

1 AN ACT concerning regulation.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 1. This Act may be referred to as Lali's Law.

5 Section 5. The Pharmacy Practice Act is amended by adding  
6 Section 19.1 as follows:

7 (225 ILCS 85/19.1 new)

8 Sec. 19.1. Dispensing of naloxone antidotes.

9 (a) Due to the recent rise in opioid-related deaths in  
10 Illinois and the existence of an opioid antidote that can  
11 reverse the deadly effects of overdose, the General Assembly  
12 finds that in order to avoid further loss where possible, it is  
13 responsible to allow greater access of such an antidote to  
14 those populations at risk of overdose.

15 (b) Notwithstanding any general or special law to the  
16 contrary, a licensed pharmacist may dispense an opioid antidote  
17 in accordance with written, standardized procedures or  
18 protocols developed by the Department with the Department of  
19 Public Health and the Department of Human Services if the  
20 procedures or protocols are filed at the pharmacy before  
21 implementation and are available to the Department upon  
22 request.

1       (c) Before dispensing an opioid antidote pursuant to this  
2 Section, a pharmacist shall complete a training program  
3 approved by the Department of Human Services pursuant to  
4 Section 5-23 of the Alcoholism and Other Drug Abuse and  
5 Dependency Act. The training program shall include, but not be  
6 limited to, proper documentation and quality assurance.

7       (d) For the purpose of this Section, "opioid antidote"  
8 means a dose of naloxone hydrochloride or any other similarly  
9 acting and equally safe drug approved by the United States Food  
10 and Drug Administration.

11       Section 99. Effective date. This Act takes effect upon  
12 becoming law.
