1 AMENDMENT TO HOUSE BILL 5151

2 AMENDMENT NO. _____. Amend House Bill 5151, AS AMENDED, by
3 replacing everything after the enacting clause with the
4 following:

5 "Section 1. Purpose.

6 (a) In *Best v. Taylor Machine Works*, 179 Ill.2d 367 (1997),
7 the Illinois Supreme Court held that Public Act 89-7 was void
8 in its entirety.

9 In *Lebron v. Gottlieb Memorial Hospital*, 237 Ill.2d 217
10 (2010), the Illinois Supreme Court held that Public Act 94-677
11 was void in its entirety.

12 (b) The purpose of this Act is to re-enact and repeal
13 statutory provisions so the text of those provisions conforms
14 to the decisions of the Illinois Supreme Court in *Best v.*
15 *Taylor Machine Works* and *Lebron v. Gottlieb Memorial Hospital*.

16 (c) Except as explained in subsection (h) of this Section
17 1, this Act is not intended to supersede any Public Act of the

1 97th General Assembly that amends the text of a statutory
2 provision that appears in this Act.

3 (d) If Public Act 89-7 or Public Act 94-677 amended the
4 text of a Section included in this Act, the text of the Section
5 is shown in this Act with the changes made by those Public Acts
6 omitted, as existing text (without striking and underscoring),
7 with the exception of changes of a substantive nature.

8 (e) Provisions that were purportedly added to the statutes
9 by Public Act 89-7 and Public Act 94-677 are repealed in this
10 Act to conform to the decisions of the Illinois Supreme Court.

11 (f) If Public Act 89-7 or Public Act 94-677 purportedly
12 amended the text of a Section of the statutes and that Section
13 of the statutes was later repealed by another Public Act, the
14 text of that Section is not shown in this Act.

15 (g) This Act is intended to re-enact and repeal only those
16 statutory provisions affected by Public Act 89-7 or Public Act
17 94-677 which concern civil procedure for medical malpractice
18 cases.

19 (h) This Act also makes substantive changes to the Code of
20 Civil Procedure unrelated to Public Act 89-7 or Public Act
21 94-677, specifically by amending Sections 2-622 and 2-1114 and
22 by adding Section 2-1306.

23 Section 5. Section 2-622 of the Code of Civil Procedure is
24 re-enacted and amended and Sections 8-1901 and 8-2501 of the
25 Code of Civil Procedure are re-enacted as follows:

1 (735 ILCS 5/2-622) (from Ch. 110, par. 2-622)

2 Sec. 2-622. Healing art malpractice.

3 (a) In any action, whether in tort, contract or otherwise,
4 in which the plaintiff seeks damages for injuries or death by
5 reason of medical, hospital, or other healing art malpractice,
6 the plaintiff's attorney or the plaintiff, if the plaintiff is
7 proceeding pro se, shall file an affidavit, attached to the
8 original and all copies of the complaint, declaring one of the
9 following:

10 1. That the affiant has consulted and reviewed the
11 facts of the case with a health professional who the
12 affiant reasonably believes: (i) is knowledgeable in the
13 relevant issues involved in the particular action; (ii)
14 practices or has practiced within the last 6 years or
15 teaches or has taught within the last 6 years in the same
16 area of health care or medicine that is at issue in the
17 particular action; and (iii) is qualified by experience or
18 demonstrated competence in the subject of the case; that
19 the reviewing health professional has determined in a
20 written report, after a review of the medical record and
21 other relevant material involved in the particular action
22 that there is a reasonable and meritorious cause for the
23 filing of such action; and that the affiant has concluded
24 on the basis of the reviewing health professional's review
25 and consultation that there is a reasonable and meritorious

1 cause for filing of such action. If the affidavit is filed
2 as to a defendant who is a physician licensed to treat
3 human ailments without the use of drugs or medicines and
4 without operative surgery, a dentist, a podiatrist, a
5 psychologist, or a naprapath, the written report must be
6 from a health professional licensed in the same profession,
7 with the same class of license, as the defendant. For
8 affidavits filed as to all other defendants, the written
9 report must be from a physician licensed to practice
10 medicine in all its branches. In either event, the
11 affidavit must identify the profession of the reviewing
12 health professional. A copy of the written report, clearly
13 identifying the plaintiff and the reasons for the reviewing
14 health professional's determination that a reasonable and
15 meritorious cause for the filing of the action exists, must
16 be attached to the affidavit, but information which would
17 identify the reviewing health professional may be deleted
18 from the copy so attached.

19 2. That the affiant was unable to obtain a consultation
20 required by paragraph 1 because a statute of limitations
21 would impair the action and the consultation required could
22 not be obtained before the expiration of the statute of
23 limitations. If an affidavit is executed pursuant to this
24 paragraph, the certificate and written report required by
25 paragraph 1 shall be filed within 90 days after the filing
26 of the complaint. The defendant shall be excused from

1 answering or otherwise pleading until 30 days after being
2 served with a certificate required by paragraph 1.

3 3. That a request has been made by the plaintiff or his
4 attorney for examination and copying of records pursuant to
5 Part 20 of Article VIII of this Code and the party required
6 to comply under those Sections has failed to produce such
7 records within 60 days of the receipt of the request. If an
8 affidavit is executed pursuant to this paragraph, the
9 certificate and written report required by paragraph 1
10 shall be filed within 90 days following receipt of the
11 requested records. All defendants except those whose
12 failure to comply with Part 20 of Article VIII of this Code
13 is the basis for an affidavit under this paragraph shall be
14 excused from answering or otherwise pleading until 30 days
15 after being served with the certificate required by
16 paragraph 1.

17 (b) Where a certificate and written report are required
18 pursuant to this Section a separate certificate and written
19 report shall be filed as to each defendant who has been named
20 in the complaint and shall be filed as to each defendant named
21 at a later time.

22 (c) Where the plaintiff intends to rely on the doctrine of
23 "res ipsa loquitur", as defined by Section 2-1113 of this Code,
24 the certificate and written report must state that, in the
25 opinion of the reviewing health professional, negligence has
26 occurred in the course of medical treatment. The affiant shall

1 certify upon filing of the complaint that he is relying on the
2 doctrine of "res ipsa loquitur".

3 (d) When the attorney intends to rely on the doctrine of
4 failure to inform of the consequences of the procedure, the
5 attorney shall certify upon the filing of the complaint that
6 the reviewing health professional has, after reviewing the
7 medical record and other relevant materials involved in the
8 particular action, concluded that a reasonable health
9 professional would have informed the patient of the
10 consequences of the procedure.

11 (e) Allegations and denials in the affidavit, made without
12 reasonable cause and found to be untrue, shall subject the
13 party pleading them or his attorney, or both, to the payment of
14 reasonable expenses, actually incurred by the other party by
15 reason of the untrue pleading, together with reasonable
16 attorneys' fees to be summarily taxed by the court upon motion
17 made within 30 days of the judgment or dismissal. In no event
18 shall the award for attorneys' fees and expenses exceed those
19 actually paid by the moving party, including the insurer, if
20 any. In proceedings under this paragraph (e), the moving party
21 shall have the right to depose and examine any and all
22 reviewing health professionals who prepared reports used in
23 conjunction with an affidavit required by this Section.

24 (f) A reviewing health professional who in good faith
25 prepares a report used in conjunction with an affidavit
26 required by this Section shall have civil immunity from

1 liability which otherwise might result from the preparation of
2 such report.

3 (g) The failure to file a certificate required by this
4 Section shall be grounds for dismissal under Section 2-619.

5 (h) (Blank) ~~This Section does not apply to or affect any~~
6 ~~actions pending at the time of its effective date, but applies~~
7 ~~to cases filed on or after its effective date.~~

8 (i) (Blank) ~~This amendatory Act of 1997 does not apply to~~
9 ~~or affect any actions pending at the time of its effective~~
10 ~~date, but applies to cases filed on or after its effective~~
11 ~~date.~~

13 (735 ILCS 5/8-1901) (from Ch. 110, par. 8-1901)

14 Sec. 8-1901. Admission of liability - Effect. The providing
15 of, or payment for, medical, surgical, hospital, or
16 rehabilitation services, facilities, or equipment by or on
17 behalf of any person, or the offer to provide, or pay for, any
18 one or more of the foregoing, shall not be construed as an
19 admission of any liability by such person or persons.
20 Testimony, writings, records, reports or information with
21 respect to the foregoing shall not be admissible in evidence as
22 an admission of any liability in any action of any kind in any
23 court or before any commission, administrative agency, or other
24 tribunal in this State, except at the instance of the person or
25 persons so making any such provision, payment or offer.

2 (735 ILCS 5/8-2501) (from Ch. 110, par. 8-2501)

3 Sec. 8-2501. Expert Witness Standards. In any case in which
4 the standard of care given by a medical profession is at issue,
5 the court shall apply the following standards to determine if a
6 witness qualifies as an expert witness and can testify on the
7 issue of the appropriate standard of care.

8 (a) Relationship of the medical specialties of the witness
9 to the medical problem or problems and the type of treatment
10 administered in the case;

11 (b) Whether the witness has devoted a substantial portion
12 of his or her time to the practice of medicine, teaching or
13 University based research in relation to the medical care and
14 type of treatment at issue which gave rise to the medical
15 problem of which the plaintiff complains;

16 (c) whether the witness is licensed in the same profession
17 as the defendant; and

18 (d) whether, in the case against a nonspecialist, the
19 witness can demonstrate a sufficient familiarity with the
20 standard of care practiced in this State.

22 Section 10. The Code of Civil Procedure is amended by
23 changing Section 2-1114 and by adding Section 2-1306 as
24 follows:

1 (735 ILCS 5/2-1114) (from Ch. 110, par. 2-1114)

2 Sec. 2-1114. Contingent fees for attorneys in medical
3 malpractice actions.

4 (a) In all medical malpractice actions the total contingent
5 fee for plaintiff's attorney or attorneys shall not exceed 33
6 1/3% of all sums recovered. ~~the following amounts:~~

7 ~~33 1/3% of the first \$150,000 of the sum recovered;~~

8 ~~25% of the next \$850,000 of the sum recovered; and~~

9 ~~20% of any amount recovered over \$1,000,000 of the sum~~
10 ~~recovered.~~

11 (b) For purposes of determining any lump sum contingent
12 fee, any future damages recoverable by the plaintiff in
13 periodic installments shall be reduced to a lump sum value.

18 ~~court for approval of additional compensation.~~

19 (d) As used in this Section, "contingent fee basis"
20 includes any fee arrangement under which the compensation is to

2 signatory, a successor to a signatory, or a parent or an
3 affiliate of a signatory to the Master Settlement Agreement
4 described in Section 6z-43 of the State Finance Act, execution
5 of the judgment shall be stayed during the entire course of
6 appellate review upon the posting of a supersedeas bond or
7 other form of security in accordance with applicable laws or
8 court rules, except that the total amount of the supersedeas
9 bond or other form of security that is required of all
10 appellants collectively shall not exceed \$250,000,000,
11 regardless of the amount of the judgment, provided that this
12 limitation shall apply only if appellants file at least 30% of
13 the total amount in the form of cash, a letter of credit, a
14 certificate of deposit, or other cash equivalent with the
15 court. The cash or cash equivalent shall be deposited by the
16 clerk of the court in the account of the court, and any
17 interest earned shall be utilized as provided by law.

18 (b) Notwithstanding subsection (a) of this Section, if an
19 appellee proves by a preponderance of the evidence that an
20 appellant is dissipating assets outside the ordinary course of
21 business to avoid payment of a judgment, a court may require
22 the appellant to post a supersedeas bond in an amount up to the
23 total amount of the judgment.

24 (c) This Section applies to pending actions as well as
25 actions commenced on or after its effective date, and to
