6 (105 ILCS 5/10-20.85 new)

7 Sec. 10-20.85. Minimum percentage of minority teaching
8 candidates.

9 (a) During the process of interviewing candidates for a
10 teaching position, a school district with a population of
11 3,000 or more students must interview a minimum percentage of
12 minority candidates for the position as provided in this
13 subsection (a). The minimum percentage requirement does not
14 apply to teaching positions in an English as a Second Language
15 program. The minimum percentage is calculated by subtracting
16 10% from the percentage of minority students enrolled in the
17 school district. A school district that is unable to interview
18 the required minimum percentage of minority candidates for 2
19 consecutive years must establish a program to assist minority
20 employees of the school district who are interested in
21 obtaining a Professional Educator License under Section 21B-20
22 of this Code.

23 (b) To facilitate the implementation of the program that

1 may be required under subsection (a), a school district is
2 encouraged to collaborate with an Illinois institution of
3 higher education that offers an approved educator preparation
4 program. The program established by the school district under
5 subsection (a) must:

6 (1) provide minority employees with information about
7 the educator preparation program;

8 (2) assist minority employees in enrolling in the
9 educator preparation program;

10 (3) offer flexible work hours for an employee to
11 complete the educator preparation program; and

12 (4) provide financial incentives to encourage minority
13 employees to obtain a Professional Educator License.

14 (c) A program developed by a school district under
15 subsection (a) must be submitted to and approved by the State
16 Board of Education prior to implementation of the program.

17 (105 ILCS 5/34-18.82 new)

18 Sec. 34-18.82. Minimum percentage of minority teaching
19 candidates.

20 (a) During the process of interviewing candidates for a
21 teaching position, the school district must interview a
22 minimum percentage of minority candidates for the position as
23 provided in this subsection (a). The minimum percentage
24 requirement does not apply to teaching positions in an English
25 as a Second Language program. The minimum percentage is

1 calculated by subtracting 10% from the percentage of minority
2 students enrolled in the school district. If the school
3 district is unable to interview the required minimum
4 percentage of minority candidates for 2 consecutive years, the
5 school district must establish a program to assist minority
6 employees of the school district who are interested in
7 obtaining a Professional Educator License under Section 21B-20
8 of this Code.

9 (b) To facilitate the implementation of the program that
10 may be required under subsection (a), the school district is
11 encouraged to collaborate with an Illinois institution of
12 higher education that offers an approved educator preparation
13 program. The program established by the school district under
14 subsection (a) must:

15 (1) provide minority employees with information about
16 the educator preparation program;

17 (2) assist minority employees in enrolling in the
18 educator preparation program;

19 (3) offer flexible work hours for an employee to
20 complete the educator preparation program; and

21 (4) provide financial incentives to encourage minority
22 employees to obtain a Professional Educator License.
