1 AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Legislative findings. The General Assembly finds that it is imperative for municipalities to reclaim certain housing stock that has been used in various fraudulent schemes and that now creates a nuisance to the municipality. Distressed condominiums create a hazard and blight to the general public and community, diminish the local tax base, distort the true value of property in the community (thereby creating illusory market values that harm innocent developers and buyers), and remove housing from the rental market, especially for low and moderate income renters. While normal conservation and building code enforcement methods adequately deal with housing code violations found legitimately created condominium buildings which are managed by functioning condominium associations, this Act is necessary because those normal code enforcement procedures are not effective in dealing with distressed condominiums, because there often is no functioning condominium board which can take responsibility for the necessary code repairs. situation the repairs may take years to complete, and the delay can result in a property with such serious problems that the property cannot be restored and instead must be demolished.

1	Section 5. The Condominium Property Act is amended by
2	adding Section 14.5 as follows:
3	(765 ILCS 605/14.5 new)

24	this subsection (c) shall be recorded by the municipality in
25	the office of the recorder of deeds in the county where the
26	property is located against both the individual units and
