HOUSE RESOLUTION

2

WHEREAS, It has long been a universal goal to eliminate traffic accidents and traffic fatalities; and

3

4

WHEREAS, Data has indicated that many traffic accidents are a direct result of poor peripheral binocular vision and glare from road and car reflections; and

5

6

7

WHEREAS, Correcting vision problems of drivers is an attainable goal; and

8

9

WHEREAS, The minimum requirement for visual acuity is 20/40 acuity, with or without corrective lenses; drivers with acuity between 20/41 and 20/70 are limited to daylight driving only; drivers must also have at least 140 degree peripheral vision (the ability to see to the side) to have a license without restrictions; this requirement is with or without corrective lenses; therefore, be it
