

1 AN ACT concerning revenue.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Property Tax Code is amended by changing  
5 Section 11-145 and by adding Division 5 to Article 11 as  
6 follows:

7 (35 ILCS 200/11-145)

8 Sec. 11-145. Method of valuation for qualifying water  
9 treatment facilities. To determine 33 1/3% of the fair cash  
10 value of any qualifying water treatment facility in assessing  
11 the facility, the Department shall take into consideration the  
12 probable net value that could be realized by the owner if the  
13 facility were removed and sold at a fair, voluntary sale,  
14 giving due account to the expense of removal, site  
15 restoration, and transportation. The net value shall be  
16 considered to be 33 1/3% of fair cash value. The valuation  
17 under this Section applies only to the qualifying water  
18 treatment facility itself and not to the land on which the  
19 facility is located.

21 (35 ILCS 200/Art. 11 Div. 5 heading new)

22 Division 5. Regional wastewater facilities

1 (35 ILCS 200/11-175 new)

2 Sec. 11-175. Legislative findings. The General Assembly  
3 finds that it is the policy of the State to ensure and  
4 encourage the availability of means for the safe collection,  
5 treatment, and disposal of domestic, commercial, and  
6 industrial sewage and waste for our cities, villages, towns,  
7 and rural residents and that it has become increasingly  
8 difficult and cost prohibitive for smaller cities, towns, and  
9 villages to construct, maintain, or operate, to current  
10 standards, wastewater facilities. The General Assembly further  
11 finds that regional facilities capable of serving several  
12 cities, villages, towns, municipal joint sewage treatment  
13 agencies, municipal sewer commissions, sanitary districts, and  
14 rural wastewater companies offer a viable economic solution to  
15 this concern. For these reasons, the General Assembly declares  
16 it to be the policy of the State to encourage the construction  
17 and operation of regional wastewater facilities capable of  
18 providing for the safe collection, treatment, and disposal of  
19 domestic, commercial, and industrial sewage and waste for  
20 cities, villages, towns, municipal joint sewage treatment  
21 agencies, municipal sewer commissions, sanitary districts, and  
22 rural wastewater companies thereby relieving the burden on  
23 those entities and their citizens from constructing and  
24 maintaining their own individual wastewater facilities.

17 facilities. For purposes of computing the assessed valuation,  
18 qualifying wastewater facilities shall be valued at 33 1/3% of  
19 the fair cash value of the facility. To determine 33 1/3% of  
20 the fair cash value of a qualifying wastewater facility, the  
21 Department shall take into consideration the probable net  
22 value that could be realized by the owner if the facility were  
23 removed and sold at a fair, voluntary sale, giving due account  
24 to the expenses incurred for removal, site restoration, and

21 Environmental Protection Agency and is entitled to tax  
22 treatment under this Division. The effective date of an  
23 assessment shall be on the January 1 preceding the date of

1 approval by the Department or preceding the date construction
