1

AN ACT concerning public utilities.

Be it enacted by the People of the State of Illinois,represented in the General Assembly:

4 Section 5. The Public Utilities Act is amended by 5 changing Section 8-403.1 as follows:

6 (220 ILCS 5/8-403.1) (from Ch. 111 2/3, par. 8-403.1)
7 Sec. 8-403.1. Electricity purchased from qualified solid
8 waste energy facility; tax credit; distributions for economic
9 development.

10 (a) It is hereby declared to be the policy of this State
11 to encourage the development of alternate energy production
12 facilities in order to conserve our energy resources and to
13 provide for their most efficient use.

(b) For the purpose of this Section and Section 9-215.1, 14 15 "qualified solid waste energy facility" means a facility 16 determined by the Illinois Commerce Commission to qualify as such under the Local Solid Waste Disposal Act, to use methane 17 18 gas generated from landfills as its primary fuel, and to possess characteristics that would enable it to qualify as a 19 20 cogeneration or small power production facility under federal 21 law.

22 (c) In furtherance of the policy declared in this Section, the Illinois Commerce Commission shall require 23 electric utilities to enter into long-term contracts to 24 purchase electricity from qualified solid waste 25 energy facilities located in the electric utility's service area, 26 27 for a period beginning on the date that the facility begins generating electricity and having a duration of not less than 28 in of 29 10 the facilities fueled years case bv landfill-generated methane, or 20 years in the case of 30 31 facilities fueled by methane generated from a landfill owned 1 by a forest preserve district. The purchase rate contained 2 in such contracts shall be equal to the average amount per kilowatt-hour paid from time to time by the unit or units of 3 4 local government in which the electricity generating 5 facilities are located, excluding amounts paid for street 6 lighting and pumping service.

7 (d) Whenever a public utility is required to purchase 8 electricity pursuant to subsection (c) above, it shall be 9 entitled to credits in respect of its obligations to remit to the State taxes it has collected under the Electricity Excise 10 11 Tax Law equal to the amounts, if any, by which payments for such electricity exceed (i) the then current rate at which 12 the utility must purchase the output of qualified facilities 13 pursuant to the federal Public Utility Regulatory Policies 14 15 Act of 1978, less (ii) any costs, expenses, losses, damages 16 or other amounts incurred by the utility, or for which it becomes liable, arising out of its failure to obtain such 17 electricity from such other sources. The amount of any such 18 19 credit shall, in the first instance, be determined by the utility, which shall make a monthly report of such credits to 20 21 the Illinois Commerce Commission and, on its monthly tax 22 return, to the Illinois Department of Revenue. Under no 23 circumstances shall a utility be required to purchase electricity from a qualified solid waste energy facility at 24 the rate prescribed in subsection (c) of this Section if such 25 purchase would result in estimated tax credits that exceed, 26 on a monthly basis, the utility's estimated obligation to 27 remit to the State taxes it has collected under 28 the 29 Electricity Excise Tax Law. The owner or operator shall 30 negotiate facility operating conditions with the purchasing utility in accordance with that utility's posted standard 31 32 terms and conditions for small power producers. If the Department of Revenue disputes the amount of any such credit, 33 such dispute shall be decided by the Illinois Commerce 34

-2-

1 Commission. Whenever a qualified solid waste energy facility 2 has paid or otherwise satisfied in full the capital costs or indebtedness incurred in developing and implementing the 3 4 qualified facility, the qualified facility shall reimburse 5 the Public Utility Fund and the General Revenue Fund in the 6 State treasury for the actual reduction in payments to those 7 Funds caused by this subsection (d) in a manner to be determined by the Illinois Commerce Commission and based on 8 9 the manner in which revenues for those Funds were reduced.

(e) The Illinois Commerce Commission shall not require 10 11 an electric utility to purchase electricity from anv qualified solid waste energy facility which is owned or 12 13 operated by an entity that is primarily engaged in the business of producing or selling electricity, gas, or useful 14 15 thermal energy from a source other than one or more qualified 16 solid waste energy facilities.

17 (f) This Section does not require an electric utility to 18 construct additional facilities unless those facilities are 19 paid for by the owner or operator of the affected qualified 20 solid waste energy facility.

21 (g) The Illinois Commerce Commission shall require that: 22 (1) electric utilities use the electricity purchased from a 23 qualified solid waste energy facility to displace electricity generated from nuclear power or coal mined and purchased 24 25 outside the boundaries of the State of Illinois before electricity generated from coal mined and 26 displacing purchased within the State of Illinois, 27 to the extent possible, and (2) electric utilities report annually to 28 the Commission on the extent of such displacements. 29

30 (h) Nothing in this Section is intended to cause an 31 electric utility that is required to purchase power hereunder 32 to incur any economic loss as a result of its purchase. All 33 amounts paid for power which a utility is required to 34 purchase pursuant to subparagraph (c) shall be deemed to be

-3-

1 costs prudently incurred for purposes of computing charges 2 under rates authorized by Section 9-220 of this Act. Tax 3 credits provided for herein shall be reflected in charges 4 made pursuant to rates so authorized to the extent such 5 credits are based upon a cost which is also reflected in such 6 charges.

7 (i) Beginning in February 1999 and through January 2009, 8 each qualified solid waste energy facility that sells 9 electricity to an electric utility at the purchase rate described in subsection (c) shall file with the Department of 10 Revenue on or before the 15th of each month a form, 11 prescribed by the Department of Revenue, that states the 12 number of kilowatt hours of electricity for which payment was 13 received at that purchase rate from electric utilities in 14 Illinois during the immediately preceding month. This form 15 16 shall be accompanied by a payment from the qualified solid waste energy facility in an amount equal to six-tenths of a 17 18 mill (\$0.0006) per kilowatt hour of electricity stated on the 19 form. Payments received by the Department of Revenue shall be deposited into the Municipal Economic Development Fund, a 20 21 trust fund created outside the State treasury. The State 22 Treasurer may invest the moneys in the Fund in any investment 23 authorized by the Public Funds Investment Act, and investment income shall be deposited into and become part of the Fund. 24 25 Moneys in the Fund shall be used by the State Treasurer as provided in subsection (j). The obligation of a qualified 26 solid waste energy facility to make payments into the 27 Municipal Economic Development Fund shall terminate upon 28 29 either: (1) expiration or termination of a facility's 30 contract to sell electricity to an electric utility at the purchase rate described in subsection (c); or (2) entry of an 31 32 enforceable, final, and non-appealable order by a court of competent jurisdiction that Public Act 89-448 is invalid. 33 Payments by a qualified solid waste energy facility into the 34

-4-

1 Municipal Economic Development Fund do not relieve the 2 qualified solid waste energy facility of its obligation to 3 reimburse the Public Utility Fund and the General Revenue 4 Fund for the actual reduction in payments to those Funds as a 5 result of credits received by electric utilities under 6 subsection (d).

7 (j) The State Treasurer, without appropriation, must 8 make distributions immediately after January 15, April 15, 9 July 15, and October 15 of each year, up to maximum aggregate distributions of \$500,000 for the distributions made in the 4 10 11 quarters beginning with the April distribution and ending with the January distribution, from the Municipal Economic 12 Development Fund to each city, village, or incorporated town 13 that has within its boundaries an incinerator that: (1) uses 14 municipal waste as its primary fuel to generate electricity; 15 16 (2) was determined by the Illinois Commerce Commission to qualify as a qualified solid waste energy facility prior to 17 the effective date of Public Act 89-448; and (3) commenced 18 19 operation prior to January 1, 1998. Total distributions in the aggregate to all qualified cities, 20 villages, and 21 incorporated towns in the 4 quarters beginning with the April 22 distribution and ending with the January distribution shall 23 not exceed \$500,000. The amount of each distribution shall be determined pro rata based on the population of the city, 24 25 village, or incorporated town compared to the total population of all cities, villages, and incorporated towns 26 eligible to receive a distribution. Distributions 27 received by a city, village, or incorporated town must be held in a 28 29 separate account and may be used only to promote and enhance 30 industrial, commercial, residential, service, transportation, recreational activities and facilities within its 31 and 32 boundaries, thereby enhancing the employment opportunities, public health and general welfare, and economic development 33 within the community, including administrative expenditures 34

-5-

1 exclusively to further these activities. These funds, 2 however, shall not be used by the city, village, or incorporated town, directly or indirectly, to purchase, 3 4 lease, operate, or in any way subsidize the operation of any 5 incinerator, and these funds shall not be paid, directly or 6 indirectly, by the city, village, or incorporated town to the 7 owner, operator, lessee, shareholder, or bondholder of any incinerator. Moreover, these funds shall not be used to pay 8 9 attorneys fees in any litigation relating to the validity of Public Act 89-448. Nothing in this Section prevents a city, 10 11 village, or incorporated town from using other corporate funds for any legitimate purpose. For purposes of this 12 subsection, the term "municipal waste" has the meaning 13 ascribed to it in Section 3.21 of the Environmental 14 Protection Act. 15

16 (k) If maximum aggregate distributions of \$500,000 under subsection (j) have been made after the January distribution 17 from the Municipal Economic Development Fund, then the 18 19 balance in the Fund shall be refunded to the qualified solid waste energy facilities that made payments 20 that were 21 deposited into the Fund during the previous 12-month period. 22 The refunds shall be prorated based upon the facility's 23 payments in relation to total payments for that 12-month 24 period.

(1) Beginning January 1, 2000, and each January 1 25 thereafter, each city, village, or incorporated town that 26 distributions 27 received from the Municipal Economic Development Fund, continued to hold any of 28 those distributions, or made expenditures from those distributions 29 30 during the immediately preceding year shall submit to a financial and compliance and program audit of 31 those distributions performed by the Auditor General at no cost to 32 the city, village, or incorporated town that received the 33 distributions. The audit should be completed by June 30 or 34

-6-

1 as soon thereafter as possible. The audit shall be submitted to the State Treasurer and those officers enumerated in 2 3 Section 3-14 of the Illinois State Auditing Act. If the 4 Auditor General finds that distributions have been expended 5 in violation of this Section, the Auditor General shall refer б the matter to the Attorney General. The Attorney General may recover, in a civil action, 3 times the amount of any 7 distributions illegally expended. For purposes of this 8 subsection, the terms "financial audit," "compliance audit", 9 and "program audit" have the meanings ascribed to them in 10 Sections 1-13 and 1-15 of the Illinois State Auditing Act. 11 (Source: P.A. 90-813, eff. 1-29-99; 91-901, eff. 1-1-01.) 12
