9 provision of graduate education leading to a doctoral degree
10 in optometry for persons of this State who desire such an
11 education is important to the health and welfare of this

13 purpose. Many qualified potential optometrists are deterred
14 by financial considerations from pursuing their optometric
15 education with consequent irreparable loss to the State and
16 Nation of talents vital to health and welfare. A program of
17 scholarships, repayment of which may be excused if the
18 individual practices professional optometry in this State,

4 awarded to eligible applicants enrolled in their first year,
5 second year, third year, and fourth year. The remaining 2
6 scholarships shall be awarded to any level of student. The
7 Commission shall receive funding for the scholarships through
8 appropriations from the Optometric Licensing and Disciplinary
9 Board Fund. If in any year the number of qualified applicants
10 exceeds the number of scholarships to be awarded, the
11 Commission shall give priority in awarding scholarships to
12 students demonstrating exceptional merit and who are in
13 financial need. A scholarship shall be in the amount of
14 \$5,000 each year applicable to tuition and fees.

16 by the Commission under this Section to an individual in any
17 given fiscal year, when added to other financial assistance
18 awarded to that individual for that year, shall not exceed
19 the cost of attendance at the institution at which the
20 student is enrolled.

21 (e) A recipient may receive up to 8 semesters or 12
22 quarters of scholarship assistance under this Section.

23 (f) Subject to a separate appropriation made for such
24 purposes, payment of any scholarship awarded under this
25 Section shall be determined by the Commission. All
26 scholarship funds distributed in accordance with this Section
27 shall be paid to the institution on behalf of the recipients.
28 Scholarship funds are applicable toward 2 semesters or 3
29 quarters of enrollment within an academic year.

7 optometrist under the Illinois Optometric Practice Act of
8 1987 for a period of not less than one year for each year of
9 scholarship assistance awarded under this Section. Each
10 recipient shall, upon request of the Commission, provide the
11 Commission with evidence that he or she is fulfilling or has
12 fulfilled the terms of the practice agreement provided for in
13 this subsection.

14 (i) If a recipient of a scholarship awarded under this
15 Section fails to fulfill the practice obligation set forth in
16 subsection (h) of this Section, the Commission shall require
17 the recipient to repay the amount of the scholarships
18 received, prorated according to the fraction of the
19 obligation not completed, plus interest at a rate of 5% and,
20 if applicable, reasonable collection fees. The Commission is
21 authorized to establish rules relating to its collection
22 activities for repayment of scholarships under this Section.

23 (j) A recipient of a scholarship awarded by the
24 Commission under this Section shall not be in violation of
