

1 AN ACT concerning children.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 1. Short title. This Act may be cited as the
5 Commission on Children and Youth Act.

6 Section 5. Legislative findings. The General Assembly
7 finds that positive development opportunities for children and
8 youth are an essential investment in the future well-being of
9 our State. Over the past decade Illinois has invested
10 significant resources in programs and services for children and
11 youth in areas such as education, health care, delinquency
12 prevention, and child welfare. Recent initiatives to expand
13 health care and preschool for all children statewide are
14 significant steps toward establishing Illinois as a national
15 leader in providing foundational services to its youngest
16 residents. These investments have supported important
17 opportunities for healthy development, yet there continue to be
18 unmet needs, service gaps, and other challenges facing
19 children, youth and young adults across Illinois. It has been
20 over 22 years since Illinois has had a commission to explore
21 how the State serves its children and youth and allocates its
22 resources in a manner that most effectively supports children
23 and youth. Illinois is committed to being a model state in

1 forging innovative life development opportunities for all
2 children and youth and needs to develop a vision and strategic
3 plan to achieve this goal.

4 Section 10. Commission on Children and Youth. The
5 Commission on Children and Youth is established. Under the
