days after the money is
5 made available under this program.

6 Section 30. Competitive grant process.

7 (a) An award of funds must be issued by a competitive grant
8 process. The grant process must be technology neutral and
9 result in awards to applicants proposing projects based on
10 objective and efficient procedures. The criteria for
11 determining the award of funds must include the following:

12 (1) the applicant's experience and financial
13 wherewithal;

14 (2) the readiness to build, operate, and maintain the
15 project;

16 (3) the long-term viability of the project;

17 (4) the scalability of the network;

18 (5) the applicant's ability to leverage broadband for
19 community and economic development; and

20 (6) the applicant's ability to provide discounted
21 broadband service throughout the unserved area to
22 low-income households.

23 (b) Priority must be given to projects that:

24 (1) demonstrate collaboration to achieve community
25 investment and economic development goals of the area

1 impacted;

2 (2) are able to demonstrate that they have the
3 managerial, financial, and technical ability to build,
4 operate, and manage a broadband network; and

5 (3) demonstrate that the project, to the greatest
6 extent possible, hire women-owned, minority-owned, and
7 veteran-owned businesses in the construction and
8 completion of the project.

9 (c) Within 30 days after receiving an appropriation or
10 federal funding to implement this Act, the Department shall
11 establish and publish on the Department's website the criteria
12 for competitively scoring applications. Within 60 days after
13 the Department publishes the criteria, an applicant shall
14 submit an application for funding of the proposed project.

15 Section 35. Application for a grant.

16 (a) An applicant for a grant under this Act shall provide
17 the following information on the application:

18 (1) the location of the project in the unserved area
19 described by either the specific street addresses to be
20 served or a shapefile as that term is defined in 47 USC
21 641;

22 (2) the kind and amount of broadband infrastructure to
23 be purchased for the project;

24 (3) evidence regarding the unserved nature of the
25 community in which the project is to be located;

1 (4) the number of households that will have access to
2 broadband service as a result of the project, or whose
3 internet access service will be upgraded to broadband
4 service as a result of the project;

5 (5) the significant community institutions that will
6 benefit from the proposed project;

7 (6) evidence of community support for the project with
8 a narrative on the impact that the investment will have on
9 community and economic development efforts in the area;

10 (7) the total cost of the project and a detailed
11 budget and schedule for the project;

12 (8) all sources of funding or in-kind contributions
13 for the project in addition to any grant award; and

14 (9) the Internet service provider's experience and
15 financial wherewithal.

16 (b) The applicant's trade secrets, financial information,
17 and proprietary information submitted under this Act as part
18 of an applicant are exempt from disclosure under the Freedom
19 of Information Act.

20 (c) After scoring and considering all grant applications,
21 the Department shall make grant award recommendations. The
22 Department shall give priority in making grant award
23 recommendations to applicants that demonstrate one or more of
24 the following:

25 (1) collaboration to achieve community investment and
26 economic development goals of an impacted area;

1 (2) the applicant has the managerial, financial, and
2 technical ability to build, operate, and manage a
3 broadband network;

4 (3) the likelihood that the unserved area will not be
5 served without State grant funding;

6 (4) the project will serve a larger unserved area or a
7 greater number of locations within an unserved area than
8 other proposed applications; and

9 (5) the ability of the applicant to commit to
10 providing at least 20% of the cost to deploy the project
11 set forth in the applicant. This commitment must consist
12 of actual capital contribution and is exclusive of in-kind
13 contributions or sunk costs.

14 (d) Within 30 days after the award recommendations have
15 been made, the Department shall publish on its website the
16 grant applications, redacted and consistent with the Freedom
17 of Information Act, the proposed geographic broadband service
18 area, and the proposed broadband service speeds for each
19 application that receives an award recommendation.

20 (e) Before granting an award to an applicant, the
21 Department shall establish a period of at least 60 days after
22 the date the award recommendations are published on the
23 Department's website, during which time the Department shall
24 accept comments or objections concerning each application. The
25 Department shall consider all comments or objections received,
26 and investigate them as needed, in deciding whether an

1 applicant is eligible for a grant. If an objection submitted
2 by a provider contains information that requires an
3 investigation and the objection is found to be inaccurate, the
4 provider shall reimburse the Department for the cost of
5 verifying the information.

6 (f) The Department shall not award a grant to an applicant
7 if information made available to the Department through
8 comments or objections received under Section 8 of this
9 Chapter or otherwise indicate any of the following:

10 (1) the proposed project includes an area where at
11 least one provider has deployed broadband service;

12 (2) the Department receives a sworn statement from an
13 officer of an Internet service provider that the proposed
14 project includes an area where construction of a network
15 to provide broadband service is underway, and the
16 construction is scheduled to be completed within one year
17 after the date of the application; or

18 (3) the Department receives a sworn statement from an
19 officer of an Internet service provider that the proposed
20 project includes:

21 (A) a specific geographical area where an Internet
22 service provider has been selected to receive,
23 provisionally or otherwise, funding from the Federal
24 Communications Commission or the United States
25 Department of Agriculture specifically for the
26 expansion of broadband services. This subparagraph

1 does not apply to an area once either of the following
2 has occurred:

3 (i) the Internet service provider does not
4 complete the requirements for obtaining the
5 funding described in this subparagraph; or

6 (ii) the time period for the Internet service
7 provider to meet its obligation described in this
8 subparagraph has expired and the area remains
9 unserved; or

10 (B) an area where the construction of a network to
11 provide broadband service is to be completed no later
12 than 2 years after the date of an application.

13 (g) The Department's decision to award or deny a grant
14 application pursuant to this Act is a final administrative
15 decision subject to the Administrative Review Law.

16 (h) Any entity or individual affiliated with an entity
17 that has provided consulting services to or partnered with any
18 State executive branch agency or department to conduct
19 workshops in relation to the State's policies or programs
20 impacting broadband service deployment, access, and
21 infrastructure, regardless of whether the consulting services
22 were provided to the State for compensation, is, for a period
23 of 2 years after the conclusion of any engagement, prohibited
24 from accepting employment or receiving compensation from any
25 grantee, and is prohibited from accepting or benefiting from
26 any grant funds awarded by the State pursuant to this Act. For

1 the purposes of this Act, "consulting services" do not include
2 advice, consultation, or participation to or with the State on
3 grant applications to the federal government. Acknowledgment
4 of and compliance with the provisions of this Section must be
5 certified to in writing by the applicant and by all
6 subgrantees and subcontractors of the applicant. The
7 Department shall not consider and shall deny any grant
8 application that fails to include such written
9 acknowledgments.

10 Section 40. Notice on Department website. At the time a
11 grant is awarded to an applicant, the Department shall
12 immediately provide notice on its website of each application
13 receiving a grant, including the name of the entity, the
14 amount of money being received, the broadband speed, and the
15 unserved area for which the applicant is receiving the grant.

16 Section 45. Annual reports from applicants. The Department
17 shall require an applicant awarded a grant to submit a
18 semi-annual report from the time the applicant receives the
19 grant to 3 years after completion of the project. The
20 semi-annual reports must be made available on the Department's
21 website with any proprietary information redacted. The reports
22 must be in a format specified by the Department and give an
23 accounting by the applicant of the use of the money received
24 and the progress toward fulfilling the objectives for which

1 the money was granted, including:

- 2 (1) the number and location of residences and
3 businesses that will have access to the broadband service;
4 (2) the speed of broadband service;
5 (3) the average price of broadband service; and
6 (4) the broadband service adoption rates.

7 Section 50. False statements. A person that files a false
8 statement under this Act is ineligible to receive a grant
9 under this Act.

10 Section 65. The Freedom of Information Act is amended by
11 changing Section 7.5 as follows:

12 (5 ILCS 140/7.5)

13 Sec. 7.5. Statutory exemptions. To the extent provided for
14 by the statutes referenced below, the following shall be
