2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Department of Public Health Powers and  
5 Duties Law of the Civil Administrative Code of Illinois is  
6 amended by adding Section 2310-280 as follows:

8 Sec. 2310-280. Clinical trials reporting. Hospitals and  
9 universities in Illinois may not agree to conduct a clinical  
10 trial unless the results of the clinical trial will be properly  
11 reported. In this Section "properly reported" means that at  
12 least 30 days before the drug or device that is the subject of  
13 a clinical trial becomes available to the general public, the  
14 entity conducting the clinical trial will provide the clinical  
15 trial's results to physicians and the general public and  
16 register these results with the United States Department of  
17 Health and Human Services' National Institutes of Health at  
18 www.clinicaltrials.gov or a successor website designated by  
19 the Department by rule. In this Section, "clinical trial" means  
20 a controlled test of a new drug or a new invasive device on  
21 human subjects that is conducted under the direction of the  
22 Federal Drug Administration before being made available for  
23 general clinical use.

24 The Department shall adopt rules as necessary to implement  
25 and enforce this Section pursuant to the Illinois  
26 Administrative Procedure Act. The rules may include, without  
27 limitation, requirements for the hospital or university to  
28 notify the Department and supply information concerning a  
29 clinical trial prior to its commencement.
