- 1 AN ACT in relation to public health.
- 2 Be it enacted by the People of the State of Illinois,
- 3 represented in the General Assembly:
- 4 Section 5. The Communicable Disease Prevention Act is
- 5 amended by adding Sections 0.5, 2.5, 2.10, and 2.15 and
- 6 changing Sections 1 and 2 as follows:
- 7 (410 ILCS 315/0.5 new)
- 8 <u>Sec. 0.5. Definitions. In this Act:</u>
- 9 <u>"Department" means the Illinois Department of Public</u>
- 10 <u>Health</u>.
- "Director" means the Director of Public Health.
- 12 <u>"Authorized user" means any person or entity that has</u>
- 13 <u>applied to the Department and has signed a written contract</u>
- 14 and confidentiality agreement and includes public health
- departments and private and public health care providers that
- 16 <u>administer immunizations</u>. A child care facility, school, or
- 17 post-secondary education institution may apply to become an
- 18 <u>authorized user if that entity administers immunizations.</u>
- 19 <u>"Patient" means an individual receiving or having</u>
- 20 <u>received immunization services.</u>
- 21 <u>"Health care provider" means a physician, nurse</u>
- 22 practitioner, physician's assistant, nurse, or other health
- 23 professional duly licensed and authorized to administer
- 24 <u>immunizations in Illinois. The term includes clinics,</u>
- 25 <u>facilities</u>, and <u>hospitals</u> where the licensed health
- 26 <u>professional practices.</u>
- 27 (410 ILCS 315/1) (from Ch. 111 1/2, par. 22.11)
- 28 Sec. 1. <u>Public policy</u>. Certain communicable diseases
- 29 such as measles, poliomyelitis and tetanus, may and do result
- 30 in serious physical and mental disability including mental

1 retardation, permanent paralysis, encephalitis, convulsions,

2 pneumonia, and not infrequently, death.

Most of these diseases attack young children, and if they 3 4 have not been immunized, may spread to other susceptible children and possibly, adults, thus, posing serious threats 5 6 to the health of the community. Effective, safe and widely 7 used vaccines and immunization procedures have been developed 8 and are available to prevent these diseases and to limit 9 their spread. Even though such immunization procedures are available, many children fail to receive this protection 10 11 either through parental oversight, lack of concern, knowledge or interest, or lack of available facilities or funds. The 12 13 existence of susceptible children in the community constitutes a health hazard to the individual and to the 14 15 public at large by serving as a focus for the spread of these 16 communicable diseases.

It is declared to be the public policy of this State that (i) all children shall be protected, as soon after birth as medically indicated, by the appropriate vaccines and immunizing procedures to prevent communicable diseases which are or which may in the future become preventable by immunization and (ii) all residents of the State are better protected with a greater rate of immunization of children.

It is further declared to be the public policy of this State that because all children enrolled in schools and child care facilities are required to have periodic health examinations and fulfill certain immunization requirements, it is desirable to have information concerning the immunization status of individual children made available as accurately, quickly, and easily as possible through a State immunization registry that has been developed by the Department.

- 1 (410 ILCS 315/2) (from Ch. 111 1/2, par. 22.12)
- 2 Sec. 2. <u>Immunization required; exceptions.</u> The
- 3 Department of--Publie--Health shall promulgate rules and
- 4 regulations requiring immunization of children against
- 5 preventable communicable diseases designated by the Director.
- 6 Before any regulation or amendment thereto is prescribed, the
- 7 Department shall conduct a public hearing regarding such
- 8 regulation. In addition, before any regulation or any
- 9 amendment to a regulation is adopted, and after the
- 10 Immunization Advisory Committee has made its recommendations,
- 11 the State Board of Health shall conduct 3 public hearings,
- 12 geographically distributed throughout the State, regarding
- 13 the regulation or amendment to the regulation. At the
- 14 conclusion of the hearings, the State Board of Health shall
- 15 issue a report, including its recommendations, to the
- 16 Director. The Director shall take into consideration any
- 17 comments or recommendations made by the Board based on these
- 18 hearings. The Department may prescribe additional rules and
- 19 regulations for immunization of other diseases as vaccines
- are developed.
- 21 The provisions of this Act shall not apply if:
- 22 1. The parent or <u>legal</u> guardian of the child objects
- 23 thereto on the grounds that the administration of immunizing
- 24 agents conflicts with his religious tenets or practices or,
- 25 2. A physician employed by the parent or <u>legal</u> guardian
- 26 to provide care and treatment to the child states that the
- 27 physical condition of the child is such that the
- 28 administration of one or more of the required immunizing
- agents would be detrimental to the health of the child.
- 30 (Source: P.A. 90-607, eff. 6-30-98.)
- 31 (410 ILCS 315/2.5 new)
- 32 <u>Sec. 2.5. State immunization registry.</u>
- 33 (a) After June 30, 2003, immunization information for a

- 1 <u>child who is aged 18 years or under shall be reported within</u>
- 2 14 days to the State immunization registry by any health care
- 3 provider performing those immunization services.
- 4 (b) The State immunization registry is a confidential
- 5 <u>computerized system maintained by the Department that shall</u>
- 6 <u>include the following:</u>
- 7 (1) Identifying information that serves to uniquely
- 8 <u>identify each patient, including the patient's name, date</u>
- 9 <u>of birth, sex, race, ethnicity, place of birth, mother's</u>
- name, mother's date of birth, and father's name.
- 11 (2) Locating information that indicates an updated
- 12 <u>location for each patient, including address and</u>
- 13 <u>telephone numbers and the name of any health care</u>
- 14 providers who administered immunizations to the patient.
- 15 (3) Immunization data that indicates the type or
- 16 <u>types of immunization received and the dates of those</u>
- immunizations.
- 18 (c) The State immunization registry shall also
- 19 <u>incorporate identifying information and locating information</u>,
- 20 as specified in subsection (b), for every child born in
- 21 <u>Illinois. This information shall be transmitted by the</u>
- 22 <u>Department as it receives that information from a hospital</u>
- 23 <u>where a child was delivered.</u>
- 24 (d) Immunization information shall be released by any
- 25 <u>authorized user</u>, or by the Department upon written request,
- 26 <u>to a patient, parent, or legal guardian requesting the</u>
- 27 <u>information.</u>
- 28 <u>(e) The Department shall adopt rules and regulations for</u>
- 29 the procedures to be utilized in transmitting information to
- 30 <u>and receiving information from the State immunization</u>
- 31 registry under this Section. The State immunization registry
- 32 <u>shall provide immunization information about a particular</u>
- 33 patient in a format that is easy to understand, including
- 34 <u>information on when additional or follow-up immunizations are</u>

- 1 <u>recommended</u>.
- 2 (f) No person shall be liable for civil damages or
- 3 professional discipline as a result of the reporting of
- 4 immunization information to the State immunization registry,
- 5 <u>except for willful or wanton misconduct.</u>
- 6 (410 ILCS 315/2.10 new)
- 7 <u>Sec. 2.10. Enrollment.</u>
- 8 (a) Any health care provider who administers
- 9 <u>immunization services for a child who is aged 18 years or</u>
- 10 <u>under shall inform the child's parent or guardian about</u>
- 11 <u>immunization information that will be transmitted to the</u>
- 12 <u>State immunization registry. The parent or guardian may</u>
- 13 <u>elect, for any reason, not to participate in the State</u>
- 14 <u>immunization registry by signing a specific form developed</u>
- 15 <u>and made available for that purpose. The health care provider</u>
- 16 <u>shall keep any such signed form with the medical records</u>
- 17 <u>maintained for the child.</u>
- 18 (b) Upon written request to the Department from any
- 19 patient over 18 years of age, the Director shall delete the
- 20 <u>patient's immunization record from the State immunization</u>
- 21 <u>registry</u>.
- 22 (410 ILCS 315/2.15 new)
- Sec. 2.15. Confidentiality.
- 24 (a) Any authorized user requesting immunization
- 25 <u>information</u> shall maintain the confidentiality of the
- 26 <u>information in the same manner as other medical record</u>
- 27 <u>information with patient identification and shall use the</u>
- 28 <u>information only for the following purposes:</u>
- 29 <u>(1) To provide immunization services to a patient,</u>
- 30 <u>including issuing reminder notifications when</u>
- 31 <u>immunizations are due.</u>
- 32 (2) To compile aggregate data and distribute

1	statistical reports on the status of immunizations in
2	geographic areas and population groups and to assist in
3	the management of State, county, and local immunization
4	programs.
5	(3) To provide or facilitate provision of third
6	party payer payments for immunizations.
7	(b) Each employee of an authorized user shall be
8	required to sign a confidentiality agreement as designated by
9	the Department before entering data into or retrieving
10	information from the State immunization registry. One signed
11	agreement shall be returned to the Department, and the
12	remaining signed agreements shall be kept on file at the site
13	of the health care provider.
14	(c) Any patient, parent, or legal guardian may request a
15	limitation on the transfer of a patient's information by
16	providing a written request to the Department, when that
17	person reasonably believes there is a risk of harm to the

patient or other family members if the person could be

registry for any purposes except as specified in this Section

(d) Unauthorized use or misuse of the State immunization

located through information from the registry.

is a Class A misdemeanor.
