14 packaging requirement of this Act drugs and devices which are
15 (i), in accordance with the practice of the trade, to be
16 processed, labeled or repacked in substantial quantities at
17 establishments other than those where originally processed or

30 dispensed in violation of subsection (a) of this Section.

31 (e) The Director may by regulation remove drugs subject

6 Without Prescription". A drug to which subsection (c) of this
7 Section does not apply shall be deemed to be misbranded if at
8 any time prior to dispensing its label bears the caution
9 statement quoted in the preceding sentence.

25 cooperation with the Department of Public Health, shall
26 establish a drug repository program to accept and dispense
27 prescription drugs donated for the purpose of being dispensed
28 to individuals who are residents of this State and meet
29 eligibility standards established in rules adopted by the
30 Department of Professional Regulation under subsection (e).
31 Only drugs in their original sealed and tamper-evident
32 unit-dose packaging may be accepted and dispensed. The
33 packaging must be unopened, except that drugs packaged in

1 single-unit doses may be accepted and dispensed when the
2 outside packaging is opened if the single-unit dose packaging
3 is undisturbed. Drugs donated by individuals bearing an
4 expiration date that is less than 6 months from the date the
5 drug is donated shall not be accepted or dispensed. A drug
6 shall not be accepted or dispensed if there is reason to
7 believe that it is adulterated as described in Section 14.
8 Subject to the limitation specified in this Section, unused

20 and nonprofit clinics is voluntary. Nothing in this Section
21 or any other provision of law requires a pharmacy, hospital,
22 or nonprofit clinic to participate in the program.

23 (d) A pharmacy, hospital, or nonprofit clinic eligible
24 to participate in the drug repository program shall dispense
25 drugs donated under this Section to individuals who are
26 residents of this State and meet the eligibility standards
27 established in rules adopted by the Department of
28 Professional Regulation under subsection (e) or to other
29 government entities and nonprofit private entities to be
30 dispensed to individuals who meet those eligibility
31 standards. A drug may be dispensed only pursuant to a
32 prescription issued by a licensed health professional
33 authorized to prescribe drugs, as provided by law. A
34 pharmacy, hospital, or nonprofit clinic that accepts donated

1 drugs must comply with all applicable federal laws and laws
2 of this State dealing with storage and distribution of
3 dangerous drugs and must inspect all drugs before dispensing
4 them to determine that they are not adulterated. The
5 pharmacy, hospital, or nonprofit clinic may charge
6 individuals receiving donated drugs a handling fee
7 established in accordance with rules adopted by the
8 Department of Professional Regulation under subsection (e).
9 Drugs donated to the drug repository program may not be
10 resold.

11 (e) In consultation with the Department of Public
12 Health, the Department of Professional Regulation shall adopt
13 rules governing the drug repository program that establish
14 all of the following:

15 (1) Eligibility criteria for pharmacies, hospitals,
16 and nonprofit clinics to receive and dispense donated
17 drugs under the program.

18 (2) Standards and procedures for accepting, safely
19 storing, and dispensing donated drugs.

21 drugs to determine that the original unit-dose packaging
22 is sealed and tamper-evident and that the drugs are
23 unadulterated, safe, and suitable for dispensing.

24 (4) Eligibility standards for individuals to
25 receive donated drugs under the program, based on an
26 individual's economic need.

27 (5) A means, such as an identification card, by
28 which an individual who is eligible to receive donated
29 drugs may demonstrate eligibility to the pharmacy,
30 hospital, or nonprofit clinic dispensing the drugs.

31 (6) For drugs donated to the program by
32 individuals:

33 (A) A list of drugs, arranged either by
34 category or by individual drug, that the program

1 will accept from individuals.

2 (B) A list of drugs, arranged either by
3 category or by individual drug, that the program
4 will not accept from individuals. The list must
5 include a statement as to why each such drug is
6 ineligible for donation.

7 (C) A form that each donor must sign stating
8 that the donor is the owner of the drugs and intends
9 to voluntarily donate them to the program.

10 (7) For drugs donated to the program by health care
11 facilities:

12 (A) A list of drugs, arranged either by
13 category or by individual drug, that the program
14 will accept from health care facilities.

15 (B) A list of drugs, arranged either by
16 category or by individual drug, that the program
17 will not accept from health care facilities. The
18 list must include a statement as to why each such
19 drug is ineligible for donation.

20 (8) Any other standards and procedures the
21 Department of Professional Regulation, in consultation
22 with the Department of Public Health, considers
