4 Section 5. The School Code is amended by changing Section  
5 2-3.136 as follows:

6 (105 ILCS 5/2-3.136)

7 Sec. 2-3.136. Class K-3 class size reduction grant programs  
8 program.

9 (a) A K-3 class size reduction grant program is created.  
10 The program shall be implemented and administered by the State  
11 Board of Education. From appropriations made for purposes of  
12 this Section, the State Board shall award grants to schools  
13 that meet the criteria established by this subsection (a)  
14 ~~Section~~ for the award of those grants.

15 Grants shall be awarded pursuant to application. The form  
16 and manner of applications and the criteria for the award of  
17 grants shall be prescribed by the State Board of Education. The  
18 grant criteria as so prescribed, however, shall provide that  
19 only those schools that are on the State Board of Education  
20 Early Academic Warning List or the academic watch list under  
21 Section 2-3.25d that maintain grades kindergarten through 3 are  
22 grant eligible.

23 Grants awarded to eligible schools under this subsection  
24 (a) ~~Section~~ shall be used and applied by the schools to defray  
25 the costs and expenses of operating and maintaining classes in  
26 grades kindergarten through 3 with an average class size within  
27 a specific grade of no more than 20 pupils. If a school's  
28 facilities are inadequate to allow for this specified class  
29 size, then a school may use the grant funds for teacher aides  
30 instead.

31 (b) A pilot class size reduction grant program is created.  
32 The program shall be implemented and administered by the State

1 Board of Education. From appropriations made for purposes of  
2 this subsection (b), the State Board shall award grants to  
3 schools that meet the criteria established by this Section for  
4 the award of those grants.

5 Grants shall be awarded pursuant to application. The form  
6 and manner of application and the criteria for the award of  
7 grants shall be prescribed by the State Board of Education.

8 Grants awarded to eligible schools under this subsection  
9 (b) shall be used and applied by the schools to defray the  
10 costs and expenses of operating and maintaining classes of no  
11 more than 15 pupils per teacher per class. A teacher aide may  
12 not be used to meet this requirement.

13 (c) If a school board determines that a school is using  
14 funds awarded under this Section for purposes not authorized by  
15 this Section, then the school board, rather than the school,  
16 shall determine how the funds are used.

17 (d) The State Board of Education shall adopt any rules,  
18 consistent with the requirements of this Section, that are  
19 necessary to implement and administer the ~~K-3~~ class size  
20 reduction grant programs ~~program~~.
