17 (40 ILCS 5/7-172) (from Ch. 108 1/2, par. 7-172)

Sec. 7-172. Contributions by participating municipalities and participating instrumentalities.

20 (a) Each participating municipality and each participating21 instrumentality shall make payment to the fund as follows:

municipality contributions in an amount determined
 by applying the municipality contribution rate to each
 payment of earnings paid to each of its participating
 employees;

HB1444 Engrossed

2. an amount equal to the employee contributions provided by paragraph (a) of Section 7-173, whether or not the employee contributions are withheld as permitted by that Section;

3. all accounts receivable, together with interest
charged thereon, as provided in Section 7-209;

4. if it has no participating employees with current
earnings, an amount payable which, over a closed period of
20 years for participating municipalities and 10 years for
participating instrumentalities, will amortize, at the
effective rate for that year, any unfunded obligation. The
unfunded obligation shall be computed as provided in
paragraph 2 of subsection (b);

5. if it has fewer than 7 participating employees or a negative balance in its municipality reserve, the greater of (A) an amount payable that, over a period of 20 years, will amortize at the effective rate for that year any unfunded obligation, computed as provided in paragraph 2 of subsection (b) or (B) the amount required by paragraph 1 of this subsection (a).

(b) A separate municipality contribution rate shall be determined for each calendar year for all participating municipalities together with all instrumentalities thereof. The municipality contribution rate shall be determined for participating instrumentalities as if they were participating municipalities. The municipality contribution rate shall be HB1444 Engrossed - 8 - LRB098 03983 JDS 34003 b

1 the sum of the following percentages:

2 1. The percentage of earnings of all the participating 3 all participating municipalities employees of and participating instrumentalities which, if paid over the 4 5 entire period of their service, will be sufficient when combined with all employee contributions available for the 6 7 of benefits, to provide all annuities payment for 8 participating employees, and the \$3,000 death benefit payable under Sections 7-158 and 7-164, such percentage to 9 10 be known as the normal cost rate.

11 2. The percentage of earnings of the participating 12 employees of each participating municipality and 13 participating instrumentalities necessary to adjust for 14 the difference between the present value of all benefits, 15 excluding temporary and total and permanent disability and 16 death benefits, to be provided for its participating 17 employees and the sum of its accumulated municipality contributions and the accumulated employee contributions 18 19 and the present value of expected future employee and 20 municipality contributions pursuant to subparagraph 1 of 21 this paragraph (b). This adjustment shall be spread over a 22 period determined by the Board, not to exceed 30 years for 23 participating municipalities or 10 years for participating instrumentalities the remainder of the period that is 24 25 allowable under generally accepted accounting principles. 26 3. The percentage of earnings of the participating

HB1444 Engrossed - 9 - LRB098 03983 JDS 34003 b

employees of all municipalities and participating instrumentalities necessary to provide the present value of all temporary and total and permanent disability benefits granted during the most recent year for which information is available.

4. The percentage of earnings of the participating 6 7 of all participating municipalities employees and 8 participating instrumentalities necessary to provide the 9 present value of the net single sum death benefits expected 10 to become payable from the reserve established under 11 Section 7-206 during the year for which this rate is fixed.

12

13

5. The percentage of earnings necessary to meet any deficiency arising in the Terminated Municipality Reserve.

14 (c) A separate municipality contribution rate shall be 15 computed for each participating municipality or participating 16 instrumentality for its sheriff's law enforcement employees.

A separate municipality contribution rate shall be computed for the sheriff's law enforcement employees of each forest preserve district that elects to have such employees. For the period from January 1, 1986 to December 31, 1986, such rate shall be the forest preserve district's regular rate plus 2%.

In the event that the Board determines that there is an actuarial deficiency in the account of any municipality with respect to a person who has elected to participate in the Fund under Section 3-109.1 of this Code, the Board may adjust the HB1444 Engrossed - 10 - LRB098 03983 JDS 34003 b

1 municipality's contribution rate so as to make up that 2 deficiency over such reasonable period of time as the Board may 3 determine.

The Board may establish a separate municipality 4 (d) 5 contribution rate for all employees who are program Comprehensive 6 participants employed under the federal 7 Employment Training Act by all of the participating 8 municipalities and instrumentalities. The Board may also 9 provide that, in lieu of a separate municipality rate for these 10 employees, a portion of the municipality contributions for such 11 program participants shall be refunded or an extra charge 12 assessed so that the amount of municipality contributions 13 retained or received by the fund for all CETA program 14 participants shall be an amount equal to that which would be 15 provided by the separate municipality contribution rate for all 16 such program participants. Refunds shall be made to prime 17 sponsors of programs upon submission of a claim therefor and shall 18 extra charges be assessed to participating 19 municipalities and instrumentalities. In establishing the 20 municipality contribution rate as provided in paragraph (b) of 21 this Section, the use of a separate municipality contribution 22 rate for program participants or the refund of a portion of the 23 municipality contributions, as the case may be, may be considered. 24

(e) Computations of municipality contribution rates forthe following calendar year shall be made prior to the

HB1444 Engrossed - 11 - LRB098 03983 JDS 34003 b

beginning of each year, from the information available at the time the computations are made, and on the assumption that the employees in each participating municipality or participating instrumentality at such time will continue in service until the end of such calendar year at their respective rates of earnings at such time.

7 (f) Any municipality which is the recipient of State 8 allocations representing that municipality's contributions for 9 retirement annuity purposes on behalf of its employees as 10 provided in Section 12-21.16 of the Illinois Public Aid Code 11 shall pay the allocations so received to the Board for such 12 purpose. Estimates of State allocations to be received during 13 any taxable year shall be considered in the determination of the municipality's tax rate for that year under Section 7-171. 14 15 If a special tax is levied under Section 7-171, none of the 16 proceeds may be used to reimburse the municipality for the 17 amount of State allocations received and paid to the Board. Any multiple-county or consolidated health department 18 which 19 receives contributions from a county under Section 11.2 of "An 20 Act in relation to establishment and maintenance of county and multiple-county health departments", approved July 9, 1943, as 21 22 amended, or distributions under Section 3 of the Department of 23 Public Health Act, shall use these only for municipality contributions by the health department. 24

(g) Municipality contributions for the several purposes
 specified shall, for township treasurers and employees in the

HB1444 Engrossed - 12 - LRB098 03983 JDS 34003 b

offices of the township treasurers who meet the qualifying conditions for coverage hereunder, be allocated among the several school districts and parts of school districts serviced by such treasurers and employees in the proportion which the amount of school funds of each district or part of a district handled by the treasurer bears to the total amount of all school funds handled by the treasurer.

8 From the funds subject to allocation among districts and 9 parts of districts pursuant to the School Code, the trustees 10 shall withhold the proportionate share of the liability for 11 municipality contributions imposed upon such districts by this 12 Section, in respect to such township treasurers and employees 13 and remit the same to the Board.

14 The municipality contribution rate for an educational 15 service center shall initially be the same rate for each year 16 as the regional office of education or school district which 17 serves as its administrative agent. When actuarial data become 18 available, a separate rate shall be established as provided in 19 subparagraph (i) of this Section.

20 The municipality contribution rate for a public agency, 21 other than a vocational education cooperative, formed under the 22 Intergovernmental Cooperation Act shall initially be the 23 average rate for the municipalities which are parties to the intergovernmental agreement. When actuarial 24 data become 25 available, a separate rate shall be established as provided in 26 subparagraph (i) of this Section.

HB1444 Engrossed - 13 - LRB098 03983 JDS 34003 b

Each participating municipality and participating 1 (h) 2 instrumentality shall make the contributions in the amounts 3 provided in this Section in the manner prescribed from time to time by the Board and all such contributions shall be 4 5 obligations of the respective participating municipalities and participating instrumentalities to this fund. The failure to 6 7 deduct any employee contributions shall not relieve the 8 participating municipality or participating instrumentality of 9 obligation to this fund. Delinquent its payments of 10 contributions due under this Section may, with interest, be 11 recovered by civil action against the participating 12 municipalities or participating instrumentalities. 13 Municipality contributions, other than the amount necessary for employee contributions, for periods of service by employees 14 15 from whose earnings no deductions were made for employee 16 contributions to the fund, may be charged to the municipality 17 reserve for the municipality or participating instrumentality.

(i) Contributions by participating instrumentalities shall be determined as provided herein except that the percentage derived under subparagraph 2 of paragraph (b) of this Section, and the amount payable under subparagraph 4 of paragraph (a) of this Section, shall be based on an amortization period of 10 years.

(j) Notwithstanding the other provisions of this Section,
the additional unfunded liability accruing as a result of this
amendatory Act of the 94th General Assembly shall be amortized

HB1444 Engrossed - 14 - LRB098 03983 JDS 34003 b

over a period of 30 years beginning on January 1 of the second 1 2 calendar year following the calendar year in which this amendatory Act takes effect, except that the employer may 3 provide for a longer amortization period by adopting a 4 5 resolution or ordinance specifying a 35-year or 40-year period and submitting a certified copy of the ordinance or resolution 6 7 to the fund no later than June 1 of the calendar year following 8 the calendar year in which this amendatory Act takes effect.

9 (k) If the amount of a participating employee's reported 10 earnings for any of the 12-month periods used to determine the 11 final rate of earnings exceeds the employee's 12 month reported 12 earnings with the same employer for the previous year by the 13 greater of 6% or 1.5 times the annual increase in the Consumer 14 Price Index-U, as established by the United States Department 15 of Labor for the preceding September, the participating 16 municipality or participating instrumentality that paid those 17 earnings shall pay to the Fund, in addition to any other contributions required under this Article, the present value of 18 the increase in the pension resulting from the portion of the 19 20 increase in salary that is in excess of the greater of 6% or 1.5 times the annual increase in the Consumer Price Index-U, as 21 22 determined by the Fund. This present value shall be computed on 23 the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the Fund that is available 24 25 at the time of the computation.

26

Whenever it determines that a payment is or may be required

under this subsection (k), the fund shall calculate the amount 1 2 of the payment and bill the participating municipality or participating instrumentality for that amount. The bill shall 3 specify the calculations used to determine the amount due. If 4 5 the participating municipality or participating 6 instrumentality disputes the amount of the bill, it may, within 7 30 days after receipt of the bill, apply to the fund in writing for a recalculation. The application must specify in detail the 8 9 grounds of the dispute. Upon receiving a timely application for 10 recalculation, the fund shall review the application and, if 11 appropriate, recalculate the amount due. The participating 12 municipality and participating instrumentality contributions 13 required under this subsection (k) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the 14 15 participating municipality and participating instrumentality 16 contributions are not paid within 90 days after receipt of the 17 bill, then interest will be charged at a rate equal to the fund's annual actuarially assumed rate of return on investment 18 compounded annually from the 91st day after receipt of the 19 20 bill. Payments must be concluded within 3 years after receipt of the bill by the participating municipality or participating 21 22 instrumentality.

When assessing payment for any amount due under this subsection (k), the fund shall exclude earnings increases resulting from overload or overtime earnings.

26

When assessing payment for any amount due under this

HB1444 Engrossed - 16 - LRB098 03983 JDS 34003 b

subsection (k), the fund shall also exclude earnings increases attributable to standard employment promotions resulting in increased responsibility and workload.

This subsection (k) does not apply to earnings increases paid to individuals under contracts or collective bargaining agreements entered into, amended, or renewed before January 1, 2012 (the effective date of Public Act 97-609), earnings increases paid to members who are 10 years or more from retirement eligibility, or earnings increases resulting from an increase in the number of hours required to be worked.

11 When assessing payment for any amount due under this 12 subsection (k), the fund shall also exclude earnings attributable to personnel policies adopted before January 1, 13 2012 (the effective date of Public Act 97-609) as long as those 14 15 policies are not applicable to employees who begin service on or after January 1, 2012 (the effective date of Public Act 16 17 97-609).

22 Sec. 7-173. Contributions by employees.

23 (a) Each participating employee shall make contributions24 to the fund as follows:

25 1. For retirement annuity purposes, normal

HB1444 Engrossed - 17 - LRB098 03983 JDS 34003 b

contributions of 3 3/4% of earnings.

2. Additional contributions of such percentages of 2 3 each payment of earnings, as shall be elected by the employee for retirement annuity purposes, but not in excess 4 5 of 10%. The selected rate shall be applicable to all earnings paid following receipt by the Board of written 6 7 notice of election to make such contributions. Additional 8 contributions at the selected rate shall be made 9 concurrently with normal contributions.

Survivor contributions, by each participating
 employee, of 3/4% of each payment of earnings.

12 (b) (Blank).

1

13 Contributions shall be deducted from (C) each corresponding payment of earnings paid to each employee and 14 15 shall be remitted to the board by the participating 16 municipality or participating instrumentality making such 17 payment. The remittance, together with a report of the earnings and contributions shall be made as directed by the board. For 18 19 township treasurers and employees of township treasurers 20 qualifying as employees hereunder, the contributions herein required as deductions from salary shall be withheld by the 21 22 school township trustees from funds available for the payment 23 the compensation of such treasurers and employees as of provided in the School Code and remitted to the board. 24

(d) An employee who has made additional contributions under

time prior thereto, elect to withdraw the total of such additional contributions including interest credited thereon to the end of the preceding calendar year, to the extent <u>permitted by the federal Internal Revenue Code of 1986, as now</u> or hereafter amended.

6 (e) Failure to make the deductions for employee 7 contributions provided in paragraph (c) of this Section shall 8 not relieve the employee from liability for such contributions. 9 The amount of such liability may be deducted, with interest 10 charged under Section 7-209, from any annuities or benefits 11 payable hereunder to the employee or any other person receiving 12 annuity or benefit by reason of such employee's an 13 participation.

(f) A participating employee who has at least 40 years of 14 15 creditable service in the Fund may elect to cease making the 16 contributions required under this Section. The status of the 17 employee under this Article shall be unaffected by this election, except that the employee shall not receive any 18 additional creditable service for the periods of employment 19 20 following the election. An election under this subsection 21 relieves the employer from making additional employer 22 contributions in relation to that employee.
