AN ACT concerning natural resources.

Be it enacted by the People of the State of Illinois,represented in the General Assembly:

Section 5. The Department of Natural Resources Act is
amended by changing Section 1-15 as follows:

6 (20 ILCS 801/1-15)

7 Sec. 1-15. General powers and duties.

8 (a) It shall be the duty of the Department to investigate practical problems, implement studies, conduct 9 research and provide assistance, information 10 and data relating to the technology and administration of the natural 11 12 history, entomology, zoology, and botany of this State; the 13 geology and natural resources of this State; the water and atmospheric resources of this State; and the archeological 14 15 and cultural history of this State.

16 (b) The Department (i) shall obtain, store, and process relevant data; recommend technological, administrative, and 17 18 legislative changes and developments; cooperate with other federal, state, and local governmental research agencies, 19 20 facilities, or institutes in the selection of projects for study; cooperate with the Board of Higher Education and with 21 22 the public and private colleges and universities in this State in developing relevant interdisciplinary approaches to 23 problems; and evaluate curricula at all levels of education 24 and provide assistance to instructors; and (ii) may sponsor 25 an annual conference of leaders in government, industry, 26 27 health, and education to evaluate the state of this State's environment and natural resources. 28

(c) The Director, in accordance with the Personnel Code,
shall employ such personnel, provide such facilities, and
contract for such outside services as may be necessary to

carry out the purposes of the Department. Maximum use shall
 be made of existing federal and state agencies, facilities,
 and personnel in conducting research under this Act.

4 (d) In addition to its other powers, the Department has5 the following powers:

6 (1) To obtain, store, process, and provide data and 7 information related to the powers and duties of the 8 Department under this Act. This subdivision (d)(1) does 9 not give authority to the Department to require reports 10 from nongovernmental sources or entities.

11 (2) To cooperate with and support the Illinois Science and Technology Advisory Committee 12 and the Illinois Coalition for the purpose of facilitating the 13 effective operations and activities of such entities. 14 15 Support may include, but need not be limited to, 16 providing space for the operations of the Committee and 17 the Illinois Coalition.

(e) The Department is authorized to make grants to local
not-for-profit organizations for the purposes of development,
maintenance and study of wetland areas.

21 (f) The Department has the authority to accept, receive 22 and administer on behalf of the State any gifts, bequests, 23 donations, income from property rental and endowments. Any such funds received by the Department shall be deposited into 24 25 the Natural Resources Fund, a special fund which is hereby created in the State treasury, and used for the purposes of 26 this Act or, when appropriate, for such purposes and under 27 such restrictions, terms and conditions as are predetermined 28 29 by the donor or grantor of such funds or property. Any 30 accrued interest from money deposited into the Natural Resources Fund shall be reinvested into the Fund and used in 31 the same manner as the principal. The Director shall maintain 32 records which account for and assure that restricted funds or 33 34 property are disbursed or used pursuant to the restrictions,
