14 Sec. 30. Menstrual hygiene products in public restrooms.

15 (a) The General Assembly finds that:

1 (1) menstrual hygiene products are a health care
2 necessity and not an item that can be forgone or
3 substituted easily; and

4 (2) access to menstrual hygiene products is a serious
5 and ongoing need in this State.

6 (b) As used in this Section:

7 "Menstrual hygiene products" means tampons and sanitary
8 napkins for use in connection with the menstrual cycle.

9 "Public restroom" means any public toilet facility that is
10 available without preference to any specific gender or any
11 public toilet facility that is available only to women.

12 "Public restroom" does not include any public toilet facility
13 in a mosque, temple, church, and other places of worship if the
14 provision of menstrual hygiene products would conflict with
15 the entity's sincerely held religious beliefs, practices, or
16 observances.

17 (c) This Section applies to any existing or future public
18 buildings, as that term is defined in Section 18.

19 (d) In a public restroom owned and operated by the State or
20 any county, the State or applicable county shall make
21 available and accessible in that public restroom menstrual
22 hygiene products at no cost and shall be responsible for
23 ordering, stocking, and replenishing the supply of those
24 products in that restroom. This subsection does not apply to
25 the Department of Natural Resources, which, subject to
26 appropriation, may establish a pilot program to make menstrual

1 hygiene products available, at no cost to the public, in each
2 public restroom that is equipped with flush toilets and
3 serviced daily at 5 State parks under the jurisdiction and
4 control of the Department of Natural Resources.

5 Section 99. Effective date. This Act takes effect upon
6 becoming law.".
