1 AMENDMENT TO SENATE BILL 2477

2 AMENDMENT NO. _____. Amend Senate Bill 2477, AS AMENDED,
3 with reference to page and line numbers of Senate Amendment No.
4 1, on page 7, by inserting below line 12 the following:

5 "(k-3) An automated traffic law enforcement system may not
6 be installed at an intersection that includes an elevated
7 overpass. A county or municipality must remove any automated
8 traffic law enforcement system installed in an intersection
9 containing an elevated overpass that was installed prior to the
10 effective date of this amendatory Act of the 96th General
11 Assembly. As used in this subsection, "elevated overpass" means
12 a elevated right-of-way structure, commonly used for the
13 passage of trains, that vehicular traffic travels underneath of
14 on a separate right-of-way and that uses pillars on the lower
15 right-of-way for structural support of the upper
16 right-of-way."
