1 AN ACT concerning dental practice.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Illinois Dental Practice Act is amended by
5 changing Sections 6, 16, 17, and 49 and by adding Section 7.5
6 as follows:

7 (225 ILCS 25/6) (from Ch. 111, par. 2306)

8 (Section scheduled to be repealed on January 1, 2016)

9 Sec. 6. Board of Dentistry - Report By Majority Required.

10 There is created a Board of Dentistry, to be composed of
11 persons designated from time to time by the Director, as
12 follows:

13 Eleven persons, 8 of whom have been dentists for a period
14 of 5 years or more; 2 of whom have been dental hygienists for a
15 period of 5 years or more, and one public member. None of the
16 members shall be an officer, dean, assistant dean, or associate
17 dean of a dental college or dental department of an institute
18 of learning, nor shall any member be the program director of
19 any dental hygiene program. A board member who holds a faculty
20 position in a dental school or dental hygiene program shall not
21 participate in the examination of applicants for licenses from
22 that school or program. The dental hygienists shall not
23 participate in the examination of applicants for licenses to

1 practice dentistry or in rulemaking or disciplinary cases that
2 involve clinical standards or clinical judgments by dentists.

3 The public member shall not participate in the examination of
4 applicants for licenses to practice dentistry or dental hygiene
5 or in rulemaking or disciplinary cases that involve clinical
6 standards or clinical judgments by dentists. The board shall
7 annually elect a chairman who shall be a dentist.

8 Terms for all members shall be for 4 years. Partial terms
9 over 2 years in length shall be considered as full terms. A
10 member may be reappointed for a successive term, but no member
11 shall serve more than 2 full terms in his or her lifetime.

12 The membership of the Board shall include only residents
13 from various geographic areas of this State and shall include
14 at least some graduates from various institutions of dental
15 education in this State.

16 In making appointments to the Board the Director shall give
17 due consideration to recommendations by organizations of the
18 dental profession in Illinois, including the Illinois State
19 Dental Society and Illinois Dental Hygienists Association, and
20 shall promptly give due notice to such organizations of any
21 vacancy in the membership of the Board. The Director may
22 terminate the appointment of any member for cause which in the
23 opinion of the Director reasonably justifies such termination.

24 A vacancy in the membership of the Board shall not impair
25 the right of a quorum to exercise all the rights and perform
26 all the duties of the Board. Any action to be taken by the

1 Board under this Act may be authorized by resolution at any
2 regular or special meeting, and each such resolution shall take
3 effect immediately. The Board shall meet at least quarterly.
4 The Board may adopt all rules and regulations necessary and
5 incident to its powers and duties under this Act.

6 The members of the Board shall each receive as compensation
7 a reasonable sum as determined by the Director for each day
8 actually engaged in the duties of the office, and all
9 legitimate and necessary expense incurred in attending the
10 meetings of the Board.

11 Members of the Board shall be immune from suit in any
12 action based upon any disciplinary proceedings or other

16 Sec. 7.5. Emerging scientific technology and applications.
17 In the interest of public safety, the Board shall annually
18 review emerging scientific technology and applications and,
19 when appropriate, adopt rules to govern the appropriate use and
20 require the appropriate training needed for this technology by
21 dental hygienists and assistants acting under the supervision
22 of a dentist. "Emerging scientific technology" may include
23 without limitation laser treatments and other treatments and
24 potential treatments that, if used incorrectly, could have an
25 adverse effect on patient health and safety.

1 (225 ILCS 25/16) (from Ch. 111, par. 2316)

2 (Section scheduled to be repealed on January 1, 2016)

3 Sec. 16. Expiration, renewal and restoration of licenses.
4 The expiration date and renewal date for each license issued
5 under this Act shall be set by rule. The renewal period for
6 each license issued under this Act shall be 3 years. A dentist
7 or dental hygienist may renew a license during the month
8 preceding its expiration date by paying the required fee. A
9 dental hygienist shall provide proof of current
10 cardiopulmonary resuscitation certification at the time of
11 renewal. Cardiopulmonary resuscitation certification training
12 taken as a requirement of this section shall be counted towards
13 the continuing education hours under section 16.1 of this Act.

14 Any dentist or dental hygienist whose license has expired
15 or whose license is on inactive status may have his license
16 restored at any time within 5 years after the expiration
17 thereof, upon payment of the required fee and a showing of
18 proof of compliance with current continuing education
19 requirements, as provided by rule.

20 Any person whose license has been expired for more than 5
21 years or who has had his license on inactive status for more
22 than 5 years may have his license restored by making
23 application to the Department and filing proof acceptable to
24 the Department of taking continuing education and of his
25 fitness to have the license restored, including sworn evidence

1 certifying to active practice in another jurisdiction, and by
2 paying the required restoration fee. A person practicing on an
3 expired license is deemed to be practicing without a license.
4 However, a holder of a license may renew the license within 90
5 days after its expiration by complying with the requirements
6 for renewal and payment of an additional fee. A license renewal
7 within 90 days after expiration shall be effective
8 retroactively to the expiration date.

9 If a person whose license has expired or who has had his
10 license on inactive status for more than 5 years has not
11 maintained an active practice satisfactory to the department,
12 the Department shall determine, by an evaluation process
13 established by rule, his or her fitness to resume active status
14 and may require the person to complete a period of evaluated
15 clinical experience and may require successful completion of a
16 practical examination.

17 However, any person whose license has expired while he has
18 been engaged (1) in federal or state service active duty, or
19 (2) in training or education under the supervision of the
20 United States preliminary to induction into the military
21 service, may have his license restored without paying any
22 lapsed renewal or restoration fee, if within 2 years after
23 termination of such service, training or education other than
24 by dishonorable discharge, he furnishes the Department with
25 satisfactory proof that he has been so engaged and that his
26 service, training or education has been so terminated.
