AN ACT concerning State government. 1

## Be it enacted by the People of the State of Illinois, 2 represented in the General Assembly: 3

- 4 Section 1. Short title. This Act may be cited as the H+T 5 Affordability Index Act.
- 6 Section 5. Findings. The General Assembly finds 7 declares all of the following:
- (1) Affordability is an important factor for establishing 8 and implementing infrastructure investment policies because it 10 helps ensure that all individuals in the State have an

opportunity for a high quality of life at a reasonable cost.

- Traditional definitions of affordability include 12 (2) 13 housing costs but not transportation costs, which are the 14 second largest and fastest growing expenditure in a household budget.
- 16 (3) It is beneficial to use definitions, indexes, 17 policies that link housing and transportation costs to assist in establishing investment plans for housing, transportation, 18 19 infrastructure, and economic development that more effectively address the significant costs of living in Metropolitan 20
- 21 Planning Organization areas.

11

15

- 22 (4) The H+T Affordability Index is a tool that was designed
- to calculate the transportation costs associated with a home's 2.3

- 1 location and to combine that cost with the cost of housing to
- 2 calculate affordability as a percentage of overall household
- 3 income.

25

- 4 (5) An analysis of housing and transportation costs in 54
- 5 metro areas nationally demonstrates that reducing the combined
- 6 cost of housing and transportation to 48% or less of income
- 7 represents a desirable and achievable goal; the H+T
- 8 Affordability Index has adopted 48% as the ratio of income to
- 9 housing and transportation costs.
- 10 (6) The analysis also reveals that affordability is
- 11 enhanced by locating residential units that have been
- 12 thoughtfully planned to lessen sprawl in mixed-use,
- transit-rich communities near shopping, schools, and work, and
- 14 that residents of communities with low transportation costs
- 15 benefit from using transit for the mobility required to
- 16 undertake activities associated with daily life; residents of
- 17 these types of communities own fewer cars and drive them
- 18 shorter distances, thereby reducing environmental impacts and
- 19 lowering their cost of living.
- 20 (7) A housing and transportation affordability standard,
- 21 such as that recommended by the H+T Affordability Index, is an
- 22 important consideration in the development of State plans and
- investments in housing, transportation, economic development,
- and other public facilities and infrastructure.
  - Section 10. Definitions. For purposes of this Act:

- 1 "Annual Comprehensive Housing Plan" means the plan created
- 2 by the Comprehensive Housing Planning Act (Public Act 94-965,
- 3 effective June 30, 2006).
- 4 "Context Sensitive Solution Process" means the process by
- 5 which IDOT develops the scope of transportation projects, in
- 6 accordance with Public Act 93-545, effective January 1, 2004.
- 7 "CDB" means the Illinois Capital Development Board, which
- 8 is responsible for overseeing the design, construction,
- 9 repair, and renovation for State-funded, public buildings,
- 10 including, but not limited to, schools, colleges, museums, and
- 11 State recreation areas.
- "DCEO" means the Department of Commerce and Economic
- Opportunity, which is responsible for improving Illinois'
- 14 competitiveness in the global economy by administering
- economic and workforce development programs.
- 16 "HUD/DOT Sustainability Initiative" means an initiative
- 17 undertaken by the U.S. Departments of Housing and Urban
- 18 Development ("HUD") and Transportation ("DOT") in partnership
- 19 to help American families gain better access to affordable
- 20 housing, more transportation options, and lower transportation
- costs.
- 22 "H+T Affordability Index" means the Housing and
- 23 Transportation Affordability Index, a tool that maps the
- 24 combined costs of housing and transportation for neighborhoods
- within a metropolitan area.
- 26 "IDOT" means the Illinois Department of Transportation,

- which is responsible for statewide planning of transportation
- 2 and transit development.
- 3 "IFA" means the Illinois Finance Authority, which is
- 4 responsible for issuing taxable and tax-exempt bonds, making
- 5 loans, and investing capital in initiatives that stimulate the
- 6 economy and create jobs.
- 7 "IHDA" means the Illinois Housing Development Authority,
- 8 which is responsible for financing affordable housing
- 9 development.
- "Interagency Coordinating Committee on Transportation" or
- "ICCT" means the committee created by Public Act 93-185,
- 12 effective July 11, 2003, to encourage the coordination of
- 13 public and private transportation services, with priority
- 14 given toward services directed toward those populations who are
- 15 not currently served or are underserved by existing public
- 16 transportation.
- "Metropolitan Planning Organization" refers to a regional
- 18 policy body, required by the federal government in urbanized
- areas with populations over 50,000 and designated by local
- 20 officials and the Governor of the State to carry out the
- 21 metropolitan transportation planning requirements of federal
- 22 highway and transit legislation.
- "Task Force" means the Task Force codified by the
- 24 Comprehensive Housing Planning Act (Public Act 94-965,
- 25 effective June 30, 2006), which is responsible for statewide
- 26 planning of affordable housing and creating Illinois' Annual

- 1 Comprehensive Housing Plan in cooperation with multiple
- 2 agencies, including IDOT, IHDA, and DCEO.
- 3 Section 15. Funding for non-Metropolitan Planning
- 4 Organization areas. Nothing in this Act shall reduce or divert
- 5 funds away from areas not located in a Metropolitan Planning
- 6 Organization area.
- 7 Section 20. Adoption of the H+T Affordability Index;
- 8 Metropolitan Planning Organization areas. The H+T
- 9 Affordability Index or substantially equivalent affordability
- 10 measure, where available, shall be adopted by DCEO, IDOT and
- 11 IHDA as (1) a tool for the development of plans in Metropolitan
- 12 Planning Organization areas and (2) a consideration for the
- 13 allocation of funding for public transportation, economic
- 14 development, and housing projects in Metropolitan Planning
- Organization areas; the distribution of economic incentives to
- 16 businesses in Metropolitan Planning Organization areas; and
- 17 the siting of public facilities in Metropolitan Planning
- Organization areas, where appropriate.
- 19 Section 25. Adoption of H+T Affordability Index; agencies.
- 20 (a) The Task Force, in cooperation with the Interagency
- 21 Coordinating Committee on Transportation, shall consider the
- 22 H+T Affordability Index, results of the HUD/DOT Sustainability
- 23 Initiative, and the Context Sensitive Solution Process, along

- with other applicable affordability measures, to create an 1
- 2 affordability definition and policy that incorporates housing
- 3 transportation costs for Metropolitan Planning and
- Organization areas, where appropriate, and shall include both
- 5 in the Annual Comprehensive Housing Plan for Metropolitan
- 6 Planning Organization Areas.
- (b) DCEO, IDOT, and IHDA may use the H+T Affordability 7
- 8 Index and other applicable affordability measures to ensure
- 9 consideration of t.he combined costs of housing
- 10 transportation in screening and prioritizing investments in
- 11 public transportation, housing, and economic development
- 12 projects in Metropolitan Planning Organization areas, where
- 13 appropriate.
- (c) CDB shall recommend the H+T Affordability Index to 14
- ensure consideration of the combined costs of housing and 15
- 16 transportation when new public facilities are sited in
- 17 Metropolitan Planning Organization areas.
- (d) IDOT shall use its Context Sensitive Solution Process 18
- 19 for all transportation expansion projects within Metropolitan
- 20 Planning Organization areas and, where possible, shall work
- with communities to enhance or provide opportunities for 21
- 22 transportation alternatives to personal automobiles where
- 23 mixed-use communities thoughtfully planned to lessen sprawl
- 24 exist or are appropriate.
- 25 (e) IFA shall recommend the H+T Affordability Index to
- ensure consideration of the combined costs of housing and 26

- 1 transportation in siting new buildings in Metropolitan
- 2 Planning Organization areas.
