

1 AN ACT concerning regulation.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Illinois Insurance Code is amended by
5 changing Section 356g as follows:

6 (215 ILCS 5/356g) (from Ch. 73, par. 968g)

7 Sec. 356g. Mammograms; mastectomies.

8 (a) Every insurer shall provide in each group or individual
9 policy, contract, or certificate of insurance issued or renewed
10 for persons who are residents of this State, coverage for
11 screening by low-dose mammography for all women 35 years of age
12 or older for the presence of occult breast cancer within the
13 provisions of the policy, contract, or certificate. The
14 coverage shall be as follows:

15 (1) A baseline mammogram for women 35 to 39 years of
16 age.

17 (2) An annual mammogram for women 40 years of age or
18 older.

19 (3) A mammogram at the age and intervals considered
20 medically necessary by the woman's health care provider for
21 women under 40 years of age and having a family history of
22 breast cancer, prior personal history of breast cancer,
23 positive genetic testing, or other risk factors.

1 (4) A comprehensive ultrasound screening of an entire
2 breast or breasts if a mammogram demonstrates
3 heterogeneous or dense breast tissue, when medically
4 necessary as determined by a physician licensed to practice
5 medicine in all of its branches.

6 (5) A screening MRI when medically necessary, as
7 determined by a physician licensed to practice medicine in
8 all of its branches, and if the American Cancer Society's
9 guidelines for appropriate use for women at high risk for
10 breast cancer are met.

11 For purposes of this Section, "low-dose mammography" means
12 the x-ray examination of the breast using equipment dedicated
13 specifically for mammography, including the x-ray tube,
14 filter, compression device, and image receptor, with radiation
15 exposure delivery of less than 1 rad per breast for 2 views of
16 an average size breast. The term also includes digital
17 mammography and shall include breast tomosynthesis. As used in
18 this Section, the term "breast tomosynthesis" means a
19 radiologic procedure that involves the acquisition of
20 projection images over the stationary breast to produce
21 cross-sectional digital three-dimensional images of the
22 breast.

23 (a-5) Coverage as described by subsection (a) shall be
24 provided at no cost to the insured and shall not be applied to
25 an annual or lifetime maximum benefit.

26 (a-10) When health care services are available through

1 contracted providers and a person does not comply with plan
2 provisions specific to the use of contracted providers, the
3 requirements of subsection (a-5) are not applicable. When a
4 person does not comply with plan provisions specific to the use
5 of contracted providers, plan provisions specific to the use of
6 non-contracted providers must be applied without distinction
7 for coverage required by this Section and shall be at least as
8 favorable as for other radiological examinations covered by the
9 policy or contract.

10 (b) No policy of accident or health insurance that provides
11 for the surgical procedure known as a mastectomy shall be
12 issued, amended, delivered, or renewed in this State unless
13 that coverage also provides for prosthetic devices or
14 reconstructive surgery incident to the mastectomy. Coverage
15 for breast reconstruction in connection with a mastectomy shall
16 include:

17 (1) reconstruction of the breast upon which the
18 mastectomy has been performed;

19 (2) surgery and reconstruction of the other breast to
20 produce a symmetrical appearance; and

21 (3) prostheses and treatment for physical
22 complications at all stages of mastectomy, including
23 lymphedemas.

24 Care shall be determined in consultation with the attending
25 physician and the patient. The offered coverage for prosthetic
26 devices and reconstructive surgery shall be subject to the

1 deductible and coinsurance conditions applied to the
2 mastectomy, and all other terms and conditions applicable to
3 other benefits. When a mastectomy is performed and there is no
4 evidence of malignancy then the offered coverage may be limited
5 to the provision of prosthetic devices and reconstructive
6 surgery to within 2 years after the date of the mastectomy. As
7 used in this Section, "mastectomy" means the removal of all or
8 part of the breast for medically necessary reasons, as
9 determined by a licensed physician.

10 Written notice of the availability of coverage under this
11 Section shall be delivered to the insured upon enrollment and
12 annually thereafter. An insurer may not deny to an insured
13 eligibility, or continued eligibility, to enroll or to renew
14 coverage under the terms of the plan solely for the purpose of
15 avoiding the requirements of this Section. An insurer may not
16 penalize or reduce or limit the reimbursement of an attending
17 provider or provide incentives (monetary or otherwise) to an
18 attending provider to induce the provider to provide care to an
19 insured in a manner inconsistent with this Section.

20 (c) Rulemaking authority to implement this amendatory Act
21 of the 95th General Assembly, if any, is conditioned on the
22 rules being adopted in accordance with all provisions of the
23 Illinois Administrative Procedure Act and all rules and
24 procedures of the Joint Committee on Administrative Rules; any
25 purported rule not so adopted, for whatever reason, is
26 unauthorized.

1 (Source: P.A. 94-121, eff. 7-6-05; 95-431, eff. 8-24-07;
2 95-1045, eff. 3-27-09.)

3 Section 10. The Health Maintenance Organization Act is
4 amended by changing Section 4-6.1 as follows:

5 (215 ILCS 125/4-6.1) (from Ch. 111 1/2, par. 1408.7)

6 Sec. 4-6.1. Mammograms; mastectomies.

7 (a) Every contract or evidence of coverage issued by a
8 Health Maintenance Organization for persons who are residents
9 of this State shall contain coverage for screening by low-dose
10 mammography for all women 35 years of age or older for the
11 presence of occult breast cancer. The coverage shall be as
12 follows:

13 (1) A baseline mammogram for women 35 to 39 years of
14 age.

15 (2) An annual mammogram for women 40 years of age or
16 older.

17 (3) A mammogram at the age and intervals considered
18 medically necessary by the woman's health care provider for
19 women under 40 years of age and having a family history of
20 breast cancer, prior personal history of breast cancer,
21 positive genetic testing, or other risk factors.

22 (4) A comprehensive ultrasound screening of an entire
23 breast or breasts if a mammogram demonstrates
24 heterogeneous or dense breast tissue, when medically

1 necessary as determined by a physician licensed to practice
2 medicine in all of its branches.

3 For purposes of this Section, "low-dose mammography" means
4 the x-ray examination of the breast using equipment dedicated
5 specifically for mammography, including the x-ray tube,
6 filter, compression device, and image receptor, with radiation
7 exposure delivery of less than 1 rad per breast for 2 views of
8 an average size breast. The term also includes digital
9 mammography and shall include breast tomosynthesis. As used in
10 this Section, the term "breast tomosynthesis" means a
11 radiologic procedure that involves the acquisition of
12 projection images over the stationary breast to produce
13 cross-sectional digital three-dimensional images of the
14 breast.

15 (a-5) Coverage as described in subsection (a) shall be
16 provided at no cost to the enrollee and shall not be applied to
17 an annual or lifetime maximum benefit.

18 (b) No contract or evidence of coverage issued by a health
19 maintenance organization that provides for the surgical
20 procedure known as a mastectomy shall be issued, amended,
21 delivered, or renewed in this State on or after the effective
22 date of this amendatory Act of the 92nd General Assembly unless
23 that coverage also provides for prosthetic devices or
24 reconstructive surgery incident to the mastectomy, providing
25 that the mastectomy is performed after the effective date of
26 this amendatory Act. Coverage for breast reconstruction in

1 connection with a mastectomy shall include:

2 (1) reconstruction of the breast upon which the
3 mastectomy has been performed;

4 (2) surgery and reconstruction of the other breast to
5 produce a symmetrical appearance; and

6 (3) prostheses and treatment for physical
7 complications at all stages of mastectomy, including
8 lymphedemas.

9 Care shall be determined in consultation with the attending
10 physician and the patient. The offered coverage for prosthetic
11 devices and reconstructive surgery shall be subject to the
12 deductible and coinsurance conditions applied to the
13 mastectomy and all other terms and conditions applicable to
14 other benefits. When a mastectomy is performed and there is no
15 evidence of malignancy, then the offered coverage may be
16 limited to the provision of prosthetic devices and
17 reconstructive surgery to within 2 years after the date of the
18 mastectomy. As used in this Section, "mastectomy" means the
19 removal of all or part of the breast for medically necessary
20 reasons, as determined by a licensed physician.

21 Written notice of the availability of coverage under this
22 Section shall be delivered to the enrollee upon enrollment and
23 annually thereafter. A health maintenance organization may not
24 deny to an enrollee eligibility, or continued eligibility, to
25 enroll or to renew coverage under the terms of the plan solely
26 for the purpose of avoiding the requirements of this Section. A

1 health maintenance organization may not penalize or reduce or
2 limit the reimbursement of an attending provider or provide
3 incentives (monetary or otherwise) to an attending provider to
4 induce the provider to provide care to an insured in a manner
5 inconsistent with this Section.

6 (c) Rulemaking authority to implement this amendatory Act
7 of the 95th General Assembly, if any, is conditioned on the
8 rules being adopted in accordance with all provisions of the
9 Illinois Administrative Procedure Act and all rules and
10 procedures of the Joint Committee on Administrative Rules; any
11 purported rule not so adopted, for whatever reason, is
12 unauthorized.

13 (Source: P.A. 94-121, eff. 7-6-05; 95-431, eff. 8-24-07;
14 95-1045, eff. 3-27-09.)

15 Section 15. The Illinois Public Aid Code is amended by
16 changing Sections 5-5 and 5-16.8 and by adding Section 12-4.49
17 as follows:

18 (305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

19 Sec. 5-5. Medical services. The Illinois Department, by
20 rule, shall determine the quantity and quality of and the rate
21 of reimbursement for the medical assistance for which payment
22 will be authorized, and the medical services to be provided,
23 which may include all or part of the following: (1) inpatient
24 hospital services; (2) outpatient hospital services; (3) other

1 laboratory and X-ray services; (4) skilled nursing home
2 services; (5) physicians' services whether furnished in the
3 office, the patient's home, a hospital, a skilled nursing home,
4 or elsewhere; (6) medical care, or any other type of remedial
5 care furnished by licensed practitioners; (7) home health care
6 services; (8) private duty nursing service; (9) clinic
7 services; (10) dental services, including prevention and
8 treatment of periodontal disease and dental caries disease for
9 pregnant women, provided by an individual licensed to practice
10 dentistry or dental surgery; for purposes of this item (10),
11 "dental services" means diagnostic, preventive, or corrective
12 procedures provided by or under the supervision of a dentist in
13 the practice of his or her profession; (11) physical therapy
14 and related services; (12) prescribed drugs, dentures, and
15 prosthetic devices; and eyeglasses prescribed by a physician
16 skilled in the diseases of the eye, or by an optometrist,
17 whichever the person may select; (13) other diagnostic,
18 screening, preventive, and rehabilitative services, including
19 to ensure that the individual's need for intervention or
20 treatment of mental disorders or substance use disorders or
21 co-occurring mental health and substance use disorders is
22 determined using a uniform screening, assessment, and
23 evaluation process inclusive of criteria, for children and
24 adults; for purposes of this item (13), a uniform screening,
25 assessment, and evaluation process refers to a process that
26 includes an appropriate evaluation and, as warranted, a

1 referral; "uniform" does not mean the use of a singular
2 instrument, tool, or process that all must utilize; (14)
3 transportation and such other expenses as may be necessary;
4 (15) medical treatment of sexual assault survivors, as defined
5 in Section 1a of the Sexual Assault Survivors Emergency
6 Treatment Act, for injuries sustained as a result of the sexual
7 assault, including examinations and laboratory tests to
8 discover evidence which may be used in criminal proceedings
9 arising from the sexual assault; (16) the diagnosis and
10 treatment of sickle cell anemia; and (17) any other medical
11 care, and any other type of remedial care recognized under the
12 laws of this State, but not including abortions, or induced
13 miscarriages or premature births, unless, in the opinion of a
14 physician, such procedures are necessary for the preservation
15 of the life of the woman seeking such treatment, or except an
16 induced premature birth intended to produce a live viable child
17 and such procedure is necessary for the health of the mother or
18 her unborn child. The Illinois Department, by rule, shall
19 prohibit any physician from providing medical assistance to
20 anyone eligible therefor under this Code where such physician
21 has been found guilty of performing an abortion procedure in a
22 wilful and wanton manner upon a woman who was not pregnant at
23 the time such abortion procedure was performed. The term "any
24 other type of remedial care" shall include nursing care and
25 nursing home service for persons who rely on treatment by
26 spiritual means alone through prayer for healing.

1 Notwithstanding any other provision of this Section, a
2 comprehensive tobacco use cessation program that includes
3 purchasing prescription drugs or prescription medical devices
4 approved by the Food and Drug Administration shall be covered
5 under the medical assistance program under this Article for
6 persons who are otherwise eligible for assistance under this
7 Article.

8 Notwithstanding any other provision of this Code, the
9 Illinois Department may not require, as a condition of payment
10 for any laboratory test authorized under this Article, that a
11 physician's handwritten signature appear on the laboratory
12 test order form. The Illinois Department may, however, impose
13 other appropriate requirements regarding laboratory test order
14 documentation.

15 Upon receipt of federal approval of an amendment to the
16 Illinois Title XIX State Plan for this purpose, the Department
17 shall authorize the Chicago Public Schools (CPS) to procure a
18 vendor or vendors to manufacture eyeglasses for individuals
19 enrolled in a school within the CPS system. CPS shall ensure
20 that its vendor or vendors are enrolled as providers in the
21 medical assistance program and in any capitated Medicaid
22 managed care entity (MCE) serving individuals enrolled in a
23 school within the CPS system. Under any contract procured under
24 this provision, the vendor or vendors must serve only
25 individuals enrolled in a school within the CPS system. Claims
26 for services provided by CPS's vendor or vendors to recipients

1 of benefits in the medical assistance program under this Code,
2 the Children's Health Insurance Program, or the Covering ALL
3 KIDS Health Insurance Program shall be submitted to the
4 Department or the MCE in which the individual is enrolled for
5 payment and shall be reimbursed at the Department's or the
6 MCE's established rates or rate methodologies for eyeglasses.

7 On and after July 1, 2012, the Department of Healthcare and
8 Family Services may provide the following services to persons
9 eligible for assistance under this Article who are
10 participating in education, training or employment programs
11 operated by the Department of Human Services as successor to
12 the Department of Public Aid:

13 (1) dental services provided by or under the
14 supervision of a dentist; and

15 (2) eyeglasses prescribed by a physician skilled in the
16 diseases of the eye, or by an optometrist, whichever the
17 person may select.

18 Notwithstanding any other provision of this Code and
19 subject to federal approval, the Department may adopt rules to
20 allow a dentist who is volunteering his or her service at no
21 cost to render dental services through an enrolled
22 not-for-profit health clinic without the dentist personally
23 enrolling as a participating provider in the medical assistance
24 program. A not-for-profit health clinic shall include a public
25 health clinic or Federally Qualified Health Center or other
26 enrolled provider, as determined by the Department, through

1 which dental services covered under this Section are performed.
2 The Department shall establish a process for payment of claims
3 for reimbursement for covered dental services rendered under
4 this provision.

5 The Illinois Department, by rule, may distinguish and
6 classify the medical services to be provided only in accordance
7 with the classes of persons designated in Section 5-2.

8 The Department of Healthcare and Family Services must
9 provide coverage and reimbursement for amino acid-based
10 elemental formulas, regardless of delivery method, for the
11 diagnosis and treatment of (i) eosinophilic disorders and (ii)
12 short bowel syndrome when the prescribing physician has issued
13 a written order stating that the amino acid-based elemental
14 formula is medically necessary.

15 The Illinois Department shall authorize the provision of,
16 and shall authorize payment for, screening by low-dose
17 mammography for the presence of occult breast cancer for women
18 35 years of age or older who are eligible for medical
19 assistance under this Article, as follows:

20 (A) A baseline mammogram for women 35 to 39 years of
21 age.

22 (B) An annual mammogram for women 40 years of age or
23 older.

24 (C) A mammogram at the age and intervals considered
25 medically necessary by the woman's health care provider for
26 women under 40 years of age and having a family history of

1 breast cancer, prior personal history of breast cancer,
2 positive genetic testing, or other risk factors.

3 (D) A comprehensive ultrasound screening of an entire
4 breast or breasts if a mammogram demonstrates
5 heterogeneous or dense breast tissue, when medically
6 necessary as determined by a physician licensed to practice
7 medicine in all of its branches.

8 (E) A screening MRI when medically necessary, as
9 determined by a physician licensed to practice medicine in
10 all of its branches, and if the American Cancer Society's
11 guidelines for appropriate use for women at high risk for
12 breast cancer are met.

13 All screenings shall include a physical breast exam,
14 instruction on self-examination and information regarding the
15 frequency of self-examination and its value as a preventative
16 tool. For purposes of this Section, "low-dose mammography"
17 means the x-ray examination of the breast using equipment
18 dedicated specifically for mammography, including the x-ray
19 tube, filter, compression device, and image receptor, with an
20 average radiation exposure delivery of less than one rad per
21 breast for 2 views of an average size breast. The term also
22 includes digital mammography and shall include breast
23 tomosynthesis. As used in this Section, the term "breast
24 tomosynthesis" means a radiologic procedure that involves the
25 acquisition of projection images over the stationary breast to
26 produce cross-sectional digital three-dimensional images of

1 the breast.

2 On and after January 1, 2016, the Department shall ensure
3 that all networks of care for adult clients of the Department
4 include access to at least one breast imaging Center of Imaging
5 Excellence as certified by the American College of Radiology.

6 On and after January 1, 2012, providers participating in a
7 quality improvement program approved by the Department shall be
8 reimbursed for screening and diagnostic mammography at the same
9 rate as the Medicare program's rates, including the increased
10 reimbursement for digital mammography.

11 The Department shall convene an expert panel including
12 representatives of hospitals, free-standing mammography
13 facilities, and doctors, including radiologists, to establish
14 quality standards for mammography.

15 On and after January 1, 2017, providers participating in a
16 breast cancer treatment quality improvement program approved
17 by the Department shall be reimbursed for breast cancer
18 treatment at a rate that is no lower than 95% of the Medicare
19 program's rates for the data elements included in the breast
20 cancer treatment quality program.

21 The Department shall convene an expert panel, including
22 representatives of hospitals, free standing breast cancer
23 treatment centers, breast cancer quality organizations, and
24 doctors, including breast surgeons, reconstructive breast
25 surgeons, oncologists, and primary care providers to establish
26 quality standards for breast cancer treatment.

1 Subject to federal approval, the Department shall
2 establish a rate methodology for mammography at federally
3 qualified health centers and other encounter-rate clinics.
4 These clinics or centers may also collaborate with other
5 hospital-based mammography facilities. By January 1, 2016, the
6 Department shall report to the General Assembly on the status
7 of the provision set forth in this paragraph.

8 The Department shall establish a methodology to remind
9 women who are age-appropriate for screening mammography, but
10 who have not received a mammogram within the previous 18
11 months, of the importance and benefit of screening mammography.
12 The Department shall work with experts in breast cancer
13 outreach and patient navigation to optimize these reminders and
14 shall establish a methodology for evaluating their
15 effectiveness and modifying the methodology based on the
16 evaluation.

17 The Department shall establish a performance goal for
18 primary care providers with respect to their female patients
19 over age 40 receiving an annual mammogram. This performance
20 goal shall be used to provide additional reimbursement in the
21 form of a quality performance bonus to primary care providers
22 who meet that goal.

23 The Department shall devise a means of case-managing or
24 patient navigation for beneficiaries diagnosed with breast
25 cancer. This program shall initially operate as a pilot program
26 in areas of the State with the highest incidence of mortality

1 related to breast cancer. At least one pilot program site shall
2 be in the metropolitan Chicago area and at least one site shall
3 be outside the metropolitan Chicago area. On or after July 1,
4 2016, the pilot program shall be expanded to include one site
5 in western Illinois, one site in southern Illinois, one site in
6 central Illinois, and 4 sites within metropolitan Chicago. An
7 evaluation of the pilot program shall be carried out measuring
8 health outcomes and cost of care for those served by the pilot
9 program compared to similarly situated patients who are not
10 served by the pilot program.

11 The Department shall require all networks of care to
12 develop a means either internally or by contract with experts
13 in navigation and community outreach to navigate cancer
14 patients to comprehensive care in a timely fashion. The
15 Department shall require all networks of care to include access
16 for patients diagnosed with cancer to at least one academic
17 commission on cancer-accredited cancer program as an
18 in-network covered benefit.

19 Any medical or health care provider shall immediately
20 recommend, to any pregnant woman who is being provided prenatal
21 services and is suspected of drug abuse or is addicted as
22 defined in the Alcoholism and Other Drug Abuse and Dependency
23 Act, referral to a local substance abuse treatment provider
24 licensed by the Department of Human Services or to a licensed
25 hospital which provides substance abuse treatment services.
26 The Department of Healthcare and Family Services shall assure

1 coverage for the cost of treatment of the drug abuse or
2 addiction for pregnant recipients in accordance with the
3 Illinois Medicaid Program in conjunction with the Department of
4 Human Services.

5 All medical providers providing medical assistance to
6 pregnant women under this Code shall receive information from
7 the Department on the availability of services under the Drug
8 Free Families with a Future or any comparable program providing
9 case management services for addicted women, including
10 information on appropriate referrals for other social services
11 that may be needed by addicted women in addition to treatment
12 for addiction.

13 The Illinois Department, in cooperation with the
14 Departments of Human Services (as successor to the Department
15 of Alcoholism and Substance Abuse) and Public Health, through a
16 public awareness campaign, may provide information concerning
17 treatment for alcoholism and drug abuse and addiction, prenatal
18 health care, and other pertinent programs directed at reducing
19 the number of drug-affected infants born to recipients of
20 medical assistance.

21 Neither the Department of Healthcare and Family Services
22 nor the Department of Human Services shall sanction the
23 recipient solely on the basis of her substance abuse.

24 The Illinois Department shall establish such regulations
25 governing the dispensing of health services under this Article
26 as it shall deem appropriate. The Department should seek the

1 advice of formal professional advisory committees appointed by
2 the Director of the Illinois Department for the purpose of
3 providing regular advice on policy and administrative matters,
4 information dissemination and educational activities for
5 medical and health care providers, and consistency in
6 procedures to the Illinois Department.

7 The Illinois Department may develop and contract with
8 Partnerships of medical providers to arrange medical services
9 for persons eligible under Section 5-2 of this Code.
10 Implementation of this Section may be by demonstration projects
11 in certain geographic areas. The Partnership shall be
12 represented by a sponsor organization. The Department, by rule,
13 shall develop qualifications for sponsors of Partnerships.
14 Nothing in this Section shall be construed to require that the
15 sponsor organization be a medical organization.

16 The sponsor must negotiate formal written contracts with
17 medical providers for physician services, inpatient and
18 outpatient hospital care, home health services, treatment for
19 alcoholism and substance abuse, and other services determined
20 necessary by the Illinois Department by rule for delivery by
21 Partnerships. Physician services must include prenatal and
22 obstetrical care. The Illinois Department shall reimburse
23 medical services delivered by Partnership providers to clients
24 in target areas according to provisions of this Article and the
25 Illinois Health Finance Reform Act, except that:

26 (1) Physicians participating in a Partnership and

1 providing certain services, which shall be determined by
2 the Illinois Department, to persons in areas covered by the
3 Partnership may receive an additional surcharge for such
4 services.

5 (2) The Department may elect to consider and negotiate
6 financial incentives to encourage the development of
7 Partnerships and the efficient delivery of medical care.

8 (3) Persons receiving medical services through
9 Partnerships may receive medical and case management
10 services above the level usually offered through the
11 medical assistance program.

12 Medical providers shall be required to meet certain
13 qualifications to participate in Partnerships to ensure the
14 delivery of high quality medical services. These
15 qualifications shall be determined by rule of the Illinois
16 Department and may be higher than qualifications for
17 participation in the medical assistance program. Partnership
18 sponsors may prescribe reasonable additional qualifications
19 for participation by medical providers, only with the prior
20 written approval of the Illinois Department.

21 Nothing in this Section shall limit the free choice of
22 practitioners, hospitals, and other providers of medical
23 services by clients. In order to ensure patient freedom of
24 choice, the Illinois Department shall immediately promulgate
25 all rules and take all other necessary actions so that provided
26 services may be accessed from therapeutically certified

1 optometrists to the full extent of the Illinois Optometric
2 Practice Act of 1987 without discriminating between service
3 providers.

4 The Department shall apply for a waiver from the United
5 States Health Care Financing Administration to allow for the
6 implementation of Partnerships under this Section.

7 The Illinois Department shall require health care
8 providers to maintain records that document the medical care
9 and services provided to recipients of Medical Assistance under
10 this Article. Such records must be retained for a period of not
11 less than 6 years from the date of service or as provided by
12 applicable State law, whichever period is longer, except that
13 if an audit is initiated within the required retention period
14 then the records must be retained until the audit is completed
15 and every exception is resolved. The Illinois Department shall
16 require health care providers to make available, when
17 authorized by the patient, in writing, the medical records in a
18 timely fashion to other health care providers who are treating
19 or serving persons eligible for Medical Assistance under this
20 Article. All dispensers of medical services shall be required
21 to maintain and retain business and professional records
22 sufficient to fully and accurately document the nature, scope,
23 details and receipt of the health care provided to persons
24 eligible for medical assistance under this Code, in accordance
25 with regulations promulgated by the Illinois Department. The
26 rules and regulations shall require that proof of the receipt

1 of prescription drugs, dentures, prosthetic devices and
2 eyeglasses by eligible persons under this Section accompany
3 each claim for reimbursement submitted by the dispenser of such
4 medical services. No such claims for reimbursement shall be
5 approved for payment by the Illinois Department without such
6 proof of receipt, unless the Illinois Department shall have put
7 into effect and shall be operating a system of post-payment
8 audit and review which shall, on a sampling basis, be deemed
9 adequate by the Illinois Department to assure that such drugs,
10 dentures, prosthetic devices and eyeglasses for which payment
11 is being made are actually being received by eligible
12 recipients. Within 90 days after the effective date of this
13 amendatory Act of 1984, the Illinois Department shall establish
14 a current list of acquisition costs for all prosthetic devices
15 and any other items recognized as medical equipment and
16 supplies reimbursable under this Article and shall update such
17 list on a quarterly basis, except that the acquisition costs of
18 all prescription drugs shall be updated no less frequently than
19 every 30 days as required by Section 5-5.12.

20 The rules and regulations of the Illinois Department shall
21 require that a written statement including the required opinion
22 of a physician shall accompany any claim for reimbursement for
23 abortions, or induced miscarriages or premature births. This
24 statement shall indicate what procedures were used in providing
25 such medical services.

26 Notwithstanding any other law to the contrary, the Illinois

1 Department shall, within 365 days after July 22, 2013~~7~~ (the
2 effective date of Public Act 98-104), establish procedures to
3 permit skilled care facilities licensed under the Nursing Home
4 Care Act to submit monthly billing claims for reimbursement
5 purposes. Following development of these procedures, the
6 Department shall have an additional 365 days to test the
7 viability of the new system and to ensure that any necessary
8 operational or structural changes to its information
9 technology platforms are implemented.

10 Notwithstanding any other law to the contrary, the Illinois
11 Department shall, within 365 days after the effective date of
12 this amendatory Act of the 98th General Assembly, establish
13 procedures to permit ID/DD facilities licensed under the ID/DD
14 Community Care Act to submit monthly billing claims for
15 reimbursement purposes. Following development of these
16 procedures, the Department shall have an additional 365 days to
17 test the viability of the new system and to ensure that any
18 necessary operational or structural changes to its information
19 technology platforms are implemented.

20 The Illinois Department shall require all dispensers of
21 medical services, other than an individual practitioner or
22 group of practitioners, desiring to participate in the Medical
23 Assistance program established under this Article to disclose
24 all financial, beneficial, ownership, equity, surety or other
25 interests in any and all firms, corporations, partnerships,
26 associations, business enterprises, joint ventures, agencies,

1 institutions or other legal entities providing any form of
2 health care services in this State under this Article.

3 The Illinois Department may require that all dispensers of
4 medical services desiring to participate in the medical
5 assistance program established under this Article disclose,
6 under such terms and conditions as the Illinois Department may
7 by rule establish, all inquiries from clients and attorneys
8 regarding medical bills paid by the Illinois Department, which
9 inquiries could indicate potential existence of claims or liens
10 for the Illinois Department.

11 Enrollment of a vendor shall be subject to a provisional
12 period and shall be conditional for one year. During the period
13 of conditional enrollment, the Department may terminate the
14 vendor's eligibility to participate in, or may disenroll the
15 vendor from, the medical assistance program without cause.
16 Unless otherwise specified, such termination of eligibility or
17 disenrollment is not subject to the Department's hearing
18 process. However, a disenrolled vendor may reapply without
19 penalty.

20 The Department has the discretion to limit the conditional
21 enrollment period for vendors based upon category of risk of
22 the vendor.

23 Prior to enrollment and during the conditional enrollment
24 period in the medical assistance program, all vendors shall be
25 subject to enhanced oversight, screening, and review based on
26 the risk of fraud, waste, and abuse that is posed by the

1 category of risk of the vendor. The Illinois Department shall
2 establish the procedures for oversight, screening, and review,
3 which may include, but need not be limited to: criminal and
4 financial background checks; fingerprinting; license,
5 certification, and authorization verifications; unscheduled or
6 unannounced site visits; database checks; prepayment audit
7 reviews; audits; payment caps; payment suspensions; and other
8 screening as required by federal or State law.

9 The Department shall define or specify the following: (i)
10 by provider notice, the "category of risk of the vendor" for
11 each type of vendor, which shall take into account the level of
12 screening applicable to a particular category of vendor under
13 federal law and regulations; (ii) by rule or provider notice,
14 the maximum length of the conditional enrollment period for
15 each category of risk of the vendor; and (iii) by rule, the
16 hearing rights, if any, afforded to a vendor in each category
17 of risk of the vendor that is terminated or disenrolled during
18 the conditional enrollment period.

19 To be eligible for payment consideration, a vendor's
20 payment claim or bill, either as an initial claim or as a
21 resubmitted claim following prior rejection, must be received
22 by the Illinois Department, or its fiscal intermediary, no
23 later than 180 days after the latest date on the claim on which
24 medical goods or services were provided, with the following
25 exceptions:

26 (1) In the case of a provider whose enrollment is in

1 process by the Illinois Department, the 180-day period
2 shall not begin until the date on the written notice from
3 the Illinois Department that the provider enrollment is
4 complete.

5 (2) In the case of errors attributable to the Illinois
6 Department or any of its claims processing intermediaries
7 which result in an inability to receive, process, or
8 adjudicate a claim, the 180-day period shall not begin
9 until the provider has been notified of the error.

10 (3) In the case of a provider for whom the Illinois
11 Department initiates the monthly billing process.

12 (4) In the case of a provider operated by a unit of
13 local government with a population exceeding 3,000,000
14 when local government funds finance federal participation
15 for claims payments.

16 For claims for services rendered during a period for which
17 a recipient received retroactive eligibility, claims must be
18 filed within 180 days after the Department determines the
19 applicant is eligible. For claims for which the Illinois
20 Department is not the primary payer, claims must be submitted
21 to the Illinois Department within 180 days after the final
22 adjudication by the primary payer.

23 In the case of long term care facilities, within 5 days of
24 receipt by the facility of required prescreening information,
25 data for new admissions shall be entered into the Medical
26 Electronic Data Interchange (MEDI) or the Recipient

1 Eligibility Verification (REV) System or successor system, and
2 within 15 days of receipt by the facility of required
3 prescreening information, admission documents shall be
4 submitted through MEDI or REV or shall be submitted directly to
5 the Department of Human Services using required admission
6 forms. Effective September 1, 2014, admission documents,
7 including all prescreening information, must be submitted
8 through MEDI or REV. Confirmation numbers assigned to an
9 accepted transaction shall be retained by a facility to verify
10 timely submittal. Once an admission transaction has been
11 completed, all resubmitted claims following prior rejection
12 are subject to receipt no later than 180 days after the
13 admission transaction has been completed.

14 Claims that are not submitted and received in compliance
15 with the foregoing requirements shall not be eligible for
16 payment under the medical assistance program, and the State
17 shall have no liability for payment of those claims.

18 To the extent consistent with applicable information and
19 privacy, security, and disclosure laws, State and federal
20 agencies and departments shall provide the Illinois Department
21 access to confidential and other information and data necessary
22 to perform eligibility and payment verifications and other
23 Illinois Department functions. This includes, but is not
24 limited to: information pertaining to licensure;
25 certification; earnings; immigration status; citizenship; wage
26 reporting; unearned and earned income; pension income;

1 employment; supplemental security income; social security
2 numbers; National Provider Identifier (NPI) numbers; the
3 National Practitioner Data Bank (NPDB); program and agency
4 exclusions; taxpayer identification numbers; tax delinquency;
5 corporate information; and death records.

6 The Illinois Department shall enter into agreements with
7 State agencies and departments, and is authorized to enter into
8 agreements with federal agencies and departments, under which
9 such agencies and departments shall share data necessary for
10 medical assistance program integrity functions and oversight.
11 The Illinois Department shall develop, in cooperation with
12 other State departments and agencies, and in compliance with
13 applicable federal laws and regulations, appropriate and
14 effective methods to share such data. At a minimum, and to the
15 extent necessary to provide data sharing, the Illinois
16 Department shall enter into agreements with State agencies and
17 departments, and is authorized to enter into agreements with
18 federal agencies and departments, including but not limited to:
19 the Secretary of State; the Department of Revenue; the
20 Department of Public Health; the Department of Human Services;
21 and the Department of Financial and Professional Regulation.

22 Beginning in fiscal year 2013, the Illinois Department
23 shall set forth a request for information to identify the
24 benefits of a pre-payment, post-adjudication, and post-edit
25 claims system with the goals of streamlining claims processing
26 and provider reimbursement, reducing the number of pending or

1 rejected claims, and helping to ensure a more transparent
2 adjudication process through the utilization of: (i) provider
3 data verification and provider screening technology; and (ii)
4 clinical code editing; and (iii) pre-pay, pre- or
5 post-adjudicated predictive modeling with an integrated case
6 management system with link analysis. Such a request for
7 information shall not be considered as a request for proposal
8 or as an obligation on the part of the Illinois Department to
9 take any action or acquire any products or services.

10 The Illinois Department shall establish policies,
11 procedures, standards and criteria by rule for the acquisition,
12 repair and replacement of orthotic and prosthetic devices and
13 durable medical equipment. Such rules shall provide, but not be
14 limited to, the following services: (1) immediate repair or
15 replacement of such devices by recipients; and (2) rental,
16 lease, purchase or lease-purchase of durable medical equipment
17 in a cost-effective manner, taking into consideration the
18 recipient's medical prognosis, the extent of the recipient's
19 needs, and the requirements and costs for maintaining such
20 equipment. Subject to prior approval, such rules shall enable a
21 recipient to temporarily acquire and use alternative or
22 substitute devices or equipment pending repairs or
23 replacements of any device or equipment previously authorized
24 for such recipient by the Department.

25 The Department shall execute, relative to the nursing home
26 prescreening project, written inter-agency agreements with the

1 Department of Human Services and the Department on Aging, to
2 effect the following: (i) intake procedures and common
3 eligibility criteria for those persons who are receiving
4 non-institutional services; and (ii) the establishment and
5 development of non-institutional services in areas of the State
6 where they are not currently available or are undeveloped; and
7 (iii) notwithstanding any other provision of law, subject to
8 federal approval, on and after July 1, 2012, an increase in the
9 determination of need (DON) scores from 29 to 37 for applicants
10 for institutional and home and community-based long term care;
11 if and only if federal approval is not granted, the Department
12 may, in conjunction with other affected agencies, implement
13 utilization controls or changes in benefit packages to
14 effectuate a similar savings amount for this population; and
15 (iv) no later than July 1, 2013, minimum level of care
16 eligibility criteria for institutional and home and
17 community-based long term care; and (v) no later than October
18 1, 2013, establish procedures to permit long term care
19 providers access to eligibility scores for individuals with an
20 admission date who are seeking or receiving services from the
21 long term care provider. In order to select the minimum level
22 of care eligibility criteria, the Governor shall establish a
23 workgroup that includes affected agency representatives and
24 stakeholders representing the institutional and home and
25 community-based long term care interests. This Section shall
26 not restrict the Department from implementing lower level of

1 care eligibility criteria for community-based services in
2 circumstances where federal approval has been granted.

3 The Illinois Department shall develop and operate, in
4 cooperation with other State Departments and agencies and in
5 compliance with applicable federal laws and regulations,
6 appropriate and effective systems of health care evaluation and
7 programs for monitoring of utilization of health care services
8 and facilities, as it affects persons eligible for medical
9 assistance under this Code.

10 The Illinois Department shall report annually to the
11 General Assembly, no later than the second Friday in April of
12 1979 and each year thereafter, in regard to:

13 (a) actual statistics and trends in utilization of
14 medical services by public aid recipients;

15 (b) actual statistics and trends in the provision of
16 the various medical services by medical vendors;

17 (c) current rate structures and proposed changes in
18 those rate structures for the various medical vendors; and

19 (d) efforts at utilization review and control by the
20 Illinois Department.

21 The period covered by each report shall be the 3 years
22 ending on the June 30 prior to the report. The report shall
23 include suggested legislation for consideration by the General
24 Assembly. The filing of one copy of the report with the
25 Speaker, one copy with the Minority Leader and one copy with
26 the Clerk of the House of Representatives, one copy with the

1 President, one copy with the Minority Leader and one copy with
2 the Secretary of the Senate, one copy with the Legislative
3 Research Unit, and such additional copies with the State
4 Government Report Distribution Center for the General Assembly
5 as is required under paragraph (t) of Section 7 of the State
6 Library Act shall be deemed sufficient to comply with this
7 Section.

8 Rulemaking authority to implement Public Act 95-1045, if
9 any, is conditioned on the rules being adopted in accordance
10 with all provisions of the Illinois Administrative Procedure
11 Act and all rules and procedures of the Joint Committee on
12 Administrative Rules; any purported rule not so adopted, for
13 whatever reason, is unauthorized.

14 On and after July 1, 2012, the Department shall reduce any
15 rate of reimbursement for services or other payments or alter
16 any methodologies authorized by this Code to reduce any rate of
17 reimbursement for services or other payments in accordance with
18 Section 5-5e.

19 Because kidney transplantation can be an appropriate, cost
20 effective alternative to renal dialysis when medically
21 necessary and notwithstanding the provisions of Section 1-11 of
22 this Code, beginning October 1, 2014, the Department shall
23 cover kidney transplantation for noncitizens with end-stage
24 renal disease who are not eligible for comprehensive medical
25 benefits, who meet the residency requirements of Section 5-3 of
26 this Code, and who would otherwise meet the financial

1 requirements of the appropriate class of eligible persons under
2 Section 5-2 of this Code. To qualify for coverage of kidney
3 transplantation, such person must be receiving emergency renal
4 dialysis services covered by the Department. Providers under
5 this Section shall be prior approved and certified by the
6 Department to perform kidney transplantation and the services
7 under this Section shall be limited to services associated with
8 kidney transplantation.

15 (305 ILCS 5/5-16.8)

16 Sec. 5-16.8. Required health benefits. The medical
17 assistance program shall (i) provide the post-mastectomy care
18 benefits required to be covered by a policy of accident and
19 health insurance under Section 356t and the coverage required
20 under Sections 356g.5, 356u, 356w, 356x, and 356z.6 of the
21 Illinois Insurance Code and (ii) be subject to the provisions
22 of Sections 356z.19 and 364.01 of the Illinois Insurance Code.

23 On and after July 1, 2012, the Department shall reduce any
24 rate of reimbursement for services or other payments or alter
25 any methodologies authorized by this Code to reduce any rate of

1 reimbursement for services or other payments in accordance with
2 Section 5-5e.

3 To ensure full access to the benefits set forth in this
4 Section, on and after January 1, 2016, the Department shall
5 ensure that provider and hospital reimbursement for
6 post-mastectomy care benefits required under this Section are
7 no lower than the Medicare reimbursement rate.

9 (305 ILCS 5/12-4.49 new)

10 Sec. 12-4.49. Breast cancer imaging and diagnostic
11 equipment grant program.

12 (a) On and after January 1, 2016 and subject to funding
13 availability, the Department of Healthcare and Family Services
14 shall administer a grant program the purpose of which shall be
15 to build the public infrastructure for breast cancer imaging
16 and diagnostic services across the State, in particular in
17 rural, medically underserved areas and in areas with high
18 breast cancer mortality.

19 (b) In order to be eligible for the program, an applicant
20 must be a:

21 (1) disproportionate share hospital with high MIUR (as
22 set by the Department by rule);

23 (2) mammography facility in a rural area;

24 (3) federally qualified health center; or

25 (4) rural health clinic.

1 (c) The grants may be used to purchase new equipment for
2 breast imaging, image-guided biopsies, or other equipment to
3 enhance the detection and diagnosis of breast cancer.

4 (d) The primary purpose of these grants is to increase
5 access for low-income and Department of Healthcare and Family
6 Services clients to high quality breast cancer screening and
7 diagnostics. Medically Underserved Areas (MUAs), areas with
8 high breast cancer mortality rates, and Health Professional
9 Shortage Areas (HPSAs) shall receive special priority for
10 grants under this program.

11 (e) The Department shall establish procedures for applying
12 for grant funds under this Section.

13 Section 99. Effective date. This Act takes effect upon
14 becoming law.
